

A sign of spring: One of the local residents called Monday to report that plump robin red breasts were perched in a tree in her yard.

Another donor of records to Maybury Sanatorium is Miss Inez Bryan of South Wing street. The records are used in carrying on the disc jockey program over station WHMS, Maybury's own radio station.

Northville's dapper Mayor Conrad E. Langfield and his bride, the former Miss Hazel McInerney of Detroit, alighted from a plane at Willow Run Airport Tuesday afternoon. The Langfields for the past few months have been sojourning in Honolulu, Hawaii. The Mayor has plenty of "fish stories" to relate to his cronies. It seems he caught a 115 pound marlin and set a record with it.

Men! Have you been "itching" to get rid of several of those four in ones which have been cluttering up your tie rack? Warden Blake Gillies of the Detroit House of Correction is asking for donations of old cravats to be used in occupational therapy classes at DeHoCo Neckties (in any condition) may be left at the Northville Record Office or at the residence of E. J. Willis, 119 Rayson street, who will see that they reach the institution.

Hazel Park Wins Debate Friday

The Northville High school debate squad lost to the Hazel Park team in the state quarter finals Friday evening.

The debate was held in the Northville High school auditorium, and the question debated was, "Resolved that the American people should reject the welfare state." Walter Newton and Andrew Owen upheld the affirmative side of the question and Dora Miller and Maureen Taylor of Hazel Park defended the negative side. Judges were Westley Rowland, director of speech, Alma College; Professor Sletley of the University of Michigan and Paul Richard of Wayne University.

Spelling Winners Named in Novi

The grade spelling winners of the Novi School are busy at work preparing for the Detroit News metropolitan school bee March 16. A great deal of interest has been shown in the bee reports school Superintendent Otto Bjorkland.

Lorraine Darling, eighth grade winner spelled "endeavor" correctly to cop the crown. "Companion" was the lucky word which gave Phyllis Wendland the seventh grade championship. Alma Boyer spelled "doubt" to win the sixth grade title and Olga Fuoco spelled "straight" to win the fifth grade title. Each girl will receive a Webster Collegiate dictionary with her name embossed in gold on the cover.

Couple's Club To Give Three Act Comedy

The Couple's Club of the Presbyterian Church is deep in rehearsals for their forthcoming production of the popular play, "The Late Christopher Bean," a comedy in three acts by Sidney Howard. The production is slated for presentation Friday and Saturday evenings, April 6 and 7 at the church house.

Members of the cast include: Mrs. and Mrs. George Weiss, Mr. and Mrs. Dirk Groeneweg, Mr. and Mrs. Ed. Welch, Mr. and Mrs. Raymond E. Hager and William B. Crump.

Under the able, experienced direction of Robert L. Hart, it promises to be a worthwhile evening's fun for all attending. Earl Gibson is publicity chairman and has charge of tickets.

Defense Authority To Speak Thursday

Gordon Graham, supervisor of safety for the Detroit Public Schools and chairman of the Shelter Committee for the civilian defense program for Detroit, will be the speaker at the next meeting of the Northville Mother's Club, Thursday, March 1 at 8:00 p. m. in the Grade school lunchroom.

The meeting is open to the public and all are urged to be present to hear Mr. Graham's timely message on the atom bomb. His talk will be augmented by a movie, "Tale of Two Cities".

Easter Seal Sale Now in Progress

Northville citizens this week received their packet of Easter Seals in the mail. Edward Angove is chairman of the local drive which is being conducted under the auspices of the Northville Rotary Club and he is being assisted by Chubb Smith and Dr. V. George Chabut.

This is the earliest Easter Seal Sale in 18 years, and it will be conducted from February 25 to March 25. It is always held one month prior to and ending at Easter time. Sponsored by the National Society for Crippled Children and Adults, the Easter Seal sale is appropriate for Easter because it bears with it the thought of hope and resurrection to untold numbers of physically handicapped persons throughout the state and nation.

The largest share of the funds is raised through mail appeals. In Michigan approximately one million and a quarter letters will be sent by the local committee and chapters of the Michigan Society.

In commenting on the Seal Sale, Mr. Emmet Richards, president of the Michigan Society, stated "The general public is well aware of the services that we are providing for those in need. However, there is a difficult task ahead of us. Because of the ever expanding program for the less fortunate, the need for more funds is greater than ever before. Last year the gross returns were \$246,541.33. The goal this year is \$350,000.00.

Percy C. Angove, Executive Director of the Society states that "The Society must continue to expand its projects and programs so that the many services of a varied and technical nature may be afforded the largest possible number. Some of the needs are the continuance of the Society's Occupational Therapy and Craft Service Program for the severely handicapped who are home-bound; help in maintaining the 30 Rheumatic Fever Diagnostic Control Centers throughout the State; the continuance of the clinical programs for cerebral palsied children; the furnishing of special equipment, braces, wheelchairs, crutches, artificial limbs and other appliances, educational supplies, bedside instructions, tuition, boarding care, special transportation to and from schools, clinics and hospitals, physical therapy, special summer camping, nursing care, home recreation and social adjustment".

Alcoholism Is Topic at Exchange Meeting

George Hood, successful Detroit research chemist, spoke to members of the Northville Exchange Club last Wednesday on the topic "Alcoholics Anonymous".

He told the group that alcoholism is a disease, and not an evidence of moral depravity, lack of will power, anti-social leanings or playboy tendencies. A major health problem, alcoholics are treated on an individual basis by workers of Alcoholics Anonymous. What works for one chronic alcoholic will not necessarily cure another, Hood said.

