

Fall Primary Election Candidates Classified by Citizens League

The Northville Citizens League, non-partisan, has made an effort to bring to Northville citizens a comprehensive study of the qualifications of various candidates for office on the two major political tickets in the September 12th primary election.

On the basis of answers to a questionnaire, plus some personal interviews, the League has come to a determination as to fitness of most of the candidates. A rating of **PREFERRED** is given to candidates who are unquestionably able to carry out the duties of the office sought, and who have experience fitting them for the job. **QUALIFIED** is the rating given those with a lesser degree of experience or those who have tended to play politics in office. **NO COMMENT** is given to candidates with practically no experience in line with the duties of the office and to "name" candidates. The results have been tabulated and are being mailed to the voters.

Republican		Democratic	
Governor:	Alger, Fred M.	Williams, G. Mennen	
	Kelly, Harry F.		
Lt. Governor:	Mills, Dan	Connolly, John W.	
Congressman 17th Dist.:	Dondero, George A.	Davidson, Hugh K.	
		Donohoe, Eugene G.	
State Representative:	Smith, George A.		
Prosecuting Attorney:	Rodgers, Theodore J.	O'Brien, Gerald K.	
Sheriff:	Behrendt, Edward	Baird, Andrew C.	
		Trullard, Edw. A.	
County Clerk:	Brady, George E.	Branigin, Edgar M.	
	Gallagher, T. M.		
	Powers, Joseph A.		
County Treasurer:	Lau, William A.	Stoll, Harold E.	
Register of Deeds:		Youngblood, Bernard J.	
Drain Commissioner:	Meredith, A. L.	Cushing, Herbert F.	
Coroner:	Babcock, Lloyd K.	Harris, Albert E.	
		Knobloch, Edmund J.	
		Ryan, Charles F.	

All candidates on both tickets favor the strengthening of our national defenses, and all concurred in the belief that our participation in the United Nations defense of South Korea is justified. There was no dissent to the American principle of free enterprise in business and labor, and there was universal condemnation of measures tending to make a Welfare State of our country, or to socialized medicine.

In the race for Congressman of the Seventeenth District, the League preferred the present incumbent, George A. Dondero, who has represented the district in Congress for the past seventeen years, and has been a staunch supporter of the Republican views. He is opposed by two well qualified candidates, Hugh K. Davidson, Detroit attorney, and Eugene G. Donohoe, a middle-of-the-roader. If Davidson and Dondero are nominated on their respective tickets, the campaign and results of the November election should give a good indication of things to come in the way of Republican or Democratic sentiment in 1952.

On the Taft-Hartley law, the League finds almost a party-line cleavage. Ten Democrats stated views against the law while only one Republican took such a stand. All other candidates were either out and out for the law, or for the present law with some modification. All but two candidates favor extension of social security.

The candidates were uniformly against Socialized Medicine. Hugh Davidson, candidate for Congressman, indicated that he favored the National Health Program which the administration fosters. Andrew Baird and Herbert Cushing were undecided on this question.

There seemed to be a wide divergence of views on all other questions submitted, with no respect to party lines. These questions included government farm price supports, compulsory health insurance, fair employment practices legislation, compulsory military training, deficit government financing, world government, federal aid to schools, and civil rights legislation.

The League has devoted much time and study and a great deal of work to the compiling of its report. The questionnaires returned are available for inspection if any voter desires to see them.

Above all, the League urges every citizen to VOTE SEPTEMBER 12. It points out that light voting by the general run of voters, not strongly affiliated with any political activity, paves the way for the candidates of political machines to be nominated and subsequently the average voter's choice, in the general election, is restricted to the candidates nominated by such machines. The League would prefer the expression of the majority of the qualified electors.

The League urges every Northville citizen to see **LAND OF THE FREE**, the new film strip purchased by the Optimist Club which will be shown at the V.F.W. Hall September 11, 18 and 25.

The League would not be adverse to accepting contributions to aid in carrying on this work. It has been financed thus far by contributions from its own members. Its headquarters are at the home of Dr. Harold I. Spaulding, President of the League.

Police Plan Safety Education Program

Don't let school bells sound the death knell for YOUR child!

This grim warning was issued today by Chief Denton, spokesman for the State Safety Commission's September program of traffic safety education, as millions of youngsters, trooped to classrooms throughout the country — many for the first time.

"For the beginners," Chief Denton said, "this may be his first tussle with reality — with the dangers of the street, and the problems that he must face for himself without Mother's personal guidance. For that reason, the danger to the very young is extreme at this time of the year."

This emphasis on child safety education by both educators and parents and the driver's responsibility for child safety — is part of the State Safety Commission's program this month.

Another important part of the program, Chief Denton said, will be devoted to acquainting the public with the record of young drivers as a group, and how this record can be improved.

"Traffic safety education," Chief Denton said, "is not a thing that we can arbitrarily end with the student's fourth, eighth, or twelfth year of formal education. Adult — so-called 'mature' — drivers themselves have much to learn about traffic safety, so the process is obviously a never-ending one. Instruction early in a child's life, however, will do much to make things safer for him, and in 10 or 20 years when he is of driving age, for all of us."

Using the slogan, "WATCH OUT FOR KIDS," the State Safety Commission hopes to convince all adults that their teachings may mean the difference between life or death for some youngster.

Reception To Honor the Rev. Johnsons

A reception and open house honoring Rev. and Mrs. William Johnson and family will take place at the Methodist church house Tuesday night, September 12 from 7:00 to 9:00 p. m. Rev. Johnson took over the local Methodist pastorate last June.

Members and friends of the Methodist church are invited to come and welcome the pastor and his family.

The Women's Society of Christian Service have charge of the arrangements for the affair.

New Location for Therapy Center

The Physical Therapy Treatment Center for the Wayne County Health Department is being moved this week to the Township Hall in New Boston.

This Center is open weekly on Wednesday afternoons, when the Nurse-Physical Therapist from the health department gives physical therapy treatment to patients according to orders prescribed by their orthopedic doctors.

Equipment for the center was provided from a fund given by the Wayne County Chapter of the National Foundation for Infantile Paralysis.

Transportation of patients to the center has been arranged for by the Easter Seals Wayne Out County Chapter through the aid of volunteer drivers, the chapter station wagon, and the American Red Cross Motor Corps.

The Treatment Center was opened last January at St. Paul's Reformed Evangelical Church at Telegraph and Goddard Roads where space was made available in the Sunday School rooms. This church as continued to give space for the Center up to the present time.

Garden Club Show Chairman

MRS. EDWARD C. MOLLEMA

Flower Show Entries In At Noon, Sept. 7

Flower lovers will be on hand Thursday, September 7 at the Methodist Church House to view the exhibits at the annual Flower and Vegetable show. The show is sponsored by the Northville branch of the Woman's National Farm and Garden Association. The public is invited to view the exhibits from 2 to 9 p. m., according to Mrs. Edward C. Mollema, general chairman of the show.

Exhibits will be received from 8 a. m. until 12 noon on the day of the show and judging will be done from noon to 2 p. m. when the show will open. Miller Ross of Plymouth and William C. Durant of Ypsilanti are judges for the affair.

In conjunction with the Flower and Vegetable show a bake sale and afternoon tea will be given. A painting by Mrs. Frank Ze-Bornick, a club member, will be given away as the door prize.

Rules for the contest are: All entries must be in place by 12 noon; vegetables for display must be washed; all materials must be grown by exhibitors; exhibitors must abide by the decision of the judges; competition is open to amateurs only (complimentary exhibits welcome); No one will be admitted during judging; vegetable exhibits must be shown on paper plates; exhibitors must furnish containers for flowers and exhibitors are responsible for their containers.

Assisting Mrs. Mollema with plans for the show are Mrs. Paul Schulz and Mrs. Manley Hoysradt.

V.F.W. Auxiliary To Sponsor Ham Dinner

The annual bazaar and ham dinner, sponsored by the V. F. W. Auxiliary, will be held Thursday, September 14 at their new Hall, 438 Plymouth Road. Dinner will be served from 5:00 until 8:30 p. m.

Tickets may be obtained from members of the Auxiliary or at the R. M. C. shop, 136 Main street. They will also be sold at the door the night of the dinner.

