Consumers Tell of Gas Shortage

The present ban on additional gas house-heating customers probably will remain in force for "at least two or three years," Division Manager David L. Brown of Consumers Power Company said today.

Mr. Brown said his company's plans to enlarge the supply of natural gas in this area were being delayed by a shortage of steel plates of the kind needed in the manufacture of steel pipe of large diameter.

"There's no shortage of gas in the Southwest, where our supply comes from," he said. "The problem is to get the natural gas to the places where it is needed. In our case that means to the Michigan natural gas fields which we are converting into storage areas."

Use of these natural gas fields as storage areas will make it possible eventually for us to handle several times as much gas business as at present. But we need 150 miles of pipeline to bring the gas from the Panhandle Eastern line in southern Michigan to the storage fields in Clare, Oscoda, and Missaukee counties. Most of this 150 miles of pipeline must be 24 inches in diameter.

The pipe has been on order for a long time but it is being held up, along with many orders from other companies throughout the country, by a shortage of steel plates. Delivery now is scheduled for the spring of 1949.

Mr. Brown explained that the pipeline connecting the storage fields with the Panhandle Eastern pipeline in southern Michigan will require 113 miles of 24-inch pipe and 37 miles of 16-inch.

"We don't like the ban on house-heating any more than prospective customers like it," Mr. Brown said. "We are in the business of selling gas and would like to expand the market rapidly. But the shortage of steel for pipe fabrication is something we can't help, and so long as the supply of gas remains limited, our first duty is to safeguard service to present customers."

The company is continuing to connect new customers who will use gas in comparatively small quantities for water heating, cooking and other domestic purposes apart from space heating.

4-H Association Buys Forty Acre Tract

The Wayne County 4-H Fair Association has made final arrangements for purchasing 40 acres of land, located between the Expressway and Tylor Road on Quirk Road, that was formerly owned by the Ford Motor Company.

The purchase of this property was made possible through the cooperation of local merchants and farmers who generously gave gifts to the 4-H Benefit Party, which was held recently at the Northville High School.

The 1940 Buick car, owned by Charles Reh of Milford, which was stolen last Monday morning from the local Ford factory packing lot, was recovered Monday by the Roseville police at Roseville. The car was reported to be in good condition.

Install District Officers Here

The Lloyd H. Green Post No. 147, American Legion will play host at the Seventeenth District Memorial Services and installation of officers on Friday, Aug. 1, at the Veterans' Memorial Hall.

The Auxiliary will serve the dinner to precede the meeting at the Methodist Church house beginning at 6:30 p.m. Reservations for the banquet are limited to two hundred. Tickets may be obtained from Henry Croll, C. O. Hammond and other members of the post.

This dinner will honor the Seventeenth District Commander-elect, George Simons and his adjutant, Fred Walker from the local post. Their installation as well as other post installations will take place following the Memorial services.

Mrs. Oscar Hammond has been appointed chairman of the dinner and her co-workers include the Mesdames Lila Chapman, Betty Hay and Lydella Ely.

Michigan Bell Asks Increase

The Michigan Bell Telephone Company today formally announced its intention to file a petition with the Michigan Public Service Commission for a general rate increase.

Pointing out that it will mark the first time in 21 years that the company has sought a general increase in its charges, President Thomas N. Lacy declared that "present rates are no longer beyond to meet postwar costs."

Beyond the indication that it is a matter of fairness to all our customers, the proposed increases will be applied to all types of telephone service. Lacy did not reveal the extent of the proposed rate boosts. In accordance with the statute, the company will advertise its specific proposals during the week of August 3, preliminary to the filing of its petition with the Michigan Public Service Commission later that month for approval.

Michigan Bell today is operating under a general rate schedule established by the Commission in the latter part of 1936, Lacy continued. "Except in towns where local rates have been lowered still further and for toll-rate reductions, the rates of 10 years ago are still in effect. Meanwhile, the cost of everything used in furnishing telephone service—wages, taxes, and supplies—has gone up."

Postwar wage increases alone, for example, have raised Michigan Bell costs nearly \$11,000,000 a year.

As a result, our return on investment has slipped far below the danger mark. Based on today's telephone rates, the company's return now is only 4½ cents on its investment dollar, a drop of more than one-third under the rate of return in 1937. If the new rates ordered by the Commission in 1946 were being charged today, the return would be even lower—actually, less than 3½ per cent. That rate order is now on appeal in the Ingham Circuit Court.

Any decision to increase rates is a hard one to make. It reverses a trend in our operations which has brought rate reductions that are now saving our customers \$20,000,000 a year compared with rates of a quarter of a century ago.

We have held off this decision as long as possible. Rate increases already have been requested in 28 other states. In 17 of those states, increased rates have been ordered by regulatory authorities. Sixteen independent telephone companies have been granted increases by the Michigan Public Service Commission and two more such applications are still pending.

