

• All over the nation machines are at rest motors and gears are quiet... shrill factory whistles are silent. This is Labor Day... a day of picnics and play and parades. And it also is a day of tributes... on which honor is paid to the men and women in the workshops of the nation... and fittingly also to those who furnish them with supplies and guidance... for our nation's unceasing efforts to make a bigger and better future for this land and its people.

## State Fair Offers Cooking School

Prizes, from large radios to small magic keys, are slated for Michigan homemakers who attend the cooking school in the Club House of the Centennial Michigan State Fair from September 3 through September 10.

Approximately \$10,000 in gifts are a feature of the daily afternoon and evening shows. Keys will be presented to attendees at the fair and holders of the "magic keys" will receive huge packages of food for home luck.

Scheduled for Saturday, September 3, at 2 p. m. is a program on "Turkey Cooking - 4-4" Carving" by Mrs. Bodwell, consumer education specialist and Mr. J. N. Moore, both of Michigan State College. At 5 p. m. keys distributed to homemakers on the grounds will be turned in at the cooking school and prizes awarded after a demonstration by Angelica Lucia, home economist of International Harvester, who will show the proper way to freeze food for home luck.

Labor Day (September 5) at the cooking school will be turned over to the junior 4-H girls of the Michigan State College, under the direction of Corinne White, will prove their prowess in the culinary arts, disproving the fact that only "mother knows how it should be done." The demonstrations will start at 2 p. m. and will be followed at 5 p. m. by a class on "Frozen Food Magic."

September 6 will be another demonstration on "Frozen Food Magic" in home freezers. The evening class (8 p. m.) will be conducted by Mrs. George Seidelman, home demonstrator of Ionia, Michigan, and will show the uses of honey for candies and soft drinks.

Only one class will be held on September 7. It will be at 2 p. m. and will teach homemakers the proper methods for packaging frozen foods.

A new and novel demonstration is on the program for September 8. This will be a class in bottle gas cooking which will be of special interest to the people who reside in rural districts. The demonstration will open at 2 p. m. in the Clubhouse and will be followed by a night show at 8 p. m. with prizes and awards during the frozen food program.

Freda Barth, home service director, and Evelyn Clement of Michigan Consolidated Gas Company will stage a demonstration at 1:30 p. m. September 9 on broiling foods for health. A school of frozen food preparation for the home is planned for the 8 p. m. show.

The cooking school will close on Saturday, September 10, with programs at 2 p. m. and 8 p. m. The afternoon show will be conducted by Marion Ryan, Detroit Edison Company, on "Foods Cooked to Hot" and the night classes will demonstrate freezing foods for home consumption.

## Elmer Smith Relates European Experiences

At the Exchange Club luncheon Wednesday, Elmer Smith of South Rogers street showed movies and elaborated on his recent trip to Europe.

Mr. and Mrs. Smith recently returned from a conducted trip to Europe where they visited many spots of interest in England, France, Luxembourg, Holland and Switzerland. Mr. Smith told of many of his experiences abroad and contrasted conditions there and as they exist in the United States today.

Last week, the Exchange club combined with the Rotarians at their annual picnic, with the latter club serving as host and furnishing the beverages. Visiting and much barbershop singing were enjoyed by the many families who gathered for the occasion.

## Introducing...

Mr. and Mrs. Robert L. Hart and three sons, James, aged 6, Richard, 4, and William, 1, of 945 North Center street.

The Harts, formerly of Detroit, bought the Harry D. Lameter home and moved in August 15. The Lameter have moved to Detroit. Mr. Hart is employed by the Chrysler Corporation in Highland Park. Jimmy will begin school this fall in Northville.

Mr. and Mrs. Hurd Sutherland and family who come to Northville from Berkley, The Sutherlands bought their home at 418 West Dunlap street through the Northville Realty from Dr. Richard Sears who moved recently to California.

Their children are Susan, aged 17, Laura, 9, Dorothy, 7, and Peter, 2. Mr. Sutherland is employed by the Kaiser-Frazer Corp.

The birthday of Al Smith, Jr., was the occasion for a family get-together Monday night.

## Legion-V.F.W. Aid NSLI Applicants

The Northville Veterans of Foreign Wars, Post 4012 and the Lloyd H. Green Post, The American Legion, will assist all local veterans in applying for their National Service Life Insurance Dividends.

Howard Beach, commander of the V.F.W., has announced that members of the post will be at their hall on Main street each Thursday and Friday evenings at 7:00 p. m. until all the claims are in. They will assist the veterans in filing their applications. Further information may be secured by calling Mr. Carlson 402 or Mr. Myers, 579W.

Morris Cohen, commander of the Legion post, has announced that applications may be secured at Veterans Memorial Hall daily from 5:00 to 8:00 p. m. A Legion member will be on hand to assist anyone in filling out the refund blank.

Every veteran who held his NSLI policy for 90 days or more will have a refund coming to him. Approximately 650,000 Michigan veterans of World War II are eligible for a share of the dividend and will collect an estimated \$115,000,000. Amounts to the individual will vary, depending on the amount of insurance in force, length of time paid on the policy, age of the veteran and other factors.

The application forms are simple to fill out, but there is a danger that some veterans may be careless in supplying necessary information. Therefore all veterans are urged to take a careful second look at their applications before dropping them in the mailbox.

The service serial number is particularly important and furnishing the policy number will speed up the application for refund.

## Conservation Officer Talks to Rotarians

Wallace Westerfield, owner of Westerfield Farm Supply, became the newest member of the Rotary club at the meeting last Tuesday noon. He was sponsored by the Rev. Harold Fredsell and indoctrinated and initiated by "Professor of Information" R. H. Amerman.

Northville Director of Recreation Wilson Funk had charge of the program and introduced Jean Freydl, who told of her camping trip at Commerce Lake. Bruce Felker also related his experiences and those of his companions on a recent outing.

Funk then presented Charles Voss, of the Michigan Department of Conservation, who told of the many recreational parks in the state and the opportunities afforded close by to residents of this area. He told of a bulletin issued by the Conservation Department which includes details and maps of these recreational areas. The bulletin can be obtained by writing to 1004 Cadillac Square building, Detroit. Voss then threw the meeting open for questions about fish and game laws.

## Optimist Club Holds Father & Son Night

The Optimist Club held their Father and Son Night Wednesday at their regular meeting. Many members adopted sons for the occasion.

President Dr. Snow presided and Program Chairman Lettill introduced the speakers, who were: Mr. Burnett, trainer for the Detroit Red Wings; Ed Reutinger, manager of the Wilson Sporting Goods Department; and Don Kolloway, Detroit Tiger first baseman.

Twelve baseballs were given out to the first twelve boys to name the Tigers with the highest batting averages, the Tiger hitting the most home runs and the leading Tiger batter. A movie of a recent Boston Red Sox-St. Louis Browns game, was also shown.

