

School Pupils Aid Europe's Children

The Save the Children Federation has issued an emergency call asking for 2,500,000 pounds of clothing for the destitute children of Europe. The Student Council of the Northville High School is sponsoring a Bundle Week which is to be observed the week of May 17th through 21st. The students are bringing bundles of discarded but clean clothing for children to school. Adults clothing which can be cut down for children is also acceptable. The "Save the Children" Council pays all the cost involved in shipping.

A quotation from the circular of the "Save the Children" says it is their need that is the statement made by Dr. Charles R. Joy who investigated conditions in Europe. "I have just come from a part of the world where clothes are almost unknown, where baby clothes cannot be bought, where undergarments are frequently absent, where the thin cotton of the summer is, often the only thing available for the winter, where stockings have long since been forgotten, where overcoats are a luxury to be dreamed about if you had seen children and adults alike huddled together naked under ragged bed-clothes to keep warm, you would know that clothing is more than clothing, it is life."

The appeal has met with most enthusiastic response on the part of the students and the ardent support of the community is urged.

Walled Lake Park Opens Today for Summer Season

Announcement is made of the Grand Opening of the Summer Season on Friday, May 14 at Walled Lake Amusement Park. This large Oakland County Resort will be in daily operation from that date.

All the popular amusement rides, speed boats and the skating rink have been overhauled and redecorated and are now all set for the large crowds that will patronize the resort throughout the summer.

A new picnic garden has been constructed and will be known as Number 2 Garden where it will be possible for a number of picnics to be held on the same day. Two baseball diamonds and a large parking area have been improved with landscaping and the planting of several hundred new trees.

Passages of the local Churches will be asked to bring greetings from the other congregations.

A short historical skit, to be presented by members of the choir, will recall some of the early characters of the Northville community a century ago. Dinner music will be provided by local talent under the direction of Henry Schutte. Dinner will be served by members of the Ladies Aid of St. Paul's Lutheran Church. Tickets may be secured from T. R. Carrington, general chairman and Mrs. Carl H. Bryan, representing the Woman's Union.

Poppy Day Set Saturday, May 29

Due to a mutual agreement between The Veterans of Foreign Wars and The American Legion and Auxiliary there will be no mailing of letters enclosing poppies this year. Poppy Day has been designated as Saturday, May 29th for Northville and both organizations will be upon the streets to accept your donations. It is regrettable that Poppy Day does not fall on the same date in each town but circumstances governing same are beyond our control. PLEASE WEAR YOUR POPPY in honor of those who died that your country might continue to be free and also with the thought that whatever you gave for that bright red poppy, the gift thereof has helped to brighten the life of some hospitalized ex-soldier. Please, by your contributions, help us to make this years sale a huge success, as it is so badly needed. V. F. W. Chairman: Fred Wenker, Mrs. Fred Wenker, American Legion. Fred Walker, Mrs. Merrill Sweet.

Mr. Holden is well known in the community and holds a commanding position in advertising circles in the city of Detroit. He served as Lt. Commander in the Navy during the last World War.

Leaves Novi School

DONALD M. ARCHAMBEAU, Superintendent of Novi School, who goes to Frankenmuth next year.

Asked to Return

REV. J. M. McLUCAS, Minister of Novi Methodist Church.

Accepts New School Position

Donald M. Archambeau, superintendent of Novi Public School since December 1940 has accepted a position to become superintendent of the Frankenmuth Township School at Frankenmuth. Mr. Archambeau received his AB degree from Northern Michigan College at Marquette in 1934 and has been in the teaching field since then. Since he has been at Novi he has attended the University of Michigan on Saturdays and plans to attend this summer to complete his Masters Degree in Guidance.

Mr. Archambeau is a veteran of World War II and served in the Army for three and a half years. Thirty months of service was spent overseas. Active in community affairs Mr. Archambeau is a member of the Board of Commerce and has served as secretary of the Community Council for two years.

School Operetta Given Next Week

Next Thursday and Friday nights, May 20 and 21, are the dates for the presentation of Gilbert and Sullivan's popular operetta "The Gondoliers" at the High School auditorium given by the Northville High School choir and glee club. Reserve seat tickets may be obtained now at the book store in the High School. O. F. Rong, local artist, is painting sets for the two scenes, one in Venice and the other in the throne room in the court of Barataria. Costumes have been rented from a Detroit concern and Mrs. George Stalker has charge of the special dances to be performed.

The theme of the musical production is built around the story of two Venetian Gondoliers who are violently democratic in their views of government. Suddenly they find themselves joint kings of the country of Barataria. In the role of kings they attempt to put their republican principles in action which result in many amusing scenes and gentle satire throughout the play which show Gilbert and Sullivan at their best. There is the usual love tangle and the sudden change in stations due to identifications which bring the operetta to a gay finale.

