New Pastor Serving Novi Baptist Church

Rev. Charles Gillman Morse and Mrs. Morse have recently taken over the pastorate at the Novi Baptist Church. Rev. Morse replaces Rev. M. J. Kemein, who is now serving a Baptist Church in Ray, Indiana.

Rev. Morse received his education at the Baptist College in Kalamazoo and his seminary work at the Divinity School of Chicago University. He has held pastorates at Dowagiac, Kalamazoo and Ypsilanti, before going to Indiana to be District Superintendent of a third of the State for the Baptist State Convention of Indiana.

Mrs. Morse also received her education at Kalamazoo, at Normal and later at the college. She spent several years teaching at Kalamazoo, Dowagiac and Ypsilanti. She has traveled extensively, not only in this country but she spent a summer in the British Isles and Europe.

Several years ago Mrs. Morse became an ordained minister and together, she and her husband held one of the largest parishes in the state of Indiana.

Life Magazine of November 22, 1948, devoted three pages showing the work of Mrs. Morse has been doing in the building of a beautiful stone church at Wheatfield, Indiana and one of his parishes which will be dedicated in June.

Jimmy Fidler on one of his programs pronounced him the citizen of the week and awarded him a watch and war bond. The Indianapolis Star in a Sunday edition, gave several pages showing the work Rev. Morse has been doing.

DR. ELIAS DEN AREND

Dutch Jew To Talk at Baptist Church

Dr. Elias den Arend, converted Dutch Jew, will be the guest speaker at the Northville Baptist Church at both morning and evening services, Sunday, April 16 and again on Monday night. Both evening services will be held at 7:30. Monday night he will show pictures of Palestine and present a prophetic message from the Word of God. The public is invited to these services.

Dr. den Arend was born in Holland. He was called to serve in the Dutch army in Leiden in 1940. Five days after entering the war, Holland was forced to capitulate. Dr. den Arend immediately joined the Dutch underground and took a leading part in selecting and training saboteurs. It was during those years of underground work, for his native land that Dr. den Arend was converted to Christianity.

Dr. den Arend is an accomplished musician as well as an able platform speaker. He has earned the doctor of music degree from two universities, the University of Paris, and the University of Leipzig. He will play selections on his cello while he is here.

JOHN A. MERRILL

Professor John A. Merrill, head of the music department, is the director of the choir. Mr. Merrill attended the University of Toledo and graduated from Ohio State University. He carried on his graduate study at the University of Michigan and Michigan State College, receiving his Master's degree from Michigan State College in 1948. He has been active in civic musical work, serving as guest artist with the Toledo Light Opera Association and as conductor of the Detroit Manhattan Productions, Inc., as chorus master. Questions Answered On Census Status

For the benefit of the many persons who have contacted our office for census information we are printing these facts for clarification of individual census status.

Babies that are born after April 1 will not be counted. The Enumerators Reference Manual points out, where one lives will as a rule be the place where the person usually sleeps. In general the rule is that a person is counted on the basis of where he lives, not where he may be at the time of the counting. If a person has no usual place of residence, his residence for census purposes, will be established as that place where he is residing on April 1. Thus someone temporarily staying in a community but retaining a residence elsewhere will not be counted as a resident.

Norman Marquis, census crew leader, for this area informs us that the census is going ahead as scheduled. There has been a little delay due to the inclement weather but it is expected that the census will be completed in about three weeks as originally planned.

For those concerned as to whether they will be counted in the census, Mr. Marquis wishes it known that the possibilities that anyone will be missed are slight; however if there are still questions at the completion of the census a designated office will be named as an information headquarters.

PTA Carnival Plans Continue to Grow

Plans for the PTA Carnival to take place Friday evening, April 21 continue to grow and promise an entertaining evening for the villagers. Both school buildings will open at 6:30 that night and the closing time at 11:00 p. m. will feature a grand auction and the lucky coupons will determine the winners of the door prizes and are worth twenty admission tickets for any of the various concessions at the Carnival. Coupons are on sale now through the school children and members of the PTA committee.

Many of the service clubs in the community are contributing time and effort to this PTA project. Among them is the VFW which is sponsoring a doll show. Mrs. Don Severance is chairman of this particular show and ladies in the community who have dolls they would like to have on display that evening are urged to contact her by phone 198J. There will be prizes awarded for the Doll Show and for the Flower Show which is sponsored by the Garden Club. Mr. Don Severance, chairman of the Carnival, also announced that there will be a raffle presented at the show.

Parents, through the school children, have been discovering items that will be part of the "fish pond" or the "white elephant sale". Mrs. H. Grimshaw is handling the former and Mrs. Yvonne Rollings will still pick up items for the white elephant sale if the members and friends of PTA will contact her very soon.

Dr. Hugh Godfrey, who is in charge of the midway, has a variety of games for individuals and prizes for high scores. Children and adults will find such things as bowling, dart games, and "knock down the cat games" and Al Porritt, who will be the Barker on the midway that evening, has lined up some free entertainment which he will present from time to time.