Michigan Bell has a legal and moral obligation to provide the best possible service to as many as ask for it, within the limits of its ability to do so. That obligation—to provide more better service—will cost a lot of investment money from here on. The money must come from investors who will put their money into this business only if assured a fair return. No such assurance can be provided unless existing rates

"OLE MISS" SMASHES ANOTHER LEVEE . . . Roaring flood waters of the Mississippi smashed through the Chouteau island levee across from St. Louis, inundating 2,000 acres of farmland on the Illinois side of the river. Heavy rains swelled the Mississippi to an almost record crest at St. Louis as soldiers and volunteers labored mightily to hold the remaining levees together.

Free "Flickers" Friday, July 25

Teenagers will be treated to their first free Friday Flickers (Movies) on July 25 when, through the joint sponsorship of the Northville Recreation Dept. and the Wayne County Library movies will be shown at the Northville Library at 7:30 p.m.

The films will include musicals, cartoons, and full-length features. On an experimental basis, similar evenings of recreation for teens will be held at the library on four consecutive Fridays.

According to Ward Masters, chairman of the Recreation Dept., the committee in charge will continue the Free Friday Flickers and establishing a film council in Northville if enough support and popularity of the program warrants it. The purpose of such a council would be to provide a qualified projectionist, equipment and advice to those who wish to present film movie and slide-film programs.

The project has the support of the school administration and the sound projection equipment, loaned by the Northville public schools, will be operated by Edward Mollema, director of visual education.

Directing this experimental series with Mr. Masters and Mrs. Mollema are the other members of the committee: Clinton Russell, director of recreation, and Mrs. Irving Levert, recreational instructor, Mrs. Donald Ware, program chairman of P.T.A. and Miss Rhea Lyon, branch librarian, and Miss Margaret Burton, children's librarian.

Birthdays remembered at Rotory Tuesday were Judy Lapham, Dick Martin, and W. H. Cansfield. Guests for the day were H. N. Harper of Plymouth and Michael Nagy. Michael told of his experiences at the Wolverine Boys' State at East Lansing.

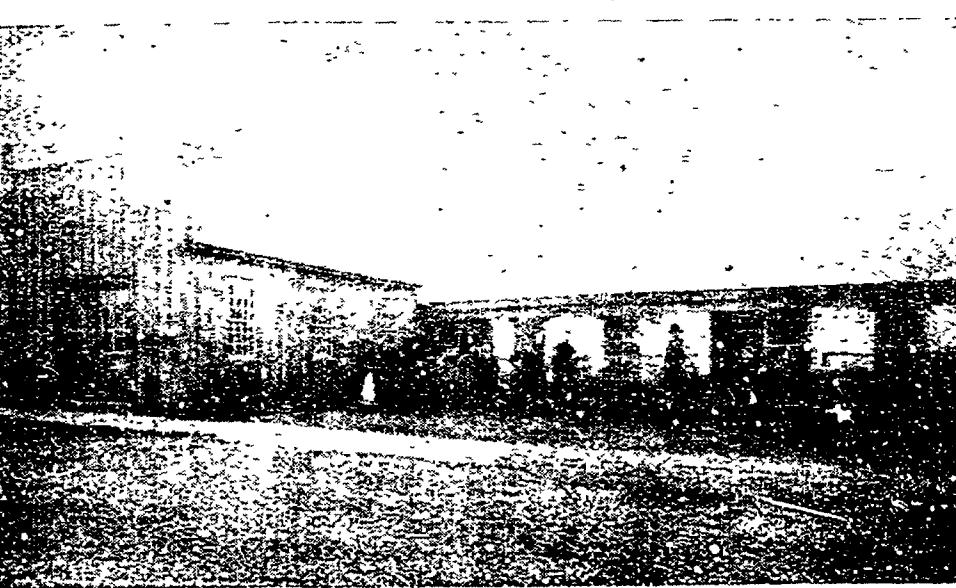

The addition to the present building is being constructed of cinder block and glass block and when completed will offer a great deal of display space to house Studebaker cars.

Due to a lack of space, a new showroom and parts department is being constructed at the Petz Brothers Sales and Service at 205 Plymouth Avenue.

New Start

for Opening of Summer Meet

Harness Racing Under the Lights Will Open 48-Day Meet Monday, July 21; Many Improvements Made to Grounds and Track

Harness racing under lights, and with pari-mutuel betting, comes back to Northville Downs here next Monday, July 21, gear'd for the biggest season in the Michigan history of the sport.

For 48 nights—six a week through Sept. 13—the nation's fastest trotters and pacers will compete in nine races a night, starting at 8:30 o'clock, under the finest conditions for both the racers and the spectators, that have ever obtained here.

Most spectacular of the improvements made at the floodlighted half-mile plant for this meeting is the installation of the E. M. Smith Starting Gate, the most modern and successful moving barrier in the history of harness racing.

In addition to the gate, which guarantees the best starting Michigan has ever known, Northville will offer three other major improvements in its facilities and operations:

1. Better track lighting. An additional 40,000 watts of light will illuminate the racing strip increasing the total lighting by some 25 per cent over previous years.

