

Members of the Northville Optimist Club were entertained Wednesday evening with a talk by Mayor Conrad E. Langfield on highlights of his recent trip to Hawaii. Optimist President James Littell was presented with a shirt from the President of the Los Angeles Optimist Club. The Mayor also presented the members with souvenirs of his recent trip.

Northville is lagging in securing enough blood donors for the blood mobile unit which will be in the Village March 22. It is hoped that at least 200 pints of blood can be secured. To date, about 70 persons have volunteered to give a pint of blood. Won't you sign up today at either the Carrington Agency or at the Forney Coal Office?

Last week one of our fair citizens reported seeing plump, robin redbreasts perched on her lawn. Monday we had a phone call from another Villager who reports two purple crocuses in full bloom. In spite of the scores of flu cases reported in the Village, spring is on its way.

And speaking of spring, one of the oldtimers tells me that there was 31 inches of frost in ground. The balmy, week-end weather brought the frost out of the ground to such a degree that many side roads were so mushy and rutted making it necessary for citizens to leave their cars parked on the main thoroughfare and "wade in" to their homes. Heard one fellow remark that marching in the army wasn't half as bad as marching through the terrain to his home.

Another donor of records for the Maybury Sanatorium disc jockey program is George Castiel of Rayson street. Conrad Packnitz, rehabilitation worker and disc jockey, states that many more still are needed to keep the program over station WHMS going. Anyone wishing to contribute same is asked to leave them at the Record office.

E. J. Willis took over 300 neckties and many pairs of gaily colored socks to the Detroit House of Correction Friday afternoon. Donors were Ellisworth Steward, George Milne, Mrs. William Green, Mrs. Starr Bray, Elmer DeKay and Mrs. Verne McCarty. Warden A. Blake Gallies stated that the materials are used in the occupational therapy department where inmates make rugs and drapes.

Many more socks and neckties, in any color, shape, or condition, are needed to carry on the program. Won't you check your closet and dresser and then leave your bundle at the Northville Record office or at the home of E. J. Willis, 119 Rayson street.

## Samuel Pickard Succumbs Sunday

Samuel Smith Pickard, founder of the Farmers Market and for 36 years a resident of the Village, died March 4 at Sessions Hospital. He was 73 years of age.

Funeral services were conducted from the Schrader Funeral Home Tuesday afternoon with Rev. Lucia Stroh of The Salem Congregational Church officiating. Interment was in Rural Hill Cemetery.

Mr. Pickard was born April 6, 1877 to John and Alice Pickard in Leeds, England. Many years ago, he opened the Farmers Meat Market on North Center Street in the building that was known as the old Northville Opera House. The building was torn down last spring.

Surviving are his wife, Mary Jane Waller Pickard of Eaton Drive; two sons, Ralph of Northville and William of South Lyon, and three daughters, Mrs. Mary E. Barnes of Grand Blanc, Mrs. Alice E. Taggart of South Lyon and Mrs. Margaret Hollis of the Village. Also surviving are one sister, Mrs. Fred Gordon of Vancouver, British Columbia, 15 grandchildren and 16 great-grandchildren.

## Carrington Appeals for Blood Donors

A plea for volunteer blood donors was made by Chairman Charles Carrington at the committee meeting Monday evening at the Veterans' Memorial Hall. Speaking to the steering committee which is planning Northville's blood bank Thursday, March 22, Chairman Carrington appealed to the workers to solicit donors as the drive is lagging.

Volunteers are urged to register today either at the Forney Coal Office, East Main street, or at the Carrington Agency on North Center Street. Citizens thinking of donating blood can be assured there will be no pain involved as a skin anaesthetic will be used for the venal puncture. Doctors will be on hand to make an examination prior to the giving of blood. The unit will be at the Methodist Church House from 3:00 to 8:00 p. m.

Citizens between the ages of 21-60 are eligible to donate blood. Those between the ages of 18-21 may do so with the written consent of their parents. Anyone who has undergone major surgery in the last nine months or who has had a baby in the same period of time is ineligible to donate a pint of blood.

Chairman Carrington stated that this is Northville's opportunity to take part in the national blood program. He and members of his committee this week will contact the local factories and ask them to send volunteers to the blood bank.

A person giving a pint of blood may designate whether it will be used for emergency accidents here or whether it will be sent to the armed forces. Northville's supply has been depleted and the steering committee is anxious to get some of the blood designated for home use. Whole blood now reaches the fighting lines in Korea six days after it has been donated here. Plan to volunteer now to give a pint of blood!

## Ten Handicapped Villagers Benefit From Seal Drive

Easter Seal chairman, Edward F. Angove and his co-chairmen made one of the year's largest mailings, this week, when they posted over 3000 appeal letters to local residents of Northville, for funds to aid crippled children.

A goal of \$22,000 is hoped to be raised by the Wayne Out-county chapter of the Michigan Society for Crippled Children and Adults, to enable them to carry on their direct services to the cripples throughout your community.

Northville has 10 cases of handicapped individuals registered with the local agency consisting of Orthopedic, Rheumatic Fever, Cardiac and Cerebral Palsy.

**Finances Home Teaching**  
Throughout the year the chapter has assumed the responsibility of arranging for and financing, in part, the home teaching of handicapped children unable to attend the regular schools. There are no schools of Special Education in the Wayne Out-county area. The nearest schools for the education of handicapped children are in Dearborn, Detroit, Wyandotte and Ypsilanti.

Some of the direct services of your chapter are transportation to treatment centers, clinics and brace shops, physical occupational speech and hearing therapy treatments.

