Truman Proclaims Farm Safety Week

Widespread adoption of safety ways of working and living and a continuing drive against practices which endanger farm people in their homes, in the field, and on the highways were urged by President Truman in proclaiming the sixth observance of National Farm Safety Week, July 24-30, 1949.

"I request all organizations and persons interested in farm life and welfare to join in this continuing drive and I also urge each member of every farm family to study the hazards associated with rural life with a view to performing all tasks in the safest manner possible," the President said.

Scotland Bound

MELVIN "CHICK" HARBERT, 63-year-old Golf Pro at Meadowbrook Country Club, who was named this week to the U. S. Ryder Cup Team.

Harbert Named to Ryder Cup Team

New laurels were bestowed upon Melvin "Chick" Harbert, golf pro at Meadowbrook Country Club this week as it was announced that he had clinched a berth on the U. S. Ryder Cup team. This is the fourth year that Chick has been associated with Meadowbrook Country Club.

Other members of the Ryder Cup team who will sail September 3 on the Queen Elizabeth for England besides Harbert are Lloyd Mangum of Chicago, Ill.; Ben Hogan of Hershey, Pa.; Jimmy Demaret of Ojai, Calif.; Sam Snead of White Sulphur Springs, W. Va.; Johnny Palmer of Badin, N. C.; E. J. "Dutch" Harrison of Richmond, Va.; Stewart (Skip) Alexander of Lexington, N. C.; Clayton Heafner of Charlotte, N. C.; and Bob Hamilton of Landover, Md. Hugh Rader of Detroit, who is a member of Meadowbrook Country Club and who was chairman of the Motor City Open, will also sail on the Queen Elizabeth September 3.

Rotarians Hear Lansing Forester

Northville Rotarians heard Carl Fenner, chief forester for the City of Lansing, discuss the importance and care of trees in cities at the club's weekly meeting Tuesday noon.

Mr. Fenner's lecture, illustrated with kodachrome slides, used Lansing as an example and concentrated on six phases of "a forest within a city": service, pruning, line clearance, planting, trimming and removal.

"When I was driving into Northville," said Mr. Fenner, "I immediately noticed that you, like Lansing, heavily favor the beautiful sugar maple. The choice is wise."

"When confronted with gas leaks in the ground killing trees or the need to string telephone or electric wires where trees are standing, we have found that the companies involved have always been very cooperative in helping to preserve the beauty and usefulness of our trees," said Mr. Fenner.

Bill Barnes Wins Boat Race Saturday

First place in the Twin Beach Boat Race at Mills Straits near Orchard Lake was won by Bill Barnes, fourteen year old son of Ed Barnes, manager of the Northville Kroger Store.

Bill entered his 14 foot Wolverine Speed boat Saturday, July 16, in the race sponsored by the Twin Beach Golf Club. A trophy topped with a gold-plated speed boat and inscribed T. B. R. R. 1949 was presented to Bill as the winner.

Bill lives at Straits Lake and attends Walled Lake school.

The Northville Record

OLD NORTHVILLE SPRING

For More Than 79 Years - Friend, Companion and Kindly Counselor

Power Plant Work Nears Completion

A tour of inspection of the Northville State Mental Hospital readily makes you realize the vastness of the project and sets your mind to speculating on its implications as an integral part of the community.

Located on Seven Mile Road, the State has purchased 540 acres of land which stretches from the corner of Haggerty and Seven Mile Roads almost to Northville Road, or a distance of about two and three quarter miles in length. The property is about one-half mile deep and the hospital has been so designed as to eventually accommodate 3,500 patients.

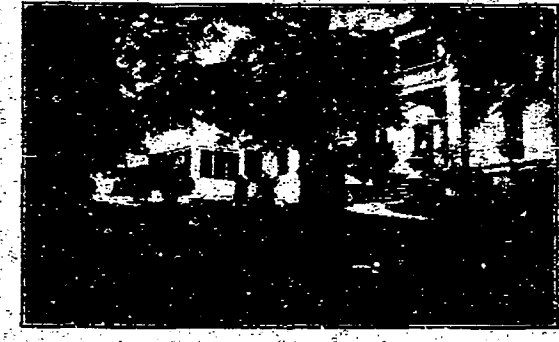

Walled Lake Student Attends Band Clinic

Starr Booth, 8554 Highland Blvd., Walled Lake, is among the high school musicians enrolled in the Wayne University Summer School Clinic, Band, which is playing weekly concerts on Wednesday evenings in the band shell at the State Fair Grounds in Detroit.

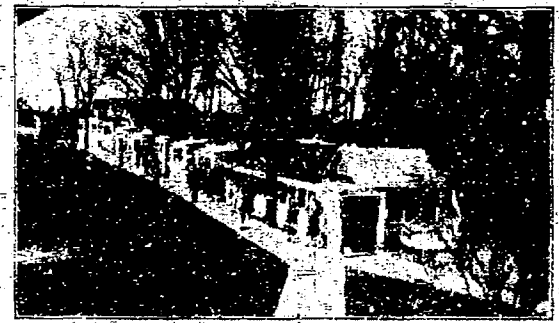

The Walled Lake High School student, who was admitted to the group because of proficiency in the drums, appears regularly in the concerts, which are presented under the direction of Professor Graham T. Overgard, Wayne's director of bands.

Opportunities for private instruction with outstanding teachers as well as group instruction is being made available to all students who have been admitted to the band, which will continue its work through August 5.

EASTLAWN SANATORIUM

This is the main building at Eastlawn Sanatorium which houses the offices, treatment rooms and beds for the 94 patients.

In these individual cottages convalescing patients live before being discharged from the sanatorium.

Bell To Increase Phone Toll Rates

A \$4,800,000 emergency increase in revenues on long distance calls within the state has been granted the Michigan Bell Telephone Company by the Public Service Commission.

The increase was ordered after evidence showed the company has been losing \$2,000,000 a year on its intrastate toll business with the deficit increasing at the rate of \$750,000 a year. The Commission noted the increase would permit a return to Michigan Bell of "not more than 5.3 per cent."

Terminating the increase "much less than we feel is justified," Thomas N. Lacy, president of the company, said it is welcomed "because our need for it is so urgent." He called for a prompt and expeditious determination of the company's overall request for a \$20,000,000 increase which was filed last December. Until that time, he said the company is unable to proceed with its construction plans for the future.

Lacy pointed out that the company's return on investment has been less than 4 cents on the dollar for the better part of the last 2 1/2 years.

After Federal taxes, the increase means less than \$3,000,000 a year to the company and its overall \$20,000,000 increase would become about \$12,500,000.

Governor Williams has appointed John H. McCarthy, Mt. Clemens, unsuccessful Democratic candidate for highway commissioner at the spring election, to succeed Henry L. Woolfenden, Birmingham, as a member of the Commission. McCarthy was designated chairman to succeed Stuart B. White, Niles, who remains on the Commission, along with Schuyler L. Marshall, St. Johns.

R. Christensen Farm Store Changes Hands

Another Northville business changed hands this week when the Roger Christensen Farm Supply Store at 215 East Main street came under the management of Wallace Westerfield and sons, Chuck and Bob and daughter, Evelyn of Nine Mile Road.

The store will continue to carry all kinds of feed and grain for the farm and Case implements. The Westerfields are busy re-planting the business and state that they hope to carry on the fine service rendered customers by Roger Christensen, former owner. Mr. Christensen will continue to own the building and will run his farm on Nine Mile Road. Jack Willis, who was employed by the Christensen Farm Supply, will continue to work for the new management, the store to be known as "Westerfield Farm Supply."

