## Mr. and Mrs. F. Fry to Mark Golden Anniversary Aug. 9

Mr. and Mrs. Fred A. Fry of Marilyn Road, residents of Northville for most of their lives, will celebrate their golden wedding anniversary, Tuesday, August 9 with a renewal of their vows and an "Open House". The anniversary party will be held at the First Methodist Church, beginning at 8:00 p. m.

Sponsoring the 50th wedding anniversary party for the Frys is the Methodist Church. Rev. William Hughes will hear their renewal vows in the church sanctuary, and then the assembly will adjourn to the church parlors, where the ladies of the Woman's Society of Christian Service will be hostesses for the occasion. Roy Stone will be in charge of the entertainment.

A Northville Record of 50 years ago states that "the marriage of Miss Anna M. Blair and Mr. Fred A. Fry, both popular young people of Northville, occurred on Wednesday, August 9, 1899, at 12 o'clock noon at the home of the bride's parents."

"Rev. J. M. Ward was the officiating clergyman. The bride was gown in laces of opal effect with pearl and chiffon trimming and carried a Bible. She was dressed in a white and pink and carried pink carnations. Miss Inez Hart of Detroit acted as bridesmaid. She wore white Persian mull and carried white carnations."

"Messrs. C. Stoff Buchner of Vassar and Frank Fry supported the groom. During the wedding service, Miss Norine Clarkson played the wedding music."

"Guests to the number of eighty were present from various places, the most prominent being Mr. J. J. Moore of Walled Lake, father of Judge Moore of Lansing, great uncle of the bride. After a sumptuous repast had been served, the happy couple left for a week's outing on the banks of the Huron. Mr. and Mrs. Fry will be at home to their friends after August 22 at 47 Cady street."

Mrs. Fry, who was the daughter of the late Mr. and Mrs. William Blair of South Wing street, taught school in Northville for three years previous to her marriage. Mr. Fry, who was the son of the late Mr. and Mrs. Frank Fry also of South Wing street, for many years was a carpenter and builder. He also was employed by the late R. J. Hamnermeister at "Hammer's Hardware" and by the late Ward Masters at the "Masters' Feed Store."

To this union were born three children: James A., of Detroit, Cecil K. of Northville and Duncan B. of Plymouth. The Frys have seven grandchildren: Mrs. Jean Ann Burg and Carolyn Fry of Detroit, Beverly and Laurie Fry of Northville and Marilyn, Fay and Frederick Fry of Plymouth. One great-grandchild, Karen Burg, is three years old.

Mr. and Mrs. Fry are both 73 years old and enjoy good health. They will be pleased to greet their friends next Tuesday evening at the Methodist Church.

Mr. and Mrs. N. M. Lazar and children, Richard, Janis and Joyce of South Rogers street returned recently from a few days stay at Houghton, Michigan.

## Local Legionnaires Take Dept. Offices

Several members of Lloyd H. Green Post 147, the American Legion, attended the 31st annual Legion convention held July 28 through the 30th in Detroit.

During the election held Sunday three members of the local post were elected to department offices. The local post now is the only post in Michigan and probably the only post in the United States with three department officers. They are George Simmons, department vice commander, Charles Murphy, department sergeant-at-arms and Leslie Alexander, department adjutant.

Those who attended from Northville were: Fred Walker, George Simmons, Charles Murphy, Leslie Alexander, Morris Cohen, Paul Burnham, David McDougal, Henry Lankhorst, Robert Meak, Charles Carington, Dr. Wilbur Johnston, Bruce Simmons, William Croll, Ray Aitenberg, Bill Sutton and Oscar Hammond. Several members were also appointed to department committees.

At the meeting it was decided that next year's convention will be held at Grand Rapids and the mid-winter conference will be held in Lansing.

Members of the local post are planning a banquet to be held at Veterans' Memorial Hall August 20 to honor all department officers.

The post made it possible for the Northville High School band to take part at the convention. They provided the opening entertainment for the finals in the Drum and Bugle Corp competition held at Fordson High School Friday night. They were reportedly well received.

## Suburban Shriners To Present Jamboree

The Suburban Shrine Club will present a Western Jamboree, including a rodeo, ox roast and old time dancing, Saturday, August 20, beginning at 2:00 p. m. and continuing into the evening.

