

Should Northville Incorporate As A City?

THIS IS THE THIRD OF A SERIES OF ARTICLES PREPARED AND PUBLISHED IN THE PUBLIC INTEREST. AN ATTEMPT HAS BEEN MADE TO KEEP THE SUBJECT MATTER WHOLLY FACTUAL AND IT IS OFFERED SOLELY FOR THE PURPOSE OF PERMITTING THE RESIDENTS OF NORTHVILLE AND THE SURROUNDING COMMUNITY TO DETERMINE FOR THEMSELVES THE DESIRABILITY OF INCORPORATING ALL OR A PORTION OF THE COMMUNITY AS A CITY. UPON COMPLETION OF THE ARTICLES, AN ATTEMPT WILL BE MADE TO ANSWER ANY SPECIFIC QUESTION WHICH MAY BE SUBMITTED TO THE EDITOR UPON THIS GENERAL SUBJECT.

Having considered in previous articles the basic differences between a city and a village wherein it was shown that townships supply village residents with certain legally required duties, and villages assume the burden of their own local services, it seems only proper to consider whether the Township of Northville supplies the residents of the Village of Northville with any local services either in whole or in part.

There are no local services supplied the residents of Northville and paid for entirely by the Township of Northville. However, there are some local services for which the Township of Northville makes a material financial contribution. One of these services is the recreational program to which the township during the past fiscal year contributed the sum of \$3,000.00 and is contributing the same amount during the current year. To this financial contribution must be added some figure representing the rental value of the so-called Boy Scout Building.

Township funds were used to pay one-half of the cost of the fire truck purchased several years ago.

Also, the township pays the Village in the form of rental an agreed amount representing a contribution towards the cost of maintaining twenty-four hour telephone service on fire calls.

A further instance of Township contribution toward local Village service is the recent paving of W. Main Street from Rogers to Clement Road. More than one-half of the area paved is within the Village limits. The entire cost of the improvement was \$6,000.00. The County assumed one-half of the cost and of the remaining half, the Village paid one-third and the Township two-thirds.

Another local service in which the Township participates for the benefit of Village residents is the library. The Township, which owns the building, contributes the building rent free for library purposes and maintains the building from the standpoint of structural repairs. The books periodicals and some of the furnishings are owned by the Wayne County Library Department. The library is operated by Wayne County which, for the fiscal year ending November 30, 1950, spent for operating costs at the community level the total sum of \$11,616.53. This expense was made up of salaries, books, periodicals, fuel, telephone, gas, oil, binding, etc. Certain items of overhead allocable to Northville such as pension contributions and cataloging are not included in the above figure. Wayne County Headquarters advises that the operational costs for the fiscal year ending November 31, 1951 will be somewhat higher than the above figure. All of this operational cost comes from County funds and therefore, Village residents are paying nothing in their Village tax burden for operating the local library. Neither does the Township tax go to help maintain the local library, but because the Township does furnish the building and make certain expenditures for maintenance, it can be said that the township is contributing toward this local service.

In respect to the library, it is interesting to note that the County Board of Supervisors has determined that where a city has an assessed valuation equal to \$1,000.00 per capita and a population of at least 10,000, then that city must assume the entire burden of operating the county library located within its limits. The Village of Northville does have an assessed valuation greater than \$1,000.00 per capita, but its population is not 10,000 and, therefore, even if (Continued on page 3)

Santas' Helpers Donate TV Sets to Maybury Sanatorium Children

Biddle To Operate School Buses

At the last Board of Education meeting, the members voted to allow Tunis P. Biddle of the Northville Coach Line, to store, service and operate the two buses which the Board recently bought.

The buses will make runs in the former DeKay, Waterford and Hinman school districts. In time the buses will pick up the children living more than one mile from the school and outside the Village limits.

Superintendent Russell H. American reported that the black topping on the playground is complete. He also explained the new state law which affects the spring school district election. The new law requires the township clerk to take over all school registrations for the school and township. Certain changes were also made in the method of filing and the way in which the election is conducted.

The school board approved a developmental reading program which will get underway in February. Mrs. Pauline Smith will be the instructor. She will attempt to accelerate the reading rate and increase the pupil's comprehension.

The board also voted to buy two new sewing machines for the home economics department. A hearing test date was tentatively set for February 11 in the grade and high school.

Present were a committee of teachers who discussed with the board a cost of living salary adjustment. No decision was made on the matter.

Post Office Open Saturday 'Til 6

To guarantee delivery of all the Christmas mail that goes through the Northville Post Office before December 25, Postmaster Leland Smith announced today that the Post Office will remain open Saturdays until 6:00 p.m. A delivery of mail is scheduled for Sunday also if the intake of mail requires it, he said.

Since nine new city carriers have been taken on for the holiday rush, patrons are asked to check that the correct name appears on each mail box. When a name does not appear on the mail box, the carrier does not guarantee delivery. A Federal law requires such identification on mail boxes, states the postmaster.

The days for the children hospitalized at Maybury sanatorium are going to be much brighter, happier ones, thanks to the four anonymous "Santa Clauses." Three of the Santas donated television sets for the youngsters' wards while the fourth generous Santa installed them.

Declared the latter man as he installed them, "There isn't any money that could pay for the joy that these youngsters are receiving from the sets." Many of the children have written letters of appreciation to Santa. One little fellow, age seven, wrote, "I wanted to jump up and down for joy when I saw the TV set being installed, but I'm on a frame." Another boy stated he was sure he wouldn't be so homesick now that he could watch television. Another little girl wrote that now the whole ward comprising 28 children, was happy because they had something to look forward to each day.

Mrs. V. George Chabot of Snelton road, who yearly assists Santa in distributing the letters from the needy children to helpers willing to fulfill their wishes, states that all the letters have been passed out.

Community Chorus To Give "Messiah"

As has been the custom for the past several years, the Northville Community Chorus and four soloists from the School of Music, University of Michigan, will present Handel's "Messiah" Sunday evening, December 23 at 7:30 in the First Presbyterian church. The community is invited to attend. There is no admission charge but a fee will be offered will be taken to defray the expenses of the soloists.

College students who have previously sung in the community chorus are invited by the director, Leslie G. Lee, to join with the group at their last rehearsal December 23 at 3:00 p.m. at the Presbyterian church house, and singing in the performance. Accompanists are Mrs. Bart Connors at the piano and Mrs. Gerald V. Harrison at the organ.

The Northville Community Chorus, which is made up of citizens who like to sing, first gave the "Messiah" in 1933 and has continuously given it except in 1939 and 1940. Seven members of the chorus, Russell H. American, George Lockhart, Mr. and Mrs. Ray Van Valkenburg, Mrs. Leslie G. Lee, Carl H. Bryan and Mrs. Louis Kissell have sung in it since its inception.

Wanted: Donors for Blood Bank

Blood donors are being sought by the Northville branch of the American Red Cross.

Once again the people of the community are being asked to donate to the Village Blood Bank on Friday, January 18.

Appointments may be made by phoning Northville 353-J or stopping at the Foney Coal office on Main street. The January 18 Blood Bank is being held in the First Methodist Church house on Dunlap street.