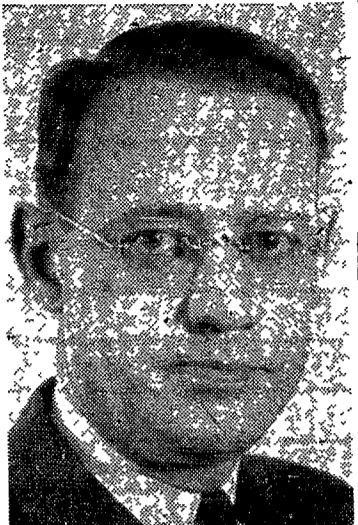

Freedom Foundation Grants Award to Optimist Club

The Northville Optimist Club has been awarded a prize of \$100 and an honor medal by the Freedom Foundation for their outstanding contribution to the American Way of Life. The announcement was made that the Club had placed fourth in the category for community programs by men or women groups at their last regular dinner meeting Wednesday evening.

The citation which the club received is in part as follows: "Please accept this informal but official advice of an award granted to you for your significant work in building a better understanding of the American Way of Life.

Red Cross Drive To Open Thursday

The 1951 Red Cross fund campaign for the Detroit chapter and its 21 Wayne County branches will open with a kick-off luncheon Thursday in the Crystal ballroom of the Hotel Book-Cadillac.

George Locke will again be chairman of the local drive, assisted by Mrs. William Forney. The drive locally will be conducted as in the past, by women volunteers calling on each resident in the Village. At this writing, no quota for Northville has been named.

The campaign will continue through the month of March for a goal of \$408,000 to complete the chapter's quota of \$1,665,000. A total of \$1,257,000 was subscribed for the Red Cross during the "Torch drive" last fall, in which Detroit chapter participated on a limited basis.

Detroit's March drive is part of a nation-wide Red Cross campaign, in which more than 3,700 chapters, covering every city and county in the United States, are participating. The national goal for 1951 is \$85,000,000.

Campaign Chairman Raymond T. Perring spoke on the objectives of the campaign. He said in part:

"When the Torch Fund goal was being determined the Red Cross was operating on a normal peace-time basis. Everyone knows what has happened. Since the invasion of Korea in June, Red Cross budgets have skyrocketed, and naturally Detroit Chapter has been called on for a larger quota. The \$408,000 we are seeking at this time represents the minimum amount we will require to meet our full responsibilities to the community, the nation, and most of all to the men and women in our rapidly expanding Armed Forces.

"Our blood program for the Korean wounded and increasing needs here at home accounts for a large share of the increase. This year our current budget for the Blood Center is on the basis of 60,000 pints and may be raised. This compares with 24,400 pints taken in 1950. It gives us much satisfaction to know that blood collected here for shipment to Korea is actually flowing into the veins of wounded GIs within 6 days. We shall continue to make regular shipments to Korea as long as the need exists. We would never forgive ourselves if any of our boys died over there as a result of our missing a single shipment."

Scouts To Conduct Paper Drive Mar. 3

Troop N-1, Troop N-5 and Senior Post N-1 of the Boy Scouts will conduct a paper drive on Saturday, March 3 beginning at 9:00 a.m. A trailer will be spotted at the Village yard on Cady street by the Fishman Waste Paper Company, Detroit.

Those wishing to bring in any newspapers or magazines from outlying districts may do so on that day and the Scouts will take care of them. A higher price has been offered for magazines so they should be separated from newspapers.

Those residents who will not be home on Saturday are asked to leave their contribution at the curb or where the Scouts can get them. A complete canvas will be made within the corporate limits of the Village and those wishing to phone for a pickup are asked to call the G. E. Miller Sales and Service, 127 Hutton street, phone 890, between the hours of 9:00 a. m. and 5:00 p. m.

An all-out effort will be made to pick-up any and all available papers, but if your house is missed or if you live outside the village limits, the Boy Scouts ask that you phone 890 and they will call for the papers.

"Modern Art" Is Woman's Club Topic

Mrs. F. Donald Sober of Sheldon Road will address members of the Northville Woman's Club Friday-afternoon on the topic, "How to Understand Modern Art."

Mrs. Sober will accompany her talk with slides depicting modern painting and its sources. She will endeavor to convey to her listeners how to look at modern art and how to become educated to it. Modern art is a logical progression of the trend of the times," she states.

A member of the staff of the Wayne University Department of Fine Arts, Mrs. Sober is especially interested in contemporary American paintings.

Auxiliary To Sponsor Girl To Girls' State

The American Legion Auxiliary, Lloyd H. Green Post 147 is completing plans to sponsor a High School girl to Girls' State at Ann Arbor, June 19 through 25.

Mrs. James Green, Girls' State Chairman for the Northville Unit, states that she has obtained the names of the Junior girls from which one girl will be selected by members of the Auxiliary.

The winner will attend the Girls' State at the University of Michigan, Ann Arbor. An annual convocation, Girls' State is "Dedicated to the training and development of girls who show inherent qualities of leadership". Members of the University's staff and counselors will offer instructions, guidance and demonstrations in home economics, household arts and physical education which is intended to stimulate a deep interest in home community life.

Gail Bemish daughter of Mr. and Mrs. Leslie Bemish of North Center street, represented Northville at the 1950 Girls' State. She was elected by members of the Junior Class and was sponsored by the American Legion Ladies Auxiliary.

Sports, Comics Added As Record Features

Beginning with this week's issue of the Northville Record, two new features have been added which the Record hopes its readers will enjoy.

One is a sports column written by Grantland Rice, well known national sports authority. The column may be found on the sports page. The other is a comic strip, "Off Main Street" which we hope will prove popular for both young and old readers alike.