Mrs. Whyrom Grier of E. Main street, mother of Mrs. D. Harper Britton, is spending two months with her sister, Mrs. W. C. Muffitt of Spring Arbor, Mich.

Eastlawn Sanatorium Rated One of Michigan's Finest

On the highest point of land in this area and overlooking the village of Northville, stands Eastlawn Sanatorium. Over the wooded land below and over the village itself, the city of Detroit can be seen on clear days from the second floor of this private tubercular sanatorium.

Organized in Detroit in 1918 by Dr. A. B. Wickham, the sanatorium was moved in 1923 to the large white private house on Buchner's Hill formerly owned by John C. Buchner. Five years later in 1928, Dr. Royce Shafter joined with the founder and since Dr. Wickham's retirement two years ago, Dr. Shafter has been the head doctor.

From the 25 beds in the original building, the capacity was increased in 1933 to 94. At the present time the hospital is full, said Dr. Shafter, and no increase has been planned for the future.

The eight cottages near the main building are occupied by patients who are nearly ready for discharge. It is here that the convalescing patients live when allowed moderate exercise after sufficient treatment.

Just down the hill on East street, is the nurses' residence.

Legion Invites Band to Attend Contest

The Northville Band has been invited by the local American Legion Post to attend the annual Drum and Bugle Corps contest to be held in connection with the Legion convention in Detroit Friday, July 29.

Members of the band are asked to attend a meeting in the High school Thursday night, July 28 at 7:30 to make plans for the trip.

Ferris Commends Exchange Club

The Northville Exchange Club is in receipt of a letter from the Registrar of Ferris Institute, Big Rapids, in which he commends the club for awarding a \$100.00 scholarship to William Stanford who has been admitted to pharmacy school there.

The letter in part reads as follows: "I wish to compliment the Northville Exchange Club on its generosity and its sense of civic duty in making it possible for one of the worthy students of Northville to continue with his education and to prepare himself for his life's vocation."

"Too often civic organizations are apt to spend money on things that are of little value or of short duration. Rarely does a club invest in a person's education and in the development of his potentialities. Your club is one of the few, and I would like to express my personal congratulations as well as those of Ferris Institute to such a progressive and far sighted organization."

Yours very truly,
Ferris Institute
R. E. Pattillo
Registrar

Corp. Walter Boyd Stationed in Japan

With the Eighth Army at Sapporo, Japan, Corporal Walter Boyd, son of Chas. Boyd, of Northville, is presently serving with the famed 31st Infantry Regiment stationed at Camp Crawford, Japan.

The regiment to which Corp. Boyd is assigned, has received wide acclaim for its achievements in wartime and in peacetime, and is often called "The American Foreign Legion" because, though it is a regiment in the United States Army, it has never been stationed on continental United States soil.

From March to December 1948, he was stationed in Korea, and in December 1948, he accompanied his regiment as it moved from Korea to its present station in Japan.

Council Discusses Paving of Roads

The regular meeting of the Village Commission was held Monday evening at the Village Hall with Mayor C. E. Langfield presiding.

Present at the meeting were: Commissioners, Schultz, Locke, Ely and Stubenvoll and Village Attorney Britton. Commissioner Peters was absent.

Upon recommendation of the consulted engineer, Mr. Jerome, the commission voted to ask for bids on the paving of the following stretch of road: from Base Line Road down Horton and Rayson streets to Center street or from Base Line down Horton, Rayson and Hutton streets to Dunlap street.

To comply with the new zoning amendment, the zoning map was voted to be redrawn. One thousand copies will be printed for distribution.

In a letter read by Mayor Langfield from the Michigan Correction Department, the commission was notified that the Village Jail can still be used without repairs.

Cemetery committee chairman, Harper Britton, was authorized by the commission to purchase the needed cemetery equipment. Britton was also asked to draw up an ordinance necessitating permits for excavation by utility companies.

The excessive noise of the gravel trucks on Rogers and Main streets was brought up for discussion by the Mayor and the companies will be asked to slow down truck travel through the village.

Ford Generating Unit Is Sent To Mexico

The Federal Power Commission of Mexico recently purchased an electric steam turbine generating unit from Ford Motor Company's Parts and Equipment Manufacturing Division. The unit was formerly located at the Division's valve plant at Northville, and will be utilized as a power supplying plant at one of Mexico's remote areas.

The steam turbine unit has a 1000 horsepower rating and a 750 kilowatt producing capacity. It was manufactured for Ford Motor Company by the General Electric Company in 1936, and was the first completely automatic unit ever built.

While in operation at Northville, the unit was operated for a total of 47,000 hours and was started and stopped more than 2000 times.

The unit was shipped to Mexico by rail.

Pat Herbert Wins Ping Pong Tourney

Tether tennis, croquet and table games for the village children in the kindergarten through the fourth grade are still available at the Grade school gymnasium and playground. Florence McCluskie, recreation director, will be on hand at the playground Monday through Friday from 9-12 a. m. and 1-4 p. m.

Legion Game Sunday Ends in 5-5 Tie

The local American Legion hardball team met the Farmington team in a game Sunday at Cass Benton Park with the game ending in a tie 5-5, at the end of the seventh inning. The game was called on account of darkness.

Ken Rowe pitched the game Sunday. Last Wednesday evening, the team met the Rosedale team at Cass Benton Park. They were defeated by a score of 9-4. Rowe started the game but was relieved by Rodamsky.

This Sunday the 17th District American Legion All Stars will meet the Detroit District All Stars in a game to be played at Hazel Park High school. Ken Rowe, pitcher; Robert Cole, second baseman; and Thomas Shrake, short stop have been selected to represent Northville at the All Star game.

Dondero Points Out Example of Efficient Federal Agency

"In his message to Congress last week," said Congressman George A. Dondero yesterday, "President Truman made it clear that he opposes any cuts in what he calls essential government spending. Essential spending, of course, includes the gigantic payroll of the bloated federal bureaucracy."

"But if the President should look closely," Dondero continued, "he would find that all of this payroll spending is not so essential after all. He would find this proven by the example of the government's General Accounting Office, headed by Comptroller General Lindsay C. Warren. The GAO, incidentally, is responsible solely to Congress."

"In 1946 the GAO employed 14,904 people, but on February 1, 1949, the total of GAO employees was only 9,499—showing a net reduction in personnel of 5,405. This in spite of the fact that the duties of the GAO have expanded in order to keep tab on the ever-expanding horde of government payrollers and government spenders."

"This reduction in GAO personnel, the result of increased efficiency, was made without instructions from Congress, which always has given the agency all the appropriations it requested. It is evident the GAO is one agency of government which is doing a good job at the lowest possible cost."

"That the GAO is doing a superlatively good job is demonstrated by the fact it not only pays its own way but in addition makes substantial contributions each year to the United States Treasury. It saves hundreds of millions of dollars by its careful watch over the spending of all federal departments, bureaus and agencies."

"During the past eight years the GAO has recovered and put back into the Treasury more than \$600,000,000 that was either improperly or illegally paid out by the various departments of government. In the last five years the GAO has returned to the Treasury more than \$13,000,000 of its own unused appropriations."

"If all the rest of the government agencies in the executive branch would follow the example of the General Accounting Office, it would cut a big hole in the budget demands sent to Congress each year by the President. Savings of at least \$1,000,000,000 annually could be made without impairing the efficiency of a single essential department or bureau of agency."