Corine Clark and Marcia Sparling are the accompanists.

To Pave Main and Other Streets

At the special meeting of the Village Commission last Friday night paying and purchase of the pump were authorized.

The bid of Ray Welsh and Co. for curb, gutter and paving of Church from Cady to Beal, Beal to Plymouth and Yerkes to Gardner, and Gardner to Plymouth with a small stretch west from Yerkes on Gardner was authorized at a cost of approximately \$27,000.00.

Arrangements were accepted with the Wayne County Road Commission to asphalt pave Main street from Park Place to Rogers, with the Village paying one-half the cost. The agreement will be drawn up at once. Paving will probably be completed by the middle of June.

The purchase of a Peerless pump for the new well was authorized.

Novi Minister Asked to Return

Rev. J. M. McLucas, minister of the Novi Methodist church for the past four years, received a unanimous call for the fifth year with an increase in salary from the annual church meeting and Fourth Quarterly conference held Friday evening May 7. Dr. Luther Butt, District Superintendent, presided. Reports from all departments of the church indicated much progress was made during the year. There has been an increase in Sunday School attendance and finance, a 9 in church attendance and finance during the past year.

Mr. J. M. McLucas was elected by delegates to the Annual conference to be held June 15-20 in the North Park Methodist church, Detroit. Mr. Raymond Schaefer was elected chairman and the officers of the church were: term expired were elected in succession: Rev. McLucas, president; Rev. McLucas, pastor; the Novi church in connection with the First Methodist church at Brighton, where he received a unanimous call with an increase in salary for the fifth year. The minister accepted the call from Novi and Brighton churches and will return in another week.

Big Stake Races at Northville Downs This Season

Harness horsemen throughout the Midwest looked toward Michigan's Northville Downs with keen anticipation today after announcement of the biggest stake program in the half-mile track's five year history.

Twenty stakes -- three of them \$3,000 featured events -- will offer horsemen \$57,000 in purses during the 60-night meeting under the floodlights from Aug. 2 to Oct. 9.

The new stake program, marks an innovation in Northville Downs racing. A stake event will be presented each Tuesday and Thursday night during the season. In addition to the three \$3,000 features, 17 other races of \$3,000 and \$2,000 are scheduled, 9 for pacers and 8 for trotters. The overall stake program represents an increase of \$25,000 over stake purses offered last year. Another indication of the upward surge in prize money is the fact that no races but the three featured stakes carried purses higher than \$1,500 in previous Northville meetings.

Highlights of the entire Northville season, the three co-features are the Northville Driving Club Trot set for Sept. 17; the Michigan Pacng Derby scheduled for Sept. 24; and the Governor's Trophy, to be presented Oct. 8. The Trophy, contested in two dashes of nine-sixteenths and one and nine-sixteenths miles, is a free-for-all open to pacers and trotters. Congressman George A. Dondero, who has represented the 17th District of Michigan since 1933, has announced his intention to seek re-election and has placed in circulation his petitions for nomination.

Lyke-Smith Ceremony Performed By Candlelight

MRS. STANLEY SMITH
 Photo by Billy Rose, Jr.

A candlelight wedding ceremony Saturday evening at the Northville Presbyterian Church united Shirley Lyke and Stanley Smith in marriage. Rev. H. F. Fredson performed the double ring service before the altar which was banked with palms, candelabra and large baskets of white gladioli and daisies. The bride is the daughter of Mr. and Mrs. Alex Lyke of South Center Street and the bridegroom, the son of Mr. and Mrs. Alfred Smith of Beal Avenue.

The traditional wedding march was played on the organ by Corrado Cella.
 The brides, who were escorted down the aisle by her father, wore a lovely tulle and satin wedding dress with a dropped waist effect created by silk ribbon ending in a trail of lace at the side and long sleeves ending in point over the hands. The long train was elegantly gathered in front to reveal the pattern of the bodice and extended into a long train in the back. Her bouquet was a lovely arrangement of pink snapdragons and yellow daisies tied with satin streamers matching the color of her dress.
 Betty Lou Strémich was the flower girl. She wore a pink floor length dress and an open crown sweetheart bonnet on her hair and carried a nosegay bouquet. Roger Lyke was the ring bearer. Alfred Smith, Jr., attended his brother as best man and Warren Bogart, Frankie Defina and Harry Germain seated the guests. Mrs. Lyke chose a grey floor length dress for her daughter's wedding and was presented a corsage of pink carnations. Mrs. Smith was dressed in a floor length dress of blue crepe and

her corsage consisted of white carnations.
 A reception immediately followed the ceremony in the church house for about one hundred and fifty guests. The hall was decorated with white apple blossoms and lilacs and a large tiered wedding cake, which was cut by the newlyweds, centered the buffet table. Loyola German and Mrs. Jack McCrumb presided at the tea table and Dorothy Strémich and Shirley Smith had charge of the gifts and guest book.
 The young couple left for a two week trip through the Erie Canal going away Shirley changed her name to Shirley Lyke-Smith and with her fiance accessories. Upon their return they will make their home in an apartment at 215 South Center Street.
 Shirley has always lived in Northville and graduated from the local high school in 1945. The high school graduated from Williamson High School in Vermont in 1943. He was in college three years, four months of which were spent overseas. When in service his parent moved from Vermont to Northville. He is now employed as a tool and die inspector in Detroit.

