

SATURDAY, AUGUST 14

On this day when World War II ended, let us take time out for reflection. Let us consider our hard won Victory of three years ago and resolve to build a permanent Peace — to make democracy live — the very cause for which so many brave men died.

Tuberculin Patients Receive Country Cure at Maybury

The William H. Maybury Sanatorium, located just west of the Village is noted for its restful countrylike atmosphere and its scenic grounds. The sanatorium was completed in 1921, as the Detroit Municipal Tuberculosis Sanatorium. Later called the Spring Hills Sanatorium, the present name was bestowed in 1927, in honor of the man who directed the construction of the institution.

William H. Maybury entered public life in 1897. Following his retirement at the age of 37, he devoted his life to humanity and charity. Mr. Maybury served on the Detroit Board of Health, the Wayne County Board of Supervisors, the Jury Commission of Wayne County and the administrative board of the Wayne County Training School. He died in November 1931 of tuberculosis, the disease he had spent so much time fighting.

The medical work at Maybury is directed by Dr. Wilkie Leonard Howard and S. Putnam Smith is business manager. At present there are 50 nurses and nine doctors employed at the sanatorium. The patients number 725 now, 120 of these being children. Although the capacity is 844, the shortage of nurses makes it impossible to care for more patients. Approximately 700 patients enter and are discharged from the San each year.

Owned by the City of Detroit the sanatorium cares for patients of Wayne County some out-county patients arranged for by their counties and about 100 state at large patients who are veterans. The county is responsible for the care of the patients and pays for their hospitalization receiving help from the patients' families where possible.

Maybury has four departments, rehabilitation, occupational therapy, operation and maintenance. The rehabilitation department determines by the use of aptitude tests and personal questionnaires what a patient is capable of doing, and trains him in work that will be of interest to him, that will assure him remuneration according to his standard of living and that he will be physically capable of doing in this manner, the patients are prepared for a normal life after cure. Work toward high school and college degrees is also carried on by correspondence. This new rehabilitation branch is financed by the Michigan Tuberculosis Association. The sanatorium staff is very enthusiastic about the work and Dr. Howard reports that it has raised the morale of the patients greatly.

Occupational therapy directs and promotes the interests of the patients. The department trains them in handicraft and furnishes literature on various subjects. At the present time a program in homemaking courses is being taught.

Early diagnosis, treatment, rehabilitation and education of the public about the disease, said Dr. Howard, are the four methods of controlling tuberculosis. The chief care for the disease, he said, is rest, both bed, and lung rest, which is done by collapsing the lung. A new drug, streptomycin, is now used to supplement rest treatment. In cases where this drug is not effective, PAS and promizole are used. Treatment of all cases is decided in doctors' conferences.

Maybury was one of five medical centers chosen to experiment with streptomycin. During the past year, when it has been used, one study has shown that the death rate among patients using

the drug has decreased nearly 50 per cent. However, the average length of treatment has been longer, due in part to the fact that any patients who might otherwise have died, have required longer treatment. The waiting list too, has been longer, because beds are not being vacated as fast as before.

The length of hospitalization varies from seven months to a lifetime. The average period is about a year, with tapering off treatment carried on at home after discharge.

Maybury San has four units, the Ambulatory Building, with five wards, the Annex for Men, the Children's Unit and the Infirmary. There are nurses' and doctors' quarters, and living facilities for about 225 of the 500 employees on the grounds.

The farm land of the sanatorium is worked by inmates of the Detroit House of Correction. The San has its own power and water source, laundry and fire house. It has hospital facilities, with x-ray machines, therapy equipment, facilities for minor surgery. They have four kitchens, a library, an auditorium and a small store.

The patients' activities include the Goodfellows Club, which sponsors the Maybury fair annually, and the patients magazine, the Fluoroscope, with articles, stories and other entries contributed by the patients.

Bell Co. Observes 70th Birthday

The Michigan Bell Telephone Company is quietly observing the 70th birthday of the telephone in the state while engaging in the largest construction and improvement program in its history.

J. R. Saxton, manager here for the company, pointed out that the first telephone exchange serving 33 subscribers was opened at Detroit on August 5, 1878, by the Telephone and Telegraph Construction Company, direct ancestor of Michigan Bell.

Five weeks later, the first directory of subscribers to the "speaking telephone" system was published. It listed 133 customers but no numbers.

The license to operate a telephone company under Alexander Graham Bell's patents was obtained by William A. Jackson and George W. Balch through direct negotiation with the great inventor himself and Gardiner G. Hubbard, Bell's father-in-law and business agent.

After a year of experimentation with private lines, Jackson and Balch asked Thomas A. Watson, Bell's assistant, to come to Detroit to advise them on technical problems regarding the organization of an exchange. This Watson did and later personally arranged for the shipment of a small switchboard from Boston.

From such modest beginnings, Michigan Bell has enlarged its facilities to serve over 1,600,000 telephones. It has grown as much in the last eight years as in the preceding 62 years. With its five-year, postwar construction program of \$220,000,000 at the half-way mark, the company has succeeded in cutting its waiting list from a high of 127,000 at V-J Day to 36,000 today while meeting the greatest demand for new service on record.

Mrs. Al Tobin has returned to her home on Chubb Road after visiting three weeks at Bay City.

School Announces Six New Teachers

R. H. Amerman, Superintendent of Schools has announced the new teachers on the Northville faculty staff. There are six new teachers and two former teachers are returning.

Miss Martha Egge will teach third grade. She received her Masters Degree in the elementary field from Wayne University. Miss Egge has taught for many years in Wayne County schools, and spent the last seven years in Truesdale. Her home is in Plymouth.

Miss Lamayne Markham will teach girls physical education in grades five through 12. She received her Bachelor of Science Degree from Syracuse University in Syracuse, New York and her Master's Degree from the University of Michigan. She majored in physical education and minored in English. Miss Markham is a Red Cross swimming instructor. She has taught in Detroit, Dearborn and Roseville, Michigan, and has nine years experience. Miss Markham comes from Syracuse but is now living in Dearborn.

Charles Ketterer is the boys physical education teacher and head basketball coach. He will assist in coaching baseball and football, and will teach driver training and social science. Mr. Ketterer was graduated from the University of Michigan in June. He majored in physical education with a minor in hygiene and social studies. A member of the Sphinx honorary society, he also received many varsity awards and was captain of the 190 lb. football team. He is highly recommended by O. B. Cowles, former head basketball coach of U. of M. and by H. O. Crozier, director of athletics at Michigan. Ketterer is unmarried and lives in Detroit.

Boys' physical education teacher and head baseball and football coach and assistant basketball coach is Albert Jones. Jones was graduated from Michigan State College with a major in physical education and minors in health and social science. He was a star pitcher on the college baseball team and was under option to the Boston Red Sox before entering the service. A member of the National Professional Basketball Association, he has been a successful coach in all sports. He has been teaching in Zealand for three years. Jones is married and has one child. His wife is the former Peggy McCullough of Northville.

