

MESSAGE TO OUR CITIZENS

On Monday, May 15, the U. S. Savings Bond Independence Drive opened throughout the nation, continuing through the fourth of July. Its symbol is the Liberty Bell, encircled by the campaign theme: Save for Your Independence—Buy U. S. Savings Bonds.

The year-round Savings Bonds program, of which this annual campaign is an important part, fosters the spirit of self-reliance and the urge for self-betterment that, along with individual enterprise, inventiveness, productivity and thrift have carried us steadily forward since the first settlers braved the wilderness to build a free America.

Through regular savings we build up reserves against misfortune and provide income for our later years, thus lessening the burden upon others. We accumulate funds for worthwhile purchases and investments. The buying power we store up (individual savings in E Bonds alone exceed \$34,000,000,000 in cash value today) helps to stabilize business and employment through the years.

As your mayor, I urge all who are able to help the volunteer Savings Bonds Committee of this village reach every possible Bond buyer during the campaign. The more we exceed our Independence Drive quota, and the more we spread the habit of regular saving, through the Payroll Savings Plan or purchase of Bonds at Banks and post offices, the more we shall have done for ourselves, our community and our nation.

MAYOR

Local Pastor Publishes Book On Early Church History

Written in conjunction with graduate studies taken at the University of Michigan, Rev. Harold F. Fredsell of The First Presbyterian Church has completed a book, the title of which is, "The History of the Presbyterian Church in Michigan." It will be published by the Ann Arbor Press as of June 5th and presented at the meeting of the Synod of Michigan which will be in session at that time at Alma College, Alma, Michigan.

Mr. Fredsell is the co-author with the late Dr. John Comin, who was honorary curator at the Michigan Historical Collections at the University of Michigan in Ann Arbor. Dr. Comin died in 1947 and Mr. Fredsell has carried forward the writing of the book during the past three years. His work has been done under the supervision of the history department of the Rackham Graduate School and will lead to a Ph. D. degree in church history. The officers of the local Presbyterian Church have encouraged Mr. Fredsell to complete his studies.

Three main themes are developed in the book, showing that most of the early communities of the state were settled by New York people who brought with them the Presbyterian Church; a considerable portion of the book deals with the so-called "Plan of Union" whereby the Congregationalists and Presbyterians united in developing the missionary program in the new territory; and the final phase of the book deals with the educational leadership of the church with Rev. John Montiehi, a Presbyterian minister, becoming the first president of the University of Michigan in its Detroit days, and with Rev. Henry Tappan of the Presbytery of New York, who served as president of the University in its opening period at Ann Arbor.

The first copy of the 242 page manuscript was typed by Mrs. Erdine Carter of Ann Arbor, who was formerly a resident of Northville. Secretarial work on the final copy was done by Mrs. Brian K. Bradford of Wing Court. A presentation of the Northville community is recorded in the second chapter of the book due to the early date of its founding. Items of interest especially to Northville people will be the account of the building of the present sanctuary in 1848, making it one of the oldest church edifices in the state of Michigan. The hand-hewn logs in the basement and sixteen inch red brick walls remain after a century of use.

A reminder of a theological controversy of that day is the present old library building which was built in 1845 as the New School Presbyterian church. Strong personalities mentioned in the Northville history are Rev. James Dubuar, who served as pastor for twenty years, and Elder Billy Hay, who donated the corner property to the church and who would close his shop each Wednesday evening regardless of the customers present so he could go to the mid-week prayer meeting.

Of the contemporary period mention is made of Charles L. Dubuar, who served as clerk of the session from 1907 to 1939 and Donald P. Yerkes, who was senior elder from 1910 to the time of his death in 1947. The Northville Church is one of the early churches of the state, having been organized in 1829.

Proceeds from the sale of the book will go toward the purchase

of a new campus in the lower peninsula for the use of young people under the committee on Christian Education. John W. Blackburn of Northville is a member of that committee in the Presbytery of Detroit. The cost of publishing the book has been underwritten by the William Dick Estate. Dr. William Dick was a dentist at South Range, Michigan, who left the residue of his estate to the Presbyterian Church in Michigan.

Northville Morgans Again Place High

Northville Morgan horses again proved their right to the name of Morgan, in that at the Rod-E-Zaar, Michigan's greatest all breed horse show held Saturday, May 13, they received the following awards:

Verran's Laddie, owned by Mr. and Mrs. Milo Dugan of Mar-Lor Farm, first place in Morgan Model Stallion class, third place in Morgan Open Under Saddle class with Dick Hamlin up.

Springbrook Peggy, shown by Jack Applling; Springbrook Patsy shown by Floyd Applling, owned by Gerald F. Taft of Springbrook Farm, first and third respectively in Model Morgan Mares class.

Springbrook Sam, owned by Mr. Taft, fourth in Morgan Open Under Saddle Class and enthusiastically received by the audience in the Silver Mounted class, both with Bill Bentley up.

Springbrook Moroson, also owned by Mr. Taft and shown by Floyd Applling, received the third place award in the Colt Class Open, where he was in the company of fourteen colts.

Quiz Kid, now standing at Springbrook Farm, owned by the United States Morgan Horse Farm, received fourth place award in the Morgan Model Stallions class. He was shown by Jack Applling.

Elwood A. Brownell of Cedar Springs, Michigan was the judge.

Legion, VFW Make Poppy Day Plans

The American Legion Post 147 and the Veterans of Foreign Wars Post 4012 are making final arrangements for conducting Poppy Day Friday, May 26 and Saturday, May 27.

The bright, red poppy, will be worn in honor of the memory of America's war dead. In buying the poppy, Americans will be aiding the war's living victims for the disabled veterans make the poppies, giving them employment as well as restoring their spirits.

The two Northville service organizations put the money derived by the poppy sales to good use throughout the year. In Northville's two outlying sanatoriums are 132 disabled veterans. To these men and women the organizations make periodic visits and they remember them throughout the year with gifts.

At Christmas time, boxes, cheerfully wrapped, are taken out there, and for many a disabled veteran, it is the only one that they receive because they are too far from home or have no relatives or friends who can provide for them.

The money contributed for a poppy is used one hundred percent to give hope and help to these living victims of the wars, and to their widows and children. Buy a poppy! Help the disabled veterans and their families!

\$730.31 Collected in Cancer Drive

Receipts from the recent cancer drive conducted in the Village have been most gratifying, Mrs. Adrian Willis, cancer drive chairman, reports.

A total of \$730.31 so far has been collected, she stated and a few more donations are still expected. Mrs. Willis was assisted in the drive by Mrs. D. Harper Britton. Members of the committee were pleased with the results of the drive inasmuch as it was conducted in uncertain times due to the Chrysler strike.

Mrs. Alex Funke and family spent Mother's day with her son at Big Rapids. He is a student at Ferris Institute.

Concert Membership Campaign Successful

The membership campaign for the Northville Community Concert Association which closed Saturday evening, May 13, was declared a success.

Northville and the surrounding communities will again have a series of concerts during the winter months. Arrangements are being made to hold the concerts in the Presbyterian church house so that transportation problems can be overcome.

Tickets, the names of the artists and the dates that the concerts will be held will be released during the summer months.

44 Seniors Enjoy Washington Trip

Two hundred and twenty five high school students from Northville, Stockbridge, Coleman, Akron, Brighton and St. Clair left Sunday for Washington, D. C., to see first hand some of the historical, political and cultural centers they have been studying in textbooks and discussing in class rooms.

Forty-four seniors at Northville High School are taking part in the trip. They are being accompanied by Mr. and Mrs. E. C. Mollema and Miss Diana Lance. The group will return to Northville tomorrow morning.

The trip was arranged under the Chesapeake and Ohio Railway's program of low-cost, educational tours, which are especially designed for student groups. C. & O. officials cooperated with the high schools' faculties in making arrangements.

The party left Detroit Sunday afternoon on buses for Toledo, Ohio, where they caught their train. They left the train at Charlottesville, Virginia, where they visited Jefferson's home at Monticello and other points of interest, then traveled by bus through Shenandoah National Park and over the famous Skyline Drive to the Nation's capital.

In addition to the political and cultural centers in Washington, the tour include visits to points of historic interest across the Potomac—Mt. Vernon, the home of George Washington; Arlington and Christ Church at Alexandria, to mention a few.

The students will leave Washington this morning and arrive in Detroit after breakfast tomorrow morning.

Local Business Places Robbed Saturday

A 14 year old juvenile runaway from the Wayne County Training School was apprehended Saturday night by State Police after he had broken into several places of business and stolen a car owned by Jack Sutton of West Seven Mile Road.

The youth broke into Westerfield's Farm Supply, took \$7.92, broke into Roy Van Atta's garage, entered Eckstrom's Body and Bump Shop and made away with the car belonging to Sutton.

On the way to Novi, he abandoned the car because he ran it into the ditch. He entered Saratoga Farms restaurant and made off with a sum of money and was caught by State Police as he was making entrance into a gas station on Schoolcraft Road.

The Record withholds the name of the youth because he is a juvenile.

Parade Scheduled for Memorial Day

Through the combined efforts of the American Legion and Veterans of Foreign Wars, Northville will commemorate Memorial Day with a parade and service.

All organizations will meet at the Veterans' Memorial Hall Sunday, May 28 at 9:30 a. m. and march to St. Paul's Lutheran Church where Rev. E. E. Rossow will conduct the Memorial Day service.

On Tuesday, May 30, the organizations will meet at the Veterans' Memorial Hall at 10:30 a. m. and march to the Penman Allen theatre where at 11:00 a. m. a program will be held.

Guy Filkins will have charge of the prelude and Rev. E. E. Rossow will deliver the invocation.

Mrs. Merrill Sweet will award prizes for the poppy posters and a tribute to the war dead will be given by John Poulos. Betty Hay will render a vocal solo and Arthur C. Carlson, commander of the Veterans of Foreign Wars will introduce the speaker, Lieut. William J. Fackler, chaplain, U. S. Army.

Rev. E. E. Rossow will give the benediction and taps and echo will be given by Bud Cansfield and Tom Moshimer.

The parade under the direction of Marshals George Simmons and Stanley Myers will form in front of the theatre and go to Oakwood and Rural Hill Cemeteries. Rev. E. E. Rossow and Lieut. W. J. Fackler will offer prayers at the cemetery. George Risher will lead the Legion firing squad.

C. Smith, Auctioneer, Drowns While Fishing

Ebdon C. "Cap" Smith of New Hudson, well known auctioneer, drowned Friday evening in a private lake on the William Ford farm near Brighton.

His son, Gordon was fishing with him when the boat capsized. He was 71 years of age. Funeral services were conducted Monday afternoon from the Phillips Funeral Home in South Lyon with Rev. James Roberts of the Methodist church officiating. Interment was made in Riverside Cemetery, Plymouth.

Surviving are his widow; Mrs. Katie B. Smith of the home, two sons, Harold of South Lyon and Gordon of New Hudson, a grandson, G. Edward Smith and a brother, Richard Smith of Plymouth.

Mr. Smith has been an auctioneer for the past 45 years. He has lived in New Hudson since 1943, moving there from a farm near Ann Arbor. He was affiliated with the Masonic and Oddfellow Lodges.

Exchangites To View Film on Prisons

Wilson Funk, May program chairman for the Exchange Club, announces that on Wednesday, May 31 a film, "New Prisons—New Men", will be shown.

S. J. Gilman, Administrative assistant of the State Department of Corrections, and Walter M. Berry, Youth Consultant, will be present to discuss the film and answer any questions which the Exchangites might have.

TB X-Ray Survey Begins Thursday

Every child of school age and every adult 15 years and older, has an opportunity to assure himself that he does not have tuberculosis. The mobile X-ray trailer moves to the Village Fire Hall Thursday to X-ray free of charge every citizen's chest.

The survey will be conducted on Thursday, May 18 and Friday, May 19 from 1:00 to 5:00 p. m. and from 6:00 to 8:30 p. m. On Monday, May 22, the trailer will be open from 10:00 a. m. to 12 noon and from 1:00 to 5:00 p. m. Tuesday, May 23, the trailer will move to the school where it will X-ray the grade and high school children.

