for the Record

We enjoy the lively debate that is taking place locally on the matter of incorporating Northville as a city. It is a healthy situation when voters can argue the pros and cons of local matters for it is only through this democratic exchange of ideas that residents of the Northville community can separate the wheat from the chaff and come up with a reasonable background of information to guide them in voting intelligently.

Mr. A. E. Northrup has written us another letter this week. Unfortunately, it arrived so late we have had to publish it on page six. Nor did the two hours between its receipt and our press time allow time for as detailed reply as we otherwise might have made to some of his points. Inasmuch as Mr. Northrup has, to date, been the only outspoken opponent to city incorporation, we suggest that our readers study what he has to say.

Further, we feel that it might be helpful in arriving at a wise decision on city incorporation if our elected township officers were to prepare a factual statement of the pros and cons of city incorporation from the standpoint of its effect upon township affairs. They represent the residents of an area which will not be included in the proposed city limits and their thinking upon the subject should be of general interest. Accordingly, the Record is writing to them individually today to invite them to participate in such statement concerning the merits and disadvantages of incorporating Northville as a city.

Status of the approximately \$180,000 that will be available for a Community Building at the conclusion of the present racing season remains undecided. Village President "Con" Langfield wishes he knew three or four competent residents who are willing to resurvey the situation and see what a simple Community Building without frills would cost. Everyone we talk to who has heard that it will cost more than half a million dollars to erect a building to serve also as high school gymnasium, auditorium and cafeteria and to include new Village offices and a jail, agrees that this is just a case of a champagne appetite and a beer pocketbook. But a Community Building alone should be quite a different matter. We believe Mr. Langfield will have little difficulty in interesting the right men to make such a study.

Mary Ginste, who "bookkeeps" for the Record office, is, by her own admission, a dog lover, and by association, a lover of animals. But she claims, she's not fanatic about them; and that's where the trouble begins. She announced with pride the arrival of a five-pup litter at her home near Novi on Tuesday, and on Wednesday she revealed that the litter had increased to eight.

She loves them, she says, just as many other people love dogs. Her husband does too, but he doesn't know when to quit.

Maybe she should ban him from all auctions. Monday he went to one at Howell and returned with four pigs and six hens. "An anniversary present for you," he announced as he unloaded the truck. For their anniversary last year he brought Mary two little goats; then he felt so sorry to have separated the kids from their mother that he and Mary drove back and bought the old nanny goat. Two years ago he presented her with four geese on their anniversary. "Apparently," Mary said, "we'll have to stop having anniversaries."

Queen Candidates Slow to Appear for July 4th Parade

At this writing it appears that Northville's July 4th celebration and parade will have to do without a Parade Queen.

The forward rush of contestants for the honor has failed to materialize; in fact, not one of Northville's lovely misses has shown any interest at all.

Qualifications for election by popular ballot of the Parade Queen are simple. She must be under 20 years of age by July 4th and she must be a resident of Northville or the immediate area surrounding Northville.

Ballots for the election can be found in local business places which display cards announcing them as polling places for the Parade Queen, and at the Northville Record.

Registering Is Easy

Young women wishing to register for the contest may do so simply by appearing at the Northville Record and announcing their candidacy. If no candidates register, it's possible that a handful of write-in ballots will elect the Queen.

The July 4th Celebration is sponsored this year by the Northville Veterans of Foreign Wars Post 4012, with Al Smith as general chairman.

The morning's events will center around the Northville Grade School playground and the downtown area. The center of interest in the afternoon will move to Ford Field for a drum and bugle corps demonstration, baseball and softball games and the traditional fireworks, provided this year by the Northville Retail Merchants Association.

Jumping/Exhibition

Mrs. John Wallace, of the Wallace School of Horsemanship, will be astride her mount, "Mountain Breeze," and give an exhibition of jumping, along with Northville's Junior Equestrian Team, early in the afternoon at Ford Field. "Mountain Breeze" is an Eastern horse brought here by Mrs. Wallace some time ago. Mrs. Wallace has had more than ten years of experience in riding, in the show ring and with jumping horses.

Parade in Morning

The High School and Community Band, under the direction of Leslie G. Lee, will lead the parade, scheduled for 11:30 a.m., which will include Boy and Girl Scouts, a color guard, automobiles, decorated bicycles and tricycles and a large contingent of horses and riders.

Wilson Funk, recreation director, should be contacted by anyone wishing to register for the parade, and John Wallace, telephone 939, should be contacted by horsemen and women wishing to ride horses in the parade. Mr. Wallace requests information about the type of horse and equipment to be used.

The schedule for the July 4th celebration, as planned by the committees, and subject to change before the final schedule next week:

9 a.m.—Pet show, Grade School grounds.

10 a.m.—Children's games. Grade school grounds.

10:30 a.m.—Bicycle race. Start at V.F.W. hall on Northville Rd., up Main St., end at High School.

11:30 a.m.—Parade with band, horses, bicycles, cars.

Noon—(Tentative)—Horse show at Ford Field. Lunch tables will be set up. Pop, ice cream.

1:30 p.m.—Demonstration by Wayne County Council Drum and Bugle Corps.

2:00 p.m.—V.F.W. baseball team vs. Livonia baseball team.

7:30 p.m.—V.F.W. softball team vs. Walled Lake Door softball team.

After dark—Fireworks, furnished by Merchants Association.

Pre-School Group to Give Picnic Basket

A picnic basket filled with steak, potatoes, charcoal and picnic foods worth \$20 will be given away by the Northville Pre-School Play Group in time for the July 4th holiday, said Mrs. Clifton D. Hill, 17740 Beck Rd. A representative in a booth at the Kroger Store, corner of E. Main and Hutton Sts., will provide further information about how the basket will be given away.

Irving B. Gaffield Killed in Train - Auto Accident

Irving B. Gaffield was killed instantly when an inbound freight train struck his car at the intersection of Novi Rd. and the Chesapeake and Ohio Railroad at about 9:45 a.m. last Saturday morning.

Mr. Gaffield, 32, was headed toward Novi and the train was coming into Northville when the accident occurred. Tire marks which Patrolman Gil Glasson said measured about 110 feet indicated that Mr. Gaffield tried to stop his car.

The impact hurled the car into a shallow stream beside the road near a low trestle where the stream runs under the railroad tracks.

Crossing Dangerous

The crossing has been regarded as dangerous for a number of years because it has no warning device and is partially "blind" to traffic moving toward Novi. A Detroit truck driver nearly lost his life in September of 1951 when a train hurled the trailer of the truck assembly he was driving into the ditch, knocking

Irving B. Gaffield

the truck cab and semi-trailer onto the road shoulder. The driver, George Yenshaw, complained that his vision was obstructed by the trees on either side of the road.

Another serious crash occurred in 1946 at the crossing when three high school boys ran into the side of a train which they saw too late to stop. Ralph Bogart, Lee Thompson and Fred Hicks, Jr., were all seriously injured. Mr. Bogart was hospitalized for eight months. None of the three was able to collect compensation from the railroad company.

