

It's for the birds! Pity the plight of the poor pigeon in Northville. Last year his habitat, the old Northville Opera House was torn down. So the covey of pigeons shifted corners and went to roost over in the steeple which holds the Village clock atop the First Methodist church. Now we understand that the Village has decided to tear down the landmark. Shall no one in this cold, cruel world offer the lowly pigeon a resting place? Wonder where they will roost when the clock tower is removed.

**April Fool's Day** really fooled us. Didn't expect the earth to be covered with so much snow. But it didn't seem to dampen the practical joker's spirits. We heard several of the citizens discussing the maiming and humiliating shenanigans over their cups of coffee Monday morning. One businessman said he had the devil scared out of him when after he had enjoyed a sumptuous repast, he lit a cigar and poof, an explosion which sounded like the windows were blown out of the living room. Said he, "I was reduced to a nervous wreck for the rest of the day."

Not so long ago, the purchasing power of the lowly nickel was mentioned in this column. Now see what's happened to the penny! Read that Chairman Murray, Tennessee Democrat in the House of Representatives, predicts that the House Postoffice committee will double the rate for penny post cards. Soon will pass out of existence that time honored custom of dropping cousin Gertrude a postal card saying that you'll be out to call on her on Sunday.

Mrs. John Manica, D. E. Wells and Charles Blair are contributors to the sock and the collection for the Detroit House of Correction. Blake Gillies, DeHoCo's amiable warden, tells us that many more are still needed to carry on the work. Please leave yours (in any color, or condition) at the Record office or at the home of E. J. Willis, 119 Rayson Street.

A Northville firm, C. R. Ely & Sons, this week marks their 31st year in business. Manned by "Dad" Carl Ely and sons, Charles and Ivan, the concern has served three generations of Villagers with coal, ice and oil. Congratulations!

## P.T.A. Carnival to Feature Gala Side Shows, Exhibits

The committee chairmen for the P.T.A. Carnival met at the Grade School building last Friday night to complete plans for the festivities which take place in the Grade and High School buildings Friday, April 20, beginning at 6:00 p.m.

Many community clubs are co-operating with the P.T.A. this year to make the carnival a bigger and better night of fun for everyone. There will be no admission charged. At least 15 door prizes will be given away and coupons for the prizes may be purchased and exchanged for tokens which will be good at any of the booths and concessions.

**Side Shows Galore**  
The VFW Auxiliary with Mrs. Zada Riley as chairman, will conduct the doll show at which ribbons will be awarded for the best display. The American Legion Auxiliary will have charge of the Gypsy Tea Room, with fortune telling and a cake

## Crusade for Cancer Begun in Village

Mrs. Edward F. Angove of Linden Street is the local chairman of the American Cancer Society Drive which will be conducted throughout April. Women will canvass the Village block by block in the "Crusade for Cancer" campaign.

Funds which are contributed during the "Crusade for Cancer" drive will be used to conduct an extensive year-round educational program to acquaint the public with the nature of cancer, the seven danger signals, the importance of early diagnosis and prompt, professional treatment. This program is carried on through films, literature, speakers, tours of the Cancer Center, exhibits, and by posters and display.

The money is also used to support a service program known as "Patients Aid," which provides free distribution of cancer pads, half a million to 800 patients during 1950, items from a Loan Closet to bring comfort to cancer sufferers in their homes and transportation to and from hospitals for indigent patients.

Through a grant to the Visiting Nurses Association, the Southeastern Michigan Division, located at 4811 John R, Detroit, made it possible for 8,591 visits to 652 cancer patients during 1950. The Division also supports a training program for practical nurses under the direction of the Visiting Nurses Association. Nearly 160 practical nurses from Detroit each year are taught the specialized care required by cancer victims.

These are but a few of the multiple activities carried on by the American Cancer Society and the drive is most worthy of your support. Give generously when a worker calls at your door asking for a donation.

"The Late Christopher Bean," is being staged and sponsored by the Couples Club of the First Presbyterian Church. The play will be presented at the church house Thursday and Friday evenings, and curtain time is 8:00 p.m. For a synopsis of the story, turn to the society page.

## Light Vote Cast in Spring Election

A light vote was cast in the biennial spring election Monday. Voters were handed four ballots: one listing the state and county offices, the second was a non-partisan ballot listing justices of the supreme court, the third was a referendum ballot with three proposals, and the fourth contained the list of unopposed township officials.

Northville fell true to tradition and voted predominately Republican but the Democratic party vote shows considerably stronger. The Socialist Labor Party ticket received one vote and a few scattered votes were cast for the Prohibition, Progressive, Socialist Labor and Socialist Workers Party.

Here is how the voting went by precincts:

Supervisor—	316
Mollie Lawrence	199
Clerk—	
Fred Lyke	327
Treasurer—	321
Roy Terrill	200
Justice of Peace—	292
Ed Bogart	163
Justice of Peace—	235
C. W. Schutte	141
Constable—	322
Joe Denton	206
Board of Review—	
Fred Fry	313
C. W. Schutte was elected to fill the justice of the peace vacancy created by the death of Cecil McCullough. He will fill the term from April 2 to July 4.

## Methodist Banquet Planned for Apr. 12

Patrons of the Father and Son banquet which is scheduled for Thursday, April 12 at the First Methodist church house will be entertained by "Waldo-the Magician". Two barbershop quartets will also provide entertainment.

Tickets for this annual community event may be procured from D. J. Stark, Essie Nirider, Roy Stone, Harry Sedan, Ed Bogart, Sam Stalter, Clarence Jerome, A. Russell Clarke, Merritt Meaker, Fred Clark or Rev. William Johnson. They should be secured early so that the ladies of the church can plan the dinner menu.

