

IT WAS A TOUGH FIGHT —

Consumers Seek Rate Revision

Consumers Power Company today asked the Michigan Public Service Commission for permission to revise and standardize its natural gas rates in ways that would provide additional revenues for the company.

The company, in its petition, pointed out that gas users in the so-called "all-Michigan" gas area, are paying substantially lower rates than those in the so-called "Texas" area, which includes the cities of Birmingham, Flint, Plymouth, Pontiac, and Northville, and surrounding communities. For some years all natural gas for the "all-Michigan" gas area came from Michigan fields. Now that natural gas for both areas comes from a common source, supplied entirely from distant Texas, Oklahoma and Kansas gas fields, it is only fair, the company says, that all communities served should pay the same rates.

Standardization of rates throughout the Consumers system, a company spokesman said, might mean a substantial increase in the rates paid by large industrial customers and space-heating customers in the "all-Michigan" gas area and a more moderate increase in the rates paid by domestic customers in this area who use gas for such purposes as cooking and water heating.

Fuels which compete with natural gas for commercial and industrial business, such as fuel oil and liquefied petroleum gases, also are selling at higher comparative prices than natural gas, according to the petition.

Consumers now have to pay a higher average price for natural gas, the petition recites, and other costs of supplying natural gas service also are up.

In order to meet its customers' needs for all purposes, Consumers is engaged in a tremendous long-range expansion program which calls for expenditures of more than \$40,000,000 in 1948 alone, according to the petition. This will require the selling of additional securities, the petition goes on, and it will be difficult to attract investors unless company earnings are adequate.

Orient Chapter No. 77 Entertains

West Night of Orient Chapter No. 77 was attended by approximately 115 members and friends last Friday evening at the Ma-toe Chapter Room, after dinner, was served at 6:30 p. m. The hats were worn throughout the dinner hour. Mrs. Atwood gave an address of welcome and the response was given by Bernice Hiller of Composite Chapter.

Members and guests adjourned to the Chapter Room, after dinner to witness the exemplification of degrees by Associate Matrons and Patrons. Masons Hear Ypsi Divine

The annual guest night of Northville Lodge No. 186 F. and A. M. was held Monday night at the Methodist Church House. About 150 Masons, their wives and friends enjoyed the dinner and the program of the evening.

Following the dinner Merritt Meaker, with Mrs. Ellison at the piano, lead the group in a few songs. W. M. Walter Miller introduced the officers and past masters of the lodge.

The speaker of the evening, Rev. Wm. Clyde Donald of Ypsilanti, Grand Chaplain of the Grand Lodge of the State of Michigan, presented a strong appeal for Masons to think clearly without confusion, to love their fellowman more sincerely, and cling to their God more securely. He stressed the threat of foreign situations, of domestic strife, and the challenge of the educational problems, and communism in our midst as demanding that Masons, in particular, accept the challenge of clear thinking, brotherly love and faith in God.

Oakland Rejects Hospital Plans

Oakland County voters turned down the proposition of the special tax levy to enlarge the county infirmary hospital at the special election held Monday. Both the authority to exceed the 15 mill limitation (Proposition No. 1), and the spread of the 2 mill tax for two years (Proposition No. 2) failed to win a majority. The unofficial total vote was: Tax limitation: No 9,448; yes 7,641. Tax spread: No 8,682; yes 6,509.

The Oakland County Board of Supervisors had proposed a 344 bed addition to the present infirmary hospital for the aged on Telegraph Road.

Novi followed the trend of rejection by voting No 69 and yes 53 on Proposition 1 and by voting No 62 and yes 53 on Proposition 2. Pontiac city voters defeated both proposals by overwhelming margins.

Impressions of Germans Given

Wm. Holdsworth was the guest speaker at Rotary Tuesday. Mr. Holdsworth regretted the small forces now in Germany as they are inadequate and without sufficient armament. He felt that the American forces were doing a splendid job of selling the German people the way of democracy, and that they would turn to American influences. He stated that a firm stand with Russia was necessary.

The following directors for the new year were elected: Richard Allan, Art Schmutz, Rev. Rossow, Chas. Carrington, Leland Smith and Roy Elliott. This group elects the officers for the new year beginning July 1st.

