ker, who moved from West Point Park to Plant City, Florida two years ago, write that the orange crop in Florida is doing fine. The Sidelinkers plan returning to Michigan next spring. Mr. Harry Hoaglin, another former West Point Park resident, and who is in partnership with the Sidelinkers, is now visiting relatives in Indiana.

A demonstration party at the home of Mrs. James Simpson on Mayfield avenue proved a happy get-together for the dozen ladies in attendance. Mrs. Simpson's daughters, Mrs. Brugman and Mrs. Willet, took the most important prizes offered during the program. Mrs. Clyde Buckingham and Miss Lora Ault also earned prizes.

Relatives from Dearborn were the guests of Mr. and Mrs. John Varhol Monday evening. Mrs. Marietta Wyman was ill with flu last week. Mr. and Mrs. George Ring of Detroit visited Mrs. Ring's parents, the Varhols, last Sunday.

A group of ladies representing the Livonia Methodist Church visited the Old Peoples' Home at Chelsea Wednesday. All were greatly impressed by the experience. The Kelloggs are planning to move the first of the year from the Bohlinger property on Mayfield avenue to a home located near Pierson school, where Mr. Kellogg is principal.

The George Middlewood property, near Farmington Road is reported sold, excepting to final papers, to Mr. and Mrs. Reddy of Detroit. The Reddys plan to occupy the Middlewood log cabin, while a permanent residence is being constructed on ShadySide avenue.

Mrs. Emerson Ault, who has been visiting her daughter Mrs. John P. Pater and family in New London, Ohio for two weeks, returned home Wednesday. Voting for or against the incorporation of Livonia township into a city has been postponed from December 20 until after the first of the year. It is believed that after the holidays there can be more concentration of thought on the question involved.

Mrs. Virginia Oman and daughter, Ruth Ann, who have been with Mrs. Oman's parents, the Aults on Brentwood, have moved to Wyandotte. Sunshine Sisters met in the Neighborhood Church Wednesday afternoon. Six ladies were absent because of illness and three were visiting outside the community, therefore, the attendance was small. However, a considerable amount of progress was made. A reading of the book of Genesis filed the devotional period. It was decided to hold the

Dear Editor: In your issue of the Record under date of November the 10th you carried on your 1st page a story concerning an appeal of the Golden Rule Foundation here in New York city for toys for children Overseas. The writer thought it might interest you to know he showed the story in the Record to an associate in his office who in turn showed the newspaper to Dr. Hopkins, the national president of the Golden Rule Foundation. Dr. Hopkins smilingly took my associate out to where boxes were being prepared to send to Europe which came from Northville, and the doctor was very enthusiastic and appreciative which cannot be over emphasized. Thinking this might be of interest to your community who contributed so whole heartedly to this worthy cause I am sending this letter and the information and also the proud and glowing feeling of warmth I felt in my home town as I too saw how Northville once again proved that the village knew no bounds when it came to helping those of other lands when such an appeal came to their attention. Very truly yours, H. H. White. 323 West 14th Street N.Y. City 14, N. Y.

Ask HAROLD BLOOM This Question: Would a Fur Floater policy cover the loss of my wife's fur coat if it should be lost in a check room? On any insurance problem, consult C. HAROLD BLOOM, 108 W. Main Street, Northville, Phone 470.

Writers, Actors Support Sale Of T.B. Seals

Famous American actors and writers are lending their voices in the appeal this year of the National Tuberculosis Association to the public to buy Christmas Seals. Their motives are born of this fact: Since 1904, the overall TB program has helped cut the death rate by 85 per cent - yet TB still kills more people between 15 and 34 than any other disease.

A variety radio show boosting the campaign. J. C. Furnas, popular contributor to American magazines, writes on the people's fight against TB in an article to appear in the nation's magazines during the drive. Fannie Hurst, novelist and short story writer, also will contribute a manuscript to the cause.

This year's seal was designed by a young artist from Leonia, N. J., Herbert M. Myers, who won a \$1,000 first prize in a nation-wide contest. Christmas Seal funds sponsor chest X-rays, rehabilitation programs, school health education, and medical research in a relentless battle against the "white plague."