Union Services Close

The Summer Union services of the First Methodist and First Presbyterian churches of Northville have come to a close. Next Sunday, September 10, Reverend William Johnson and Reverend Harold F. Fredsell will preach from their respective church pulpits.

After a custom of the past 20 years, July services were conducted in the Presbyterian church by the Methodist minister, Rev. Johnson, and in August, Rev. Fredsell preached from the Methodist pulpit.

Mr. and Mrs. Henry Grimshaw of Grace Street have purchased the James Montgomery home on Haggerty Road and expect to take occupancy in November. The Montgomerys expect to move to Detroit.

Americanism Films To Be Shown Mon.

The first in a series of three Americanism meetings sponsored by the local Optimist club will be held Monday evening, September 11 at 8:00 p. m. at the Veterans of Foreign Wars Hall on Plymouth Road. Subsequent meetings will be held on September 18 and 25.

All the citizens of Northville are invited to attend these meetings free of charge. These meetings are intended to sell "America back to the Americans," said Fred Hunter, chairman of the Americanism committee of the Optimist Club.

The program will consist of six full color sound slide films which tell the story of man's fight for economic freedom from the prehistoric days to the present. Two films will be shown at each of these meetings. Monday night's films will be "Land of the Free" and "The Smith's Look Back." "Land of the Free" prepares the audience for acceptance of economic knowledge, by making a strong plea for greater understanding of the American Way of Life. It tells that we can hardly expect peoples of other nations to understand our way of life and to want to adopt it if we don't understand it ourselves. Capitalism, socialism and communism are defined, narrated and illustrated clearly so that the audience can clearly comprehend.

"The Smith's Look Back," depicts a typical American family with a man's attempt to secure individual freedom during ancient times. Tom Smith, the family breadwinner, sees that mankind for centuries has faced social and economic problems surprisingly similar to the problems of today. He sees that the conflict of ideas in free Athens and communistic Sparta in ancient Greece was much like the conflict of ideologies of American and Russia today.

Hunter said that the Optimist club is looking forward to a large attendance this Monday night and on the two succeeding Mondays so that Northville may set a precedent for the rest of the nation in selling America back to Americans.

Children Asked To Have Check-Ups

All parents of children entering kindergarten this fall are encouraged to have a check-up made on their child's health before school opens, so that if any corrections are necessary, they may be completed before school starts in September.

Committee members have been contacting parents the past two months and will continue to try and be as helpful as possible in giving information, advice or answering any questions. The co-operation of parents is needed to make the project one hundred percent perfect.

Those working with Chairman Mrs. M. Willing are Mrs. Adrian Willis, Mrs. J. Leavenworth, Mrs. Charles Strautz, Mrs. George Kohns, Mrs. Rodolphe Richard, and Miss Ruth Knapp.

Truck Accident Fatal to Canton Center Lad

Ralph B. Stone, 18, of Canton Center was the victim of a traffic accident Saturday morning when the car in which he was driving, jammed under the rear of a truck on Canton Center Road. The truck driver was Charles Tatro, Jr. of Northville.

According to a Detroit paper, Tatro said he stopped, with a corner of the truck over the highway on Canton Center Road near Warren Road. Stone, purported to be going about 70 miles an hour jammed his car under the rear of the truck which had come to a halt.

Dr. and Mrs. E. R. Sleight of Richmond, Va. are house guests this week of their daughter and her family, Mr. and Mrs. Henry Grimshaw of Grace Street.

GARAGE BECOMES MUSEUM PLACE

PHOTOS BY GEORGE YERKES

Schoultz Garage Houses Collection of Antiques

A 109 year old book written in memory of the Northville-Plymouth Baptist circuit rider, William H. Gregory, is only one of the nearly five-hundred antique items displayed by Charlie Schoultz in his garage on Base Line Road.

"This book is extremely interesting reading, especially to people of the Northville-Plymouth area," said Mr. Schoultz. The biography was written after Gregory's death in 1858 and tells of his life as a resident of Plymouth and a teacher in Waterford as well as his ministry in the local Baptist church in the 1850's. Mr. Schoultz found the relic about fifteen or twenty years ago in a pile of old trash.

Mr. Schoultz said that for years he has made a practice of visiting the second-hand shops and junk yards in the towns he passes through perusing for antiques. Some of his relics, he brought back from France after the First World War.

His most ardent collecting began when the Schoultz family settled in Northville in 1921. After the razing of his garage by fire and its rebuilding in 1944, he has erected display shelves on the four walls of the building and has even utilized the ceiling rafters for display. Here you'll find hanging two hoop skirts, a horse's straw hat and a kerosene chandelier as well as a crude wooden shovel and rake which were used 75 years ago.

Probably many people have noticed the old wooden pump standing beside the Schoultz garage door. This typical early American pump, said Mr. Schoultz, is at least 60 years old and was found in Toledo, Ohio.

Some of the oldest items in the collection are cups and saucers which date back 200 years. One rarity among his china pieces is a Franklin Maxim cup with one of Dr. Ben Franklin's famous sayings painted on it. Along with the chinaware on the window shelves is a beer schupper. This greatly enlarged goblet, explained Mr. Schoultz, was filled in the eighteenth or nineteenth century taverns for only three cents.

The Kenasaw Mountain museum, Atlanta, Georgia, now has on display Mr. Schoultz' two-year subscription of the National Tribune printed during the Span-

ish-American War in 1898-99. The December 23, 1884 edition of the Detroit Post can be read at the Schoultz museum.

Mr. Schoultz is looking for a Northville-made bell to add to his array of various sized bells. The windlass salvaged from the Northville Opera House stage when the old building on Center street was torn down this spring, supports an old country-school house bell in the front of the shop.

Among his pamphlets, programs and brochures, is the program of the Flower Festival, the predecessor of the California Rose Festival, held in Los Angeles in 1887. Early American household articles such as a charcoal flat iron; 1850 model of the hand sewing machine (invented in 1841), clock giving the month and day as well as the time; a wooden butter mold with moveable screws controlling the size of the product and two butter churns of different periods are shown.

An original carpet bag after which the Civil war swindlers were named, as well as a musket used during that war have been salvaged.

Antique lovers will be interested in the two original Currier & Ives prints which hang on the Schoultz garage wall. These pictures, one of the Blacksmith's Shop and the other of the Mid-night Race on the Mississippi are not printed on paper but on cork, stated Mr. Schoultz.

Proof that fashion repeats itself with modification, of course, can be seen in the styling of an old pair of eye-glasses in this display. A rectangular shaped pair with extension bows was tied at the back of the neck with a string in those days. In this way the glasses could be hung around the owner's neck when not in use just as the 1950 styles are featuring.

England also is represented in this collection of rarities. According to Mr. Schoultz, during the early period of the stage coach in that country, passengers never wore their hats while traveling but sent them from place to place in the coaches. Even the stage coach markers can be seen on the specimen of the hat box of this period in the Schoultz collection. (Continued on Back Page)

Navy, Marines Take Two Northville Lads

Two Northville high school graduates of the class of 1947 left last week for services with the United States armed forces. Harvey Hodge, son of Mr. and Mrs. Harvey Hodge of Dunlap street, enlisted in the Navy and went to Great Lakes August 30 for his boot training. Harvey has worked for the Corps of Engineers on the Great Lakes for three years. Ken Farrell left August 29th for training with the Marines. His parents are Mr. and Mrs. Edward Farrell of First street.

Village Schools To Open Friday

Northville's school children will return to their classrooms Friday morning at 8:30 a. m. for a full day of classes. Superintendent Russell H. Amerman announces that the staffs in both buildings have been completed and that all is in readiness for the opening day.

No great increase is expected in the enrollment, he said, and it is expected that about 1000 school children will report for classes on Friday. About 90 kindergartners are expected to enroll Friday, Mr. Amerman said.

The addition to the Grade school is not ready for occupancy, but it is hoped that partial occupancy can be made around September 15, Superintendent Amerman said.

Tuesday, Wednesday and Thursday of this week were devoted to teachers' orientation program. Highlight of the event was a talk by Miss Margaret Sours, who recently returned from Germany where she taught a year.

