Mr. Hunter will speak on "The Cripple Strikes", ("What are we doing about the 7 1/2 million victims of Arthritis and Rheumatism?")

Mr. Hunter is a member of the Northville Optimist Club and is a Mason, belonging to the Redford Chapter, Blue Lodge, No. 152 and Royal Arch Mason Lodge, 176. He is general manager of the G-M Underwriters, Inc., of the Aetna Life and Affiliated Companies in Detroit.

At the afternoon service at 3:00 o'clock, Rev. A. G. Sommer of the Rosedale Park Church will preach and the 40 voice choir of Trinity Church, under the direction of Otto Uecker, Monroe will provide the special music. Rev. H. B. Fehner, pastor of Trinity Church, Monroe, will have charge of the evening service which begins at 8:00 o'clock and the Monroe choir will again render several selections. St. Paul's pastor, Rev. E. E. Rossow, will assist at the three services.

Groundbreaking for the new church took place in November, 1948 and building operations proceeded swiftly due to the unusual favorable weather conditions. The Walter Couse Construction Co. were the general contractors with DeKay Electric, installing all the electrical fixtures and the Sterner Heating Co. installing radiant heating throughout the church and parish hall.

The new church auditorium will seat 300 persons, but is so designed that by opening the doors in the rear of the sanctuary, and by using the public address system, several hundred more persons may be comfortably accommodated in the parish hall.

Solid oak furnishings, for the most part purchased as memorials for departed ones, are used throughout the interior of the church. The three beautiful stained glass windows over the altar depicting the Trinity are a memorial to the late James Copeland, for many years Sunday school superintendent of St. Paul's church. The stained glass windows on either side of the oak pews tell the story of the Apostles. Maroon carpeting, donated by Schrader's Furniture store, has been laid throughout the church.

An Allen organ is installed in the choir loft to the rear of the church. The minister's study is attractively furnished with a desk and chairs donated by the building committee, Fred Sterner, Clyde Dethloff and Julius Feole.

In the parish hall, a modern kitchen has been installed complete with stainless steel equipment. There are rooms for the superintendent of the Sunday school and for the various organizations of the church to hold their meetings. In the narthex of the church, the old cornerstone which reads, "First German Lutheran Church, 1897" is wallied in reminding worshippers of the old church building. The bell has been moved into the new tower and will call the congregation to the new place of worship.

The new church edifice was financed through a first mortgage real estate bond issue. A few bonds are still available in denominations of \$50.00, \$100.00, \$500.00 and \$1000.00 over terms of five, 10, 15 and 20 years. The Depositors State Bank is the paying agent and Attorney George W. Schudlich of Detroit is the trustee.

St. Paul's church had its humble beginnings in 1896 when the late Pastor Paul J. Reinhardt organized the first congregation, preaching the services in the public school building near the intersection of Taft and Nine Mile Roads. Frederick Miller was the first president of the congregation which numbered 50 members.

In 1897, the deed to the present (Continued on back page.)

## HISTORY OF NOVI

By Alice Waite

Editors Note: This is the second of a series of articles on Novi history.

Now let us go to part of the N. W. 1/4 of Sec. 16, T. 1 N., Range 8 E. where we come to the Reuben E. Ward store, corner Beck Road and Grand River.

This is a small part of an 80 acre tract of land taken up from the government in 1864 by Harvey Skinner for the price of \$640. Later this was bought from the government for the same sum plus the taxes by David Ertrean.

October 1, 1901, August Richter bought the land who in turn gave a share of it to a son, John who sold it to the Wards. The old house on the property was at one time a toll gate. A strip of 50 feet was deeded in 1923 to Oakland County for the U. S. 16 road.

The Wards have built a large cement block building which houses their living quarters as well as the grocery store. They recently added a service station which they hope to open about the first of March. The Wards have two houses on the property which they rent.

### Peanut Oil

Peanut oil can be heated to much higher temperatures than other animal and vegetable oils before it begins to smoke or scorch; thus it is preferred for deep-fat cooking of potato chips and similar food products.

