

Miss Ethel Cameron is the teacher of the smaller children hospitalized at Maybury. Here she places a star after one of the pupil's names.

Mrs. Margaret Davidson instructs the older children. She is shown working with two of her pupils.

Classes for Maybury Children Conducted on Personal Basis

When the school bell rings for the children hospitalized at Maybury Sanatorium, school books hastily appear on the bed-desks of some 50 children.

Porters push the beds from the wards down the corridors to the auditorium where, Miss Ethel Cameron teaches grades kindergarten through A-one and Mrs. Margaret Davidson, teaches grades two-B through six-B. Three teachers and a principal are in the adult wards and they teach academic high school and commercial subjects.

The school for the Maybury Sanatorium children is supervised by the Detroit Public School Board of Education. The classes which are conducted mornings are arranged so that those children of the same age and grade level can take their studies together. Most of the teaching is done on an individual basis, however, as many of the children are isolated cases, and must remain in their rooms.

In addition to the work being carried on by Miss Cameron and Mrs. Davidson, Mrs. Nelle Wing, Recreation instructor, conducts a recreational program among the children teaching them songs, rhymes and games. She also works with the pre-school children, of which there are 56 under the age of five years. Dr. Edna Jones is head of the Children's Unit and her co-worker is Dr. Roger Grady.

A view of the large classroom shows children in hospital beds, (some who are afflicted with tuberculosis of the spine and hip, lie on metal frames) all busy on their lap boards, doing their lessons. They appear eager, intent upon the day's lessons. The teacher threads her way up and down the rows of metal beds, smiling and adding encouragement to them as they tackle the day's academic subjects.

The room is well equipped with adequate blackboards, reading books and a movie projector. Lining the walls are pictures which the children have drawn and colored.

Dr. W. Leonard Howard, Maybury Sanatorium head, stated that the aims of the school are to keep the children's minds alert mentally so that when they are discharged and ready to resume a normal pattern of living, they will not be way behind in their school work.

Tax Collection Reported Good

Township Treasurer Roy Terrill this week reported that approximately 63 per cent or \$89,337.34 of the 1950 tax roll had been collected.

They are being paid faster this year, he said. The total tax roll is \$140,777.30. Mr. Terrill began collecting taxes on Friday, December 22 at the Depositors State Bank. He is at the bank every Tuesday and Friday during hours and asks that tax bills be brought in along with the remittance.

Data Offered On New Security Act

A reminder to all self-employed persons was issued today by Harry Baltuck, Manager of the Northwest Detroit Social Security office: Your New Social Security under the 1950 Amendments includes you.

"If you are an independent operator or owner of a trade or business you now have Social Security protection. You also build up your Social Security account as a member of a partnership whether actively engaged in the business or acting only as a silent partner, explained Baltuck.

"You have no taxes to pay or reports to fill out at this time. Taxes and reports on your earnings will be included in your income tax return either at the end of the calendar year or at the end of your fiscal year. Your income tax return forms for the year 1951 will explain that NET SELF-EMPLOYMENT income of \$400.00 or more for the year will be the subject to a Social Security tax of 2 1/2%," Baltuck explained.

This information is a reminder to keep an account of your net self-employment earnings after December, 1950, so that you will be able to file a correct Social Security return when due.

For further information call your Collector of Internal Revenue, 17317 Lahser Road corner of Grand River (KENWOOD 1-8500) or the Social Security office at 12065 Wyoming Avenue corner of Grand River, Detroit 4, Michigan (TEXAS 4-4750).

Enrollment Open for Tooling Class

There is room for four more people in the copper tooling class which is sponsored by the Northville Recreation Committee.

The class meets with Mrs. Fern Mitchell on Monday evenings from 7:30 to 9:30 p. m. at the Scout Building. Anyone interested in taking the course should plan to attend the next session Monday evening. Ample supplies are on hand and few tools are needed for the course. The tooling is done on thin copper sheets. Samples of Mrs. Mitchell's work are now on display in the window of the Northville Record and all those interested in taking the course are urged to see the samples.

The University of Michigan Alumni Club of Northville will meet for a social evening Tuesday, January 30 at 8:00 p. m. at the Scout Building on East Dwyer street. Everyone interested in the University or who has ever attended U-M is cordially invited to attend the gathering.

Grade School Entered Twice by Thieves

The Police Department was called to the Northville Grade school Monday and Tuesday mornings on breaking and entering charges. A bunch of keys and a small amount of money was reported missing.

In both instances, the school was entered in the same way, by someone possessing a key to the door. State police have been called into the case and finger prints have been taken.

The glass window in the door of the office of Charles T. Preitzner, school principal, was pushed in and the keys and money were missing from his office.

The local police department is offering a reward for information leading to the arrest and apprehension of the thief or thieves.

Church To Hold Annual Meeting

The annual corporate and congregational meeting of The First Presbyterian Church will be held on Wednesday evening, January 24th. A fellowship supper is scheduled for 6:30 p. m. to be followed by the congregational meeting with Mrs. V. George Chabot as clerk, and the corporate meeting presided over by Charles F. Carrington, Chairman of the Board and Trustees and Mrs. Alex M. Lawrence, the Secretary of the Board.

This popular meeting attended by all the members and contributors has been held each year since 1829 when the church was established by the founding fathers of the community. All the work of the church is reviewed with every Board and organization making their reports. Mimeographed copies of the reports are now being prepared by Mrs. C. M. Chase, Secretary of the Church. Elders, Deacons and Trustees will be elected, with the nominating committee of Mrs. Bertha Kerr, Mrs. W. H. Yerkes, L. M. Eaton and John W. Blackburn submitting the slate.

An innovation this year will be a brief showing of colored pictures taken during the Sunday School Christmas party and some of the activities of The Couples Club. With a full mimeographed report available only highlights of the year's activities will be reported upon, so that the meeting can be closed at 9:30 p. m.

Officers Named for Girl Scout Council

The annual meeting and election of officers of the council of the Northville Girl Scout Community Committee was held Tuesday, January 9 at 8 o'clock at the Scout Building.

Past business, old financial reports and the acceptance of the report of the nominating committee were handled by the retiring president, Mrs. J. P. Malley, who then surrendered her office to Mrs. John W. Clarke, incoming president. The new slate includes Mrs. Heinz Hilger, vice president; Miss Evelyn Ware, secretary and Mrs. W. L. Howard, treasurer who will hold office for a two year term.

New business was discussed and recommendations from the Program Evaluation Survey were heard and established.

Mrs. C. Harold Bloom presented Mrs. Malley with a beautiful plant on behalf of the retiring officers and committee chairman for her service to the Girl Scout program.

Auxiliary Police To Meet Weekly

The Auxiliary Police met Friday evening at the Village Hall with Chief of Police Joseph Denton.

Present were George Stanford, Bob Hunter, Earl Patterson, James McNeice, Rex LaPlante and Harold Wagenschutz who were appointed as leaders by the Chief. Plans were discussed for the most expedient way of organizing the group and the men were delegated to recruit their own helpers. James Lapham was present to offer the services of the Boy Scouts.

The Auxiliary Police will meet every Friday evening at the village hall, Police headquarters.

Visiting Teacher To Speak at PTA

The January meeting of the Parent-Teacher Association will be held on Thursday, January 25 at 8 o'clock in the Grade school lunchroom.

Miss Elizabeth Vickland will take part in the program by introducing members of the Future Teachers Club. Mrs. Russell M. Atchison will introduce the speaker of the evening, Mrs. Alta Moore, who is a visiting teacher in Wayne County and in our own local schools.

The philosophy under which the Visiting Teacher Department of the Wayne County School functions is: A program based on the philosophy that all children are educable within the limits of their own potentialities; A service primarily set-up to assist the socially and emotionally maladjusted school child; a service that requires careful planning with children, teachers and parents; A program that requires constant vigilance and assistance during the treatment and follow-up periods.

The kindergarten room-mothers will serve refreshments following the program.

Legion To Promote Go To Church Week

The Lloyd H. Green Post, American Legion, this week began to promote the "Go to Church" week which has been designated from January 21 through January 28.

