Village July 5th Festivities Supported by Community

Hundreds of Northville citizens and those of surrounding communities turned out Monday to support the celebration of Independence Day, sponsored by the Lloyd H. Green Post, American Legion. No serious accidents took place throughout the entire day's activities, according to Police Chief Denton.

The Northville High School band led the parade from Veterans' Memorial Hall to Ford Field, where the afternoon's events took place. Wayne County Training School entered three floats in the parade, representing the Mayflower, Freedom Train and Plymouth Rock.

New Streets Dedicated
Village President Conrad Langfield officially opened the newly resurfaced streets of Northville to begin the evening's activities. Remarks made by Mr. Langfield follow:

"Fellow citizens, The Fourth of July has for 172 years been a day of celebration in appreciation of our independence. Today as never before, we all should remember the sacrifices of our forefathers.

With the blood of our forefathers, while this day is one of celebration, rejoicing and recreation throughout our Village, as well as the Nation, I would be remiss if I did not express the sorrow of our community at the loss of one of our leading citizens. The sudden death of Bill Cansfield is a loss we can ill afford, and comes as a shock to us all.

As husband, father, a soldier in his country's service during World War One, President of the Board of Education, a loyal and active churchman, a conscientious business-man, an important figure in the Village, he exemplified the highest type of citizenship. I wish to express personally, (Continued on back page)

Elected President

CHARLES E. BRAKE

Brake is Elected President of MEA

Charles E. Brake of Plymouth last week took office as president of the Michigan Education Association, succeeding Miss Mary Ellet Lewis of Ann Arbor. Mr. Brake is deputy superintendent of Wayne County schools, and is a Michigan schoolman of wide experience which has included teaching in rural areas. Northville knows Mr. Brake as he has spoken here many times.

In a statement made by assuming office, Mr. Brake emphasized the need of more and better school buildings in Michigan. He charged that persons who give more lip service to public school education are not doing the right of all the children to equal educational opportunities.

Thousands of Michigan children, said Mr. Brake, are attending school in buildings that are outmoded, crumbling, unsanitary and unsafe, and thousands of other pupils, right here in Michigan, are being deprived of a full day's education because of the shortage of proper accommodations.

Equal opportunity for all children will not be a reality in Michigan, he said, until the state's shortage of school buildings has been remedied, unsanitary, unsafe buildings repaired, and enough room provided so that every boy and girl can have a full-day schedule.

Mr. Brake has been deputy superintendent of Wayne County Schools since 1933. He is a native of Michigan and earned the Bachelor of Arts degree from Kalamazoo College, magna cum laude (with great praise). In 1930 he became a Master of Arts at the University of Michigan. He has practically completed his academic work for the degree of Doctor in Education at Wayne University.

Mr. Brake began his career in education by teaching rural school in Paris Township for one year; he then taught for three years in Summit Township, Mason County. Then he taught two years in the Hudson School, Detroit YMCA, from which he was called to the principalship of Mt. Pleasant High School.

After two years he became superintendent of schools in Grosse Ile; there he served 11 years before becoming deputy superintendent of Wayne County schools.

Hugh H. Rader, general chairman of the tournament, has announced that the PGA Tournament Chairman George Schneider of Columbus, O., said that Detroit has been assured dates for a tournament on the PGA circuit in 1949 and that the Motor City Open will be held at Meadowbrook again.

Mrs. Corbett of Akron, Ohio, is visiting her daughter, Mrs. Bewley Priestman of Beck Road.

The drive is to benefit the Veterans' Hospital, Dearborn. With an increase of 200 patients in the past six months, the need for blood has risen to 400 pints a month, said Dr. Thomas P. Craige, manager. The critically ill veteran patients are away from family and friends who would otherwise be able to help them.

Donations will be received from persons between the ages of 21 and 60 and 18 to 21 with parental consent.

Call Mrs. W. E. Forney, 35331 or 35333 for appointment.

Among the boys attending are Charles Dickinson, Charles Ely, Merville Bolton, Bob Cole, Peter Mellen, Bruce Butler, Dubby Miller, Dick Gansell, and Bud Cansfield. Presbyterian Church Plans for Removal of Manse

For many years the members of the First Presbyterian Church have looked forward to giving the century old sanctuary a more spacious setting. They have sought to remove the Manse and landscape the corner and thereby make an improvement that will beautify the entire community. This is the oldest public building in town and many have commented on the beautiful and simple colonial structure.

A new Manse has been purchased on West Main Street and the plans are that the old Manse will be moved this summer. Originally the corner property was vacant when it was presented to the church by "Uncle Billy Hay" in 1850. A building had occupied the corner but it was moved to Cady Street to enable the horses and carriages to drive in from Church Street and use

the barns which were located where the present Church House now stands. Rev. James Dubuar was then Pastor of the Church and lived where D. Harper Britton now has his law office. When Mr. Dubuar retired a house was needed for the new minister, and the corner property was used in 1884 to build the present Manse at the cost of \$1200.