On August 15 the Armenians celebrated a harvest festival known as Navasard. For three years the United States had two Thanksgiving days.

annu Christmas meeting of the Sunshine Sisters on December 4, which is a regular meeting date, and is early enough in the season to avoid conflicting with other holiday affairs. At this time there will be the usual grab-bag exchange of gifts. Each lady is expected to bring with her a wrapped gift, preferably homemade, to be placed in a grab-bag container, from which each person will draw a present to take home.

A regular meeting of the Sunshine Sisters will be held in the Neighborhood Church Wednesday, November 30, "Thanksgiving" will be the topic. For regular attendance Bobby Melvin received a telescope as a prize in the Neighborhood Sunday School Sunday.

Neighborhood Church folks met with shut-in, Mrs. George Welsh, for Prayer and Bible Study Thursday evening.

Thanksgiving was postponed a week in 1905 because the city of Colchester, Conn. had run out of molasses - no molasses, no pumpkin pies.

ON CAPITOL HILL NEWS and COMMENT FROM CONGRESSMAN GEORGE A. DONDERO

Nobody nowadays opposes legitimate unionism, least of all myself. But strike policies pursued by many labor unions seem ill-advised and short-sighted when judged by results affecting both union members and the public. This may be said of the coal and steel strikes, and of others less important now in progress.

Because no labor-management relations law in recent years has failed to provide for bona fide bargaining over wages, hours, working conditions and benefits, all of these strikes are pointless at this time.

Possibly across-the-table bargaining, without resort to ultimatum, refusals to compromise, and resultant walk-outs, might bring slightly lesser immediate labor gains, but long range benefits to labor and the public would more than offset the difference. Here are some figures to support this belief.

During the eight "no day work weeks" recently ordered by John L. Lewis, for no apparent reason since he had refused to reveal his demands, on the average each soft coal miner lost \$565 in take-home pay. In that period about 96,000,000 tons of coal were left unmined. No coal, no royalties for the miners' welfare fund, and so the fund lost approximately \$19,400,000.

It has been estimated that a ten per cent wage raise for miners, which now appears unlikely, would repay them for wages lost in the eight weeks of idleness in no less than eighty weeks plus whatever additional weeks accident, illness, or shutdowns for repairs might cause.

If the history of coal mine labor relations is to continue as in the past, new walk-outs can be expected long before the eighty weeks have elapsed. Miners thus may remain behind the eight ball indefinitely.

In evaluating the net effect on miners' economic gains of the ultimatum, no compromise, walk-out technique, it should be borne in mind that the recently lost \$565 in take-home pay, which may never be recouped, represents the down payment on a new automobile. Also it represents the approximate cost of a new refrigerator and combination radio and television set, the cost of a new bathroom for the home, or the cost of clothing four children for a year.

On this basis it would seem that blind support of John L. Lewis in his efforts to outshine rival labor leaders and in his quarrels with government officials manifestly is not providing his mine union vassals with a more abundant life. Quite the contrary, in fact.

It is true, of course, that labor gains made at outrageous cost to labor in this generation may be of benefit to future generations of labor. But in the present uncertain state of world and domestic affairs nobody can foretell what conditions future generations may face.

Therefore common sense would dictate perseverance in bargaining, without easy recourse to strikes. It might be a good idea to provide by law for continuous bargaining sessions in each in-

Opposition Voiced On Brannon Plan
 A resolution voicing strenuous opposition to the so called Brannon plan of subsidizing farm products or any Federal farm-aid program other than price supports based on a sliding scale percentage of revised parity was adopted by delegates to the 33rd annual meeting of the Michigan Milk Producers Association held in Fairchild Theater at Michigan State College.

Another resolution called upon the Michigan legislature to provide funds for the building and equipping of new buildings at Michigan State College for the Veterinary Science, Bacteriology and Physiology Departments to safeguard the health of the people of the state in preventing spread of disease among dairy herds and other animals. Delegates also voted to continue fighting aggressively against legislation permitting the sale of oleomargarine colored yellow in semblance of butter.

