Clark Re-Elected To School Board

Eural Clark was re-elected to the Board of Education at the election held Monday at the Village Hall. Mr. Clark received 79 votes, Fred Foster VanAtta, 13, and George Smith, 1.

About 50 persons were in attendance at the annual school meeting that evening which was conducted in the High school gym. Principal business was concerned with a discussion of the proposed nine room addition to the grade school.

A communication was read by George Stalker from Fred Foster VanAtta in which Mr. VanAtta suggested that the Board of Education bar tuition students and get along with the present grade school building. Mr. VanAtta raised the question that if the school districts were consolidated then all of them would pay for the new building.

Mr. Amerman stated that barring tuition pupils from the grade school would not solve the problem because there are not enough of them concentrated in any one grade to make a negligible difference.

The Board met at a special session Wednesday evening to set the date for the registration. Voters in the near future will be asked to vote on the bonds and the increased millage necessary to finance the school addition.

Next week's issue of the Record will discuss the financing of the proposed addition.

Roy Stone Buys Gamble Hardware

Roy Stone recently announced the purchase of the Gamble store on East Main street from Clayton Gasper. The new owner, who also owns and operates the T-Rose Egg farm on Seven Mile Road, has been a resident of the Northville area for 14 years.

Remodeling has already begun in the store with the addition of a sports section and the rearrangement of merchandise for more convenient display. Extensive plumbing and electrical equipment, baby supplies and toys will be displayed besides the present hardware merchandise, said Mr. Stone.

Assisting the new owner in the store is Marvin J. Muttap.

U-M Confers Degrees on 3 Local People

Three local people, Bill Johnston, Marilyn Keck and Edward Reid were among the 3,445 people who were graduated from the University of Michigan in exercises held last Saturday at Ferry Field.

Bill, who is the son of Dr. and Mrs. Wilbur Johnston of West Dunlap Street, received a Bachelor of Science degree in Mechanical Engineering. Marilyn, who graduated cum laude, received a Bachelor of Arts degree and teacher's certificate. She is the daughter of Mr. and Mrs. Edgar Keck of Grand River Avenue.

A Bachelor of Science degree was awarded Edward Reid, who is the son of Mrs. Emma Reid of Fairbrook Road.

Justice Bruce Dittus Bromley, for many years a leading member of the New York bar and recently named to the State's highest court, delivered the address to the graduates on "The Conservative Role in America." President Alexander G. Ruthven conferred the diplomas to the largest June class in the history of the University.

Collect \$1600.00 for Neely Family

The community and fellow employees of the Neely family banded together this week in efforts to raise a substantial sum of money to aid the family, five of which perished in a fire which gutted their home on Nine Mile Road last Wednesday. At this writing, about \$1600.00 has been collected.

Neighbors and the community at large contributed \$437.56. The collection was taken up by Mrs. Wesley Klocke, Mrs. Estel Caldwell, Mrs. Max Walters, Mrs. Joe Lapham and Mr. and Mrs. Andy Cusson all of Nine Mile Road. Local 83 of the Novi Equipment Co. donated \$100.00 and Mrs. Neely's fellow employees at the plant contributed \$154.55.

Mr. Neely's co-workers at Meadowbrook Country Club gave \$200.00 and the Club members so far have contributed \$709.00. Funds to aid the plight of this family are still coming in to swell the total figure.

Last rites for Mrs. Neely, aged 34, and her four children, Shirley, 9, Linville, 7, Phyllis, 4, and Bruce, 2 were held this week at Cambridge, Ky. Burial was made at the Evans Crossing Cemetery. The R. J. Casterline Funeral Home shipped the bodies last week-end to the "original home of the Neely family."

Surviving the fire, which completely destroyed the Neely home, are a daughter, Zeola Mae, 5, who is in critical condition at University Hospital, Ann Arbor, two sons, Amos, 11, and Andrew, 14, and the father, Bruce Neely.

Graduating Class Begins Exercises

The Presbyterian Church house was filled to capacity Sunday night with friends and relatives of the graduating class at Northville High school as they attended the annual Baccalaureate service.

Rev. Harold Fredsell delivered the sermon for the evening, using as his topic, "Educated and Christian." Rev. William Hughes read the invocation and the scripture lesson and Rev. L. E. Woods pronounced the benediction.

The high school choir, directed by Leslie G. Lee sang "Our Master Hath a Garden," and "In the Night, Christ Came Walking." Donna Schnute played the processional and recessional numbers.

Tuesday night the class might activities took place at the high school gym. The seniors marched in as the school song was played. The program was entirely prepared and presented by the members of the graduating class.