CHURCH SCHOOL TEACHERS MEET

The Church School Association of Detroit Presbytery met at the local Presbyterian Church Monday evening for a dinner meeting, followed by a program presenting the use and teaching technique of Audio-Visual Aids for various departments of the church school educational program.
 The group of about 100 workers were conducted on a tour consisting of three divisions in Audio-visual education: map making, flannel board teaching and film strip and slide production. Representatives from the Engleman Visual Education Service of Detroit were present to demonstrate the projectors and to answer questions.

Plans Completed for Poppy Day

"A poppy on every coat—remembrance in every heart," will be the goal of the American Legion and Auxiliary for the annual observance of Poppy Day here, May 29, the Saturday before Memorial Day. Complete plans for Poppy Day were announced today by Fred Walker and Mrs. Merrill Sweet the Legion and Auxiliary's Poppy Chairmen, following a meeting of the committee at the Legion Home yesterday. Poppies will be offered throughout the village all day so that everyone will have opportunity to honor the war dead by wearing the memorial flower.

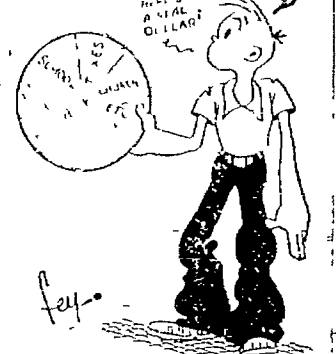

Terms of volunteer workers from the Auxiliary and cooperating organizations will be assigned to different parts of the village. All Poppy Day workers will give their time without pay. Contributions made for the poppies will go to the rehabilitation and child welfare funds of the Legion and Auxiliary, to be used for the benefit of disabled war veterans and needy children of veterans during the coming year. These contributions form a large part of the money expended by the Legion and Auxiliary in their vast rehabilitation and welfare work.

The poppies which the Legion and Auxiliary will distribute have been made by disabled veterans at Percy Jones and American Legion Hospital. They are crepe paper replicas of the famous wild poppies of France and Belgium which bloomed on the battlefields and cemeteries of both world wars, and which have been the symbol of remembrance for the dead ever since the first World War. Thousands of disabled men and women unable to do other work have been given employment making poppies for the Auxiliary this year.

...OF THE PEOPLE ...FOR THE PEOPLE ...BY THE PEOPLE

FROM THE PATTERN OF DEMOCRACY

The strength of democracy lies in the voluntary group action it sets in motion to solve social and community problems. Let a need arise and democratic principles voluntarily applied are sure to find a superior answer. This is again emphasized by an all round cooperative action which solved a real challenge to the people of Michigan:

THE COST OF HOSPITAL AND SURGICAL CARE

Hospital costs are usually unexpected. In many instances the average man's budget does not provide for this additional emergency expense and meeting these bills is often beyond his ability to pay. It means, at the least, a serious drain on the family resources and perhaps even creates a burden of debt from which the family may never recover. To correct this condition here in Michigan—Michigan's hospitals and Michigan's medical profession set in motion the principles of voluntary democratic action—they organized Blue Cross.

This action on the part of Michigan hospitals and Michigan's medical profession was met with equal cooperation by the public. Today over 1,200,000 people of Michigan have solved the problem of paying for hospital and surgical care by adopting Blue Cross. It is efficient—it is fully protective and economical. It answers the need—fulfills every protective purpose.

BLUE CROSS— A NON-PROFIT PUBLIC SERVICE

Blue Cross is a non-profit plan of cooperation between doctors of medicine, hospitals, and the public to make good hospital and medical-surgical care available to everyone without financial strain upon anyone. A small monthly sum paid by members of the plan assures them of the care they need when they need it without worry about the cost.

Botted plants for decoration and dainty "Mothers' Day" tags for all to wear added the Neighborhood Bible School to observe Mothers' Day in appropriate fashion. A feature of the program was the annual custom of counting mothers in the neighborhood. It was found that more than eighty mothers, headed by the Sunday School Teachers, International Lesson, "What is a Mother?" was taken up to study by the group as a whole. Two of the teachers, Eva Willet and Freda Ault giving object talks by way of illustration. A fine group of mother and children cooperated.