The survey has the support of Dr. V. George Chabut, Village Health Commissioner, as well as the various civic organizations. Charles Carrington and Ralph Foreman are in charge of publicity and Mrs. W. E. Forney, assisted by Mrs. Harry Sedan and Mrs. Michael Willis are in charge of the neighborhood committee which is calling on housewives and urging them to take advantage of the free chest X-ray. Plan now to participate in the survey to help stamp out tuberculosis.

Pre-School Group To Hear Psychologist

The PTA-Pre-School group will hold its last meeting of the school year Tuesday, May 23 at 8:00 p. m. at the Presbyterian church house.

Edna A. Malsner will speak on "Children's Emotions". Miss Malsner is a research psychologist in clinical psychology at the Wayne County Training School where she does play therapy with emotionally disturbed children. A graduate of Hunter College, Miss Malsner has done graduate work at the University of Illinois and Ohio State University.

Mrs. Helen Coleman, nursery school teacher, will present her report for the year and plans for the fall sessions will be discussed. Nursery school will close on May 31.

All parents are cordially invited to attend the meeting.

Petitions Available for School Posts

Petitions are now available at the Board of Education office for three posts on the school board. The petitions, signed by 50 registered and qualified voters, must be filed with the secretary, H. I. Atwood on or before Tuesday, June 23.

The three vacancies on the board are created by the expired terms of Dr. Russell M. Atchison and Howard I. Atwood and the resignation of George Stalker whose business takes him to Chicago, Ill. Both Dr. Atchison and Atwood have served three terms on the board and do not intend to seek re-election. Their terms have a three year tenure and Stalker's resignation creates a one year vacancy on the board.

Petitions are now being circulated for George Clark and Nelson Schrader who are seeking election for the three year term. Donald Severance is circulating one to fill the unexpired term of George Stalker.

Registration of school electors for the Northville-Novici district No. 2 Frl. began Wednesday, May 10 and will take place through Saturday, June 3. The school election and annual meeting has been set for Monday, June 12.

Under a new law, people who are registered with the Township are automatically registered with the school system for the election. Qualified voters may register at the Board of Education offices in the grade school building between 8:30 and 11:45 a. m. and 1:00 to 4:00 p. m. each week day except Saturday. On Saturday, June 3, registrations will be taken from 10:00 a. m. to 8:00 p. m. Those persons now registered with the school district need not re-register. Anyone doubtful about their registration is asked to call the school and they will be glad to check the roll.

Donkey Ball Game Planned for May 21

A donkey softball game will be played at Ford Field Sunday, May 21 beginning at 3:30 p. m. between the Maybury team and the All Stars. Proceeds will go towards aiding the softball league.

A preliminary game between the Northville and Plymouth Junior Police will be played beginning at 2:00 p. m. Doug Slesor is coach of the local Junior Police team.

Donkey softball is played with all the players astride donkeys except the pitcher and catcher. When the batter gets a hit, he must mount his donkey and ride around the bases in proper order. There are no strike-outs and walkers and fielders must ride to within a step of the ball before dismounting and must remount before throwing the ball. The game lasts five to seven innings with nine players on each team.

Ann Arbor Rd. Mtrs. Holds Grand Opening

Wayne University coeds, Betty Schumacher (left) of Plymouth, and Ruth Swatek, of Grand Haven, admire the wolverines at the Detroit Zoological Park. The spectators are separated from the two curious animals, not by obscuring bars, but by a protecting moat, just beyond the grassy bank.

If Michigan is the "Wolverine State", someone had better tell the wolverines.

According to Dr. Charles W. Creaser, chairman of the Wayne University biology department, there are no wolverines living wild in Michigan, and there is even some question as to whether a wolverine ever was a voluntary resident of the state.

Shunning the state which gave them fame, the wolverines chose for their home the rough, barren country further north; though their cousins of the weasel family, the martens, found Michigan's pine forests to their liking. It is the Arctic and sub-Arctic regions of Canada, Scandinavia, and Russia, and the Black Forest of Germany, which wolverines prefer.

European naturalists refer to the namesake of our state as "gluttons", and well they may. With appetites never satisfied, wolverines dig animals from the earth to devour them, greedily eat the kill of other creatures as vultures do, steal bait from snares, and devour trapped animals.

A full-grown wolverine, about the size of a small Airedale, has coarse, dark fur, with occasional yellowish-white chest spots. Its color and bushy tail give the wolverine an attractive appearance, which belies its personality. Actually the beast is snarling and ill-tempered, with a nasty disposition.

Few wolverines have been captured alive and kept under observation, Dr. Creaser says. One of the few live exhibits of the animals in the Midwest is to be found at the Detroit Zoological Gardens, often visited by Wayne biological students.

Women Qualified for Many Aviation Roles

Recent years have brought a marked gain in the number of women taking an active part in the technical aspects of every-day aviation.

The latest count, published by the Civil Aeronautics Administration in February, 1950, showed a total of 9,678 women pilots—compared to 5,122 in July, 1945.

Of the current list, 8,115 held private pilot certificates, 1,561 held commercial ratings, and two had airline transport pilot ratings.

California reported the largest number of women pilots with 1,154. Texas was next with 473.

Other airmen ratings held by women included: 1,811 air traffic control operators; 1,221 ground instructors; 400 parachute technicians; 47 mechanics; 16 glider pilots; and four dispatchers.

Women had approximately 20 per cent of all the air traffic control operator and parachute technician certificates on record.

Uncle Sam Says

The two symbols of Independence for 1950 are the Liberty Bell and U. S. Savings Bonds. They exemplify the Independence Drive slogan "Save for YOUR Independence—Buy U. S. Savings Bonds."

Just as the Liberty Bell signifies national independence, Savings Bonds spell financial independence. YOUR government is providing the means for future financial security by offering a safe, sure and methodical way of protecting your future through Savings Bonds. Each payday, from now on, put a slice of your pay envelope into Savings Bonds by enrolling for the Payroll Savings Plan where you work, or if self-employed, the Bond-A-Month Plan at your bank.

VFW Delegates Go To Grand Rapids

More than 5,000 members of the Veterans of Foreign Wars, its Ladies Auxiliary and their families are expected to pour into Grand Rapids, June 1 to 4, for the 31st annual Encampment of the Michigan V.F.W.

Elected delegates and post commanders from more than 450 local V.F.W. Posts in the state will attend the convention to set the policies of the organization for the next 12 months and to elect a new slate of state officers.

The principal feature of the Encampment will occur Friday, June 2, when the V.F.W.'s highest award of merit is presented to Charles S. Mott, Flint industrialist, in recognition of the outstanding community programs developed under his guidance by the Mott Foundation. The presentation will be made by State

V.F.W. Commander Herbert W. Devine, of Flint.

Speakers scheduled to address the sessions of the Encampment include: S. L. A. Marshall, Detroit, widely-known military writer; Gov. Williams, and Frank Hilton, national junior vice commander-in-chief of the overseas veterans organization.

The V.F.W. Ladies Auxiliary and the Military Order of the Cootie, fun degree of the organization, will hold conventions concurrently.

In addition to three days of business meetings, the heavy convention schedule includes memorial services, a parade, drum and bugle corps competition and a military ball.

In keeping with V.F.W. line of succession policies, the delegates are expected to elect G. Edwin Slater, Detroit attorney, as state V.F.W. Commander, succeeding Devine.

NEWS LETTER

The jig-saw puzzle of putting together the state of Michigan budget for the coming year is just about completed.

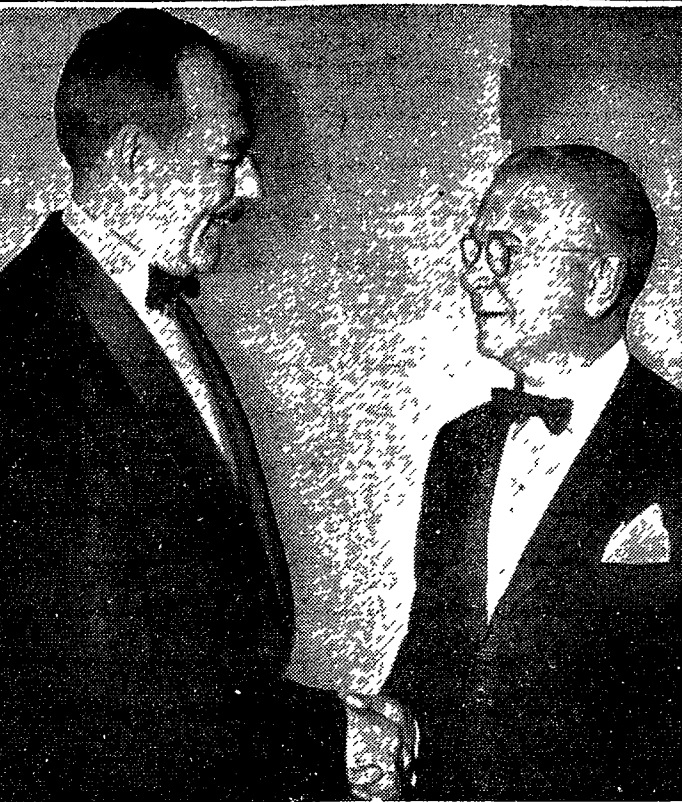

Republican legislators have whittled Governor Williams' \$343 million dollar budget to around \$260 millions. As anticipated revenue will total \$235 millions, a deficit of \$20 to \$25 millions thus in sight.

Legislative leaders plan to recess the special session soon to a date after June 30, 1950, when the balance sheet for the present fiscal year will be available.

Governor Williams recommended to the legislature that government spending be increased approximately \$110 millions for the coming fiscal year. Of this amount \$135 millions would be used for state operations; \$158.3 millions for payments benefitting local units of government; \$27.9 millions for college and hospital building; and \$18.7 millions for road improvements.

The role of the state as a tax collector for local governments was augmented by the constitutional sales tax diversion amendment. Under this amendment, twice approved by the voters, the state diverts 78 per cent of the sales tax revenues to local governments.

The difficulty confronting the legislature in trimming state expenditures from an over-all total, as recommended by Governor Williams, of \$343 millions to approximately \$260 millions, has been widely recognized. Republican leaders have used the device of the caucus agreement to hold legislators in line. The strategy

ACHESON OFFERS PLAN . . . Secretary of State Dean Acheson is congratulated by Dwight Young, newly elected president of the American Society of Newspaper Editors, after Acheson told the society in Washington that a "real and present threat of aggression" stands in the way of agreement with Russia. Acheson urged a six-point program to combat Moscow's drive to confuse and divide the U.S. He said the idea of aggression prevents any possible agreement.

of Democrats will be to publicize the economy program of Republican legislators as a denial of needed public services and crippling of vital government functions.

Governor Williams has indicated that he disapproves deficit financing, especially during good times. Thus the legislature will probably face a double attack of incurring deficit spending and, paradoxically, a charge of needless economy.

Resentment of Republican legislators over the legislative limitations imposed by the Governor

is reflected by the current consideration of a proposed constitutional amendment calling for annual regular sessions of the legislature. If this resolution is approved by two-thirds of the House and Senate membership, voters of Michigan would be given an opportunity to vote on the proposal next November.

The annual session of the legislature would convene the second Wednesday in January annually, and sessions in even-number years would be required to adjourn on or before the second Friday in April.

If the 1950 legislative session had been an annual session, as contrasted to the present special session, legislators would have been free to introduce and consider bills of any type. Thus a bill to increase the gasoline tax and weight tax, whereby road improvements could be financed, would probably have been adopted by the legislature and before the Governor for signature at this moment.

The State Administrative Board has approved a plan for a \$4 million state office building near the Capitol. The building would be financed by bonds to be purchased by the State Employees Retirement Fund. Existing rentals of state departments would be replaced by rentals on the state building. Whereas departments now pay an average rental of \$1.15 a foot in private buildings, the state building rental calls for \$2.50 a foot.

Michigan farmers are approximately 16 days behind in their spring planting schedule. The low temperatures this spring, however, indicate a favorable yield for Michigan apples, cherries and peaches.