## ON CAPITOL HILL

### NEWS and COMMENT

#### FROM CONGRESSMAN GEORGE A. DONDERO

It looked very much this week as if next year Michigan will be in a position to make a real start on reforesting the 3,200,000 acres of cut-over lands which have been for many years more of a liability than an asset to the state.

The warm reception given during the past week by the Agriculture subcommittee of the House Appropriations Committee to witnesses who supported last year's authorization of appropriations totalling \$133,000,000 over the next fifteen years for reforestation work by the United States Forest Service, indicated a strong probability that such will be the case.

If the appropriation is passed in this and ensuing years, as authorized, it will mean that Michigan may have the benefit of at least \$1,700,000 spent each year in the state by the Forest Service, in addition to state funds earmarked for reforestation. This would be the case if Michigan gets its prorata share of the federal grants.

The reason for this is the fact that more than twenty per cent of the nation's 16,000,000 acres of cut-over lands are located in the Wolverine State. Most of this land is marginal in nature, and can best be utilized for raising forest products.

Prior to passage of the authorizing bill last year, I conferred with a number of Michigan conservationists, particularly Ray Harrington, director of the Oakland County Sportsmen's Association. As a result, I testified in favor of the \$133,000,000 authorization at hearings before the House Agriculture Committee, and later aided in the successful effort to get the bill through the House.

At that time I announced my intention of introducing a bill to provide for matching contributions for reforestation work by the federal and state governments, and for direct cooperation between federal and state forest services.

But it developed at a conference between local, state, and federal conservation officials, which I attended in East Lansing last December, that cooperation between state and federal agencies is already in effect without necessity of legislative action. It

was the opinion, too, of those at the conference that the \$133,000,000 of appropriations over fifteen years would be adequate, when supplemented by state funds, at least so far as Michigan's requirements are concerned.

Inasmuch as the authorization bill passed by Congress last year provided for matching of federal and state funds, by the simple device of limiting federal expenditures in any one state to an amount no greater than state expenditures, it became unnecessary for me to introduce a new bill to that effect.

Last week I filed an appearance before the House Appropriations subcommittee in support of the appropriation. I cited for the committee the fact that 18,500,000,000 feet of the 1,600 billion board feet of timber now standing in the United States are cut and marketed each year. At this rate, unless vigorous measures are taken, the nation's timber reserves soon will be depleted. I pointed out also that current reforestation operations are only about fifty per cent of what is required to maintain the forest reserve.

While stepped-up reforestation work will benefit the State of Michigan as a whole, Oakland County farmers will benefit, too, because more and better seedlings will be available to replace trees cut in their woodlots.

**Schryer-O'Neill Wedding  
Read At Plymouth Church**

The First Baptist Church at Plymouth was the scene of the wedding Saturday, February 4, which united George Elmer O'Neill and Phyllis Joan Schryer in marriage. The double ring ceremony was read at 5:30 by Rev. Benjamin L. Eicher.

Baskets of white gladioli and snapdragons, palms and lighted candles formed the altar decorations. June Boyd of Northville sang "Always" and "Because", preceding the ceremony and "The Lord's Prayer" at the close of the service.

The bride chose a white satin gown of colonial style, fashioned with a fitted bodice, a V-shaped neckline, buttons to the waist in the back and long fitted sleeves. The hooped skirt featured a bustle back. The bride's fingertip veil of illusion fell from a tiara of seed pearls. She carried a prayer book covered with white roses.

The bride was given in marriage by her father, Wilson Clark of Franklin Road, Northville.

Mrs. George Wrenn (Patricia Clark) of Northville acted as her sister's matron of honor. She wore an American beauty satin gown and carried a bouquet of yellow roses. Matching yellow rosebuds formed her headpiece.