In their annual reports, officers of the M.M.P.A. disclosed that milk production during the past year was 12% greater than a year ago while the gross income from sales was approximately the same, nearly 61 million dollars. Secretary-Manager Howard F. Simmons said the association has under way a program to increase its manufacturing facilities which will provide for the handling of members' milk during the flush season and help to stabilize the fluid milk markets in Detroit and other Michigan cities at all seasons of the year.

Elected to the Board of Directors for three year terms, were William Hristov of Flat Rock, Theodore Laurén, Marlette, Clay Croil, Britton and Ward Eagle of Farmington.

Conservation Dept Buys Duck Haven

Saginaw bay ducks and those who hunt them get an assist from the conservation commission which has approved purchase of Heisterman, Mousou and DeFoe islands and 1,400 feet of access frontage north of Sebawang on the bay shore opposite the islands.

The islands and surrounding marshes total 4,370 acres and the conservation department's game division plans to use them in its waterfowl restoration program and as public hunting grounds. Lands on the three islands previously acquired by the department total 465 acres and purchase of an additional 565 acres of dry land will give the state title to all of the acreage.

The department expects to finance the \$50,000 purchase in large part with Pittman-Robertson funds, having verbal assurance of U. S. Fish and Wildlife Service authorities that the project will be approved.

The 44-acre bay frontage purchase is to be financed with department game and fish funds.

Offering at auction of oil and gas leases on 68,679 state-owned acres in 19 central Michigan counties at a sale to be held in Lansing on December 2 has conservation commission approval. Only 49 acres in Gladwin county are in proven territory.

Michigan's first deer license was issued in 1895 and sold for 50 cents.

Strength of Timber
 The strength of a timber can be determined more accurately by visual inspection than can that of any other technically determinable structural material.

Cheboygan Waterway May Be Restored
 Restoration of a formerly much used inland waterway from Cheboygan through Burt lake may be advanced by conservation commission action.

Necessary dredging will cost \$225,000 according to Army engineers who will supervise the work. The federal government's share of the cost will be \$135,000; local agencies will be expected to raise \$90,000. To date, the Inland Water Route Improvement Association has secured \$30,000.

Hearing proponents of the plan, the commission agreed to ask the next legislature to approve inclusion of \$60,000 of general fund money for the purpose in the conservation department's 1950-51 budget, having been assured by Congressman Charles E. Potter of Cheboygan that such action may help to speed congressional action on the appropriation.

Taxes on pleasure craft collected by the State Waterways Commission are depended on to reimburse the general fund.

Emergency Measure
 A tipped beam will stay put indefinitely with an application of cellophane tape. It's also effective over holes in pants pockets until a real mending-job can be done.

"I'll never stop being thankful . . . that I joined Blue Cross. It saved me over \$1,200 in hospital bills—and paid \$165 to my surgeon as well!"

CASE #25-749716-95

Mrs. [Name], age 66, covered by Blue Cross Hospital and Surgical Plans, suffered a bad accident. Hospitalized 119 days, her bill came to \$1,310.97. Patient paid only \$75. Blue Cross Hospital Plan covered the rest and in addition Blue Cross Surgical Plan took care of \$165 in surgeon's fees. A total value of Blue Cross services of \$1,475.90.

ACCIDENTS and illness often mean crushing hospital and medical bills. You can't see or feel when illness might strike or an accident might happen. That's why you need every ten days in Michigan will require hospital insurance. That means there will be hospital bills to pay in about a week out of every few Michigan families! How about you and your family—were you protected against unexpected hospital and medical bills?

Blue Cross is your best possible health care protection at the lowest possible cost—just a few cents a day. The BLUE CROSS Hospital Plan pays for a broad range of benefits (up to 150 days of hospital care in Michigan NO CASH LIMIT on the benefit is covered).

The BLUE CROSS Medical-Surgical Plan pays liberal amounts for hospital and surgical care. It covers you in the hospital in non-surgical cases.

And the cost to you is only a few cents a day! Because it's completely voluntary and non-profit. BLUE CROSS actually pays out in less than 100 days than 95 cents from each subscriber a dollar received!