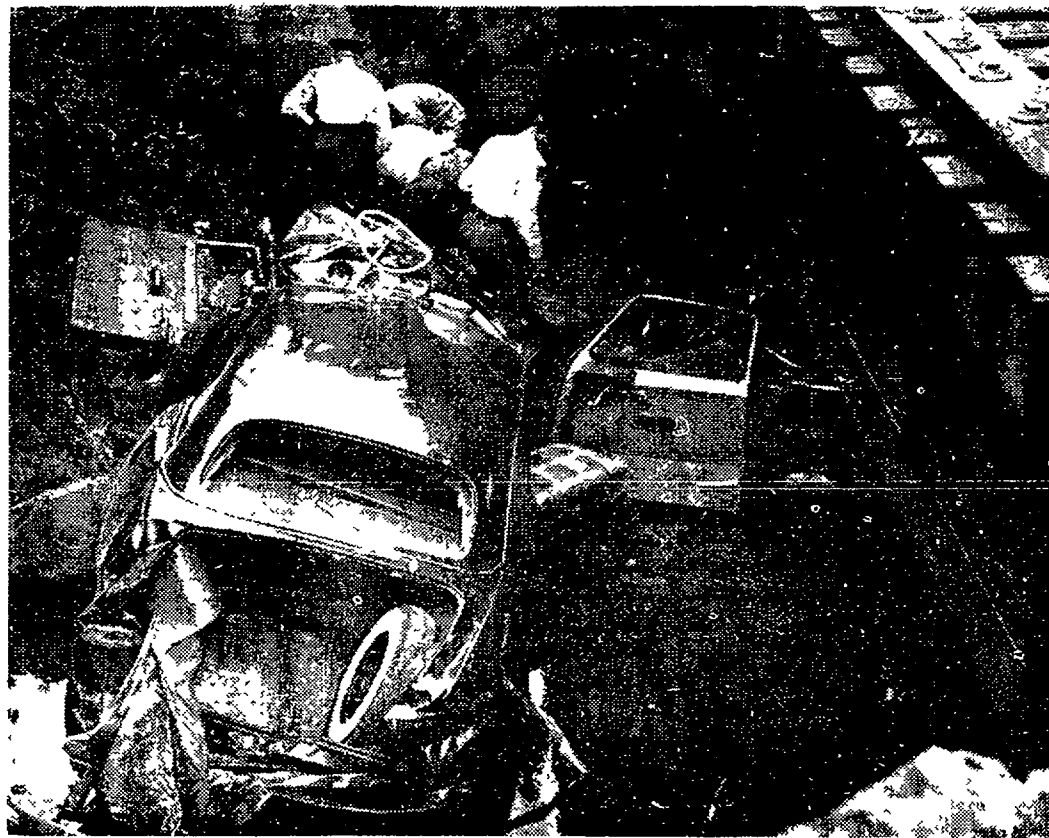

To Install Signal

Frank D. Clark, supervisor of Novi Township, said Tuesday that the State Public Utilities Commission, the C & O Railroad and the Oakland County Board of Commissioners all approved installation of a warning signal at the crossing in December, 1951. The railroad company will install the device and Oakland County will be responsible for its maintenance. The railroad reportedly has six months from the date of the order to install the signal.

A drive was begun approximately two years ago by the Northville Rotary Club and joined by most other Northville organizations to have the signal installed. Letters from the groups were sent to the railroad, but returned to be sent to the Novi Township Board, which had to initiate proceedings. The Board then cleared the letters through the Public Utilities Commission and the C & O railroad agreed to install the signal.

Wife, 2 Children

Besides his wife, Earlene, of 768 Grace St., Mr. Gaffield is survived by a son, Irving, Jr.; a daughter, Carol Ann; a brother, Paul, Jr., of Fargo, N. D.; and three sisters: Joyce Ann, of Lakeview, Mich.; Mrs. Frances Davis, of Elmore, Mich.; and Mrs. Dorothy Wheatley, of Ogden, Utah. Burial was in Oakland Hill Cemetery in Novi after funeral services read by the Rev. William Johnson at the Casterline Funeral Home Tuesday afternoon. Mr. Gaffield was born in Wayne, Mich., in 1919, and was a resident of Northville for 17 years. He was a member of the Methodist Church, the Lloyd H. Green Post 147 of the American Legion, Veterans of Foreign Wars Post 4012, and was a Second Lt. in the Civil Air Patrol, Plymouth squadron.

State Police officers remove the body of Irving B. Gaffield from the scene where his car was hurled after being struck by a freight train at the Novi Rd.-C & O railroad crossing last Saturday morning. Mr. Gaffield was killed instantly. A large crowd of onlookers viewed the scene of the accident in shocked silence.

Speeding Car Veers Off Highway, Kills Livonia Patrolman Monday Night

Livonia Patrolman Sidney Dethloff was killed last Monday night when he was struck by a speeding car while standing on a dirt shoulder by his parked scout car near Seven Mile and Haggerty Rds., Livonia.

Held as the death driver was Ira J. Amsbury, 55, of 10321 Stoeple, Detroit, a factory worker.

Patrolman Dethloff, 32, father of a five-year old daughter, was pronounced dead on arrival at Redford Receiving Hospital.

Were Checking Complaint

Patrolman Dethloff was investigating, with three other officers, a complaint of a man and woman fighting at the intersection, when the accident occurred. Amsbury ignored an officer's signal, then veered off the concrete and up a slight incline before striking Patrolman Dethloff, Livonia officers said. Dethloff's body was thrown 20 feet against a second scout car.

The two scout cars were parked on the south shoulder of the road, facing each other, while Patrolmen Frank Bandemuhl and Fred Burton and Sgt. Kerwin Keenon, with Patrolman Dethloff, questioned Mr. and Mrs. Nick Dunskey, of Grosse Pointe Park.

Patrolman Burton was standing in the road directing traffic with a flashlight because the autos were close to the highway.

Ignored Warning

He said Amsbury, speeding at 70 miles per hour, ignored his warning and appeared heading directly toward him. He jumped clear and Amsbury's car veered off the road.

Amsbury insisted to the officers

and later in a statement to Asst. Prosecutor William T. Patrick that he was blinded by the lights of oncoming cars. Patrolman Burton and the other officers told Patrick that there was no other traffic at the time.

Amsbury, who said he was returning home from races at the Northville track, submitted to a drunkometer test which showed he had not been drinking.

Livonia police said a warrant for manslaughter would be sought yesterday, Wednesday, against Amsbury. The Livonia Police Officer's Association started a fund drive Tuesday for Dethloff's family, which includes a daughter, Sandra, and his widow, Olive, 31, of 34900 Standish, Livonia. The department has no pension or death benefit plan.

Dethloff, a member of the force since Livonia became a city in 1950, was employed previously by the Wayne County Road Commission for six years.

Toll Calls Jump to Dime by July 3

Local calls from public telephones in Northville will cost cents by July 3, said a Michigan Bell Telephone Co. representative this week.

The new rate was authorized by the Public Service Commission on June 5, but the time needed to alter dial coin telephone equipment delayed beginning of the new charge.

In changing its coin phones to dime operation, Michigan Bell had to retain the nickel slot for toll calls, but the equipment will be inoperative for one nickel on local calls. A newly-designed coin chute will operate with either one dime or two nickles.

Less than two per cent of the company's 1,960,000 telephones are affected by the new charge, which involves 20,500 such telephones in Detroit and about 16,500 in outstate communities.

No Procedure Change

The company said there would be no change in procedure in placing a call from a coin telephone under the new dime rate. New black and yellow instruction cards at all coin telephone locations will remind customers of the change in rate.

The company said that while the change to dime operation of its coin telephones began on June 26, the entire job would not be completed in some of the smaller exchanges until July 3.

Besides Michigan, the dime rate is now in effect in New York, Illinois, Washington, California, Maryland, Virginia, Indiana, Arizona, and in major cities in 11 other states.

Early Copy

Early copy and advertising are requested for the next issue of the Record, which will be delivered on Wednesday, July 2, instead of Thursday, because of the July Fourth holiday on Friday.

The deadline for all news items, display advertising and classified advertising will be 3 p.m. on Monday, June 30.

The Record office will not be open on Saturday mornings during the months of July and August because of vacation schedules of both Record employees and residents of Northville. Hours during the week remain 8 a.m. to 5 p.m.

Township Group to Meet Tonight

The Northville Township Improvement Association will hold a meeting at the Veterans of Foreign Wars Hall on Plymouth Rd., Thursday, June 26, at 8:00 p.m., said Don Hicks, president.

All residents of Northville interested in civic improvement within the present form of government are invited to attend the meeting, Mr. Hicks said.

A. E. Northup, of 905 Spring Drive, stated that the Association has been formed to oppose plans for making Northville a city, but that it also will promote honest and efficient political administration, enforcement of zoning and building regulations, betterment of the American way of life for citizens of Northville township, continuance of the present form of township government and the exercise of franchise by all citizens. It also will combat excessive taxation.

Vacation School to Give Program

The achievement night program of the Community Vacation Bible School, conducted by the Methodist and Presbyterian churches, will be held tonight, June 26, at the Methodist church. Mrs. William Chizmar will present the work done by the fourth, fifth, sixth and junior high classes. Members of the primary department, under the leadership of Mrs. Harold F. Fredsall, will sing special songs learned at Bible School and show their handwork projects.

Friendship kits of medical supplies have been made up by the smaller children which will be sent to the orphanage at Haines, Alaska.

Proposed City Boundaries Established by Committee

The Committee on City Incorporation voted Tuesday evening to make definite the boundaries of the proposed City of Northville as shown on the map published in last week's Northville Record. It voted also to include one additional small property not shown on the map, but located on the west side of Plymouth Road at the corner of 7-Mile.

In addition, the committee established a Public Information sub-committee to work out an information program to present to Villagers. This committee, composed of J. S. Canterbury, Cy Frid, John

Rotary Opinion Poll

Northville Rotary Club members voted in favor of city incorporation last Tuesday when asked to indicate their personal views on the question of village versus city government. A show of hands indicated that 11 were in favor of incorporation as a city, one was definitely against it and two were undecided. Several members did not vote.