Martell To Head Northville Lodge

After installation of officers of Northville Lodge F. & A. M. No. 186 Monday, December 17, Dale Martell will be Worshipful Master for the next year. The service will be held at the Northville Masonic Temple at 8:00 p.m.

Also to be installed will be Frank Dunsford, senior warden, George Mairs, junior warden; Chub Smith, P. M., treasurer; Robert Coolman, P. M., secretary and Herbert Zube, P. M., chaplain. Senior deacon will be William Monroe with Jack Liss as junior deacon and Fred Clark, Bert Hawbecker, Lawrence Miller and Earnest Whitlock as stewards. W. H. Francis as marshal and C. R. Van Valkenburg, P. M. as tyler.

Ralph Hay, P. M., will serve as master of ceremonies. Raphael Mettetal, P. M., will serve as acting grand master, Howard Atwood, P. M., as acting grand marshal; Earl Gray, P. M. as grand secretary and Dr. Harold Fredsell as acting grand chaplain.

Atchinson To Show '52 Chrysler Friday

Atchinson Motor Sales on West Main street Friday will show the 1952 Chrysler automobile. Refinements throughout the line, rather than revolutionary engineering innovations characterized the Chrysler's 1952 model, explained Joseph O'Malley, general sales manager of Chrysler Division.

The refinements available in the 1952 cars are contributions to performance, appearance, safety, economy and comfort. Dimensionally, all body styles are the same as corresponding models of the 1951 line.

Small Fry Make Requests Known To Santa

Kenny Breunmeyer, Diane Ambler and Peter Sutherland, Dunlap Street playmates, were among the first to visit with Santa Claus Monday. Santa's headquarters are at the Depositors State Bank and he will be there during banking hours every day until Christmas. Besides daily hours, the bank remains open from 6:00 to 8:00 o'clock on Friday evenings.

Grade School Plans Christmas Pageant

The Northville Grade school choir and members of the fourth, fifth and sixth grades will present a Christmas pageant Thursday evening, December 20 in the high school auditorium at 8:00 p.m. The program will be under the direction of Miss Eleanor Peeke, music teacher for the grade school, assisted by Mrs. Kathleen Newton and the teachers of the upper grades.

The program will include ancient carols, dances and an old English Mummer's play. The purpose of the program is to disclose some of the ancient and pagan origin of our Christmas customs. In this way an understanding of the great mass of folk lore and traditions, music, drama and art which has contributed to the richness of our present cultural background can be seen, said Miss Peeke.

The public is welcome to the program. The Wesleyan Service Guild of the Methodist church will hold their Christmas meeting at the home of Mrs. E. V. Ellison on Dunlap street Tuesday, December 18 at 8:00 p.m.

Exchange Club Elects Bingley

After installation on January 2, R. W. Bingley, will begin his term as president of the Northville Exchange club. At elections last Wednesday, officers were chosen as follows: Bruce Turnbull, vice president; D. J. Stark, second vice president; Merritt F. Meaker, secretary and C. Harold Bloom, treasurer.

Elected to the Board of Control were members Rev. William A. Johnson and Don Merritt, with Leo E. Manville as sergeant-at-arms.

A series of educational talks will be sponsored by the Exchange club to the patients of Maybury Sanatorium. These talks on the various aspects of business, will be given over the sanatorium broadcasting system. The different types of insurance, common and legal matters such as deeds, wills and contract governmental affairs, taxes and how to fill out such forms to comply with requirements will be discussed as well as subject matter requested by the patients.

As is the club's usual procedure each year at Christmas time, toy will be sent to the children at Maybury.

During the month of December, D. W. Leonard Howard, will direct the weekly luncheon meeting programs. He announced at the last meeting a projected series of talks including those by Dr. H. Kiesel on his recent observations in Berlin, Germany, fact concerning Japan by Dr. S. Misaki on December 26 and a talk by Rev. William A. Johnson on December 19.

Guests at last week's meeting were Rev. Peter Nieuwkoop of the First Baptist church who came with Cliff Turnbull and Dr. Herbert Kiesel, the guest of Dr. Howard.

Map Plans for Novi Blood Bank

A meeting to organize a Novi Township Blood Bank will be held in the Novi Township hall, December 14 at 8:00 p.m. Mrs. E. L. Bradley, chairman of the Oakland County Blood Bank, will attend the meeting. The Mobile Unit will visit Novi January 22 from 2:00 to 8:00 p.m.

All organizations have been asked to send a representative and anyone interested is urged to attend this important meeting. Any person desiring more information is asked to call Federal 4-3575, the Red Cross headquarters at Pontiac, or Market 4-1945.

We think the Northville Girl Scouts deserve a word of praise for decorating the signboard on the "four corners" with a holiday greeting. To the girls and their leaders we say, "Thanks for a job well done."

Retail Merchants Consider Long Range Parking Problem

At their meeting Monday evening at the Veterans' Memorial Hall, members of the Northville Retail Merchants Association agreed to cooperate for improved off-street parking alleys for the business district.

Convinced that the citizen will shop in the community where parking is convenient, the Retail Merchants went on record in favor of the Village Council's plan for the off-street parking and alley program on the south side of East Main street.

Rotary To Sponsor Decoration Contest

The residential homes of the Village will soon be taking on the Christmas holiday air for entrance in the Rotary club sponsored decoration contest. Club President Charles Carrington states that three turkeys will be given away this year to the owners of the three winning homes.

Roy Stone, chairman of the Christmas decoration contest committee, composed of Carl Johnson, Nelson C. Schrader and A. M. Allen. The committee will announce the judges for the contest at a later date. As is customary, judging will be based on appropriateness and ingenuity. Winners receiving turkeys for the best decorated homes in Northville will be notified by the committee Friday, December 21, said Carrington. Rotary club members are not eligible to enter the contest for the prizes, he states.

Local Horses Win Int'l Show Ribbons

Coming through to win in the closing performance of the great Michigan International Horse show at Detroit, the Northville contingent of Morgan horses were well up in the ribbons.

Gerald Tait's Quikid won the reserve Morgan championship in the Morgan Horse Stake. His Springfield Sam returned home in fourth place in the under Western Saddle class. Verian's Michael, owned by Edwin E. Heath placed fourth, Tait's Springfield Peggy was fifth, and Springfield Gladys, owned by Jack Apppling, placed sixth.

The sensation of the show was the great jumping performance of the big chestnut gelding, Coppe King, owned and ridden by Douglas Cudney of Winona, Minn. in the International Blood Jumping event. Copper King cleared the flat jump at 17 feet 9 inches to set a Michigan all-time record, and to break the Madison Square Garden record of 14 feet set in 1930.

Mr. Cudney, with his big-going Canadian hunter and jumper, annexed the lion's share of the honors in these division. His chestnut gelding, War Bond, with 15 points, was declared the Conformation Hunter Champion, and his third horse, Panama, winning 24 1/2 points was the Jumper Champion.

Lady Gordon, owned by the St. Jayne Stable of River Grove, Illinois, with 23 points, won the Working Hunter Champion hip.

In the walking horse class, Keith White of Onondale walked into the show championship. In the three-gaited division, Our Version, owned by D. P. O. Bonham of Indianapolis claimed the show trophy. Dr. Robert Elrod of Toledo won the five-gaited championship.

