

**"YOUR HOME-TOWN IS YOUR CHRISTMAS SHOPPING CENTER!"**

A talk with the Northville merchants reveals that their shelves are laden with gift suggestions for every member of the family.

There are as many good reasons for you to plan on doing all your Christmas shopping right here in Northville as there are wonderful gift ideas waiting for you in the local stores. For proof of the pudding just take a walk downtown and see.

No need to take a day off to travel out of town in search of the very things you'll find easier here. Shopping in your hometown means most of all that you'll be shopping among friendly merchants who want to help and please you and who want to see you come back again and again. So shop at home and make it a merrier, thriftier Christmas for all.

## Dolls To Be Refurbished For Hospitalized Children

Children of the Maybury Sanatorium, many of whom would be without a Christmas, will be well remembered the big morning through the kindness and generosity of the many anonymous "Santa Clauses".

However all parents know that toys and other articles of amusements do not endure for too long the constant treatment bed-ridden youngsters give their cherished gifts.

This is where the National Toy and Doll Collectors Club comes in. Dolls and toys are provided not only at Christmas, but throughout the year upon the request of Mrs. Wing, supervisor of the Children's Unit of the Sanatorium. The Club provides stuffed animals and scrap books, as well as the customary dolls.

Mrs. Howard McKeague, of South Rogers street, who does doll repairing as a hobby, is the local representative of the Club. Together with her fellow workers, donated dolls receive a professional job of redecorating and restoration of its features. Last year, Mrs. McKeague and her co-workers repaired and dressed more than one hundred dolls and the number is expected to be greatly increased this year.

Mrs. McKeague issued a plea for donations of dolls to be restored and dressed throughout the coming year. Following the Christmas gift deluge, many mothers will be happy to be relieved of old, discarded dolls lying about the house. Mrs. McKeague stressed the fact that even though parts of the doll are ruined or broken off, any useable part will be greatly appreciated. In redecorating a doll, in many cases it is necessary to replace certain parts of the doll and for those emergencies, Mrs. McKeague keeps a supply of heads, wigs, arms, legs and so forth on hand. It often takes months to find a corresponding part to complete restoration of a doll lacking an arm or leg, so every part is vitally necessary.

## Drama Group To Organize Nov. 30

The organizational meeting of the Northville amateur theatrical group will be held Thursday evening, November 30 at 8:00 p. m. in the Council Room at the Village Hall.

Mrs. Rano Papini of Wing Court heads the group. Mrs. Papini has had vast experience in radio and dramatic work, having worked for both the Canadian and United States armies.

All those persons interested in joining the amateur theatrical group are cordially invited to attend the organizational meeting, Mrs. Papini states. She said that tentative plans call for producing a play early next spring.

The Wayne County District of the Michigan Education Association is sponsoring a talk by Donald S. Leonard December 6 at Redford Union High school. Leonard, who is head of the State Police, will speak on "Civilian Defense."

Mr. and Mrs. Bill Crawford (Madeline Graham) and daughter, Diane of East Main street were Thanksgiving dinner guests of Mr. Graham's parents at their home near Adrian.

## Northville To Get Christmas Finery

The village of Northville began to feel the Yuletide spirit when Wednesday morning strings of lights, bedecked with evergreen boughs began to make an appearance on the main thoroughfares, forming the background of the "Christmas Card" atmosphere that only a small town can achieve.

Sponsored by the Rotary Club and capably headed by Roy Stone, the scope of the decorations is planned to exceed any such project thus far. It is hoped that several of the features will inaugurate a tradition for the years to come so complimentary to the nostalgic charm of this "Switzerland of Wayne County".

## Church To Sponsor Fun Fair Dec. 8-9

The Sunday School and the Men's Club of the Presbyterian Church are cooperating in the project of a "Fun Fair" to be held in the Presbyterian Church House on Friday and Saturday, December 8 and 9.

The many booths will include a scenic railway, a miniature golf course, a cabaret, balloons, darts, candy and hot dogs and a number of others that will have a great attraction for both children and adults. There will even be a Baby Sitting Booth where parents can park the tiny ones while they enjoy the fun. For the more serious minded Harold Hartley is planning a booth given over to simultaneous chess games.

The purpose of the "Fun Fair" is to raise money for the improvement of the Audio-Visual program of the Church School.

Every one in town (and in the country) is cordially invited to participate in this event.

Members of the church are asked to aid the planners by giving used books for the Book Booth and to donate a 25c gift for the Surprise Package Booth. These should be sent or taken to the church as soon as possible.

The hours will be from 6:30 to 9:30 p. m. on Friday and from 3:00 to 9:00 on Saturday.

## Presbyterian Canvass Deemed Successful

The first report on the Annual Church Canvass of The First Presbyterian Church which is now in progress indicated a very successful year.

