

More than 47,000 Boy Scouts will have a great adventure at the National Jamboree, Valley Forge, Pa., from June 30 to July 6, camping where George Washington and his Continental Army of 10,000 men kept alive the spark of liberty and helped to secure our freedom.

Local Boy Scouts To Attend Jamboree at Valley Forge

Six hundred Boy Scouts from the Detroit Area Council will leave Tuesday for Valley Forge, Pa. where they will join 46,400 other Scouts from the National Scout Jamboree. The Jamboree will be held upon the site of Gen. George Washington's camp during the bitter winters of 1777 and 1778 at Valley Forge. The Jamboree, part of the observance of the fortieth anniversary of the founding of Boy Scouts will be the largest gathering of youth in the history of the Western Hemisphere.

The Northville troop belongs to the Sunset District which is sending 45 members. Those going from the village are Junior leaders: Dick Gussell, Charles Dickinson, James Lapham, and Bud Cansfield. Other Scouts attending are: Robert Sheffer, Edward Nash, Lucien Lovewell, Billy Tierney, Art Carlson, Jr., and Allen Malby. The Scouts will be accompanied by Harold Wagenschutz who is Assistant Scout Master.

The boys will leave the Fort Street Station at 2:30 p. m. aboard a special train and will arrive at the Washington, D. C. station the next day at 6 a. m. From there they will journey to Valley Forge. At Valley Forge the Scouts will pitch 25,000 tents to form Jamboree City which will live for seven days only.

During this time the lads will eat an estimated quantity of flapjacks three times higher than the Empire State Building. The Scouts will require 94,000 eggs. Other figures show the boys will eat 5,000 gallons of ice cream, 100 tons of meats, including 25 miles of frankfurters, 35,000 cans of vegetables, and will drink 60,000 cans of fruit juice and 4,000,000 quarts of milk. The boys will use 200 tons of charcoal as they are going to do their own cooking over campfires.

Plans for Jamboree City were begun last winter. Water mains have been put in and the Philadelphia Suburban Water Supply will furnish 750,000 gallons of water daily. The 600-acre city will have its own electric light. (Continued on Back Page)

Denton Announces Safety Campaign

Chief Joe Denton announced today that the City of Northville has joined with the Michigan State Safety Commission in conducting a vigorous traffic accident prevention program aimed at speed control.

Speed too fast for conditions is the number one killer in traffic accidents, the Chief said. He pointed to the fact that about one out of three fatal accidents will entail a speed violation.

According to Chief Joe Denton, speed is particularly dangerous at night because you can't see a pedestrian or a motorist far enough ahead to stop in time. On slippery pavement you are more likely to slide into an accident if an emergency develops and when other traffic is present there are more chances for an emergency to develop.

Pick Delegates for Rotary Convention

Rev. Edwin E. Rossow and Charles F. Carrington are delegates from the local Rotary Club at the 41st annual convention of Rotary International in Detroit this week.

An attendance of over 6,500 Rotarians and members of their families from 60 countries of Europe, Asia, Africa, and North, South and Central America was expected at the convention which began Sunday and will close Thursday evening.

Keynote of the gathering of business and professional executives who represent 7,100 Rotary Clubs in 83 countries was internationality of the Rotary organization. Throughout the convention, emphasis was given to the opportunities which Rotarians have, in all parts of the world, to work for the achievement of one of the principal goals of Rotary International—the advancement of international understanding, good will and peace.

Among the speakers scheduled to address the Rotary convention were Ambassador Carlos P. Romulo of the Philippines, President of the United Nations General Assembly, U. S. A. Attorney General J. Howard McGrath; Walter Williams, chairman of the Committee for Economic Development; and Edgar A. Guest, famed Detroit poet. Convention addresses will also be made by Rotarians from Canada, Honduras, India, New Zealand, Norway and the U. S. A.

Council Considers Special Election

The Village Commission at their regular meeting Monday evening, discussed the feasibility of calling a special election in the fall for the purpose of bonding the Village so that all the streets which are unpaved may be paved at once.

The Council felt that the Northville citizens would rather the job be accomplished as a whole rather than the piecemeal procedure which they have been following for the past few years. A number of streets in the southern end of the Village were paved last year and last fall streets in the Rayson, Hutton, Horton area were resurfaced.

Before a special election could be called, it would be necessary to hire an engineer to survey the Village and determine the cost of resurfacing all the unpaved streets. Further action on the special election will be taken at a future meeting.

Commission Acts On Street Paving

The Village of Northville has withheld final payment to the Detroit Concrete Products Corporation until they have satisfactorily patched Horton, Rayson and Hutton Streets.

The Village Commission recently wrote the firm stating that in their opinion "considerable more work will have to be done to comply with the terms of the contract since the entrance from Baseline Road onto Horton needs more than a patching job and there are certain areas of the street that are badly washed-boarded."