Richard H. Miller, son of the Howard Millers of West Grand River, left recently for training with the Air Corps at San Antonio, Texas. Dick is a 1949 graduate of Northville High school and has since worked at Wood's Products in Novi.

A model airplane building contest is being sponsored by John Wortman and Frank Defina with judging on January 8 and a display on January 9 and 10. The contest for the best airplane built during the Christmas holidays will lead up to a spring meet for all types of model airplanes. The youth of the Village are urged to enter the contest.

Long-Range Plan Presented
Nelson C. Schrader, Retail Merchants president, presented a long-range parking plan for the consideration of the merchants. Taming to the future welfare of Northville as a progressive community, Schrader proposed that off-street parking be provided for 200 cars. Such a plan, he believes could be financed by borrowing the money from the Village building fund which could be repaid by assessing business properties on a front footage basis.

It was the consensus of opinion of those merchants present that the assessing of business property should be re-arranged so that the assessment lies mainly on the property frontage instead of on the building itself. The merchants felt that they should be the ones to pay for the off-street parking areas and feel that it will encourage new stores to open in Northville. An attractive shopping center, they believe, will encourage citizens to do their business in Northville.

Theatre Patronage Sought
John Wortman was called upon to give a report on the holiday street decoration program. He said that the cost of decorating the Village and arranging for Santa Claus will be about \$900. George Clark, chairman of the finance committee for decorations, reported that \$962.93 had been received for the program. Carl Johnson reported that Santa Claus was at his station at the Depositors State bank and he urged mothers to bring their children in during banking hours to visit with him.

Richard O'Dea, manager of the local P-A Theatre, asked the merchants' help in keeping the theatre open. Open on a trial basis only, the theatre must have more patronage if its doors are to remain open. O'Dea stated that it must meet operating expenses or it will close. The merchants pledged their support and agreed to "talk it up" to their customers.

Chalk artist, Arthur Sinclair, presented the Christmas story Tuesday evening before members of the Mothers club and their guests at the grade school luncheon.

It's pleasant to shop in Northville. The town's like a picture from a story book, all dressed up in its finest trim, thanks to the Retail Merchants Association.

Each shop owner has employed a certain amount of ingenuity too in decorating his store in keeping with the holiday theme. And Mom and Dad, Santa Claus is waiting to talk to your small fry too. He's at the Depositors State Bank during banking hours.

And to make it easier for the whole family to fill their Christmas lists, the stores are remaining open evenings until 9:00 o'clock through the Saturday before Christmas. All stores will close at 6:00 p.m. Christmas Eve. The stores' shelves are brimming with holiday gift items. Comfort and convenience awaits the shopper in Northville. The merchants stand ready to serve you.

Rolling Down The River

by the PETZ BROS.

Now on the day we decide to write this column, some fellow who owns a Studebaker and wishes to have a bit of lubrication thereon, drops in our office. Naturally we are glad to see him and give him a great big hello, because among other things, perhaps he will give us the opening paragraph of this bit of prose. So he makes some conversation and then goes away, but first he tells us of his six-year-old daughter. It seems this daughter has the daily stint of saying Grace before each evening meal, providing there is food on the table. On the Friday after Thanksgiving, the family being fully assembled, there is a pause as the request for God's Blessing is a little delayed. Our customer is about to chide this daughter of his, who is taking an extra look around the table, when she speaks as follows: "I don't think that I have to say Grace today. There's nothing here that God didn't take care of yesterday!"

Oh well, a bit of repetition doesn't hurt and there have been times we've even repeated ourselves. Especially if we happen to be talking of this wonderful Studebaker we happen to be fortunate to sell and to service. But then again, when you've got something good, why not repeat? Amazing Power! Superb Comfort! Wonderful Economy! Everything you want in a motor car, plus! Incidentally, this would be a good time to drop around as we're feeling exceptionally "trade-in" minded these days and you really should not let such an opportunity slip past.

This bachelor friend of ours, that we hear from now and then, was around the other day. He told us that the old fashioned wall telephone that you had to crank was much superior to today's modern gadget. At least the women and kids gave up and sat down when their feet got tired.

With all these icy roads, the street and highway departments have been sprinkling a bit of salt here and there, especially at intersections, to enable you to stop quickly. That's all to the good but that salt does love to chew on unprotected metal parts. To protect your car, we suggest that you have us undercoat it at once, with a tough rubberized covering that defies salt to do its worst. Won't hurt either to be sure that your personal transportation item is correctly lubricated for these constantly changing weather conditions.

★ That's that for this week, but we must remember to mention the young lady who remarked recently, "just because a guy had a lot of dough, it didn't necessarily mean he is the best breed."

Yours,
BILL and WILL PETZ,

Scouts To Decorate Recreation Building

For the fourth year, the Girl Scout troops of Northville will furnish the Christmas tree for the Recreation building festivities. The troops will meet together to decorate the tree.

The green boughs decorating the outside of the building will be placed there by the two Boy Scout troops of the Village, said Wilson Funk, recreation director. The boys will also bring the spirit of Christmas into the main room of the building by decorating the ledge, while the Girl Scout leaders will dress-up the mantle for the holiday season.

Should Northville Incorporate As A City?

(Continued from page 1)

Northville were a city, local residents would not be required to assume the burden of maintaining the library. Should the entire Township of Northville incorporate as a city, the assessed valuation would be greater than \$1,000.00 per capita, but the population of the new city would still be less than 10,000, at least as of this date and as of the last Federal Census, and the new city would still not be required to assume the burden of operating its county library. It must be recognized that this regulation of the Supervisors as to sharing costs is subject to change at any time.

1. FINANCIAL EFFECTS OF SEPARATION FROM THE TOWNSHIP

Inasmuch as the additional cost of providing the locally required services now being furnished by the Township would be small, and because the Township furnishes no local services underwritten by tax revenue other than the contributions made towards the recreational program, it is probable that if the Village of Northville were to incorporate as a city, a large part, if not all, of the Township tax would be saved by the residents of the new city. It must be recognized, however, that if additional local services or more efficient ones were demanded by the residents of the new city, such new services or such improved ones, might increase the tax burden.

2. SHARING IN TOWNSHIP ASSETS

Incorporation of a new city requires that assets and liabilities of the township from which the city withdraws be divided with the new city in the same proportion that the city's assessed valuation bears to the total township assessed valuation. The purpose of this law is to provide for the sharing by city taxpayers of assets and liabilities acquired by the township during the time that they were taxpayers and residents of the township. For illustrative purposes it is interesting to note that the Village of Northville assessed valuation is approximately four-fifths of the entire Township assessed valuation. The Township has no liabilities. Therefore, four-fifths of the Township's assets would belong to the newly incorporated city. The Township of Northville has approximately \$52,000.00 cash on hand and, therefore, approximately \$40,000.00 of this cash asset would belong to the City of Northville should such incorporation take place comprising the present Village limits, while the Township had this asset.