Miss Eleanor Peeke will teach elementary music. She received her Bachelor of Music degree from the Chicago Musical College with major in voice and elementary music. She attended the Rockham Graduate School in Kalamazoo where she took courses in education. Miss Peeke has taught in McHenry County, Illinois, and taught voice in the Detroit Conservatory of Music. She taught voice and music education in the Berea College in Kentucky, and has taught in Moreau, Michigan Public Schools. Her home is in Three Rivers, Michigan.

Miss Florence Panattoni will teach high school English, speech and dramatics. She attended the Northern Michigan College of Education for her AB and the U. of M. for her MA degree. She majored in English, speech and French. Miss Panattoni has taught in Trenary, Manistique and Menominee in the Upper Peninsula. She has also coached debate teams. Her home was formerly in the Upper Peninsula but she is now living in Plymouth.

Two former teachers who are returning to the staff this year are Mrs. James Huff, who will teach the sixth grade and Mrs. Marion Rector who will teach art in all 12 grades.

A complete faculty list will be published at a later date.

COMM. GEORGE SIMMONS

Legion Conducts Memorial Service

The annual American Legion Seventeenth District Memorial Service and banquet were held in the Northville Methodist Church Friday night. The Methodist ladies served the dinner in the church house preceding the service. During the brief program at dinner visiting Legionnaires were called upon for a few remarks. Department Commander Arthur Clarke and Mrs. Clarke, Deputy Adjutant Lyle Alexander, and Mrs. Alexander, Dr. R. Golstone, Past Commander of Detroit District Association, Mrs. Wilber Johnston, Department 3rd Zone vice president and a nominee for Department president, Mrs. Lyle Clarke, were introduced to the two hundred Legionnaires and auxiliary members present.

Following the dinner the group adjourned to the church for their solemn memorial service, which pays tribute to all members of the Seventeenth district past and until who have passed away during the past year. Included on the program were songs by Mrs. Betty Ray, Auxiliary president, William Williams, and Mrs. Alice Williams. Tribute to deceased members was made by past commanders and unit presidents present. Tribute to Gold Star mothers was given by the District Auxiliary president, Mrs. Katherine Hathaway. The Holly Tree Memorial address was delivered by George Simmons, Seventeenth District Commander. The pages for the program were: Gail Peters and Hazel Hammond and John Poulos, and Tom Mosher, rendered Laps. Following the memorial service the ladies and men held separate meetings.

Play Program To End Next Friday

Friday, August 20 will be the last time youngsters from the village may swim at the East Shore Beach at Walled Lake under the supervision of the summer recreation program. All summer recreation play ends on that day. Swimming next Friday will be free of charge, compliments of the Village play program.

Fifty-four children swam last Friday afternoon, and 46 went last Wednesday. As usual, the youngsters boarded a T. P. Bidwell bus at 1:25 p. m. in front of the Edison office where they were transported to the beach. Swimming is supervised by Scotty Slesor.

Exhibition games were played at Ford Field Tuesday evening with Redford defeating the Maybury ball team 4 to 0 and Plymouth winning from Allan and Locke 10 to 7.

D. H. VanHove Granted Patent

Desire H. Van Hove of Main Street was issued a patent August 3 for an improvement on an automobile seat cushion spring. Mr. Van Hove is associated with the Great Lakes Spring Corporation of Chicago and the Fall Spring and Wire Company of Detroit and has assigned the patent to these companies.

Bill Groomer has received his discharge from the Navy and is now at his home on Randolph street.

Local Ball Scout Finds New Talent in W. Va.

An article appeared in the Detroit News Sunday concerning Joe Krutch, baseball scout for the St. Louis Browns. Mr. Krutch and his family recently purchased the Herbert home on Fairbrook Road.

Excerpts from the article read as follows: Joe Krutch, who spent nine summers scouting the Detroit sardos and nearby territory for the St. Louis Browns, was recently assigned a mission in the West Virginia hills. A report of progress in a letter from Scout Krutch, read "In a coal-mining town of 300 people, I found a big strong right-handed pitcher (6 ft 2 in tall, 185 lbs., 18 years old) who can really throw."

"His name is Charles Benzi Murphy. I signed him for the Wausau Club of the Wisconsin State League for delivery next spring. He comes from a place called Wolf Summit, W. Va."

Scout Krutch was impressed by the size of boys playing for amateur and semi-professional teams in the coal region. He continued "I also signed a big left-handed pitcher by the name of Russell Cordua. He is 19 years old and strong as a bull. Cordua will report next spring to our Mayfield, Kentucky club in the Kitty League. He is 6 ft 3 in tall and weighs 190 lbs. This part of the country, they sure grow up fast."

When he was 10 years younger, Krutch played shortstop for San Antonio in the Texas League. A knee injury ended his career and he came back to Detroit to run a recreation program for Chrysler Corp. to manage and hot team, and to serve the Browns. Mr. Krutch became so helpful in stocking the Browns' farm system with young players, that they gave him a regular job on the scouting staff.

Brader Team Wins Honors in League

Northville's Brader youth baseball team took top honors in the Little Rock League last week by defeating the Plymouth team 21 to 10. The team began its August 18, will participate in the play-offs for the state championship. The team is representing Plymouth's Little Rock League in the state play-offs and this is the first time that such a team has fallen upon a local baseball team. The group is composed of boys fourteen years and under.

These boys have played a good game of ball all summer, winning ten games and losing two and well deserve the good wishes and support of the community. Transportation to Pontiac for the play-offs is badly needed and anyone wishing to contribute a car or truck for such use should contact Scotty Slesor, director of summer recreation.

Local boys who will participate in the play-offs include, Ken Rowe, pitcher and third base; Don Thomson, short stop; Denny Curl, catcher and fielder; Charles Reitzke, catcher and fielder; Tom Wick, fielder; Don Graham, first base; Eugene Bongiovanni, fielder; Bob Clark, second base; Karl Rossow, fielder, and Linwood Bartley, fielder.

1894 Record Appeals for Woman's Rights

An issue of the Northville Record for March 2, 1894, brought in by Mrs. Mary Predmore, shows a marked change in the paper during the past 54 years.

The single sheet copy is eight and one fourth by 11 and one fourth inches and is printed on only one side. There are no pictures on the page. The first of the three columns contains a correction notice, an election and a registration notice.

The second column is headed by an editorial paragraph concerning the need of a publishers' protective association, church notices and four advertisements for Dullman's Great German products, including one testimonial.

The last column contains four items of local social events, and urges the public to patronize them. The rest of the column is devoted to advertisements. The appeal for women's rights is evident in an advertisement for a stove repairman, stating that "every woman in Michigan has a right to have a whole stove to use."

Announces Plans

REV. LORENZO E. WOODS

Father Woods To Sponsor Program

Rev. Lorenzo E. Woods is sponsoring a new Fall and Winter program of organization and development for Our Lady of Victory Parish.

