

# Post Publishes Fred Neal's "I Escorted Soviet Big Shots"

The January 6 edition of the Saturday Evening Post carries a story entitled "I Escorted the Soviet Big Shots", written by a former Northville man, Fred Warner Neal.

Neal will be remembered by older residents as the son of the late Frank S. Neal, owner of the Northville Record. The Neal home on North Center street has now been moved to Dunlap and is the Veterans Memorial Hall. Fred was graduated from Northville High school and the University of Michigan where he was active on the Michigan Daily, campus newspaper. Upon graduation he worked for a time on the Wall Street Journal and then went into the Army. The Army Intelligence Corps sent him abroad where he travelled extensively in Russia.

The Post article narrates how three Russians, Ilya Ehrenburg, novelist; Konstantin Simonov, poet, playwright and censor of Soviet literature and the late Major General Mikhail Galaktionov, then Pravda's military editor, acted when they visited the United States upon the latter's invitation four years ago. Neal's role was to accompany them and serve as interpreter.

In the article, Neal endeavors to explain how the three Russians acted when exposed to the "fruits" of our capitalistic land. The Russians who were given complete freedom toured the country, at the expense of the United States, and then repaid U.S. hospitality by constantly criticizing us. Yet when the three got ready to return to Russia, they took with them Cadillacs and Buicks, \$200 suits of clothes, fifty cent cigars, luggage, eye glasses, false teeth, watches and jewelry. Their tastes weren't proletarian, either, Neal added.

The three Russians addressed scores of meetings and complained bitterly about eating the inevitable chicken with no wine. There was the first and practically only official postwar cultural visit to the U.S. Did it do any good, Neal asks? One can't be sure Neal concludes, as they returned to their homeland and bitterly, critically wrote about the United States.

## Depositors Bank To Change Hours

The Depositors State Bank this week announced a change in the banking hours.

Effective February 1, the bank will close at noon on Wednesday and open Friday evenings from 6:00 to 8:00 p. m. All other banking hours will remain unchanged. These hours are Monday, Tuesday, Thursday, 9:30 a. m. to 3:00 p. m. and Saturday, 9:00 a. m. to 12:00 noon. Wednesday banking is from 9:30 a. m. to 12:00 noon and Friday hours are from 9:30 a. m. to 3:00 p. m. and from 6:00 to 8:00 p. m.

Bank officials changed the hours in response to many requests from patrons who wanted the Saturday congestion relieved. The change in hours is on a trial basis.

## Tide of Toys Drive Ends January 14

The American Legion Lloyd H. Green Post No. 147 sponsored "Tide of Toys" campaign went into the second and final week of the drive.

The drive which is sponsored by the national Legion organization hopes to collect 10,000 toys for the children of many European countries, the Philippines and Puerto Rico. The Legion hopes that by sending the toys to the war ravaged children they will be sending friendship and good will.

Toys which children should send should not pertain to war. The Legion asks that guns, tanks, toys soldiers etc. not be included in those sent. Toys should be placed in a container, or left unwrapped and each article sent should be accompanied by a greeting card with the name and address of the sender. The packages should be left at the village churches or at the Veterans Memorial Hall no later than January 14.

National officers of the American Legion will accompany the toys and oversee the distribution in Europe, the Philippines and Puerto Rico. Heading the drive locally is Paul Burnham and his assistants are Con Springer, Merrill Sweet, Phil Ogilvie and Don Severance. Bing Crosby is the honorary national chairman and his vice chairman are Drew Pearson and Irving Geist.

The toys collected in Northville will be sent to the Philadelphia Naval Yard where they will be loaded in ships and sent to Europe. This humanitarian effort has the endorsement of churches, city officials, and governors throughout the nation.

## Girl Scout Leaders Course Is Offered

The Girl Scout Leaders Training Course got off to a good start Tuesday morning at the Scout Building on East Dunlap Street with ladies present from Northville, Novi, Farmington, Livonia and Wayne.

Mrs. Alec Lawrence and Mrs. Maxwell Austin, assisted by Mrs. Francis S. Jennings, are conducting the course which will meet for three more Tuesdays, January 16, 23 and 30 from 10:00 a. m. to 3:00 p. m. Ladies interested in enrolling may do so at the next session. Those attending are asked to bring their own sandwiches and coffee and tea will be furnished.

The fundamentals and procedures of Scouting are explained to the ladies in the course and they are also taught techniques in handicraft, group singing and singing games. On January 15, a Girl Scout movie will be shown at 11:00 a. m. and on January 23, members of the troop committees are asked to be present to view the troop committee slides. On January 30, the Girl Scout leaders film will be shown at 11:00 a. m.

Ladies from Northville and Novi attending the first day session were Mrs. Howard Atwood, Mrs. John Bering, Mrs. Robert Dixon, Mrs. Kenneth Cook, Mrs. George Lien, Mrs. Alvin Wistert, Mrs. Raymond Rogers and Mrs. True Read.

## Club To Present Musical Program

The Northville Woman's Club will meet Friday afternoon, January 19 at 2:30 p. m. The meeting has been designated as Guest Day when members may invite friends to attend the meeting.

The afternoon's musical program is under the direction of Mrs. Elroy Ellison. Mrs. David Hay, Jr. (Betty Yerkes) will render several vocal solos and a sextet composed of Mrs. Leslie G. Lee, Mrs. William Williams, Mrs. Richard Kay, Mrs. Charles Yahnke, Mrs. Elroy Ellison, and club president, Mrs. William H. Canfield will present several selections. ## Leathercraft Class To Begin February 6

The Northville Recreation Committee this week announced that a class in leathercraft will begin Tuesday, February 6. The class will meet at the Scout Building, 129 East Dunlap street from 7:00 to 9:30 p. m.

All persons interested in registering in the class may do so by sending a postal card to the Department of Recreation, Village Hall, Northville.

## Township Primary Election Called

Township Clerk Fred W. Lyke this week announced that the township of Northville spring primary election has been called for Monday, February 19.

Voters will be going to the polls to elect a supervisor, clerk, treasurer and four constables for two year terms, two justices of the peace for four year terms and one member of the Board of Review to serve a two year term.

Polls will be open from 7:00 a. m. to 8:00 p. m. at the Village Hall and at the Scout Building on East Dunlap street. Anyone desiring to run for the above named offices may file a petition signed by not less than one per cent, nor more than four per cent of the electors of the Township with Clerk Fred Lyke no later than Tuesday, January 30 at 4:00 p. m. Petitions may be secured from Township Clerk Lyke at his home, 225 West Dunlap street.

Residents who wish to register for the spring primary election may do so at the Village Hall on Saturday, January 20 and Tuesday, January 30, when Mr. Lyke will be there from 8:30 a. m. to 8:00 p. m. to review and register such qualified electors.

## Meat Store To Open In Sambrone Bldg.

Workman are busy painting and renovating the Sambrone building on North Center street in readiness for a market specializing in fresh meats, fish, poultry and frozen foods.

Mrs. Neva Banks will be the manager and John Banks of Detroit will be the butcher. Banks says that he hopes the market will be ready for business on or before February 1. The store will stock some groceries but it will specialize in quality meats, fish and fresh dressed poultry, Banks said. Future plans call for the installation of lockers for deep freezing, he said.

Banks has spent most of his life in the meat business and hopes to bring patrons top quality meats at the lowest possible prices.

## Teachers To Attend Music Conference

Leslie G. Lee and Keith Burton of the Northville High school music department will attend the sixth annual mid-western conference on school vocal and instrumental music in Ann Arbor on January 12, 13 and 14.

Sponsored by the Michigan School Band and Orchestra Association, Michigan School Vocal Association, University Extension Service and University School of Music, the conference purpose is to meet the instructional needs of teachers of music. The conference "provides a continuous program of valuable sessions for music teachers from elementary through the college level." Concerts will be given by the All-State High School Band, Orchestra and Chorus and by the University of Michigan, Band, Orchestra and Choir.

The Methodist Wesleyan Service Guild will meet at the home of Mrs. Orpha Moshimer, 575 Gardner, Tuesday January 16 at 7:45 p. m. The speaker for the evening will be Mrs. Myrtle Duckworth, Case Supervisor for the Methodist Children's Home Society. Mrs. Ruth King and Mrs. Wilson Funk will assist Mrs. Moshimer as co-hostesses.

## "March of Dimes" Launched in Village

The March of Dimes will be launched in Northville January 15 when cannisters will be placed in all the business places.

Nelson Schrader, local March of Dimes chairman, stated that Northville's campaign will be conducted as it has in the past—through direct mail solicitation and through the use of the familiar "Dimes" cannisters in merchants stores. He explained that the "Dimes" drive is in no way connected with the Torch Drive which was conducted last fall.

There have been 100,000 cases of polio in the last three years—as many as in the ten preceding years. Today, the National Foundation for Infantile Paralysis must care for ten cases where they were previously caring for three. And today's dollar, Schrader pointed out, buys less hospitalization and less care than formerly.

Many who have been stricken are still needing care and many children and adults will be stricken with polio this year. Funds will be needed to care for these unfortunates and Northville citizens are asked to give generously in the March of Dimes drive which will be conducted from January 15-30.

## Recreation Offers Copper Tool Class

A series of five lessons will be offered in copper tooling by the Northville Recreation Committee starting Monday, January 15 at the Village Scout Building, 129 East Dunlap street. Classes will be held from 7:30 to 9:30 p. m. and the first class will include a demonstration and supply period.