3. ADDITIONAL REVENUE AVAILABLE TO A CITY

There exists within the Village limits of Northville a situation peculiar to Northville. Reference is made to the Northville Downs race track operation. The state law provides that cities shall receive annually from the State of Michigan 20% of all revenue received by the State of Michigan from the operation of pari-mutuel racing meets within the boundaries of those cities. This law does not specifically mention villages and apparently does not include villages. The State of Michigan received from the operators of Northville Downs as a result of the 1951 operation, a total sum of \$294,721.58. Had Northville been a city, it would have received or would be entitled to receive from the State of Michigan as its share of the 1951 revenue, the sum of \$58,944.32, being 20% of the total state revenue from this track. To many this situation has been a persuasive argument in favor of incorporation. The question arises whether or not concerted effort on the part of interested persons diligently pursued might result in an amendment to the law providing that villages as well as cities might participate in the state revenue from such pari-mutuel operations. The Village did receive from Northville Downs during 1951 as a result of contractual relations the aggregate sum of \$26,000.00 arrived at on the basis of \$500.00 per night of racing. For this consideration the Village is required to furnish certain services in the nature of fire, police and traffic control together with water, street maintenance and the like. Should Northville incorporate as a city and thereby become entitled to its share of state revenue, the question arises as to whether or not the contractual relationship now existing would continue.

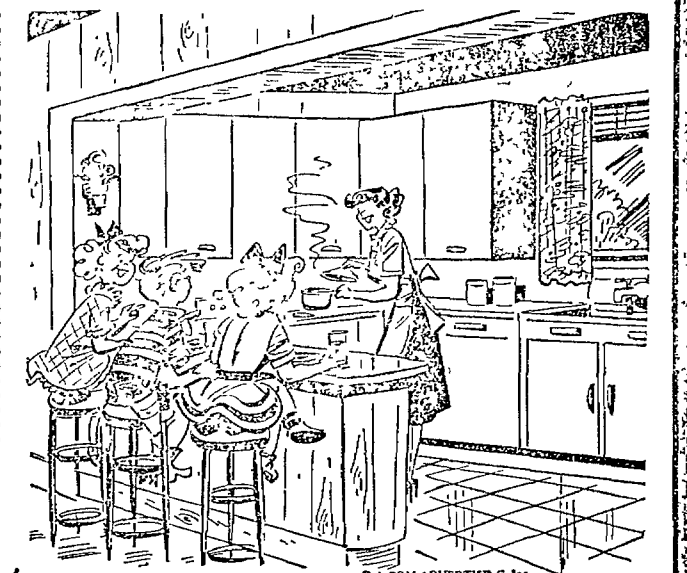

The Village's 1951 fiscal year budget for general fund purposes and debt service was approximately \$108,000.00. Approximately \$57,000.00 of the total budget was spread upon the general tax roll for general fund purposes resulting in a rate of \$13.55. In addition there was spread \$2.45 for the purpose of meeting the debt service. The Village debt will be retired in April 1953 and the last collection from the taxpayers for necessary funds to retire the debt will be made in the Village tax roll for 1952. The additional monies necessary to meet the general fund requirement over and above the amount spread upon the local tax roll is received from the State of Michigan through Sales Tax, Intangible Tax, Gas and Weight Tax, Liquor Tax, and from the Village Fines, Licenses and the sale of services and materials. Receipts from the State of Michigan from Sales Taxes, Intangible Taxes, Gas and Weight Taxes, and Liquor Taxes are based upon a population count of the local community. It is apparent that were Northville a city and entitled to receive as such its share of the state's revenue from the Northville Downs operation, many additional local services could be supplied the residents, those existing could be improved, or a material reduction in the general tax rate could be effected, or all three results could be accomplished in a lesser degree.

Postmaster Asks Patrons to Complete Xmas Mailing

Mail your valuable Christmas parcels now in order to insure delivery in time for the holiday. Before you bring them to the post office wrap them securely, make certain that the address is clear and don't forget to put your return address on each package. Another good idea is to have them insured.

Good advice on mailing Christmas cards is to mail them first class (requiring a three cent stamp) with your return address printed plainly in the upper left hand corner. The advantage in mailing cards first class is that they may be sealed, may contain writing and will be forwarded or returned to you if delivery is impossible.

Please have the correct address. Don't merely guess at it. This is one of the biggest causes of delays in the postal service. We are

not allowed to give directory service to anyone so if your card is incorrectly addressed it goes to the dead letter office instead of Aunt Ella.

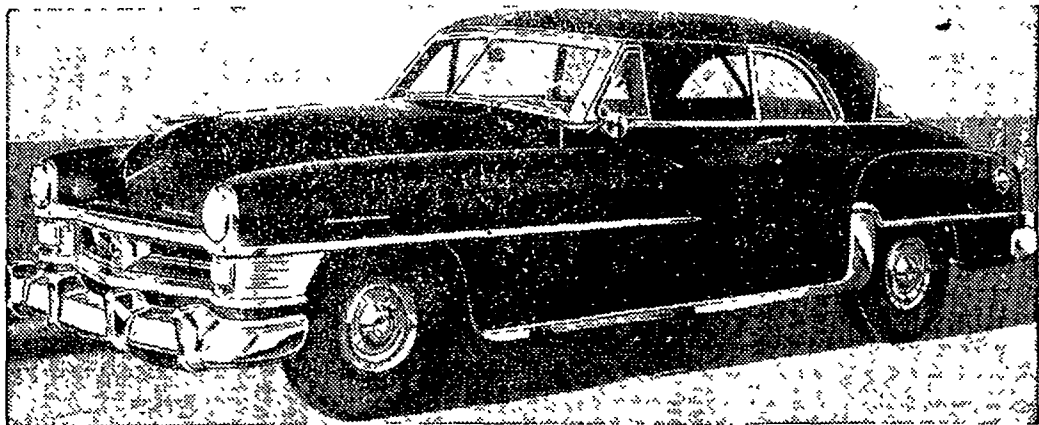

Mail for all rural delivery must have the correct box number and rural route number. We deliver our rural mail by box numbers not street numbers, on the routes.

Inside the Village please use street names and house numbers. Do not address mail just to the name and Northville, Michigan as it will never be delivered.

Using a two cent stamp for cards is regarded as third class and the cards are handled like circulars. If sent third class, the cards cannot be sealed, will not be forwarded, must contain no writing and will not be returned if delivery is impossible.

We ask your cooperation in helping your postman, the em-

WEST POINT PARK NEWS

By Miss L. A. Ault

Employees of the postal office and, in the long run, yourself by observing the following dates. Christmas cards to friends and loved ones in other states should be mailed by December 15.

Everyone's mail must be delivered by the 25th day and with two-thirds of the help inexperienced during the Christmas rush, Postmaster Leland Smith states that this is difficult without public cooperation.

This plea goes out every Christmas and many of the Post Office patrons help by doing their mailing early and marking it correctly. By helping the Post Office, you make it easier for them to help you have a Merry Christmas.

More than 30,000 tons of bituminous coal were used to make the steel in the new Chesapeake Bay bridge near Annapolis, Md.

G. A. Stahl of Quincey, was the guest of his niece, Mrs. Stuart Shauler, and her family on Farmington road last week-end.

Pvt. Howard W. McLellan, who is stationed at Camp Leonard Wood, Missouri, spent last week-end with his father, William McLellan, of Westmore avenue.