## Soprano

GENEVIEVE ROWE

## Genevieve Rowe To Give Concert

Genevieve Rowe, soprano, will be heard in the last of the Community Concerts Friday evening, March 9 at the Presbyterian Church, beginning at 8:15 p. m. Miss Rowe's voice is familiar to many music lovers as she has been heard on radio programs many times. Her career is by no means limited to the airwaves. In addition to radio operas and workshop productions of Juilliard School of Music, she sang under Emil Cooper's direction in the Montreal Opera's production of Mozart's "The Abduction from the Seraglio". Equally at home in concert and oratorio, she is remembered by New Yorkers for her recent solo performance in Handel's "Israel in Egypt" with the Little Orchestra Society under Thomas Scherman and in Bach's B minor with the Westchester Philharmonic Society under William Johnson.

An established recitalist as well, Miss Rowe has been heard in five New York recitals at the Town Hall and for several seasons on tour throughout the country. As the soprano of the Columbia Grand Opera Quartet with mezzo-soprano Helen Olheim, tenor Louis Roney and baritone Arthur Kent, Miss Rowe has brought the thrill of opera melodies to music lovers in as many as 60 cities in the United States and Canada during the course of a single season's sold-out tour, while at the same time filling radio and orchestral engagements and touring in solo recital.

Miss Rowe is married to Albert Payson Hill, prominent pianist, teacher and accompanist. When they are not off on tour, their New York studio is a house of activity—the favorite working or relaxing haunt of many of the greats of the music world and the starting point for many future greats.

## Ten Handicapped Villagers Benefit From Seal Drive

work that is not duplicated by any other agency. It is all work designed to make dependent crippled children into independent adults and to give crippled adults a chance to at least help themselves instead of being public charges.

**2 Cerebral Palsy Clinics Held**  
The past five years your chapter, affiliated with, and sponsored by the Michigan Society for Crippled Children holds two Cerebral Palsy clinics: The Detroit Orthopedic clinic, Winthrop M. Phelps, M.D., consultant from Baltimore, Maryland, and The Horace Rackham School of Special Education, in Ypsilanti, Meyer A. Perlstein, M.D., consultant from Chicago, Illinois.

Funds raised by the local, Easter Seal campaign are the chief means of support for the services of the Wayne Out-county chapter for the crippled children and adults of your community.

"It is hoped this year that the Easter Seal message will be carried to more homes than ever before, thus arousing support from a greater number of our local citizens," said Mr. Angove. There are more crippled children every year and the services to help overcome their handicaps are more expensive just as everything else is. We hope to have larger funds to maintain present services and extend more needed assistance to cripples.

## Alumni To Celebrate U of M Birthday

The local University of Michigan alumni club will hold a potluck supper Thursday, March 15, at 6:30 p. m. at the Grade school to commemorate the founding of the University. Dr. Leo Goldberg, chairman of the University astronomy department, will be the guest speaker. He will give an illustrated talk on the "Sun and Its Planets."

Dr. Goldberg holds his Bachelor's, Master's and Doctor's degrees from Harvard University. He was a research fellow and instructor at the Harvard observatory from 1934-1941, and then came to the University where for a time he was an assistant and research physicist at the McMath-Hulbert Observatory, later becoming director of the U of M observatory in 1946.

He was assistant editor of the well-known magazine of astronomy, "The Telescope" from 1937-1941, and collaborating editor of "The Astrophysical Journal". In connection with bomb sight production, he was consultant to the Ordnance Bureau of the U. S. Navy. Dr. Goldberg is a member of the American Astronomical Society, International Astronomical Union and the American Association for Advancement of Science.

Alumni Club president, Miss B. Ione Palmer has extended an invitation to all interested persons to attend the potluck dinner and meeting to follow.

## Merriam To Judge Bird House Contest

The public is invited to attend the annual bird house contest Monday, March 12. Sponsored by the Northville branch of the Woman's National Farm and Garden Association, the bird houses will be on display Monday afternoon in the Grade school lunchroom.

The judging and the awarding of the prizes will be done Monday morning by R. D. Merriam of Beck Road, stated contest chairman, Mrs. Orson Atchinson. The bird houses are being built by Northville Junior and Senior high school boys under the direction of manual arts teacher, Robert Meneses. They have been built following the specifications as drawn up for the Detroit News contest. Following the exhibit Monday afternoon, the bird houses may be purchased from the boys.

## Council Approves Auditing of Books

The Village Council met in regular session Monday evening. They voted to have the firm of Ierman, Johnson and Hoffman of Ann Arbor audit the Village books for the fiscal year ending February 28, 1951.

Clerk Mary Alexander was instructed to have Elmer DeKay Electric Company hook up the civilian defense warning signals as soon as possible. Attorney James Littell was instructed to prepare advertisements for bids for a new police car and for 600 feet of two and one-half inch fire hose.

The Commission voted to contribute \$165 towards the Christmas street decorations. They heard the monthly reports from the Police, Fire, Health and Superintendent of Streets and voted that bills be allowed paid. No further business, appearing, the meeting was adjourned.

## Church Group Plans Entertaining Play

"The Late Christopher Bean" is coming to life as the Couples Club of the First Presbyterian Church prepare the play for presentation to the people of the Northville community on April 5 and 6.

The players are under the able direction of Robert Hart and the rehearsals are pointing toward a pleasant evening for all who see this enjoyable comedy. Tickets are available by contacting any member of the Couples Club.