Pat Herbert Wins Ping Pong Tourney

Pat Herbert won a ticket to the Sunday Detroit-Philadelphia baseball game when he was acclaimed winner in the recreation ping pong tournament conducted at the Scout building last week. Jerry Graham and Charles Rebitzke were second and third place winners, respectively.

Tether tennis tournaments will begin this week at the Ford Field, according to Al Jones, recreation director.

Twice a week on Wednesday and Friday, the children leave by special bus for swimming at Walled Lake. The group meets in front of the Detroit Edison building at 12:30 p. m. A locker fee of 20c is required.

Miss Libolt Feted at Anniversary Banquet

An anniversary banquet was given Friday night at Huck's Redford Inn in honor of Almeda Libolt of South Center street, who has completed twenty-five years service with the Michigan Bell Telephone Company.

Miss Libolt started her career in the Telephone Company in Ann Arbor and came to Northville as chief operator in March, 1944.

Thirty-six guests from Ann Arbor, Jackson, Plymouth, Detroit and Northville attended the banquet. Joanne Tuck of Northville, who served as mistress of ceremonies, presented the guest of honor with a gift.

THIRTY YEARS AGO
A building boom such as Northville has never before experienced is now taking place.
The Woman's Relief Corps will give a banquet in honor of the returning soldiers.
The dates for Northville's Annual Fair are set for September 24-27.

WITH OUR NEIGHBORS

Plymouth—Kenneth Gust, acting for the Plymouth Citizen's League, filed recall petitions with the city clerk last Thursday afternoon. The petitions bearing slightly over 800 names (about 1 fourth of the city's registered voters) each ask an election for the purpose of recalling city commissioners William Hartmann, James Latture, Frank Henderson and Lewis Goddard.
Rochester—An enlargement of the presently approved flat rate calling area of business customers here is proposed by the Michigan Bell Telephone Company in an application before the State Public Service Commission.
Ann Arbor—Starting July 31, residents of Ann Arbor, Ypsilanti, Dexter, Manchester, Whitmore Lake, Chelsea, and Plymouth will be allowed to make toll-free telephone calls under the new "extended area" plan.
Plymouth—Announcement was made last Monday by postmaster Thomas Brock of the fact that he was resigning from his position at the Post Office to devote his entire time to writing. The resignation will become effective September 1st.

Farmington—D. Gerald Domes was selected president of the School Board of Farmington Township School District last Monday night when the board met for the first time with the new members present. Domes has been a member of the board for two years, and formerly acted as secretary. Rolfe Smith was named the new secretary, and Ray Eichler was re-elected treasurer, a post he has held for two years.

Rochester—Total estimated cost of building and remodeling in Rochester in the past 18 months for which permits were issued by the village amounts to over \$390,000. And about seventy per cent of that conservative figure, or \$257,000, is chalked-up

to new or proposed residential structures.

Birmingham—The Michigan State Highway Department has chalked-up another "first" by receiving Public Roads Administration approval of its program for installation of a complete new modern sign system on the 9,400 miles of state trunkline in the state. Highway Commissioner Charles H. Ziegler announced last week.

Ann Arbor—Washtenaw County tax levies will reach a total of \$1,100,000 this year, \$190,888 higher than the 1948 last year's sum. It was revealed in the monthly meeting of the Board of Supervisors last Tuesday.

Farmington—According to the State Highway Department, it will be another two or three weeks before a regulation traffic light will be installed at the intersection of Farmington Road and the Grand River Cut-Off.

Howell—Forty-seven persons donated blood here last Thursday and Friday in a Red Cross sponsored project which will benefit Livingston county in that supplies are made available here in accordance with donations. Of the 47 donors, all but 10 were from Howell.

Howell—The government farm price support program for the 1949 crop of wheat at a loan rate of \$2.02 per bushel, basis U.S. No. 1 wheat, will be available to Livingston county farmers this year according to Earl Grubb, chairman of the Livingston county AAA committee.

Chelsea—Russell McLaughlin and Earl Beeman were re-elected as members of the Board of Education of the Chelsea Agricultural School district for three-year terms last Monday evening. The election took place at the annual school meeting held in the High School gymnasium. About 60 men and women attended the meeting.

Birmingham—After spending almost her entire life in the haze of partial blindness, Miss Martha Hamilton of Purdy street, today looks toward a future of full sight and complete enjoyment which she has never known before. She has recently returned from Harper hospital, in Detroit, where she underwent a successful cornea transplant.

Dearborn—A completely new angle developed in the five weeks old bus-strike last evening when an offer was made to the Dearborn City Council to put buses on the streets of the City within a matter of hours. The offer came from William R. Hefferan, Detroit attorney, who stated that he represented a group of Dearborn and Detroit business men.

Ithaca—The Gratiot County Free Fair, opens on Tuesday, July 26, for five days and nights at the Fair Grounds in Ithaca.

Summer Bathers Can Avoid Itch

Summer bathers can avoid the swimmer's itch in upstate inland lakes by simply giving the brush-off to the microscopic-size fluke or schistosome.

A person susceptible to the itch should give himself a brisk rubdown with a bath towel immediately on leaving the water, says Dr. A. S. Hazzard of the Conservation Department's Institute for Fisheries Research. When possible, an immediate shower with a strong soap is an especially effective preventive measure. So-called preventives offered to the public, as far as known, are of no value. Calamine lotion, obtainable at any drug store, can reduce the itching sensation. The itch is rarely more serious than a mosquito bite, he says, unless the skin becomes infected with bacteria as the result of scratching.

Upstate park beaches, where the schistosome has been especially in evidence in the past, are being chemically treated. The larvae develop in snails which prefer living on clean, sandy beaches.

WEST POINT PARK NEWS
By Miss L. A. Ash

Mrs. Roy Dent of Detroit was the Wednesday evening dinner guest of Mrs. George Sandau and family on Hubbard avenue.

Ruth Broquet of Detroit called on her father, F. Broquet, last Sunday.

Mr. and Mrs. William Griffith of Royal Oak visited with Mrs. Griffith's mother, Mrs. E. W. Stange, Wednesday afternoon.

The Stanges all spent the last week-end with relatives at a summer cottage near Brighton.

Mr. and Mrs. Walter Rehahn spent last Sunday with Mrs. Rehahn's brother, Mr. Galloway near Clarke's Lake.

Mrs. James Simpson spent last week-end with the Ackersons in northern Michigan.

Joyce Roberts of Mayfield Ave. has recovered from an attack of three-day measles.

Mrs. Emerson Ault, Miss Lora Ault and Mrs. Edwin Johnson and children all spent Tuesday afternoon together in Plymouth.

Mrs. George Welsh of Mayfield Avenue is still quite ill.

Mrs. Ernest Tallman had a very serious attack of illness last week, though now somewhat improved.

Johnnie Imonen was confined to his home most of last week with illness.

Mrs. Viola Williams and family, who have been residing in the Richardson property on Mayfield avenue, plan moving to Novi within the next few weeks.

Mrs. Bob Padot of Monroe visited her parents, Mr. and Mrs. Jos. Roberts Wednesday.

Mrs. Ervin Bohlinger, who with her sister, Miss Esther Middlewood returned last week-end from a trip to the West Coast, reports that at Tacoma, Washington, her son, Don, who is stationed near there with the U.S. Army, was able to get a three-day leave of absence to spend with her.