With reports compiled by the Secretary of the Committee, Del Hahn and presented last Sunday by C. Ray Van Valkenburgh, over half of the budget was subscribed in the first week with only one third of the congregation reporting. Canvassers are calling this week on over one hundred and twenty families who have not been contacted. The officers felt that judging from early returns the year promises to be one of the finest in the experience of the church. Excellent assistance has been rendered by the Men's Club and the Couples Club along with the officers on the three Boards of the Church.

Mrs. Eugene Willnow (Lillian Shoebright) and children of Wayne were Tuesday visitors of Mrs. Willnow's parents, Mr. and Mrs. Chancy Shoebright of South Wing street.

## Post Office Plans for Xmas Deluge

A record volume of Christmas mail and packages is anticipated to begin pouring into the Northville Post Office soon, Leland Smith, Northville postmaster announced this week.

Although a somewhat normal amount of mail is expected during the first few weeks following Thanksgiving, the rush will reach record proportions just before the big day. Smith stated that this last minute pressure can be averted if persons will mail their Christmas cards and gift packages early. To insure delivery by the 25th, parcel post packages must be mailed at least two weeks before Christmas. Every year regular and extra personnel are taxed to the limit by the last minute deluge of cards and packages.

To handle the influx of mail, 20 additional mail carriers and sorters will be added to the regular staff. Space at the rear of the Boyd Brothers Building has been secured to take care of incoming and outgoing parcel post. This temporary expansion has been necessary due to the limited space in the post office building.

Postmaster Smith urges residents to have gifts for mailing carefully wrapped and tied. To insure careful handling, breakable items should be plainly marked. Be sure to include the street as well as the name and city as any incorrectly addressed greetings will contribute to the dead letter box. All addresses should be printed or clearly written so that they can be easily read by mail sorters and carriers. Residents are reminded that all unsealed Christmas cards must be mailed with a two-cent stamp instead of the one and one-half cent stamp used in previous years. Greeting cards carrying two-cent stamps are third class mail and as such, must not be sealed or contain personal messages of any kind.

Residents are urged to have their name and address clearly printed on each mail box for the convenience of substitute carriers not familiar with the route. There will be a delivery Sunday, December 24, for the last minute holiday cards and gift distribution.

To residents of the Northville Post Office area, Smith issues an urgent plea to complete Christmas mailing early. Don't wait until the holiday arrives. "With each person's cooperation, we can handle the mail so that everyone will receive his gifts and cards by Christmas."

## Youth Fellowship To Install Officers

## 1951 License Plates To Go on Sale Dec. 1

Significant of the passing of another year is the sale of 1951 passenger and commercial vehicle license plates beginning December 1 at the Carrington Agency on North Center street, local Department of State representatives.

According to Thomas Carrington of the agency, the 3500 passenger plates will be in the CA series beginning with number 1001. Last year the agency distributed about 3200 plates, and even heavier sales are anticipated for the coming year. Color of the plates will reverse this year, white on black as opposed to the current black on white.

## Response Good for Drama Productions

Despite the blizzard, the entire personnel of the Ann Arbor Civic Theatre visited Northville last Saturday evening and skillfully presented three plays, each of which was classified as comedy but considerably varied in type and mood.

The attendance was good considering the severely inclement weather and those viewing the productions were well rewarded. The audience consensus indicated satisfaction throughout the evening with perhaps the greatest appreciation for the last play, a scene in Madrid which starred Nancy McGee and Charles Isaacs. This was acknowledged by those in the organization to be the best "theatre" of the evening's plays. Mr. Isaacs, who has a background of long experience in dramatic arts and formerly was associated with Cecil B. DeMille, favored us with an unscheduled presentation in an intermission, of his characterization of "The Virginia Judge".

T. Todd Jones, president of the Ann Arbor Civic Theatre, gave a short explanation of their purposes and methods. He had heard of the incipient formation of an organization interested in dramatic productions in Northville and extended best wishes and offered whatever support the Ann Arbor group may lend. The number in the audience indicated a good interest locally in this sort of hobby and entertainment.

The Civic Theatre was sponsored in their appearance here by the Northville Exchange Club.

## Optimists To Have Ice Skate Exchange

Do you have any discarded yet useable ice skates gathering dust in your attic? There are many youngsters in the Village who would love to join the gang in a crack-the-whip and other ice capers this winter but are unable to get any skates.

The Optimist Club in cooperation with the Northville Recreation Committee is sponsoring an exchange proposition which will serve to exchange the youngster's outgrown skates for a pair of proper size and also to furnish skates to children who do not have any at all.

It is estimated that at least 200 pairs will be needed, possibly more and Village girls and boys will appreciate every pair. Bring your donations to the Scout Building or the Village Hall any afternoon. Any necessary sharpening or reconditioning will be given the skates before distribution.

If we must have ice, let's let the youngsters enjoy it.

