

Ann Arbor Drama Season To Feature Five Plays

The Ann Arbor Drama Season will again present a series of five plays this spring, May 14th to June 16th, at the Lydia Mendelssohn Theatre on the University of Michigan campus.

Revived to great acclaim in the spring of 1949, the Ann Arbor Drama Season has a long history of distinguished achievements.

Founded in the 20's by Robert Henderson, New York actor and produced now in London, it was held each year until the war year of 1942. It has gained steadily in prominence and prestige throughout the country and has brought to Ann Arbor some of the finest actors from New York and the west coast. Its long series of presentations have ranged from plays by Shakespeare and other classic authors to those by the most modern in contemporary theatre.

The aim of the season is to contribute to the entertainment and culture of the state. It is sponsored by a committee of public spirited members of the University of Michigan faculty and Ann Arbor business men. The University contingent includes Provost James P. Adams, Professor Claribel Baird, Dean Hayward Keniston, Professors

Albert Marckwardt and Herbert Kenyon, and Dean Earl Moore. Eugene Power, Neil Staebler, and Roger L. Stevens represent the Ann Arbor Community.

Following Mr. Henderson, the late Helen Arthur and Miss Agnes Morgan, New York producers, had charge of the 1938 and 1939 seasons. Since 1940, Valentine Windt, Professor of Speech and director of dramatics at the University of Michigan, has been in charge. Mr. Windt will again direct the coming season.

A bill of plays similar to the one presented last year is in the process of preparation. Mr. Windt has just left for New York to make final arrangements. Last season the plays given were The Tempest, Born Yesterday, The Winslow Boy, The Barrier, and Getting Married. Among the players were Sir Cedric Hardwicke, Basil Rathbone, Vera Zorina, Mady Christians, Dennis King, Arthur Treacher, Judith Evelyn, Meg Munday, Arnold Moss, Muriel Rahn, John Buckmaster, Margaret Bannerman, and Colin Keith-Johnston.

Whereas, said hearing was held at the time and place appointed by said resolution and said premises were viewed in accordance with the statute; and

Whereas, it appearing from said hearing and view of the premises that the public will have no further use for the portion of county road in said subdivision so petitioned to be absolutely abandoned and discontinued, but it is desirable to maintain therein a public utility easement for the use and benefit of the public.

Now, Therefore, Be It Resolved that said portion of county road, being a public highway, upon the express condition that there be and hereby is reserved an easement in the lands now occupied by said portion of county road for the installation and maintenance of sewer, water, gas, electric, telephone and all other public utilities for the use and benefit of the public, and all persons, firms or corporations owning or operating said public utilities shall have the right to enter upon said easement for the purpose of installing, maintaining or operating any of said public utilities.

ON CAPITOL HILL

NEWS and COMMENT

FROM CONGRESSMAN

GEORGE A. DONDERO

Now it seems that more than ever before it is desirable for Congress to follow the advice of Senator Styles Bridges, of New Hampshire, and recall General Douglas MacArthur just long enough for a brief round of conferences with Congressional committees.

This can be done now, before the expected counterattack in May of the Communist forces in Korea. It would take MacArthur away from his duties for only a few days, and without question it would serve to clear up some of the confusion now existing in Washington.

In the course of debate in the House of Representatives on the bill to revise the Selective Service Act and to authorize Universal Military Training, Speaker Sam Rayburn stated that forces now massing above the 38th parallel "are not all Chinese Communists, by any means."

Supporters of Universal Military Training at once construed this to mean that Russia is sending its own divisions into the fight. Such an interpretation was bolstered by further vague statements from Truman administration leaders in the Senate.

But within 24 hours came a dispatch from Tokyo denying in substance everything the Truman administration leaders had

said. It became evident that Russia has given 3,000 warplanes to the Chinese Communists and probably has sent Communist-indoctrinated Japanese war prisoners from Siberia into Manchuria to help protect Russia's hitherto unprotected eastern flank. British sources say many of these war prisoners may be thrown into the Korean conflict.

But whatever the truth of the situation, "scare" statements by administration leaders have confused the issue. Only a direct statement by General MacArthur to the House Foreign Affairs and Senate Foreign Relations committees can relieve the minds of Congress and the public. All Americans have a right to know whether World War III actually impends, as administration leaders hunt.

In the same way, any MacArthur himself can clear up the matter of our general policy, if there is one, on the Korean War. He seems to be the only man, responsible either to the Truman administration or to the United Nations, who has the slightest idea of what our policy should be.