## BPW Club Marks 3rd Anniversary

Mrs. Marcella Douglas, BPW president, is shown cutting the birthday cake, commemorating the club's third anniversary.

## Activities and Achievements Related at BPW Celebration

The Northville Business and Professional Women's Club celebrated their third anniversary February 26 by reviewing their past achievements, discussing their present activities and looking forward to the fulfillment of their future aims which are in keeping with the National Federation's aims and purposes.

While cutting the birthday cake which was graciously donated by BPW member, Mrs. Ruth Black, Mrs. Marcella Douglas, president, stressed the need for a spirit of cooperation among the business and professional women which is foremost among the National Federation's aims. Mrs. Douglas glanced back over the club's activities for the past three years and noted its valuable contribution to community life by inaugurating and sponsoring the community concerts for two of these years.

**Performs Community Service**  
Held at the Wayne County Training School, the Community Concerts afforded the citizens an opportunity to hear the Don Cossack Chorus; Camilla Williams, soprano; George London, bass-baritone, and several other well known artists. Through the generous gifts of the Ford Motor Car Company and the Northville Driving Club, the Northville High

school choir and the children of the Wayne County Training School were able to attend the concert.

A variety of able speakers were heard by the members at their regular meetings - - to mention a few, the late Dr. Bruce Douglas, then Detroit Health Commissioner; Anne Campbell, Detroit News poetess; Dr. Marie Rasey of the Wayne University Department of Psychology; and Dr. Leroy Dakin who spoke of the UNESCO. At the latter meeting, the BPW members contributed \$97.00 to CARE helping to raise the \$500 that the Michigan Federation donated in books for the London University Library.

**BPW Promotes Understanding**  
So that the BPW club members might have a greater understanding of the Village and give it better cooperation and service, Mayor Conrad E. Langfield, Village Police Chief Joseph Denton and Health Officer Dr. V. George Chabot talked at the program devoted to public relations and each man cited the functions relating to his office.

To the legislation meeting, the chairman brought to the members' attention issues that were pending in the forthcoming election. Each member heard the message on the privileges of being able to vote. The Club also had the privilege of seeing the movie, "Land of the Free" which explained the principles of democracy and how it works in society. This was made possible through the efforts of the local Optimist Club.

**Club Largest in District**  
The BPW members are intent on uniting with the State Federation to raise their share of the \$20,000 goal set for the cancer revolving fund, so that no member need suffer for lack of money. A benefit card party last month netted \$190.00 which was turned over to the state cancer fund.

The Northville BPW Club is the largest in its district and the fourth largest in the state. Its membership consists of one or more of most all the businesses and professions—doctors, nurses, teachers, shop owners, beauticians, salesgirls, clerks, office workers—who have banded together with a common interest "to extend opportunities to business and professional women through education along lines of industrial, scientific and vocational activities."

Looking towards the future, the Northville Business and Professional Women's Club hopes to do their share to carry out the National Federation's aim to "elevate the standards for women in business and the professions."

## Schools Ask for Six Mills; No Increase In Taxes Seen

Do you know that the eight mills you voted in 1948 to help the Northville schools will expire this year?

This millage was voted to cover a period of five years, 1946-1950, for the improvement of the Northville schools.

The Board of Education has improved the school system:

(1) By adding nine more teachers to the staff, thereby lowering the teacher-pupil ratio, in spite of rapidly growing school population.

(2) By obtaining well-qualified teachers and by retaining the teachers on the staff whom it felt were most beneficial to the school system. This has been made possible by raising the salary schedule to compare favorably with those schedules of the systems in the surrounding communities.

(3) By doubling the size of the maintenance staff, thus making it possible for the buildings to be redecorated and to have good daily care. The lighting and heating plants have been modernized.

(4) By adding a full-time librarian to the system; installing a well-equipped science laboratory; enlarging the audio-visual aids department with the addition of a movie projector, a strip-film projector, and a film library.

(5) By making Driver Training classes a regular part of the school curriculum.

In order that the above mentioned projects might be carried out, the Board of Education levied no greater millage than it deemed necessary. By so doing, it has kept faith with the taxpayers of the community.

This proposed 6-mill levy does not mean an increase in the present tax. It is actually a continuation of the present 8-mill levy with a decrease of two mills. If this millage should not be continued, the school system would have to operate on a deficiency budget.

Look in next week's Northville Record for further details concerning this millage problem.

## Scouts To Observe 39th Anniversary

Thirty-nine years of Girl Scouting will be observed this week in the village when over 200 local girls will join with a million other girls to pay tribute to Juliette Low, the founder of the Girl Scout organization in the United States.

Sunday, March 11, the Northville Scouts and Brownies in a body will attend the St. Paul's Lutheran Church. Rev. E. E. Rossow will welcome the group at the regular worship service at 10:00 a. m. The girls will assemble in the church house at 9:45 in readiness for the service.

Each Scout in Northville is also participating in the birthday celebration by contributing a penny for each year of their life to the Juliette Low International Friendship Fund which supports a World Youth Organization. This is just one of the many contributions Scouting has made to its Country's welfare. Scouts from the United States visit other groups in other parts of the world and in turn help girls come to the States to exchange ideas and foster good will. It is a necessary and important phase of Scouting and a fitting tribute to the founder, Juliette Low.

In each of the 13 troops during this week, the girls together with their leaders, will celebrate this birthday with a fitting ceremony when their pennies are collected for their International Friendship Fund. They will be listening too when Jack Benny honors the Girl Scouts on his March 11 program on the CBS Network.