Rev. William Johnson of the First Methodist church will address the Legion members and their guests at their next regular meeting January 23.

The following resolution was passed at the last department executive committee meeting: "Whereas, we realize the value of the program of the Detroit Districts Association to cover Detroit with 'Go to Church', 'Teach Children to Pray' and 'Teach Children Religion' posters, placards and post cards; and the plan to have January 21 through January 28 set aside as 'Go to Church' week; and,

"Whereas, we feel that a program of this kind should not be confined to this area. "Therefore be it resolved by the Executive Committee of the American Legion, Department of Michigan, in meeting assembled in Lansing, Michigan, this 1st day of December, 1950, that we endorse such a program and request the National Commander of the American Legion to endorse such a program also and make a proclamation to the effect that all Posts and District Associations be urged to set aside January 21 through January 28 as 'Go to Church Week' and to secure the religious posters to display in their communities."

Filing Petitions Due Jan. 30 for Spring Primary Election

"March of Dimes" Drive Is Underway

The 1951 March of Dimes opened January 15 and will continue through January 31. The drive is being conducted by 2,825 chapters throughout the nation as well as in Alaska and Hawaii. Nelson Schrader is the local March of Dimes chairman.

How March of Dimes money is spent was summarized in a statement from the National Foundation for Infantile Paralysis. The statement disclosed that Michigan received the largest emergency advances with \$777,080; Texas was second with \$740,856; and California, third, 700,700.

Polio hit 33,344 children and adults from January 1 to December 30, 1950 in the nation's second worst outbreak, wiping out all March of Dimes patient-care funds and creating widespread emergency demands for medical workers, special equipment and money, according to the summary. The total of new 1950 polio victims does not include 72 cases in Alaska, which had none in 1949, and Hawaii with 27, as compared to 21 in 1949.

Emergency financial aid of \$8,277,221 was sent during 1950 by the Foundation to 1,054 county chapters after costly patient-care had depleted local March of Dimes funds.

Approximately 56,000 patients were helped in 1950. Of these more than 30,000 were from previous years, plus four out of five new 1950 cases who received direct assistance in whole or part.

To meet the 1950 emergency, the Foundation also rushed from its equipment centers 664 life-saving respirators to 36 states and Alaska, 332 hot pack machines, 618 pieces of miscellaneous hospital equipment and other supplies. New York State had the largest number of new cases last year, with 4,235, it was reported. Other states hit hard were: Texas, 2,778; California, 2,138; and Michigan, 2,002.

The Foundation's year end summary noted that an unusual trend in 1950 was high incidence of new cases in the late fall, the period of usual sharp decline. More cases were reported during the week ending December 2, a total of 598, than for the same week in 23 years.

Annual Benefit To Be Held Thursday

Plans are completed for the Second Annual Girl Scout Benefit to be held Thursday evening, January 18 at 8 o'clock at the Veterans of Foreign Wars Hall, 432 Plymouth avenue.

Mrs. Harry Wagenschutz, general chairman, announces that the project has met with enthusiastic community response and wishes particularly to mention the outstanding generosity of the merchants. All the merchants in town have donated something to the success of the project.

Donations for the benefit are one dollar per person. Tickets will be sold at the door for those unable to obtain tickets earlier.

Those attending the benefit may play any card game of their choice. Dessert and coffee will be served at the conclusion of the evening.

BPW Club To Sponsor Benefit Card Party

The Business and Professional Woman's Club is sponsoring a benefit card party Tuesday, January 30 at 8:00 p. m. at the Veterans of Foreign Wars Hall, 432 Plymouth avenue.

Proceeds from the benefit will go towards the Club's cancer revolving fund, whereby members of the club will receive aid if the need arises.

Prizes and refreshments will be served at the conclusion of the evening and tickets are now available at Freydl's Ladies store.

Nelson Schrader left Monday for Chicago, Ill. to attend the winter furniture exhibition.

The Northville Township spring primary election will be held Monday, February 19.

Anyone wishing to be a candidate for township offices may do so by filing a petition signed by not less than one per cent nor more than four per cent of the electors of the Township. The petitions should be filed with Clerk Fred Lyke no later than Tuesday, January 30 at 4:00 p. m.

Residents who wish to register for the spring primary may do so at the Village Hall on Saturday, January 20 and Tuesday, January 30, with Fred Lyke, Township clerk. Mr. Lyke will be at the Village Hall on those days from 8:30 to 8:00 p. m. for the purpose of reviewing and registering all qualified voters.

Voters on February 19 will be going to the polls to nominate candidates for the following offices: County auditor, supervisor, clerk, treasurer, and four constables for two year terms, two justices of the peace for four year terms, and one member of the Board of Review to serve a two year term.

Memorial Hospital on Blue Cross Plan

The recently-expanded Atchison Memorial Hospital, in Northville, has been approved by the Michigan Hospital Service board of trustees as a Blue Cross Hospital. William S. McNary, Blue Cross executive vice president, announced today.

With the agreement between Atchison Memorial Hospital and Michigan's Blue Cross Plan, Blue Cross subscribers in the Northville-Plymouth area are assured of Blue Cross service benefits in two Northville hospitals with a total of 50 beds, McNary said.

Recommended by the Blue Cross hospital relations committee, the 10-bed institution thus becomes one of 182 nonprofit general hospitals in Michigan which participate in the Blue Cross Plan for prepaid hospital care.

The 182 participating Blue Cross hospitals, at which no deposit is required when a Blue Cross card is presented, contain 95 per cent of the State's general hospital beds.

Blue Cross covers complete hospital care for its members in participating hospitals with the exception of extras, such as private rooms, telephones and other "luxury" items.

Payments currently are being made by Michigan Hospital Service to the hospitals at a rate of more than \$36,000,000 a year for services to Blue Cross patients, McNary said.

More than 250,000 Blue Cross patients were admitted to Michigan hospitals during 1950 from among the more than 2,250,000 Blue Cross members in the State, he added.

Administrator of Atchison Memorial Hospital is Miss Esther Rossow, R.N.

Novi Lodge News

Novi Rebekah Lodge No. 482 closed its books for the year 1950 with 167 members. Some of the activities during the year were as follows: We co-operated with Lakeside Oddfellow Lodge, at Novi, to celebrate their 50th anniversary. We had several Family Night suppers, one of which was in co-operation with the 50th wedding anniversary of Ford and Elsie Brooks. We had a Mother and Daughter banquet and our annual bazaar and supper. We have a hospital bed and wheel chair project, and we loaned these out several times during the year. We sent gift packages to 22 servicemen at home and over-seas. Our brother members constructed a cottage at the Oddfellow, and Rebekah camp at Big Star Lake. We feel that the year was well spent.

Novi Rebekah Lodge will install their new officers at a special meeting Saturday evening, January 20th. After the installation, there will be a short program, including a skit "The Qualifications of a Perfect Noble Grand" by the Past Noble

Grands. A co-operative lunch and social hour will complete the evening.

Tree Seedlings Made Available to Farmers

Up to 15,000,000 tree seedlings and transplants will be available to farmers and others planning reforestation work in the spring planting season, the conservation department announces.

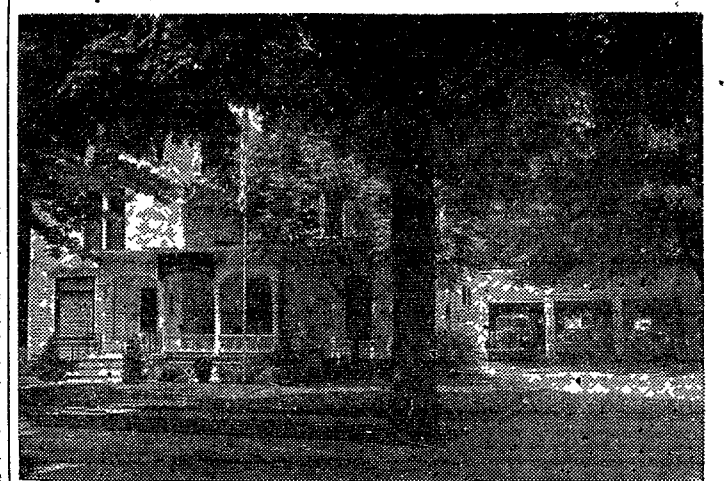

Stock requests now can be placed with the department's forestry division in Lansing. Stock must be ordered on special blanks provided by the state, on which the legal description of the acreage to be planted appears.

