## Merchants Group Organizes Monday

A group of Northville retail merchants began organization of a Retail Merchants Association Monday night.

Merchants gathered at the Veterans Memorial Hall to consider community problems and to discuss ways of improving Northville.

The association talked over the establishment of a credit reference system, the parking situation and other problems confronting both merchants and Northville citizens.

Leland V. Smith, M. C. Gussell and Alfred Sibley were named to invite merchants not present to attend future meetings.

Wallace Eckler, George Clark and Roy Stone will formulate by-laws, aims and purposes of the association.

Mrs. Nellie Barry, John Wortman and Maurice Lapham will serve as a nominating committee.

The group will meet again Monday, April 20, at the Veterans Hall. All retail merchants are urged to attend.

## Tony Steps Down, Team Loses Crown

Courtesy turned around and kicked Tony Bongiovanni and the Bev. Smith Motors bowling team in the seat of the pants.

The team bowled in the Detroit City tournament and tied for second place, only five pins out of first and the trophy. Because the Smith team carries six men, and only five can bowl in competition, Bongiovanni stepped down and rolled for the H. H. Dickerson team.

Here's the rub. Tony was hitting, and chances are good that if he had bowled for the Smith team, his score would have been more than enough to push the team into first place. It was just a case of figuring out in advance who was going to be blasting the pins and who wasn't.

Don Miller, Dick Judy, Pete Gross, Bert Hawley and Angie Gadioli, the Bev. Smith quintet, knocked down 2920 pins and added a 209 spot for a 3129 total, just under the winning 3134.

The team will journey to St. Paul, Minn., for the A.B.C. tournament, May 6.

## 'Teen Keglers Vie for Championship

The chips are down in the Teen Agers bowling league. The youngsters keeling for the Bev. Smith Motors team and Don's Midgents, now tied for first place, will face each other in the deciding match at 10:30 a.m. Saturday at Royal Recreation.

The match will determine the champions of the league and ring down the curtain on the bowling season for the young bowling enthusiasts.

### Solicit Village for Cancer Drive

The outlook for controlling cancer is brighter than ever before, because of widespread public education, advances in detection and treatment and research into the cause of this major mystery.

On the average, one American dies of cancer every three minutes. The death toll now is more than 188,000 annually. It kills more women than men. Among women the four most frequent sites of cancer are, in order the uterus, breast, intestines, and rectum, stomach and duodenum.

Among men, the most frequent sites are stomach and duodenum, intestines and rectum, prostate gland, kidneys and bladder. If it is caught early enough, recent figures show a chance for 95 per cent cures of cancers of the skin or lip, about 75 per cent of cancer of the breast or uterus. One bright spot has been the drive by the American Cancer Society for the early discovery of cancer.

Therefore, when the "Crusade Solicitor" calls upon you, be just as liberal as possible. We do not know where or when cancer strikes next, and we have had so many victims in our own community.

The Village and Township will be covered by the following chairmen and their committees: Chairman, Mrs. Edward F. Angove; Co-Chairman, Mrs. Robert K. Lyke; Treasurer, Mrs. A. Russell Clarke; Memberships, Mrs. R. J. Wetterstrom; The Bank, Mrs. Harvey Whipple; Post Office, Mrs. Carl H. Bryan; Theatre, Mrs. Nelson Schrader, Jr.; Organizations, Mrs. W. F. McCarthy; Canisters, Mrs. Harold Bloom and Mrs. R. N. Stillson; Business, Mrs. Edward F. Angove; Mrs. Wm. Weidner; Tag-day, Mrs. R. M. Atchison; Mrs. H. A. Willis; House to House, Mrs. T. Howard Bray; Mrs. Jack W. Reynolds; Mrs. D. Harper Britton; Mrs. Karl Karg; Publicity, Mrs. E. J. Willis.

The name of the recipient is stamped in gold on the cover and embossed on an honor page recording the student's victory.

