\$2.50 PER YEAR IN ADVANCE

for the Record

To those subscribers who may have formed the habit of reading our editorials, and who may notice that there is none this week, we hasten to explain that this column is offered as a substitute. Frankly, we hope it will allow greater flexibility of subject matter and a less formal approach to community happenings and personalities than is possible on an editorial page. If this proves to be the case, we'll make it a permanent front-page feature. If it doesn't work out, we'll go back to formal pontification.

Among the trivialities which occasionally turn up something of especial interest, we have a letter from Thomas Nathan Pinkerton explaining that he was born in Northville Jan. 25, 1891, before a record of births was maintained here. Mr. Pinkerton is looking forward to the time he will be 65 and will need proof of his date of birth so he can collect old age benefits due him then. He asks if the old Record files may have carried anything about a son having been born to his parents John A. Pinkerton and M. Louisa Pinkerton nee M. Louisa Powers, on that date. Unfortunately, some volumes of the Record back in those years were destroyed by fire a few years ago so we can't help him. Perhaps some Northville old timers may have known his family, or him, in which case their testimony might be of value.

Although the hour we spent trying to find out about Mr. Pinkerton's birth was wasted so far as he is concerned, it proved to be bread cast upon the waters for us. What a swell story we could have written last April when we announced that the Record's subscription price of \$2 per year was being increased to \$2.50, if we only had known that back in 1870 the paper sold for \$1.50 per year. This discovery amply rewarded us for the time spent trying to help Mr. Pinkerton. Although no one, so far as we know, objected to the 50 cent increase, the fact that the paper had raised its price only 25% in 80 years struck us as rather remarkable. Compare that with the price of pork chops since the advent of the New Deal.

Getting back to more serious matters, we are increasingly concerned over the lack of progress toward putting the matter of construction of a Northville Community Building to a vote this year. We recall the evening last February when Mrs. A. C. Carlson put the bee on the Village Commission to protect the \$160,000 which had been accumulated for this purpose from being used for any other purpose. The Commission went along wholeheartedly, earmarking the funds, and discussing the matter at great length in several subsequent meetings. A committee has been appointed to work out details with the school board, but the fact remains that what progress has been made in the past four or five months has been painfully slow. No private business could hope to survive if it operated on the same basis.

Perhaps the Community Building as now proposed, to provide gymnasium, auditorium and cafeteria facilities for the schools, offices for the Village, a jail, and space for community activities, is too unwieldy to decide as quickly as many would like. To us, it looks like trying to be all things to all men, with a diversity of interests that it will be nearly impossible to satisfy. Perhaps we are wrong in this, for, as was pointed out to us quite recently, we are only a newcomer to Northville, without the background of knowing intimately the several groupings of public opinion that are a factor in projects such as the proposed Community Building.

But of one thing we are convinced. The Community Building project should be placed in the hands of a group of private citi-

Northville Theatre Burglarized Sunday

No arrests have been made of the person or persons who broke into the Northville Penniman-Allen Theatre in the early hours of Sunday morning and stole a small amount of money from the theatre safe, said Northville Police Chief Joseph Denton.

The burglary was reported by Fred Kidman, of North Rogers St., at 9 a.m. Sunday, when he appeared at the theatre to perform his duties as janitor. Nothing but money was taken from the safe, according to Joseph Brubois, manager of the theatre.

Miss Margaret Wilson, general manager of the Northville theatre and the Penniman-Allen and Penn Theatres in Plymouth, said that most of the theatre's receipts are banked each night after the box office closes. The loss was covered by insurance.

Michigan State Police are co-operating with the Northville Police Department in investigation of the case, although few clues exist, said Chief Denton.

Bible School Set to Open Monday

The annual Community Vacation Bible School, conducted jointly by the Northville First Methodist and the First Presbyterian Churches, will open on Monday, June 16.

Sessions, which begin at 9 a.m. Monday through Friday, will continue for two weeks until June 27. Both buildings will be used to accommodate the classes. Beginners and primary children will meet in the Presbyterian church with the juniors, and intermediates using the facilities of the Methodist church.

Both the Rev. William A. Johnson and the Rev. Dr. Harold F. Fredsell will assist in directing the school.

\$225,450 Wagered at Northville Downs on Opening Night

Approximately nine thousand people pushed \$225,450 through pari-mutual windows at Northville Downs, Monday night, when the harness track opened its ninth season. The total was \$5,000 more than on opening night last season.

Northville Downs became the first Michigan race track to use the new daily double ticket machines which duplicate the speed of regular ticket printing and dispensing machines. Previously, the ticket seller pulled daily double tickets out of rows of pigeon holes.

The new machines print and eject the tickets when the proper keys are punched, and calculate each transaction. A turn of a crank at the close of a daily double sale prints all details instantly on a large sheet.

Another advantage is the saving of ticket printing costs. Under the old "pigeon hole" system, Northville Downs had to destroy approximately 25,000 unsold combination tickets each day.

The machines were first used in New York and Chicago last year. They were used in the same manner that Dr. Snow's Committee on City Incorporation is trying to develop a definite plan to submit to voters late this summer. Members of the Village Commission have their own business to handle. In addition, they have a multitude of duties in connection with Village affairs that do not leave sufficient time to give the Community Building the attention it deserves. This fact should be recognized, and in no sense is meant as a criticism of the Commission as a whole, or of any individual member.

Such a private committee could meet as often as practicable, instead of every two weeks as the Village Commission operates. It could make an intensive study of the entire project, try to work out details between the various parties, and come up with a definite plan, together with cost estimates, which the Village Commission could submit to a vote at an early date. Certainly it could speed by many months the time that will be required before a vote can be taken if the pace of the past four months continues.

Pledges Urged for Blood Donations in Drive June 17

Women will be at the Veterans Memorial Hall across the street from the Methodist Church House to care for children while their parents are donating blood at the Blood Bank Tuesday afternoon and early evening, June 17, said Charles F. Carrington, chairman of the drive in Northville. Donations will begin at 2 p.m.

More than a hundred pledges have been turned in to date, Mr. Carrington said, but at least a hundred more are needed to assure success of the drive for blood donations urgently needed to maintain the supply to wounded servicemen and women in Korea and the supply in the United States, especially in disaster areas.

A representative of the American Red Cross talked to members of the Rotary Club, the organization spearheading the blood drive, at its meeting last week, pointing out the great danger of allowing blood bank supplies to become so depleted that a wounded serviceman in Korea may die for no better reason than the lack of plasma.

An average of seven or eight pints of plasma is needed every time a serviceman is wounded, she said, and added that blood donations can be obtained nowhere except from human beings.

Pledges may be made by phoning Mrs. William Forney at 353-M or Mr. Carrington at 284.

Mrs. Hazel Severance, president of the American Legion, Lloyd H. Green Post 147 Auxiliary, said that a lunch, under the direction of Mrs. Lila Chapman, will be served by ladies of the auxiliary to Blood Bank workers.

Tonight, among the houses open after the final graduation exercises, will be one at Marjorie Johnson's home on West Dunlap St. and the home of Jim Clark on West St.

Cansfield, Howard Off for Alaska on 3-Month Trip

Two young men in a jeep by who stopped to find out what the commotion was about, were on hand to send the travelers off on their journey, and to offer advice, some of it of doubtful value, most of it ignored. The boys shook hands with the men, kissed all the women, and headed off in the general direction of Nova Scotia, wearing cold-weather parkas and munching bananas.

After crossing the lake to Milwaukee, their route will take them to Shelby, Mont., where they'll cross the Canadian border. They expect to pick up the Alcan Highway at Dawson Creek in Canada and head north to Fairbanks, Anchorage, Seward and June in Alaska.

Novi Township Sets Dates For Course in First Aid

The Pontiac Red Cross is sending Mrs. Isabel Brown, first aid instructor, to Novi to instruct classes in First Aid starting Wednesday, June 18. The course will be held every Wednesday, from 7 to 9 p.m. for ten weeks in the Novi Community Building.

This course is given in connection with the Novi Township Civil Defense program and is without cost. Those attending the course for the entire ten classes will receive first aid cards.

During the course, the new technique in artificial respiration will be shown and taught.

If you took a first aid course during World War II, this would be a good opportunity for a refresher course, said Mrs. Harry Duerson, secretary of the group.

College Gets One-Half, Uncle Sam 11 of Graduating Seniors

A round of parties and open houses have kept the graduating seniors of Northville High School busy this last week.

Nancy Littell invited the class to her home on Seven Mile Rd. after the practice for Class Night Tuesday afternoon. Then after the Tuesday evening program, they gathered at the home of Mary Lou Litsenberger to compare notes about prophecies and giftatory.

Tonight, among the houses open after the final graduation exercises, will be one at Marjorie Johnson's home on West Dunlap St. and the home of Jim Clark on West St.

German Students

The four German exchange students, who have been living and attending school in Northville this year, will leave for their homeland by boat on July 25, Ingrid Haenzel, Ludwig Jagla, Ingeborg Rothenpieler and Karl Wursching will join the rest of the visiting German students in New York at that time.