Black's Catering will have the school concession and will serve hot lunches in the Grade school lunchroom beginning Monday.

Maybury To Hold 14th Annual Fair

The 14th Annual Maybury Fair, scheduled for Sunday, September 10th on the grounds of the Wm. H. Maybury Sanatorium near Northville, promises to be the finest in the Sanatorium's history, according to Mrs. Margaret Owens, Chairman of the Maybury Fair Board. Visitors are invited from 2:30 to 4:30 p. m.

The entertainment program features a puppet show by Mrs. Josephine Alexander, pony rides for children, feats of magic by Arthur Whelpley, two groups of strolling troubadours who will play for the patients in the wards, and a popular dance band to entertain visitors. The music will be furnished through the co-operation of the Detroit Federation of Musicians and the Music Performance Trust Fund of the American Federation of Musicians.

Special exhibits will demonstrate the services performed for patients to aid their recovery from Tuberculosis and there will also be a display of articles made by the patients during their hospitalization. Numerous drawings, prizes, donated by merchants in Northville, Detroit and other surrounding communities include a table model television set, a portable radio, lamps, and other household appliances. Refreshment stands will serve foods and beverages. The entire proceeds from the Fair will be used for the benefit of patients.

More than a thousand persons attended the Fair last year, and an even larger number is expected on September 10th. Public transportation is provided via the Northville Bus Company from Seven Mile Road and Grand River direct to the sanatorium.

Mr. and Mrs. A. R. Wood and two sons of Michigan City, Indiana, stopped at the home of Mr. and Mrs. S. H. Robinson for a visit Sunday. Mr. Wood was at one time an employee at the Record office, leaving Northville in 1937. The Woods were on their way home from a trip through the East.

Voters To Nominate Candidates for November Ballot

Northville's electorate will go to the polls Tuesday, September 12 to nominate candidates to be placed on the November ballot.

Voting will be done by precincts: Precinct one voters will cast their ballots at the Village Hall and precinct two members will vote at the Scout Building on East Dunlap street. The polls will be open from 7:00 a. m. to 8:00 p. m. with a capable election board on hand to aid citizens in casting their ballot.

Northville township residents will be voting for men for the offices of governor, lieutenant governor, representative in Congress, senator and representative in the state legislature, judge of probate to fill a vacancy for the term ending December 31, 1952, prosecuting attorney, sheriff, county clerk, county treasurer, register of deeds, county drain commissioner, and two coroners.

Two thousand five hundred and ninety persons are registered with Clerk Fred Lyke and are eligible to vote in the election September 12.

Methodists Plan Festival Dinner

The annual Harvest Festival dinner will be held at the Methodist Church House Monday, September 18. Tickets may be obtained from members of the Wesleyan Service Guild, who are sponsoring the dinner.

The dinner will be preceded by the Harvest Festival, which is celebrated each year in the church and this year will occur Sunday, September 17 at the 11 o'clock service.

Donations of fruits and vegetables, either canned or fresh, jam, jellies and relishes will be greatly appreciated. Anyone desiring to have such donations picked up may call Mrs. Harry Sedan, Northville 477.

Presbyterian Staff To Meet Thursday

Teachers and officers of the Sunday School, First Presbyterian Church will meet for a staff conference on Thursday, September 7th, 7:30 p. m. at the home of the General Superintendent, John W. Blackburn. In preparation for the opening session of the Sunday School on September 10th, new teaching materials will be presented. "The Church-One Fellowship" is the over-all theme for the year. A pre-view of the teaching materials is to be presented on Monday evening, September 11th at the Woodward Avenue Presbyterian Church in Detroit.

Members of the teaching staff of The First Presbyterian Church are as follows: Beginners; Mrs. D. H. Groeneweg, Mrs. Robert E. Davis and Mrs. John B. Hu-lett; Kindergarten: Mrs. Harold Hartley and Mrs. Raymond C. Rogers; Primary Department: Mrs. Harold F. Fredsell, Mrs. C. E. Rogers, Mrs. Furd Sutherland, Mrs. Kalin Johnson, Peggy Price and Sally Merriam; Junior Department: Mrs. Joseph R. Plunkett, Mrs. Albert Vradenburg, Kenneth MacKay, Charles Carington, T. Howard Bray and Mrs. Karl Karg; Junior High Department: Mrs. George W. Weiss and Mrs. Ray E. Hager; Senior High Department: Mrs. V. George Chabut; Adult Classes: Mrs. C. M. Chase and Dr. Brian K. Bradford. The newly appointed secretary is Ray E. Hager with Stuart H. Thomson, treasurer. No one has been appointed to the position of financial secretary to succeed the late C. M. Chase.

Mrs. J. Philip Anderson of West Eight Mile Road has as her house guest this week Miss Christine Milne of Evanston, Illinois. Last Tuesday, the ladies went to Lapeer to visit Mrs. Stewart Thiemky (Jean Anderson).

PROBATE JUDGE HICKS G. GRIFFITHS

Probate Judge Hicks G. Griffiths was appointed to the Wayne County Bench in June, 1950, by Governor Williams, succeeding the late William F. Cotter, who died June 17th.

Judge Griffiths brings to the bench ten years of experience as a practicing lawyer, and a long record of public service in Detroit and the State of Michigan.

Born in Amsterdam, N. Y., in 1910 he attended the University of Missouri, and the University of Michigan Law School, graduating from there in 1940. He immediately entered the practice of law in Detroit.

In 1942 he joined the legal staff of the Detroit office of the Office of Price Administration, and remained there until 1946. He rose to become Chief Price Attorney for Michigan, as well as Utility Counsel to the National O. P. A. office on matters affecting Michigan.

Judge Griffiths was appointed by the Federal Housing Expediter to the Wayne County Rent Advisory Board in 1947, and was elected Chairman of the Board in 1948. Members serve on the Board without compensation and give the local area representation in the administration of the federal law.

In appointing Judge Griffiths to the Bench, Governor Williams said, "I am pleased to be able to appoint to the Wayne County Bench a man whose honesty, integrity, competence and courage I know from long personal friendship."

"He has given a tremendous amount of unselfish work for the benefit of the people of Michigan. He has served without compensation and at great cost to himself. As Probate Judge I am sure he will follow the same high standards of public service."

SOCIAL SECURITY OFFICE EXPLAINS 1950 AMENDMENTS TO NORTHVILLITES

Here is what happened to old-age and survivors insurance in the Detroit Northwest area Monday when President Truman signed the 1950 amendments to the Social Security Act. Harry

Baltuck, manager of the local office at 12065 Wyoming, gave the following information to the Northville Record.

All monthly insurance checks now being paid to the approximately 6900 social security beneficiaries in the Northwest area of Detroit including Plymouth and Northville will be raised substantially, beginning with the September checks, according to Harry Baltuck, manager of the local office. Baltuck explained that these automatic increases, for September, are scheduled to reach local beneficiaries during the first week of October. Increases will range from about 50% to 100%. For example, the average primary benefit of approximately \$26 per month for a

retired worker will be increased to about \$46. A widow with two children who had been receiving \$55 a month will now receive about \$110 altogether.

Mr. Baltuck said that under the old terms of the social security law the 6900 beneficiaries in this area would have received about \$158,500 for the month of September. Under the new increases, however, total payments for September are estimated to be about \$342,800, or an immediate increase of some \$184,300 monthly in insurance benefits to this area.

Under the new law the amount of earnings which a beneficiary may make in a month, and still accept his insurance payment for that month, is raised from \$14.99 to \$50. This applies to beneficiaries under age 75, and for earnings in a job covered by social security. After attaining age 75, a beneficiary may have any amount of earnings and still accept his insurance checks.

Approximately 9,700,000 more people may have old-age and survivors insurance under the revised law. For most of the new groups, coverage will be mandatory after January 1, 1951. However, employees of nonprofit, charitable, religious, and educational institutions will come under social security only if the employer chooses and if two-thirds of the employees express a wish to participate. Employees of State and local governments may have social security coverage on an optional basis but the State government must take the initiative if it chooses to participate. An estimated 2,050,000 workers are in the two groups subject to optional participation in the program.

