

OLD NORTHVILLE SPRING

The Northville Record

For More Than 82 Years - - Friend, Companion and Kindly Counselor

Volume 82, Number 6

TWELVE PAGES THIS WEEK

Northville, Michigan, Thursday, July 10, 1952

\$2.50 PER YEAR IN ADVANCE

for the Record

... and someone once said it would be dull to just edit a weekly newspaper!

With one linotype operator on vacation, one linotype going on the fritz with thermostat trouble on press day, and more news and advertising than there is room to print, life has been interesting this week, to say the least.

Just at press time Wednesday we learned that Northville is really in the big time at last. Our "sleepy little village" is threatened with labor trouble which, if it actually develops, can easily bring us national publicity. We can even see Mayor "Con" Langfield cast in the heroic role which "Cal" Coolidge assumed when he restored law and order during the Boston police strike some 30 years ago. Coolidge rode to fame and the Presidency of the United States because he upheld the law then. Who knows — perhaps Northville's own "Con" Langfield has an opportunity to grab the national spotlight and wind up as Governor at last.

Having been in the publicity business for a goodly number of years, and previously in the newspaper business for nearly too long a time, we herewith offer our services as "publicity agent" to Con for free if he wants to issue a full-throated "defi" to the big bad union representative who threatened Tuesday to cut off all commercial truck deliveries to Northville if the Village gets tough with the gravel trucks.

What a news story for the big city press! "Small town Mayor Defies Union Goons—Villagers Resort to Garden Fruits and Vegetables to Stave Off Famine Caused by Union Embargo on Truck Deliveries of Food." How our old friend "Orvie" Hubbard, Mayor of Dearborn, would welcome the chance to get the headlines that "Con" can have for the asking.

Con will have to surmount one hurdle in issuing the defi we hope is forthcoming. He won't know just exactly whom to address, because Officer Gill Glasson unfortunately forgot to ask the name of the man who came to him on Fairbrook Tuesday morning and issued the threat against the Village. It'll be hard, Con, to write a letter to a man whose name you don't know. And you certainly can't tell him to his face unless you know what he looks like?

Seriously, however, the trucking situation about which 60 citizens complained to the Village Commission this week is one that can hardly be ignored. There can be little argument about the desirability of eliminating the gravel trucks from Northville's streets if it is possible. On the other hand if they observe the law in passing through the Village there is little that can be done to stop their use of its streets.

Crux of the matter will be to enforce the existing traffic ordinance, which is a matter of the Village Commission digging up the money to pay for an extra enforcement officer if one is needed. On this point we're not too sure because we recall seeing the local scout car parked several mornings recently up the hill on Sheldon, across from the Downs, waiting for some unwary motorist to ignore the stop sign on Edward Hines Drive. We thought then that this policy of hiding to catch a traffic violator is of dubious value. Perhaps this practice has been stopped, but if it hasn't, we suggest the police department can use the scout car to better advantage if it insists that its officers make a more serious effort to enforce traffic regulations against trucks.

Again today we sat at our desk and watched a new Plymouth tear a hole in its rear fender by backing against the cap of a fire hydrant in front of the Record office. It was the fourth accident of a similar nature which we have seen happen in this same location within six weeks. Probably there have been others which we have not been around to witness. The hydrant is located so close

Truckers Threaten to Stop All Village Deliveries

Committee Will Circulate Petitions for Early Vote on City Government

Six Reasons Why ---

Northville Should Become A City

(By Committee On City Incorporation)

1. Taxes can be kept down and paving and other public improvements can be installed at an accelerated rate without resort to issuance of bonds.
2. It will cause the adoption of a new charter which should improve the efficiency of municipal government.
3. It will simplify registration, voting, assessment and collection of taxes by setting up only one agency (the city) to handle these matters.
4. City incorporation will eliminate the entire township tax forever.
5. It will give the city 3 supervisors in both Wayne and Oakland counties whereas the present Village has no direct representation on the Board of Supervisors of either county. These supervisors would be paid by the respective counties without cost to the city.
6. City incorporation should give residents a better court system than is provided by the present township justice of the peace system, and without additional cost.