Proceeds from the banquet will go towards making the needed repairs and improvements on the church. "Waldo-the Magician" comes to Northville well recommended. He has made a hit with other communities with his vast array of tricks and magic. Men who haven't a son are urged to borrow one for the evening and attend the banquet.

## Match Game Slated at Royal Recreation

Northville kegling fans will have a chance to see a team of top-notch bowlers in action at Royal Recreation, West Main Street, on Sunday, April 15 at 3:00 p.m.

Captain Harold Daunter will bring his Schmidt's Beer bowling team to Northville to roll a match game against a local team to be selected by Joe Alessi, proprietor of Royal Recreation.

The Schmidt team bowls regularly in the Eastern Division of the Travelers' League. The public is invited to visit Royal Recreation to watch the match.

Guests at Rotary Tuesday were Roy Woodworth from the Plymouth club and Harold Smith who came with Ed Angove, Mike Gussell's guest was Charles Fay.

## Red Cross Drive Surpasses Goal

Volunteer workers at the Red Cross luncheon Friday turned in to Chairman, George Locke \$123.85, pushing Northville over its quota of \$1000.00. Northville is the first out-county chapter to oversubscribe its quota, and more funds are expected to pour in before the drive ends.

The fine response to the drive is due largely to the hard work rendered by Mrs. William Forney and her crew of volunteers who canvassed the Village homes asking for donations to carry on the multiple activities of the Red Cross.

Making the house to house canvass were Rusty Locke, Mrs. B. A. Grissom, Mrs. Marie Stevens, Mrs. Claude Ely, Mrs. Herman Hartner, Mrs. Joe Litsenberger, Mrs. Emma Reid, Mrs. Wilbur Guelzow, Mrs. C. Winters, Mrs. Foster Van Atta, Mrs. Walter Stamann, Mrs. Rodolphe Richard, Mrs. Alfred Parmenter, Mrs. Hugh Godfrey, Mrs. Ed Langtry, Mrs. Ernie Ebert, Mrs. H. H. Berend, Mrs. William Williams, Mrs. Harold Bloom, Mrs. Richard Soffer, Mrs. Harold Church, Mrs. Glenn Hammond and Miss Ruth Knapp.

Through the efforts of Miss Ruth Knapp, school nurse, the children in the elementary school contributed \$21.87 which they sent to the Junior Red Cross.

James Blair, chairman of the Wayne County branch of the Red Cross, was present at the luncheon Friday and complimented the workers on the splendid way in which they canvassed the Village. He showed the movie, "Report of the Red Cross" which explained some of the activities carried on by the organization. Phases which were described were: Bloodmobile and the transportation of whole blood and plasma to the Korean battlefield; civilian disaster work; training personnel for civilian defense work; and work among the soldiers in battle.

A former villager, Mrs. Bruce Douglas of Detroit, appeared on WWJ-TV Sunday, April 1, on the program, "Detroit in the News." She spoke on "Your Red Cross in War", stressing the part the Red Cross plays in Detroit's defense program.

## School Board Asks Voters To Approve Six Mill Levy

Voters of Northville and Novi District No. 2 Fr'l will go to the polls Tuesday, April 10 to cast their ballot on the question of whether there shall be levied six mills on all property in the School District for a period of five years. Ballots will be cast at the Village Hall from 7:00 a.m. to 8:00 p.m.

Over 2000 persons are eligible to vote in Tuesday's special election. If the voters approve the six mill levy it will mean a revenue of approximately \$25,000 per year which will be used to secure and retain the best teachers

possible and offer them a fair salary, maintain the present teacher-pupil ratio, add necessary teaching aids such as audio-visual aids, repairing the heating plant in the high school, and make other necessary repairs to keep the school system operating on its present level.

Levying six mills means paying \$6.00 on each \$1000.00 of assessed valuation and is in essence the continuation of the eight mill levy which was voted in 1946 which expires this year. In all probability, there will be no increase in taxation; actually it should be slightly lower.

The Board of Education at a special meeting in March voted in favor of calling the special election when it became apparent that extra millage was needed for the following reasons: 1) Low equalized valuation of the district. 2) Sharing 15 mills with the county and township. 3) Mounting costs preclude budget savings. 4) Previous excess millage has expired with the 1950 tax levy. 5) Salary schedules are being raised all around us. 6) Additional teachers are being needed to take care of the increased enrollment in the grade school. 7) Improvements should be made in the vocational shop program. The Board has pledged that they will use only what they need of the levy.

Absentee ballots may be procured by going to the Board of Education offices in the Grade School or at the George Clark Hardware and making written application. Persons who are shut-ins or who will be out of town next Tuesday should make application for the ballot before Saturday.

He also exposed to his fellow Club members and guests the details of a "united front" drive ordered by leaders of the Communists at the direction of the Cominform which he said has for its purpose the infiltration by Communists and Communist front members of all church and community organizations, in order to subvert them to Communist aims and policy. He read from the Communist handbook, "A Guide for Building the United Front", a section outlining the vital task as follows: "To work ever more persistently to consolidate organizations and extend the movement to the Partisans of Peace, drawing new sections into this movement and making it universal."

The keystone of the campaign, the speaker said is "to capitalize upon the common desire for peace" and to translate that desire into group action in terms of the Communist version of peace, directed toward a weakening of resistance to international communism."

By reason of the fact that for 25 years it has had American Citizenship and militant opposition to all subversive elements as its prime objective, the speaker said the Exchange Club is a ready-made, functioning, "grass roots" anti-Communist information-action Committee for the community, and he urged that it lend all of its resources to the job.