Marimbist

JAMES DUTTON

Assembly Program To Feature Trio

Northville High school pupils at an assembly program Thursday, March 1 will hear the Dutton Concert Trio.

The Dutton trio is composed of two marimba players, James Dutton and Dianne Andrews, augmented by a concert pianist, Harriette French. The tremendously interesting and musically sound possibilities of the marimba are utilized for the first time by this artistic trio. The concert includes unaccompanied marimba duets, piano solos by Miss French as well as the ensemble numbers. The program will cover the works of such masters as Chopin, Bach, Scarlatti, de Falla and contemporary composers who are writing original compositions for the marimba.

James Dutton is head of the marimba department at the American Conservatory of Music in Chicago and he began studying music at the age of three. He has played in recital throughout the United States and has appeared as soloist with prominent symphonies.

Dianne Andrews is recognized as outstanding among women marimbists who have invaded the concert field. She has appeared in more than a hundred concerts in the East and was greeted with enthusiasm by music critics in appearances in Kimball Hall, Chicago, Ill.

Harriette French, who in private life is Mrs. James Dutton, began her musical career at the age of four and progressed rapidly under such teachers as Mattie Anderson, Edwarda Metz and Harold Van Horne. As a marimba accompanist, a highly specialized art, she is unquestionably the finest in the country. As a soloist she is gifted with brilliant technique and musical perception.

Mr. and Mrs. Howard Shipley and Mr. and Mrs. Ray Rorabacher of Plymouth were dinner guests recently at the home of Mr. and Mrs. Albert Stockman of Plymouth avenue.

U-M Astronomer To Speak March 15

The local University of Michigan Alumni Club will join the rest of the alumni clubs throughout the nation in observing the University's birthday in March.

The local group will hold a potluck supper Thursday, March 15 at 6:30 p. m. in the Grade School lunchroom. Charles Yahn, program chairman, will introduce Dr. Leo Goldberg of the University astronomy department who will give a lecture on "The Sun and its Planets." Dr. Goldberg will illustrate his talk with slides.

Miss B. Ione Palmer, president of the local club, has extended an invitation to all those persons who have ever attended the University or who are interested in the University, to be present at the birthday dinner on March 15.

Packers Super Mkt. Opens in Northville

Packers Super Market has moved into the building on East Main street which was formerly occupied by Vel's Superette.

The Packers store is under the able management of Morris Pearl. Mr. Pearl will be remembered as he managed the Wolf Store which was part of the Packers chain for several years. Mr. Pearl has been managing the Packers store in Redford for the past few years.

Mr. Pearl announced that Milton Orr, who was with the Wolf Store and later with Vel's Superette will be retained as manager of the meat department for the Packers store.

DeHoCo Appeals for Old Neckties

Warden Blake Gillies of Detroit House of Correction has made an appeal for old neckties.

Warden Gillies states that they are desperately needed to carry on occupational therapy work. Neckties, all sizes, colors, and shapes will be gratefully received at the home of E. J. Willis, 119 Rayson street, or at the Northville Record Office. They will be passed on to the institution for therapy work with the inmates.

Soprano To Close Concert Series

Genevieve Rowe, coloratura soprano, will be heard in a concert Friday, March 9, at the First Presbyterian Church House. Her concert will bring the series of Community Concerts in Northville to a close. Concert time is 8:15 p. m.

Miss Rowe has appeared as soloist on a score of the nation's favorite radio programs including the Philip Morris show, the Coca Cola hour with Andre Kostelanetz, the Cities Service program, the RCA Victor program, the International Harvest of Stars, Celenese Hour, Consolidated Edison program and with the NBC Symphony in a special Romberg show conducted by the composer.

A tribute to the singer's versatile musicianship occurred when Alfred Wallenstein chose her as one of the leading artists for his memorable Bach cantata series and Mozart opera series over the Mutual network. The Columbia Broadcasting system singled her out to create the role of "Beauty" in the first commissioned radio opera, Vittorio Giannini's "Beauty and the Beast".

Television was quick to discover the finely chiseled features of the comely brunette projected on the screen as well as her voice reproduced through the amplifier, and the number of leading TV shows on which she has appeared as guest star is growing rapidly.

Genevieve Rowe's career is by no means limited to radio. Born in Wooster, Ohio and a graduate of the College of Wooster, she began her professional career by becoming the youngest soprano ever to win the Atwater-Kent contest. From that point on she continued to walk away with the first prize in such national contests as those sponsored by the MacDowell Club, the National Federation of Music Clubs and Sealtest Corporation. Her winning streak led to a fellowship in the Juillard Graduate School of Opera, where she appeared with such stars as Donald Dame and Rise Stevens in the leading coloratura roles in "The Magic Flute" and "The Merry Wives of Windsor."

Her accompanist is none other than her husband, pianist Robert Payson Hill, who has been associated with such prominent artists as James Melton, Rise Stevens, Helen Jepson and Rose Bampton. Genevieve Rowe's outstanding performances in concert, opera and radio have made her a favorite with audiences throughout the land.

Register Today for Blood Bank Drive March 22

At the Red Cross Blood Bank committee meeting Monday evening, Charles Carrington reported to the group that approximately 50 persons have registered to give a pint of blood when the unit visits Northville Thursday, March 22. The mobile blood bank will be at the First Methodist Church from 3 to 8 p. m.

Those persons interested in donating blood are urged to register now at the Forney Coal Office, 116 East Main street, phone 353-J. To be eligible to donate blood, you must be between the ages of 21-60, have not had a major operation in the last nine months or given birth to a child in the same period of time. Those persons between the ages of 18-21 must have the written consent of their parents.