## Downs Marks 5th Birthday Tonight

It was five years ago tonight - remember?

Five years ago tonight - on Sept. 1, 1944 - Northville Downs first opened its gates for harness racing. A crowd (using the term loosely) of 1,001 wandered into the plant, and the mutual handle that night was \$9,022.

Tonight as an anniversary celebration, the Downs will stage a \$5,000 Birthday Pace, and all the field has been named to help celebrate the occasion. There is little resemblance between the Downs at the time these days and the events of 1944. In 36 racing nights, five years ago the track handled \$1,135,556. In six racing nights last week the handle was \$1,127,700.

In 1944 the high single night was \$73,073 with a double day on Sept. 5, 1944 of \$7,487. This year there have been two nights with handles of more than a quarter of a million dollars, and last year the track handled \$287,199 on one nine-race program.

Crowds of three and four thousand in 1944 brought smiles to the faces of Downs officials. This year attendance is at an all-time high, running nine per cent ahead of 1948, and with weekend throngs of eight and nine thousand commonplace.

The progress of the Downs, which is reflected in some half million dollars that have gone into the state treasury from commission and breakage and in the contributions made to Northville's prosperity, can best be realized by a year-to-year breakdown.

Here are the five-year figures:

Yr.	Nites	Total Handle	Nightly Average
1944	35	\$1,134,556	\$32,416
1945	59	\$3,985,569	\$67,241
1946	57	\$3,737,812	\$63,944
1947	47	\$2,512,255	\$53,453
1948	59	\$1,508,681	\$25,562

This season, the sixth at the Downs, already has shown signs of being another solid success. Last week's handle was the biggest of the year and last Friday's nine-race total of \$228,340 also was the best of the season.

With big stake races still on tap, including the Birthday race tonight, the \$10,000 Northville Driving Club Trot on September 16 and the \$10,000 Michigan Pacing Derby on September 23, the Downs is assured of a further upswing.

In tonight's Birthday Pace will be such local favorites as the big free-legged pacer Charming Scott; Jimmy Peter, a consistent money winner in stake appearances this year; Carolina Abbe, Wilson Abbe, Judge Martin and Sonny Leo.

## Annual Flower Show Planned for Sept. 19

Flower and vegetable growers are asked to get their displays ready for the Annual Garden Club Flower Show which has been set for September 19. Both club members and other growers can enter their produce for exhibition. Mrs. Gerald Woodworth, general chairman, announced.

## Conduct Football Practices Daily

High School grid veterans, varsity hopefuls, parents and others interested in football and the 1949 Northville team attended the "Kick-Off" meeting at the High School gymnasium last Sunday night.

The informal meeting was designed to introduce the coaching staff, to iron out any misconceptions and to provide an opportunity for parents, football aspirants and coaches to become acquainted with each other.

High School Principal Elroy Ellison explained that football and other sports are no longer regarded as "extra-curricular" activities, but that sports are considered as an important part of the school program. He introduced Superintendent R. H. Amerman, who added to Mr. Ellison's statements and explained the organization of the coaching staff and the supervisory duties of Athletic Director Harry Smith.

Mr. Smith outlined and explained the insurance program conducted for all Northville High School boys participating in athletic events.

Head Coach Al Jones listed the training rules he expected team members to observe and outlined his plans for cooperating with parents so that the best interests of the boys will be served. Coach Jones introduced Dick Kay, a newcomer to Northville who will work with him in conducting the team. Mr. Jones also introduced Dick Gunnell, who will captain the Orange and Black squad this season.

After Dr. R. M. Atchison, who is a member of the school board, was introduced and persons attending discussed various problems in groups while refreshments were served.

Full practice is now under way with two daily sessions at Cass Benton Park from 9 to 11 a. m. and 1 to 3 p. m.

## 1950 Studebaker Cars Arrive at Petz Bros.

The new 1950 Studebaker arrived in Northville the first of the week and is now on display at Petz Brothers, 200 Plymouth avenue. The showroom will be open nightly till 9:00 p. m. this week for the convenience of patrons who will want to see the car.

Bill and Will Petz have transformed the background of their showroom into a gold rocket ship studded with diamond dust and revolving lighted mirrors. On the floor for patrons to view are a 1950 black-cherry Champion convertible, a four door deluxe grey Champion sedan, a two door deluxe grey Champion sedan and a four door aqua Landerunner sedan.

The 1950 Studebaker is one of the first 1950 cars to reach the market and Petz Brothers state that hundreds of people have come in to their showroom to view the car.

The C. B. Payne family of Grace street expects to move very soon to Pontiac. Mr. Payne has accepted a position there.

**Editor**  
 Dear Editor:  
 Like many of other Northville people I have been waiting for better telephone service. And now because one Village Commissioner didn't want us to be able to call the cops by towns we didn't want to be included with Plymouth and other near by towns. I am sure he didn't speak for the majority of people and I would like all who would like the service to do as the Plymouth Mail suggested and write to the Bell Telephone Company, Plymouth, Michigan.  
 Years ago we enjoyed such a privilege and hope everyone will get busy and write so it won't be long before we do again.  
 Thank you,  
 A Northville Citizen.

**Cotton Insect Damage**  
 Even though the percentage of cotton insect damage in 1948 was the second lowest since 1924, such destruction last year cost the cotton farmer \$202,264,000 and reduced his yield 6.6 per cent. In 1944, when damage was lightest in 20 years, the yield was reduced 6.2 per cent.

**Farm Accidents**  
 Seventy-two percent of all accidents to farm people, it is estimated, occurred on the farm last year—16 percent in the farm home and 56 percent elsewhere on the farm.

## Story of Beans Spotlighted at Michigan Fair

Michigan beans will be spotlighted in the agricultural exhibit at the Michigan State Fair at Detroit, September 2 to 11, according to H. R. Pettigrove, Michigan State College farm crops specialist.  
 The story of Michigan beans, how varieties are developed, cultural practices required to grow them, how harvested, processed and packed will be told in the exhibit. A feature will be a demonstration of the electric eye grader which sorts good beans from defective ones.  
 The exhibit, in the agricultural building is a cooperative effort by many groups including the Michigan Department of Agriculture, Michigan State College, Michigan Bean Shippers' association, elevators, growers and processors of the famed Michigan product.  
 Small cups of baked beans will be served each day with the principal bean growing counties each being responsible for distributing one of the days. County bean queens will attend on the day the counties are in charge.  
 Awards are being offered to farm or city women who can provide the best and most unusual bean dish with recipe.  
 Pettigrove pointed out that it is planned to feature one of Michigan's principal agricultural crops each year in the agricultural exhibit. Last year potatoes were spotlighted.

**Franklin Fought Fire**  
 A pioneer leader in American fire-fighting was Benjamin Franklin, following in the steps of Peter Stuyvesant, who is pictured on the commemorative stamp as "organizer of the first volunteer firemen in America." In 1736, Franklin helped set up Philadelphia's volunteer brigade known as the Union Fire company. It served more than 80 years.