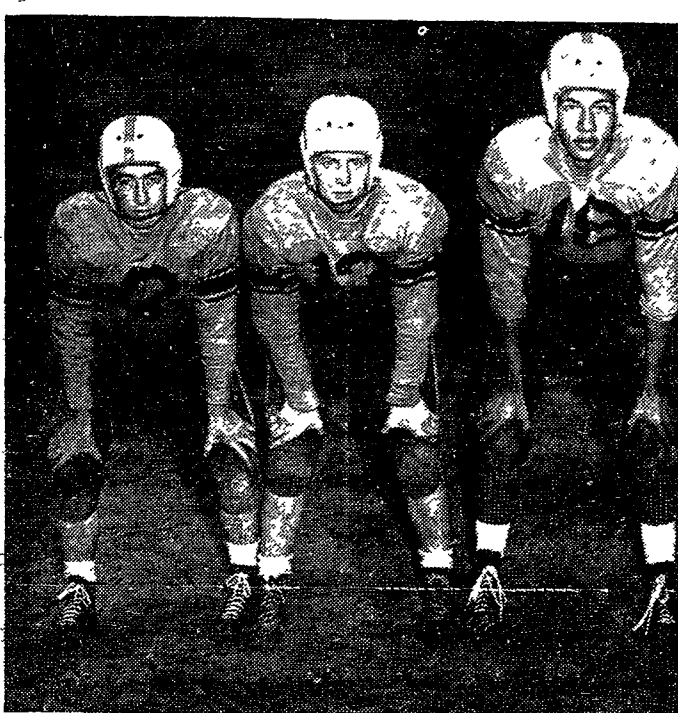

## Club Ladies To Meet Friday at Library

The Northville Woman's Club will meet at the Village Library Friday afternoon at 2:30 p. m.

## Tom Francone Found Dead Wednesday

Tom Francone, for the past two years, caretaker of the Village dump, was found dead Wednesday evening at his home on Silver Springs Court. He was found by Chief of Police Joseph Denton and Sgt. Clarence Baum who went to Francone's home upon the request of a friend.

Dr. Robert Wetterstrom who examined him said that he had been dead for about one hour. The coroner report stated that death was caused by heart trouble and hardening of the arteries.

Mr. Francone is believed to have a son living in the Calumet or Lauren area in northern Michigan whom police are trying to locate. His body will remain at the county morgue until a relative can be located.

## TB Christmas Seals Mailed to Villagers

Under the able leadership of Mrs. W. L. Howard and the Woman's Club, the TB and Health Society's double-barred cross Christmas Seal sale started in Northville November 20.

Christmas Seals as we all know so well finance the prevention and control program carried on throughout the year by the TB and Health Society and these mighty little seals have been fighting tuberculosis for 44 years.

The Christmas Seal has done such a tremendous job during those 44 years that now days we often hear the question, is tuberculosis still a problem?

In Detroit and Wayne County — 2,400 men, women and children are in hospitals being treated for tuberculosis! Another 200 are on a waiting list—seeking a hospital bed following the discovery of TB!

Almost \$6,000,000 — six million — was spent by the state and county last year for the treatment of these people. Added to the treatment costs are hundreds of thousands of dollars—public tax money—needed in the form of welfare and assistance to keep families intact while TB is in their midst. 1,403 men, women and children died of tuberculosis in Michigan last year, 891 of these deaths were in Wayne County! It is estimated that almost a quarter of a million people unknown to health authorities have tuberculosis. Hundreds of these people must live in Wayne County!

Yes, Tuberculosis is still a problem! Tuberculosis is contagious—it is everyone's problem and everyone can help. Buy and use those Christmas Seals which this year feature the three little angels.

The Get-To-Gether Club met at the home of Mr. and Mrs. Arch'ie Herrick of Braden Road. Eighteen members and two guests were present. The next meeting will be held at the home of Mr. and Mrs. Nelson Taylor on Krammill Street, Plymouth.

## Football Banquet Honors NHS Team

The Northville Exchange Club honored the Mustangs, Northville High School's undefeated football team, at the annual banquet Tuesday night at the Methodist Church House.

Football players, fathers and guests were addressed by Earl Edwards, assistant coach at Michigan State College, and Spartan End Dorn Dibble. Clifton Hill was toastmaster for the event. Edwards and Dibble commented on the fact that weight is not the most important factor in a team's success, that team play and spirit are more important. Coaches Al Jones and Dick Kay agreed, stressing cooperation which pulled the Mustangs through an undefeated season despite definite lack of weight.

The most important event of the evening was the awarding of honors to Northville gridgers. Don Maclean and Leon Holman, both juniors, were elected Co-Captains by their teammates to lead the 1951 squad, and Dick Gray, 1950 captain, was chosen most valuable player for the past season.