This outdoor event for young and old will be presented at the Saddle Ridge Club, located on Curtis Road, between Ann Arbor and Territorial Roads.

There will be a quadrille event presented by a troupe of trained horses and their riders, roping and bucking horses, which Nobles, their families and friends may watch. Tickets are available at Gussell's Drug Store, Neil's Northville Hardware or from N. K. Pattison, 18851 Valencia Drive, Northville.

Mrs. Charles Smith and daughter, Mary of River Street were in Saginaw last week Wednesday, July 27 visiting Mrs. Fred Kunding and family and the Shube Smith family. While there, Mrs. Smith and Mary attended the celebration held in honor of the removal of Saginaw's famed street water pumps and the installation of their new water system. Saginaw is purported to have excellent water now.

## Midget Racing To Be Held in Novi

B. R. Gregoric, president of Novi Speedways, Inc., announced recently that the Novi Speedway, future site of auto, harness and motorboat races, would be ready to start operation during the last part of August.

The midget racing plant will start holding races at that time, according to Mr. Gregoric. The other sections, the big car and harness racing will not be done until 1950.

The part of the racing plant scheduled to open in August will consist of the midget-track and grandstands which will hold 8,000 persons. The stands will be built on the side of a hill overlooking the track proper.

The track will be paved with a special emulsified petroleum surface recently developed by the state highway department to prevent dust. Parking space to accommodate 4500 automobiles will be provided for midget race spectators. The lots will be located off Meadowbrook and Grand River and Eleven Mile Road and Seeley Rd. Boundaries of the Speedway are Grand River, Eleven Mile Road, Meadowbrook and Seeley Roads.

Because the midget racing will take place at night a new electric plant will be installed to provide current for the track.

When finished the two million dollar racing plant will hold a quarter mile midget race car track, a standard American Trotting Association harness track and an AAA sanctioned "big car" track. The banked midget car track can be flooded to make a shallow lagoon for outboard motors. To facilitate the outboard lagoon plans call for a track infield slightly higher than the inside edge of the banked track. The "V" formed by the track infield and banked track will be filled with water from the Holcomb reservoir.

## Gas Restrictions Remain In Force

Restrictions on the connecting of additional gas heating customers remain in effect in Plymouth and other communities served by Consumers Power Company, Division Manager David L. Brown said today.

"Some confusion has resulted because of recent press and radio announcements that all restrictions have been lifted in territories served by the Michigan Consolidated Gas Company," Mr. Brown said. "Michigan Consolidated, of course, serves an entirely different territory, and its natural gas supply situation is not the same as ours."

"Consumers Power Company was authorized by the Michigan Public Service Commission a few weeks ago to connect 12,000 additional house heating customers for the coming heating season. Of these 12,000 additional customers, 455 were allotted to the Plymouth Service Area, which includes Northville. Several times that many customers applied for gas heating service, and the successful applicants had to be determined by lot."

"There is no present likelihood that the Plymouth Service Area will be able to take on any additional house heating customers beyond this 455 within the foreseeable future."

## Plan Fishing Trip For Northville Boys

The Northville Recreation Committee will sponsor an overnight fishing trip for the boys who have attended the recreation classes this week.

The group will meet at the Scout building Monday afternoon at 2 o'clock to leave for some Michigan lake. They will return Tuesday morning. Al Jones and Wilson Funk will accompany them on the trip.

Those who attend must furnish their own bedding and food and the recreation committee will furnish transportation and the boats for fishing. The boys also must get permission from their parents to attend.

## Rev. Fredsell To Lead Aug. Services

Beginning Sunday, August 7, Rev. H. F. Fredsell will conduct the summer union services in the Methodist Church for the month of August. Rev. William Hughes conducted the services during July in the Presbyterian Church.

Merritt Meaker will be the soloist at Sunday's service.

## Boy Scouts Lower Age Requirements

The Boy Scouts of America has lowered the entrance age for its three programs—Cub Scouts, Boy Scouting and Senior Scouting—effective September 1, 1949.

This decision was reached by the National Council after many years of careful research. A nation-wide report from parents and scout leaders unanimously requested the change in age requirements.