The address of welcome was given by the class president, Jack Heslip. The history of the class was given by Jean Gray, Sandra Smith and Nancy Lutenberger. Musical numbers were furnished by Mary Louise Lee, who played an oboe solo and Donald Costello, playing a baritone solo. Senior Choir members also sang several numbers.

Dolly Porritt, Esther Bedore, Duane Smoll and Dick Kremkow humorously predicted what the twelfth graders will be doing in the future. The last will and testament of the class was read by Eunice Waterman, Corine Clark, Jack Stovall and Keith Branch. Gifts were presented each member of the class by Dick Lyon, Ed Kazarian and Bill Stanford. Dick Kremkow gave the farewell address.

The Michigan Youth Center Association will hold a joint meeting with the Michigan Recreation Association at Ludington July 14-15. Northville will have two representatives at the meeting. Wilson Funk is secretary-treasurer for the MYCA. The objectives of the organization are to act as an agent in furthering state or regional meetings of youth and their leaders and to provide youth and adult understanding and cooperation.

Arrival Of Summer Set For Tuesday

Arrival of summer is scheduled for 1:03 p. m., Eastern Standard Time, on Tuesday, June 21.

This event will headline the astronomical calendar for the month, according to Dr. Hazel M. Losh, assistant professor of astronomy at the University of Michigan. The Milky Way and the planets Saturn, Jupiter, Mercury and Venus will be the objects of interests in the night skies during June.

On that day, the sun will rise and set approximately 33 degrees north of the east and west points of the horizon, and the northern hemisphere will receive the most heat in any 24-hour period. This event won't produce the hottest weather of the season since the earth's surface will still be warming up from the winter's cold.

This warming up process will continue each day until around the first of August when the

amount of heat received from the sun and the amount lost by radiation will be equal, Dr. Losh explains. "Our hottest weather should arrive at that time. Thereafter, the amount of heat lost each day will begin to exceed the amount received and the long cooling-off process that will produce our winter weather will begin."

Dr. Chabut Issues May Health Report

Dr. V. George Chabut, Village Health Commissioner, issued the following health report for the month of May:

There were no cases of scarlet fever, diphtheria, smallpox, chickenpox, rheumatic fever, measles, typhoid fever, whooping cough, gonorrhea, syphilis, polio, mumps, and meningitis reported. Three cases of undulant fever, six cases of bronchial pneumonia, three cases of lobular pneumonia, and three cases of tuberculosis were reported.

The popular debate is on: Was the 1949 state legislature a "do-nothing" group?

Since the legislature is dominated by Republicans, while the executive branch of the state government is Democratic, possibly for argument are unlimited. It will probably hear about it for "on" to come.

Here is the legislative record in '49:

Legislative appropriations were the highest in state history, exceeding last year's by 36 millions—about 40 more than anticipated.

Many benefits for old age recipients were increased 20 per cent from \$50 to \$60 a month. Also, new benefits were granted to the workers' compensation act whereby dependents of industrial accident victims are recognized for the first time in history.

The ceiling on unemployment insurance benefits was also raised, penalty provisions were softened.

The Bonnie-Tripp labor law is revised to encourage voluntary arbitration, to provide cooling-off period, and other methods for preventing strikes, thus public utility, including hospitals.

The sales and use tax is tightened to get better collections, exemptions on public and interest charges, which was obvious, were prohibited. The statute of limitation was removed where fraud is involved.

Limit on bonus applications of war veterans was extended two years to March 19, 1951. Veterans were given preference in public jobs. \$170,000 income of the veterans' trust fund set aside for veterans' hospitalization, local governments may grant special parking permits to disabled veterans.

The one-man grand jury law replaced by a three-judge system with no immunity for state witnesses. Indictments must be unanimous.

A water resources commission was created to control pollution and to cooperate with local governments on flood control problems. Earmarking of license fees was terminated. Size limit on panfish was removed. Conservation commission was given additional discretionary power to control the deer herd.

Parimutuel betting and all horse racing at the state fairgrounds, Detroit, will be terminated Jan. 1, 1950. A bill to outlaw betting at all race tracks was killed in House committee, after getting through the Senate—the same procedure as two years ago.

Liquor cannot be sold on state property, including state parks, bottle clubs are outlawed; a 51-per-gallon tax was placed on out-of-state fortified wines, as a protection for Michigan-made wines. Liquor legislation referendums limited to state elections.

Governor G. Mennen Williams, following his strategy of keeping the Republican legislature on the defensive, has served notice that a special session would be called (perhaps in the fall) to consider new tax revenues in order to avert a state treasury deficit. (Approximately two-thirds of the state revenues are returned to local governments).

In an appeal to the C.I.O. State Convention, Governor Williams urged labor to "pump some guts" in legislators. He criticized them for "failure" to enact measures for public housing, agricultural "seal of quality," non-discrimination in employment, and more labor benefits.