The bridesmaids, Betty Arnold and Mary Helen Swanson of Plymouth were the bridesmaids. They wore identical gowns of ice blue satin and carried large bouquets of pink roses. Coronets of pink rosebuds were worn in their hair.

Howard Eads attended as the best man and Dick Swanson and George Wrenn acted as the groomsmen.

For her daughter's wedding Mrs. Clark chose a blue dress with silver beaded trim and black accessories. Mrs. Berry also wore a blue dress and each mother was presented with a corsage of yellow carnations.

The grandmothers of both the bride and bridegroom attended the ceremony. Mrs. Schryer, the bride's grandmother, wore a cocoa brown dress and black accessories. Mrs. Shepard, grandmother of the bridegroom, chose a black dress. Corsages of pink carnations completed each lady's ensemble.

A reception for 250 guests followed the ceremony in the church parlors.

Previous to her marriage, the bride made her home with her grandparents, Mr. and Mrs. George Schryer of Union street, Plymouth. Mr. and Mrs. Cecil Berry of Camden Road, Plymouth are the bridegroom's parents.

The newlyweds will make their home in Northville.

**Bridal Shower Saturday**  
Honors Shirley Maclean

Shirley Maclean was the honored guest at a miscellaneous bridal shower held in Detroit last Saturday evening. Co-hostesses for the event were Mrs. Harold Ewing and Mrs. William Newville.

The evening was spent playing canasta and the co-hostesses served refreshments from a table which was attractively decorated with a valentine motif. Guests, who were from Detroit, Wyandotte and Royal Oak, were girls with whom Shirley had been in nurse's training at Grace Hospital.

## Northville Board of Education Minutes

February 6, 1950

The regular meeting of the Northville Board of Education was held in the board room on Monday evening, Feb. 6, 1950.

Present: G. H. Stalker, E. F. Clark, H. I. Atwood, R. F. Coolman, Dr. R. M. Atchison, R. H. Amerman.

Absent: None.

The minutes of the last regular meeting were read and approved.

Communications were read as follows: Wayne Co. Supt. Schools reporting release of first payment of State Aid in the amount of \$13,950.00; Oakland Co. Bd. of Education reporting collection of delinquent taxes for November in the amount of \$34.16; Wayne County Department of Health reporting findings of their annual inspection of sanitary and health facilities of the school; Senior High Student Council drawing attention to the need for widening the sidewalk in front and along the side of the high school building; Department of Public Instruction advising that the school district is not liable for injury to school children while on school property and that payment by the Board for an injury would constitute misuse of school funds.

The superintendent discussed with the Board at length several phases of the instructional program, personnel problems present and future, the 1950-51 budget and several student problems.

Treasurer Coolman reported receipts and balances as follows: Received since last meeting \$59,269.82

Balance in General Fund \$37,487.76

Balance in Debt Retirement Fund (old) \$14.48

Balance in 1949 Debt Retirement Fund \$19,750.00

Moved by Atwood and seconded by Dr. Atchison that the report of the treasurer be accepted. Carried.

Auditing Committee reported for payment bills in the amount of \$2,382.04 and payrolls totaling \$14,783.11.

Moved by Dr. Atchison and seconded by Clark that the bills and payrolls be paid. Carried.

Motion by Clark, second by Coolman that all floors in the new addition be covered with asphalt tile. Carried.

Mr. Coolman was appointed a committee of one to confer with village officials regarding the request of the Student Council for additional sidewalks at the high school.

The letter from the Department of Public Instruction relative to liability for injury to children was read and in view of the advice contained therein no action was taken on a request for financial aid.

Upon motion by Clark and second by Atwood the meeting was adjourned at 1:20 A. M.

H. I. ATWOOD,  
Secretary.

## MICHIGAN MIRROR

NON-PARTISAN NEWS LETTER

When President Truman and Governor Williams ask for increased government spending at Washington and Lansing, their actions fit logically — as we see it — into an interesting cycle of contemporary history.

It's plain arithmetic in part. And yet it is as illusive as a magician's rabbit or Alice in Wonderland.