Rainbow Assembly No. 29 will hold a Regular Meeting at the Masonic Temple on Tuesday, April 13th.

Brighton Tuesday, March 30. Dinner guests that evening were their son-in-law and daughter, Mr. and Mrs. Mark Sugden of Farmington, and daughter Sue.

Fire swept through the Burbok Collision Shop on Davis street in Belleville recently causing damage of approximately \$1,000. The alarm was sounded about 5:30. The shop was closed for the day and it is believed the fire started in a car which was in the shop for repairs. This car was badly damaged by the flames.

After an inspection tour of the University of Michigan's Maternity Hospital, Governor Kim Sigler declared that "It is a disgrace" after looking at the antiquated, crowded structure built in 1904. He said "It is a fire trap, and any attempt to use the fire escapes would create a situation worse than a fire itself."

The American Legion, Tri-County Post 560 met in the Odd Fellow hall in South Lyon. This was the second meeting of the new post since the election of officers. Plans were made for the installation of officers and the tentative set to take place on Thursday night, April 22. The affair will be open to the public and will be the new post's "coming out" party.

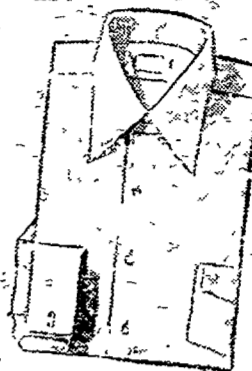

Speculation about the real purchaser of more than 3,300 acres of land in Sylvan Township, near Chelsea, has reached a fever pitch in the Chelsea area. For some months John Hanna, Detroit real estate dealer, has been making a determined effort to obtain nearly six square miles of land in nine sections which comprise the southeast quarter of Sylvan Township. Hanna has paid prices of more than \$600 per acre for some of the land and has traded complete farms to obtain some of the properties.

West Point Park News

By Miss L. A. Ault

Few cases of mumps have appeared in West Point Park thus far this season, however, William Soos of Shadyside avenue, has just recovered from them and Pat Middlewood, son of George Middlewood, has a bad case of them.

Mrs. Marvin Addis, Lora Ault, Freda Ault and Emerson Ault were all luncheon guests of Mrs. Thomas W. Roberts in Monroe last Thursday.

Mary Lou and Jackie Ackerson of Detroit were guests last week of their grandparents, Mr. and Mrs. James Simpson of Mayfield avenue.

Dolores Ault was a week-end flu victim.

Mrs. Stanley Chavey is reported on the sick list.

Mr. and Mrs. Walter Dixon of Breton Road called on West Point Park friends Thursday evening.

Lora Ault was an all day guest Friday of her niece, Mrs. Edwin L. Johnson of Clarita.

Ina Mae Tallman had flu the first part of last week.

Marion and Anne Johnson of Clarita avenue are both somewhat improved from severe cases of flu.

Marcia Meade, Hubbard Ave., is now much better, following several days of flu illness.

Friends of Mrs. Lester Ault, who has many relatives in this section and who frequently visits here, hear that she is quite ill in a hospital near her Washington, Pa., home.

Many West Point Park folks learned for the first time last week that a visiting nurse is available to the district.

Emerson Ault visited the Stomachos in Wayne last Tuesday evening. Edward Stomachos remains in a critical condition in a Wayne hospital.

Over the week-end the Kelleges of Battle Creek became settled in the Bohlinger house on Mayfield Avenue.

Henry Miner, husband of the former Mrs. Whipple who lived in West Point Park, is reported slightly improved from a very critical illness. He and Mrs. Minnie are in St. Petersburg, Fla.

Leon Tesenka of Redford was the guest of his grandparents, Mr. and Mrs. Marvin Addis most of last week.

Mrs. Cleo Cramer of Detroit was the guest of the Dunsmuirs on Farmington Road, Saturday.

Mr. and Mrs. John Varhol and their three young children called in Redford Saturday.

One of the mall in on by Thursday afternoon tumbled down the cement steps and cut a

gash in his head which made it necessary for a physician to use stitches in dressing it.

