\$2.00 PER YEAR IN ADVANCE

ON MY HONOR I WILL DO MY BEST: To do my duty to God and my country, and to obey the Scout law; to help other people at all times; to keep myself physically strong, mentally awake, and morally straight.—This Boy Scout oath means more today than ever before. February 7 to February 13, Boy Scout Week, will be observed by 1,389,000 members in observance of "World-building for tomorrow."

Walled Lake Bows to Northville Five

Northville split a twin bill Friday night on the local court by defeating the Walled Lake first team 35-23 and yielding to the reserves 19-22.

The Vikings took the ball at the first jump but were unable to score before the Mustangs took a 1-0 lead. Northville took an early lead with Nitzel placing the first basket. The first quarter ended with the Mustangs out in front 9-3. Scoring was not heavy on either side and the half ended with Northville still holding the lead.

Following the half, play was faster with the Northville five hitting the hoop often with accurate shots. Walled Lake also picked up their scoring but were finally defeated 23-35. This was the second time the Mustangs had defeated the Vikings this season.

The boys doing the fine work for their school this season are Nitzel, Pierce, Pottinger, Campbell, German, Rose, Williams and Frydl.

The preliminary game was much closer and more exciting than the second game with Northville leading most of the way but in the last minutes of play was defeated 19-22.

The Inter Lakes Conference Basketball results and standings for the week ending January 31, are as follows:

	W	L	St.
Northville	4	1	300
Keego Harbor	3	2	600
Farmington	2	2	500
Milford	2	3	400
Walled Lake	1	4	200

Michigan Bell Features Local Mink Raisers

A January issue of the Michigan Bell devotes two full pages to the story of the mink ranch on North Center street, owned by two telephone employees, and Mrs. Herman Toussaint. Photographs of the couple and some of their pets are also shown.

Herman and his dad, Ledger Brown, have long owned and operated the mink ranch adjoining their home and when Herman went into service about five years ago Mr. Brown carried on, according to the Bell story. "About eighteen months ago Herman came back from the South Pacific and 42 months in the army (Red Arrow Division overseas.) He found Mike in the Plymouth Plant department (she's a repair clerk) right where he'd left her three and a half years before. He also found his old job (station installer) right where he'd left it. Mike and Herman were married and now live in Northville. Naturally enough they've taken up Herman's old hobby, mink ranching, as an out-of-hour activity."

There follows an interesting account of mink ranching as practiced in the local business which now contains 103 animals.

Exchange to be Host to Farmington

The Exchange Club of Farmington will be the dinner guests of the Northville Club here on Wednesday, February 19th. The club is planning a splendid dinner and program for the occasion. The local club was the guest of the Farmington club a short time ago.

Veteran At His Work

This week's veteran is Lawrence M. McArthur, Lawrence entered the Navy in Oct. 1942, and was sent to Great Lakes, Ill.

He was next sent to Toledo, where he worked as Naval Storekeeper for four months. Then he boarded the USS Monterey on June 17, 1943. His ship was sent through the Pacific area. He left overseas in December of '45 and reached the separation center Jan. 4, 1946. He received his discharge with the third and fifth fleet March 15, with the rating of Storekeeper first class. He had one twenty day leave in February and March of '45 and another twenty days at Christmas time last year.

Lawrence is now employed by Allan & Locke, where he started April 16, 1946. He is taking on the job training. He lives with his parents at 640 Baseline Road.

Lawrence holds the Asiatic Pacific ribbon with ten battle stars, Philippine liberation with two stars, American Theatre of War, Good Conduct and the Victory ribbon.

Salem Community Candidates Named

The Salem Township ticket for the Primary Election, Monday, February 17th, 1947, for the Republican party is as follows:

For Supervisor: John M. Waldecker, Forest Roberts, N. Grant Currie.

For Clerk: Gilbert Thorne, Myrtle Savery.

For Treasurer: William I. Scheel, Irene Lyke.

Justice of the Peace: Francis Hugg, Max F. Scheel, Harold P. Fallot, Don Utter, Edwin Hamilton.

Primary Is Ruled Necessary

Although none of the candidates for Wayne County Circuit Judge can be eliminated or win the post in the February primary election, they must appear on the non-partisan ballot under a ruling handed down by the Michigan Supreme Court Tuesday.

The Court had been asked to determine whether the primary was mandatory in cases where only two candidates filed for the post or in which the incumbent Circuit Judge was unopposed.