Head Coach Al Jones announced winners of major letters and presented them, along with miniature gold footballs from a donor who wished to remain anonymous, to Bob Cole, Ken Rowe, Dennis Curl, Bob Prom, Don Graham, Howard Meyer, Bob Pullen, Stanley Dahlgren, Per and Al Iversen, Delbert Black, Dick Gussell, John Rackov, Tom Shrake, Charles Ely, Bill Bingley, Oakley Shoemaker, Bob Sheffer, Bill Sullivan, Dick Gray, Dick Sand, Charles Dickinson, James Clark, Jack Ratliff, Don Maclean and Leon Holman.

Jones presented minor letter awards to Norman Balko, Bob Heard, Bob Visnyak, Tom Mosheimer, Bill Myers, Bill Gaab and Bob Wilson. Manager awards went to Bill Tierney, Larry Meyer and Terry Gates.

Dr. Stuart F. Campbell, Exchange Club president, welcomed guests and players to open the banquet. Mike Gussell spoke for fathers of the team. A male barbershop quartet sang after the dinner.

Athletic Director Harry B. Smith made the most valuable player award and announced the football schedule for next year, which will include the new five-team league Northville will enter, effective with spring sports. Besides Northville, the league will include Clareville, Milford, Holly and Clarkston.

Members of the police force were acknowledged for donating their help at home games at Ford Field.

Smith also announced that season tickets for the 1950-'51 basketball season are on sale. Season tickets will guarantee admittance to all eight home basketball games. They may be purchased from varsity club members at any time. The cage season begins tomorrow night against South Lyon at the Northville gymnasium.

The program which the Graudans presented included: "Adagio and Presto" by Carlo Tessaumi; "Sonata in G Minor, Opus 5, No. 2," by Ludwig van Beethoven; Introduction and Polonaise, Opus 3, Frederic Chopin.

Nikolai Graudan presented the following cello solos: "Melody" by Christoph Willibald von Gluck; "Rondo" by Luigi Boccherini; "Holy Thursday at Midnight" by Joaquin Turina; "The Dragon Fly" by Louis Delune.

## 101 Year Old Lady Dedicates Bridge

Mr. and Mrs. Richard Ambler and daughter, Diane of West Dunlap street went to Wallaceburg, Ontario, Thursday to witness the dedication ceremonies of the Lord Selkirk bridge.

Mrs. Ambler's grandmother, 101 year old Mrs. Susan Smith cut the ribbon opening the new bridge and accompanied the mayor in the first car across the bridge. On hand to witness the ceremony was Mrs. Russell E. Atchison, Mrs. Smith's daughter, who for the past three years has made her home with her.

Mrs. Smith is remarkably bright for her 101 years, and has lived her entire life in the vicinity of Wallaceburg. She has lived in her present home since 1863. She is also the grandmother of Dr. Russell M. Atchison of North Rogers street and the great-grandmother of Ricky, Rusty, Rhonda and Roxanne Atchison and Diane Ambler.

## Residents Marooned in Penn. Blizzard

While Northville residents complained about shoveling a few inches of snow away from their doorsteps this week, Earl Patterson of East Cady street accompanied by his brother, Robert, also of Cady street had an encounter with the snow which they will remember for a long, long time.

Mr. Patterson was taking his mother-in-law, Mrs. Clarence Fulton to her home in Coalport, Pennsylvania Friday. They got as far as Newcastle, Penn. Saturday morning and encountered 36 inches of snow. Marooned on the side of the road waiting for the snow plows to get through, they waited until midnight Sunday before they could move. Their diet for the day and a half was crackers and lunch meat, all they had in the car.

Mr. Patterson and his brother returned to Northville Tuesday thankful for their safe journey home.

## Council Votes for Rent Decontrol

The Village Commission has passed an ordinance decontrolling rent in Northville.

Six landlords and one tenant attended the public hearing which was conducted last Friday evening by the Council at the Village Hall. The resolution to decontrol rent was passed after hearing those present at the session.

The Village Commission resolution in part reads "... That the Village Commission hereby does find that there no longer exists such a shortage in rental housing accommodations as to require rent control in the Village of Northville ..."

## Denton, Chabut Address BPW Club

Speeches by Chief of Police Joseph Denton and Village Health Commissioner, Dr. V. George Chabut highlighted the Business and Professional Woman's Club meeting at the First Methodist church house Monday evening.

The program was under the auspices of the Health and Safety Committee and the speakers were introduced by Dr. Irene Sparling, committee chairman. Chief Denton stressed the hazards connected with winter driving. He urged motorists to clear windows of all ice and snow before leaving the curb, and he stressed having your car in good running condition at all times. The Chief pointed out that statistics proved that there were 22 per cent "good" drivers, 38 per cent "fairly good" drivers, 30 per cent "fair" drivers, and 10 per cent "bad" drivers on the roads today. He concluded his talk by urging everyone to observe all safety rules so that all could have a joyous holiday season.

"Medicine in the Future" was the topic chosen by Dr. V. George Chabut, for his talk. United States medicine is over 200 years old, he said, and its inception was begun centuries ago in England, France and Belgium. Dr. Chabut contended that U. S. medicine has attained its greatness only by the integrity of individuals. Socialization of medicine he pointed out, would change the mode of living of everyone of us.