Guy Jenkins, veteran correspondent of the Booth Newspapers, commented caustically, "Williams' fiscal program is almost identical with what has been coming out of Washington since the early days of the New Deal with the late Harry Hopkins adopting the philosophy of tax and tax, spend and spend, elect and elect."

Owen C. Dearick, Detroit Free Press writer, "No new taxes, nobody hurt by anything the legislature did."

Kim Sigle, "They're the legislature" scolded the only system that uncovered graft and corruption in government in Michigan. Rep. Louis C. Crampton, former Lapeer circuit judge called the new grand jury plan an "unfortunate monstrosity."

Saginaw News: "If it carries the label of a do-nothing legislature—that isn't all to the bad. Much of its do-nothingness centered about Governor Williams' legislative program. Loaded with increase costs of services and extended social legislation."

And so it goes. The voters will pronounce the verdict in November 1950.

Two of America's Most Popular Motor Cars

Pictured above are typical examples of the two "smart" and separate lines of cars which bear the current imprint of Pontiac goodness—The Streamliner and the Chieftain De Luxe Sedan Coupes.

Each is in such demand that, on its own, it ranks among America's most popular cars today. That two cars of such decidedly different appearance should each enjoy such wide acceptance is easy to explain.

THEY'RE BOTH PONTIAC!

Both offer all the great basic Pontiac virtues. Both are conspicuously beautiful. Both carry the well-known promise of Pontiac quality—long life, dependability, and fine performance. Both afford the smooth, enjoyable performance of Pontiac's two great engines—the

power-packed straight eight or its equally famous six-cylinder companion. And since both have Pontiac's exclusive Travelux Ride, both are notable for comfort.

And finally, both represent unusual values—a very fine product at a very low price. Either one you choose will make you mighty happy.

Bell Co. To Apply for Rate Raise

The Michigan Bell Telephone Company expects to complete its direct testimony this week in support of its application for a \$20,400,000 rate increase following a declaration from its president, Thomas N. Lacy, that the company is as interested as the public in "keeping rates reasonable."

As the first witness before the Michigan Public Service Commission at the hearing, which had been in recess since Jan. 26, Lacy said, "it is just plain good business for the company to be interested in 'reasonable rates'." He said higher rates were necessary to insure the continuation of good service.

The company's request would mean \$12,648,000 after federal taxes. Rate increases would average 45 cents a day per customer and 27 cents a day for home phone users.

At the outset of the hearing, Stuart B. White, Commission Chairman, denied a pending motion by the city of Detroit to set aside the company's plea for immediate relief of \$3,820,000. The Commission also denied a motion by the Michigan Hotel Association that the company's request be reduced by \$12,000,000 on the contention that amount had been disallowed by previous action of the Commission in its order of last October raising rates \$2,200,000.

Ferry B. Allen, assistant comptroller, testified to the greatly increased costs of business, pointing out that revenues have failed to keep pace with operating expenses.

Village Easter Seal Sale Nets \$725.51

Northville brought \$725.51 worth of Easter Seals in the 1949 campaign. Dr. J. G. Hogge chairman of the local sale, announced today.

Dr. Hogge said he wished to thank the citizens of the Village for their support of the annual sale of Easter Seals for crippled children.

The drive which opened March 17 and closed Easter Sunday was part of a nation-wide campaign to fund to aid the country's many handicapped persons and provide the service for the millions in Northville.

In Wayne County the drive is sponsored by the Wayne County Chapter, an affiliate of the Michigan Society and the National Society for Crippled Children and Adults.

Easter Seals do a year-round job through the more than 2000 state and local units of the National Society for Crippled Children and Adults, and make possible the Nation's handicapped program which supplements but does not duplicate work of any other agency.

Winner, Fourth National AAA Traffic Safety Poster Contest.

Oldtimers Take Spotlight At Presbyterian Banquet

The annual historical banquet of the Presbyterian Church was held Thursday night, June 9. Those who were members of the church for fifty years or more were honored and the occasion also marked the 120th anniversary of the founding of the church.

Those who were honored at the dinner and the year they became members of the local church are as follows: Mrs. L. A. Babbitt, November 1, 1879; William E. Yerkes, November 4, 1886; Frank L. Thompson, November 4, 1886; Mrs. Edward H. Lapham, March 26, 1893; Mrs. C. C. Yeakes, March 26, 1893; John McCully, December 31, 1893; Mrs. Charles L. Blackburn, March 17, 1894; Mrs. B. C. Stark, December 24, 1896; Miss Ada L. Roe, December 25, 1896; Miss Jessie Roe, December 29, 1896; Mrs. Thomas Henry, February 13, 1898; and Mrs. Fred P. Simmons, June 12, 1898.