Final decision on the area to be included in the proposed City of Northville was reached this week by the Committee on City Incorporation.

Petitions calling for a vote by residents of the area and for nomination of members of a charter commission to draw up a charter for the proposed city are to be printed as quickly as possible so they may be circulated in time to insure a special election early this fall.

Six Reasons Listed

The Committee also cited six reasons why Northville should become a city (see box in adjoining column) and a detailed explanation of each reason. (The latter appears on Page 2)

They emphasize that by becoming a city, taxes of present Village residents can be kept down while paving and other public improvements can be installed at a faster rate than in the past without use of borrowed funds. It also stresses the improvement in local governmental efficiency that should follow adoption of a new charter, especially if it provides for "the council-manager plan of city government" which has been so successful in hundreds of cities no larger than Northville.

Can Keep Taxes Down

The Committee's argument that present Village residents can keep taxes down and speed public improvements at the same time is based on the fact that by becoming a city they will automatically pick up approximately \$70,000 in revenue each year that has been going to the state since racing started at Northville Downs.

Its recommendation deals with this point as follows:

"Whereas almost every other village in the state which has become a city within the past 20 years has justified the move solely on the basis of better government and greater efficiency, Northville has the added advantage of being able to increase its revenues by approximately \$70,000 annually, starting next year, and by an additional \$40,000 per year after the Mental Hospital is completed.

Exceeds Current Fund Tax

"The \$70,000 will come from the state as a rebate of a portion of the tax on pari-mutuel betting at Northville Downs. It is more than the \$66,350 of taxes which the Village levied this year to meet all general expenses.

"This \$70,000 would be in addition to the approximately \$25,000 which the Village is now receiving from Northville Downs annually as payment for water, police and fire protection, which will be continued if the village becomes a city."

The Committee's statement points out that "with this additional revenue, general property taxes could be cut drastically or they could be kept at about present levels and the additional money spent for paving and other needed municipal improvements."

"The petitions to bring the matter of city incorporation to a vote will be circulated by members of the Committee on City Incorporation and other persons interested in the project. They require signatures of not less than 1% of the Village's population, with a minimum of 100 names. A map of the area to be incorporated must be attached to each petition and must be shown to each petitioner prior to signing.

Charter Commission

Nominating petitions for candidates for membership on the charter commission may be circulated for any resident of the area to be included and need carry the names of only 20 qualified electors.

Voting is customarily done at the same time on the question of incorporation and upon candidates for the charter commission. Nine candidates receiving the

New Doctor

Dr. Cornell Greavu, Jr.

Cornell Greavu, Jr., M.D., son of Mr. and Mrs. Cornell Greavu, 428 Plymouth Ave., is now serving his internship in Saginaw, after receiving his medical degree from White Memorial Hospital, Los Angeles, Calif., on June 8.

His parents and Mrs. Greavu's sister, Mrs. Phyllis Gite, of Switzerland, have just returned from California after attending his graduation.

Dr. Greavu attended Canton Center rural school, Plymouth High School and was graduated from Farmington High School. He is married and the father of two daughters, Sylvia, 11, and Wanda, 10.

The Rotary Club will be host group for Rotarians, Exchangees and their families at a picnic at the Willows in Cass Benton Park at 6 p.m. Tuesday, July 15. Those attending are required to bring only eating utensils.

Fast Look at Alaska Is Enough for 2 Travelers

The two young Northville men who headed for Alaska in a jeep June 10, got back in time to celebrate Independence Day, minus the jeep. They didn't plan it that way. They just found they couldn't be independent in Alaska.

William "Bud" Cansfield and Leonard "Skip" Howard made the trip up the Alcan Highway to Fairbanks and Anchorage in exactly two weeks with plans to work in Alaska during the summer.

What they found was not an open-armed welcome, but a critical unemployment situation created by dock strikes which had idled 8,000 people in the area for two months.