It is gratifying to know that the 13 Scout troops, together with some 30 leaders and co-leaders and about 65 mothers who serve on troop committees participate in such an active program as our Northville Scouts are now engaged in.

It is equally gratifying to have sponsoring organizations who through their interest and support encourage and promote the growth of Scouting.

## Name Co-Chairmen for PTA Carnival

Announcement was made this week that plans are underway for the annual PTA Carnival, April 20. The extravaganza will be staged in both the Northville Grade and High School.

Russell H. Amerman, Mrs. Eldon Biery and Donald B. Severance have been named to the steering committee. They stated that the proceeds from the benefit will go towards the PTA scholarship, Milk Fund, and for other school improvements.

Dancing, a gala midway complete with hawkers, tea room, and plenty of refreshments have already been planned for the carnival. A complete list of the working committees will be announced in a later issue of the Record.

## Village Leases Lot for Parking Space

The Village has made arrangements with Ralph Pickard to fill in the lot on the corner of North Center and Dunlap streets and use it as a public parking lot.

Mr. Pickard has given the Village a two year lease on the space which it is believed will be large enough to park 20 cars. The lot formerly contained the Northville Opera House and for many years the Farmers Market. Manning and Locklin Gravel Pit has donated the fill dirt and this week Bud Hartner and his crew were busy filling and leveling the area.

## Lenten Message - -

Rev. Walter Ballagh, Pastor of Northville Baptist Church

"Now when the centurion, and they that were with him, watching Jesus, saw the earthquake, and those things that were done, they feared greatly, saying, Truly this was the Son of God." Matthew 27:54.

Many men have suffered the horrible death of crucifixion. No less than two thousand Syrian captives were executed this way by Alexander the Great, after the fall of their city. On the day that Jesus died, not one, but three crosses were raised to stand upon the hill of Calvary.

Yes, many men have suffered the death of crucifixion—suffered it because of their crimes of treason, sedition and murder. The thieves that died with Jesus admitted vocally that they were justly condemned as the reward of their evil deeds.

But, though numbered with the transgressors, Jesus was himself entirely innocent. Conscious-stricken Judas, after his betrayal of Jesus, returned to the temple and declared openly to the crafty chief priests and elders, "I have sinned in that I have betrayed the innocent blood." Shortly, when Jesus stood before the governor in that hurried trial, Pilate received from his own anxious wife the warning that he should have nothing to do with that "just man." Testifying later to the tumultuous mob, Pilate three times declared, "I find no fault in him." And finally when he was secured by nails to the rugged cross, the testimony of his innocence continued, this time from the lips of one of the dying thieves. He said, "— this man hath done nothing amiss."

Yet innocence alone was not the startling fact of that hour! Perhaps many innocent men so died — men innocent of treason, sedition and murder. Does not history hold before us many cases of the gross miscarriage of justice? And the putting to death of guiltless men? The centurion, in the words of our text, set forth the distinguishing difference. "Truly this was the Son of God." As the Son of God he was not only guiltless but was by very nature sinless. As the Son of God he was the master of every circumstance. As the Son of God he held the key to every situation. And yet here is the startling fact: the Son of God nailed to a cross! Surely no man could ever maneuver God into such a position. God cannot be caught and trapped! Jesus said to Pilate who had claimed power to crucify him, "Thou couldest have no power at all against me, except it were given thee from above." The only reasonable answer to all this is that Jesus died upon the cross of Calvary because God so planned it. We read in the fourth chapter of Acts: "And they lifted up their voice to God with one accord, and said, Lord, — For a truth against thy holy child Jesus, whom thou hast anointed, both HEROD, and PONTIUS PILATE, with the GENTILES, and the people of ISRAEL, were gathered together, for to do WHATSOEVER THY HAND AND THY COUNSEL DETERMINED BEFORE TO BE DONE."

God was carrying out a plan that had originated in the beginning of time. Someone has said, "There has ALWAYS been a Calvary in the heart of God." The Bible speaks of Jesus as the "Lamb slain from the foundation of the world." Jesus said, "— so MUST the Son of man be lifted up."

The involvement of none less than the Son of God gives evidence of the greatness and importance of the Calvary ordeal. Since "it is not possible that the blood of bulls and goats should take away sins", and because men cannot be saved "by works of righteousness which we have done" or "justified by the works of the law", it is vitally and eternally important to us that "while we were yet sinners, Christ died for us." It is important that "when we were reconciled to God BY THE DEATH OF HIS SON — For CHRIST ALSO HATH ONCE SUFFERED FOR SINS, the just for the unjust, THAT HE MIGHT BRING US TO GOD — Who gave himself for our sins, that he might DELIVER US from this present evil world — Who gave himself for us that he might REDEEM US from all iniquity."

Yes, many men have suffered the death of crucifixion. But "truly this was the Son of God." Therein lies the possibility of your — yes, YOUR everlasting salvation. Why not accept Him today as your Saviour?

"Oh, the love that drew salvation's plan!  
 Oh, the grace that bro't it down to man!  
 Oh, the mighty gift that God did span  
 At Calvary!"

## to the Editor

I received my first copy of the Record today, and it is very nice to hear from home. I would like to receive many more copies in the future. But now there are a few things about my address I believe you should know.

I am no longer with the 45th Medics. On Thursday, February 8, I was sent to a Basic Training unit, the 13th A. I. B. where I receive my mail at present. But since then, I have been in the Army hospital here with a case of Bronchial Pneumonia.

I have lost already two weeks of Basic Training, which means that when I am discharged from the hospital I will be transferred to another Basic Training unit.