By September 1 a garment for the smallest infant to 12 years of age from every lady member of the parish is hoped to be obtained. This is the National Council of Catholic Women appeal for the children in need in Europe and 7 million garments as the quota from the United States. Southwestern Deaconess with 27 act in pairs and its officers, is expecting a big response to the appeal and the committee, and societies in charge are working to forward their shipments as soon as possible.

During September the following parish organizations will take part: Deaconess group, for the entire parish. Family life and home education, Diocese of Detroit. Home problems, Red Cross. Chalmers Relief, Children and Citizenship. Motion pictures. Social action. Volunteer youth service. Entertainment nights for children. Entertainment for children. Entertainment for children.

Prominent church leaders and Deaconess officers will support this development program which has been successful in the Detroit Archdiocese Council in the last several years, as well as the larger ones.

Father Woods has done a fine job of directing the church and the church house this summer and he is now planning for some very interesting and successful months ahead.

Novi's Gala Days Come Next Week

Plans are well under way for the three day Gala celebration to be held in Novi August 19 through 22. Wade's Carnival will provide rides and entertainment. The Mother's Club and the Blue Star Mothers will serve refreshments. Games will be sponsored by the Odafellows and Reekah Lodges.

The main attraction Saturday afternoon will be an auction. Individuals wishing to contribute articles may phone Jack Crawford, 96031. Articles may be bought and sold on percentage basis.

Sunday, a new two door Ford will be given away. All proceeds will go to the erection of a community building, to be used as headquarters for the fire department and offices of the township officers.

State Fair to Offer \$110,000 in Prizes

The Michigan State Fair, to be held in Detroit from September 3 through 12, is offering \$110,000 in prizes, a 10 per cent increase over last year's prizes. Premium books listing the prizes are being mailed this week to those applying for them.

Legion Conducts Memorial Service

The annual American Legion Seventeenth District Memorial Service and banquet were held in the Northville Methodist Church Friday night. The Methodist ladies served the dinner in the church house preceding the service. During the brief program at dinner visiting Legionnaires were called upon for a few remarks.

Department Commander Arthur Clarke and Mrs. Clarke, Deputy Adjutant Lyle Alexander and Mrs. Alexander, Dr. R. Golstone, Past Commander, of Detroit District Association, Mrs. Wilber Johnston, Department 33 Zone vice president and a nominee for Department president and Department past president, Mrs. Lydia Murphy were introduced to the two hundred Legionnaires and auxiliary members present.

Following the dinner the program addressed to the church people for their solemn memorial service, which pays tribute to all members of the Seventeenth district past and units who have passed away during the past year. Included on the program were songs by Mrs. Betty Ray, Auxiliary president, William Williams, and Mrs. Alice Williams. Tribute to deceased members was made by past commanders and unit presidents present. Tribute to Gold Star mothers was given by the District Auxiliary president, Mrs. Katherine Hathaway of Holly. The Memorial address was delivered by George Simmons, Seventeenth District Commander.

The pages for the program were Carl Peters and Hazel Hammond and John Paulos and Tom Mosher rendered taps. Following the memorial service the ladies and men held separate meetings.

Play Program To End Next Friday

Friday, August 20 will be the last time youngsters from the village may swim at the East Shore Beach at Walled Lake under the supervision of the summer recreation program. All summer recreation play ends on that day. Swimming next Friday will be free of charge, compliments of the Village play program.

Fifty-four children swam last Friday afternoon, and 46 went last Wednesday. As usual, the youngsters boarded a T. P. Bidle bus at 1:25 p. m. in front of the Edison office where they were transported to the beach. Swimming is supervised by Scotty Slessor.

Exhibition games were played at Ford Field Tuesday evening with Redford defeating the Maybury ball team 4 to 0 and Plymouth winning from Allan and Locke 10 to 7.

D. H. VanHove Granted Patent

Desire H. Van Hove of Main Street was issued a patent August 3 for an improvement on an automobile seat cushion spring. Mr. Van Hove is associated with the Great Lakes Spring Corporation of Chicago and the Fall Spring and Wire Company of Detroit and has assigned the patent to these companies.

Bill Groomer has received his discharge from the Navy and is now at his home on Randolph street.

Local Ball Scout Finds New Talent in W. Va.

An article appeared in the Detroit News Sunday concerning Joe Kritch, baseball scout for the St. Louis Browns. Mr. Kritch and his family recently purchased the Herbert home on Fairbrook Road.

Excerpts from the article read as follows: Joe Kritch, who spent nine summers scouting the Detroit sardos and nearby territory for the St. Louis Browns, was recently assigned a mission in the West Virginia hills. A report of progress in a letter from Scout Kritch read: "In a coal-mining town of 300 people, I found a big strong right-handed pitcher (6 ft 2 in. tall, 185 lbs., 18 years old) who can really throw."

"His name is Charles Denzil Murphy. I signed him for our Watson Club of the Wisconsin State League for delivery next spring. He comes from a place called Wolf Summit, W. Va."

Scout Kritch was impressed by the size of boys playing for amateur and semi-professional teams in the coal region. He continued: "I also signed a big left handed pitcher by the name of Russell Cordua. He is 19 years old and strong as a bull. Cordua will report next spring to our Mayfield, Kentucky club in the Kitty League. He is 6 ft 3 in. tall and weighs 190 lbs. This part of the country, they sure grow up fast."

When he was 10 years younger, Kritch played shortstop for San Antonio in the Texas League. A knee injury ended his career and he came back to Detroit to run a recreation program for Chrysler Corp. to manage, and to team and to serve the Browns. Mr. Kritch became so helpful in stocking the Brown's farm system with young players that they gave him a regular job on the scouting staff.

Brader Team Wins Honors in League

Northville's Brader team, a handball team, took top honors in the Little Rock League by defeating the Plymouth Mill 21 to 10. The team is composed of boys fourteen years and under.

These boys have played a good game of ball all summer, winning ten games and losing two, and well deserve the good wishes and support of the community. Transportation to Pontiac for the play-offs is badly needed and anyone wishing to contribute a car or truck for such use should contact Scotty Slessor, director of summer recreation.

Local boys who will participate in the play-offs include: Ken Rowe, pitcher and third base; Don Thomson, short stop; Danny Curl, catcher and fielder; Charles Reitzke, catcher and fielder; Tom Wick, fielder; Don Graham, first base; Eugene Bongiovanni, fielder; Bob Clark, second base; Karl Rossow, fielder, and Linwood Bartley, fielder.

1894 Record Appeals for Woman's Rights

An issue of the Northville Record for March 2, 1894, brought in by Mrs. Mary Predmore, shows a marked change in the paper during the past 54 years.

The single sheet copy is eight and one fourth by 11 and one fourth inches and is printed on only one side. There are no pictures on the page. The first of the three columns contains a correction notice, an election and a registration notice.

The second column is headed by an editorial paragraph concerning the need of a publishers' protective association, church notices and four advertisements for Dullam's Great German products, including one testimonial.