The request for a vote was an attempt to determine present opinion in the group on the question of incorporating Northville as a city.

Methodist Church Has New Minister

The Rev. Mr. Ivan E. Hodgson was appointed to serve the Northville Methodist Church by the Detroit Annual Conference of the Methodist Church at its annual meeting last week.

The Rev. Mr. William Johnson, who has served the Northville Church for the past two years, was appointed to the church in Morenci, Mich.

The Rev. Hodgson will take up his duties here Sunday, after five years at Detroit's Preston Methodist Church, and four years before that at Highland Park Emmanuel Church.

He received his A.B. degree at Alma College, Alma, Mich., and

Rev. Ivan E. Hodgson

his B.D. degree at Garrett Biblical Institute, Evanston, Ill. He was awarded his Th.M. by the University Foundation at St. Augustine, Fla.

While commuting to Evanston, he served the Lawton, Mich., congregation in 1950, and both Lawton and Porter in 1942, coming to Detroit in 1943.

The Rev. and Mrs. Hodgson are the parents of three children, Kathryn, 11; Barbara, 7, and Ivan Lee, 3.

The Rev. Hodgson was born in Cadillac, Mich., and is the secretary of the Board of Missions for the Ann Arbor District, and on the Board of Education for the Detroit Conference.

Novi Bible School to Open July 7

Vacation Bible School will be held at the Novi Methodist Church beginning Monday, July 7, under the supervision of Mrs. Russell Button.

Mrs. Button will be assisted by the Gillette twins, who will have charge of the intermediate department, Mrs. Wendell Crum, primary department and Mrs. James D. Mitchell, beginner's department.

Other ladies from the church will assist. School will start each day at 9:30 and close at 11:30.

Information Committee

The Public Information committee will work over this week-end in an effort to complete its job for presentation to the full Committee on City Incorporation next week. As soon as possible thereafter, members of the Committee on City Incorporation will report back to the various organizations which they represent and circulate petitions to bring the matter of incorporation to a vote.

These petitions may be signed by qualified electors who are properly owners residing in the territory to be included. They will require signatures of 1% of the population in this territory and must be filed with the Secretary of State.

Objectives of Committee

Dr. Snow pointed out in behalf of the committee that its members have been drawn from civic organizations in the Village in an effort to have it represent as wide a cross-section of Northville residents as possible. Its members have served without pay and have tried to draw up boundaries for the proposed new city as fairly and impartially as possible, taking into consideration the village's present boundaries, the areas where future growth is to be expected, and the feasibility of extending municipal services to such areas as they grow.

Not An Industrial Center. Dr. Snow also pointed out that, although the new city boundaries include certain areas which the committee feels are suitable for certain types of light industry, it does not envision Northville as ever becoming a large industrial center. Rather, the committee feels that the city will be able to offer certain facilities to light industry which the township has not been in a position to provide. Among these are the very necessary water supply without which industry cannot operate.

The committee also emphasized that in its opinion the character of Northville as an ideal residential community will not be changed by becoming a city. It will, however, provide a means for better and more efficient municipal administration than is possible under the present village form of government, and at no extra cost to taxpayers, the committee said.

Charter Commission Election

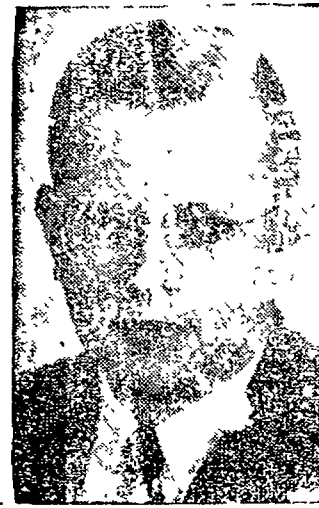

Considerable discussion revolved around the necessity for electing a charter commission to draw up a new city charter. Nominating petitions for membership on this commission probably will be circulated simultaneously with the petitions calling for an election to decide on city incorporation. Nine members of such a charter commission must be elected from the list of candidates who run for membership. The Committee on City Incorporation urges that residents in the proposed area who wish to serve on the charter commission notify it of their desire and obtain petitions to circulate for the purpose. Petitions for membership on the charter commission must bear the signatures of 20 qualified electors.

Youngsters Spend Day at Kent Lake

Thirty-five children climbed aboard the bus at the school playground Friday morning, bound for Kensington Park. Mr. Wilson Funk and Gail Peters had charge of the group.

Rolling Down
The River
by the PETZ BROS.

We've come to the conclusion that man is much stronger than you may think. Have you ever noticed how often, when a man wrestles with his conscience, man wins

But then again, perhaps that is the only argument the poor guy ever wins. We wouldn't, of course, mention their names, but a man and his wife came into this Studebaker emporium of ours to pick up their car, that had been left for a bit of service. The man was doing a bit of complaining. "All you women know about a car," said he, "is to handle the steering wheel and maybe not too much about that. Supposing you had engine trouble or a flat tire, what would you do then?" To which the lady of his heart answered, "the same thing you did... use the telephone."

Somehow we didn't think that, even though their car was over four years old, it was an appropriate time to step in and mention the beautiful '52 Studebaker. After all, the best you can expect, when you're the middle man in a family argument, is a punch in the snout. We'll wait a bit and when their family barometer starts to go up, we'll take them out for a demonstration of the amazing power, quick acceleration, perfect visibility and absolute comfort all wrapped together in the car of the year, the '52 Studebaker V-8 Commander. You'd be surprised at the number of people that don't want us to take the car back, once they've driven it.

Oh well, times are tough and we're glad this isn't a hard money country now that it takes almost a pound of silver to buy a pound of potatoes. Was making a phone call the other day and when a voice answered a plaintive 'hello', figured that we had the wrong number, so we asked, "is this the bank?"

"No," came wistfully from the other end of the line... but how I wish it were."

Now that vacation season is at hand and many of you are ready to load the family in the car and head for the various points of the compass, may we remind you to put some new oil in it first. Be a good idea to get a complete lubrication, plus a bit of motor tune-up. It's that extra margin of safety a perfectly conditioned car affords, that will make your trip a truly delightful one.

That's that, but if this heat keeps up you may not see us around next week. At the moment we're "fading away" a lot faster than a certain old soldier.

Yours,
BILL and WILL PETZ.

Questions and Answers on City Incorporation

Q. Who can vote on becoming a city?

A. Voting is restricted to qualified voters within the limits of the proposed city. Persons living in the township outside the limits of the city are not entitled to vote under the present state law.

Q. Where did the so-called Committee on City Incorporation get the authority to meet and establish boundaries for a new city of Northville?

A. The Committee is an outgrowth of a preliminary five-man committee appointed by Village President Conrad Langfield last January to investigate the matter of city incorporation and determine boundaries. Original members were Commissioners Stubenvoll, Eaton and Woodruff, together with Cy Frid and John S. Canterbury. This committee held two meetings; then lapsed into a period of prolonged inactivity due to pressure of other public business. Around the middle of May, Langfield rejuvenated the committee by appointing Dr. L. W. Snow as permanent chairman, with the request that Snow organize a larger committee comprising a cross section of Northville residents to report back on boundaries of the area which should be included. This Snow attempted to do by inviting each civic organization in the Village to name a member to be on the committee. Members receive no pay for their services.

Q. What does Dr. Snow stand to make out of the Village becoming a city?

A. Not a penny for himself, but probably a few "friendly enemies" who disagree with the committee's objectives or who object to being included in the proposed city limits. The main reason for Snow's appointment, we are told by Con Langfield, is that he has a reputation for getting things done as well as being familiar with village affairs over a long period of years.

Q. Why didn't the committee set the city boundaries out west on 7-Mile Rd. as far as Beck to take in the estates along 7-Mile?

A. Because those residents generally did not want to be included, and also because their homes are on such large pieces of property that the cost of extending sewers and water to the area would stand no chance of being self-liquidating through revenues from the property in the area. In general, the committee has tried to avoid extending the city boundaries into areas where the cost of supplying municipal services would be out of proportion to the possible revenue that might be received for such services. Unwise extension of boundaries is one of the commonest mistakes in planning new cities and the biggest cause of increased operating costs and taxes.

Q. Why did the committee set its west boundary at Clement

Ave. instead of going farther and including the built-up Knapp subdivision?

