## Parents Aid Asked By Chief Denton

The safety slogans "Drunk drivers are going to jail," "Speeders are losing their licenses," "Police are checking brakes and lights," and "Watch out for kids" have become the law, according to Police Chief Joseph Denton.

With the reopening of school, children will be crossing the streets and highways more often. To help in the protection of our children drivers must be alert for the child who darts suddenly into the street between parked cars, especially in residential and school areas. Parents of young children just entering school are asked by the Chief to instruct them in the rules of safety.

Such rules as crossing at the intersections, the lights and where police officers or safety patrol boys are stationed should be known by every child.

The Chief assures the parents of the community that their children will be protected from speeders and violators in the village.

If speeders are caught in the school zone while school is in session, Chief Denton announced that fines will be increased.

Nearly 4,500 children under 15 years of age were killed or injured in traffic accidents in Michigan last year, with the aid of the parents, children and drivers, Chief Denton hopes that the figures this year will lower and that none of them occur in Northville.

Remember! When driving - WATCH OUT FOR KIDS!

## 'Dimes' Gifts Aid Polio Emergency

"Dimes and dollars contributed during the March of Dimes by the citizens of Wayne County are answering the present emergency created by the record number of polio cases in this community," said Nate S. Shapero today. Mr. Shapero, Campaign Director of the March of Dimes for the Wayne County Chapter of The National Foundation for Infantile Paralysis, reports that hospital bills for polio patients are being paid with March of Dimes funds at the rate of \$600.00 a day at the present time.

In commenting on the present polio incidence in Wayne County, Mr. Shapero continued, "We want the residents of this county to know that we are prepared to meet any emergency which this season's polio incidence may bring.

The polio outbreak may have reached the half way mark for the season. This is the optimistic prediction of Dr. David Littlejohn, Director of the Wayne County Health Department. Dr. Littlejohn was careful to say that he had no positive evidence on which to base such a prediction but at least there was some reason for such a hopeful attitude.

The County Health Department released the following summary as to the incidence of Polio in Wayne County: "Thirty nine cases of Polio have been reported so far this season in the Out-County area of 300,000 population within the jurisdiction of the Wayne County Health Department. The largest total number in any one year previously was 69 in 1946. Also, this year the start of the outbreak was several weeks earlier than in any other year. This is the one hopeful thing—that with an earlier start we may have already reached the peak and from now on there may be a gradual decline. Last

## Pre-Kindergartners Prepare for School

All parents of children entering kindergarten this fall are encouraged to have a check-up made on their child's health before school opens, so that if any corrections are necessary, they may be completed before school starts in September.

Committee members have been contacting parents the past two months and will continue to try and be as helpful as possible in giving information, advice or answering any questions. The cooperation of parents is needed to make the project one hundred percent perfect.

Committee members who have been working on the project are Mrs. Ralph Bogart, Mrs. George Kohs, Mrs. Harry Sedan, Mrs. Adolphie Richard and Mrs. Michael Willing.

## Concert in Park Planned for Tues.

Tuesday night's band concert at the Village Park was played before a large crowd of villagers. Director Leslie G. Lee plans another concert for Tuesday night, August 23rd, at 7:30 p.m.

The High School band will give the following program that night: "Officer of the Day March," "The Navigator," "Radical," "Shine on Harvest Moon," "Pavane," "Mexican Hat Dance," "Student Prince," "King Cotton," and "The Star Spangled Banner."

## Dr. Orlo Robinson To Practice Here

Dr. Russell M. Atchison this week announced that in September Dr. Orlo Robinson will join the medical staff of the Drs. Atchison and Wetterstrom practice. Dr. Robinson is expected to begin work here about the third week in September.

Dr. Robinson, who is married and has one daughter, will be remembered in the Village as he was associated with Dr. Atchison two years ago, previous to his entrance in the Medical Corps of the U. S. Air Force.

For the past two years, he has served as a flight surgeon at Randolph Field, San Antonio, Texas and in Albuquerque, N. M., holding the rank of captain. The Robinsons hope to live in Northville as soon as living quarters can be obtained. Dr. Robinson's home is in Wayne. He holds his medical degree from the Wayne University School of Medicine.

## Local Men Initiated Into Plymouth Elks

Ten Northville candidates for membership into Plymouth's newly formed Elks lodge journeyed with about 50 Plymouth men to Pontiac to be initiated into that organization and receive a dispensation for the Plymouth order Sunday afternoon, August 7th.

George J. Brodie was installed as secretary and Garrett T. Barry as trustee for one year, of the Plymouth Lodge No. 1780.

Other Charter applicants for membership from Northville were: Francis J. Buttermore, Donald C. Maclean, Henry C. Madigan, Clifford W. Schutte, Harry H. Spencer, George H. Thurber and Arnold Winkler.

The first official meeting of the new lodge will take place on the second Wednesday in September. The second and fourth Wednesday of every month has been designated for the regular meeting date. The place of meeting will be in Plymouth, the spot to be announced at a later date.

## Local Spring Water Tapped to Plymouth

Northville spring water is again flowing through Plymouth water taps for the first time in nearly five years. Finishing touches were given the Plymouth water system last week after final tests of the pumps and mains were completed.

After eleven months of work on the water system begun last September, a new tower, mains and pumps will keep the supply flowing to the city.

The new well field is located within a 200 foot area of Plymouth's original Northville spring wells. In fact it is the same water, or at least from the same well, that supplied the city back in the early 1920's.

The solution to the Plymouth water problem came about by action of the city commission in December 1946. At that time authorization was given to employ consulting engineers to make a complete survey of the Plymouth water situation. In April of 1947, a large majority of Plymouth electors voted to accept the engineer's proposal but actual work was not begun until September of 1948.

## Labor Day Program Plans Progressing

Plans for the Labor Day program, sponsored by the Northville Veterans of Foreign Wars Post 4012, are progressing satisfactorily. It is hoped that the children of the community will be out in full force as well as the adults for a good time on Monday, September 5th.

The Salem Snake Changers, who will oppose the Northville V.F.W. in a donkey softball game, will bring their mascot with them, none other than Mr. Snake himself.