Hamburgers 75 Cents

They decided they couldn't eat very long with the going price on hamburgers at 75 cents each. They couldn't sell the jeep or any of their equipment. The markets were already glutted with used cars. So they headed for home.

They got as far as Dawson Creek in Montreal, Canada, 200 miles above the lower end of the

Community Bldg. Committee Named

What will eventually be done with the approximately \$180,000 that will be in the Village's "public improvement fund" at the conclusion of the present race meet probably will be decided by a 5-man citizens' committee appointed this week by Village President Conrad E. Langfield.

The committee's responsibility is to review the Community Building plans and the need for such a building, and recommend to the Village Commission whether to undertake a less elaborate building or to abandon the project entirely. In the latter event, the Commission would have to decide what disposition to make of the money accumulated over the past several years.

Members of the citizen's committee are Sidney Frid, temporary chairman, Alton Peters, Douglas Lorenz, Robert Coolman and Dr. L. K. Eastland.

Appointment of the citizen's committee is regarded as a logical answer to the dilemma arising out of prohibitive cost of the Community Building as planned heretofore. This structure, which could have been built eight years ago for the \$160,000 now in the Village's "kitty," would cost in the neighborhood of \$500,000 today. Adding in a combined heating plant to serve it and the High School, its cost soared to over \$500,000, according to the latest estimates of the Walter L. Couse Company.

This structure was to have contained a high school gymnasium and auditorium plus cafeteria facilities, as well as provide space for Village offices and a new jail, with incidental space for community activities which were never described specifically.

Will Act if Northville Gets Tough With Gravel Trucks

Union Threatens Boycott of Truck Deliveries Here

After first denying to the Record that he had been told by a union representative Tuesday that commercial truck deliveries into Northville will be boycotted by the teamsters' union if the Village persists in enforcing its traffic ordinances against truckers hauling gravel, Patrolman Gil Glasson later admitted that such a threat was made to him.

Glasson failed to report the threat to Chief Joseph Denton or to Village President Langfield, who learned of it from the Record, to whom it was reported by Dr. R. M. Atchison. Not until Glasson was asked about the authenticity of the Record's information at noon Wednesday by Chief Denton, did he report the conversation that had taken place.

In a later brief statement to the Record, Glasson said:

"A union man came into town and told me if the police department gets tough with the gravel trucks they would stop all commercial trucks coming into Northville."

Glasson was unable to name the man who approached him, but said he represented himself as a member of the "truckers union." The threat was made on Fairbrook St., he said.

Failure of Village officials to enforce existing ordinances against truckers hauling hundreds of loads of gravel over Northville streets daily, drew the ire of a large group of Village residents this week.

Charging that such truck traffic is a danger to children and grown-ups alike, and a public nuisance as well, the group descended upon the Village Commission Monday

evening with an ultimatum that it find some method by which the gravel trucks can be rerouted around the Village.

Spokesman for the group of 60 men and women who crowded into the Commission meeting was Dr. R. M. Atchison, who said that for 14 years citizens have been trying, without success, to achieve some control over the trucks. He told the Commission the group will expect action quickly so the truck traffic can be controlled before school starts next fall.

Special Council Meeting
Village President Conrad E. Langfield called a special Commission meeting for 8 p.m. Friday, July 11, to consider action that can be taken along the lines demanded by the citizens' committee. Langfield said that he is in favor of slowing down the truck traffic and that he personally chased several truckers in his car a few days ago to warn them against speeding in the Village.

Dr. Atchison suggested that the Village employ an extra policeman to supervise truck traffic exclusively. He said that if the Village lacks funds for this purpose, he and other residents would be willing to pay the difference between such an officer's salary and the amount of fines collected through his efforts.

In presenting the views of the citizens' committee to the Village Commission, Dr. Atchison emphasized that those present were from all sections of the Village and represented the citizenry at large rather than any special group.

Charges "Stalling" In Past
"Residents who have protested in the past about the Village's failure to control truck traffic have been 'stalled' by previous Commissions, which have claimed that a cut-off around the Village is the only solution," Dr. Atchison said.