The last column contains four items of local social events, and urges the public to patronize them. The rest of the column is devoted to advertisements. The appeal for women's rights is evident in an advertisement for a stove repairman, stating that "every woman in Michigan has a right to have a whole stove to use."

Announces Plans

REV. LORENZO E. WOODS

Father Woods To Sponsor Program

Rev. Lorenzo E. Woods is sponsoring a new Fall and Winter program of organization and development for Our Lady of Victory Parish.

By September 1 a garment for the smallest infant to 12 years of age from every lady member of the parish is hoped to be obtained. This is the National Council of Catholic Women appeal for the children in need in Europe and 5 million garments as the quest from the United States. Southwestern Deacons with 27 acts of piety and its officers, is expecting a big response to the appeal and the committees and societies in charge are urged to forward their shipments as soon as possible.

During September the following parish organizations will take part: Parish group, for the entire parish. Family life and home education, Diocesan group, having problems, R. G. Club, Black Bar, Camp, Red Cross, Catholic Relief, Catholics and Citizenship Motion pictures, Sacred Heart Volunteer group, etc. Entertainment nights for adults, Entertainment for children, children's parish, etc. Promoting the church and its work, and the church's social and community work will support this development program which has been well in the Detroit Archdiocese and is being carried on in the other parishes as well as the Detroit ones.

Father Woods has done a fine job of developing the church and the church house this summer and he is now planning for some very interesting and social months ahead.

Novi's Gala Days Come Next Week

Plans are well under way for the three day Gala celebration to be held in Novi August 19 through 22. Wade's Carnival will provide rides and entertainment. The Mother's Club and the Blue Star Mothers will serve refreshments. Games will be sponsored by the Oddfellow and Reekah Lodges.

The main attraction Saturday afternoon will be an auction. Individuals wishing to contribute articles may phone Jack Crawford, 96031. Articles may be bought and sold on percentage basis.

Sunday, a new two door Ford will be given away. All proceeds will go to the erection of a community building, to be used as headquarters for the fire department and offices of the township officers.

State Fair to Offer \$110,000 in Prizes

The Michigan State Fair, to be held in Detroit from September 3 through 12, is offering \$110,000 in prizes, a 10 per cent increase over last year's prizes. Premium books listing the prizes are being mailed this week to those applying for them.

Several new features will be at this year's fair. 4-H club members will sell fruit, cider and honey in the Agriculture Building. There will also be a potato show in the Agriculture Building, under the direction of R. Pettigrove, of Michigan State College, who also has charge of the small grains show.

A Town Convention will be held Saturday, September 11, at the fair. Sponsored by the Twin Pines Dairy a contest will award loving cups to winning pairs of twins. There will be a twin parade and twin talent show in the music shell between 5:30 and 6:30 p. m.

Downs Plays Host To Plymouth Troop

Northville paid its respects to its neighboring community of Plymouth last Thursday night when the Plymouth Troop first of the rich stakes honoring Michigan horse-loving communities as a run at the greatly beautified Northville Downs.

A large contingent of Plymouth people visited the brightly lighted Downs to see the trot, which was run in two heats. For the fortunate it was a gala occasion — the winner of the second division, Hylwyn Mally, a Michigan bred, paid the longest win price of the meeting to date, \$94.80.

Major Frank Henderson and Manager Harold Choe of Plymouth presented the long shot winner, owned and driven with locally and bought of Hylwyn Mally, a Michigan bred, and General Manager and Chief Clerk, V. H. Prost, both of Plymouth, participated in the ceremonies.

64th Milford Fair to Close Saturday

The 64th annual Milford Fair, in its fourth day today, the Fair will close Tuesday and will close Saturday.

Features for Friday and Saturday nights are horse pulling contests. The Cheochee Rodeo will be featured both evenings.

There are livestock exhibits entered by the Oakland County FFA boys and the Golden River Ranch of Cheboygan, Michigan. In the Oakland County Exhibition building there are exhibits of vegetables, grain, food, flowers and home furnishings. There are commercial exhibits of home appliances, heating units, cement block builders, roasters, a complete kitchen, a television set in operation, log cabins, and a Detroit Edison film on essential electricity for farming. There will be a complete line of farm machinery, implements, cars, trucks and tractors.

The Fair began Tuesday at 5:30 p. m. with a parade on the main street ending at the Fairgrounds. Tuesday evening the grandstand attraction was Rums' Auto Maniacs. The Cherokee Rodeo ran Wednesday afternoon and Wednesday and Thursday evenings. Thursday afternoon was Kiddies' Day with grandstand and rides half price. There were contests and races, with prizes, including a grand prize of a bicycle.

Carrington Heads Planning Board

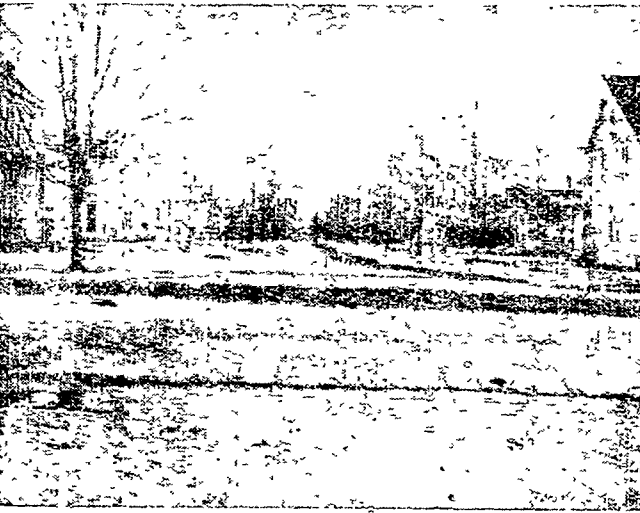

Monday evening at the Village Hall, an organizational meeting of the recently appointed planning commission was held. T. R. Carrington was elected chairman and Carl R. Ely was elected secretary of the board.

Present at the meeting were planning board members Preston Fuller, Ernest J. Willis, Carl Ely, Tom Carrington, George Stalker and Charles Murphy. Absent were Commissioners Forrest Doren and Harry Wagenschutz.

Following the election of officers a lively discussion ensued on the Village zoning ordinance. The meeting was adjourned so that the members of the planning board could have ample opportunity to familiarize themselves with that ordinance. At this writing no date has been set for a future meeting.

Mr. and Mrs. Roy Van Atta and daughters, Janyth and Carolyn of Randolph Street are at their cottage on Grass Lake where they have been spending most of the summer. Recently they drove north to visit the Melvin Kiken family at Hillman, Mrs. Mabel Kiken, mother of Mrs. Van Atta and Mel also accompanied them on their trip.

Northville's Yesterdays

ONE YEAR AGO—

The Northville Downs, in its third year of operation, employed 213 people from the village and surrounding territory.

The Northville Record put before the public, the first issue of the Record with its new masthead, showing a sketch of the Northville-Spring, believed to be the village's oldest landmark.

The Depositors State Bank installed a new National Cash Register Proof and Distribution machine.