Nelson Schrader is soliciting more prizes in addition to the Westinghouse Blanket and the Bulova watch which have already been donated for the door prizes. The local merchants are contributing items to be awarded to the holders of the lucky coupons. Holders of the tickets do not have to be present to win but their coupons must be in the box before time with their name and address clearly written on them.

Hot dogs, pop corn, candy, cake and ice cream will be on sale and movies, melodrama, and a puppet show will also add to the entertainment for the evening.

For information about tickets Mr. Pegitzer is available at the Grade school and Don Severance, Mrs. Eldon Biery, and Russell Amerman, who are the general chairmen, can handle all other inquiries. These people are making a great effort to make 6:30 to 11:00 Friday, April 21 a memorable one for the villagers of all ages.

Leathercrafters Night Tuesday, April 18

The Northville Recreation Committee will sponsor a Leathercrafters night, Tuesday, April 18th in the Village hall beginning at 7:45. The purpose of the event is to promote an exchange of ideas between leathercraft hobbyists and to show beginners the various types of articles that can be made.

Rotary Program Given by Students

Members of the High school music department and speech department performed for the Rotary club at the regular meeting last Tuesday noon.

A trombone trio and a quartet, composed of Richard Cogman, Roger Brummell, Shirley Smith and Mimi Harrison, played two numbers. The quartet, taught by Keith Burton, won a first division rating in the State Solo and Ensemble festival at East Lansing two weeks ago. The musicians were presented by Leslie G. Lee, High school music director.

Miss Florence Panattoni, of the High school speech department, spoke briefly to the club. Richard Lazar gave the oration which won first place in the forensic contest at Farmington High school and Gay Duerson and Mary Jean Woodruff gave dramatic readings.

Parents and Drivers Warned by Police

The following warning is given to parents and drivers by the Northville Police Department: Spring is here again — now children will play outside, some roller skating, some with kites and others with balls.

Parents should tell their children of dangers that lurk on the streets—to always cross at intersections—to look both ways before crossing—never dart in the street from sidewalks—never run out between parked cars.

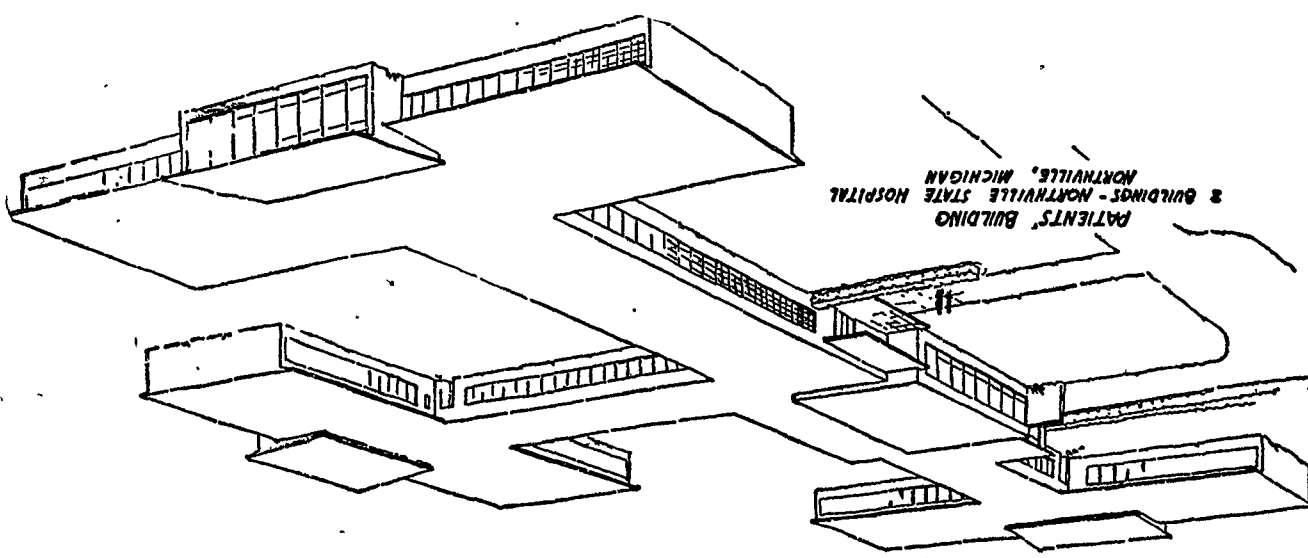

Those that ride bicycles should ride to the right side of the road the same as cars — do not ride more than two abreast—pull to the right at sound of horn—give signals for left turns so that motorist will know what to expect.

To drivers: watch out for the children—keep speed down in residential and business sections—have your vehicle under control at all times — Don't Kill a Child. The local police are enforcing speed laws to help promote safety.

Mr. and Mrs. Walter Wacker of Hill street spent the Easter weekend visiting relatives at Elyria, Ohio.

Shirley Maloney, 725 Spring Drive, has accepted a position in the offices of The Seamless Tube Company of South Lyon. She has been attending the Joy Road School of The Business Institute in Detroit.

Architect's Sketch of Proposed Northville State Hospital

This architect's sketch shows what the proposed patients' building at Northville State Hospital will look like. Construction of the building and another identical structure depends on approval by the Legislature of Governor Williams' recommendation for an appropriation of \$1,924,000 for the two-fold project.