The Wednesday night meetings held from 7 to 9 in the Neighborhood Church for boys and girls from 3 to 14 is planned to supplement the work of the Sunday School and to direct some of the activities usually a part of vacation.

May 15 to 21 Marks 30 Years of Air Mail
Fred E. Van Atta, local postmaster announces that the week of May 15 to May 21 will mark the 30th Anniversary of the inauguration of the United States Air Mail Service which started May 15, 1918. The story of the growth of Air Mail since May 15, 1918 is a romantic one. The original air mail plane was a single motor open cockpit plane that took off from East Potomac Park in Washington, D. C. bound for New York City, 218 miles away. From May 15 to December 31, 1918 117,975 of mail were carried and for the year ending June 30, 1947 28,465,023 pounds or 772,185,070 pieces of domestic mail only were carried. The story of Air Mail growth is in effect representative of the growth of the nation.
Stamp collectors may call Mr. Van Atta in regard to the special cachet being issued for May 15th only.

Stoianoff Home Scene of Wedding Saturday

The home of Mr. and Mrs. Peter Stoianoff of Six Mile Road was the scene of the wedding Saturday night which united their daughter, Jean, and Donald Butler, Jr., in marriage. The double ring ceremony was performed at 7:00 p. m. by Rev. Alfred Maas of Ann Arbor. Two baskets of assorted flowers decorated the house for the occasion. The bridegroom is the son of Mr. and Mrs. Donald Butler, Sr., of Napier Road.

The bride chose an ivory dress trimmed with gold beads for her wedding. Her costume accents included a gold necklace and earrings, a gift of the bridegroom. Pink carnations formed her corsage and a black net ruffle hat adorned her head.

Her sister, Mrs. John Burdon of Plymouth, was her only attendant. Mrs. Burdon wore a dress of aqua with gold clips, a gift of the bride. Her corsage consisted of American Beauty roses and on her head she wore an aqua net ruffle hat.

Donald Butler, Sr., served as his son's best man.

Mrs. Stoianoff chose a navy blue and white print dress for her daughter's wedding and Mrs. Butler wore a dress of navy blue. Each mother was given a corsage of American Beauty roses.

The newlyweds left on a wedding trip to Northern Michigan, where they will make their home, as Mr. Butler is employed there.

The new Mrs. Butler graduated from Northville High School with the class of '47 and the bridegroom is a N. H. S. graduate of

McArthur-Light Vows Pledged Saturday

Leña R. Light of Lake Street, daughter of the late Mr. and Mrs. J. Light, and Lawrence M. McArthur, son of Mr. and Mrs. Cleus Lemmon of Base Line Road, were united in marriage Saturday morning at 10:00 a.m. at Our Lady of Victory Church. Rev. E. L. Woods performed the double ring service. The church was decorated with baskets of white spring flowers.

Mrs. Vincent Bielejeski played the organ and was the soloist during the ceremony.

The bride was given in marriage by her brother, Frank Light. She wore a gray bengaline suit with gray accessories and a large picture hat furnished with gray net and pink roses. She carried a white orchid on a prayer book.

Mrs. Margaret Rager of Lake Street was her sister's only attendant. She wore a navy blue dress with navy blue accessories and carried a colonial bouquet of pink roses and snapdragons.

William Light was the best man and Theodore Lemmon served as usher.

The bridegroom's mother wore a brown dress and a corsage of pink roses for the wedding.

A breakfast was served to the immediate wedding party following the ceremony at the Farm Cupboard near Ann Arbor. In the evening about two hundred friends and relatives gathered at Veterans' Memorial Hall for a reception.

The newlyweds left on a ten day trip to Washington, D. C. Upon their return they will make their home on Dunlap street.

The bride is a graduate of Northville High School and was employed at the Phoenix Ford Plant previous to her marriage. During the war she served nine months with the Waves. The bridegroom is also a graduate of Northville High School and is employed as bookkeeper by Allan & Locke. He served with the Navy for three years during the war.

Spring is here! and jaded winter appetites can be "perked up" with a new recipe or three. Add spice of a French sauce or a dessert gleaned from the secrets of a Norwegian oven to your own table for a new glamorous meal-time appeal. Miss Rhea Lyon lists these books of recipes and other household hints.

"A Book of Menus with Recipes." Della Lutes

"Just for Two." Lily Wallace

"A book of cookery for the small household."

"Toll House Tried and True Recipes." Ruth Wakefield

"The Pennsylvania Dutch and their Cookery." J. George Frederick

"Recipes of all Nations." Countess Morphy

"How to Manage without a Maid." Lita Price

"Handy Household Manual." Jack Creamer. All kinds of practical hints.