### Lincoln Friend Opens "Quarterboot Room"

Adding a horse note to Northville's eating and dining facilities is the new Quarterboot Room at the Lincoln Friend Riding Stable at 46820 West Eight Mile Road. Finished in ranch house style, the room is paneled in pine and decorated with a horse motif. Many of Northville's young riders have their pictures decorating the walls.

At present dinners are being served Saturdays and Sundays. Later in the season the dining room will be open every day. Special parties may be held at any time.

### Teams To Organize for Softball League

A Men's Softball League meeting has been called for Thursday, May 3 at the Village Hall at 7:30 p. m.

A final hearing will be held on the rules and the schedule, and sponsors are requested to attend or have their representative present. Play has been scheduled to begin the week of May 21, so it is important for everyone to be present at the May 3 meeting.

Joe Denton and Bill McGee are in charge of the police and fire departments, respectively.

The Northville Defense Council plan for the protection of the community in case of atomic attack are based upon and patterned after the State Defense program. Under the present regulations as prescribed by this program Northville is completely operative and has fulfilled the State requirements. Further improvement of the plan involves acquainting the public with the problems faced in an atomic catastrophe and imparting safety measure procedures in the home.

#### Train Personnel

It is necessary that villagers also acquaint themselves with the warning signals and the provisions that will be made for school children in regard to protection or possible evacuation. Further training of key personnel in the defense council is going on at the present time and Northville will have available all possible equipment and will enjoy the same source of protective information as any city in the state.

Mrs. James Green was appointed program chairman in charge of public information. She has access to information as to where films and speakers may be obtained for programs for the local clubs and groups which are interested in having such information.

The police and fire departments need more volunteers that can be called in case of emergency. This program provides security for each member of our community and all are urged to do their part by volunteering to serve as a member of some committee of the defense council.

Residents of the township are invited to consider themselves as part of the village and that cooperation in the program will be appreciated.

### Council Considers Repairing Silent Village Timekeeper

A delegation from the First Methodist Church was present at the Village Commission Monday evening to protest the removal of the town clock which is affixed atop the church. The group feels that it is one of the few remaining landmarks in the community and should be preserved.

The Council appointed Rev. William Johnson to find out how much it would cost to renovate the clock tower and put the clock in running order. They felt that if the cost was not too great, they would be willing to repair the clock and tower.

Donated to the town in 1894 by John Gardner, a wealthy retired farmer who himself was not a member of the Methodist church, the clock has four dials each being five feet, six inches in diameter. The dials are of ground glass three-eighths of an inch thick so as to allow illumination from within. At its inception, the clock was an eight strike gravity escapement move-

### Delegate Chosen for Girls' State

Andrea Owen, daughter of Mr. and Mrs. Orlow Owen of West Seven Mile Road, has been chosen by the ladies of the Auxiliary, Lloyd H. Green Post 147, to represent Northville at the Wolverine Girls' State with Bea Japchick as alternate.

The decision was reached after careful consideration given to the reading of unsigned entry letters in the Girls' State contest. An effort was made to send the second girl but the full quota of 238 girls was already filled.

A full week of pleasure and learning will be Andy's privilege and honors may be won for Northville. The 238 girls in attendance will be formed into towns of 17 girls each with a counselor assigned to each "town". An outstanding girl will be selected from each group to serve as candidate for governor of the entire "state".

A simulated political campaign is then waged and the winning contestant is elected as governor and goes on as delegate to the State Convention and may finally attend the National convention.

In the selection of a Girls' State citizen, the most important qualification is leadership; then follows character, courage, honesty, scholarship and cooperativeness. The girl selected must be able to absorb and to bring back the learning to her friends and classmates. Many girls have chosen their future careers from ideas gleaned during attendance at Girls' State.

Wolverine Girls' State which will take place on the University of Michigan Campus, Ann Arbor, the week of June 19 through 25, is "dedicated to the training and development of girls who show inherent qualities of leadership". Members of the University of Michigan staff and counselors will offer the girls instructions, guidance and demonstrations in household arts, hospital work, dramatics, fine arts, physical education with the emphasis on actual experience in governmental procedures and functions.