A meeting of all girls interested in forming a softball league will be held Thursday evening, April 12 at the Village Hall at 7:30 p.m.

Sponsored by the Northville Recreation League, Mrs. Hugh Godfrey will be on hand to speak to the girls and aid them in organizing the league. Any girl in the community interested in playing ball is welcome to attend the meeting.

## Softball League To Organize April 12

The members of the Northville Mothers Club are working hard on putting the finishing touches on their Lucky 13 dance which will take place Friday, April 13 at Van's Barn, Eight Mile near Middlebelt Road.

Proceeds from the dance will go towards carrying on the work of decorating the teachers' room in the Grade school. Plans for furnishing the room call for the addition of draperies, library table, easy chairs, lamps and occasional tables.

Tickets for the event may be had from any member of the club or at the door on the evening of the dance. Chairman of the dance is Mrs. Alfred Parmenter and assisting her are Mrs. Eldon Biery and Mrs. Paul Beard. Modern and old time dancing will be featured throughout the evening.

Mr. and Mrs. Harvey Hodge, Sr. recently received a letter from their son, Seaman Harvey Hodge, who is stationed aboard the aircraft carrier, U. S. S. Saipan. The letter was written on Easter Sunday and the ship was off the coast of France.

Readers of the Northville Record are invited to send in their views on matters of public interest. The writer's name must accompany each letter, but it will be withheld on request.

April 2, 1951

After reading the letter from Mr. Frank E. Whipple in last week's Record, which concerned the coming millage issue, I feel I cannot let it pass without comment. Because I am a teacher, my opinion will undoubtedly be censored, but I am also a parent and a taxpayer.

Neither Mr. Whipple's nor my stake in this matter can be equalled by those who stand to gain or to lose the most—the children. If this millage issue does not pass the children stand to lose approximately seven teachers in their school. This will greatly increase the teacher class load during a time when additional teachers are needed. The children stand to see their school buildings deteriorate because of insufficient funds to maintain adequate maintenance staff. The children stand to see their teachers leave Northville for communities where they may be assured of fair salaries. The children will lose when insufficient funds are to blame for the absence of modern teaching devices and aids. The children will lose when good new teachers are unavailable because of the low starting salary of \$2400. The children and the public stand to lose if the driver-training program is discontinued. The children stand to lose when their Board of Education is unable to meet the inflationary prices of other necessary supplies and services.

It will be hard to explain to children why, when prices rise, we are able to find a way to meet the high cost of such non-essentials as new automobiles and television sets, but find it

## Northville's Yesterdays

### One Year Ago

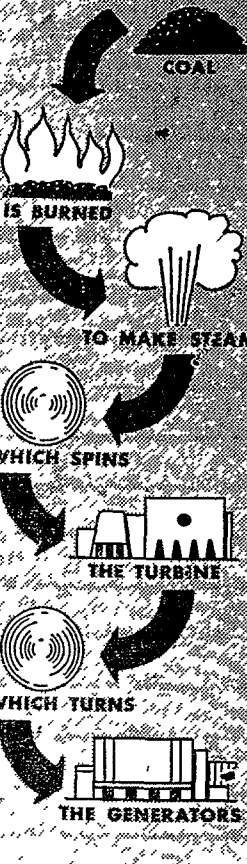

The Northville Community Concert Association will present their final concert of the season at the Wayne County Training School Auditorium Tuesday, April 20. George London, bass-baritone will be heard in concert.

Last Thursday night approximately 50 leaders of various civic groups met in Novi school to discuss ways and means of finding more school room for the growing community.

There will be no school on Good Friday or Easter Monday. Regular sessions will begin April 11.

A Red Cross luncheon was held at the Northville Restaurant Tuesday noon at which time all monies collected by solicitors were turned in. Chairman George Locke reported that of the quota

## FROM COAL TO ELECTRICITY

### The Power Behind Electric Power

There are two sources of power for rotating the turbines which turn the generators in an electric utility plant: mineral fuels and falling water. In 1949, fuels accounted for 69 per cent and waterpower for 31 per cent of the total kilowatt hours produced in the United States. Coal generated 46.6 per cent of the combined total. The process by which this major source of energy becomes electric power is shown in the pictograph.

Coal is conveyed to the power plant bunkers, is then fed under controlled conditions into several types of burning equipment which turns the coal into heat. This heat is converted into steam, which is contained in the large boilers made up of small tubes and large drums; turning the water into steam. The steam is then released—at enormous pressure—against the blades of a turbine, which drives an electric generator. It is the generator that converts mechanical energy into electrical energy.

Last year, 90,000,000 tons of bituminous coal were consumed by electric utilities. It was converted into 150 billion kilowatt hours, enough at present rate of consumption to provide the entire State of New York, with its 13 million population and vast industries, with all the electricity it needs over a period of six years.

## Fertile Soil Depleted by Burning Grasses

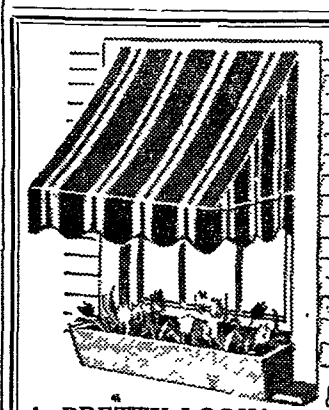

If you want to deplete the soil of its fertility, a good way is to burn the vegetation that has grown on it. Thousands of people are doing it every spring. They little realize, when they touch a match to the dead grass or brush pile and see it go up in smoke, that they are destroying valuable organic materials which were drawn from the soil in their growing process.

