

Premiere of "It's Your Team" Will Be Shown Next Week In Northville

Annual Meeting of Woman's Club This Friday

Woman's Club will hold their annual meeting today, Friday, at 1:00 at the library. It will be a "luncheon" with a special program planned by Mrs. Harper Britton and Mrs. Robert Coolman. A one act play "Low Bridge" will be presented. This is a comedy farce, a satire of a bridge game. Mrs. Alfred Lee, Mrs. Robert Jones, Mrs. Orlow Owen and Mrs. Harold Elinor will act in the production. As this is the annual meeting, yearly reports will be read.

Next week, Northville people will be given the opportunity of seeing the premier showing of "It's Your Team" the movie depicting community activities in Northville taken last year by the Ford Motor Company. Nearly everyone in town will want to see this splendid movie in color showing Northville in its everyday recreational and civic activities. So that every one may have an opportunity to see this film, showings have been arranged in the community at several places and at varying times.

Tuesday, the film will be shown at Rotary at noon. At the school in the afternoon, and at the Legion Building Tuesday evening at 8:30. Wednesday the film will be shown at the Exchange Club, at noon, at the South Lyon School in the afternoon, and at the South Lyon Ford Garage in the evening.

It will be remembered that the Ford Company sought a typical community for the setting of their Junior Base Ball picture. After eliminating several hundred towns, Northville was chosen, after George Locke and Dick Allan took it upon themselves to point out the real possibilities of the village. The pictures were taken all in or about Northville, and practically all the people shown in the picture are Northville people.

Northville has been honored in being chosen for the scene of this picture that will see nationwide distribution, and also as the town for the premiere showing of this great film.

G. M. Official To Be Speaker Here

The speaker at the March 24 Meeting of the Northville Exchange Club will be Robert L. McWilliams. Mr. McWilliams will outline the manner in which the Engineering Departments function in General Motors Corporation. The wide range of products made by General Motors Divisions and the Corporation's policy of decentralized operation has made the engineering function and resources play an important part in its progress.

Mrs. McWilliams started with General Motors at the Chevrolet Plant in Toledo. In 1935 he was transferred to Saginaw, Michigan. There he worked at the Chevrolet Grey Iron Foundry and attended General Motors Institute in Flint on alternate months. After graduating in 1940, he was transferred to Chevrolet Central Office. In 1941, shortly before Pearl Harbor attack he joined the Engineering Staff of the General Motors Corporation and is presently on the Staff of Mr. J. M. Crawford, Vice President in charge of Engineering.

In civic affairs Mr. McWilliams has been active in the Detroit Junior Board of Commerce and is now President of that Organization.

Harbert Winner At Jacksonville

It was a case of splash for cash as slick Chick Harbert, Golf Pro at Meadowbrook Country Club, finally came up with his first tournament victory of the winter golf season at Jacksonville, Fla. The chubby Detroit found the course rain soaked and studded with puddles Sunday, but he concentrated on his drives for an even par 72. That was good enough to give him a 284 for the four rounds and top money in the \$10,000 Jacksonville Open.

The victory was by one stroke. Right behind Harbert with 285 were Skip Alexander, of Southern Pines, N. C. and Vic Ghezzi, of Kansas City. Alexander had a one-over, 75 Sunday, and Ghezzi a 71.

Harbert collected \$2,000, while Alexander and Ghezzi split \$2,400—refreshing and second and third money.

Harbert didn't get into the winter swing until the New Orleans Open last month—Detroit News.

Sheriff Henry Bohrendt and Under-Sheriff Caldwell were speakers at Rotary Tuesday. The Sheriff told of the organizational functioning of the department in out-county Wayne and the work of the Road Patrol. He told of the size of the county jail and the daily population of about 500 persons and the job of feeding the inmates.

Under-Sheriff Caldwell told of the organization of the Juvenile Division and the work it was doing with the boys and girls. He explained the organization of Junior Sheriff clubs in the schools and communities and of the real assistance offered by these boys and girls not only to the department but also to the community and school. The speakers were introduced by Rev. E. E. Rossow.

96% of Township Taxes Paid Here

Roy M. Terrill, treasurer of Northville Township, reports that 95.83% of the township taxes have been paid. Last year 96.3% were paid but in this regard the levy this year was approximately \$9000 more than that amount spread last year.