The Red Cross is the only organization which conducts a national blood program. The Detroit regional blood center sends whole blood to Korea, six days after it has been donated. Donors may designate whether it will be sent to Korea or whether it should be used to serve community needs.

The local blood bank drive is being headed locally by Lloyd H. Green Post No. 147, American Legion. Organizations interested in helping to make this drive a success should send a representative to the next committee meeting Monday evening at the Veteran's Memorial Hall at 8:00 p. m.

Northville Downs Racing Dates Set

Racing dates for Northville Downs have been set for June 11 through August 11. The dates were announced Saturday by Fred E. Harris, racing commissioner.

Other dates released were running races: May 25-July 28, Detroit Race Track; August 3-October 6, Hazel Park. Harness racing dates for the Jackson Raceway were May 11-June 9; and August 13 to October 13, Wolverine Raceway.

Northville Downs and the Wolverine Raceway will each have 54 nights of racing, with Jackson being awarded 26 days.

Seniors To Sponsor Auction-Card Party

The Senior Class of the Northville High School is sponsoring an auction and St. Patrick's Day Card Party to be held March 17 at the Veteran's Memorial Hall.

The auction will be held at 1:00 p.m. at the Veteran's Memorial Hall. The class would appreciate any donations of items they may sell at this event. Anyone wishing to contribute is requested to phone 876 after 3:30 p. m. and a senior will pick up the articles at your home.

The card party will be held at 8:00 o'clock the same evening with door prizes and refreshments available. Tickets are obtainable from any senior or at the door.

Proceeds from the activities will be added to the Senior Trip Fund. Chairman for the affair is Mary Ann Karschnick and assisting her as co-chairman, is Charlene Waid. Other members of the committee include: Jim Whipple, Bob Kirkey, Charles Kremkow, Marjorie DeJohn, Delores Bell and Tom Heslip.

Miss Palmer Granted Library Degree

Diplomas will be going into the mails in a few weeks for 1,445 graduates at the University of Michigan who completed requirements for degrees at the end of the fall semester. Miss B. Ione Palmer, Northville High school librarian, will be awarded a Master of Arts in Library Science.

University Secretary Herbert G. Watkins said this year's total compares with 1,584 who received degrees at the end of the fall semester in 1950. The University holds formal commencement exercises only once a year, in June.

Lenten Message

By Rev. E. E. Rossow, Pastor of St. Paul's Lutheran Church

In accordance with time-hallowed custom we observe various seasons during the church year. As we return annually to the anniversaries of great national events and birthdays, so also in the church year. In orderly and systematic manner we devoutly devote ourselves to a re-study of the teachings and doctrines, facts and events of the Scriptures. Now we are observing the season called Lent.

Again we accompany in spirit our Lord over the rugged path that leads from Gethsemane to Golgotha. We meditate particularly on Christ's suffering and its necessity. Six hundred years before the Savior suffered, the Prophet Isaiah spoke of that suffering as an event of the past saying: "He is despised and rejected of men; a man of sorrows, and acquainted with grief; and we hid as it were our faces from Him; He was despised, and we esteemed Him not."

We live in a troubled world. Now there are many problems with which we are confronted time and again. The nations are grappling with "world problems." There's the food problem, the peace problem, the problems of employment and housing, of Capital and Labor. We have also the more personal problems of our sin, our doubts, and our fears. At the bottom of many of our minor problems of every-day life lies the one major problem of our lovelessness. Lovelessness is a world problem, a national problem, a social problem and, a family problem. The Savior knows this is a major problem. He has atoned for our sin of lovelessness and has left us the only perfect example of love. Lent is a season which emphasizes His love for sinful mankind. We miss the point of Lent if we deny the existence of sin and say the latter is merely the product of fanatical imaginations. If that were true Christ's suffering and death would have been wholly vain. For he hath made Him to be sin for us, who knew no sin; that we might be made the righteousness of God in Him." 2 Corinthians 5:21.

It is God's will that all men should be eternally saved. "Who will have all men to be saved, and to come unto the knowledge of the truth." 1 Timothy 2:4. In days of adversity we are not to conclude, "God is dealing harshly with me." God still uses stern measures to draw us closer to Him, to keep us from spiritual death. There's an interesting story that makes plain what we're talking about right here. A bus driver up in the north-west was caught in a blizzard. He had only two passengers with him, a woman and a child. As the storm blew more fiercely, it became apparent that the woman was gradually freezing to death. Every effort to arouse her failed. The driver finally decided on a desperate expedient. He seized the woman and put her off the bus. Then drove off with the child. Naturally, the distressed mother ran after him calling for her kidnapped baby as she ran. And that was just what the bus driver wanted. Her exertions restored the circulation of blood in her limbs, and she was saved from death. When she was sufficiently warm, the driver stopped the bus and waited for her. She was violently angry at first, but gradually began to realize that the driver's seemingly cruel act had in reality saved her life. The point of the story is very plain. God sometimes deals with us in that manner because we don't realize we have drifted close to spiritual death. Isn't it a rich and wholesome fruit of divine chastening when God preserves our immortal souls?

Whatever method God may employ to draw us nearer, let us make use of it. Lent is such a time. You are redeemed by Christ. You may belong to God's family. Take your place among God's redeemed children and you may rejoice evermore, learn to pray without ceasing, and thus find out, by experience, the secret of a happy life here, and enjoy the prospect of perfect happiness in eternity.

"Oh, let Thy sufferings give me pow'r
 To meet the last and darkest hour!
 Thy blood refresh and comfort me;
 Thy bonds and fetters, make me free."