There will be prizes for the youngsters who win first and second places in the many games and events planned for the day. A list of events will be published later.

## Sunday School Plans Expanded Facilities

Facing the same problems as the local grade school, the officers of First Presbyterian Church Sunday School are working to make room for additional youngsters this fall. Plans have been drawn up by the Superintendent John W. Blackburn and Rev. Harold F. Fredsell, Pastor, for movable partitions in the large Sunday School auditorium.

Previously this room was used only for assembly purposes but with the greatly increased attendance, five Sunday School classes serving the 4th, 5th and 6th grades will meet in the auditorium. Eight movable partitions made of seamless steel frames and natural finished plywood panels are being made by D. H. VanHove, Clarence R. Davis and Charles H. Walker. Six new plywood tables are being provided for Sunday School purposes. The plan of utilizing the Church House Auditorium is a temporary expediency until individual classrooms can be constructed under the sanctuary proper.

The teachers and officers of the Church School are to have their opening fall meeting at the home of Dr. and Mrs. V. George Chabot on Thursday, September 8th. It is to be a pot-luck picnic at 6:00 p. m.

## Shrine Club Plans Western Jamboree

The Saddle Ridge Club, located on Curtis Road, between Ann Arbor and Territorial Roads, will be host to the Suburban Shrine Club's western jamboree on Saturday, August 20th. The affair, which will include a rodeo, ox roast and old time dancing will commence at 2:00 p. m.

Tickets are available at Gussell's Drug Store, Neil's Northville Hardware or from N. K. Pattison, 18851 Valencia Drive, Northville.

The Northville Recreation program at the Grade school and the Scout Building will be officially closed tomorrow, Friday, August 19th.

## Former Maybury San Sup't Killed

Northvillites were saddened last week to hear of the tragic death of Dr. Bruce H. Douglas. Dr. Douglas served for many years as superintendent at Maybury Sanatorium and had many friends here.

Dr. Douglas was serving as Detroit public health commissioner at the time of his death, which occurred last Thursday in an auto accident which claimed four lives. The head-on car crash occurred on M-15 near Millington in a heavy rainstorm.

Mrs. Douglas was injured and taken to the Hurley Hospital in Flint with a fractured hip.

Dr. Douglas and his wife were driving north for a vacation when the accident took place. The health commissioner had postponed his vacation because of the polio outbreak in Detroit but the Board of Health insisted that he take a rest.

Having served as Public Health Commissioner since 1941, Dr. Douglas was nationally known for his work in combating tuberculosis and cancer.

Dr. Douglas was born in Des Moines, Iowa, August 28, 1892 and grew up in Newburg, Oregon. He graduated from Rush Medical College of the University of Chicago in 1920 and accepted an internship at Harper Hospital.

Transferring to Herman Keifer Hospital, he was made assistant medical director of Maybury Sanatorium two years later. He was named superintendent of the sanatorium in 1924. In 1933 he became tuberculosis controller at Herman Keifer and was made acting superintendent there in 1940. He was appointed health commissioner for the City of Detroit on April 11, 1941.

## Foreman's Exhibit Entered at Fair

Michigan farmers and their wives and other interested persons were told today that now is the time to make their entries in the Centennial Michigan State Fair to be held in Detroit, September 2 through 11.

"Premium" books, announcing \$120,000 in prizes and other information, are now being mailed. Sixty thousand books are automatically going to those who were on the mailing list last year and those who exhibited last year. Others who want a premium book should write to the Michigan State Fair, Detroit 3 Michigan. There is no charge.

One of the earliest and largest entries thus far received by Harry Kelley, director of agricultural exhibits, was from Foreman Orchards, Northville. The Foreman's are entering a display of fruit.

A greater emphasis on women's activities is being made this year. The sweepstake prizes, totaling \$5,000 will be the highest premiums ever offered during any Fair in the country.

"We want greater participation on the part of the ladies this year," General Manager James D. Friel said as he announced 350 prizes for women in 20 classes consisting in needlework, flower arrangements, foods, ceramics and family heirlooms.

In addition, Michigan housewives will have a chance to compete for the National Needlecraft Bureau cash awards totaling \$2,500 if they are entered in the Home Arts Department this year.

One of the new features this year will be articles that are 100 years or older which will be displayed in the Family Heirloom section. Great-grandfather's and grandma's daguerreotype or the old time "sampler" dating 1849 or earlier will be part of the antique exhibit.

Mr. and Mrs. Emerson Rutan and daughter, Barbara, of Grace Street have returned from a three weeks trip. The family traveled as far west as Yellowstone National Park and visited 13 states and Canada before returning to the village. The Rutan's small daughter, Etta visited with an aunt during her parents' three week absence.

## Recreation Fishing Trip Called Success

About 20 boys accompanying Al Jones and Wilson Funk, Village Recreation directors, enjoyed an overnight fishing trip at Union Lake last Monday.

The boys were transported to the State Park at Union Lake in a truck donated by Petz Brothers. They fished in row boats, swam, and slept in hammocks and on the ground. The trip was financed by the Recreation Committee. Al Jones served as cook and Richard Dietz was in charge of dish washing.

## Downs Sets Aug. 24 As Exchange Night

Owing to the large list of entries—a total of 39—the third stake event at 18-class pace, at Northville Downs, scheduled to be held on Friday, for a purse of \$5,000, has been divided, and will be run in two sections.

The purse has been increased to \$7,500, with half the field racing on Friday night for a purse of \$3,750 divided, and the same procedure will hold true on Saturday. The stake will be contested at a mile and a mile and a sixteenth.

The entry list includes such favorites as Mr. Linehan Direct, Abbe Boy, Jomesie Jones, Rosemary Brooke, Dusty McKillop, Favre Lad, Taylor Maid and Star Willow.

In addition to the two stake features for the week-end, there will be another free for all trot on Friday night, and a free for all trot on Saturday.

Despite the rain out on last Thursday, attendance at the half-mile oval continued to show an increase over last season. On Saturday night a new paid attendance record was established, when 7,751 paid their way through the turnstiles and bet \$225,337, the largest single night bet in the first two weeks of the meeting.