A well-arranged Easter egg hunt was held on the grounds surrounding the Schult residence on Shadyside avenue Easter Sunday. Unspring like weather did not interfere with a large number of boys and girls being on hand and all searched courageously through piles of snow for the gaily colored eggs. Four-year old Beverly Varhol was a prize winner.

Hazel Eckman was tendered a birthday celebration at her home on Farmington Road Saturday afternoon. Participants were school friends of the one honored.

At the quarterly awarding of attendance recognition prizes in the Neighborhood Bible School Sunday morning, four of one family received gifts. They were Francis, Donald, Gloria and Richard Kaumman. Others rewarded included Marcia and Nelson Meade, Joanne Willet and Judy Mur.

Sunshine Sisters will be busy exercising their baking talents this week. Saturday, April 10th, beginning at 11 o'clock, the results of their efforts will be on sale at Davis' Country Store on Farmington Road. Donations will be welcomed and the community's patronage expected. Proceeds are to be used in purchasing needed improvements for the Neighborhood Bible School.

It's NO. 1 on the "It" Parade

It's much the same way with cars as with people.

Some "have it" - some don't.

Some you go for, all out - without quite being able to lay a finger on why. And those - well, they usually become your firmest friends.

What is it that makes so many good folks say this trim honey's "got it"? Good looks? One has to admit it's nice to ride in a car that is unmistakably itself and not just a slightly modified version of something else.

Size, weight? Well, the polls tell us it's a pretty important factor since, if you like an automobile that does things, there just is no substitute for bravn and solid substance.

Power? Naturally. You can't sit long behind this big Fireball straight-eight without falling for it plenty hard.

Handling? Ride? Room? They all have their avid fans among Buick owners. Especially now with a completely new kind of engine mounting ironing out vibration build-up as never before, and in this Convertible model, with automatic top, door-window and front-seat adjustment.

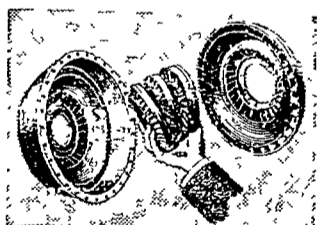

Is it the wonderful new Dynaflo Drive* that's causing so much talk?

In Roadmaster models that is certainly a big factor. You'll never know how silky smooth a drive can be - what fluent new ease there is to all your going - till you drive the car where liquid

replaces both the clutch and first, second and high gears.

But as nearly as we can find out - and we talk to a lot of people - it isn't any one thing that puts Buick at the top of the "it" parade. It's the over-all richness of this honey in all the things you've dreamed of finding wrapped in an automobile.

Ask any friend who drives a Buick - then see your dealer and get a firm order in, with or without a car to trade.

WHAT'S DIFFERENT ABOUT DYNAFLO DRIVE?

To an efficient new pump (left above), Buick engineers have added a "true turbine" (right) and an ingenious new supercharging assembly (in hand) which produce a torque boost in action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated - and a simple control gives you manual selection of power ranges and direction.

*Optional. Extra cost on Roadmaster models.

BUICK alone has all these features

- * DYNAFLO DRIVE (Optional, Roadmaster Series)

O. L. of V. Church Scene of Smith-Leone Wedding

Our Lady of Victory Church, which united Virginia Leone, daughter of Mr. and Mrs. James Leone of West Ten Mile Road, and Frank Smith, son of Mr. and Mrs. Sherman Smith of South Lyon, in marriage Saturday morning, April 3, at 10 o'clock. Rev. E. L. Woods performed the ceremony before the altar which was banked with snapdragons, palms and candles.

The bride, who entered the church on the arm of her father, wore a gown of marquisette over satin, fashioned with long pointed sleeves and ruffles at the shoulders, which extended down the front of the dress and around the train. A halo of lilies of the valley caught her finger tip net veil, with lilies of the valley scattered through it, to her head. Her only adornment was a single strand of pearls which was a gift of the bridegroom. She carried a bouquet of white roses with satin streamers.

The bridesmaid chose a pastel blue gown and headdress which matched the style of the maid-of-honor and she carried American Beauty roses.