The so called "closed shop" in the medical profession, he asserted, is not due to any selfish motive, but is so only because the responsibility to humanity is so great. If socialization of medicine were to take place, it is speculated that from three to ten per cent of a pay check ranging up to \$4800 a year would be taken out by the federal government and then redistributed to the states. Dr. Chabut stated that England has gone in debt over 200 million dollars in the last nine months on their socialization program. Socialization, he concluded, invades the patient's privacy between the physician and the patient and the extension of controls over medicine would provide second rate medical care.

## Plan Meetings To Aid Farmers With Dairying Problems

Dairymen in northern and southwestern parts of the state will have an opportunity to have their questions answered during the coming months when Michigan State College extension dairymen conduct a series of meetings in a number of counties.

J. G. Hays, extension dairy project leader, says that problems of interest to dairy farmers will be featured topics at the meetings. Aiding him in the dairy meetings will be extension dairymen George Parsons, D. L. Murray, and L. A. Johnson.

To insure complete coverage of dairy material, the men will present varied subjects. Topics to be covered this year include: Feeding the Year Around by J. G. Hays.

Sires, Inheritance and Breeding Troubles by George Parsons. Quality: What, Why, How by D. L. Murray.

Calving and Herd Management by L. A. Johnson.

All dairymen are invited to attend the meetings. County agricultural agents are now making local arrangements for the series of programs, which will start November 29. The meetings will continue through the winter until March 9. Announcement of dates and places will be made through the county extension offices.

Hays says a question period

is being arranged at the end of each session so those attending may bring up problems which may be troubling them in their dairy herd operation.

## Don't Let Death Take Your Holiday

Once again American armed forces are in action trying to protect and uphold the ideal of freedom. Once again the spirit of Christmas will be mocked by the hate and bloodshed of the battlefield.

In many American homes the roar of the cannon will make it hard to hear the ringing of the Christmas bells. That is to be deeply regretted, but throughout history the torch of man's dignity and freedom has been held aloft only through the sacrifice of its bearers.

We can do little to prevent such personal tragedies. But we can do a lot to prevent another kind of tragedy which is equally poignant at the Christmas season — and more cruel because it is needless.

We refer to the preventable tragedy of accidents. The National Safety Council has called for intensive accident prevention effort during the holidays — usually a very dangerous period of the year.

That is an objective which has our wholehearted support, not only because it is better to have a joyous Yuletide, but also because we cannot afford to waste the resources of manpower and material so necessary these days to our national strength.

The waste is enormous — much more than most persons realize. The American Medical Association has shown that accidents rob the nation of more working years than any disease, because accidents strike all age groups, not just those whose productive years are largely behind them.

The traffic accident problem this year is serious, with a death toll of 35,000 in prospect. That would be the largest number of automobile victims since the record year of 1941.

Rigid enforcement of the laws by state, county and municipal police, plus individual determination to play it safe, can keep the Christmas spirit — and all of us — alive this year.

**SIMPLE RULES FOR CHRISTMAS SAFETY**

TRAFFIC—	HOME—
1. Use extra care for the extra holiday hazards.	1. Check your home for anything that might cause an accident.
2. Put the Christmas spirit of "good will" into your attitude toward drivers and pedestrians.	2. Keep your Christmas tree in water and away from flames.
3. Don't let Christmas packages obstruct your vision when walking.	3. Use electric tree and window lights — no lighted candles ever. Don't leave tree lights on when you are out of the room for a considerable time.
4. Don't drink if you drink — and vice versa.	4. Check your electrical connections for shorts and worn-out wires.
5. Start in time and take it easy. Allow for winter weather and extra holiday traffic.	5. Keep flimsy Christmas decorations and wrappings away from the fireplace.

## Advice on Town's Tree Care Given by MSC Foresters

The word "forestry" usually brings to mind large tracts of timber. However, Bill Love, Michigan State College forester, says towns and cities should think of "municipal forestry" as an aid to beautifying their communities.

In recent years many larger cities have established forestry departments to handle the work of planting and caring for city trees.

The forestry extension department of Michigan State College, realizing that only the larger towns can afford to hire trained foresters, offers assistance to communities wishing to develop sound programs of tree planting and care. Contacts for this service can be made through county agricultural agents, located at the county seat.

Love, who heads the municipal forestry for the extension service, says: "We should not make the mistakes of city planners in the past; too many selected softwood, fast growing trees such as soft maples, cottonwoods, box elders and Chinese elms. Such trees are too easily damaged by wind and sleet. Over-aged inferior species, quite often planted too close together, create a big maintenance and removal problem, and considerable training is required to accomplish the job safely.

Love suggests for replacement plantings — and on newly developed areas — the planting of hard-wooded long lived trees such as sugar maple, black maple, Norway maple, American sycamore, and hackberry.