The Commission at their Monday evening meeting was read a reply letter from the Concrete Products Corporation asking their indulgence for two or three weeks. They stated "that the temporary patches were put on to prevent further raveling and deterioration and that it was their intention at the earliest possible date to make permanent repairs, using the identical material as written in the specifications."

The company stated that permanent repair to the roads was hampered by the very late spring.

Registrations Due for Scout Day Camp

The camp site has been changed this year to a piece of property located on West Main Street near Beck Road. Included in the camping program will be: bird walks, identification of rocks and plants, fire building, cooking, trail marking, exploring, lashing and other woodlore and the girls are planning to camp out one night.

aloofly declined to assign him any duties.

One way out of the dilemma would be for Governor Williams to go to the commission's rescue: Wipe out the general's salary from the legislative budget. Such was within the governor's power as the state's chief executive.

But to do this would be to put the governor technically in a position of nullifying the intent of the State Supreme court. A good many persons did not think the governor would deliberately choose to put himself on the spot. Governor Williams, either through courage or foolhardiness, chose to veto the Supreme court decision for all practical purposes. We list the two alternatives for it now appears that the governor's move was a political mistake of first magnitude.

The Republicans have a brand new issue. The governor is on the defensive - something he has astutely tried to avoid.

Robert H. Dunn, legal advisor to the civil service commission, has announced a suit would be filed in the State Supreme court to restore full duties to the ousted business manager. He denounced the governor's veto as "illegal" - interference with the Supreme court's decision. The word was strong, as if the governor was about to defend himself in an impeachment proceeding.

Williams countered with a declaration that Owen J. Cleary, former chairman of the liquor control commission and now Republican state chairman, had recommended dismissal of General Kunzig. Cleary politely said the governor had lied; he had done no such thing.

John Kozaren, the present Democratic chairman of the commission, was a Hamtramck precinct worker when he was picked by Williams to head the liquor control setup.

General Kunzig, classmate to General Douglas MacArthur, was selected by former Governor Harry F. Kelly to become business manager of the commission, after a series of liquor scandals had made the liquor control set-up a "hot spot" for any appointee. (The controversy now puts Kelly into the limelight in a big way.)

Kunzig met all civil service requirements for manager of a business in which purchases of liquor amount to \$140,000,000 in one year. If there has been any scandal recently in the state's liquor control business, we have yet to hear of it. The governor defended his veto as "economy" - saving the taxpayers \$10,000 a year for a needless job at Lansing. Williams and economy have not been synonymous.

From all present indications the final decision will be made by the State Supreme court - whether the governor has the right to invalidate, in a practical way, the mandate of the court and the state civil service commission.

That is why we characterized the governor's position in the controversy as "grabbing on to a bull by the tail."

By doing this, the governor put himself on the defensive with a new issue, sacred to the cause of good government in Michigan.

He finds himself in a position of attacking the principle of civil service - something which his

Democratic sponsor, the late Frank Murphy, would never have done. Murphy, as governor, championed the cause.

Salutatorian Cites Seniors' Futures
 By Faye Austin
 You are gathered here tonight to be with us for the Commencement Exercises for the Class of 1950.
 We extend our warmest welcome to you who have helped us in so many ways to attain our goal -- our families, on whom we have leaned so heavily; our teachers, for their patience throughout our school years; and our friends who have made everything worth the effort.
 Graduation means the ending of our high school days and commencement means the beginning of our separate achievements.
 There have been a great many changes in our world since we started school. We have lived through good times and bad, war and peace, and bravely weathered them all with the help of those about us.
 Some of us will go on to higher learning. Others will be content to carry on in the business and home world. Whatever the choice, we want you to know we will do all in our power to maintain our American way of life.
 Tonight we want to thank you, our parents, teachers, and friends for your love, patience and understanding through the years we needed it most.

Rural Tele-news

AS SIMPLE AS A-B-C—Money for new construction needed to provide more and better rural telephone service has to come from investors. And investors only put their money in businesses that show a fair profit. So, no fair profit for Michigan Bell, no investors. No investors, no money for new construction. That's why it's important for you to have Michigan Bell financially healthy.

A TRIP SAVED—During planting this Spring, a Michigan farmer's tractor broke down. He was about to drive into town to get a spare part from the dealer there. But fortunately, he thought to telephone first. The dealer didn't have the right part. So he called the dealer in another nearby town and located the needed part. Saving needless trips and wasted hours is but one great value of the telephone.

