

LIFE RETURNING. March 21 marks the official return of spring, the perennial reminder of the returning. To some it means house cleaning, to others that the garden, the farm or the yard must be put in shape. To some the return of spring means that school soon will be out and the old fishing hole again will be available. To all, winter has gone and summer soon will be here. Oh, hum! At last, spring has arrived—at least officially.

Firemen Ask for Pay Increase

Monday evening the Village Commission in session selected the firemen to attend school in Lansing, gave space to the Northville Taxi Co. and revised parking provisions on W. Main street. 2,468 Books Are Loaned at Library

A total of 1,707 persons visited the Northville branch library during February, and they borrowed 2,468 books, according to Miss Rhea Lyon, branch librarian. This, the first count of library visitors, was made at the request of Walter H. Kaiser, county librarian, in order that the use of the library here might be more fully determined.

The count for the 26 branches of the Wayne County Public Library showed that 46,370 men, women, and children borrowed nearly 85,000 volumes during the month. The count did not include the patients at the Herman Kiefer Hospital and Maybury Sanatorium who receive library service. Neither did it include any count of the rural school houses where collections of books are loaned to the classrooms.

Legislation to Liberalize NSLI

Legislation was signed by President Truman last week designed to further liberalize the National Service Life Insurance Act for some ten million World War II veterans who have allowed their term policies to lapse.

Veterans who have allowed their NSLI term policies to lapse at any time in the past may be reinstated without taking a physical examination provided they are in as good health as they were at the time of lapse, and provided they make two monthly premium payments.

These liberal reinstatement provisions will remain in effect until August 1, 1947. Also under the new law, a veteran may obtain any permanent NSLI plan without previously having held a term insurance policy.

All NSLI policies provide for a waiver of premiums for veterans who become totally disabled for six or more consecutive months. Even though premiums are being waived these veterans can convert their term policies to all types of permanent insurance, except the endowment plan type. The premium will be waived during the continuance of the total disability.

Novi to Vote on Township Bldg.

The voters of Novi Township will vote April 7th on the proposal to set aside certain moneys to erect a Town Hall and building. The township board has approved a plan utilizing certain lands made available for such purpose by bequest and now asks approval of the project in setting aside certain funds to meet the terms of the bequest before the period lapses.

The Township Board asks approval of its action in setting aside \$200,000 in 1945 and the same sum plus the irrevocable tax in 1946, for the special purpose, and further asks direction to allow the setting aside of not less than \$300,000 in 1947 and 1948 providing that the township tax shall not exceed 2 mills. Further the stipulation is made that these special building funds shall only be used for the construction of the Township Hall Community Building to be commenced on or before May 1, 1950.

A special booklet covering the proposals and the plans in mind has been prepared and circulated among the voters of the township.

Frank Clark, Novi Supervisor. The people of Novi Township generally agree that we must in the near future have a suitable building to house our fire fighting equipment and provide storage for our records and provide a proper meeting place.

There are two ways to finance a project. One is to sell bonds, and pay back and interest over a term of years. The other is to accumulate funds, then build and pay cash.

All the members of the Novi Township Board believe the latter is the better plan.

We have been spreading a two mill Township tax and have set aside nearly \$700,000 in the past two years for a building fund. We believe we can continue to have only two mills and still accumulate sufficient funds to build before June, 1950 when our debt will revert to the former owner if no building has been started.

The ballot on April 7, will be to whether or not the action of the Township Board shall be approved and this plan followed during 1947-48.

If it is approved we hope in two years to have every thing ready for the final ballot on the building.

Fire Damages Spagnuolo Bldg.

Fire of an undetermined origin threatened, for a period, the destruction of the James Spagnuolo property on North Center Street Friday afternoon about 4 o'clock. Good work by the local fire department and the fact that the wind direction was favorable probably saved the building from complete destruction. The damage was confined to the rear of the building. Before the fire was brought under control, tenants of the second floor front and Jack's Barber Shop took all precautions by removing their property.

Head, have indicated their intention to expand the plant to provide for the increasing demand for their products. They also expect to establish their residences in Northville.

The C. and S. Their flourishing business was interrupted when Dick was called to serve in the War Production Board at Washington, D. C. and Robert went in the army.