Other good species are available, including special pyramidal forms of maples and small growing species for narrow crowded streets. He believes it would be well to limit spacing of street trees to a minimum of 50 feet or more to permit adequate room for root and crown development.

Municipal officials should address questions concerning their forestry problems to the Co-operative Extension Service, Michigan State College, East Lansing, Michigan.

## Dairy Farmer To Appear On Radio

Because William Bakhaus, 44441 West Warren Road near Plymouth, has a warm spot in his heart for fine cattle, Michigan State College has invited him to appear on its radio program, "Electricity at Work for You". Broadcast time is 1:15 p. m. Wednesday, December 6, on Station WKAR-870 on your dial.

Don Hamilton of MSC and William Scott, Detroit Edison Farm Service Advisor, also will be on the program.

With the help of his son, George, and Bruno Schmidt, a Displaced Person from Germany,

Bakhaus maintains a herd of 40 Guernsey cattle, in addition to farming 230 acres.

The new barn on the Bakhaus farm is especially designed to keep cattle healthy and increase milk production. Features include insulated ceiling, rubber composition mats in stalls to check mastitis, and an electrically driven gutter cleaner which, according to Bakhaus, saves him one-and-a-half hours of back-breaking work every day.

Electricity is also used to operate a corn dryer and milkhouse water heater.

## Calm Animal When Choking Happens

Choking in cattle is usually caused by careless feeding of large chunks of feed, especially whole ears of corn, beets, apples, turnips, chunks of cabbage and potatoes. When a cow begins to choke, the first job is to get the animal calmed down, say Michigan State College veterinarians.

Animals so affected rarely die, so there is plenty of time to handle the condition calmly and properly. In some cases, they may calm down enough to dislodge the object without any help. If not, a veterinarian should be called to give an injection. This quiets the animal and relaxes the muscles, making it easier to either cough up or swallow the object.

Bloating may be a serious consequence of choke, since feed lodged in the throat will prevent belching. If the choke-causing feed is not removed within a reasonable time, surgery will be required to prevent death from bloat.

The farmer now uses mechanical coal stokers for greenhouses, poultry, brooders, bake ovens, and-of course-for home heating.

Average per-man production of coal in the United States for one day is higher than in Japan for one month.

A ton of coal is needed to produce a ton of paper.

Rev. DeYoung read the double ring service before an altar flanked with baskets of white chrysanthemums, palms and candelabra. Arthur McCombie sang "Yours Is My Heart Alone" and "At Dawning."

Given in marriage by her father, the bride was attired in satin and marquisette gown which ended in long train. The satin bodice was fashioned with a yoke, edged in pearl beads. Her tulle three-quarter length veil of illusion was held in place by a bonnet trimmed with orange blossoms. The bride carried a muffled bedecked with white roses.

Honor matron was the bride's sister-in-law, Mrs. Robert Orr of Farmington on who wore a mauve satin gown designed with a portrait neckline and full skirt extending from a bustle in the back. A bouquet of mauve chrysanthemums with a matching headpiece completed her ensemble.

Green satin gowns identical to that of the matron of honor's were the choice of bridesmaids.

Mrs. Dean DeLong of Toledo, Ohio, and Yvonne VanHellemond of Detroit, formerly of Northville. They carried bouquets of bronze chrysanthemums and wore matching mums in their hair.

The best man was Randall Coleman of Muskegon Heights and seating the guests were Robert Orr of Farmington and Dean DeLong of Toledo, Ohio.

Mrs. Orr was attired in a forest green dress and Mrs. Moore chose sage green. Both mothers pinned corsages of yellow chrysanthemums to their shoulders.

A reception followed in the church parlors with the bride's sisters, Mrs. Bill Kelly (Jean Orr) and Mrs. George Hunter (Dorothy Orr) and Mrs. Arthur Gots (Audrey Ford) presiding at the refreshment table.

The young couple left on a wedding trip to an undisclosed destination. For going away, the bride chose a beige suit with brown accessories. Upon their return they will make their home in Birmingham.

Ella is the daughter of Mr. and Mrs. James Orr of Farmington. She was graduated from Northville High school and Alma College where she was affiliated with Kappa Iota Sorority. She is teaching in the Birmingham school system.

## Television Sets Top Children's Christmas Lists

Boys and girls alike put TV sets ahead of bikes, skates, dolls

NEW YORK, N. Y.—It'll be a TV Christmas this year if the children have their way.

King Bicycle, long the Christmas choice of most children, took a back seat to a new favorite on the Christmas list of boys and girls alike—television sets.

In a survey reflecting what thousands of boys and girls want most for Christmas, far more of them put television sets first on their list, than chose such perennial favorites as bikes, skates, electric trains, and wrist watches.

It was an astonishing sweep for America's newest entertainment medium that has so completely won the hearts of the younger generation. For every child who still headed their list with a camera, radio, or BB gun, there will be five who will go to bed on Christmas Eve and secretly dream of a TV set under the tree.