Newlyweds, Mr. and Mrs. Carl Stephens were honored by a party given by Mrs. Samuel Geraci at her home.

FIVE YEARS AGO—

The twenty-seventh Northville Free Fair opened for five days.

Corp. Mildred Ely, Northville WAC, was on active duty with the First Battalion in Great Britain.

Lieut. Robert Bray told of his flying experiences in China at the Exchange-Rotary meeting.

A mock alert and bombing of the county brought out the village emergency services.

Roy Clark was honored by the post office staff from which he retired July 31 after thirty-seven years of service.

TEN YEARS AGO—

Mrs. L. Irving Condit had as her guests at her cabin on the Au-Sable, Mrs. Sherwin A. Hall and Mrs. T. Glenn Phillips.

Louise Alexander and Edward Angove were guests at the J. N. McLoughlin cottage near Levison.

Mr. and Mrs. Ben Steers entertained the members of the Horse Show committee at a dinner party to discuss arrangements for the Fair Horse Show.

FIFTEEN YEARS AGO—

For the first time in several months the Maybury-Sanatorium met its payroll of \$13,000 in cash.

Mr. and Mrs. George Bieri received word of the safe arrival of their family Mr. and Mrs. Harry Willis and children in Ireland, after a trip abroad the S. S. Caledonia.

The ninth annual reunion of the East Novi School was held at the home of Lily Angell. More than 80 old teachers and pupils were present.

THIRTY YEARS AGO—

Word was received that Geo. G. Simmons and Earl Montgomery had arrived safely overseas.

Several heat prostrations were reported here. The thermometer hit 110 degrees.

A total of 138 World War II members of the Navy, Marine Corps and Coast Guard were awarded the Congressional Medal of Honor.

Although the Navy's submarine force had less than two per cent of the total Navy personnel, the submarine force sank two-thirds of all Japanese ships accounted for by the Navy during World War II.

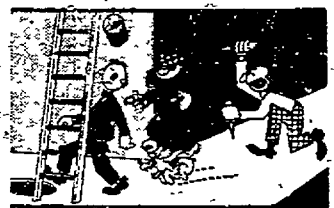

JINX? HA!

Friday the 13th Is Big Fake

You, too, can have a safe and sane August 13, which just happens to turn up on a Friday this year.

It is a matter of undeniable statistics that the combination of the day Friday and the date 13 definitely does not deluge the world and its citizens with any evil, otherworldly influence. The belief that it does is a morbid hangover from the Dark Ages.

Naturally unfortunate incidents—like a wife catching her foot in her cucumber and a little boy getting a silver from the neighbors' front steps—may happen on Friday the 13th, but so well-adjusted

person would claim that the day has a monopoly on little unpleasant accidents such as these.

Friday the 13th is, briefly, just another week-day, and history proves it. Take a look at the record.

Of all the major disasters in this country since 1855—including torna-

does, hurricanes, floods, fires, sinkings and explosions—only one was on a Friday the 13th.

It was a tornado in 1945 which howled through Oklahoma, Arkansas and Missouri. And even that began on Thursday, April 12, and extended two the theoretically unlucky date next day.

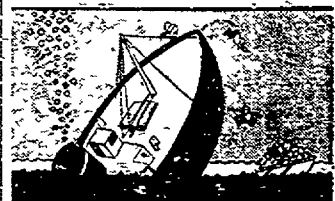

There have been more than 30 major plane crashes since 1941, but none of them occurred on a Wednesday.

Interstate commerce commission bureau of safety lists 50 major train wrecks in the United States between 1876 and 1947. The only one hitting the jinx day was a wreck at Guthrie, Ohio, on December 13, 1946, in which 19 persons lost their lives.

None of the world's great recorded earthquakes took place on Friday the 13th. And that fact is really a blow to the superstition that tragedy strikes on that day, because the list of quakes includes events of such massive lethal proportions as the September 27, 1290, temblor at Ch'ing, China, in which 100,000 were killed, and the January 24, 1556, earthquake at Shensi, China, which brought death to 830,000 persons.

Moreover, the Friday the 13th tabulations don't include a single one of the 20 most disastrous fires since 1900.

Three hundred and sixty major ship disasters are on the books for the 116 years between 1833 and 1949, but only two can be linked to Fri-

day the 13th and it takes a little stretching of statistics to get them into the picture.

The Mallory liner Sistrar, which disappeared from the face of the seas in 1923, was seen last when it left the Panama canal on July 13, a Friday. Date on which the steamship Marov gre sank in the Gulf of Mexico is recorded as August 13, 1915.

The day has brought the death of no president of the United States in all the nation's history.

Of the 89 major political assassinations in all the world since 1895, only one was on Friday the 13th—the shooting of Sofia in 1925 of Nicola Mileff, who had been designated as Bulgarian minister to the United States.

Now go out and cross the path of a black cat.

500 Out of 1,000,000 Planted Bass and Bluegills Live

Out of every 1,000,000 bass and bluegills that advance from the egg to the fry stage, only about 500 will reach maturity. Four years' records of painstaking work by W. E. Carbine of the conservation department's institute for fisheries research establish the fact that among these fish, Michigan the mortality after they reach the free swimming stage is invariably much in excess of 99 per cent.

Carbine made his intensive study observation sampling and counting on 13-acre Deep Lake in Oakland county, a private lake where conditions could be controlled. After the four years' observation of the reproduction of largemouth bass, bluegills, pumpkinseeds and rock bass, the lake was poisoned to obtain an accurate count of the age classes.

Carbine put the four-year bluegill fry production at 37,307, 600 the embers numbered 10,514 or 416 per million. For bass the proportion was 860,000 fry, 714 fish, 830 per million. In terms of percentage, 0.0115 per cent of the bluegill fry survived, in reverse terms, 99.9884 per cent perished.

He concluded that cannibalism and predation were the most important causes of loss, that the reproductive capacity of fishes is high, apparently as an adaptation for home with predators that variable survival conditions re-

ther than the number of young produced in any one season, determines the number of fish that later reach catchable size.

The findings are most significant for the light they throw on the old-style plantings of fry of warm water fishes, when lakes were stocked with a few thousand fry, that actually amounted to less than one pair of adults could produce on one nest. The high mortality rate was recognized early in Michigan, and most Michigan plantings of these fish were made in the lingering stage.

The terrible bass and bluegill mortality is the rule rather than the exception in the fish world. Carbine says, quoting similar studies for other species Atlantic packard for instance have a 99.9996 per cent mortality between egg and two-inch fish; mortality among brood from egg to adult is 99.99 and only 0.07 to 0.44 of one per cent of a northern pike eggs survive till the time the tiny young leave the mother's

Home Ec. Extension Club Holds Meeting

The home economics extension group of Wayne County held their regular meeting last Wednesday at the home of Mrs. E. M. Starkweather, 65 Seven Mile Road. There was a splendid turnout of ladies for the event.

The program consisted of a book review given by Mrs. William Milne of Dunlap street. She reviewed Eugene T. Lies' 'How To Make Democracy Work.' Mrs. Samuel Geraci of Clement Road gave the class report from the session held last month at Lansing.