If leaves, grasses or brush are plowed under or allowed to decay and return to the soil naturally, the elements removed from the soil during their growth are returned thereto. Once burned they are lost to the soil forever.

Many burn field litter believing that it controls weeds. The truth is that the weed seeds are in the ground and burning only helps to create a good seedbed for a healthy weed crop. Some burn grass plots because the grass seems to come up greener after the burning. It only appears that way against the bare, blackened earth. Tests have shown that the unburned plot will produce a much healthier crop of grass.

We will admit that burning a plot of land is often the easiest and quickest way of clearing it and may be condoned on occasion, but the periodic burning as many do is definitely wasteful.

We do not count a man's years until he has nothing else to count.—Ralph Waldo Emerson.

### Here's What These Plans Do

BLUE CROSS COMPREHENSIVE GROUP HOSPITAL PLAN covers up to 120 days of care in any of the 182 participating hospitals in Michigan. NO CASH LIMIT on the benefits covered.

BLUE SHIELD MEDICAL-SURGICAL PLAN pays liberal amounts for stated surgical procedures—pays toward your doctor's visits to the hospital, in non-surgical cases. It's worth many times the low cost of these plans, just to know substantial payments will be made toward your doctor's bills!

Speak to your employer—ask him to get the facts!

Blue Cross-Blue Shield is available to employed people without physical exam or health statement. Talk to your employer about making these plans available where you work.

Bill Bowers, a 23-year-old machine operator, went to the hospital last year for what seemed to be a routine appendectomy. But 110 days of hospital care were necessary before he could get back on his feet!

Luckily he was a Blue Cross-Blue Shield member, and these plans provided \$8,058.50 in hospital and medical benefits for him—on this one case.

Since Bill Bowers first enrolled three years ago, he and his family have received more than \$8,400.00 worth of protection from Blue Cross and Blue Shield.

### The most benefits at the least cost

Bill Bowers' case was unusually expensive, but no one is immune to accidents or sudden, serious illness. In fact, one out of every nine persons will have hospital or medical bills to pay this year. And these unexpected bills could spell financial disaster . . . for you!

That's why you and your family can't afford to be without Blue Cross-Blue Shield—Michigan's only voluntary, non-profit health-care plans.

NEWS  
and  
COMMENT

FROM  
CONGRESSMAN  
**GEORGE A. DONDERO**

President Harry S. Truman has advised the American people that they must tighten their belts, prepare to work and sacrifice, pay tremendously increased taxes, and in general to forego the American way of living they have enjoyed for so long.

The President has said that we must do these things because of the necessity of mobilizing the national economy and the Armed Forces against the prospect of a third World War.

Still further, the President has said that all non-essential spending by the government must be eliminated, so that adequate funds will be available to defray the tremendous costs of arming ourselves and our allies abroad.

But what has the President done? Actions speak louder than words, and so what he has done should be the basis of judgment concerning the ability of his administration to meet the present emergency effectively.

It has been shouted from the housetops that the federal budget for next year, as presented to Congress by the white House, is the highest in peacetime history, and that it contains provision for more non-essential spending than ever before in the nation's history. There is no need to go into that here.

What is more to the point, as showing the President's real attitude toward wartime austerity, is that part of the budget relating directly to the White House itself. It would seem that austerity is not to be a two-way street.

Budget figures for fiscal 1952 disclose that President Truman is asking four times as much money for the White House and Executive Offices as he spent two years ago.

The President is asking Congress for \$35,331, 215 for himself, his office, and operations of the White House. In 1950 expenditures for the same purposes were \$8,406,888. Expenditures for 1951 are estimated at \$21,261,139.

For his salary and expenses, and for those of the White House staff, the President is asking \$1,883,615 for next year, a boost of nineteen per cent from the year. He would increase the number of White House employees from 250 to 285. In 1930 there were 37 employees in the White House and Executive Offices.

Here are some quotes which show how the average Britisher feels about Socialism in England. They would seem to indicate that the next election in Britain will result in defeat for the Socialist government.

Mrs. Melissa Davis, wife of a druggist clerk, said: "Sunday we had our whole week's meat ration, a piece of meat the size of an envelope for my family of three. I'll change my vote at the next election."

Mrs. Rosetta Howard, who runs a butcher shop in Islington, said: "We were never this bad off during the war. And we've had enough."

Mrs. Dorothy Welfare, another Islington resident, said: "I'm sure if I showed my lard ration

to a pig he would drop dead."

On top of the scarcity of food, the influenza epidemic, which England's socialized medicine has failed to stop, has claimed 6,000 lives since Christmas.

If a man has no personal interest in the outcome of an event, his opinion of it may be worth exactly nothing.

## Bell Telephone Annual Report Shows Earnings Best Since 1946

The Michigan Bell Telephone Company today reported 1950 earnings of 6½ cents on each dollar invested in the business for its best return since 1946.

In their annual report, Board Chairman Ben R. Marsh and President John A. Greene emphasized that the company's average earnings since 1945 have come to only 5.2 cents on the invested dollar. The improved return for 1950, they said, still was only about half the average earnings of other industries "with which we must compete for capital."

"For many years," the report continued, "the company has struggled with the financial problem of making sure that revenues cover all costs of doing business, including an adequate return for investors. An adequate return must be assured because that's the only way we can get additional money from investors—money we need to provide the service Michigan people want and need."