The proposed buildings will be one-story structures, each consisting of three separate units surrounding a central service area containing dining room, kitchen, utility and treatment rooms, occupational therapy, and doctors' and nurses' facilities. Each unit is T-shaped, the crossbar of the T being 52 feet wide and 170 feet long, the other sections varying in length from 103 to 138 feet. Overall length of the structures is 434 feet, their overall width, 258 feet. Exterior walls will be brick with tile and block back-up. Together the buildings will provide accommodations for the care of

480 ambulant or semi-ambulant patients who require little medical and psychiatric treatment.

This project is part of Governor Williams' program for \$28 million of state construction during the fiscal year beginning July 1, 1950. This represents an expansion of a little more than 3 per cent in the state's physical plant.

Of the \$28 million total, about \$14 million is for hospital construction and fireproofing. About \$11 million is for educational buildings, including medical school facilities at the University of Michigan and Wayne University, and the veterinary center at Michigan State College.

About \$9 million of the \$28 million total is for projects on which the Legislature made "down payments" of planning or partial construction money last year.

Pool Muscle Power At MSC Co-Op House

Democracy speaks nine different languages at the house at 312 Albert Street, East Lansing.

Students of nine countries, including the United States, live, study, work, and play together in a unique All-Nations co-operative house at Michigan State College.

Members pool financial resources and muscle power, cooking know-how and other housewife skills to ease the pangs of the high cost of living. Each takes his turn at an arm-long list of household tasks.

All-Nations house came into being two years ago. Gerald Smith, East Lansing resident, turned over part of his home to students — in the interests of better international understanding.

In early April, Smith leased the entire house and the All-Nations cooperative was given official campus recognition.

There is no pigeonholing of national traditions, according to Mrs. Lurline M. Lee, counselor for the ten co-operative houses. That's why recently a dinner menu carried Italian spaghetti, prepared by a Chinese chef.

"The house gives Michigan State College a cross-section of life in America — and the world," said Mrs. Lee.

DAV Returns Keys To Northville Man

The Disabled American Veterans has returned a set of lost keys, to Harold B. Putnam of Northville, Michigan. Attached to the keys was a DAV Identotag, miniature license tag for key-rings, which is distributed to 30,000,000 motorists each year and the replica of their state license plates enables the DAV to return 5,000 keys a month from its national headquarters in Cincinnati.

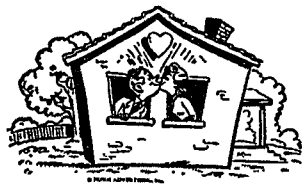

In addition to key-loss insurance, the Identotag through contributions enables the DAV to maintain its free rehabilitation service for disabled veterans and their dependents.

Last year the DAV obtained more than \$19,000,000 in benefits for disabled veterans and their families. The organization has the largest staff of national service officers of any veterans organization.

Keys are returned to owners from all over the world. One of the most unusual key losses and returns saw a Cincinnati grainery employee lose his set in a sack of oats. The keys were found when the sack was opened abroad a freighter in the English Channel enroute to Poland and they made their way back via the DAV.

Accidents don't happen, they're caused.

Michigan's first deer license was issued in 1895 and sold for 50 cents.

TIMBER—It takes a sizable logging industry to keep Michigan Bell and other Bell System companies supplied with telephone poles. Altogether they use some 100 different sizes of poles, ranging from 16-foot "toothpicks" to 90-foot giants. Trees are but one of many products of the soil that are bought to provide you with telephone service.

SAVINGS AT WORK—Every time you use the telephone, the accumulated small investments of hundreds of thousands of telephone stockholders go to work for you. One in every 50 families in the United States shares directly in the ownership of the Bell Telephone System. They have invested their savings in the business, confident of a fair return on their investment. To attract the money needed to improve and expand telephone service requires the continued confidence of investors. That takes a financially healthy telephone company.

FARM CITY—If you took the 73,000 telephones that Michigan Bell has added since V-J Day in the rural areas it serves, you'd have as many telephones as there are in Flint, the third largest city in Michigan. To add all these telephones in our rural areas, we have set 75,000 poles and strung 37,000 miles of wire. This rural improvement and expansion program has cost more than \$15,000,000 since the war.

Trout Season Starts April 29 This Year

Except for a few experimental lakes and non-trout waters, southern Michigan pan fishermen will have to switch operations north of highway M-46 in the period April 1-June 24, according to the conservation department.

Department explains that taking bluegills and sunfish is illegal above or below M-46 commencing April 1, but there is no closed season upstate on crappies, yellow perch, rock bass, warmouth bass, whitefish and white bass.

Trout season starts April 29 this year.

President

MRS. E. J. WILLIS

At the twelfth annual one day convention of the National Council of Catholic Women held recently at the Book Cadillac Hotel, Mrs. E. J. Willis of Rayson street was elected president of the Southwestern Deanery.