NEWS FROM SALEM

Mrs. Myrion Lyke
 Phone Northville 903J1

Mr. and Mrs. H. Opdycke and Gary were Sunday dinner guests of Mr. and Mrs. Hiram Opdycke in Detroit.

A new barn is nearing completion on the Eddie Porath farm west of Salem. The modern architecture and structure both inside and out of this barn will rival that of any other in the State of Michigan.

Mr. and Mrs. Leo VanBonn were pleasantly surprised Saturday evening by about 36 of their former neighbors. The VanBons recently moved from the Kehrl farm on Seven Mile Road to the Thompson farm on Five Mile Road. They were presented with a lovely gift, and would like to thank their old neighbors and friends for a lovely evening.

Mr. and Mrs. Harold Teeter attended a dinner party at the home of Mr. and Mrs. Homer Clark in Redford Saturday evening. The occasion honored Mr. John Blue, Science Department Head of the Redford High School, who is retiring. Others present were the faculty people and the teachers of the Science Department and their wives.

Mr. and Mrs. Charles Melow of Plymouth spent Saturday evening with the Wm. Merritts.

Mrs. Opal Lyke of Plymouth was a week-end visitor of Mr. George Roberts and Iva.

The Salem Home Extension met Tuesday evening at the home of Mrs. Wm. Clay with 21 members present. Two new members joined. The leaders, Mrs. Glenn Renwick and Mrs. Evelyn Wilson, gave an excellent lesson on seasonal salads, which they prepared as part of the lesson and later served. After a delicious lunch, the meeting closed to meet again in March in the Town Hall.

Mrs. Myra Taylor and Grant Taylor visited friends and relatives in Milford and New Hudson, Thursday.

Mrs. A. B. VanAken, Mrs. Hugh Foreman, Mrs. Vera Whipple and Mrs. James Dickie spent Thursday in Detroit visiting Mrs. Charles Clark (Dorothy Foreman) who is still in the Ford Hospital.

Mr. and Mrs. Myron Atchison were Sunday dinner guests of Mr. and Mrs. Ford Atchison.

Sunday dinner guests of Mr. and Mrs. George Bennett were Mr. and Mrs. Ray Clark and sons of Ypsilanti, Mr. and Mrs. Kenneth Proctor and son, Don of Chelsea, and Mr. and Mrs. Howard Shipley of Plymouth.

Mr. and Mrs. Arthur Wheeler were Sunday dinner guests of their son and family, the C. L. Wheelers of Ypsilanti.

Thursday visitors of Mr. and Mrs. Wm. Merritt were Mr. and Mrs. Isaac Shipley of Fowlerville.

Mr. and Mrs. A. B. VanAken were Wednesday evening dinner guests of Mr. and Mrs. John VanAken.

George Roberts and daughter, Iva were Tuesday dinner guests of Mrs. Opal Lyke in Plymouth and Wednesday dinner guests of Mr. and Mrs. Wm. Merritt.

Mr. and Mrs. Mark Green were Sunday dinner guests of their son, Edmond Green, in Chelsea. Sunday guests and callers in the A. B. VanAken home were

Mr. and Mrs. Merrell Renwick, Mr. and Mrs. John VanAken and Rev. Lucia Stroth. Eliminated through error from the group of children who sang with the Civic Orchestra at the Pottenger Auditorium in Ann Arbor last Wednesday from the Walker School were Curtis Underhill and Danny Voss.

Five years ago an increased millage tax was voted by the Northville School District for the purpose of raising teacher's salaries to help meet the rising cost of living, hire additional teachers in order to reduce the number of students per class, and to provide other needed educational services.

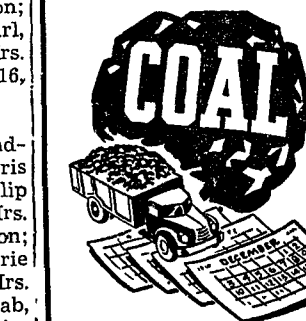

Since authority to levy this tax was granted for a period of only five years, the levy expires this April and can only be renewed by public vote. Mr. Russell Amerman, Superintendent of Education, told us at the Parent-Teachers Association meeting last week that the School Board proposes to ask renewal of the tax at a special election this April. He also informed us that the total school tax, even with renewal of the extra millage voted five years ago, will be lower than last year.

I am writing this letter to say that I think the tax should be renewed, and to express the hope that everybody will support the School Board proposal for continuation of the excess levy when the matter comes to a vote in April.

It is my personal opinion that human beings themselves are the most important parts of the country's complicated apparatus; and who is he that performs a chief role in the development? The teacher. That present teacher's salaries should be as relatively low as they are; that they should be overburdened with pupils, indicates a dangerous downward trend in education. Now, more than ever, our public school system needs to broaden and grow. Our support of the School Board's proposal in the coming election will help that growth.

Sincerely yours,
 HAROLD S. HARTLEY.

The mass meeting held last week to consider the Edison Electric Company's proposition was fairly well attended, but the proposition to furnish juice to Northville and Northville people did not seem to create any favorable impression with the council or the citizens. Supt. Wilkinson figures that it would cost the village upwards of \$600 or more to light the streets and that 75 percent of Northville would have to pay more for lighting their homes than at present. The Edison people would probably be willing to pay \$40,000 for the Northville plant.

MSC To Operate On 12 Month Basis

Michigan State College has stepped up its educational program to offer instruction on a 12-month basis in response to urgent requests by the U. S. Department of Defense.

The accelerated program will enable a student to qualify for a bachelor's degree in three calendar years instead of four.

The speed-up will begin this summer when a full 12-week summer quarter will be held June 18 to Aug. 31, according to Dean Stanley E. Crowe, summer school director. An additional six-week course will run from June 18 to July 27, he said.