Moreover, the children were more vocal than usual in explaining why they picked as they did. "I just gotta have a television set," one rosy cheeked miss of five told the interviewer. "Nobody ever plays at our house any more." Most of the children echoed these sentiments in one way or another, confirming a recent statement by Angelo

Patri, noted authority on child guidance, that it is "practically impossible for boys and girls to 'hold their own' with friends and schoolmates unless television is available to them."

The slightly older children seemed aware, too, that the cost of a television set might be a real obstacle. But, as one sixth grade boy put it, "I'm hoping that Dad will realize how much use we'll get out of a television set if he gets it. Usually our house is full of broken presents within a few weeks after Christmas. But we'll use a television set for years and enjoy it together, too."

Mighty hard arguments to resist. And harder still when you can hear the passionate seriousness with which the kids argue their case.

As far as the children are concerned, there's no problem about waiting for the television of the future. They're just waiting for Christmas.

## Opera House Charm Found in Local Home

For many of Northville's older residents, the home of Mr. and Mrs. Glenn H. Cummings, which is rapidly taking shape near the southwest corner of Northville and West Six Mile Roads, will hold more than passing interest by reason of the fact that the brick from the ancient Northville Opera House is being used in its construction.

The home occupies a two-acre wooded hilltop adjoining Cass Benton Park on the west. The architect, Richard B. Pollman, designed it to blend with its setting in a way which adds greatly to its charm. The old brick is laid up in rough mortar, mission style, and used in combination with stained wood trim. Some 20,000 brick were used in the residence, garden walks and a wall skirting the parking area.

The opera house, razed last spring, was open to the public for the last time on December 10, 1949, for the benefit of those desiring one final inspection before the old landmark was torn down.

Mr. and Mrs. F. M. McCormick of Maxwell Road were Thanksgiving Day dinner guests of Mr. and Mrs. W. Earl Taylor and family, of Ann Arbor, Michigan. Mrs. McCormick is the sister of Mrs. Taylor.

Mr. and Mrs. Keith Simons of East Lansing spent the Thanksgiving week-end with Mrs. Simons' parents, Mr. and Mrs. William Taft of West Eight Road.

Orient Chapter No. 77, Order of the Eastern Star will meet Friday evening, December 1. Officers of the O. E. S. chapter will meet Friday at the Masonic Temple at 7:30 p. m. for practice.

Mr. and Mrs. Robert Black of Main Street were Thanksgiving dinner guests at the home of Mrs. Black's mother, Mrs. Doris Wick of West Seven Mile Road.

The storms and ice came to Northville, but many people came to Stone's to see the great toy display. Why don't you drop in and take a look at the hundreds of toys at Stone's Gamble Store? Why go out of town to shop when you can get what you want right here. 26

Jean Stevens, who spent the Thanksgiving holiday at the home of her parents, Mr. and Mrs. C. M. Stevens of High Street has returned to Detroit where she is a student at Wayne University.

Dr. and Mrs. Hugh Godfrey and children of Eaton Drive spent the Thanksgiving holiday with Dr. Godfrey's parents at Colon.

The date for the annual Barbershop Parade has been set for March 31, 1951.

Mrs. Blair Claypool and Mrs. Benny Zayt were co-hostesses at the latter's home on Linden street Monday afternoon at a birthday tea. Guests were teachers from the Northville grade school. Mrs. A. R. Clarke and Mrs. Leslie G. Lee presided at the refreshment table.

## Sheltered Place Is Best for Bird Feeding Station

Decide on a sheltered spot, safe from pouncing cats and strong winds, if you want birds to come to your winter feeding station, Dr. George M. Sutton, associate professor of zoology at the University of Michigan, advises.

No special equipment is needed for such a counter, the University professor pointed out. In selecting the spot for placing the food, a partial roof or awning above the window is a good thing, though not absolutely essential, Dr. Sutton said.

People who want to attract birds to the feeding station should take advantage of the snowfalls. Many birds will come to the feeding counter when they must take shelter from storm. Michigan birds have perfectly adequate feather covering and if they have food, they are safe, Dr. Sutton said. But wait for that first heavy snow fall. In just a couple of days, the birds will develop a habit of coming to your feeding station.

Discussing the favorite food items, Dr. Sutton noted that many birds are very fond of sunflower seeds. Bird lovers can usually make arrangements with a farmer to save complete sunflower heads for them. These are then strung up for the birds and are a great favorite with downy and hairy woodpeckers, chickadees and tufted titmouse. The cardinal likes this food, too, but for this bird the seed should be placed on the ground, as he dislikes flying up to get it.

Other foods which will attract the birds are cracked nuts, hickory nuts, peanuts and black walnuts, and of course, the lump of suet tacked to the trunk of a tree or placed in a container of kitchen wire through which the birds can peck.