Mr. and Mrs. Stuart Shauler and daughter, Carol, of Farmington road were Thursday evening dinner guests of relatives in Windsor, Ontario.

Duane Shauler, son of Mr. and Mrs. Stuart Shauler, has been made a member of the Phi Delta Theta fraternity at Lake Forest University, Illinois where he is a student.

Mr. and Mrs. Lee Shaw of Farmington road gave a large dinner party last Sunday. About 20 guests were in attendance. Included were Mr. and Mrs. George McLaren of Akron, Michigan; Mr. and Mrs. Jay Moury of Fairdale, Michigan, as well as relatives from nearby communities.

Mr. and Mrs. Arlo Sheets and their daughter, Gloria May, from near Fort Wayne, Indiana were weekend guests of Mr. Sheet's sisters, Mrs. Homer Coolman and Mrs. Russell Ault and their families on Shadyside.

Honoring the 18th birthday of her son, Richard, Mrs. John Varhol of Shadyside avenue gave a birthday party Tuesday evening. About 15 were present.

A fine group of neighbors and friends gathered at the home of Freda Ault on Norfolk avenue last Wednesday morning for a plastic party.

Wednesday was "eye test" day at Pict. on school.

Mrs. William Griffith of Dearborn is the weekend guest of her mother, Mrs. E. W. Stange, on Mayfield avenue.

Miss Helen Ruth Ault of Brentwood avenue spent last weekend with friends in South Lyon.

Among the servicemen hoping to be home for Christmas are Stanley Chavez, Jr. of Mayfield avenue and Fred Schult of Shadyside avenue.

Mr. and Mrs. Ralph McCubbins writes announcing their safe arrival in Corpus Christi, Texas, where they plan to spend part of the winter. Mrs. McCubbins is the former Mary Weigle who

lived many years on Norfolk avenue, but since her marriage to Mr. McCubbins, resides in Detroit. During the recent summer the couple frequently called on old neighbors in this vicinity.

Mrs. Walter Rehahn of Mayfield avenue reports that her grandson, Neal Hardy of Wayne, was married December 1 to Barbara Boles, also of Wayne. The young couple have many friends in this community.

Children of the Neighborhood church section held their annual Christmas grab-bag party in the Neighborhood church Saturday, December 8.

Thursday evening, December 20, a group of young people from the Ward Presbyterian church, Detroit, will present a program in the Neighborhood church. A talented chalk artist will contribute to the program and one of Detroit's best leaders in Christian education may be on hand to deliver a message. While primarily for the benefit of the children of the Neighborhood Sunday School, adults as well, should enjoy the service.

Dale Graham of Mayfield avenue drove to Chicago last week-end and visited his brother, Roger Graham, who is with the Coast Guard in the Chicago area.

Trim Evergreens Now: Use Greens for Decorations

"If you enjoy evergreen trimmings for the holiday season you can kill two birds with one pruning, so to speak," says Joseph T. Cox, extension landscape specialist at Michigan State college.

"You can combine pruning operations on your lawn plantings with your search for holiday greens," he explains. This is an ideal time for pruning ornamental evergreens, since the needed and broad-leaved types are dormant at this time.

Arborvitae or Cedar, Pfitzer Juniper, Japanese Spreading Yew, Canadian Hemlock, Silver Cedar, Canard Red Cedar and Common Juniper are among the plants that may be pruned now. Spruce, pines and firs should not be pruned unless you want to remove branches or correct the shape of the plant.

Cox makes several suggestions for successfully pruning your ornamental evergreens. He advises removing any damaged or broken branches to the nearest normal part of the plant. Cut back the branches that are giving the plant a lop-sided appearance.

Tall, pointed evergreens can be headed back to lower their height. This will reduce the snow and ice-holding capacity and will bring the trees down to the right proportions for best landscape effect.

Among other suggestions, Cox says to prune, making several cuts at different heights. This

will be easier and will result in a pruning job that won't be noticed by the casual observer. And don't try to do the whole job in one pruning. Leave some for next year's holiday season.

When building fires for fall picnics remember that oak, elm, white ash and hickory give long-lasting coals. Be sure your fire is completely out before you leave it.

Christian Science Churches
We may look to God for help, no matter what distressing conditions may arise, is shown in the Lesson-Sermon to be read in all Christian Science churches under the title "God The Preserver of Man" on Sunday, December 16.

The Golden Text is from Psalms (62:7): "In God is my salvation and my glory: the rock of my strength, and my refuge, is in God."

Among the Bible citations is this passage, (Ex 14:13 to 14): "... Fear ye not stand still, and see the salvation of the Lord, which he will show to you today."

Hollander's U.S. Impressions Presented at Woman's Club

At the December 7 meeting of the Woman's Club, Mrs. F. Alden Shaw introduced, as the principal speaker, Fred H. Lutter, a University of Michigan graduate student under the Fulbright scholarship. Mr. Lutter, a native of Holland, with his own experiences in Europe and his own observations of the United States through foreign eyes.

In 1930, Mr. Lutter traveled to Europe without a passport, studying economics in London and the University of America in London. His impressions of the European viewpoint were most instructive and interesting.

Mr. Lutter contrasted happily the slow pace and ease of the daily social contacts in Europe where nearly everyone has time to visit, with the hectic pace and bustle of everything from conversation to traffic that he finds in this country. He expressed amazement at the very evident material wealth that he finds generally, with shiny and colorful new cars on the streets, washing machines and many other electrical appliances in most of the homes and the abundance of food. Also lacking is the friendly grace in social contact with which he has become familiar in Europe.

Mr. Lutter sees much charm in the association of our individual states, which in Europe would be considered separate countries, into a United States of America. In the old world, he senses much more of a common bond between the several sovereign countries, in the way of culture, social viewpoint, economy and need for defense, than between the individual states which comprise our Union. The seeming conflict between our Federal and state systems of laws and courts is difficult to resolve. He wonders if we are truly a union of states, or just a group of individual states thrown together.

He hit hard at the American custom in journalism of glamorizing the lurid details on the front page of the daily papers. He feels that this playing up of criminals contributes in large part to the deterioration of our moral fiber. He contrasted our social columns announcing engagements, weddings and the like, with the complete lack of any such publicity in European newspapers, where such matters are considered to be of private interest to the families concerned and not for public consumption.

American comics are so fantastic to his mind that they do not make sense—his first experience in reading the comic page in a daily paper was to start at the top of the page and read to the bottom without realizing that he had read through several "comic" strips thinking they were all one.

Mr. Lutter stressed the fact

that we do not seem to aim at leadership in the Western world. We seem content to merely try to hold things together until the countries of Europe get on their feet and wonder if it is not better for us to go over there and let them lead. He is at a loss to understand the concept of Democracy, with its uncertainty about the future of government, and all the armaments with no other purpose than to kill. The Hollander's U.S. Impressions of President Roosevelt, for example, was almost to hold him in reverence, it was a rude awakening. Mr. Lutter says, to discover that every American did not have the same concept. He feels that our President and our Secretary of State have much more power over the destinies of our country than do like officials in old world countries, and feels sure that if there were as much criticism of the policies of such office holders over there as we have in this country now they would be promptly removed from office.

