

Effective January 1, 1952, postal cards issued by the U. S. Post Office Department, and private mailing of post cards require two cents postage. Rates for special services, such as special delivery, special handling, registered and insured mail also increased the first of the year.

The Pictorial section of Sunday's Detroit News gave the Northville winter sports area a boost. A picture of the skiing and sledding hill along Middle Rouge Parkway was shown. From the crowds on the surrounding hills during sliding weather, the "Little Switzerland of Wayne County" is well-known.

The Blue Star Mothers of Nov., Northville and Farmington delivered about 119 Christmas baskets at Maybury sanatorium this year. Included in the baskets for the veterans were cigarettes, candy, home-made cookies, apples and a crisp, new one dollar bill.

Merchants are urged by Chief of Police Joseph Denton to insist upon proper identification when cashing a check from a stranger. Last Wednesday, John Poulos cashed one for \$21.00 which was signed by one Howard Simonds. The check "bounced" and Poulos is out the money.

The inmates of the Detroit House of Correction recently put on their annual holiday season show. Supt. A. Blake Gillies led off the evening's fun which is put on by and for the inmates. The instigator of the variety show also got the idea early this year of practicing medicine without a license, that's why he's there. Over the stage a big sign read "Season's Greetings from Pop and Mom Gillies."

**Motorists Warned  
of Weather Factors**

"Happy New Year," Chief of Police Joseph Denton told all his visitors yesterday, "and see that you keep it that way."  
The chief said he was thinking about the fact that January and February, the two worst weather months of the year, are right ahead.

Sometimes this winter, probably about a week ago, the millionth person died in a traffic accident," he said. "If your relative or friend was that millionth person, it won't be a happy New Year for your family, and if it was a stranger, who died in an accident in which you were involved, it wouldn't be a happy New Year for you. Keep your New Year happy and safe."

The Chief issued the following suggestions for driving during snow and ice conditions:

1. Get the "feel" of the road when starting out by applying your brakes gently when no other vehicles are near.
2. Adjust speed of vehicle to weather and road conditions. Be especially careful at school zones, intersections, crossings, curves and bridges.
3. For severe snow and ice conditions, use tire chains. Even with "winterized" tire chains are needed when streets are especially slippery, because only steel chains bite into hard-packed snow or ice to cut stopping distances nearly in half and enable traffic to move up hills or in fairly deep snow.
4. Be sure your windshield wiper blades clean without dangerous smear, and that defrosters are working.
5. Keep your brakes equalized. Uneven brakes cause skids.
6. Be sure your lights are properly aimed. Never drive so fast that you can't stop within the distance you can see.
7. Never jam on the brakes to stop on slippery streets. Pump your brakes gently to avoid throwing the car into a skid.

"Give our hospitals a break," Chief Denton urged. "They've got more patients than they can handle now. They don't need your business."

New Year's Eve dinner guests of the C. O. Hammonds were Mr. and Mrs. Harvey Hodge and Mr. and Mrs. Edward Asher of Northville; the William Brassows of Wixom and the Clyde Casterlines of New Hudson.

The series of articles on "Should Northville Incorporate As A City?" will be resumed after the holidays.  
We think our readers will have more time to read them after Santa has paid his visit and everyone has made the rounds of open house throughout the community. Watch for them to appear beginning January 10.

**License Plate Sales  
Slow, Says Agent**

Only approximately 225 passenger car licenses have been sold at the Carrington Agency, local branch of the Michigan Secretary of State office, said Thomas Carrington. As in previous years, the rate of sale is slow until the last minute rush before February 29 deadline, he commented.

Carrington relates that one gentleman bought his license two days earlier this year and received a plate one number higher than his 1951 license. Last year's sale in the Village agency numbered 4,000.

It has been reported that the 1952 issue which features black numerals on a silver background, will be the last metal plate sold until the shortage of metal is relieved. Stickers used during the second World War will again be issued.

**Geo. Kohs Home  
Takes 1st Prize**

Holiday decorations on the George Kohs home on West Cady street won them first prize and a 20-pound turkey. Mounted atop their porch roof was a huge sign reading "Seasons Greetings from the Kohs." A mother, father and three children, one of whom is sitting on a sleigh completes the scene.

The Oren Nalley home on Orchard Drive placed second in the Rotary club sponsored decorations contest and they won a 15-pound turkey. Large red candles flanked the doorway and Santa with a pack full of gifts was mounted on the window. Strings of lights on pine trees on the other side of the house added to the beauty of their decorations.

Third place winners were Mr. and Mrs. Leon Gagner of East Seven Mile road. Their front door was tied with wide red ribbon and represented a Christmas package. Wreaths were hung in their front windows. The Gagner's prize was a 10-pound turkey.

Judges for the contest were Rotarians Mike Allen, Nelson Schrader, Carl Johnson and Roy Stone. They reported that very few Villagers decorated the outside of their homes this year.