STUDEBAKER'S REALLY ROLLING! STUDEBAKER LEADS AGAIN WITH THE "NEXT LOOK" IN CARS!

WITH OUR NEIGHBORS

Grand Ledge will have parking meters soon after the first of the year. This was decided at a special council meeting recently when the city fathers voted to adopt the new parking meter ordinance.

Plymouth—Although they had confessed to the theft of three expensive automobile tires and wheels from the Forest Motor Sales parking lot at Forest and Wing streets and had signed admissions of their guilt, two alleged thieves were released from jail in Plymouth Tuesday night because the prosecuting attorney would not issue warrants.

Farmington—Secretary-treasurer John W. Hunt announced last Tuesday night that Farmington's United Fund and Community Chest drive had hit 85% of its goal for 1949. He also stated more money was on its way to the Chest, but the exact amount was not determined.

Rochester—Twenty-eight football players for Rochester High were awarded varsity letters last week after concluding an undefeated season.

Howell—At the regular meeting of the Howell City Council held on September 6, 1949, the Safety Commission recommended to the council for its consideration and adoption, the Michigan System of Uniform Traffic Enforcement. The council approved of its adoption at that meeting.

Grand Ledge—The Grand Ledge Lions club has announced the dates for its second annual minstrel show. It will be held Friday and Saturday, January 27-28 and will be called the Smoky Minstrels, billed as "so hot it sizzles".

Ithaca—Community cooperation reached its height at Breckenridge recently with the presentation of the twentieth annual Breckenridge Community Fair. Large crowds turned out for the afternoon and evening programs.

South Lyon—Approximately 375 Michigan Kiwanis members heard Dean J. Hugh Jackson, international president of Kiwanis pledge the organization to a program of "aggressive citizenship," in a dinner speech at the Michigan Union in Ann Arbor recently.

HERE'S Good Advice TO USERS OF COAL

Order your supply now—be comfortable later. Don't be left out in the cold when the first chilliest strikes without warning. We're ready to serve you promptly . . . our prices are right.

W. E. FORNEY
116 E. Main Street

Farmington—The contract for the construction of a storage garage on the south corner of the Fire Hall was awarded to Kenneth Kemp, Farmington contractor, by the City Commission at its regular meeting held last Wednesday evening.

Howell—At its regular meeting the Howell city council tentatively decided to hold a special election after the holidays to give the voters an opportunity to repeal or validate the Municipal Court amendment and Justice Court amendment to the Howell City Charter.

Birmingham—With \$108,397.89 already in the local United Foundation office and still more coming in, the goal of \$62,500.00 for the Torch Drive in the Birmingham-Bloomfield Hills division is \$25,397.89 over quota. This is the final report of Henry J. Whiting, local campaign chairman.

Rochester—No new school plan will ever be put into effect here without public notice and approval of parents, Howard McGregor, Jr., president of the Board of Education, informed Mrs. Leonard Anderson recently.

South Lyon—The foundations for the new field house at the Lyon Township school athletic field were poured last week. The committee handling the building procedure is happy to report that the New Hudson Board of Commerce has donated \$250 toward the building.

Dearborn—A Dearborn man and his female companion were

arrested by State Police detectives and Dearborn officers when a set of burglary tools and a quantity of dynamite suspected of being used in a Port Huron safecracking were reported found in their possession.

Ithaca—Grant Thompson, 41, met instant death in a deer hunting accident in Maine. He was the son of Mr. and Mrs. W. E. Thompson of North Star township but had been living in Washington, D. C., for several years where he was with the Production and Marketing Association (formerly AAA).

Kids' Day King and Queen

Selected from among several hundred boys and girls as an inspiration to all underprivileged children, Leo Smith, 10, Shreveport, and Karen Ash, 8, Muscatine, Ia., were named "King" and "Queen" of National Kids' Day. O. E. Peterson, executive secretary of Kiwanis International, announced this week.