Ferne Mitchell will be the instructor and samples of the work that will be offered to the class are on display in the windows of the Record office. Miss Mitchell has won blue ribbons at the Michigan State Fair for three of her pictures which were tooled in copper.

Ample supplies are on hand for this class and few tools are needed. Folks that have enjoyed leathercraft should be sure to take this class as they have all the models needed. Copper tooling is done on thin copper sheets that cost thirty cents a foot and should not be confused with copper hammer articles or the copper etching which is done on a heavy gauge metal.

The charge for five lessons will be five dollars and supplies can be purchased the opening evening, January 15 from 7:30 to 9:30 p. m. Anyone interested in registering in the class can do so by sending a postal card to the Department of Recreation, Village Hall, Northville.

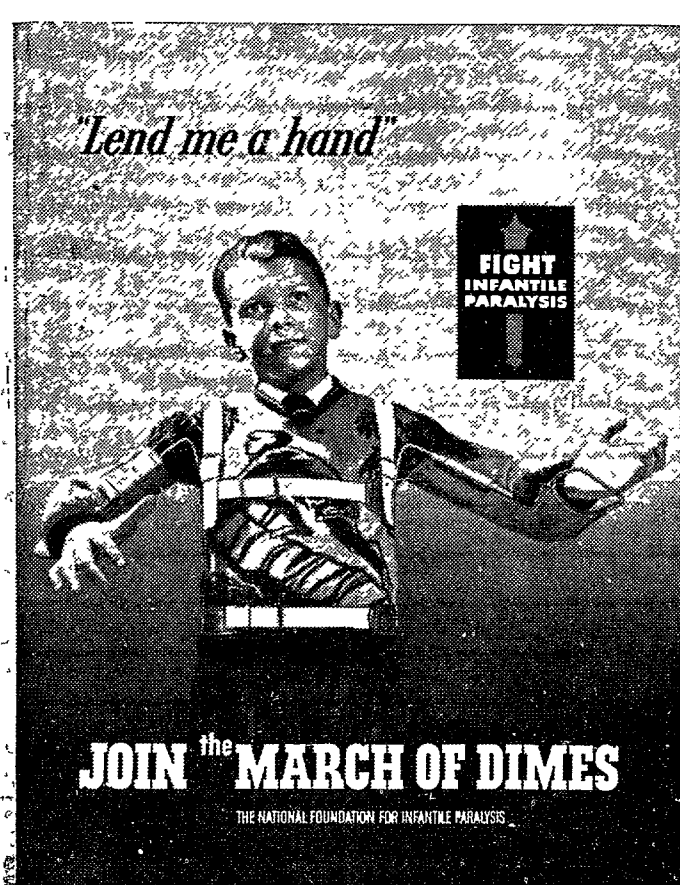

## I.O.O.F. To Install Officers January 15

## Girl Scout Benefit Jan. 18 To Finance Year's Program

The Second Annual Girl Scout Benefit Card Party will take place at the Veterans of Foreign Wars Hall, 432 Plymouth avenue, January 18 at 8:00 p. m.

Mrs. Harry Wagenschutz is the general chairman of the benefit and she announces the appointment of the following committee heads: Publicity, Mrs. W. E. McCarthy; Tickets, Mrs. C. Harold Bloom; Mrs. W. L. Howard; Door Prizes, Mrs. Fran Jennings; Tables, Mrs. G. V. Harrison; Card games chairman, Mrs. A. Russell Clark; Refreshments, Mrs. George Mellen and Mrs. Jack Blackburn; House chairman, Mrs. Charles Ely.

Donations for the benefit are \$1.00 per person and Villagers are urged to make up table of four and attend the event.

Funds from the card party will

be used to set up the Girl Scout program for the year. The money will be apportioned to cover the purchase of supplies for leaders equipment, camping, Day camp, for purchasing supplies and books necessary for troop handicrafts, camp life and nature study. Some of the money will also be earmarked to establish camperships for needy girls and to send a delegate to the national convention each year. Part of the fund will also be used to train leaders for the local Girl Scout program which is growing larger each year.

Patrons attending the benefit may play any card game of their choice and dessert and coffee will be served at the conclusion of the evening. Local merchants will be asked to donate several table prizes.

## Kings Daughters Elect Officers

The annual meeting of Mizpah Circle, Kings Daughters, was held January 2 at the home of Mrs. John Litsenberger on West Dunlap Street.

Officers were elected for the coming year. They are: Leader, Mrs. Gerald F. Taft; Vice Leader, Mrs. Don Severance; Secretary, Mrs. Emma Reid; Treasurer, Mrs. Roy Matheson.

Committee reports were read on the distribution of Christmas baskets to the needy and fruit plates to the shut-ins. A bountiful pot luck luncheon preceded the annual meeting.

## Community Organizations Lend Support To Village Civilian Defense Program

Plans for the creation of a local civilian defense program got under way Friday evening when representatives from the various community organizations met at the Village Hall to form the nucleus of a council. Forrest Doren, Civilian Defense Director, spoke briefly outlining the necessity for defense measures in Northville.

The council is composed of five committees: police, fire, transportation, housing and medicine. All plans will be set up in accordance with the recommendations of the National Security Resources Board, and the Federal Government will provide the necessary guidance and propose overall policies and principles.

## Housing Committee Recruits Volunteers

The Housing Committee of the Civilian Defense program is making immediate plans to begin a block by block survey of Northville's facilities for housing and feeding casualties and refugees in case of disaster. Many volunteers will be needed to complete this survey and those interested in helping are urged to call Mrs. Carrie Taft at 441W or Mrs. Arline Biery at 317.

Co-chairmen of the Housing Committee are Mrs. Hazel Severance and Mrs. Carrie Taft. Assisting them are Mrs. Marcella Douglas, Mrs. Arline Biery, Miss Elizabeth Etz and Mrs. Ann Guelzow. This committee will meet at Veterans' Memorial Hall, Auxiliary Room, Friday evening, January 19 at 8 o'clock.

## NHS Band To Give Concert January 17

The Northville High school band will present their first concert of the winter season Wednesday, January 17 at 8:00 p. m. in the High school gymnasium.

The band will be under the direction of Leslie G. Lee and Keith Burton and will feature a clarinet soloist, John Allman, a music student at Michigan State College. He will play several selections, at the concert which is free of charge and open to all those interested in music. A free will offering will be taken however, to defray the costs of the band.

The band will be heard in the following numbers:

The Klaxon (March) by Fillmore.  
Eroica (Overture) by Skornicka.  
The Conqueror (March) by Teike.  
L'Estudiantina (Waltz) by Waldeufel.  
March and Procession of Bacchus by Delibes, from the ballet "Sylvia."  
Promenade by Anderson.  
Broadcast from Brazil (Samba) by Bennett.  
Americans We (March) by Fillmore.

## Felker-Somers Take Ping-Pong Tourney

Wilson Funk, director of the Northville Recreation Committee, recently announced the winners of the Recreation Ping-Pong Tournament held Tuesday, January 2 at the Scout Building.

The 81 participants were divided to form a Senior and Junior group and then played down to the semi-finals with Bruce Felker and Stan Kwasek as winners of the senior competition. Jim Allen and Norm Somers took the semi-finals for the Junior group. Final winners for the senior and junior games are respectively, Bruce Felker and Norm Somers.

Two theatre tickets were presented to the winning contenders by the sponsoring Recreation Committee.

Dr. Richard Kerr of Yerkes avenue has recently returned from several weeks stay in Amay, Venezuela, where he was a guest of the former's brother and family, the Frederick Kerrs.

## Outline Committee Duties

The duties of each committee were described briefly and chairmen selected to head each one. Joe Denton will chairmen the police committee; Bill McGee and Orson Atchinson will co-chairman the fire committee; Fred Casterline, transportation chairman; Mrs. Hazel Severance and Mrs. Carrie Taft will be co-chairman for the housing committee and Dr. V. George Chabut will head the medicine committee with Mrs. Carolyn Howard assisting him as chairman of the nursing sub-committee. The balance of the representatives present were named to serve on the various committees and were asked to meet sometime within the next week to plan for the most expedient method of handling the work of their committee.

Friday, January 26 another general session will be held at 8 o'clock at the Village Hall at which time each chairman will be asked to give a progress report. All persons interested in aiding in the civilian defense program are urged to be present at this meeting.

## Many Offer Services

Claude Ely of the Village Commission gave a reassuring description of the town's water supply and Fred Casterline offered his transportation facilities. Orson Atchinson volunteered the use of his two-way radio and Mrs. Ruth Clarke, on behalf of the Girl Scouts offered the co-operation and service of the adult organization in any capacity they could serve. An offer of rooms to be used as meeting places for the various committees was offered by the American Legion, Veterans of Foreign Wars and the schools. Russell Amerman spoke of the steps the schools are taking in preparing for an emergency.

The Red Cross will also co-operate with the local plans for defense and Roy Stone is heading the Northville Red Cross Disaster Unit.

As the details of safety measures are completed full information will be relayed to the village. Phil Ogilvie was appointed council secretary.

## 1951 Plymouth Cars To Be Displayed

Spectacular engineering advancements which produce driving and riding ease heretofore unknown in automobiles of any price class, feature the new line of Plymouth cars. Combining smart new body lines with matchless interior luxury, the 1951 Plymouth will go on display here and throughout the United States tomorrow. Orson Atchinson, owner of Atchinson Motor Sales, and G. E. Miller, owner of G. E. Miller Sales and Service announced today.

Designers have given the Plymouth a striking new silhouette, and interior refinements are innovations in the lowest price field. The styling improvements retain the traditional roominess of the cars.