It was a record year in almost every category—more calls and telephones, higher revenues and expenses, and greater taxes. Praising the company's 22,000 employees as its "greatest single asset," Greene pointed out that one of their biggest jobs during the year was to meet the increasing military, war-production, and civilian-defense needs.

The company reported net income of \$17,947,840, a \$7,000,000 increase over 1949. Dividends of \$6.25 were paid on the 2,200,000 shares of common stock.

Michigan Bell customers placed a record 9,800,000 calls per business day, an increase of 700,000 a day over 1949, and the number of telephones in service climbed to 1,841,000—90,000 more than in the previous year.

Operating revenues were up \$15,000,000 due partly to the \$8,200,000 rate increase of last June. Operating expenses of \$102,743,000 only partially reflected the wage increase of last November which added about \$6,000,000 a year to the company's payroll expenses. Included

ing construction wages, the payroll reached \$74,000,000.

Michigan Bell spent more than \$35,000,000 on new construction. Despite the postwar expenditure of more than a quarter billion dollars on construction and the addition of nearly 750,000 telephones in that period, 19,000 families are now on the waiting list for service.

Taxes paid by customers, directly and indirectly, came to more than \$2 per telephone a month, including \$24,000,000 in Federal excise taxes on their service.

Extended-area service was introduced in 87 exchanges and, by the end of 1950, customers in more than 200 exchanges could call nearby communities in their

enlarged calling areas without paying toll charges.

The report pointed out that revenues from rate increases have gone up only 21 per cent above the 1935-39 level while cost of living is up 75 per cent. In terms of purchasing power, the worker today has to work only 2.2 hours to pay his telephone bill against 3.9 hours in 1940.

Broiling is a good way to cook bacon. Just arrange the slices of bacon on the rack of the broiler pan. Then set it under a moderate heat, turning the bacon when it's lightly crisped. The bacon will cook quickly, so it must be watched closely.

The other fellow will dislike you if you supply the words for which he is searching during a conversation.

## Chorus Line Hooper Is Honor Graduate Of Hunter College

NEW YORK—Lois Jean Prechtl was graduated cum laude from Hunter College recently.

She put herself through school by hooping in a chorus line, sitting with babies, working in a dime store and twirling from a circus rope as high above the ground as the six-story tenement in which she lives.

On the day she was graduated she said, "This is really a big thrill for mother, but I can't say I'm as excited about getting graduated as about getting the work over. I really didn't like studying very much. I want to do other things, exciting things."

When she said work she knew what she was talking about. She was in junior high school when she got her first job. In Walton high school, where she was graduated at the age of 15, she bought her books with money earned by baby-sitting one night and tutoring French the next.

One semester after she enrolled in Hunter college—on proceeds of the tutoring and some "thrown-in jobs" she ran out of money and took a job dancing with Ringling Bros. Barnum & Bailey circus. They talked her into climbing a high-rope and doing upside down pirouettes in the air, minus a net.

She recalls that she thought, "If I can do that I'll never be afraid of anything again."

The \$60 a week with the circus for six months earned enough to send her back to Hunter for another year, but then she was "fired" again and had to get out.

Adding with Olsen and Johnson, she won a chorus girl job with their 1948 revue, "Lafayette."

The next summer, broke again, she traveled with the Radio City Rockettes as captain of their chorus line. She also tutored college students in French and French-speaking immigrants in English.

In her spare time, Lois took care of her three-year-old brother, Joey, one of five children in the Prechtl family.

### Coin 1,000 Years Old Found In Norway Silver Treasure

NEW YORK—A treasure of silver, estimated at 1,000 years old, including 800 coins of great archaeological value, was found recently during excavations in Trondheim, Norway.

Some of the coins were minted by the Anglo-Saxon king, Ethelbertus and some by Canute, king of England and Denmark. Others are of German and Arabic origin. The coins may throw new light on trade routes and cultural currents in Viking times.

The find includes two silver crucifixes from Norway's early Christian period. Only one similar crucifix has been found before in Norway.

apple juice tickles the consumer palate. Like orange juice now on the market, the produce will be concentrate. USDA survey results indicate the most successful concentrate to be 50 percent Delicious apple; 20 percent Wine-sap; 20 percent Jonathan and 10 percent Rome Beauty with .4 percent acidity.

State TB hospital situation looks better. When the new Flint hospital transfers Genesee county patients from the Howell sanitarium, 100 beds will be open for Wayne county cases. Wayne has 400 patients in private hospitals and 200 on waiting lists. One hundred beds is but a drop in the bucket for the overall state picture—but it helps.

State Democrats have been accused of "a disregard of decency" by Cong. George Meander (R-Ann Arbor) following the revelation that a questionnaire was sent out by the state Democratic chairman asking county leaders who they would prefer appointed in case Gov. Williams should have to name a replacement for the ailing Sen. Arthur H. Vandenburg.

Michigan again led the nation in number of licensed fishermen last year, but dropped from second to third place in license revenue. The state sold 1,050,756 licenses, taking in \$2,008,307. California distributed 995,830 permits with a total revenue of \$3,033,755.

With the dry season still in the offing, 21 fires already have burned over 315 acres in Michigan this year. In 1950 no fires were recorded until after April 1.

The Little Hoover commission has tackled the state civil service commission — a man-sized job. There are three ways to handle the 10-year old system: Junk civil service and return to political control; let it continue as is; revise the system to correct shortcomings pointed up by a recent commission task force report.

The commission did, however, deviate from its usual course of ripping state departments apart by throwing bouquets at the state corrections system. Says a commission task force: "the prisons are generally well run, clean and adequate, and reasonably well financed by the legislature." Although the group said the parole and probation systems sound, it did say Jackson prison is too large for efficient operation.