Tommy Winn of Northville continued his lead for driving honors, ending the first eleven nights of racing with 13 winners, eight seconds and five thirds in 50 starts. Runner-up is Harold Wellwood, who in 26 starts has driven six winners, five seconds and three thirds.

Next Wednesday night, August 24, will be Exchange Club night, when approximately 3,000 members of the Exchange clubs of metropolitan Detroit are expected to attend the night's program.

## Rotarians Hear Tale of Search for Gold

Russ Arnerman gave the "second episode" of the search for gold in Montana in a talk before fellow members and guests of the Rotary Club at the meeting Tuesday noon. He emphasized that the family vacation to Flathead Lake in Montana was mainly in the pursuit of recreation and relaxation, as are most vacations.

However, the many picturesque legends and stories of the area breed the desire in a visitor to get out and tramp around in the hills and to take advantage of the great natural beauty of the country.

The Rotary club will be host to the Exchange club at a combined pot luck picnic at the Willows at 6:00 p.m., Aug. 23. Fred Castleline, who is committee chairman, asked that all persons attending bring their own dishes and silverware. Dick Allan has charge of games and recreation plans.

Mrs. Eugene Howes (Dorothy Stevens) is a new employee at the Gussell's Drug Store. She replaces Norma Calkins.

## Faculty Sessions Set for Sept. 6-7

The Northville schools will begin their 1949-50 school year Tuesday, September 6 when the faculty will report for a two day institute and orientation period. Students will not report for classes until Thursday, September 8.

The two day faculty session will be devoted largely to room assignments, and conferences with High school principal E. V. Ellison, Grade school principal C. M. Pregitzer and school superintendent, R. H. Amerman. Teachers' Club president, Bob Meneses will also speak to the teachers and the two day conference will conclude with a faculty picnic at Cass-Benton Park, Wednesday afternoon.

Thursday, September 8 the pupils will report to their various rooms for assignments and then they will attend short sessions of their classes, being excused at 11:45 a. m. This year, it will not be necessary for old pupils to register for their classes. Only pupils new to the school system must register with their respective principals in their offices. Mr. Pregitzer, Grade school principal and E. V. Ellison, High school principal will be in their offices on August 30 and 31 from 9:00 a. m. to 11:30 a. m. and from 1:00 p. m. to 3:30 p. m. to aid new pupils in planning their curriculum.

Leslie G. Lee will be in the bookstore Thursday and Friday, September 8 and 9, and from Monday through Friday, September 12-13, from 9:00 a. m. to 11:30 a. m. and from 1:00 p. m. to 3:30 p. m. for the convenience of pupils who will want to get their textbooks early.

Friday, September 9, school will open at 8:30 a. m. and continue throughout the day.

## August 23-27 Is County 4-H Fair

The third annual Wayne County 4-H Fair will be held on their farmsteads located on Quirk Road just north of Belleville from August 23 to August 27.

The Wayne County 4-H Club Fair Association was started three years ago by a group of parents and friends of 4-H club work desirous of encouraging and promoting 4-H Club work.

While the Fair is designed primarily for 4-H Club folks there are open classes for farm folks in livestock and farm produce.

It is expected that over 1000 boys and girls will be exhibiting their animals and handy work at this event.

The Fair will be housed principally in large tents. One new building is now under construction. This new building is being financed by money raised by the 4-H Club Council.

The Goodings Greater Shows will provide rides and shows for the midway. As a special attraction this year the Fair Board have engaged the "Two Kays" highwire act. Their comedy and thrill show will take place at 3:30 and 10:00 each afternoon and evening. Judging of the exhibits will be held on Thursday the 25th. The very popular plowing contest will be held Friday and Saturday. The Friday contest is for 4-H Club boys and the Saturday contest is for adults.

Mrs. Eugene Howes (Dorothy Stevens) is a new employee at the Gussell's Drug Store. She replaces Norma Calkins.

## Head Football Coach Wayne Co. Refunds Sum to Village

AL JONES, head football coach of Northville High School, who has called the first practice of the season for August 25.

## Coach Jones Calls Football Practice

With the issuance of equipment and physical examinations August 25-26th, the Northville High School football team will begin fall practice in preparation for the 1949 season.

At 9 o'clock on Thursday, August 25th the boys are asked by Head Coach Al Jones to meet at the gymnasium for physical examinations given by Dr. R. M. Atchison and staff. Every boy must have an examination before allowed on the field for practice.

Equipment will be given out at 10 a. m. on Thursday and Friday in the High school gymnasium and regular practice will begin at Cass-Benton Park on Monday, August 29th. Thereafter Coach Jones, assisted by Coach Dick Kay will conduct two sessions daily from 9 to 11 a. m. and from 1 to 3 p. m.

Coach Jones has sent out 90 letters urging boys to come out and said that any other interested boys are welcome to meet with the rest at the school.

A kick-off meeting is being planned for Sunday, August 28 when the boys and their parents, friends and other interested Northvillites will meet the coaching staff and hear the season's plans. Erloy Ellison, High school principal, has charge of the program and School Board members will be on hand to talk to the group.

A block of 100 tickets to the Detroit Lions game at the University of Detroit Stadium Wednesday were donated by the Northville Downs for the use of the Northville football team and the band. Harry Smith and Coach Al Jones accompanied the boys. Some tickets for the game were purchased also by the High school athletic department for the boys of the community who are interested in football.

The game played for the benefit of the Free Press Fresh Air camp was a contest between the new members and the old members of the team.

## Northvillite Wins 1st Tourney Round

Bruce Turnbull of the Northville Electric Ship won the first round of the Fourth Annual City Golf tournament in Plymouth Sunday, August 14th at the Hill-top Golf course.

As winner of the first round of the match play tournament, Bruce will play against Sam Knapp on Saturday. Bruce edged out Dutch Atchison by a six to four margin.

The first round winner was presented with three golf balls, and as the series of matches progress on Saturday and Sunday with the 36 hole finals on Saturday, August 27th, prizes will include golf shoes and jacket and golf clubs. A trophy and a complete set of clubs will be presented to the finals winner.