Toastmaster for the occasion was elder C. Ray Van Valkenburgh. William Williams led congregational singing and the male chorus of the church presented several numbers.

Rev. H. F. Frels spoke briefly, commencing the Board of Deacons for their work in arranging the banquet. Greetings were brought from Dr. and Mrs. J. Leslie French, formerly associated with the church.

The address of the evening was brought by Dr. C. B. Hawkins, creative secretary of the Synod of Michigan, who spoke on the subject "The Legacy of Our Yesterdays."

An item of considerable interest was an autographed quilt made by members of the Woman's Union in 1910 with 241 names on it. It was presented to Mrs. Thomas Henry, then president of the Union.

Out of town, guests attending the banquet were Mrs. Charles H. Paul of Dayton, Ohio and Mrs. Ross Dusenbury of Tryon, N. C. Stuart Thomson was general chairman of the affair.

June Nelson Engaged

Local friends will be interested to hear of the engagement of June Nelson, daughter of Mr. and Mrs. R. G. Nelson of Detroit to Larry Waites, also of Detroit.

June attended Northville High School, graduating with the class of 46. No wedding plans have been revealed.

Mrs. West Receives Honorary Degree

A former Northville resident, Mrs. Bessie Brooks West, now of Manhattan, Kansas, was one of the alumni who received honorary degrees at the 1948 commencement exercises of Michigan State Normal College at Ypsilanti, Saturday afternoon.

According to a recent issue of the College Centennial edition of the Ypsilanti Daily Press, "Among the outstanding alumni of the Home Economics Department of M. S. N. C. College is Bessie Brooks West, professor of Institutional Management and head of that department at Kansas State College, Manhattan, Kansas."

Mrs. West holds a Bachelor's degree from the college at Ypsilanti and also a Master's degree from the University of California.

The Arthur Brooks family lived in Northville some years ago, their daughter, Bessie graduating from Northville High School and going on to M. S. N. C.

Since the death of her husband, the late Howard West, son of the Lee Werts of Novi, Mrs. West has lived and taught in California and Kansas. A son, Major and his family reside in the former state, as do two sisters, Mrs. Carrie Morrison and Mrs. Ferolin Bond.

Mrs. West is a relative of the Fred Durfee of Novi, H. A. Boydens of Northville and Mr. and Mrs. Wesley Davison (Margaret West) of Ypsilanti, in whose home she was a guest last week.

Panel Group To Lead Methodist Service

The Methodist Church presented a special program Sunday in connection with the National Methodist Student Loan Fund. In the place of the usual sermon by the pastor a panel group brought the message on Christian Education and its meaning.

Mrs. Edward Mollema, student secretary of the W.S.C.S., presented the following, who led a panel discussion. Ruth Simons, Edward Lanning, Mrs. Sidney Menge and Ed Mollema. Other departments of the church school also took part in the program.

Barton Connors presented an instrumental number. Merritt Meaker is general superintendent of the church school.

Mr. and Mrs. Donald Bachelor (Delores Livingood) of Farmington Road are the parents of twins, Dean Donald and Donna Jean, born May 29 at Mt. Carmel Hospital, Detroit. Dean weighed six pounds, two ounces and Donna weighed six pounds, thirteen ounces.

"QUICK THINKING AND FAST ACTION GOT ME \$175 EXTRA ON A FORD TRUCK TRADE!"

"When I heard my Ford Dealer was making the best truck deals in town, I decided to check," says Andrew Ligessi.

"It was a fact! The offer looked extra good. And when I stopped to think that used truck values were slipping, and that I might take quite a loss if I waited, I made up my mind on the spot.

"I'm tickled pink I did. Used truck values have slipped so fast in the last three months, I figure my quick thinking and fast action got me at least \$175 extra on a Ford Truck trade."

Your Ford Dealer invites you to listen to the Fred Allen Show, Sunday Even 10-11-30 NBC Network. Listen to the Ford Theater, Endy Swing, CBS Network. See your newspaper for time and station.

County Agent's News Column

This is the season of the year
when the dairyman who sells
whole milk may sometimes have
his milk rejected because of off-
flavors.
"Ed Alchin, county agricultural
agent, says one of the common
causes of rejection ships is an
off-flavor caused by the cows
eating wild onions or garlic.
There's good reason, too, for
rejecting milk with this kind of
off-flavor. Once the onion or
garlic flavor gets into the milk,
not much can be done about it.
So the control lies in prevention
rather than cure.
For this reason, agent Alchin
says that the place to stop the
flavor is on your farm.
The first preventive measure
is to wait until the onions have
stopped growing. Then cut the
tops and let them wilt before
turning the cows onto the pas-
ture. The second plan is to let
the dry cows heifers or young
stock graze down the onion in
the spring pasture.
Do all you can to keep the wild
onion or garlic flavor out of the
milk that you want to produce
for market. If your product has
quality it will be accepted and
will bring top price.