The newest effort to reorganize Michigan government—state and local—is being made by a legislative committee headed by Senator James T. Milliken, Traverse City. A paid staff of fact-finders has been recruited by Loren B. Miller, director of the Bureau of Governmental Research at Detroit. Although the 1949 legislative committee has only \$5,000 in its budget, \$20,000 have been contributed by the Bureau and private foundations. Previous efforts of professional reformers have misfired. Senator Milliken is hopeful that the new movement, patterned after the successful "Hoover Commission", will find the answers.

Campaign Begins to Raise Money for Hospital Fund

More than 800 members of the campaign organization of the Greater Detroit Hospital Fund attended the opening dinner of the Fund's general campaign Thursday night at the Hotel Statler. The meeting inaugurated the activities of the company executives and business and professional divisions which will approach top level executives in large corporations and some 11,000 business and professional concerns in Greater Detroit during the next two weeks.

Subscriptions totaling \$15,182,486 have been made so far by corporations, philanthropic foundations and individuals since the \$19,720,000 campaign began in December of 1946, it was announced by Herbert B. Trix, general co-chairman of the Hospital Fund.

Benson Ford, vice president and general manager of Lincoln-Mercury and president of Henry Ford Hospital, speaking on "Greater Detroit Invests in Health," pointed out that the Hospital Fund program is part of an all-out movement to correct shortages of hospital beds and educational facilities for training professional personnel and "will result in our community becoming certainly one of the truly great medical centers of the nation."

A description of the progress made to date in the construction of Hospital Fund projects was given by James B. Webber, Jr., president of the organization.

The foundation of St. John Hospital is being built, he said, the new wing at Detroit Osteopathic is under way, the new laundry and library have been completed at Harper Hospital and the additional construction will start this summer, and Oakwood Hospital and others are expected to begin building soon.

Board of Education Minutes

May 4, 1950

The regular meeting of the Northville Board of Education was held in the board room on Thursday evening, May 4, 1950.

Present: G. H. Stalker, E. F. Clark, H. I. Atwood, R. F. Coolman, R. H. Amerman.

Absent: Dr. R. M. Acheson. The minutes of the last regular and special meetings were read and approved.

There was one communication read from the Wayne County Tax Allocation Board advising that the preliminary maximum tax rate for the 1950-51 school year for the Northville Schools has been set at \$7.899 per \$1000 of equalized valuation, plus any voted increase.

Details of the annual school meeting, Commencement, sidewalk repairs and maintenance equipment were discussed.

Motion by Coolman second by Clark that the school purchase several sections of folding scaffolding at approximately \$228.00. Carried.

Permission was granted for the transfer of \$500.00 from the Internal Accounting fund to the Band fund for the purchase of new band instruments.

Treasurer Coolman reported balances as follows:

Received since last meeting \$27,438.92.

Balance in General Fund \$47,707.00.

Balance in Building Fund \$158,024.17.

Balance in 1949 Debt Retirement Fund \$10,815.89.

Balance in Old Debt Retirement Fund \$14.48.

It was moved by Atwood and seconded by Clark that the report of the treasurer be accepted. Carried.

Moved by Clark and seconded by Coolman that bills in the amount of \$2,698.30 and payrolls totaling \$14,747.83 be paid. Carried.

Upon motion by Atwood and second by Clark the meeting was adjourned at 8:30 p. m.
H. I. ATWOOD
Secretary.

Lee Heads Brooklyn College Departments

Dr. Alfred McClung Lee, formerly of 164 East Cady Street, has resigned from the Wayne University staff effective immediately. Since September 1949, Dr. Lee has been on leave of absence from Wayne as Professor of Sociology and Anthropology at Brooklyn College of the City of New York. He has now been placed on permanent tenure there, and on May 1, he was unanimously elected Chairman of the Department of Sociology and Anthropology by his colleagues for a three-year term of office. He was the first Chairman of the Wayne department in 1942-47.

Dr. and Mrs. Lee moved away from Northville last September and have since made their home at 12 Clark Street, Brooklyn Heights, Brooklyn 2, N. Y. Their sons attend the Brooklyn Friends School, and Dr. Elizabeth Lee is also lecturing in sociology at Brooklyn College. Their book on "Social Problems in America," published last year, has now gone into its third edition.

During his years at Wayne, Dr. Lee wrote "Race Riot" (1943); "Outline of the Principles of Sociology" (1946); and "Social Problems in America" with Dr. Elizabeth Lee (1949). He has also contributed chapters to 12 books and has written many articles for popular magazines and professional journals. He also wrote, before coming to Wayne, "The Daily Newspaper in America" (1937, 1947) and "The Fine Art of Propaganda" (1939), the latter with Dr. Elizabeth Lee.

Hair Style Review Coming to Detroit

Members of the Detroit Hairdressers Association are sponsoring the "1950 Hair Style Review", at Music Hall, Monday, May 22. There will be an afternoon performance at 2:30 for housewives and an evening showing at 8:30 for business women.

Mme. Marguerite Buck, New York, an internationally known hair stylist will be the guest artist. Mrs. Buck has a long, successful record of predicting style trends. She is also a vivid and charming platform speaker. Family

ous for her "Intracurl" hair shaping procedure she is stylist for leading national advertising accounts and movie studios.

Mme. Buck will be assisted by Detroit's Prize winning stylists. Detroit can well be proud of the enviable record earned by the local hairstylists. They have won more awards in national competitions than hair stylists in any other large city. In the recent Mid-West contest held in Chicago Detroit stylists won five out of six awards. This same performance in other contests has identified Detroit as the "Hair Styling Center" of the country. This is your opportunity to see these prize winners at work.

Mary Morgan, Beauty Editor of radio station CKLW has been selected as Mistress of Ceremonies and has arranged a most interesting program. Dancers from Elaine Arndt School of the Dance will do ballet and ball-room dances. Organ music will be played by Bill Holeman before and during the show.

Tickets may be bought at Laura Buckley's Hair Shop, located at 425 Yerkes, phone 688. This is the first opportunity the women of Detroit have had to see 1950 hair styles for all age groups. Children, teenagers, business women, matrons will all be modeled at Music Hall, Monday May 22. Afternoon performance at 2:30—evening at 8:30. Seats are not reserved so come early.

CAN DO Cleaning Old Paint Brushes

SO WHEN that first bright, sunny day came along this spring you got the urge to do a little of the painting that has been waiting all winter. Then you took a look at your paint brushes and found that they were all gummed up and stiff as a ramrod.

Throwing away a paint brush is like tossing so much cash into the trash. You can bring that old brush back to life with a little inexpensive effort.

Soak it for a day or two in a liquid brush cleaner, which you'll find at your hardware store, working the bristles occasionally to loosen the hardened paint. When you feel that you have soaked the brush long enough, scrape as much of the paint out as possible, then put it to soak again in hot, soapy water.

Next, using plenty of soap powder, scrub the brush out thoroughly on whatever kind of rough surface you have available. One of the old-fashioned washboards is ideal for this. When you have done this, and are convinced that all the paint is out or loosened, rinse all the soap and remaining paint particles away. After you've let the brush dry, it will be ready to go again, as good as new.

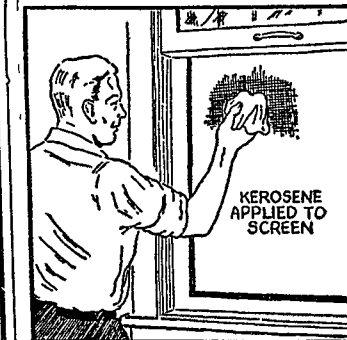

More important, of course, is keeping paint brushes in good condition right from the very minute you bring them home from the hardware store. Then, too, buying a paint brush is not a proper occasion upon which to practice short-sighted economy. It pays to buy high quality brushes, if you care for them the way you should.

Although the new nylon bristle brushes need no more preliminary preparation before use than a bristling twirling between the hands to shake out any loose bristles, the animal bristle brushes should be suspended in linseed oil for at least 12 hours before being used on the initial job. When you want to start to work, lay the brush flat and press out the oil with a strip of wood, working downward from ferrule to tip. Spin the brush inside a container to whirl off the rest of the oil and comb the bristles straight.

When you've finished a job, always clean the brush thoroughly. To do this, use the proper thinner for the product you have painted with. For instance, for brushes dipped in oil paint, enamel or varnish, use turpentine followed by naphtha or mineral spirits; for shellac or alcohol stain, use alcohol; for lacquer brushes, use lacquer thinner.

GENTLE HINT DEPARTMENT

IF YOU'VE been looking for a serviceable glue that will stick glass to glass, leather to metal or do other unusual binding jobs, you can make some by burning some shellac in a dish to get rid of the alcohol. The residue will be a surprisingly strong, all-purpose glue.

The season for houseflies is almost here. When they start gathering on door or window screens, try rubbing the screens with a cloth dampened in kerosene. Flies dislike the odor of kerosene and will soon leave.

Cosmopolite

John Cabot was an Italian whose discoveries gave England a claim to the land in North America. The great explorer was born June 24, 1450.

Bright Garnish

A clever garnish for pork chop platter: Cut a cucumber into one-half inch slices. Again cut each slice, but not quite through, then slip a thin slice of red radish into the cucumber.

Famous Leatherneck

U.S. Marine Dan Daly had the rare distinction of twice winning the Congressional Medal of Honor, the nation's highest award. He received the first award for service in China in 1900 and 15 years later won the medal again for action against Haitian bandits. The famed Leatherneck died in 1937.

Raisins Bring Her 10,000 'Iron Men'

Her family's liking for raisin bread brings Mrs. Fred Pallier of Boyne City, Mich., a check for \$10,000. She is pictured receiving from William Doty the grand award in a national "Why I Like Raisin Bread" contest sponsored by the California Raisin Advisory Board, Arnold Matthews, Boyne City A&P store manager, was awarded \$100 for his part in selling the bread and supplying his customer with an entry blank. Mrs. Pallier, wife of a brick mason and mother of two children, moved north from Detroit several months ago.

Industry's continuing search for new ideas saves money for American home-makers in many ways. For instance, there is the manufacturer who makes pre-cut, pinned and ready to sew children's garments. They come without a single stitch in them, and the housewife can save up to \$11 per

garment, by just sewing them together.

Industries facing corrosion problems are using Monel fastenings such as nails, with annular grooves to give the holding power of screws, and standard nuts, bolts and screws.

Newest Advice On Frozen Foods Now Available at MSC

Frozen foods retain a greater amount of their original flavor and color than foods preserved by any other method. They help to keep "summer" on your table all winter, and in the case of meat, "winter on your table all summer."

Because of the interest in frozen foods and their contribution to Michigan meals, Michigan State College researchers have studied their preparation and care in all phases.

Results of their findings are of interest to anyone who eats or prepares frozen foods and wants high quality products. Michigan homemakers can benefit from recommendations based on this research by obtaining a copy of the bulletin, "Freezing Foods for Michigan Homes."

Published by the MSC Agricultural Experiment Station, the 46-page illustrated bulletin covers all phases of freezing—equipment, meats and poultry. Obtain your free copy from the Bulletin Office, Department of Public Relations, Michigan State College, East Lansing, or from your county extension office.

Do you want to know what kind of cartons and wrappings are best to use, how to keep peaches from browning, what variety of strawberries to use? Any question you might have is answered

in this complete new bulletin, with its up-to-the-minute advice.

You are reminded to, freeze only the best, because freezing does not improve foods. Emphasis is put on using recommended varieties of fruits and vegetables, using field ripened foods, and handling them quickly from garden to freezer or locker.

Every working man and woman in the United States has a chance to be president of some business. Many leading businessmen today came up from the ranks. Walter S. Gifford, chairman of the board of the American Telephone and Telegraph Co., started as a \$10 a week clerk. George H. Bucher, vice-chairman and director of the Westinghouse Electric Co., began as a shop apprentice at 18 cents an hour.

Which picture would you like to develop?

Tonight, sit back for a few moments and picture in your mind a couple of the things you've always dreamed of doing.