### School District Expansion Proposed

The public is invited to attend the Wayne County Board of Education special meeting April 23 which has been called for the purpose of determining whether the boundaries in the school district shall be changed. The meeting will take place at 5:00 p. m. in the office of Superintendent Russell H. Amerman in the Grade school building.

Certain residents residing in the Sheldon Road area some time ago petitioned the Waterford, Northville and Wayne County Boards of Education, asking that an area of approximately 78 acres be joined to the Northville School District No. 2. Fr'l from District No. 2 Fr'l from District No. 5.

Waterford and the Northville Boards of Education have already consented to this move and it is now up to the Wayne County Board of Education to give final approval before the land can be attached to the Northville, Novi School District No. 2, Fr'l.

### Public Invited to See New Teachers Room

Patrons of the PTA Carnival Friday are invited to view the teachers room in the Northville Grade school which has been furnished by the Northville Mothers Club.

The room will be used by the teachers when they do not have scheduled classes, as a place where they can relax and correct papers.

### Movies, Midway, Exhibits Are Highlights of PTA Carnival

Hawkers will be on deck Friday evening at the Northville Grade and High school beckoning kids from six to sixty to step right up and join the fun at the second annual PTA Carnival. Doors for the gala extravaganza will open at 6:00 p. m.

Proceeds from the Carnival will provide funds for the PTA Scholarship which will go to some worthy senior who plans to enter the teaching profession. Other school projects will also be aided by Carnival proceeds and a portion of it will be set aside to provide a permanent Carnival fund so that it will become an annual affair.

### VFW Aux. To Stage "Going Places"

Mrs. Zada Riley, president of the Ladies Auxiliary of the Veterans of Foreign Wars Post No. 4012 announces that arrangements have been made by the club to present "Going Places", the new musical stage show on April 26 and 27 at the Presbyterian Church House. Mrs. Riley says that the show has come highly recommended, as it has met with outstanding success in other communities.

Helen Humphlett is directing the show and she states that it is something entirely different in home talent entertainment, for in it the audience participates, and the show is packed with colorful costumes acts to keep the audience laughing.

The leading character of "Going Places" is Uncle Billy, station master of Hometown, U. S. A. Uncle Billy is a typical character found in most hometowns, a man with a sense of humor and a fine philosophy. As the show opens, Uncle Billy is retiring after 50 years as station master. As he leafs through his clippings in his scrapbook, the interesting events and celebrities he remembers come to life on stage.

He remembers when Bob Hope came to stage a war bond rally. As he tells of it, a prominent local man appears to impersonate the wise-cracking comedian. Hollywood starlets are high school girls wearing special costumes and singing songs. In still another scene, girls in Oriental costumes dance and sing lyrics written especially for "Going Places".

In the Professor Quiz show, silver dollars are given to the members of the audience who compete in the local presentation of the most famous of all quiz programs.

A "Kitchen Queens" band plays pots, pans, skillets and other household gadgets. Reports from other towns are enthusiastic about the stage hit. The Ladies Auxiliary of the VFW suggests you plan to remember the production dates, April 26 and 27, and enjoy the musical stage show, "Going Places".

**Social Security Tax Reports Due Apr. 30**

Are you a farm operator who regularly employs a hired hand? Then you'll need to send in a social security tax report to the Collector of Internal Revenue by April 30, if your farm hand worked for you 60 days or more on a full-time basis and earned cash wages of \$50 or more during January, February, and March.

This applies to domestic help in a farmhouse also. Remember the deadline for the first quarterly tax return is April 30. For more information on how to go about reporting your farm employee's social security tax deductions, call or write the office of the Collector of Internal Revenue at 17317 Lahser Road, Detroit 19, Michigan, KENWOOD 1-8500 or the social security office at 12065 Wyoming, Detroit 4, Michigan, TEXAS 4-4750. Remember, April 30 is the deadline.

Though Canada is a coal-producing nation, she took 16 million tons of U. S. bituminous in 1949.