This year's total roll was \$98,432.62, which consisted of Real Estate collections of \$75,175.37; Personal collections of \$18,957.50, totaling \$94,132.87. Delinquent Real Estate outstanding, \$4,229.36 and Personal, \$70.39, totaling \$4,299.75.

This makes a total collection of \$94,132.87 and \$4,299.75 returned delinquent taxes of the total budget of \$98,432.62.

Over 100 Attend Square Dances

The Community Old Time Dance, held at the Presbyterian Church House last Thursday, attracted almost one hundred square dance enthusiasts. This was the largest crowd of the season.

Mrs. Robert Parmenter sang a few numbers which added greatly to the enjoyment of the evening.

The next dance will be held April 1st and will benefit the Northville Boy Scout summer activities. This is a worthy cause for the community and an even larger attendance is expected.

The dances are sponsored by the Presbyterian Men's Club.

The P.T.A. pre-school group is temporarily discontinuing their meetings until April 5, to prevent the spreading of the communicable diseases going around among the younger children.

Recreation Dances Are Well Attended

The Square Dance parties held Saturday afternoon and evening sponsored by the Northville Recreation Association were very well attended. The afternoon session of the grade school group had seven sets, fifty six youngsters, to enjoy learning the various square dance routines. Mr. and Mrs. George Weiss and Mr. and Mrs. Ed. Welch were afternoon instructors. The George Weiss also taught the evening group which was made up mostly of Junior and Senior High School students.

These dances will be held every Saturday for four more weeks, ending in a grand finale Square Dance which will be held April 17th at the High School gym from 8:30 to 11:30. The dance is open to the public and there will be no charge. The Rolling Hit Bills will be there to provide music with Carmichael Junior calling.

Church Records Placed in Vault

Four volumes of records dating from 1829 to 1903 have been placed on deposit at the Michigan Historical Collection at the U. of M. Ann Arbor by the Elders of The First Presbyterian Church, Northville. These records are available to anyone for a serious study of history, but are kept in safe keeping. The collection is housed in the fire-proof rooms of The Rackham Building.

Eight years ago the late Charles Dubuar added to the collection the writings, sermons and records of his father, the Rev. James Dubuar, who served the local church from 1851-1875. These records take their place along side of the library of the Rev. John Monteith, who helped organize the local church and was Pastor of the First Presbyterian Church of Detroit and the first President of the University of Michigan in 1817.

A history of the local Church is being prepared by the present Pastor, Rev. Harold F. Fredsell, who is working on his Doctor's degree at the University of Michigan in the Department of History. The local church will celebrate in the Spring the 100th anniversary of the building of the present sanctuary.

In 1846 ground was broken for the red brick church, now the oldest public building in the Community. At a cost of \$3,000.00 the church was dedicated in the spring of 1848. Since then the two transcripts (wings) have been added and the balcony installed in 1822. The original Church was built in 1835 at a cost of \$330.00 on Cary Street, now the home of C. A. McCullough.

The Record received several calls last Monday asking whether the Michigan Bell Telephone Company were on strike. Each caller spoke of an "operator" taking calls. An investigation disclosed that these gentlemen were taking switchboard calls to familiarize themselves with the work since each was taking on a telephone job that required that information.

A large group of Girl Scouts and Brownies attended the 11 o'clock service of the Presbyterian Church last Sunday in tribute to the 36th birthday of Girl Scouting in America.

Ed. Lanning Wins Fifty Dollar College Award

Edward Putnam Lanning, 17, a senior at Northville High School, today was informed that he had been chosen from among 46,112 high school students to win a Pepsi-Cola College Entrance Award. Edward was one of 15 top-ranking students in Michigan who were finalists for the 121 Four-Year College Scholarships being offered by the Pepsi-Cola Scholarship Board this year, and as a runner-up he will receive \$50 when he enters college in the fall.