2. New steel bleachers, seating 1,000 spectators, will offer increased spectator comfort.

3. A program of 15 stakes carrying more than \$23,000 in purses will bring top-class horses of the country into regular return.

The new starting gate, first double barrier ever to be used here, was developed in California last winter for the Grand Circuit meeting at Hollywood Park. Since then it has been installed at Maywood Park Chicago, and at the famous Garden, N. Y. track. The track will open here in the latest to be turned out by the manufacturers and represents the last word in gate's developmental.

The 1,000-foot-long or barrier, which is mounted on a specially constructed car, 40 feet long. The car runs on two concrete ribbons inside the inner rail of the track, with the car extending out across the racing strip. As the horses approach the barrier, the car begins moving away from them—it can accelerate to 50 mph in 100 feet—and when the horses are in line, the car springs away from them at terrific speed, swinging in over the inner rail to leave the track completely clear.

Northville's Opening Night feature race next Monday will be the \$1,500 Inaugural Pace, for which 34 horses have been nominated. On Thursday, July 24, the \$1,200 Plymouth Trot will top the program. Two stake races each week, usually on Tuesdays and Thursdays, will be offered throughout the meeting.

Scouts Gather

3 Tons of Paper

The paper pick-up conducted last Saturday morning by the Northville Boy Scouts Troop No. 5 netted 700 pounds of old newsprint, papers, magazines, and other paper debris.

Charles Walker of Cambridge Drive loaned the Scouts the use of his truck for the collection.

Assisting Lawrence Carpenter, Scoutmaster and Asst. Scoutmaster, Robert J. Carpenter in the drive were Scouts Richard Lazar, Richard Sorres, Billy Chase, Peter Pletch, and Jim Lapham.

SHORTCOMINGS OF THE WAR DEPARTMENT: Congressman George A. Dondero, speaking in reference to our national security, in the House of Representatives, stated: "Fitness of a Cabinet Officer in this troubled day is now in his ability to favor the wife of the international Communist conspiracy and his ability to counteract these measures by his own efforts and that of competent personnel! It is with regret that I am forced to the conclusion that Secretary of War Patterson falls short of these standards."

Early in the year, when it was announced that General MacArthur had refused permission for the Communist-dominated World Federation of Trade Unions representatives to visit Korea and Japan, and Secretary of War Patterson had overruled him, Congressman Dondero, on March 17, 1947, called attention to the danger of sending a man with Louis M. Sallant's record of close cooperation with the French Communists to Japan. His warning contained these words: "I serve notice upon Secretary Patterson that he will be held directly responsible for any difficulties created." Trouble did arise in Korea, as you will remember.

Congressman Dondero pointed out many instances where the Secretary of War has surrounded himself and made appointments as advisors to our Commanders-in-Chief in Germany and Japan of people who have known Communist leanings and who have been in positions high in the councils of that party. He has not hesitated to call them by name and to establish the record of such activities. He called attention to the fact that:

The War Department has produced a film entitled "Seeds of Destiny," which is being widely shown by Communist organizations throughout the country and for very good reason. The film, complete with the Communist indoctrinated for the German people, along the lines of the old crudities "MacArthur policy. I would like to know who is responsible for producing and approving this film, which is certainly in accord with the present policy of the United States. We are today in such a critical situation that every one of us personally members of the Cabinet and even more especially the Secretary of War, should at all times be on the alert to protect this country from its insidious enemies. I would not be an American if I did not call attention to the situation, which in my opinion endanger our nation greatly."

EUROPE'S CREDIT BND. According to the Pathfinder Magazine, a sure sign of how bad Europe's Credit is can be found in foreign nations' failure to pay the interest on American-held credits. Of some \$4.5 billion of foreign bonds owned by American individuals and institutions, interest payments on more than half are in default.

TAX REDUCTION BILL: The Tax Reduction Bill (HR 3950) again passes both Houses of Congress, with a change in the date when it will become effective (January 1, 1948). Chairman Millikin (R.-Colo.) of the Finance Committee of the Senate pointed out that the bill would cost only \$1.5 billion in fiscal 1948 (fiscal year July 1, 1947-June 30, 1948) because it would apply only to half the year. He said Congress would probably reduce government expenditures by at least \$2 billion and that with a prospective government income of \$41 billion, there should be a surplus of \$6.9 billion in fiscal 1948 to apply to tax relief and the debt. **HOWEVER THE PRESIDENT** has served notice that he will veto the bill.

EXISTING IMMIGRATION LAWS: Congressman Gossett (D-Texas) gives us some interesting facts in reference to immigration: "Of the immigrants coming here last year, not over one percent went to the farms. At least 95 percent poured into our big and overcrowded cities. Unemployment, housing, slum clearance, crime, education, health, and all of our many social, political, and economic problems are further complicated and aggravated by today's immigration."