Winners and runners-up will be honored at a dinner-dance to be held at the Saddle Ridge club on Saturday evening, August 27 at 7:30. Plymouth Mayor Hartmann and other city representatives will present the awards during the dinner.

A refund of \$4,115.50 was made to the Village Commission from the Board of the Wayne County Road Commission for overpayment of the paving of Main street, at the regular meeting of the commission Monday night, August 14th.

Mayor Conrad E. Langfield called the meeting to order at the Village Hall with Commissioners Peters, Schoutz, Ely and Stubbenvoll present. Commissioner Locke was absent.

Paid bids were received for the proposed paving in the village. Since the lowest bidder did not provide the right specifications, no decision was made but a special meeting will be held August 22 for that purpose. The following bids were received for Plan No. 1, to pave from Base Line Road down Horton and Rayson to Center Street or Plan No. 2 from Base Line down Horton, Rayson and Hutton Streets to Dunlap Street: Lake Construction, Howell, Michigan:

No. 1 — \$18,164.67  
No. 2 — \$16,974.31  
Detroit Concrete Products Co. No. 1 — \$19,476.52  
No. 2 — \$17,922.21  
Cadillac Asphalt Paving Co. No. 1 — \$23,555.30  
No. 2 — \$26,235.95  
Cook Construction Co. Detroit. No. 1 — \$23,822.00  
No. 2 — \$22,135.65

By vote of the Commissioners, the tax collection time has been extended to October 1st without penalty. It was moved by Stubbenvoll and supported by Ely that the Village advertise for bids on a new police car. The motion was tabled until the next regular meeting.

A catch basin located at the south end of Fairbrook road was ordered to be installed to take care of the water running down Wm. street.

## Pacer Injures Ten at Downs

"Leedon Queen," a pacer, ran away at the Downs Monday night injuring 10 spectators, three seriously. Those seriously injured were Mrs. Fred Dunham of 341 E. Main St. and Mrs. Bonnie Hanna and Leroy Johnson of Detroit. "Leedon Queen's" driver and owner, Franklin Meharg, suffered lacerations of the face and a broken rib.

Those treated at Sessions Hospital and then released were Eula Shipley and Mrs. Vera Small of Northville, Paul Maynard and Edna Laing of Novi, and Mrs. Juhanita Miller, Mrs. Fredericka Minthorn, and Mrs. Charles Nims of Detroit.

The horse "apparently" was crowded over to the rail when another pacer broke stride at the race's beginning, a Downs official stated. She threw her driver, Franklin Meharg, and continued around the oval, failing to make the turn, and plunging cart and all over the four-foot rail into the crowd.

The horse was cut in the shoulders and legs and a Downs official said that it probably will not race for some time.

## Cub Scouts To Hold Picnic September 13

Due to the current warnings of health department officials to avoid unnecessary large crowds and gatherings, the Northville Cub Pack committee at a brief meeting Sunday voted to postpone the scheduled picnic meeting set for August 23 to the date of the next regular scheduled meeting, September 13.

The next committee meeting will be at its regularly scheduled time, the first Wednesday in the month, September 7, 1949.

Mrs. Lucius Blake and daughter, Mrs. Velma Belasco of North Rogers Street are vacationing at Blainey Park in the Upper Peninsula. They expect to return to their home Sunday. Mrs. Belasco is on vacation from her duties at the office of Drs. Atchison and Wetterstrom.

Eleanor Peeke will return to Northville as music teacher in the Elementary school.

**AMPHIBIOUS HELICOPTER** . . . The air force's first amphibious helicopter, the Sikorsky-built H-5H, just breaks from the water after a routine sea landing. With the new amphibious gear, the H-5H can land with equal ease ashore or on the water, thereby increasing its utility as a rescue, search, and liaison aircraft. The four little blisters before and behind the engine make it possible to carry three litter patients. Plans can hover motionless over rough seas and haul up survivors without further injury to hurt persons or danger to the rescuers. This device may revolutionize rescue at sea or delivery of goods to stranded ships.

In picking a livestock program for the farm, consider (1) feed supply (2) labor available (3) capital and buildings (4) your own special ability in handling particular types of livestock. Exports of all grain from the United States will probably total 700 million bushels this year to set an all-time record, according to government estimates, representing a tribute to the free marketing system in America which makes this gigantic movement overseas possible.

During the first year of trading on the Chicago Board of Trade back in 1849-49, records show that spring wheat sold between 50 and 60 cents per bushel, and winter wheat sold between 60 and 70 cents per bushel. Early in 1849, corn sold around 25 cents per bushel, rising to 45 cents in midsummer and dropping back to 28 cents late winter. During early 1849, oats sold at 17 cents, rising to 23 cents the following autumn. All transactions those days were in cash, there being no futures markets as exist today.

## WITH OUR NEIGHBORS

**Plymouth**—What the United States has accomplished in Japan was the keynote to a speech Friday at the weekly Rotary meeting at the Hotel Mayflower. Takeo Fukai, who holds a doctor of philosophy degree at the University of Michigan, came to Plymouth from Ann Arbor to discuss the progress made in Japan by the United States since the end of the war.

**Ann Arbor**—The city of Ann Arbor will soon put five of its main intersection traffic signals on a flasher basis, during the hours of 11 p. m. and 5 a. m. police officials announced last Monday.

**Chelsea**—Rev. F. W. Brueckner, pastor of Zion Lutheran church at Rogers Corners for the past 2 years, celebrated the fiftieth anniversary of his ordination there on Sunday. Much of the celebration, including the presentation of a new Ford car, was a complete surprise to the pastor.

**Farmington**—The Clarenceville Board of Education, at its regular meeting Monday evening, authorized the holding of a special election for the purpose of seeking authorization to install a new boiler in the Central School.

**Plymouth**—Wednesday, September 7 is the day set for the special election in which Plymouth voters will determine whether or not to action in other four out of five city commissioners, Harold Check announced last week, acting in the capacity of city clerk. Less than a month away, the election comes just two days after Labor Day.