A very important aspect of the new legislation is the more liberal qualifying conditions. Baltuck pointed out that any individual now age 65 or more who has at least six "quarters of coverage"—1½ years of employment under social security—may be immediately eligible for monthly benefit payments. It has been estimated that about 750,000 old people in the United States may qualify for insurance payments under this clause. Many aged persons may now claim benefits even though they have not been employed long enough to qualify under the former requirements. Baltuck said that this would affect a considerable number of aged persons in this area who had once filed claims for social security benefits but had not at that time been able to qualify. The social security office here has been reviewing records for several weeks to screen as many as possible of these persons and will send letters notifying them that benefits may now be payable if the claim is renewed.

Other persons not yet age 65—those now 63 and over—will also only need six quarters of coverage—roughly a year and a half of employment in work covered by social security—to be insured upon reaching age 65 and retiring. A sliding scale requires longer employment for those reaching age 65 after 1953, but in no case will a person be required to have more than ten years of employment under social security in order for benefits to be payable.

It is possible for newly-covered workers to become insured for survivors benefits in as little time as a year and half under another provision of the law.

The new definition of "employee" in the amended law accounts for an additional 350,000 to be covered by social security. This new definition extends Federal insurance to full-time life insurance salesmen, agent-drivers or commission drivers engaged in distributing meat or bakery products, vegetables or fruit products, beverages (other than milk), or laundry or dry cleaning services. Full-time traveling or city salesmen (other than house-to-house salesmen) are included.

Still excepted from social security coverage are farm operators, ministers and members of

religious orders, and certain self-employed professional people.

A new type of payment is mothers' insurance benefits. These are monthly payments to a mother who has in her care a child entitled to monthly insurance benefits. Separation or divorce from the wage earner does not prevent the mother's receipt of monthly benefits, provided the wage earner was furnishing the greater part of her support. This changes the former law which did not permit payment to wives who were divorced, and did not permit payment to the wife of a retired wage earner until she reached age 65. If she has children under 18, she may now receive benefits when her husband retires, even if she is under 65.

The amount of the benefit paid to dependent parents (in cases where the parent was dependent on a deceased worker and where no widow or child can be entitled to benefits) was raised from half the worker's benefit to three-fourths. The monthly benefit for the first child, in the case of a deceased wage earner, was also raised from half to three-fourths of the worker's benefits.

The benefits will continue to be paid for in the same way—by payroll taxes on the workers and employers involved—but since self-employed as well as employed persons are now covered, a new way of collecting part of the taxes was called for. Self-employed persons will report their annual earnings and pay their special social security tax (2½% to start with) when they make their income tax returns at the end of each year.

Present tax rates will more than pay for the increased benefits at first, but higher contributions will be necessary as more people retire, or die. The law provides that employee and employer will pay 1½% of pay rolls through 1953, 2% until the end of 1959, 2½% until the end of 1964, 3% until the end of 1969, and 3½% thereafter. Only the first \$3,600 of wages in a year will be

taxed. This represents an increase from the \$3,000 wage base which has been in effect since 1937.

Self-employed people, who are in effect both employee and employer, will pay 2½% through 1953, 3% until the end of 1959, 3½% until the end of 1964, 4½% until the end of 1969, and 4¾% thereafter, on the first \$3,600 of net self-employment income per year.

The new law gives wage credits of \$160 per month toward old-age and survivors benefits for military service in World War II. These wages are to be used in computing all monthly benefits payable on the basis of veterans' wage records after 1949, whether the veteran died in service or after discharge, and regardless of whether pension or compensation is paid by the Veterans Administration.

Included in the social security program for the first time, and under special conditions, are household workers regularly employed in private homes. Household workers, including maids, cooks, laundresses, practical nurses, gardeners, chauffeurs, etc., will receive credit only for their cash wages, and will not be covered by the law at all unless they are employed 24 days or more and their cash wages are at least \$50 in a calendar quarter.

Regular farm workers including household workers in farm homes, will be covered by social security beginning in January. To be affected, the worker must be employed by one farm operator for a period of not less than five months and those months must fall within two calendar quarters. After full three months employment in the first quarter, the employee must work for the same employer in the second quarter not less than 60 days with cash wages of at least \$50 for work in that quarter. This bars occasional or seasonal farm workers and itinerant harvesters from coverage under the new social security law.

A representative of the North-

west Social Security Office will be in the Plymouth Post Office to accept claims and give information on Thursday, September 14, at 11 a. m. His services are free of charge.

Holstein Cow Sets Production Record

With 611 pounds of butterfat and 16,144 pounds of 3.8% milk to her credit, Willow Brook Goldie, a registered Holstein-Friesian cow owned by R. M. Brengle, South Lyon, Michigan, has completed a 365-day production test in the official Herd Improvement Registry.

She was milked twice daily and was 8 years 2 months when she began her testing period.

Testing was supervised by Michigan State College in cooperation with The Holstein-Friesian Association of America.

A good grassland program depends on choosing the right crops for the right land conditions, say Michigan State College conservation authorities.

Christian Science Churches

"Substance" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday September 10.

The Golden Text (Malachi 3:10) is "Bring ye all the tithes

into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it."

Among the Bible citations is this passage, (I Chron. 29:12): "Both riches and honour come of thee, and thou reignest over all; and in thine hand is power and might; and in thine hand it is to make great, and to give strength unto all."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 468): "Substance is that which is eternal and incapable of discord and decay."

If you are not now attending any Church School regularly, you are most cordially invited to come to St. John's.

The two giant enterprises in the communications field in this country are the Bell Telephone System and the United States Post Office Department. The privately owned Bell System paid \$346,144,000 in taxes last year, while the Post Office Department, of course paid none. The Bell System operated at a substantial profit, while the Postal Service incurred an operating loss of \$577,471,000. The total value of all properties owned by the Bell System is reported at \$9½ billions. The Post Office Department has no idea whatever of the value of its vast property holdings.

Thinking of the Long Pull?

Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and

through—a husky that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Canadian Trip Follows Sherman-Meyer Marriage

A white orchid with streamers and trailing ivy adorned the prayer book carried by Helen Meyer, daughter of Mr. and Mrs. Albin Meyer of Farmington, for her wedding Saturday evening to Walter Sherman. The Frank Shermans of Columbus, Ohio, are the bridegroom's parents.

The double ring service was solemnized at Jehovah Evangelical Lutheran church before Rev. Brackebusch. Ferns, candelabra and bouquets of gladioli decorated the altar. "The 23rd Psalm" and "The Lord's Prayer" were sung by Harriet Lefler of Northville accompanied by Nancy Chesna.

A candlelight satin bridal gown fashioned with a sweetheart neckline and long pointed sleeves was worn by the new Mrs. Sherman. A tiara of rhinestones and seed pearls held in place her full length veil of illusion.

Pink lace marquisette was chosen for the gown of the maid-of-honor, Phyllis Ault of Farmington. With this she carried orchid mums. Bridesmaid dresses were identically fashioned of

aqua and yellow marquisette. The two attendants, Lois Brackebusch of Detroit and Dorothy Sherman of Columbus, Ohio, carried light pink mums and wore a single flower in their hair.

Joe Morgan of Columbus acted as best man and ushers were George Sherman of Columbus, Ohio and Martin Meyer of Farmington.

For her daughter's wedding, Mrs. Meyer wore a light blue crepe dress with black accessories and a corsage of pink roses. A corsage of yellow roses was worn on Mrs. Sherman's green gown with brown accessories.

After a reception for the 175 wedding guests at the Jehovah Church Parish house, the young couple left for a trip to Canada. The travel costume of the new Mrs. Sherman was a beige crepe dress with brown accessories. The orchid from her bridal bouquet was worn on the dress.

Helen was graduated from Northville High School and has since worked at the Depositor's State Bank. Mr. Sherman attended North High school in Columbus and is now employed at the George Trapp Manufacturing Company.

Kimmel-Heintz Vows Read Friday Evening

Helen Kimmel of South Wing Street and Harley Heintz of Horton Street were married by Rev. Walter Ballagh at the Baptist parsonage Friday evening, September 1.

For her wedding, Helen chose a coral suit with black accessories.

Witnessing the pledging of the vows were Mr. and Mrs. Joe Lach of North Center Street.