Mr. Lutter is most anxious to see the results of our next national election. He feels that our Democracy is not based upon ideology or philosophy, and that our average citizen votes more as a matter of feeling derived from distorted newspaper accounts or party propaganda than from an understanding of the philosophies and aims of the candidates involved.

His impressions of American folk-lore and customs were summed up in two words, "simple" and "charming."

He feels we do not know how to live. We are regimented and controlled to such an extent that he feels more restrained under our system than he ever did while he was a member of the Dutch Air Force. Here nearly everyone goes to college, which is not necessarily good. The tendency is to cheapen degrees such as Bachelor of Arts or Doctor of Philosophy, making them readily obtainable with too little effort. All this, joined with the rush and hurry to "go places" leaves too little time for the social amenities—no time to dawdle over a game of chess, for instance, or to engage in the lost art of conversation.

Mr. Lutter expressed great appreciation of the opportunity for attending University of Michigan and while admittedly his discourse seemed critical he still finds much good, and he assured his audience that upon his return to Holland he will be a good will ambassador for the United States, and he is sure that his "first impressions," ranging from sheer amusement to almost complete shock, will all assume their real and natural values after he has become better acquainted with the American people.

Northville Record
November 28, 1951
Dear Editor:

When a cemetery association decides to go into the manufacturing business on cemetery property proper, it is high time that something is done to bring this facet of their business to public attention. We the undersigned wish to express our opinion on this topic:

A few days ago we learned that Novi Township has granted the Oakland Hills Memorial Gardens, 12 Mile and Novi road, permission to build a new building, a short distance from the cemetery entrance, for the purpose of storage and the manufacture of cement burial vaults. Things are coming to a fine state when even cemetery property is no longer considered sacred and a manufacturing enterprise is allowed to exist on it.

In regard to the zoning laws it seems to us that Novi Township had no authority to issue a permit which would allow manufacturing on this location. The building is definitely out of the recognized boundaries for commercial enterprise.

merical enterprise. If they are allowed to continue, there is no reason why anyone should regard the so-called "Zoning Laws of Novi Township."

At the present time, they are carrying on this manufacturing experiment on a small scale. Even so, there are from ten to twenty finished and unfinished vaults clearly visible from 12 Mile road. How many are they going to have piled around when they get going into full production? We have been given to understand that these vaults are not for sale but are for their own use. Are they? Up to the present time, cemetery lot owners must purchase burial vaults, as they never have been included in the price of the plot. Since when has it been a policy of the Oakland Hills Memorial Association to include a vault, as they claim, in the plot price?

It is not entirely foolish to feel that if this is allowed to go on, on tax free property, that some day we may wake up to find hot dog stands, casket makers, grave marker manufacturing, ice cream trucks, and other businesses being conducted within the limits of the cemetery ground proper.

When we purchased property in this neighborhood we were given to understand that the only commercial property, in the immediate vicinity, was to be 200 feet, each way on the four corners of 12 Mile and Novi road. This excluded the cemetery which was to be what it was meant to be, a cemetery. A cemetery should be a thing of beauty, peace, tranquility and serenity. Who wants to see a number of cement mixers clattering, tar smoking, smell paint fumes, listen to hammers hammering and watch a bunch of trucks going in and out of the cemetery all day long?

Many of us have relatives and friends interred on this property and we do not look on this venture with any pleasure at all. If one desired to be buried in a manufacturing atmosphere, they might as well be interred in the Ford River Rouge parking lot. What can be done to bring this

shameful project to a stop? Is all human decency being replaced by a desire to commercialize everything in sight, including cemeteries?

Neighbors, rise up against this flagrant disregard for all that has been held sacred and traditional and stop these practices before they get out of hand.

Editor, Northville Record
Dear Mrs. Canfield:

A note in the current issue of the Record informs us that Bill Lanning is stationed at Fort Bragg, North Carolina. This information prompts me to ask you to notify through the Record and Northville youngsters in the Armed Forces, who are transferred to Fort Bragg, that the Willises are at the Sanatorium whose grounds adjoin those of Fort Bragg, and that we should be happy indeed to see any of them. Thanks very much, and best wishes to you.

Faithfully,

Friends:

In an article in today's "Free Press" Senator Creighton Coleman of Marshall suggests as to reapportionment that there would be 34 state senators, the two new ones going to Oakland and Washenaw counties, that the senatorial districts remain as they are. How does Wayne county outside Detroit like that, for now Detroit gets all seven seats. Some clever gerrymandering in 1925 fixed up your district so that it takes in northern Detroit east to and including Highland Park.

Your senator lives in the heart of Detroit. District 21 takes in all the down-river towns and townships and because it includes two wards of Detroit, that senator lived in the middle of Detroit also. Do you want that to continue another ten or 20 years? If not, the time is right now to do something about it. Mr. Coleman intends to present that plan next month. He suggests 110 members of the House, divided on a strict population basis. But—what sort of units? Why is it that all over America except here one member is elected from one district and we fix it so that most of Detroit is never represented any where? WHY not get the leaflets from the census bureau in the federal building and set up real legislative districts of compact, convenient and contiguous territory electing one House member, then use those districts to build up senatorial and congressional districts?

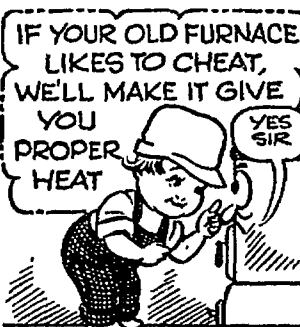

Why let a few politicians always gerrymander queer looking districts such as yours. A sort of horn in the southeastern part curls around and reaches the Detroit river! Wards in Detroit never were proper units for representation, the first is two blocks wide at the river and at Eight Mile road, is broken by intervening cities and is ten miles long! Some other wards are not much better. The thing to do is to set up districts for the election of just ONE member of the House. If more than one is from one district a certain section of the district will get more than her share and some of it gets no representation at all.

Now is the time to do something about injustice. It takes two of those census reports to cover the whole of Wayne county but they can be had by anybody, a small map in the back of the booklet.

Respectfully,
Mrs. Mary P. Hopkins

Reapportionment of seats in the legislature, which is sure to bounce up during the next session of the lawmakers, may be looked upon with a sympathetic eye—even by a few Republicans.

Victor A. Knox, speaker of the house, says "legislators should look at the situation realistically. There has been a great influx of population during the last decade into metropolitan areas. There should be some reapportionment."

He says the A. F. of L. plan, which seeks a way to force obedience to the present constitutional provision on reapportionment each 10 years, should be studied carefully.

This plan contains the moiety clause which would prevent domination of the legislature by Detroit. This clause gives a house seat to any county with slightly more than one-hundredth of the total state population.

But the out-state lawmakers still shudder at the thought of reapportionment. Any attempt to bring it up will be fought tooth and nail by many.

Government reforms of the little Hoover commission are meeting growing opposition. The commission recommends a strong governor and a simplified system of 37 instead of 99 operating agencies. These recommendations are made with an idealistic lack of practicability and completely ignore politics.

Many observers agree that such a reorganization, like Communism, looks fine on paper, but—again like pure Communism—just won't work out when put into effect.