**Ithaca**—At a special meeting of the Ithaca village council last Tuesday, a decision was reached which will make Ithaca one of the best lighted towns in this part of the State.

**Grand Ledge**—The summer playground season closed last week with the annual picnic. The event was held at Crystal Lake Thursday and was attended by more than 100 mothers and children. Swimming was enjoyed, with games and more swimming taking up the afternoon.

**Howell**—Plans are being completed for the fourth annual three-day observance of V-J Day in Howell this week Thursday, Friday and Saturday with the Junior Chamber of Commerce, American Legion, and Veterans of Foreign Wars as sponsoring organizations.

**Ithaca**—A fire bug is operating at Banister that has already

set three fires and harassed one family by throwing a brick through the window. This is the conclusion reached by members of the Grafton county sheriff's department, state police and Fire Marshall Davis after two days of intensive work in the area.

**Farmington**—Neighbors on the Floyd Murrays, 19810 Parkville, who were burned out of their home early last Sunday morning, gave the couple a benefit party Saturday evening at the home of Mr. and Mrs. Tony LaPorte, 21018 Cambridge. The Murrays lost the upper story of their home, and all the clothes belonging to their son, five-year old Ronnie, when it was struck by lightning early last Sunday morning.

**South Lyon**—The Detroit Edison office reports little serious damage in the city from Sunday's electrical storm. A goodly number of electrical appliances in the northwestern and central residential section were affected.

At the William J. Miller home, 131 Hagadorn the lightning took a telephone box off and burned the newly painted siding on the house.

**Howell**—Although it is not compulsory to plant within year allotment, wheat growers are cautioned that if they want protection of government price support, loans or purchase agreements on their 1950 wheat crop, they must stay within their individual farm acreage allotment when they plant winter wheat this fall for harvest next summer.

**Birmingham**—The fog surrounding the city's proposed \$225,500 off-street parking program was slightly thinner this week, but not enough to give citizens much more of a bearing on where the program now stands, nor when they would be given the opportunity of publicly discussing it in considerable detail.

**South Lyon**—Everything seems to be getting under way very nicely for the farmers' festival in South Lyon. Join Alley says there will be plenty of hamburgers for everyone at the eat stand he will manage for the Kiwanis.

**Ann Arbor**—The possibility of Washtenaw County residents finding out what the Board of Supervisors officially thinks about a new county building dissolved last Tuesday when Supervisor Donald M. Silkworth of Ypsilanti, chairman of the planning committee told the board that not all the questionnaires distributed to the supervisors had been returned. The

## Deaths From Heat Reach Peak in Aug.

Take it easy these hot summer days, the Michigan Department of Health is warning oldsters.

Deaths from heat prostration and sunstroke reach their peak in August. Both result from prolonged exposure to sun of intense heat.

People past their middle years, and those who have high blood pressure, or disease of the heart or kidneys are in more danger than others. Such things as overexertion, dehydration, overindulgence in food or drink, worry, fatigue, anger, and lack of sleep add to the danger.

These things will help you to prevent heat prostration and sunstroke and to keep cool, the Department suggested.

Avoid prolonged exposure to sun and excessive heat. This includes ball games, tent-shows, fair midway and the like, as well as the beach and garden.

Keep the head covered when exposed to direct sunlight.

Wear loose, light, porous clothing, and not too much of that.

Stay where there is circulation of air.

Avoid over-exertion or fatigue. Take recreation, such as golf, shuffleboard, hiking, swimming and tennis in small doses.

Eat the same protective food you eat the year around—fruits, vegetables, milk, some hot food at every meal.

Drink eight to twelve glasses of liquid a day. This includes water, fruit juices, milk, soup, tea and coffee.

Get a good night's sleep. Nap in the early afternoon. Rest when you're tired.

Keep a pleasant attitude of mind. Save your worries for cooler weather.

State prisoners are working on park development in four conservation department park and recreation areas—Porcupine mountains, Tahquamenon Falls, Waterloo and Pontiac Lake.

questionnaires did not require supervisors' signatures.

**Birmingham**—Detective Sergeant William Green is directing the investigation in four breaking and entering at the Pandora Products company, 329 Eton road, last Friday evening. The building was entered and the safe opened with tools believed to have been taken in another robbery earlier in the evening. George F. Dwyer, owner of the company, said that the stamp box and a cash drawer containing about \$10 had been removed from the safe. Several non-negotiable bonds were not removed.

The Chicago Board of Trade is the only organized exchange to have an uninterrupted existence of more than a century in this country, and now is in its 102nd year of service to the grain marketing system of the nation. Throughout the past century, the existence of the Chicago Board of Trade made it possible to have prices of grain known publicly at all times as a matter of information to producers and as a matter of record to the public.

**This Question:**

Last week, while driving my car, a stalled motorist halted me and asked for a push. I obliged, but our bumpers didn't "jibe" and severe damage resulted to both cars. Who is liable for the damage? Does Collision Insurance cover this?

NEWS AND NOTES OF COMMUNITY INTEREST

### Lewis-Swan Vows Pledged in Salem

By Mrs. Frank Buers  
The Salem-Federated Church, Saturday evening, August 13th, was the scene of the marriage of Ernestine Wilma Lewis, daughter of Mr. and Mrs. Raymond C. Lewis, Sr., of Salem to Harold Leonard Swan, son of Mr. and Mrs. Fred R. Swan of Detroit. The couple repeated their vows before Reverend Cora M. Pennell at 8 o'clock p. m.

A white illusion veil trimmed in lace and held with a seed pearl crown descended to the tip of the bride's ivory satin gown. A single strand of pearls adorned the gown with its fitted bodice and marquisette yoke. She carried a cascade bouquet of stephanotis and gladiolus.

As maid of honor, Virginia Lewis of Salem, sister of the bride, wore an aqua taffeta gown with matching crown head-dress of net and flowers. Bridesmaids Marion Swan, sister of the groom, and Edwina Dickerson were dressed in gowns of blue taffeta with matching head-dress. Huguette Jackson of Detroit and Jane Hoot of Plymouth wore bridesmaids' gowns of pink with like accessories. Cascade bouquets similar to the bride's were carried by the wedding party.