A reception for the immediate relatives and friends took place at the Kimmel residence on West Six Mile Road. Helen's parents are Mr. and Mrs. Leonard Kimmel of West Six Mile Road and Harley is the son of Mr. and Mrs. Frank Heintz of Horton Street.

Materials Received for Cancer Project

The following ladies furnished the salvage for making cancer dressings for the month of August:

Mrs. Louise Cansfield, Mrs. H. R. Richardson, Mrs. Clifford Rollings, Jr., Mrs. Levi Eaton, Mrs. W. E. Forney, Mrs. Don Miller, Mrs. John Rogers, Mrs. Arthur Mitchell, Mrs. Gerald McKenna, Mrs. Hazel Severance, Mrs. W. E. McCarthy, the American Legion Auxiliary and many who did not leave their names with the materials.

Dressings were completed by Mrs. Harriet Angell, Ruth Angell, Mrs. George Harberson, Mrs. George Smith, the Afternoon Club, Mrs. James Doyle and Mrs. Tom Parker.

Mrs. E. J. Willis, chairman of the project, and the American Cancer Society are very grateful to the people of the community for their cooperation in keeping supplies on hand which are needed so badly at this time of year.

Supplies are furnished free to all patients and may be obtained at supply headquarters, 119 Rayson avenue.

Hartner-Hubbard Vows Pledged Saturday Morning

Myrna Hubbard and Ray Hartner were united in marriage Saturday morning at Our Lady of Victory church. Rev. Lorenzo E. Woods read the double ring ceremony before an altar which was flanked with baskets of white gladioli. Mrs. Mathilde Bielejeski presided at the organ playing the traditional wedding music.

For her wedding, the bride chose a navy blue velvet suit with pink accessories and she wore an orchid corsage.

Her only attendant was her sister, Mrs. Doris Richmond of 423 Beal Avenue who wore a beige suit. Best man was the bridegroom's brother, Herman Hartner, Jr. of 416 Plymouth Avenue.

For her daughter's wedding, Mrs. Stilwell chose a light rose suit and Mrs. Hartner was attired in a black dress. Both mothers wore corsages of white roses.

A wedding breakfast followed the ceremony at the Sea Food Grotto, Detroit and a reception was held at the bride's home, 318 Plymouth Avenue, later that day.

The young couple left on a honeymoon to Canada. Upon their return they will reside at 547 Fairbrook Road.

Myrna is the daughter of Mr. and Mrs. Arthur Stilwell and was graduated from Northville High school and Mercy College of Nursing. Ray is the son of Mr. and Mrs. Herman Hartner, Sr. of East Main street and he is a student at the Electronic School in Detroit. He also was graduated from Northville High school.

Opera Productions To Begin Oct. 2

The opera, "La Boheme" will be the first presentation of the Detroit Grand Opera association this season. The Philadelphia La Scala Opera Festival will feature many Metropolitan Opera stars in their series October 2 through 8 at the Masonic Auditorium.

Following the opening production on October 2, "Lucia Di Lammermoor"; "Carmen"; "La Traviata"; "Barber of Seville"; "Faust"; "Aida" and "Cavalleria and Pagliacci" will be presented. All are evening performances except the Saturday matinee of "Faust".

Three Metropolitan stars Robert Merrill, Patrice Munsel and Jan Peerce will be seen at the Tuesday production of "Lucia Di Lammermoor". Rise Stevens who has gained renown for her portrayal of Carmen, will be the star of that Detroit production this year.

Among the other nationally known stars to be in Detroit this season are: Frances Greer, Eleanor Steber, Felix Knight, and Blanche Thebom.

Tickets may be ordered from the Northville divisional chairman Mesdames Russell M. Atchison, Louise E. Cansfield, Robert Haass and Frank C. Beeks, and Eleanor Breitmeyer. Mrs. Alexander W. Lawrence and Mrs. John W. Clarke, out-state committee chairmen, will also take orders.

General ticket sales begin September 1st. Special folders giving all the necessary information as to artists, dates and opera are now available at the Record office or from the divisional chairmen listed above.

Legion To Install Officers Tuesday

Installation of officers for the Lloyd H. Green Post No. 147, The American Legion, will be held at Veterans' Memorial Hall Tuesday night, September 12 at 9 o'clock. The ceremony will be performed by the Oakland County Vulture No. 811 Ritual Team. The public is invited to this service.

Legionnaires to take office at that time are: Charles Carrington, commander; Paul Burnham, senior vice commander; Conrad Springer, junior vice commander; Irving Becker, historian; Harry Porter, financial officer; Bruce Simmons, sgt.-at-arms and Fred Walker, chaplain.

Jeanette Rapson Feted at Miscellaneous Shower

Wednesday evening, August 30, former classmates of October bride-elect, Jeanette Rapson, gathered at the Freydl home on Seven Mile Road to honor her. The miscellaneous shower was given by Mrs. Donald Tiffin (Irene - White) and Jeanne Freydl.

Those attending were: Wanda McKinney, Yvonne North, Corine Clark, Joanne Bidwell, Dolly Porritt, Elizabeth Defina, Eunice Utley, Nan Litsenberger, Esther Bedore, Frances Bonar, Evelyn Westerfield, Lila Rakestraw and Mrs. Robert Wagenschutz (Sandra Smith).

Other Circles will meet next Thursday, September 14 at 12:30 for pot-luck luncheons. Members wishing transportation should meet at the church at 12:15.

The Grace Tremper Circle will meet with Mrs. William B. Walker, Jr., on East Eight Mile Road and Mrs. Julia DeJohn of Beck Road will entertain the Lucy Filkins Circle. The Ethel Seely Circle will meet at 8 o'clock Thursday night with Mrs. Lucille Bauman of Walnut Street.

Review Fredsell's Book Wednesday

The initial review, quite appropriately, of "The History of the Presbyterian Church in Michigan," by John Comin and Harold F. Fredsell will be presented at the opening fall luncheon of The Woman's Union of the Presbyterian Church on Wednesday, September 13.

The book, written in conjunction with work done at the University of Michigan Graduate School by the Pastor of the First Presbyterian Church of Northville, was published on September 1st by the Ann Arbor Press. The late Dr. John Comin had done research on the history for ten years and died in 1947 before the materials were ready for publication. Following the death of Dr. Comin, Rev. Fredsell was made chairman of the Historical Society of the Synod of Michigan and was commissioned to publish this volume.

Copies of the book have been presented to the Northville Library and the Northville High School. Proceeds from the sale of the book will go toward the purchase of a young peoples camp site for the Presbyterian Church in Michigan. Youth Fellowship groups in the various churches have undertaken the sale of the books as a means of helping to procure these summer conference camp grounds. Representing the local Northville Youth Fellowship in selling copies of the book are Ted Masters and Tom Johnson.

The Northville Fire Department was called to Gerald Avenue Tuesday afternoon to extinguish a grass fire.

Two Legion Members Get 17th District Offices

The 17th District Meeting of the American Legion will be held Friday, September 8 with the Groves-Walker Post at the Legion home in Farmington. Installations for the 17th District Post and Auxiliary officers will take place.

Mrs. Morris Cohen will be installed as vice president and C. Oscar Hammond will take office as historian.

Here's School Again!

Our young people are back from vacation trips and summer jobs. The older ones are beginning to realize the value of the money they have earned.

We should help them understand why thrift is essential for personal and national progress.

A savings account will help a child to learn the value of careful planning, wise spending and regular savings... these make up the American way of success.

Woman's Union To Hold Fall Luncheon

The opening fall luncheon and program of The Woman's Union will be held at the First Presbyterian church Wednesday, September 13 at 12:30 p. m. Program chairman of the day is Mrs. C. M. Chase, the theme of the meeting being, "The Faith of the Founding Fathers."

The history of the First Presbyterian Church of Northville which goes back to 1829 will be presented by Mrs. Carl H. Bryan, changes in the present church structure one of the oldest in the state of Michigan will be discussed by Mrs. C. C. Yerkes and Mrs. C. M. Chase will review the newly published book written jointly by Rev. Harold F. Fredsell and the late John Comin, "The History of the Presbyterian Church in Michigan."