The announcement that Edward had won an award in this \$330,000 nation-wide scholarship competition was sent to C. E. Pierce, principal of Northville High, by John M. Stalnaker, director of the Pepsi-Cola Scholarship Board. Principal Pierce said that Edward was one of 575 students in the United States to receive the College Entrance Award and that he had participated in the competition with 1,727 other Michigan students from 344 public, private, and parochial schools. Northville's winner is the son of Mrs. Floyd R. Lanning of 214 North Wing Street. He has maintained an exceptional high scholastic record during his school years, particularly in chemistry and physics. He is a member of both the Spanish and Latin clubs. He sings in school and church choirs and plays baritone horn in the band. He is a member of the local chess club, the golf team, and collects coins for a hobby.

WHAT THE TAFT-HARTLEY LAW MEANS TO AMERICA'S WORKERS: The Act has brought greater peace and more production, hence it is better for all.

Some labor leaders have called this new law a "slave-labor law." Let's look at some of the rights the law gives: (1) The laborer can decide, without fear of labor organizers or employers, whether or not to join or start a union.

(2) It allows them to choose the kind of union they want, whether independent or a part of a national union. (3) It allows a man or woman to get a job without paying anything to a union organizer or business agent. (4) It provides for a secret ballot or vote whether all the workers in a plant become union members.

(5) It provides the right to speak in union meetings without fear of losing their jobs. (6) It gives the right, by a majority vote, to change officers the same as government representatives can be replaced by a majority vote. (7) Complaints can be made direct to foreman, which eliminates favoritism. (8) It provides that union dues and fees be used only for the benefit of its members. (9) It provides protection from unfair practices of the boss. Even the head men of the national unions have said this is so. These facts have been established by the L. M. Research & Publishing Co., after a thorough study of the Act and its workings.

The immediate effects of this Act on the shipping industry have been beneficial. During the full year of 1947, about 100,000 man days of idleness are estimated to have been caused by strikes as compared to 5,240,000 man days in the disastrous year of 1946.

HIDDEN FOREIGN ASSETS IN THE UNITED STATES: Prentice-Hall, Inc., of New York, reports that for many years, well-to-do citizens of foreign countries

have concealed some of their assets in the United States, in cash, securities, or trusts. When the war broke out, such assets were frozen to prevent possible enemy use. These funds can be released now by certifying that the person receiving them does not represent any former enemy ownership. However, the alien must secure a certificate from his government. In other words, the foreign owner must disclose his ownership.

This may prove embarrassing if such owner has in the past failed to disclose his ownership in an effort to evade the payment of taxes. Some countries require their citizens to exchange dollar assets for their own currency, frequently overvalued. But now the pressure is being put on any foreign assets not claimed by June 1, 1948, will be taken over by the Alien Property Custodian. Faced with a possibility of total loss, citizens of countries in the Marshall Plan are expected to come forward with belated admission that they own at least one billion dollars in hidden U. S. dollar assets.

ISLAND RESEARCH CENTER—CATTLE DISEASE: Within the last few days, a bill (H.R. 5098) has reached the House of Representatives to secure the establishment of a research center on an island to seek an effective vaccine against foot-and-mouth disease. It is estimated that the project would cost more

than \$15 million. The author of the bill, Representative Gilio (R-Ind.), said two or three such coast islands were being considered for the project. A similar bill has been approved by the Senate. At the present time affected cattle are coming across the Mexican border, which complicates the efforts in the United States to rid its herds of this disease. It is also brought in by streams along our borders. The measure provides for the study of other cattle diseases as well.

REPAYMENT OF FOREIGN DEBTS: Norway settled its \$47 million lend-lease account with the U. S. and will pay \$5.9 million

in Norwegian currency and real estate. According to Senator Knowland (R-Calif.), the U. S. shipped \$149 million worth of goods to Russia last year, including large amounts of industrial equipment and machine tools. In return, we received only \$17 million worth of chrome and manganese, plus other imports consisting mainly of furs. "Millions of dollars worth" of surplus iron and steel, which could be shipped to U. S., were found in Western Germany by Government missions.

THE RED CROSS is the hope of millions

When flood, fire or tornado ravages the land the Red Cross stands ready to soothe the scars and ease the pangs of suffering. You remember the Wartime Blood program of the Red Cross. Many still live today only because of it.

Veterans successfully face many critical problems thanks to Red Cross Aid; the misery of the ailing is soothed, and accident emergencies are met because the Red Cross prepared the way.