Norman Frid, Chas. Freydl and Paul Folino were junior Exchange guests of Exchange Wednesday.

Primary Election Monday, Feb. 17

The primary for the selection of candidates for township officers and circuit judges will be held throughout Michigan on Monday, February 17th. In Wayne County circuit judge candidates will appear on the county ticket with as many candidates as are allowed on the election ballot on the primary, so no selection or elimination is necessary. In Northville township there is no selection to be made except in the Justice of the Peace bracket, where three candidates must be suited down to two.

In Novi township the primary ballots must select Republican candidates for township officers in practically all positions except clerk and constable.

New Fire Engine Is Purchased

Northville Fire Department has ordered from the John Bean Mfg. Co., Lansing, Michigan, the latest model high pressure fire truck which will be delivered in approximately sixty days. This new unit offers the very latest in fire protection in that it will quench larger fires with less water, consequently this ratio of fire quenching is ten to one in favor of the high pressure system.

The new unit has been purchased by both the Village and the Township on a contractual basis. The truck will cost \$61,692.50 plus the cost of the Ford chassis which is \$16,829.89.

This new technique in fire fighting is proven over a period of several years, not only in towns the size of Northville but in much larger ones and it certainly is a record that is a foundation.

This new system is the first advancement made in fire fighting of any consequence, since fire apparatus was first put on motor trucks.

This high pressure of 650 lbs. at the pump gives six to seven hundred lbs. at the guns which atomizes the water to its greatest best absorbing condition and throws it with astounding velocity into the burning building. This way, every drop of water is made to do its maximum work and there is practically no water damage. You don't see water standing around on the floors or in the cellar after high pressure is used. Certain fire department records indicate that the larger portion of damage on the average fire is water damage, and not fire damage, running as high as 80% in a great many cases. When you see water running out of a door or standing in a cellar, after using the old fashioned volume system, you see water that has done no good whatsoever in putting out the fire.

There are a great many cases on record, as the committee found out in their investigation, where high pressure came in after every effort was made to put out fire with the old fashioned system and failed, yet high pressure was able to put the fire out at once.

The committee visited many users of high pressure and were able to see the results of savings made in fire fighting with the high pressure system. The committee also made a trip to the factory at Lansing, Michigan, made a thorough investigation of the construction of the unit and were able to attend a fire fighting demonstration at the proving grounds of the John Bean Mfg. Co.

One of the unique things in connection with the high pressure system is that the manufacturer holds a school in Lansing for firemen who are to use high pressure trucks. This school is very thorough, giving the firemen training much needed in fire fighting of any kind. The John Bean Mfg. Co. are the only ones to our knowledge who conduct a school of this nature and actually teach the firemen to fight actual fires of all kinds.

The F. M. C. unit and the system is approved by the Underwriters Laboratories of Chicago, after very thorough tests.

One thing of great importance is that when you have an alarm, that you notify the fire department immediately. That is what your fire department is for. Don't hesitate and try to put the fire out yourself unless you are absolutely sure you can do it. (Continued on Back Page)

Band Concert of High Caliber

The annual Mid-Winter Concert was presented by the Northville High School and Community Band Tuesday night in the gym before a larger crowd than was expected due to weather conditions.

Some fifty-five members presented a fine program of classical and marching selections with Leslie G. Lee directing. A telephone vote and flute trio featured the audience with special numbers.

During intermission, Mary Boyd introduced fourteen members of the band played their first concert. She also told of some of the work of the band this year and of their buying several new instruments. The band is in hopes of new uniforms soon.

A collection of about \$67 was received from the enthusiastic audience which will be used in any way possible to improve the band. The school song brought another successful concert to an end.

Snow, Blizzard and Cold Grip Area

King Winter reigned supreme throughout the area for the past week. Coming on mid weather a week ago Thursday, two and three layers of crusty snow blocked highways, and with the thaw of last week and left the highways treacherous. Snow plows kept the highways in passable conditions. Milder weather came Sunday and Monday and following rain late Monday night, the mercury took a dive to near zero temperatures and continues to stay around 6 and 8, above, during the day to dive again to the zero mark each night. The cold weather is predicted to continue until Saturday or Sunday.

New Manager at Wolf Store

James D. Brewer of Centerline has been named manager of the local Wolf Store and took charge here Monday morning. H. A. Wilkins has been transferred to the Seven Mile Store of the company.