Imagine a business in which everybody did exactly as he was told immediately upon being told to do it.

**Institute To Display Auto Collection**

A collection of forty-nine accurately scaled miniature engine models, donated to The Edison Institute by Charles Brady King, Detroit automotive pioneer, is now on exhibition to the public in the Greenfield Village Museum, Dearborn, Michigan.

The King exhibit will illustrate the significant developments in motive power through the successive stages of steam, electric and internal combustion locomotion. Mr. King, who invented his first car in 1896 and drove in the first automobile race ever held in the United States, made himself or collected these models all over the world for many years.

Models of steam engines, beginning with the early Watt and "walking beam" types, comprise the largest section of the exhibits. Steam engines were first used for pumping out coal mines in England. The models can be activated by compressed air for demonstration purposes.

The King Collection will be open to the public in the Greenfield Village Museum weekdays from 9 a.m. until 5 p.m., and weekends from 9:30 a.m. to 6 p.m.

However momentous the conference, if it lasts long enough, the thought uppermost in the minds of the conferees is, when do we eat.

 The place of Christ Jesus in the redemption of man is explained in the Lesson—Sermon of April 22 when the subject in all Chris-

tian Science churches will be "Doctrine of Atonement." The Golden Text is from I Timothy (2:5, 6): "There is one God, and one mediator between God and men, the man Christ Jesus; who gave himself a ransom for all, to be testified in due time." Among the Bible citations is this passage, (Ps. 40:5): "Many, O Lord my God, are thy wonderful works which thou hast done, and thy thoughts which are to us—ward."

## To Be Shown Here

"TO EVERY CREATURE"

## Church To Show MBI Production

Primitive tribes, strange customs and weird rites in the depths of the South American jungles are included in the latest film, "To Every Creature", produced by the Moody Institute of Science, Los Angeles. The sound-color film will be shown in the First Baptist Church, Tuesday, April 24, at 7:30 p. m.  
 Outstanding sequences in the picture reveal the brewing of masatos, a deadly liquor produced and used by the Shipibo Indians; a monkey killed, cooked and eaten; a Piro witch doctor incanting his evil and furious tribal dances. Besides, there is an interesting sequence about the use of the airplane and radio to reach these pagans with Christianity. Many subjects seen in the film have never been photographed before.  
 During his recent trip through the South American mission fields, Dr. Irwin A. Moon, director of the Moody Institute of Science, turned his movie camera on these dramatic scenes as he traveled in dangerous, unexplored areas of this jungle country. Typical of unusual subjects his discerning lens captured on film were the odd "square-headed" people.  
 One fascinating episode in the picture presents the Moody Bible Institute training of missionary technicians, who on graduation will aid missionaries with their travel and communication problems. The Institute maintains its own planes and airfield at Wood-dale, Illinois.  
 Students are taught to fly and maintain their planes in various climates and for various terrain. When a student goes to the mission field, he is then able to understand and cope with actual flying problems he must face in such places as the South American jungles and mountains.

## Ward-Wilson Vows Read in Novi

Rev. J. M. McLucas read the wedding ceremony April 14 which united in marriage Diana Mae Wilson and Lester Howell Ward. The vows were pledged at the Novi Methodist church at three o'clock in the presence of relatives and friends.

Mrs. McLucas presided at the piano and Mrs. Campbell of Brighton sang "Because" and "Always" before an altar flanked with vases of white gladioli, and multi-colored snapdragons.

The bride wore an ice blue satin and lace gown, fashioned with a fitted bodice, which buttoned down the back, long sleeves, and a skirt worn over a hoop. She wore a shoulder length veil which was held in place by a bonnet and she carried a white Bible topped with white roses. Maid of honor was Mae Siloff

who wore a yellow organdy gown and carried pink carnations.

Lester asked his brother, Doyle Ward to be best man and seating the guests were J. T. Stone and James Walden.

The bride's mother was attired in a pink silk dress with black and white accessories, while the bridegroom's mother wore a navy blue crepe and lace dress and her accessories were in blue and beige tones. Both mothers pinned pink carnation corsages to their shoulders.