Guests of the meeting were Mrs. Roy Matheson, Mrs. Dan Miller, and Mrs. Victor Dildine of St. Clair Shores.

In losing 897 aircraft in combat during World War II, the U. S. Navy was making a record of losing only one plane to every 16 lost by its Japanese enemy according to a recent study.

The ninth annual reunion of the East Novi School was held at the home of Lily Angell. More than 80 old teachers and pupils were present.

THIRTY YEARS AGO—

Word was received that Geo. G. Simmons and Earl Montgomery had arrived safely overseas.

Several heat prostrations were reported here. The thermometer registered 110 degrees.

A total of 138 World War II members of the Navy, Marine Corps and Coast Guard were awarded the Congressional Medal of Honor.

Although the Navy's submarine service had less than two per cent of the total Navy personnel, the submarine force sank two-thirds of all Japanese ships accounted for by the Navy during World War II.

JINX? HA!

Friday the 13th Is Big Fake

You, too, can have a safe and sane August 13, which just happens to turn up on a Friday this year.

It is a matter of undeniable statistics that the combination of the day Friday and the date 13 definitely does not denote the world and its citizens with any evil, otherworldly influence. The belief that it does is a morbid hangover from the Dark Ages.

"Naturally unfortunate incidents—like a wife catching her foot in her cummerbund and little Susy getting a silver from the neighbors' front steps—may happen on Friday the 13th, but no well-adjusted person would claim that the day has a monopoly on little unpleasant accidents such as these.

Friday the 13th is, briefly, just another week-day, and history proves it. Take a look at the record.

Of all the major disasters in this country since 1835—including torn-

adoes, hurricanes, floods, fires, sinkings and explosions—only one was on a Friday the 13th.

It was a tornado in 1945 which howled through Oklahoma, Arkansas and Missouri. And even that began on Thursday, April 12, and extended two the theoretically unlucky date next day.

There have been more than 30 major plane crashes since 1941, but none of them occurred on a Wednesday.

Interstate commerce commission bureau of safety lists 50 major train wrecks in the United States between 1876 and 1947. The only one hitting the jinx day was a wreck at Guthrie, Ohio, on December 13, 1916, in which 19 persons lost their lives.

None of the world's great recorded earthquakes took place on Friday the 13th. And that fact is really a blow to the superstition that tragedy strikes on that day, because the list of quakes includes events of such massively lethal proportions as the September 27, 1290, temblor at Ch'ing, China, in which 100,000 were killed, and the January 24, 1556, earthquake at Shensi, China, which brought death to 830,000 persons.

Moreover, the Friday the 13th tabulations don't include a single one of the 20 most disastrous fires since 1900.

then than the number of young produced in any one season, determines the number of fish that later reach catchable size.

The findings are most significant for the light they throw on the old-style plantings of fry of warm water fishes, when lakes were stocked with a few thousand fry that actually amounted to less than one pair of adults could produce on one nest.

The high mortality rate was recognized early in Michigan, and most Michigan plantings of these fish were made in the lingering stage.

The terring bass and bluegill mortality is the rule rather than the exception in the fish world.

Carbine says, quoting similar studies for other species Atlantic mackerel for instance have a 99.999 per cent mortality between egg and two-inch fish; mortality among herring from egg to adult is 99.99 and only 0.07 to 0.44 of one per cent of northern pike eggs survive till the time the tiny young leave the mothers.

With a campaign in the office, 5,600 civilian employees, were added to the government payroll in May. The total now is 3,066,265. The average in use in the payroll has been nearly 900 a day since January. — The Sullivan (Ind.) Union

In World War II Navy submarines were credited with sinking 201 Japanese naval vessels for a total tonnage of 530,192 and 1,113 Japanese merchant vessels of 300 or more gross tons totaling 1,779,902 tons.

Carbine made his intensive study observation sampling and counting on 15-acre Deep Lake in Oakland county, a private lake where conditions could be controlled. After the four years' observation of the reproduction of largemouth bass, bluegills, pumpkinseed and rock bass, the lake was poisoned to obtain an accurate count of the age classes.

Carbine put the four-year bluegill fry production at 37,367, and the survivors numbered 15,514 or 416 per million. For bass the proportion was 860,000 fry, 714 fish, 830 per million. In terms of percentage 0.016 per cent of the bluegill fry survived, or in reverse terms, 99.984 per cent perished.

He concluded that cannibalism and predation were the most important sources of loss, that the reproductive capacity of fishes is high, and that as an adaptation for living with predators that variable survival conditions re-

Three hundred and sixty major ship disasters are on the books for the 116 years between 1833 and 1943, but only two can be linked to Friday the 13th and it takes a little stretching of statistics to get them into the picture.

The Mallory liner Sultana, which disappeared from the face of the seas in 1923, was seen last when it left the Panama canal on July 13, a Friday. Date on which the steamship Marov gre sank in the Gulf of Mexico is recorded as August 13-14, 1915.

Steve Cronin, after a few days visit with his mother in Detroit, is back at his summer place, on Norfolk.

ROBERTS - COOLMAN

An event of interest to the West Point Park community was the marriage at 7:30 p. m. Saturday in the Farmington Methodist Church, of Idale Coolman, daughter of Mr. and Mrs. Homer Coolman, Shady Side Avenue and Gerald Roberts, Eight Mile Road.

The church was well-filled with relatives and friends. Lighted candles and baskets of white flowers made the altar of the church a lovely background for the rites. Music from the organ and the usual vocal numbers from a soloist, Miss Winters, added to the impressiveness of it all.

Mrs. Coolman gave her daughter away. The double ring ceremony was used with Rev. Stone officiating.

The bride was in traditional attire and carried a white Bible. Her attendants were Barbara Roberts, in blue; Joan Sheehan, in pale green, and Wanda Coolman, in pink; Ruth Ann Coolman, in yellow, was a flower girl. George Roberts was ring-bearer.

Following the wedding a reception was held at the home of the bride's parents and was well-attended. Numerous gifts were on display. Friends of the family assisted in serving appropriate refreshments. After the honeymoon the newlyweds will be at home in an apartment made ready in the Schmidt residence near Howell.

Establish Rifle Range in Pontiac Lake Area

Acceptance of the low bid for grading and other work incident to the establishment of a rifle range in Pontiac Lake state recreation area has been recommended to the State Administrative Board by the conservation department's parks division.

The 100-yard, 15-firing-point range is to be built in a naturally suitable spot in an abandoned gravel pit on the recreation area's land, quite remote from the beach and other extensive use areas.

One of its principal uses will be to provide deer hunters of southwestern Michigan a place to "light up" their deer rifles, aligning the sights for accurate shooting before they go north in the fall.

The 100-yard, 15-firing-point range is to be built in a naturally suitable spot in an abandoned gravel pit on the recreation area's land, quite remote from the beach and other extensive use areas.

