Speaker Snyder told the story of the crucifixion of Christ, how Jesus transcended his suffering upon the cross by looking into the distance and saying "This sacrifice shall not have been in vain, and pointing that Optimism truly exemplified was in its way a help to keeping alive Christ's prophecy and wish.

Earlier in the program President Linwood W. Snow of the local Optimist accepted the Charter from Governor Arlington O. Holbrook, Governor of the 17th District, with an appropriate speech of gratefulness and appreciation. Later Charter President (continued on back page)

1907 Record Tells Train Wreck Story

After seeing the picture of the Salem train wreck in last week's Record, Ed Yerkes of East Eight Mile Road showed the Record office staff a copy of a July 1907 edition carrying the story of the crash.

The headline read, "32 Killed and 100 Crucially Mangled. Details Ghastly." Mr. Yerkes said that the train wreck is considered one of the worst in history.

The special Pere Marquette passenger train consisting of ten coaches and a baggage car filled with employees of the road and their friends from the vicinity of Ionia crashed into a west-bound local freight train near Salem early in the morning. The conductor of the train said that he alone was to blame for the accident as he read his orders wrong.

A special trainload of doctors and nurses from Detroit was brought out to the scene of the crash to assist Dr. Henry and other local physicians.

Journalism in the early 1900's was very descriptive if the account of the crash is any indication. Phrases like "Penned in like rats in a trap without a chance to save themselves," and "trainload of happy excursionists converted into a horrible morgue," were among those we read in the account of the tragedy.

Gov'r Proclaims Army Day Apr. 6

Governor G. Mennen Williams has issued a proclamation designating Wednesday, April 6, 1949 as Army Day in Michigan.

The Governor, in his proclamation, reminded Michigan Citizens of the purpose of Army Day when he stated that the observance of Army Day afforded all citizens an opportunity to appreciate the service of those who wear and have worn the uniform of the Army—to those who are a bulwark of the nation's defense in war and a faithful servant of the people in time of peace.

Governor Williams noted that our Nation has moved to a pre-eminent position in world affairs during the past few years. "The Army," he said, "should be accorded its share of the credit in enabling this country to continue enjoying the American way of life and for maintaining the peace."

All citizens were urged to observe Army Day by displaying the National Colors and by sponsoring parades and public ceremonies in conjunction with the Army.

"I further call upon the citizens of the State of Michigan to give all possible assistance to the Army, the National Guard and the Reserve Organizations, so that our defense may be assured," Governor Williams concluded.

Draft Plans for Cancer Fund Drive

In this city and nearly 3000 other communities throughout the nation, the American Cancer Society's drive for a minimum of \$14,500,000 will be launched April 1.

In Northville, Miss Russell M. Atchison has been named the chairman of the drive and her co-chairman is Mrs. Walter Cause. The drive locally will be concentrated during the week of April 8 through 16. A house to house solicitation, Tag Day and canisters throughout the business places have been planned in an effort to swell the funds in the campaign.

Last year, \$1185.00 was collected in Northville and Mrs. Atchison stated that she hoped the Village will top this figure this year.

"We hope to make it possible for everyone in this area to have the opportunity of giving to the cancer drive," Mrs. Atchison said. "There is evidence that 1949 may well be the most important year of our lives in progress against cancer. We are fast reaching a climax in this conflict. If enough funds are made available to push forward the work of research and to outwork the frontal assault of detection and treatment, we can be most optimistic about the outcome."

"It is true that discoveries now being made in the laboratories may not be put to practical use for years to come, but our best medical authorities tell us that the basic mystery of cancer is being unraveled. In the meantime, advances in surgical and radiation treatment are being discovered and put into practice, resulting in more and more lives saved. As Dr. Charles S. Cameron, medical and scientific director of the American Cancer Society recently pointed out, the prospects of controlling cancer have never been brighter."

Mr. Locke wishes to commend the ladies on their fine door to door solicitation which largely accounted for Northville going over the top. Bagnat, Cansfield, Gannon, Price, Kellogg, Alexander, Rogers, Lutsenberger, Lapham, Myers, Mullip, Miller, Stevens, L. Bogart, Felker, Maletz, Atwood, Clark, Wagenschütz, Lee and Hoke.