Items of considerable interest will be on display borrowed from the Michigan Historical Collections of The University of Michigan. The late Charles Dubuque of Northville, placed on deposit at the Michigan Historical Collections, the writings and papers of his father, Rev. James Dubuque, pastor of the local Presbyterian Church from 1851 - 1875. Some of the items to be displayed are the list of the early burials at the old cemetery on Cady Street, a sketch of the pews as they were rented in the new school Presbyterian Church now the present Northville Library on S. Wing street; the minutes of the First Presbyterian Church of the Session meetings from 1829 to the present date and some of the sermons from 495 copies written by Rev. James Dubuque.

The devotional service will be led by Mrs. Edward H. Lapham.

The Guerber family reunion was held Sunday, September 3 at the home of Mr. and Mrs. Ernest Dayton, 43125 Waterford Road. Thirty attended the reunion and they came from Jackson, Royal Oak, Ferndale, Detroit and Toledo, Ill. Potluck dinner was served on the lawn and the afternoon was spent in visiting.

Soft Water Ration Ups Milk Production

Fifty Percent Increase Shown From Experiments

The effects of soft water on milk production of cows was reported at a recent meeting of the Sheboygan County Holstein Breeders association meeting at Plymouth, Wis.

Milk production of two test cows increased up to 50 percent when cows were switched from hard water to a soft water ration.

One animal, a high production Holstein-Friesian, had never exceeded an 80-pound daily production un-

E. J. Culligan is shown above with one of the animals used in his aerated soft water ration test. The animal increased milk production as much as 50 percent when switched from hard water.

til fed soft water. The animal, Sethe Della Forbes (Reg. No. 2,356-627) increased milk flow to 121 pounds, 50 percent greater than her previous high.

Previous records show that this same cow produced an average of 55.8 pounds of milk per day for three months following the birth of her first calf in 1946. After the second calf the following year her average was 68.6 pounds, and then the average was 55.7 and 72.1 pounds after the birth of succeeding calves. Thirty days before this cow was to have her fifth calf she was given aerated soft water to drink in place of the 19 grain hard water previously supplied. Her average production jumped to 102.7 pounds for the 90-day period following the calving.

The experiment was conducted by E. J. Culligan of Northbrook, Ill.

Marketing Quotas Will Not Be Imposed on Wheat

The announcement of Secretary of Agriculture Charles F. Brannan that no marketing quotas will be proclaimed for the 1951 wheat crop is the result of compliance among most wheat growers throughout the wheat area with their 1950 acreage allotments, many wheat growers believe.

In making the announcement of no 1951 marketing quotas, Brannan said, "If wheat growers in general plant within their 1951 crop acreage allotments, as they did for the 1950 crop, it may be possible to continue to avoid marketing quotas in the future."

The estimated total supply of wheat for the 1950-51 marketing year is 1,395 million bushels, or about 18 percent more than the normal supply of 1,179 million bushels.

Bumpless Farm Wagon

Something new in farm wagons is one that takes the bumps out of hayrides, which is not so good. But to the farmer, it means carrying 8000 pounds without weaving, pitching or tossing troubles. The picture above shows the way front and rear axles can lift independently without disturbing balance.

Ultra High Sound Waves Knock Off Borer Moth

Scientists at the U.S. department of agriculture research center at Beltsville, Md., have found that ultra high frequency sound waves, which can't be heard by humans, will knock off the corn borer moth. They also work on mosquitoes, and some bacteria in milk can be destroyed by sound waves. Now scientists are busy bombarding hybrid seed corn to see if they speed up germination.

High Record Set by Registered Guernsey

A registered Guernsey cow, Eth-Mead FR Prudence, owned by Mrs. E. M. Bricker, Northville, has completed an outstanding Advanced Register record of 14,365 pounds of milk and 734 pounds of butterfat in the 365 day division, starting her record as a 7-year-old.

Eth-Mead FR Prudence is the daughter of the famous Guernsey sire, Coronation Forester, that has fifty-six sons and daughters in the Performance Register of The American Guernsey Cattle Club.

This record was supervised by the Michigan State College and was reported to The American Guernsey Cattle Club for approval and publication.

Mrs. Bachman Seeks Probate Judge Seat

Students of family life, juvenile problems and social progress believe that Detroit would take a step forward by electing a woman as probate judge.

Wayne county today has six men as probate judges, one of whom serves as judge of juvenile court. Congestion of the docket there, resulting in hundreds of boys and girls being confined various periods of time until their cases can be heard, emphasizes the need of an auxiliary judge who is qualified to handle girl problems.

Mrs. Lula Bachman, Detroit's nationally known woman lawyer, is a candidate for probate judge. She is making her campaign on the proposition that probate court, essentially one of protection of the home, can well use a woman judge. Other cities have elected women as judges, and they have been outstanding successes in juvenile work. Camille Kelley of Memphis, Tenn., is regarded as the outstanding juvenile judge in the nation. Anna Kross of New York City is honored as a capable juvenile court judge. So is Judge Theresa Michael of San Francisco and Judge Mary Grossman of Cleveland.

Mrs. Bachman, mother of three grown children, arrived in Detroit 32 years ago with \$18 and a cultural education, having been graduated from the Indianapolis Conservatory of Music in piano and dramatic art. So her first job here as a \$12 a week stenographer convinced her she should study nights and enter law, her real ambition. That took nine years but she stood at the head of her class at the University of Detroit, winning the dean's scholarship, to go on to become a successful attorney, president of the Michigan association of women lawyers and then president of the women's national legal group. At one time she handled ten trusteeships concurrently, including the hotels Book Cadillac, Carlton Plaza and Detroit.

"I believe that if nominated to probate judgeship candidacy I can be elected," said Mrs. Bachman.

NON-PARTISAN NEWS LETTER

It is the opinion of Donald S. Leonard, state police commissioner, that Russia intends to attack the United States.

Testifying before the house ways and means committee at Lansing, Leonard opined: "Russia knows that we have no intention of attacking her. Therefore, her development of a civilian defense organization must be intended as a defense against retaliatory bombing by us after she has attacked this country."

Governor G. Mennen Williams has requested a supplemental legislative appropriation of \$392,740 for 180 additional state police.

The state legislative finance committee, mulling the governor's request for defense funds called in Dr. Albert E. Heustis, state health commissioner, for questioning about the "living blood bank". Says Heustis: "If the legislature is convinced there is no danger of an atom bomb then wipe the program off the books."

Governor Williams praised the National Guard with a hearty navy-like "well done". This came after he painted a drab picture of future world peace. "America may be headed for a generation of crises," he said.

Universal military training is on the boards again now that our pitifully weak army has been exposed for all of Asia to see. The senate armed services committee has endorsed it, but Chairman Tydings says Congress may not go along with it. He cites the desire of weary legislators who must hurry home to campaign for re-election.

Our vices become more expensive. Most of the large coffee roasting firms are raising their wholesale prices two to three cents. Again!

The summer may have been too hot or too cold, but it has been a good one for forest fire control. Less than 700 fires have been reported, as against some 1,300 for the same period last year.

A Federal law giving health and welfare benefits to all school children will be passed next year is the prediction of Selma Berchardt, representative of the

American Federation of Teachers. (Michigan has defeated once a mandatory immunization bill.) Another school measure gives \$300,000,000 in Federal money yearly for teacher salaries.

Charles F. Brannan calls for curbs on gambling on food prices. The solution: More restrictions on consumer credit, he says, to hold down marginal commodity market operations.

Michigan's old regular in politics, D. Hale Brake, state treasurer, has announced he will seek renomination. Since 1943 Mr. Brake, once a gubernatorial possible, has led the Republican majority on the state administrative board.

The problem children—inflation and the federal debt—have been dragged out again. The treasury department wants cheap terms and easy terms for the government. The federal reserve board asks dear money and less inflation. The treasury denies its program would mean more inflation.

Comforting to many is the revelation that cortisone, the new drug for arthritis, has been cut from \$95 to \$50 per gram. The drop is due to improved engineering and production methods. It's available in 6,500 hospitals.

The late one-man grand jury law may again storm the bastions of the legislature. Ex-Gov. Wilber M. Brucker has told a senate committee that "nothing ever equaled the one-man grand jury for cleaning up bribery and corruption of public officials."