After September 1 boys may become Cub Scouts at 8 years of age instead of 9; Boy Scouts at 11 instead of 12, and Explorers at 14 instead of 15.

The local Cub pack committee considers this a desirable change and one that will call for much extra work on the part of the committee in the next few months of the transition period.

Many boys nine years old are already eligible and many more who are eight or who will be come eight shortly after Sept. 1 will be anxious to join the Pack as soon as possible. The Pack will require many new Den mothers. Several mothers have expressed a willingness to lend a den but few have signed up to date. To enable the Cub program to get off to a vigorous start this fall the committee is asking for volunteers for Den Mothers and Den Dads. In this inspiring young boys' program so that all have who want to join will have a place.

The program can only be successful by having the full support of the parents. Cubbing is a Boy-Parent program. The Pack committee, in a meeting July 25 adopted a policy that the mother of a boy wishing to join the Pack should agree to act as Den Mother for at least six months at some time in the three-year period the boy is a Cub Scout. Fathers also may serve as adult helpers.

Boys eight and nine years old who want to join the Cubs should have their parents get in touch with Cubmaster Fred F. Van Atta at 511 W. Cady street or with Pack Committee Chairman Arthur Carlson, 201 Fremont, for information and application forms.

## Veterans To Get NSLI Dividends

The American Legion will assist all local veterans in applying for their National Service Life Insurance Dividends.

This was announced today by Fred Walker, commander of the Lloyd H. Green Post No. 147 of The American Legion of Northville.

"Our post will have the necessary applications which veterans will have to make to the VA to get their NSLI dividends," Commander Walker said. "Every veteran who held his NSLI policy for 90 days or more will have a dividend coming to him. The VA expects to pay out approximately \$600,000,000 in these refunds. Payments per veteran are expected to average about \$175 according to the VA. Applications should be filed as quickly as possible because it will take weeks and months for a veteran to get his refund check."

Actually, Commander Walker explained, The American Legion will put on the biggest mammoth drive in history to locate veterans who are eligible for the NSLI refunds.

The VA estimates that some 10,000,000 veterans are entitled to NSLI refunds," Commander Walker said. "Actually today the VA has a home address of only six million of eligible veterans. The American Legion will help it to locate 10,000,000 others."

The Service Office, Club J. Smith expects to set up an office in the Veterans' Memorial Hall several evenings to take care of the first rush of applications. The dates will be announced as soon as the blanks are received.

## Commission Adopts Utility Ordinance

The regular Village Commission meeting was held Monday evening at the Village Hall. Present were Commissioners Locke, Peter Scholtz and Ely and President Conrad E. Langlois and absent was Commissioner Stubbenvoll.

The council adopted an ordinance which compels all public utility companies doing any sort of construction or repair in the Village to secure a written permit from the Village Hall, permitting them to go ahead with the work. The public utility company so desiring the permit must notify the commission in writing what their intentions are with regard to proposed construction or installation.

Commissioner Locke made a motion that the \$6000 borrowed from the cemetery fund by the general fund be returned. It was seconded by Ely and the motion was voted upon and carried.

The Village fire truck was discussed and Commissioner Locke was designated by Mayor Langlois to contact the Detroit Fire Department to secure a man to make the necessary repairs on the truck.

Reports were heard by the Commissioners from the police, health, superintendent of streets and public works, and treasurer. They were accepted and placed on file. Bills were passed and no further business appearing, the meeting was adjourned.

Mrs. Mable Copley, Miss Ruth Knapp, Miss Louise Coleman and Miss Flora Cooper returned Friday from a two weeks' trip through Canada.

## Rotary Club Hears Religion-Law Talk

Phil Ogline addressed the Rotary club at its meeting Tuesday night, speaking on the topic "The Law and Religion."

Ogline posed a question, "why little or no reference to religion or Christianity in the United States Constitution when we are primarily a Christian country?" He then explained that the only direct reference to religion is in the first amendment in the Bill of Rights but that an indirect reference is made in the fourteenth amendment, which prohibits the abridgment of rights by any means other than due process of law.

The young lawyer went on to outline both the essential freedom of religious worship and several restrictions placed on it because of the rights of others, primarily regarding health, morals and public safety.