Give to help your Red Cross. Your Red Cross needs your help to carry on this vital, humanitarian work. Your contributions will help thousands of our fellow-Americans—many of them in our community.

Twin Fathers at Northville Ford Plant

TWIN FATHERS congratulate each other at Northville as Bert Wilson, left, congratulates Joe on the birth of his daughter, Sue Carol, while Joe returns the compliment on the birth of Bert's son, Gerald Davis Wilson.

When they read this, folks at the Northville plant who work with the Wilson twins will know they're not reading the same thing twice, although there have been times when they looked over on the valve radius machines and thought they were seeing double.

Bert and Joe Wilson came into this world as twin babies, went through childhood as twin brothers and now they're twin fathers.

Kentucky born, the boys were separated by the war, Bert serving in the South Pacific and Joe in Germany. Upon being discharged they came to Northville where they hired in at the valve plant in February 1948.

In March, 1947, the twins were married in a double ceremony at South Lyon. Recently came the event which made them twin fathers. Bert's wife, Virginia, presented him with a nine pound boy January 30, at Mt. Carmel hospital, Detroit. Twelve hours later, Joe's wife, Helene, presented him with a six pound, eight ounce girl at the same hospital.

He occupied the front residence on the Bohlinger property, Mayfield avenue, has moved to another location.

Mrs. Eric Anderson recently visited in the Veterans' Hospital, Dearborn, and called upon a former pupil, Glenn Vance, who is a patient in the institution.

Edward Stromski, former West Point Park resident who was reported last week in a critical condition in Wayne Clinic, has been taken slightly improved to his home in Wayne.

Mrs. Neal Wyman, her son, Robert and sister, Janet Schult visited relatives near Orion Friday.

The Edwin Johnsons of Clarita Ave. spent Sunday with relatives in Lansing.

Mr. Kellogg, principal of Pierson School, is reported bringing his wife and children from Battle Creek and shortly taking up residence in the house at the front of the Bohlinger property on Mayfield avenue.

Mr. and Mrs. Raymond Ackerson and their three children of Detroit, were all dinner guests Sunday of Mr. and Mrs. James Simpson in their new home on Mayfield avenue.

The community is deeply grieved because of the tragic death of Harry Boyce in the automobile accident at Schoolcraft and Farmington Roads Friday evening. As "Buddy Boyce" he was a very popular news carrier in a certain part of West Point Park several years ago.

James Fletcher of Onus Ave. who had his lungs punctured in Friday night's automobile accident in which six other young men were killed or injured, is reported holding his own at Wayne County General Hospital. He is the veteran who sold ice cream on some of our streets during the last two summers.

Mrs. E. W. Stange, who has been on the sick list so much of this last winter, has now been unable to leave her home for more than a week. Her son, Edward, an asthma victim, is doing very well.

Walter Dixon of Bretton Road returned last Monday night from Vincennes, Ind., where his mother had been seized with a paralytic stroke. Mrs. Dixon was much improved when her son left for home.

Allan Bosworth, Farmington Road, who was quite seriously ill a few weeks back, is now able to be out taking short walks.

At a friendly little gathering of the Sunshine Sisters held at the home of Mrs. Arthur Muir last Wednesday afternoon, a sunshine yellow suit was presented Robert Neal Wyman, new little son of Mrs. Marietta Schult Wyman. Otherwise the usual program was carried out, including a devotional period and contributions of well-chosen verse read by Eva Willet, Louverna Magner, Mildred Schult, Bessie Muir, Hannah Ault and Freda Ault. Attention to a large number of sick in the neighborhood were reported for the preceding two weeks.

During the social hour birthday congratulations were tendered Hannah Ault.

The Easter meeting of the Sunshine Sisters will be held in the Neighborhood Church on

Wednesday afternoon, March 24th.

The official board of the Livonia Methodist Church held an important business meeting Sunday afternoon. This church hopes to meet in its new building by the time, warm weather arrives. One thing greatly anticipated is the placing of a bell, said to weigh 1000 lbs.

A group of local young men went down to Wayne County General Hospital during the weekend and became blood donors. This is the hospital to which were taken the boys injured in the Farmington and Schoolcraft Roads auto crash Friday evening.