Home accidents killed about
700 farm residents in 1947. Avail-
able statistics do not indicate any
substantial difference between
the causes of home accidents in
rural areas and urban areas. Fully
ranked first as the greatest single
cause of all types of home ac-
cident deaths is farm residents.

These past American farmers
nearly 90 million dollars in 1948.
The preponderance of farm
buildings and inadequate fire
fighting equipment were listed
as major causes for this total.

The state of Florida has been
devoted park, totaling 27,019
acres, all open to the pub-
lic.

Honor Fathers This Sunday

The whole family will pay an
affectionate tribute to Dad on
Sunday, June 19, with warm-
hearted Father's Day greeting
cards and gifts. Father's Day will
be celebrated in Canada, Haiti,
Honduras, China, and Sweden
this year, as well as throughout
the United States.
Father's Day was first pro-
posed in 1909 by Mrs. John Bruce
Dodd of Spokane, Washington,
as a tribute to fathers every-
where. She was one of six broth-
ers and sisters raised by their
father, William Smart, a Civil
War veteran, after their mother's
death.

The Spokane Ministers Associa-
tion sponsored the first city-
wide Father's Day in 1910. Presi-
dent Coolidge recommended its
nationwide observance in 1924.
Dad is top man in America,
but in some other parts of the
world he could stand a little
recognition. On Pelau Island in
the South Seas, the ruling ma-
jority can have any male ex-
ecuted if he ever disturbs their
contentment. And near Sum-
atra, Dad has to go live with
wife's family, children take their
mother's name and only daugh-
ters inherit property.
In India Dad's in even worse
shape. If Father goes into debt,
Mother can sell him into slavery to
pay off the creditors. And in

the African Sudan, Mama may
return to her parents after bear-
ing five children, leaving Papa
to look after the kiddies!
The champion Father of An-
cient Days undoubtedly was
King Solomon. He had 700 wives
and 300 concubines, but the Bible
doesn't mention how many
youngsters played hide-and-seek
in the royal palace.
Solomon had a little-known
modern counterpart, however.
Emperor Mulai Ismail of Mo-
rocco had 300 wives and 700 con-
cubines, reversing Solomon's
proportion out of deference to
the Old Testament. He died in
1727 at the age of 81, leaving
548 sons and 340 daughters.
But whatever Dad's social
status or the size of his house-
hold, he's always enjoyed a warm
and respected place in the fam-
ily's heart. Father's Day is only
30 years old but tributes to Dad
are an ancient tradition.

Republican Legislature Is Blamed for State Deficit

Like the old nursery song, "Who killed Cock Robin?", Michigan has a new political dispute to fuss over. Who's to blame for the coming state deficit?

Governor G. Mennen Williams criticizes the Republican legislature. In an address before the state C. I. O. convention in Grand Rapids, he urged lawmakers to "pump some guts into the legislature to face the terrific financial situation in Michigan."

Rather than operate the state in the "red," Governor Williams intends to call the legislature back into special session. He is whooping it up for a tax on corporation profits as a "painless" way to get more money.

By continually hammering away at the legislature's refusal to enact new taxes, Williams seeks to put the Republicans on the defensive—a good strategy if it works.

In his plea for new taxes, the governor has some newspaper editorial support. Here are a few examples. Battle Creek Enquirer and News—"The major fault in the legislature in the legislative session was the refusal of mem-

bers to halt a financial crisis before it occurs." Jackson Citizen Patriot—"It is inexcusable that a legislature should call its job finished while a deficit threatens the state."

Robert F. Steadman, state controller, forecast on May 27 an operating deficit between \$70 and \$72 millions "in the light of a continuing decline in general business conditions."

John P. Espie, chairman of the house ways and means committee, is a veteran in the legislature. He is now serving his 25th year.

It has been Espie's conviction that the constitutional earmarking of state funds for return to local governments, twice upheld by the voters, would inevitably lead to a state treasury deficit. He has often suggested "it might be a good thing to run a deficit and let the people see what they did when they adopted sales tax diversion." (This amendment returned 78 per cent of sales tax revenue to schools, cities, villages and townships, leaving the other 22 per cent for state services.)

SENSATIONAL SWIMMER... This is Ronald Gora, 15-year-old sophomore sensation who recently cracked two Illinois state swim records. He attends Lane Tech high school in Chicago. Against an opposing high school team, Gora raced through the 50-yard backstroke in 28.7 seconds. Then he churned the 100-yard free-style event in 54.2. In practice sessions, Ronald has been clocked in record time in other events.