A. Primarily for two reasons: (1) Mr. Albert E. Northrup, came to a committee meeting with petitions said to contain signatures of approximately 100% of Knapp subdivision residents requesting that their district not be included; (2) most homes in the area already have their own wells and septic tank installations.

Q. What will happen to taxes in Northville if it becomes a city?

A. The amount of taxes levied in any city or village depends upon its operating expenses from year to year. Were just the area in the present village limits to be included in the new city, and disregarding entirely any possible additional revenue from the race track, operating expenses of the city should be no higher than they are at present, nor should taxes go up. The new areas which it is proposed to include are claimed by the committee to be very modest, and should involve no large extension of water and sewer facilities. The Mental Hospital will be entirely self-supporting in these respects as it has its own water supply and sewage disposal system.

Even though certain government functions now performed by the township have to be assumed by the new city, it must be remembered that village residents already are paying for these things through their proportion of the township tax. Also, there is considerable duplication in such functions, such as assessments by township and village officials, tax collections by township and village officials, registration and election systems maintained by both township and village. It is common experience in other villages that become cities that these functions can be handled more efficiently at equal or less cost.

Q. Will township residents be taxed to help support the new city?

A. No. What actually happens is that the portion of the township included in the city boundaries actually withdraws from the township and forms its own government, which it supports through taxes levied against property inside the city limits. Similarly, the portion of the township outside the city limits must levy taxes against property within its borders to support its own officials. The township also receives certain revenues from the state as rebates on sales tax and intangibles tax collections, and these would continue.

Q. Northville is now a quiet and very pleasant residential village. Won't this be changed if it becomes a city?

A. The mere fact of becoming

a city should have no effect upon the character of Northville as a place to live, although it will make certain aspects of residence in Northville somewhat more simple. A resident no longer would have to be registered with both the township and the city in order to vote, nor would he have to pay taxes to two tax collectors. The school system will still be run by the school board and the school district will remain the same. If an up-to-date city charter is adopted and provision is made to improve our present unwieldy and antiquated system of government, it is quite likely that Northville can be made an even better place in which to live.

Q. What about our present justices of the peace? Would they continue in office under a city government?

A. Justices of the peace are township officials—not village, because the law provides that this judicial activity is required of only townships and cities. The city must provide a local judicial system, either by a fee-paid municipal justice of the peace or a salaried municipal judge or justice. Whether such a justice is paid by fees, as are township justices at present, or by salary, would be determined by the new city charter. In any event, the justice or judge would be elected and necessarily would have to be a resident of the city. On the other hand, a present township justice of the peace residing inside the new city limits could no longer qualify for such a township office because he would not be a resident of the township.

Q. If a city judge or justice were put on a flat salary basis would this not increase city taxes?

A. According to the Michigan Municipal League, the establishment of a salaried municipal court is frequently a service to the taxpayers. Statistics indicate that these courts at least pay their own way, and often show a profit for the city, the League states. It adds that the common argument that a fee basis saves the taxpayers money because it saves them paying another salary is false; in a city of moderate size, with a program of careful law enforcement and an up-to-date fee schedule, the receipts are likely to be more than the expenses of the court and the judge's salary.

Q. Will Northville benefit financially by getting a portion of the township's assets if it becomes a city?

A. Yes. The law provides that when a new city is incorporated, the assets and liabilities of the township are divided with the city in the proportion of its assessed valuation to the total

Mrs. Myrland Lyke
Phone Northville 903-J1

Mr. and Mrs. Myron Atchinson attended a birthday dinner at the home of Mr. and Mrs. Charles Hannert, Sunday. The occasion honored Bobbie Kuhn on his first birthday.

The annual Lyke reunion was held Sunday in the Salem Town Hall. The new president, replacing George Loomis, is Mrs. Lyle Rakestraw.

Mr. and Mrs. B. T. Hempstead of Hemet, California, were visitors of their cousin, Mrs. Myra Taylor, Tuesday.

Sunday guests of Mr. and Mrs. H. Opdycke were Mr. and Mrs. Glenn Hardesty and baby, Mark Douglas, Mrs. Cloyd Hardesty and daughter, Lois and Susie Skogg, of Whitmore Lake. Late afternoon and supper guests were Mr. and Mrs. Hiram Opdycke, Mr. and Mrs. Charles Opdycke and son Gary, Mrs. Grace Hosmer and daughter, Sharon, of Detroit.

Mr. and Mrs. Ed Schutler and children, Janice and Billy, of Lexington, were overnight guests Thursday and Friday of Mr. and Mrs. Earl Roberts.

Charles Birkelbaw, of South Lyon, is spending several days with his brother and family, the Lloyd Birkelbaws.

Mr. and Mrs. Robert Wilson and family were dinner guests of Mr. and Mrs. Merville Gyde at Pinckney, Sunday, at a family gathering.

Mrs. Emma Kehrl and son, Pauline Meritt, were Friday luncheon guests of Mrs. G. Kehrl in Pontiac. Enroute home they visited Mr. Meritt's sister, Miss Edna Meritt.

Mrs. Jennie McKenna and friend, Miss M. Mason, of Fowlerville, attended the Federated Church Sunday and were dinner guests of Mrs. Pauline Meritt. Mrs. Luella Wilson and Mrs. Helen Wilson attended a miscellaneous shower complimenting Lucy Clair, at the home of Miss J. Sage, in Detroit, Wednesday evening.

Mrs. Anna Keem and son, Norman, of Royal Oak, were Sunday guests in the Ralph Wilson home.

Rev. H. Green, of Pontiac, will again fill the pulpit in the Salem Federated Church, Sunday.

Sunday evening dinner guests of Rev. Lucia Stroh in the Congregational parsonage were Mr. and Mrs. L. J. Vici and Rickie Lou Vici, of Detroit, and Lee Jones, of Ann Arbor.

Sunday guests of Mr. and Mrs. Ed Bell were Mr. and Mrs. Wesley Bell and children, of Inkster. The Wesley Bells have a new airplane which they flew here. Bobbie remained for a longer visit. Mr. and Mrs. Ed Bell spent Tuesday at the Zoo with their house guest, Bobbie; Mr. and Mrs. C. Miller and children, Phillip, Janet and Burnham from VanCook Lake, also visiting the Bells.

Sunday dinner guests in the Loda Savory home, for Father's Day, were Mr. and Mrs. Edwin Schrader and son, Win, and Franz, a German exchange student who makes his home with the Schraders, and Mr. and Mrs. George Schmehan. Mr. and Mrs. Schmehan spent a few days this week at their cottage at Algonac.

Mrs. Pauline Meritt entertained with a family dinner party, Sunday. The occasion honored the wedding anniversary of Mr. and Mrs. Don Meritt, who were married one year ago Sunday.

The Salem Federated Ladies Aid will be held this Thursday at the home of Mrs. Robert Bulman.

Government Forum at MSC July 7-25

Senator Blair Moody and Gov. G. Mennen Williams will head a "faculty" of more than 80 government experts who will take part in the seventh annual Forum in State and Local Government at Michigan State College, July 7-25.

This popular summer forum is designed primarily for teachers and prospective teachers of civics, government and social studies. Both graduate and undergraduate credits are offered.

Although the forum is strictly educational in nature, the political heat of a national campaign year is likely to make this year's sessions more lively than usual.

Of particular importance will be the July 8 session on reapportionment in Michigan, and the July 14 panel dealing with states rights on a national basis. Other panels will deal with vital issues in state government, financing, problems of local government and the party system.

Rising farm costs call for efficient farming—high production for each man, machine, acre, animal and farm.

News from Novi

By Mrs. L. Rix

Mr. and Mrs. Charles Perry, of Whipple St., entertained 21 relatives on Sunday in honor of Mr. Perry's birthday. The guests were from Rochester, Pontiac, Clinton, Ypsilanti and Carleton.

Charles and Marshall Rice, of Pontiac, spent last week with their grandparents, Mr. and Mrs. Charles Perry.

Lt. Colonel Gillman E. Morse, son of the Rev. Charles G. Morse and the Rev. Grace Morse, of the Novi Baptist Church, is expected back in the United States very soon. The colonel and his family have been in Trieste, Italy, for the past five years.

Fourteen Baptist World Wide Guild Girls are busy earning money so they can attend the State Baptist House Party at Hillsdale College early in July. Mrs. O. L. Graham is the sponsor and will attend the party with the girls.

Don't forget the ice cream social July 4 and 5, given by the Young Homemakers class on the lawn of the Baptist parsonage beginning at 6 o'clock in the evening.

Mrs. Warren Rice, formerly of Novi, returned to her home in Pontiac, Saturday, after a minor operation at Pontiac General Hospital.