"A Home of Your Own." Henrietta Ruppger. How to manage a home

"Setting Your Table." Helen Sprackling. About linen, silver and dishes.

"Recipes and Menus for Fifty." Frances Smith

Bigger Fowl Contest Extended for Year
Poultry Raisers Seek Heavier Farm Flocks

Bigger and better drumsticks for "Junior" are sought in the national Chicken-of-Tomorrow contest, which will be extended through 1948. The decision to continue the event was made in response to demand from poultry raisers from coast-to-coast.
 Unlike popular reducing fads among the hen's human counterparts, this barnyard project is designed to add weight to the farm flocks and to give American chicken

A day-old chick perches on a model of the Chicken-of-Tomorrow, the objective in a nationwide contest extended through 1948.
 eaters more for their money. Poultrymen from all parts of the country are joining in the hunt for a breeding formula which will add at least 10 per cent more meat to the present-day chicken. A higher percentage of meat on the bone structure, and even meatier wings are sought, thus assuring "Junior" that no longer will only a skimpy appendage be left as his lot when the dinner platter arrives at his lowly place.

Tree 'Butchery' Blamed On Untrained Pruners
 If often takes 10 to 75 years to raise a good shade tree but, extension foresters insist, it takes only a few minutes for an untrained pruner to ruin its beauty. For training techniques is destroying the beauty of many streets.
 Examples of good pruning are seen on most public building grounds. On the other hand, in almost any street examples of tree "butchery" can be seen.

Production of Citrus Shows Steady Increase
 Production of citrus fruit in the United States has about doubled each 10 years of the last 40. A department of agriculture report indicates, with prospects that the record will continue to climb.
 California and Florida produce more than 90 per cent of the oranges, Florida and Texas account for 80 per cent of the grapefruit. Almost the entire commercial crop of lemons is grown in California.

BOARD OF EDUCATION
 Minutes, May 4, 1948.
 The regular meeting of the Northville Board of Education was held in the board room on Tuesday evening, May 4, 1948.
 Present: President Cansfield, George Stalker, Howard I. Atwood, Eural F. Clark, Russell Amerman.
 Absent: Dr. Russell M. Atchison.
 Guests: Mrs. Floyd Lanning, T. R. Carrington.
 The minutes of the last meeting were read and approved.
 Communications were read as follows: Fred C. Fischer reporting release of following school funds—fourth payment of sales tax, \$4245.12, December delinquent taxes \$62.86; January delinquent taxes, \$73.34. Novi Township Treasurer, February delinquent taxes, \$2.44; McCormick Electric placed a bid for the supply and installation of ultra-violet lamps in certain classrooms for \$876.85 or \$782.90 (depending on style of lamp), alternate installation in air ducts for \$895.00; Mr. Charles Chynoweth of Northville offering to give the school a Cadillac motor and transmission for class use.
 Motion by Clark and second by Stalker that tuition rates for the year 1948-49 be set at the maximum allowable under the 1948 state aid formula. Carried.
 According to the recently adopted school aid formula, the estimated tuition receipts for Northville for the year 1948-49 may total \$65,000.00.
 The superintendent was authorized to proceed with the issuing of teaching contracts for the 1948-49 school year based on the salary schedule as adopted.
 Treasurer Clark reported balances as follows:
 Received since last meeting \$13,760.46
 Balance in General Fund 26,667.56
 Balance in Debt Service 5,014.48
 It was moved by Atwood and seconded by Stalker that the report of the treasurer be accepted. Carried.
 Mr. Cansfield and Mr. Clark were appointed to a committee to see what can be done about black topping a section of the playground.
 The auditing committee reported for payment bills for \$2,036.36 and payrolls totaling \$11,500.00.
 Motion by Stalker, second by Atwood that the above bills and payrolls be paid. Carried.
 Motion by Stalker, second by Atwood that the school district renew its present insurance policy and increase the coverage on the high school by \$7,000.00 and on the grade building by \$5,000.00, the same to be out of the three-year plan and the 50-year insurance plan.
 Upon motion by Stalker and second by Clark the resolution was adopted at 7:20 a. m.

Farm Fire Protection
 Department of agriculture estimates that the damage caused by gasoline and kerosene fires costs American farmers approximately six million dollars annually. Insect storage of these liquids is responsible for the loss. Underground tanks provide the best protection for large amounts of flammable liquids, while galvanized steel gas or oil cans are best for small amounts.

CONSUMERS POWER COMPANY

Wanted, 167,000 signatures to petitions for a November ballot on Governor Sigler's program for state government reorganization. That's the latest news at Lansing.

It comes from the newly formed Citizens' Committee for Better Government, headed by Laurent K. Varnum of Grand Rapids, president Varnum is a past president of the State Bar of Michigan.