Mr. Locke received the following wire from Detroit headquarters: "Congratulations on reaching your Red Cross campaign goal. The pulse of our campaign is in our branches as the bunches go so goes our drive. Thanks for continuing your efforts and for the additional splendid record of the past. Good Luck always goes with a good worker."

Lenten Speaker

DR. G. MERRILL LENOX

Lenten Services Well Attended

The Wednesday evening Lenten Services of the First Presbyterian Church have been very well attended. Dr. G. Merrill Lenox, executive secretary of the Detroit Council of Churches and a prominent Baptist Clergyman, spoke Wednesday evening, March 30. His topic was "The Coming Great Church" as he reported on the meeting of the World Council of Churches at Amsterdam last year. At that historic meeting all the churches of Protestantism were represented as well as the Orthodox Churches.

Next Wednesday, April 6, a local attorney, Paul H. Scholz, who lives on West Seven Mile Road, speaks on the subject "The Trial of Jesus As Viewed By A Lawyer."

The Lenten Services are held each Wednesday evening at 7:30 p.m. in the Church Sanctuary, presided by a fellowship of upper church members. Those attending are asked to bring a passing dish and then a table service. A children's program is conducted in the social room with films made possible by the Nellie Yerkes Auxiliary and the Presbyterian Men's Club.

Methodist Church To Present Passion Play

The First Methodist Church will present next Wednesday, April 6 the Passion Play of Oberammergau. This is one of the greatest religious dramas of all ages.

The movie to be shown was taken before the second World War and may never again be able to be filmed because Oberammergau is in Bavaria which is occupied by the Russians. Mrs. Belle McCall and her daughter, Mrs. A. M. Lawrence of Meadowbrook Road have visited the country and the village of Oberammergau and knew some of the persons who represented the Bible characters and they will interpret the picture. The public is invited to see this interesting and informative picture.

As persons concerned with world problems, and in our studies as members of the Women's International League for Peace it has seemed to us that the information on the North Atlantic Pact coming to us through newspapers and over the radio has not been complete.

The North Atlantic Pact needs our fullest consideration and most careful judgment. Let us not accept it unthinkingly as an accomplished fact.

The United States is pledged to work through the United Nations. But this pact sets up two military camps within the United Nations and has been sharply criticized by Secretary General Trygve Lie. Russia has been suborned and uncooperative but so have we. Let the United States take the initiative in breaking the deadlock by showing our willingness to consider a genuine disarmament program through the United Nations. We would win the respect and admiration of all peoples.

Communism grows in situations where people are hungry and all the necessities of life are short. Our European friends are facing just these conditions, even more so if they assume rearmament expenses. The most effective way to oppose communism would be to spend through the United Nations even a portion of the proposed military sums, for rebuilding industry, housing and farming.

The North Atlantic Pact, no matter what fancy dressing the State Department uses to make it more palatable, is a military alliance which would mean billions of our dollars to arm our allies on top of billions already requested for our own military uses. It would mean further consumer goods scarcity abroad, in spite of United States help, in countries just barely beginning to revive after the last war.

European member of the Women's International League for Peace wrote us that we do not realize the universal revolution in the idea of preparing for another war. The people are tired and hungry. They are on the road to fight again - or to be fought.

We are convinced that the North Atlantic Pact is a military alliance which would greatly increase the possibility of a world war. It is a pact of the State Department at its received little or no public comment in the P. M. and suggests that this means agreement in apathy. We suggest that it is, rather, lack of information, and we hope that many, seeing the dangers of the Pact, will be expressing opposition to Senators Vandenberg and Ferguson, Congressman Dondero, and the State Department.

"PLENTY OF RUNNING WATER MAKES OUR JOB EASIER!"

*Says
 JACK HARVEY
 R.F.D. No. 2
 Utica, Mich.

Jack Harvey is mighty proud of the electric water system on his farm. He declares that not only did the installation pay for itself in a surprisingly short time, but it has jumped milk production 10%. Just as enthusiastic is Mrs. Harvey, who says that because of the completeness of the system, her family is now enjoying a far happier, healthier and more comfortable life than before installation.