President Truman and the United Nations gave MacArthur a free hand in Korea, and the Security Council never has authorized sanctions to implement its resolution branding the Chinese Communists as the aggressors. When MacArthur drove the Communists above the 38th parallel, thereafter demanding a parley to arrange a truce, and warning the Chinese of eventual defeat in their homeland if they should refuse, both President Truman and the Security Council rapped his knuckles hard.

The State Department said MacArthur was encroaching on the domain of diplomacy, and sought to have him silenced. The Security Council merely suffered a severe case of jitters at the possibility of all-out war. But all history, including that of the United States, offers plenty of precedent for MacArthur's action. Manifestly he was entirely within his rights as top commander in the field.

It is equally manifest that the Truman administration does not want to recall MacArthur for consultation. Congress has the power to do so, through a Joint Resolution instructing the President to act, and setting forth that MacArthur shall be returned to his command. Only Congress is likely to call him home for a few days to present the facts.

Congress and the people must know those facts at first hand. Otherwise this country may, indeed, fumble its way into World War III.

Nails, glass, wire and other objects which cattle might swallow or step upon, should be picked up. Protruding nails in mangers of partitions should be removed.

Mud holes and stagnant ponds which may harbor parasites and germs should either be drained or fenced off.

Chief Joseph Denton gave his report for March, 1951; Superintendent Hartner reported on the work done by his department during the same period; Village Attorney James Littell tendered to the Village a quit-claim deed from Wm. B. Walker, Jr., to the east 16 feet of Lot 122, of Assessors Northville Plat No. 1, which was deeded to the Village to complete a 16 foot alley at the rear of Lots on the south side of Gardner Street, Health Commissioner Chabut also read his report for this period.

It was then moved by Stubenvoll, supported by Locke, that these reports be accepted and placed on file. Carried.

Commissioner Locke reported on the condition of the fire siren, which he had been informed would cost nearly as much for repairs to put it in first-class condition as it would to purchase a new one. It was moved by Locke, supported by Stubenvoll, to advertise for bids on a new fire siren. Carried.

Commissioner Locke also reported that he and Chief Joseph Denton had made a survey of the Village streets as to bottlenecks in parking, etc., as the Village Commission had requested them to do, and the following were the recommendations which they wished to make: (1) No parking at any street intersection within 20 feet of the corner, except at the two corners where there are lights. These corners to be marked, painted and signs erected prohibiting such parking; (2) Main Street to be designated as a fire lane, with 24 hour ban of parking on the south side of Main Street from Wing Street to Rogers; (3) That Linden Street from Dunlap to Main be established for one side parking, and that such parking be on the east side of the street and eliminated on the west side. That the sidewalk area on Linden Street in front of Atchison Memorial Hospital be marked as a loading and unloading zone; (4) That parking on the west side of West Street be eliminated between Main and Dunlap Streets; (5) That Church Street be designated as a fire lane, and parking be eliminated on the east side of said street.

Commissioner Locke then moved that these recommendations be adopted, and the motion was supported by Commissioner Stubenvoll. Carried.

Civilian Defense Director Forrest Doren asked that a sum of money be appropriated for supplies and hiring someone to do the necessary typing and to assist with office work in connection with the Civilian Defense Program, which he was assured would be done.

John Miller, who is in charge of the tree trimming program, reported on the work still to be completed, and that he had the trees lined up for planting during April.

Commissioner Stubenvoll, Chairman of the Finance Committee, then presented the proposed budget for the fiscal year 1951-1952, item for item, and after careful consideration of each item as it was read and some suggested changes, it was moved by Ely, supported by Locke, that same be accepted as submitted, and that notice of public hearing be published in The Northville Record, also posted in three public places; said hearing to be held at the first regular meeting in May, being May 7, 1951. Carried. Said budget is now on file in the office of the Village Clerk, where it may be seen upon request.

No further business appearing meeting was adjourned.

Signed: MARY ALEXANDER, CLERK.

BOY SCOUTS OF TROOP N-5

Wednesday the Boy Scouts of Troop N-5 met at the Scout Building. We made plans for the camp-out to be held March 30, 31 and April 1 and took the names of the boys who planned to go. Then we sent the patrols out to memorize the things in a store window.

Friday we met at 6:00 p.m. at the Scout Building for the camp-out. Our Scoutmaster, Rex LaPlante, took us out to Brighton. There were 11 boys and Saturday Max Austin brought 5 more boys. Saturday night we had a "Court of Siam." We left Sunday noon.