We refer to that little understood thing called inflation. Every dollar you saved in 1939 and put in the bank, or into defense bonds, or an insurance annuity or anything else in fact, is not worth a 1939 dollar today. It is worth only 59 cents.

"What happened to the other 41 cents?" you ask.

Well, part of that might be considered to be a tax we paid to preserve our freedom. The government — and that means all of us — spent money freely to win the recent war. And war is utterly destructive. It destroys material wealth as well as human lives. It led us inevitably to a staggering national debt, now at 257 billions.

Part of the 41 cents may be said to be due also to postwar treasury deficits caused, in part at least, by social reforms — public housing, for example, whereby we, the government, agree to subsidize rents of low income workers.

"Will we get more inflation in the future?"

Roger Babson, the noted economist, thinks we will.

This would mean that our 1939 dollar, instead of being worth 59 cents, might go down to 50 or 25 and even a lower sum. At 50 cents, your 1939 savings will be worth one-half. You would need \$2 to buy the same goods that a 1939 dollar would have purchased. At 25 cents your income would have to be four times that of 1939 to come out even!

In a recent statement for the United Press Mr. Babson says that more inflation depends on two things: whether we will have a World War III and whether our free enterprise system is preserved with its attendant high living standards for American workers.

It is significant that about three-quarters of the proposed national budget for 1951 is earmarked to pay the cost of past wars and to provide insurance in form of military preparations, against the danger of wars to come.

\*\*\*

"What is the annual cost today of our wars?"

Approximately \$31 BILLION dollars, as follows: National defense, \$13.5 to \$14 billions (depending on expenditures or appropriations); foreign aid assistance, \$4 billions; and veterans programs and interest on the war debt, \$12 billions. The remainder consists of more than \$800 millions for atomic bombs, merchant marine subsidy and other indirect national defense benefits.

There is little doubt that a third world war, with its frightful waste of human resources as well as material wealth, would push the 59 cent dollar down still more. Continual treasury deficits at Washington, regardless of the cause, would have the same economic effect.

Hence the prediction that the average American family may have an annual income of \$12,000 by the year 2000 — another 50 years in fact — is not fantastic. That is if we get mixed up again in another global conflict or if we continue down the road to socialism.

As we see it, either of these causes would have the same ultimate effect.

\*\*\*

The plight of all governments — federal, state and local — today is due primarily to postwar currency inflation (the 59 cent dollar) and secondarily to an emotional belief that we are entitled to a "better world" as compensation for our wartime sacrifices. It is this latter urge, when coupled with a desire for individual and national security, that produces the so-called "swing to the left" right into the hands of the bureaucrats. The state becomes the false hope of salvation.

Inflation is another hidden tax. It takes money away from everyone.

And yet, like the magician's rabbit, it is extremely illusive — hard to believe, hard to grasp.

If more cents are taken from the dollar, due to socialist spending or due to another war, Huey Long's "every man a king" will not be far fetched. We will have a king-size income and king-size prices as well as a king-size debt.

**New Businesses**  
The number of new businesses has been declining for some time. Fewer than 400,000 new firms began operations last year. That number was considerably under the 600,000 that opened their doors in 1946. It is even less than the number that started in the years just before the war. Moreover, some 300,000 businesses shut up shop in 1948 (a new post-war high), so the net gains in the business population was less than 100,000.

Plymouth—Governor G. Mennen Williams has approved all six proposed amendments to the city charter, according to a letter sent the city manager. The governor's action followed a recommendation by the Attorney General that he do so.

South Lyon—The South Lyon city council, at its regular February meeting voted to rescind its former action against extended area telephone service. In the resolution passed by the council it was asked that Plymouth be added to the towns to be included in the area. In the proposed extended area as presented by the Bell Telephone Co. two years ago, South Lyon, Northville and Ann Arbor were included in the area.