Michigan Bell Reports on 1946

During 1946, Michigan Bell installed more telephones, served more telephones and handled more calls per telephone than ever before. Total revenue was larger, too. But so were expenses. Earnings on investment were more than in 1945. But in the second six months, due to rising costs, earnings were on a downward trend.

ABOUT CALLS—On the average business day there were 7,304,000 local calls, and 197,000 long distance calls... increases of 22% and 23% respectively over 1945. Although at times some calls were delayed by insufficient facilities, telephone people gave more good service than ever before in history.

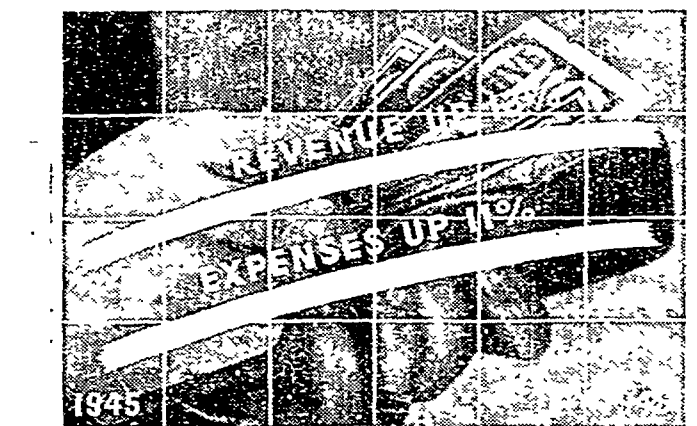

ABOUT TELEPHONES—Michigan Bell installed 34,000 telephones a month, double 1945. A net gain of 204,000 telephones brought the total in service to a record high of 1,378,000. However, it was necessary to give party-line service to many thousands who would have preferred individual lines. And 65,000 others were waiting for telephones at year's end.

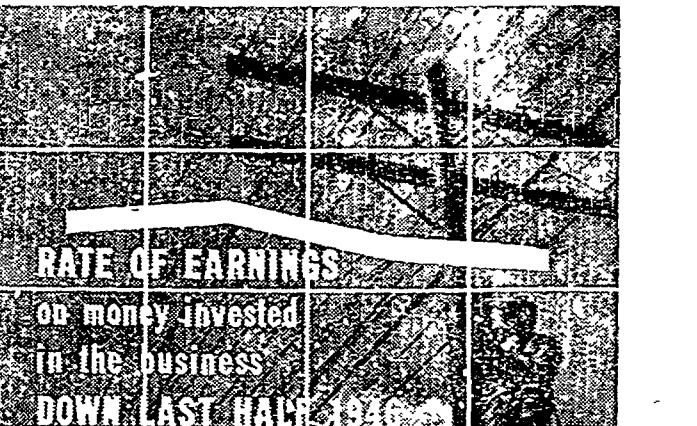

ABOUT CONSTRUCTION—\$36,000,000 worth of buildings and equipment were added. This investment, all-time high for one year, would have been much greater but for continuing shortages of materials. Increasing demands for service and higher labor and material costs have raised the estimate for our 5-year post-war construction program to \$220,000,000.

ABOUT JOBS—Michigan Bell's force rose 6,000 to more than 22,000 people, about one-third of whom had less than a year's experience. Nearly half of all Michigan Bell men were returned veterans of World War II. Wage adjustments, made early in 1946, amounted to \$3,461,000 a year. Payrolls totaled \$54,445,000, up 50% over 1945.

ABOUT REVENUE AND EXPENSES—We took in more money than ever before—\$91,000,000, or 13% more than 1945. But expenses also increased. Operating payrolls were up 39% for the year. Total expenses, excluding taxes, were 25% over 1945. Total cost of giving service, including taxes, was \$79,000,000—an increase of 11% over 1945. Revenues in 1946 include \$3,500,000 subject to refund to customers if the pending rate reduction order of the Michigan Public Service Commission is upheld by the court.

ABOUT EARNINGS—Earnings for the year were \$12,000,000, or 7.2 cents on each dollar invested in the business. If the Public Service Commission's rate reduction order is upheld, 1946 earnings will drop to 5.9 cents, insufficient, we believe, to attract the new capital needed for expansion and improvement. As it was, during the last half of the year, rising costs sent the earnings rate on a downward trend, which pointed to the possibility that higher rates might become necessary to assure financial stability of the business.