Mr. and Mrs. Roy Schram returned recently from a visit with their son's family, Mr. and Mrs. Hugh Schram, at Charleston, West Va.

Mrs. Stanley Orzechowski celebrated her birthday last week at a party with local relatives and an aunt and uncle, Mr. and Mrs. Russell Main, of Lola Valley Park, and Dr. G. K. Ashton, of Plymouth. Eighteen were present.

Stanley Orzechowski, who has recently won his PFC stripe, is now stationed at Joke, Korea.

Novi annual school meeting is scheduled for Monday night, July 14.

The Novi Chapter of the Blue Star Mothers will hold its monthly meeting the evening of July 7, one week ahead of schedule, so as not to conflict with the school meeting. The place is New Hudson with Mrs. Ramsey and Mrs. Pennell as co-hostesses.

Mr. and Mrs. Charles Trickey, Jr., and children, spent Saturday evening with Mrs. Trickey's mother in Howell. Other guests were friends from Chicago.

The Novi Chapter of the Blue Star Mothers visited the Blue Star Mother's Home at Indian

Entries Open for Tennis Tourney

The Detroit News, through its sport writer, H. H. Barcus, has invited the Northville Recreation Committee to open the proposed wide-spread Detroit News Tennis Tournament to all amateurs in and around Northville.

Entry blanks and all details of the tournament, which is open both to youth and adults, will be posted on Friday, June 27, at the Grade School playground.

A "kickoff" dinner and meeting will be held at the Fort Shelby Hotel in Detroit tonight, June 26. The meeting will be attended by Recreation Director Wilson Funk and a staff member of the Northville Record. The main speaker and chairman of the tennis tournament is William Clay Ford.

The Record will carry a full list of events in the tourney and complete information for registering and entry in next week's issue.

Lake on Thursday of this week. Mr. and Mrs. James Crump, of Eight Mile Rd. West, were the weekend guests of Mr. and Mrs. Luther Rix at their Pretty Lake cottage near Mecosta.

Mrs. George Schwarz, Mrs. Vernon Gilmore, Mrs. Walker Holden and Mrs. Florence Pottinger, of Detroit, were the luncheon guests of Mrs. L. C. Rix on Tuesday.

Harry Lee Schenimann, son of Mr. and Mrs. Glen Schenimann, is still very ill in the hospital at Northville.

Mitchell Rackov is attending Wolverine Boys' State at Michigan State College campus at June 19-27.

John Rackov is working at the Novi Equipment engineering department under the supervision of Mr. Millington for the summer months.

Mrs. Emma Rackov has returned to her home after a month's stay at Mount Carmel hospital in Detroit.

Don't Do This!

What not to do when you go on vacation is shown here by Model Dee Kranz: Don't post signs that reveal the house is empty. It's an invitation to burglars. A new "Check-list for Vacationers" warns that many vacationers leave such signs behind, in notices to the milkman, postman or newsboy. Instead, tell the milkman in advance to stop deliveries, ask the post office to hold your mail, and have the newspaper sent to your vacation address.

Other Do's and Don'ts prominent on the check-list include: DO lock doors and windows—but DON'T pull down window shades for that also signals an empty house and invites trouble.

DON'T forget flashlight, first aid kit, camera and film, bottle opener, can opener, cleansing tissue, sun glasses, aspirin, and sun lotion.

DO give "Scotch" cellophane tape in the carry compartment for such "little" jobs as wrapping sandwiches, repairing road maps, mending torn pages in children's books, and removing lint and dust from clothing. (Wrap tape around

your hand, sticky side out, and pat your clothing to pick up lint and dust.)

DO turn off water and the gas hot water heater to avoid leaks that may develop—and DO pull plugs out of electric outlets to avoid short-circuits that could cause fire.

DO seal perfume and lotion bottles and insect-repellent bottles with cellophane tape to prevent spilling inside your luggage, and seal packages and cartons with tape to keep dust out.

DO make reservations in advance unless planning your trip "gypsy" style. Otherwise, start looking for lodging about 4 or 5 p.m.

DO keep a running picture-story of your vacation with postcards or snapshots. Link them together with tape, to keep them in the right order, easy to show.

657 Children Attend Swim Sessions in First Week of Recreation Program

The Northville Recreation Committee's "Summer of Fun" program started last week with enthusiasm shown by boys and girls in Northville, said Wilson Funk, Recreation Director.

Six hundred and fifty-seven children took advantage of the swimming program through June 20. One hundred and twenty-one were at Maple Beach in Kensington Park Monday, June 16, and 156 went on Tuesday. Sixty-two attended the swim session at River Rouge Pools on Wednesday, and 68 went to Maple Beach on Wednesday afternoon.

Maple Beach attracted 126 on Thursday afternoon, and 28 older boys and girls took part in the evening swim at Whitmore Lake Thursday night. The 96 who attended Maple Beach on Friday completed the total.

Lessons for Beginners The swim session for beginners, held at 1 p.m. each Wednesday at Maple Beach, attracted 42 fledglings to the water for their first lesson. An extra class will be held on Tuesday morning beginning July 1, said Mr. Funk. Swimming at River Rouge Brem-

mer pools has been made free by the Detroit Parks and Recreation Department.

On Thursday, 39 mothers and children went on the first trip to the Detroit Zoo, an outstanding trip for all age groups, Mr. Funk said. The bus leaves every Thursday for the next several weeks. Persons wanting to go to the zoo should sign up with Gail Peters at the Grade School playground.

In another activity sponsored by the "Summer of Fun" program, 35 girls and boys attended the first day camp, held on a small island in Kent Lake. The group enjoyed the small bridges leading to the island and a hike to the boat rental lagoon was a high point of the day. The children also set up a tent on the island.

Col. Berendt Is Cadet Commander at Camp Gordon

CAMP GORDON, GEORGIA—Lieutenant Colonel Elmore F. Berendt, 250 Orchard Drive, Northville, is now serving as Company Commander of Cadet Company C at the Signal Corps Reserve Officers Training Corps summer encampment at Camp Gordon. The camp, which is being held from June 21 to August 1, will provide intensive training for more than 1,000 college and university ROTC cadets—future Signal Corps Reserve Officers. The cadets will be given military training as well as thorough instruction in the operation of the Signal Corps' latest military communications equipment.

OBITUARY

SIMON J. MEHRINGER

Simon J. Mehringer died Wednesday, June 18 at Wayne County General Hospital at the age of 82 years. He had made his home on Merriman Court, Livonia, for the past ten years.

Funeral services were conducted Saturday from the Schrader Funeral Home with Rev. C. Boring officiating. Burial took place at Oakland Hills Cemetery.

Mr. Mehringer was born February 26, 1870, in Germany. He was a former resident of Northville, coming here from Pennsylvania. He was employed by the steel mills.

Mrs. Mehringer preceded her husband in death. Surviving are two daughters, Sophie Stowe of Livonia and Christine Stowe of Detroit. Thirteen grandchildren also survive.

WHEN YOU TRY POWER STEERING...
HERE'S WHERE TO COME FIRST!

You've heard about it and read about it. Now, if you haven't felt what Power Steering does for you, we invite you to try it first in a Chrysler New Yorker... where you will find full-time (not partial) Power Steering!

What happens is this...

You handle the steering wheel in normal fashion. But 4/5 of all the work is done for you by hydraulic power, constantly at your command. Also, you turn the wheel 1/8 less distance now for every maneuver... the feeling you get of utter control is as wonderful as it is new.

Even at a standstill you can turn the wheel easily. Now, parking is shorn of its troubles (and fatigue!)... and you can negotiate traffic, awkward drives, and garage doors precisely and with ease.

You can double the longest day's drive you've

ever known... end up free from arm and shoulder strain. Rough roads, soft shoulders, snow, mud?... the power that helps you steer now prevents the car's wheels from "steering back" at you. The course you set is held, at any speed, till you want it changed. Yet, with this 5-times greater control, "wheel feel" is always the same.

Why not come try it? Learn for yourself why growing thousands of motorists say they'll never be without Full-time Power Steering from now on. Drive a Chrysler... and Learn the Difference!

Christian Science Churches
Christ Jesus foretold the coming of the Comforter and in Christian Science the true comforter is revealed. This is brought out in the Lesson-Sermon to be read in all Christian Science churches on Sunday, June 29, entitled "Christian Science".
The Golden Text is from Isaiah (35:10): "The ransomed of the Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away."
Among the Bible citations is this passage, (John 14:26): "But the Comforter, which is the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you."