The announcement of his election was made at the annual banquet in the armory when Harry Kelly of Detroit, former governor of Michigan and again a candidate for nomination to that office on the Republican ticket, gave a non-political address.

French Play Opens at Cass Feb. 27

What may well be one of the most controversial plays of the current season arrives here on February 27. Jean Giraudoux's highly successful comedy, "The Madwoman of Chaillot," starring Martita Hunt, and featuring John Carradine, Estelle Winwood and Nydia Westman, begins a two weeks engagement at the Cass Theatre on that date after a solid year on Broadway.

The Paris premiere of "The Madwoman of Chaillot" in 1945 created a sensation. Editorial writers, quite apart from drama critics, hailed it as the re-birth of French letters, a glow of past glories and a message of hope for the future. Produced and acted by Louis Jouvet at the Theatre L'Athenée with Marguerite Moreno in the title role, the play ran for 13 months to capacity audiences.

Adapted into English by Maurice Valency, the play opened in New York in December 1948 with Martita Hunt and it was heralded by critics and avant garde alike. Almost everyone agreed that Giraudoux had written a beautifully moving comedy, but there were those who declared that it was too "high brow," too "special" for mass appeal, and although an artistic success was already assured, a financial failure was predicted.

But how wrong they were! Apparently the hilarious comic fantasy struck a responsive chord in the heart of the "average" theatregoer and the play enjoyed a full year on Broadway, bringing stardom to Martita Hunt, and a new record for Giraudoux whose previous long-run hit had been "Amphitryon '38" starring the Lunts in 1938.

Producer Alfred de Liagre, Jr., who had been responsible for the highly successful "The Voice of the Turtle," directed the American production himself, going to the great trouble and expense of bringing the original Christian Berard prize-winning stage set-

tings across the Atlantic from Paris.

The Madwoman of the title is far from mad in the English sense of that word; she is, rather, "touched" or "fee", with that deep wisdom frequently encountered in those who have little truck with drab realities. The French title, "La Folle de Chaillot," comes closer to describing her — the word "folle" being somewhat related to our "folly."

Whatever the preferred description of this denizen of the Paris suburbs, the play's tenderness and intermittent flashes of hilarity have made it what Brooks Atkinson of the New York Times called, "incomparably the finest comedy of the season."

History Reveals  
Interesting Data  
On Washington

One of the richest men in the country, George Washington had to borrow 600 pounds for his journey to New York to assume the office of president.

The first medal to be voted by the United States was that ordered by congress on March 25, 1776, for presentation to George Washington.

"Promote, then, as an object of primary importance, the general diffusion of knowledge."—Washington.

The history of the United States was changed by a pocket knife. George Washington's mother gave him the knife to persuade him not to join the British navy.

Washington died leaving an estate valued at half a million dollars.

George Washington did not win as many battles as he lost.

The painting of Washington crossing the Delaware was done by a German-American artist in Dusseldorf, Germany, with Germans as models and the River Rhine as the Delaware.

America's celebration of George Washington's birthday is just 11 days late, for the first president was born, not on February 22, but on February 11.

## Basketball NEWS

The Mustangs are rolling along on the crest of a five game winning streak which has seen them improve remarkably since mid-season, but will run into a tough team tomorrow night when the Inkster High quintet, visits the Northville court. Inkster stopped the Mustangs 34-24 last January 17.

If we were asked for a prediction (which rarely happens), we would be willing to lay our neck on the block and pick Northville, IF the Mustangs play the brand of basketball they have displayed in the past two or three weeks. But we wouldn't give any points either way.

Coach Harry Smith's team has developed into a well-knit unit with a great competitive spirit, but in basketball, anything can happen.

If Colt Coach Dick Kay doesn't grow a crop of short grey hair this year, it will be because his nerves became short-circuited.

Three of the last four Colt games have been point for point struggles to the last whistle, with the Colts finally winning. The Plymouth game February 7 was the exception, but a 57-24 loss doesn't do anything at all to keep grey hairs away.