No wonder thousands of other farmers, linked by Edison lines, have also discovered PROFITS GROW WHEN WATER FLOWS.

ENLARGE YOUR SYSTEM

Complete water systems and electric pumps of all types and capacities, for use in shallow, medium or deep wells are available for immediate installation. See your friendly Edison Farm Service Advisor for full details. There's no obligation to you!

Give it Room-

it's ROADMASTER!

WHEN this sight greets you in your rear-view mirror - mister, better give over!

Overtaking you is just about the ablest performer on the road today - and wise drivers long ago learned the only thing to do with ROADMASTER is give it road room and a salute as it passes.

Reason is - ROADMASTER is something excitingly new in fine cars.

Big, yes - stretches a gorgeous eighteen feet, with all that such size means in comfort and inside stretch-out space.

But part and parcel of every one of its 4,400-odd pounds is the fastest footwork on the highway. Action is the key of every part, from its 150-hp Fireball power plant to the swift, silken, unbroken surge you get from Dynaflo Drive.

As a matter of fact, action's even invited by the price tag. By the pound, by the inch, by any yardstick you want to lay against it, it's the buy of the fine-car field.

For proof, just gather a few delivered prices on other cars and bring them around. We'll show you so much more for your dollar you'll waste no time getting an order in.

BUICK alone has all these features

Silk smooth DYNAFLO DRIVE • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADREFLEX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS • Cruiser-Line VENTIPORTS • Low-pressure tires on SAFETY-RIDE BIMS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

*Standard on ROADMASTER, optional on extra cost on SUPER models.

Mrs. Clarence Roberts is still quite ill.

Little Linda Muir is again having a siege of ear trouble.

The parents of Mr. and Mrs. Charles Davis have arrived from California and are their house guests for a time.

Freda Ault is recuperating from a case of near-pneumonia.

Barbara Williamson, who has been ill with rheumatic fever at her home on Mayfield Ave. returned to school this week.

Mrs. Harry Lewis, of Hubbard Ave., was hostess to a most enjoyable "Plastic Demonstration Party" Friday evening.

Twenty ladies, mostly from outside the immediate community were in attendance. Games and contests provided much of the entertainment.

After the demonstration a hearty lunch was served and all remained for an hour's pleasant visiting together.

Mrs. George W. Sandau, of Hubbard Ave., is convalescing from a flu attack.

Mrs. Ira Wagner became ill this week-end with a severe cold.

A grass fire originating in rubbish at the rear of the Neil property became a real threat to Hubbard Ave. residents near Eight Mile last Monday afternoon. The blaze even leaped a deep ditch and a dozen persons worked valiantly to save buildings on the Leslie Gruffy, Forrest Ault and Neil properties. The Livonia fire department was called and gave assistance.

Mr. and Mrs. Forrest Ault and children were guests last Sunday afternoon of Mr. and Mrs. Thomas Roberts in Monroe.

A grass fire at the rear of the Trapp property on Farmington Road near Eight Mile assumed such proportions last Monday that neighbors had a hard struggle to get it under control. At the same time fires were raging in several different parts of the community. The fire siren was being constantly heard all day long.

Last Sunday afternoon a dozen small boys deliberately set fire to the grass near a pile of lumber near Norfolk and Mayfield. An observing neighbor discovered the mischief and promptly phoned parents to get out and fight the fire. Only very prompt action prevented a disastrous fire.

Seven year old Marion Johnson of Clark Ave. has been ill with bronchitis all last week.

The Youngs, of Seven Mile Road, have sold their residence and are moving to California.

Mrs. Geo. Welch, Mayfield Ave., is having an extended visit with friends in Brighton.

Mrs. James Simpson is being greatly handicapped by a bad infection in one hand, injured several months ago.

Sunshine Sisters met in the Neighborhood Church Wednesday afternoon and enjoyed a very pleasant get-together.