Planning to take the business course at Cleary College, Ypsilanti, are Elaine Benjamin, Barbara Busch, Maxine Clark, Marjorie Johnson, Judy Seehlin, Noreen Shames and Betty Wilson. Joan Toussaint may attend Cleary and Jackie LaPlante is planning to attend business school but is undecided about the place.

Three boys, Jim Clark, Charles Ely and Tom Stanford, will leave in the fall for Ferris Institute. As far as we know, six Northvillites will be studying at Michigan State College. They are David Boyd, Leon Holman, Marion Kwasek, David Lee, Richard Sands and Nancy Sanislow. Cecile Bloom, Gay Duerson, Marilyn Funk and Mary Jean Woodruff will go to the University of Michigan. Sylvia Hollis will pursue her nursing career at the U. of M. Hospital, while Joan Buck has chosen St. Joseph's in Ann Arbor. Luanne Robinson will train at Highland Park General Hospital.

Dorothy Benton will attend Michigan State Normal College at Ypsilanti; Dennis Curl and Ted Masters, Dearborn Junior College; while Mary Lou Litsenberger and Jerry Freydl will study at Western Michigan in Kalamazoo.

Village Commission Votes to Negotiate Leases for Parking

The Northville Village Commission voted at a special meeting Monday evening to negotiate leases on vacant land in the center of the block bounded by Main, Center, Dunlap and Hutton streets so it can be hard-surfaced and used for metered off-street parking.

This was one of seven suggestions made by the Village Planning Commission on May 19 to ease the downtown parking problem and eliminate the blocking of traffic by large truck-trailers delivering merchandise at the front doors of downtown stores. The Planning Commission's recommendations were made at the request of the Village Commission.

Will Increase Property Values
Action by the Village Commission this week forecasts cleaning up, grading and hard-surfacing of the entire area in the rear of stores fronting on the north side of East Main St. between Center and Hutton Meters limiting parking to two hours will be installed when the project is completed, together with adequate lighting to make the parking area usable at night.

Consensus of opinion of the Village Commission was that there will be no opposition by property owners to leasing the land under discussion to the Village on nominal terms because the construction of a good parking lot should increase the value of business frontage adjacent to the area and stimulate retail sales of those stores operating in leased quarters.

The proposal also calls for construction of a properly laid out alley wide enough to accommodate the largest truck-trailers delivering merchandise in Northville.

Also discussed briefly at the Monday evening meeting were Planning Commission proposals for acquisition or reservation of Lots 47, 48 and 49 (center of the block on the north side of East Cady St.) for future parking, and acquisition of the east ten feet and the rear 80 feet of Lot 534 (the Hill property on West Main St.) and all of Lot 544 (the McKinney property).

The Village Commission turned (Continued on Page 10)

Girls, Boys State Begin June 17, 19

Two girls and seven boys will attend Wolverine Girls' State at Ann Arbor, June 17-25, and Wolverine Boys' State at Lansing, June 19-27.

The girls will be sponsored by the Northville American Legion Auxiliary, Lloyd H. Green Post 147; the Northville Woman's Club, and the Northville Metcalf Club.

The boys will attend Boys' State on the Michigan State College campus under the sponsorship of the Northville Lodge 186, F & A M, the Optimist Club, the Exchange Club, the Rotary Club, the American Legion Lloyd H. Green Post 147, and Village President Conrad E. Langfield, who is sending, at his own expense, the two German Exchange students in Northville, Ludwig Jagla and Charles Wursching.

The girls are Theresa Duchesneau and Marlene Weiss. The other five boys are Robert Schefter, David DeJohn, Mitchell Ruckov, William Sullivan and John Burgess.

Socialism Has Created Crisis, Minute Women Told

The steady advance of socialism and bureaucracy have created a crisis which American women can no longer ignore, Mrs. Jay D. Runkle of Royal Oak told a meeting of Northville and Plymouth area women at a meeting in Northville High School Thursday night, June 5. The meeting was sponsored by the Minute Women of the U.S.A., Inc.

"We must do something about the world we live in," said Mrs. Runkle. "All our former values—economic, moral, political—are under attack. This is a fight to the death between opposing ideologies, and there is no room for apathy or complacency. The persons most helpful to the other side are those selfish individuals willing to go on taking all they can get without giving in return."

Mrs. Runkle quoted from Raymond Moley's "How to Keep Our Liberty," from the Communist Manifesto of 1848, and from Joseph Stalin's "Foundations of Leninism," in support of her contention that this country has already slid perilously far to the left. She recommended close study of all three of these books, turning them source material of the most valuable sort.

"We must first decide what Truth is," she said, "by going straight to these and other sources. We should engage in discussion of important things, as opposed to trifles, and we should prayerfully seek guidance at all points along the way, remembering that our Constitution is the only document of its kind in the world conceived in prayer. Let us be searching in our effort to determine what the opposed political parties stand for in the approaching contest, and work for and support the party measuring up most closely to our ideals."

The Commencement address, "Crossroads to the Future," will be delivered by Dr. Clyde Vroman, associate professor of music education and director of admissions at the University of Michigan.

The Baccalaureate Service was held at the Presbyterian Church House last Sunday and the annual evening of humor, Class Night, was Tuesday.

Dr. Vroman, before becoming director of admissions at the University of Michigan, was in charge of the university's program at the National Music Camp at Interlochen. Much of his time was devoted to outstate services through the All-State Orchestra, Band and Chorus, the Michigan School Band and Orchestra Association; the Michigan School Vocal Association; the Michigan Music Teachers Association and the Michigan Camping Association. Through the University Extension Service, he made numerous trips to schools and community groups. He now devotes full time to his duties as director of admissions.

Dr. Vroman was a private music teacher before coming to the university to teach instrumental music, and became assistant in music education in 1938. He was given the rank of assistant professor in music education in 1945 and promoted to his present position in 1949.

Seniors will march into the gymnasium to the playing of the Processional by Lucien Lovell. After singing of our national anthem, "The Star Spangled Banner," led by High School Music Director Leslie G. Lee, and giving of the invocation by the Rev. Mr. E. E. Rossow, pastor of St. Paul's Lutheran Church, Mary Jean Woodruff will deliver the salutatory address. Numbers will then be sung by senior choir members, accompanied by Lucien Lovell.

Nancy Littell will give the valedictory address, followed by scholarship awards and the principal address by Dr. Vroman.

The Class of 1952 will be presented by E. V. Ellison, high school principal, to Superintendent of Schools Russell H. Amerman, who will grant diplomas to the 78 seniors.

The program will end with the singing of "America" by the audience, led by Mr. Lee, the Benediction by the Rev. Mr. Rossow, and the marching out of graduates as Lucien Lovell plays the Recessional.

Many receptions and open houses will be held in homes of seniors' parents following Commencement Exercises.

A composite picture of the graduating class and a full list of graduates appears on page 3 of this issue.

Clark Reelected to School Board

Eural F. Clark was reelected to the Northville School Board in Monday's election for a three-year term which will expire June 30, 1955.

Mr. Clark received all of the 61 votes in the uncontested election. Results of balloting were handed over at the annual school meeting Monday night to George L. Clark, secretary of the board, who opened the sealed envelope and read the report to the board and audience. Eural F. Clark, president of the board, was presiding at the time.

NHS Alumni Banquet Set For June 19

The annual alumni banquet of Northville High School will be held on Thursday, June 19 at 6:30 p.m. in the high school gymnasium.

Recent graduates and especially the class of 1952, are urged to attend, said acting president, Dick Scharchburg. A full slate of officers for the organization will be held following the pot luck dinner.

Those attending are asked to bring one passing dish plus their own table service.

Rolling Down The River

Now along about Monday of a certain week, we're wondering how to best start the day and all we can think of is going fishing, as the weather is pretty wonderful and with our new Studebaker, it's easy to think of going anywhere. But what happens, in walks a guy and wants to buy a '52 Land Cruiser and right away, he isn't a guy any more but a gentleman of much discernment.

We sell him the car and in the meantime, he tells us of going to church with his five-year old son. When the service is over and they're on their way home, he asks the boy how he liked the service. "The music and singing were pretty nice, Daddy," remarks the pride and joy, "but do you think the program will really make good with such a long commercial."

We wouldn't know, maybe the boy has a point, which is why we always try to keep our own commercials brief. Why should we argue, when the best argument we have is the '52 Studebaker itself! Sleek, modern beauty! An amazingly powerful, responsive engine! Easy riding comfort! Surprising economy! There you have it and unless you drive the car for yourself, you'll never truly experience the outstanding performance of a really fine automobile.

Fellow tells us he knows of a lug that found himself a girl friend who is also an amateur photographer, just because he likes to go along in the dark room to see what develops.

Did you ever stop to think how much future trouble may be developing in your car right now because you forgot to bring it in for a complete lubrication and motor tune-up. These mechanics of ours are very expert, but they can't heal your car by waving a wand while you drive by. Besides, they're nice guys and miss your company. Save yourself a lot of needless future expense by having them give your car a thorough check-up now! The cost is surprisingly low.