"We have been told this same story for 14 years, and to date nothing has been done. We have been very fortunate in having had no serious accidents or deaths from these gravel trucks, but they are a public menace which will no longer be tolerated. Even if it costs \$10,000 to \$20,000 to control

(Continued on Page 7)

Firemen Find New Way to Get Truck Engine Started

Something new in fire-truck starters was uncovered by the Village Commission this week. The "discovery" was made by Commissioner A. Malcolm Allen, whose duty it is to oversee what goes on in the fire department and to keep the Village Commission informed about such matters.

The new "starter," Mr. Allen reported gravely, is a heavy hammer which is used by one of the firemen. The procedure, he said, is for the fireman to first sound the siren when a fire alarm comes in; then grab the hammer, crawl under the truck and hit the offi-

cial starter a couple of "smart blows" with the hammer. "Apparently," Mr. Allen said, "these blows do something to the works inside so they turn the engine over."

"One good thing about the hammer," he reported, "is that it does not get out of order like the official starter." (But what happens if the hammer gets lost?—Ed.)

Nevertheless, the Commission instructed Allen to instruct Fire Chief William McGee, when he gets out of the hospital after his Fourth of July fireworks mishap, to get the official starter fixed so it will start without being hampered. On second thought, the Commission reversed itself and told Mr. Allen to get the fire truck fixed before McGee gets out of the hospital so it will be ready for action if McGee gets involved with any more fireworks.

Springer Elected Legion Commander

Conrad Springer, of Lake St., was elected commander of the Lloyd H. Green Post 147 of the American Legion at its June 24 meeting. Mr. Springer, who will replace Paul Burnham in the post's highest office, will assume command about September in installation ceremonies.

Nominations and election during the evening elevated Donald B. Severance, of Novi Ave., to senior vice-commander, and Ray Westphal to junior vice-commander. Frank Lewis, of Salem, is the new chaplain and Mr. Burnham will assume duties as finance officer. Robert Deering was named sergeant-at-arms.

Past-commander Morris Cohen was elected historian for the post, and commander-elect Springer chose Elbridge Miles as adjutant

3029 Registrations Set Record Mark

A last-day rush of 277 Northville Township residents swelled registration rolls to 3,029, the highest total in township history, according to Clerk Fred W. Lyke, who said that he was forced to call in Mrs. Lyke and Mrs. Gladys Bush to help with registering, which ended officially at 8:00 p.m. July 7.

Seven hundred and six of the total number are new registrations, said Mr. Lyke, 364 in Precinct One and 342 in Precinct Two. The first precinct now has 1,665 registered electors and the second precinct has 1,364 on the rolls. A quick count at the beginning of the registration period had placed the number of township residents on the roster at 2377.

Groups Conduct Drive

A drive was conducted during the last two weeks before the deadline to urge all non-registered residents to get on the rolls and preserve their right to vote. Among various groups cooperating in the drive were the American Legion, Lloyd H. Green Post 147, its Auxiliary, and the recently-organized Minute Women of the U.S.A., Inc.

Special plans were made to furnish free transportation to and from Northville for registration purposes and also to provide sitters for those whom young children would have kept at home.

Mr. Lyke volunteered to spend four extra days at the Village Hall to handle the 11th hour rush.

Target of a group of angry citizens at Monday's commission meeting were gravel trucks such as the two pictured above at the main four corners in Northville. The large group which crowded the village hall called the trucks a menace to the safety of the village's women and children.

SIX REASONS WHY NORTHVILLE SHOULD BECOME A CITY

(AS RECOMMENDED BY THE COMMITTEE ON CITY INCORPORATION)

I. Taxes Can Be Kept Down and Paving and Other Public Improvements Installed at a Faster Rate if Northville Becomes a City.