Six classes of red and white pine are offered at no increase in cost. Prices are \$4 a thousand for two-year-old red and white pine seedlings, \$4.50 a thousand for three-year-old white pine seedlings, \$3 a thousand for two-year-old jack pine seedlings, and \$3.50 for three-year-old jack pine seedlings. Three-year-old white pine transplants, in more limited supply than the others, can be had for \$10 a thousand.

The forestry division distributed 5,085,000 trees for spring planting last year.

Stock is distributed at cost for reforestation and may not be resold or otherwise used commercially.

Rabies Declared Year Round Disease

Is your dog protected against rabies?

"Rabies is a year-around disease in Michigan. Don't wait for 'dog days' to get your pet immunized. Immunization, now, may save his or your life," the Michigan Department of Health warned today.

Eighteen new cases of rabies in animals were reported in Michigan during December, seven of them in the last week. A total of 222 cases of rabies were reported during 1950, in comparison with 185 cases the previous year.

The third rabies case in the upper peninsula in the past ten years was reported during December — a cow in Menominee county. The upper peninsula reported a single case in 1946 and another single case in 1940.

Most December rabies cases were reported from the southeast quarter of the state. However, Ottawa county reported a case in a Shetland pony and Ionia county a case in a cat.

While any warm-blooded animal, domestic or wild, can contract or give rabies, most cases of rabies in Michigan are in dogs. Rabies is spread by the bite of an infected animal, or when the saliva of an infected animal gets into an open wound. Rabies in animals is hydrophobia in humans. Either is always fatal once the disease has developed. Rabies vaccine treatments given by the physician immediately following a bite or exposure will prevent development of hydrophobia. Delay may be fatal.

You can best protect yourself and your family against hydrophobia by having your own dog vaccinated, annually; by avoiding and reporting any stray animal; by calling health or police officers when you see any animal behaving strangely; and by seeing your physician, at once, if you or your child is bitten by any animal, the Department said.

Almost all the energy for production of the atomic elements at Oak Ridge, Tenn., came from coal.

Mrs. Ira Wagner has been convalescing from a severe attack of bronchitis.

Mrs. Jack Manning of Detroit, was recently guest of honor at a birthday dinner arranged for her at the home of her parents, Mr. and Mrs. Harry Wolfe.

Mr. and Mrs. Robert Kellogg of Filmore avenue, were guests last Sunday of friends at Keego Harbor.

Mrs. William Barrett of Irving avenue, was in Detroit Tuesday participating in installation ceremonies at a meeting of Gold Star Mothers.

Mrs. Stuart Shaffner of Farmington Road, was a luncheon guest Wednesday of friends in Detroit.

The W.S.C.S. of Livonia M. E. Church will hold a luncheon and card party at 12:30 Wednesday, January 17, at the home of Mrs. Lewis D. Nickels, 19020 Merriam Road.

A 7 lb. 8 oz. daughter, Ruth Ann, has been born in Mt. Carmel Hospital to Mr. and Mrs. William C. Kelly of Shadyside avenue.

Livonia Methodist W.S.C.S. will conduct a rummage sale on February 7. Persons having discarded, but still usable household articles or clothing they would be willing to donate, should call Mrs. Kellogg.

Mrs. Chas. A. Armstrong was a Detroit visitor Wednesday morning.

Karen, little daughter of Mr. and Mrs. Robert Kellogg, Filmore avenue, is ill with chicken-pox.

Chas. Funk, Shadyside avenue, has been quite ill. Mrs. Ralph Houtz, from near Ypsilanti, called on the Misses Lora and Freda Ault Wednesday evening.

Mrs. Charles Hoff was in Detroit Monday visiting with her mother-in-law, Mrs. Hoff, Sr., who is quite ill. Mr. and Mrs. Robt. Diehle, Shadyside avenue, spent Wednesday evening with friends in Detroit.

Mrs. Floyd Dolmadge, West Eight Mile Road, underwent a minor operation at Detroit Osteopathic Hospital last Monday.

Complications developed following a tonsil operation recently underwent by Charlotte Brown, Breitmeyer street and she was back in Detroit Osteopathic Hospital for a few days, but is now home again and getting along nicely.

1951 DODGE CORONET FOUR-DOOR SEDAN

The 1951 Dodge Coronet four-door sedan has a wider windshield and wider rear window for improved driver vision. Bumpers and bumper guards are larger and the grille and hood are of a new modern design. All 1951 Dodge cars are equipped with the new, more comfortable riding Oriflow shock absorbers. The model shown above is available with Gyro-Matic shift-free transmission.

Miller To Show 1951 Dodge Cars

The 1951 Dodge cars, new in appearance and featuring Oriflow shock absorbers and other improvements, will be displayed in dealer showrooms throughout the nation beginning Saturday, January 20. L. L. Colbert, president of Chrysler Corporation, announced today. The new Dodge may be seen at G. E. Miller Sales and Service, 127 Hutton street.

Colbert said dealers will begin demonstrations immediately of what he described as "the remarkable Oriflow ride" of the new Dodge cars.

"We regard Oriflow as a major advance in automotive engineering," Colbert said. "Even on smooth roads, Oriflow shock absorbers provide a noticeably better ride than we've ever known before. On medium-rough and very rough roads, they smooth out the ride in a way that's almost unbelievable until you have experienced it."

Further improvement in driver vision, new body lines in the forward part of the car, modernized interior styling, a glare-protected instrument panel and a more efficient engine cooling system are among other features of the 1951 Dodge line. Made up of ten body styles on two wheel bases, the new models retain the generous head room, shoulder room and leg room of 1950 models which, Colbert said, established another all-time high in Dodge retail sales despite a three-month shutdown last spring due to a strike.

Colbert said Gyro-Matic transmission, which frees the driver from shifting, will be available on all models in the 1951 line except the Wayfarer Sportabout.

When frying fish or meat, a colander turned upside down and placed over the frying pan will permit the steam to escape and prevent grease from spattering the stove and walls.

manns called on Mrs. Ackermann's son, Melvin Strom and his family, in Belleville.

Jackie, young daughter of Mr. and Mrs. Raymond Ackerson, Gill Road, is quite ill with tonsillitis and her grandmother, Mrs. James Simpson, spent Wednesday with her.

Mrs. Albert Owen visited in Detroit Wednesday.

Mrs. George Welsh, Mayfield avenue, is ill and is confined to her bed for the last several days.

Mrs. George W. Sandau, Hubbard avenue, spent Wednesday in Detroit.

A little celebration honoring the birthday of Mrs. Ira Wagner was in order at her home on Shadyside avenue, Tuesday evening. Several friends were in attendance.

Mr. and Mrs. Edwin L. Johnson, of Clarita avenue gave a birthday dinner Friday evening, honoring their youngest daughter, Hannah Elizabeth, who was two years old January 11.

Emerson Ault, the child's grandfather, who is employed in Washington, D. C., was home for the week-end, so was able to be present for the occasion. As Mr. Ault had a birthday, too, on January 10, he was considered an honor guest. Other members of the Ault family were in attendance at the affair.

Mrs. V. Reddy was a Detroit visitor Friday.

Mrs. John Allen and Mrs. E. W. Stange visited in Detroit Wednesday forenoon.

Freda Ault called at the William Green home on Delaware avenue, in Redford, Thursday afternoon.

Mrs. Max Holland and daughter, Gill-Allen, from Detroit, were Thursday afternoon guests of their mother and grandmother, Mrs. John Aittama, on Shadyside.

Shirley Ault, of Shadyside avenue, spent Wednesday evening with her sister, Mrs. George Cooke, on Albion, near Redford.

Mr. and Mrs. George Ring, of Detroit, visited in the neighborhood this weekend.

Mr. and Mrs. Austin Ault, of Brentwood avenue, are visiting in Ypsilanti this week-end.