Mr. and Mrs. Edwin Hardy and baby daughter of Norwayne, called on Mr. Hardy's mother, Mrs. Walter Rehahn, Sunday afternoon.

By the aid of one of their leaders, Girl Scouts of the community have contacted a needy European family and are preparing a package of clothing to be sent overseas to the address secured.

I'm the symbol of good electric service... your servant that runs everything electrical.

I move silently in my rubber shoes. I move swiftly too, at the speed of 186 thousand miles per second... I'm the fastest thing on earth.

I'm your economical and willing servant who works long hours at low wages. Whenever you want me I'll be waiting in your nearest REDDY BOX, electric outlet. Remember, just... "PLUG IN, I'M REDDY".

Twin Fathers at Northville Ford Plant

—Courtesy Ford News.

TWIN FATHERS congratulate each other at Northville as Bert Wilson, left, congratulates Joe on the birth of his daughter, Sue Carol, while Joe returns the compliment on the birth of Bert's son, Gerald Davis Wilson.

When they read this, folks at the Northville plant who work with the Wilson twins will know they're not reading the same thing twice, although there have been times when they looked over on the valve radius machines and thought they were seeing double.

Bert and Joe Wilson came into this world as twin babies, went through childhood as twin brothers and now they're twin fathers.

Kentucky born, the boys were separated by the war; Bert serving in the South Pacific and Joe in Germany. Upon being discharged they came to Northville where they hired in at the valve plant in February 1946.

In March, 1947, the twins were married in a double ceremony at South Lyon. Recently came the event which made them twin fathers. Bert's wife, Virginia, presented him with a nine pound boy January 30, at Mt. Carmel hospital, Detroit. Twelve hours later, Joe's wife, Helene, presented him with a six pound, eight ounce girl at the same hospital.

stituted for him has taken up work in Wyandotte.

Mrs. McGinnis, who for a year

has occupied the front residence on the Bohlinger property, Mayfield avenue, has moved to another location.

Edward Stromoski, former West Point Park resident, who was reported last week in a critical condition in Wayne Clinic, has been taken slightly improved to his home in Wayne.

Mrs. Neal Wyman, her son, Robert, and sister, Janet Schult visited relatives near Orion Friday.

The Edwin Johnsons of Clarita Ave. spent Sunday with relatives in Lansing.

Mr. Kellogg, principal of Pierson School, is reported bringing his wife and children from Battle Creek and shortly taking up residence in the house at the front of the Bohlinger property on Mayfield avenue.

Mr. and Mrs. Raymond Ackerson and their three children of Detroit, were all dinner guests Sunday of Mr. and Mrs. James Simpson in their new home on Mayfield avenue.

The community is deeply grieved because of the tragic death of Harry Boyce in the automobile accident at Schoolcraft and Farmington Roads Friday evening. As "Buddy Boyce" he was a very popular news carrier in a certain part of West Point Park several years ago.

James Fletcher of Omus Ave. who had his lungs punctured in Friday night's automobile accident in which six other young men were killed or injured, is reported holding his own at Wayne County General Hospital. He is the veteran who sold ice cream on some of our streets during the last two summers.

Mrs. E. W. Stange, who has been on the sick list so much of this last winter, has now been unable to leave her home for more than a week. Her son, Edward, an asthma victim, is doing very well.

Walter Dixon of Bretton Road returned last Monday night from Vincennes, Ind., where his mother had been seized with a paralytic stroke. Mrs. Dixon was much improved when her son left for home.

Otherwise the usual program was carried out, including a devotional period and contributions of well-chosen verse read by Eva Willet, Louvernia Magnier, Mildred Schult, Bessie Muir, Hannah Ault and Freda Ault. Attention to a large number of sick in the neighborhood were reported for the preceding two weeks. During the social hour birthday congratulations were tendered Hannah Ault.

Wednesday afternoon, March 24th.

A group of local young men went down to Wayne County General Hospital during the weekend and became blood donors. This is the hospital to which were taken the boys injured in the Farmington and Schoolcraft Roads auto crash Friday evening.

Mr. and Mrs. Edwin Hardy and baby daughter of Norwaryn, called on Mr. Hardy's mother, Mrs. Walter Rehahn, Sunday afternoon.