"From Europe generally, we permit the entry of 154,000 a year under quotas. We impose no quotas whatsoever on countries of the Western Hemisphere. Even from quota countries we permit many to come over above the 154,000; wives and minor children of American citizens, ministers, professors, and certain classes of merchant seamen may come in outside the quotas. Furthermore, during the World War we naturalized 110,000 aliens serving in the American Army. We brought in 100,000 war brides. Under other existing laws we will probably receive into this country through various channels, not less than two or three hundred thousand additional aliens."

Mr. and Mrs. Geo. Waite spent last Saturday in Pontiac visiting Mrs. Cora Ward.

The Past Noble Grands of the Novi Rebekah Lodge met at the home of Mrs. Frank Martin for luncheon, Thursday.

Over 100 ladies were present at the Birthday Party given by the Rebekahs ladies at the Novi school last Wednesday. Twelve tables each representing a month of the year were beautifully and most appropriately decorated.

At the speaker's table sat the general chairman, Mrs. Geo. Waite and her able assistant, Mrs. Chas. Trickey. Dr. Ruth Barnes of the English Dept. of Ypsilanti College was the guest speaker and her topic was "Nonsense." The musical program consisted

of several immigrants per year—more than we can adequately assimilate."

CIVILIAN GOVERNMENT EMPLOYEES: To show how the number of employees on the government payrolls have increased since 1930, I submit the following figures as compiled by the Committee for Constitutional Government, Inc.

Federal Job Holders

1930 1940 1947

4,694,000 1,669,000 1,955,070

Families in United States

21,951,000 34,949,000 39,441,000

In 1930-1940 families supported 3 Federal job holders

In 1940-1947 families supported 3 Federal job holders

In 1947-1948 families supported 4 Federal job holders

This same source shows that the average citizen already works fourteen weeks a year—say from January 1 to April 7—to support government. Executive taxation, mainly Federal income tax is taking off the capital essential to financing new enterprises and better tools—on which a rising scale of living for all must depend.

Senators Harry F. Byrd (D-Va.), Chairman of the Joint Committee on Reduction of Nonessential Federal Expenditures, showed that the work of the Federal government could be done as well, or even better, with one million fewer civilian employees. Saving: \$5 billion yearly! This would be worth saving.

Small Accidents Costly
The bulk of the accident total in 1946 was made up of one or two death accidents. Only two catastrophes in 1946 caused more than 50 deaths—the Winegaff hotel fire in Atlanta which took 119 lives, and the La Salle hotel fire in Chicago with a toll of 61.

Buy your new 1947 Chevrolet from us. Buy it where you are asked to pay only the low delivered price—and not a single penny more! That's the American way—that's your way—and that's our way as well.

True, you may have to wait a little while for delivery, but you'll save a lot of money by purchasing your Chevrolet from us at the low price, instead of paying a premium price to someone else just for the sake of getting it a bit sooner.

Obviously, it's wiser to save a lot of money on your new car investment than it is to save a little time on your new car delivery!

Moreover, we are receiving our fair share of cars from the Chevrolet factory, which is out-producing all other makers—we are filling orders at the low delivered prices, day after day and week after week—we are doing our level best to get cars to you and to all who have ordered them—and so, even though the demand still exceeds the supply, you may not have to wait so very long for your car, after all.

That's why we say—pay only the low delivered price, and enjoy the full benefits of BIG-CAR QUALITY AT LOWEST COST. And—yes—we'll get in touch with you the very moment your new Chevrolet is ready for delivery!

The smell of fresh paint and wet plaster is very evident in the Northville schools these days. This is part of an extensive cleaning program to get the buildings in readiness for the opening of school in September.

About 7000 persons were in attendance at the gala opening of the Northville Downs trotting meet which began last Monday evening.

Governor Harry F. Kelly has declared August 14, V-J Day, as a state holiday. Northville will observe the anniversary beginning at one o'clock that afternoon with the formal dedication of the American Legion Hall.

A second home canning ration stamp, good for five pounds of sugar, became valid July 1 and is good until October 31.

Wednesday noon at the joint luncheon of the Rotary and Exchange Clubs, John Blyton, prominent merchant of Plymouth, brought a most vivid and interesting story of England as he saw it in January of 1945.

FIVE YEARS AGO:

Representatives of the nine schools, Northville included, affiliated with the Southwestern Oakland County League met recently at Walled Lake to discuss plans for a continuance of the inter-school athletic program for the coming year. Although continuance of the league schedules

for football and basketball will depend primarily upon transportation, it was decided to plan for the regular season in all major competitive sports.

Word has been received here that 2nd Lieut. Robert Bray of the United States Army Air Corps is stationed in China.

Forrest L. Doren, president of the Ford Local 886 and member of the National Negotiating committee, UAW-CIO, left Sunday for Washington, D.C. Mr. Doren represents the 15 Ford Dealer plant located in the Willow Run Bomber plant in contract negotiations now being heard by the War Labor Board.

