Class Dedicated at Novi Church

Several children were dedicated during the morning worship service at First Baptist Church at Novi Sunday morning, May 24. Rev. M. J. Remijn officiated at the dedication.

Those dedicated were Samuel Clair, son of Mrs. Florence Butten; Sharon Eileen, daughter of Mr. and Mrs. Carl Gleason; Sally, daughter of Mr. and Mrs. Edgar Howard; Carol Ann, daughter of Mr. and Mrs. Rex LaPlante; Patricia Ann, daughter of Mr. and Mrs. William Martin; and Elizabeth Ann, daughter of Mr. and Mrs. Ted Remijn.

Sharon Gleason and Elizabeth Remijn are both granddaughters of Rev. Remijn. Mr. and Mrs. Clyde Johnston of Cadillac, grandparents of Elizabeth Ann, were also present at the service.

They Still Argue About How Novi Got Its Name

Maybe we'll get this Novi problem settled now. Various alleged authorities have alleged that the little town on Grand River (where those Novi racing cars are stable in the off season) got its name from a toll sign, "No. VI". Now comes James W. Clapp with enough accumulated information for a Stassen-Dewey debate. There never was a toll gate in the town of Novi, he vows. There was a toll gate on the old plank road at what is now Halsted Road . . . and another two miles west of Novi near the old Wixom Inn. And besides, the toll-gates on the old Lansing-Detroit road weren't put in till 1855. The town of Novi was named in 1830 (Clapp insists). Seems the township had been separated from Farmington and a meeting was held at Ann Arbor to name the new section. One thing they wanted was a short name . . . easy to spell . . . so the wife of the country doctor in the new township came up with "Novi." Nobody, Clapp muses, ever found out where the lady got the name, or what she thought it ought to mean for the township . . . but the name stuck.

(Maybe the good doctor's wife picked the name the way modern gals at the Fairgrounds pick horses, huh?) Anyway, let's have no more of that "Gate No. VI" stuff. — Tony Weitzel, Detroit News.

Novi to Observe Memorial Day

Residents of the Novi area are urged to participate in the Memorial Day Parade, at 10 a. m., Monday, which is sponsored by the various civic and fraternal organizations of Novi.

Plans call for assembly at the school ground at 9:30 a. m. The route of march is from the school to the Service Men's Honor Roll at the Baptist Church. After a brief ceremony and the placing of wreaths, the march will continue to the cemetery where proper tribute will be paid to the veterans of all wars for American freedom.

A firing squad in full dress will be provided by the AM-VETS. All service men desiring to take part should contact Wm. Rackor, Phone 970J11.

Each and every citizen — young and old — is urged to take part in this honored event.

Individuals should contact the officers of their respective organizations for full details. A successful parade depends upon the full support of all able to participate.

Ann Elizabeth Ware was a participant in the annual parade at the "Aquacircus" held at the Women's City Club at Detroit May 21 and 22.

Local Poppy Day This Saturday

Tomorrow, May 29, will be Poppy Day in Northville and throughout the nation.

From early morning until night, volunteer workers of the American Legion Auxiliary will be on the streets offering memorial poppies to be worn in honor of the dead of the two world wars.

In exchange for the flowers they will receive contributions for rehabilitation work among the disabled war veterans and for child welfare work among children of veterans.

The poppies, which are crepe paper replicas of the wild poppies that grew on the European battlefield of the two wars, have been made by disabled veterans working in hospitals and convalescent workrooms throughout the country.

Poppy Day activities here will be directed by Mrs. Merrill Sweet, Poppy Chairman of Lloyd H. Green Unit of the American Legion Auxiliary. A large corps of volunteer workers has been organized to distribute the poppies in downtown and neighborhood centers. The poppies to be distributed here have been made by veterans at Battle Creek.

"Much depends upon the success of Poppy Day," On the public response to our Poppy Day appeal depends the Auxiliary's ability to carry forward its work for the disabled war veterans and for the children from whom war has taken a father's support. We would not like to go to them with empty hands. Poppy Day contributions give us the means to serve them with more than words of cheer.

"But the poppy is more than a badge for those who contribute to our rehabilitation and child welfare work," she emphasizes. "It is a symbol of individual tribute to the man who died — a sign that the wearer holds in his heart a place of honor for those who died for America."