THE PROSPECTS—Our objectives in 1947 are to provide as quickly as possible: 1. Enough telephone plant to take care of all unfilled orders for service and to care for future demands; 2. Facilities to furnish promptly the type of service the customer desires; 3. Improvements in local and long distance service; and 4. Extension and improvement of rural service.

Present indications are that shortages of needed materials will

continue to handicap us in 1947. But, we expect by year's end to have filled most requests for service and to have made progress in further improving the quality of service.

Telephone men and women turned in a record-breaking performance in 1946, and we have confidence that in 1947 they again will surpass all previous accomplishments and give to Michigan continuing telephone service of the very highest order.

It seems like yesterday

It seems like yesterday that Nancy was playing with dolls. Now she's pushing her own baby carriage. Yes, there's been a lot of changes in the last 20 years—most of them so gradual we hardly notice them at all.

Nancy didn't grow up all at once. A tooth at a time—a curl at a time—an inch at a time—and suddenly a little kid sister was Mrs. Joe Jones, mother of Joe, Jr.

Like Nancy, the use of electricity has grown a lot in the last 20 years. But the price of electricity has been going down steadily. You may not have noticed it because your bill probably stays about the same—but how many appliances have you added to your home since '27? Now, you are getting nearly twice as much electricity for your money as you did then.

Spells Decrease
Counterfeiters cheated the American public out of only \$48,000 in 1944, compared with spoils of \$771,000 per year between 1933 and 1939, according to the Encyclopedia Britannica. A counterfeit bill often can be detected by comparing it with a genuine bill of the same denomination, paying special attention to the quality of the portrait, which is usually fine in a genuine bill. Counterfeit coins usually feel greasy or slippery.

CONNETT - JOHNSON

The Methodist parsonage was the scene of a quiet wedding Saturday evening, March 15, at 7 o'clock when Margaret Connett and Arthur Johnson, both of Fort Wayne, Indiana, were united in marriage. The double ring ceremony was read by Rev. W. Leslie Williams.

Mrs. Richard Juday of Walled Lake acted as matron-of-honor. Her dress was black with which she wore black accessories and a corsage of red carnations. She also wore gold earrings, a gift of the bride.

Receives Letter from Poland

The following letter was received by Mrs. Marie McKenna of Linden, avenue from Poland: Dear Madam:

On 12th VIII we received your second "gift-parcel" with its precious contents—in perfect order. To tell you our joy and our gratitude is too difficult for words, especially to us who know English so very little. We should like to tell you how precious every gift of food and dress and medicine is, especially milk, sugar, coffee, cocoa, rice, meat and cereals. The country has become so poor, that nearly every family is reduced to poverty. It is unthinkable—but unhappily very true. In our convent we have about 200 pupils—girls and boys—and we are in touch with all their families and with others too who come to us for help and comfort. And there are also thousands of refugees from the far East who are in a very impoverished condition. Your kind messages and your generous gifts give us the possibility of putting a ray of sunshine in so many young souls, who have gone through trials above their age. They help us too, to keep up hope and courage in those families, living in seemingly hopeless conditions.

I can assure you, that your name shall be kept by us on the list of our benefactors—for this you truly are, and that, in the convent of the Sacred Heart, Nuns and children will ever pray for you and your dear home. This is our message to our dear friends in U.S.A.: "May Our Dear Lord reward your kindness of heart—and always be the generous Providence of your dear home—the sweet joy of your happy days—and in hour of trouble may He be your One Comforter and cheered by your generous heart."

With our best and most affectionate thanks, in the name of our R. Mother, the Nuns, the children, and all those you have cheered by your generous heart.

The letter was written by Mother Antonette Zaleska of the convent.

Refreshments will be served by the hostesses, Mrs. Leslie Grigoli and Mrs. Howard Neay. Mrs. A. M. Lawrence has charge of the program. The speaker will be Mrs. Lawrence's mother, Mrs. J. R. McColl, who will talk on the history of Hawaii. Mrs. McColl will display souvenirs which she collected while traveling in that country.