Six awards were made for continuous attendance at weekly Rotary meetings. An award was presented by Russ Amerman to Neil Hamford for two years by Mike Gussell to Bob Bretner for two years by Roy Elliott to his son, Bill Elliott for two years, by Charlie Carington to Art Schutte for six years, by Les Lee to Sully Sullivan for six years and by Tom Carington to Harold Fredsell for five years.

## 8,238 Racing Fans Open Downs Meet

Northville Downs, Michigan stronghold of night harness racing for the past five years, successfully opened its 54-night season under the lights Monday with one of its most impressive opening cards, before a banner crowd of 8,238 racing fans.

With five photo finishes listed among the nine starts, favorites came through in five races, and the crowd bet a total of \$182,424 to get the meeting off to a rousing start.

Tommy Winn of Northville, driving Danmar in the third race brought the first \$10,000 home; a winner, after Little Sawnee and Senator Henley combined for the daily double which amounted to \$154.40. Danmar is owned by Mrs. Don Love of Detroit.

Highland Ellen, as expected, won her division of the divided Inaugural Pace, the first of nine stake events slated to carry a total value of \$37,500 for the season. Her two wins gave her a record of 11 victories, three seconds and four thirds in 23 starts this year.

With a full card of nine races scheduled nightly, Northville Downs offers outstanding contests throughout.

The opening crowd voiced approval of the many improvements in the compact plant. A new entrance, an expanded mutuel plant, new rest rooms and an improved model of the Smith Stirling Gate were on display as background to the fine lighting cards on tap.

Feature event next week will be the second stake race, a \$5000 event for 18 class trotters for which 40 of the season's most successful trotters have been nominated. This race will be run on Friday night, August 12.

Post time at the Downs is at 8:15 p. m. every night.

Games will be conducted by the Robb and Oud Fellow lodges and refreshment stands will be manned by the Blue Star Mothers and Mothers' Clubs of Northville. Mrs. Clara Lockwood will have charge of the Blue Star Mothers and Mrs. Louis Larson head the Mothers' Club. The Active Amusement Co. will provide laughs and thrill rides for the crowd.

Speaker at the Exchange Club luncheon last Wednesday was Arnold Swartz, a dog tamer. Mr. Swartz who was a Master Sergeant in the U. S. Army during the war trained sentry dogs at Boca Raton, Fla., prisoner of war dogs at Camp Rupert, Idaho, and was also stationed at the Canine Corps headquarters at Fort Robinson, Neb.

## Northville Couple Tours Six European Countries

After visiting six countries in three and a half weeks the Elmer Smiths have returned to their home on Rogers street. Their European tour, conducted by the American Express, was concluded July 26.

The 20 persons, including the Smiths taking the trip boarded the two block long Queen Mary in New York on that city's hottest day of the year, June 22. The group, the majority of whom were teachers, landed in Cherbourg, France and from there went by special train for a five day stay in Paris.

Mr. and Mrs. Smith were guided to the world famous spots in that city such as the Arch of Triumph and the Eiffel Tower in France, said Mrs. Smith, no scarcity of food was noticed except at breakfast. As the tourists proceeded to Switzerland, large gardens were seen in the French countryside which no doubt accounts for the good food situation there.

From the front patio of one of the many luxurious hotels in Montreux, Switzerland, Lake Geneva can be seen and rising above the building in back are the Alps mountains. Needless to say this was the most beautiful spot seen on their trip.

The Smiths report Hotel accommodations were wonderful. Mrs. Smith informs us, with waters appearing in long tailed coats for every meal.

Though three-fourths of the people there are German speaking, the country is not dominated by the Germans, said Mrs. Smith. The guide informed this group of Americans that the peasants are the Country's dominating factor, so no labor troubles arise.

Luxemburg was the groups next stop. During the day spent there, Mr. Smith visited the grave of General Patton and in the territory where the Battle of the Bluge took place, he saw the second evidence of war destruction. The first was at Cherbourg, France.

Entering Brussels, Belgium, the guides for the tour had shown only the light side of life, hardly mentioning the war. But in Belgium, the guide exemplified the bitterness of the people, said Mr. Smith, and showed and explained to them such places as the shooting galleries where the men go to prepare themselves to safeguard their country.