**Church Executive  
To Preach Sunday**

A week ago he was appointed by the Ford Motor company as chairman of the Citizens committee to approve plans for the new Dearborn Housing Development on the property of the late Henry Ford.

Mr. and Mrs. Walter L. Couse of West Seven Mile road will have the Rev. Zimmerman as a Sunday dinner guest. Couse is a member of the Board of Church Extension of the Presbytery of Detroit.

**"March of Dimes"  
Launched Jan. 2**

"This Fight Is Yours." Under this slogan, the 1952 March of Dimes in Northville and throughout the nation will be launched two weeks earlier than usual, on January 2 and continue throughout the month. Nelson Schrader, Jr. will again head the drive which will be conducted through the use of canvassers in all the places of business and by direct mail.

In the past four years polio has accounted for 132,000 victims and has cost the National Foundation for Infantile Paralysis \$79,000,000 for patient care alone. According to William R. Bernard, Wayne County Campaign chairman, "Here in Wayne County, more than a million and a half in March of Dime funds has been spent on more than 2,200 patients for hospital care, respirators, wheel chairs, braces, crutches and all of the medical and nursing care involved. We haven't raised half enough money to keep pace with the increased number of cases of polio."

It is expected that this year will be the nation's most critical campaign against polio. When you see a canvasser in a merchant's store, contribute and contribute generously.

**Driving Corp. Calls  
Annual Meeting**

The annual meeting of the Northville Driving corporation will be held at the Veterans Memorial building Friday, January 11 at 8:00 p.m. On the agenda of business will be the election of five members to the board of directors for a two year term.

Locke's resignation as director of the corporation brought about the appointment of Russell H. Walker to fill the vacancy.

The Board of Directors has appointed a proxy committee composed of Gerald Taft and Arthur Schnute. Proxies received upon the corporation's solicitation will be voted in behalf of the above named candidates.

**Ladies To Hear  
Middle East Talk**

Members of the Northville Woman's club and their guests will hear a talk given by Mrs. Worthington F. Chapman at the regular meeting Friday, January 4 at 2:30 p.m. at the Village library.

While there, they took several sight-seeing trips to Beirut, Lebanon, Jerusalem, Bethlehem and many other historic points of interest. Mrs. Chapman will narrate many of the happenings of her trip.

### Rolling Down The River

by the PETZ BROS.

Want to get the rest of the winter over with in a hurry? Drop in the bank and borrow some money on a ninety day note!

A fellow we know says that from here on in, he must watch his table manners a lot more closely. He's sporting a big lump on his noggin, just because his wife caught him, this New Year's Eve, with a stewed chicken on his lap.

Come this time next week, we'll have a most important announcement to make, because the Studebaker for 1952 will make its appearance. We saw it over in Chicago very recently and it's certainly a honey. But then of course all Studebakers are the world's finest and we have a couple of '51 models left on which we'll give a most attractive trade-in allowance. If you are looking for the year's best buy, better hurry right over. It's amazing, the money you'll save.

All this snow reminds us of an ancient Indian that had gained local fame as a weather forecaster. Prior to a winter such as this, he forecast 'heap big cold with plenty of snow.' So when it happened, an amazed white man asked, "But tell me Chief, how did you know?" "Easy," grunted the noble Redskin, "White man put up plenty of snow fence."

Well, we hope that your car has been sitting on schedule these days and that you have taken proper care of all lubricants. Just in case you haven't, we'll still be doing business at the same old stand and are ever ready and willing to give your car the tune-up it needs and the lubricants it deserves. There's a lot of winter left, so perhaps it would be a good idea to let the fellows out in the shop cast a critical eye over your car, just to be sure that everything is in proper working condition.

That's that, but remember fellows, it's 1952 and leap year. We know any number of fine young ladies, perfectly willing to cast their lot with some man, providing he has the cash to put a house on it!

Yours,

BILL and WILL PETZ.

### MARCH OF DIMES KICKOFF

Three-year-old Margaret Rose Oxley, who was stricken with polio 18 months ago, has a big smile for Governor G. Mennen Williams as he makes the first contribution to the 1952 March of Dimes. The National Foundation for Infantile Paralysis has exhausted its resources paying the cost of medical care and treatment of polio victims. During 1951 the organization sent more than \$800,000 to Michigan chapters, in addition to money raised locally, to pay polio bills.

### Red Cross Okays New Method Of Artificial Respiration

A new method of artificial respiration now takes precedent over the prone pressure method in American Red Cross training for first aid and water safety personnel. Douglas Trites of Augusta, Midwest area field representative of first aid and water safety services, visited Pontiac last week to instruct Oakland County corporation and organization personnel in the new method.

According to Mr. Trites, this change from the Schaefer Prone Pressure method to the back pressure and arm lift method is a result of medical research conducted during World War II. This new system is approved by the American Medical Association, the National Research Council, the American Red Cross and the armed forces.