So all of my addresses are, in a way, obsolete. If you wish, you may wait until I do finally get situated before you send more copies of the Record, or you may send them to my present address until I notify you of the change. Either choice would suit me, as I know that sooner or later I will be receiving the Record regularly.

There is a small favor I would like to ask of you. A friend, Clarence Pollock, of Gerald avenue, Northville, joined the army early in February, if you could, I would like to have you send me his military address. It would be very greatly appreciated as this is the only way I can think of to get in touch with him.

Thank you very much for news from home.

The Northville Record is in receipt of a letter from one of the citizens in this community who registers a protest against the story warning merchants to be on guard against shoplifters.

The citizen takes issue with the word "Negro" which was used in connection with the story. The Record wishes to make it clear that its only intent in printing the warning was to remind merchants to be alert as three stores had been "lifted" in as many weeks. The Record wishes to make it clear that in NO way did it intend to discriminate against a race.

Nearly everybody has a secret plan by which he hopes to escape the poorhouse.

Does prosperity make a man handsome, or does a handsome man naturally become prosperous?

## Milk Production Continues To Drop

Despite a marked upward trend in the price paid to farmers for milk in the Detroit producing area during the winter months production continues to fall behind last year and milk shippers are dropping from the market in increasing numbers. For the month of January producers in the Detroit market received \$5.02 a hundred pounds F. O. B. Detroit, for Class I or milk used for bottling. The price is arrived at by adding a premium of \$1.35 per hundredweight to the average price paid by 18 Midwest condenseries, which for January was \$3.67 per hundred pounds. Milk not used in Detroit for fluid consumption was sold as Class 2 and the average price received for it was \$3.68 a hundredweight. Of all milk received, about 77 per cent was classified as Class I and 23 per cent as Class 2.

During January, 44 farmers who had been shipping their milk to Detroit, dropped out of the market, most of them having decided to retire from dairy farming, finding employment in the cities or turning to other types of cash crops and disposing of their dairy herds, either selling them to other dairymen or for beef. During the past twelve months there was a net decline of 376 shippers, but production has been maintained with a decrease of only 2.75 per cent due to the remaining shippers sending more milk to market than they did a year ago.

If the present attitude of farmers to dispose of their herds and turn to other types of farming continues, the Detroit milk supply may stand in jeopardy during the later months of the year, according to Howard F. Simmons, secretary-manager of the Michigan Milk Producers Association. He also points out that milk consumption is steadily increasing, the Detroit market having taken 8 per cent more milk for fluid purposes this year in January than a year ago. On top of this increased demand at home, the government also is requiring greater quantities of dairy products for the armed forces and foreign shipment. Mr. Simmons feels that dairy farmers must be given a greater incentive in order to protect the future milk market from serious shortages.

## One-Man Strike Leaves Town in Timeless State

ROME, Italy—The town of San Vito al Torre in northeastern Italy doesn't know what time it is—all because of one man.

He is Ferdinando Miani, 70, sexton and church clock winder, who went on strike for a pay increase.

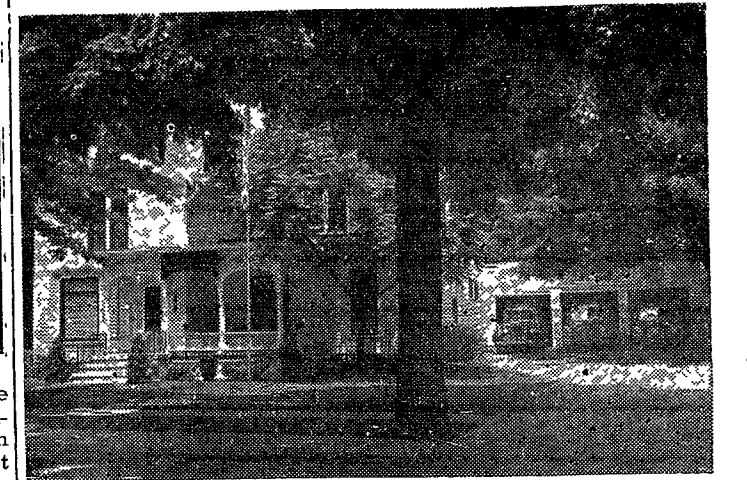

The town's clock on top of the belfry is stuck at 2:45. Laborers sleep late in the morning, husbands arrive home late for dinner. All this for Ferdinando's strike. Explaining why he asks a pay increase, Ferdinando said: "How can the mayor expect that a man of my age and skill should climb 250 steps daily for \$1.10 a year?"

Forty-seven states provide state parks and forests and roadside areas totaling more than 3,300 separate units which attract more than 125,000,000 people annually.

CARD OF THANKS  
 I wish to thank my friends and relatives for the cards and flowers sent me while I was a patient in University Hospital. I especially wish to thank all who provided transportation for my wife and John Siock, Harlow Wagenschütz and Ward Schultz for donating blood.

## 180 HORSEPOWER

Here you see the secret of FirePower's unmatched ability... the new Chrysler Hemispherical Combustion Chamber, heart of the finest motor car engine built today. In this domed, clean-walled area, you see the only ideal combustion chamber in a motor car engine today... the only way to develop full combustion, full compression, full work and value from every drop of fuel!

FirePower specifications:  
180 hp at 4000 rpm;  
Bore & Stroke, 3-13/16 x  
3-5/8; Piston Displacement,  
331.1 cu. in.; Compression  
Ratio, 7.5 to 1.

in the handsomest, best-riding  
new CHRYSLERS ever built!