A native Detroitier born in the aristocratic section of old Lafayette Blvd., and a member of an old family, she was educated at St. Aloysius Academy and School of Music, St. Mary's College, Monroe and Detroit Business University. She has been popular in the Archdiocese since her girlhood.

A member of the board of directors of the Detroit Archdiocesan Council, committee member of Motion Pictures (Legion of Decency), prominently identified in the work of the American Cancer Society and chairman of the Patients Aid work in Northville are just a few of the many projects that fill her busy schedule.

Both Mr. and Mrs. Willis are very interested in youth activities and are very civic minded.

Girl Scouts Make Favors for Annual Garden Luncheon

The Northville Branch, Michigan Division of the Woman's National Farm and Garden Association held their annual spring luncheon on Monday, April 10 at Hillside Inn, Plymouth. Fifty-four members and guests were present.

African violet plants in varied colors were placed along the tables for decoration and the speaker's table was further enhanced by a large centerpiece of white lilies, tulips and ferns. White was also the color chosen for the corsages of the guest speaker and the club president.

This branch is the sponsor for the local girl scout troop of which Mrs. Nelson Archer is the leader. And the troop had made the place cards for the club officers and the speaker from the handles of plastic spoons using alphabet spaghetti for the lettering with a very unique result. They also had potted small begonia plants in paper cups trimmed with skirts of pleated crepe paper and tied with colored yarn as favors for everyone present and the Club is very appreciative of the skill and time which this project involved.

A very delicious luncheon was served, followed by a very brief business meeting. The speaker for the day was Mrs. Wm. S. Milne, of Dunlap street, who gave a very interesting and delightful review of Lewis Gannett's book "Cream Hill."

The pages were Pauline McLaren and Robert Perkins. Pauline was dressed the same as the bridesmaids and Robert wore the traditional long-black trousers and white satin blouse.

CAN DO Spring Cleaning Battle Is Joined

ALL RIGHT, it's just about
time for that spring cleaning
battle again, so here is a reg-
iment of suggestions that ought to
turn in a brave performance on
the firing line against that peren-
nial enemy, dirt.

Did you know, for instance,
that warm furniture polish pen-
etrates wood pores faster than that
which is at room temperature or
below? You can do a more effi-
cient polishing job by first warm-
ing the bottle of polish in hot
water.

Old furniture that has become
dirty or discolored can be greatly
improved in appearance by clean-
ing it with a solution made by
thoroughly shaking together equal
quantities of vinegar, sweet oil
and turpentine. Apply the liquid
by rubbing it vigorously on the
work with a soft cloth. The polish
should be shaken each time before
using to assure an even mixture.

Although an oil spray is often
recommended as a means of sil-
encing squeaky bed springs, there
is a considerable disadvantage to
it because the oil film collects
dust rapidly and may stain the
bedding. A better method is to
spray the springs with a thin
liquid wax to accomplish the same
purpose.

Give your brooms and brushes
longer life by soaking them occa-
sionally in warm water and a little
household ammonia.

Woodwork in your kitchen that
has become stained from smoke
and grease can be cleaned by
painting it with a solution of
starch and water. After the so-
lution has dried, rub it off with
a soft brush or clean cloth. The
stains should come off at the same
time, with no extra work. Wood-
work treated in this way will re-
main in good condition for sev-
eral years.

Before cleaning a stove or fur-
nace, rub soap under your finger-
nails and dirt will not collect un-
der them.

If you've made up your mind
finally to clean that furniture
hardware—drawer pulls, ornate
hinges and so forth—be sure to
remove it first to prevent marring
or discoloring the surrounding
surface of the wood. Then, using
an old toothbrush, scrub the metal
with a mixture of pumice stone
and water until all the dirt has
been removed. After the hard-
ware has dried, polish it with
dry whiting. To prevent further
tarnishing, coat the metal with
lacquer.

MAYBE you've been wonder-
ing what to do about that little
hole in the inlaid linoleum in
your kitchen or bathroom. You
can make a virtually unnoticeable
patch by scraping small chips or
shavings from a scrap piece of
linoleum of the same general color
and pressing these tightly into the
hole. Use a little waterproof
household cement or shellac as a
binder. When the patch is dry,
smooth the rough spots with fine
sandpaper.

The same procedure can be used
to all too-wide gaps between
seams in newly installed inlaid
linoleum. Scrape off very fine
shavings and mix these with
enough shellac to make a thick
paste. Apply to the crack with a
putty knife and you'll have a
permanent repair.

Grass and legumes are the
backbone of agriculture. Have
you a "spineless" farm?

ON CAPITOL HILL NEWS and COMMENT FROM CONGRESSMAN GEORGE A. DONDERO

A few days ago it was my
privilege to introduce in the
House a Joint Resolution pro-
viding for the printing and dis-
tribution to colleges, universities,
and public schools of a million
copies of "The Constitution of
the United States as It Is".

This pamphlet, with the Con-
stitution as it now stands, includ-
ing all changes and amendments
since it first was adopted, also
contains a reproduction of How-
ard Chandler Christy's famous
painting which depicts the sign-
ing of the Constitution, and
which now is hung over the main
stairway in the Capitol leading
to the floor of the House of Re-
presentatives, together with Lin-
coln's Gettysburg Address, a
chronological list of the Presi-
dents, the Declaration of Inde-
pendence, and considerable ex-
planatory material.