A cablegram received here Saturday gave confirmation to Lester Ellis' arrival in India with the convoy. He is in the Air Corps.

The Northville Wayne County Fair (which had its beginning 26 years ago when World War I was an international conflict, ultimately involving the principal nations of the world) will have a war theme again this year, placing emphasis on Civilian Defense and Red Cross activities in the Northville-Plymouth area during the exposition Aug. 19-23.

TEN YEARS AGO:

Silverhoards, the handsome horse that took so many honors at the Fair Horse Show last summer, again carried Kathryn Marburger to first place honors Sunday in the good hands class at Arrowhead Farms where the third annual gymkhana and horse show was held.

Merrill S. Sweet, former village councilman, was named Monday to head the Lloyd H. Green post of the Legion for the year.

Approximately half of the 400 Ford factory workers at the local plant will receive 7 per cent returns on their investment plan savings when the semi-annual payments are made Tuesday.

The smallest assembly of school district taxpayers since years back, met Monday in the high school to reelect Dr. J. H. Todd to his trustee post on the Northville board of education.

FIFTEEN YEARS AGO:

With the successful signing of 25 per cent of deposits in both the LaCham and Northville State Savings banks under the state moratorium plan, arrangements are now under way for the new bank in Northville.

WEDDING CONGRATULATIONS TO

July 18—Mr. and Mrs. Linwood Ruttan.

EASY PEELING

To make an orange easier to lunch-box-toting youngsters to eat, this is what home economists suggest: Score from end to end in about eight sections, cutting through skin only. Pull back rind about half an inch, then wrap the whole orange in waxed paper.

ROY WONDERS

Kit Carson was a dead shot with a rifle at eight. James Telford eminent New York merchant, earned his first dollar in a business deal at ten. John Paul Jones was a sailor at thirteen. McCormick invented the reaper at twenty-three. Benjamin Franklin wrote Poor Richard's Almanac at twenty-six. Thomas Jefferson drafted the Declaration of Independence at thirty-three.

ALMANAC

The world is a wheel, and it rolls all come round right.

Rounds Brushes
Don't use a good paint brush endwise in pinch-tight corners, recesses, and the like. This practice rounds out the corners and also causes the brush to "finger," making it useless for cutting in sharp lines.

Stop Highway Killings!

Make This Community Safe!

School Children—Boys and Girls—School is out. With vacation here again your responsibility is as great as that of Adults and Auto Drivers. Cyclists too must obey the rules of the road by observing stop signs, lights and crossings. Riders must sit on regular seat of their vehicles and never carry anyone unless there is an extra firmly attached seat. Carry no one on handle bars or cross bar. Carry no bundles that prevent the use of both hands on handle bars. Never hitch rides on passing cars. Check carefully your brakes, loose handle bars, loose seats, wheels, etc. Have a good front light and rear reflector and warning bell. You must obey these rules.

With the coming of summer, school vacations and increased tourist traveling, the danger of auto accidents goes up sharply. Worn out tires are the cause of many serious accidents. Poor brakes and defective steering mechanism are especially dangerous with the increasing number of old cars still in use; it is important to keep them in good repair. Have them checked regularly. No driver wants his car to be the cause of taking a life. Observe all traffic rules and have your car under control at all times to prevent running down a pedestrian. Parents, help the motorist to avoid casualties by keeping your children from playing in the streets.

Christian Science Churches
"Life" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, July 20.

The Golden Text (Psalms 16:3, 11) is: "The Lord is the portion of mine inheritance and of my cup: thou maintainest my lot; Thou wilt shew me the path of life."

Among the Bible citations is this passage, (Psalms 36:7, 9): "How excellent is thy loving-kindness, O God! before the children of men put their trust under the shadow of thy wings. For with thee is the fountain of life: in thy light shall we see light."

While many are away on vacation we still have a goodly number in Church School and we invite you to meet with us for the study in the Book of Daniel. Here is a strange book and yet one that throws light into the future, for it has a message for our day. Join one of the Adult classes and see if you do not enjoy the time spent together.

The Minister will bring a message at the 11:00 hour in the Presbyterian Church on "The Meaning of the Cross." If you have not yet attended these Union services you have missed a fine spirit of worship and fellowship. Plan to be with us these next two Sundays, maybe you can bring the friends that come to visit you.

IN MEMORIAM
In loving memory of our dear daughter, Evelyn Kinnel Huyc. Not a day do we forget you. In our hearts you are always near. Who loved you sadly miss you As it ends the second year.

Sadly missed by her Mother

and Father, Sisters and Brother.

CARD OF THANKS
We wish to thank the pail bearers, neighbors, Rev. William Hughes and the Casterline Funeral Home for the flowers and remembrance at the time of our recent bereavement.

Mr. and Mrs. Frank Olm

IN MEMORIAM
In loving memory of our mother, Eliza Thompson, who died July 22, 1946.

They say time heals all sorrow and helps us to forget.

And time so far has only proved how much we miss you yet.