There are more federal employees in Michigan than there are people on the state's payroll. According to a census, 40,838 Michigan persons are on federal lists, 3,091 more than the state hires.

Many service groups have expressed interest in bringing entertainment and gifts to the patients at Percy Jones Army Hospital at Battle Creek. Before doing so, such groups should contact the Red Cross in their local community.

## Bentley Carnival in Western Motif

A big time is slated for the "Boom Town Jamboree" which will be presented Friday and Saturday evenings, April 6 and 7, at the Bentley High School, on Hubbard and Five Mile Roads. This first Senior carnival to be given at the school will feature special acts plus an open talent show. Dancing, games and refreshments will highlight the evening and there will also be a bake sale.  
 The public is cordially invited to attend this western style carnival which will begin at 6:30 p. m. tomorrow night and Saturday.

## IN MEMORIAM

In memory of Mrs. Dottie Miller who passed away April 9, 1950.  
 "The month of April again is here;  
 For me the saddest of the year.  
 Her memory is as dear today  
 As in the hours she passed away."  
 Sadly missed by her husband and three children, sisters, her brothers and her mother, Mrs. Daisy L. Card. 44x

There never will be peace in the home so long as the mothers who are dying for a little shut-eye themselves have to do battle to get the children to take their afternoon naps.

## WASTEFUL FEDERAL SPENDING DENOUNCED BY LUMBER DEALER

Wasteful Federal spending for unessential non-defense purposes will lower American housing standards unnecessarily during the emergency, according to Harold Church, local lumber and building materials dealer and member of the Public Affairs Committee of the National Retail Lumber Dealers Association.  
 "In the first place, the increased taxes collected to finance the excessive spending mean that the public has that much less to spend on repairing and improving its homes," Mr. Church said.  
 "In addition, because the wasteful spending by the government adds to the inflationary pressure which has been forcing prices up, the government attempts to counteract that pressure by imposing unnecessarily harsh credit restrictions on new home purchases, thus preventing many families from acquiring a new home."  
 "It is true that shortages of some critical materials will require some reduction in housing construction during the emergency. But there obviously is no urgent need for a 40 per cent cut-back in new homes, such as has

been recommended by the Housing and Home Finance Agency, when production of automobiles and household appliances, which use critical materials almost exclusively, is being cut back considerably less.  
 "Adoption of conservation methods would enable the building industry to construct at least 80 per cent as many new homes as were built last year with 30 to 40 per cent less critical material, if credit were not so rigidly restricted to offset the extravagant and unnecessary spending for non-military purposes in Washington."

## MARCH BRIDE

MRS. DOYSE WARD

## Doyse Ward's Bride Chooses Slipper Satin, Lace Gown

Saturday afternoon, March 10, at the Farmington Methodist Church, Joanne Mae Hunter and Doyse Ward were united in marriage.

Mrs. Marge Burdick presided at the organ and played the wedding music. Miss Grace Brown rendered two selections, "I Love You Truly" and "Because" Baskets of white gladioli and lighted candelabra were placed in the chancel.

The bride, who was escorted to the altar on the arm of her father, wore a gown of white slipper satin styled along princess lines. A lace collar and a Richelieu lace collar further accented the gown, which ended in a train three yards long. Her fingertip veil was held in place with a crown of lilies of the valley. The bride carried a white Bible topped with hyacinths and camellias showered with white satin streamers.

Matron of honor was Mrs. Jane Panzica, sister of the bride, who was gowned in embossed organza over green taffeta. She carried Johanna Hill roses.

Bridesmaids were Mrs. Sue Gatter and Mary Alice Johnson, who wore gowns of embossed organza over shrimp colored taffeta. They carried white carnations. All the bridal attendants wore small half-hats of matching net.

Charlene Hunter, a niece of the bride, was flower girl and she wore a gown of yellow marquisette.

Fred Johnson was the best man. Seating the guests were Clarence Ledford and Bill Clemens.

The bride's mother wore a gray silk dress with contrasting accessories. Mrs. Ward was attired in blue crepe with beige accessories. Both mothers wore corsages of red roses.

Immediately following the ceremony, a reception for 125 guests was held in the church parlors. The bridal table was covered with a lace cloth which was centered with a four-tiered wedding cake and flanked with lighted tapers and flowers. The bridal party later attended a dinner at the Sea Food Grotto. They were joined by the bridegroom's brother, Lester, who flew from Camp McCoy, Wisconsin, and his fiancée, Dianne Wilson of Plymouth.

The young couple have returned home after a two weeks honeymoon in Florida and Havana, Cuba. They are at home to their friends at 27053 Wixom Road.

The bride was graduated from Redford High school and is employed at the General Motors Corporation. She is the daughter of Mr. and Mrs. Vanda H. Hunter of Detroit. Her husband was graduated from New Hudson High school and served for 18 months in the U. S. Navy. He is in partnership with his brother, Lester, in a gas station, at the corner of Beck Road and Grand River Avenue. His parents are the Ruben Wards of Grand River, Novi.

## Farm Bureau Plans Several Projects

The meeting of the Oakland County Farm Bureau was called to order by Mrs. Dewey Stover.

Mrs. Stover presented the state projects. It was voted that the group send \$10.00 to the state polio project; \$5.00 to the foreign student project; and \$5.00 for the Associated Country Women of the World. The county project was discussed and the ladies voted to try to raise \$300.00 to be presented to Dr. Ethel Calhoun for the Sister Kenny Foundation at Pontiac.