Mr. and Mrs. Robert Laughman, from Mishawaka, Ind., are expected to be week-end guests of Mrs. Laughman's parents, Mr. and Mrs. Ernest Tallman, of Mayfield avenue. The Laughmans are bride and groom of December 30th.

This week Mrs. Ervin Bohlinger, of Mayfield avenue, again received a letter from her soldier son, in Korea. Don, at the time of writing, had been wounded and was behind the lines—the only man left alive in his entire group. He was shortly to be sent to the front. He asked that a report that he had been found missing in action be disregarded.

Neighbors of Mrs. Fred Sherman, who resides on Colgate avenue, near Farmington, ten-

dered her a stork shower Thursday evening at the home of her parents, Mr. and Mrs. Ernest Tallman, on Mayfield avenue.

Neal, youngest son of Mr. and Mrs. Clarence Roberts, Mayfield avenue, has been very ill.

Mrs. Chas. A. Armstrong was in Detroit Friday afternoon attending a meeting of the women's club functioning in her old neighborhood.

The Secret Sunshine Pal group, sponsored by the Neighborhood Sunshine Sisters met in the Neighborhood Church Wednesday afternoon for the annual name disclosure party and the drawing of new names for the coming year. Many of the Secret Pals are working women, shut-in or sick, but around forty of the near sixty-five were present.

With one or two exceptions, all reside within an area less than a mile square. After suitable devotional exercises proceedings began. A table was piled with gay, be-ribboned parcels. Each lady had brought for her pal a final gift or special card so addressed and signed as to reveal her identity. These were passed, and the identifications were made. When the excitement had finally subsided new names were drawn. Names, with addresses and special dates were written on cards placed in envelopes. The secret pal is expected to make it her special mission or obligation to, using only "Secret Sunshine Pal" as signature, help keep up her special friend's morale and spirits by sending greeting cards and occasional small gifts. Home-made gifts are considered most suitable and pals are supposed to use plenty of ingenuity and less money. It was decided to have the present Secret Pal year end at the Sunshine Valentine meeting in 1952. The period will thus last about thirteen months.

At the close of the gay affair cookies and tea were on hand for refreshment.

The next Sunshine meeting will be held in the Neighborhood Church on Wednesday afternoon, January 24th at 2 p. m.

Poultry Outlook Depends On Government Decision

What the government does—or fails to do—to get increased meat production next year will greatly influence incomes of poultry farmers.

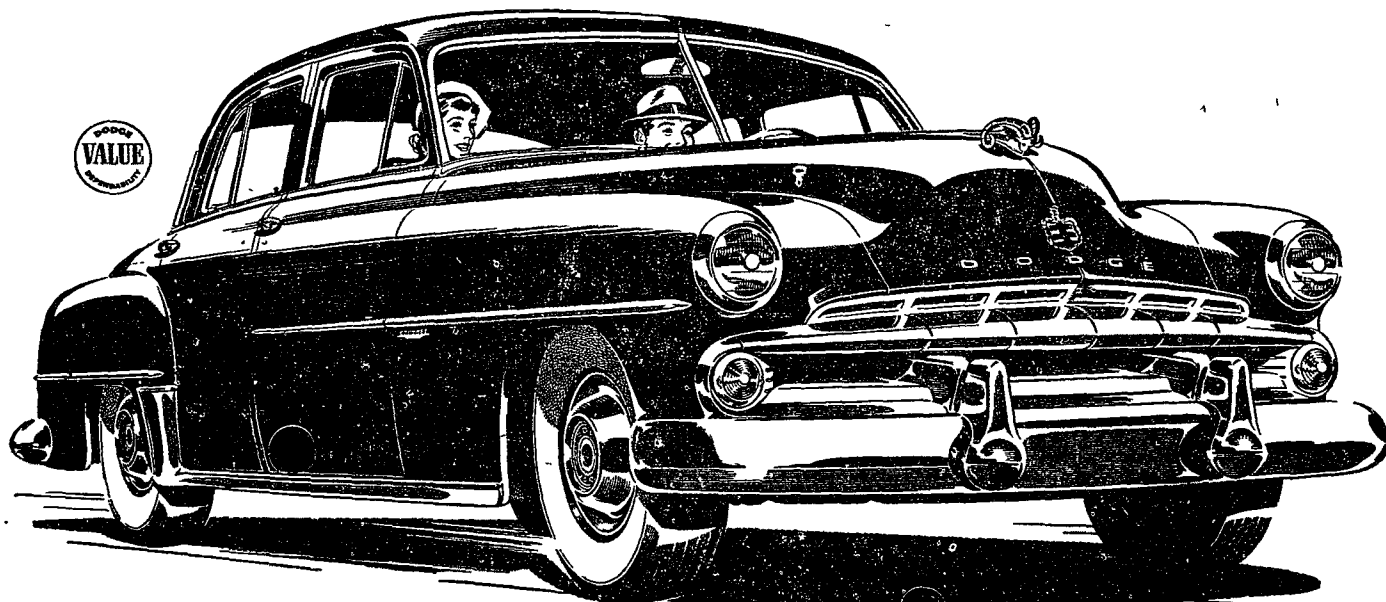

This is the view taken by farm officials at the annual agricultural outlook conference which was sponsored by the agriculture department. A government price-support program could be expected to boost production of hogs above present prospective levels.

The more pork there is, the lower the prices of both meat and poultry products are likely to be. They are highly inter-changeable in the American diet, and hence compete for consumers' dollars.

The gross income of poultrymen next year is likely to be somewhat higher than this year, the department said. But the net income—returns left after payment of production costs—will not rise as much as gross income.

HERE'S THE NEW '51 DODGE

New Inside...New Outside
with a Completely New Kind of Ride

NEW in more ways than cars costing up to \$1,000 more

AT A SECRET PREVIEW THESE FAMOUS AMERICANS SAID:

TED WILLIAMS—"When I first saw this new 1951 car, its smart good looks and its new engineering advances made me put it in the expensive car class," says Ted Williams, baseball's great left-handed slugger.

BETTY HUTTON—"It's so big, so roomy, with greater visibility for every passenger," says Betty Hutton, famous for her own exuberant way of putting over a song. "And so luxuriously appointed, inside and out!"

DALE CARNEGIE—"I think I know what influences people, and this new car will do it," says famous author of "How to Win Friends and Influence People" and "How to Stop Worrying and Start Living."

*Soon to be seen in Cecil B. DeMille's "THE GREATEST SHOW ON EARTH," a Paramount Release, Color by Technicolor

Christian Science Churches
"Life" will be the subject of the Lesson-Sermon in all Christian Science churches through-

out the world on Sunday, January 21.
The Golden Text (1 John 5:11) is: "This is the record, that God hath given to us eternal life, and this life is in his Son."
Among the Bible citations is this passage, (John 5:26): "For as the Father hath life in himself; so hath he given to the Son to have life in himself."

A prayer for our Soldiers

BY MAJOR GENERAL ROY H. PARKER
Chief of Chaplains, United States Army

Almighty God, the Creator and Preserver of all mankind, we commend to Thy special care and keeping those serving in our Army. Though they be in the midst of dangers, do Thou send Thy guardian Angels for their protection. Walk beside them as they go through the valley of the shadow of death.

Knowing that all good things come from Thee, grant them courage and loyalty, through a firm faith in freedom's cause, in the present conflict. When sacrifices are called for, let them be made in the knowledge that Thou art the rewarder of Thy servants. Enable them to live valiantly and serve nobly, in the full realization that no man liveth unto himself. Grant them clear minds, strong bodies, resolute wills, and pure hearts free from hatred and bitterness, renewing them each and every day with strength, like strong men of old, who against enthroned wrong stood with confidence and courage.

Awaken in them a lively faith that will keep them close to Thee. Enable them to rest their cause upon Thy Word that though the foe be strong, yet knowing the cause as they battle for the right, they can never fail. Fill their hearts with the assurance that with Thee nothing is impossible and that all things work together for good to them that love Thee.