Valedictorian Points Out Seniors' Obligations to Man and Country

By Frederick Paul Bernhardt

We of the class of 1950 realize at this time that we must take our leave of all the pleasant and gratifying associations that we have formed during our stay at Northville High School. These associations formed among us, our teachers and counselors will live in our memories as a cheerful reminder of high school days. Therefore, it is with a feeling of satisfaction but yet with some reluctance that we have finally attained the long-awaited for and notable achievement—graduation. This achievement will be represented physically by our diplomas. It will be represented spiritually and characteristically by our behavior in life as responsible and alert citizens, by our relationships with other people, and in our attitude toward God and man.

These four years have also taught us to accept responsibility and carry out our obligations to the best of our ability. This fact demonstrates one of the main purposes of high school and that is to be better prepared to meet the vicissitudes of life—of which there are many.

I believe our stay has accomplished much of that and more. We are also more fully capable of co-operating with many kinds of people; including those of other religions, races, and beliefs, whoever they may be, and of gaining a place among them in the highly competitive world which exists today. In order to do this most effectively, we must constantly seek to improve ourselves. Many books have been written and many sermons preached, but the essence of getting along in the world with our fellow man has been simply and explicitly written on two tablets of stone which are the Ten Commandments.

It is now for us to make our contribution to society and strive to be a decided asset. This is an obligation not only to our fellow man but to our country as well. It is how well we fulfill this obligation that will determine our success in life.

During these past years, we have had our parents, teachers, and Church to thank for getting us off on a very favorable start. They have helped us over the rough spots and given us encouragement and advice whenever needed. This aid has been greatly appreciated and we want to thank them from the bottom of our hearts.

Our high school days are behind us. We are now ready to meet that which is before us. We must have the courage to do whatever is right. We are young and are not afraid. We are out to challenge the world for a bright future.

And so, it is with this thought in mind that we of the class of 1950 bid you our fondest farewell.

at the Cronin place on Norfolk Friday evening.

Mr. and Mrs. Joseph Sidelinker joined relatives in an all-day family picnic in northern Michigan Sunday.

Clinton Ault was on the sick list all of last week.

The Kirkwood house on Eight Mile Road, near Farmington Road was broken into in broad daylight Saturday morning, June 10th. A sum of money is reported stolen.

Neighborhood Sunshine Sisters met at the meeting house last Wednesday afternoon, "Friends" was the devotional topic. Mrs. Joseph Sidelinker, who had returned from a two-year stay in Florida, was welcomed back into the group. She gave some interesting descriptions of life in the south.

All were asked to send cards now and then to a shut-in, Marian Walker, a 16 year old girl of Route 2, Cass City, Michigan.

It was decided to hold the annual Mother and Daughter Potluck Monday, June 26th at 6:30 p. m. A program to follow the meals is being prepared.

The next Sunshine meeting will be held on Wednesday afternoon, June 28th, at 2 p. m. The group never postpones or changes dates for meetings.

The Neighborhood Bible School will hold its Children's Day service on Sunday, June 25th.

(and Dozens of Other Dairy Delights!)

No question about it... when it comes to cheese, there's a big difference in tastes. And it takes a big variety to satisfy them all. Has A&P's Dairy Department got what it takes? You said it! Might as well try to count the holes in a Swiss cheese as the cheeses in A&P's refrigerated cases! But you can take our word for it... there are more than 80 different kinds... all marked with dollar-stretching prices. Come find your favorites! And get plenty of other grand dairy values here, too!

Softball Picture Marred by Forfeits

The softball picture since last Thursday has been slightly shaky with two forfeits, an exhibition game between two incomplete teams and one real, legal game.

It has been reported that a team known as the Country Gentlemen of South Lyon will replace the Ford team on the softball schedule, but it is also possible that another team will comprise a new Ford squad.

The Mayor's team and Stone's Hardware are scheduled for the first game tonight at Ford Field, at 7:00 p. m., and the Daisy Air Rifle Girls are to play an exhibition game at 8:30.

OPTIMISTS' WIN FORD-FORFEIT

The Optimists got credit for a win in the Northville Softball league last Friday night at Ford Field when the Ford team forfeited because of lack of players. In place of the scheduled game, the Optimists took the diamond against the 4-H team and won 14-6. The 4-H squad was not complete with regulars. Clayt Graham pitched for the Optimists with Don Maclean behind the plate. Ray Doolin and Chuck Mankin were the 4-H battery.

MAYORS 8 S. SIDE MERCHANTS 7

The league leading Mayors topped Plymouth's league leaders, the South Side Merchants, in an exhibition game Friday night, 8-7, with the winning tally coming in the bottom of the last inning. Neither team had a full complement of regular players.

The Merchants had a 6-4 lead going into the fourth inning, but a scramble for runs left the score at 7-7 in the final inning. In the bottom of the last inning, the Mayors connected for a run when pitcher Chuck Mankin walked both Clayt Graham and Jim Thompson and Dave Shilling won his own game with a sharp single past third base, scoring Graham.