A Chrysler employee in Detroit insisted on working despite a wildcat strike. "It was a matter of principle," he told pickets, since the union had not called the walkout. His next statement was made from Henry Ford hospital.

Dondero Seeking Renomination

In seeking renomination as Republican candidate for Congress in the 17th Michigan Congressional District, Congressman George A. Dondero comes before his constituents as a man whose high abilities long since have been proven, and whose influence as a national legislator has won for his district many direct benefits.

Congressman Dondero, in support of the necessity for economy and efficiency in the Federal government, has advocated the recommendations of the Hoover Commission. At the same time he has fought those reorganization proposals made by President Truman to gain political advantage rather than economy and efficiency.

From the outset of his service, Congressman Dondero has fought wasteful Federal spending and the destruction of our free economy. He regards Socialism as the road toward Communism and government by terror.

In his capacity as ranking Republican on the House Committee on Public Works, and as Chairman of that Committee during the Republican 80th Congress, Congressman Dondero has sought to conserve the tax money of the people, while at the same time obtaining for them the greatest possible benefits at the least expense.

With the renomination and re-election of Congressman Dondero, the people of the 17th District will have the continued services of an outstanding and courageous representative and hold their present prominent position in the Congress of the United States.

FOOTBALL REFEREE SIGNALS

These are signals the referees at a football game use to indicate infractions of grid rules. Watch for them at the time the infraction is committed, or after the referee has consulted with the two team captains.

WITH OUR NEIGHBORS

Howell — Miss Eileen Lay, grade music teacher in the Howell public school for the past several years, has gone to Japan for a teaching job with the army.

South Lyon — Voters of the City of South Lyon will vote on whether or not to approve of a new charter for the city at the primary election on Tuesday, September 12, when they go to the polls.

Plymouth — Acting favorably upon the request of Police Chief Lee Sackett, the city commission at a meeting last Monday night made him detective lieutenant of the department and relieved him

of much of the routine work of the position of chief of police. Carl Greenlee was appointed acting chief while plans for the future are worked out by the commission.

Farmington — Another opportunity call for the merchants and businessmen of the Farmington trading area went unanswered last week, because of the absence of a centralized Chamber of Commerce or businessmen's organization.

Wayne — General Motors has purchased the Stinson plant for conversion to light tank parts production. This announcement was made Wednesday by the General Motors Corp.

Plymouth — Republican women of the city and township will meet at the Hotel Mayflower on the evening of Friday, September 8 to formulate a new Republican organization for this locality.

Rochester — Registration of high school students at the Rochester Community High School for the beginning of the 1950-51 school year will be conducted in the school gymnasium on Monday and Tuesday, September 11th and 12th, announced P. Harlan Johnson, principal.

Farmington — Three hundred residence have signed the petitions to the county highway department, the state highway department, and even to the Governor asking for stoplights at the corners of Grand River and Middlebelt Road and at Nine Mile and Middlebelt.

Howell — Barbara Newman, clerk of the selective service board, says there is apparently some confusion here regarding requirements of registration. A rumor circulating that young men need to re-register is unfounded.

Birmingham — Local school children are having additional vacation time this summer because of construction programs in both the Birmingham public and parochial schools. Public schools, originally slated to open September 6, will now start Monday, September 11, and Holy Name school won't start classes until September 18.

Wayne — Wayne's municipal parking lot moved another step ahead this week. The village is calling for bids for September 12 for the completion of the parking lot.

Brighton — Anticipating the largest enrollment ever to register in the Brighton area, the newly organized Brighton Area School District will open its school doors to an anticipated 800 students, September 11. This will be the combined district's first year under the new agricultural set-up.

Dearborn — After nearly two months of stormy bickering over the pay plan of the city's 380 municipal employees, the Civil Service Commission in a meeting recently amended certain sections of their regulations whereby cost of living adjustments shall be computed on a quarterly basis instead of annually.

Mustangs Get Set for Grid Opener

If the Northville Mustangs continue to improve as much in the next week as they have in the first two weeks of practice, their chances of tipping over Ypsilanti Roosevelt September 15 ought to be better than even.
The inter-squad scrimmage at Cass Benton park last Saturday morning showed how much further the Mustangs have come along this year than last. Even with several probable varsity gridders missing from the lineup for the day, the Mustangs showed definite signs of strength, despite the fact that the team will not average much over 150 pounds, light for any league.

The lack of weight will be a definite handicap all season, for even though a team fights long and hard, it is bound to wear down before a heavier squad. It may be, however, that Coaches Al Jones and Dick Kay have a surprise or two in store for their nine opponents this fall.

The scrimmage Saturday revealed that the Mustangs on the line are blocking effectively and using what weight they have to good advantage. The style in tackling this season is low and hard, rather than high. More precision in all departments is evident throughout the team, but more important than anything else, the Mustangs seem to be finding a spirit—heart—which contributes heavily to winning games.

Coach Jones is neither optimistic nor pessimistic about the schedule. He has many veterans back who have benefited by past seasoning, but graduation knocked some holes in that lineup. Some positions seem, more or less, to be filled, but others are on the open market for the best man. At this writing, the starting lineup for next Friday's clash is still in doubt.

A brand new addition to Ford for next Friday's football game will be the new electrical scoreboard at the east end of the gridiron. The new mechanical mentor will add greatly to spectators' enjoyment since they will be able to follow downs, yards, to go and other statistics of the game, especially the amount of time remaining in each quarter.

Last week's Record indicated that the October 20 game against Inkster is a re-match with the team the Mustangs played last season. The statement was incorrect. The Mustangs beat Inkster Roosevelt in 1949; the Inkster team slated for October 20 is Inkster Carver, an entirely different squad.

Don Merritt returned home last week from a 6,000 mile tour through the Western States. He visited Yellowstone Park, New Mexico, saw the Indian reservations, toured through Missouri, Colorado and Sun Valley, Idaho and many other places of interest. He also took movies of his entire trip.

Mrs. Myra Taylor visited her brother, B. J. Sutherland in Pontiac, Wednesday.

Mr. and Mrs. Ralph Hall and children attended the Federated Church Sunday and were dinner

guests of their aunt, Mrs. Lucille Hamilton.

Mrs. Asa Whipple of Fowlerville entertained at an out-door picnic dinner, Wednesday. Those present were Mrs. Myron Atchinson, Mrs. Charles Hannert, Mrs. Ford Atchinson and Mrs. Harry Kreeger.

Mrs. B. J. Hanson of Dearborn entertained at a luncheon, Thursday. Those present were Mrs. Ray Pennell, Mrs. Edith Burdett and Mrs. Wm. Merritt.

Mr. and Mrs. Wm. Merritt visited their niece and sister in the Convalescent Hospital in Pontiac, Wednesday.

Mrs. Opal Lyke attended the funeral of her cousin, Mrs. Florence Strieter in Ann Arbor, Thursday.

Dr. Clifford H. MacFadden, son of the late Wesley MacFadden and Mrs. MacFadden (Gussie Palmer of Flint), former residents of Salem, is on leave of

absence from the University of California, Los Angeles to spend a year as Exchange Professor at the University of Ceylon Colombo, in Ceylon, to aid with the reorganization and expansion of the University in Ceylon. A program of private research will also be carried on in the islands food stuff production and self sufficiency. Dr. MacFadden and family are flying from Los Angeles via New York, spending from one to four days in the following cities enroute: Newfoundland, Dublin, London, Paris and will take the train from Zurich through the Alps to Geneva and will fly from there to Rome where they will visit in Athens, Cairo and other points of interest and will go by plane from there to Colombo, Ceylon. They will return home next year when Mr. MacFadden will resume his duties at the University of California in Los Angeles.

Rev. Lucia M. Stroh, Mrs. Albert Kindy and son, Frederick, returned home Monday evening from a very pleasant eight day visit with Mrs. L. J. Vici, Mrs. Stroh's sister in Ripley, Ohio.

The Ladies Aid of the Congregational Church was well attended at the home of Mrs. Ruth McMullen of South Lyon. Dinner was served at noon and a very interesting meeting followed.