Village Youngsters Form Popular Band
A group of youngsters have gained a lot of interest recently with their musical ability. The group consists of Richard Drew, George Bennett and Glenn Schultz.
The boys joined forces just two months ago and since then their popularity has steadily increased. They appeared at the Novi Father and Son banquet, the Davis Shop picnic, the NHS Alumni banquet and last Friday appeared on the Auntie Dee television show from station WXYZ-TV.
Richard, aged 11, plays the piano; George Bennett, 13, plays the guitar and sings, and Glenn, 10, plays the accordion.

Objections and Answers
on City Incorporation

OBJECTIONS

To the Editor:

Referring to your reply to my letter, which was published in the Northville Record last week, I wish to correct certain statements and implications made in your reply.

You stated that I have enjoyed as a Township resident, the varying advantages which will accrue to residents of the proposed City of Northville. Like yourself, I am not a resident of the Village of Northville; like you, I live within the Township. Since my East boundary is the present Western village limits of Northville, it would appear logical that we should enjoy services supplied by Northville Village. We are supplied with Village water which Mr. VanHouwe had installed when he owned the property. He paid the Village \$325 for making this installation, which appears to me to be the same thing as a special assessment. Now we are paying double the Village water tax rate, which is no bargain. Our property is not serviced by the Village sewer. The present sewer is one foot higher than our basement drain, so instead, we are served by two septic tanks which, by-the-way, are entirely adequate and no change to City Government could make an improvement.

We do not receive garbage or rubbish disposal service from the Village of Northville. We pay \$20.00 a year for this service, which is supplied by a Plymouth concern.

Your statement as to school assessment is entirely erroneous. Any resident living within the No. 2 School District pays one assessment to take care of school up-keep. Since my property is included in the No. 2 School District, which district includes the Village of Northville, I pay the same school tax all villagers do.

We make no complaint of the lack of Village services. We can see no place where a change to City Government would permit an improvement in our situation. Neither can I see where it would insure any improvement for anyone else within the limits of the proposed City of Northville. You state that I am not being realistic when I compare the proposed City Government of Northville with the City of Detroit. All right, if you want to cut it down to size, today I talked with a man in Plymouth who sold the land now occupied by the Kroger Store in Plymouth. He told me that the appraised value of this land had been increased from \$25.00 per front foot to \$100.00 per front foot within the last year. This is what happened in Detroit ever since I moved to that City in 1913. Continually,

City Departments increased in size, greater demands were made on tax money, appraisal value increased to provide this tax money and the vicious circle continued to expand. Why try to change what has been and which can be a first-class village into a fifth-class city? Why not make any needed improvement within our present Government?

Your statement that my argument of a "change in the present State Law transferring the taxing power to a different recipient is pointless," does not make sense to me. If you remove the objection, which in this case is \$68,000 of State tax money, which Dr. Snow has said the proposed City of Northville could grab if the Village became a City, if the indigent school system obtains this money, which they are trying to do right now, how could the proposed City of Northville grab it?

You take issue with my statement that any attempt to include the Mental Hospital in the proposed City of Northville would be a tax steal. If not, what would you call it Mr. Cummings? The Township would rightfully obtain any sales tax return under provisions of the present law. By including the Hospital in the proposed City Limits, the Treasury of the new City would be benefitted but at the expense of the Township. Of course, it appears to me that this matter is immediately of small importance since the law provides that sales tax returns be based on census figures. The last census figures were made in 1950. Following an established procedure, there will be no new census for ten years or 1960. In 1950, there were no inmates in the Mental Hospital and unless the law is changed, no territory will receive any sales tax benefits by including the Mental Hospital inmates in any territory prior to 1960. Why chance dangers of any government change in order to grab a possible tax from the Township at such a late date?

Yours very truly,
ALBERT E. NORTUP

ANSWERS

Dear Mr. Northup:

Unfortunately your letter arrived this week just as we were going to press so we have not had time to get the answers to all of your questions.

Your argument that the Village received \$325 for making water available to your property outside of its village limits amounted to a special assessment is interesting. Would you have expected them to install it free for a non-resident? On this theory, when I go to the grocer to buy our food he is charging me a special assessment.

Dr. Fredsell to Visit Jamaica

Dr. Harold F. Fredsell has been appointed a fraternal delegate to the Presbyterian Church on the island of Jamaica. Therefore, Dr. Fredsell and his family will attend the sessions of this mission church as representatives of the U.S.A. church.

Traveling during their vacation period in July, the trip will be a combination pleasure tour and church work. They will be house guests of the headmaster of Knox College at Spaldings, Jamaica.

They will arrive on the Island July 12 and will observe the work of the Presbyterian school and the following week will meet with church leaders throughout the island during the annual meeting of the synod. The Fredsells plan to drive to Miami, Florida and will then fly to the city of Kingston.

Malosh-Bidwell Wedding Read Saturday Afternoon

The First Presbyterian Church of Northville was the scene of the wedding, Saturday afternoon, which united Freida Lorraine Bidwell and J. Ellsworth Malosh in marriage. Rev. Dr. Harold Fredsell performed the ceremony which took place at 2:00 o'clock.

Mr. and Mrs. Almeron W. Bidwell, of Church Street, are the parents of the bride and her husband is the son of Mr. and Mrs. Charles C. Malosh, of Lake, Michigan.

Two baskets of white roses banked the altar for the ceremony. Mrs. G. V. Harrison was

the organist and she played "I Love You Truly," "O Promise Me," and "Because."

Freida was given in marriage by her father. For her wedding she chose a white lace over satin gown and carried a bouquet of white roses.

Joanne Bidwell, of Northville, sister of the bride, was the maid of honor. She wore a blue taffeta gown with matching lace cape and peplum. The bridesmaids were Mrs. Glenn Spencer of Imlay City, wearing pink taffeta and Mrs. Harvey Bush of Farmington, attired in green taffeta. Elaine Kay Manzel, of Farmington, was the flower girl and she wore a lavender taffeta dress. The attendants carried fans covered with roses.

Harold Mayer, of Benton Harbor, was the best man and the ushers were Nobel May, of Saginaw, and Richard Kremkow, of Farmington.

Terry Collins, of Northville, was the ringbearer.

A navy blue dress and white accessories was worn by Mrs. Bidwell and Mrs. Malosh chose a pale orchid dress with white accessories. Corsages of pink roses completed each lady's outfit.

A reception followed the ceremony in the church house. Mrs. William Moore, cousin of the bride, had charge of the guest book.

The newlyweds left on a trip through the Smoky Mountains for going away the new Mrs. Malosh chose a navy blue dress and white accessories.

Freida is a graduate of Northville High School and Michigan State Normal College, at Ypsilanti, where she received her B.S. degree in 1949. She has been teaching for the past three years.

Her husband graduated from Farwell High School and Michigan State College. He is employed as veteran's instructor at Bay City Junior College. Mr. and Mrs. Malosh will make their home in Omer.

Troop 8 Girl Scouts Enjoy Camping Trip

Twenty girls from Girl Scout Troop No. 8 enjoyed a camp-out from June 18 through 21 at the Haven Hill Wildlife Sanctuary near Highland. They were accompanied by their leader, Mrs. Alex Lawrence and co-leaders for the trip, Mrs. C. Harold Bloom, Mrs. Howard Atwood, Mrs. Charles Yahnke and Mrs. George Weiss. Carol Ann Sparling and Barbara Bayless acted as senior aids.

The girls swam, went horse-back riding, cooked their own meals and slept in pup tents. During the visit they prepared and presented a program at the recreation hall.

Mrs. Coolman Heads NHS Alumni Group

About thirty graduates of Northville High School gathered at the high school gymnasium Thursday night to participate in the annual alumni banquet. A potluck dinner was served following which the group was entertained with musical numbers by Richard Drew, who plays piano; George Bennett, playing the guitar and singing; and Glen Schultz on the accordion.

New officers elected were: Mrs. Robert Coolman, president; Richard Scharchburg, vice-president and Mrs. Fred Campbell (Joan Oliver), secretary.

Open house will be held Sunday, June 29 at the home of Mr. and Mrs. John Litsenberger, on Dunlap St., the occasion marking their silver wedding anniversary. Friends and relatives are asked to call between four and nine o'clock to honor the couple.

Among guests planning to attend are Mr. and Mrs. Russell Millard, who attended the couple.

Lucille Scheffer Married in Ferndale Ceremony

Lucille Ann Scheffer and John Daniel Head exchanged marriage vows Friday night at St. Luke's Episcopal Church in Ferndale.