Sadly missed by her children.

Meadowbrook's Party for Chick Harbert Successful Event

Meadowbrook Country Club's party honoring Chick Harbert last Saturday evening, July 12, was a thoroughly successful gathering.

A large number of members and their friends dined and danced during the evening. Hugh Rader, Meadowbrook's president, presided at the dinner which was a testimonial to the guest of honor for his performance in the recent P.G.A. tournament.

Mayor Edward J. Jeffries of Detroit served as master of ceremonies at the head table in the ballroom where Mr. and Mrs. Harbert were seated. The table was centered with a decorative block of ice lighted from beneath, in which imbedded red roses spelled the name, "Chick Harbert." The table was also ornamented with rambler roses.

Mrs. Jeffries accompanied the mayor, and also present were Hugh Rader, Jr., of Detroit chairman of this special party, and both the senior and junior Misses Rader.

Smaller tables in the ballroom and on the spacious terrace were decked with summer flowers. There were brief speeches of congratulation, entertainment and dancing which took place on the outdoor dance floor, with its ceiling of vari-hued balloons and colored lights.

Before starting the party, Mr. and Mrs. William B. Walker, Jr., entertained at cocktails in their home on West Eight Mile Road. Guests were Mr. and Mrs. George W. McIntire and Mr. and Mrs. S. G. Lutz, Mr. and Mrs. Paul M. Beard, Mr. and Mrs. Dorothy Brinker and Mrs. Ida Cunningham.

Other couples attending the event from Northville were Mr. and Mrs. Carl J. Jolly, in a party of four; Mr. and Mrs. Walter L. Giese, in a party of four; and Mr. and Mrs. James C. Montgomery.

HAD BIRTHDAY PARTY

Judy Zayt, celebrated her third birthday Sunday afternoon with a lawn party at her home on Garfield Road.

The youngster, accompanied by their mother, played games on the lawn and were served refreshments. Judy's mother, Mrs. Benny Zayt, who was assisted by Mrs. Robert Parmenter, also of Garfield Road.

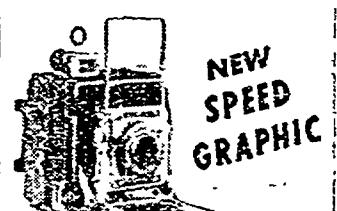

Children who attended the party included Pamela Parmenter, Mary Cee, Pat v. Shepard, Helene Koenig, of Plymouth, Rocky and Monroe Elm of Farmington, Harry Pelgar of Farmington, and Michael Zayt, Dick Nagy and David VanHellemon of Northville.

GIVE SHOWER

Mrs. Wanita Gaab and Mrs. Carolyn Raye were co-hostesses at a shower Wednesday evening at the latter lady's home on Grace Avenue honoring Mrs. Keith Nixon (Aletta Johnson). About twenty-five ladies were present from Northville, Plymouth, Detroit, and Salem.

SINGING IN A SHOWER CAP . . . Ordinary, raucous-voiced males who take a certain amount of pride in the mellow tones they can produce in a shower will be considerably set up to learn that Lauritz Melchior, popular Danish opera star, also has leanings in that direction. At least, he put on his wife's shower cap to rehearse the score of one of the songs he sang in his first concert as an American citizen.

ELEANOR EXPRESSES HER OPINION . . . Members of the press clustered around Mrs. Eleanor Roosevelt for a news conference before she addressed 2,500 delegates to the 56th annual convention of the General Federation of Women's Clubs in New York. Mrs. Roosevelt confided to reporters that the Taft-Hartley labor act "will undoubtedly create disunity in the country instead of unity—and women are vitally concerned."

CELEBRATES EIGHTEENTH BIRTHDAY

Caroline Gaffey of Novi celebrated her eighteenth birthday in many different ways and places. On Friday evening, Mrs. and Mrs. Chas. Tracy, Jr., Alice and Dorothy Knobell gave a surprise party at Tracy's Treat in Novi. A large birthday cake and ice cream was served and Caroline received many greetings.

Saturday, Caroline, Alice and Dorothy enjoyed dinner at Hutch's Inn at Five Points Sunday, Caroline was the guest of honor at a chicken dinner at the home of Mrs. Wm. Kudlton on Grand River.

TAKE TRIP

Miss Ruth M. Knapp and Miss Olga Nelson of the staff of the local school system will leave Detroit, Friday evening by train for Miami, Florida via St. Augustine where they will spend some time vacationing.

On July 22, they will join a party of twenty-five people to visit the West Indies, arriving there via the Pan American Clipper. They expect to tour Cuba, Haiti, Puerto Rico, and the Dominican Republic until August 5th. This trip is being conducted by the Division of Travel Service, National Education Association with Professor S. P. Carden of the University of Maryland acting as the guide.

GUEST FROM FLORIDA

Kurt David Ely of Dania, Fla., is spending the summer months with his grandparents, Mr. and Mrs. W. A. Parmenter, of East Base Line Road. Kurt made the trip by Eastern Airline from Miami to Willow Run in seven hours.