The boy king will reign on the observance date, Saturday, Nov. 19, as a symbol for all American youth while the queen will represent those who have overcome serious ailments or other handicaps to enjoy normal lives. The Shreveport boy, eighth in a family of nine children, is the son of a widow, Mrs. Emma Smith. Described as a typical American youngster of the Bucklebury-Finn type, he was chosen on the basis of leadership displayed last summer at a Kiwanis Boys' camp for underprivileged children at Lake Caddo near Shreveport.

The pretty, blue-eyed queen is the daughter of Mr. and Mrs. Harold Ash. Little Karen recovered from a rare heart ailment in May, 1949, following an extremely delicate surgical operation. Funds to make possible the operation were sponsored by the Muscatine Kiwanis club. Now a healthy girl, Karen is a pupil at St. Mary's school in Muscatine and leads a normal life in every way.

and to witness the large number of exhibits.

Plymouth—Parents of the 215 students at Our Lady of Good Counsel school had an opportunity last Thursday evening to see Catholic education at work. The Sisters of St. Joseph of Nazareth, Michigan, the order in charge of this latest addition to Plymouth's educational facilities, held open house from seven to nine o'clock.

The Upper Peninsula has been invaded again. The invading army consisted of friendly hunters, colorfully clad in bright red and many hued sport garments, bound for the "north country" on an annual deer hunting expedition.

The automobile congestion at the Straits of Mackinac, the transportation bottleneck between the two peninsulas, again brought into focus increased demand for some immediate solution to this traffic problem. The 1949 legislature set aside an appropriation of 4 1/2 million dollars for a new ferry boat to speed up transport of tourist and automobiles across the straits. Now difficulties have developed as to suitable dockage at St. Ignace, and additional cost of over 1 million dollars may have to be incurred before the new boat could be put into practical use upon its completion.

Invariably the Straits bridge idea is revived during an election campaign, and 1950 may see new political agitation in favor of a bridge or tunnel to be financed in part by government money or self-liquidating bonds.

The Upper Peninsula always welcomes the arrival of sportsmen and summer tourists. Recreation has become big business in this vast area stretching more than 360 miles from Ironwood at

the west to Sault Ste. Marie at the east. To the north of the "Sault" lies the vast wilderness in Canada.

The Upper Peninsula is the region of by-gone glory in lumbering and a recent decline in copper and iron mining. In the "copper country" the copper mines have reached depths at which copper mining can be maintained only by a very protective high price, such as has prevailed during wars, or through federal subsidy. Michigan copper mines cannot compete profitably with low-priced copper from other regions of the United States and the world.

As for the future of Michigan iron mines a traveler in the Lake Superior region is always impressed with the vast potentials of low-grade iron ore. While reserves of high-grade ore are sufficiently adequate to accommodate needs of steel makers for years to come, the four billion four hundred million capital investment of the Great Lakes steel industry is such that steelmen are looking ahead for a substitute supply of ore when present high-grade is depleted.

Demands of World War I and World War II depleted the Michigan and Minnesota ranges of many millions of tons of high-grade iron ore.

A recent issue of Business Week pointed out that production in the Gogebic Range has been slipping since 1942, that the lower part of the Menominee Range which straddles the Michigan-Wisconsin state line, is well exhausted; and that the Marquette Range contains mostly underground ore of which high production is needed to operate mines economically. Business Week puts an expectancy on the Mesabi Range of 27 years; Marquette Range, 26; Menominee Range, 30, and the Gogebic Range, 15 years.

Utilization of the low-grade taconite iron ore is the future hope of the Michigan iron country.

SMART SUGAR SHOPPING

To get the most for your money, remember that expert chemists can detect no difference between pure sugar extracted from beets and pure sugar extracted from cane.