Inspiration for the new method came from research into the possible use of nerve gases during the last war. Although the Schaefer method has saved many victims of drowning, suffocation, shock, etc., the new method would be more effective in cases when muscle tones has been destroyed as a result of nerve cases. The Schaefer method depends on the involuntary muscle contraction of the victim for inhalation, while the new method performs both the inhale and exhale operations for the victim, thus providing about twice as much air exchange as before. The Red Cross now has in the printing office a new supplement on this method with pictures and directions for operation," stated Mr. Trites. "This will be supplied through all local Red Cross chapters in the country free of charge. This supplement also will be inserted in all first aid and water safety texts." Mr. Trites spent two days training all Red Cross first aid and water safety instructors who will in turn instruct other personnel in the county including all of the certificated personnel in the Red Cross organization.

Mr. Trites stated that the Red Cross recommends that persons continue to use the prone pressure method until instructed in the new method. Mr. Trites emphasized that the most important rule was not the method but that artificial respiration be started immediately upon a victim with-

### MSC Becomes Ninth Largest in Nation

Michigan's largest educational institutions—the University of Michigan, Michigan State college and Wayne university—all moved up the ladder in size among the nation's leading schools this year in spite of decreased enrollments.

This has been revealed in the annual report of Dr. Raymond Walters, president of the University of Cincinnati.

In terms of full-time enrollment, the University of Michigan is fourth in the U. S. with an enrollment of 17,035, and MSC is ninth with 12,219 full-time students. Last year U. of M. was seventh and Michigan State was tenth.

In total enrollment, including part-time students, U. of M. ranks eighth with 19,685; Wayne University is 14th with 17,384; and MSC is 20th with 13,837. Last year the University of Michigan, Wayne and Michigan State ranked eighth, 15th and 18th, respectively.

The ten top American universities in full-time enrollment are University of California, 34,863; Minnesota, 18,282; Illinois, 18,036; Michigan; New York university, 16,856; Ohio State, 16,583; Wisconsin, 16,142; Columbia, 13,849; MSC; and Indiana, 11,752.

Here's Plymouth's smart hardtop club coupe, the Belvedere, the pace-setter in the lowest price field with its new concepts in styling and beauty. The car has glistening, lively two-tone colors: Suede Tan with Sable Bronze top; Belmont Blue Polychromatic with Sterling Grey top; Mint Green with Black top. The color used on the roof follows the Belvedere's streamlined contours around the spacious rear window and down over the rear deck, giving the car the continental look. Sparkling chrome molding outlines the top and carries back to separate the two colors at their junction at the rear quarter-panel. The interior is luxurious, with colorful quality fabrics and vinyl blended in perfect harmony with the shades used on the exterior.

# Plymouth Refuses Gunnison Homes

The request for permission to construct a Gunnison home on Harvey street in the Nash subdivision was denied by the Plymouth City Commission at a recent meeting in their chambers.

Harry Duerzon, of Future Homes, Inc. had applied for permission to construct such a home some time ago.

The Commission carefully considered Mr. Duerzon's application and took a special trip to Ann Arbor to examine in minute detail the construction of such homes.

The Commission feels this type of home has not had a long enough time to prove in lasting qualities in all areas of the city and perhaps it would be more appropriate to limit construction to certain areas in which is customary to build low cost homes.

# "ANNE OF THE INDIES," "FROGMEN" SCHEDULED FOR LOCAL THEATRE

The Penniman-Allen Theatre Sunday and Monday, January 6 and 7 will show "The Frogmen" starring Richard Widmark and Dana Andrews. The movie pays tribute to the Navy's daring underwater demolition team and is a thrilling, action packed sea melodrama.

Wearing skin tight, water tight rubber suits, oxygen masks and flippers on their feet, the basic work of the UDT was to secretly conduct a reconnaissance of the waters and beached area to determine the possibilities of our forces being able to effect an assault landing. The story evolves around the problems of a lieutenant commander, played by Richard Widmark, who finds his new assignment as head of an underwater demolition team none too easy because his men compare him unfavorably with their former commander who was killed in action. He eventually wins their favor with a display of personal heroism. Widmark is effective as the cynical and fearless commanding officer as is Dana Andrews as his chief petty officer who strongly resents his methods at first but eventually becomes his strongest booster.

The Wednesday night family showing includes Spung Byington in "According to Mrs. Hoyle" and Whip Wilson in "Canyon Riders" Showings begin at 7:00 and 9:00 p.m.

Jean Peters, Louis Jourdan, Debra Paget and Herbert Marshall will come to the P-A Theatre Thursday, Friday and Saturday, January 10, 11 and 12 in "Anne of the Indies." This is a rousing technicolor sea pirate yarn that should go over well with the general run of audiences. The unusual thing about the picture is that it centers around a dreaded pirate queen, as ruthless and daring a female as any buccaner ever seen on the screen, played by Jean Peters. Sea battles, sword play, shipboard fights, floggings, the walking of the plank all add luster to the film, including a romance between Jean and Louis Jourdan, a French Naval officer. The film is fine for the family.