Like the time you thought how nice it would be to buy that trailer and take a look at some more of this great big country . . .

Or the delicious feeling you got when you toyed with the idea of sitting in the sun in front of your own summer home . . .

Or that kingly sensation you felt at the idea of prowling down some river in a boat of your own . . .

And then you would write the whole thing off as a dream, because your savings just wouldn't s-t-r-e-t-c-h that far.

Well . . . don't. A picture like that deserves to be developed. And here's how.

Tomorrow, at work, say to your cashier: "Look, I want to buy that power boat I've always had my mind set on, and by jiggers, I'm gonna have it! Put

me down on the Payroll Savings Plan."

That's all.

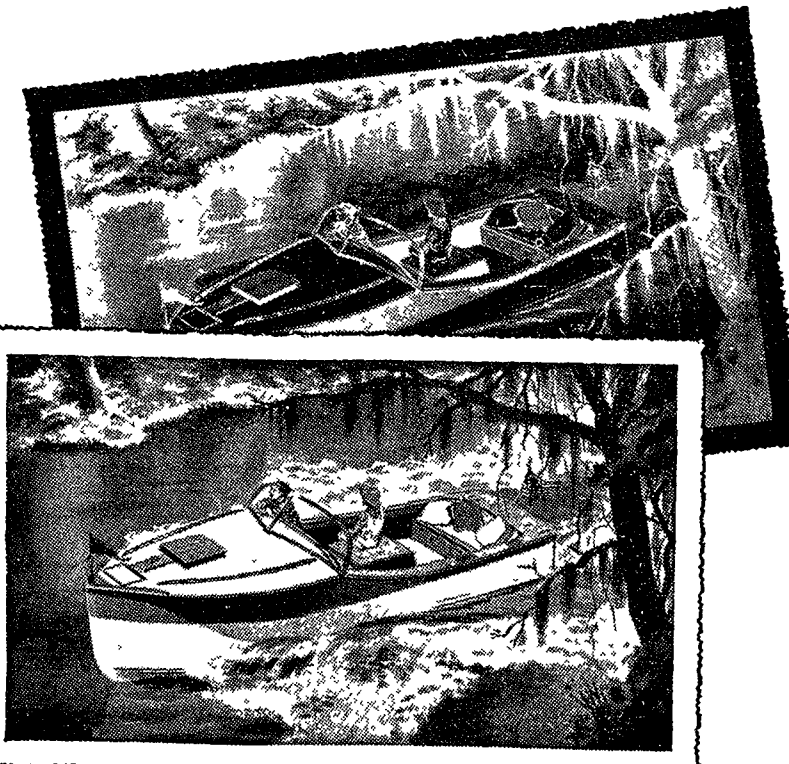

Every payday, from then on, a sliver of your pay will mysteriously find its way into a U. S. Savings Bond—automatically . . . painlessly. Before you know it, you're going to have an interest-bearing Bond . . . then another . . . then another . . . and another.

When you look at these Bonds, when they mature ten years from now—lo and behold!—they'll mean your boat, or your summer home, new living-room furniture, or almost anything you thought you'd never own.

Simple? Worthwhile? Safe? Just ask your neighbor.

And a fine time to start buying U. S. Savings Bonds is now—during the Independence Drive . . . now—when all your friends are doing just that.

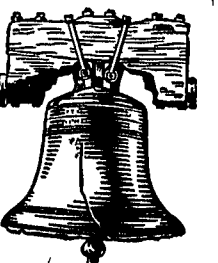

So take care of it first thing tomorrow. If you're self-employed, ask at your bank about the Bond-A-Month Plan. The results are just as gratifying.

Save for your
independence - buy
U.S. Savings Bonds!

Uncle Sam Says

Young America, as represented by some 200,000 newspaperboys, is a firm believer in the principle of independence and of a Free Democracy as exemplified by the U. S. Savings Bonds Drive slogan "Save For YOUR Independence, Buy U. S. Savings Bonds," as well as the Drive symbol, the "Liberty Bell." These newspaperboys will again demonstrate their desire for a strong America by distributing 15,000,000 Savings Bonds folders right to your door, during the Independence Drive May 15-July 4. The folders will show you how to become financially independent through the regular, automatic way of saving by investing a portion of your income in Savings Bonds. U. S. Treasury Department

Cancer Patients Aid April Report Given

The following societies and organizations made cancer dressings during the month of April: The Wesleyan Guild of the Methodist Church, Extension Group No. 2, Past Matrons of Northville, the W.S.C.S. of Novi with Mrs. John Klaser, Episcopal Guild with Mrs. William Aston, Future Nurses Club with Shirley Smith, Mrs. E. M. Bogart, Mrs. R. Simons, Mrs. Harriett

Angell, Miss Ruth Angell and Mrs. Ernest Wilsher. Materials for making the dressings were furnished by Mrs. Ralph Simons, Mrs. Alfred Smith, Mrs. Harriett Angell, Mrs. George Allen, Mrs. Arthur Woodingham and Mrs. David Brownlee. It is nearing the vacation period when so many villagers will be out of town enjoying their summer homes. Mrs. E. J. Willis, chairman of this project, hopes that anyone having old white materials will remember the patients aid before leaving town. During the summer season the call for supplies is heavy. All completed supplies are furnished free to all patients and may be obtained at headquarters, 119 Rayson street.

MR. AND MRS. JOHN B. LEDFORD

John Ledfords to Observe Golden Wedding May 21

Mr. and Mrs. John B. Ledford, well known Oakland County residents of Novi and Lyon Townships, will celebrate their Golden Wedding anniversary Sunday, May 21.

Neighbors and friends are invited to attend open house at their residence, 47661 West Ten Mile Road near Beck Road. Mr. Ledford, born October 9, 1876, at McKee, Kentucky, and Susie Electra Sowers, born November 29, 1879, in Richmond, Kentucky, were united in marriage May 23, 1900, in Nicholasville, Kentucky.

They have a daughter, Mrs. Ida Lee Thomason, of Cadillac, Michigan; five sons, James Sherman, of Detroit; Boyd C., of Bear Lake, Michigan; General Nelson, of Brethren, Michigan; John C. and Burnam C., who reside with their parents; 13 grand-children and 2 great grand-children.

The family moved to Michigan 27 years ago and have lived around South Lyon, Novi, Salem and Northville.

Mrs. Ledford's sister, Mrs. Mollie Witt, of Richmond, Kentucky, plans to attend the celebration.

Mr. Ledford as a boy heard first hand accounts of the daring exploits of Jesse and Frank James in Kentucky and to this day recites them.

Mrs. Nulty To Head Blue Star Mothers

Election of officers for the Northville Chapter of Blue Star Mothers was held Monday night at the home of Mrs. Charles Westphal.

The 1950 officers are: Mamie Nulty, president; Alice Junod, sr. vice president; Doris Wick, jr. vice president; Lillian Miller, secretary.

Three Year Old Has Birthday Party Monday

Andrea Lynn Smith celebrated her third birthday Monday at a party given at her home on South Wing street. She is the daughter of Mr. and Mrs. Robert Smith, Jr.

Guests present at the party were: John and Jo Ann Hines, Jerry and Laurie Killeen, Christie and Patty Moase, Candy and Darlene Guelzow, Carolyn and Billy Mairs, Kathy Hodge and Andy's sister, Barbara Jean.

The children played games, refreshments were served and each child was presented a balloon. She received many gifts.

Andy received a special surprise when her father called her from Maybury Sanatorium to wish her a happy birthday.

Suzanne Dewsbury Has Birthday Party Saturday

Suzanne Dewsbury celebrated her 11th birthday Saturday afternoon with a party for several of her friends. She is the daughter of Mr. and Mrs. Jack Dewsbury of Grace Ave.

Susie's guests were Kay and Jo Houser, Jane Hammond, Vicki, Terry and Judy Junod, Bud Hood, Jimmy Weston, David and Dick Rayl, Virginia Sutton and Earlene Patterson. The children played games and then were served refreshments by Mrs. Dewsbury.

No Meeting Scheduled for Martha Circle This Month

Two Circles of the Woman's Union of the Presbyterian church will meet at 12:30 for sandwich luncheons Wednesday, May 24.

The Mary Circle will be entertained by Mrs. Lee Shipley, 211 West Dunlap Street. The Elizabeth Circle meeting will be held with Mrs. Harold Hartley, 602 Randolph Street. There will be no meeting of the Martha Circle this month.

Miss Sours Writes of Visits to Many European Countries

In a letter received by Miss Pearl Hensch from Miss Margaret Sours, Miss Sours states that a picture showing some German children being served breakfast by the Kroger Company, which appeared in the Christmas edition of the Northville Record, was taken near where she is located.

Miss Sours formerly taught at the Northville grade school and is now on a year's leave of absence to teach in a Dependent's School in the American zone near Frankfurt, Germany.

The following interesting excerpts were taken from the letter:

"I think I'll be sailing July 25. I'll know for sure in a couple of weeks. My, but the year has gone fast. I've had a good time, but will be glad to get home.

"Three of us went to Paris for a week and had a swell time. We stayed at the Bedford Hotel right near the church of the Madeleine. We visited Versailles, Fontainebleau, outside the city. We took a boat trip up the Seine and off course visited the Louvre, the night clubs and on our last night there we went to the Folies Bergere. It was gorgeous and beautifully staged.

"Then we went to Amsterdam for three days. I like Holland. It's so clean and much cheaper than Paris.

"We went out to Volendam and the island of Marken where the people still wore their old time costumes. Oh yes, we saw the tulip fields, too.

"This weekend we have three days (V-E Day) and I'm planning to go to Interlochen in Switzerland. I hope it's as nice as it's been these last two days. The temperature is about 70 today. All the fruit trees are in blossom and our tulips have been out for a week.

"Next weekend we hope to fly to Berlin if the Russians aren't causing trouble. Memorial Day we're going to Vienna, also if the Russians aren't bothering.

"June 24th I'm flying to England and Scotland. It's only \$75 round trip. Just got my smallpox vaccination today so I can go. I'll be there two weeks, then I'm going to Denmark, etc. for a week. By that time, I have to get busy checking out."

Ella Orr To Graduate from Alma College

Ella Orr, daughter of Mr. and Mrs. J. W. Orr of 18933 Shady-side avenue, Farmington, will receive her Bachelor of Arts degree from Alma College on June 3. She has majored in Sociology with minors in English and Biology.

Ella is affiliated with Kappa Iota Sorority, serving as President, Secretary, and Treasurer. She was Vice President of The Women's Athletic Association, and is a member of the Women's Senate.

A graduate of Northville High School, Ella plans to teach following graduation.

Rosemary Frost Has Birthday Party

A theater party followed by refreshments at her home was the manner in which Rosemary Frost celebrated her eighth birthday Saturday. She is the daughter of Mr. and Mrs. Robert Frost of Smock Road.

Nancy Beard, Bonnie Walker, Ann Downer and Joyce Lazar were the little girls who gathered at the Frost home to help Rosemary celebrate her birthday.

52 Children Enroll in Kindergarten

A total of 52 children were registered at the pre-kindergarten registration meeting held at the Northville Grade school last Friday afternoon.

Superintendent Russell H. Amerman welcomed the mothers and then the meeting was turned over to Grade principal Charles T. Eregitzer who introduced the kindergarten teachers, Mrs. Blair Claypool and Grace Pollock.

The teachers explained the kindergarten program to the mothers. Miss Ruth Knapp, school nurse, explained the health set-up in the Northville school. Mrs. Alta Moore, Wayne County visiting teacher gave a talk on mental hygiene.

A day of orientation will be held on June 2 at which time all those children who will be entering kindergarten in the fall are asked to attend.

Any parent who has not already enrolled his child in kindergarten for the fall is asked to call the school and do so now.

MSC To Graduate Seven Villagers

Several Northville young people are candidates for graduation from Michigan State College in June.

Scheduled to receive degrees at the College's 92nd annual commencement exercise are Ann E. Davis, Douglas W. Eilber, James D. Howick, Florence McCluskie, Valentine Kazarian, Howard C. Rodgers and Coraly Stephens.