**Size of Illinois**  
 Illinois has an area of 56,663 square miles, its north-south length being about 385 miles and its maximum width about 215 miles.

**Eclipse of Moon**  
 Next total eclipse of the moon, visible generally throughout North America, will occur on October 6, 1949, with the moon totally eclipsed from 9:20 to 10:30 P. M. EST.

**Chemical Weed Control**  
 Chemical weed control is not a substitute for good farming—it is a part of good farming. Losses from weeds and undesirable plant growth are as great in the aggregate and in importance to the individual as those from insects and plant diseases combined. The demand of the farmer for herbicides is second only to his demand for mechanization.

Yes, in just a few days the old familiar bells will ring out the signal heralding the beginning of a new school term. The doors of America's great free institutions of learning will open wide. Through them will pour bright eyed youngsters fresh from the excitement of vacations. Some will be reluctant to give up the freedom of vacation seasons in exchange for class work. Yet nothing is more important to the future of this nation than that our children complete their education for citizenship in the new world of freedom now in the making. The Northville schools are ready to serve you. Get set for tomorrow... Go to school now!

## Northville's Yesterdays

### ONE YEAR AGO

Eight hundred and twenty-six children enrolled in the village schools on the first registration day.

Forty-four uniforms were issued by Coaches Al Jones and Charles Ketterer at the first football practice of the fall season.

Mrs. Andrew Orphan (Faith Liebetreu) was guest of honor last Saturday afternoon at a stork shower given by Mrs. Paul Felder of Plymouth.

### FIVE YEARS AGO

Because of the polio epidemic throughout the area, the Northville schools have postponed the dates of opening from September 6 to September 18.

Joanne Kitchen, Geraldine Wolfe and Betty Snow represented Northville at Girls' State held at the University of Michigan.

Fred Sterner, Jr., Donald Stevens, Harley Heintz and Gordon Harris will leave Plymouth on Friday, September 1 to enter military training.

Several applications have been received by Township Clerk Fred J. Lyke from soldiers for absentee voting ballots.

### TEN YEARS AGO

Walled Lake has built one of the most modern gymnasiums in Michigan and it will be ready for use at the beginning of the new school term.

The Northville fan office and poultry building turned.

Joe Lewis, giving exhibitions in boxing at the fair grounds, is drawing tremendous crowds.

**JEWISH DEAD COME HOME** ... A longed experienced all through life was realized by 200,000 Jewish victims of Nazi atrocities after death when their ashes arrived in Israel, their promised land, for burial. The ashes, taken from the common graves of Austrian Jews cremated in various concentration camps, were flown to Israel in 38 urns. Here is a view of the urns, contained in a basket, after arrival at Lydda airport, Jerusalem. Religious Jews from all over the city greeted the cortege and attended the burial.

meet Harry German's team on Northville's baseball diamond. The 15th annual Homecoming Day will be held at Walled Lake. Orchard Heights is now being developed.

**Tender Steaks**  
 Broiling is the best method of preparing the tender steaks. The meat should be placed in the broiler so the surface of one-inch steaks is about two inches from the heat and two-inch steaks about three inches from the heat.

**"Squaring the Circle"**  
 Squaring of the circle was a famous problem of the ancient Greeks. It was to draw a square having the same area as a given circle using nothing beside the pencil but a compass and an unmarked straightedge. Though never solved, it was not until 1882 that it was proved impossible.

## Trap, Skeet Shoot Set for Sept. 11th

The second day of the Wayne County Sportsman's Club Championship Trap and Skeet Shoot will be Sunday, Sept. 11. The more than 7,000 members of the Wayne County Sportsman's Club will have an opportunity to shoot for the club championship on that day.

Although George Hess, state skeet champion and Karl Maust, state trap champion, are members of the Wayne County Sportsman's Club trap and skeet teams and will compete for the club championship there are several other members who can and will give these champions a run for their money. The Runner-Up position to these champions will be quite an honor. Contestants will shoot at 100 birds. Trophies will be awarded the winners.

The shoot will be held at the club's trap and shoot field at the new Wayne County Sportsman's Park, off Inkster Road, 1 1/2 miles south of Eureka Road. Members and their guests are now shooting at the field on Saturdays and Sundays and Wednesday afternoons.

The Wayne County Archers will hold a Target Tournament at the archery range at the Park Sunday, September 11. The archery range is open to members and guests every day.

## Journalism School At MSC Accredited

The department of journalism of Michigan State College has received national accreditation by the American Council on Education for Journalism, it was announced recently.

Approval of the department came as the result of a three-year investigation into the quality of journalism instruction in colleges and universities all over the U. S. MSC thus becomes one of 38 major universities recognized by ACEJ for its journalism curriculum.

Recognition came after a committee headed by Earl English of the University of Missouri, visited the campus April 28-19.

## Red Cross Calls For Nurses' Help

Polio victims in 14 midwest states need at least 100 more registered nurses at once, according to an appeal for nurses made today by Leon L. Trott, director of Nursing Services for the Midwestern Red Cross Area in St. Louis.

"For the past two weeks we have had a backlog of more than 100 emergency requests for nurses," the nursing director said, pointing out that Red Cross recruits the nurses at the request of the National Foundation for Infantile Paralysis which meets treatment costs where family resources are inadequate. The appeals are coming in from 14 states where sick people can be saved many of the dreaded aftermaths of polio if prompt nursing care is available.

Urging "trained or married nurses or those whose employers can release them to call home-own Red Cross chapters for enlistment," Mrs. Trott pointed out that although the organization has obtained 529 polio nurses since July 1, the demand for skilled nursing care is increasing. Demands are particularly heavy from Missouri, Iowa, and Illinois, she said.

"I appeal to the compassion and responsibility that has always distinguished the professional nurse," she said, "in urging nurses, wherever possible, to ask their local Red Cross chapters how they can help in this crisis."

**Timber Supply**  
 Of over 17 trillion board feet of saw timber in the nation, only about two thirds could be cut profitably under present conditions, according to a Twentieth Century Fund report.

**Discovery of Oil**  
 Oil was discovered in America hundreds of years ago, but it was not until 1859 that it became sufficiently useful and valuable for men to bore into the earth for it, according to National Patent Council. Earlier, pioneers drilling for salt were furious when they found the black, sticky fluid in their wells instead.

## WEST POINT PARK NEWS

By Miss L. A. Ault

Joyce Varhol of Detroit was the guest last Monday of her parents Mr. and Mrs. John Varhol.

Jim Galloway of Reading, Michigan and two of his sons and a grandson were dinner guests Sunday of his sister, Mrs. Walter Rehahn. A nephew and niece, Mr. and Mrs. Lee Galloway of

Garden City, were also of the party.