The president discussed the district meeting to be held at the Walled Lake Methodist church April 17. Reservations should be made with Mrs. Stover not later than April 14. Mrs. Fred Upcraft and Mrs. Ivan Miller will be hostesses and Mrs. Frank Winterhalter will act as registrar. Mrs. Burton Brendel and Mrs. A. Truesdale will serve as ushers and Mrs. Maurice Jones will be in charge of decorations. Mrs. Marjorie Bell will plan the dinner. The program for the day will be devoted to talks on civilian defense, nurse recruitment, and atomic bomb attacks. Mrs. Howard Wilson will lead the group with songs.

## Salem Man Weds in Fort Myers, Florida

Friends of Harmon Gale of Salem and Mrs. Edith Munn of South Lyon have been notified of their recent marriage at Fort Myers, Florida, March 15. The marriage took place at the First Methodist church with Rev. C. M. Cleveland officiating.

They were attended by Mrs. Susan Kovach and Melvin Gibson of Fort Myers. A reception was held at the Park Hotel in Fort Myers where Mr. and Mrs. Gale are residing. They are expected home in May.

## Plymouth Woman Has 90th Birthday

The 90th birthday of the mother of Alfred Strassen of Northville will be celebrated Thursday, April 5. Mrs. Charles Strassen of 219 South Harvey Street, Plymouth, will be surrounded on this day by members of her family.

Her eight children are George, Mrs. E. C. Drews, Cordula and Hanna, all of Plymouth, Esther and Theodore of Detroit and Alfred of Northville. She also has six grandchildren and three great grandchildren.

A resident of Plymouth for 36 years, her husband, the late Rev. Charles Strassen, was minister at St. Peter's Lutheran church in Plymouth. He passed away four years ago.

## Garden Club Invited To Spring Luncheon

The Northville branch of the Woman's National Farm and Garden Association will be guests of the Plymouth branch at the annual spring luncheon April 9 at 12:30 at the Masonic Temple in Plymouth.

Speaker at the event is Arnold Keller, vegetable specialist from Elyria, Ohio. His topic is "Vegetable Production in Brazil," and he will also discuss new methods used in raising vegetables. He now is testing vegetables at Elyria, Ohio. A graduate of Ohio State University and the University of West Virginia, during World War II, he was sent to Brazil as Food Production Officer for the Institute of Inter-American Affairs. He has also spent some time as extension specialist in vegetables at the University of West Virginia.

Mr. and Mrs. Arthur Miller (Mary Louise Walker) of Garfield Road announce the birth of a daughter March 30 at Sessions Hospital.

## Church Group Gives Three Act Comedy

The love affair of an artist who came to a small New England town and died leaving only a few canvases to pay the doctor for his efforts to heal, forms the background of the three-act comedy, "The Late Christopher Bean," which will be presented tonight and Friday at 8 o'clock in the Presbyterian Church House by the Couples Club.

It was a mild surprise to Dr. Haggett and his family when an old friend of Bean's dropped in and paid Bean's old bill, and only took away a couple of pictures as mementoes. It was a bigger surprise when another old friend of Bean's turned up on a similar errand, and the biggest of all when a great New York art critic arrived to pay his respects to the memory of the dead artist. It was overwhelming when they learned that Christopher's daubs were worth a fortune - and how they scurried to find them. There was one in the chicken coop and the daughter of the house had painted some flowers on the back of another, and Abby, the servant girl, had a portrait of herself in her room. A mad scramble ensues with Abby in the thick of it.

The unfolding is hilarious but beneath it all we catch the deep abiding love of Abby for her departed lover. Of all the people in town, she alone sensed his aspirations. Always through the scramble, the effect on the characters of those involved is uppermost, always there is the flurry and distress of minds under the turmoil of action; always through it, the lovable simplicity of Abby, to whom Christopher was an unmercenary memory of distant happiness.

With Robert Hart as their director, the cast has been working hard to deliver a polished performance. The members of the cast are: Dr. Haggett, George Weiss; Mrs. Haggett, Viola Groeneweg; Susan Haggett, Gladys Wess; Abby, Sheila Welch; Ada Haggett, Peg Hager; Warren Creamer, William B. Crump; Tallent, Dirk Groeneweg; Rosen, Ray Hager; Maxwell Davenport, Ed. Welch.

## Detroit Group Honors Presbyterian Ladies

The Detroit Presbyterian, meeting Wednesday, April 4 at the Grosse Pointe Memorial Presbyterian Church honored two of the Northville ladies who have been active leaders at the local church for many years.

Mrs. W. H. Yerkes was elected to life membership on the Board of National Missions and Mrs. Frederick Hedge was elected to life membership on the Board of Christian Education. The ladies had been presented with corsages by the members of the Woman's Union and a large delegation of Northville ladies were present for this special occasion.

## MATCH THIS OIL BILL . . . . . IF YOU CAN!

10 ROOMS FOR \$149.82

## BUY WINKLER AUTOMATIC OIL HEAT

Dear Mr. Otwell:

We've finished our first year with our Winkler Low Pressure burner and are very happy with the results. The Winkler burner was installed in July, 1949, and through June, 1950, it consumed 1140 gallons of oil at a cost of \$149.82. When we consider that we heat a 10 room house with an apartment upstairs, all to a comfortable temperature of 75° regardless of the weather outside, you can appreciate this low oil cost.

Should anyone doubt the foregoing statement, please feel free to call me as all my old oil bills are available as proof.

Signed:

L. B. RICE  
Manager, Plymouth Office  
Automobile Club of Michigan.

Thank you, Mr. Rice, for your kind letter about the Winkler Low Pressure burner. Watch this space next week for another Winkler story.