Village Taxes Returned Small

Village Treasurer, A. Russell Clarke, reports that he has returned the Village taxes, and Villagers paid \$7.1% of the total budget of \$61,287.03. The amount returned to the County Treasurer unpaid was \$1822.93.

E. A. Manthey of Ironwood is visiting his daughter, Mrs. Edwin Moody and family on Clement Rd. this week.

Slowly a patient, firm-syllabled voice cuts through the endless silence—

—this nation, under God, shall have a new birth of freedom and achieve a just and lasting peace with all nations."

Masons Plan for Third Degree

Northville Lodge No. 126, F. & A. M. will confer Third Degree on the evening of Monday, February 25th. The lodge will open early, recess for Midwinter Feast prepared by the "Crest Excelsior" Club. South and continue with the work of the lodge. Dinner at 6:30 p. m. and the price is \$1.00. Tickets may be obtained from any member of the lodge.

Visit Hobby Classes Monday

Next Monday evening, February 10 is the date for public inspection of the hobby classes. Visitors are welcome to watch actual operations of the hobby classes sponsored by the local Recreation Committee from 7 to 9:00.

At the leathercraft classes in the Scout building there will be an exhibit of leather goods that Miss Elizabeth Bush R.N. has picked up in the European countries where she served while on duty overseas. Miss Beanie Campbell will give a demonstration of pastel shading of leather. Carving of men's belts will also take place. Regular classes will be in session.

The hobby classes making articles of plastics may be visited in the Grade school basement, together with woodworking and antique and refinishing classes.

Novi Community Council at Fenton

Twelve members of the Novi Community Council attended the conference at the Community Center in Fenton Monday. The theme of the meeting was, Organization for Community Self-Help, sponsored by Fenton Community Council and The Extension Service of the University of Michigan.

Over 100 persons were present from Ann Arbor, Cleo, Fenton, Lansing, Flushing, Flint, Fowler, M.S.C., Milan, Novi, Otisville and Waterford.

Several prominent speakers were secured for discussions on adult education problems of the council, youth education and recreation. Those attending the meeting from Novi were Don Archambeau, Mr. and Mrs. Robert Davis, Mr. and Mrs. Bob Shelleger, Mrs. John Klaserer, Mrs. Devere Mitchell, Mr. and Mrs. Walter Tuck, Mrs. Louis Larson, E. J. Verdwyne and Mrs. Luther Rix.

A film "America, The Beautiful" was shown at the Exchange Club Wednesday.

Robert Masters on Rescue Ship

Robert Masters, son of Mr. and Mrs. Ward Masters, is a crew member of the coast guard cutter, Cedar, which effected the rescue of passengers and crew of the ill-fated T.S. Alaska on the Alaskan waters this week. Mr. and Mrs. Masters have not heard from Robert since before Christmas.

Decision Delayed in State Hospital

A decision on the fate of the proposed State mental hospital at Northville to serve the DeForest area has been postponed until the Legislature's solution of financial problems becomes known, perhaps in April.

The State Administrative Board's building committee deferred for two weeks a request for bids on construction of a railroad spur to the hospital site, that would cost about \$143,000. The spur could not be used unless the Legislature appropriated \$5,000,000 more to complete the first unit of the hospital.

Another two months would elapse after bids were requested before the board would have to award a contract.

Sixty at Legion Annual Dinner

Over sixty Legionnaires and part members of the Lloyd H. Green Post American Legion attended the annual Past Commanders' Dinner of the local post Tuesday night. Thirteen past commanders were present.

Earl F. Gwinia, Commander of the Department of Michigan, was the guest speaker. He dwelt mainly upon the program of the Legion and its part in the fight against Communism in the nation.

Other guests were the Dept. Adjutant, Service Officer and Chairman of the Membership Committee. The Ladies of the Auxiliary served a splendid luncheon.

600 People Attend Rural Caravan

A crowd of over 600 people visited the Rural Progress Caravan during its one day stay in Wayne County.

The caravan attracted the attention of all the women folk as well as that of many men.

Miss Jessie Marion and Miss Laura Davis, Home Economics Extension Specialists, explained the various features of the kitchen.

The poultry display with J. M. Moore, Extension Poultryman, drew large numbers to ask questions and examine the community nest which provides laying space for 75 hens.