The new Plymouths may be seen here at Atchinson Motor Sales, 202 W. Main, and G. E. Miller Sales and Service, 127 Hutton.

Easier to drive and more comfortable, the new cars have greater beauty, more safety features and broader ranges of vision than ever before.

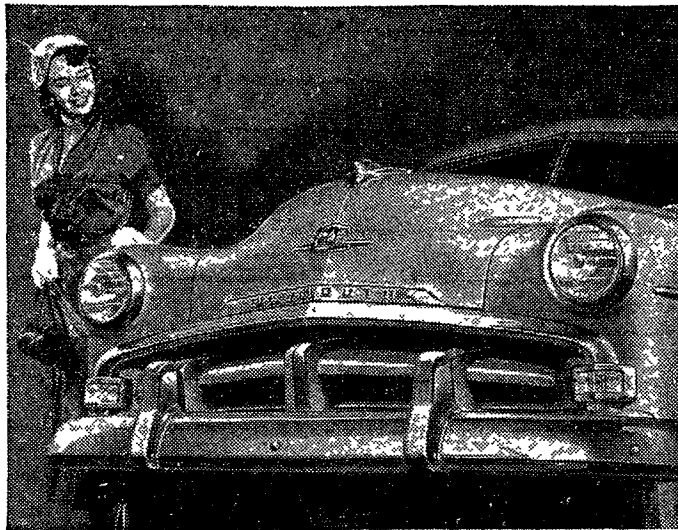

Engineers say the new "Safety-Flow ride" takes the bounce and wallop out of bumps. A new application of hydraulic flow control in the shock absorbers provides a more gradual change of resistance during spring deflections and thus a softer ride when driving on average roads. It also exerts extra resistance on rough roads to a degree where driver and passengers are almost completely freed of the discomfort of being jolted around.

The "Safety-Flow ride" is one of the greatest contributions to driving comfort and safety in recent years, according to D. S. Eddins, president of Plymouth Motor Corp.

"The new Plymouth gives you roadability never before offered in any car," he said. "There is no necessity for steering-wheel fatigue to control the car on difficult roads. The driver is no longer required to focus full attention on the condition of the road. He may be more watchful of oncoming traffic, pedestrians, curves, crossroads and other potential hazards."

Eddins called the new development a major step toward restful motoring. More confidence is gained by driving or riding in a new Plymouth with the "Safety-Flow ride," and as a result here is less driver and passenger fatigue, he said.

## New Plymouth Beautifully Styled

There are beautiful new lines in the new 1951 Plymouth cars. A new grille, redesigned front fenders and hood, and a wider windshield provide an appearance of massiveness combined with smart streamlining. The cars feature unprecedented roadability and riding qualities, and numerous mechanical improvements.

## ON CAPITOL HILL

NEWS and COMMENT FROM CONGRESSMAN

GEORGE A. DONDERO

By a lop-sided vote of 244 to 179, the House of Representatives last week decided to restore to the Rules Committee its traditional powers as the final arbiter over legislation reported out by the various legislative committees for consideration on the floor of the House.

Restoration of these powers to bottle up undesirable legislation, or any legislation at all, except as a majority of House Members might sign a petition to call up some particular bill, may seem like a mere technicality. But it is far from that.

The change voted by the House upset the so-called 21-Rule, which was adopted at the opening of the 81st Congress. Under this rule, any legislative committee chairman, on certain days, was able to call up for consideration any measure reported out by his committee, if the Rules Committee had failed to schedule it for House action within twenty-one days.

This intended reform did not work out as expected. Because of it, dozens of controversial measures were called up, and much time was wasted, to little effect. Furthermore, bills calling for hundreds of millions of dollars in appropriations, for purposes designed only to serve selfish political interests, were called up and passed, largely because many Members of the House felt it politically inexpedient to vote against them. The public interest was not served.

Restoration of the Rules Committee power means that in this terrible national emergency, the time of Congress and perhaps billions of the people's tax money will be saved, and legislation will be held to the line best calculated to preserve the Republic from its enemies, both without and within. The true public interest will be served.

Everyone who buys the family groceries, or indeed, buy anything at all, knows that inflation has reduced the purchasing power of the American dollar. But few people know, although they may suspect, just how far this purchasing power has been reduced. Here are some figures which reveal the facts.

The general index of commodity prices, prepared each month by the Federal Bureau of Labor Statistics, continuously gauges the buying power of the dollar. On December 22, 1950, the index stood at 364.1 which means that on that date it took \$3.64 to buy the same amount of goods that \$1.00 would have bought in August, 1939, the date on which the index is based.

Thus it is evident, by means of a simple calculation, that inflation caused the actual purchasing power of the dollar to drop to 27.46 cents in December, 1950, as compared with August, 1939. Since December, 1950, a further rise in commodity prices, which include the prices of food, fuel, and clothing, has reduced the actual purchasing power of the dollar to a new low of almost exactly 27 cents, in terms of 1939 dollar purchasing power.

It is high time the Truman administration did something more to curb inflation than merely talking and making political gestures. If nothing is done, the federal government might easily become insolvent before the present costly war mobilization even gets well under way.

## Farmers Week Plans Are Completed

A pen-type barn operation, complete with a 14-cow milking herd, will be one of the new features for the Michigan State College Farmers' Week, January 29 through Feb. 2, 1951.

The educational exhibit will be located on Farm Lane between the agricultural engineering building and the livestock judging pavilion. Through assistance from commercial concerns, the exhibit will include modern conveniences of a pen-type dairy business that are within financial reach of the average dairyman.

The exhibit is being sponsored by the agricultural engineering department and will include the four essential areas of a pen barn. They are: (1) the milking area with elevated milking stalls, a combine milker, and metering grain feeders; (2) feeding area with ground level storage of chopped hay and push-back feeders; (3) protected barn lot; (4) lounge area secluded from traffic of cows seeking feed or water. Cows will be from the herd of Hewitt Van Velsor, young farmer living near Lansing. These cows are being handled under loose housing conditions on the Van Velsor farm, and will be housed under simulated conditions in a 60 x 90 foot tent during Farmers' Week.

Daily milkings at 9 a.m. and 4 p.m., Monday through Friday noon of Farmers' Week will demonstrate managed milking in this type of a dairy program. Dairy department personnel will aid agricultural engineers discussing this part of the program. At each milking, the complete story of the pen barn will be explained.

## Less Than Half of U.S. Farm Homes Have Baths

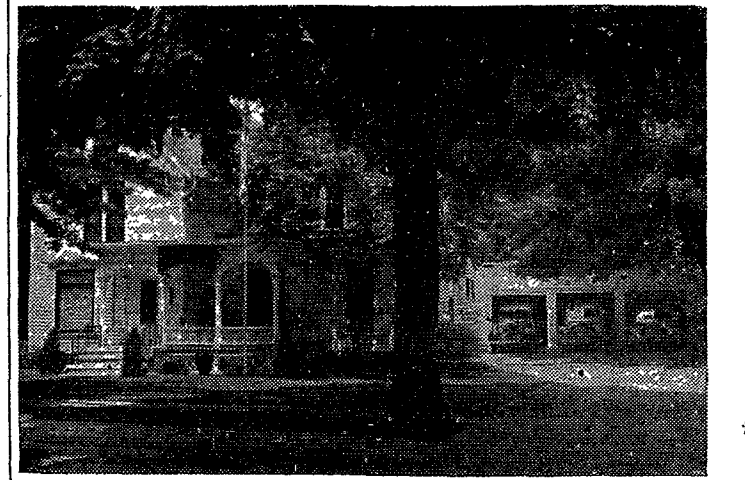

Less than one-half of the nation's more than 4,000,000 farm homes have baths and only half of the rooms are heated, a study of rural housing accommodations revealed. Excessive standardization to relieve early postwar housing shortages resulted in the building of mediocre farm homes of rectangular, box-like design with too small rooms, too little privacy and absence of adequate plumbing and heating facilities.

However, under impetus of a U.S. department of agriculture program, farm house plans have recently been developed that are expected to fulfill the fundamental requirements. The new plans call for space, equipment and storage facilities in proportion to the number of persons in the family.

Coupled with the benefits of a 10-year electrification program that has brought electricity to 75 per cent of the farm homes, this new home designing will open an untapped market for manufacturers of automatic equipment and home appliances.

Shiny spots from ironing cottons—especially dark-colored fabrics—can be prevented by ironing on the wrong side, then finishing on the right side.

## Atomic Farmer

Aaron Ganz of Chicago, the "atomic farmer" who has grown radioactive tobacco plants, received his doctor of philosophy degree in pharmacology at the University of Chicago.

Ganz, working at the university's "atomic farm", grew tobacco plants in air containing radioactive carbon dioxide. Minute doses of nicotine extracted from the radioactive plants was injected into rats and mice for the purposes of studying the behavior of nicotine in the human body. Ganz's tests showed that the liver quickly gets rid of nicotine. The liver was shown to pick up more of the nicotine than any other organ, the brain the least.

## Barn Check Helps Reduce Mastitis

Want a tip on reducing mastitis in your dairy herd? It's simple and it's easy. Check the barn for high door sills, protruding nails or any objects which may injure teats and udders, say Michigan State College veterinarians.

They also advise that milking equipment be well cared for. Cow's teats and udders and milkers' hands should be washed and dried, since they are the paths by which mastitis infection travels from diseased to healthy animals.