Fishermen's Club To Entertain Wives

The Fishermen's Club will hold their last meeting of the season Thursday evening at the Methodist church house.

Wives of the members will be their special guests at dinner which will be served at 6:30 p.m. Entertainment will be provided by a local barbershop quartet and movies will also be shown.

Grace Bird and Bill Light Honored at Party Sunday

Grace Bird and Bill Light were the guests of honor at a party given Sunday afternoon by Margia Sparling at the Sparling home on Main Street.

Guests present were: Norman Frid, Mr. and Mrs. Dave Amerman, Mr. and Mrs. Lee Bowring, Hugh Lockhart and guest; Mr. and Mrs. John Stark, Bud Gow, Barbara Wood, Grace Beachamp, Dick Stisko, Audrey Ford, Arthur Gotts, Mr. and Mrs. Ed Walker, Mr. and Mrs. Harry German, June Richardson and Gunnar Bjarnesen.

The Light-Bird wedding date has been set for June 17.

Shower Given in Honor of Couple to Wed in June

A couples shower was held Saturday night at the home of Mr. and Mrs. Frank Dunham of Ten Mile Road given in honor of Joan Litsenberger and Harold Dayton. Other couples present were Lois Taft, Keith Simons and Mr. and Mrs. Frank Defina. Harold and Joan have set June 29 as their wedding date.

Miscellaneous Shower Honors Jean Anderson

Jean Anderson of West Eight Mile Road and Lapeer was honored at a miscellaneous bridal shower recently. Co-hostesses for the party were Mrs. Oral Rathbun and her daughter, Corrine of Plymouth.

Guests were present from Northville, Plymouth, Attica, Ypsilanti and Garden City. Miss Anderson will become the bride of Stuart Thienky of Lapeer at a ceremony to be read June 9 at the First Presbyterian church.

Clayton Gasper of High street is a patient at Osteopathic Hospital, Detroit.

DAIRY FOODS RATE HIGH

June is the month when dairy foods—eggs, milk, butter and cheese—are most abundant. They share the honors because they furnish so many of the body building nutrients.

Spoon-bread and fondue are genuine dairy dishes that add variety to any summer luncheon.

Cheese Spoon-Bread

2 cups milk
1/2 cup corn meal
1/2 cup grated cheese
3 eggs, separated
1/2 teaspoon baking powder
1/2 tablespoons butter, melted

Scald milk and stir in corn meal. Cook about 5 minutes or until the consistency of mush. Add cheese and heat until blended. Cool slightly. Add beaten egg yolks and beat vigorously. Add baking powder, salt and butter. Fold in stiffly beaten egg whites. Pour into greased casserole. Bake in moderately hot oven (375°F.) 45 minutes or until lightly browned. Another test for "doneness" is inserting a silver knife. If the knife comes out clean the spoon-bread is done.

Yield: 6 servings.

Cheese And Shrimp Fondue

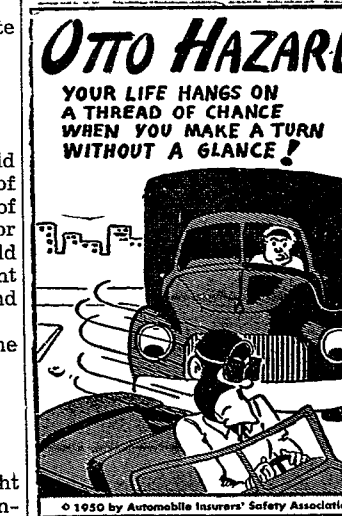

3 eggs, separated
1/2 pound shrimp, cooked and diced
1 cup diced mild cheese
1 teaspoon salt
3 cups diced bread
1 cup milk

Combine beaten egg yolks, shrimp, cheese, salt, bread and milk in buttered casserole. Let stand until bread has soaked up most of milk.

Fold in beaten egg whites, dot with butter. Place in pan of water and bake in moderate oven (350°F.) for one hour.

Tossed green salad, warm rolls and butter served with fondue will make a colorful tasty luncheon. Use fresh fruit for dessert.

Faithfully

Students Should Get Soc. Security Cards

Students planning on summer jobs should have their social security cards before applying for work. This suggestion was made by Harry Baltuck, Manager of the Detroit-Northwest field office located at 12065 Wyoming Ave., corner of Grand River.

"Many employers will not accept your application for work unless you have your social security card with you," Baltuck said. "If you have never had a card, you should get one before you start your job-hunting. If you have had a card and lost it, you can get a free duplicate of your original number at our office. We issue both original and duplicate cards."

"Be sure to apply for your duplicate card immediately if you need one," Baltuck urged. "A certain length of time may be needed to replace your original card, if you do not have the stub from the original."

The Northwest office is open daily from 8:30 a. m. to 4:30 p. m., but is not open on Saturdays.

Applications for social security cards and duplicate cards can be gotten at the Northville post office. A representative from the Northwest-Detroit Social Security office will be in the Plymouth post office the second Thursday of each month to assist you in getting a duplicate card as well as in all other social security matters.

food for thought

And most naturally we're thinking today of warm weather food suggestions.

Perhaps you're planning your first outing of the season. Here are just a few menu hints for the picnic basket, taken from the kitchen files of Black's Catering Service, 138 East Main Street.

Potato salad (including plenty of egg, chopped fresh vegetables), cold cuts of baked ham, home made meat loaf, roast turkey, cold fried chicken, potato chips, and crisp vegetable relishes.

Do you find tempting desserts a problem to handle in the picnic basket? How about fresh strawberries, sweetened, and packed in a glass jar ready to pour over old-fashioned biscuit shortcake at picnic lunch-time? And here's a new one which we are passing on even before we've had a chance to try it. My kid sister tells me that her family really goes for it in a big way - fresh rhubarb sauce served shortcake style.

Spring fever or this sudden warm weather has gotten us, too, so enough of menus for today! 50

A group of former classmates gathered at the McKeague home last Wednesday night to visit with Marjorie McKeague, who was spending a vacation with her parents, Mr. and Mrs. H. W. McKeague. Marge is an airline hostess and makes her home in Miami, Florida. She returned to Florida Friday.

Mr. and Mrs. Glenn Richardson are returning to their home on North Center Street following an eight months' stay at their winter home in Clermont, Florida. The Richardsons are returning to Northville via Holland, Michigan where they plan to visit friends and attend the Tulip Festival.

Mr. and Mrs. Charles Stanford (Margery Seguin) of West Dunlap street announce the birth of a daughter, Mary Theresa, born May 6 at Mt. Carmel Hospital, Detroit. The baby weighed seven pounds, eight ounces.

Exchange Club members Wednesday saw a movie "The Human Bridge", filmed by the Ford Motor Car Co.

Harry Smith Tuesday afternoon attended a conference on driver education at the Book Cadillac Hotel, Detroit.

Guests last week at the Exchange Club luncheon were Frank Fournier of the Wayne Branch of the Edison Co. who was Harry Wagenschutz's guest; John Wortman who came with Rev. William Hughes and Bob Givers who was Bill Petz's guest.

The Woman's Society of Christian Service of the Methodist church will meet for its regular meeting on Tuesday, May 23 at 12:30 for luncheon and the program, "I Can Give More" is the yearly pledge service. Annual reports of officers will be given.

Dinner guests last Friday evening at the home of Mr. and Mrs. F. M. McCormick of Maxwell Rd. were Mr. and Mrs. Fred Palmer of Detroit, Mr. and Mrs. W. Earl Taylor and children of Ann Arbor and Mrs. Anna Nirider and Fred Kidman of the Village.

Guests Tuesday at the Rotary Club luncheon were Plymouth club members Pierce Owens, Elton Eaton and Russell Daane and Livonia Rotarian, Rev. Woodrow Wooley.

Mrs. Malinda Schrader of Wing Street received word Monday of the death of her brother, Roy Voelker of Bayport, Michigan.

The monthly meeting of the Baptist Women's Union will be held Thursday, May 25 at 2 p. m. with Mrs. William Parthel of Halstead Road.

Wedding anniversary congratulations to Mr. and Mrs. Harry Shafer of 245 First street who celebrated their 25th wedding anniversary May 16.

Mrs. Leslie G. Lee is substituting for Mr. E. C. Mollema and Mrs. George Stalker for Miss Diana Lance in the High school this week.

Kids' tongues are wagging over the new Berry Bros. wagons that Clark Hardware is giving away each month. 50

Mrs. Richard Juday and sons of Lake Street spent last weekend with relatives in Geneva and Bryant, Indiana. Over the weekend Mr. Juday drove down and spent Mother's Day and then the family returned to the Village with him.

Through the courtesy of Allan and Locke, Inc., members of the Rotary Club Tuesday saw the Ford Motor Car Co. documentary film, "The Human Bridge."

The Misses Lena and Pamelia Kohler have returned to their home on Seven Mile Road after spending the winter months at Pensacola, Florida.

Remember the old songs which went something like "There May Be Flies On You Guys, But There Ain't No Flies On Me" and "Shoo, Fly, Don't Bother Me"? If your storm windows are down and screens going up, check 'em for holes. And how about the holes in the lawn? Stone's Gamble Store can supply what you need in screen wire, garden hose, nozzles and sprinklers. 50

The Winona Club will meet Friday, May 19 with Mrs. Irene Boring of West Seven Mile Road. Pot-luck luncheon will be served at 1 o'clock. All members celebrating birthdays this month will be honored.

Mrs. Martha Morgan of West Dunlap Street was burned about the hands and neck at the Ford Plant in Ypsilanti last Wednesday. She is still a patient in Beyer Memorial Hospital, Ypsilanti.

Mrs. Emma Hamilton and Mrs. Ruth Elwell were co-hostesses for the last St. Paul's Lutheran Ladies Aid meeting. It was decided to hold the annual turkey dinner the first Thursday in November and the bazaar the first Tuesday in November.

The Mothers Club will meet Monday, May 22 at 8:00 p. m. at the home of Mrs. Charles Mumery, First Street, for a social evening. Co-hostesses will be Mrs. Harold House and Mrs. Dayton Deal.

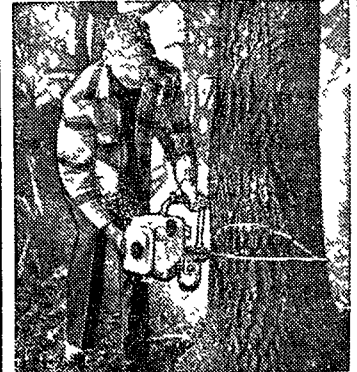

Mr. and Mrs. Sam Bongiovanni of North Center Street are the parents of a daughter, Rhonda Lee, born May 12 at Sessions Hospital. The baby weighed six pounds, 11 ounces.

William Harper Yost was born April 30 at Mount Carmel Mercy Hospital, Detroit. His parents are Peter and Mary Yost of Fairground Ave., Plymouth. Mrs. Yost is the former Mary Harper of Northville.

The Northville High School Alumni picnic has been scheduled for Friday, June 16 in Cass Benton Park. Further details will be reported in the next issue of the Record.

Mae Heintz of Carpenter Ave. is spending two weeks visiting relatives at San Bruno, California. She is vacationing from her duties with Nowell's Lumber Company.

A new lightweight portable power saw, weighing only 25 pounds complete with blade and chain, recently has been placed on the market. The unit is designed for cutting cordwood, and clearing, felling, and bucking timber, making posts, and tree surgery.

Secretary Brannan Pays Tribute to Homemakers

Secretary of Agriculture Charles F. Brannan paid tribute to three million homemakers in home demonstration work in special messages during the annual Home Demonstration week.

He said: "Better informed, more prosperous, healthier and happier rural people are most important assets to our democracy. As you look around your homes you must be conscious of your efforts."