Lucille is the daughter of Mr. and Mrs. Raymond E. Scheffer, of Farmington, and her husband is the son of Mrs. John W. Fields of Walled Lake, and the late John W. Head.

The wedding was conducted at 8:00 o'clock by Rev. Charles E. Edinger with Rev. John French assisting. Bouquets of white flowers and candles decorated the church for the occasion. Mrs. Grace Caillet played the organ and accompanied Mrs. Celia Sharpe as she sang "The Lord's Prayer."

The bride, who was given in marriage by her father, appeared in a three-piece gown of white taffeta and lace. A cape was worn over the strapless gown and the full skirt fell into a long train. Chantilly lace fell over the back panel of the skirt and the train. A heart shaped crown held her fingertip veil in place and she carried a white orchid attached to a Rainbow Bible.

Margaret Downs, of Howell, attended as maid of honor and she wore a light green dress of net over taffeta similar in style to the bride's. The bridesmaids were Karen Scheffer of Farmington, Esther Warren of Grand Blanc, Gail Blackburn of Northville and Betty Reamer of Union Lake. The girls wore dresses of dark green identical to the maid of honor's, picture hats and carried bouquets of carnations.

Deborah Harwood was the flower girl.

For his best man the bridegroom chose Hughie Reamer of Union Lake, and seating the guests were Charles Gitschlag of Detroit, Robert Scheffer of Farmington, Marvin Raymond of Detroit and Marian Hickerson of Walled Lake.

For her daughter's wedding Mrs. Scheffer chose a tan tissue chambray dress with white accessories. Mrs. Fields wore a black dress with white accessories and each mother was presented with a corsage of red roses.

A reception followed the wedding at the American Legion Hall in Farmington. The young couple left on a wedding trip to New York and New England States. For traveling the bride chose a gray suit and pink accessories.

Lucille graduated from North-

Company at Farmington. Her husband is a Walled Lake High School graduate and a commercial artist for the Wettlaufer Company of Detroit. Upon their return the newlyweds will make their home in an apartment on Grand River.

July Bride-to-Be Honored at Shower

Mrs. Fred Sterner and Mrs. Richard Porterfield were co-hostesses at a bridal shower given last Monday evening honoring Velma Dayton. The party took place at the Sterner apartment on Northville Rd.

Fourteen friends and fellow-workers from Evans Products Co. took part in the festivities, presenting the bride-to-be with canned goods to be used in her future home.

Velma will become the bride of Jack Gray on July 26 at the Newburg Methodist Church.

NOTICE OF PUBLIC HEARING

As requested by the Village Commission, the Village Planning Commission will hold a public hearing on the following petition at 8:00 P.M. on Tuesday evening, July 15, 1952, at Village Hall:

PETITION TO AMEND OR CHANGE THE DISTRICT BOUNDARIES

The undersigned, pursuant to Article XV, Sec. 15.01, of the Northville Village Zoning Ordinance, does hereby request and petition the Village Planning Commission of the Village of Northville to amend or change the R-1 District Boundary as it pertains to the Oakwood Subdivision, a subdivision lying immediately north of Baseline Road and being situated in Novi Township, Oakland County, Michigan, in such manner as to enable the following described property located in said subdivision to be zoned as a C-2 District:

The description of said property is as follows: Lots 13-18, inclusive, of Oakwood Subdivision, Village of Northville, Oakland County, Michigan.

The petitioner requests that the above amendment of change be made in order that he might continue the operation of his business upon said property and to enable him to erect a one-story warehouse building, which would be built facing on Baseline Road and would be of such construction as to cause it to conform as near as possible to neighboring buildings.

GLENN C. LONG

Dated: June 9, 1952.

Protests to the requested change can be made in writing, and filed with the Commission on or before July 15, 1952.

LIVING ON BROADWAY

One of the best known avenues in the United States is Broadway off Times Square in New York City. It is sometimes called "The Great White Way" because of its millions of lights, its flashing movie houses, night clubs, and swank hotels. The Bible speaks about a broad way to a city, in Matthew 7:13 and 14. "Enter ye in by the narrow gate; for wide is the gate, and broad is the way that leadeth to destruction, and many are they that enter thereby. For narrow is the gate and straightened is the way that leadeth unto life, and few are they that find it." As one has said, "The Broadway is the easy way of living. It's the way that spends no effort, exercises no sacrifice, avoids hardships. It requires no decision to get on it, just do not do anything and you are on it." But the narrow way begins by personal acceptance of the Lord Jesus Christ. It accepts the discipline of the Christian life, which are distasteful to so many sin-loving people. But it is the way that leads to life eternal. The narrow way is not the popular way, but popularity will mean nothing when you come to the end of the way. On which road are you traveling?

Ohio Accident Cause of Death of H. Church

The many Northville friends of the Griswold family were shocked Tuesday to hear of the sudden death of Howard Emerson Church. Mr. Church died Monday as the result of an accident in which he was struck by a car while changing a tire. Although the Churches reside in Cleveland, Ohio, they were well known here as Mrs. Church is the daughter of Mrs. Mattie Griswold, formerly of West Dunlap Street, and they visit here regularly.

Funeral services were conducted in Cleveland Wednesday, following which the remains were sent here for burial at Rural Hill Cemetery. Committal services will be held this afternoon, Thursday, at one o'clock at the cemetery with Dr. Harold F. Fredsell officiating.

A full obituary will appear in the next issue of the Northville Record.

New Charge System Service Opens National Headquarters in Lansing

Pontiac, Michigan—(Special)—Opening of the Jack Kronick Agency of Charge System Service, Inc., which has national headquarters at Lansing, Michigan, was announced here this week by Art Kriesman, manager. Headquarters offices have been established at 534 W. Huron St. to handle the business of member merchants in Oakland and Macomb counties, as well as the Thumb district of Eastern Michigan.

Merchants who are members of Charge System Service, Inc. issue Credit Cards to their customers which entitle them to make credit purchases at any member store, in much the way that gasoline credit cards are now in general use. The System does all collecting and billing on each individual account and the merchant receives a weekly draft covering his charge sales. While a reserve is set up for the liquidation of delinquent accounts, the System guarantees the individual merchant against loss. Drafts received by the merchant may be turned into cash.

Similar Plan Successful
According to Jack Kronick, head of the agency, who has been a super-market operator in Massachusetts for thirty years, the plan of Credit System Service, Inc., is similar to a plan now being successfully operated by the Franklin National Bank of Rockville Centre, Long Island, for the residents and merchants of Nassau County, where more than 23,000 residents have joined the plan.

Mr. Kronick states the Michigan plan will be even more flexible, and the cost to the merchant will be lower than the Long Island plan.

Charge Account Cards
In actual operation, customers of merchants who participate in the plan will be issued a book of charge account cards bearing their name and address and the amount of the purchase will be entered at the time the purchase is made. All cards are mailed weekly to a central office where all accounting is done with modern high speed machinery.

According to Art Kriesman the

new agency is currently explaining the plan to local Credit Bureaus, Chambers of Commerce, and local banks. So many merchants have become interested in possibilities of increasing their business through a uniform charge account service, it will be some time before they can all be covered.

Mr. Kriesman is a graduate of Michigan State College, and prior to spending four years in the U. S. Air Force was engaged in the lumber and construction industry in East Lansing. He is a member of the American Marketing Association.

Former Principal Gets New Post in Birmingham

Paul D. Carter, elementary curriculum coordinator for Birmingham schools, who formerly served as principal of the Northville Grade School, has been appointed assistant superintendent of schools in charge of instruction, effective August 1.

The appointment, Supt. Dwight B. Ireland explained, will put Mr. Carter in touch with both high school and elementary school programs. It will enable a closer cooperation between all teachers, and give a basis for planning elementary schedules to tie in more with the course of the junior and senior high school.

Colored lights

speed culling of cherries

Colored lights help sorters of fruits and vegetables to detect small but important defects before processing. In a new technique developed in the agricultural engineering department of Michigan State College, plain white, blue and red fluorescent lights were tested. Under blue fluorescent light, sorters spotted defects 10 to 30% more efficiently than under white fluorescent. Under red fluorescent, sorter efficiency increased an average of 64% over white. Red light proved especially effective in culling cherries. For more information, call your County Agricultural Agent.