Petitioners would place before the Michigan voters a new amendment to the state constitution. This amendment would require merger of the state's 100-plus state agencies and departments into not more than 20 state departments. The governor would have the right to appoint all department heads. They would serve at his pleasure.

What are these state units? Here are a few examples: Conservation, labor, agriculture, aeronautics, banking, highway, health, economic development, public instruction, insurance, apple, cherry, corporations and securities, crippled children, historical, Mackinac Island, tourist council, public service safety, racing, teachers' tenure unemployment compensation, waterways, workmen's compensation, tuberculosis, liquor control, steam control, municipal finance, two state fairs, labor mediation and office, holidays, plus a long list of examining and licensing boards.

The Citizens' Committee proposes to center its reform efforts on one amendment. Left for future consideration—unless present plans are changed—are other reforms, rejected by the legislature during the 1948 special session: (1) Four-year term for state elective officials; (2) Power for the governor to appoint attorney general and the secretary of state.

Governor Sigler's changes of mind on both of these reforms are in the air. They may be revised later. Some mention has been made of the possibility that the voters should approve all officials except the auditor general.

As many as 167,000 persons can be induced to sign the petition. And our citizens have been known to sign petitions about Lansing without the proper procedure. Then Michigan voters would be asked to judge the following constitutional changes at the November election.

(1) Should a convention be called to revise the state constitution?

(2) Should the sales tax as a constitutional amendment be repealed?

(3) Should present constitutional limitations be removed from salaries of state officials and state legislators?

(4) Should Michigan 100-plus state agencies be reduced to not more than 20 state departments whereby the governor would appoint all department heads?

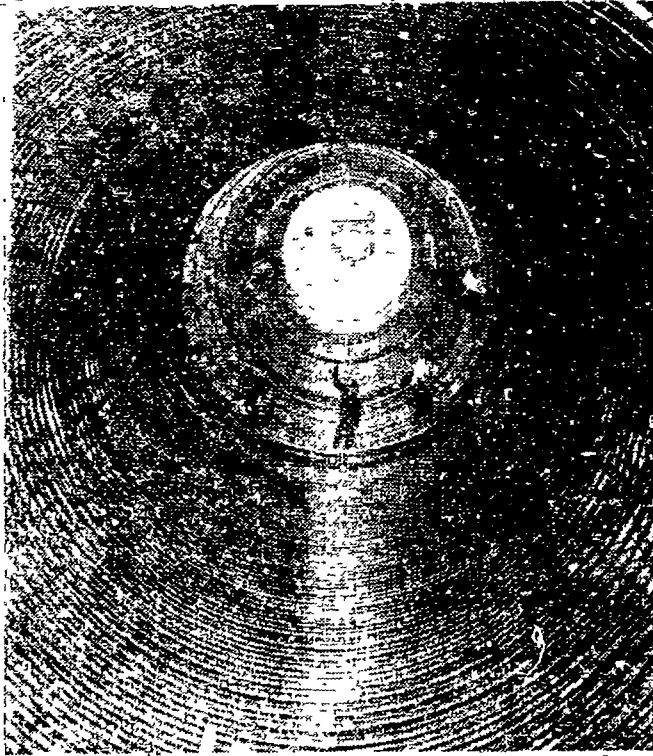

With these proposed reforms, Michigan voters will have plenty to decide in 1948.

Rebuffed by the state legislature which flatly rejected his leading reforms, Governor Sigler has announced he would take the issue direct to the people.

The legislators' decision indicate that the debate will be vigorous. More centralized power in the hands of the governor will be contested within his party. Not even the governor's so-called "cabinet" is unanimous in its support. The fight will be lively.

BOMB TO END ALL BOMBS... Secretary of the Army Kenneth Royall (left) cranes his neck to look up in the direction of the tail fins of a giant 43,000-pound bomb which attracted his attention during a visit to Aberdeen, Md., proving grounds. The big bomb recently was given a drop test (airward) at Murco dry lake, Calif., from a converted B-29. With Royall are Maj. Gen. Everett S. Hughes, chief of ordnance, and Maj. Gen. A. D. Quinton, Jr., (right) commanding the proving grounds.

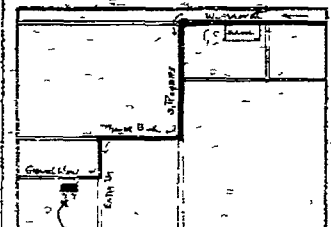

COLLETTA BASIN SIPHON. Near Adrian, Mich., steel workers weave web of heavy reinforcing bars around which will be poured concrete for Crab Creek inverted siphon which will convey Collettta basin irrigation water across dry gulch to reclaim 8,000-acre Hamilton farm land. Twenty-five feet in diameter and 4,500 feet long, it will be world's largest concrete siphon.