A basket of yellow flowers to match her yellow taffeta gown and head-dress was chosen for flower girl Barbara Ann Lewis, niece of the bride.

Soloist Robert A. Lewis, nephew of the bride, sang "I Love You Truly" and "At Dawning" with Mrs. George Harris as accompanist.

Fred R. Swan of Detroit acted as his brother's best man. Ushers were Lindsey Lewis, brother of the bride, Reggo Guzman and Avery Jackson of Detroit, and Tammend Dickerson of Salem.

For her daughter's wedding, Mrs. Lewis wore a blue gown with peach gloves and rhinestone accessories. A peach gown with blue gloves and pearl accessories were worn by the groom's mother.

Three hundred guests watched the bride and groom cut the

traditional wedding cake at the reception held in the church dining room following the ceremony. Hostesses for the occasion were: Mrs. Clara Dickerson, Mrs. Ruby Hold, Velma Lewis of Salem and Mrs. Clarence Jones, Elizabeth Walker, Janette Walker, Mrs. Andrew Roundless, Sr., Mary Lou Holman and Mrs. Reggo Guzman of Detroit; and Mrs. Raymond Moreland of Monroe.

Mrs. Andrew Roundless of Detroit and Mrs. Howard Hood, Sr., of Plymouth presided at the tea table.

A flowered print frock with black accessories was chosen by the bride as her going away costume. After a two weeks' honeymoon, the young couple will be at home at 206 South Hamilton Avenue, Ypsilanti.

The new Mrs. Swan, who will be a senior music education major at Michigan State Normal College this fall, is a member of Alpha sorority, corresponding secretary of Alpha Kappa and historian of Sigma Mu Sigma music sorority.

The bridegroom is a graduate of Michigan State Normal College with a Bachelor of Science degree and plans to enter the School of Dentistry. He is also a member of Kappa Alpha Psi fraternity.

### Heliker-Goudeseune Vows Repeated

Mae Heliker, daughter of Mr. and Mrs. Norman Heliker of Twelve Mile Road, Farmington, and Clarence Goudeseune, son of Mr. and Mrs. Morris Goudeseune of Seven Mile Road, were united in marriage August 6.

The double ring service, which was witnessed by members of the immediate families, was read by Rev. Lorenzo Woods, priest of Our Lady of Victory church, at his home.

For her wedding, the bride wore a white satin gown which was fashioned with a yoke of illusion and trimmed with a lace bertha collar and matching lace in the skirt. Her fingertip veil of illusion was caught to her head by a beaded tiara and she carried a bouquet of white gladioli and lilies.

Her only attendant was Marian Holland of Farmington who wore an aqua gown and carried a yellow gladioli bouquet. Best man for the bridegroom was his brother, Joseph Goudeseune, of Seven Mile Road.

For her daughter's wedding, Mrs. Heliker wore a green dress and a corsage of yellow roses. Mrs. Goudeseune wore a navy

### Summer Studies End, Tempo at U-M Slows

End of the Summer Session has brought a period of semi-quiet to the University of Michigan.

Activities in the research laboratories, several conferences and the Law School will keep the campus from taking on a completely deserted attitude. The tempo will step up again on September 19 when Orientation Week begins with registration for the Fall Semester starting September 21. Classes will open on Monday, September 26.

The Law School's summer courses run until August 27, two weeks longer than the regular session. Michigan bar examinations are scheduled at the Law School on September 14 to 16.

### Former Maybury Doctor Visits Leo Lawrence

Dr. and Mrs. J. F. Busby of Newark, Ohio were week-end guests of the Leo Lawrence of Fairbrook Road. The Busbys, former Northville residents, were enroute home, having been called here by the tragic death of Dr. Bruce Douglas and the serious condition of Mrs. Douglas as the result of an auto accident which occurred near Flint last week.

Dr. Busby was an associate of Dr. Douglas during a portion of his tenure at Maybury Sanatorium. Mrs. Busby, a close friend of Mrs. Douglas, came on to spend the first few critical days with her in a Flint hospital.

The Douglas' daughter, Mrs. Mable Hamm and husband and two children came from Modesto, California. Mrs. Hamm has recently recovered from an attack of polio.

A family dinner party was held Monday evening at the Douglas-Bolton home on Lake street honoring Doug's mother, Mrs. Cass Bolton of South Wing Street, whose birthday occurred on that day. Present were Mr. and Mrs. Fred Hicks and daughter, Patty of W. Main street and the senior Boltons.

### Garden Party Honors New York Guest

Mrs. George L. Alexander of Spring Drive will be hostess this afternoon, Thursday, at a garden party, honoring her house guest, Miss Ethel Flannigan of New York City.

Miss Flannigan will be in Northville until August 25. Last Sunday, she was entertained with dinner at Dearborn Inn and a tour of Greenfield Village.

### Ann Arbor Production To Play in New York

Many Northville people who attended the Ann Arbor Spring Drama Season's production of "Twelfth Night" will be interested to hear that it will open on Broadway at the Empire Theatre on October 3rd.

Valentins Windt, director of the play and University speech department member will journey to New York to supervise the cast. The production will be managed by Michael Myerberg, producer of "The Skin of Our Teeth" and "Lute Song."

This Shakespearean comedy which will take almost the entire cast to New York, was considered the best of the five plays given during the season by the Ann Arbor group.

Governor Williams is not Michigan's first governor to enjoy talking at luncheons and dinners, crowning festival queens and otherwise being the answer to a program chairman's prayer. Kim Sigler used to thrive on these things even while the legislature was thrashing about at Lansing.

Williams stuck to the job faithfully while Solons were in town. But he waived aside all arguments in June and July for a speaking schedule that resembled a barnstorming trip. Like Sigler, he prefers travel by airplane.

The governor's staff is now convinced that many voters prefer to have their governor "work at the job." Result: Fewer speaking engagements are being booked for "Soapy" next fall. The governor and his family are residing during August at the governor's home on Mackinac Island.