Immediately following the ceremony, a reception was held in the church dining room. The bridal table was centered with a bouquet of snapdragons and a tiered wedding cake.

The young couple then left on a short wedding trip to Chicago, and then on to camp McCoy, Wisconsin, where the bridegroom is stationed.

Lester is the youngest son of the R. E. Wards of Novi.

## APRIL BRIDE

MRS. FRANK VANTREASE

## Lace, Satin Ballerina Gown Chosen by Harriet Lefler

Harriet Lefler and Frank Vantrease of Detroit pledged their vows in a ceremony read at the Lefler home on Cady street last Saturday evening.

Rev. A. K. MacRae read the vows in the living room which was attractively decorated with bouquets of white snapdragons. Selma Schnute played the wedding march and the bride's niece, Helen Bartley sang, "Because."

Given in marriage by her father, Harvey Lefler of South Lyon, the bride chose a white lace over satin ballerina gown. The gown was accented with a boat neckline, cap sleeves and lace gauntlets. A string of pearls further accented the neckline and her fingertip veil was held in place by a heart shaped headpiece. Harriet carried an arm bouquet of white roses.

Her only attendant was Mrs. John Bartley of Plymouth who wore a floor length gown of pale green net over taffeta. She carried a bouquet of red roses.

Best man was Robert Dormer of Detroit and seating the guests were the bride's two brothers, Carson Upthegrove of Rochester and Garnet Upthegrove of Detroit.

For her daughter's wedding, Mrs. Lefler chose a royal blue crepe dress and she pinned a corsage of pale yellow roses to her shoulder.

A reception followed for 40 guests, Mrs. Fred Clark taking charge of the reception. She was assisted by Freida and Lena Upthegrove of Detroit.

The young couple then left on a trip to Northern Michigan. For going away, Mrs. Vantrease chose a beige suit with matching topcoat and black and pink accessories. They are now at home at 211 Cady street.

Harriet is the daughter of Mrs. Myrtle Lefler of Cady street and Harvey Lefler of South Lyon. She was graduated from Northville High school with the class of 1948 and is now attending Michigan State Normal College, Ypsilanti, where she is majoring in home economics.

Frank's parents are Mr. and Mrs. C. Roy of Detroit. He was graduated from the Wilber Wright Trade School and is now attending Wayne University.

Whereas, pursuant to said petition and in accordance with the provisions of Section 18 of Chapter 4 of Act No. 283 of the Public Acts of the State of Michigan for the year 1909, and amendments thereto, this Board did, by resolution dated January 25, 1951, resolve that a hearing be held on March 1, 1951, at 11:00 a.m. E.S.T. at 3800 Cadillac Tower, Detroit 26, Michigan, to determine the necessity or advisability of absolutely abandoning and discontinuing said portion of said county road; and

Whereas, pursuant to the above mentioned statute, this Board has served a notice of said hearing upon all of the owners and occupants of lands through or adjoining which it is proposed to absolutely abandon and discontinue such county road, and published a copy of said notice in the Legal Record, a newspaper published within the County of Wayne, on February 8, 1951; and

The highly-touted bi-partisan policy of Gov. G. Mennen Williams has blown up in his face and possibly his entire tax program with it. When the governor promised to veto any gas tax bill exceeding three-fourths of a cent per gallon, Rep. Victor A. Knox (R-Sault Ste. Marie) said Williams "was out of line" and left the executive office.

Speaker of the House Knox had gone on record as favoring a corporation levy. Now he says, "Perhaps not all Republicans feel the same".

Prospects are fading that the legislature will enact any kind of a corporation profits tax.

The Michigan TB sanatorium commission has been instructed to proceed with plans for a 200-bed sanatorium in Kalamazoo. Building program is expected to be limited to \$5,000,000 for TB and \$60,000,000 for mental hospitals.

Twenty senators have demanded that the TB commission also make a 30-day study of state needs at both state and county levels.