Charles Smith served as his brother's best man and Larry Syrett seated the guests.

Mrs. Leone chose a Navy blue dress for her daughter's wedding and Mrs. Smith wore a dress of pale blue. Each mother was given a corsage of white gardenias.

Immediately following the ceremony a dinner took place at Veterans' Memorial Hall and a reception was held there later in the day.

Rural Phones On Increase

The Michigan Bell Telephone Company today revealed that the percentage of farms having telephone service in its territory is well above the national average.

Whereas 42 per cent of America's farms have telephones, 63 per cent of rural establishments in Michigan Bell territory have the service, according to J. R. Saxton, manager for the company. The national average—a new record high—compares with 32 per cent at this time 3 years ago.

Saxton said that at the beginning of the year, there were more than 2,000,000 telephones in rural territory of the Bell System, including some 122,000 in the territory of the Michigan Bell. Since VJ-Day, the number of rural telephones served by Bell companies have increased 700,000, including a gain of 42,750 in rural areas served by Michigan Bell.

Rapid progress since VJ-Day, Saxton said, is attributable in part to the fast and economic construction methods perfected by telephone engineers in recent years. Use of stronger wire has reduced the number of required poles which are now set farther apart. Portable-driven augers dig pole holes where rock does not interfere. Flows dig trenches, bury wire, and cover it in one operation where soil conditions permit.

In addition to bringing telephone service to more rural customers, Bell companies are improving the service, Saxton said. Overloaded lines are being relieved by reducing the number of parties on a line. Magneto, or crank-type, service is giving way to lift-the-receiver or dial operation.

★ PRINCIPLE No. 7

To make right the master of might

—From the Preamble to the Constitution of The American Legion

The American Legion is ever conscious of the rights of the minorities. In the two World Wars its members learned first-hand the disastrous effects that fall upon other nations where the rule of might obtains. Within its ranks the Legion ever tends to seek the right solution of every problem it faces.

This is a fine ideal toward which we should strive. The dictators of Europe deny that it will ever be a practical reality as long as human nature is what it is today. History records many examples in which might has conquered right. Right supported by might is the ideal situation. Right and wrong are generally relative aspects of a question. Our interests or feelings sometimes blind us regarding the rights of others. Even in a supposedly neutral body like our National Supreme Court the controversy is more often decided by a five to four vote than it is by unanimous decision.

However, in view of all these considerations the sentiment expressed by this phrase is morally right.

In the words of our immortal Lincoln, "Let us have faith that right makes might and in that faith let us to the end dare to do our duty as we understand it."

University of Michigan Students are spring vacationing this week. Among those visiting in town are Kay Stephens, Bill Johnston, Eleanor Breitmeyer, Dolores Glaser and Hugh Lockhart.

Mrs. Lou Smith entertained a few of her classmates at a dinner party at her home on Beal Ave., Saturday night. Her guests included Dorothy Stremick, Barbara Stewart, Marie Searfoss, Patricia Johnston, and Kay Perrin.

Mrs. George Purdy of Horton Street entertained a few friends and neighbors at a demonstration party at her home Monday evening. Since she celebrated her birthday on the same day, refreshments were centered about the beautifully decorated birthday cake.

Mothers Club will meet April 12th at 8 o'clock at the home of Mrs. A. Russell Clarke at 720 Fairbrook Road. This will be a regular business meeting at which time plans for the benefit card party to be held April 26th will be discussed. Co-hostesses are Mrs. Sid Moose and Mrs. Matt Homer.

The Young Adult Community Group will meet Sunday evening at the Presbyterian church house at 8 o'clock where transportation will be provided to Kay Stephen's home. Rev. Sheldon Rahn of the Detroit Council of Churches will give a talk on Projects of Young Adult Groups. All young people are welcome.

Signs of Spring: Several calls this week reassured us that Spring was on the way, hailstorm or no hailstorm. Croci, forsythia and violets are reported to be in full bloom. Mrs. H. M. Wick left no room for doubt by bringing in one of her very special sweet smelling violet plants complete with flower and buds.

The left edge of the page is bound, showing the stitching or staples of the book's binding. The right edge is slightly irregular, suggesting it might be near a gutter or another page. There is no text or other markings on the page.