General Douglas MacArthur will visit Lansing and Detroit next spring, preferably at conclusion of the 1952 legislative session. The Michigan Press Association, Inc., may sponsor a dinner in cooperation with a legislative joint committee providing the date coincides with a regular association meeting—the fourth annual photography conference at Kellogg Center, East Lansing. MacArthur's dinner remarks would be both informal and non-political.

Governor Williams wants a \$20,000,000 appropriation for mental hospital construction. He proposes two new mental institutions. Locations for the hospitals have not been suggested. Money would come from the \$65,000,000 bond issue approved a year ago.

Incidentally, you may get a card from the governor this Christmas. He has a mailing list of more than 9,000.

The price of politics is up. One estimate of the 1952 election says more than \$1,250,000 will be spent to garner Michigan votes. The amount includes expenditures of both major parties.

Col. Herbert Layle, ousted quartermaster general of the Michigan National Guard, will be defended by the man who appointed him Kim Sigler, who as governor in 1947, named the colonel to his post, has been retained by Layle. The colonel must face an efficiency board to prove his fitness to continue his military career.

Michigan ranks third in the amount of war contracts granted. New York and California lead, Ohio is fourth.

Case of the reluctant election. Village of Flat Rock issued blank ballots. No one wants the job of president—it pays \$60 per year. And so each of the 615 voters wrote the name of his friend or enemy on the blank.

The Vandenberg memoirs probably will hit bookstands in mid-February. The book is expected to contain some highly interesting revelations about the late senator's relations with General Eisenhower. General Ike and Michigan's Republican statesman were close friends.

The general's friends are trying to convince him that when—and if—he retires from public life he ought to try Michigan fishing. An aide who has tried Michigan fishing is pushing the state hard.

Sea Story, Action Packed Drama Slated for Local P-A Theatre

Robert Mitchum and Jane Russell will star in "His Kind of Woman" coming December 16 and 17 to the Penniman-Allen Theatre. The movie fluctuates between serious gangster-type melodrama and high comedy. The picture has a contrived plot with a not too realistic note. Robert Mitchum is a professional gambler who becomes a "fall guy" for a vice czar seeking to assume his identity. Jane Russell is a sultry songstress with whom Mitchum falls in love. The comedy is furnished by Vincent Price as a "ham" movie star.

The family night feature, Wednesday, December 19 is "Gun Play" starring Tim Holt, and "Double Deal" with Marie Windsor and Richard Denning. "Double Deal" is a story of intrigue dealing with the oil fields and plenty of adventure, intrigue and murders is packed into this feature. The accompanying film, "Gun Play" is a true to form western with lots of gun totin' and fistcuffs.

December 20, 21 and 22, the theatre will show "Cross Winds" starring Rhonda Fleming, John Payne and Forrest Tucker. A sea story, John Payne is skipper of a schooner. He incurs the wrath of a pilot, played by Forrest Tucker, with Rhonda Fleming being employed by the latter. A romance ensues between Payne and Miss Fleming, which is interrupted by the search for a

ship carrying gold bullion. This is an action-packed drama and entertainment for the whole family.

The Penniman-Allen Theatre will be closed Christmas Eve but will be open on Christmas Day. The film to be shown on Sunday, December 23 and Tuesday, December 25 is the "Blue Veil" starring Jane Wyman.

South Lyon — The Lyon Township Community Chest has gone over the top in its big fund raising campaign for 1951. It was announced by Al Weinburger, campaign manager that \$4,974.15 has been pledged to the Chest.

Plymouth — Sheldon road from Penniman avenue to Ann Arbor trail will be surfaced with a bituminous penetration, blacktop, as soon as weather permits in the spring. Sidewalk on the city side of Sheldon between Ann Arbor trail and Penniman will be laid at the same time.

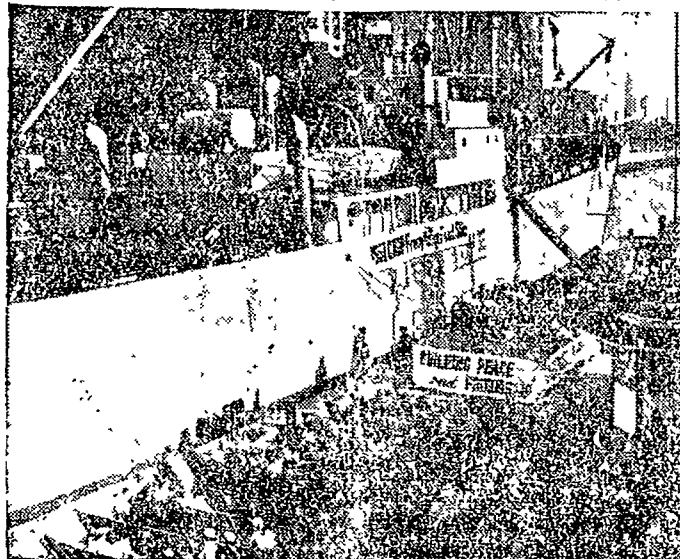

South Lyon — The United States office of education announced on Monday that steel allotments for South Lyon's \$231,000 nine-room elementary school addition have been approved.

Farmington — Mayor Kenn Loomis, in a brief statement to The Farmington Enterprise late Tuesday afternoon, announced that he had accepted the resignation of Angus Leitch as City Manager. The Council appointed Loomis as acting City Manager until a new manager can be secured.

Rochester — Ground for the new Detroit Branch plant, to be located on the south hill at the corner of Avon and Rochester roads, was broken early Friday morning.

Howell — At a special meeting of the Howell city council Tuesday night when the matter of instituting a campaign for a new 50-bed medical hospital was discussed, the opinion of councilmen was that the decision be delayed until after the first of the year.

FRIENDSHIP FOOD SENT ABROAD

Colorful dedication ceremony was held on United Nations Day for a Friendship Food Shipment contributed by American farmers to refugees in Germany through the Christian Rural Overseas Program (CROP). Part of the hundreds in attendance are seen being seated for the ceremony at the foot of Chicago's Michigan Avenue Bridge. The ship is the Norwegian overseas freighter SS. Ornefjell. Its gift cargo in the first of an estimated 1400 carloads of bulk foodstuffs that will be contributed to CROP's program of world relief this year. Four other shipments, destined for Italy, Greece, Central Europe, the Holy Land, Turkey and India, are clearing the Port of Philadelphia this month. Since 1947 CROP has collected 5400 freight carloads of foodstuffs for overseas distribution by its parent agencies, Catholic Rural Life, Church World Service and Lutheran World Relief.

It is proposed the new hospital would serve an area that includes all of Livingston county, the eastern portion of Ingham county and the western portion of Oakland county. The estimated cost of a suitable, modern structure and equipment is between \$800,000 and \$900,000.

Farmington — Initial planning work is now underway in preparation for the construction of the new Farmington High school building to be erected on Shawasee street near Orchard Lake road.

Rochester — Following youth government day in Rochester last Wednesday, members of the student village council announced that a student delegation will appear before the next village council meeting December 10, to enter a plea for councilmen to place the issue of a youth center at the top of their agenda.

Dearborn — Dearborn's Mayor Orville L. Hubbard is NOT a candidate for governor of Michigan. "As much as the compliment behind the suggestion is appreciated, I am not a candidate," he said. "Such rumors have started before, but there never has been and foundation."