Abolition of the Michigan unemployment compensation commission and increases in unemployment benefits have been proposed by the legislature. The measure would raise maximum benefits from \$24 to \$30 per week for unemployed without children. Dependents allowance would rise from \$2 to \$3 up to three.

A single commissioner, to be appointed by the governor, would administer the system. Tom Downs, current commission chairman, long ago recommended this move.

If Michigan's traffic death toll continues at its present rate, more than 2,000 persons will die on state highways and streets in 1951. First two months of this year saw an increase of 29 per cent over that period of last year. All-time yearly high was 2,175 in 1937.

The automobile industry's current contracts for aircraft engines top production orders of World War II. Eleven contracts now are held or are being negotiated. During World War II the industry built 455,522 engines.

Over the entire country production capacity has increased so much that despite the defense program we have surpluses in a number of lines, price cutting in a few and only scattered layoffs.

Peach growers profit from new, hardy, early-ripening variety

Peach growers who long have wanted an early-ripening fruit that would ship well are profiting from the new Fairhaven peach. This variety is the fourth peach developed at the South Haven substation of the Agricultural Experiment Station of Michigan State College. It is designed for the market period after Redhaven but before Halehaven, Kalhaven and South Haven. The new Fairhaven features a hardy bud that is resistant to cold and fog, and a fruit that is firm and ships exceptionally well. When ripe, it is freestone. Growers interested in a sturdy, early-ripening peach can get further information by calling, writing or visiting their County Agricultural Agent.

A complete index to the over 400 jobs and 40 major fields of work described in its occupational guides series has been published by the Michigan State Employment Service, a division of the Michigan Unemployment Compensation Commission, according to William R. Daniel, manager of the commission's Plymouth branch office.

## Why you should never let your BLUE CROSS-BLUE SHIELD membership lapse!

If you're planning to change jobs or terminate your employment for any reason, you can very easily keep up this priceless protection against unexpected hospital and medical bills.

If you go to work  
for another firm that doesn't  
make these plans available...

... you can easily continue your membership through the Direct Payment Plan. In fact, as soon as we are informed that you are no longer with your original group, full information on the Direct Payment Plan will be forwarded to you. If you have moved recently, send your new address to Blue Cross-Blue Shield, 234 State Street, Detroit 26.

If you're going to work for  
another company that makes Blue  
Cross-Blue Shield available...

... then it's just a question of changing from your old group to a new one. Your new employer will arrange the transfer for you—but be sure to notify him immediately!  
As long as your Blue Cross-Blue Shield Membership Card remains in force, you and all enrolled members of your family are protected against unexpected health-care costs.

### REMEMBER—accidents and illness could strike in your family tomorrow!

There will be hospital or medical bills in about one out of every four families this year! Such unexpected bills can easily wipe out family savings. Often people have to borrow money in order to meet them.

Your Blue Cross-Blue Shield membership is priceless protection. You're lucky to have it. Don't let it lapse!  
For further information about retaining your protection write to Blue Cross-Blue Shield in one of these cities.

## Two Villagers Visit Knott's Berry Farm

Mrs. Leo B. Bink and Mrs. Fred Burch of Northville recently visited Knott's Berry Farm and Ghost Town in Buena Park, California.

There, like the forty-niners, they tried their luck panning real gold in the ancient sluice box at the Old Gold Mine. Later they visited the Wagon Camp, where in a huge circle, real covered wagons were lighted by the flickering flames of a large camp fire. From here, they wandered through the Music Hall, General Merchandise Store, the Covered Wagon Show, and many other buildings erected by Walter Knott as a monument to the pioneers of the early West.

## Customers' Corner

A few years ago we had quite a few complaints about the delay at our checkout stands.

We worked hard to solve this problem by increasing and improving the stands and training our checkers to do a more efficient job.

Has this effort paid off in your A&P?

Is there a minimum of delay at the checkout stand?

Our checkers strive constantly to be courteous, efficient and accurate.

If you have any suggestions that will help them improve our checkout service, please let us know. Please write:
