A displaced family has come to Northville to make their home. Mr. and Mrs. Ottlo Stefan of Yugoslavia are residing at the Thomas Ankner home on North Center 'Street. Mrs. Stefan is Mr. Ankher's sister and they had not seen each other since 1929. Mr. and Mrs. Stefan had been in a DP camp in Austria since the German invasion of Yugoslavia. A painter by trade, Mr. Stefan hopes to find similar work in the Village.

## "Joe's experience sold me!

I'd been passing up the Blue Cross-Blue Shield protection we can get through our company—until I saw how those plans helped him when he needed it."

When Blue Cross and Blue Shield were made available where I work, Joe signed up first thing. I held off, myself. Figured I didn't need the protection pretty healthy in our family-and I'd 'save'

"But last year Joe had to go to the hospital for quite a stay. He needed all kinds of drugs and treatment. his little girl was taken sick and went to the hospital, too. Joe admits he'd be in debt today if it weren't for the way Blue Cross covered the...

... hospital bills—and Blue Shield paid for most of the medical and surgical treatment. Joe's case opened my eyes . . . I signed up my whole family at the next enrollment period. It doesn't pay to pass up that kind of protection!"

And remember-a Blue Cross-Blue Shield Membership Card gets you admitted to a participating hospital without red tape or cash deposit. And afterwards, there are no claims to file, because Blue Cross-Blue Shield pay hospitals and doctors directly.

## How about you and your family?

Chances are 1 in 3 that someone in your family will go to the hospital this year. The trucks that do the most for you-"Job-Rated" trucks

# ...with features you've always wanted

More power with thriftier performance

You'll get power to spare—with economy to boot! Eight Dodge truck engines—94 to 154 horsepower—have power increases up to 20%. High compression gives flashing performance with less fuel. For year-in, year-out economy you get 4-ring pistons with chrome-plated top ring, "hotter" spark plugs (on models through 1 ton), heat-resisting exhaust valve seat inserts, 45-ampere generator, and moisture-proof ignition.

Better load protection...easier handling

Load and driver get the smoothest truck ride ever known! Revolutionary new "Oriflow" shock absorbers on 1/2-, 3/4-, and 1-ton models smooth out bumps and jolts on any road . . . And driving is made even safer with easy-acting, worm-and-roller steering gears on most models. To add to safe handling ease, you also get cross-steering, shorter wheelbase, wide front tread, and shorter turning diameter.

What Job Rated means to you

A Dodge "Job-Rated" truck is engineered at the factory to fit a specific job . . . save you money . . . last longer. Every unit from engine to rear axle is "Job--factory-engineered to haul a specific load over the roads you travel and at the speeds you require.

Every unit that SUPPORTS the loadframe, axles, springs, wheels, tires, and others—is engineered right to provide the strength and capacity needed.

Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered right to meet a particular operating condition.

127 Hutton Street

### Greater safety for both driver and load

Cyclebond brake lining on all models assures positive, smooth stops with long lining life—because there are no rivets! A brand-new development—Tapered Molded Gyclebond lining—is featured on all models, 1½-ton and up, except air-brake models. It's extra-quiet, extra-smooth, extra-long-lasting! And Dodge gives you the added safety of all-steel "Pilot-House" cabs —with super-sized windshield, lower hood line, and relocated windshield wipers for better visibility.

For smoother performance . . . longer truck life FLUID DRIVE! A Dodge exclusive

Available on ½-, ¾-, and 1-ton models. This proved fluid coupling between engine and clutch cushions starts, protects more than 80 parts, including entire drive line. Smoother starts give added protection to your load. Driving is easier! Less gearshifting! Your truck lasts longer! Ask us for copy of free gyrol Fluid Drive Booklet.

PLUS all these time-proved features Dodge Trucks have had for years

Steering column gearshift, standard on ½-, ¾-, and 1-ton models with 3-speed transmission. Independent hand brake for added safety. Synchro-shift transmissions (3-speed, 4-speed, or 5-speed) rugged, silent, precision engineered. De Luxe cabs (with rear quarter windows) available on all models. And many others!

Pearl Harbor-1941. Korea-1951. Only ten years. But in that time the Bell System's capacity to serve the nation has literally doubled!

And the Long Distance telephone network which ties America together has grown even more. In 1941, there was very little coaxial cable in use. Radio relay was still in an experimental stage. Yet today there are 8,000 miles of coaxial cable in service - plus thousands of miles of radio relay. And Long Distance telephone circuits have increased in ten years from about 4,800,000 miles to 20,800,000.

In times like these, telephone lines are defense lines. For they are helping America rush its big production program. It's fortunate this nationwide network has grown so big, so fast.

ways in which to improve the opportunities of older workers to retain an active place in the labor force or otherwise participate in useful activities."

This significant and timely statement is from the Social Security Administration's annual report just transmitted to the Congress by Federal Security Administratoi Oscar R. Ewing.

In further comment on the importance of conserving the productive capacities of older people the report points out that endeavors to that end are "a constructive and encouraging recognition of the material and spiritual resources of this segment of our population." The detrimental, physical and psychological effects of sudden retirement in many cases are noted.

cial significance. In this connection, the report makes it clear that old-age insurance benefits "Society has begun to seek under social security are not intended as an annuity payable merely because an individual reaches age 65. It points out that benefits are intended rather to assure a regular income when the beneficiary retires-at age 65 or at a later age. This protection is planned to encourage able-bodied people to confinue working regardless of age.

> The report focuses attention on the importance of the aged group in our present-day economy, and contains some pertinent statistics on the fact that our people as a whole are living longer than ever before. A half century age only one person in 25 was age 65 or over; today the proportion is 'one out of every 13.