Many Attend Centennial Dinner

On May 20th the observance of the 160th Anniversary of the present Presbyterian Church building was very well attended and an interesting program provided.

A beautiful cake was made by Mrs. Clyde Schoutz and Mrs. Arlo Hauger. It was topped with a replica of the early church made by Mrs. E. A. Chapman. Tables were decorated by the committee. Mrs. L. M. Eaton, Mrs. C. H. Bryan and Mrs. Mark A. Gaudner.

A historical skit was given, depicting the early days of the church. This was presented by the choir. Dinner music was provided by the Community Orchestra under the direction of Henry Schnute. Thomas R. Carrington was the toastmaster for the evening.

Dr. F. H. Olert, President of the District Council of Churches and Pastor of the Parent Church, The First Presbyterian Church, Detroit, presented the address, "The Church of My Dreams."

The Historical Booklet of the First Presbyterian Church was presented at the close of the address.

Rev. William Hughes officiated at the wedding ceremony at 7:00 p. m. Saturday evening which united Doris Dawson and Elmer Shoemaker in marriage at the Plymouth Methodist Church.

LIVONIA METHODISTS HAVE FIRST BANQUET

Livonia Methodist Church had their first Mother and Daughter banquet on Thursday, May 13, at 6:30 p. m. The entire evening, with the exception of the program, was arranged by the men of the congregation, with Harry S. Wolfe as chairman. The room was decorated gaily, and the men prepared and served an excellent meal. Because the basement was filled to capacity a table had to be set up in the church parlor.

After the meal all were invited to the auditorium where a program was offered. Following community singing, Miss Mary Joys and her friend of Fowlerville gave a number of string duets on guitars. Mrs. Chas. Hall and Mrs. Harry Haddow sang two Mother's Day duets.

The speaker of the evening, Miss Lovewell of Plymouth, gave an excellent talk that had a happy ending for every mother there. The program closed with the presentation of pots of flowers to Mrs. Ford for being the oldest mother present; to Mrs. A. Hochman for being the second oldest mother present; to Mrs. G. MacMurrie for having the most daughters present; to Miss L. A. Roberts of Monroe for being the youngest mother present and for having the youngest daughter.

Because of the great success of this occasion it is planned that a Mother and Daughter banquet will be held at the church annually.

Two Northville Couples Married Last Saturday

BIELEJESKI - MCCLINTOCK

Our Lady of Victory Church was the scene of the wedding, Saturday morning, which united Patricia McClintock, daughter of Mrs. Teresa McClintock and the late J. W. McClintock, and Vincent Bielejeski in marriage. Rev. Reagan of Detroit performed the double ring service, assisted by Rev. E. L. Woods. The bridegroom is the son of Mr. and Mrs. C. Bielejeski of West Six Mile Road.

The church was decorated with bouquets of white gladioli and snapdragons for the wedding. Mrs. Bielejeski played "Ave Maria," "On This Day" and the recessional on the organ.

The bride was given in marriage by Arthur Humphries of Randolph Street. Her white slipper gown was styled with leg-o-muffon sleeves ending in points over the hands, a yoke of net inset with embroidered seed pearls and formed a train. Her fingertip veil fell from a tiara of mother of pearl roses and seed pearls. She carried an arm bouquet of California lilies.

Mrs. Robert Crawford of East Main Street served as the matron-of-honor. She wore a yellow tulle gown with a matching headpiece of net and roses. Her bouquet consisted of yellow and salmon colored snapdragons and roses. The bridesmaids, Lois Sutton of West Seven Mile Road and Dorothy Bielejeski of West Six Mile Road wore identical dresses of Nile green and headpieces matching the matron-of-honor's. News and Comment from Cong.
George A. Dondero

DONDERO OPPOSES \$84 MILLION TVA, APPROPRIATION. An item in the Appropriation for Government Corporations and Independent Offices met with opposition on the part of Congressman George A. Dondero in the House of Representatives. The item called for the construction of a steam generating plant by the TVA, the ultimate cost of which would have been \$84 million.

Congressman Dondero says, "I am not opposed to the production of electric energy in our river basins where the Federal Government owns the water and can construct dams for the production of power. I am, in fact, strongly in favor of it. I am opposed to the Federal Government building transmission lines in competition with private investment already in the field and serving the area or otherwise competing with its own citizens in the same business."