Doolin and Mankin drew double duty Friday. Each served as pitcher and catcher in the first game and repeated in the second for the Merchants. Shilling and Elmer Balko were the battery for the Mayors.

STONE'S 16 OPTIMISTS 3

Stone's Hardware gave pitcher Dave Pottinger plenty of support

last Monday night with 16 big runs. Pottinger held the Optimists to three tallies. It was the second game of the evening at Ford Field.

Stone's tagged three Optimist pitchers for 15 hits and drew six walks. Pottinger, who gave up five hits and issued eight bases on balls, had a perfect night at the plate with two singles, two doubles and a triple in five trips to the plate.

BLOOM'S 7 COUNTRY GENTLEMEN 6

Bloom's pushed a run across in the last of the fifth inning last Monday night to win a time-called game against the Country Gentlemen. As a league game, it was won before playing began, since the Country Gentlemen had to forfeit due to lack of a ninth man. The Gentlemen replaced Ford's team, which has reportedly dissolved, on the schedule.

After a 1-2-3 first inning for both teams, the Gentlemen broke loose in the top of the second with two runs. Gatterer scored on an error at second base after drilling a triple into the outfield and Simmons, who got on base via the same error, scored when the ball got by the catcher.

Bloom's picked up three runs in their half of the second. Lawrence Bennett got to first on an error and stole second. Harold Heintz walked and Bennett stole third, scoring on a passed ball. Heintz scored seconds later on a passed ball and Dick Lyke singled and tallied on pitcher Frank Holman's single.

In the third inning, the Gentlemen collected three unearned runs on two walks and five errors without getting a hit. In the last of the third, Tony Himmelsbach hit one into the dirt in front of the plate and when the Gentlemen catcher threw the ball past first base into right field, Himmelsbach went all the way and scored. Lawrence Bennett got the other tally in the inning with a blast into right that was a home run in anybody's book.

In the fourth, Leon Holman singled and Himmelsbach tripled for another tally. The Gentlemen tied it up in the fifth when Kuschel singled, took second after a fly and scored on Simmons' single.

In the last of the fifth, Bennett tagged the Gentlemen pitcher for a single and took second on an error. He stole third but was tagged out at the plate trying to score on Heintz's infield rap. Heintz took second on a passed ball. When the Gentlemen shortstop threw too high to first after fielding Dick Lyke's infield hit, Heintz scored the clinching run.

Below is the schedule for the Central Michigan Girls' league:

and telephone system. The number of the telephone exchange whose 25 trunk lines will connect it with the outside world will be Jamboree 1950. Four miles of sewer lines were constructed.

Three days are planned to unload the Scouts and their equipment from more than 100 trains converging at Valley Forge. The health service for the scouts will be furnished by the U. S. Public Health Service, the Army, the Navy and medical societies of the country in which the Jamboree is to be held. Dr. William J. McAnally, of the U. S. The Army Hospital at Phoenixville and the Naval Hospital at Philadelphia will be at the disposal of the Scouts. The 25,000 tents city will have its own postal substations. The U. S. Post-office Department will issue a special Boy Scout stamp at Valley Forge June 30.

Supper in Child's Restaurant, a tour of Wall Street, Chinatown, and the Bowery, and observing the city from atop the Empire State Building are a few of the various activities which will entertain the Scouts while they are in New York City.

May Cancer Report

Following is the report of the Cancer Patients Aid of Northville for the month of May—materials were furnished by: Mrs. W. E. Forney, Mrs. Bural Clark, Mrs. John Kaiser, Mrs. Catherine Cooney, Mrs. Charles Batt, Mrs. John K. Nelson, Mrs. Mary McDonald and Mrs. George Harrison.

Dressings were completed by the following groups: the Past Matrons of Northville; W.S.C.S. of Novi with Mrs. John Klaser; Episcopal Guild with Mrs. William Aston, Presbyterian Circle with Mrs. Alfred Parmenter, Sr.; Extension Group No. 1 with Mrs. William Milne. Extension Group No. 2 with Mrs. Albert Rider and many homemakers who did not leave their names.

Mrs. E. J. Willis, chairman of this project, is very grateful for the materials and interest shown by the community to victims of cancer. All supplies are free and are always on hand at supply headquarters, 119 Rayson.

The American Cancer Society, the only voluntary health agency in the United States devoted to the control of cancer through a comprehensive program of research, education and service, is an expression of the democratic belief that each individual has a responsibility to his neighbor and his community. For us, this means the neighbor with cancer. The responsibility does not end when everything has been done that can humanely be done to detect, diagnose and treat that cancer.

Service to the cancer patient is an immediate concern of both the lay and the professional volunteer.

The American Cancer Society heartily recommends Division projects aimed at bringing patients who have been treated for cancer back to their former status in the community.

Birthday congratulations to Mrs. Edward Chaddock, whose birthday occurs today.