If it be Thy will that injuries be sustained, let them experience the touch of Thy healing hand and do Thou bless the means and the ministries employed for the restoration of their health.

In these difficult times, when the forces of evil are running rampant and many hopes seem about to be crushed, fill their hearts with an abiding sense of Thy reality and the certainty of Thy continual presence. Enable them to look to Thee when loneliness and longing overtake them; fulfill their yearnings by granting them Thine own companionship and fellowship. Enable them to realize the full meaning of Thy promise, "Lo, I am with you always."

Thou who are the Protector and Helper as well as the Giver of victory, grant unto them every good gift of body and soul and unite us with them in faith and love unceasing. Amen.

Texan To Lecture on Christian Science

Harry B. MacRae of Dallas, Texas, member of the Christian Science Board of Lectureship, will speak in northwest Detroit on Thursday evening, January 25th, on the spiritual nature of true peace, according to announcement by Eighth Church of Christ, Scientist, Detroit.

Speaking on the subject "Christian Science, Bringer of Peace", Mr. MacRae is to lecture in the church edifice at Grand River Avenue and Evergreen Road, at 8 o'clock. Members of Eighth Church have invited the general public to attend without charge.

Mr. MacRae became interested in Christian Science in 1913, while completing a premedical course at the University of Cincinnati, through the healing of his father. He withdrew from a business career in 1922 to devote his full time to Christian Science healing. Since 1937 he has been a teacher of Christian Science, and since 1947 he has served as a Christian Science lecturer, traveling widely to speak on Christian Science in this country and abroad.

St. John's Holds Parish Meeting

The Annual Parish Meeting of St. John's Episcopal Church was held Friday evening, January 12, in the Parish Hall. A large number of parishioners were present to hear the reports of the year's activities, to approve the budget for 1951, and to elect four new vestrymen.

The following men were elected to serve the three-year term of office: Ralph Lorenz, Ray Altenberg, Harry O. Draper, and Walter Breed. Officers of the Vestry for 1951 are: Dean Saxton, Senior Warden; Ernest Williams, Junior Warden; Robert Utter, Secretary; Harry O. Draper, Treasurer and Harry Christensen, Envelope Treasurer.

The Vestry is the group of lay leaders of the Church who have charge of the temporal affairs of the Church. They meet at least once a month, and occasionally for special meetings. Four are elected each year, and a Vestryman is not eligible to succeed himself without the intervention of at least a year between terms. Punch and coffee were served after the meeting, and the folk present joined in singing a group of hymns.

Low Cost Essential For Farm Building

Concrete Blocks Filling Farm Construction Needs

Concrete blocks are being used more and more in the construction of farm buildings, according to American Builder magazine.

They have been found very serviceable for dairy barn construction, low in first cost and in upkeep.

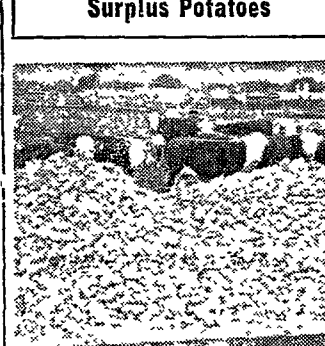

Attributes that contribute to concrete's value as a building material on the farm are its durability, cleanliness, and weather and insect

resistant qualities. Concrete foundations, masonry unit walls, concrete floors, and precast floor joists can be utilized to construct enduring farm structures and to repair old ones.

If a dairy barn is well-constructed and insulated, body heat of the cows would keep interior temperatures at 45 to 50 degrees in almost any kind of weather.

Lightweight aggregates in monolithic concrete or in masonry units, vermiculite floors and underlayers, hollow core walls, and masonry units with granular loose-filled cores all have qualities that can contribute to the efficiency of rural buildings.

Surplus Potatoes

These hereford steers of the Kittitas valley region, Ellensburg, Washington, are yebrow deep in surplus potatoes. Tons of the surplus potatoes are being used in the region to fatten cattle. The ranchers pay two dollars a ton to the government and receive the potatoes dyed so they can't sit back into the commercial market.

Fantastic Possibility

For a horse to have twins is not unusual. But this apollo mare is shown with twins, one of which is a horse foal and the other (right) a donkey foal. Don L. Steadman, Crescent, Utah, owner of the mare, says she was bred to a palomino stallion at the same time that she occupied a pasture with a small jackass owned by Steadman. Mr. Steadman says: "We suppose the stallion is the father of the horse, and the donkey is the father of the mule." He calls them a "Morse" and a "Hule". Dr. John MacLeod of Cornell University, said that under certain conditions such a birth is a "fantastic possibility."

Lights on Farm Machinery Will Cut Down Accidents

Highway authorities through the country have urged that farmers have bright headlights and taillight on farm machinery. Bright lights will help you avoid accidents when driving farm machinery on highways at dusk or after dark this fall and winter.

Safety engineers recommend lights that can be seen at least from a distance of 500 feet.

NEWS AND NOTES OF COMMUNITY INTEREST

Brown-Hardesty Nuptials Pledged

On January 13, 1951 Mrs. Martha Lee Brown of 20015 Farmington Road, Farmington, daughter of George and the late Millie Bryant, became the bride of Ronald G. Hardesty of 50 East Shore Drive, Whitmore Lake, son of Mr. and Mrs. Cloyd Hardesty also of Whitmore Lake.

The single ring ceremony was performed by their pastor, the Rev. Cora M. Pennell, in South Lyon at 6:30 p. m. The bride wore a gold crepe street length dress with brown accessories. Her corsage was of orchids. Mrs. Wanda Hardesty was the brides' only attendant. She chose for the occasion a rose red crepe street length dress with black accessories. Her corsage was of Talisman roses and heather.

The groom's best man was his brother, Dean Hardesty, of 9385 Currie Road. The happy young couple did not disclose their honeymoon plans but when they return it will be to their recently purchased home on Joy Road.

Ronald will be remembered by villagers as he attended Northville High school.

LEGAL NOTICES

To the Supervisor of the Township of Redford, Wayne County, Michigan.

Sur: You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on Thursday, January 4, 1951, decide and determine that the certain alley described in the minutes of said Board, heretofore taken over as a County road, should be absolutely abandoned and discontinued as a public highway, reserving therein the easement set forth in said determination.

The portion of the minutes of said meeting fully describing said alley is attached hereto and made a part of the notice, which is given under and by virtue of Act 283 of the Public Acts of 1909, as amended.

In testimony whereof we have hereunto set our hand at Detroit, Michigan, this 4th day of January, A.D. 1951.

JOHN P. O'BRIEN, Chairman

CHARLES L. WILSON, Vice-Chairman

MICHAEL J. O'BRIEN, Commissioner

EDGAR M. BRAMGIM, Clerk

By Sylvester A. Naezel, Deputy Clerk.

Commissioner O'Brien moved the adoption of the following resolution:

Whereas, all of the alley 28 feet wide in the rear of Lots 27 to 39, both inclusive, said alley being also adjacent to Lots 26 and 40, as indicated for Subdivision of part of S 1/2 of S. W. 1/4 of Sec. 28, T. 1 S. R. 10 E., Redford Township, Wayne County, Michigan, as recorded in Liber 59 of plats on Page 36, Wayne County Records, said described alley being the same alley that lay on Plymouth Road in Frischkorn's Parkway Subdivision No. 2, as recorded in Liber 72 of Plats on Page 32, Wayne County Records, the last mentioned Subdivision being a resubdivision of certain vacated lots and vacated alleys of the first described Snell's Sunset Heights Subdivision L. 58, P. 36, is a toffny road under the jurisdiction of this Board; and

Whereas, there are no buildings of any character located upon or along said above described portion of county road, and

Whereas, said portion of county road is of no benefit to the public for highway purposes:

Now, Therefore, Be It Resolved, that said portion of county roads, being in the best interests of the public that said portion of county road should be absolutely abandoned and discontinued.

The motion was supported by Commissioners O'Hara, Wilson and O'Brien. Ayes 33-35

State Open Fire Laws Strictly Enforced

Strict enforcement in southern Michigan of the state open fire law in 1950 sliced expensive and needless fire runs by rural and conservation department fire crews.