One of its principal uses will be to provide deer hunters of southwestern Michigan a place to "light up" their deer rifles, aligning the sights for accurate shooting before they go north in the fall.

The range's prospective selection

of the low bid for grading and other work incident to the establishment of a rifle range in Pontiac Lake state recreation area has been recommended to the State Administrative Board by the conservation department's parks division.

SHAMPOO SONATA

You ought to hear June croon when she washes her hair these days.

You'd think she was in love.

And she is—with a new, automatic, electric water heater—

A heater that gives all the hot water she needs whenever she turns the tap.

More than that—

It's carefree... with no flames, no fumes, no soot to worry about.

It's clean and quiet and economical to operate.

And it's Dependable—with a capital D. Once installed, you can forget all about it. For laundry, baths and dishes, and a dozen other uses, try water heated electrically, the modern, carefree way. Ask at your nearest Edison office.

No Other Water Heater Gives All These Advantages!

- Cleanliness—No soot or smoke
- Carefree Operation—No flames or fumes
- Efficiency—No waiting or wondering
- Automatic Dependability—Always on the job!

Obituary

Mrs. Feighner Funeral
Held in Royal Oak

Funeral services for Mr. La-
mont Feighner, the former Eva
Yull of Vanderbilt, daughter of
Mrs. Ida M. Yull of Rayon St.

number of one of its prominent
early day friends, were held at
the First Methodist church of
Royal Oak with burial in Oak-
view. She was 52 years old.

Mrs. Feighner, formerly taught
music in the schools at Gaylord
and Pellston, was organist at one
time in the Methodist church in
Clawson and organist and choir
director of the Central Presby-
terian church in Detroit.

Born March 17, 1896, in Van-
derbilt, Mrs. Feighner was the
daughter of the late Samuel
Yull, a well known lumberman,
and of Ida M. Yull, who survives
her daughter. She obtained her
public school education at Van-
derbilt and later majored in
music at Ferris Institute in Big
Rapids.

Besides her husband, an audi-
tor in the bank at Royal Oak,
and her mother who lives in
Northville, Mrs. Feighner is sur-
vived by a son, Bruce Feighner,
director of music in Royal Oak
high school; a sister, Mrs. C. C.
Boyd of Northville; J. B. Scott of
Ovid, a former well known Gay-
lord resident; is an uncle; and
Mrs. Edward G. Stolle, Bedline
Yull and John B. Yull, all of
Gaylord; Stanley Yull of Munising;
Col. Charles M. Yull of Washing-
ton D. C.; and Mrs. Lillian Chapin
of Manhattan, Kan. Margery
Bowman, John and Samuel Yull,
Duncan McDougall of Brussels,
Ontario, are cousins.

CARD OF THANKS

I wish to take this opportunity
to thank my many friends for all
the kindnesses shown me during
my recent illness. Especially
Celia Heitrick, baby Andy, the
Patrol Club for their beautiful
thoughts and the dear old Get-
to-Gether Club.

LETTER TO NORTHVILLE RECORD STAFF

Reminding me that payments for 1948-1949 subscriptions are due gave me quite a thrill and I had better take care of it right away, as we would miss the "home paper" very much. We feel with it each week a warm glow of devotion to you, in and around Northville.

We have moved in the family and have bought a ranch near San Diego.

President Truman told newspapermen at Washington recently that he undoubtedly would be elected President in November. This might worry us more if we didn't remember that President Truman an hour after the polls closed on election day in November 1948 told the newspapermen that the Democrats had carried both Houses of Congress. Fire razed a dairy barn owned by Jack McCullough, 1750 West Tienken road, Rochester, on Friday morning.

Directors and county agents in southeastern Michigan planned a tour which was of special interest to growers of tree fruits on Tuesday, August 10.

Eight Milford girls were entered, at press time last week, in the area-wide contest for the selection of Miss Milford, who will reign queen of V-J-Day here Saturday, August 14.

Installation of Brighton's parking meters received the go-ahead sign August 2 when Circuit Judge Breakley handed down an opinion stating "the cross-bill of complaint should be dismissed."

The first major hurdle in the long quest for flood relief in the Maple River area is now passed. Tuesday of last week the drainage board approved making a survey, laying out a drainage district and securing estimated cost of constructing a tri-county Maple River dredging project. The drainage board, composed of three supervisors from each of the counties of Clinton, Shiawassee and Gratiot, voted unanimously in favor of taking this first step which it is hoped will ultimately solve the drainage problem in southern Gratiot and northern Clinton where hundreds of acres of good farm land are practically useless as result of spring floods.

Plans for a week-long celebration of the appearance of the Freedom Train in Ann Arbor are rapidly nearing completion. Ralph Keyes, general chairman of the American Heritage Week said August 5.

Two Farmington singers, students at the University of Michigan, had leading roles in two operas, one of which was presented in an NBC network broadcast Saturday afternoon, August 7, from 3 to 4 o'clock.

The 4th Annual Gratiot Junior Livestock Show and Auction will be held August 17 at the Breckenridge Auction and Sales Yard. Each year the Yards and Auctioneers have gladly donated their services for this event.

Because of the decrepit condition of the public bathhouse at the Municipal Beach, members of the Ann Arbor City Council voted to close the beach indefinitely at the end of the current swimming season in about three weeks.

Farmington Superintendent of Schools, O.E. Dunkel, announced last Wednesday that efforts are now being made to secure additional classroom space outside of the present school buildings prior to the opening of the school year in September.

The third annual Grand Ledge Independent city golf tournament got under way last week, with a total of 38 entries. They were split into three flights according to the qualifying scores with 16 in the championship and first flights, and four in the second.

Grand Ledge was without a fire chief and an assistant chief last week and until the city council met Monday night. Chief John Pierce head of local fire fighters for the past 18 years and assistant chief Andy Brown handed in their resignations, beginning August 1 and left the department immediately.

Coughbred Holstein cattle entered in competition, the Washtenaw-Wayne Holstein-Friesian association's annual Black and White show was held Thursday, July 29, on the Frisinger-Spike farm south of Chelsea. This was the greatest number of cattle ever entered in one of the local county shows.

Warm dry weather, following a week of rains, brought the local wheat harvest tumbling into the Highland Producers Association mills at Highland at the rate of more than 4,000 bushels a day last week, according to Paul Kaechele, the manager, who estimated in interview that the mill will process approximately 15 car loads of wheat, rye, and oats this season.

Contract for the two sewer projects in the special assessment districts was officially let to the Morrie-Mickelson Company of Detroit by the Rochester village Council last Monday night. The firm had been virtually assured of the contract previously as they were the low bidder on the projects but its formal letting could not be made until a public hearing was made on the assessments.

A U. S. Navy submarine commander was distressed when he surfaced after having been depth bombed by the Japanese and found an unexploded bomb lodged on the submarine deck. The resourceful skipper, however, loaded the bomb on a rubber life raft and carefully sailed away.