The interesting fact in this
connection is that the pamphlet
was prepared by William Strite
McDowell, a Detroit Lawyer who
makes his home in Royal Oak.
He is an authority on the sub-
ject.

My Resolution provides that

Farmington—Farmington customers of the Bell Telephone Company with Detroit Kenwood service will be required to pay \$21 monthly in addition to their regular monthly rate effective in May of this year.

Plymouth—For the first time, all Plymouth students who entered the Michigan State Solo

and Ensemble Festival received top ratings. Fifteen students entered, the largest group from Plymouth High school that has ever participated in a state festival.

Dearborn—A committee of 30 Dearborn citizens representing themselves as a Citizens Action Committee demanded the ouster of Mayor Orville L. Hubbard by a Recall Movement.

Howell—For holding up the clerk of the Graham hotel at Brighton last November 3, James Paulin and Albert Monnett, Pontiac young men, were sentenced in circuit court to terms of 13 to 26 years in state prison.

Plymouth—The city manager was authorized by the city commission to raise the fee for special rubbish collection by 50 percent. This raise will help defer the city's increasing expenses for rubbish collecting.

Farmington—Temporary personnel has been added at the Farmington Post Office in an effort to keep mail flowing to residents of the City and Township who are isolated by impassable roads.

Ithaca—Tax collections in Gratiot county still remain at a high rate even though the total tax spread was considerable above the previous year. Reports revealed that during the year just closing \$367,150.02 was collected out of a total of \$386,716.76.

Birmingham—James Binder,

15, carrier for a Detroit newspaper, was robbed of approximately \$80 recently after being struck over the head while making monthly collections.

South Lyon—The members of the Lyon Township Schools Band feel very proud that Karen Freimund earned the highest possible rating in the State Solo and Ensemble Festival at Michigan State College.

Chelsea—Village President M. W. McClure, who has been waging a one-man crusade for a new bridge at the North Main street entrance to Chelsea for the past 14 months, received assurance from State Highway Commissioner Charles M. Ziegler that the bridge will be under construction this year.

Birmingham—The annual city election recently held resulted in the voters' approval of Dean G. Beier and Chad M. Ritchie as new Birmingham commissioners, to succeed mayor Donald S. Bell and commissioner C. Theron Van Dusen, who declined re-election.

Dearborn—Adoption of an ordinance to provide free swimming at the Seashore Swimming Pool for the city's youth and the defeat of another resolution that would have provided for a protective sterile covering on all milk containers in the city, highlighted last week's council meeting.

Chelsea—For a period of approximately 30 minutes Chelsea was in a precarious position as regards fire and police protection because of another instance of prankish calls to the fire department. These calls have been a nuisance to the fire and police departments for some time.

Ithaca—Rev. B. C. VanEvery, popular pastor of the Ithaca Church of God for over five years, has resigned his position here to become pastor of the Church of God at Otsego, Michigan, in Allegan county.

Dearborn—A resolution adopted by the Dearborn City Council protesting the enactment of the Kerr Bill by Congress, will be sent to President Truman asking that he veto the bill.

South Lyon—Harry H. Bennett, one-time powerful lieutenant of Henry Ford, is in a critical condition in a Palm Springs (Calif.) hospital from injuries suffered in an automobile accident. Mr. Bennett is a brother of Haze Bennett of South Lyon.

More than 1,500 high school musicians from all parts of Michigan are expected to participate in the annual High School Band and Orchestra Festival at Michigan State College April 29.

MICHIGAN MIRROR

NON-PARTISAN NEWS LETTER

Michigan townships, blessed by \$26,798,834 in sales tax diversion money to date, are going to the rescue of mud-mired rural roads.

During 1949, in 68 of the 83 Michigan counties, township boards transferred to county road commissions a total of \$3,150,000 under provisions of Public Act No. 34, 1948 special legislative session.

During the fiscal year ending June 30, 1949, townships received a total of \$9,170,760 in state sales tax revenues, diverted to townships under the sales tax diversion amendment.

Thus it is clear that approximately 34 percent of the state sales tax distributed to townships in 1949 was transferred to county road commissions to improve rural highways.

It is equally clear that millions of dollars are accumulating in the treasuries of township boards, waiting approval of township boards to be expended for public services.

The records of Auditor General Muriel Aten show that sales tax collections from December, 1946 to June 30, 1947 brought a total of \$4,384,723 to Michigan townships.

This amount was doubled in the following fiscal year to \$8,635,676. For the past fiscal year, ending June 30, 1949, the rising tide of sales tax revenues to townships rose to an all-time high of \$9,170,760.

As of December 31, 1949, Michigan townships had received a total of \$26,798,834 from the sales tax revenue at Lansing to be used for township needs.

Act Number 34 of the Public Acts of 1948, approved by the Governor on May 10, 1948, provides that "a township may appropriate any unexpended balances in the contingent or general fund of the township for the maintenance and/or improvement of township roads, streets and alleys taken over as county roads pursuant to the provisions of this act."