By the aid of one of their leaders, Girl Scouts of the community have contacted a needy European family and are preparing a package of clothing to be sent overseas to the address secured.

I'm REDDY KILOWATT

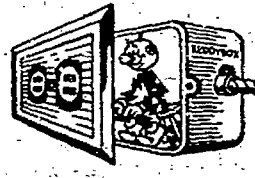

Your Electric Servant

You've never seen me before because I've always stayed inside the REDDY BOX—your electric outlet. Now I'm stepping out so that we can get better acquainted.

I'm the symbol of good electric service . . . your servant that runs everything electrical.

I'm not like anyone you've ever seen before. My body is made of lightning flashes—my nose a light bulb—my ears are outlets—and those two things sticking out of my head are wisps of curly hair. I move silently in my rubber shoes. I move swiftly too, at the speed of 186 thousand miles per second . . . I'm the fastest thing on earth.

I'm your economical and willing servant who works long hours at low wages. Whenever you want me I'll be waiting in your nearest REDDY BOX—electric outlet. Remember, just . . . "PLUG IN,—I'M REDDY".

PONTIAC

A FINE CAR MADE EVEN FINER

GM Hydra-Matic Drive

optional* on all models

A Product of General Motors

A greater car... and a greater value!

A year ago today, if you had asked the owner of a new Pontiac what could be done to improve it, he would very likely have told you—"Nothing at all, I like it just as it is."

That's why, for the thousands of people all over the country who have known Pontiac in the past, the 1948 Pontiac is the big news of the year. For here is a fine car made a great deal finer!

There is new beauty—beauty that starts with the re-styled "Silver Streak," and extends from the strikingly handsome grille to the refined exteriors and luxurious interiors of the smart Fisher bodies.

There is new dependability—for the sturdy Pontiac chassis has been improved wherever possible. And there is unbelievably fine performance—for not only have the great Pontiac engines been refined and improved—but Pontiac now offers, as optional* equipment, the sensational General Motors Hydra-Matic Drive.

With this miraculous mechanism, you just sit back and relax! There is no clutch pedal, and the gears shift themselves. The new Pontiac is now on display in our showrooms. There are fifteen beautiful models—each a great car and a great value.

*GM Hydra-Matic Drive, Bumper Guards and White Sidewall Tires optional at additional cost.

Christian Science Churches

"Matter" will be the subject of
the Lesson-Sermon in all Chris-

the world on Sunday, March 21.

"The Golden Text (1 John 2:15)
is: "Love not the world, neither
the things that are in the world.
If any man love the world, the
love of the Father is not in him."
Among the Bible citations is
this passage (Psalms 39:6):
"Surely every man walketh in a
vain show surely they are dis-
quieted in vain; he heapeth up
riches, and knoweth not who
shall gather them."

Correlative passages to be read
from the Christian Science text-
book, "Science and Health with
Key to the Scriptures by Mary
Baker Eddy, include the follow-
ing (p. 263): "When mortal man
blends his thoughts of existence
with the spiritual and works only
as God works, he will no longer
grope in the dark and cling to
earth because he has not tasted
heaven."

A railroad car is pulled up to a siding, piled high with wicker baskets, and boxes of belongings.

Village Proceedings

Regular meeting of Village Commission was held at Village Hall Monday evening, March 1st, 1948.

Present: Pres. Forrest Doren, Commissioners, Frid, Ely, Stubbenvoll, Locke and Schoutz.

Minutes of last regular meeting were read and approved.

There were present at the meeting Oscar Hammond, representing the American Legion, Mrs. Don Miller for the Blue Star Mothers; Mrs. Daisy Martin representing the Northville Garden Club; Mrs. Lena Hammond for the American Legion Auxiliary; and George Fisher representing the V.F.W., with a request that the Village of Northville erect a suitable plaque with the names of World War I and II veterans who gave their lives in the service of their country inscribed thereon. The Village Commission assured them that it was their intention to have an appropriate memorial placed in the corridor of the new Community Building which they are planning to build. Rural Tele-news

VOICEWAYS FOR '48: Michigan Bell expects to set 25,000 poles and string over 11,000 miles of wire in rural areas this year. This will help bring telephones to folks who are waiting and reduce the number of parties on many rural lines.