DIAPHRAGM

A plastic makes listening easier

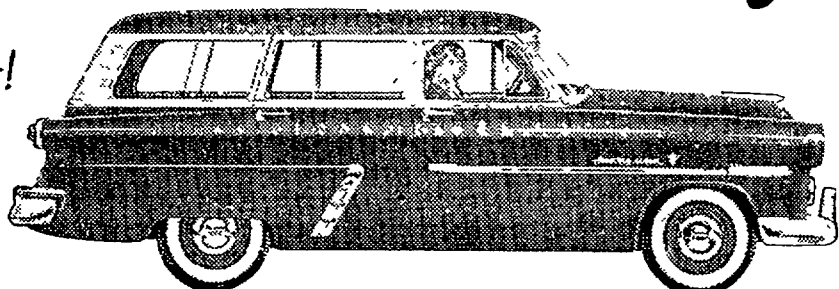

Inside your telephone receiver a sensitive diaphragm produces the sounds you hear. Bell Telephone Laboratories have developed a new kind of diaphragm made of stiff, light plastic, driven by a magnetic-metal ring. This new diaphragm reproduces the human voice more naturally than before, lets you hear higher tones that make a voice more personal. Also, telephone lines need deliver only a third as much power to work this new receiver, so finer wires can be used. Once again telephone research increases the quality of service, keeps costs down.

FOR OUTDOOR FILM FANS

Let's get on with our lesson in outdoor photography—or how to increase your batting average in those snapshots. Just to refresh your memory we mentioned the importance of natural action rather than posed shots in last week's column. And we pointed out the essentials of good lighting when using color film.

Now let's tackle a big word—"composition." How does it apply in outdoor photography? It concerns the light and shadow balance in your picture, and the artistic symmetry, or framing. For instance you may be taking a picture of a fisherman casting from a rowboat. How can you "compose" your setting to make it most effective?

Watch the Background
The background or horizon is very important. Unless it's a silhouette shot an all-sky background is too monotonous. Find a bit of the shoreline with pretty trees growing in an irregular pattern. "Frame" your fisherman in the viewfinder so that his head and shoulders may be outlined against the sky while the rest of the body contrasts against the trees or distant shore. Then release the shutter at a moment that captures the feeling you get from the scene. If it's action you

want you must get the angler in the process of casting or battling a fish. If it's the peaceful serenity of a lovely lake that impresses you, snap your fisherman while he's lazily reclining on a boat seat.

Foreground Atmosphere
To give depth to your picture it's often a good idea to frame part of it through a leafy bower, or over the shoulder of someone close to the camera. Don't let this foreground material dominate. It should merely give atmosphere and depth contrast. Professional photographers who go for those "salon" shots often use archways in the foreground to point up some distant scene. You can do the same thing in effect, shooting over the stern of a speeding boat to get the pattern of a swirling wake, climbing a hill and using the corner of a jagged rock in the foreground to shoot your campsite far below, standing on a straight wooded trail, catching your companion in the distance waving, while the trees meet overhead to form a natural arch in the foreground.

Shots like these are memorable keepsakes of wonderful trips, and while they often take a little more time in planning and preparation they're more than worth it in recapturing fun of another vacation in Michigan Outdoors.

U.S.T.A. Compiles 'Rogue's Gallery of Harness Horses

Horses, as well as human beings, can be "finger printed". If that's news to you, don't worry about not being up to date. Even the drivers at Northville

Downs weren't all "hep" to this until this season.

Soon all the horses at Northville Downs will be "finger printed", according to an announcement by the United States Trotting Association. The system is reported to be fool-proof for identifying harness horses.

"Chestnuts" identify horses. The "finger prints" are actually "chestnuts" or "night eyes", horny growths located on the inside of each leg of the horse. They're as effective as fingerprints for providing positive identification. No two are ever alike.

The U.S.T.A. will photograph the "chestnuts", take front and side views of every horse and note for the permanent record such distinguishing characteristics as scars, blemishes, imperfections of conformation and the like.

Adoption of the new system is intended to protect the public by making it impossible to slip "ringers" into races. However, veteran track officials point out that instances of entering horses that aren't what they appear are rare indeed; they discover only one or so in every ten years.

Joe Shaw Receives Graduation Honors at Un. of Harvard

More than 3,000 students received degrees from Harvard University at commencement exercises Thursday morning, June 19. Joseph H. Shaw, son of Mr. and Mrs. Aldon F. Shaw of West Nine Mile Rd., was among the more than a thousand of the graduates who received the degree of Bachelor of Arts. He was graduated cum laude.

The remaining two thousand students received advanced degrees from Harvard's graduate and professional schools of Arts and Sciences, Education, Design, Public Administration, Law, Medicine, Public Health, Business Administration and Divinity.

Traditional rituals of commencement day at the nation's oldest college included a chapel service for seniors, the arrival of the Governor of the Commonwealth of Massachusetts, Paul A. Dever, behind an escort of mounted lancers, an academic procession of University officers, dignitaries, students and alumni, Latin and English orations by students and the conferring of degrees by President James B. Conant.

Addresses were given by President Conant, Governor Dever, William M. Rand, President of the Harvard Alumni Association, and honorary degree recipients.

Commencement was the climax of a week of festivities at Harvard marked by the return of members of seventy Harvard College alumni classes reaching back seventy-four years to the Class of 1878.

Pfc. Roy Lokuta in Infantry in Korea

With the 45th Infantry Div. in Korea—Pfc. Roy Lokuta, 222 Oakwood Ave., Walled Lake, Mich., graduated recently from the 45th Infantry Division's replacement training school in Korea.

The school is designed to orientate new arrivals on their Korean assignments and to retrain veterans for new positions in their units.

Lokuta, an ambulance driver in the Ambulance Company of the 120th Medical Battalion, entered the Army in March 1951 and has been with the 45th Division since May 4, 1952.

1600 New Telephones, \$189,000 Added to Northville System in Last 12 Years

More than \$189,000 has been spent in enlarging and improving Northville's telephone system since World War II, according to George P. Hartrick, Michigan Bell Telephone Co. manager for the Plymouth area.

Of that amount, \$48,792 was spent on central office (inside) equipment and \$141,792 on outside plant facilities.

Along with the cash expended for facilities, 1600 more phones are now in use than in 1940, Mr. Hartrick said. There were 1,057 in 1940 and 2,657 as of January, 1952. Five operator positions have been added within the last eight years, bringing the total to 11.

The operators were added to handle the ever-increasing number of local and long distance calls, which Mr. Hartrick said has added to the burden borne by the busy operators. "While most of us have reconciled ourselves to brief waits for service at the local grocery store or gas station," he noted, "a pause while waiting for a telephone operator meets with strenuous objection".

Eliminating Delays

Mr. Hartrick said that "we are making every effort to eliminate such delays" but, because of the great number of calls "we have not yet reached the point where every person who needs a telephone or who places a call is immediately served. We are constantly striving to reach that objective".

Mr. Hartrick pointed out that telephone service is a long range, planned operation rather than a matter of mass production units which can be increased or decreased on a machine basis. The requirements of each customer must be individually treated to provide satisfactory service.

"Each telephone must be connected to the central office physically by wires," Mr. Hartrick said. "It isn't like a radio, for example, which can merely be set on a table and plugged in. The wires must be strung inside the house, then outside to a terminal which provides connection to other wires in cable on poles or underground to the central office, where they are connected to other equipment which makes possible interconnection of one telephone to any one of thousands of others".

MSC Sponsor for Community Life Essay Contest

Michigan State College has been selected as the sponsoring school for the second J. C. Nichols Foundation competition, it was announced today.

Seven awards will be offered for upper school students of Michigan State for the academic year 1952-53. The prizes will go for winning essays on some aspect of the general subject, "The Improvement and Development of Community Life in the United States". There will be one prize of \$500; three of \$300; and three of \$200.

The competition was established last year by The J. C. Nichols Foundation of the Urban Land Institute in memory of the late Jesse Clyde Nichols of Kansas City, who, at the time of his death in 1950, was the ranking authority on city planning and community development in the United States. The first competition was conducted at the University of Kansas City where awards were announced early this month. Each year a different school is designated as a sponsor for the academic year.

At Michigan State, the competition is open to junior, senior, graduate and professional students enrolled as a major in some division of the following fields of study: landscape architecture and urban planning, public administration, real estate, economics, social science, social service, engineering, political science, and geography. A special faculty committee has been named to supervise the competition under the chairmanship of Professor Charles W. Barr of the Department of Landscape Architecture and Urban Planning.

Richard J. Seltzer of Philadelphia, former president of the Urban Land Institute, is chairman of The J. C. Nichols Foundation Committee. The competition, Mr. Seltzer points out, is designed to stimulate and encourage general interest in the kind of planning and civic development exemplified in the work of Mr. Nichols, a world leader in his field.