## Win Watch Awards for 4-H Work

HANDSOME gold-filled watches were awarded three 4-H Club members for achieving highest rating in Michigan for work in the 1950 national 4-H dairy foods demonstration awards program. The trio are:

Ann Ullrey

Carol Irish

Maiza Frent

A thorough understanding of the importance of dairy foods plus the many new ways to vary the diet by their use, brought individual top honors to Ann Ullrey, 17, of Niles, and the team of Carol Irish, 14, and Maiza Frent, 15, both of Akron. Ann's prize-winning demonstration was "Nutritive Value of Milk." The team demonstrated "Milk Beverages."

## State Police Lists Its Busiest Year

The Michigan State Police entered the new year after the busiest 12-month period in their history, according to Donald S. Leonard, Commissioner.

Patrolling Michigan's highways continued to be an ever growing problem. Traffic during 1950 took its heaviest post-war toll, with an estimated 1,600 deaths as compared to 1,441 in 1949.

Traffic injuries, reported accidents, motor vehicle mileage and motor vehicle registrations exceeded all previous annual totals and showed increases of about 10 per cent over 1949.

Provisional figures disclose there were 45,812 persons injured as compared to 41,647 the previous year, 156,067 accidents as compared to 143,179, and 2,423,243 motor vehicle registrations as compared to 2,184,003.

Total motor vehicle travel in the state exceeded 21 billion miles, more than a billion miles over 1949. The death rate per 100 million miles of travel was up from 7.17 to 7.30, a two per cent increase and a reversal of the downward trend which prevailed during the previous five-year period.

Because more than two-thirds of all the fatal traffic accidents occurred in rural areas, a special study of the rural trunkline highway traffic problem was conducted by the department's safety and traffic bureau, resulting in determining the location of a number of high accident sections. This and other information gathered during the study now enables command officers to utilize most effectively the limit-

Mr. and Mrs. Ray Baker returned to Northville after their wedding trip in the East.

At the meeting of the American Legion Tuesday evening the following officers were elected: Commander, L. D. Stage, Jr.; S.V.C., James Dickerson; Adj. and F. O., Carl Van Valkenburg; S. Claude Ely.

ed number of officers available for patrol duty.

Traffic arrests made by the department increased 20 per cent, totalling 61,525 as against 51,270 in 1949.

Complaints handled in matters other than traffic totalled 69,760 as compared to 67,079 the previous year. These ranged from requests to locate missing relatives to homicide investigations and resulted in 20,617 arrests as compared to 18,915 in 1949. The troopers also made 246,000 property inspections and 41,000 liquor inspections.

General supervision and participation in gathering, delivering and guarding ballot boxes in each of the state's 83 counties during the recount for the office of governor were among the many special details the department was called upon to perform. During the coal shortage emergency in 1950 Commissioner Leonard acted as state fuel administrator at the request of the Governor. More than 100 communities reported serious shortages and of this number 56 were certified as critical areas under an emergency proclamation issued by the Governor.

Again when the world situation took a turn for the worse, Commissioner Leonard, who was state civil defense director during World War II, continued to serve in that capacity and a foundation was laid for the organization of civil defense. In addition, the legislature authorized the training of 60 new troopers and appropriated funds for establishing a State Police security squad, both actions being taken as part of the defense program.

During the year 51 officers received promotions, eight others retired on pensions after having completed 25 or more years of service and two died in the service, one of them being killed by a drunk crazed man. Two retired officers also died.

With the 63 new troopers who graduated from the December 11 school the total strength of the department now stands at 637.

Coal is the major source of fuel for electric power utilities.

## Road Commissioners Name O'Hara Ch'm.

At its meeting on Thursday, December 28, the Board of Wayne County Road Commissioners appointed John P. O'Hara as its chairman for the year 1951.

The other members of the three-man Board are Charles L. Wilson, who was appointed vice-chairman, and Michael J. O'Brien the former chairman.

Mr. O'Hara has been a member of said Board since June, 1949, when he was appointed to fill the vacancy caused by the resignation of Prescott G. Brown, who moved out of the state.

The Wayne County Road System today comprises over 2,000 miles of highways of all types from the high speed expressway to the rural subdivision street, including 180 fixed bridges, 3 bascule bridges and 1 large swing

bridge, 61 railroad grade separations and 35 highway grade separations.

About one-third of this road mileage is paved with cement concrete and the greater portion of such pavement has passed its expected life of 25 years and has either become very rough or is beginning to deteriorate. Its riding quality can be greatly improved and its life extended another 10 to 15 years by resurfacing it with asphaltic concrete. Thus, each year for the past several years, a sizeable portion of the Board's budget has been allocated to a pavement repair and resurfacing program, but with the limited funds at the Board's disposal the program has not been large enough to adequately cope with the situation.

Another item of present day concern to the Board is the urgent need for more new pavement. With industry expanding and decentralizing and home and commercial building taking place on a large scale in all sections of the county in recent years, a number of heavily travelled gravel roads ought to be paved, some of the narrow paved roads ought to be widened, grades of important highway and railroad crossings ought to be separated, and other improvements made to facilitate the movement and safety of traffic. But, here again, the Board's present revenue is insufficient to meet these needs. The traffic volume counts for 1950 show an overall increase of 15 percent compared to the figures for 1949, and this applies to both the out-county rural area as well as the metropolitan area.

The Board's sole revenue for all its operations is 50% of Wayne County's share of the State Automobile Weight and Gasoline Tax collections. The rates of these taxes are the same today as they were in the depression year of 1933, while labor, material and other costs for highway maintenance and construction have more than doubled. An increase

## Car Maker Boosts Record to 25 Million

A giant cake lettered with the production milestones of the company marked Chevrolet's observance of its twenty-fifth millionth automobile. Above, T. H. Keating, general manager of the division, watches his top assistants light the candles (l. to r.) E. W. Ivey, administrative assistant to Keating; W. J. Scott, general manufacturing

manager; W. E. Fish, general sales manager, and E. H. Kelley, chief engineer. Registering an achievement without precedent in the history of the auto industry, Chevrolet built its 23rd millionth car on January 11, its 24th millionth June 30 and the 25th millionth December 22. The last milestone was reached with new 1951 models.

On the basis of U. S. weight standards, small eggs must weigh at least 18 ounces per dozen, mediums at least 21 ounces, large ones 24 ounces and extra large 27 ounces or more.

When pictures are hung on the walls in groups, it is best to have them approximately the same size and pertaining to the same general subject. Framing the pictures in a similar manner also will improve the over-all effect.

A refrigerator should run only one-third of the time. If it runs more, the temperature may be set too low, the freezing unit may need defrosting, or a gasket on the door may need replacing.

Although over 13 million tons of fertilizer are being spread annually on U. S. farmlands, fertility is still being lost through leaching and erosion 10 to 20 times faster than it is being replaced.

## Annual Boy Scout Meeting Called

Presentations of a Gold Honor Medal and a Certificate of Heroism, both for life saving, will be awarded two local Council Scouts; also a Silver Beaver Award to an Executive Board Member—highlighting the Council's Annual Meeting in the Michigan Room—Hotel Statler—next Monday noon, January 15, according to information just released by Amos R. Shields, Scout Executive for the Metropolitan Detroit Area.

The Annual Meeting business session includes Committee Reports, also Election of local Council Officers, Council Members, National Council Delegates and Executive Board Members—large. William G. (Bill) Lerchen, who has served Scouting with distinction since 1937 and as Council President or the past several years, is retiring from this office and will be replaced by a newly-elected President.

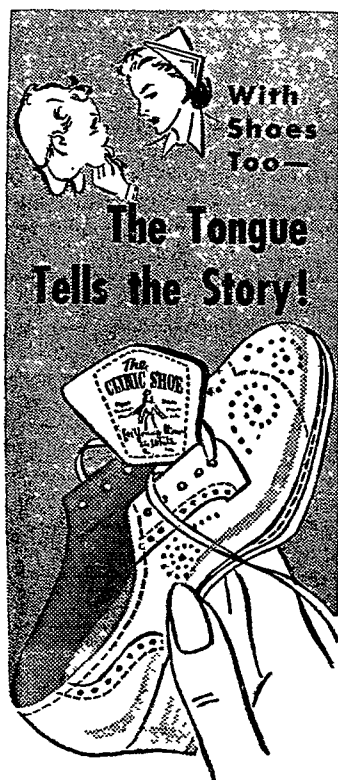

Reports on 1950 accomplishments will be given by various Operating Committee Chairmen on such phases as Organization and Extension, Leadership Training and Camping Activities, in which the Detroit Area Council has again set national records. The report will show that this Council ended 1950 with over 51,000 registered members in over 1,100 Units — surpassing other large Metropolitan Councils such as Chicago, Los Angeles and Philadelphia. With a delegation of 551 Scouts and Leaders this Council led the nation in attendance at the Valley Forge Jamboree last summer. The acquisition of a 1,200-acre camp site near Lapeer gives this Council some of the most practical Scout camping facilities in the

country. The 1950 report will also show that 250 training courses were attended by 9,000 adult volunteer Leaders.

Other guests of honor, besides the two receiving lifesaving awards, include Explorer Scouts Dean Voltmer, Cyrus Cassells, and Toby Citrin. Voltmer, is one of six metropolitan young people who attended President Truman's White House Conference on Youth in Washington this fall. Cassells is the first Detroit Negro Scout to be nominated to West Point, and Citrin will speak on his experiences at the Valley Forge Jamboree.