Mrs. Kenneth Allen of Parker avenue, returned last Saturday evening from a visit of several

OTO HAZARD

PICNICS, SWIMMING, SUMMER FUN
PLEASE DRIVE SLOW WHEN DAY IS DONE!

The Yeomans of Parker Ave. spent last week-end exploring farm lands in northern Michigan.

Soldier Herbert Schult, located in Puerto Rico, writes that he expects to bring a bride home with him when he returns to the States next fall.

Mrs. Stanley Chavey entertained luncheon-guests from Detroit Wednesday. In the evening she was called to attend a friend's funeral in Detroit.

The Schult family spent last Sunday picnicking at one of the lakes in the next county. On their return they found their house and also the tiny cottage near-by occupied by their daughter, Mrs. Marietta Wyman, had been completely ransacked. Several valuable articles turned up missing.

In spite of berry picking and bean canning, twelve ladies and nine children were on hand for the regular meeting of the Sunshine Sisters, held in the Neighborhood Church last Wednesday afternoon. The topic was "Talk" and the devotional program centered around the 3rd chapter of James. A thought-provoking story, "The House That Talked" was read to the group. Afterwards, mothers gave true experiences showing the confusion and wrong thinking that, as a result of careless conversation by adults, can be created in the minds of young people. The discussion proved highly interesting.

The next Sunshine meeting will be held Wednesday afternoon, July 27 at 2 o'clock in the Neighborhood Church. "Boys" will be the topic and plans will be made to provide a pot luck dinner for boys of the neighborhood.

Mrs. Ralph Noble extended an invitation to the ladies to be guests at a W.C.T.U. meeting to be held at her home on Nine Mile Road Thursday afternoon, July 21. Several of the Sunshine Sisters are planning to attend.

A large number of neighborhood women, enrolled in the Secret Pal activities sponsored by the Sunshine Sisters, report having had birthdays or anniversaries recognized during the last few weeks. These include Mrs. Edward Brugman, Mrs. Kenneth Allen, Mrs. William Greene, Mrs. John Vachol, Mrs. Glyde Buckingham and Mrs. James Simpson.

Gov't To Dedicate Sportsman's Park

Governor C. Mennen Williams will dedicate the Wayne County Sportsman's Club new Wayne County Sportsman's Park and Bill Hines Shelter House at the club's Fourth Annual Picnic, to be held at the park, Sunday, July 24.

The trap and skeet field that the Wayne County Sportsman's Club started less than a year ago on this site off Inkster Road, 2 mile and a half south of Eureka Road, has developed into the Wayne County Sportsman's Park comprising over 40 acres with two skeet and three trap layouts, an archery range and picnic grove. A small bore rifle range and bait and fly casting pool will be added in the near future.

Most of the Wayne County Sportsman's Club members, more than 7,000, their families and friends are expected to be on hand for the picnic and dedication. Festivities will center around the new log shelter house, which has been named in honor of the club's first president, William H. "Bill" Hines, because of his work in developing the park.

A sweet corn roast will feature

the picnic bill of fare and there will be trap and skeet shooting, an archery tournament, base ball game, races, dancing, tug-of-war, contests and prizes for all and exhibitions of shooting, archery and bait and fly casting by outstanding experts.

Tests have shown that dairy cows which have fresh water before them at all times produce about 7 percent more milk than those watered only once a day.

Light hogs make better use of skim milk than heavy hogs, the Journal of the American Veterinary Medical Association reports. The economical feeding rate varies from two to four pounds per pig per day.

He Won the '49 FORD.

In the FORD Dealers' Baseball Contest

George Kell (right), top Tiger hitter for the month of June, presents the keys to a brand new '49 Ford to Mr. Harold M. Wilson, 1420 Sudbury Court, Willow Run Village, Michigan.

Mr. Wilson won the Ford Dealers' Baseball Contest by correctly naming George Kell and Pat Mullin as the two Detroit Tiger players who had the highest batting averages for games played during June—and for making the best estimate of their June batting averages.

More than 25,000 Tiger fans participated in the contest. Contest judges were: Bob Murphy, Sports Editor, Detroit Times; Lyall Smith, Sports Editor, Detroit Free Press; and Sam Greene, Detroit News Sport Columnist.

NOTICE OF PUBLIC HEARING FOR AMENDMENT TO NORTHVILLE TOWNSHIP ZONING ORDINANCE

Notice is hereby given of a public hearing to be held in the Village Hall, Northville, Michigan, on Friday the 25th day of July, 1949 at 8:00 o'clock P.M. for the purpose of hearing the petition of L. A. YOUNG and OLA YOUNG, his wife, and AMERICAN AGGREGATES CORPORATION, wherein it is requested that the Young Farm, so-called, consisting of 5 1/2 acres, more or less, and located in Sections 8, 17 and 18, Northville Township, Wayne County, Michigan, now zoned as A-2 (agricultural) be rezoned as an M-1 District so as to permit the use of said land for the commercial production of sand, gravel and aggregates.

The Young Farm is specifically described as follows:

The N. W. 1/4 of Section 17; also the N. W. 1/4 of the S. W. 1/4 of Section 17.

The W. 1/2 of Section 8.

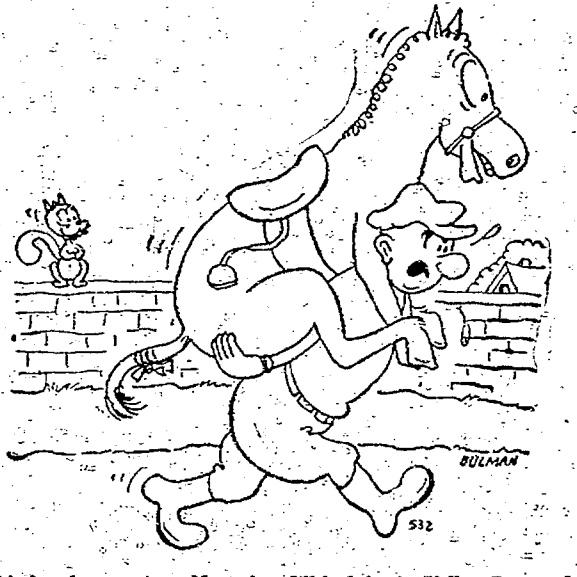

The E. 1/2 of the N. W. 1/4 of Section 18 except the North 1534 feet of the East 330 feet thereof; also the E. 1/2 of the E. 1/2 of the W. 1/2 of the N. E. 1/4 of Section 18; also the N. E. 1/4 of the S. E. 1/4 of Section 18.

The W. 1/2 of the E. 1/2 of the W. 1/2 of the N. E. 1/4 of Section 18; also the W. 1/2 of the E. 1/2 of the E. 1/2 of the N. W. 1/4 of Section 18.

This notice is given pursuant to the provisions of the Zoning Ordinance of the Township of Northville, Wayne County, Michigan.

Lutheran Church Holds Annual Picnic

The annual church picnic of the St. Paul's Lutheran church was held last Sunday afternoon at the Arthur Miller picnic grove on Nine Mile Road.

Refreshment stands were conducted by Arnold Heidt, Fred Schultz and Julius Feole.