While tabulations by the conservation department are not complete as yet, a check on Eaton county alone shows firemen were called to put out but 32 fires as against 146 the previous year. When the fire report is finished,

the department expects it will show much better records for Jackson, Kent, Genesee, Lapeer and other counties.

The state fire law requires a person to get a burning permit as soon as the snow leaves the ground, creating a general hazardous condition. In addition to regular violation penalties, the revised law specifies that a person who willfully or negligently causes a damaging fire is liable for all expenses incurred by the state in suppressing, over and above services of regular personnel and equipment.

ON CAPITOL HILL

NEWS and COMMENT

FROM CONGRESSMAN

GEORGE A. DONDERO

Republicans in Congress, including myself, listened with great interest last week to President Truman's message on the State of the Union. We did so in hopes that some constructive recommendations, and possibly a gesture of bi-partisan reciprocity on foreign policy, might be forthcoming.

We were disappointed. The message drew an appalling picture of the State of the Union, in this greatest of national emergencies. Incidentally, the message drew a picture of the state of the Truman administration which must be extremely discouraging to supporters of the self-styled Fair Deal.

There was no promise of bi-partisan cooperation in creating a new and workable foreign policy. Instead, the Congress was told in effect that former unsound and disastrous policies would be retained. Republicans, it might be said, were put on notice that their views will continue to be ignored.

When boiled down to its essentials, the entire message was like so many of the speeches delivered by the President of late. While admitting the failure of present administration policies, both at home and abroad, he intimated

that more of the same should prove the panacea for all the dangers and ills which now afflict the Republic.

At the same time, the President argued again, by indirection, in favor of the whole hodgepodge of socialistic legislation which comprised his program prior to the outbreak of World War III in Korea. But this time he presented those socialistic proposals in the guise of measures in support of the war effort.

It is significant that the only sustained applause accorded by Congress to the President's message on the State of the Union came when he contradicted himself by referring to the necessity of strict economy in non-military spending.

In view of the apparent failure of the President and his cronies to understand the realities of our military weakness and the imminence of our peril it is my conviction that final responsibility for the nation's safety, and the preservation of our liberties, has devolved upon the Congress of the United States.

The Agricultural Yearbook for 1948, entitled "Grass," has been reprinted, hence an additional allotment has been provided for

the 17th Congressional District. As long as the supply lasts, Congressman George A. Dondero will be glad to accommodate his constituents with this publication.

One cubic foot of solid coal weighs 81 1/4 pounds.

About 75 per cent of bituminous coal mined in the United States is machine-loaded.

Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but

Mrs. Lucy Braswell, of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and by taking HADACOL she found she is helping her system overcome deficiencies of Vitamins B, B₁₂, Niacin and Iron, which HADACOL contains.

Here is Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."

New Buick Special Is Nation's Newest Car

STYLELEADER and pacemaker of the 1951 Buick line is this four-door six-passenger Special, or Series 40, sedan. Representative of the entire Special Series which is completely new this year from stem to stern, this car has a new chassis, a new body, new front end, new sweepers molding, new trim, and new fender and hood ornaments. Its re-styled fender lines flow backward through the doors in a graceful curve

which is paralleled and accentuated by the brilliant sweepers which runs the length of the car. The unique Buick front end, entirely re-designed for 1951, is more distinctive than ever. For the first time, Buick's powerful F-263 engine is offered in the Special Series, delivering 128 horsepower with Dynaflow Drive, and 120 horsepower with Synchro-Mesh transmission. Wheelbase of this model is 121 1/2 inches.

Buick Introduces 1951 Car Line

Buick today introduced its 1951 line of cars, high-lighted by an improved Special with new body and new engine.

The new line contains three series of cars, ranging from the low-priced Special up through the Super to the luxury models in the Roadmaster. They will go on display in all dealer showrooms Saturday, January 20.

"Important advances in styling features coupled with major chassis and body improvements combine to make the 1951 Buick the greatest value in our history," Ivan L. Wiles, Buick General Manager, said.

There are eight models in the Special Series, six in the Super and four in the Roadmaster.

The 1951 Special is completely new throughout. It has a new body, a new chassis and is powered with the F-263 Fireball engine introduced in the Super last year. This engine develops 128 horsepower with Dynaflow and 120 with Synchro-Mesh transmission.

The rear fenders are integral with the rear quarter panel, eliminating the fender line caused by the welts. The Special, which comes in both standard and deluxe trim, is mounted on a 121 1/2 inch wheelbase and has an overall length of 204 8 inches.

The Riviera "hard-top" convertible, which Buick pioneered in 1949 to start a new trend in automobile styling, has been extended to the Special, giving

Buick three of these models for the 1951 market.

The Riviera styling available in the four-door sedans in the Roadmaster and Super series last year, also has been extended to both two- and four-door models in the Special. Also available in the Buick line for the first time since the war are low-priced convertible and a three-passenger

coupe in the Special series.

The entire line has been re-styled and boasts many new features in design, engineering and interior trim.

Recent developments in glue techniques prove that properly designed glued wood products are lighter and stronger than their solid wood counterparts.

Girl Blazes Trail Through Woods

How a telephone operator conducted a seemingly impossible search for the parents of a young Detroit woman is described in a letter recently received by Michigan Bell. The letter, written by Mrs. Frank J. Plaia, follows:

"This was an urgent call, involving the loss of a family friend. Although my parents had no telephone at their cottage, I knew of one at a store nearby. However, I knew no more than that, and the operator (Miss Samardich) was really wonderful in trying to get my call through. She had to call several places before locating the particular store. Then, when no one answered at the store, she was able to locate another telephone nearby.

"I greatly appreciated her consideration, and thought you should know what a commendable job she did. It is fine to know that you have such courteous, capable people to help telephone users."

The summer cottage of N. C. Mente, Detroit businessman, on the shores of White Lake near Milford, Mich. It was here that the Mentes were staying, out of telephone touch when their daughter tried to reach them.

Mrs. Frank J. Plaia, of Detroit, who urgently needed to talk to her parents.

Inkster — Playground recreation for the small-fry is being assured by the Nankin Township Board, if its present plans are carried out.

Birmingham — The annual report of Building Inspector B. G. Omans shows the 1950 construction work in the city nearly tripled that of the previous year.

Inkster — A speed-happy motorist led two Inkster officers on a wild 100-mile-an-hour chase recently but as usual the officers came out the winners.

Dearborn — Petitions bearing recall signatures were continuing to pour into Citizen's Action Committee headquarters after 1,559 new names were turned in at a director's meeting recently. The sudden flow of signatures

brings the total names obtained to 10,272, making certain the placing of the recall question on the February 19 ballot.

Farmington — Mrs. Margaret Perry, widow of Judson D. Perry who was pastor of the Farmington Baptist Church 75 years ago, died December 27 at the age of 100 years.

Chelsea — Chelsea High's ram-paging basketball team romped to their eighth straight win as Manchester visited the Doghouse and received a 49-26 mauling for their second loss to the Bulldogs this season.

Howell — Twenty-seven young men, the largest contingent called from the Livingston county since the latest selective act became effective, left Howell by bus for Detroit where they were inducted into military service.

Plymouth — The purchase of the Russell Dettling property on Main street for a Gulf service station was announced by Herbert Swanson who recently sold his present station on Ann Arbor trail to make way for a new store building.

Rochester — Voters of Avon Township will most likely have the privilege of voting with voting machines at the Biennial Spring Election the first Monday in April, it was indicated at the Avon Township board meeting held recently.

Brighton — At a meeting January 8, in the Green Oak town hall it was decided to hold a special election at which time electors of the Hollister school district will be given the opportunity of expressing their opinion on joining the Brighton Area Schools.

Birmingham — Birmingham's first fatality in the war in Korea is Cpl. Kenneth R. Block, 22. A War Department telegram received recently by his mother, Mrs. Gerald Eller of 1332-Davis, said Cpl. Block was killed in action on Sunday, Dec. 3. No other details were given.