A new Manse was considered during the Pastorate of the Rev. Harold Whitfield in 1930 but the Church House was undertaken at that time. It is a coincidence that the corner is again to be cleared during the centennial year restoring the property as it was in 1848.

Record Editor Succumbs After Short Illness

Hundreds crowded into the First Methodist church Monday afternoon to pay their last respects to William Hartley Cansfield, who for the past nine years was editor and publisher of the Northville Record. Mr. Cansfield passed away early Saturday morning at Sessions Hospital at the age of fifty-five. The body lay in state at the Casterline Funeral Home until the time of the service Monday.

The service was brief and simple as he would have wanted it to be. Tributes were paid for by Rev. W. Leslie Williams of Highland Park and Rev. William Hughes of the home church. Interment was made in the family plot at Lakeview Cemetery. Howell Padbearers in Northville were three members of the Exchange Club, Lee-Eaton, Merritt Meaker, and A. Russell Clarke, and three members of the Rotary Club, John Boyce, E. M. Bogart, and E. J. Willis. Six old friends of M. Cansfield's met the funeral cortege at Howell and carried the bier to its final resting place.

A man, slight of build and stature, Mr. Cansfield was filled with a burning zeal to see Northville grow and prosper. Many of his evenings were taken-up with round-table discussions about his life on Northville. Street concerning the Village's welfare.

Busy though he was with his own business problems, he always had time to listen and to counsel, who came to him for comfort and advice. His familiar smile and loving words, "Come in and it shall be," will be missed by many a Northville citizen.

William Cansfield was born July 13, 1892 at Belleville, Michigan, the son of Mrs. Elizabeth Cansfield and the late Rev. Hartley Cansfield. He was graduated from Howell High School in 1911 and from Albion College in 1917. Shortly thereafter he joined the Army and served in that branch at the armed forces for two and a half years.

Upon discharge, he returned to Howell and entered the real estate business. In 1921, he was in charge of the Howell branch of the state at that time. In 1925, he was married to Miss Louise Buck at Lapeer and to that union were born two children, Helen Ann and William Buck.

In 1928, he became editor of the Livingston County Republican Press at Howell, and then later became co-owner of that paper. In 1939, he came to Northville and purchased the Record from the late R. T. Baldwin.

Always interested in the education of young people, he was president of the local school board. A devout church man, he had served for several years as trustee of the Methodist church. He was a member of the Rotary and Exchange service clubs, the Lloyd H. Green Post of the American Legion, and was affiliated with the Knight Templar and Masonic organizations.

Surviving him are his wife Louise and children, Helen Ann and William Buck of the home, and his mother, Mrs. Elizabeth Cansfield of Owosso. Also surviving are two brothers, Arthur of Bay City, and Hartley of Saginaw and two sisters, Mrs. Agnes Moreland of Birmingham and Mrs. Mary Seelhoff of Owosso.

Now its proved quality becomes more impressive than ever
...AND CHEVROLET'S LOW PRICES
are even more attractive than in the past!

FIRST in Value . . .
FIRST in Big-Car Quality at Lowest Prices . . .
FIRST in Registrations

ALWAYS THE VALUE-LEADER . . .
Always the first choice of people who want the finest at lowest cost . . . Chevrolet's value-leadership is now so outstanding that men and women everywhere are deciding it's more than ever the preferred investment in its field!
Not only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring . . . not only does it offer all these major advantages of Big-Car quality at lowest prices . . . but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in quality!
It's the first and only low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head

Engine. It's the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher Unitized Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes.
And yet, despite the fact that CHEVROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!
That is why more people are buying Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date; that is why they are agreeing, with ever-mounting enthusiasm, that Chevrolet is first in dollar-value as it is first in nation-wide demand.

Compare Values!... Compare Prices!...

After introduction, a week should elapse before the hive is reopened and the queen cage removed.

SHEER TRAVEL MAGIC

THIS is the Buick America's car buyers are buzzing about. This is the one with travel magic flowing all through it.

This is the ROADMASTER with Dynaflo Drive*—where Main Street's dense traffic, the inviting open road and the long, stretching hills are bossed with equal ease by a toe-touch.

Here you let your left foot idle comfortably wherever you wish—there's no clutch pedal to push, ever.

Here your mind's free completely of remembering when to shift—no gears ever shift anywhere in the car.

Here, you glide over ground and grades in swift and utter smoothness as constant and unbroken as Niagara's flow.

For here you have the only passenger car in America where liquid replaces both the usual clutch and the low-second-high gear sequence of conventional transmissions.