The pot-luck dinner was followed by games and contests for the adults and children. Mrs. Stella Heidt had charge of the adults' games. The following teachers had charge of games for their respective classes: Mrs. Arthur Janetzke, seniors 1 and 2; Mrs. Julius Feole, intermediate 2; Mrs. Fred Sterner, intermediate 1; Mr. Fred Schultz, juniors 2B and 2A; Barbara Heidt, juniors 1A and 1B; Lois Rcssow and Mrs. George Lien, primary 2A; Donna Jean Schnute, primary 1C; Mrs. Stella Heidt, primary 1A and 1B; Selma Schnute, beginners 3 and 4 and Mrs. Eleanor Delhoff, beginners 1 and 2.

The picnic closed with a baseball game for all.

The Dr. R. M. Atchison's family of Rogers street are vacationing at Houghton Lake.

Wanda Canfield Wed

Wanda Sarah Canfield, daughter of Mr. and Mrs. Harold Canfield of Beatrice street, Farmington, became the bride of John Anderson Brown July 18 at the Southfield Community Presbyterian Church.

Miss Canfield is a 1948 graduate of Clarensville High school and is employed at Sessions Hospital in Northville. Mr. Brown is the son of Mr. and Mrs. John H. Brown of Detroit. He is employed by the Walway Company.

For her wedding Miss Canfield chose a gown of white faille and lace. A mother-of-pearl headpiece held in place her white lace veil. She carried white carnations.

The maid of honor, Iva Beatrice Shepard, wore a gown of apple green faille and lace and carried pink carnations. The bridesmaids were Barbara Canfield and Mrs. Lester Canfield, both gowned in blue and Mildred Koebel and Yvonne Brown, gowned in pink. They carried bouquets of pink carnations.

Donald E. Koebel was the best man and Bryan Canfield, Carl Shepard, Lester Canfield and Howard Yatzler were the ushers.

The bride's mother wore navy blue and carried pink carnations. The bridegroom's mother chose a blue flowered print and wore a corsage of pink carnations.

Lunches were served buffet style at the bridal reception held at the L.O.O.F. Hall on Inkster Road.

The couple are making their home in Farmington.

Former Northville Boy Weds South Lyon Girl

Jane E. Kaerches, daughter of Mr. and Mrs. Charles E. Kaercher of South Lyon and Raymond D. Bulmon, son of Mr. and Mrs. Robert Bulmon of Pontiac, Trail, formerly of Northville, were married recently in St. John's Evangelical Lutheran Church, Northville.

Rev. Alfred F. Maas officiated at the ceremony.

For her wedding costume the bride chose a white Palm Beach suit with navy and white accessories. Her corsage consisted of red and white roses.

Mr. and Mrs. Monty Love of Ann Arbor attended the couple. Mrs. Love chose a tan suit with white accessories for the ceremony. Her flowers were yellow and white roses.

Following the ceremony, a reception was held at the home of the bride's parents. The newlyweds are making their home in South Lyon, following a honeymoon trip to Niagara Falls.

Mrs. Bulmon, who was graduated from Ann Arbor High school, is employed at the Gill Lumber Company in Ann Arbor. Mr. Bulmon is a graduate of Northville High school and is employed at the Ferguson Farm Implement Company in Northville.

Mr. and Mrs. Harry Durson and daughter, Gay of Meadowbrook Road and Mr. and Mrs. Ed Angove and son, Larry of Linden street returned recently from a vacation at Coldwater Lake.

MICHIGAN FEATURE SERIES prepared by the MICHIGAN TOURIST COUNCIL No. 15

Tea Honors Visitor from Massachusetts

Captain and Mrs. Roger Sackett (Alice Eaton) and sons, David and Jeffrey of Newtonville, Mass. arrived in the village last week to visit Mrs. Sackett's parents, Mr. and Mrs. L. M. Eaton of Eaton Drive, and other friends and relatives.

Captain Sackett is on a 30 day leave from his duties with the Medical Service Corps at Murphy General Hospital, Waltham, Mass.

Thursday, the senior Eatons and the Sackett family journeyed to Quincy where they visited Dr. and Mrs. Louis Eaton (Ida Marie Walker) and their family.

Friday, Mrs. Eaton entertained at an informal tea at her home in honor of her daughter. Guests were several friends of Mrs. Sackett who reside in the village.

Evening Program Closes Girl Scout Day Camp

The Girl Scout and Brownie Day Camp closed Thursday night with a program at Cass Benton Park. The girls left for the park at 3:30 and cooked their supper there. Their parents arrived at 7:00 o'clock.

The forty parents attending inspected the crafts which the girls had made during their camping days. The crafts were displayed on tables set up by each group. There were three groups of Brownies; seven, eight and nine year olds and two Scout groups, for ten and twelve year olds and from twelve on up.

The evening's program was opened with the singing of a song by the entire camp. The Brownies did some songs with gestures, a playlet and singing games. The older groups joined together to sing four songs. The entire group sang taps to end the program.

Pontiac Is Scene of Recent Stork Shower

Mrs. Marvin Guntzville of Eleven Mile Road was honored at a pink and blue shower given by Mrs. Fred Baker of Union Lake Road, recently. Gifts were presented Mrs. Guntzville from a miniature decorated table.

Those present were: Mrs. John Greenlee, Mrs. Frank Baker, Mrs. Howard Gilliam, Mrs. Roy Streling, Mrs. A. Faedic, Mrs. Lynn Matthews, Virginia Kazuzny, Mrs. George Everett, Suzette Everett, Mrs. Arthur Oberlin, Mrs. Clarence Renn and Mrs. Leslie Clark.

Mrs. Kenneth MacKay and family returned recently from a stay at Rifle Lake.

Introducing

Mr. and Mrs. Bernard Stadtmiller and daughter, Carol Ann, aged 8 who moved recently into the home at 341 First street formerly occupied by the Rex Champneys.

Mr. and Mrs. Stadtmiller bought the house from the Champneys, the latter family moving to a farm near Lapeer. The Stadtmillers came to Northville from Walled Lake and Mr. Stadtmiller teaches English at Walled Lake High school. He also is a piano teacher.

Mr. and Mrs. P. L. Swisher and children, Jacque, aged five and one-half and Paul III, aged two and one-half who came to Northville from Seattle, Washington.

The Swishers moved in recently to the home at 21666 Garfield Road owned by John Matteo of Detroit—formerly of Garfield Road.

Mr. and Mrs. Joseph Page, Jr. and family, who have moved into the former King house at 22019 Novi Road. The Pages came here from Long Lake, Minnesota, which is just outside Minneapolis.

The four Page children are: Joan, 10; Joseph III, 7; Laura, 18 months and Susan, 2 months. Mr. Page is employed at the Detroit Lubricator Company.

Announce Engagement

Mr. and Mrs. Leo N. Taylor of Franklin Hills, have announced the engagement of their daughter, Beverly Jean, to Clifford Joel Seeger, son of Mr. and Mrs. Leo M. Seeger of Tust Road.

Beverly Jean and Clifford are both 1949 graduates of Farmington High school. They have set no date for the wedding.

Obituary

MRS. FERN WILLIAMS
Mrs. Fern Williams of 46096 Neeson street, passed away Wednesday morning, July 20 at Flint Osteopathic Hospital at the age of 59 years. She had been in ill health for about a year.

Funeral services for Mrs. Williams will be conducted in Flint Friday morning and interment will be made there. Surviving are her husband, Harry of the home, two sons, Bob Albertus of Detroit and Charles Albertus of Ohio, and one daughter, Mrs. Eleanor Potter, of Flint.

Officer Frank Broda of the Northville Police Department last Friday night caught a man in the act of removing a spotlight off one of the used cars on the Allan & Locke used car lot.