CAN DO

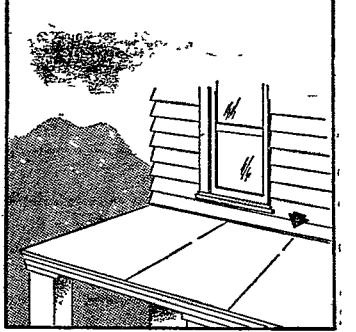

Stop That Leak In Porch Roof

IN THE SPRING a homeowner's fancy heavily turns to the things that have to be done around the house. What? Here's a list of checkpoints appropriate for this season:

Your heating plant—Remove smoke pipes from the heater and boiler (if you have one) and clean and paint the pipes. It might be a good idea this year to clean the pipes thoroughly with kerosene and steel wool or a wire brush. Stack the smoke pipe vertically in a dry location. Clean the boiler and the heater. This can best be done by a professional using a vacuum machine.

Glass—Repair damaged putty and replace cracked and broken window and door glass.

Exterior masonry—Inspect the exterior masonry of your home for loose mortar, open joints and cracked or loose stucco.

Exterior woodwork—Examine the place carefully for split woodwork, rotten pieces, open connections or joints and loose or sagging pieces. As a general rule, repair work on exterior woodwork isn't too difficult if you are at all handy with tools, and in most cases you probably can do it yourself.

If you are one of the homeowners so fortunate as to have a spacious porch on his house, you just might discover, on your current inspection tour, that a leakage of water has been occurring along the top of the porch roof where it is butted against the wall of the house.

Take a good look at the flashing which seals the joint between roof and wall; it probably is worn through in places. Since the replacement of flashings is a pretty drastic repair job, the next best thing is to fill in the joint with caulking compound, which can be had in light colors as well as black.

You can get a caulking gun at any good hardware store. With the gun, force the compound into all open cracks and seams along the joint. An alternate method is to make the repair with an asphalt roof cement, putting it in with a trowel.

GARBAGE can is not a particularly pleasant subject for thought, and it is a still more unpleasant one after it has been tipped over by a scrounging dog or two and its contents scattered all over the place.

With hot weather in the offing, proper garbage disposal becomes an important consideration. In that connection, you might want to take advantage of this simple little gadget that will keep the garbage can standing upright, even under a canine onslaught.

Pick the location for the can—as far away from the house as is conveniently possible, of course—and drive two stakes into the ground, one on each side of the can and equalling it in height to the top of the lid.

In another strip of wood, cut a slot through which the handle of the lid will fit. Hinge one end of this strip to one of the stakes (see illustration) and arrange to fasten the other end to the other stake with a hook and screw-eye. Now that garbage can will stay put.

A&P's WONDERFUL NEW WAY OF SELLING FRUITS & VEGETABLES

Makes A&P's Produce Department a Better-Than-Ever Place to Shop!

Customers' Corner

Since the anti-trust lawyers filed their suit to put A&P out of business, three interesting things have happened.

1. Many thousands of our customers have written letters expressing their opposition to this suit.

2. Public opinion polls reveal that most Americans are on our side.

3. Our business has increased. More people are shopping at A&P than ever before.

All these things indicate that our customers have confidence in the policies of fair, honest dealing which have guided this company for the past 90 years.

We want to do everything we can to merit your continued support. Please send your suggestions to:

Here's how this new policy works: A&P's expert checkers carefully check every crate and basket that comes in. The head of lettuce that's too small... the pears and apples that have been bruised... and all other items that don't come up to top grade... are weeded out, reduced in price and put on a special "Quick-Sale" table. Constantly, throughout the day, any item not in A-1 condition is immediately transferred to the "Quick-Sale" table and reduced in price. Thus, no matter when you shop in A&P's Produce Department, you're assured of top quality and top value. Visit your A&P and see!

LEGAL NOTICES

To the Supervisor of the Township of Redford, Wayne County, Michigan.
Sir: You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on Thursday, April 20, 1950, decide and determine that the certain alleys described in the minutes of said Board, heretofore taken over as County roads, should be abandoned and discontinued as public highways, reserving therein the easement set forth in said determination.

The portion of the minutes of said meeting fully describing said alleys are attached hereto and made a part of the notice, which is given under and by virtue of Act 283 of the Public Acts of 1909 as amended.
The testimony whereof we have hereunto set our hand at Detroit, Michigan, this 27th day of April, A.D. 1950.
BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN
Michael J. O'Brien, Chairman
John P. O'Hara, Vice-Chairman
Charles L. Wilson, Commissioner
EDGAR M. BRANIGAN, Clerk
By Carl W. Blischoff, Deputy Clerk.

Road Jurisdiction Determination
Commissioner O'Hara moved the adoption of the following resolution:
WHEREAS, this Board has received a petition from thirty-nine freeholders of the Township of Redford to abandon and discontinue the alleys 18 feet wide in the rear of Lots 1739 to 1775 both inclusive, and Lots 1739 to 1825 both inclusive of B. E. Taylor's Golf and Country Club Subdivision No. 4, lying south of Grand River Avenue, being part of the SE 1/4 of Sec. 34, T. 1 S., R. 10 E., Redford Township, Wayne County, Michigan, as recorded in Liber 61 of Plats of Wayne County Records, said alleys being county roads under the jurisdiction of this Board; and
WHEREAS, pursuant to said petition and in accordance with the provisions of Section 18 of Chapter 4 of Act No. 283 of the Public Acts of the State of Michigan for 1909, and amendments thereto, this Board did, by resolution dated March 9, 1950, resolve that hearing be held on April 13, 1950, at 11:00 a.m. E.S.T. at 3800 Cadillac Tower, Detroit 26, Michigan, to determine the necessity or advisability of abandoning said alleys; and
WHEREAS, pursuant to the above mentioned statute, this Board has served notice of said hearing upon the petitioners and occupants of lands intersected by or adjoining said alleys and published a copy of said notice in The Legal Courier, a newspaper published within the County of Wayne, on March 17, 1950; and said hearing was held at the time and place appointed by said resolution and this Board did then proceed to vote upon the petitioners and occupants of lands intersected by or adjoining said alleys in accordance with the statute; and
WHEREAS, it appearing from said hearing and view of the premises that the public will have no further use for the alleys in said subdivision so petitioned to be abandoned and discontinued, but it is deemed proper to install a public utility easement for the use and benefit of the public.

NOW, THEREFORE, BE IT RESOLVED that the public alleys 18 feet wide in the rear of Lots 1739 to 1775 both inclusive, and Lots 1739 to 1825 both inclusive of B. E. Taylor's Golf and Country Club Subdivision No. 4, lying south of Grand River Avenue, being part of the SE 1/4 of Sec. 34, T. 1 S., R. 10 E., Redford Township, Wayne County, Michigan, as recorded in Liber 61 of Plats of Wayne County Records, being in all 0.284 mile of alleys, be and the same are hereby abandoned and discontinued as public highways upon the expiration of thirty days from the date of this resolution, and there be and hereby is reserved an easement in the lands now occupied by said alleys for the installation and maintenance of sewer, water, gas, electric, telephone and all other public utilities for the use and benefit of the public, and all persons, firms or corporations owning or operating said public utilities, shall have the right to enter upon said easement for the purpose of installing, maintaining or operating any of said public utilities.

BE IT FURTHER RESOLVED, that this Board believes it to be to the best interests of the public that said alleys so abandoned and discontinued should be absolutely abandoned and discontinued as public highways, reserving therein the easement as herein set forth.
The motion was supported by Commissioner O'Brien, and carried by the following vote:
Ayes: Commissioners O'Brien and O'Hara; Nays: None. 48-50

Optimists Win Kegling Trophy

Clifton Hill, (center) president of the Exchange club, presents the Exchange trophy to Dr. L. W. Snow (left), and James Green, Optimist clubbers, who paired to win the first annual Inter-Service club handicap bowling tourney.

Snow, Green Cop Cup in Inter-Club Bowling Tourney

Dr. L. W. Snow and James Green combined kegling talent to post a 1292 total for three games to carry off top honors in the first annual Inter-Service Club doubles bowling tourney. Twelve teams representing the Optimist, Rotary and Exchange clubs bowled Saturday evening and Sunday afternoon, May 6-7, at Royal Recreation for possession of a trophy provided by the Exchange club, which sponsored the event.

John Stubenvoll and Leo Mainville, Exchange entries, barely nosed out Optimists Hugh Babbitt and Dr. Arthur C. Carlson by one pin for second spot: 1256-1255. The Exchange club was represented by five teams, the Optimist club by six, and the Rotary club had a lone entry.

The Inter-Club tourney will be an annual affair, with the trophy circulating among winners each year until one of the three organizations wins two consecutive years, at which time the big gold clip will find a permanent home.

NEWS FROM NOVI

By Mrs. L. Rix

Mrs. Rex La Plante, Sr., is entertaining the Mission Band, ladies of the Novi Baptist church, at her home on South Novi Road, Thursday afternoon.

Mrs. Clyde Johnston entertained last Sunday at a surprise party for her husband on his birthday. Those present were: Mr. Johnston's brother and his wife, Mr. and Mrs. Adam Johnston of Adrian and his sister and her husband, Mr. and Mrs. Harry Meckelburg of Pittsburgh, Pa., Pennsylvania.

Mr. and Mrs. Luther Rix spent Mothers' Day with the latter's parents, Mr. and Mrs. George Tobias at Williamston.

Another Community fund benefit party will be held at the home of Mr. and Mrs. George Hines on Eleven Mile Road Saturday evening, May 20. Tickets for the card party may be obtained from Mrs. Hines or Mrs. George Waite, who is assisting at the party.

Doyce Ward accompanied some Redford friends on a business trip to Wyoming. They expect to be gone for about a week or ten days.

Walter Doane, Sr., was taken ill Sunday and rushed by ambulance to Sessions Hospital in Northville.

Mrs. Robert Shoemaker gave a demonstration party at her home on 12 1/2 Mile Road Monday morning.

Mr. and Mrs. Clare Lockwood spent Sunday with Mr. and Mrs. Raymond Walters at Union Lake. The granddaughter, Sharon, who is recovering from the measles, came back with the Lockwoods.

Mrs. Clare Lockwood calls each day at the hospital to see her sister, Mrs. Lee Henry of Detroit, who underwent a major operation Tuesday afternoon.

Mr. and Mrs. Howard Greer were hosts to the South Novi Farm Bureau Tuesday evening.

The Perry Kenner Amvet Post No. 76 and the Auxiliary are making plans for their annual dance to be held at the Post, 27,000 Walled Lake Road, Saturday night, May 20.

The Memorial Day parade will start at ten o'clock, led by the Amvets and Auxiliaries followed by Gold Star and Blue Star mothers, Boy Scouts, Girl Scouts and other organizations. They will march to the honor roll, place the wreaths, then to the cemetery for a short ceremony and taps.

Mr. and Mrs. Milton Hanks and daughter, Sharon Lynn of Plymouth, New Hampshire have been visiting the latter's parents, Mr. and Mrs. Al Hill and her brother and sister-in-law, Mr. and Mrs. Edwin Hill for the past two weeks. The Hanks expect to leave for their home in New Hampshire Friday.

Mr. and Mrs. Gene Van Sickle of Taft Road are the parents of a daughter, Mary Lynn, born Sunday, May 7.

The George Atkinsons and Hadley Bacherts spent Mother's Day weekend with Mrs. Atkinson's and Mrs. Bachert's mother, Mrs. Anna Hallahan in Fenwick.

Mrs. Paul Genst gave a games party Wednesday night to raise funds for the Novi Girl Scouts.

Ronnie Jennings, Lillian Hansor and Karen Larsen left Novi Sunday afternoon with other members of their Northville graduating class for Washington, D. C.

Mr. and Mrs. William Hansor had all their children and families home for a Mother's Day celebration Sunday.

The Novi Chapter of the Blue Star Mothers will meet at the Rix home on First street Friday for an old fashioned quilting bee. All Blue Star Mothers in the chapter are invited to be present. Mrs. Ed Schwartz and Ralph Richardson were called to Pittsburgh, Pennsylvania by the sudden death of their mother, Mrs. Harry Meckelburg, late Monday afternoon. The Meckelburgs had just returned to their home following a visit in Novi.

Novi Lodge News

More than 100 persons were present at the Mother and Daughter banquet, sponsored by the Novi Rebekah Lodge, last Friday evening at Oddfellow hall in Novi.