1. Whereas almost every village in the state which has become a city during the past 20 years has justified the move on the basis of better government and greater efficiency, Northville has the added advantage of being able to increase its revenues by approximately \$70,000 annually, starting next year, and by an additional \$40,000 per year after the Mental Hospital is completed and fully occupied. The \$70,000 will come from the state as a rebate of a portion of the tax on pari-mutuel betting at Northville Downs. It is more than the \$66,350 which the Village levied in taxes this year to meet all general expenses.

Obviously, with this additional revenue, general property taxes could be cut drastically or they could be kept at about present levels and the additional money spent for paving and other needed municipal improvements.

(This \$70,000 would be in addition to the approximately \$25,000 which the Village is now receiving annually from Northville Downs as payment for police and fire protection and water, which will be continued if the village becomes a city. Nor will the extra \$70,000 cost the Downs anything. It is already levied by the state as a tax on betting, and will merely be a rebate from the state of a portion of this tax.)

2. Similarly, when revenue from the Mental Hospital becomes available as an additional rebate of state sales, intangibles, weight, gas and liquor taxes, it also can be used to hold taxes down or for public improvements that may be needed at the time.

If Northville remains a Village this sum will go to Northville township, which is so financially prosperous it is only levying a one mill tax on its residents now and has a surplus of over \$64,000.

3. By becoming a city, Northville can annex certain land areas suitable for development for residential and industrial use, whereas this is not feasible if it remains a village. As these areas are developed, they will add to the city's assessed valuation, thus affording a broader base against which to levy taxes and having a tendency to hold down taxes on present residential property.

The areas which the Committee has included for residential development are located on the west side of N. Center St. in Novi township and along the south side of 7 Mile Road west of the Mental Hospital grounds. Both are suitable for real estate development projects which will enable Northville to grow in the future.

The areas suggested for industrial development include property bisected by the C & O railroad in Novi township at the northwest corner of Novi road and Baseline, portions of the Gerald Ave. section and some property on the south side of 7-Mile Road adjoining the C & O tracks there. Each of these areas is potentially important for use by certain types of light manufacturing companies if the city encourages them to locate here.

II.

Adoption of a New Charter Will Improve the Efficiency of Municipal Government.

The present Village charter was adopted in 1927. Its commission form of government, with each commissioner heading an administrative department such as police, public works, finance, etc., has the weakness of relying upon the spare time of men fully occupied with their own private affairs.

While our local commissioners do their best to serve the Village they are unable to devote the time necessary to do the job as it could be done under the council-manager plan of municipal government which has been found so successful in hundreds of cities no larger than Northville.

For example, our antiquated charter prohibits the Village Commission from selling any piece of property at a price in excess of \$300 without submitting the proposal to a vote of the electors.

Under a modern charter, the various government functions now conducted by both the Village and the Township—duplicating assessment and collection of taxes, duplicating registration systems and widely separated voting places for Village and county, state and national elections for residents of Oakwood subdivision would be eliminated, with the city taking over at virtually no greater cost than at present.

III.

It Will Simplify Registration and Voting, Assessment and Collection of Taxes.

1. At present Village residents living in Northville township must now register with the township clerk for county, state and national elections, and with the Village clerk for Village elections. Residents of Oakwood subdivision in Novi township must go to Novi to register for county, state and national elections and to the Village Hall to register for Village elections.

Under a city government, only one registration with the city clerk would be necessary for all elections. This registration is already done and no additional

The Committee on City Incorporation has worked several weeks to establish what it believes to be logical boundaries for the proposed new City of Northville.

It also has spent a great deal of time in analysis of reasons why the present Village should become a city, and in the preparation of a simple statement of these reasons for circulation to every resident of the Village and of Northville and Novi townships. These six reasons are presented herewith in full. The Committee, through its chairman Dr. L. W. Snow, invites questions from any resident of the Village or townships. They may be presented to any of the Committee members, or sent to the Record, which will turn them over to the Committee to answer. Replies will be printed in the Record each week.

cost would be involved under city government.

2. Oakwood subdivision residents now have to go to Novi to vote in county, state and national elections and to the Village Hall to vote in Village elections.