Mr. and Mrs. Cecil Willet and their daughter, Joanne, were Sunday afternoon guests of an uncle in Lincoln Park.

Mrs. M. E. Ault accompanied her son-in-law and daughter, Mr. and Mrs. Edwin Johnson on a trip toward northern Michigan Sunday. Half-way to Grand

Rapids they were met by a group of Mr. Johnson's relatives and a family picnic was at that point enjoyed by all. A feature was birthday cake honoring Mr. Johnson, whose birthday is an event of this month.

Marion and Ann Johnson, who have spent some little time visiting aunts and uncles in and near Grand Rapids, returned home with their parents.

Mr. and Mrs. John Aittama were Sunday evening guests of Rudy Aittama and family in Detroit.

Cosatguardsman Wayne Ault, stationed at Cleveland, came home to have birthday dinner with his parents, Mr. and Mrs. Clinton Ault Sunday. Wayne's birthday was Monday, August 22.

Mr. and Mrs. John Ackerman and daughter, Barbara of Dearborn and John Eckleman of Pittsburgh, Pennsylvania, were Monday luncheon guests of Mrs. M. E. Ault.

Mr. and Mrs. Ernest Tallman visited northern Michigan the first of the week.

Mrs. John Aittama was attending a Womens' Relief Corp meeting at the G. A. R. building in Detroit Monday.

Honoring the 9th birthday of her daughter, Marcia, Mrs. Forrest Ault entertained several young folks of the immediate neighborhood at her home on Hubbard avenue Saturday afternoon. Dainty refreshments pleased everyone. Marcia was the recipient of some very pretty gifts.

The Clow family reunion held at the Stauch residence on Hubbard avenue last week-end turned out to be a celebration also of Mrs. Stauch's birthday. Mrs. Stauch is now the oldest member of the clan and the reunion is to be held yearly on the Sunday nearest her birthday. When the thirty-five guests sat down to a dinner prepared by the capable hands of Mrs. Stauch herself, a handsome birthday cake, produced by a daughter, Mrs. Maue Melvin appeared on the scene.

Mrs. Howard Middlewood successfully underwent a major operation at Detroit Osteopathic Hospital Monday.

Pat son of Mr. and Mrs. George Middlewood, is having a two weeks' visit with his grandmother in southern Michigan.

## Mich. Cited For Driver Education In High Schools

A sharp upsurge during the past year in the number of high schools throughout the country which teach motor vehicle safe driver training courses, reflecting a rapidly growing public awareness of the need for reducing street and highway accidents, was reported today by the Association of Casualty and Surety Companies.

At the same time, the underwriters' organization, which maintains a close watch over motor vehicle accident statistics, announced that a board of leading educators and safety specialists had selected 17 states to receive awards for outstanding achievements in advancing safe driver education in their high schools. The states selected for this recognition are Arizona, California, Connecticut, Delaware, Illinois, Indiana, Massachusetts, Michigan, Minnesota, New Jersey, North Dakota, Oklahoma, South Carolina, Texas, Washington, West Virginia and Wisconsin.

The official reports of 43 states which participated in the award program show that 6,191 high schools in those states offered safe driver training courses during the 1948-49 school year. This was an increase of nearly 44 per cent over the 1947-48 figure of 4,307 high schools. During the same period the number of students enrolled in the courses rose from 333,017 to 481,723, an increase of 45 per cent.

## Allan &amp; Locke Enter Car Safety Contest

Richard E. "Dick" Allan, president of the Allan & Locke Motors Inc., Ford dealer at 117 W. Main street has entered his dealership in a \$100,000 car safety contest sponsored by the Ford Division, Ford Motor Company.

Mr. Allan is one of 6,400 Ford dealers throughout the nation who has entered his dealership in the contest during September and October.

Seven hundred prizes totaling \$100,000 will be awarded winners of the safety contest. The prizes are 25 new Fords including five Ford trucks; 25 \$1,000 U. S. Savings Bonds, 100 \$100 Bonds, 200 \$50 Bonds and 350 \$25 Bonds.

The contest has the support of the National Safety Council, the Inter-Industry Highway Safety Committee and other safety organizations.

Ned H. Dearborn, president of the National Safety Council, in a letter to L. D. Crusoe, Vice-President and General Manager of the Ford Division, said:

"Certainly every motorist should check and double check the mechanical condition of his car for safety's sake, and you at Ford are making such a check easily available for all drivers throughout the country."

"And I am sure that this free check-up and safety contest, with its attractive prizes, will make Americans more safety conscious... it will save lives."

In order to participate in the contest, Mr. Allan pointed out, motorists must bring their car or truck of any make, to the dealership for a safety check at absolutely no cost or obligation to the motorist.

Free checks will be made on the brakes, steering, headlights, rear and stop lights, tires, windshield wipers, muffler, glass, horn and rear view mirror.

The Allan & Locke Motors, Inc. will place an attractive safe driver reflector insignia on the car or truck inspected and motor-

ist will be given an entry blank to participate in the contest.

The motorist must then complete in no more than 50 additional words the following statement:

"All cars and trucks should be safety-checked periodically because..."

A jury of prominent persons in national safety circles will judge the winners. Only one entry per car or truck may be entered.

Other details of the contest are available at the Allan & Locke Motor, Inc., Your Ford Dealer in Northville.

### Salem Is Scene of Revell-Gorney Vows

The home of Rev. Lucia Stroh of Salem Saturday evening was the scene of the marriage of George Gorney of 330 Plymouth avenue and Jean Revell of Holbrook avenue, Plymouth.

George's parents are Mr. and Mrs. Glen Shipley and Jean's are the Frank Revells of Plymouth. For her wedding, Jean chose a navy blue suit and white accessories. Her carriage was made up of white gardenias.

The Congregational church minister read the vows in the presence of Dorothy Billingsley of Detroit and Vera Dunlap of Plymouth who were the maid of honor and best man respectively. For the wedding, Dorothy chose a green suit with white accessories and she wore a corsage of yellow gardenias.

For her daughter's wedding, Mrs. Revell wore a navy blue dress with white accessories. Mrs. Shipley wore a green suit and both mothers wore corsages of yellow gardenias.

Following the wedding ceremony, a reception for 60 guests was held at the Shipley home on Plymouth avenue. The young couple are making their home in the Shipley apartment on Plymouth avenue. Jean attended the Plymouth school and is employed in the Beach Park restaurant. George attended the Northville schools and works at Maybury Sanatorium.

### Frank Keehl Wed In Livonia Church

Loretta Garvin of Redford and Frank Keehl Jr. of Plymouth were united in marriage August 20 at the Livonia Lutheran Church, Five Mile and Farmington Roads.

Rev. Theodore Sauer read the double ring service before the altar which was flanked with baskets of white gladioli. Louis Beer of Detroit presided at the organ and Mrs. Beer was soloist rendering "The Lord's Prayer" and "O Promise Me".