The Dairy and Veterinary display with D. L. Murray and Dr. B. J. Kilham drew the dairyman interested in disease control, feeding and quick washing of dairy utensils.

The crops display featured hybrid corn and the new Eastern Oat.

The Agricultural Engineering display featured a working model of a septic tank and overflow field. It also had a model farmstead showing an adequate and an inadequate wiring arrangement. Other displays featured farm planning, remodeling farm buildings, economics, landscaping, irrigation, 4-H clubs.

The local 4-H clubs had a display showing articles made in handicraft, clothing, good grooming, and electricity.

The tractor maintenance and labor utilization groups displayed panels showing the results of improper care in tractor adjustment and lubrication, also plans and pictures featuring labor saving devices.

Fruit Growers at Village Hall

The fruit growers are invited to attend a meeting to discuss fruit problems on February 7, at 1:30 p. m. in the City Hall at Northville.

C. A. Langer, Horticulture Specialist will discuss insect and disease control.

Cubs to Hold Monthly Pack Meet

The next regular pack meeting of the Cubs will be held in the school auditorium on Tuesday of next week at 7:30 p. m. A skit by Mrs. Russell's den will be the feature attraction, also awards will be presented to Cubs for completed electrics.

The idea of only one den participating in the evenings skit rather than all dens as formerly, originated in an effort to allow the Cubs more time for doing handicraft and playing games. However, popular opinion seems to be on the side of all dens participating so after next Tuesday's meeting the earlier idea will prevail once more.

While the interest shown by the Cubs themselves in their organization is gratifying there is a definite lack of interest on the part of many parents. When the organization was sponsored by the Veterans of Foreign Wars about a year ago, many parents agreed to serve as committee members, den dads and den mothers. They realized that some one had to take the rap so they agreed to act in various capacities. Some are still active, others have fallen by the wayside so that the few who remain cannot meet the requirements of added members to say nothing of prospective members.

Enough boys to make two dens, that is sixteen boys between nine and twelve, have been denied membership because there are not enough parents in town who can give up an hour each week to help. It is hard to believe but it is a fact. Of course some mothers say they are not emotionally suited for the work, others say for the majority, just haven't got the time.

Each den has a trained leader or den chief chosen from the Boy Scouts who direct the Cubs in their activities so that the den mother is left with only the supervision and promotional side.

Perhaps the Cubs are not important enough. Well if any of them think that all they have to do is to ask any one of them, and that the whole matter is this appeal for a few women who are willing to take a job of eight of those nine to twelve year old boys.

Geo. Donohue, leader

District Cage Tourney to be at Farmington

The Michigan High School Athletic Association announced this week that Farmington High School will again be the host of the 1947 District 25 Basketball play-offs.

March 6-7 and 8 have been designated as the dates for this year's District tournament. They will be scheduled for Thursday, Friday and Saturday as in the past.

Farmington, because of its fine gymnasium, has for a number of years played host to the teams in District 25 for the Michigan High School basketball play-offs.

Both Class "B" and Class "C" teams will participate in this year's tournament. Four Class "B" teams and five Class "C" schools have been assigned to play at Farmington in March. The schools assigned include: Class "B", Farmington, Redford Union, Northville and Plymouth; Class "C", Clarenceville, Dearborn-St. Alphonsus, Inkster, South Lyon and Inkster-Roseville.

Not all of the schools assigned will necessarily enter teams in the tournament. A listing of the schools which will enter teams will be released at a later date. Team pairings will be made just prior to tournament date.

Mustangs Meet Farmington Tonight

It's a big game tonight for the Northville Mustangs when they meet Farmington, at the Farmington gym at 8 o'clock this Friday evening, Feb. 7th. Farmington is the only team that has defeated the Northville Five this season. Farmington has lost to Keego Harbor and Milford. Tonight's basketball game may be the one that tells who the League Champions will be. A large delegation of Northville people will attend the game.

Albert Bidwell is the junior Rotarian for February.

CHEVROLET—LOWEST-PRICED CAR LOWEST-PRICED LINE IN ITS FIELD

WHEN EDISON SHOCKED THE FRENCHMEN...

When the committee of a noted French scientific society, splendid in cutaways and silk topers, called at Menlo Park to present the society's medal, Edison was engaged in an important experiment. He was dirty, perspiring and shirtless. After much persuasion and without dressing, he took off just enough time to accept the medal and express his appreciation of the honor.