Rochester — As a result of a fire which broke out in the home of Mr. and Mrs. Richard Denton, 3372 Donald street, Avon Township, while the young mother was visiting her mother-in-law only a few steps from her home, 22-months-old Pamela Sue Denton was burned to death recently.

Howell — The crash of a privately owned airplane shortly before 4 o'clock Sunday afternoon, January 7, two and a half miles east of Howell was fatal to the pilot, Archie G. Perkins, 28, of Milford and his passenger,

Norman Metzner also 28, of 1641 Latson Road. It is presumed both died instantly.

Farmington — Eberle M. Smith Associates, architects chosen by the Farmington Board of Education to plan expansion of the Farmington school system, have submitted the first figures on the estimated costs of constructing essential classrooms, including 18 elementary rooms and a senior high school unit, the Farmington School Board learned recently.

31-33 Judge of Probate.

Farmer-Hunter Policy Discussed

In connection with its farmer-hunter relationship program the Wayne County Sportsman's Club has adopted a policy whereby it does not condone members trespassing on any private lands, does not condone hunting on any lands without first asking permission of the property owner and approves farmers posting their lands against hunting without permission and urges them to make hunters identify themselves as responsible citizens before granting permission to hunt. At the same time, too, does not approve posting against no hunting whatever because it penalizes the good sportsmen because of the depredations of the irresponsible and in fact does no good because the vandal ignores all signs.

As proof that the organized sportsman is not the vandal the farmer fears the Wayne County Sportsman's Club points out that during the past four years the Wayne County Sportsman's Club has distributed 45,000 introduction cards to its members to give farmer land owners assuring them that the Wayne County Sportsman's Club guarantees reimbursement up to \$100 for any damage done by member-hunters and not one claim for damages has been made.

Colts Fall 58 to 23 To Ford Trade

Northville's Colts found superior height too much to master last Friday night and fell before the Ford Trade School reserves, 58 to 23. The High School's basketball reserves kept pace with the Craftsman for a quarter, but the Ford Trade squad took over for the three remaining periods.

Ford Trade's Vaughn and Schneider poured in 15 and 14 points respectively, to lead scoring for both teams. The Colts scattered their scoring among seven players.

With the score 10 to 10 at the first quarter mark, the Colts lost control of the ball to the rangy Craftsman and had to be satisfied with 13 points the rest of the game.

Michigan Leads Nation in Hunting

Michigan continues as the leading hunting state in the nation and in spite of her generally lower license fees was second in license revenue in the fiscal year ending June, 1950.

The U. S. Fish and Wildlife Service credits the Michigan conservation department with distribution of 1,031,035 licenses, over \$3,000 more, which produced \$2,944,885, nearly \$98,000 more than in the previous fiscal period.

Pennsylvania again was second in number of licensed hunters with 834,091, close to 45,000 fewer than before, but topped Michigan in license revenue with \$3,032,326 or about a \$185,000 increase. The Keystone state, among a number of others, has higher hunting fees than Michigan and also led in the fiscal period with the most, outstate hunters. Pennsylvania had over 24,000 and Michigan over 12,000.

In order behind the two states in most licensed hunters were New York, Ohio, Illinois, California, Minnesota, Wisconsin, Washington and Indiana. Rhode Island issued the fewest licenses, 11,488.

Sales for the entire 48 states were down about 132,000 from the previous fiscal year record high but revenue increased \$2,674,362 to reach a new peak. Service tabulations show the country's hunters paid \$37,641,049 for 12,626,539 licenses.

Federal migratory-bird hunting stamps were issued in slightly smaller numbers, 1,954,734. This compares with the record 2,127,598 in the previous fiscal year. California led with 168,950 and Michigan was sixth with 98,285.

Cows Don't Like Cold Water, Specialist Says
Ivan H. Loughary, dairy specialist of the Wyoming agriculture extension service, points out that dairy cows will drink more water when the water temperature is above 50 degrees.

"Water consumption has a direct influence on milk production," he says, "therefore, when cows don't drink the needed amount because it is too cold, milk production declines."

Ford Trade Stalls Mustangs, 50-40

The Northville Mustangs lost a basketball game to a powerful Ford Trade School squad last Friday night 50 to 40, but the Craftsman had to win the game the hard way.

The tall Craftsman, who have won nine successive games, were held in check all the way by a scrappy, aggressive Mustang team which, according to statistics, should have been easy prey.

The Craftsman's Bosco and Young, who tower away up there someplace, collected 15 and 14 points, respectively; Don Graham and Dick Gray led Mustang scorers with 11 and 10.

The Northville squad bounced off to and 10 to 5 first period lead, but couldn't maintain the pace and fell behind 24 to 21 three minutes before the half ended.

The Ford Trade quintet led by six points at the three-quarter mark and the ball-hawking Mustangs worn down competing with superior height, couldn't muster the drive for a big enough rally in the closing minutes.

The Mustangs who played against Ford Trade are a far cry from the team which took the floor at the season's start Coach Dick Kay's squad has come along by leaps and bounds, gaining not only in experience and floor poise, but in crowd-thrilling, aggressive ball-grabbing.

A team which beats the Northville squad now has to take the game away from them. The Mustangs aren't handing out any gifts.

Basketball Friday: NHS-Clarenceville

The Mustangs and Colts will take the floor against Clarenceville teams in away games tomorrow night. The reserve game will begin at 7:15 p. m. and the varsity basketball game will follow.

The Colts topped Clarenceville 63 to 20 when the Trojans played here December 15 and the Mustangs stopped the Clarenceville quintet 40 to 27.

The Northville squads may encounter extra trouble on the Trojan court, which is very long and very wide, much more so than the courts the NHS teams are used to playing on.

However, it may be that the Mustangs will welcome a little room to maneuver in.

Chief Denton Warns of Slippery Streets

Slippery streets slowed automobile traffic to a crawl Monday, and Chief of Police Joe Denton was glad of it.

"Ice is the most treacherous surface over which any motorist ever is called upon to drive," the chief warned.

"The principal causes of accidents in such weather are speed, improper use of brakes, and lack of traction. If you have to stop on ice, apply pressure to the brakes lightly with a pumping action; jamming on the brakes causes them to lock, and sends the car into a skid."

As a matter of fact, the chief added, attempting to drive without tire chains when ice conditions generally prevail is foolhardy, and should be avoided if possible. To this warning he coupled another that under conditions of glare ice, most so-called "winterized" tires are but little better than regular tires.

"Tests conducted by the National Safety Council's Committee on Winter Driving Hazards show that an automobile traveling 20 miles an hour on ice with "winterized" tires will skid an average of about 188 feet after the brakes are applied," Chief Denton said. "With tire chains on the rear wheels, a car traveling at the same speed can stop on ice in about 88 feet. Reinforced type of chains stop in about 77 feet. At 40 miles an hour without chains the usual skid is about 700 feet. Chains reduce it to about 350 feet. So, if you have to drive, put on your chains, and take it easy. But it's even better to leave your car home."

In addition, Chief Denton suggested, it's a good idea to keep more than the usual safe distance between vehicles, use extra care at corners and intersections, and signal for stops or turns in ample time to protect the car behind.

Final Exams Start January 22 at U-M

Every word in the textbooks and lecture notes is assuming increased importance on the University of Michigan campus. That's one way of saying that the Fall Semester final examinations will start Monday, Jan. 22 and end Friday, Feb. 2. Classes for the Spring Semester will start Monday, Feb. 12.

OBITUARY

ANDREW SAMBRONE

Andrew Sambrone, proprietor of Hotel Anderine, Plymouth, formerly of Northville, died at St. Joseph's Hospital, Ann Arbor, Tuesday evening.

Funeral services will be conducted Saturday morning from Our Lady of Good Counsel Church, Plymouth. A full obituary will appear in the next issue of the Record.

U-M Doctor Gives Advice on Handling Accident Victims

Proper care in transporting persons with suspected spinal injuries to the hospital is imperative, University of Michigan doctor emphasized.

If the spinal cord has not been destroyed at the time of injury, mishandling or jostling about will often cause marked damage making future recovery unlikely, Dr. Richard C. Schneider, assistant professor of surgery, explained.