Under a city government their voting could be done at home in all elections, making the present trip to Novi unnecessary.

3. As a village, all property has two assessments on it, one by the Village assessor and the other by the elected township supervisor.

If a village changes to a city, all property would be assessed only once by a city assessor. This particular change could in no way increase the cost of city government as the complete assessment is already made for village purposes.

4. Similarly, the billing and collection of county and state taxes on Village property is now performed by the township treasurer while Village taxes are billed and collected by the Village treasurer.

Under a city government the city treasurer would handle all tax collections, with the very small additional cost more than offset by the saving in township taxes that will result from withdrawal of the city from the township.

IV.

City Incorporation Will Eliminate the Township Tax Forever.

When a village votes to become a city it withdraws from the township in which it is located and takes over for itself such governmental functions as the township has been performing for it.

In withdrawing from the township, property within the city's

limits is removed from the township tax roll and thereafter pays no taxes to support the township government.

Because both Northville and Novi townships are receiving so much money from the state as their share of sales, liquor, and intangibles taxes, their tax levy upon property in the Village and township is only nominal. (One mill in Northville township and nothing in Novi township.)

However, the portion of this one mill tax collected on Village property by Northville township would more than offset the expense of conducting elections and collection of taxes that the city would take on.

V.

Northville Would Have 3 Supervisors in Both Wayne and Oakland Counties if It Becomes a City.

There are several reasons why it is advantageous for a city to have its own supervisors.

First, they represent the city—and the city alone. This insures presentation of the city's viewpoint on matters of concern to city residents.

Second, the city supervisors could introduce matters for the benefit of the city.

Third, supervisors for the city would not have divided allegiance to the city and township area.

Fourth, city supervisors would supplement on the county board of supervisors the representation of the entire urban segment of the county.

Fifth, it is the power of the city supervisors to insist by law that property in the rest of the school district be assessed as high as that in the city. The only way that a municipality can be guaranteed the right of appeal of

equalization, if considered unjust, is by having its own supervisors.

What Would Be the Cost of Having City Supervisors?

The city supervisor does not act as chief administrative officer and as assessing officer of a city, as does the township supervisor. City supervisors are not paid by the city government, but like township supervisors, receive from the county a nominal per meeting payment and mileage allowance. If the city charter provides for supervisors who are not officials of the city, these county-paid allowances are their entire compensation for this work. If the charter provides for city officials serving as supervisors, it may also provide that they receive no extra pay from the city for their work as supervisors. In this case, their remuneration would be the per diem allowance from the county.

VI.

City Incorporation Would Provide a Better Court System Than the Present Justice of the Peace System, Without Additional Cost.

The justices of the peace who now hold court in the Village are township—not village—officials. If a village changes to a city it must provide its own basic judicial system.

This can be done in two ways: First, there can be a fee-paid municipal justice of the peace elected by the citizens. He would conduct a court substantially the same as that now conducted by the township justice of the peace.

The second method is to provide a salaried municipal justice of the peace. In this case, all fees go to the city. The Michigan Municipal League states that in a city of moderate size, with a program of careful law enforcement, and an up-to-date fee schedule, receipts are likely to be in excess of the expenses of the court and the judge's salary.

Almost all practicing attorneys prefer a salaried judge to a fee-paid justice of the peace because the incentive to abuse of the powers of the office are removed. The position becomes one of greater independence, with a full opportunity to administer justice according to the strict merits of the case and regardless of the fees and influences which may be brought to bear.

Such a municipal court becomes a definite part of the city government and the city acquires direct control over its operations.

A qualification requiring that the justice be an attorney is generally conceded to be desirable, although this is not necessary. It does, however, lead to better administration of justice.

WEST POINT PARK NEWS

By Miss L. A. Ault

E. W. Stange was visiting his sister, Mrs. Clara Ahler, in New Grace hospital last Sunday evening.

Miss Marcia Meade of Hubbard Ave., has returned from a two week's visit with relatives in Flint.