Council members will also hear details on the 1951 program, already under way, which will em-

phasize Citizenship Training and Community Preparedness. First Aid and Civil Defense Messenger Training is now being practiced in every Scout Troop and Explorer Post. Scouting Skills Meets to be conducted this spring and Summer Camps and Camporees will train Scouts to care for themselves and to help other people. The fall program includes Junior Leader training conferences and Practice Mobilizations — which some Units have already very successfully conducted. Final activity in late 1951 will be mammoth rally of ten to twelve thousand Scouts who will have completed their Citizenship Merit Badge, to better prepare them for active participation in community life.

## GI in Korea Receives 100,000,000th Copy

**NASHVILLE, TENN.**—When The Upper Room reached its one hundred millionth copy, a huge figure in the religious field, the decision was made to present it through a chaplain to a G. I. in Korea. Thus Sergeant Keith G. Heckel of Buffalo, New York, a radioman with the famous Mosquito Squadron, is shown receiving it from Chaplain Thoburn Speicher of Long Beach, California. The presentation of this copy, which marks a significant milestone in religious publishing, is symbolic of the many hundreds of thousands of copies that have been used by servicemen. Some are presented by chaplains and others come from loved ones and churches at home.

The Upper Room, published in fourteen editions and eleven languages, is the basis of a daily world-wide Christian fellowship. It provides a Bible reading, a meditation, and a prayer for each day and is used by servicemen as well as by those at home as a source of inspiration and courage to meet each new day with faith and peace of mind.

9:35. Mrs. Emily Hayes will be hostess to the Ladies Aid Thursday for pot luck dinner at noon. Mrs. Hayes lives on Middlebelt Road, East of Five Mile.

Next Sunday evening, Mr. and Mrs. Allen Hayford will show an illustrated Bible picture "The Second Coming of Christ" with scriptures and beautiful colored illustrated hymns. All of our friends in the community are cordially invited.

## MSC Asks State for New Library

Michigan State College has requested an appropriation of \$4,250,000 by the state legislature for the construction of a new library building.

Following extensive research into the library needs of MSC final plans are being completed with funds advanced by the federal government, according to Dr. William H. Combs, dean of the All-College Division, under which the library is administered.

The proposed four-and-a-half story building will accommodate 3,000 students at one time, and will be located southwest of Beaumont Tower next to Beal Garfield Botanical Gardens. The site and plans allow for future expansion on two sides.

The library — gross floor area, 241,859 square feet — would replace the general library, library annex, and a costly system of branch libraries in other campus buildings. The present library was built in 1928 to provide for a student enrollment of about 3,000.

Utilizing present library facilities to the fullest, MSC has only

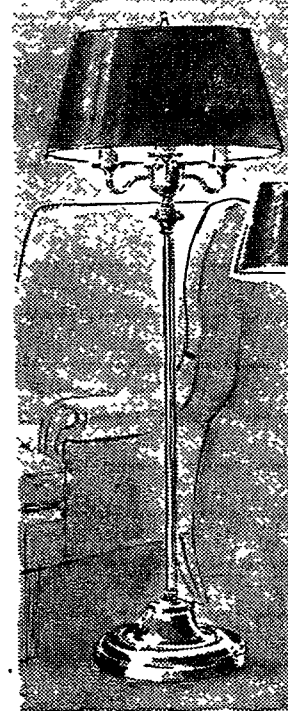

56.6 per cent of the seating capacity necessary for its 15,000 students, Dr. Combs said.

In addition to sufficient seating capacity for present and future enrollments, library plans call for space for 1,000,000 volumes in reading rooms and stack areas; more than 100 faculty rooms for research work; 200 cubicles for graduate students, and a reading room for blind students.

If the building is erected, MSC will have library facilities befitting its status as a university with large enrollments in graduate and undergraduate programs, Dr. Combs said.

## Dudley-LaZar Vows Read December 30

Betty Jean Dudley, daughter of Mr. and Mrs. Orville Dudley of Haggerty Road, Plymouth, and Peter Lawrence LaZar, son of Mr. and Mrs. Peter LaZar of Detroit, were married December 30.

The vows were pledged at the Livonia Lutheran Church in the presence of relatives and a few close friends. Lighted tapers and Christmas greens flanked the altar and the marriage vows were read by Rev. Theodore Sauer.

For her marriage, Betty Jean chose a beige dress trimmed with brown velvet, a brown velvet hat and matching accessories. Her corsage was composed of carnations.

Her only attendant was her cousin, Dorothy Kehrl of Northville who wore a two tone brown suit with matching accessories and a corsage of yellow rose buds.

John Schier of Romulus was the best man.

For her daughter's wedding, Mrs. Dudley chose a navy blue figured dress and the bridegroom's mother was attired in royal blue crepe.

Following the wedding a reception was held at Mason's Restaurant on Schoolcraft Road.

The young couple are now at home at 8728 Morley avenue, Detroit.

## Blue Star Mothers Install New Officers

## Eight Books Added To Local Library

Miss Rhea Lyon, Village librarian, has announced the addition of several new books to the library which will be of interest to local patrons.

"My Neck of the Woods," by Louise Dickinson Rich, author of "We Took to the Woods," tells the story of her friends and neighbors in the Northwoods.

"Innocents from Indiana," by Emily Kimbrough relates the joys and sorrows of being transported from Muncie, Indiana to Chicago, Illinois.

"Son of a Hundred Kings," by Thomas Costain is the appealing story of a young boy in a Canadian town during the turn of the century.

"Far Lands" by James Norman Hall tells the story of the heroic people who settled the South Sea Islands before history was written left a legend out of which only Norman Hall could weave an enchanting novel.

"Kon-tiki," by Thor Heyerdahl, is the thrilling adventure of six men who crossed the Pacific on a raft, accompanied with eighty photographs of the voyage.

"Blandings Way," by Eric Hodgins. After Blandings built his dream house and resigned from the advertising business, he decides to become a Social Force.

"Floodtide," by Frank Yerby, is the story of Courtland Brantley who tries to restore to splendor the Georgian plantation which has been his family's for 200 years.

"I Hear You Calling Me," by Lily McCormack is a biographical story of John McCormack, written by his wife.

The following magazines are in the library and may be borrowed: Country Gentleman, Farm Quarterly, Flower Garden, and Consumer's Research Bulletin.

## Garden Club Receives Two New Members

The Northville Branch of the Woman's National Farm and Garden Association, held their January meeting at the home of Mrs. T. J. Knapp of West Dunlap Street with thirty-six members in attendance. Two new members were welcomed into the branch: Mrs. Carlos Jolly and Mrs. George Alexander.

The business meeting at which tentative plans for the June Flower Show were begun, was followed by a most interesting showing of slides of landscapes and garden views by Mrs. William B. Walker, Jr.

Tea, under the auspices of the social committee, was served with Mrs. Roy Matheson and Mrs. William B. Walker, Jr. pouring.

## Here's What To Do With Christmas Cards

Have you been wondering what to do with those Christmas greeting cards which are too lovely to destroy, yet you have no room for storing them?

Following is a list of the organizations which would be happy to receive your used greeting cards to carry on their work:

United Cerebral Palsy Association, 1305 Stroh Building, Detroit.

Sophie Wright Settlement, 4141 Mitchell, Detroit.

Tau Beta Community House, 3056 Hanley, Hamtramck.

Washington Public School, Tuskegee, Alabama. (Used in work with colored children in the South.)

Father Savage, Antioch, Illinois. (Used in his work with Indian children.)

Salvation Army Children's Home, 20775 Fenbroke, Detroit.

Baptist Children's Home, 4410 West 13 Mile Road, Royal Oak.

Delray Christian Neighborhood House, 800 Cottrell, Detroit.

BROWNIE TROOP No. 1

Monday, January 8 we met at the Grade School lunch room. We played a game and then collected the dues. We elected officers and then discussed plans for a Valentine Party. The president appointed girls to act on different committees for the party. We enjoyed our "Nibble Box" while we talked over the plans.

Scribe, Lou Ann Comer

## Plea for Trainees Given by Red Cross

Local chapters of the American Red Cross have been asked to train four times as many women in Home Care of the Sick in 1951 as were trained in 1950, according to Mrs. Edward Moseman of Farmington, Chairman of Nursing Services. This will call for a total of 1600 trainees in Oakland County.

Mrs. Moseman reports that groups wishing to organize classes of 15 to 25 persons may contact the American Red Cross to obtain an instructor at Lincoln, 2-6700 or Federal, 4-3575.

The twelve hour class will include such phases of simple nursing skills as how to follow the doctor's instructions, bathing a patient in bed, planning meals for the sick and taking temperatures.

Purpose of the classes requested by the Civil Defense department is to release as many doctors and trained nurses as possible to care for the critically ill and injured.

## Patterns Can Be Altered To Fit

Although choosing a pattern of correct size will reduce the need for altering it to a minimum, we often have to make changes in it before cutting out our dress.

How to make some of the common alterations quickly and correctly is discussed by Mary Gehart, Michigan State College clothing instructor.

For example, she advises what to do if a four-gore skirt is found to be two inches too small through the hips. First, draw a cutting line parallel with the straight-of-goods marks of the pattern in about the center of the skirt piece. Extend it from the waistline to the lower edge of the pattern. Cut along this line almost to the waistline and spread the two pieces of the pattern one-half inch at the hip.

A piece of tissue or other paper can be pinned or fastened in the center of the slash. The half-inch spread at the hip will give several inches of additional flare in the bottom of the skirt. This may seem undesirable but it is necessary for most figures with the larger hip to have added flare at the bottom of the skirt.