Governor Rm Sigler says he will veto any legislative bill to increase the three-cent gasoline tax.

Announcement was made to newspaper correspondents at Lansing, following delivery by the governor of two supplemental messages to the state legislature. His decision was forecast in this column March 11.

The Michigan Good Roads Federation recently advocated a 15-year \$1,400,000,000 highway construction program which would be financed, in part, by a boost in the gas tax. The weather of the past winter proved to be a strong ally, as state highways were damaged badly. Commissioner Charles M. Ziegler estimates the loss at \$500,000, the worst in 20 years. Detroit's street damage was estimated at \$1,000,000.

The governor's attitude is based on his belief that Michigan's tax revenues are not being distributed equitably, due to the sales tax diversion amendment. Seventy-six per cent of the state sales revenue is now returned to local government, including public schools.

Sigler does recommend, however, that present highway funds be distributed more equitably. This covers the motor vehicle weight tax.

As O. Cuthbert, director of the County Road Association of Michigan, says that an emergency situation now exists on Michigan highways because of post-war inflation.

In 1940 the county road commissions paid \$8,300,000 in wages, he said. Last year they paid \$15,200,000. A highway maintenance truck sold for \$950 in 1940 and now costs \$2,200. A motor grader, costing \$5,000 in 1940 is listed at \$11,000 today.

Quoted, now maintain 67,000 miles of Michigan's 107,000-mile highway network.

The tug-of-war continues between state and local governments over whom should be held responsible for enforcement of liquor laws.

Eighty-five per cent of liquor license fees has now been returned to local units to help finance enforcement of such regulations. Yet the state liquor control commission maintains a force of 32 inspectors. Attorney General

MRS. JONES WAS THIS ROUNDER'S NAME . . . This is Mrs. Casey Jones, wife of the engineer who rode to fame on a six-eight wheeler. She was seated at the throttle of the General Motors 'Train of Tomorrow' on its run from New Albany, Miss., to Memphis, where she took part in ceremonies honoring the arrival of the train there. Her husband's ride to his death on 'Old 638' 42 years ago has been immortalized in song and story.

Eugene Black has ruled the commission can withhold payment of license fees to any municipality or township which does not utilize such revenue for the use as intended.

The house of representatives has voted to cut the number of inspectors from 82 to 55.

Michigan miscellany: Thirty-four county and district fairs will have harness horse racing during their fairs this year. The Michigan Education Association is sponsoring a constitutional

amendment to permit lifting of the five-mill limitation on real estate taxes by a majority of votes cast instead of the two-thirds majority now required. Ludington voted 754 to 531 to levy an additional five mills for five years. Such a vote on a bond issue would have carried it; the two-thirds requirement meant its defeat.

Budget Director John A. Perkins reports these significant figures: During the 1948-49 fiscal year approximately \$305 millions

will be returned by the State of Michigan to local governments from state-collected taxes. During the 1943-44 fiscal year the total was \$143 millions. Payroll of state employees is 13.9 per cent of total current expenditures; in 1942, five years ago it was 14.9 per cent.

Ernest T. Conlon, former state senator, lieutenant governor, and ex-lobbyist, has just received a \$7,500 a year plum as head of the sales, tax division for Detroit. The job was revived after a lapse of ten years.

Back in the days of Governor Alex. Groesbeck the governor had power to hire or fire department heads. Groesbeck wielded his authority, and it is a matter of record that he fired Tom Johnson as state superintendent of public schools and the State Supreme court upheld his right to do so. Some of the reluctance of legislators today to centralize power in the hands of the governor may be traced back to memories of 1921 when Groesbeck swung the big stick.

If the state legislature declines to submit the reform amendments to the people at the November election, Governor Sigler is likely to take the issue directly to the voters. As a self-registered lobbyist for the people, Sigler would make a vigorous campaign.

Which were you in 1947?

"I AM ONE of 1,200,000 Michigan Bell customers. In 1947 we bought more telephone service than ever before. And the rates we paid were the same or lower than they were ten years ago. We made 10% more local calls and 8% more long distance calls than in 1946. We got better, faster service. By the end of the year there were 133,000 more Bell telephones in Michigan than we could call. So our own telephones became more valuable to us—and will become even more valuable when the thousands who are waiting for telephones get them."