Mr. and Mrs. Harold Slevin and their three children, from Akron, Ohio, were last weekend guests of Mr. and Mrs. Edwin L. Johnson, of Clarita Ave.

Mr. and Mrs. Forrest Ault, of Hubbard Ave., were visiting with relatives in Flint Monday evening.

Mrs. Bob Roberts and her daughters, Beth Anne and Mary Lynn, from Monroe, were guests of Mrs. M. E. Ault, on Mayfield, all this last week.

Miss Nancy Varhol, of Shady-side Ave., has been a guest all this week of the Gravilles, in Brightmoor.

Mr. and Mrs. John Ackermann and daughter, Barbara Ann, from Dearborn, and Miss Christina Strom, from Wayne, were calling on Mrs. M. E. Ault, on Mayfield Ave., Tuesday afternoon.

Mr. and Mrs. Dwight Attabury, who for several weeks have been guests of the latter's parents, Mr. and Mrs. Purser, left last week for Omaha, Neb., where they will spend a little time visiting with Mr. Attabury's relatives. They will return to Purser and leave later for their home in Phoenix, Ariz.

Honoring the 16th birthday of her daughter, Shirley, Mrs. Leslie Grundy entertained at her home on Hubbard Ave., Friday evening, June 27. Guests were a group of Miss Shirley's young friends.

Young folks of the neighborhood assisted Roger Barnes, Farmington Rd., in celebrating his 15th birthday Friday evening, June 27.

Recently friends here heard from Mrs. Jessie Eddington, who several years ago lived on Hubbard Ave., near Norfolk. She is now living in Pensacola, Fla.

Soldier Don Bohlinger and his wife arrived from Missouri to spend the Fourth of July weekend with relatives here. Miss Beverly Bohlinger, who, for a month had been the guest of her brother and sister-in-law, returned home with them. In another two weeks Don will receive his discharge from the U. S. Army.

A. D. Ahler, from Detroit, was calling at the E. W. Stange home, Mayfield Ave., Wednesday afternoon.

Mrs. E. W. Stange, Mayfield Ave., is spending the weekend with her granddaughter, Mrs. Richard DeStieger and other relatives in Detroit.

Miss Carol Lee Shauler, of Farmington Rd., spent Wednesday with a group of friends at Kensington Park.

Mrs. Frank Smith, of West Eight Mile Rd., is receiving condolences from friends in the recent death of her aged father, in Warren, Mich.

G. A. Stahl, from Quincy, Mich., was an overnight guest of the Stuart Shaulers on Farmington Rd.

Tom Gagnon, of Merriman Rd., is a patient at the Detroit Osteopathic Hospital.

Dr. and Mrs. Don Brock and their infant son, who visited several days among relatives in this section, have now left for San Antonio, Texas, where Dr. Brock may assume duties with the U. S. Army.

Mrs. Patrick Hannegan, of Irving Ave., and accompanied by her two daughters, spent last Sunday with her parents.

Mrs. Carl Johnson, of Irving Ave., was honor guest last Saturday evening at a birthday party arranged for her by friends at Pleasant Ridge.

Mrs. Clarke Bonar and Mrs. Harry S. Wolfe spent last Tuesday in Detroit.

Mr. and Mrs. Carl Johnson, of Irving Ave., spent last Sunday with relatives at Holly, Mich.

Mrs. Fred Shelman and her new little daughter, Donna Jane, born June 26, are spending two weeks with Mrs. Shelman's parents, Mr. and Mrs. Ernest Tallman, on Mayfield Ave.

A Pet Show held on Pierson School playground Thursday of last week proved most interesting. Participants were boys and girls taking part in playground activities this summer. Prizes were awarded to Gail Hotchkiss, who exhibited the largest pet, a horse; to Verda Blackburn, for the largest cat; to Gerald Blake, for the

Rolling Down The River

by the PETZ BROS.