Michigan Mirror
Newspaper

How's business in Michigan? Industrial employment is off 6 per cent as a state average, according to the Michigan Unemployment Commission and the state employment service.

This figure was for July 1. The national average was 6.5 per cent. There are mid-July signs that the situation is improving somewhat.

At a capitol conference on Michigan economic trends, Gov. G. Mennen Williams reported that Muskegon was the top critical industrial center with unemployment running 23 per cent. Providence, Rhode Island, was first in the Nation as a distress city; Muskegon, a war boom town, was second.

Mining operations are lagging in the Upper Peninsula with a result that the northern peninsula has a jobless rating of 18.5 per cent. All copper mines of Calumet & Hecla are closed. Jackson has reported 15 per cent of its regularly employed work force to be idle. Port Huron, 13 per cent; Benton Harbor, 11 per cent; and Grand Rapids, 10 per cent.

It is interesting to note that the state's total of employed citizens, despite the current deflation in industry, is pretty much the same today as it was one year ago. GI college students and high school graduates have entered the summer employment field, making up the difference.

How's the tourist business? Reflecting the general business downturn, tourist patronage is reported to be less than one year ago. The Upper Peninsula Development Bureau, sparked by enterprising George E. Bishop, reports that a spot check shows business at "some resorts" to be off as much as 20 to 30 per cent. There's always an exception, of course. Blaney Park's aggressive promotion by Ed Drier has boomed patronage for a 48 per cent increase during the first half of 1949. Reservations are 30 days ahead of last year.

Merchants cannot complain unduly, either. Retail trade (adjusted for prices) on a national scale has dipped only a trifling 1 per cent below its 1948 peak. Sales are down only 4 per cent otherwise.

The big in-consumer income was off only 2 per cent in April. More people are buying Opportunity (government) Bonds.

Maurice Eveland, banking commissioner, reports that the 357 state banks are bulging with savings. Deposits are three times as large as they were six years ago. "Banks are 71 per cent liquid," said Eveland.

Compared with pre-war conditions, Michigan's buying power today is tremendous. Business is awaiting the resourceful, enter-

prising businessman who can deliver what people want at prices they are willing to pay.

A tipping citizen can walk into any state liquor store and buy all the Scotch whiskey he can pay for. Wine sales are now 19 per cent of total volume, whereas in 1941 they were only 1 per cent. Lower priced commodities are in demand. Mail order catalogs all reflect this economic change.

Governor Williams has indicated he is shaping up a program, perhaps along the line of President Truman's "Fair Deal," for the legislature to consider.

Public housing is expected to receive attention. New federal legislation calls for construction of 810,000 low-rent public housing units over the next six years. The government will pay subsidies, "contributions" to cover the difference between actual rents and rates on a cost basis. Farmers may get up to 33-year loans (4% maximum interest) to finance construction of buildings. Even non-supporting farms are eligible to get "contribution" up to \$500 to cover minor repairs and improvements.

Senator Arthur H. Vandenberg, Michigan's senior statesman at Washington, is to be brought into closer relationship with the Republican party. That is one goal of Arthur E. Summerville of Flint, newly appointed chairman of the party's "strategy committee." It is Summerville's belief that Gov. Thomas E. Dewey might have been elected president if there had been agreement among party leaders on conduct of his campaign. A New York public relations firm is blamed for the Dewey pre-election strategy to "avoid fighting" issues and preach "national harmony" since Republican victory was "in the bag."

Mr. and Mrs. George Zerbelt and daughter, Barbara of West Main street are vacationing at Higgins Lake.

Ford Contest Winner Named

Winners of the '49 Ford car offered in the Ford Dealers Baseball Contest to the fan predicting most accurately the batting percentages of the top Detroit Tiger hitting combination for the month of June is Harold M. Wilson of 1420 Sudbury Court, Willow Run Village, Michigan.

Mr. Wilson is Managing Editor of the University of Michigan Alumni Magazine.

He named George Kell and Pat Mullin as the top Tiger hitters for the month of June. His entry was dated June 20, the closing date for the contest. More than 25,000 Tiger fans participated in the contest. Of this number 22,000 contestants were equally divided in naming either Kell and Walter "Hot" Evers or vice versa. Only fourteen contestants selected the winning combination of George Kell and Pat Mullin.

Wilson, a World War II veteran, was stationed at an Army Reception Center in New Cumberland, Pennsylvania, along with Pat Mullin.

Contest judges were Sam Greene, Detroit News sports columnist; Lyall Smith, Detroit Free Press sports editor; and Bob Murphy, Detroit Times sports editor.

IS YOUR BUSINESS In A Midsummer Slump?

More merchants are saying every day: "I did less business this month than I did last; it must be the Midsummer Slump. It just has to happen every year."

Mr. Merchant, Are You Sure?

Today, more than ever, the buying public is becoming dollar conscious. It is asking: "How much can I get for my dollar?"

The Answer Is In Your Store!

Today, with increased production, the merchants of Northville have more to offer than ever before. Better quality, at better prices. Many of our merchants are clearing their shelves of summer stock in order to be ready for new fall merchandise. Many of those items are selling at reduced prices.

Now Is The Time To Buy

Today, now that you are clearing out your summer stock, you can offer your customers better values. TELL THEM ABOUT IT!

Display Your Merchandise

Through the medium of advertising you are enabled to reach a buying public of thousands. Once a week you are given an opportunity to tell the people of Northville about the mid-summer bargains you have in stock.

The Story behind the new **FORD "FEEL"**

What's that wonderful new Ford "feel" you hear everyone raving about? It's many things.

It's the level "feel" of Ford's new "Mid Ship" Ride. You sit cradled between wheels in the new lower center section.

It's the smooth easy-stopping "feel" of Ford's new "Magic Action" Brakes... brakes that are fully self-energizing to stop you 35% easier.

It's the "feel" of surging power in Ford's new 100 h.p. V-8 and 95 h.p. Six engines. Only Ford in its field offers you a V-type engine (the type used in America's costliest cars).

And behind that new Ford "feel" are many other Ford "firsts". New, smooth "Hydra-Coil" and "Para-Flex" Springs... new "LifeGuard" body and frame structure... 35% more rigid... new "Sofa-wide" Seats—more hip and shoulder room than any other car in its field.

And with the new "feel" comes new classic-smooth styling. The famed New York Fashion Academy judged Ford the "Fashion Car of the Year."

Come in for a ride and see why you should order your Ford now.

Take the wheel...

State Recreation Program For 4-H Well Launched

The 1949 National 4-H Recreation and Rural Arts program, a newcomer in the field of sponsored 4-H activities, is well launched in Michigan, according to the State Extension office, Michigan State College.

Introduced only last year, the program has already chalked up an unusually good record which includes training 7,150 junior and 4,890 adult 4-H Club leaders in recreation. In addition, 1,005 clubs in 44 states were awarded blue ribbons for outstanding performance; 350 counties won \$25 each in cash toward buying recreational equipment; 21 states received \$50 each for crafts premiums, while five boys and three girls were given educational trips to the National 4-H Club Congress in Chicago.

A total of \$25,280 will again be awarded in the same manner by United States Rubber Company, sponsors of the program. Awards are based on well-founded recreation activities developed and carried out by local 4-H Clubs. The eight trips are provided for 4-Hers who have excelled in recreational leadership.

Among the events designed for club groups are indoor and outdoor games, dances, festivals, tours and plays. For members there are numerous types of recreation such as leather, metal or wood craft, stage and set designing, sports and hobbies, singing or dancing leader and serving as a committee member.