Tuesday being Kurt's thirteenth birthday, Mrs. Parmenter entertained him by taking him to the Detroit Zoo. In the evening a picnic supper was enjoyed at Walled Lake. Kurt's guests included Bruce and Sally Wagnerschut and Florence Farrell.

LOCAL NEWS

Mr. and Mrs. Elmer Smith of South Rogers street are spending a few days at Traverse City.

Mr. and Mrs. Edw. Flaherty are vacationing at St. Joseph's Island.

Mr. and Mrs. C. O. Hammond of N. Center street and Mrs. Fred Foss were Sunday visitors at Ann Arbor.

The engagement announcement of Mary Visnyak to Harry Jackson which appeared in last week's Record was an error.

Donna Shirkhoff, an employee of the Stewart Drug Store, is on a week's vacation. She is visiting friends in the northern part of Michigan.

Mrs. Archie Johnson and daughter Patricia of East Main Street are vacationing.

Stillwell-Williams Vows Pledged in Indiana, July 11

Betty Sulwell, daughter of Mrs. Sarah Sulwell of North Center street and Howard Williams, son of Mrs. Ada Williams of Plymouth, were quietly married last Friday, July 11, in Angola, Indiana. Rev. A. A. Turner performed the single ring service.

Mr. and Mrs. Erie Keebler of Ann Arbor attended the young couple.

Betty attended Northville High School and graduated with the class of '41. She was employed at the Detroit Community Fund Bldg.

Mr. Williams was formerly a member of the local police force. He is now employed by the production department of the Kaiser-Frazer plant. The newlyweds will make their home in Plymouth.

Mrs. Mary Doggett of Plymouth is working in the local Bell Telephone office while Virginia Hansen is on vacation. Virginia is spending her three weeks vacation in the West, stopping in Seattle, Washington for about a week.

Uncle Sam Says

Take a look at this U. S. Savings Bond, friend. You don't have to be a seventh son of a seventh son to see your future. If travel is your desire some day, or you hope to see your boy or girl in college, or you dream of owning a farm, this bond can help to make these dreams come true. Bonds accumulate fast than you imagine when you save regularly through the payroll savings plan where you work. Every \$19.75 you put away in United States Savings Bonds grows to \$25 in ten years.

There's a FACTORY on your Back Forty

LAST YEAR'S FARM PRODUCTION proved that the farm, however large or small, is more than a farm. It is a factory too—a factory for producing food. During the last full year of the war, the American farmer produced 1/3 more crops with 10% less manpower.

How? By using factory methods. By letting electrical power and electric equipment do the heavy, time-taking farm chores.

Production costs of your farm factory are reduced in direct proportion to increased output. Exactly as production costs are lowered in the city factory.

Our Farm Service Advisor will be glad to give you helpful advice on how electricity can step up production and put more dollars in your pocket. Just call your nearest Edison office and ask for the

Farm Service Advisor. He is trained and ready to help you make that new factory on your old "Back Forty" produce more for less.

- There are more than 200 farm jobs that electricity will do. In the farm yard and in the farm home—electricity does these jobs faster, better and for less money than doing them any other way. In water pumping, feed grinding, gutter cleaning, poultry brooding, milking, grain and hay finishing and hundreds of other jobs electricity is the dependable low cost way to increased profits.

Speed Defrosting
To speed up the defrosting of your refrigerator, empty the ice trays and fill with hot water. Put the trays back in the evaporator, turn the control knob to "off" and close the refrigerator door. In about 15 minutes the ice will melt off and the unit is ready to reset for freezing.

Safety Education Pays
The only age group to show a decrease in accidental deaths in 1946 was the 5-to-14-year-olds, which fell 8 per cent, according to the National Safety Council. Safety experts attributed the decrease to the effectiveness of safety education in the school age group, and the safety program launched by the President's Highway Safety conference.

HE WAS RIGHT . . . Jack Ladinski, food corporation head, went all the way in court to prove that his sauerkraut had been mishandled on railroad and that it had not fermented and exploded by itself.

Sigler Proclaims Week of July 20-26 Farm Safety Week

In proclaiming the week of July 20 to 26 as Farm Safety Week in Michigan, Governor Kim Sigler joined with President Harry S. Truman in calling upon citizens to cooperate in cutting the number of farm accidents in Michigan and the Nation.

"More than one hundred seventy farm people were killed accidentally last year on the farm. Many hundreds more were seriously injured and endured much suffering and economic loss," the Governor's proclamation pointed out. "Two million dollars worth of farm property is destroyed annually by fire."

The majority of these accidents and fires, with the accompanying toll of life and property, could be prevented by caution and an intelligent effort on the part of each farm family in Michigan.