Like all truly great men, Mr. Edison hated sham and pretense. He was always as natural as an old shoe. He could laugh at himself and admit himself wrong.

He was honored by the entire civilized world, yet on one occasion he refused an award because it required his wearing a sash.

"You have to have dirt on your hands to get along with the Old Man," one of his laboratory employees taunted a white-collar worker. And another summed him up with "He ain't got no side—he ain't got no front—he's just a genius."

He was a man idolized and eulogized by millions. He could walk with kings—yet he kept the common touch.

Today, as we approach the centennial of his birth, we are proud that our company, like many other independent electric companies, bears the name of this great American.

Step right up and meet a Sweetheart
It's BUICK for '47!
STEP up now, good people, and meet the fashion master of the new season.
Here's Buick for 1947 — style-wise, performance-wise, quality-wise and value-wise, the sweetest "buy" your dollars are going to find anywhere this year.
Eye well that sparkling new grille — behind it you'll be plainly marked as strictly up to 1947 in your travel standards.
Take in the tapering grace of long, sweep-through fenders — there's the hallmark of a style pattern sure to bring you notice and approval wherever you may go.
Note the reach of the bonnet — long, deep, broad-chested — there's a lifetime of thrills in such bountiful supply of Buick Fireball straight-eight power.
Spot the solid footing of a carriage big as you deserve — the breadth of beam that spells room aplenty — the ready-to-go poise of four coil-sprung wheels ready to level the roughest roads into boulevard smoothness.
And in particular, mark down this: Not one smart model but nine will present this fresh front to the world this season.
Cars in three series, three wheel-bases and three price ranges give you a triple-barreled chance to know Buick size, Buick beauty, Buick ability when you travel.
Choose from two versions of the garage-handly SPECIAL — four of the light-footed SUPER — three of the great-hearted ROADMASTER series.
In each you'll find a rich abundance of the things that make Buick America's most wanted automobile — engines that seem to stay forever young, the matchless buoyancy of Buick springing, the spaciousness of great room, the feathery handling of controls that are always "obediently yours."
Naturally — demand is going to be great; a sweetheart like this is bound to bring suitors flocking.
So how about coming in — right away — and getting your order on our books?
Tune in HENRY J. TAYLOR on the air twice weekly.
ONLY BUICK HAS ALL THESE STAR FEATURES:
AIRFOIL FENDERS * FIRESAIL POWER * ACCURATE CYLINDER BORING * FLUTEWEIGHT PISTONS * BUICK SPRINGING * FULL-LENGTH TORQUE-TUBE DRIVE * SERVO-FIRM STEERING * BROADBIRM WHEELS * STEPON PARKING BRAKE * DEEPEX SEAT CUSHIONS * CURL-AROUND BUMPERS * NINE SMART MODELS
When better automobiles are built, BUICK will build them

OBITUARY
MRS. CHARLES FUQUA
Word has been received here of the death of Mrs. Charles Fuqua on January 24th in Los Angeles, California. Mrs. Fuqua was seventy-five years of age. Funeral services and burial took place in Columbus, Indiana, January 31.

Mrs. Charles Fuqua was born in Columbus, Indiana. She resided in Northville at one time for about seven years on Sevig Mill Road. About five years ago Mr. and Mrs. Fuqua moved to Los Angeles. Surviving the deceased are the husband, Charles, a daughter, Mrs. Harry Goza, a granddaughter, Marilyn Goza, both of Northville and a sister, Mrs. Mollie McWilliam of Indiana.

Mr. and Mrs. Goza were in California at the time of passing of Mrs. Fuqua and accompanied the remains to Indiana. Marilyn recently returned from a visit with her grandmother.

CARD OF THANKS
I wish to thank my many friends for gifts, letters, flowers and cards which I received during my stay at Sessions Hospital. Especially do I thank Dr. Snow and the nurses at the hospital.

P.T.A. MEETING

The Northville Parent-Teacher Association held their meeting last Thursday, January 23, in the grade school gym.

About eighty parents and teachers were present to hear Y. M. Willoughby, of the Federal Bureau of Investigation speak. Mr. Willoughby talked on work done by that department in connection with juvenile delinquency.

Following the talk, refreshments were served by the kindergarten mothers, who used valentine decorations for their theme. The next meeting will be held February 23.