Objective of defense officials is to make college graduates available a year earlier for service in the military forces or in defense industries.

"Despite the difficulties involved in operating 12 months a year, no other course was open to Michigan State College as a land-grant university supported in the main with public funds," Pres. John A. Hannah commented.

Implementing this policy, the number of students authorized to take ROTC is being increased, and both Army and Air Force ROTC units will provide summer military instruction.

Pres. Hannah pointed out that defense officials intend to call upon ROTC programs for most of the trained officers needed by the Army, Navy, and Air Force.

Beyond that, he said, it has been agreed to change selective service policies which have deferred men enrolled in college from the draft only between September and the end of the normal college year in June. In order to support the acceleration program in cooperating colleges, selective service is planning to defer men enrolled in college for a college year, no matter when they entered.

A freshman, then, who enrolls in June will be able to finish a full year's work. He will not be eligible for the draft during the summer months, as he would have been under the old rules.

Pres. Hannah said he interpreted the plan of the defense department to furlough 75,000 promising young men from the armed forces and send them back to college as a strong endorsement of the value to the nation of college education for men in all fields of study, not just in the scientific and "practical" courses.

"GIVE ME THIS '51 DODGE

for long life...dependability"

"I've driven Dodge cars for years...know from experience that you just can't beat a Dodge for DEPENDABILITY"

—Says Don B. Alford, Chicago, Ill.

Here's why Dodge delivers more miles per dollar

EVERYTHING about this great new '51 Dodge—the way it looks, feels, rides and handles—tells you that here's a car that's built to last. It's a car that's stunning to look at, with plenty of head, leg and shoulder room—a car engineered from bumper to bumper to last longer, go farther at lower cost.

Shock Absorbers not only give you a truly new kind of ride—but the resulting smoothness and freedom from wheel "hop" and "bounce" mean less car wear, prolong car life. Famous Dodge Fluid Drive, with its smoother starts and stops, "cushions" all moving parts from engine to rear wheels—adds to car life, saves tires, lowers costs.

The '51 Dependable DODGE

See how you could pay \$1,000 more for a car and still not get all the extra room and rugged dependability of this new '51 Dodge.

Christian Science Churches
"Christ Jesus" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday,

March 4.

The Golden Text (I John 4:9) is: "In this was manifested the love of God toward us, because that God sent his only begotten Son into the world, that we might live through him."

Among the Bible citations is this passage, (John 14:12): "Verily, verily I say unto you, He that believeth on me, the works that I do shall he do also; and greater than these shall he do; because I go unto my Father."

Astonishing Results Produced by New Arthritis Treatment

NEW YORK, N. Y.—A new blood plasma treatment for arthritis victims is reported to be producing astonishing results.

A group of patients crippled by rheumatoid arthritis for several years have been restored to normal, buoyant life following the administration of plasma taken from mothers 48 hours after childbirth, it was reported.

The group, seven women and one man, told a tale of suffering for years, many of them spent in wheel chairs or lying helpless in bed. Then they demonstrated their recovery by a series of calisthenics, including rope jumping.

The plasma method, which in many respects yields results even more striking than those obtained by cortisone and ACTH, was originated by Dr. Louis W. Granier, associate physician in charge of the arthritis clinic at the Queens general hospital, Jamaica, N. Y.

The most remarkable effect of the plasma, Dr. Granier reported, is its apparent long lasting effect. Whereas the effect of cortisone and ACTH wears off generally in a few days or weeks, the effect of plasma has so far appeared to last for as long as 24 months without recurrence of the disease.

The plasma also appears to have other important advantages over cortisone and ACTH. One is the availability of the plasma in large amounts as compared with the two hormones, which are still relatively scarce and therefore expensive. The other advantage lies in the fact that the patient does not have to be hospitalized.

Another advantage, is the complete absence of any kind of side effects, such as sometimes result from the prolonged use of cortisone and ACTH.

State Now Checking Shoe Machines

All fluoroscopic shoe-fitting machines in Michigan are now being checked by Industrial Health Engineers of the Michigan Department of Health to make sure that they meet proper standards to protect the customer and store employee from the danger of overexposure to x-rays.

Indiscriminate and too frequent use of any x-ray shoe-fitting machine is dangerous. Overexposure to x-rays can cause radiation burns, anemia, leukemia, and chronic radiation poisoning, the Department said. Overexposure to x-rays is particularly serious in children.

No individual should have more than 12 fluoroscopic shoe-fittings in any year and each exposure should be limited to five seconds.

Investigating the hazards of shoe-fitting machines in the state, Industrial Health Engineers have found some older type, improperly shielded machines in operation which actually continually leaked x-rays endangering the employee and customer alike. They found others which used as much as six times the allowable exposure time.

About 300 or approximately half the shoe-fitting machines in the state have recently been checked. Others will be checked as soon as possible. When a machine is in satisfactory operating condition, an acceptance card is placed on it. This means only that the machine is non-hazardous at the time of inspection, when used by a customer no more than 12 times a year. It is the customer's responsibility to make sure that his x-ray shoe-fittings do not exceed 12 in any one year.

To protect both employees and customers, owners of any of the older type of machines which have not been checked by Industrial Health Engineers should request this service from the Michigan Department of Health, Lansing 4, Michigan.

Storing Liquefied Gases

The rapid strides that have been made in low temperature processing and the growing interest in bulk storage of liquefied gases resulted in an increased use of the straight nickel steels during the early part of 1950.

MICHIGAN MIRROR

NON-PARTISAN NEWS LETTER

Gov. Williams who has been waiting since Jan. 5 for administration bills in the legislature perhaps has made his move. Aides reported nothing had been done on the financial problem or the mental hospital situation. "Soon we (Democrats) will start dumping in our own bills," they said.