The bride who was given in marriage by an uncle wore a white marquisette and satin gown which was fashioned with a tight bodice and tiered, ruffled skirt ending in a train. Her finger ring veil was held in place by a braided satin crown which was trimmed with lilies of the valley. Loretta carried a colonial bouquet of white roses, chrysanthemums and orange blossoms.

Bridal attendants were Shirley Keehl of Detroit, maid of honor, and Agnes St. Amour of Detroit, bridesmaid. Shirley wore a white marquisette gown trimmed with aqua ribbon and she carried yellow roses, mums and daisies. Flower girl was Carolyn Fendit who wore a white net trimmed in American Beauty ribbon and she carried American Beauty roses and mums.

Frank Veresh of Plymouth was the best man and sealing the guests were Marvin Livonia of Plymouth and John Garvin of Dearborn.

For her daughter's wedding, Mrs. Davis chose a navy blue dress as did the bridegroom's mother, Mrs. Keehl. Both wore corsages of red roses.

A reception followed the wedding of the couple at the Royal Carvers Inn, House. The young couple then left on their way to the East. For going with the new Mrs. Keehl were a dozen ladies drove upon their honeymoon.

The bride is daughter of Mr. and Mrs. Gold Davis of Redford and is employed at Blue Island. The groom is son of Mr. and Mrs. J. J. Mitchell of Detroit.

### Seed Lawns Now Says Soil Specialist

If you plan to seed a new lawn or thicken the turf of your present lawn now is the time for action.

Dr. James Tyson, Michigan State College soil scientist and authority on lawns, says the last two weeks of August is ideal time to plant the seed.

Planting at this time of the year permits taking advantage of the usual fall rains and permits grass to get a good start without the usual competition that exists in spring yards.

Soil should be tested to determine whether or not lime is needed. If tests show lime is needed ground limestone should be broadcast at a rate of 100 pounds for each 1,000 square feet. This should be worked into the soil. Do not use lime unless soil is strongly acid in reaction (PH 5.5 or lower).

Fitting the soil for a new lawn is important. After being graded with the proper slope for drainage away from the house foundation, the ground should be alternately raked and rolled until a firm seedbed is produced. Tyson suggests.

Before broadcasting the seed, the seedbed should be raked lightly with a steel rake, the teeth not penetrating more than a quarter of an inch.

For sandy soils Cheving's fescue or creeping red fescue grass is recommended by the lawn specialist. For open, sunny, fertile and well-drained loam, Kentucky bluegrass normally produces the best results. On shady, fertile well-drained loam, a mixture of Cheving's fescue or red fescue with rough bluegrass makes a good mixture. On wet, poorly drained soils Dr. Tyson recommends the use of Canadian bluegrass, rough bluegrass and reitop.

From a pound to a pound and a half of seed for each thousand square feet of yard is adequate if properly distributed.

Tyson recommends that the measured amount of seed for a section of the yard be mixed with enough dry screened soil to make sufficient bulk for even distribution. The lawn should be raked lightly after the seed has been sown and rolled once with a heavy roller to firm the seed.

In raking to thicken a turf Dr. Tyson recommends rolling the lawn with a steel garden roller to remove dead grass and

## Tobacco Important in Marshall Plan

**Is Present Prop Of Tobacco Farmer**

Tobacco, from the time of the Virginia colony, has marched along as an intimate part of the American story to the present day. In the wake of World War II, as the United States emerged the strongest economic power, the American cigarette became temporarily a universal wampum—the chief currency in both Berlin and Burma.

"You have a cigarette economy from Paris to Peking," a member told the house of commons in 1946. John Rolfe, husband of Pocahontas, would be astonished if he could see what he started when he brought in the seed of modern tobacco. In 1948, the United States made about 387 billion cigarettes, and the tobacco industry directly paid in excise and import taxes nearly two billion dollars.

From Virginia and Maryland the tobacco fields, growing over 25 types, have spread into North and South Carolina, south Georgia and

northern Florida, Connecticut and Massachusetts, and the great burley area of Tennessee, Kentucky and the north bank of the Ohio.

America and the world have smoked the tobacco in pipes, cigars and cigarettes, and snuffed it in powdered form and chewed it. The "chaw" is the most American of tobacco habits. European visitors have looked upon this habit with disgust. In 1947, addicts chewed 100 million pounds of tobacco.

The cigarette is the prime favorite. The modern cigarette, as we know it, was created almost on the eve of World War I. The formula for the popular brands sounds appetizing and nutritious. They mix with the bright leaf some Turkish tobacco, much sweetened barley and some Maryland. A quantity of glycerine or its equivalent preserves moisture. The whole is made tasty with such flavors as sugar, rum, licorice, chocolate, and vanilla-like products or chemicals.

The cigarette has even won many of the ladies away from their pipes or snuff sticks.

Tobacco is of considerable importance in the Marshall plan—and the Marshall plan is the present prop of the tobacco farmer.

**Chlordane Will Rout Mound-Building Ants**  
One hundred per cent kill of mound-building ants has been obtained with chlordane under controlled tests conducted by entomologists working under the sponsorship of the Colorado agricultural research foundation.

Dr. George M. List, head of the department of entomology, reports three per cent chlordane applied as a spray in quantities of 250 to 300 cubic centimeters per nest produced the desired results.

Spraying the material into nests at the entrance and working the nozzle through the soil forming the nests proved to be the most effective method of application.

The problem of the mound-building ant is often overlooked or underestimated, List said. If there are 10 such nests on one acre, and each nest has made barren one square rod in addition to the seed robbed from adjoining plants, a goodly per cent of the acre produces little or no vegetation.

## European Corn Borer Reduced Crop in 1948

The European corn borer reduced the 1948 crop of field corn by 85 million bushels, the U.S. department of agriculture announced in Washington, D.C. Surveys recently completed by the bureau of entomology and plant quarantine, with cooperating agencies, indicate this loss in corn production is more than double that of 1947.

**Range Shelters Pay Off For Raisers of Poultry**  
Successful poultrymen are increasing their use of range shelters. Range shelters are easier to build and cost less than a brooder house. They can be readily moved. Growing birds get more fresh air and access to clean body-building pasture. Missouri university tests showed that birds pastured on well-fertilized alfalfa were healthier and needed less feed for each pound of gain.

## ON CAPITOL HILL

NEWS and COMMENT  
FROM  
CONGRESSMAN  
**GEORGE A. DONDERO**

Representative farmers of the Middle-West will meet September 23 and 24 at a Republican Farm Conference in Sioux City, Iowa. This will be a good thing. The conference should honestly reflect Middle Western opinion concerning the requirements of a farm program to serve the best interest of all the people, farmers and city dwellers alike.

Certainly it will not be a hand-picked conference to serve as a sounding board for a Fair Deal group of federal office holders with political axes to grind. One can believe this because the meeting will be open to all comers who can show themselves to be bona fide agriculturists and not political propagandists who have never put a hand to the plow.