"Prayer" was the devotional theme and a Bible quiz added to the interest. Plans were made for an Easter potluck luncheon to be held in the church at 12:30 Wed., April 6th, to be followed by an Easter program. The feature of the occasion was the presentation of a dainty yellow dress, with matching anklets, to a new little Sunshine Sister, Sharon Susan, month old daughter of Mrs. Manetta Wyman. Boy Scout Exhibit Will Appear at Convention Hall

Three hundred live-attractive Boy Scout exhibits will be displayed at the big Scouting Exposition at Convention Hall, April 21, 22, and 23. This outstanding exhibit being prepared by the Scouts and Leaders of the Detroit Metropolitan Area, will help dramatize to the public all phases of Scouting. Scouts working in booths will be used to display the various interests of Scouts such as pioneering, logrolling, Indian lore and dances, aerodynamics, and hand-loom weaving. Puppets made and demonstrated, and many other hobbies, skills, and handicrafts of the Cub Scouts, Boy Scouts, and Senior Scouts of the Detroit Council will be shown.

Headed by John S. Bugas, vice-president of the Ford Motor Company, a committee of leading citizens are aiding in the promotion of the Exposition. Assisting general chairman Mr. Bugas are: George W. Williams, De-

troit Trust Company, finance; Walter O. Briggs, Jr., Briggs Manufacturing Company, physical arrangements; W. G. Lerchen, investment banker, reception and guests; Judge Thomas Thornton, U. S. District Court, judging and awards; E. Lloyd Smith, J. L. Hudson Company, participation and space; E. A. Tomlinson, insurance executive, attendance and ticket sales; Richard Gauen of the Hudson Motor Car Company and William McGaughey of the Automobile Manufacturers Association, publicity and public relations; and Vaughan Blanchard, Detroit Public Schools, health and safety.

Amos R. Shields, Chief Scout Executive, in discussing the show

stated that the purpose of the exposition was to reveal the wide variety of interests that appeal to Boy Scouts. He emphasized the fact that the Exposition was not to raise money and that the small fee for tickets would be used to pay the necessary expenses of the big show.

Former Washtenaw County Treasurer Clyde D. Flemming was arraigned Monday morning on charges of forgery of public records and waived examination before Municipal Court Judge Francis O'Brien, following the formation of a one-man grand jury to investigate alleged embezzlements in the county treasurer's office.

The University of Michigan's football stadium will be enlarged to accommodate 97,000 spectators, it was announced last week. At present the stadium's capacity is 87,000 with the temporary stands erected.

Ninety horse-power motors and coated highways have speeded up the free delivery of United States mail to rural patrons, but after 50 years of acceleration they haven't changed the scope or character of the job to any great degree.

Authority for this conviction is Irving G. Rush Clark, who will complete a half century of rural mail carrying in the South Lyon area May 31 of next year.

South Lyon became suddenly prominent last week with the publication of the picture of a local progressive farmer on the cover of Collier's magazine. The farmer was R. E. (Russell) Calkins of 500 Hagadorn road. He was chosen as a typical middle western farmer, who has done a magnificent job of helping feed the world. The picture was taken by Mr. Calkins' son, John Calkins.

Rochester's newest and most modern retail store, the Mittel-feld-Eggleston department store, at 312 Main street, will open its doors for business on Friday of this week, according to co-owner Leslie Eggleston.

About 400 members of 4-H clubs of Livingston county exhibited work in clothing, health, handicraft, electrical, soil and water conservation, and bird study winter projects. These were open for public inspection at the Howell high school gymnasium Tuesday afternoon and evening, March 29, and the climax of the event was a program at 8 o'clock that night in the auditorium for 4-H members, their parents and friends.

The joint committee of the board of supervisors for Howell, consisting of Henry T. Ross, Fred Berry and Lynn W. Hegdgie. To give the voters of Livingston county information to guide them at the April 4 election on the proposed taking of funds for construction of a new county jail, the committee has prepared a statement regarding it.

Newcomer visitors left bargains behind them to tell of activities in Wagon and Walled Lake. On Wednesday night, when a safe robbery attempt was made at the Wagon Co-Operative company and successful "jobs" were pulled off at the Wagon business agency office and the Walled Lake A&P company store.

Any and all Birmingham taxpayers who would like to learn more about taxes and assessments—and quite possibly learn why he may find his city taxes in-

creased when he receives his tax bill, next July 1st—will have an opportunity to "ask the questions and get the answers" in a public meeting not usually afforded by most other municipalities.

A total of 21 calls were made by the Farmington Fire Department over a three day period last week-end as an epidemic of grass fires swept the city and township area.