Leading Home Economists freely state that any supposed difference in pure sugars is simply a *figment of the mind*. That's why cook books call for just "sugar." That's why it's smart to buy the sugar that gives you the most for your money! Buy—

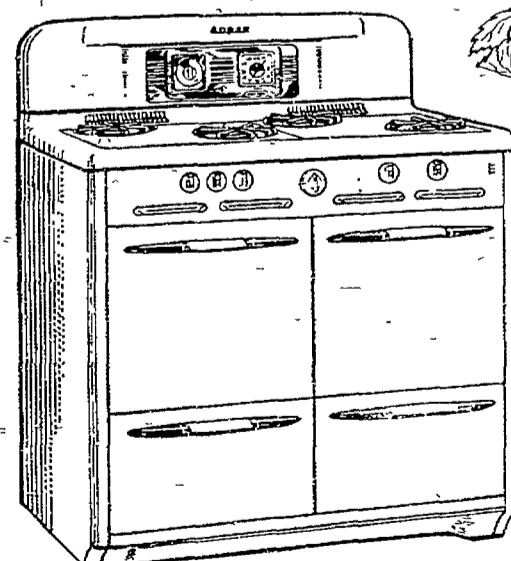

MICHIGAN MADE PURE SUGAR
—and save the difference!

ASK FOR GREAT LAKES, MT. CLEMENS, BIG CHIEF OR PIONEER BRANDS

Ask the Homemaker Who Owns One —

AND YOU'LL LEARN WHY THIS Fully Automatic **ROPER** IS AMERICA'S Finest GAS RANGE

TRUE, MY OLD-FASHIONED RANGE SERVED ITS PURPOSE

But FOR PERFECT COOKING RESULTS EVERY TIME GIVE ME MY MODERN AUTOMATIC ROPER GAS RANGE

And IT'S A REAL TIME AND MONEY SAVER Too!

BELIEVE YOU ME, I WOULDN'T BE WITHOUT IT.

There's nothing you can get for your kitchen that will be half as smart looking . . . so completely modern as this sensational Roper Gas Range. There's no other automatic appliance in the home that will afford greater freedom.

It cooks complete meals automatically! It puts an end to oven watching and affords you new worry-free, carefree hours you can call your own.

And, when it comes to quality, performance, dependability . . . IT'S TOPS. SEE it. Compare it. It's the year's smartest buy.

NEWS FROM NOVI

By Mrs. L. Rix

Burton Munro and his son-in-law, Gilbert Van Sickle, are deer hunting in the Upper Peninsula. The Lockwood store on Novi Road is now open to the public.

Mrs. Russell Race, Mrs. Blue Star Ward and Mrs. Luther Rix, Blue Star Mothers of the Novi Chapter, met with Mothers from the Farmington and Northville Chapters at the home of the Northville Chapter president, Mrs. Merritt Meeker, on Seven Mile Road Tuesday. After a twelve o'clock luncheon the Mothers filled 122 Thanksgiving bags, which they distributed to veterans at Maybury Sanatorium later in the afternoon.

Saturday, December 3, the Novi chapter of the Blue Star Mothers will have a bazaar and bake sale at the Lockwood Store. Mrs. Fred Lee is the chairman.

and will be assisted by Mrs. Tom Burkemo, Mrs. Thyra Gardella, Mrs. Clare Lockwood and other Mothers. Tea will be served during the afternoon. The bazaar will open at eleven.

Mr. and Mrs. Sidney McDonald and Mrs. Katherine Spalding of Bad-Axe are the house guests of Mr. and Mrs. Russell Race. Last Sunday they helped Mrs. Race, who is Mrs. McDonald's sister and Mrs. Spalding's daughter, celebrate her birthday.

Mrs. Russell Race was honored on her birthday by a party at the home of one of her sons on See-baldt avenue in Detroit last Sunday. About thirty guests were present. The sons who gave the party were Gerald and Russell, Jr., both of Detroit.

The guest soloist at the Novi Methodist Church Sunday was Miss Christian of New York, who is visiting her sister, Mrs. Al Stuebinger of Beck Road. Miss Christian is also visiting other relatives in Detroit.

Mr. and Mrs. James McIntosh and children of Detroit were the Sunday dinner guests of Mr. and Mrs. Ruben Ward.

Wednesday evening Union Thanksgiving Services were held at the Novi Methodist Church with Rev. M. J. Remem of the Novi Baptist Church preaching the sermon.

Methodist W. S. O. S. ladies who attended the Detroit meeting in Howell last Wednesday were: Mrs. Ruoca Ward, Mrs. William McRoberts, Mrs. Elmer Bern-

strom, Mrs. John Klaserer and Mrs. James D. Mitchell. Bishop Marshall Reed was the speaker Monday evening the Mother's Club met at the school for their regular monthly meeting. They gave away a \$10.00 basket of groceries. After the meeting there was a plastic demonstration.