That's that, but a farmer friend was telling us the other day his land is so rich that the poultry on the farm have to catch the corn on the fly, come feeding time, or eat it off the stalk.

BILL and WILL PETZ,

NEWS FROM NOVI

By Mrs. L. Rice

The public is invited to attend a Father's Night, Tuesday, June 24, at the Novi Methodist church, sponsored by the W.S.C.S. The program will begin at 7:30 p.m. after which refreshments will be served.

Mrs. Ralph Walden returned last week from a five-weeks visit with relatives in Connecticut. Robert Bannerman, of Wixom, is the latest Novi township boy to leave for the service. He left early Monday morning.

Meeting time for the Baptist Young people has been changed from Sunday night to Thursday night each week.

Mr. and Mrs. George Lien and children returned last Thursday from a ten-day trip to visit friends in Missouri and Mississippi. On the return trip they stopped at Santa Claus, Ind.

The regular monthly meeting of the Novi W.S.C.S. will be held at the Methodist church, next Wednesday, June 18. Members are requested to bring their own sandwiches and come prepared to sew on cancer pads. Mrs. Leo Harwood and Mrs. Wendall Crum are the acting hostesses.

Ten members of the local W.C.T.U. met with other unions as guests of the Ella Irish Union at the home of Mrs. Leonard on Orchard Lake Rd. The State vice-president, Mrs. Rowley, of Pontiac, spoke on "Visual Education for the Schools."

Albert Banks, son of Mr. and Mrs. Russell Banks, will be leaving for the Service on Thursday. He will go to New Jersey and from there will be sent to Austria.

The Novi Baptist church plans to have Daily Vacation Bible School this summer.

Mrs. Carl Leavenworth and Mrs. Russell Taylor were hostesses to a committee meeting of the Girl Scout Leaders and committee women, Monday evening, at the school. A Brownie and Scout Day Camp was planned, date to be announced later.

Mrs. Bertha Wood, of West Grand River, accompanied her son, Arthur, of Fort Lauderdale, Fla., on a weekend trip to visit relatives in Chicago.

Last Rites Read for Wm. Thomas

Funeral services under the auspices of the American Legion, Lloyd H. Green Post 147, were held Wednesday, June 11, for William Ira Thomas, 73, who died June 8 at the Dearborn Veteran's hospital.

Mr. Thomas was a veteran of World War I. He was born on March 4, 1879, in Northville township, to Calvin E. and Ellen Thomas, deceased. He was a member of the Disabled American Veterans of Detroit. He had lived at 16800 Meade Rd., Waterford, for 20 years.

He is survived by two sons, Rolland, of Lincoln Park, and Otis of Dearborn; three daughters, Mrs. Dorothy Clowtier, Detroit; Mrs. Alice Unrath, Flint; and Mrs. Betty Howlett, Detroit. Two brothers, Jessie, of Newburg and Charles E. of Novi, and three sisters, Mrs. Lucy Perkin of Pontiac, Mrs. Adeline Nairn of Plymouth and Mrs. Myrtle Steinhebel of Meade Rd. Nineteen grandchildren and seven great grandchildren survive.

The Rev. William A. Johnson, pastor of the First Methodist church, Northville, officiated at the services. Burial was in Waterford Cemetery.

Mrs. A. E. Hackett's Sister Dies in Ohio

Miss Ella M. Phelps, 66, of Youngstown, Ohio, a sister of Mrs. A. E. Hackett of Baseline Rd., died on Tuesday, June 3. Services were held Friday, June 5, in Youngstown.

Miss Phelps had been on the staff of East High School since the school opened in 1926 where she taught the senior English classes.

She leaves two sisters, Mrs. Hackett, of Northville, and Mrs. S. S. Smith of Warren.

NOVI BLUE STAR MOTHERS SPONSOR AMERICANISM PROGRAM

The Novi Blue Star Mothers honored Sally Davis, daughter of Mr. and Mrs. Robert Davis, of Twelve Mile Rd., for outstanding citizenship, at an Americanism program, Monday night.

Sally was presented with a scroll after she had read her paper on good citizenship to the assembled patriotic groups. The paper, entitled "America is Everybody's Business," was written for the VFW contest in Northville. Sally won second place.

The Girl Scouts and Brownies, the Boy Scouts and the Cubs and their leaders, all participated in the program.

Speakers of the evening were Sr. vice-commander of the State V.F.W., Jasper Kuhl, who was introduced by Ray Killoren, commander of Walled Lake V.F.W., 3952, and Charles Trickey, Jr., Jr. vice-commander of the State AmVets.

The Optimist Club, of Northville, showed a film on Americanism after which refreshments were served by the Blue Star Mother's committee.

Therapy Student to Train at Wm. Maybury San.

Western Michigan College, which boasts the largest occupational therapy school in the world, will this summer be sending to Northville one student to serve in affiliation in a local hospital.

Selected to be trained at the William Maybury Sanatorium is Jennie Anne Lucci, Niagara Falls, N. Y., who is one of 47 students to receive such practical, clinical experience in 31 hospitals and clinics across the nation.

Western's OT school is now in its 30th year, having been continuously under the direction of Miss Marion R. Spear, a nationally recognized authority in the field of occupational therapy.

Look Mom... No Garbage!

when you have an

ELECTRIC

INCINERATOR or DISPOSER

Get rid of burnable trash and food waste before it becomes garbage. An electric incinerator does the trick safely, economically. No work—no worry—no waiting! All that's left is handfuls of mineral-rich ash—an ideal plant food. It's the modern way to say good-bye to a distasteful job... no garbage to carry... no can to empty.

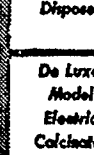

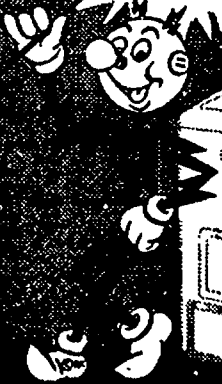

A sink disposer is a glutton for food scraps. Instantly they're shredded and flushed right down the drain of your sink. The disposer washes itself clean as it's used. Your kitchen is always spick-and-span... forever free from messy sinks. And you're forever free from those countless, tiresome trips to the garbage can.

Two new answers to an age-old problem—two modern electric appliances that put an end to garbage, flies and odors. They are both easy to install... economical to own and operate. Whichever you pick—you pick a winner.

Look! No garbage!

L. J. Ranch, Inc. to Present Sunday Horse Show

The fifth annual spring all-western horse show, sponsored by the L. J. Ranch, Inc., will be given Sunday, June 15. The two performances will be held at the ranch which is located at 37910 Amrhein Rd. The first will begin at 10 a. m. with the other scheduled for 1 p. m.

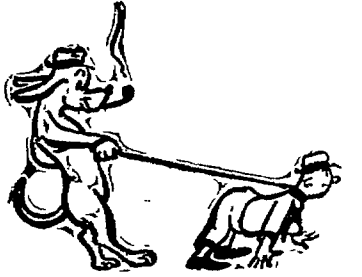

During the morning show there will be exhibitions of junior horsemanship, western walking, trotting and cantering, junior potato bending stake race, the junior speed and action class and the junior trail class.

A different type of show will be presented in the afternoon. Among the events scheduled are the presentation of the junior awards, the b. o. o. m. and ball contest, western parade class, the figure eight race, the speed and boots and saddle race and musical chairs.

The L. J. Ranch, Inc., was organized by 18 horse lovers and owners on March 14, 1948, with the idea of promoting the interest and appreciation of horses and horse shows.

Social Security Defines Status of Private Nurses

Nurses on private duty are generally self-employed as far as social security is concerned, reminded Ray V. Hanning, manager of the Detroit-Northwest social security office, located at 14600 Grand River, corner Hubbell.

Although income from 13 specified professions named in the law as not under social security, the nursing profession is not excluded, Hanning said. A nurse who had net income of at least \$400 from private duty in 1951 or 1952 will file a self-employment social security return on Schedule "C" of the income tax return.

Nurses who work for hospitals or in doctors' offices are employees and would be covered by social security as wage earners. In this case, the employer would report their wages quarterly on his regular social security return.

Practical nurses in private homes who perform services which are primarily of a household nature, who are not under the direction of the attending physician, and who do not hold their services out to the public, are generally household workers. As such they are covered by social security in the same manner as other household workers. They must work for the same household on at least 24 days in a calendar quarter and be paid at least \$50 in cash wages during the quarter. The employer in this case would file a quarterly social security return on the special household report blank, Form 942.

Driver Care Should Increase During School Vacations

As summer vacations begin for more than a million Michigan school children, motorists should keep their eyes peeled for boys and girls at all times because they are likely to be anywhere, warns State Police Commissioner Joseph A. Childs.

"When schools close for the summer," said Childs, "children devote full time to baseball, roller skating, hiking, riding bicycles and other outdoor recreations. In their excitement they forget rules of safety easily."