Trenton — A four-cent an hour cost of living wage increase for all village employees was approved by the village council Monday. The salary hike is retroactive to August 1 of this year.

Brighton — Blood that is donated in Brighton Monday, December 10, may be pouring life into the veins of a wounded soldier in Korea 72 hours later, Josephine Grostick, county Red Cross chairman, said this morning. Some of the blood is flown directly overseas for the armed forces.

Wayne — Should Wayne become a city was the main topic of discussion Wednesday night at the first meeting of a proposed committee, to study problems of the village, particularly the establishment of a city form of government.

Ithaca — Last rites for Pvt. Augustine Bleko, 22, killed during action with the 23rd Infantry 2nd Division, while serving in Korea, will be held at St. Cyril's church at Bannister Monday, December 10.

Wayne — An increase of \$131,005.62 in the 1951 tax roll over the 1950 tax roll for operation of the nine school districts in Nankin Township and for Wayne County operation purposes is reflected in figures released this week by Robert W. Latie, Nankin Township treasurer.

Northville FOE Pres. Gives Report

Worthy President Ward Aldrich of Northville Aerie No. 2504, Fraternal Order of Eagles, reports that during the Eagles' International convention, the scope of the Eagles Memorial Foundation was extended to include the surviving children of all Eagles who died in action or as a result of service-connected wounds or sickness subsequent to World War II.

Previously, the Foundation included proponents of such legislative concepts as Social Security, Aid for the Aged, Mothers' Pensions, and Workmen's Compensation. The Foundation provides complete medical, dental, surgical, hospital and optical care as well as affording educational assistance to the sons and daughters of Eagle servicemen who lost their lives in the second World War.

The December issue of "Coronet" magazine pays a special tribute to the Eagles' Memorial Foundation with a five page article by "Coronet" Staff Member Carol Hughes, entitled "The Eagles Take Care of Heroes' Families." The magazine was issued on November 23.

In human relationships, patience is desirable above all else.

Village Shows 6.9% Population Gain

In the 1950 population report of the Detroit Metropolitan area, Regional Planning commission, the Village of Northville showed a population increase of 6.9 percent since the 1940 count. This count includes Novi township in Oakland county.

The Village 1950 population numbered 3,240 including 256 from Novi township, while the 1940 number was 3,032 with 112 from Novi township. The township of Northville registered an advance of 31 percent in 1950. The 1940 count was only 3,192 compared with 4,181 in the April, 1950 census.

Since the house-to-house census in April, changes have taken place in a number of the communities in the Detroit Region. This is true not only because the births have exceeded deaths but because economic opportunities have brought many new workers to the Region. The outset of the war in Korea in June 1950 pushed manufacturing employment up to new peace-time heights in October of that year. There was a decline from this record in succeeding months, but by April 1951 the total was again approaching the October 1950 peak. Now there is another decline, the Planning commission reports, but the promise of additional employment due to defense production increases continues the economic attractiveness of the Region.

The report showed an increase of 23.8 percent for the city of Plymouth since the 1940 census. The figure leaped from 5,360 to 6,637 in the 10 year period.

So critical is the shortage of scrap metals that the whole nation's defense and civilian production is threatened by a possible shutdown of steel mills. Some have only one day's supply of scrap. Get in the Scrap!

Nurse Receives Red Cross Awards

Miss Ruth Knapp, R.N. and school nurse of the Northville Public Schools, has been awarded a Red Cross recognition pin as sponsor of the local Junior Red Cross program and a pin denoting five years of service in that capacity. The presentation was made at a meeting of Junior Red Cross teachers and sponsors at the Detroit Chapter house by Edson W. Macon, director of the Midwestern area.

Miss Knapp states that though she has been active in Junior Red Cross for many years, within the last five years she has stressed the program in the local grade school most extensively.

The project which receives the most enthusiastic response from the school classrooms is the Gift Box program, said Miss Knapp. This activity gives the boy and girl an opportunity to prepare and send boxes filled with gifts to children of other countries. These boxes are distributed by other Red Cross societies to individual children in schools and institutions and to child refugees. Many times the classes receive replies from the grateful foreign children expressing their thanks. With the cooperation of the classroom teachers in the grade school, the Northville youngsters have used this program to demonstrate their friendship and goodwill for boys and girls of other lands.

Each room in the grade school receives each month a Junior Red Cross magazine which keeps them posted on the workings of other groups and which helps them to understand what their projects mean to the children in other lands.

Many of the Girl Scout troops, including Miss Rathburn's Scouts, have made stuffed toys to send to the Junior Red Cross headquarters in Detroit. Last year the art classes made books to be sent overseas.

NHS Debaters Win Tournament Match

Northville High school debaters travelled to Clarkston High school to participate in a tournament last week. Northville won their debates on the question, "Should All American Citizens be subject to conscription for essential service during the time of war."

The five schools in the Wayne-Oakland County League participated in the meet. Representing Northville were Walter Newton, Barbara Couse, Marilyn Funk and Lucien Lovewell.

Mothers Entertained at Wednesday Tea

The home of Mrs. H. B. Clark on Thayer Blvd. was the scene of a tea Wednesday, December 5, for the mother of the second graders taught by Miss Florence Keith.

Twenty mothers attended the affair. Co-hostesses for the afternoon were Mesdames Harley Wolfman, Paul Beard and Foster Vanatta.

Judge Edward M. Bogart fined

Albert Caudill \$50.00 and court costs last week. Caudill was arrested for driving in Northville while under the influence of alcoholic beverages.

John Wortman, Retail Merchants street decorations chairman, states that through the cooperation of Monroe Weston and his Boy Scouts, the Village decorating was accomplished in a minimum amount of time. Ken Rathburn loaned the group the use of his Chevrolet garage last Sunday morning and the boys went to work stringing the lights and festooning. The money for the decorating program was donated by the merchants, the Village and the three service clubs.

GREETINGS TO YOU
 Good morning folks! I'm the new pastor at the First Baptist Church and I would like to take this opportunity to get acquainted. We have come to make our home among you because we believe God has directed us to this community. Now, I want to be of help to you in your spiritual lives. There are many people out of touch with God these days and going out to a Christless eternity. If you are one of these people, then I want you to know that I'm interested in you and want to introduce you to Jesus Christ my Saviour. I have promised God that I would preach His Word and I give you this personal invitation to attend the services of the Baptist Church where God's Word will be explained. If you are concerned about your eternal future, and would like to have me call, I shall be glad to do so as soon as possible. If you are a Christian and do not have a Church home, or do not attend Church regularly, we would be glad to have you come and worship with us. We want you to feel free to call upon us for a spiritual help that we can give. This column will appear every week with some message of interest to you. See you next week—

NHS, Lion Cagers To Play Tuesday

The last Northville High school basketball game of the year will be against South Lyon on the Lions' floor Tuesday, December 18. The first game will get underway at 7:00 p.m., with the varsity contest following.

The Mustangs were nipped 35 to 33 in their home game against Holly last Friday night. The Northville quintet appeared very much improved since their loss to Plymouth December 4. The cage season will re-open Friday, January 4 in an away game against Clarkston.