Espe's recommendations, which the legislature apparently approved: Levy no new taxes, come back in January (1950) when we can see where we stand.

To those individuals who cry vaguely for economy in state government, believing that the deficit might be averted by such legislative action, Espie is a realist from his long experience. He vigorously opposed the sales tax diversion amendment which he says is the root of Michigan's present financial troubles.

Michigan's present taxation system has produced some paradoxical situations. Only 34 counties paid as much in state taxes as they received from the state treasury.

Take Clinton county, for example. Representative Espie is from Clinton county. Clinton received \$1,319,228 in state revenue during 1948. Clinton county taxpayers paid \$1,117,358 to the State. The "bonus" from Lansing was \$201,870. Since local taxes in Clinton county totaled \$511,178, the effect was to get \$1 state bonus for every \$253 of county taxes.

Getting "something for nothing" thus is the financial blessing conferred by Michigan's present bonus-plus tax setup upon 44 counties.

The situation becomes more involved, politically at least, when the populous counties which pay the bulk of state taxes demand reimbursement in the legislature. Then you get a city vs. country argument. It was the so-called neglect of the big cities which prompted Mayor Geo. Welsh, Grand Rapids, to join forces with the Michigan Education Association for the diversion amendment victory.

Will the legislature receive credit for its refusal to enact new taxes at the 1949 session? The lengthening shadow of the coming state deficit presents a challenge.

It has already provided Governor Williams with a new issue: A "do nothing" legislature which lacks "guts" to avert a deficit.

Mr. and Mrs. Clarence Baum and family of Garden City moved recently into home on Fairbrook Road owned by Sam Lawrence and until recently occupied by the Harry Porter family.

4-H Meat Animal Program Under Way in Michigan

Today meat provides one-third of the food energy in the American diet, and latest U.S. Department of Agriculture figures show that almost one-third of the farmer's total cash income in 1948 came from the sale of meat animals. Aware of the vital contribution livestock makes to the nation's health and economy, Michigan boys and girls enrolled in the 1949 National 4-H Meat Animal program learn to select, feed and show beef cattle, sheep or pigs. More than 300,000 4-H Club members throughout the country are taking part in the project, according to the National Committee on Boys and Girls Club Work.

Some of the highlights of the program are keeping records of feeding and weight gains, and rationing. Many of the young learners the value of balanced stockmen grow their own feed. Members practice livestock judging at club meetings and then try out for county and state judging teams. They take great pride, too, in showing their animals.

The Cooperative Extension Service directs the activity.

In addition to being educational and profitable, the program offers awards for outstanding accomplishments. Mr. Thos. E. Wilson, chairman of the National Committee, and a veteran Chicago meat packer, has provided awards for the "best" 29 years. There are medals for county winners; a 17-jewel gold 4-H pin.

watch for state champion; trips to the National 4-H Club Congress for eight sectional winners, and four \$300 national scholarships.

Howard King, of Tekonsha, was one of the 1948 national champions, having first qualified for state and branch county honors. There were 43 other county winners made to Michigan 4-Hers.

Grand Ledge—The various committees have been appointed for Grand Ledge's annual Veterans' Day, to be held next August 27-28, at Fitzgerald park. The appointments were made by Commander LeRoy Briggs of the local American Legion post.

Farmington—The Farmington area will have a summer recreation program beginning on Monday, June 27, it was announced last Saturday morning following a meeting of the Farmington Area Recreation Commission.

Brighton—The possibility of a local candidacy for governor of the State of Michigan was brought to light last Thursday when the Common Council unanimously endorsed Mayor Thomas S. Leith for nomination and election to the State's highest office.

Rochester—Plans are taking shape for a one-day celebration here in Rochester on the fourth of July, according to a statement made last week by Roy Mason, general chairman of the 1949 event. All civic and fraternal organizations have been asked to participate in making arrangements, said Mr. Mason. The Chamber of Commerce was designated earlier in the year to take over as sponsors.

Farmington—The Young's grocery market, corner of Middlebelt and Shiawassee, was robbed last Sunday by a dapper armed bandit taking contributions for the "DAV". The bandit, a man of approximately 25 years, was dressed in a yellow sport

Plan for 4-H Trip to Washington

The broad smiles on the faces of these four Michigan 4-H club youths come from the thoughts of their trip to National 4-H Club Camp to be held in Washington, D. C. June 15-22, 1949.

The trips were awarded for outstanding project work during their 4-H careers. The delegates are (left to right) Howard King, 21, Tekonsha; Wilma Coleman, 19, East

Lansing; Donna Bailey, 18, Ishpeming; and Norwin Lesser, 21, Dexter. The young people will join representatives from almost every state at the Washington encampment. Theme of this year's camp will be "Know Your Government." Special tours and programs will be sponsored by various departments of the government.

shirt, upeam sport coat, and wore fancy leather gloves. The accessories to his wardrobe included a blue steel revolver.