"During this time of the year there is usually an upward surge in traffic casualties. Last summer 470 persons died in Michigan traffic. About 100 were pedestrians, including many children."

"A child running toward a street or highway, standing at the curb or riding a bicycle in traffic should be regarded as a danger sign. Likewise, all vacant lots and other places where children might be are danger zones."

"Motorists should bear in mind at all times that children are impulsive and unpredictable. In a moment of thoughtlessness, when they forget to be careful, their lives are in the hands of the driver."

Sixth Graders Give Robin Hood Play, Tea

The sixth graders of Northville Grade School, in Miss Gertrude Martin's room, entertained their mothers with a Robin Hood play followed by a tea on Monday, June 2.

The production of the play called into use many school subjects, said Miss Martin. The student's read several different versions of the story of the outlaw of Sherwood Forest and after deciding to dramatize it, divided into groups with each group writing an act.

The project was further correlated with English when the class wrote invitations to their mothers and friends. In social studies, the class learned about the England locality where Sherwood Forest is located, and about the days of King Richard, said their teacher. The scenery for the play was drawn by the class under the direction of Mrs. Virginia Black, art instructor. The cast of characters for the play was chosen by the class.

They were: Robin Hood, Dick Biery; Little John, Norman Tibble; Friar Tuck, Richard Buckley; Lady Marian, Jo Houser; George-a-Green, Agnes Burton; Much, the Miller's son, Tom Williams; King Richard, Ronnie Lahr; Forester, Hank Bathey; Lady Marian's maid, Frances Walter; Sir Rich-

ard of the Lea, Alice Sutton; Knight, Ruth Ann Clarke; King's Herald, Elnie Ebert, and Archer, Coimne Dickerson.

Parts of the King's men were portrayed by Margaret Witt, Lois Leavenworth, Judy White, Ruth Ann Clarke, Rosemary St. Clair, and Isabelle Sherman.

Robin Hood's men were Bonnie Walker, Judy Robinson, Betty Strange, Peter Gross, Robert Baxter, Janet Malott and Pat Sworthwood.

In the opening scene, which was laid inside the castle, Carole Lyke and Sarah Waterloo danced the minuet, taught them by their dancing teacher, Mrs. L. Jordan. Mrs. Budd Newton accompanied them on the piano.

Between acts, Jo Houser and Tom Williams entertained the au-

dience with piano solos.

Jo Houser and Dick Biery, as Maid Marian and Robin Hood, respectively, presided at the tea table which was centered with an arrangement of spirea, lemon lilies, iris and candles. The sixth grade mothers, Mrs. Fred Lahr and Mrs. J. B. Leavenworth had charge of the tea. They were assisted by members of the class, Judy White, Pat Swarthwood, Bonnie Walker, Lois Leavenworth, Ruth Ann Clarke and Isabelle Sherman.

Greeting the guests, Monday, were Margaret Witt, Judy White, Betty Strange, Isabelle Sherman, Janet Malott and Alice Sutton. Among the guests, other than the mothers of the group, were Superintendent and Mrs. Russell H. Amerman; C. T. Pregitzer, prin-

cipal of the grade school; Miss Rhea Lyon, village librarian; Ruth Knapp, R.N., school nurse; and the four exchange students from Germany.

Pearl Hensch has left Northville to spend the summer in Richmond, Michigan.

Mrs. E. J. Willis, director of the Southwestern Deanery, National Council of Catholic Women, installed the officers for the new term at St. Mary's Auditorium in Chelsea on Sunday, June 8.

The Business and Professional Women of Northville will have Girl Scout Troop No. 1 as their guests at their closing picnic Monday evening, June 16. The gathering will be held at 6:30 p.m. at the Willows in Cass Benton Park. The BPW sponsored Troop No. 1 is led by Mrs. Kenneth Rathburn. An evening of games has been planned by the picnic committee.

The Clement Road Extension Group met Thursday, June 5, at the home of Mrs. Russell Knight. Mrs. Knight gave the lesson on "Landscaping, Shrubbery and Knowing the Location of Proper Planting". Refreshments followed the meeting.

Albion, Oberlin, MSNC Grant Degrees to Local Girls

Patricia Johnston

Nancy Boyd

Patricia Chase

June Richardson

Barbara Stewart

Three Northville young people were graduated from college at commencement exercises on Monday, June 9, with the two attending Michigan State Normal College looking forward to ceremonies on June 14.

Patricia B. Chase, daughter of Mr. and Mrs. William Chase, of Eight-Mile Rd., was granted a bachelor of arts degree from Oberlin College, Ohio, at the 119th anniversary commencement on

Sunday. President William E. Stevenson conferred degrees on 419 candidates. Thornton Niven Wilder, three-time Pulitzer Prize winner, gave the address and was presented with the honorary degree of doctor of letters from Oberlin College.

Patricia Johnston, daughter of Dr. and Mrs. Wilbur Johnston, of West Dunlap St., and Nancy Boyd, daughter of Mr. and Mrs. C. C. Boyd, of Rayson St., were graduated on Monday from Albion College.

Dr. Mark W. Bills, superintendent of schools in Flint, will be the commencement speaker at Michigan State Normal College on Saturday, June 15, when June Ann Richardson and Barbara Ann Stewart will receive degrees.

June is the daughter of Mr. and Mrs. Hugh Richardson, of Spring Dr., and Barbara's parents are Mr. and Mrs. L. C. Stewart of Orchard Dr. Both girls will be awarded bachelor of science degrees and their elementary provisional teaching certificate.

Graduation exercises will be held on Sunday, June 14, for

3,210 University of Michigan candidates for degrees. This will be the U. of M.'s 108th commencement and will be held at 5 p.m. in the Michigan Stadium. A bachelor of science in engineering will be awarded to Milton Wilhelm Handorf, of Wingourt and Robert Joseph Herter, of Dubuque St., will receive a bachelor of laws degree.

John Bruce Murray, Auburn-dale Ave., Livonia, will receive his doctor of dental surgery from the U. of M. on that day.

Plymouth graduates will be: Roderick Kaye Daane, Garfield, Bachelor of Arts; John Julian Guettler, Dewey, Bachelor of Arts; Raymond E. Kurtz, Surrey Rd., Bachelor of Business Administration; Doris Carol Noblit, Joy St., Bachelor of Music; Mrs. Carol Ann Miller Sturton, Arthur, Bachelor of Arts in Education; Bruce Carleton Walborn, Hubbell, Bachelor of Business Administration.

Green Thumb

by Paul Newton

Again we are facing the season when weeds take part of the joy out of gardening. Weed killer solutions may be good enough to take care of the wide-leaved varieties that infest the lawn, but they cannot be used in the flower and vegetable garden without endangering the plants. Hoeing, cultivating and mulching are just as necessary as they always have been.

While hoeing is instinctive with those who take their gardening seriously, it is well to remember that it should never be deeper than one to two inches—just deep enough to destroy the weeds and loosen the soil to prevent evaporation. Never hoe or cultivate after a light rain. Let the moisture soak into the ground first.

Over-cultivation breaks down the soil granules and destroys air spaces, causing the soil to shed the light showers, get water-logged in heavy rain and pack hard.

Advantage of Mulching
Better than hoeing, and far easier on the gardener, is mulching with grass clippings, straw or leaves. These insulate the soil against hot sun, absorb rain and slow down drying of the soil and weed growth. Mulching should be at least two inches deep.

Buckwheat hulls are very good for mulching around roses and strawberries, but they should be raked off in the fall before the area is dug over or the roses killed up. If turned into the soil it develops a toxic condition, but the hulls can be saved and used from year to year.

Straw is an excellent mulching material, and much easier to obtain. Because it does not pack tightly, it allows the air to circulate. It should be shaken on several inches deep.

Peat Moss is Useful
Peat moss can be used as a mulch for rhododendrons, azaleas

Dance, Piano Recitals Set Jordan Dancers to Give Program

The Jordan Dance Studio of Northville will present its annual Dance Recital on Saturday, June 14, at 8 p.m. The program will be held at the Bentley High School auditorium located on Hubbard near Five Mile Rd. in Livonia.

"The Toy Shop" theme will be carried out with the pupils representing children's toys, and dolls from different nations. The dance acts will include group and solo numbers.

Participating will be pupils from Livonia, Farmington, Detroit, South Lyon, Plymouth, Milford and Novi as well as Northville.

Tickets may be obtained from the pupils of the studio or at the door. The public is invited.

Mrs. Hill to Head Pre-School Group

The PTA pre-school group, meeting at the home of Mrs. Carl Clendenning on Thursday evening, June 5, elected Mrs. Clifton Hill as their president for the coming year.

Mrs. G. S. Liveness will serve as vice-president with Mrs. Edwin E. Mueller as secretary and Mrs. John Lohmeyer as treasurer.

Information regarding fall enrollment in the pre-school group may be obtained from Mrs. Hill or Mrs. Howard Meyer, past-president.