"I AM ONE of more than 730,000 people whose savings, invested in Bell System securities, provide money for building the telephone system. That makes me an investor in Michigan Bell. Millions of others have invested in the telephone business indirectly through their savings accounts or insurance policies with institutions owning Bell securities. Although Michigan Bell took in 6% more money than in 1946, the cost of providing service rose 13%. And Michigan Bell earned only 3 8/10c last year on each of our dollars invested in the business. This is less than a fair return and offers us little incentive for investing additional money needed to expand and improve service. So it's a good thing Michigan Bell has asked for an increase in telephone rates to assure us a fair return."

LOOKING AHEAD: Michigan Bell fully expects to supply a continually improving service to the public... good jobs for thousands of employees; with plenty of opportunity for advancement in a growing business... and a reasonable return to those whose savings are invested in the business.

Detroit race track, May 22 to Sept. 11, and the appointment of George Lewis as the track's new general manager.
But Bredin refused to approve Northville's requested 60 harness racing dates, starting from Aug. 2 until a "controversy" involving the Northville Driving Club, the Northville Trotting Club and the Northville Downs Association is adjusted.

announced the following requirements, new in Michigan racing, would be imposed:

1. Mutual-employees will be screened, will be required to fill out questionnaires, will be finger printed.
2. Jockeys will be examined physically by physicians.
3. Veterinarians will examine horses.
4. Pari-mutuel and daily double rules will be prominently displayed to the public.
5. Touting by employees or professionals will be prohibited.

In refusing approval of Northville's request for dates, Bredin called its present stand, unsafe, its stables deplorable and its location "a disruption of community life." He recommended a modern plant outside the village limits.

Amazed At Refusal
Orlow, Owen, speaking for Northville Downs, told The Detroit News he was amazed at Bredin's refusal to grant the dates asked. He said his association's controversy is with the Northville Driving Club headed by Dr. L. W. Snow and was over the association's request for a 10-year lease.

"Our lease now runs for three more years," Owen said, "but we can't make the improvements desired by Commissioner Bredin unless we are assured of a longer tenure. I feel certain, however, that our differences will be ironed out eventually; meanwhile we can not make plans and prepare for our meeting unless our request for dates are approved."

Bredin's Statement
In refusing Northville Bredin said:

"It is unusual that there should be such a delay in announcing dates for the Northville harness meet, but this can not yet be done owing to a long-drawn-out controversy between the Northville Driving Club, the Northville Downs Association and the Northville Trotting Club.

"This lack of agreement between the negotiating parties may be harmful to their own best interests, as prospective owners may, due to uncertainty, obligate themselves elsewhere, although it is hoped no great damage will be done because informal assurances were given just prior to the approximate length of meet and dates.

He went on to state that "It is not the community's province nor prerogative to meddle in the points in question such as the division of the racing period and the sharing of profit from operations, nor to determine the establishment of proportionate contribution of funds for much-needed improvement and

DETROIT ROUND TABLE OF CATHOLICS, JEWS AND PROTESTANTS

repairs. However, such funds must be provided as the grandstand needs considerable attention to meet accepted safety standards, and as the stabling is in deplorable condition, and approaches being a public nuisance.

"The most desirable thing for the Northville owners and operators to do would be to plan the building of a modern plant outside the village limits, avoiding thereby the increasing opposition from a considerable and important element of the community.

"This element is justifiably concerned with the disruption of community life, with the noise and overcrowding of the village during the evening hours, and the unsanitary and noxious characteristics of the plant located in the midst of a quiet residential district.

"It is hoped that a satisfactory agreement will be reached in the very near future so that dates may be issued."—Detroit News

THERE IS A FOOD EMERGENCY BECAUSE

1. This year Western Europe has had the lowest per-capita crop yield in recent history.
2. In addition, there was a 900,000,000 bushel loss in our own corn crop this year.
3. This means millions of unfortunate people, in countries friendly to us, will go hungry this winter. Do your part in saving food.