Suddenly the long-awaited four percent corporations tax bill came out of the brush. It was introduced by Rep. Walter N. Hill of Muskegon; yes, he is a Democrat.

However some bi-partisan legislation has been introduced. A fair employment practices bill has come in and the proposed amendment for annual sessions will be on the ballot April 2. The administration favors both of these moves.

But the governor now is wrapped up in long range civil defense. He is sharply interested in the St. Lawrence river seaway. The U. S. might be forced in case of all-out war to use Labrador and South American iron ore. Without a seaway this supply would be unavailable to Michigan except at great expense.

Destruction of the Sault locks would cut the state's vital industries off from their raw materials. The Mesabi range still is producing - but complete war might exhaust this reservoir. Any of these things could cause industry to move east.

A civil defense production council has met and agreed on a survey of existing facilities in Michigan for war and defense contracts. Also it recommends a Michigan office in Washington to keep state manufacturers informed of defense needs. The sum of \$58,000 will be needed to complete this fiscal year program.

The governor told the council he would work on the plan on his next Washington trip.

He promised also to investigate possible federal funds for the proposed Mackinac bridge. A plan has been submitted by the Mackinac Bridge Authority

which is considered feasible financially and structurally. Another report will be made in May.

Abolition of the Michigan Unemployment Compensation Commission has been recommended by its own commission chairman. Tom Downs says the agency should be put under one head; that "the four-man commission occupies itself with too much administrative details and ignores policy-making." The change would put the agency under more direct control of the governor.

In addition to the question of annual sessions (instead of one regular session with the governor calling special sessions) Michigan voters will decide on two other amendments at election time. These would provide: A \$500 death benefit to heirs of servicemen killed in the Korean war and \$3,000 pay raises for the six state supreme court judges.

Sen. Charles R. Fenestra (R-Grand Rapids) has sponsored a bill making it a misdemeanor to hire a migrant worker who has not a health certificate stating the laborer is free from tuberculosis.

Barring total war, there will be gasoline apenty next summer, according to oil company heads. They predict ration-free fuel of the same octane as now being marketed.

Meanwhile the state highway department - now spread all over Lansing - looks to an increased gasoline tax to boost dwindling road repair funds.

The fire which drove 18 bureaus and agencies out of the rabbit warren of the state office building is all but forgotten - except by the legislature and the state employees who now are located in 60 sites in Lansing - some even in quonset huts at Michigan State College. State offices in private buildings at Lansing now cost taxpayers \$300,000 a year rentals.

News from Novi

By Mrs. L. Rix

The Novi school spelling bee was held last Friday. The following are champions: Fifth Grade, Olga Fuoco; Sixth Grade, Ruth Boyer; Seventh Grade, Phyllis Wendland and the Eighth Grade, Loraine Darling.

Mrs. Russell Button has been substituting for Mrs. Bentley, who is ill as first grade teacher in Novi school.

Last Friday, William Blackwell was visited by his friends and relatives. They were: Mrs. Blanche Lee Lone and daughter and Mrs. Plauson and daughter of Lincoln Park.

Mrs. Armend Johns of Detroit called Saturday at the Novi Convalescent Home to see her aunt, Mrs. Helen Stuart. Mrs. Stuart's husband, Ray, of Detroit also was a caller.

Mrs. Edith Rescome spent the

week-end with her son and daughter in Farmington, where on Sunday seventeen relatives and friends were present to help Mrs. Rescome celebrate her 70th birthday.

Saturday evening Mrs. Anna Varian had the pleasure of the company of her great grandchildren. Mr. and Mrs. David Blagg of Cincinnati, Ohio. On Friday, Mrs. Albert L. Licau of Dearborn called on her mother, Mrs. Varian.

Mr. and Mrs. Dewey Mosher of Toronto, Canada spent Sunday with the former's mother, Mrs. Carrie Gehringer.

Mr. and Mrs. Sidney Wood, called Friday and also on Sunday at the Convalescent Home to visit Mr. Wood's mother, Mrs. Maude Kropp. Another visitor at the Home was Mrs. Sacks of Detroit who came to visit Mrs. Rosa Mayfield.

Mr. and Mrs. Robert Driscoll are the parents of a son, born Saturday, February 24 at Pontiac Hospital.

Mrs. David O'Leary of Detroit entertained her mother, Mrs. Luther Rix on her birthday last Friday by taking her to a movie and to luncheon in Detroit. That evening the Ed Rixes of Plymouth were present for the birthday dinner.

Bobby Taylor celebrated his sixth birthday last Saturday afternoon with a party of little

friends and cousins. Guests were: Patty Matheson, Joy Geng, Judy LaFond, Marian Slentz, Lyle Johnston, Noel and Susie F'Gepert and Bobby's brother, Russell.

Mrs. Fran Jennings spent last Thursday and Friday with her sister, Mrs. George Scott in Lansing.

Mr. and Mrs. Clare Lockwood were the Sunday dinner guests of their daughter's family, the Ray Walters at Union Lake.

Mr. and Mrs. Andy Kozak and daughter are having a month's vacation with the latter's relatives at Champaign, Illinois.

Mr. and Mrs. Charles Perry called on their friend, Mrs. Elza Simmons who is ill at her home in Plymouth, Saturday.

Last Monday the Novi Cub Scouts went to the Shrine Circus. They were accompanied by five den mothers, five Boy Scout leaders and the Safety Patrol boys.

Mrs. Henrietta Hicks of Detroit spent four days of last week with her daughter, Mrs. Russell Taylor. She also visited her daughter, Mrs. Erwin F'Gepert.