Brighton—Mr. Edward Donke was electrocuted at his home on Strawberry Lake Friday, June 3. He was repairing an electric water pump and was discovered slumped over it by his wife, Elsie. He was 61 years old.

Plymouth—Unless Plymouth electors approve the charter amendments, as well as the \$475,000 bond issue, in the Mon-

day, June 13 election, there can be no street improvement program. Not only will it halt work on this program, but also future major projects city officials pointed out this week.

Chelsea—Workmen of T. P. Flynn and Company of Detroit have completed the work of improving the streets of Chelsea according to street commissioners Graham Sprague and Lynn Kern. Work was begun on the project the first week in May, and included patch and seal jobs

on seven streets; what is labeled "rip, shoot and seal" jobs on five streets; "blade and blot" work on sixteen streets and one entrance to the village parking lot, and "rip and seal" work on six streets and the other parking lot entrance.

Ann Arbor—It was decided by the Washtenaw County Tax Allocation Commission last Thursday that townships in the county would not be deprived of their shares of the county property tax. The commission also approved an extra one mill county welfare tax levy.

Milford—Milford and the other towns along the Pere Marquette division of C & O. from Detroit to Saginaw and Bay City may find themselves without passenger train service. The C & O. has filed a petition with the railroad commissioner of the Public Service Commission for authority to discontinue its passenger trains on this line, according to a notice published in a Detroit paper last week.

Birmingham—Adequate health protection for Oakland County residents is a big step nearer reality as a result of action taken last Thursday night to nominate a board of trustees to plan and administer a new voluntary non-profit hospital.

Plymouth—Livonia township school electors sanctioned a \$1,175,000 bond issue for a building program, and gave a nod of approval to the raising of the millage ceiling at the election held there Monday.

Milford—Commerce will have a post office rural station, to be established July 1 in the E. and D. Market, 314 Huron Street, Commerce Postmaster John C. Franklin announced today.

Howell—With fair weather prevailing, one of the outstanding agriculture events in Livingston county will be Grass Day Wednesday, June 15, at the Crouse farm on U.S. 23 in Hartland. Grass and legume crops held a big stake in Michigan's farming future, according to Michigan State College agricultural specialists. That's why, they say, the 18 Grass Day demonstrations were arranged for different areas of Michigan during June.

Birmingham—The Birmingham Eclectic won second place among the nation's weekly newspapers for its community service last year, the National Editorial Association announced last Saturday evening at its annual convention in Salt Lake City, Utah. The Eclectic also received honorable mention for its general excellence.

Dearborn—Diplomas will be awarded approximately 100 graduates of Dearborn Junior College and 927 members of graduating classes of public and parochial high schools at Commencement exercises to be held this week.

Ithaca—Fire leveled the 40x80 ft. barn at the Wayne Hull farm located seven miles east of Ithaca last Tuesday night, with several thousand dollars worth of equipment, hay, chickens and one head of cattle being destroyed. Fire Chief Fred Gay estimated the entire loss at \$25,000. The cause of the fire was still undetermined Wednesday noon.

South Lyon—Eight weeks of band instruction are being planned for this summer, beginning Monday, June 20, and ending Friday, August 19, omitting the week of July 25 to 29. Classes will be held in South Lyon School on Mondays, Wednesdays and Fridays and in the New Hudson school on Tuesdays and Thursdays.

Every year hundreds of motorists crash into the sides of trains, according to the National Safety Council. In no instance has the railroad been put out of business.

Congressman Reports On Switzerland Conference

The House of Representatives passed a resolution authorizing the appointment of a small committee to attend and observe the World Conference of Moral Re-Armament at Caux, Switzerland. Congressman George A. Dondero was one of five appointed by the Speaker of the House to represent the United States. Congressman Dondero gives the following account:

Indicating how much the world has shrunk through air travel, our committee made the journey to Geneva, Switzerland, in twenty-one hours. We left Washington at 5:00 P. M. on Friday, June 3, and arrived in Geneva the next afternoon. The return trip, taken via the southern route, in order to take advantage of the trade winds, stopping at the Azores Islands and Bermuda, required approximately twenty-five hours. To have dinner in the evening in the Azores, where Columbus touched on the journey which resulted in discovery of the New World, and to lunch at noon the next day in Washington, D. C., is but a sample of the incredible age in which we live.

The purpose of the Moral Re-Armament plan is to bring about a better understanding between individuals and nations in an effort to avoid any future wars and to establish peace on this earth. Thirty-five nations were represented at the Conference, including Germany, Japan, Great Britain, France and other nations aligned against each other in the recent World War.