Anita Parron of Cassopolis was named outstanding 4-H'er in the 1948 recreation and rural arts activity. The following counties won the \$25 cash awards: Arenac, Berrien, Branch, Cass, Chippewa, Delta, Ingham, Isosco, Jackson, Kent, Lapeer, Montcalm, Newaygo, Ogemaw, St. Clair, Tuscola and Wayne.

The entire program is conducted under the supervision of the Cooperative Extension Service.

Record Tourist Trade Seen For State This Year

Tourist travel in Michigan during the 1949 season is expected to hit a new postwar peak, surpassing even the bonanza vacation trade of 1947 and 1948, a survey of the latest seasonal trends by the International Geneva Association, world-wide hotel, employees' organization, discloses.

The bright outlook for the 1949 summer season, explains Frank A. Ludwig, I.G.A. executive, is based on such facts as the 100 per cent increase, compared with a year ago, in the number of vacation inquiries pouring into the offices of the Michigan Tourist Council and four regional tourist associations in the state.

Last year, when just half as many vacation inquiries had been received in the corresponding period, traffic on main highways rose nine per cent over 1947, traffic at the Straits of Mackinac increased 10 per cent, bus lines serving resort areas carried five per cent more passengers and the railroads reported a 10 to 12 per cent increase. The number of visitors to Mackinac Island reached an all-time high in 1948 and attendance at Michigan's state parks was up three per cent.

Michigan's resort, motel, cabin and hotel operators may lower prices this year as a result of the general downward trend in labor, food and material costs, the survey indicated. Michigan vacationists will find some lower prices for quality liquors, according to Stanley R. Teele, state manager for the Gibson Distilling Company, who said his firm's Gibson's Selected 8 whiskey now sells for \$9.61 per four-fifths quart as compared with \$3.87 formerly.

Travelers on Michigan's highways this summer will have their choice of 80 completely equipped roadside parks, 15 new ones having been completed since last year. The parks have 350 new picnic tables to raise the total number to 3,000.

A new road leading to within one-half mile of the famous

Clean Up Raspberry Patch After Harvest

After harvest is the time to clean up the raspberry patch, suggests J. E. Moulton, Michigan State College horticulturist.

Raspberry growth habits make this clean-up necessary. Each season new canes appear as shoots from the crown or roots and from buds near the base of the previous year's canes. These new canes complete their growth the first summer, bear a crop the next year and then die.

Removal should be done when the canes are dead. If the job is not done, the patch soon becomes choked with dead canes, literally a "bramble patch." Old canes also harbor insects and diseases, such as cane borer and anthracnose.

Michigan State College extension folder F-74, "Hints on Raspberry Growing," gives a pruning program to follow. It suggests that immediately after harvest all old canes be cut out and burned. The folder can be obtained from your county extension office or the Bulletin office, Michigan State College, East Lansing. Don't leave these old canes piled near the planting. Moulton warns. Burn them as they are cut out to check the spread of insects and disease.

Remove all suckers of red raspberries that have come up outside of the hill or row.

If it has not already been done, pinch or cut off the end of young shoots of black and purple raspberries when they reach a height of two to two and one-half feet. Moulton says this practice is not recommended for red raspberries.

A survey conducted by a special committee of the American Veterinary Medical Association disclosed that at least 30 states sustained cattle losses from X disease in 1948.

Last year, when just half as many vacation inquiries had been received in the corresponding period, traffic on main highways rose nine per cent over 1947, traffic at the Straits of Mackinac increased 10 per cent, bus lines serving resort areas carried five per cent more passengers and the railroads reported a 10 to 12 per cent increase. The number of visitors to Mackinac Island reached an all-time high in 1948 and attendance at Michigan's state parks was up three per cent.

Michigan's resort, motel, cabin and hotel operators may lower prices this year as a result of the general downward trend in labor, food and material costs, the survey indicated. Michigan vacationists will find some lower prices for quality liquors, according to Stanley R. Teele, state manager for the Gibson Distilling Company, who said his firm's Gibson's Selected 8 whiskey now sells for \$9.61 per four-fifths quart as compared with \$3.87 formerly.

Travelers on Michigan's highways this summer will have their choice of 80 completely equipped roadside parks, 15 new ones having been completed since last year. The parks have 350 new picnic tables to raise the total number to 3,000.

A new road leading to within one-half mile of the famous

Record Tourist Trade Seen For State This Year

Tourist travel in Michigan during the 1949 season is expected to hit a new postwar peak, surpassing even the bonanza vacation trade of 1947 and 1948, a survey of the latest seasonal trends by the International Geneva Association, world-wide hotel, employees' organization, discloses.

The bright outlook for the 1949 summer season, explains Frank A. Ludwig, I.G.A. executive, is based on such facts as the 100 per cent increase, compared with a year ago, in the number of vacation inquiries pouring into the offices of the Michigan Tourist Council and four regional tourist associations in the state.

Tabquamenon Falls in the Upper Peninsula will be open to tourists this year. The road starts at Newberry. A new shoreline pavement in Mackinac county, also in the Upper Peninsula, will take travelers over the scenic Cut river bridge on US-2, highest bridge in Michigan. New highway construction also has closed several gaps in US-25 along the Lake Huron shore.

One disadvantage of feeding table scraps to the family pup is that such foods are often too spicy and may cause digestive disturbances. Another disadvantage frequently cited by veterinarians is that when dogs are fed largely on table scraps, they may not get all the nutritional elements they need. Left-overs are all right as a supplement to the dog's diet, however, provided that the basic ration is well-balanced and of good quality.

It's always a "Breeze" to a Roadmaster!

power at your command. Cares fall away with the dust-clouds of your going, and you've forgotten the world and the weather.

You know now why scores of thousands wouldn't be without the sweet luxury of Dynaflo Drive—or the velvet power of ROADMASTER. You know why the Buick ride sets the standard for the industry—above all, why Buick's the buy.

For it isn't just what the price tags say nor what a demonstration shows that makes Buick such a satisfying investment.

It's in the way a car grows on you when it's planned to please in many ways, and not just through a single feature.

In such a car, any trip's "a breeze." How about breezing around to your Buick dealer to see how quickly you can get a ROADMASTER?

Sheriff Reports Week's Happenings

Saturday, July 9, 1949 a man entered the Mother Hubbard Market at Joy and Middlebelt Roads and cashed a check for \$39.85, written on the National Bank of Detroit, by the Marine Construction Company, 1723 Ferry Park, Detroit. Payment was stopped by the bank as check was a forgery. Detroit Police report that a large number of these checks were stolen from the office of the Marine Construction Company. Sheriff Andrew C. Baird's detectives armed with a good description of the man and expect an early arrest. Sheriff Baird again wishes to stress the importance of obtaining positive identification before cashing any check.

July 14, 1949 Carl E. Olson, 30, 1120 Sycamore, Wyandotte, was sentenced to 1 1/2 to 3 years in Jackson Prison by Judge Jayne, Wayne County Circuit Court. Olson was arrested March 11,

1949 by Sheriff Andrew C. Baird's deputies when he was found in Jack Cinnamon's Market, Fort Street, Ecoville Township. Olson had entered the market through a hole in the roof and in doing so had set off burglar alarm.

Sunday night, July 11 as Leo Blair was closing his store at 13655 Toledo-Dix Highway, two men entered and held him up. The case was turned over to Sheriff Andrew C. Baird's detectives and on Thursday, July 14, Meador Jerome, 18 and James Allyn, 20, were arrested. Both men were identified by Mr. Blair as being the men that held him up. They confessed and are now awaiting trial.