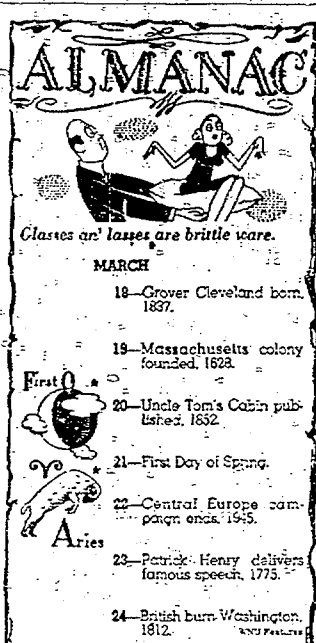

GOOD NEIGHBORS: Good rural-line neighborliness means better service for all. We're good-telephone neighbors when we keep calls short, remember not to interrupt others' talks, and hang up after each call. (One receiver off the hook ties up the line for everyone.)

BIG CITY: The number of telephones added in rural areas by Michigan Bell in the past two years would provide a telephone for every man, woman and child in a city the size of Battle Creek. There are now 125,000 telephones in rural areas served by Michigan Bell.

PRINCIPLE No. 4

To preserve the memories
and incidents of our association
in the Great Wars

— From the Preamble to the Constitution of The American Legion

Honorable, armed service to their country, in time of war, formed the basis for memorable incidents in which World War I and II veterans take just pride. In countless thousands of meetings every year members of the Legion are giving expression to this principle. If you are eligible—join. It's a privilege that can't be purchased.

IT IS HARDLY possible that we could ever forget them. Whether we served on foreign soil or remained in camp here at home, the incidents and memories of service life are very much a part of our living and thinking. The extent and variety of our war experience determine the richness of our present memories. Those who have seen patients in veterans' hospitals know the strength of this appeal. The memories and incidents of wartime are often the topic of conversation among those now hospitalized for disabilities incurred in battle. To those permanently disabled the war will never be over. Our war memories remind us that the first duty of the Legion is to be continuously alert in helping these unfortunate comrades secure the medical care and compensation to which they are entitled.

Dick Allan, John Boyce and Lynn Sullivan attended the district convention of Rotary at Windsor, Sunday and Monday.

Mrs. Charles Tibble is ill at her home battling a severe case of pneumonia. Mr. Tibble is also at home recovering from his recent operation.

Friends of Mrs. C. E. Woodruff will be glad to hear that she returned to her home Thursday after visiting the home of her parents in Cambridge, Mass. Mrs. Woodruff was called to Cambridge because of the serious illness of her father, Dr. Arthur L. Miles, who is now recovering.

Charles E. Graham, former resident of Northville for eighteen years, passed away Friday, March 12, at University Hospital, Ann Arbor. Where the deceased made his home previous to his death.

Plan for Girl Scout Summer Camps

Cedar Lake Camp folders and registration blanks are now in the hands of Girl Scout Troop leaders. Girls from Northville may register any time beginning April 1st, the month of April being reserved for the Northville area registrations. Early applications will be filled in chronological order. Brownies aged 10, who will be girl scouts in June or September are eligible for camp this year.

Older and senior campers will want to register for the two-week session from June 20 to July 4, and sample the activities which are especially planned for them—barn dance, hay rides, boy and girl dance and beach party with neighboring camps, and bicycling in groups with cook out at the journey's end. The Ridge over Little Cedar is especially reserved for campers this summer.

Girls are requested to ask their troop leaders for additional camp information.

Ed. Lanning Wins

(Continued from Front Page) Two other outstanding seniors of Northville High School were elected by their classmates, to try for the Pepsi-Cola scholarships. Principal Pierce said. They were Dorothy Gieger and Patricia Johnston.

AN APOLOGY
We wish to apologize to those receiving our February Sale circular so late, especially those who made a special trip to Plymouth, and had to be informed the sale ended February 28.

We placed the circulars in the mail February 25 so that you would have them in time to be advised of our Friday and Saturday Sales, February 27 and 28. Owing to an unavoidable error they were not delivered in time to advise you of the sale.

We are sorry it happened, because it did not give the people of Northville a chance to know of our week-end sale and to register for the bond drawing.