Whether or not a proper

formula for that desired end has been found remains to be seen, and only the future can give the answer. There is always room for good in the world, and no one can find fault with the objective of this movement. It was heartening as well as encouraging to observe the English, French, German, and Japanese—recently engaged in deadly conflict—standing on common ground cooperating in the utmost for the purpose of bringing peace to the world.

"While we were sent over merely as observers," Dondero said, "many of the other delegates were present by direction of their governments as delegates, and participants in the Conference. The interest shown by the United States in sending representatives in the capacity of observers seemed to give added impetus, enthusiasm, and encouragement to the entire conference."

Those delegates actively participating served without pay or any hope of remuneration except the establishment of peace and good will among the people of the world.

Three years ago the World Conference was held at Mackinac Island, Michigan, where they hope to establish their headquarters for North America.

RENT CONTROL
Congressman George A. Dondero advises that Housing Expediter Woods stated recently before a subcommittee on Appropriations of the Senate that only thirteen (13) communities in the United States have taken advantage of the local option provision on the new Rent Control Act. The provision is "if a state legislature or any county or local governmental unit notifies the Expediter that controls are no longer needed in their areas, the controls will be lifted automatically in fifteen days and the Expediter can do nothing about it."

New President

MISS EMMA C. SHIPMAN
Brookline, Massachusetts
Incoming President of The First Church of Christ, Scientist, in Boston, Massachusetts

Christian Scientists Hold Annual Meeting

Bringing through the crust of ancient beliefs in material power, the power world is reaching out in an unprecedented effort for setting better upon which to found a union of nations. The Christian Science Board of Directors declared today.

Addressing several thousand Christian Scientists attending the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, the Directors viewed with satisfaction the worldwide work in human consciousness to reach the material for the spiritual.

Physicians, they said, are giving more importance to thought in relation to disease. Natural scientists have added, are gaining in their recognition of the immateriality of matter.

Religious leaders everywhere, they pointed out, have developed a "conscious sense of the need and responsibility of greater and more conscious of spiritual power."

In other directions, the Directors continued, there is a strong desire to build more and more in line for the establishment of a world government.

The Directors' statement in the election of Miss Emma C. Shipman to the Presidency of The First Church for the ensuing year, marked an annual meeting filled with reports of rapid progress in the Christian Science movement throughout the globe.

A report by the Trustees of The Christian Science Publishing Society, which has been a publication for more than a century, and the first in its circulation in over a half of them in the last year, was read.

The growth of the Christian Science movement, the Directors said, was a source of keen satisfaction to the Trustees. Governments, private industries, educational and private foundations, they said, have sought the counsel and assistance of the Editor and other members of the Monitor.

Recreation Program To Begin June 20

The summer recreation program will get underway here in the Village June 20. Al Jones is the director of Ford Field activities and he will be assisted by Florence McCluskie at the Grade school.

Plans are being made to take the children to Walled Lake once or twice a week for swimming. Hardball will be offered for boys 16 years and under, and tether tennis and badminton will be set up at Ford Field. For the younger children there will be supervised games and a story telling hour.

The businessmen's Twilight Golf League began on Tuesday at Bob-O-Link golf course when the qualifying trials were held. Anyone interested in joining the league is still eligible to attend the next meeting which will be at 8:00 p. m. at Bob-O-Link.

When you take a chance in traffic, someone else might have to take the consequences, the National Safety Council warns.

Just how high is
"HIGH COMPRESSION"?
?

When the talk turns to cars and car engines these days, that's a topic you hear much about.

So it's fairly interesting to note that, even back before the war, Buick engines like this one were touring the testing grounds with compressions as high as 10 to 1.

Even later than that this same big Buick power plant has been filling our engineers' notebooks with data on 8 to 1 compression ratios.

What has come out of this? Two or three interesting points.

First of all, that this big Buick Fireball valve-in-head, straight-eight already has a compression ratio that

gets as much out of present fuels as any engine on the market.

Next, that these ratios can readily be stepped up to fit higher octane gasolines as they become available.

And probably most important of all, that high compression is only one measurement of a good engine.

There's the fundamental matter of engine efficiency—power output per cubic inch of displacement, engineers call it. On that score, Buick stands where it always has—just about tops in its field!

Which means, in very simple words—better go see for yourself.

The fun you get from your car—the pleasure and satisfaction it gives you—are best measured in just one place—behind the wheel.

So we invite you to see your Buick dealer for a firsthand test of Buick. Take it in your own two hands and find out how good it feels, how full of get-up-and-go.

It won't take long to make it pretty clear that the place to get your order in is the place where you get Buick power.