Friday, July 15, 1949, at 11:12 p. m. Eley Hall, 17, 335 S. Wayne Road, was critically injured while riding his bicycle on Wayne Road. He was hit by an automobile driven by James E. Sutter of 3612 Mildred, Wayne. Sutter stated to Sheriff Andrew C. Baird's deputies that he did not see the boy until it was too late to avoid the collision. Sheriff Baird wishes to remind persons riding bicycles at night of the added danger due to limited visibility and the importance of proper lighting equipment on the bicycles.

State Fair Plans 11 Agricultural Meets

As part of the new program to properly emphasize agriculture and agricultural events, six new agricultural contests have been added to the Centennial Michigan State Fair at Detroit September 2 through 11. These have been arranged by Paul Finnegan of Jackson who has been appointed Director of Agricultural Contests by James D. Friel, general manager.

The new contests are: cross cut sawing, weight lifting, axe chopping, tug of war, horses and tractor pulling, and greased pig catching.

Prizes for these contests are to be listed in the State Fair program.

The other contests previously scheduled are: horse pulling, hog calling, milking, sheep shearing, and husband calling.

Prizes for these contests are listed in the Premium Book which is now being mailed.

The contests may be entered at the Fair. It is hoped that thousands will participate.

For further information, write to: Mr. Paul Finnegan, 511 Southwest Avenue, Jackson. He is manager of the Michigan Cooperative Wool Marketing Association and was active last year in the sheep show at the Fair.

Wheat Champions

Victor P. Rasmussen (left) and Max J. Rasmussen, of Cache county, Utah, did not know they would be national wheat champions when this photo was taken on their 4,600 acre farm, between Cache Junction and Clarkston, Utah.

The wheat, which Victor Rasmussen is holding, is a sample of the crop from the 2,600 acres of wheat land, which is owned jointly by these two men and their brother Heuben, who was too busy farming that day to get in the picture.

The Rasmussens' wheat, which was hard red winter of the Cache variety with a test weight of 64 pounds per bushel, took first place in the 8th annual Philip W. Pillsbury judging for best United States wheat raised in 1948. The grain competed with 37 samples from 20 other states when the judging was held in Minneapolis.

The Rasmussens rotate their wheat crop on 4,600 acres of irrigated land. They are the sons of Philip H. Rasmussen, who won the state and national Pillsbury award in 1946.

Food Poisoning Can Be Fatal

Outbreaks of food poisoning are traced each year to Michigan picnic baskets, the Michigan Department of Health warned today. Three C's - CAREFULNESS of selection and preparation; CLEANLINESS of person, kitchen utensils and ingredients; and COLDNESS of ingredients through storage, stages of preparation and until eaten - may save you and your family from food poisoning, the Department said.

"Don't get the mistaken ideas that food, once cooked, will remain safe for hours; that pre-cooked or cured meat will stay safe without refrigeration; that spoiled food always tastes or smells bad, it added.

These are the foods which require special care: all pre-cooked and cooked meats, poultry, fish and eggs, salad dressings and cream-filled pastries. Still others requiring care are: gelatin preparations, baked beans, gravies and puddings.

These foods must be kept cold 50 degrees or below from the time they are prepared until they are eaten. They cannot be kept safely at room temperature, or in the ordinary picnic basket.

Food poisoning is caused by the growth in food of germs (staphylococci) usually found in the nose and throat of people with bad colds, and in pimples, boils, carbuncles and infected fingers.

These germs may reach food from the air, from sores of dirty hands, unclean towels, dishes, utensils, sandwich and meat boards and meat grinders or from flies, mice and roaches.

In warm weather, these germs multiply and produce poisons so fast that food kept even an hour without proper refrigeration may be dangerous, even though it is refrigerated later. Usually heating up such food is not sufficient to destroy the bacteria and the poison they produce.

Food poisoning usually takes effect within one to six hours after contaminated food is eaten. Vomiting and diarrhea occur. Not all people eating contaminated food become ill, but food poisoning can be fatal.

The ingredients of the picnic lunch especially, should be kept clean and cold during preparation, should be refrigerated until transferred to an insulated container or packed in ice for transportation. There are insulated containers on the market and putting potato salad, baked beans and sandwich fillings in clean, closed jars and then packing them in a box of cracked ice, thoroughly insulated with newspaper wrappings, is an inexpensive recommended procedure. Keep the refrigerated picnic foods covered and in the shade until eaten.

Oakwood Hospital Plans Approved

Approval of architects' plans for the new Oakwood Hospital, to be built on Oakwood Boulevard about a half mile east of Dearborn Inn, has been voted by the hospital board of trustees, it was announced by Donald McLouth, Oakwood president.

The new structure will house 213 beds for adult and child patients and 13 bassinets for newborn infants as well as extensive surgical, laboratory, maternity, x-ray and other well-equipped departments essential for modern diagnosis and treatment.

"Plans for Oakwood Hospital," McLouth said, "have been drawn after careful consideration of the specific hospital requirements of this area and when the architects' drawings are translated into actual construction, the residents of western Wayne County will find here the health protection they urgently need."

"We are gratified at the speedy progress that has been made in the development of the hospital to date and, as a result of our participation in the \$19,720,000 Greater Detroit Hospital Fund, the residents of this region can be confident that this modern and well-equipped hospital will be made available at the earliest possible moment."

Reporting on recent developments, McLouth pointed out that test borings have been made at the site of the hospital and land clearing will begin in early autumn. He said further that a substantial portion of the \$3,000,000 Greater Detroit Hospital Fund allocation has already been designated by subscribers for Oakwood Hospital and has been deposited with the board of trustees and "there is every assurance that a federal grant of \$1,300,000 will be forthcoming soon."

"It is important," McLouth said, "that those who work and live in this region give full support to the Hospital Fund program not only to help ensure the success of this community-wide federated movement, but also to gain unusual satisfaction from doing their part to supply the health facilities that will serve their own families and neighbors."

The new hospital has been compactly designed, McLouth continued, with emphasis on vertical rather than horizontal transportation, to keep operating costs at a minimum. The seven-story structure has also been planned to afford the maximum sunlight to patients at all times of the day and in all seasons of the year.

In addition to patients' accommodations and facilities for diagnosis and treatment, there will be a residence for nurses, quarters for resident physicians and a social service department, all of which will be important in the complete functioning of the hospital.

the project, Sherwin A. Hill, chairman of the memorial gifts committee of the Greater Detroit Hospital Fund, said Oakwood Hospital will bring service within easy reach of thousands of residents "who must now seek hospital care far from home in times of illness and injury."

Hot Weather Care Advised For Stock

Hot weather is just as hard on animals as on people. Michigan State College veterinarians are advising some precautions to prevent livestock losses during the hot summer months.

Shade should be provided for cattle who are outside so they have ample opportunity to get out of the sun.

Shipping is particularly hard on livestock. Good ventilation in trucks is especially important in hot weather.

If you have an open-top truck, shade the animals with canvas. Or if the truck has a grain body, remove the slats. Don't put too many animals in a small space.

Many livestock producers find it's wise to ship at night when the weather is cooler. Cleaning and disinfecting the truck should be done carefully since summer heat helps promote disease germs.

NOTICE!

WALLACE WESTERFIELD is the new owner of the former Christensen Farm Supply Store.