George Hines to Head Putnam School District

George F. Hines was elected Monday evening for the three-year term of director of the Putnam School District. This is his fourth year as director.

Serving with him as treasurer will be Andrew Burgess and Ross Correll as moderator.

and blueberries. These acid loving plants like the soil which it makes. But for other kinds of plants, it should be used sparingly and not every year as a mulch over the same ground because it will make the soil too acid.

Mulching tomatoes helps to retain moisture and also protects the fruit from the ground. Work fertilizer into the ground before applying the mulch. Grass clippings are ideal for this purpose and can be spread on thinly after each cutting of the lawn until the covering is two to three inches deep. Never apply grass cuttings thickly at one time as they have a tendency to mat down and heat. In the fall, they may be spaded into the soil, making an excellent conditioner.

Mulching is especially satisfactory for those who take long summer vacations and dislike coming home to find that weeds have taken over their gardens. Proper mulching will go a long way in eliminating weed growth and preserving moisture in the soil while the gardener is away.

Teachers Hold Picnic, Luncheon

The teachers of Northville High School and Grade School this week scheduled their last "social fling" with their fellow teachers before dispersing for the summer vacation.

The annual teachers breakfast will be held this morning at Cass Benton Park. The committee in charge of arrangements for the affair consists of William Renard, Diana Lance, Mrs. Edna Huff, Harry B. Smith, Mrs. Leonore Upthegrove, Gertrude Martin, Steven Peterson, Dick Kay and Dorothy Kimball.

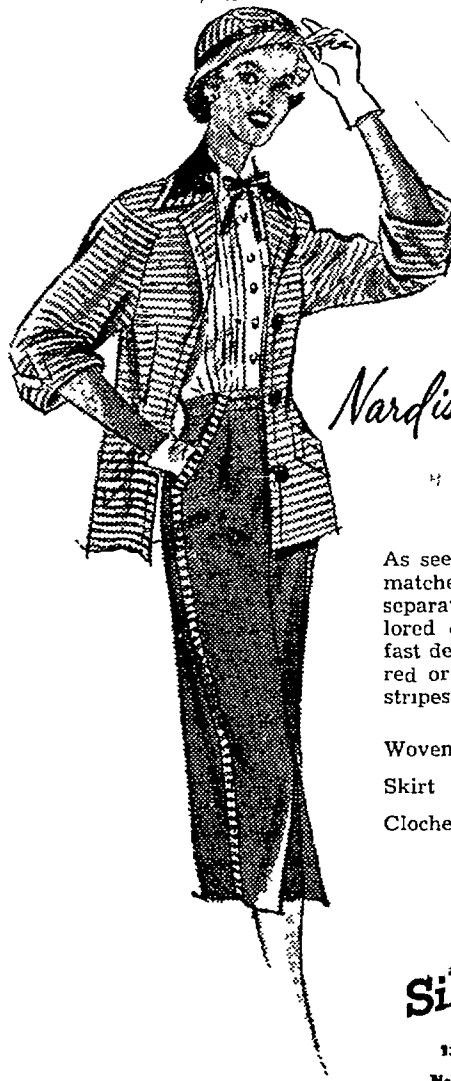

Tuesday, the grade school teachers had luncheon together at Arbor-Lil. The visiting German teacher, Brigitte Scholtz, was their guest.

Couple Married at Salem Parsonage

The parsonage of the Salem Congregational church was the scene of the marriage uniting Mrs. Lelah M. Rhodes of Whitmore Lake and George T. Slyeld, of South Lyon.

The Rev. Lucia M. Stroh read the double ring ceremony on Tuesday evening, June 3.

Mr. and Mrs. George H. Slyfield, Sr. were the couple's only attendants. Other members of the family attending the wedding were a brother, William Slyfield and two sisters, Lucille and Helen Slyfield, with Ernest G. Rhodes, all of Five Mile Rd.

CHRYSLER SARATOGA PASSENGER SEDAN

DON'T LET YOUR WIFE DISCOVER THIS TOO LATE!

Women by the thousands are discovering in the beautiful Chrysler Saratoga the easiest "big car" of all to handle . . . the most generously comfortable to ride in . . . and the most instantly responsive to their command.

That's why we say to you . . . and your wife . . . "Come in and see for yourselves what the Saratoga does for you." And do it now, before you decide on any car . . . not later, when you may regret not having all the things you can have in a Saratoga!

Yes, it is a big car with big car power . . . a breath-taking 180 H.P. performer (the most revolutionary V-8 engine in 25 years) that answers to the touch of your toe with delightful gusto. And it doesn't call for premium fuel, either!

Does your wife think there's too much car here to handle? . . . let her try its Power Steering that does 4/5 of all the steering work and gives five times greater control on the road and when parking!

Is she safety-minded? Chrysler Power Brakes give her quicker, safer stops . . . with up to two-thirds

less foot pressure. She'll appreciate Chrysler's Safety-Cushion dash panel. And in case of a blow-out, she'll have the assurance of Safety-Rim wheels that won't "throw" a tire.

How about comfort? Come, both of you, for a ride! . . . feel how those amazing 60-flow shock absorbers "liquidate" even the worst road bumps. Chair-high seats plus big, big windows let even the tiniest little lady see out properly. Doors open wide . . . and she can keep her hat on!

Here, in short, is the car beautifully designed for men and women. The liveliest, best handling car in America. The car you'll both be glad you saw first. Why not stop in today?

NOTE: Power Steering standard on Crown Imperial. Available, extra, on any new Chrysler.

**CUT YOUR
FOOD BILLS
AT A&P!**

WHAT IS A&P DOING ABOUT FOOD PRICES?

Last week A&P thrilled millions of families with the best news they had heard in months with the announcement that hundreds and hundreds of items were priced lower than OPS ceilings at A&P super markets.

A&P continues its campaign of cutting food bills with more and more items below ceiling prices. How does A&P do it? By "working hard and saving" so that A&P customers get more for their money.

**COME SEE THE STORE-WIDE SAVINGS YOU CAN MAKE ON HUNDREDS

THE DEVIL IS NO JOKE

The idea of a personal devil has been relegated to the age of superstition and witchcraft in the minds of many people today. Cartoons picture him in a red monkey suit with a spear tail which ridicules the idea of his existence. He is a principle character in many jokes, thought to be funny by most people. The Bible, however, tells us that Satan does exist and is the most ruthless, unprincipled, detestable creature alive in God's universe today. His first position is that of a created angel from which he fell by reasons of pride and unholiness. Isaiah (14): "Since that time, he has endeavored to thwart the plans of God for mankind. I Peter 5:8 tells us, 'Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour.' His appearance as described in II Corinthians 11:14 is very much in contrast to the cartoonist pictures of him, for it says, 'And no marvel; for Satan himself is transformed into an angel of light.' He does not appear as a devil, but as an angel of light. Should he appear at our door, we would probably welcome him into our home because of his saintly appearance. Every person needs the power of Christ to resist him."

Parking Lot Plan

(Continued from Front Page) thumbs down on the Planning Commission's proposal to purchase the rear 20 feet of all property fronting on the south side of East Dunlap between Center and Hutton, on the ground that the cost would be out of proportion to the benefits to be gained.

Gains by Year-End

As matters now stand, the Village should have two good parking lots handy to stores on East Main St. before the end of the year. The first one, adjacent to the First Presbyterian Church, should be hard-surfaced by that time, and the one on the north side of East Main could be similarly surfaced by then if there is no hitch in working out suitable leases with property owners.

Still to be settled is the matter of an alley location, with accompanying parking space, to permit merchandise deliveries to stores fronting on the west side of North Center St. (Schraders and Clark Hardware) and construction of a parking area to handle all-day parking by persons employed downtown. Most of this group now park in spaces which eventually will be metered to accommodate shoppers.

MRS. GEORGIA B. YERKES

Sorry for Gas Theft From State in 1939

A man now living in Belleville, Ill., and who worked as an NYA janitor at the Michigan State Police post at Erie 13 years ago has offered to "straighten up" with the State for three gallons of gasoline he took at that time.

In a letter sent to East Lansing headquarters, he explained that in 1939 he was an NYA employee assigned to the Erie post to do

janitor work and odd jobs. On one occasion he took three gallons of gasoline from the pump used to service patrol cars.

He recalled that Sergeant Berdine LaPointe was in command of the post, LaPointe died January 25, 1947, and was then in command of the Cheboygan post. "A few weeks ago," the former custodian said, "I gave my heart and life to God, and am now living a Christian life. God has forgiven me all my past sins but I do want to straighten up for my past with my fellow man."

"I do want the State of Michigan to forgive me . . ."

In replying to his letter, Commissioner Joseph A. Childs assured him that by this time he is forgiven.

Reggie Broquet and his family, from Detroit, were visiting with F. Broquet, on Norfolk, last Sunday evening.

Mr. and Mrs. E. W. Stange, of Mayfield Ave., were calling on Mr. Stange's sister, Mrs. Clara Ahler, in Detroit, Sunday evening.