The law goes on to state that such action can be taken "without submitting the question to the electors of said township."

If the rural township roads are in need of immediate improvement, officials of your township board would be interested in your recommendations. There may be money in the bank to make it possible for the county road commission to send out a crew at once.

The tug-of-war over road financing has reached a stalemate at Lansing. Governor G. Mennen Williams declines to submit a proposal to increase the state gasoline tax, as recommended by the state highway department

ing the legislators' to restricted methods of financing. Thus, Governor Williams proposes that \$18,500,000 be taken from the general fund of the state treasury to finance highway construction, but to raise this money only by a state corporation profits tax.

The legislators' frustration prompted Senator Perry W. Greene (R-Grand Rapids) and Senator James T. Milliken (R-Traverse City) to introduce a proposed constitutional amendment providing for annual sessions of the legislature.

A similar resolution has been introduced in the House by Rep. Louis C. Cramton (R-Lapeer).

Republican legislative leaders maintain that the Governor never had any idea that the legislature would enact his many recommendations. They retort that the Williams program was merely for political campaign purposes.

It is most likely that around May 1, when the legislature adjourns its special session, the Governor can then point with alarm to the failure of the legislature to enact his program.

There isn't a Chinaman's chance that the legislature will tax corporations \$110,000,000 for bigger and better public benefits.

Governor Williams knows this. He already has his issue for re-election.

Michigan Now Has Over 200 Tree Farms

Michigan now has over 200 "Tree Farms," the conservation department's forestry division announces.

Division foresters have inspected and approved 206 projects covering 630,647 acres, and most participating woodlot and commercial forest owners have received certificates, and signs which identify individual timber management areas.

Michigan Forest Industries and the state conservation department sponsor the program. Certificates and signs which meet the standards set up in the program.

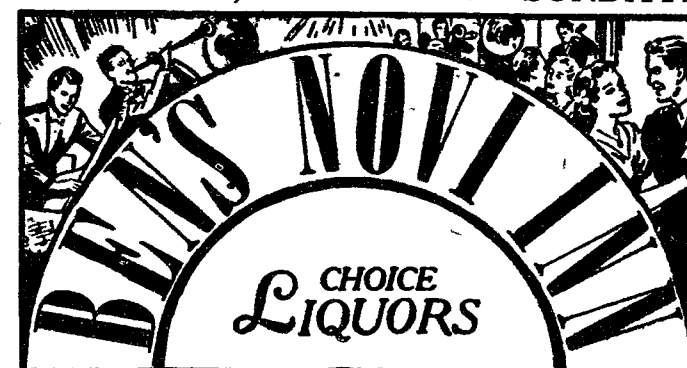

Make sure you have plenty of summer pasture. Good summer pasture not only makes for high production during the grazing months but also puts the cow in shape to do a better year-round job.

NEWS FROM NOVI

By Mrs. L. Rix

Robert Schumaker of 12½ Mile Road has been in the Veterans' Hospital at Dearborn since March 26. His health is improving.

The Novi Chapter of the Blue Star Mothers joined with the Farmington and Northville Chapters to distribute Easter baskets to the Veterans at Maybury Sanatorium last Wednesday afternoon. The Novi Chapter filled 36 baskets with 30 dozen cookies, cigarettes, candy eggs, colored

Easter eggs and Easter bunnies. On the committee were Mrs. Russell Race, Mrs. Rex LaPlante and Mrs. Clare Lockwood.

The Blue Stars had a good turnout at their meeting at the LaMontagne home Monday afternoon. Mrs. Elva Pennell of Wixom was initiated at the meeting. Several mothers plan to attend the meeting on East Jefferson, April 18. Tuesday, April 25, the mothers will have a dessert luncheon at the home of Mrs. George Kahrl. Mrs. Clare Lockwood will assist the hostess. The

May meeting will be held at the Rehabilitation Home at Indian Lake with a planned pot luck dinner.

Mr. and Mrs. William Rachov entertained Easter Sunday, the latter's mother, Mrs. Anna Chmura and her brothers, Walter and John, John's fiancée of Detroit and Mr. and Mrs. Orville Whittington of Novi.

Easter Sunday dinner guests at the Glen C. Salow home were, Mr. and Mrs. Glen Salow, Sr., Eugene Root and Mr. and Mrs. George Atkinson.

Mr. and Mrs. Vincent Shulberg and family of Detroit were Sunday visitors at the home of Mr. and Mrs. Alfred Gow.

Monday evening, April 17, Red Barron will show two travelogue movies on the Great Lakes and Smokey Mountains. This meeting, which is open to the public, is sponsored by the Novi Mothers' Club.

Mr. and Mrs. Charles Perry spent Easter Sunday with their

children, Mr. and Mrs. Warren Rice and family in Pontiac. Miss Rhoda Perry came back with them and will spend some time visiting at the Perry home.

Mrs. Paul Ginsti of Twelve Mile Road entertained several members of the Omega Sigma Delta Sorority at a party last Tuesday evening.