When a paper pattern is not wide or large enough, cut a straight line from the edge of the pattern through the area where extra material is needed and spread, pinning tissue or other paper under the opening. This will make the bust, waist, hip or sleeve measurements larger. To shorten a sleeve take part of the extra length out above the elbow and part below. To shorten or lengthen a sleeve to place the alteration line at right angles to the straight-of-the-goods marking.

## Plan Kick-Off for February UF Drives

Campaign vice chairmen of the United Fund will meet in Lansing January 10 with chairmen Wilbur H. Norton of Detroit to plan the kick-off of February United Fund campaigns. Thirty-five counties, representing some 80 per cent of the state giving potential, raised 1951 money for United Fund agencies in drives last fall.

"The United Fund is accomplishing its purpose of reducing the number of separate campaigns in Michigan," Mr. Norton said in announcing the meeting. "The American Heart Association conducts its national campaign in February, but in Michigan money is raised for the Heart Association through its affiliate, the Michigan Heart Association, a United Fund member agency."

"The Arthritis and Rheumatism Foundation, the Sister Kenny Foundation, Associated Services for the Armed Forces, Multiple Sclerosis, Cerebral Palsy and many others would be conducting separate appeals if the United Health and Welfare Fund had not been organized to raise money efficiently and economically in one campaign."

"The meeting Wednesday will be, in effect, an appraisal of the February campaigning counties," Norton said.

Campaign vice chairmen invited to attend the meeting include: W. G. Armstrong of Niles, Charles Boyer of Manistee, Dr. Warren B. Cooksey, August Scholle, John W. Southworth and John R. Wilt of Detroit, T. H. Dawson, J. Richard Kendrick and Roy T. Miles of Saginaw, George W. Dean, Edward G. Hacker and F. A. McCartney of Lansing, O. W. Lowry of Holland, Marshall B. McMurray of Port Huron, Harding Mott of Flint, Walter G. Nelson of Iron Mountain, S. S. Nisbet of Fremont and John Pfaff of Alma.

## Durable Feeder

Recommended for its toughness and durability the above feeder can be constructed economically. Materials required: one piece of 1 by 6 lumber 7 1/2 feet long, a 1 by 4 of 6 foot length, another that is 6 feet long, and a 1 by 2 that is a half-inch longer than 4 feet; a half pound each of eight-penny and four-penny nails; one piece of masonite 1/4-inch tempered hardboard 4-feet long and 1 1/2 feet wide. Any farmer who is handy with tools can easily assemble the feeder.

Use Safe Rat Poison - Fortified red squill, either powder or liquid form, is the safest rat poison. Some other rat poisons are extremely dangerous to other animals and to humans, he warns.

## Quality Pasture Cuts

Swine Feeding Costs  
Feed Costs Reportedly  
Can Be Cut 30 Per Cent

Hog feeding costs can be cut down as much as 30 per cent with high quality legume pasture, reports the middle west soil improvement committee, in citing a recent statement by University of Wisconsin animal husbandry specialists.

These specialists point out that an acre of good pasture will save 1,500 pounds of grain and 500 to 700 pounds of protein in fattening hogs for market. They say that if you don't want to push your pigs they can eat enough pasture to save 30 per cent in feeding costs. And even

if they are fed all the grain they will eat, pasture will save at least 15 per cent in feed.

Among high protein pastures are alfalfa, red clover, Ladino clover, and rye for late fall and early spring.

How big a pasture yield you get depends on how well the legumes are fertilized. Agronomists recommend adding phosphate and potash to new legume seedings. They recommend top-dressing older established fields in summer or fall with phosphate and potash to help keep the growth thick and vigorous. Top-dressed fertilizer helps the legumes come through the winter in better condition. Moreover, the plant food is there in the soil ready to be used by the roots when spring growth starts.

**Aberdeen-Angus Increase In Breeder's Popularity**

An increase in the popularity of Aberdeen-Angus cattle among breeders throughout the United States was noted during the past year.

Cattleman reported that registrations of purebred Angus moved upward 26 per cent this year as compared with 1949 and transfers advanced 32 per cent.

A total of 110,442 Angus were entered in the registry records during the fiscal year. This compares with 87,512 Angus recorded last year and only 38,737 a decade ago.

At public auction sales and by private treaty, 98,591 Angus went to new owners while 74,826 changed hands in 1949. A strong demand for breeding stock marked the 32 per cent upturn in ownership transfers of Angus cattle.

During the past year, "431 new breeders were recorded by the Angus breeders' association.

A word to the wise for winter: The National Safety Council says the common winter practice of leaving overshoes on the entry stairs is a tripping hazard. Keep stairs clear.

# Helping Michigan GO FORWARD!

## Dynamic Detroit has MIGHTY GOOD NEIGHBOR-TOWNS

All around Detroit are the cities and villages of Oakland, Macomb and Wayne counties—closest-in communities of Outstate Michigan.

Among these towns you may find just the right place for your new factory or distributing headquarters . . . just the right sub-contractor to help meet your schedules . . . just the right place to work and live.

In this three-county area are towns of all sizes. Populations range from a few hundred to metropolitan Pontiac's 100,000. All are within an hour's drive of downtown Detroit, many of them much closer. What an ideal location for a manufacturer or processor whose market lies with the great industries of Detroit or the Midwest!

But the area has great industries of its own. Pontiac is the home of the Pontiac automobile and of the GMC Truck and Coach Division. It manufactures automo-

bile parts and accessories, rubber moulded products, paints and varnishes, iron and steel products, motor bicycles. Elsewhere in the area are great industrial plants producing chemical products, tractors, pottery, electric ironers, air rifles and a wide variety of other articles.

Mt. Clemens is a famous health resort but it is a busy manufacturing center also, and a world leader in the production of roses. Royal Oak, Ferndale, Hazel Park—each has outstanding advantages for industry, and so have Plymouth, Farmington, Northville, Wayne, Clawson and most of the other communities indicated in the illustration.

These are fine towns for living, too. The country around Detroit includes some of the loveliest in Michigan. Amid the rolling hills lie hundreds of beautiful lakes. Hardwood trees grow in profusion, and

in autumn the countryside is ablaze with color. Scattered among the lakes and groves and fertile farms are dozens of golf courses, including some of America's best. Hunting, fishing, sailing, horse racing, tennis, polo—whatever your sport, you'll find exceptional opportunities to enjoy it here.

Public and private schools rank high, and within an hour or two are outstanding colleges and universities including Wayne, University of Detroit, Lawrence Institute of Technology, Marygrove, Michigan State and the University of Michigan. Bloomfield Hills has the Cranbrook Foundation with its celebrated educational and cultural institutions. The magnificent General Motors Technical Center is developing in Macomb County.

Small wonder that thousands of Detroit's wealthier citizens live in such residential suburbs as Birmingham and Bloom-

field Hills. And small wonder that several thousand people representing all income brackets and every industrial skill have chosen to live in Oakland or Macomb or western Wayne County.

Dependable natural gas service is offered at attractive rates by Consumers Power Company, whose subsidiary, Michigan Gas Storage Company, helps make this possible by storing natural gas from the Southwest in one of America's greatest underground storage areas. A continuing construction program is making this service an even greater factor for good business and good living. In Pontiac, Consumers supplies electric service also. Elsewhere in the three-county area, electric service is by The Detroit Edison Company, a leader in its field.

May we tell you more about the towns of these three counties?

Shading shows Consumers Power Company's entire service area. Communities indicated above are in the fast-growing Southeast Division

**LEGAL NOTICES****NOTICE OF HEARING CLAIMS**  
State of Michigan  
The Probate Court for the  
County of Wayne  
No. 384276

In the Matter of the Estate of Thomas Francone, also known as Tom Francone, Deceased.  
Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to

said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon George H. Goldstone, Administrator of said estate, at 1926 National Bank Bldg., Detroit 26, Michigan, on or before the 13th day of March, A.D. 1951, and that such claims will be heard by said court, before Judge Patrick H. O'Brien in Court Room No. 306, Wayne County Building in the City of Detroit, in said County, on the 13th day of March, A.D. 1951, at

two o'clock in the afternoon. Dated January 2, 1951.  
PATRICK H. O'BRIEN,  
31-33 Judge of Probate.

To the Supervisor of the Township of Redford, Wayne County, Michigan.  
Sir:  
You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on Thursday, December 14, 1950, decide and determine that the certain alley described in the minutes of said Board, heretofore taken over as a County road should be absolutely abandoned and discontinued as a public highway.

The portion of the minutes of said meeting fully describing said alley is attached hereto and made a part of the notice, which is given under and by virtue of Act 283 of the Public Acts of 1909, as amended.  
In testimony whereof we have hereunto set our hand at Detroit, Michigan, this 14th day of December, A.D. 1950.  
BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN.  
Michael J. O'Brien, Chairman  
John P. O'Hara, Vice-Chairman  
Charles L. Wilson, Commissioner  
EDGAR M. BRANIGAN, Clerk  
By Sylvester A. Naetzel, Deputy Clerk.