The great bulk of the calls were to areas of the Township. The 21 calls cover the period from Saturday through Monday. Farmington firemen were almost continually on the go during the three day period with the new Township fog fire fighting truck and the old fire truck seeing plenty of action.

Plans have been started for the construction of a new Avon Township library, building to be built at the present location on Fifth street, during the coming summer months.

The Community House Roll Call begins today with a rally of 400 men and women workers who will carry the appeal for \$30,880 for 1949 operating expenses for the civic center to every home in the Birmingham area from which a contribution has not already been received by mail.

About two hundred members, former members, and guests of the Chelsea Kiwanis club attended the 25th anniversary Ladies' Night party of the club at the Municipal building Monday evening, March 21.

Mrs. George Hatley and Mrs. Myrtle Aichele of Chelsea were painfully injured about 8 o'clock Thursday evening in a truck-auto collision on US-12 at Pierce road just across from Foster's Tavern.

The first day of Spring, Sunday, brought with it an outburst of grass fires which kept both the Plymouth city and township fire departments jumping.

Sunday and Monday a total of 11 calls were answered by the two departments.

Whether or not the city should adopt the school and county's recent equalized valuation for assessment of all buildings in Plymouth, was a problem with which the city commissioners were faced Monday evening.

With seven days left to complete the 1949 Red Cross Drive in the City and Township of Farmington, only approximately half of this year's quota has been reached to date, said Howard Thayer, chairman of the local Red Cross Drive committee.

Mich. Farmers Paid \$2,723,977 by A & P For Butter in 1948

Michigan buttermakers and their patron farmers received \$2,723,977 from purchases made in the state in 1948 by the A & P Food Stores, it was announced today by George W. Diehl, head of the food chain's national dairy department.

The purchases during the year amounted to 3,741,915 pounds. The consistent high quality of Michigan butter was a factor in the large purchases in the state, said Mr. Diehl.

Blood Bank Plays Important Role

"Bottled life" is how one nation of Western Wayne County recently described the supply of whole blood and plasma stored in the refrigerators of Detroit's hospitals.

My seven-year old Jimmy's life was saved last year through a blood transfusion," she explained. "He had to be operated on for a ruptured appendix. His condition was critical and the doctors decided he had to have an immediate transfusion. Within a matter of minutes, they had requisitioned the hospital's bank for a supply of the right type, and had completed the transfusion. Jimmy recovered rapidly after that."

"I hear that the new Oakwood Hospital, to be built in this section, will have a blood bank. I wish everyone would realize how important that is."

Because of the necessity of having both blood and plasma ready for instant use in emergencies, Detroit's hospitals maintain a supply of whole blood as well as plasma. In this way any special need can be met without dangerous delay due to finding a donor and to the exacting laboratory work of typing and cross-matching the blood samples of the blood giver and patient.

This blood storage system is called a "bank" because it starts out with a quantity of donated blood. As this supply of blood is withdrawn for the use of patients, the bank must be replenished with a "deposit" of new blood.

The blood is collected from voluntary donors who have been tested and found free from disqualifying disease. This blood is put in vacuum jars containing a chemical which prevents clotting and the jars are placed in a refrigerator, or blood bank, for a limited time to be available for transfusion. The blood must exactly match the blood of the patient. The fluid part of the blood, known as plasma, can be readily extracted.

Any whole blood that is not used during the "safe" storage period is reduced to plasma, which can be kept a long time, and can be a hundred percent regarded as blood matching.

When the new 200-bed Oakwood Hospital is built, it will have its own blood bank. One of its most important features is that patients will be a blood bank. In the pit of the blood bank, the blood and plasma are kept.

And the contribution of 110 new, blood-bank hospitals, \$1,000,000 has been donated by the General Hospital Fund which is now raising a campaign to raise \$10,000,000 to expand Detroit's blood-bank system.