Mr. and Mrs. David O'Leary and Randy of Traverse City spent the Easter week end with the latter's parents, Mr. and Mrs. Luther Rix. Mrs. O'Leary and Mrs. Rix motored there Wednesday morning. Mrs. Rix expects to spend a few days in Traverse City.

Charles Fox is ill at a hospital in Detroit.

Regular meeting of the Novi Rebekah Lodge will be held Thursday evening.

Mr. and Mrs. William Mairs were the dinner guests of their son's family, Mr. and Mrs. George Mairs and children in Northville Easter Sunday.

The W.S.C.S. of Novi Methodist Church will meet at the church Wednesday, April 19 at 12:30. Mrs. Dearing and Mrs. Burnstrom are the hostesses. Bring a sandwich, table service and be prepared to sew on cancer pads.

W.S.C.S. of Novi Methodist Church is sponsoring a home talent show at the school house Friday, April 21 at 8 p. m. Refreshments will be served and a silver offering taken.

Missionary Society of the Novi Baptist church will meet today for an all day meeting with luncheon at noon with Mrs. James Leavenworth on Twelve Mile Road. A very interesting program is planned and officers for the coming year will be elected.

The Northville Mustangs will take the diamond against the South Lyon Lions at South Lyon tomorrow at 3:30 p. m. in the opening game of the baseball season.

Milford High school will come to Cass Benton park Tuesday, April 18, for the Mustangs' second game and Dexter and Northville will tangle at Cass Benton on Thursday, April 20.

The thincads will run against Clarkston and Milford at Clarkston next Wednesday, April 19, in the first track meet of the spring.

Spring sports will be slow getting started this year because of the lack of opportunity for outdoor practice. Coach Charles Yahne's trackmen have no track on which to practice and, with bad weather nearly every day, the thincads have little opportunity for profitable drills. The same situation faces Coaches Al Jones and Dick Kay and their diamond squad.

Beautiful Belle Isle in the Detroit River, was made habitable by hogs. Originally known as Rattlesnake Island, the French set large droves of hogs ashore to destroy the serpent population.

An elastic fabric made entirely of cotton with no rubber content has been developed recently.

Dribble Artist

Here is Marques Haynes, the great ball-handling and dribbling star of the Harlem Globetrotters who will play the 1950 College All-Americans in a World Series of Basketball game at Detroit Olympia Saturday Night.

Harlem 'Trotters, College 'Americans Meet at Olympia

Detroit and Michigan basketball fans will get a look at the 1950 College All-American squad, and the fabulous Harlem Globetrotters at the Olympia Saturday night, April 15, when the two teams play the 14th game in the current nation-wide World Series of Basketball.

The All-Americans are led by such players as Kevin O'Shea, Notre Dame captain and all time scoring champion; Paul Arizin of Villanova, the nation's top scorer of 150; Don Nehf of Wisconsin, Big Ten scoring champion and most valuable player; Irwin Dambrot, captain of the City College of New York team that won both national tournaments; Jerry Calabrese, captain of St. John's University of Brooklyn, and Bill Erickson, captain of Illinois.

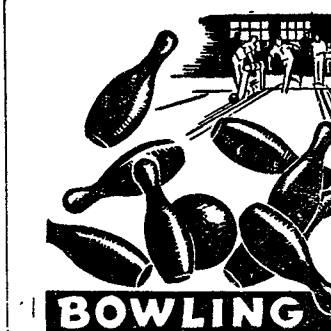

The Globetrotters, most famous touring professional team in the game, went into the world series with a record of 150 victories and only two defeats for their regular 1949-50 season. Famed as the funniest and most spectacular basketball unit in the country, the Trotters have repeatedly demonstrated their ability to play superb basketball in a serious vein. Sweetwater Clifton, Goose Tatum, Marques Haynes, Ermer Robinson and Duquesne University's 1950 All-American center Chuck Cooper, are the leading Trotters in the World Series tour that is covering 18 games in as many days in 17 cities from coast to coast.

Plymouth To Have Last Boxing Show

The last indoor boxing show at Plymouth this spring will be Saturday night at 8 p. m. at Plymouth High school. The exhibition will include boxers from Wayne, Inkster, Livonia, Plymouth, Northville and possibly Garden City.

The Plymouth V.F.W. is co-operating with the Plymouth Recreation commission in sponsoring the bouts, which are under the supervision of accredited A.A.U. officials. Precautions such as a doctor at ringside and the stopping of mismatches prevent injury in the amateur matches. Mike Spitz is trainer and matchmaker.

What with the high price of handkerchiefs, even a cold is now expensive.

Plan Big Parade to Mark Opening of U-M Michigras

Ann Arbor will assume a Mardi Gras atmosphere on Friday after-

noon, April 21, when a huge parade will be staged to mark the opening of Michigras, a combination carnival-country fair staged by University of Michigan students.

Twenty huge helium balloons in various shapes and sizes including a dragon, 70 feet long, five bands and 40 floats will be

in the parade which will move from the downtown business area through the campus section. "Comic Capers" will be the theme of the floats and a pint-size "Li'l Abner and Daisy Mae," winners of a "kiddie" beauty contest, will ride the lead float. A caliope will add a circus touch to the parade.