At the home of Mr. and Mrs. V. J. Reddy, Shadyside Ave., last Sunday afternoon, a combination of birthday and anniversary party was held, honoring Mrs. Reddy's sister-in-law, Mrs. McMullan, of Detroit.

Mrs. Louis Jennings, Norfolk Ave., recently spent a few days at Lambertville, Ohio, where she visited her father, Mr. Smith. Mrs. Smith, Mrs. Jennings' mother, returned home with her and was her guest for the last weekend.

Mr. and Mrs. Russell Ault, Shadyside Ave., entertained, we-

ner roast fashion, around their backyard fireplace Sunday evening. Six guests were present.

Mrs. Charles A. Armstrong, Mayfield Ave., was a Detroit visitor last Tuesday.

Mr. and Mrs. Kenneth Kirkwood and daughter, Linda, were Monday evening dinner guests of Mr. and Mrs. George Throne, near Ypsilanti.

Mrs. Russell Kirkwood, of West Eight Mile Rd., graduated, receiving a Bachelor of Science degree from Wayne University, last Thursday evening.

Mr. and Mrs. Russell Kirkwood of West Eight Mile Rd., are leaving shortly for a month's vacation trip to California and the Pacific Northwest area.

Mrs. Marion Beitz, of Gill Rd., has just completed a month of jury duty with the Wayne County Circuit Court.

Miss Beverly Bohlinger, Mayfield Ave., left last Monday for Missouri, where she will spend a month with her brother and his wife.

Eight women neighbors of Mrs. George Welch, Mayfield Ave., gathered at the home of Mrs. George Welch, Mayfield Ave., Tuesday evening and tendered her a celebration honoring her 81st birthday. The elderly lady was showered with pretty cards and useful gifts. Finally, all enjoyed together a lunch of assorted sandwiches and delicious birthday cake.

Kindergartners of Pierson School visited the Zoo on Monday. Several mothers accompanied them. Older children were taken on an outing to Belle Isle Friday.

The Stuart Shauflers, Farmington Rd., spent last weekend in Chicago.

BASS FISHING TOO GOOD

In more than one Michigan lake right now black bass are too willing to take just about anything tossed their way, and many sportsmen are considerably concerned about the situation. While the bass may be caught readily, they must be released inasmuch as the season is closed until June 21st. Yet fishing is permissible in all bass waters right now.

Some mortality is sure to result. It's pretty hard to remove a bass from any fish in many instances without inflicting severe injury, and bait fishing may be even worse, for a hook that's swallowed must often be cut away—an operation that frequently proves fatal.

Bass Now Spawning

The fact that Michigan bass are spawning at this writing is the cause for most concern. And it's this same fact that makes the fish so easy to catch. Appetite isn't the big factor in making a black bass strike at anything from a tiny fly to a piece of cloth on a hook these days. They're smashing at an imaginary intruder near their spawning grounds. The male fish is the protector at such times, and he'll haunt the area near the nest until the young are hatched. Even then Papa Bass will often

cruise in wide circles around the school of fry, ready to ward off all enemies.

Prized Game Fish

Probably no inland lake fish is more highly prized than the black bass—both large and small-mouth, so it is little wonder that many people fear the results of the early opening of our lakes to fishing. Few fish put on the spectacular performance of the bass, especially when hooked on light tackle. The plunging surge of a small-mouth, followed by a fine show of aerial acrobatics makes dreams come true for the average fisherman, and the fact that the meat is very tasty adds to the enjoyment of the catch.

Fletcher Floodwaters Typical

Up near Hillman in the Fletcher Floodwaters you'll find a typical example of the situation. Would-be pike fishermen are having a hard time keeping bass off the hook—and with big pike lures many of the fish must be severely injured during the process of release. Fish biologists aren't worried however. They claim there's plenty of seed stock on hand to keep the population at par. But many sportsmen aren't too happy. You can't blame them. Who could be happy about tossing back a 5 pound bass just because the season doesn't open for a few days?

Engineer-Surrounded by Radioactivity—Calls Falling Off Stool Greatest Hazard

Ford Motor Company's most closely guarded man mildly points out that he really doesn't live dangerously at all—he's just careful.

He is 31-year-old Arthur Smith, Oak Ridge-trained research engineer in charge of Ford Motor Company's Engineering Research radio-active isotope laboratory. While he is guarded by one of industry's most elaborate and vigilant arrangements of Geiger counters and radioactivity protection devices, his greatest hazard, he thinks, is falling off his three-rung laboratory stool.

Working daily in a forty-foot, antiseptic-looking locked room in the Engineering Staff's Research building, Mr. Smith handles Ford's radioactive cobalt, iron, tungsten, polonium and radium D. They are all used in engineering measurements for designing and testing Ford products.

Mr. Smith points out, however, that if he stood one foot away from a piece of radioactive cobalt, the hottest material in the laboratory, for ten hours straight, he would get the equivalent radiation of the neighborhood doctor's X-ray.

Even more prosaic, says Mr. Smith, is the fact that if he deliberately sat down and drank the 20 quarts of water, diluted with a small amount of radioactive tungsten, used in testing Ford engine gasket performance, doctors couldn't detect anything other than he was pretty full of water.

Mr. Smith keeps his corners covered, however.

A Geiger counter stands on a table in the center of the room—clicking away. It's action, however, comes from the sun's cosmic ray activity, not from any loose radiation around the laboratory. Another, and bigger, alerting device, "Cutie Pie," stands in the corner. It gets its name from its original algebraic designation—Q-D pi. Additionally, each laboratory employee carries a pen-like electron counter in his pocket, just in case.

Rubber gloves, three-foot screw drivers, glass hoods and steel brick shields are other protective devices. The most common working material, however, is paper diapers, used to wipe off the ra-

dioactive materials. Their absorbent qualities can't be beat, says Mr. Smith.

Industrial radioactive material looks remarkably un-glamorous. Cobalt is a black, gummy, semi-liquid, kept in a bottle. Radioactive iron comes in polished flat discs, about as big as a penny and three times as thick. The tungsten is a clear liquid, dangerous to drink in the concentrated form, but could be carried around indefinitely.

Radioactive elements are purchased by Ford Motor Company from the Atomic Energy Commission after being subjected to about a month's atomic bombardment in the atomic pile at Oak Ridge, Tenn. Each iron disc, for example, costs about \$100.

Mr. Smith points out that in the entire history of American radioactivity experimentation, involving millions of man hours and tens of thousands of people, only seven persons, to date, have been injured.

Ham For A Group

Church of club group to serve? Here's a clever choice. Purchase a canned ham and then tie it back in shape. About one hour before serving time, place the ham in a roasting pan and pour a can of pineapple juice over it. When heated through, remove the strings and place the ham on a large tray. Gayly garnish with crabapples and parsley.

High-Up Storage Saves on Space

Don't waste the space between the tops of the windows or doors and the ceiling—especially if the house is small and storage limited.

It is an ideal area for the installation of inexpensive plywood cupboards for storage of things which are used only from time to time. Every-day storage should be more convenient.

Make the cupboards about 24 inches wide with 12-inch doors on each one. Doors can be eliminated and the shelves left open

if articles laid there help the appearance of the room.
Finish the plywood to harmonize with the rest of the room.

MICHIGAN MIRROR

Non-Partisan Commentary on the News in Michigan

by Gene Allemen

How the Michigan CIO would get control of the State Senate at Lansing under a reapportionment amendment to the constitution is shown by the above map of Michigan. A handful of urban counties, by electing a majority of senators, would dominate the chamber. The CIO plan is sponsored by the "Michigan Committee for Representative Government."

ate, by putting the legislative representation strictly on a basis of population, not population and geographical needs as at present. Petitions are being circulated to place the plan before the voters at the November election.

THE MICHIGAN CIO PLAN, fronted under the name of the "Michigan Committee for Representative Government," would ask Michigan voters in November to approve 33 Senatorial districts for the entire state, all on a strictly population basis.

As the CIO reapportionment map shows, Wayne county (Detroit) would have 12 out of 33 Senators. Oakland county would have two; Elgin and Grand Rapids, as cities, would each have one. By electing social-minded legislators to the Senate from a handful of urban counties, labor could dominate the legislative chamber.

Furthermore, the CIO reapportionment plan would give Wayne county (Detroit) probably 36 representatives out of a total of 99. Under the CIO plan, no district could have less than 85 per cent nor more than 115 per cent of the ratio resulting from dilution. From the viewpoint of the CIO and AFL labor union leaders, who seek constantly to improve the welfare of their dues paying members, such control is most desirable.

The governor's office is already sympathetic to the cause of the workingman; Governor Williams constantly pleads the merits of financing public benefits by a tax on corporation profits. If the legislature would be responsive to popular needs, the combination would be perfect, so the argument goes.

Michigan labor unions, CIO and AFL, believe they possess the key to more and more social benefits—all magically financed, without direct cost to the workingman, by a tax on profits. Get control of the Legislature! How is this to be accomplished? It's simple, mister. Just reapportion the Legislature, such as the map shows would be done for the State Senate.