One of the prettiest birds you can have as a "guest" during the winter is the evening grosbeak, a black-white-olive green and yellow bird about the size of a robin, Dr. Sutton said. Bobwhites may be seen at winter feeding stations occasionally.

The brown creeper, a small defenseless brown, grey and white bird with slender curved bill, will often slip in when the other birds have finished and will stay as long as the others will let him. The titmouse and chickadee may get bold enough to eat out of your hand, Dr. Sutton said.

Coal goes into the making of synthetic rubber tires, brake fluid, greasy butter, DDT, plastics and thousands of other items.

**Road Jurisdiction Determination**  
 Commissioner O'Hara moved the adoption of the following resolution:

Whereas, this Board has received a petition from ten freeholders of the Township of Redford to absolutely abandon and discontinue the alley 18 feet in width, in the rear of Lots 26 and 41 both inclusive and Lots 45 to 70 both inclusive, as dedicated for public use in "Rudolph's Rouge Park Sub." of part of E. 1/2 of N. W. 1/4 of Section 33, T. 1 S., R. 10 E., Redford Township, Wayne County, Michigan, as recorded in Liber 59 of Plats, on Page 45, Wayne County Records, said alley being a county road under the jurisdiction of this Board; and

Whereas, pursuant to said petition and in accordance with the provisions of Section 18 of Chapter 4 of Act No. 238 of the Public Acts of the State of Michigan for the year 1909, and amendments thereto, by resolution dated October 12, 1950, resolve that a hearing be held on November 9, 1950, at 11:00 a.m. E.S.T. at 3800 Cadillac Tower, Detroit 26, Michigan, to determine the necessity or advisability of absolutely abandoning and discontinuing said portion of said county road; and

Whereas, pursuant to the above mentioned statute, this Board has served a notice of said hearing upon all of the owners and occupants of lands through or adjoining which it is proposed to absolutely abandon and discontinue such county road, and published a copy of said notice in the Legal Courier, a newspaper published within the County of Wayne, on October 27, 1950; and

Whereas, said hearing was held at the time and place appointed by said resolution and said premises were viewed in accordance with the statute; and

Whereas, it is appearing from said hearing and view of the premises that the public will have no further use for the portions of county road in said subdivision so petitioned to be absolutely abandoned and discontinued, but it is desirable to maintain therein a public utility easement for the use and benefit of the public.

Now, Therefore, Be It Resolved that said portion of county road, being the alley 18 feet in width, in the rear of Lots 26 to 41 both inclusive and Lots 45 to 70 both inclusive, as dedicated for public use in "Rudolph's Rouge Park Sub." of part of E. 1/2 of N. W. 1/4 of Section 33, T. 1 S., R. 10 E., Redford Township, Wayne County, Michigan, as recorded in Liber 59 of Plats, on Page 45, Wayne County Records, constituting a total of 0.125 mile of county road, be and the same is hereby absolutely abandoned and discontinued, and shall cease to exist as a public highway, upon the express condition that there be and hereby is reserved an easement in the lands now occupied by said portion of county road for the installation and maintenance of sewer, water, gas, electric, telephone and all other public utilities for the use and benefit of the public, and all persons, firms or corporations owning or operating said public utilities shall have the right to enter upon said easement for the purpose of installing, maintaining or operating any of said public utilities.

Be It Further Resolved that this Board hereby determines that it is the best interests of the public that said portion of county road be absolutely abandoned and discontinued, as serving therein the easement as herein set forth.

The motion was supported by Commissioner O'Brien, and carried by the following vote: Ayes, Commissioner O'Brien and O'Hara. Nays, none. 26-26

## Advise Plans for Farm Partnership

Foundation for a successful father and son farm operating arrangement often begins very early in the son's life, says H. S. Wilt, Michigan State College agricultural economist.

The spirit of father and son working together often starts during the son's active participation in 4-H Club and FFA work. There the father and son develop habits of planning and working together, Wilt advises.

He states that a son should devise a plan for financing his share of the business so that he can get an early start in working toward the father and son farm operating arrangement.

It's always a good idea for those considering a farm operating agreement to talk with fathers and sons who have successfully operated a farm together. He advised both father and son to study the factors which contributed to its success.

Another thing of importance when the son is mature and ready to enter this relationship is to discuss the prospective venture with a county agricultural agent, vocational agriculture teacher, or college agricultural economist, Wilt says.

He believes that an agreement should be made in writing. And if a record of the preceding year is available it should be gone over by father and son to determine whether there is sufficient income for two.

## Uncle Sam Says

More of my young nieces and nephews will be in school this fall than ever before. One of the important lessons they will learn is that America is a free country with Liberty for all. They will also learn that there are two forms of Liberty—political and financial—and that one of the best ways of preserving these is to purchase U. S. Savings Stamps through their School Savings program. Parents are now realizing that the early teaching of the habit of thrift will bring dividends of success in later years.