Commissioner Wilson moved the adoption of the following resolution:  
Whereas, all that part of the alley 20 feet wide in the rear of lots 198 to 209, both inclusive, in "Grayton," being a subdivision of part of the E. 1/4 of E. 1/4 of S. E. 1/4 of Sec. 29, T. 1 S., R. 10 E., Redford Twp., Wayne Co., Michigan, lying west of the northerly extension across said alley to a point in the south line of Lot 197 in said subdivision, of the line common to Lots 203 and 204 in said subdivision, is a county road under the jurisdiction of this Board; and  
Whereas, there are no buildings of any character located upon or along said above described portion of county road and  
Whereas, said portion of county road is of no use or benefit to the public for highway purposes;  
Now, Therefore, Be It Resolved, that said portion of county road, being in all 0.023 mile of county roads, be and the same is hereby absolutely abandoned and discontinued and shall cease to exist as a public highway.  
Be It Further Resolved, that this Board hereby determines that it is to the best interests of the public that said portion of county roads should be absolutely abandoned and discontinued.  
The motion was supported by Commissioner O'Hara and carried by the following vote: Ayes, Commissioners O'Brien, O'Hara and Wilson. Nays, None. 3-0-52

Brighton—Walter Barrett, 51, of 750 W. West Street, South Lyon, was instantly killed early Tuesday, Jan. 2 in an accident about two miles east of New Hudson on Grand River.

Howell—Veterans of World War II planning GI Bill education and training were reminded by Veterans Administration today that the July 25, 1951, cut-off date for starting courses is less than seven months away.

Plymouth—Modern design plus, and customer convenience plus are the keynotes of modern merchandising. The new Forest street Kroger store which was publicly opened Tuesday, Jan. 9, embodies all features designed to facilitate grocery shopping.

Dearborn—Dearborn's newest historical marker, a stone monument marking the location of one of the old Chicago Turnpike (Michigan Avenue) toll-gates built in 1848, as well as four other nearby historical landmarks, was formally dedicated Sunday, January 7.

Rochester—The American Red Cross Mobile Blood Bank moved into National Twist Drill and Tool Company today to complete its blood clinic work in the Rochester area, in the drive for "Blood for Korea," it was announced by Mrs. Russell W. Nowels, director of the Clinic in this area.

Brighton—A new aggregates company has been formed, stock sold, land purchased and machinery obtained to operate in Green Oak township. Jack Baytes, promoter, is head of the new company and he stated this week that 60 acres of land has been purchased on US-23 adjacent to the Huron River.

Wayne—Chairmen for the 1951 March of Dimes drive were announced today. They are Terry Worden and Harold McKenrick of Wayne Jaycee's. Announcement of their appointment came from William R. Bernard, Wayne County Chairman. This year's drive will last from January 15 through 31.

Wayne—Everything from soup to nuts was stashed away in a hideout off Palmer road by two young men who had been systematically robbing practically every business and prosperous looking home within a hundred mile radius of Detroit. Thousands of dollars worth of merchandise were stolen by the men in three weeks.

Dearborn—Dearborn's stormy battle between Mayor Orville Hubbard and his five opponents on the City Council flared anew when the Council suddenly fired

**Clean Eggs Mean Higher Quality**

Cleanliness is one of the first needs for quality eggs. That means eggs that are produced clean and not cleaned by hand, say Michigan State College extension poultrymen.

Hand cleaning may be injurious to the egg's quality. The protective coating of the shell is removed and the egg deteriorates faster, the poultrymen point out.

Some ways to get clean eggs are to give the hens clean nests, dry litter, to keep hens in until yards are dry, and by frequent collection. Hens that wander around a dirty barnyard and then track in the laying house are the worst offenders.

Attention to producing clean eggs for the market will pay off in greater profits and time saved, the poultrymen advise.

munity have for some time been invited to inspect the Chelsea public school plant to see at first hand what the school situation is here. Groups have been conducted through the building by school officials who are continually trying to point out that unless a school building program is undertaken soon there is bound to be trouble ahead.

It's always the fresh egg that gets slapped in the pan.

## News from Novi

By Mrs. L. Ritz

Lester Ward left for the service on Thursday of this week. He will be inducted from Detroit.

Doyce Ward attended a banquet Monday evening at the Fort Shelby Hotel in Detroit, sponsored by the Standard Oil Co. for their dealers.

Warren Rice, Jr., and Charles Rice of Pontiac spent Sunday with their grandparents, Mr. and Mrs. Charles Perry.

Several friends of Mrs. Bertha Wood have received cards and letters from her at St. Petersburg, Florida, where she will spend the remainder of the winter months.

Mr. and Mrs. Hiram Holmes are the parents of a daughter, Mary Janette, born Saturday, January 6. Mother and daughter are doing well.

At the Novi Board of Com-

merce dinner last Thursday evening, the following officers were elected: Russell Race, president; Walter Tuck, vice president; and Frank Watz, treasurer. Other members of the executive board are Charles Trickey, Jr., Russell Button and Harold Miller. The Novi Chapter of the Blue Star Mothers served the baked ham dinner. On the committee were Mrs. Paul Gintie, Mrs. Clare Lockwood, Mrs. Thyra Gardella and Mrs. Fred Lee.

Carrie Davis of Detroit spent the week-end with her mother, Mrs. B. F. Davis, and her brother's family, the Robert Davis' of Twelve Mile Road.

Duane Branch is home on furlough from his base in California. The Mission Band met on Thursday this week at the home of Mrs. Jack Eby for their monthly meeting, which began with a beautiful pot-luck dinner.

The W. S. C. S. of the Novi Methodist Church is scheduled to meet next Wednesday, January 17, at the church. Mrs. Leo Harwood and Mrs. Robert Clemens will act as hostesses. Bring your own sandwiches, and come prepared to sew on cancer pads.

Mrs. Earl Holmes has been ill at Mt. Carmel Hospital in Detroit. She returned to her home in Farmington the latter part of the week.

Mr. and Mrs. Ross Kenner spent New Year's Day with Mr.

and Mrs. Glen Salow. Mrs. Kenner and Mrs. Salow are sisters. Mr. and Mrs. Nash of Plymouth entertained the patients at the Novi Convalescent Home with a travelogue of picture slides Sunday afternoon. Another Sunday visitor at the Home was Mrs. E. O. Callender, who came to see her sister, Miss Alta Tway. Mr. and Mrs. Varian of Detroit came out to visit their mother, Mrs. Varian, who is a patient at the Home.

Mr. and Mrs. Luther Rix were hosts to the members of their pinocle club Saturday night. There were twelve present.

Mrs. Floyd Darling underwent an operation at Mt. Carmel Hospital in Detroit last week on Wednesday.

Mr. and Mrs. George Pless celebrated their thirtieth wedding anniversary last Saturday night with an open house at the home of their son, on Ann Street, Wallend Lake.

Mr. and Mrs. Will Flint celebrated their 45th wedding anniversary last Wednesday. On Thursday evening the former's sister, Miss Mary Flint, surprised the Will Flints with a little party at her home on Twelve Mile Road. Present were Mr. and Mrs. Earl Banks and Mr. and Mrs. Tom McCordle. The honorees were presented with a beautiful wall plaque, after which refreshments were served.

## Novi Lodge News

The Novi Lodges have completed the building of a new cellar-house and back porch.

Installation of officers of the Oddfellow Lodge at Novi is scheduled to take place Monday evening, January 15. This will be followed by a co-operative supper, prepared by the sister Rebekahs.

Sister Doris Darling entered Mt. Carmel Hospital Wednesday of last week. She underwent an operation there Thursday. Her condition is reported favorable.

Novi Rebekah Lodge No. 482 is planning for installation of officers Saturday evening, January 20.

## U.S. Consumer Demands Better Quality Meats

The national economic picture and the more nearly equalized meat production in relation to consumption are putting much greater emphasis on quality or grade of meat animals than was true in the last several years of meat scarcity. Live stock producers are now attempting to produce animals which nearly meet consumer demand for quality product.

## Eighth Grade Cagers Top South Lyon 31-21

Coach Al Jones' eighth grade cage squad outdistanced the South Lyon eighth grade team last Friday afternoon 31 to 21, with Bob Hannah dropping in ten points to lead scorers on both teams.

The Eighth graders play a regular schedule throughout the basketball season, although it is somewhat more flexible than the varsity slate.

Last year's Eighters, who are now members of Coach Jones' Colts, won eleven games.

South Lyon's McIlvoy was top scorer for both teams with 19 of their 21 points.

## NHS Colts Outlast South Lyon, 24-16

Northville's Colts played a subdued brand of basketball against the South Lyon reserves last Friday night, but posted a 24 to 16 score for their fifth win this season.

The Colts who usually play a slow first quarter then catch fire to roll up high scores, couldn't get into the swing against South Lyon. The Colts trailed 6 to 2 at the end of the first quarter, but moved ahead 12 to 10 at the half and preserved a small lead to the finish.

The scoring was scattered and sparse. The Lions' Oliver pushed in five free throws to set the pace for both teams. Glen Howarth, Jim Mitchell, Lucien Lovewell and Dave Lee were high for the Colts with four points each.

In the first game of the season the Colts downed the South Lyon reserves 57 to 16.

## Beef Demand to Remain At High Level, Report

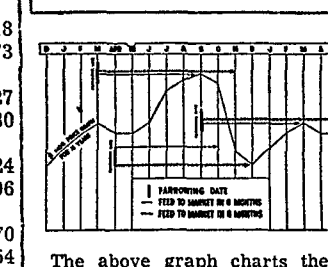

The demand for beef as one of the best preferred foods in the household shopping list will probably remain strong for some time, as full employment at good wage seems to be in the picture for this country.

Breeders of foundation stock, growers of feeder cattle and finishers of feed-lot beef are directly concerned with the expansion of the beef industry to meet this growing demand, says Charles A. Burmeister of the U. S. agriculture department.

Burmeister says that statistics of the cattle industry show that producers have been and are now building up their breeding herds.

"The present beef breeding herd of the country is the largest on record, while the 1950 crop is apt to exceed that of 1949 by 800,000 head. Much of this gain if numbers will be in beef type calves," he said.