"Several months ago I introduced a bill which provides for the sale of power at the bus bar or dam at wholesale rates whenever it is possible. Where that is not possible, then and only then should the Federal Government be authorized to build transmission lines to take the power where it can be utilized."

"I am opposed to the Federal Government sending its agents throughout the land telling municipalities and other political or government units that they can buy power cheaper from the Federal Government than from private enterprise, thereby practically destroying private enterprise. Perhaps the people do not know that more than one-third of all money invested in public utilities—I mean owned by private corporations—is held by the Life Insurance Companies of this nation and that there are 75,000,000 policy holders who could well be affected by the destruction of these facilities throughout the country."

The amendment to build a steam plant under the TVA, costing \$84 million simply indicates how far we are going in the direction of public ownership and state socialism. I think this Congress owes a duty and responsibility to the people of the nation to fix a public power policy that is definite and that puts a cap on the kind of enterprise that will not destroy private investment through competition by the Federal Government."

Representative Dondero has throughout his service in Congress opposed government encroachment upon private enterprise and private investment which takes tax dollars out of the pockets of its citizens and deprives them of a livelihood and the government of legitimate revenue.

The House rejected the amendment to vote were 140 on the floor, once it was beaten by a vote of 147 to 120 and the second time by a vote of 195 to 152. The Government Corporation Appropriation Bill was approved at \$17 million below the President's request and \$29 million less than last year.

TEMPORARY HOUSING TRANSFER TO BENEFIT MICHIGAN EDUCATIONAL INSTITUTIONS. Congressman Dondero announces that his Committee on Public Works has unanimously reported bill H. R. 5710 for the transfer of certain temporary housing provided under the Lanham Act for educational institutions.

Dondero says, "These buildings which are located on land owned or controlled by educational institutions, will be turned over to them without monetary consideration. Under existing law this temporary housing must be removed by June 30, 1949, and if torn down again, it would be practically of no value to anyone. However, the educational institutions if given outright ownership, can use them for housing veterans-students and their families. As time goes on, the cost of maintenance would be prohibited to the Federal Government and exceed revenues therefrom. Many Michigan educational institutions will benefit from such legislation."

Word of appreciation here is 'dollars,' which speaks volumes.

Origin of Old Custom

The custom of throwing shoes after a new bride originated in medieval times. In those days, shoes were thrown because leather shoes represented economic power, authority and position.

MILK IS RICH IN VITAMIN "A"

rich in profits, too, when you use
MODERN COOLING METHODS

There's more money in your milk, say successful dairymen, when you use an electric milk cooler. Electricity quickly tumbles the milk's temperature to 50° or lower. Electricity circulates refrigerated water around the milk cans, with particular attention to the slow-to-cool milk at the top of the cans. Electricity slashes the bacteria count, steps up milk quality, increases your profits.

Properly installed, milk coolers are durable, designed to give years of carefree service. Operating costs are low. They will cool 500 quarts of milk for the average wholesale price of eight. For further up-to-date, impartial information, see your Edison Farm Service Advisor.

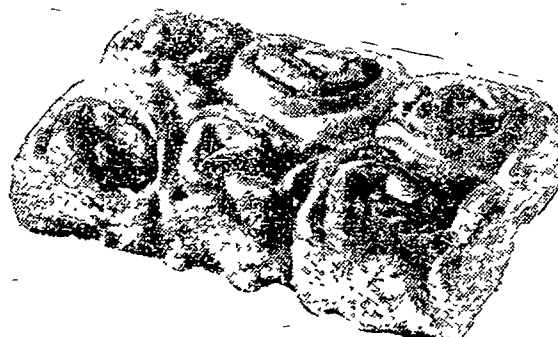

ELECTRICAL MILK COOLING IS ANOTHER EXAMPLE OF ELECTRICITY DOING THE JOB BETTER THAN ANY OTHER WAY!

Trans-Continental Train
 First railway train ever operated from the Atlantic to the Pacific was the trans-continental excursion sponsored by the Boston board of trade in May, 1870, one year after the Union Pacific and Central Pacific railroads were opened. The trip from Boston to San Francisco consumed eight days, and was made in pullman "hotel cars," then the newest thing in railroading. A daily newspaper, the Trans-Continental, was published en route.

Save Fats
 If every American home cooperated fully with the fat salvage program, more than 400 million pounds a year of vitally important industrial fats and oils would be returned to our national economy.