The Colts edged Brighton by one point January 27, took Dexter by three points February 3 and squeezed past South Lyon last week 42-40. The formula makes for thrilling games for the spectators but little peace of mind for the coach. But a team and its coach have to have something besides luck to pull the close ones out of the fire.

### Colts Trip Lions 42-40 in Overtime

The Northville Colts staged one of their last quarter drives last Friday night to ring up a 42-40 win over the South Lyon reserves that was decided in a three-minute overtime period.

Newcomer Don Tomson collected 11 points for Northville, Pete Spagnuolo got ten and Dick Gursell posted eight. Also sharing in the scoring were Charlie Rebitzke with seven markers and Don Graham and Don Maclean with three each. The Lions' Hock was high in the game with 15 tallies.

The Colts were doing all right in the first half, which ended with Northville on top 15-12, but the Lions got 15 points in a third period rally which put the Colts on the short end of a 27-22 count. The NHS cagers put on a drive of their own in the last quarter, but trailed 35-31 with three minutes left in the game. Spagnuolo tossed in two free throws before leaving the game on fouls and Rebitzke hit the hoop for two points to knot the score at 35 all. South Lyon went ahead on Comiskey's free throw and Tomson had a chance to be a hero when he was fouled while shooting, getting two free cracks at the basket. He dropped one to tie the score again, but missed the other and the contest went into a three minute overtime period seconds later.

McIntosh sank two free throws to boost the Lions into the lead, but Gursell put the Colts ahead on a foul shot and a basket from the corner. The Lions jumped ahead again on Comiskey's basket but Tomson's long one-handeder from front court again gave the Colts a one point lead in the see-saw battle. Maclean sewed the game up with a free throw and Northville grabbed the ball and kept it until the final whistle.

### NHS Cagers Stop South Lyon, 68-38

The Northville Mustangs got behind the wheel last Friday night and drove over the South Lyon basketball squad 68-38 in a game on the NHS floor. Gerry Heaton poured in 25 points to top the evening's scoring efforts. Smith got 16 for the Lions.

The Mustangs hit hard from the opening whistle and ran up an 18-8 first quarter lead. Coach Harry Smith then ran the roster, using his entire squad the rest of the game. The reserves kept the ten-point margin intact and collected eight points while the Lions were getting eight in the second quarter.

The Lions clawed back from the beginning but had trouble hitting the basket while the Northville cagers were successful on a large percentage of their shots. Unlike many other games, the Mustangs were hot on push shots from the corners and from out front. The passing attack was smooth and sustained and the floor game was organized and effective.

The Lions hit the hoop for 17 points in the third quarter, more than double their first half efforts, but the Mustangs rang up 22 in that period.

### Rec. Committee Backs Basketball for 7, 8 Graders

Among the Recreation Committee's many and varied activities this winter has been basketball training and competition for the cage sport enthusiasts in the seventh and eighth grades.

Under sponsorship of the committee, Coach Al Jones has held practice sessions every Saturday morning for those boys who want to learn the fundamentals of basketball and participate in the general thumping that goes with it.

Jones has divided the boys into two teams: the seventh and the eighth grades. Each plays against similar teams from other schools in regulation games, and occasionally combine to form a third team.

The eighth grade group has been most successful in forays against opposing schools, coming away with a four won, one lost record, as of the Dexter encounter February 3. The Eighth graders stopped Novi 47-25 on January 6; beat the Trade School boys 47-38 on January 16; topped Redford Union 28-17 on January 17; licked Dexter 33-21 February 3, but lost to McKinley school of Southfield township January 31, 31-24.

The seventh graders have a two lost, one won record. They beat Redford Union 19-15 on January 17, but lost to Dexter 56-17 on February 3, and to Novi 53-19 last December 16.

The Seventh-Eighth grade combination played Brace school of Southfield township last Tuesday, there. Three other games have been scheduled so far:

Feb. 20—Dexter, here.  
Feb. 28—Redford Union, there.  
March 14—Brooks, Southfield Township, there.  
Games scheduled on the Eighth grade campaign at this time are:  
Feb. 17—Inkster, here.  
Feb. 24—Inkster, here.  
March 6—Ferndale Carver School, there.