When to call the legislature into special session is a decision yet to be made. The governor insists Michigan should enact a new tax immediately if it is to avert financial chaos next spring. He plugs vigorously for a corporation income tax rather than a personal income tax, and defends his position as not favoring a "sock the consumer" levy.

Even if the legislature were to adopt a flat personal income tax, says the governor, taxpayers would soon favor a graduated income tax by constitutional amendment.

Victor Knox, speaker of the house of representatives, is convinced Michigan voters would never approve a tax boost or a new tax until actual need had been demonstrated. A treasury deficit will furnish such proof, says Knox. This reasoning influenced Republican legislators, he said recently, to sidestep the issue of new taxes until 1950.

If this strategy is adhered to, Republican legislative leaders will await 1950 to see how much money is needed and then cut the cloth accordingly. To do anything now, so this argument goes, is to guess at a future development.

But 1950 is also re-election year for many legislators, six with State elective offices. To impose a new tax in an election year is regarded by some as something next to political heresy.

The more the Republicans wait, the more their opponents are going to lambast the party for protecting big corporations from a tax on their profits. Governor Williams wishes to put the G.O.P. on the defensive in 1950. He has been hammering away at

the corporation tax consistently in 1949 spending tours.

A week or so ago we had the opportunity to swing into the Upper Peninsula as far west as Marquette and Escanaba. Everywhere we were asked about Secretary of State Fred M. Alger Jr. and State Treasurer D. Hale Brake, two prospective candidates for governor in the Republican primary next spring. Also: "Is Dr. Keyes going to run for governor this time?"

Aside from saying that Alger, Brake and Keyes are ALL definitely interested in the nomination, we managed to stay neutral. Partisan politics have no place in this Main Street column. But the inquiries do show an interest or anxiety of Republican observers about 1950.

Another point: Harry F. Kelly is a possible candidate. Would a "third term" issue lessen his proved popularity with Michigan voters? That is something for the hot-stove league to talk about this fall.

Cooperative efforts to curtail Michigan's highway traffic toll are beginning to bring dividends. For three consecutive months a decline in traffic deaths has taken place. Maxwell Halsey, executive secretary of the Michigan state safety commission, reports the next objective is to make highways more safe for children. "More than 4,500 children were killed or injured in Michigan traffic accidents last year," says Halsey.

three more will break ground next fall. The ten hospitals and hospital additions will add 1,000 beds to Michigan's facilities.

The Goslen of Wauson, Salem, N. C., may not be graduates of a farm school, but their advice is followed by hundreds of thousands of farmers throughout the south. Their 122-year-old Blum almanac is full of bold predictions, safe advice, witty sayings, and is the market place for nostrums, household aids, etc. William Goslen and Junius Goslen, Jr., are shown here, admiring the almanacs. On the wall is the portrait of Junius W. Goslen, who published Blums before them.

**Water Soluble Chemical Effective on Quack Grass**

Quack grass can be killed with a water soluble chemical, according to H. F. Carlson, Michigan state college horticulturist. Tests have proved that quack grass can be controlled through use of a chemical commonly known as TCA.

Quack grass is one of the greatest nuisances on the farm and in the garden, and TCA is the best chemical available now for its control, Carlson said.

### McCowan-Lambly Vows Read in Ohio

By Mrs. Wm. Mairs  
John C. McCowan of Walled Lake and Nona Lambly of Detroit were united in marriage Tuesday, August 9th at a ceremony performed in Toledo, Ohio.  
For her wedding the bride was attired in a beige suit with brown accessories and wore a matching hat.  
The bride's attendant was Mrs. Lois Truax of Lincoln Park, daughter of the groom. She was dressed in a black afternoon dress with aqua accessories and matching hat. The groom's attendant was Roy C. Grindele of Toledo.  
Mr. and Mrs. McCowan are living at the home of Mr. and Mrs. Wm. Mairs in Novi. After the first of September they will be at home to their friends at 1286 E. Lakeside Drive.  
Mr. McCowan is employed as salesman by J. L. Taylor, Chevrolet and Oldsmobile Dealer at Walled Lake.  
For every two apples the United States exported last season it imported three, the U. S. Department of Agriculture reports. Imports were greater than exports in only previous market years — 1942 and 1944.  
Exports were low, about a million and a quarter bushels. They went mainly to Belgium, Luxembourg, and Philippines, Cuba, Venezuela and Mexico. Most of the imports came from Canada.  
United States exports in the first ten months of 1948 declined 27 per cent. from the corresponding period in 1947, according to the Britannica Book of the Year.  
Guests at the 22 Wadland home were a niece and her family from Canada.  
Mr. and Mrs. Leo Hafawood of Novi Road entertained at a family picnic last Saturday afternoon. About 30 were present.  
Mr. and Mrs. John Klaser had week-end guests. They were Mr. and Mrs. Ralph Flohrs of Pleasant Ridge, Ohio, and Mr. and Mrs. Tom Hagle of Redding, Ohio.

### It's Murder!

W. W. Allen, paint company chemist, gazes triumphantly at a poison ivy plant which has been sprayed with lethal weed-killer 32, the first preparation of its kind for destroying woody growth as well as weeds. The denuded plant shows the killing effect of the new preparation. Weed-killer 32 is a combination 2,4-D and 2,4,5-T. The killer whose effect is shown in this photo, was mixed with diesel oil when sprayed.

Two Rules of Thumb Available to Dairymen  
Dairymen interested in measuring the efficiency of their farm production now have two "rules of thumb" to use as guides. The more efficient dairymen are those who ship 50 gallons of milk daily for each full-time man employed in their dairy business, according to Joe Pou, extension dairyman at the University of Maryland. As another guide, he states that one gallon of milk should be produced daily for each acre of cropland and pasture used in feeding the dairy herd.

Dimes' Gifts Aid Polio Emergency

(Continued from Front Page)

week there were 12 cases reported in the Out-County area and 9 the week before. In the first two days of this week six cases have been reported.