A spinal cord injury should be suspected when a person involved in an accident has suffered either a snapping movement or direct blow to the neck, or back and then complains of pain over the spine, numbness, weakness, or paralysis of the legs or arms, he said.

The major causes of spinal injuries were listed by Dr. Schneider as due to: 1) automobile accidents; 2) swimmers diving into shallow water; 3) home accidents such as falling downstairs or from a ladder or off of a roof; and 4) farm perils such as runaway tractors, balky threshing machines or unstable hay mows.

Here's how Dr. Schneider advises moving a person suspected of spinal cord injury: 1) three or four persons standing on the same side of the injured person should gently raise him without bending or twisting the spine and maintaining the body on a level plane at all times; 2) the person should then be placed carefully on a firm stretcher, board, or even a door; and 3) a rolled blanket should be placed underneath the curve of the neck and the hollow of the back.

If a broken neck is suspected, the U-M surgeon indicated that someone should place his hands on either side of the head and exert a pull in line with the body during the transferring to a stretcher or other carrying device. Sand bags or rolled blankets should then be placed on either side of the head to prevent rotation from side to side, he added.

"All too frequently not enough care is taken in the early handling of spinal injuries," Dr. Schneider pointed out. He warned well-meaning companions against attempting to massage the neck and back or manipulate the arms and legs of injured persons.

The treatment of an individual with a severe spinal cord injury is a prolonged one and requires utmost patience and understanding on the part of the patient, relatives, and physicians, the surgeon concluded.

Texas Prisoners Broadcast For Jobs

At 6:00 p.m. every Saturday, inmates of the Texas Prison at Huntsville broadcast an appeal over Station KPRC for a job "on the outside" for some prisoner who is about to be released. Called "Behind Prison Bars," this unique weekly radio program, which is sponsored by the Rotary Club of Houston, features music and other entertainment by the prisoners, together with information and job qualifications about prisoners scheduled for early release.

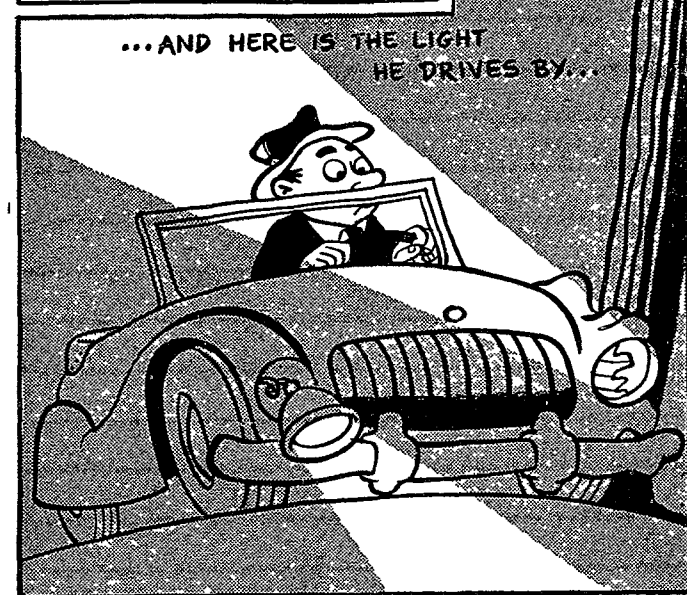

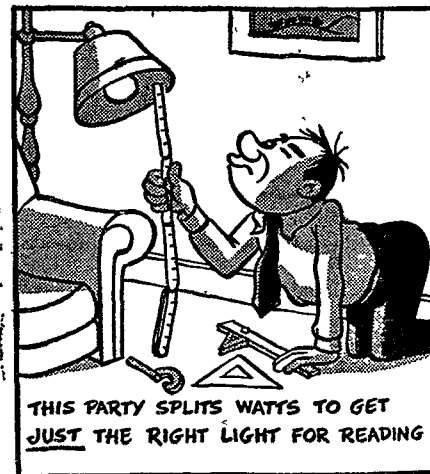

During the 18 months that the program has been broadcast as a public service, more than 70 jobs have been obtained, and prison officials have high praise for its effective contribution toward prisoner rehabilitation.

DEJECTION . . . With his wounded right hand cradled in his lap, a United States marine falls asleep by the side of the road, relief at coming through the gruelling march from Changjin reservoir area allowing him finally to gain a few minutes of peaceful rest. He waited in Hamhung, North Korea, for eventual evacuation from the threatened northeast front and possible landing upon some other spot along Korea's coastline to re-enter the battle against the Chinese.

TWO KILLED IN B-26 CRASH . . . Two men were killed when their B-26 "Invader" light bomber crashed while attempting to land at the air force's Bolling Field air base at Washington, D. C. The plane was returning from a cross-country flight to Portland, Ore. The wreckage of the bomber is shown on the grounds of the naval research laboratory, 1,200 feet south of the main runway at the air force base. The names of the passengers were withheld until relatives were notified.

PROTEST REDS AT U. N. . . . Members of the Chinese Consolidated Benevolent Assn. picket the U.N. general assembly at Flushing Meadow, N. Y., in protest to the presence of the Chinese Communist delegation to the United Nations on the grounds that the Red China delegate, General Wu Hsin-Chuan, and his committee are not acting in the interest of the Chinese nation and have no right to speak in the name of the Chinese people.

Legislature Asked for Road Money

In a special report to the Legislature, Governor Williams has suggested that about 19 million dollars be made immediately available for Spring road construction and repair, in accord with the Good Roads program.

He recommended that the additional money be appropriated as follows:

1. About \$9.3 from the general fund to the highway fund, in conformity with the recommendation made in his message to the legislature.

"Because of larger (highway) revenues this year and next, and because the drain on the state highway fund for building ferries and docks at the Straits of Mackinac will not recur in 1951-52," he said, "the immediate appropriation needed from the general fund to initiate the good roads program can be limited to about half the \$18.7 million recommended a year ago."

2. About \$4.1 millions from excess gas tax revenues to the State Highway Department.

3. About \$5.9 millions from excess weight tax revenues, to be distributed to the counties.

The last two items represent money which has been taken into the treasury, and is earmarked for road purposes—but which cannot be expended until it is appropriated by the legislature. By using this money now, the general fund contribution can be reduced by half. Pointing to the condition of the roads, and the probability that "spring thaws may be expected to disintegrate our highway resources still further," the Governor urged that the money be made immediately available, without waiting for the new fiscal year to begin on July 1.

Police School To Open in April

The opening session of the newly established police training school was tentatively set for the first week in April by the police training committee of the Michigan Association of Chiefs of Police at a meeting at State Police headquarters in East Lansing.

The four-week course, will be held on the Michigan State college campus and about 30 trainees will be enrolled. The tuition fee is \$25.00 and the course is open to all municipal departments. It is the first school of its kind to be held in the state.

Chief Richard W. Rogers, of Midland, president of the association, announced that Charles F. Rhodes has been employed by the college as coordinator of the program. Rhodes, a former Detroit police officer who retired after 27 years of service, was head of the department's police academy for 15 years. For 12 years thereafter he was chief of police in Pontiac.

Agencies cooperating with the chiefs' association in the program include the Michigan State Police, Michigan Sheriffs' association, State Board of Control for Vocational Education, State Department of Public Instruction, Federal Bureau of Investigation, Michigan Municipal League and the college.

The curriculum will cover a wide range of subjects associated with law enforcement. Crime prevention and suppression, arrest and court procedure, traffic control, police sciences, civil government and the conduct and attitude of an officer will be among the many topics in which instructions are to be given.

Telephone Almanac Is Now Available

The 1951 edition of the "Telephone Almanac," distributed annually by the Michigan Bell Telephone Company, is available at all of the company's business offices, it was announced today.

The new edition commemorates the 75th anniversary of the telephone which will be observed in March. Its 12 illustrations on the calendar pages depict the most important steps in the development of the telephone during the past three-fourths of a century.

Of the same format as previous issues, the 1951 almanac again contains the popular rebus, an appealing word puzzle enjoyed by all age groups.

Michigan Bell ordered more than 350,000 copies of the fact-filled book which is given out free of charge each year.