Holland to the Smiths is the land of happy, smiling people and millions of bicycles. But Holland, as the land of picturesque windmills, was not found by the Smiths. The hard-to-replace windmills have been supplanted by machinery, more efficient but much less attractive.

Though the Dutch farmers are not now allowed to make their world famous Edam cheese, the tourists visited a typical farm where the product was formerly made. On entering the spotless house the guide explained that during the winter the cattle live in the stable in the same buildings with the farmer and his family.

Crossing the North Sea on a night steamer to England, Mr. and Mrs. Smith proceeded to London and the Shakespeare country nearby.

Though the group saw the noted Westminster Abbey, Windsor and Warwick castles and watched the changing of the Guard at Buckingham Palace, the depression of the people and (Continued on back page)

## Elmer Smith Sends Report On S. Africa

Elmer Smith, well known Northville and Plymouth real estate dealer who toured Europe this summer with Mrs. Smith, sent The Plymouth Mail considerable information pertaining to the intensive drive England is making for the colonization of South Africa.

In the data sent was a special supplement of the London Daily Mail's Paris edition given over entirely to the "exploitation of South Africa."

The most interesting feature of the material sent was the information pertaining to the class of people who will be permitted to settle in South Africa.

It is quite apparent that the admission of immigrants into South Africa, called "The Land of Tomorrow" is on a highly selective basis.

Not only are certain racial groups being eliminated from admission into South Africa, but the political background of all prospective immigrants is being most carefully scrutinized.

A special article by the Minister of the Interior of the British South African colonies, points out that the South African government has decided on the program of action within the framework of the above mentioned policy and considerations:

a) To enforce a more effective and discriminating screening of prospective immigrants.

b) To devise measures whereby all prospective immigrants will be induced to pass through the screening machinery provided by the Government; and

c) To divert itself, save in exceptional cases, from any financial obligation in respect of the provision of transport for immigrants to the Union.

In practice it means that the main points in our program are two-fold. The first is that, wherever it comes to South Africa, come through the recognized funnel, and the second is to see that the funnel has a filter which will exclude all persons who are not of the desired race or of the desired political background.

On a close scrutiny of the labour efficiency of the men who come out here, and last but not least there is also a close scrutiny as far as security reports are concerned; we do not want to import into this country people who are bound in the near future, by reason of their ideological convictions, to create difficulties in this country, in this respect we regard Communism as a definite threat and danger to our way of life.

We regard these preventive measures as essential in the interest of both our settled population and prospective immigrants—the last named will, because they are immigrants, already have a hard task adapting themselves to a new environment, we regard it as our duty to our future citizens to make that task less and not more difficult.

The Union Government desires to be realized abroad that it does not propose by these measures to exclude those who by reason of outstanding knowledge, skill and experience or in other respects can make a substantial contribution to the material prosperity of the Union or its spiritual development and who will fit into the national pattern and way of life.

For such there still is room, but only the best is good enough for South Africa. And here I particularly have in mind industrialists, who intend bringing their factories, their capital and their employees to the Union, to assist in the development of our young and viable nation.

The main objective of our immigration policy and program of action is that it must be regulated in accordance with the needs and requirements of South Africa. There will always be these tugging forces. On the one hand we will have the labour requirements in our expanding economy, on the other side there are the interests of the settled population.—Plymouth Mail

# Why C & O Seeks Permission to Discontinue Its Detroit-Bay City Passenger Trains

Trains 101, 103, 104 and 106 would operate this year at an estimated deficit of more than \$400,000.00

APPLICATION has been filed with the Michigan Public Service Commission for the withdrawal of Chesapeake and Ohio trains 101, 103, 104 and 106 operating between Detroit and Bay City.

We make this request with great regret. Patronage of these trains has steadily decreased over the past several years. The use of these trains by so few people—in numerous instances there are fewer passengers than crew members—shows that other transportation is preferred and that these trains are unneeded, unwanted, and a waste of economy. On an average, each of these trains handles less than twenty-five passengers per trip—and many of these for a short distance only.