Not since 1924, when Chrysler introduced the high-compression engine, has there been an engine as basically new as FirePower!

Imagine 180 horsepower... in the most efficient and all-round economical motor car engine ever built! With all its matchless road power and performance... FirePower gets more work from a gallon of gas than any engine you can drive... on regular grade fuel... runs almost completely carbon-free... will require less attention and upkeep cost than any engine you have ever owned!

But FirePower is only one of the "firsts" in these cars. Chrysler this year also presents two other great basic engineering advances... exclusive new Oriflow shock absorbers give every new Chrysler over twice the shock-absorbing power of any other car... and, optional at extra cost, miraculous new Hydralguide power steering now removes four-fifths of the human effort from steering or parking your Chrysler!

All this—plus gracious new beauty and 70 other new changes await you at your Chrysler dealer's now.

Doesn't all this make him a man you want to call on... very soon?

# Guerin Yerkes Repeats Vows In Heirloom Bridal Gown

The First Presbyterian Church Saturday evening was the scene of the wedding of Guerin Yerkes of Haggerty Road and Clarence Pittman Browne, Jr. of New Orleans, Louisiana.

Mrs. Gerald V. Harrison presided at the organ and played the traditional wedding music. Rev. Harold F. Fredsell heard the wedding vows before an altar banked with white gladioli against a background of palms, ferns and lighted tapers.

Given in marriage by her father, Robert G. Yerkes, the bride wore an heirloom gown which belonged to her grandmother for whom she was named, Mable Theresa Guerin, who is now Mrs. Charles Edward Yerkes of Chicago, Illinois. The bride's robe of heavy ivory satin was designed with an off-the-shoulder neckline and deep Bertha of heavy Brussels lace. The skirt was fashioned with deep inverted pleats in the back which fanned out into a long, graceful train.

Her heirloom veil, which had once belonged to her great grandmother, Mrs. Charles Tyson Yerkes of New York was an oval of fine dotted Brussels net edged in Brussels lace which extended over the bride's gown's train.

Guerin carried her mother's Bible which was covered with white orchids, stephanotis and long streamers of ribbon.

Maid of honor was Ann Yerkes, the bride's sister, who was gowned in lilac chiffon over pink taffeta. A cap of white shattered carnations and a bouquet of white carnations with white and purple hyacinths completed the

honor maid's ensemble.

The bridesmaids were Mrs. A. Sidney Junod of Walled Lake, Patricia Reel of Miami Springs, Florida, Julia Meehan of Coral Gables, Florida, and Andrea Owen and Katherine Kampf. Gowns of coral chiffon with caps of carnations were worn by the attendants and they carried bouquets of white carnations and hyacinths.

Best man was William Quealy of New Orleans, Louisiana and seating the guests were John Foley and Lt. Kenneth Walker of Trenton, Blake Couse of Northville and Rex Rose of Detroit.

For the wedding, Mrs. Yerkes chose a dinner dress of turquoise crepe with a lilac trimmed hat. Mrs. Browne, Sr. was attired in a pale cinnamon lace gown and she wore a bluish pink hat trimmed with roses. Both mothers pinned orchid corsages to their shoulders.

Following the wedding, a reception for 100 guests was held at Meadowbrook Country Club. For their wedding trip, Guerin chose a dressmaker suit of orchid silk shantung with a matching tulle and flower hat. Over her suit she wore a beige wool coat and navy accessories.

Mr. and Mrs. Browne are moving to Florida and then to their new home in New Orleans, Louisiana.

The bride is the daughter of Mr. and Mrs. Robert George Yerkes of Haggerty Road and the bridegroom's parents are Mr. and Mrs. Clarence Pittman Browne, Sr. of New Orleans, Louisiana.

Sault Ste. Marie, Mich.

How the telephone and the courteous, efficient work of Sault Ste. Marie switchboard operators saved the day for R. L. Warne, Michigan manager of a Canadian radio station, is told in a letter he wrote to the manager of Michigan Bell's telephone office in the Soo:

"It was 2:30 on Friday afternoon when I received a call from the attendance chairman of our service club, reporting that he was ill and could not contact the members for reservations for our inaugural. This put me on the spot, because of my being chairman of the affair. Something had to be done quickly, because reservations were due at the hotel the next day.

"Your service was the answer. Having a telephone handy was like having a dozen helpers at my disposal. Calling 65 members was a big task made easy through the courtesy and efficiency of your people."

With the startling disclosure that Detroit's school children are being exposed to dope, Gov. G. Mennen Williams has begun probing all state agencies having to do with narcotics to see what type of legislation is needed to combat the menace. A bill already has been introduced raising the penalty for selling narcotics to minors to 15 years in prison and/or \$4,000 fine.

The governor opposes the used car tax and the two cents gasoline levy. But he is not committed to a veto. Aides state that his "position will have to be clarified." The fact remains, he just doesn't like either tax.

If adversaries of a gasoline tax wished to overcome the antagonism of the governor on the bill, they would couple a one-cent gas tax with a corporations

tax which would leave him no alternative but to sign it into law.

Taxes? Michigan taxpayers (citizens and employers) paid \$73.59 each to the state government last year, putting the state 10th high in the nation for per-capita levies. National state tax average is \$61 per head. Total amount collected in Michigan in 1950 was \$460,000,000. (Note: More than 78 per cent of each sales tax dollar is returned by the state to cities, counties, townships and schools. A major part of the state's \$2,728.5 millions in federal taxes was corporation income taxes.)