Therefore, I, Kim Sigler, Governor of Michigan, do hereby proclaim the week of July 20-26 as "Farm Safety Week" in Michigan, to call attention to this preventable accident toll and request all persons and organizations concerned with agriculture and farm life to cooperate in the observance of Farm Safety Week, to the end that safety hazards may be removed from farms."

President Truman, in his proclamation, urged farm people everywhere to set aside a specific time during National Farm Safety Week for family discussions of methods for the prevention of accidents, in order that the producers of the Nation's food may live and work with greater safety.

Herds and Flocks For Greater Profit

Bigest single labor saver for poultrymen is water piped to all buildings and to the range. Use automatic fountains at drinking fountains to control water flow. Sketch shows an automatic waterer made of an old drum mounted on skids, suitable for use on range.

Livestock sanitary commode design.

Pigs can be castrated any time after they are a week old. They do not suffer as much of a setback when young as they do at 50 pounds or heavier.

plants are able to synthesize much more than just fuel. Because of the natural fertility left in the soil, fields grown here contain body building protein and vitamins.

Neglect to put fertility such as barnyard manure, green manure, lime, and other fertilizers back to soil to balance crop requirements causes erosion these soils to yield only 10% crop. These fields will be certain body building protein and vitamins.

The digestibility of our soils is a factor in the health of our soils, of our plants and ourselves.

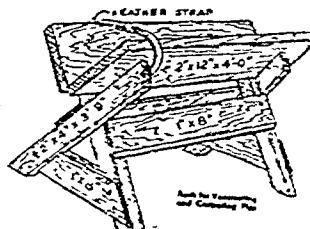

Insoluble Grit Aids Chicken's Digestion

Some insoluble grit, usually presented in river gravel, will be eaten or ignored if it is available. It assists the gizzard in grinding grain and coarse feeds that might cause irritation of the digestive tract. Since grain and feed can be digested satisfactorily without grit being available, oyster shell and limestone rock particles sometimes are used as grit but the digestive juices break these down rapidly and thus make an excess of calcium available. Grit commonly is kept before hens at all times, although some producers prefer to feed it at intervals of 10 days to two weeks.

Rid Worms in Sheep With Phenothiazine

To control stomach and other roundworms of sheep, treat each animal individually with phenothiazine just ahead of the pasture season and keep phenothiazine-salt mixture in a covered trough before sheep go pasture.

Put a fence of corrugated paper (about 12 inches high) around the

chick brooder to keep chicks from straying away and getting chilled. Move it back a little each day or so to give more room. Use it until chicks start jumping over.

To save time and hard work castrating and vaccinating pigs, make a race like the one shown. Put the pig on its back in the V-shaped trough and, if you have no helper, use a strap to hold it.

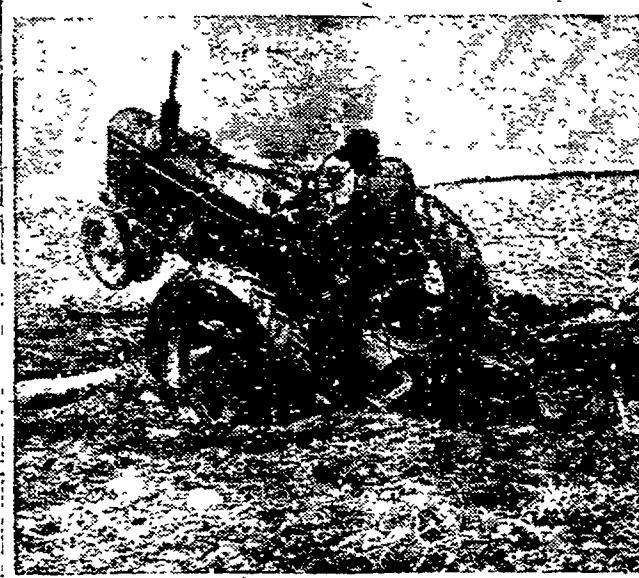

Dipping sheep should wait until after shearing cuts have healed.

Erosion Danger Present In Nearly Every Month

The erosion hazard not only is with us always, but also it comes at any season, almost every month of the year. It is so serious that soil losses of 10 tons or more to the acre in a single month are not at all uncommon. Highest soil loss experienced for a single month in Mississippi was 62,376 pounds per acre. The loss must be combated by terracing, ground cover and conservation.

were furnished by some of the parents. Then the boys witnessed the selection of boys into the Red Arrow council which is an Indian Lure ceremony. Buddy Porter was N-1's selection.

Saturday afternoon, the boys broke camp and arrived home late that afternoon.

In general the boys gave a very good account of themselves. Many tests were passed and several of the boys earned their first merit badges. Much more could have been accomplished had the boys had continuous leadership. Senior patrol leader Bud Consfield did an excellent job as did also patrol leaders Chuck Dickinson and Dick Gundersen.

Helping also to make the trip a success were Dr. Atchison and his staff, Charles Schoultz, Wilson Funk, Louie Babbitt, Kay Stephens, and the parents who provided transportation and food for the winter road. The boys were really a swell bunch to work with!