For over an hour the vicinity of Novi was without electricity, due to a fallen wire Monday afternoon.

our adopted brother at the Odd

Fellow and Rebekah Home in Jackson, is Saturday, March 3. He would appreciate cards or calls from the Novi brothers and sisters.

At our regular meeting on February 22, the highlight of the evening was a program honoring our 28th anniversary. The origin of Rebekah Odd-Fellowship was portrayed by the following sisters: May Atkinson, Elva Bean, Doris Darling, Dorothy Snow, Thelma Cheeseman, Grace Frisbie, Marge Marshal, Elsie Eno, Kathryn Bachert, Clara Putnam and Nesbie Button. Sue Watson and Irene Staman prepared the program. A lunch and social hour completed the evening.

William Spear, William Less-wand and Glen Schenimann became members of Lakeside Lodge No. 487 at Novi, at final initiation ceremonies Monday evening.

Make your kitchen safer by keeping knives and other cutting tools out of the reach of children, say Michigan State College farm safety specialists. Carelessness causes many accidents with sharp tools.

Intramural Cagers Extend Season

Recreation basketball will continue through March on Wednesday and Thursday evenings at the high school, according to Wilson Funk, Northville Recreation director.

Intra-mural playoffs will begin next week, with each grade playing all other grades, and the eventual winner taking the floor against a team made up of high school teachers. This series proved very popular last year. Games will be played from 7 to 9 p. m. The grade teams exclude cagers who played on the varsity or reserve basketball teams. Colt coach Al Jones will be instructor for the program.

The series has the approval of Principal Elroy Ellison, Athletic Director Harry B. Smith and the Recreation Committee.

Jeff picked up this crown in his 11th professional fight, an astonishing performance when you figure the deep value of experience in boxing. But Jim Jeffries was probably the finest athlete that ever won and held the title. He was over 6 feet tall and he weighed around 212 pounds at his best fighting weight. But he could run the 100 in 19 seconds and he could high jump close to 6 feet.

There are many who still think that the Jeffries of 1903 was the greatest heavyweight of them all. His unfortunate return to the ring, fat, partly bald and out of condition, removed part of his earlier greatness, just as Joe Louis is slowly shaking off his earlier fame by his later performances.

Jeffries, like Dempsey, can't see the present crop of fighters. "They are not willing to train or learn," he said. "They don't know what hard work means—I mean such things as five or ten miles on the road every day, long before a fight. Jim Corbett trained and worked over eight hours a day, before he fought me at Coney Island. Few of these fellows today get in the shape needed to make a fighter."

I saw Jeffries work out around 1903. At that time there was no other fighter in the world close enough to make a contest. He was big, fast, strong—a high class boxer and a hard puncher. But above all you couldn't stop him with an ax. He was far improved over his showing with Sharkey and his first fight with Corbett. Gentleman Jim told me years ago in their second meeting that Jeffries was the better boxer.

The old fellow still has Jeffries' Barn with its amateur fights, its wrestling and its training center at Burbank. But it's a far call to his Fitzsimmons fight in 1899. A trifle better than half a century. And that's a long time in the fight game. Ask any fighter.

There are still more ex-heavyweight champions left than ex-presidents. For one thing boxers get started in their 20's. Presidents are usually 50 or 60. It takes longer to make a President than it does a champion.

The list today from ex-champions shows Jim Jeffries, Tommy Burns, Jess Willard, Jack Dempsey, Gene Tunney, Jack Sharkey, Max Schmeling, Primo Carnera, Max Baer, Jim Braddock and Joe Louis.

This makes a total of 11 survivors. Since the reign of John Lawrence Sullivan which lasted until 1892, only Jim Corbett, Bob Fitzsimmons and Jack Johnson have passed from this hectic earthy show. All together, including John L. Sullivan, there have been 16 heavyweight champions of the world. Ezzard Charles is the last on the list.

Who is the best of the lot? Suppose we arrange them in order—Jack Dempsey must be set on top as the best offensive fighter of them all.

Jack Johnson heads the list as the greatest defensive ringman. Jim Corbett was all odds the best boxer.

Gene Tunney was the best trained. Jeffries and Dempsey were the hardest to hurt.

Both Fitzsimmons and Louis were a strong mixture of good boxing and hard hitting. Jim Braddock rated high in the matter of ring courage. You can't say too much about the others. Max Baer could have been a great champion if he had liked his game. Max didn't. These sixteen champions form a strange human medley. They take in all the better-known types. None of them are alike. But that is what makes the sport interesting.

The Lemon Grove Baseball's best pitcher over the last three years is now working his system into shape swinging at a golf ball and traveling many miles a day over various Los Angeles courses. You may recall the fact that Lemon is baseball's only big league pitcher able to win 20 or more games the last three seasons. Lemon blew himself to 23 games last season but with any luck he might easily have reached 30.

Jeff and Dempsey Agree

THE FAR-AWAY PAST moves up with today in laying down a heavy barrage on the boxing game of 1900 and 1901.

Jack Dempsey, among others, has been outspoken in his criticism. There is another old-timer out here at Burbank who was a pretty fair

heavyweight in his day and time. He is now 76 years old and he has already beaten one tough rap from being paralyzed. His name is James J. Jeffries, and he won the heavyweight championship from Bob Fitzsimmons just 52 years ago.

Grantland Rice

Jeff picked up this crown in his 11th professional fight, an astonishing performance when you figure the deep value of experience in boxing. But Jim Jeffries was probably the finest athlete that ever won and held the title. He was over 6 feet tall and he weighed around 212 pounds at his best fighting weight.