## Social Security Benefits Outlined

It is not necessary to be wholly or permanently "retired" to get retirement payments under the old-age and survivors insurance system, according to C. A. Mattson, Acting Manager of the Northwest-Detroit social security office. The number of people coming into his office confused on this point prompted him to make this explanation.

"Actually," Mr. Mattson pointed out, "the new social security law makes it possible for insured people 65 and over to collect retirement benefits while still earning up to \$50.00 per month on covered jobs. The old limit of \$14.99 was changed on last September 1. The \$50 limit does not apply to people age 75 or over."

"The law is simply that a person between 65 and 75 years of age cannot collect benefits for any month in which he earns more than \$50 from work covered by social security. No amount of earnings or income from other non-covered sources will affect his right to benefits. Insured people age 75 or over can collect even though working full time on jobs covered by social security, or for that matter, any job."

"Another point we'd like to get across," Mr. Mattson continued, "is that anyone now age 65 or over very likely is insured if he has worked as much as a year and a half, at any time back to January 1937, on social security—in covered jobs."

Mr. Mattson invites residents of this area who are eligible for benefits under the new law to get

HAVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight

Much of our nation's strength lies in its preparedness. Electric power is a vital resource. An important question is: Have we enough of it . . . enough for complete preparedness?

Detroit Edison's Answer is Yes

In December, 1950, demands for electric power by our customers were greater than ever before . . . five times during that month new records were established . . . and we had power to meet these demands. Yes, Detroit Edison is ready today and is building ahead to be ready tomorrow.

More Power to Keep Us a Stronger Nation

Our company's construction program will continue to keep us ahead. Since 1940, new equipment has increased our electric power capacity by 50%.

★ Two 75,000 kilowatt turbine-generators added at our Delray Power Plant.

★ Two 75,000 kilowatt turbine-generators added at our Marysville Power Plant.

★ Two 100,000 kilowatt turbine-generators added at our Trenton Power Plant.

With new construction our 1940 capacity will be doubled:

★ Two 100,000 kilowatt turbine-generators are being added at our Conners Creek Power Plant.

★ Three 125,000 kilowatt turbine-generators are being added at our new St. Clair Power Plant, now under construction.

Construction of transmission lines, substations and distribution circuits is keeping pace.

Similar effective programs are going forward in all of America's electric companies under the able management of men who know that a strong America is a free America.

## Baseball, Fame, Fun All Part of Game To German-Curtiss Battery in 1890's

Old time baseball fans will remember the battery of Harry German, Sr., who dazzled batsmen in the 1890's and 1900's and Will Curtiss, who was a standout catcher in those days.

George W. Stark recalled the pair in complimenting Curtiss on his eightieth birthday last fall in his "Town Talk" column for a Detroit News paper.

Ypsilanti Normal college had all the big guns in the late '90's, and mastered most other college teams around the state, as well as strong city teams. But German and Curtiss turned Ypsilanti taunts and jeers into admiration by downing powerful Normal while playing on a Dearborn team.

## Baseball Season To Open April 26

It looks as though the Northville High School baseball squad will have to open its season April 16 without a practice session on the diamond.

Coaches Al Jones and Dick Gray are trying to whip the team into shape, but there isn't a patch of dry ground big enough to put the whole squad on at one time.

Forty boys have reported for practice. Jones and Kay work the pitchers and catchers in the gymnasium and out of doors when weather permits. The rest of the squad drills as best it can on the sand lot behind the high school.

The Mustangs will open the season against Redford Union, there, on Monday, April 16, at 4 p. m.

Home games later in the season will be played on the diamond at Cass Benton Park when the ground gets hard enough to permit play.

## Harlem 'Trotters' End Cage Season

Detroit area basketball fans will get their last look of the season at the world-famous Harlem Globetrotters on Tuesday night, April 17, at the Olympia when the fabulous Negro squad meets the 1951 College All-Americans in a game that is part of the coast-to-coast World Series of Basketball.

In addition to presenting the Trotters, the game will bring into action many of the outstanding performers of the year in college ranks—Don Sunderlage, Illinois' captain and top scorer; Sam Ranzino of North Carolina State; Abe Becker of New York U.; Norman Pilgrim of Oklahoma A. & M.; Jim Slaughter of South Carolina; Jack Kiley of Syracuse and others to be announced.

The series between the Globetrotters and the All-Americans was inaugurated last year, with the Trotters winning the 18-game tour by a margin of 11-7. This year's series will include an outdoor game at the Rose Bowl in Pasadena, California.

## On Our 31st Birthday

Northville has been mighty good to us . . . and we are deeply grateful.

The enduring support of three generations of our neighbors — in Northville and the surrounding countryside — has brought us, this week, to our thirty-first anniversary in business.

We want to take this way of saying, "Thank You," to you good neighbors for the continuing confidence you have shown us.

The success we have had over the years has, in a very practical way, been shared with this community. For we have used a generous part of our profits, progressively, to acquire and maintain the latest equipment for the prompt and efficient service of all our customers.

We are ready, at any time, to extend the time-and-trouble-saving advantages of our service to you folks who have not yet done business with us.

Our policy in business has been aimed consistently at holding the quality line, at favorable prices, in spite of the growing difficulties of the times — and at always giving alert, satisfying, courteous attention to our customer's needs.

This policy has paid off steadily for many others — it will pay off for you, too. Put us to the test the next time you need coal, oil, etc.

Thirty-one years of successful operation in this community recommends us to your consideration.

With thanks and best wishes,

**C. R. ELY & SONS**