Grass Silage Offers Benefits to Dairymen

Advantages Are Shown In Wisconsin Research
Twelve positive advantages that grass silage offers dairy farmers were compiled as a result of tests conducted by Wisconsin FFA chapters and Kraft. Some of the decided advantages were:
Grass silage preserves as much as 20 per cent more protein of alfalfa.

There need be no loss of the crop through rainy weather at haying time.

Crop may be saved in a more orderly manner and labor distributed more evenly.

A grass silage program helps in control of weeds because it destroys the viability of weed seeds.

A grass silage program makes the control of erosion and insect pests easier.

It can be used to preserve the feed value of weedy crops.

It can be used to give pastures a much-needed rest period in the fall.

Grass silage makes for more vitamins and more color in winter milk and butter than either corn silage or sun-cured hay.

Precautions for Dipping Sheep Are Suggested

Among rules to be followed when dipping sheep are: Fast the sheep several hours before dipping. Don't dip sheep immediately on arrival at the bath if they have become heated. Don't dip sheep in an arsenical bath if they have open wounds. Don't put the sheep in the bath head first. Prepare the bath strictly in accordance with instructions on the package and mix thoroughly.

Dondero Talks About Civil Service Commission

The following address of timely interest was delivered to the House of Representatives August 15 by Honorable George A. Don-

dero, representative of the Seventeenth Congressional District.

"In the light of the recent disclosures made to Congress by the admitted Communist, Mrs. Elizabeth T. Bentley, and the verification of these allegations by the former editor of the Daily Worker, Louis Budenz and T. Whittaker Chambers, I feel it necessary to again call attention to one of the most shocking examples of the ineffectiveness of our government security system.

Sometime ago, I called attention to the fact that George Shaw Wheeler was employed by the War Department in the Allied Military Government in Berlin. It is not intended at this time to restate all of the now well-known facts regarding Mr. Wheeler's activities. However, for the benefit of those individuals who are still not entirely clear on Communist techniques and doubletalk, there are a few points which I should like to make for the record:

1. While George Shaw Wheeler is vigorously denying that he is disloyal, he does not state whether or not he is pro or anti-Communist, pro or anti-Soviet, or pro or anti-American foreign policy with regard to the preservation of American principles in the war against Communism. In fact, he does not state just what it is that he is not disloyal to.

2. Mr. Wheeler states that the Civil Service Commission held a full hearing on my loyalty and I was cleared. I now call upon the Civil Service Commission to furnish to Congress the complete record of the Wheeler case, showing the basis of that clearance and the names of those who used their influence to clear Mr. Wheeler as well as the methods by which this was accomplished. As in the Remington case before the Ferguson Committee it will be interesting to determine from the record how these individuals accomplish the task of manipulating the appointments and clearances of their colleagues.

3. In his letter printed in the Washington Post of July 8, 1948, Mr. Wheeler states that he got his job in Czechoslovakia from the National Socialist Administration of the Ministry of Education, and not from the Communists. He states that he is lecturing in English to college students in the field for which he is trained — "classical liberal economics." He states, further, that "the Congressman assumes that my living in a country means that I approve of all that happens in it."

Few people doubt the immorality of an American citizen's teaching American principles in a university which is under the

MATTRESS OF WHEAT — Typical of scenes throughout the wheat belt as the Midwest harvests another bumper crop, this weary truck driver is shown asleep atop a 1,500-bushel load of wheat as he waits his turn at an elevator. This truck already had waited in a line composed of more than 100 trucks for more than six hours when this photo was made.

domination of the Communists. Surely these lectures are sanctioned by the Communist leaders in such a country. The known techniques of the Russian Police State make Mr. Wheeler's protestations that he is teaching the American viewpoint to students in a Russian-controlled state obviously false. It is apparent that Mr. Wheeler is teaching with the consent and guidance of the Soviet Government. In view of this, I am led to wonder about the nature of the "classical, liberal economics" which Mr. Wheeler disseminates in what he calls "the American way."

In regard to Mr. Wheeler's statement that "the Congressman assumes that my living in a country means that I approve of all that happens in it..." the best indication of his disapproval would be a condemnation of the Communist overthrow of the legally constituted government of Czechoslovakia. There is certainly no doubt in the minds of any loyal American regarding the conditions in Czechoslovakia, and if Mr. Wheeler cannot find sufficient criticism of the Soviet practices there, then there is little

likelihood of his finding anything wrong with them anywhere. More important than any single case of disloyalty to American principles by a government employee, however, is the whole problem of the security clearance of Federal personnel. At the present time, there are many security and investigative offices employing thousands of persons, at a cost of countless millions of dollars all engaged in investigating employees and applicants for employment in the Federal Service. In the case of the mountainous sum of money and load of persons engaged in the task, we have the repeated cases of the Geo. Wheelers, the Remingtons, Silvermasters and all the rest. This blundering overlapping and duplication of ineffectual investigative procedure must be done away with and replaced by a single, efficient, speedy, and economical office which will clear all Federal personnel once, and thereafter merely bring the case up to date.

There is at present a constant re-investigation of persons each time they move from one government job to another.

A typical example of this investigation by confusion would be that of an individual whose chronological record of employment might be as follows: Having received his original appointment with the Treasury Department, his background would be investigated by that agency. Some time later, upon transferring to the War Production Board, his background would be investigated by the Civil Service Commission. Seeking advancement, a transfer to the War Department would cause his background to be investigated by the Counter-intelligence Corps Pursuant to an Executive Order, his position might be reallocated to the State Department where his background would be investigated by the Office of Naval Intelligence. Reassuming civilian employment, he is appointed to the Atomic Energy Commission and his background is investigated by the Federal Bureau of Investigation. At this point, his background has been investigated six times. At no time has the information concerning his date and place of birth, education or former employment varied. Yet, ignoring the records already compiled, or believing them to be inadequate, Federal Agents repeatedly cross-cross the entire country verifying facts and interviewing witnesses, which, when once accomplished should eliminate the need of repetitious verification.

I propose that all existing governmental investigative records be consolidated and placed under the jurisdiction of one agency which will have the sole responsibility for clearing personnel."

Dairy Cows Sold for Beef Raise Milk Prices 32c

An increase of 32 cents per hundred pounds in the wholesale price of milk paid to farmer producers in the Detroit milkshed became effective August 15, according to an announcement by the Michigan Milk Producers' Association. This brings the price of Class 1 Milk, used for fluid consumption, to \$5.54 a hundred weight (46½ quarts), F.O.B. Detroit.

Howard F. Simmons, Secretary-Manager of the producers organization stated that the two factors most seriously threatening Detroit's milk supply are the unprecedented number of dairy cows sold for high beef prices and the cities of Toledo and Cleveland coming into the Detroit milk producing area competing for the supply and paying higher prices than obtained locally.

"Great quantities of milk are needed and being sought in Southern Michigan counties by the Ohio cities and Detroit faces a serious shortage later in the season unless all of the approved milk produced in the Detroit milkshed can be held in this market," said Mr. Simmons. "This cannot be done in any other way than meeting competitive wholesale prices."