Announcement of the Republican Farm Conference date and place, and plans for the program, was made the past week by my good friend, Alex J. Beck, of Elk Point, South Dakota, chairman of the Agriculture Sub-committee of the Republican National Committee.

The announcement followed a luncheon here in Washington attended by Guy George-Gabrielson, new chairman of the Republican National Committee. Others in attendance were Senators Milton R. Young, North Dakota, Karl E. Mundt, South Dakota, and Hugh Butler, Nebraska, and Congressman Clifford R. Hope, Kansas. August H. Andersen, Minnesota, and Charles Hoeven, Iowa.

It was revealed that Congressman Hope, who was chairman of the House Agriculture Committee in the 80th Congress, will deliver the keynote address on the opening day of the conference. He will be preceded by Mr. Beck, who will open the conference, and National Chairman Gabrielson, who will deliver his first formal address in the Middle West—in his native state—since his election to the national chairmanship.

In his announcement of the

conference, Mr. Beck emphasized that the basic idea of the meeting is to obtain viewpoints and detailed recommendations from the farmers and their representatives to be utilized in formulating a Republican program for the benefit of agriculture and hence for the benefit of all the people. This on the rightful assumption that national prosperity depends directly upon farm prosperity.

As a matter of course the so-called Brannan Plan will be one subject of discussion, along with the system of flexible farm price supports in favor of which farm organization representatives have testified before Congressional committees during the past six months. The Brannan Plan, it will be recalled, proposes that the government shall guarantee farmers high incomes and city dwellers low prices for farm products, with the difference in each instance being made up out of taxes paid by both farmers and city dwellers.

From all I have read in farm publications, from testimony set forth in committee hearings by farm organization representatives and from talks I have had with farmers in the 17th Michigan Congressional District, I feel sure that something constructive will come out of the Republican Farm Conference at Sioux City. Certainly it will not be a rubber-stamp ratification of the absurd and economically unsound Brannan Plan for regimenting the farmers and fooling the people into believing they are getting something for nothing.

After listening to the threats of Housing Expediter F. E. Woods that he would decontrol rents in one-third of the controlled areas of the country if his budget were slashed by Congress, it is interesting to note the true rent control situation.

Newspapers in six of the largest cities which recently put an end to rent control say that rents did not go up 60 per cent, as Woods predicted, but either did not go up at all or did so only modestly.

## LEGAL NOTICES

To the Supervisor of the Township of Bedford, Wayne County, Michigan.

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did at a meeting of said Board held on August 2, 1949, decide and determine that the certain alley described in the minutes of said Board, heretofore taken and filed in the County Road Commission records, should be abandoned and discontinued as a public highway, reserving therein the easement set forth in said determination.

The portion of the minutes of said meeting fully describing such alley is attached hereto and made a part of the notice, which is given under and by virtue of Act 283 of the Public Acts of 1929, as amended.

In testimony whereof, we have hereunto set our hand at Detroit, Michigan, this 11th day of August, A. D. 1949.

BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN.

Michael J. O'Brien, Chairman.  
John P. O'Hara, Vice-Chairman.  
Charles L. Wilson, Commissioner.  
EDGAR M. BISHOP, Clerk.  
By Carl W. Bishop, Deputy Clerk.

## ROAD JURISDICTION DETERMINATION

Commissioner Wilson moved the adoption of the following resolution:

WHEREAS, this Board has received a petition from eight freeholders of the Township of Bedford for the abandonment and discontinuance of the public alley, 20 feet wide, adjacent to the westerly 100 feet of Lot 45 and adjacent to Lots 53 to 55 inclusive, and the westerly 15 feet of Lot 54, of Marquette Manors Sub. of part of S.E. 1/4 of N.W. 1/4 of Sec. 35, T18S, R10E, City of Detroit and Township of Bedford, Wayne County, Michigan, as recorded in Liber 68 of Plans, Page 82, Wayne County Records, said alley extending east from the east line of Hazelton Avenue (formerly Virginia) 60 feet wide to the west boundary line of the City of Detroit, said alley being a county road under the jurisdiction of said Board;

WHEREAS, pursuant to said petition and in accordance with the provisions of Section 18 of Chapter 4 of Act No. 213 of the Public Acts of the State of Michigan for the year 1909, and amendments thereto, this Board did, by resolution dated October 1, 1948, resolve that a hearing be held on November 4, 1948, at 11:00 a.m., eastern standard time, at 3500 Barium, Detroit, Michigan, to determine the necessity or advisability of abandoning and discontinuing said alley; and the above mentioned statute, this Board has served a notice of said hearing upon all the owners and occupants of lands intersected by or adjoining said alley and published a copy of said notice in the Legal Courier, a newspaper published within the County of Wayne, on October 22, 1948; and

WHEREAS, the said hearing was held at the time and place appointed by said resolution and this Board did proceed to view the premises in accordance with the statute; and

WHEREAS, in appearing from said hearing and view of the premises that the public will have no further use for the said alley and subdivision is not required to be abandoned and discontinued, but it is desirable to maintain

## American Home Is Number 1 Killer

Home is where the heart is—and where the heart of the accident problem is, too.

According to the 1949 edition of "Accident Facts," statistical yearbook of the National Safety Council—there were 35,000 home accident deaths in 1948—which makes the home America's No. 1 accidental killer.

Falls were the greatest cause of home deaths last year, resulting in 18,200 fatalities. Burns, scalds and explosions came next, with a total of 6,000 deaths. Mechanical suffocation caused 1,800 deaths, to rank third in 1948.

Special studies show that more than 25 per cent of fatal home accidents occur in the bedrooms. The yard and kitchen are the next most hazardous locations at home causing about 12 and 10 per cent of the deaths respectively.

About 34 million man-days of labor were lost through strikes in 1948.

therein a public utility easement for the use and benefit of the public.

NOW, THEREFORE, BE IT RESOLVED, that the 20-foot, public alley adjacent to the westerly 100 feet of Lot 45, and adjacent to Lots 53 to 55 inclusive, and westerly 15 feet of Lot 54, of Marquette Manors Sub. of part of S.E. 1/4 of N.W. 1/4 of Sec. 35, T18S, R10E, City of Detroit and Township of Bedford, Wayne County, Michigan, as recorded in Liber 68 of Plans, Page 82, Wayne County Records, said alley extending east from the east line of Hazelton Avenue (formerly Virginia) 60 feet wide to the west boundary line of the City of Detroit, being in all 100 feet of alley, be and the same is hereby abandoned and discontinued as a public highway upon the express condition that there be and hereby is reserved an easement in the land, now owned by said alley for the installation and maintenance of sewer, water, gas, electric, telephone and other public utilities for the use and benefit of the public, and all persons, firms, or corporations owning or operating said public utility shall have the right to enter upon said easement for the purpose of installing, maintaining or operating any of the above mentioned utilities.