These leaders obviously do not want to see control of the legislature go to big cities. Under the inspiration of the Michigan Industrial Conference, a group representing business, industry and agriculture, a third reapportionment plan has been advanced. Sponsors operate under the name of the "Michigan Committee for a Balanced Legislature." They also are circulating petitions to amend the constitution.

A "BALANCED" LEGISLATURE, under the third plan, would be attained by apportioning the House of Representatives on a population basis, as at present,

with what is known as the "most-ty" clause retained and clarified. Senate seats would be increased from 32 to 34. House seats would be increased from 100 to not more than 110. In Detroit where 21 representatives are now elected at large, the supervisors viding the total population by the number of seats. Wayne gets a real break!

THE AFL REAPPORTIONMENT plan is being fronted by the "Committee to Enforce Constitutional Reapportionment." Population is again the sole basis for arranging Senate Districts. The present distribution of members of the House of Representatives, according to population, would be continued. Reapportionment of both the House and Senate would be taken away from the Legislature and turned over to the Secretary of State.

Under the AFL plan the present "bedsheet ballot" would be continued in Wayne county whereby all Detroit representatives are elected at large. This burden on voter intelligence has led to "name" voting rather than selective judgment of candidates' merits.

The end result of the AFL plan would be pretty much the same as that of the CIO scheme: Power control over legislation by heavily populated urban centers.

WHY ARE THESE REAPPORTIONMENT plans getting voter attention in 1952?

Here is some factual background information.

When the present state constitution was adopted in 1908, the charter provided that in 1913 and each tenth year thereafter the legislature shall rearrange the senatorial districts and apportion anew the representatives among the counties. Thus, 1953 becomes a reapportionment year.

Since the beginning of the Century Michigan has changed from a rural and agricultural state to an urban and industrial state. Population growth has been 163.2 per cent since 1900. The 1950 census shows that Wayne, Oakland and Genesee counties and the city of Saginaw had one-half of the 6,371,766 people residing in the state.

IT IS QUITE APPARENT that both the house and senate were to be organized on a strict population basis, these urban centers could theoretically attain a near majority control over state legislation. More intelligent and selective voting by smaller ballots "Captives minorities" would elect representatives of their own par-

The Candidates: Donohoe to Run for Congress Seat

Eugene G. Donohoe, 1950 Democratic Nominee for Congress in the 17th Congressional District, today again announced his candidacy for this office.

Donohoe, of 16864 Strathmore, was former Assistant General in the State of Michigan. He is a graduate of the University of Michigan Law school, and was professor of law at the University of Detroit. A former high school principal, he is widely known throughout fraternal circles in Michigan, having served at one time as State Deputy for the Knights of Columbus.

In announcing his candidacy for the 17th District, which includes the 22nd Ward of Detroit, Plymouth, Northville, Livonia and Redford, Donohoe indicated his whole-hearted support of the St. Lawrence Seaway Project, and advocated a thorough study of all governmental expenditures with a view to tightening such expenses and a reduction of government waste. He further advocates more energetic efforts to unmask Communists in government, schools, professions, unions and industrial organizations.

In 1950, Donohoe was nominated by the Democratic Party for Congress and lost in a close race to George Dondero. At that time the 17th District included Oakland County. The separation of Oakland County into the 18th Congressional District is effective this year.

Mr. Donohoe and his wife have been residents of Detroit for 44 years.

ty instead of being snowed under by the preponderant strength of one major party.

THE "BALANCED" REAPPORTIONMENT plan would not upset the present geographical division of members of the Senate, as contrasted to the AFL and CIO plan.

It would adopt the federal principle of representation at Washington whereby the House reflects the population, while the Senate preserves needs of individual states regardless of their size.

If the three committees are successful in getting their plans on the November ballot, Michigan voters will have a choice of three ways whereby reapportionment of the legislature may be effected in 1953.

Example has more followers than reason. We unconsciously imitate what pleases us, and approximate to the characters we most admire. —Christian N. Bovee

Law is the embodiment of the moral sentiment of the people. —Blackstone

The voters' decision will be far-reaching.

Shelves Placed Between Studs

If a house is small and space at a premium, you can use the space between the walls for storage of small articles, magazines, vases and other items.

Just cut the wallboard or plaster away between two studs. Set 1/4" plywood painted to fit the decorative scheme of the room at the back and trim the sides. This gives you a narrow shelf from 14" to 16", wide and as high as needed.

For a magazine rack, set the plywood near the outside edge at the bottom and slant it toward the wall at the top. This way, magazines can be placed on edge without falling forward.

The idea works equally well for storage of various items in the kitchen, the living room, the bathroom and the bedroom.

Many Jobs Open in Area, Says MESC Manager

From a fairly high level last winter unemployment in this area has declined in the face of a heavy increase in job openings, said Clarence Jetter, Branch Manager for the local Michigan Employment Security Commission office in Plymouth.

Almost all types of skills are in demand, Mr. Jetter said. There are openings for men in the unskilled and semi-skilled classifications, although highly skilled jobs are hardest to fill. There has been very little demand for female factory workers, but there are a number of openings for qualified female office workers and for restaurant and domestic help.

Anyone wishing to register for employment is urged to apply at the local Employment Security Commission office, 585 W. Ann Arbor Trail, Plymouth, Monday through Friday from 8:30 a.m. to 4:30 p.m.

Grand Opening for St. Clair Beach Will Be June 15

St. Clair Metropolitan Beach will open all of its facilities daily starting Sunday, June 15, and

will stage a Grand Opening celebration free of charge on Saturday, June 21.

A water ski show, water polo, soft ball games by major league teams, a band concert, small craft show and fleet review are on the program for June 21 from 11 a.m. to 5 p.m.

No Parking Charge

There will be no toll parking charge on Grand Opening Day and all events will be free though the usual bathhouse and Food Bar charges will prevail. A parking toll of 25 cents will be charged Sunday, June 15, and effective Monday, June 16, the toll parking fee will be 25 cents on weekdays and 50 cents on Sundays and holidays as it was last season.

An invitation is extended by the Huron-Clinton Metropolitan Authority to all yachts and sail boats in the metropolitan area to participate in the Fleet Review

Crown Michigan's Dairy Queen

Patricia Powell, 18-year-old Ionia Farm girl and 4-H Club member, is crowned as Michigan's Queen of Dairy in ceremonies opening June Dairy Month. Dr. Earl Weaver, head of the dairy department at Michigan State College and member of the panel of five judges selecting from seven regional winners, did the honors. Daughter of Mr. and Mrs. Stanley Powell, well-known Ionia county leaders in Ionia Orange and Farm Bureau affairs, Patricia will graduate from Ionia High School this year and enter Michigan State College this fall. She will represent Michigan's three-quarter billion dollar industry throughout the next year at many affairs and reign as queen of June Dairy Month. (MSC Photo)

to be staged at 3 p.m. on June 21 in the beach's two boat basins, Black River and Lake St. Clair. The Clinton River Boat Club will serve as host and prizes will be awarded. Among the larger craft will be at least one 80 foot yacht. Special events are planned for children and the Indian Chief who proved so popular at last year's official Dedication Day program will preside at the large Indian tepee which is children's headquarters.

Conducted Tours

Conducted tours of the huge 6,000 locker bathhouse, ultra-modern Food Bar, Administration Building and other facilities are

scheduled from 11 to 12:30 p.m. Among the star performers in the Water Ski Show will be Dick Sligh of Holland, Michigan and other nationally known amateurs who have won fame at Michigan's Macetawa shows and Cypress Gardens, Florida.

A turtle-racing game, first of its kind in this area, is among the new attractions for young and old at the beach which is the newest project of the five-county Huron Clinton Metropolitan Authority.

All facilities are in perfect order and a full staff of some 160 beach officers, water safety guards, and other personnel will be on duty, according to Kenneth L. Hallenbeck, Authority Director.

Following its past practice, the Authority is continuing to take samples of the water at several spots along the 6,000 foot beach three times weekly and these continue to meet all Health Department requirements.

Hourly bus service to the beach from the Detroit Greyhound Terminal and from Mt. Clemens begins Sunday, June 15, and will continue through the summer.

Other men's sins are before your eyes, our own behind our back. Seneca.

Proposed Credit System Takes Risk, Bookkeeping Out of Merchants' Hands

Lansing, Mich. — (Special) — Customers of merchants in every Michigan community may soon be able to say "charge it" under the provisions of a new charge account system currently being launched by Charge System Service, Inc., of this city. While the new credit system will be national in scope, the current plan first calls for the establishment of agencies throughout Michigan, and such arrangements are now being completed.

With the new credit plan in operation, customers whose credit has been established will be able to use books of charge account cards, issued by the new company, at the store of any merchant who is a member of the system. Thus any member merchant will be able to offer his customers the same type of credit service now enjoyed by holders of various gasoline credit cards.