Mr. and Mrs. E. Wadland have just returned from a week of vacation with their parents in Canada.

Mr. and Mrs. Frank Clark left Tuesday for St. Paul, Minnesota to visit relatives over the Thanksgiving weekend.

Mr. and Mrs. Ray Walters and daughter, Sharon of Union Lake spent Sunday with the latter's parents, Mr. and Mrs. Clare Lockwood. The Walters will also be with the Lockwoods for Thanksgiving.

Mrs. Floyd Darling will cook for the school lunch room, which opened on Monday.

The Novi school children sold magazines totaling the sum of \$600.00, making a profit of \$186, which will be used to buy a record player and athletic equipment. Shirley Snow won the honor of high salesman.

Spending last weekend at their cottages in the woods near Lewiston were: Mr and Mrs. George Atkinson and their guests, Mr. and Mrs. Haldrey Bachert, Mr. and Mrs. Kenneth Atkinson of Detroit, Mr. and Mrs. Glen C. Saloy and their guests, Mr and Mrs. James F. J. Kinnear and George Atkinson, spent the whole week there hunting.

Dr. and Mrs. C. W. Gilman and daughters, who have been visiting the latter's parents, Mr. and Mrs. James Erwin of Teh Mile Road, for the past two weeks, returned to their home at San Diego, California last week.

Mr. and Mrs. Luther Rix spent the weekend at Traverse City with their daughter and husband, Mr. and Mrs. David O'Leary.

Belated birthday congratulations to Mrs. Fred Smith of Taft Road, whose birthday occurred November 17.

The November meeting of the South Novi Farm Bureau was held at the home of Mr. and Mrs. Victor Miller last Tuesday. Fifteen members were present.

Community Improvement was chosen as the project for the coming year. Plans for the Christmas party were completed after which the members joined in a recreational period. The hosts served refreshments at the close of the evening.

The December meeting will take the form of a Christmas party for all members, and their families. It will be held at the home of Mr. and Mrs. John Christensen Saturday, December 17.

Bell Co. To Appeal Recent Court Case

The Michigan Bell Telephone Company has announced it will appeal to the State Supreme Court from the recent ruling of the Ingham Circuit Court directing the company to refund \$10,084,000 in exchange.

The circuit court upheld an order of the Michigan Public Service Commission to reduce rates \$3,500,000 a year for the period, Jan. 1, 1946—Oct. 16, 1948.

"If the decision stands," said Thomas N. Lacy, Michigan Bell president, "it means that we will have earned over a period of the best business in the nation's history a return on our intrastate investment averaging appreciably less than 4 per cent, and in 1947 and 1948 alone, a return of below 3 per cent. This is completely inadequate."

In addition, the decision of the circuit court raises certain legal questions and considerations which it is felt, should be more definitely determined for the guidance of the Commission and courts. It is in the interest of the company and its customers to have the answers to these questions more clearly defined.

CARD OF THANKS

The family of the late Glenn A. Weeks wish to thank the members of the Wayne County Employees Association for the kindnesses shown them during their recent bereavement.

Naming U. S. Battleships

Battleships are named for states, cruisers for cities.

Rat Prevention

To prevent rats, fire and rain from destroying small amounts of stored grain, try storing it in galvanized steel ash or garbage cans. These rust-resistant containers are equipped with close-fitting covers to thwart such menaces.

Field, Sweet Corn

The principal genetic difference between field and sweet corn is the mutation of the starchy gene, in field corn to sugary in sweet corn which promotes a higher total sugar content and causes the sugar to persist.

Weekly Paper's Aims Told At Exchange

At the meeting of the Exchange Club Nov. 18 Eleanor Breitmeyer talked on the various functions of the village newspaper and the ways in which the staff members coordinate their activities.

She also stressed the general aims of the local paper, the concentration of efforts to serve the interests of the community rather than a coverage of world events through syndicated services which are better served