Olga Tuck gave the invocation, preceding a full course dinner. After dinner, Rowena Salow welcomed the guests; Flossie Eno introduced the toast mistress Kathryn Bachert, who presided; Gladys Tremper rendered two piano solos. Toast to the daughters was given by Doris Darling, and the response was given by her daughter, Loraine Darling. Rose Kreuter favored with vocal solos, accompanied by Irene Staman; Sue Watson read a poem, followed by a vocal trio number by Patsy Duncan, Peggy Morgan and Joyce Ireland. Mary Ann Atkinson gave a reading; Donna Frisbie and Phyllis Wendland entertained with two tap

dance numbers with Fairy Young accompanying.
Mrs. Rachel Palmer of Wixom, mother of Alice Hopkins, was the oldest mother present; Mrs. Jean Bryant of Farmington was the youngest mother, and Mrs. Irene Wendland received the award for having the most daughters present, she had four.

Flossie Eno presented each with a potted plant, and also thanked the brothers, who waited on the table. Mrs. Clara Salter of Detroit played two instrumental numbers and all joined in a closing song.

Sue Watson, Helen Olivich and Nesbie Button attended visitation at Edgewood Lodge, Clarenceville last Thursday evening. The next visitation will be at Warren Lodge Tuesday evening, May 23.

Dorothy Snow, Sue Watson, Irene Staman, Helen Olivich, Rena Linder and Susie Mairs were present, in various forms of attire at a "Come As You Are" breakfast at the home of Elsie Kent last Thursday morning.

Irene Staman will entertain the Past Noble Grand club at her home on Tuesday, May 23.

Bashā Hines and Alice Waite are having a benefit card party at the former's home on 48779 W. Eleven Mile Road Saturday night, May 20. The proceeds of the evening will go into the Novi Recreation building fund.

Commercial Fertilizer
During the 10 years from 1937 to 1947, U.S. farmers just doubled their use of commercial fertilizer, increasing from 8,400,000 tons to 16,800,000 says the U.S. department of agriculture.

Origin of "Vanilla"
The word vanilla is from the Spanish, and means "little pod." In each of the now widely scattered species of the vanilla plant, the little pod is preceded by a dainty yellow bloom which leaves no doubt that the plant belongs to the orchid family.

News Notes from Northville Downs

Jack Calvert of Attica, Michigan, will be the official announcer and race caller at the Northville Downs during the 54 nights of racing May 15 to July 15. His appointment was announced by operational manager, Orlo W. Owen. One of the best informed officials in the trotting sport, Calvert's work at the Downs meeting is bound to find favor from the fans on the sidelines.

Dave Hoyer of Beaver Dam, Wis., the new starter at Northville Downs this year, is rated as one of the top in harness racing circles, despite the fact that he is one of the youngest of the starters. Hoyer, 28 years old, in recent years has dispatched the fields at Portland Meadows

in Portland, Oregon; Laurel Raceway at Laurel, Md.; Ocean Downs at Ocean City, Md.; Bay State Raceway at Boston; Aurora Downs at Aurora, Ill. and other leading harness meets.

Sixteen pacers and four trotters will start the 1950 harness racing campaign with records of 2:00 or better to their credit. Of this group no less than four will be seen in action at Northville Downs during the 54 nights of racing from May 15 to July 15. Jerry the First 1:59 4/5; Brothers Harmony 2:00; Red Go 2:00 and Noble F 2:00. More fast-record trotters and pacers will be seen at Northville Downs this year than have ever appeared at a Michigan harness meet.

Ed Keller, new Northville Downs racing secretary, is probably the youngest "veteran" in racing circles in the country today. Though still in his early forties, Keller is a veteran of over thirty years around the nation's trotting tracks. He had his first official position when pressed in to service as "clerk of the course" at the home fair at Northampton, Mass. at the age of eleven, and he has been associated with racing ever since. There is hardly a trot meet of importance in the country, from Maine to California, that he has not officiated as a starter, race steward, racing secretary or announcer.

Most farmers have the beginnings of a farm shop. It's merely a matter of gathering all the tools together in one spot and keeping them organized.

Summer Rains Can Be Serious Soil Robbers

88 Per Cent of Loss
Occurs During Season

Summer rains can be "soil robbers" that cause serious erosion losses unless farm land is protected by good conservation safeguards, Ohio State University soils research men point out.

A 10-year study of erosion damage at the Zanesville, Ohio experiment station, showed that more than 88 per cent of the soil loss due to rainfall occurred in the six summer months. Farm soil is most vulnerable in summer be-

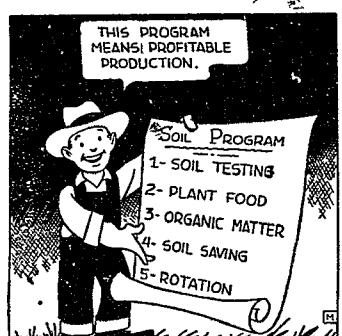

cause clean-cultivated row crops during those months provide only a small amount of protection.

High intensity summer rains cause soil losses in two ways, the Ohio research men say. Large-sized drops strike the earth with such force they break the surface soil into small particles that quickly fill all surface pores. This seals the soil surface into a hard crust that water cannot penetrate. Excessive runoff and erosion losses are the result. Also, high intensity rain beats down so fast that even unsealed earth cannot take it as rapidly as it comes.

Thick stands of deep-rooted legumes and grasses will provide a soil-protecting cover that will enable the land to take high intensity rains in stride. To produce dense, leafy stands, the legumes must be well fed. That means liming, where needed.

Five-Point Program

A five-point program to "balance the soil's needs" and obtain maximum crop yields per acre at lowest production costs, was outlined by O. T. Coleman, Missouri university extension soils specialist.

Here are the steps Coleman suggests:

- 1—Provide plenty of plant food in available form for growing crops.
- 2—Have soil tests made to find out whether the plant food supply is in balance. Growing crops need a balanced ration the same as do humans and livestock. A soil test will be a guide in adding the kind and amount of plant nutrients the soil needs.
- 3—Get the soil in condition so crops can use the plant foods. This means building up the organic matter supply. Organic matter can be added and soil tilth improved by growing well-fed deep-rooted legumes such as alfalfa or sweet clover in the rotation. When the soil is well stocked with plant nutrients and organic matter, minerals are released so that plant roots can more efficiently use them.
- 4—Keep water, plant nutrients and soil at home by conservation methods. Where needed, these may include terracing and contouring to reduce runoff and erosion losses on upland soils.
- 5—Follow a well-balanced cropping system. Rotate pasture and green manure crops regularly with grains. Livestock is a "must" to properly make use of pasture and roughage crops. Tests have shown that where a crop is pastured off, about 75 per cent of the organic matter is returned to the soil through manure.

Remodeled Farm Kitchen Saves 45 Miles Yearly

Mrs. George C. Wheatcroft of Warren county, Kentucky, recently had a farm kitchen remodeled into a u-shape, saving an estimated 45 miles of walking a year.

She says: "I can now prepare three meals and take only 250 to 300 steps where it did take 300 to 500, and that means a saving of 45 miles a year. Besides saving miles it saves time and is much more attractive."

Internal parasites are a common cause of stunted growth, dry skin, and shaggy hair in pigs.

"OPERATION HOMESICK" . . . Forty-one British war brides and their 32 children get ready to hop off in the "Flying Cradle" for a 35-hour flight to England for a four months' visit. The plane, a T.W.A. DC-4 Skymaster, was chartered by the British war brides' club for approximately \$25,000. The flight will mark the first visit home in five years for the brides. Baby sitters aboard included Co-pilot George DiJean, Stewardess Violet Sharman and Mark Burke. Here the wives bid their husbands goodbye before the large plane leaves the ground. The plane took off from an airport in Burbank, California.

Boy Scout Gets Gold Flash For Jamboree

MADISON, WIS.—Boy Scout Don Bribery is a lucky lad, for he will take to the International Boy Scout Jamboree at Valley Forge the gold plated Billionaire flashlight being presented to him here by Wisconsin Governor Oscar Rennebohm as Wisconsin Supreme Court Justice Marvin Rosenberry, a member of the National Boy Scout Council, looks on.

The Billionaire was created to commemorate the billionth Ray-O-Vac leakproof battery, produced within the short span of 11 years. Visualizing the magnitude of a billion cells, they would make a single cell that would stand more than a mile high or, if laid end to end, would reach 87,870 miles.

Present also at the commemoration celebration were officials of the Army and Navy, representatives of the National Association of Manufacturers, as well as civic and industrial leaders of the state.

Mile and Farmington Roads Wednesday afternoon. Near-by residents, rushing to the scene, found there had been a head on collision. A Pontiac resident was killed and five others were taken, badly injured, to Redford Receiving Hospital.

A celebration honoring the first birthday of Richard, son of Mr. and Mrs. George Cooke, Hugo avenue was held at the young man's home Saturday. Many relatives and friends participated. Richard is the grandson of Mr. and Mrs. Russell Ault, Shadyside avenue.

Another of the Allen children, Mayfield avenue has come down with measles.

Museum Features Early Period Glass

For a one month period beginning on May 13, 1950, The Edison Institute Museum will feature an exhibit of early American glass, Mr. H. S. Ablewhite, Director of the Museum, said today. The glassware will be housed in a special display case located in the main facade of the Fine Arts section of the Museum.

The display will serve a dual purpose — first it will commemorate the birth of Henry William Stiegel, one of America's earliest pioneers in the manufacture of glass, who was born in Cologne, Germany on May 13, 1729—secondly, it will portray the development of early glass manufacturing in the original thirteen colonies.

"Baron" Stiegel, as he was often called, was an iron-master by profession, however, he made innumerable contributions to the science of glass manufacturing. Although he was able to produce glassware that competed with the finest Bristol and Continental glass, his true genius was not recognized until over a century after his death. Hunter mentioned in his book "Stiegel Glass", that at the time of his (Stiegel's) death, the contemporaries who survived him considered him as a discredited iron-master who had too many irons in the fire.

Included in the display of Stiegel type glass are picturesque

examples of enameled bottles, flip glasses and covered mugs. These are all manufactured from lustrous and sparkling flint glass, the first glass made in America containing lead. Stiegel's skill in compounding this mixture resulted in glassware that was so brilliant and uniformly excellent that he was destined to attain everlasting recognition in his field.

Also included in the display of early American glass is an exhibit of South Jersey type glass which dates from 1739 to 1780. Included in this historic grouping is a beautiful cobalt blue covered bowl and an etched decanter with a pewter cover. A number of pieces of beautifully tinted Sandwich glass will also be shown. Sandwich glass was produced from about 1825 to 1888 in Boston and Sandwich, Massachusetts. This display features a combination glass bank and overhead candleholder, two beautifully matched amethyst perfume bottles, an unusual yellow lacy glass compote, and a light red bowl with an etched grape and leaf design.

Examples of early American blown glass which date back to the middle seventeenth century form an integral part of the display. The two decanters and vase that comprise this particular unit of the exhibition case are crystal clear; however, imperfections caused by blowing the glass before the correct temperature was attained, are visible.

Three mold glass, which made its appearance on the American scene about 1820 and was a distinctive American product for many years, is also shown. It is represented by specimens of a crystal-clear decanter and sugar bowl.

The special glassware display at the Museum, located in Dearborn, Michigan adjacent to Greenfield Village, may be seen until June 13, 1950.

Dry Cellar

Placing around the cellar trays containing calcium chloride is often suggested as a means of keeping the cellar dry, as this material absorbs moisture from the air. However, the method is not too practical because the amount of water to be absorbed is so large. Generally it is better to paint the cellar walls with a cement-base water-proofing paint. A number of such paints are available commercially.

warrant for Claude Jackson, about 60, who lives on Roberts Road, about six miles south of Fowlerville, charging him with arson of his own home, which was completely destroyed by fire recently.

Plymouth—Petitions for nominations for members of the

board of education may be filed in the superintendent's office between May 12 and May 23 inclusive. Two terms expire this June, that of Board President Kenneth Hulsing and Dr. A. C. Williams. Hulsing will run for re-election.