Business Should Increase

According to William F. Tydings, president and board chairman of Charge System Service, Inc., preliminary operation of the plan has already proved that a merchant's business will increase through the addition of credit volume. While applications are being accepted from merchants, the plan will not be placed in operation in any community until an agency has been established to handle the local affairs of the system. As each agency of the system will be required to handle a tremendous volume of business, individuals interested in establishing agencies are being very carefully screened, Mr. Tydings said.

Charge System Service, Inc., will handle all charge account records and collections for its member merchants. Customers who have good credit will be issued a book of charge account cards bearing their name and address and the amount of the transaction will be entered at the time the purchase is made. The

merchant sends these cards to a central office for processing, and in turn receives a trade acceptance draft which may be discounted at banks which participate in the plan. Statements of account are mailed at the end of the month and customers make payments to Charge System Service, Inc.

Service Handles Paper Work

According to Mr. Tydings the new service will relieve merchants of credit checking, billing, accounting, collections and losses. By discounting charge account paper each week the merchant is kept in a highly liquid position.

The Industrial National Bank has been appointed depository for the system in Wayne County and other banks are being appointed throughout the state. Leonard, Inc., as fiscal agent for the system, will handle financing of merchants through banks.

Officers and directors of the Charge System Service, Inc., are Dr. David Steel of Cleveland, vice-president; Philip M. Schwartz of Lansing, vice-president; L. E. Dole, secretary; Wilford Sherman, vice-president of Mechanical Heat & Cold, Inc.; Luke C. Leonard, president of Leonard, Inc., and Arnold Stocker, Detroit Edison Co., all of Detroit.

Detroit headquarters has been established at 915 Dime Bank Building.

Registration Notice

FOR

PRIMARY ELECTION

TO BE HELD

TUESDAY, AUGUST 5, 1952

To the Qualified Electors of the Township of Northville, County of Wayne, Michigan:

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday, and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may apply to me personally for such registration. Registrations will be received at my residence, 430 E. Main Street, Northville, Michigan. Provided, however, that I can receive no names for registration during the time intervening between the 30th day before any regular, special, or official primary election and the day of said election.

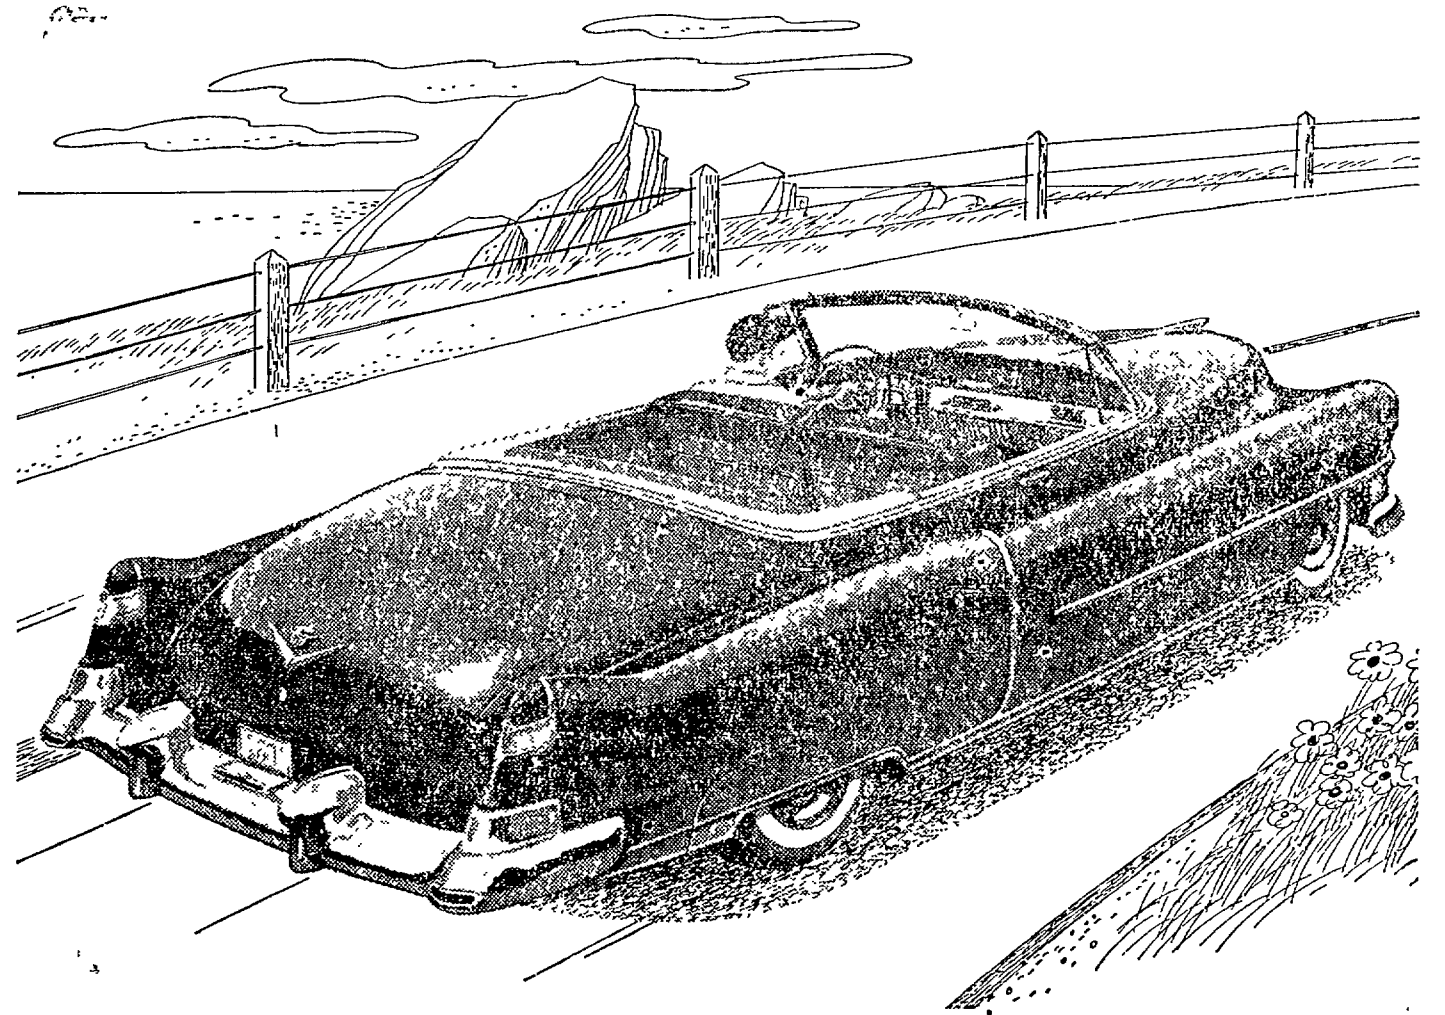

Notice is hereby given that I will be at the Northville Village Hall on

SAT., JUNE 21 - FRI., JUNE 27 - SAT., JUNE 28
MON., JULY 7

the last day of registration and the 30th day preceding said election from 8:00 o'clock a.m. until 8:00 o'clock p.m. on said days for the purpose of Reviewing the Registration and Registering such of the qualified electors in said Township as shall Properly Apply therefor.

TRANSFERS FROM ONE PRECINCT TO ANOTHER: Any registered elector may upon change of residence within the township or village cause his registration to be transferred to his new address by sending the clerk his signed request stating his present address, or by applying in person.

FRED W. LYKE, Township Clerk.

Somebody's Going to be Surprised!

Well, it's Junetime—and the top is down—and his heart is filled with memories . . . and where do you think he's going?

He's going halfway up the hill, to a spot where a lane strays into the wildwood and he can glimpse the top of a fieldstone chimney above the trees. That's his lane—and he's going home!

It has been a well-guarded secret. Just two people have known about it all these months—himself and his Cadillac dealer.

To make doubly sure, he has hinted at everything under the sun as a fitting tribute to this wedding anniversary — except a Cadillac!

Well, it won't be long now. He's getting closer and closer. And now the stones in the driveway crunch under the wheels . . . he gives the familiar three "toots" under the horn . . . and then she sees him, with his cap in his hand, bowing and pointing to the driver's seat.

Surprised? Never so much in all her life. And never more thrilled—for it's the "car of cars" for the "day of days"!

And is he happy! Maybe it has taken him ten years—or fifteen—or even twenty . . . to make his dream come true.

But during all this time he never wavered in what he wanted. He wanted to make one anniversary mean something special above all the rest . . . by the gift of a Cadillac.

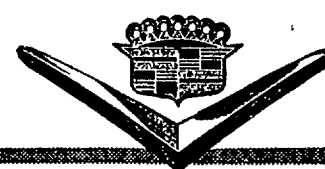

Perhaps, as you read this, you are looking forward to some very special anniversary of your own.

If you are—and you're planning on giving the gift of gifts—then you'd better come in and see us soon.

We've kept many and many a secret, for many and many a man—so you may trust us not to tell!

We'd be delighted to see you . . . at any time you find convenient.