In addition, taxpayers of the state contributed \$2,728,500,685 of the 39 billion dollars in federal taxes last year. That is 7.05 per cent of the total paid in. Michigan has 4.23 per cent of the nation's population; state's share of the national income was 4.56 per cent, a losing proposition. Federal taxes soared from \$131.7 millions in 1930 to \$2,728.5 millions in 1950.

But Michigan is among the 17 states without a state income tax and also one of the 15 states with no state corporation tax—thus far. (Voters repeatedly rejected an income tax. Michigan employers in 1949 paid \$1,645 millions in federal taxes. This business tax load was transferred to consumers in higher prices.)

According to the governor, Michigan money is draining out of the state because there is no state corporation tax. State taxes are deductible from federal taxes. Such is the Williams' viewpoint.

A St. Lawrence Seaway project apparently has been blocked G.O.P. controlled senate business committee has it in committee—and to all appearances will keep it there. Attention has been drawn to the seaway recently by speculation on a possible all-out war and draining of Michigan ore supplies, bombing of the Sault locks and the foreseeable necessities of utilizing Labrador or South American ore in mid-west smelters.

**Re-Nominated for  
Non-Partisan Ballot**

Justice Emerson R. Boyles, re-nominated for re-election April 2 on the non-partisan ballot, was first elected to the Supreme Court in 1940, serving as chief justice in 1943 and 1950. He is a former Prosecutor and Probate Judge for Eaton county, a former Deputy Attorney General and the legal adviser to two Governors—Frank D. Fitzgerald and Luren D. Dickinson. The judge lives in Charlotte, drives daily to Lansing for his Supreme Court duties and spends his summer vacations on Beaver Island. Pol Adv.

At least \$450,000 will be required to give minimum fireproofing to the state capitol building. Recommended is \$225,000 for new wiring alone. In 1949 the same job was estimated at \$166,000. State Controller R. F. Steadman says that at that time the "legislature severely criticized the recommendation, and instead of supporting it, re-captured \$33,000 previously earmarked for the work."

The federal government has authorized 60 hours of additional training for the Michigan National Guard during the first six months of 1951. This is in addition to the regular two-week stay at summer camp and the 48-weekly two-hour training periods.

The state defense council has asked the legislature for \$7,128,000 to protect Michigan against attack. The figure is based on the belief that the federal government will contribute \$3,149,000. Biggest item is \$3,500,000 to continue and expand the blood typing program.

The legislature has \$65,000,000 for mental and tuberculosis hospitals—and as yet not even the site of a T.H. hospital has been settled on. The T.H. sanatorium commission selected Kalamazoo; Berrien county drummed for the honor; Van Buren has its bid in—the bed shortage continues.

Little Hoover commission says the department of agriculture needs an overhauling. Pictured as a "conglomeration of loosely administered and badly conceived agencies," the commission recommends abolition of the bureau of agricultural industry; institutional farms and state fair grounds, and the division of drains and food inspection.

The cost of living is taking a breather. For the first time in months it has halted its advance and prices of some food—chiefly meats—have slipped back. Probably no more than a breather. Prices advanced 6.5 per cent in 12 months as of Dec. 5, 1950. (Source: U. S. Dept. of Labor.)

Nickel In Aluminum Bronzes  
Widely recognized has been the function of nickel in imparting high strength and hardness to the aluminum bronzes, as well as contributing to their corrosion-resistance. The high resistance to heat and wear of these alloys has established their position in aircraft construction for such parts as valve guides, valve seats, rings and bushings.

Rochester — John Cryns, of Boston, Massachusetts, a Dutchman who was engaged in underground work against the Nazis

during World War II, who witnessed the killing of his sister by bayonet when she was caught as an anti-Nazi, was the speaker for the joint meeting of the Kiwanis and Lions Clubs and their wives on Monday evening, March 5, at 6:30 o'clock. His topic was "Wake Up America."

Dearborn — An all time record budget tabulation of \$8,458,687.50 for the 1951-52 fiscal year was turned over to Mayor Orville L. Hubbard by the Controller's office for whatever cuts the chief

administrator sees fit to make before sending it back for re-tabulation and then on to the council for that body's approval or revision.

Farmington — Governor G. Mennen Williams has delayed signing the proposed new city charter and returned it to the city for re-copying. Harry Moore, City Clerk, announced recently.

Rochester — Federal aid for the improvement of West 5th street cannot be had, according to Lee Brooks, a member of the Oakland County Road Commission, said Village Manager Robert Slone to the village council.

**The Designer's Dream—Buick's Ultra-Modern Convertible**

CHICAGO, ILL.—These beautiful Chicago girls agree that the hit of the Chicago Automobile Show was the XP-300, Buick's "dream" car. Powered by a 300 horsepower, super-charged V-8 engine designed to drive it 150 mph, the sleek, racy convertible was built for experimental purposes only. It is equipped with dual four-wheel brakes, has hydraulically operated wheel jacks, and two fuel tanks.

**Brighten Kitchen To Lighten Work**

The kitchen is the heart of the home and should be as livable as possible, believes Elinor Roth of the Michigan State College school of home economics. It shouldn't be a place used only for the production of daily meals.

The home economist says that the best way to make a kitchen livable is to give it a "you" look. If you're a modern young homemaker, lucky enough to have a new, sleek kitchen, play that up. But the kitchens planned more on the Early American lines—full of old time charm—are just as attractive.