For a number of years the decreasing patronage of these trains, coupled with the increasing costs of operation, has resulted in substantial losses, until now the direct, out-of-pocket expenses of these trains is more than twice the revenue collected from this service.

The continued operation of these trains at substantial losses creates an unfair and unwarranted burden on the users of other passenger and freight services. C&O has reluctantly—and regretfully—decided to take the only action possible.

## CHESAPEAKE and OHIO RAILWAY

### HERE ARE THE FACTS:

Out-of-Pocket Expense and Revenue of passenger trains 101, 103, 104 and 106 First four months of 1949

Total revenues (passenger, baggage, mail, express) \$ 64,372.13

Actual out-of-pocket expenses directly chargeable to trains 101, 103, 104, 106 (wages and payroll taxes for crews, fuel, water, lubricants, engine house expenses, locomotive and car repair, other supplies and terminal expenses) \$153,086.42

LOSS \$ 88,714.29

**TOTAL 1949 LOSS ESTIMATED AT MORE THAN \$400,000.00**

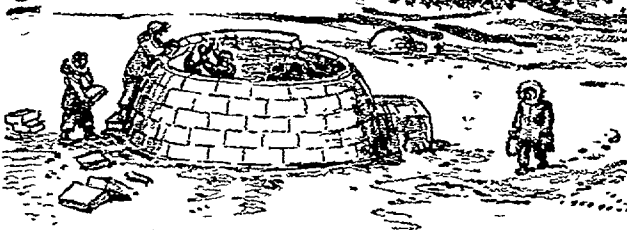

There are numerous other expenses, not included in the above statement, also chargeable to the operation of these trains. These include the passenger proportion of maintenance charges for tracks, bridges, signals, stations; depreciation charges, other taxes, insurance, wages of agents, traffic expenses, etc. The 1949 loss to C&O in providing this train service, including all passenger costs chargeable to these four trains, is estimated to be more than \$400,000.00.

In view of this tremendous loss, we have no alternative but to request discontinuance of passenger service between Detroit and Bay City. We feel confident that users of C&O freight and passenger services will understand our position.

**Local Girls Attend Cedar Lake Camp**

The fifth session of the Girl Scout camp at Cedar Lake closed last Sunday, July 31.

Carol Ann Sparling, Mary Virginia Stalter, Ann Sears and Barbara Prunty were the Northville representatives at this session.

The camp program was planned by the girls themselves with the aid of the committee members at their council meeting the first day of camp, Monday, July 18th. Representatives from each unit make up this council. Virginia Stalter and Bobbie Prunty were chosen for this council from Greenwood unit.

During the week, the girls were given a lesson in Astronomy by Mr. Smith, Astronomy professor at Michigan State Normal College. "Take me out to the ball game" was the theme for Wednesday's camping. Greenwood unit, to which most of the Northville girls belonged, was victorious over Oakridge unit in the tournament game. They then played the camp counselors to determine the winner.

Among the most outstanding character portrayals at the "story-land" party on Saturday night was Little Abner, Daisy Mae and the Schmooes. Bobbie Prunty, Ann Sears, Ginger Stalter and Carol Sparling characterized the above.

## Begin Construction At Livonia Raceway

First of a series of contracts for the construction of its \$4,500,000 thoroughbred racing center in Livonia Township has been let by the Michigan Racing Association vice-president George Haggarty announced today.

Haggarty said the contract for erection of the steel framework for the 8,000-seat grandstand-clubhouse building had been awarded to the American Bridge Company, of Buffalo, N. Y. The low bidder.

Terms of the contract call for completion of the steelwork within 90 days from the time architect's specifications are final and approved. This date is expected to be about November 1.

The covered stands will measure 355 by 260 feet and be constructed of concrete and other non-combustible materials. About 1,550 tons of steel will be used.

Contracts for construction of the track itself and for other groundwork at the Schoolcraft-Middlebelt road site will be let about August 12.

There is no doubt Michigan Racing Association will have its plant in operation in the spring 1950, Haggarty said. The high standards of thoroughbred racing introduced at the Fairgrounds this year will be maintained for Michigan's racing fans at the new plant.

Total capacity of the racetrack will be about 33,000 spectators. Plans call for a parking area with room for 12,000 automobiles.