There is no sure way of avoiding Polio. Many people, both children and adults become temporary carriers during the "Polio Season" and innocently spread the infection. Most persons who are infected never are sick, or so slightly ill that Polio is never suspected. The best advice that can be given is first make as few contacts with other people as is practical in the routine of daily living. Children should be kept out of crowds anywhere and everywhere. Second, good personal hygiene should be practiced at all times. This is the best way of preventing the transfer of any infection from one person to another.

Selecting Cantaloupes

In selecting cantaloupes, give attention to the scar at the stem end of the fruit. It should be slightly sunken, smooth and well calloused, say foods specialists at Michigan State College. The vein-like netting should be full and rounded. If the melon is well ripened, the netting will be coarse.

Southern Michigan farms planning Williamson hunting cooperatives this fall should submit applications to the conservation department's game division by September 10.

**Dairy Herd Spraying Will Yield Dividends**

May Mean \$75 Extra Profit This Summer

Spraying dairy cows with methoxychlor to control blood-sucking stable and horn flies, may mean at least \$75 extra profit this summer, according to H. B. Petty, insect specialist in the Illinois college of agriculture. And the chances are good, he says, that profits from spraying may run much higher.

Spraying dairy cattle is a big job for farmers, but it is one that should be done.

Petty figures the potential \$75 extra profit from spraying in this manner: You can get 15 per cent more milk up to September if you spray. This has been demonstrated by careful small-scale field tests.

It is generally estimated that the average cow will give 1,700 pounds of milk during the four-month fly season. A 10 per cent boost — instead of 15 per cent — would mean 175 pounds of milk for that time. For a 15-cow herd, that would mean 2,550 pounds of extra milk from fly-control.

Figured conservatively at \$3 a hundredweight, that's just under \$75 more in milk checks. And it costs only about 20 or 25 cents a head for spraying.

Petty recommends spraying the inside of dairy barns two or three times during the summer. He suggests that the formula used provide for one pound of 50 per cent methoxychlor-wettable powder in two to four gallons of water to every 1,000 square feet of surface.

Dairy cattle should be sprayed with methoxychlor every two to four weeks to control horn flies. The formula is one-half pound of 50 per cent powder in three gallons of water and apply one quart to each cow.

President's Economic Report Criticized by Rep. Dondero

In his recent mid-year Economic Report to Congress, Pres. Truman recommended a federal tax increase of the one kind most likely to have a long-range adverse effect on the nation's economic welfare, according to Cong. George A. Dondero.

The President urged a substantial boost in estate and gift taxes as a means of helping to reduce the \$5 billion federal deficit in prospect, this year as a result of unanticipated government spending of money paid in by already overburdened taxpayers.

"Why the President made this recommendation," said Cong. Dondero, "is difficult to understand. It sounded to me like the proposal of one singularly ignorant of the economic facts of life."

"For example, even with death taxes running as high as 77 per cent and gift taxes 53 per cent, federal income from these sources does not exceed two per cent of the federal budget. Thus even a substantial increase in such taxes would help little toward balancing a budget which this year will be somewhere between twelve and fifteen per cent greater than federal income."

"At present rates, inheritance and gift taxes are almost confiscatory. They discourage people who have worked and saved money from further working and saving, and from investment in other than tax-exempt government securities. Why take more chances, after one has provided for his own security, if the federal government is going to grab the lion's share of what otherwise would go on to one's children by gift or inheritance? And right here is the point of the whole thing."

"Savings by private individuals are virtually the only source of the risk capital which makes possible the business and industrial concerns which engage in large scale production and trade. The government will take no chances such as are involved in starting new businesses to provide employment for Americans. Banks, trust and insurance companies rightly are forbidden by law to make such hazardous investments. Only private savers can furnish the risk money, unless we want to go in for socialism, under which the government owns everything, with everyone's living dependent on the political favor of bureaucrats."

"Who will deny that Henry Ford's wealth benefited more people than it would have in the hands of the government? The government would have dissipated the money in a single year for non-productive public building and salaries of more and more bureaucrats. Henry Ford took a chance of losing all he had, and created hundreds of thousands of permanent jobs while 'putting America on wheels.'"

"It must be remembered, too, that under the common law no estate, large or small, can be tied up for longer than a life or lives in being plus 21 years. After that it must be distributed among all the living heirs, and is again subdivided in succeeding generations. Thus no great fortune can exist for long without being broken up and divided among many people."

"For these reasons I think the President is wrong, knowingly or not, and inheritance and gift taxes should be greatly reduced or repealed instead of being increased."

"Here is a case in point, with regard to current government waste of tax money. The Reclamation Bureau drained a large lake to convert the bottom land to agricultural purposes. But it was found the bottom land was sour and unsuitable for farming, so it was chemically treated. Then it was found there was insufficient water for cultivation, so an irrigation system was installed. The bottom land is now flourishingly agriculturally growing potatoes which are sold as surplus. I am a believer in land reclamation, but this is the kind of a thing I have fought consistently and will continue to fight."

Exchange Club Plans Stag Breakfast Sun.

A motion picture record of the activities of the local Boy Scouts on their recent canoe trip down the AuSable River, highlighted the regular luncheon meeting of the Exchange Club Wednesday. A few of the Scouts explained the procedures and gave commentary on their expedition.

Bruce Turnbull was first prize winner of the golf tournament played by many of the Exchange Club members at the Plymouth Country Club Wednesday, August 10. A banquet followed the tournament.

Members are asked to keep in mind the Stag Breakfast planned for Sunday, August 21 at the Cliff-Hill residence. The Exchange Club will be the guests of the Rotary Club at a picnic Tuesday, August 23 at 6:30 p.m. at the Willows. The families and friends are also invited.

The local club will play host to 28 Exchange Clubs of the Metropolitan Council at the Exchange Club Night at the Northville Downs. The date of the event is the evening of August 24th.

**Vitamin B12 Heralded In Hog Feeding Practice**

"Will vitamin B12 revolutionize swine feeding practices?" Michigan state college researchers don't say it will, but they're finding that this new vitamin is doing some rather remarkable things in swine feeding.

They have found that it has growth stimulating properties for pigs and when added to other diets in small quantities it results in gains for dry lot pigs.