BE IT FURTHER RESOLVED, that this Board believes it to be to the best interests of the public that said alley be and is hereby abandoned and discontinued as a public highway, reserving the easement as herein set forth. The motion was supported by Commissioner O'Brien, and carried by the following vote: Ayes, Commissioners O'Brien and Wilson, Nays, None.

Ann Arbor - William E. Bandemer, president of the Ann Arbor Community Chest, announced Friday this year's campaign goal at \$151,000, following a special meeting of the board of directors of the organization.

Birmingham - Residents of Elton Road protested the construction of the asphalt plant which they believe will be objectionable to the area because of noise, dust and odor.

Rochester - Charles J. Stern, 603 W. 5th Street, will be cited with court on a charge of violating an ordinance passed in 1928 providing for the licensing of theaters in the village of Rochester.

Birmingham - On September 1 the doors of the public schools of Birmingham will open to approximately 3,300 pupils.

Inhaca - Six young folks from Gratiot county have been selected for the Gratiot County Bank.

Both principal and interest will be payable at a bank or trust company to be designated by the purchaser of the bonds.

Bonds numbered one (1) to sixty (60), inclusive, maturing in the years 1950 to 1953, both inclusive, shall not be subject to prior redemption.

Bonds numbered sixty-one (61) to one hundred and sixty-five (165), both inclusive, may be redeemed at the option of the School District in inverse numerical order on any interest payment date on or after April 1, 1953, at par and accrued interest to the date fixed for redemption, plus a premium for each bond so redeemed as follows:

\$25.00 on each bond called for redemption prior to April 1, 1954  
\$20.00 on each bond called for redemption on or after April 1, 1954 but prior to April 1, 1955  
\$15.00 on each bond called for redemption on or after April 1, 1955 but prior to April 1, 1956  
\$10.00 on each bond called for redemption on or after April 1, 1956 but prior to April 1, 1957  
\$5.00 on each bond called for redemption on or after April 1, 1957 but prior to April 1, 1958.

No premium shall be paid on bonds called for redemption on or after April 1, 1958.

Notice of redemption shall be given to the holders of the bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan, which shall be published in the State of Michigan.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all future due interest on the bonds from September 1, 1949, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered.

The said bonds are payable from ad valorem taxes subject to such limitation upon said taxing power as may result from the provisions of Section 21, Article X of the Michigan Constitution and the Michigan Property Tax Limitation Act.

A certified or cashier's check in an amount of \$3,300.00 drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, Penobscot Building, Detroit, Michigan, which opinion will be furnished, without expense to the purchaser of the bonds prior to the delivery thereof, approving the legality of the bonds. The purchaser shall furnish bonds ready for execution at his expense. Bonds will be delivered at the Depositors State Bank of Northville, Michigan, or such other place as may be agreed upon with the purchaser.

Inquiries with respect to the details of the issue should be addressed to Thrum and Sidwell, 802 Baugh Building, Lansing, Michigan. Attorneys for the School District.

The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

Blackhead Outbreaks

Soil fertilized with turkey or chicken manure is a frequent source of blackhead outbreaks in poultry flocks.

## Pedestrian Deaths Fewer Last Year

Fewer pedestrians walked themselves to death during 1948 than the year before.

There were 9,850 pedestrian traffic deaths last year, according to the 1949 edition of "Accident Facts," statistical yearbook of the National Safety Council. This was 6 per cent below the 1947 total of 10,450.

The yearbook points out that last year was the first since motor vehicle deaths have been tabulated by type of accident that pedestrian deaths were fewer than deaths from two-vehicle collisions.

Open Hearth Record  
A record was set in the production of 34,400,000 tons of open hearth steel in 1923. This tonnage was equaled in less than six months of 1948.

Leftover Chicken  
A good way to use bits of leftover chicken or turkey is to combine them with mushroom soup and fold in cooked noodles. Four the mixture into a casserole and sprinkle with margarine bread crumbs and nippy cheese. Bake about 20 minutes and you have an excellent main course.

### Uncle Sam Says

During the years America was  
growing up, Grandma hid her sav-  
ings in the old, cracked teapot, the  
tin canister, or even that old horse-  
hair mattress. This was the hard  
way to save and her denials of  
many things to build those savings  
sometimes came to naught. Fires,  
fire or other hazards wiped out her  
savings in a jiffy. Today we have  
the finest and surest way ever in-  
vented to build security for the fu-  
ture—the U. S. Savings Bonds way.  
This means you can put aside,  
every pay day, part of what you  
earn by signing up for the Payroll  
Savings Plan where you work, or,  
if self-employed, the Bonds-Month-  
Plan where you bank. Either way,  
you get back 34 for every 33 in-  
vested in just ten years.

**Rare Oxen Going to State Fair**  
Helping the Michigan State Fair  
celebrate its centennial in Detroit  
Sept. 2 through 11 will be Mariah  
Palmer's oxen from Fremont, Mich-  
igan. Palmer, driving the above  
yoke, is believed to be the only  
owner of oxen in Michigan.  
He probably is the only farmer  
in the entire country who uses the  
oxen as draft animals. They do all  
his farm work. He hasn't owned a  
horse for many years.  
Agriculturally, the State Fair is  
getting a much greater emphasis  
this year from James D. Friel, the  
new general manager.  
The educational exhibits will in-  
clude the first official showing of  
the Atomic Energy Exhibit direct  
from Oak Ridge, Tennessee, the  
home of the atomic bomb.  
The entertainment undoubtedly is  
the best ever scheduled in Mich-  
igan. Top stars will be Bob Hope,  
Jo Stafford, Tex Ritter's Diamond  
Horseshow, Rodeo and Wild West  
Show, Tommy Bartlett and his Wel-  
come Travelers program, the Grand  
Old Opry program, Bobby Breen,  
the Chitwood Daredevil Drivers,  
the famous Rockets chorus, a 100  
mile AAA automobile race, Elsie the  
Cow, 60 bands, parades, and fire-  
works every night.  
Friel expects a million people  
from all over Michigan will attend  
the State Fair during the ten days.