Here you sit in blissful ease while the power plant itself meets and masters the thousand and one situations that come up in travel.

Gentle grades, steep hills, long straightaways, stop streets—once your lever's set, you simply step on the gas—and take them all in liquid-smooth luxury!

Does all this sound fabulous? It is.

So fabulous that folks are signing up in droves for the '48 fashion plate with this new-wonder drive.

So to take command of this traveler touched with magic, come see us quickly and get your order in.

We'll take it in sequence whether or not you have a car to trade.

What's Different About DYNAFLOW DRIVE?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an integral cast-in supercharging assembly (in hand) which produce a torque boosting action in starting and accelerating the result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direct on.

July 5th Festivities

(Continued from Front Page)

and in behalf of the Village, sympathy for his family in their bereavement.

While my term of office has been of short duration, your village commission realized the vital need of improvement to our main thoroughfares, and immediate steps were taken to remedy this condition. While it was expected that the new pavement would be finished by today, the weatherman decided otherwise. The completed portion on Center Street, has furnished us a sample of the splendid pavement which, with the cooperation of the Wayne County Road Commission, gives us some idea of the completed project which soon we will be able to enjoy.

Personally I feel we are fortunate to reside in one of the finest communities of our state.

I hereby, now, in behalf of the Village Commission accept and officially open our resurfaced

new village thoroughfares. Thank you.

Prize Winners

Winners of the prizes given away by the American Legion were announced as follows: first prize, a home freezer, Louis Lanning; second, combination radio, Scott Cole; third, washing machine, Mrs. George Risher; fourth, electric toaster, Orville Hoover; fifth, bicycle, Alfred Sibley; sixth, electric mixer, R. H. Amerman. Winners of the thirteen other prizes donated by various merchants were: Jane Zielski, H. Newman, George Sinclair, Ruth Lee, Mrs. David Hay, Jr., Earl Sessions, Mrs. Ralph Foreman, Charles Murphy, Mrs. Myrtle Sears, and Bert Persall, all of Northville; J. Frisbie and Mr. Trickey of Novi and Arnold Kemp of Detroit.

Street dancing followed on an area roped off on North Center Street which brought the day to a close. Dick Krenkow and his orchestra furnished music for dancing.

Much of the day's success is due

to the cooperation of merchants and townspeople who donated products and time to the celebration. The Ely Company donated ice, Northville Laboratories gave an orange beverage, the Guernsey Dairy furnished containers and the Recreation Committee gave away ice cream. Credit also goes to Wilson Funk, who had much to do with planning and directing the celebration.

Bell Telephone Rate Case is in Recess

The Michigan Bell Telephone Company rate case is in recess until sometime in July with the possibility of a serious delay in proceedings arising out of demands for further studies of company records and properties.

Meanwhile, the first mention of a temporary order on the company's application for a \$10,400,000 rate increase filed last August has been read into the record. James W. Williams, special counsel for the Michigan Public Service Commission mentioned that possibility in outlining further proceedings.

After Karl F. Oehler, Michigan Bell counsel, had protested against any delay by reason of further studies, the city of Detroit through counsel served notice it will oppose any interim order.

The Commission's staff has asked for further audit and appraisal studies in 18 outstate exchanges while the city of Detroit wants a similar study and a physical inventory of company properties in Detroit. Estimates on the time for such studies range from one month to 1 1/2 years.

John W. Kushing, chief engineer for the Commission, has urged a new method of fixing rates based upon costs of providing the service in each exchange, rather than value of the service to the customer. He favors subsidies for small exchanges, however, "when the need is demonstrated."

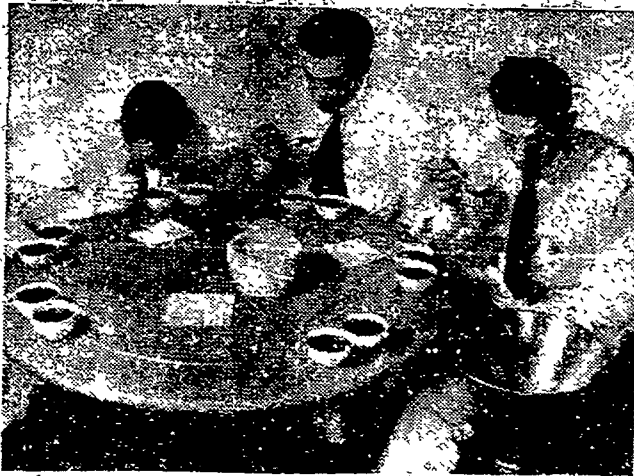

Horse Show to Aid Cancer Research

The Northville Horse Show, sponsored by the Northville Rotary Club, to be held at the Northville Riding Academy on Seven Mile Road, July 30, 31, and August 1 will donate a substantial percentage of the gate receipts to the Detroit Cancer Society. This was announced at the Rotary meeting Tuesday.