Queen Bee Care
Before placing a new queen in a new home the old queen and all queen cells must be removed. The small cage containing the queen should be placed above the cluster of bees, or between two frames of comb so that worker bees have easy access to the candy-filled cage entrance. It is assumed that during liberation operation the queen takes on the regular colony odors and, therefore, will be accepted. After introduction, a week should elapse before the hive is reopened and the queen cage removed.

First Sleeping Car
The first sleeping car in the world was operated on the Cumberland Valley railroad, between Harrisburg and Chambersburg, Pa., in the winter of 1836-37. It was a remodeled day coach, and the berths or bunks were very crudely built along one side of the car.

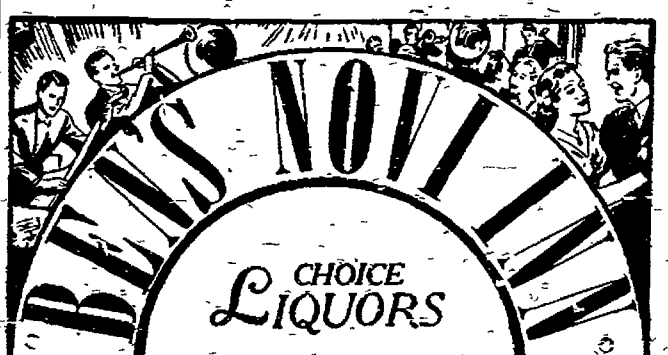

Storing Eggs
Eggs should be stored in a cool, fairly moist, well-ventilated place, preferably on a concrete floor that has been sprinkled, until they are marketed. Moisture is just as necessary as keeping them cool.

The Farmer's Daughter... and the "Wired" Hand

It was love at first sight for the farmer's daughter. She just flipped a switch on the wall and wonderful things began to happen. No longer does she have to milk Bessie the Holstein...

Or carry water...
Or beat the rugs...
Or trim and fill the...
Or carry in wood for the stove...

Why, she doesn't even have to wind the clock any more. Electricity has reached her Dad's farm and now she and her family can have more leisure, more fun, knowing that the "wired" hand will do their jobs faster, easier, and for less money than doing them any other way.

100% ELECTRIFIED!
This year every farm in Detroit Edison's area—throughout the 7600 sq. miles we serve—will have electricity available. It's the first large rural area in the nation to be 100% electrified.

Model of Moon Although required as far back as 1869, the Chicago Natural History Museum's model of the visible hemisphere of the moon, 19 feet in diameter, is believed to be by far the largest and most elaborate representation of the moon's surface ever made.

Limit Building Heights By a law of 1916, congress set an extreme maximum height of 160 feet for any building in the District of Columbia, and this maximum applies only on Pennsylvania avenue, between 1st and 15th street; otherwise the limit is 130 feet.

POPPY FOR THE PRESIDENT... Opening the American Legion auxiliary's poppy drive of 1948, Mrs. Leo W. Hutton, national president of the auxiliary, pins a red crepe paper poppy on the lapel of President Truman at a White House ceremony. Poppy day is observed this year on May 29, when the symbolic flowers will be sold to raise funds for rehabilitation work with veterans and their families.

WITH OUR NEIGHBORS

A second division, or rating of "excellent", was awarded the Plymouth High school band at the state contest held in East Lansing, Saturday, May 1.

Three mounted carter routes will be added to the Farmington post office, effective July 6, Norman C. Lee, Farmington postmaster, announced this week.

Action was taken Monday night at the regular meeting of the board of education of the Farmington Township School district to speed the starting date for the construction of the proposed school building program—Farmington 100000.

Mr. and Mrs. El Chai Honan of South Lyon Michigan, have recently purchased a well-bred young Arabian mare which they now have at their farm. The mare is Arabid No. 2770, a creature with white blaze. She is bred at Ben Han Farm, Pontiac, Ind., breeders of Arabian for more than 25 years.

Announcement was made this week by the Civil Service Commission that applications for the position of substitute clerk, number, to take the exam in the position, are now being accepted at the Farmington Post Office. Applications will be received until June 1 for the opening.

South Lyon school closes the first week in June this year, the students getting their final standings on June 4th. The graduating class numbers 39 this year. The baccalaureate sermon will be preached to the graduating class on May 30, in the Methodist church. Graduation exercises will be held in the Lyon Theatre on the evening of June 3rd.

School district meetings throughout northwest Oakland county are bringing together residents to talk over the school consolidation proposal. It is a welcome sight to see these meetings so well attended. At a meeting in Rose Center Monday night 65 persons were in attendance. Prior to this many of these same people had participated in meetings on the subject in Holly last Friday night. A Rose Grange meeting was thrown open to a discussion of school reorganization. This is an example of the interest that is being shown—Holly Herald.