## Market Trends

The above graph charts the annual trend in hog prices, month by month throughout past years, based on records over 11 non-war years. The solid bars indicate hogs fed to market weight in six months, broken bars, hogs fed to same weight in eight months. It is a clear illustration that pigs fattened in March and fed out in six months caught the top of the year's market. But similar pigs, if fed out in eight months, reached market in November, well below the yearly average.

## Dairymen Lose Millions Because of Low Quality

Every year the dairy farmers of the United States suffer heavy financial losses because too large a proportion of the milk and cream they market is lower in quality than it should be. It is estimated conservatively that they could add millions of dollars annually to their income simply by giving attention to those factors that promote high quality of product, dairy specialists report.

## Mustang Quintet Trips Lions, 45-35

With Don Graham's nine field goals and Jack Ratliff's 11 points pacing the attack, Northville's Mustangs downed the South Lyon Lions last Friday night 45 to 35 in a basketball game played on the New Hudson court.

Northville maintained a small but steady lead after a 9-9 first period, leading by six points at intermission and eight at the third quarter mark.

The game was a return engagement of the cage season opener which the Mustangs won 40 to 29. Coach Dick Kay's crew showed both individual and team improvement over previous games.

The Mustangs pushed in 19 field goals in the contest for 38 points and added seven free throws in 13 tries. The Lions' Proctor and Hock got nine points each.

## Basketball Friday: NHS vs. Ford Trade

Northville's Mustangs will play host to the Ford Trade School basketball team tomorrow night. The reserve game on the NHS gym floor will begin at 7:15 p. m. with the varsity match following immediately.

The formidable Ford Trade squad will be favored to win tomorrow although the Mustangs will probably keep the Dearborn squad hard-pressed throughout the game.

Ford Trade is a large all-boys school whose cage team has piled up an impressive record against Class A teams this year.

The Mustangs lost on the Ford court last season 47 to 24.

## MSC Climbs to 10th Largest in Nation

Michigan State College jumped from eleventh to tenth largest university in the nation, according to the annual survey of educational institutions' enrollment conducted by Dr. Raymond Walters, president of the University of Cincinnati.

The 31st annual survey placed four Michigan universities in the top 25 schools of their particular type. U. of M. ranked seventh in full-time enrollment, eighth in grand total enrollment; MSC was ninth in full-time enrollment, 18th in grand total enrollment; Wayne was 19th in grand total enrollment, and Western Michigan was produced in 1833

gan College of Education was largest of 112 independent teachers colleges.

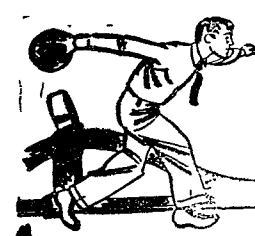

More than 100 different safety devices, machines, and methods have been introduced into American mines in the past 20 years.

Modern bituminous coal processing plants clean, size, load and even heat-dry the product as carefully as if it were fruits or vegetables.

World War II placed big demands on the lumber industry. Metals were in critical supply; they had to be replaced by wood whenever it could be adapted. Truck bodies, radio antennas, tubing, airplane bodies - these and numerous other items were manufactured from wood.

The railroad's annual bill for cross-tie replacements runs at the staggering rate of \$250 million. To pare this figure down by increasing the life, the National Lumber Manufacturers Association and the Association of American Railroads have teamed up to develop more efficient methods of using wood for cross-ties.

### Life Expectancy Span On Increase

For the first time, a generation is being born in Michigan which might reasonably expect to live out its biblically-allotted three score and ten years, the Michigan Department of Health reports.

In a summary highlighting public health gains during the past fifty years, the department notes, "In the year 1900, Michigan men were living an average of 53 years and Michigan women an average of 55 years.

"Then and throughout the intervening years, Michigan's average length of life exceeded the national average by about two years. The national average life expectancy of a baby born at the half-century was 68 years and of a baby girl, 71 years. Michigan babies could expect to live even longer."

Prevention of communicable diseases and improvement in maternal, infant and child care, in sanitation, in nutrition, in reduction of health hazards in industry, and a better approach to the problems of chronic illness were cited by the department as being largely responsible for better health at the close of the first half of the 20th century.

"Half-century comparisons are dramatic," the department reports.

"Where in 1900 there were 2,706 cases of diphtheria and 529 deaths from the disease, only 119 cases and 11 deaths were reported in 1949 and less than 75 cases in the first ten months of 1950.

"Where in 1900 there were 694 cases of smallpox and 9 deaths from the disease, there was no case of smallpox in 1949 or in the first ten months of 1950.

Reductions in infant and maternal deaths showed comparable advances. The department report said, "While one out of every seven babies born alive in 1900 died before they were a year old, in 1950, only one out of every 38 died during the first year.

In summing up the public health needs in Michigan at the half-century, the Michigan Department of Health urged more completely staffed and better financed local health departments, and broader public understanding and participation in health programs.

Retail deliveries of bituminous coal were higher in 1949 than in the preceding year.

### Calumet Farm Makes Profit Grazing Cattle

#### Famous Horse Farm Handles 200 Yearly

Proud-faced titans of the turf world, and white-faced hereford steers, share the lush Kentucky blue grass carpeting the 1,200 acres of pastures at Calumet farms, Lexington, Ky.

Calumet is grazing some 200 head of hereford steers shipped in last April from the panhandle of Texas. They are bought as long yearlings and grazed through No-

White-faced herefords shown above have become an important factor in pasture control at famed Calumet farm, Lexington, Ky., the home of Kentucky Derby winners.

ember. Their average gain ranges in the neighborhood of forty pounds per month.

Since Calumet is not equipped to fatten cattle for the market, manager J. P. Erbnelhardt has keyed his cattle program to the eight-month grazing period.

"We find," he says, "our net profit amounts to as much in this shorter period of time as if we had carried them on a feeding program for 12 months."

Erbnelhardt and his staff of helpers also prefer herefords "because they seem a quieter type of cattle and handle well in moving from pasture to pasture."

#### Farmers Use Larger Part Of Income for Fertilizer

Farmers spend a larger proportion of their income for fertilizer than they did before the war, a recent survey revealed. The average amount used, however, may still be no more than half the amount that could be used economically.

A fairly general standard is that a farm should be using the equivalent of 100 to 200 pounds of single strength fertilizer per year for each tillable acre in the farm. A farm of 160 tillable acres using 150 pounds per tillable acre per year would require 12 tons of fertilizer per year.

For most economical operation it seems certain that crop expense is not an item to reduce but one that the average farmer needs to increase. For example, good seed is high priced, but generally the increase in yield offsets the added cost.

On the 1,200 acres comprising Ford Motor Company's Rouge plant are buildings having a total floor space of 15,739,384 square feet. Of this total, 9,459,337 square feet are under cover. Parking facilities for employees total 112 acres.

These men represent only a small portion of the nations that are fighting Communist aggression in the world under auspices of the United Nations.

CAUGHT WITH PANTS DOWN . . . This Korean youngster is resuming his pants after he thumped the Taedong river between himself and the Communists when thousands of civilians fled from Pyongyang. These North Koreans, who had lived in the North Korean capital when the Reds were in power, fled the city when U.N. troops withdrew. They had seen communism in operation and preferred the icy trip over the Taedong to living under the Red masters.

WHEN SUMMER TARRIED . . . Warm sun and sultry breezes dallied over some parts of the nation long enough to see November get a head start. Summer did a quick comeback in Atlantic city recently, bringing the air temperature up to 77 degrees and the water temperature to 68. Among those lured into the surf by November's impersonation of June were Janet March and Peggy Reeves, who are cavorting in the water here without showing a single goose pimple to indicate what's in the frosty offing.

HERO DONATES BLOOD . . . Former Sergeant Charles MacGillivray, 33, who won the Congressional Medal of Honor while losing an arm in the Battle of the Bulge in World War II, donates a pint of blood for Korean use at the Walter Reed hospital in Washington, D. C. He read a story that the boys in Korea need blood and knows from his own war experience what the soldiers are up against. Capt. Robert Regan (right) is assisted by Technician Shirley Dunn.

In estimating the number of towels to have on hand it is wise to count on six towels and six wash cloths for each person in the household, plus an adequate guest supply. This allows for two towels in use, two in the laundry, and two in the linen closet.

## Now - a "painless" way for you to save money!

Start this easy plan today—

# ABSOLUTELY GUARANTEED

to give you cash savings of \$4329<sup>00</sup>

\$4,329 cash—in your name! Doesn't that sound wonderful? You can have it, just as surely as you're reading this page, if you start this simple 3-step plan and stick with it.

1. Decide today to put saving first—before you even touch your pay.
2. Decide to save systematically—a definite small sum deducted every week. System is the secret!
3. Decide to save automatically. Sign up today at your company's payroll office in the Payroll Savings Plan. Have the amount you choose saved weekly and invested for you in U. S. Savings Bonds. Then stop worrying about saving—it's all taken care of!

If you can set aside just \$7.50 from your pay each week, in 5 years your bonds and interest will be worth \$2,009.02 in cash; in 10 years you'll have \$4,329.02!

Bonds are like cash—only better. U. S. Savings Bonds are like money. Because any Series E Bond you've had for 60 or more days can be cashed like cashing a check—at any bank or other authorized paying agency. U. S. Savings Bonds are better than money. Because if you lose cash, it's gone. But if a bond is lost or destroyed, the Treasury will replace it for you free of charge—and you haven't lost a cent!

Make the money you work for really work for you. Act now! Look over this chart. Pick the plan that suits you, then get started on your savings program—today!