One very easy way to make the kitchen more attractive is to use color. In a bright, cheerful kitchen, you will feel more like cooking. Bright red curtains, sunny yellow shelf paper, or a decorative floral border around the cornice above the cupboards will give the needed touch.

Linooleum floor covering, paint on walls and woodwork, the new colored kitchen cabinets and even pastels in new ranges, sinks and refrigerators are all ways of introducing color to the kitchen.

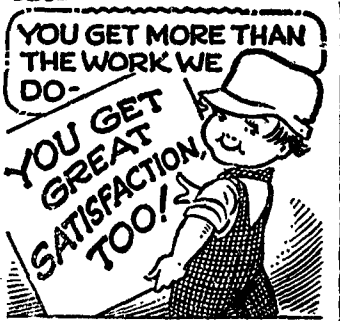

Little touches will add color just as effectively as a major redecorating job, Miss Roth advises. Trim your curtains with rick rack or a valance at the top. Bring in an old fashioned braided rug. Or hang gleaming copper bottom pans on your wall—just above the range.

Bright towels can add a touch and even your pottery plates in front of a sunny window can reflect brilliant spots of color.

Even though you want efficiency and ease of operation in the kitchen, it can be a pleasant and exciting place in which to spend your time, Miss Roth concludes.

Nickel Alloy Steels  
Nickel alloy steels, including those containing chromium and molybdenum, were employed in large tonnages during 1950. These steels find applications in essential constituent parts, such as shafting, gears, structural tubing and heavy springs, for the aircraft, automotive, agricultural machinery, machine tool, mining, petroleum, railroad and other industries.

If all of us who have been driving automobiles more than twenty years were required to pass the rigid tests given new drivers, the streets would be safer.

**U.M.'s Living Alumni Now Number 136,400**

The University of Michigan now has 136,400 living alumni, according to the records kept at the Alumni Catalog Office on the campus.

The figure has just been increased by the 1,455 graduates who received degrees at the end of the Fall Semester in February.

### Snafu Almost Snares Young Recruit for Armed Forces

FORT MEADE, Md.—Henderson Dorsey, 17, found himself almost in the army by mistake. His self-made snafu came about like this: He was touring Fort Holabird in Baltimore with some other students and they stayed overnight before heading for Fort Meade to continue the tour.

Dorsey overslept. But when he explained his plight to the M.P.'s they loaded him on a bus—the bus also being loaded with brand new draftees.

At Fort Meade, Dorsey was shepherded right along with the new soldiers and into the induction center.

When the sergeant began to give the draftees their first lecture on army life, Dorsey figured he's better speak up.

It was all a mistake, he told the sergeant. He'd just got into the wrong pew—or rather, the wrong bus. The sergeant, skeptical, went to the major.

The major said yep, all a mistake. Dorsey kept his civilian clothes. The army kept its uniform.

## Mustang Five Tops Hartland, 43-38, But Lose Cage Final to Keego Harbor

A 43 to 38 victory over Hartland High School sent the Northville Mustangs into the District Basketball Tournament finals last Saturday night at Walled Lake, but the NHS cagers were eliminated by Keego Harbor, 44 to 33. Hartland topped St. Mary's of Orchard Lake on Wednesday to gain the semi-finals against Northville, and Keego beat Brighton on Thursday.

Farmington emerged victors in the Class B end of the tournament, whipping Milford in the finals.

### NORTHVILLE 43 HARTLAND 38

Northville stayed ahead of Hartland throughout Friday's contest, although Hartland made a determined effort in the last period to catch up, scoring 13 points in the quarter.

Bob Prom, who had been knocked out with flu for two days, paced both teams with a 14-point scoring stint, although he played only the last three quarters.

The Mustangs piled up a 21 to 13 advantage at half-time and increased the spread to 12 points at the three-quarter mark to give themselves enough of a margin to stave off a Hartland rally.

Earl O'Shaughnessy compiled 14 points for Keego on seven field goals to lead both teams in scoring, but Bob Prom tagged the scoreboard for 11 points and Dick Gray got 10.

The Mustangs kept pace with Keego for two quarters, but the Harborites steadily increased the point spread through the remaining two periods.

## Harlem Trotters Turn Movie Actors

Having cleaned up more honors on the basketball court than any other team in the history of the game, the amazing Harlem Globetrotters, who headline the Olympia Sunday night, March 11, are out to earn new laurels in a new field.

The Globetrotters, to please you, have turned movie actors. Yep, honest to goodness thespians -- and they do a bangup job at it. The whole team, plus some regular Hollywood stars, have made a fine full-length movie entitled "The Harlem Globetrotters".

Columbia Pictures will release the movie and everyone connected with the project is elated. The film is completed and ready for release, but it turned out so far beyond the expectations of all those connected with it, that the showing date around the world has been deferred to permit the company to put a full-sized publicity campaign back of it.

Rookie Bill Brown, the Trotters' tall and torrid center from Philadelphia-way, does a great job as the male lead in the picture. Goose Tatum, Duke Cumberland, Babe Pressley and the other players will make their cage followers roar with delight at their acting contributions.

"And the basketball shots are magnificent and will have one and all gripping their seats in the movie houses. "Out of this world" is the only way to describe the superlative job of dribbling that Marques Haynes turns in, in the film.

It's a photoplay in keeping with the class and caliber of the Globetrotters -- and that about sums it up in a capsule.

On the card at the Olympia the Globetrotters will take the court against the fiery Philadelphia Spas and the New York Rens and Boston Whirlwinds will open the proceedings at 8:00. Added attractions will be presented as between-halves entertainment. Tickets are on sale at Olympia box office.