The Ann Arbor Merchants Association is co-sponsoring the parade along with the Michigan committee, and special Michigras Days will be observed by the stores.

Michigras, sponsored every two years by the Michigan Union and the Women's Athletic Association, will bring a carnival atmosphere to Yost Field House on Friday and Saturday evenings, April 21 and 22. A special children's matinee is scheduled for Saturday afternoon. Mechanical rides will be set up in adjacent Ferry Field.

Proclamation

Whereas: The fearsome disease, cancer, represents a serious community problem in Northville as it affects on the average one of every two families in our village;

Whereas: It is known measures can be taken to cut down the present cancer death rate, easing the tragedy for individuals and lightening the community burden of the great social and economic losses resulting from this high death rate;

Whereas: Cancer Control, to be effective, must be the vital concern of each and every one of us, Therefore I, Conrad E. Langfield, Mayor of the Village of Northville, hereby proclaim April as Cancer Control Month and request that the citizens of this village observe it as such.

I request that all individuals - for the protection of themselves and their loved ones - learn the essential facts about this disease. I further request that all individuals, institutions, businesses, and organizations support, cooperate with and assist the American Cancer Society in the 1950 Cancer Crusade.

CONRAD E. LANGFIELD, Mayor.

Obituary—

ROBERT C. CAMERON

Robert C. Cameron passed away Saturday, April 8. Funeral services were conducted from the Armstrong Funeral Home Tuesday afternoon and burial took place in Acacia Park Cemetery.

Mr. Cameron was born in Canada, January 15, 1870. He moved to Northville in 1890 and was employed at the Globe Furniture Company. In 1897 he was united in marriage with Nellie Smith of Northville, who survives him.

For the past forty years he resided in Detroit. Mr. Cameron was a member of the Northville Lodge No. 186, F. & A. M.

MRS. WILLIAM MILLER

Mrs. William Miller (Dottie Card) died Sunday at the Oakland County Sanatorium. A complete obituary will appear in the next week's Record.

Cotton Insect Damage

Even though the percentage of cotton insect damage in 1948 was the second lowest since 1924, such destruction last year cost the cotton farmer \$202,264,000 and reduced his yield 6.6 per cent. In 1944, when damage was lightest in 20 years, the yield was reduced 6.2 per cent.

Wide Variety of Calls Received by State Police

The Michigan State Police last year received a total of 67,350 complaints including everything from homicides to empty coal bins.

However, not all involved arrests or prosecutions; more than 18,000 were closed by "service rendered." These were cases of a non-criminal nature such as searches for lost persons, emergency rescues, delivering emergency messages, administering first aid and other services.

So far this year about 4,000 complaints have been closed without the use of handcuffs, warrants, sirens, microscopes or other tools of the law enforcement officer's trade.

On one occasion officers located relatives of a woman living in Canada by tracing them through a letter written over 75 years ago.

One trooper turned furnace repairman when a family with several small children reported that their oil furnace went out and they were unable to locate anyone to fix it. On another occasion two officers rescued a dog that had fallen through the thin ice on a river.

There is no set time during the day or night when the troopers respond to calls for assistance. Recently a woman called one of the posts in the southern part of the state at three in the morning. There was a rat in the house and she wanted officers to dispose of it.

One of the most unusual complaints thus far in 1950 was received at the Flat Rock post. A man called to ask if someone would take his wife to the hospital. He was unable to get his car started and could not afford to hire an ambulance. The wife was expecting a baby.

Troopers Harold A. Ernst and Jack G. Murdock rushed to the home only to find it was too late to attempt a race with the stork. Trooper Ernst delivered the baby with the aid of the grandmother while Trooper Murdock located a doctor.

Both the mother and new baby were doing nicely when the officers left to answer another call, perhaps a breaking and entering or even a murder that would require hours upon hours of questioning, searches, identifications and, subsequently, arrests.

But then, maybe it was just one of those complaints that are closed with the simple, laconic phrase on the officer's report, "service rendered."

IPC, New Weed Killer, Showing High Promise

The new alphabetical weed killer, IPC, that was humorously hailed as the eventual successor to the lawnmower in press releases because of its grass growth control possibilities, is in reality showing a tremendous promise as a selective grass killer in a variety of crops.

Virgil Freed, associate agronomist for the Oregon state college agricultural experiment station, reports this to be the case after experiments with the weed killer.

Conceding that work with IPC as a lawn grass growth regulator is still in its earliest experimental stages, Freed points out that IPC's uses as a weedy grass killer in legumes, seed crops, vegetable crops, strawberries, orchards and perennial grasses are advanced enough to tab the chemical nearly as valuable as 2,4-D.

Fertilizer Is Bargain

How much you get for a dollar you spend today as compared with what you could have got back in 1926, depends on what you buy with that dollar.

U.S. bureau of labor statistics show that building materials that could have been bought for \$1 back in 1926, cost \$1.89 today. Food that would have cost \$1 back in those days, now costs you \$1.51. A dollar's worth of textiles at 1926 price levels, today costs \$1.37. Fuel and lighting materials cost \$1.30.