To shell pecans put them in a kettle with water to cover and heat until the water boils. Let the nuts remain in hot water for about five minutes. Drain and crack as soon as they can be handled. With a little practice it is possible to get the nut meats out whole, reports Faye Kinder, Michigan State College home economist.

Michigan has a total of 11,037 inland lakes, according to the conservation department's fish division. Sanilac and Saginaw counties are without lakes.

## Boy Scouts Collect 9½ Tons Waste Paper

Saturday, February 4 the Boy Scouts of Northville's Troops N-1 and N-5 picked up 9½ tons of newspapers, which they stored in the Kaiser-Frazer garage on Dunlap Street.

The following Saturday, February 11, the paper was loaded on a truck by members of the same two troops and shipped to Detroit.

The money received from this program, approximately \$15 a ton, will be divided between the two troops to help in their share toward the bus fund and other expenses.

These two groups are to be congratulated for the fine showing and the townspeople also for making this drive successful. Maxwell Austin directed the boys at their work and Harper Britton and many other villagers aided in the drive by helping personally or lending trucks. The W. E. Wood Company in Detroit supplied the truck to carry the paper to Detroit.

## THANK YOU!

The Northville Recreation Committee wishes to thank Arnold Tesheka and Bud Hartner for the many long hours of effort spent in making the ice skating pond in back of the Village Fire Hall.

## THE GREAT MEDIATOR

Washington's task was to reconcile antagonistic forces surging through the people to prevent these forces, in a struggle to destroy each other, from destroying the united nation.

When the first president took the oath of office, the Constitution had been ratified, but not too enthusiastically. It remained for Washington and the men he selected to give flesh and blood to a skeleton government. A bigoted man would have ruined this experiment in democratic rule. Washington was a fair-minded umpire among his squabbling countrymen—an intermediary among zealots.

His astute handling of political adversaries to obtain the common good is discovered in his treatment of Hamilton and Jefferson. The two most important portfolios in the government Washington entrusted to Alexander Hamilton as secretary of the treasury and Thomas Jefferson as secretary of state.

Jefferson was founder of the modern Democratic party; Hamilton, of the Republican. The creed of each was anathema to the other.

Yet, under Washington's guidance, but each in his own way, these two opponents succeeded in moulding the plastic structure of the young republic.

## Hospital Fund To Seek Contributions in Suburban Areas

William H. Breech, prominent in civic activities in Birmingham and Dearborn, has accepted the chairmanship of the allied communities division in the spring campaign of the \$19,720,000 Greater Detroit Hospital Fund. The new chairman was announced by Douglas F. Roby, chairman of the Fund's business and professional divisions.

Breech will head teams to be enlisted to solicit contributions for the Hospital Fund from business and professional firms in communities throughout the metropolitan area outside the city limits of Detroit.

Wide-spread support in these communities is necessary and anticipated, Breech said, because a major feature of the Hospital Fund program is the construction of new or enlarged hospital facilities to bring urgently needed service close to inadequately protected neighborhoods outside Detroit proper.

The program of the Hospital Fund includes the building of four new hospitals in western Wayne County, northwest Detroit, Oakland County and east side Detroit, and the enlargement of ten existing hospitals throughout the metropolitan area.

Breech is president of Great Lakes Tractor and Equipment Company in Birmingham. He was chairman of the 1948 Community Chest drive in Dearborn and of the 1949 Torch Drive in Birmingham. A member of the Alpha Tau Omega, he attended both Duke University and the University of Detroit. He was a fighter pilot in the U. S. Army Air Forces during World War II, and is now a director of the Michigan Aeronautics Club. He is also vice president of the Detroit Grand Opera Association, a member of the Founders Society of the Art Institute and of the National Sales Executive Club.