Details of the show, seating arrangements and judging assignments are progressing rapidly and it is expected that a record entry of horses will be on hand to furnish the spectators and exhibitors an interesting and entertaining event.

What No Doughnuts?

Five thousand cups of coffee and no doughnuts is the annual record for this panel of coffee testing experts at the Kroger Food Foundation in Cincinnati, Ohio. Coffee tasters "sniff" the aroma of the coffee and then "slurp" it from tablespoons to get the full taste. The three experts above are members of the Foundation staff who regularly test coffee by this method. An important accessory to their work is the three foot high brass spittoon shown at the lower right because coffee testers never swallow the coffee they are testing.

Maybury Fair Sunday, July 25th

The 12th annual fair of the Wm. H. Maybury Sanatorium will be held from 3:00 to 5:00 p.m., July 25.

Following a different motif than usual, the event will be an Annual Fair, according to Marjorie Owens, Director of Occupational Therapy. Miss Owens said the Detroit Police Band will furnish entertainment and the expects to have several other groups.

Products made by the Maybury patients will be displayed for sale, and refreshments will be sold.

Approximately 25 prizes, including one big first prize, are annually furnished by the merchants of Northville.

Proceeds of the fair will go to the Maybury Welfare Fund, which furnishes pajamas, etc., for the patients.

The boy was taken to Sessions Hospital, but only light scratches were sustained.

A freak accident happened at the "Doren Service Station last Saturday when Edwin Stamsell, of 837 Spence Road, Pontiac was putting air in a tire on his trailer when the rim gave way, striking Stamsell in the face, causing a broken jaw and mouth lacerations. He was taken to Sessions Hospital for treatment.

Michigan Mirror
For Artistic News Letter

"Gene" Black, Michigan's scrapping attorney general, has become the "Peck's bad boy" of the Krummiger administration.

The man whom Sigler once insisted was a "must" for his cabinet is now his No. 1 prickly thorn.

Because the Republican delegation at the Republican national convention stuck to Vandenberg in the second ballot, hoping to elevate Michigan's national statesman from the United States Senate to the White House, Black is now assailing Sigler for Michigan's "most distasteful political position."

Black says he has been a Dewey booster for years. Recently he "bounced" a call for a Dewey and a Claude R. Sullivan candidate for Governor to oppose Governor Sigler.

The Port Huron attorney, who commutes daily between the state capital and his home in Port Huron, has not indicated whom he would favor for Republican leadership.

Lieut. Governor Eugene C. Keyes, in the meanwhile is circulating petitions for both governor and lieutenant governor. He says he won't make up his mind until the July 20 deadline for nominating petitions.

State Treasurer D. Hale Brake of Stanton is unhappy over the Philadelphia outcome. He also differed recently with Governor Sigler over the proposed constitutional reforms. Asked about his intentions of running for governor, Brake told a Lansing newspaper reporter: "I have no intention of running. But I wouldn't tie myself up with any flat prediction about being, or not being, a candidate for any office at this time."

To all these rumors Governor Sigler is unperturbed.

"The people elect the lieutenant governor," he said, following his return from Philadelphia. "If they elect Keyes I'll try to get along with him as well as any human being."

"My big problem is that a part of the Administrative board wants to be governor and use every means to advance their own political ambitions."

Black, Keyes and Brake are members of the Administrative board.

Sigler said he thought Black should "spend more time helping to get things done than in popping off to anyone who will listen."

"One thing is sure," Gene Black doesn't give a whoop what happens to him politically. He finds life at the state capital very distasteful. Following the 1946 election, he sought to get an expense account for room and board at Lansing, maintaining that such was due him under an ancient statute. When Auditor General Muriel Atan refused to honor the claim, he promptly began the daily trek via a state-owned automobile from Port Huron and Lansing. His 1947 legal practice at Port Huron was lucrative.

He feuded with Lansing newspaper, correspondents over release of public information and was spanked publicly by Governor Sigler.

He recently charged that Michigan automobile dealers were in cahoots with the state Republican command, contributing huge sums of money for the 1948 campaign. All of this has been irritating to the Republican state central committee and to Governor Sigler. It is quite unorthodox for the attorney general of a reform administration to hint boldly of finagling in high places. Black has done just that.

Governor Sigler told Associated Press managing editors at Higgins Lake that he refuses "to bring himself down" to the level of his feuding colleague, Mr. Black.

"Mr. Black is a nice fellow personally," said Sigler. "But he has a peculiar complex. He has swung in many directions."

"I do not feel the same way Black does. Should I criticize him publicly?"

Whether Sigler does or does not, "Gene" Black is very much in the news.