South Lyon—The Lyon Town-

ship Community Chest held its annual meeting at the High school in South Lyon. The meeting, which was presided over by President Lester Slaughter, was held to adopt by-laws and allot money to various organizations.

Rochester—One of the most magnificent bowling palaces in this part of Michigan will be built on a large site on the South Hill overlooking the village of Rochester it was learned by the Clarion today.

Birmingham—Three contracts totalling \$2,109,765 for the construction of the new Birmingham high school at Cranbrook and Lincoln avenues were awarded by the Birmingham board of education at a special meeting held recently.

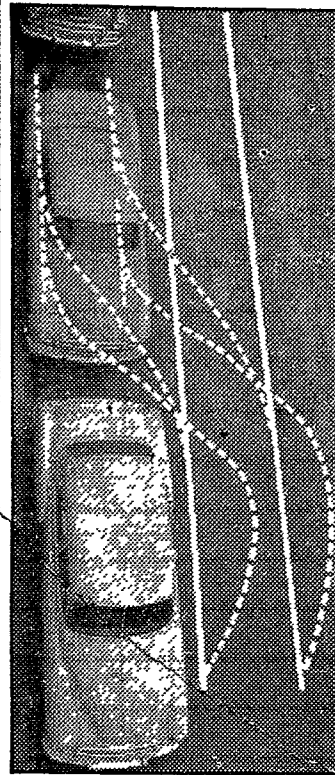

Farmington—Some grades in the Farmington elementary school system may have to go on half-day schedules next year, the Farmington Board of Education decided at its regular monthly meeting. The board heard recommendations by O. E. Dunkel, school superintendent, Miss Minnie Zietke, elementary supervisor, and G. V. Harrison, high school principal.

Plymouth—Property at the northwest corner of Sheldon Road and Ann Arbor trail was purchased by the board of education this week as the site for the second new grade school. The 12 acres of land was bought from Winston Cooper at a cost of \$1500 an acre.

How to Park

A survey of high school driving instructors by the Chevrolet Motor Division discloses parking as the toughest maneuver for students to master. The above photo-diagram illustrates correct procedure. First, stop close and approximately even with the car ahead. Next, cut your wheels sharply right, and back up until your front right bumper just clears the rear left bumper of the car ahead. Then, cut your wheels sharply left, backing slowly until alongside of curb.

Rochester—In the interest of beauty, health and safety, and spurred on by the slogan: "Let's Make Rochester the Cleanest Town in Oakland County," local residents and merchants are being urged to pitch in with their efforts during Spring Clean-Up Week from May 14 to May 20.

Farmington—Thirty-six votes decided that Farmington wouldn't have a night football field for the 1950-51 season. The proposition to levy one mill for two years to pay for a night field on Gill Road between Nine Mile and the Cut-Off was voted down 354 to 318. Seven ballots were spoiled for a total vote of 679 out of more than 3500 registered voters. Almost universal disappointment was registered by high school students and the school board itself when the results of the balloting was announced.

Vice Pres. Retires from Ford Motor Co.

Retirement of Mead L. Bricker as a vice-president and member of the Administration Committee of Ford Motor Company following his 65th birthday, was announced today by Henry Ford II, president.

Mr. Bricker will retain his directorship in the company and will also act as special consultant. In commenting on Mr. Bricker's retirement, Mr. Ford said, "Every major wartime production effort of the Ford Motor Company benefited from Mr. Bricker's great manufacturing knowledge and skill. In particular the output of 2,000 h.p. aircraft engines and the unprecedented heavy bomber production at Willow Run were personal triumphs of leadership."

"He also played a major part in our transition to peacetime production in 1945 when Ford turned out the industry's first post-war passenger car."

Coming to Detroit in 1904, Mr. Bricker was hired as a machinist by Henry Ford when the Ford Motor Company consisted of a small plant at Piquette and Beaubien Avenues. He left the company in 1905 and returned to Ford in 1914. Since that time, he has held a score of administrative posts at the Rouge, Highland Park and Willow Run plants.

Mr. Bricker was born in Youngstown, Ohio, in 1885, son of a professor of mathematics. He attended Youngstown public schools and then went to work as a machinist for the Buckeye Steam Engine Company at Salem, Ohio, before coming to Detroit.

In the early 1920's, Mr. Bricker became general production superintendent of the Ford Motor Company and held that position when the company was producing more than 9,000 cars a day.

In 1943, he was elected a director of the company and made general manager of the Willow Run bomber plant. In 1945, he was appointed vice-president in charge of manufacturing.

His principal hobby is his pedigree stock farm 25 miles west of Detroit which also serves as his summer home.

Four general ways will help to reduce costs on a dairy farm. They are improved forage production; more efficient feeding; better work methods; and more economical housing.

BROWNIE TROOP 2

Tuesday, May 2, we met at the school. We had a surprise hike. First we went to Mrs. Johnson's house where we had peanut butter sandwiches. Then we went to Mrs. Dickinson's house and had cup cakes. The last house we went to was Mrs. Stalker's where we had suckers and little fans. Mary played a piece on the piano.

'TEAMED FOR DEFENSE'

The first Armed Forces Day in American history, to be observed May 20, will emphasize the unification of the Army, Navy and Air Force in a three-pronged instrument for national security. Unification is already at work in the various far-flung American military posts throughout the world. Photo, left, shows Navy aviation machinist's mate, second class, J. Ritchy, of Swayzee, Ind., and Sgt. J. L. Kunsman, USA, of Easton, Penna., getting acquainted on police duty at the Naval Base, Norfolk, Va., before embarking on the great combined Army-Navy-Air Force exercises in Puerto Rico, called "Operation Fortrex," held in February. Photo, right, Capt. D. G. Donahue, Commanding Officer of the Naval Operating Base, Argentina, Newfoundland, congratulating Sgt. Otis Keller, captain of the Greenland Air Force basketball team, which was picked to represent the Air Force North Atlantic Area in the Military Transport Service Tourney held at Great Falls, Mont., in March, while Col. Edward P. Kern, Commanding Officer of the McAndrew AF Base, in Newfoundland, gives a well done to Robert E. Johnson, aviation machinist's mate, captain of the Navy NOB quintet. The Navy team defeated the Air Force in the Base Command Basketball Championship Playoffs, but participated only for the honors.

Lake-Trout Site Selected in U-P

Pendill's Creek, 25 miles west of Sault Ste Marie, Michigan, on Lake Superior, has been chosen as the site of the Upper Peninsula lake trout hatchery, Secretary of the Interior Oscar L. Chapman announced today.

The experimental hatchery, designed to help restore the lamprey-depleted lake trout fishery of the Great Lakes, was made possible by passage of a bill introduced in Congress by Representative Charles E. Potter of Michigan. A total of \$325,000 was authorized for the project and \$82,500 of this sum was later made available.

Construction of the hatchery will begin early this summer, Secretary Chapman said. By July, it is expected that the hatchery building will be started and one residence building and rearing ponds are to be completed by fall. The hatchery is expected to be in full operation a year from this fall.

When the number of lampreys decline, officials of the U. S. Fish and Wildlife Service hope that the Lake Michigan fishery can be built up by restocking with lake trout. The introduction of large fingerlings follows the practice of the Pacific salmon cultural stations — which has shown that stocking with larger fish is much more effective than with fry.

Selection of Pendill's Creek as the hatchery site followed extensive investigations of all available locations. Through the fall and winter, the investigators measured the flow of the water in the creek and recorded fluctuations in water temperature. Since temperature and flow of water are important to hatchery operation, the ample supplies from Pendill's Creek and the springs of nearby Vidian Creek were of primary importance in the final decision on the hatchery's location.

Part of the land for the hatchery site will be purchased. The remainder is on National Forest land. Negotiations with the U. S. Forest Service for use of the forest land are now underway, Secretary Chapman said.

Detroit Race Track Meet Opens May 25

An early sign of spring emerged this week with the arrival of thoroughbred workouts here in preparation for the opening of the new Detroit Race track, Middle Belt and Schoolcraft Roads, on May 25.

The new plant, which has been under construction all winter, will house thoroughbreds from May 25 to July 4 and from September 9 to October 7, with an intermission of night harness racing from July 17 to September 4.

The plant, under direction of President E. E. Dale Shaffer, famed Kentucky horse breeder and owner of Coldstream Stud, boasts more horseman facilities and customer comfort than any other track in the country.

Detroit Race Track has stable accommodations for 784 horses, a mile thoroughbred track, a practice track and a half mile oval within the larger track for the harness meeting.

The track has restaurant and bar facilities in both clubhouse and grandstand with a parking area suitable for handling 10,000 automobiles.

The ground floor leading down to the rail was erected in ramp form, starting at a height of eight feet and proceeding to track level permitting patrons an unobstructed view of the track from anywhere on the floor.

The seating capacity of 8500 allows maximum chair comfort with enough room between rows for spectators to pass without bothering those seated.

Among the horses that will participate at the May 25th meeting is Oil Capitol plus horses from the Lottie Wolf, P. L. Grisom stables and the famous Brown Hotel Stable from Louisville, Ky.

Washington's Brother Lawrence Washington, a brother of George Washington, was a marine officer in one of the three marine regiments recruited in 1740.

Uncle Sam Says

Political independence, our "Declaration of Independence," was proclaimed to a young and vigorous nation on July 4, 1776, when citizens were summoned to Independence Hall plaza in Philadelphia by the stentorian tones of the historic Liberty Bell. The actual tone of the Liberty Bell will again be heard throughout the nation during the U. S. Savings Bonds "Independence Drive" May 15-July 4. This time it will seal forth a message of financial independence for the individual, a reminder to every citizen of the importance of savings and Savings Bonds. They make you better equipped to face the future, secure in the reality that yours will be a better, more comfortable future.

President Roosevelt's Board said— NO!
President Truman's Board said— NO!
Still the leaders of the Railroad Firemen's Union say—"STRIKE!"

This ridiculous strike is an affront to every citizen of the nation. It's not for more money. It's not because of hours. It's only for soft feather-bedding spots for additional unnecessary firemen to go along in diesel locomotives just for the ride. A leading liberal newspaper calls the demands of the union leaders "horse-feathers"!

• The reckless leaders of the firemen's union want to force down the throats of the railroads and the public a ridiculous "make-work" proposal which has been twice ruled out by Presidential Fact Finding Boards duly appointed under the provisions of the Railway Labor Act.

This demand of union leaders for additional and unnecessary firemen to ride in diesel locomotives was rejected — after months of hearings — by a Board appointed by President Roosevelt in 1943.

It was again rejected in 1949 by a Board appointed by President Truman.

Recent meetings with the National Mediation Board have brought no change in the attitude of the union dictators.

Union Leaders Defy Intent of Law
The union leaders helped write the Railway Labor Act. Yet in an attempt to jam through this scheme of pure

"feather-bedding" by leading the members of their union out on strike and threatening paralysis to large areas of the nation, they are defying the spirit and intent of the very law which they helped to create.

This strike is not for higher wages. It is a strike to force the railroads to employ many more thousands of firemen who are not needed! It would be indefensible waste. The railroads have refused to place this additional and unnecessary burden on the public.

But more important than any other consideration, is the action of these few irresponsible union leaders in seeking to force a crippling strike upon the

This strike is one of the silliest strikes in history!

What are these reckless union leaders trying to do? They seek to cause thousands of their members to strike, and throw hundreds of thousands of other employees on and off the railroads out of employment, with loss of pay to them and their families, plus a severe blow to industry and the citizens of the nation.

What's the strike all about? If the union has its way—what happens? The present members of the union won't get one cent more pay. They will merely have been assessed for a costly and indefensible drive in an attempt to provide more dues-paying members for the union by creating "feather-bedding" jobs for additional and unnecessary firemen.

This is certainly one of the silliest strikes in history!

nation for their own selfish purposes.

There is no other possible answer to such a demand but "No!"

The railroads in making such a reply believe they have the whole-hearted support of the people in whose interest they are willing to fight this out, despite the loss and inconvenience that all will suffer.

It is time to put an end to such un-American demands.