About 200 people attended the services in the Congregational Church last Sunday and at the reception given in the Town Hall in honor of Rev. James Beatty, a former member of the Congregational Church.

collection. The shape of the leather box follows that of the genuine beaver hat inside. Another item from England is an 1839 replica of a chess set with full instructions.

Besides the early American farm tools, the instruments of other professions are in this group such as a tooth-extractor used about 1850; cast iron mortar and pestle used for mixing drugs in pharmacies and wooden planes used to make moldings before the advent of machines to help the carpenter.

Mr. Schoultz is in the process of repairing one of Edison's earliest phonographs so that the accompanying 75 tubular recordings can be played. Another musical instrument found there is the zither which is also showing a return in popularity this year.

Probably unknown to the younger generation is the secret to heating the antique curling irons. Mr. Schoultz can show you the kerosene lamps complete with curling iron heating attachments at the top of the globe. Another ingenious idea of our ancestors in the collection is a butter dish with an ice compartment in the bottom to insure the butter's coldness.

Why not drop in at the Base Line garage museum and have Charlie show you his collections of buttons, Indian arrow-heads, flask (one has all the Masonic emblems blown into it); wood whittings and hundreds of other articles used by past generations?

Franfield Pointer Takes Show Honors

Mr. and Mrs. J. P. Malley's orange and white pointer, Ch. Gunfire of Franfield, took the top honors in pointers at the Oakland County Kennel Club show held at the Detroit Artillery Armory Sunday, and also at the Pontiac Kennel Club show at Pontiac Monday.

Shown by Mrs. Malley, he took both best of the breed ribbons and placed second best sporting dog at the Sunday show and 3rd best sporting dog Monday. Gunfire has taken best of breed in every show he has competed in for the past year and a half.

Twelve year old Frances Malley won the first place trophy in the Children's Showmanship class at the Oakland County Show.

U-M Music Series Tickets Go On Sale

Twenty-six major concerts will again be presented by the University Musical Society of the University of Michigan. In the combined series preceding the May Festival, six orchestra concerts will be included—two by the Boston and one each by the Cincinnati, Cleveland, and Chicago symphonies, and the Royal Philharmonic of London under Sir Thomas Beecham.

Two choral groups of international renown, but of widely contrasting character, will be heard. Seven recitals of great musical personalities will provide vocal, violin, and piano programs.

In December Handel's monumental oratorio "Messiah," will be heard in two performances with orchestra, chorus, and distinguished soloists; while the eleventh annual Chamber Music Festival will bring to the Rackham auditorium the celebrated Budapest String Quartet.

These programs will present a foundation and background for the fifty-eighth annual May Festival, which will utilize the services of The Philadelphia Orchestra, The University Choral Union, The Festival Youth Chorus, and numerous renowned conductors and soloists.

The Choral Union series will begin Thursday, October 5, with Helen Traubel, soprano as guest artist. The remaining artists to be heard at Hill Auditorium, Ann Arbor, in this series are: The Boston Symphony orchestra, Charles Munch, conductor on Sunday, October 22; Cleveland orchestra, George Szell, conductor, on Sunday, November 5; Solomon, pianist on Monday, November 20; Ossi Elokos conducting the Polytech Chorus of Finland on Tuesday, November 28; The Royal Philharmonic orchestra, conducted by Sir Thomas Beecham, Sunday, December 3; Erica Morini, violinist, Thursday, January 11; Horowitz, pianist, Friday, January 19; Rafael Kubelik conducting the Chicago Symphony orchestra, Sunday, March 4, and Heifetz, violinist, Wednesday, March 14.

Lauritz Melchior, tenor, will open the Extra Concert series on Tuesday evening, October 10. The Boston Symphony orchestra with Charles Munch conducting will perform Wednesday, October 25; Myra Hess, pianist, Tuesday, November 14; Don Cossack Chorus, Serge Jaroff, conductor, Monday, January 15 and the Cincinnati Symphony orchestra, Thor Johnson, conductor on Tuesday, February 20.

Individual concert tickets for both of these series will go on sale beginning Wednesday, September 27 at Burton Memorial Tower.

The Messiah concerts to be given Saturday, December 9 at 8:30 p. m. and Sunday, December 10 at 2:30 p. m. will go on sale October 16, at the offices of the University Musical Society, Burton Memorial Tower, Ann Arbor. Tickets for the Eleventh annual Chamber Music festival, February 17 and 17 will also go on sale on that date.

Local Horses Win at National Show

Michigan owned Morgan horses at the National Morgan horse show held at Windsor, Vermont over Labor Day weekend did a creditable job of annexing their share of trophies and ribbons.

Shady Lawn Farm of Northville placed their year old bay stallion, Shady Lawn's Mister, first in the yearling stallion class and went on to win the reserve grand championship. Shady Lawn's Spice, a two year old bay mare went fourth in the mare class.

Springbrook Farm of Northville, showing their roan stallion, Springbrook Sam, took the blue ribbons in the Jumper class and the western pleasure horse class. Springbrook Ann, a three months old colt, placed second in the three months old weanling class and the open weanling class.

NOTICE OF SALE

\$80,000.00

SCHOOL DISTRICT NO. 8 OF THE TOWNSHIP OF NOVI OAKLAND COUNTY, MICHIGAN SCHOOL DISTRICT BONDS

Sealed bids for the purchase of School District Bonds to be issued by School District No. 8 of the Township of Novi, Oakland County, Michigan, of the par value of \$80,000, will be received by the undersigned, at the office of the Superintendent of Schools in the Novi School Building, Novi, Michigan, until 8:00 o'clock P.M., Eastern Standard Time, on Tuesday, the 26th day of September, 1950, at which time and place said bids will be publicly opened and read.

Said bonds will be dated August 1, 1950, will be coupon bonds in the denomination of \$1,000 each, will be numbered consecutively in the direct order of their maturities from 1 to 80, both inclusive, and will bear interest from their date at a rate or rates not exceeding 3% per annum payable on November 1, 1950 and thereafter semi-annually on May 1 and November 1. Each bid shall state the annual interest rate or rates upon which it is submitted, expressed in multiples of 1/4 of 1%. The interest rate for each coupon period on any one bond shall be at one rate only. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery.

Said bonds will mature serially on the first day of May in each year as follows: \$5,000 in the year 1951; \$6,000 in each year from 1952 to 1957; \$7,000 in each year from 1958 to 1962; and \$4,000 in the year 1963, all years inclusive. Bonds Nos. 49 to 80, both inclusive, maturing in the years 1959 to 1963, both inclusive, will be subject to redemption prior to maturity, at the option of the school district, in inverse numerical order, on any one or more interest payment dates on and after May 1, 1954, at par and accrued interest, plus a premium of \$15.00 on each bond called for redemption on or after May 1, 1954 but prior to May 1, 1956, \$10.00 on each bond called for redemption on or after May 1, 1956 but prior to May 1, 1958, \$5.00 on each bond called for redemption on or after May 1, 1958 but prior to May 1, 1960, and no premium on bonds called for redemption on or after May 1, 1960. Notice of redemption shall be published not less than 30 days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds. The remaining bonds will not be subject to redemption prior to maturity. Both principal and interest will be payable at the Detroit Trust Company, in the City of Detroit, Michigan.

The bonds are to be issued for the purpose of paying a part of the cost of erecting and furnishing an addition to the existing school building in said school district, and will be the general obligations of the school district which is authorized and required by law to levy upon all taxable property therein such ad valorem taxes as may be necessary to pay said bonds and the interest thereon, subject to such limitations upon the said taxing power as may result from the provisions of Section 21, Article X, of the Michigan Constitution and the Michigan Property Tax Limitation Act. The electors of said school district at an election held on June 5, 1950, increased the tax limitation by 8 mills for the years 1950 to 1966, both inclusive, for the payment of principal and interest on said bonds and to establish a reserve therefor.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from October 1, 1950 to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the school district. No proposal for the purchase of less than all of the bonds or at a price less than their par value, will be considered.

A certified or cashier's check in the amount of \$1,600 drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the school district, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Claude H. Stevens, of Berry, Stevens, Barber & Evelyn, attorneys, Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinion and of the printing of the bonds will be paid by the school district. Bonds will be delivered at Detroit, Michigan. The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."