**Good Examples Important to Children's Diet**  
When your child is learning to  
eat solid foods probably the  
hardest thing you have to do is  
keep from over-anxiety and urg-  
ing. Think now you would feel  
if someone were to sit tense and  
anxious throughout your meals  
urging you to try this or that or  
to eat all of this or that.  
Winston Osborn, home econ-  
omist at Michigan State College,  
emphasizes the importance of a  
good example in getting your  
children to eat well-balanced  
meals.  
Food dishes have many sour-  
ces but the earliest and most dif-  
ficult to overcome are those ac-  
quired at the family dinner table.  
A recent study showed that 35  
percent of the children who had  
been traced to similar dishes of mem-  
bers of the family. Children are  
the world's best-imitators. Al-  
though at the same time they are  
going all out for individuality.  
Young children tend to follow  
the example of older ones both  
at home and at school. So another  
influence you have to watch is  
that of your child's friends, and  
schoolmates, the home economist  
contends.  
The old saying that forbidden  
fruit is always sweetest certain-

ly applies to food habits. Much  
as we would like to remove the  
temptation of too many sweets  
from our children, it is unwise  
to make a definite issue of it since  
it often has the opposite effect,  
she reports.  
The wisest solution to this  
problem is to build up good food  
habits from pre-school days—the  
right foods, regular meals, pleas-  
ant surroundings and sociability  
and good example. Miss Osborn  
believes the well-fed child has  
less inclination to go on sweet  
sprees and a craving of sweets is  
often found in children whose  
total diets are poor.

## Health Dept. Urges Pre-School Check-Up

"Are your children ready for school - from a health standpoint?" This question, Dr. A. F. Heustis, State Health Commissioner, asked Michigan parents today.

Michigan's second contingent of "war babies," 110,000 strong, will enter school for the first time this fall. Every one of them should be in the best health possible and should be protected against diphtheria, whooping cough, smallpox and lockjaw before he takes his place in the schoolroom, Dr. Heustis advised.

Many Michigan children receive booster doses during the statewide immunization campaign in May, but those children who have not had immunization or booster doses should be taken to their physician at once, Dr. Heustis said.

The Michigan Department of Health recommends immunization against diphtheria, whooping cough, smallpox and lockjaw before the child's first birthday, followed by booster doses against diphtheria, whooping cough and lockjaw at three years and booster doses against all four diseases at age five, before the child enters school.

The new school situation will place added demands on the child's energy and morale. He should be in the best health possible to enjoy and adapt himself to the new situation and to get the most from it, Dr. Heustis pointed out.

"If the child who is to enter school this fall has not had a complete physical examination in the past six months he should be taken to a physician for examination now. Where treatment is recommended, the physician's advice should be followed at once to insure optimum health when school opens."

"The child should get plenty of rest before school opens. He should be protected from unnecessary exposure to disease, but his adjustment to school life will be better if he is allowed to play with other children in his own neighborhood."

Physician's office examination should be made before school opens, and take him to the physician at once if he has any of the following conditions: persistent cough, persistent fever, persistent diarrhea, persistent constipation, persistent headache, persistent sore throat, persistent skin rash, persistent weight loss, persistent fatigue, persistent irritability, persistent crying, persistent sleeplessness, persistent loss of appetite, persistent failure to thrive, persistent abnormal behavior, persistent abnormal physical findings.

**INITIATION INTO DEATH** ... Robert Munday, 15, points to spot where he hanged his three-year-old neighbor and playmate, Thomas (Whitey) Law in Chicago recently. Robert said he took Whitey into the basement to initiate him into "hanger's nose" club. He says he put a noose around the boy's neck and threw the other end of the rope over a joist. He removed a chair Whitey was standing on and the rope caught on the joist, causing the child's death. The boy's body was found stuffed into a barracks bag. Left to right, Sgt. Jim Ryan, juvenile officer; Robert Munday, John Boyle, states attorney; and a newspaper reporter.

## Sheriff's Report

Bandits who struck a visiting automobile buyer on the head early today, drove home to Ecorse Township and robbed him of \$100 missed \$2,700 he had hidden in his person, the victim told Sheriff Baird's Deputies.

The buyer, John Haley, 36 of Benton, Ky., said he was struck as he emerged from the D and G Snow Bar, 5668 Fort Street West, to get his car nearby.

His next recollection was regaining consciousness in his car at Oakwood Blvd. and Southfield Road. All windows in the car were broken and its keys thrown away. He was taken to Wayne County General Hospital.

Monday night Aug. 29, as Rex Mays was closing his gas station at 8188 N. Telegraph Rd., a lone bandit held him up and stole \$210 and took the keys to Mr. Mays' car which he used for a getaway.

Sheriff Andrew Baird's Deputies have a good description of the bandit and an early arrest is expected.

Donald S. Moore, Burgess Hotel Detroit, and Jean A. Tolbert, 5620 Underwood, Detroit, were arrested when they were observed taking part in the Northville Race Track. Both were taken to the Northville Police Station and charged with violation of State Gambling Laws. They were fined \$50 each.

## Tuberculosis Losing Ground in Michigan

Tuberculosis in Michigan continues to lose ground in one of the major public health advances in the state's history. Dr. John A. Cowan, Director of the Division of Tuberculosis and Venereal Disease Control, said today.

The disease which took the lives of 104 persons in every 100,000 of the state's population in 1900, took the lives of 25 per 100,000 in 1948. The disease has been pushed from second to ninth cause of death in the state in the past half century.

Credit for victories in the battle, most of which have occurred in the past three decades, should probably be given to improved methods of treatment which made huge onslaughts on the disease in the 1920 and 1930's and the new "wonder" drugs recently put to use, to better care-finding including the mobile chest x-ray units of the Michigan Department of Health federally purchased units for x-ray of persons entering general hospitals and many services of industries and other organizations, as well as to prompt hospitalization made possible by better case-finding.

Other considerable factors are the state and county hospitalization of tuberculosis, and the work of state and county tuberculosis associations.

Michigan now stands seventeenth among the 48 states with its death rate of 25.2, and its rate improved favorably with the national rate of 29.8.

Dr. Cowan pointed out that while at the turn of the century in Michigan, "Consumption" struck down frail young women and children in their school years, tuberculosis is now taking on an entirely different aspect. Almost two-thirds of the 1948 deaths from the disease were among men and more than two-thirds of the deaths were of people over 40 years of age.

Further advances against the disease will be made through increased case-finding among Michigan people who are in the last half of their "three score and ten," Dr. Cowan said.

## Health Dept. Warns Labor Day Drivers

Accidents during the three-day Labor Day weekend alone will take almost as many Michigan lives as polio has taken so far this year, the Michigan Department of Health warned today.

This would not be true the Department said, if people had the same fear of the family automobile that they have of polio. Last year 75 times as many Michigan people died in accidents as died of polio.

Hazards during the Labor Day weekend will be the same as those of any summer weekend, except that excessively heavy traffic will greatly increase the danger of automobile accidents.

Traffic, swimming and boating, over-exertion in the hot sun and falls are the hazards to be considered. Start early and drive with care. Do not mix alcohol with driving, swimming, boating or any exertion in the hot sun. Observe swimming, diving and boating precautions. Don't show off. Give a little consideration to the middle-aged heart. Remember that you can fracture your skull or break your neck in a fall from a porch, rail, off a window ledge or down the cottage steps as well as from a fall from a haywagon or horse.

Have the same respect for Labor Day hazards that you have for polio and you'll be here to vacation another year, the Department concluded.