OPTIMIST

(Continued from Front Page)
Snow was tendered the Gog and Gavel by Dr. Louis York, President of the Dearborn Optimist (sponsoring) Club and the American flag which was given by Bert Livo, President of the West Detroit Club, and his own Presidents pin, was received from the hand of John J. Kennedy, President of the Downtown Detroit Club. Besides the above presentations, Optimist road signs were presented by the Hon. Judge Jay H. Payne, President of the Ann Arbor Optimist Club. Invocation was pronounced by Rev. E. E. Rossow of St. Paul's Lutheran Church, after which a most delicious chicken dinner was served by the ladies of the Lutheran Church.

Following dinner Chairman Dr. A. A. Holbrook introduced distinguished guests, read letters of congratulations from other clubs and pointed out floral tributes to the Charter Optimist Night.

He presented George Locke, who was pinch-hitting for the President of the Village, in welcoming the new club into the community. At this point Dr. Holcomb turned the meeting over to Clifford D. Hill, 1st Vice President of the Northville Club and Toastmaster for the evening, who kept things going at a lively pace.

Raymond Puti, Kalamazoo, district Secretary-Treasurer, introduced Optimist representatives from Grasse Pointe, Downtown Detroit, South Haven, West Detroit, Ann Arbor, Highland Park, Dearborn, Ypsilanti, Northville, Detroit, and Kalamazoo.

The beautiful flowers that adorned the tables were taken by the Optimists to the Children's Home and to those confined to their beds in and about Northville.

Installation services for the White Shrine of Jerusalem were held March 17 at the Farmington Masonic Temple. Those taking offices from Northville were: Mrs. Clara McNeil, Worthy Guide; Mrs. Ida B. Cooke, Chaplain; and Mrs. Iva Tabor, organist. Herbert Zube of Plymouth took the Third Warrant's chair. The next regular meeting will be held April 7.

Bentley Places 2nd in Oratory Contest

Northville High School was entered in the American Legion Oratorical Contest held March 25 at Pontiac, Michigan and Russ Bentley of N.H.S. placed second.

The first part of the contest consisted of a prepared oratory, which was to be written and delivered by the same person in not less than ten minutes, nor more than twelve. For each minute or portion thereof over, or under the allotted time, two points were deducted from the orator's score.

The second part of the contest consisted of a six minute extemporaneous speech. Each contestant was given six minutes to prepare the speech on his topics, though he was unable to use any reference material.

The placements were as follows: Ronald Witt Plymouth, 251 points; Russ Bentley, Northville, 247 and Ronald Hees, Plymouth, 206.

Miss Panattoni is the speech director at N. H. S.

Eugene Perrin Speaks To Birmingham Club

Eugene E. Perrin of the Dow Chemical Company's editorial service was the luncheon speaker at the Birmingham Rotary Club, March 28. Mr. Perrin was educated at Michigan State College and the University of Michigan and his home town is Northville. He is the son of Mr. and Mrs. Elmer Perrin of South Center Street.

At Birmingham speaking under the title, "Chemistry's New Dimensions," he showed Rotarians how new chemical developments radically affect our economic, social and even political existence. He explained how in agricultural chemistry the world food supply promises to be sharply increased with the widespread use of seed protectants, soil fumigants, new insecticides and weed killers, growth regulators and storage chemicals.

He told the story of the new synthetic amino acids which when added to stock foods increase the weight of animals which are on a low protein diet. The latest developments in the fields of thermoplastics, magnesium, synthetic aromatics and pharmaceutical chemicals was also highlighted in Mr. Perrin's talk.

The term "Realtor" was officially adopted to designate members of the National Association of Real Estate Boards on Mar. 27-1916, at a convention in New Orleans.

Library Has Award Books Available

The Newbery and Caldecott Award books for the year, announced in New York recently by the American Library Association, are available to the children of Northville at the branch of the Wayne County Library here.

Miss Rhea Lyon, branch librarian, said today:

Voted the "Best" contribution to American literature for children by the Children's Library Association, "King of the Wind," a fictionalized account of the real story of Godolphin Bard, ancestor of the famous racer, Man-o-War, earned the Newbery Medal for its author, Marguerite Henry.

The Caldecott Medal went to Berta and Elmer Hader, co-authors and illustrators of "The Big Snow," which was voted the "most distinguished picture book for children" by the association. In this book which fascinates the youngest children, the Haders have produced in picture and text the story of a little old man and woman who feed the birds through a long, cold, snowy winter keeping them alive until spring.