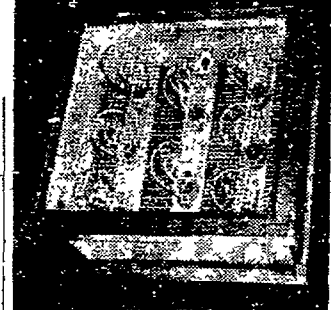

April 28 was a busy day in the Michigan State legislature, the House having passed the \$71,000,000 state school aid bill and writing in a provision requiring more than 44,000 Michigan teachers to state under oath whether they are Communists. The measure was adopted by a 91-2 vote. Teachers in all branches of Michigan's public schools must now sign affidavits on the Communist question before their school district can receive state aid. Answers will be filed with the state and open to legislative inspection. Teachers furnishing false statements will be subjected to criminal prosecutions.

Jam Topics Simple Dehydrator Saves Garden Crops

Homemade Apparatus Serves Many Purposes A homemade dehydrator heating unit, which also may be used as a room heater in the home or brooder house, is an economical device and a labor-saver on the farm. Successful drying depends upon removal of enough moisture from the fruit or vegetables to prevent spoilage. This must be done at a temperature that does not seriously affect the texture, color and flavor of the vegetable or fruit. Best results are obtained when fruits and vegetables are dried in a dehydrator, like one shown, rather than in the sun. In hot, dry localities, however, sun-dried fruits have excellent color, flavor and good nutritive value. Sun-dried vegetables usually are noticeably inferior to

dehydrated vegetables in most respects, but when properly dried they are fairly satisfactory. If gas-filled tungsten filament lamps are used, care should be taken to prevent liquids dripping onto the bulbs, as that is likely to crack them. If carbon filament lamps are used, as shown in the picture, water dripping on them will not crack the bulbs.

Minerals Will Improve Quality of Egg Shells

Improvement in shell texture of eggs can be made in many cases by providing the foods that supply the mineral properties contained in the shell itself. The shell of the egg contains about 90 per cent calcium carbonate and foodstuffs containing the minerals and vitamins necessary for shell production should help to increase the supply and bring about some improvement in shell quality. Shell grit or oyster shell grit provides calcium carbonate, but without vitamin D the hen may not be able to convert sufficient quantities to meet the demands for bone and egg-shell formation.

Nests For Turkeys

Crowding of turkeys in nests will be largely eliminated if enough space and enough nests are provided. Accepted size of an individual turkey nest is 18 inches wide by 24 inches high by 28 inches deep. Quite often eggs are broken and these broken eggs soil others. It is wise to have turkey nests both inside the breeder house and out of doors during periods of rapidly changing weather conditions. Photo shows Utah type of turkey nest.

Swine Diarrhea Curbed With Proper Nutrition

Proper nutrition plays an important role in control of swine diarrhea and scours, a source of considerable loss to most pork producers, according to Wise Burroughs of the Ohio station. Nursing pigs are susceptible to the disease, feeder pigs get enteritis and even older animals sometimes scour. Deficiencies in any one of five different B-vitamins may cause diarrhea, Burroughs warns.

Safflower Crop Thrives Without Heavy Rainfall

Safflower poses no serious question of competition with flax in humid areas where flax prospers. It seems to thrive in areas of less rainfall, where normal precipitation is only 12 to 15 inches annually and where flax generally does not yield so well. Normally, too, under "dry-land" conditions, safflower does as well as wheat or better. It is resistant to most diseases and insects.

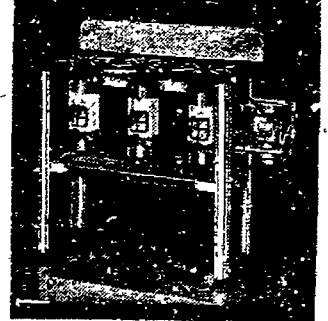

Under the Lights First night baseball game was played at Fort Wayne, Ind., in 1883, using 17 arc lights of 4,000 candle-power each.

Expensive Alarm... Why keep a rooster when an alarm clock is cheaper? That question is posed by Boyd A. Ivory, Wyoming agricultural extension service poultry specialist. A rooster, Ivory points out, eats about \$5 worth of feed a year at current prices. All you get in return, he insists, is a lot of crowing—accompanied by NO eggs! A rooster is worthless in a poultry flock unless he is being used for breeding purposes in supplying fertile eggs for hatcheries or home incubation. Hens won't lay any more eggs than they are laying just because a rooster is on the premises, so why not sell that "crowing so-and-so"? Trade him for a \$1.93 alarm clock that tells the time of day for the entire 24 hours and you'll save about \$3 in feed costs on the swap!