The Girl Scouts of troop 3 met at the Scout Building, Monday, February 3rd at 3:45 p. m.

The Girl Scout movement and laws were discussed.

A valentine tea was planned and red heart shaped invitations were written to the mothers.

The scrap book project was discussed. A sample scrap book was examined and further plans were made.

The two Girl Scout troops and two Brownie troops are giving teas for their mothers Monday, Tuesday, Wednesday and Thursday of next week at the Scout building. The girls will serve refreshments to their respective mothers from 4 till 5, each troop having a specified night.

SEE VIEWS OF WEST

A large group of men attended the meeting on Monday evening of The Presbyterian Men's Club. Charles H. Walker of Cambridge Drive took the group on a trip from Kansas City on through to the Grand Canyon and the great South West with colored pictures of the various pueblos and the civilization of the ancient cliff dwellers.

President Robert E. Taggart presented plans for the annual Father and Son Dinner which is to be held on Friday, evening, March 14. Other projects include Men's Night during the Family Church Nights held on the Wednesday evenings during Lent. Suggestions were considered on how the men could help with the Boy Scout program in the community. A committee is to investigate a plan of having movies for children to be held at the Church House on Saturday afternoons.

Treasurer Edmund S. Beard had refreshments on hand and Charles F. Carrington acted as Secretary in the absence of George B. Kellen. The next meeting of the club, which is open to all the men of the community, is to be held Monday evening, February 24th at 8 p. m.

Wixom Co-op. Sponsors Speaker

V. S. Peterson, widely known speaker on chemical progress as it affects the average American, will talk Monday evening, February 10th, at 8 p. m. on "Research and Better Living" and will demonstrate several some of the newest developments of modern chemical research, some of them yet to be publicly introduced.

Mr. Peterson is central-western district manager of the Extension Division of E. I. du Pont de Nemours and Company, with his headquarters in Ames, Iowa. During the past 12 months, he has spoken at scores of meetings in many states.

Mr. Peterson is a graduate in agricultural engineering of Kansas State College. He has served as agricultural extension engineer in Iowa and Pennsylvania, and as engineering technician and acting director of the Iowa U. S. Forest CCC camps. He was also state administrator of Soil Conservation in Indiana.

Mr. Peterson has served on several committees of the American Society of Agricultural Engineers and is, at present, chairman of its committee on farm and home safety. He is a member of the Vegetable Growers Association of America and other farm organizations.

So successful has Mr. Peterson been as a speaker on the popular aspects of new chemical developments that he has been unable to accept all the invitations he receives to talk on that subject.

This talk is sponsored by the Wixom Co-Operative Company. There will be no admission charged and everyone is cordially invited to attend.

Increase Milk With Electrical Deicers

Higher Production Can
Be Secured With Control

Of all the problems which live-
stock farmers face during the win-
ter, one of the most annoying is the
task of preventing ice from coat-
ing the surface of their stock tanks.
An adequate year-round water
supply is essential to enable dairy
cows to continue top milk produc-
tion, and to maintain economical
gains on beef cattle and hogs. A
pressure water system will do the
job most of the year, but what about
those freezing months farmers now
are facing?

The following results of tests con-
ducted by Purdue university help in
approaching the problem: There is

no advantage in actually warming
water for stock; the maintenance of
an ice-free drinking hole is suffi-
cient; water under pressure elimi-
nates the necessity of having large
capacity storage tanks.

Given these findings, agricultural
engineers have turned to electricity
as a means of overcoming winter
stock tank worries. Research has
shown that electric heaters, with
wattages rated as low as 300, are
capable of keeping ice-free holes
open in small tanks without diffi-
culty. Among newly developed elec-
tric stock tank heaters, operating at
low cost, is a device which is de-
signed to float on the surface of the
water. It consists of a hollow metal
disk, encircled by a heating ele-
ment and containing a thermostat.
Tests show that it can keep a rec-
ommended drinking hole open in
temperatures far below zero.

KNOW YOUR BREED
Texas Longhorns
By W. J. DRYDEN

This ancient breed of cattle
which used to roam in the coun-
try in vast herds is being re-
surrected from threatened
extinction by the U. S. Fish and
Wildlife Service.

Texas Longhorns first were intro-
duced to this country in 1521 by

Gregorio Villalobos, a governor-gen-
eral of New Spain.

With the introduction of heavier,
beefier cattle, the Longhorns began
to disappear.