Had we enough sense to go home this hot day, everything would have been okay. But no, we've got to stick around this Studebaker Emporium of ours because for all we know, YOU might drop in and we certainly want to be around on such an occasion. So while we wait, in walks some lug and it isn't you at all, but only a joker that wants to get in out of the sun for a while. Before he goes, he tells us a tongue-twister, that we've heard a long time ago. He tells it again and now we can't get the doggone thing out of our mind. We'll tell it to you, because it's your fault. Had you come in it would never have been around to plague us.

"Moses supposes his toes are roses, but Moses supposes erroneously. For Moses, he knows, his toes aren't roses as Moses supposes his toes to be." ... read it again and we'll bet you're stuck with it too.

Well, that's the way things go and had you dropped in, we could have discussed the lovely new '52 Studebaker. There's certainly no tongue-twisting in beautiful, fast, rugged, economical and all other such words that go into making a perfect description of the Studebaker V-8 Commander or the six-cylinder Champion. You'll never truly appreciate the sterling qualities of this car of ours, until you've driven it yourself. Come in for a demonstration!

We read in the papers where two freight trains collide head-on and we're reminded of the engineer who got up one morning with the odds against him. His electric razor refused to work and while he was searching for a new blade for the old reliable, the toast burned, the coffee boiled too long. On the way to work he had a flat tire and by the time that was fixed, he was late indeed. Getting his train under way, he started to make up lost time. Taking a curve at maximum speed, he discovered another train headed right at him. Turning to his fireman in disgust, he moaned, "just another day when, no matter what I try to do, everything seems to go wrong."

You've got a vacation coming up and plenty of summer weekends. If you don't get some new grease and oil in that car of yours, plenty can go wrong with you, too. We suggest that you hurry right in, have our men give it a thorough lubrication and a most expert tune-up. You'll be most exceedingly glad you did in the summer months ahead.

That's that, but we hear of a fellow that went to see his doctor about his wife. Seems the lady develops an inferiority complex and the husband wanted advice on how to keep her that way.

Yours,

BILL and WILL PETZ.

Chief Issues June Police Report

The Northville police department answered 138 calls during June, said Police Chief Joseph Denton in his monthly report, and collected \$631 in fines.

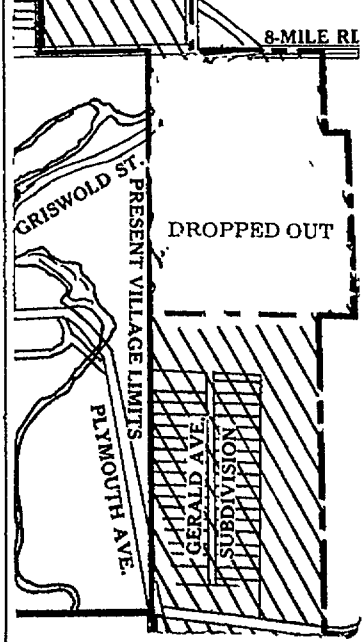

Other details of the report: Accidents investigated, 6; traffic violations, 69; summons issued, 56; grand larceny cases, none; petty larceny cases, 5; breaking and entering cases, 2; uttering and publishing cases, none; juvenile cases, 2; vandalism cases, one; prowler calls, 3.

The chief reported two autos stolen and one recovered; four arrests; four court cases; three bicycles stolen and two recovered; two persons bitten by dogs and two dogs under observation. Dr. E. B. Cavell destroyed eight dogs, no owners reclaimed dogs, or were fined.

Policemen found 10 windows open and unsecured, nine doors unlocked. They sent out 12 teletype messages during the month.

Gravel Pit Dropped From City Area

Final boundaries for the proposed City of Northville, as established by the Committee on City Incorporation this week, dropped the Manning & Locklin gravel pit south of 8-Mile Road and east of the present Village line and property fronting on 8-Mile Road. This small map shows the area omitted. Otherwise, the map printed in the June 19th Record, showed the

new city limits correctly. The Committee's original thought with respect to the gravel pit was that it should be included because it eventually might constitute an important water supply for the city. Acting upon engineering advice, the Committee decided that this water supply could be secured by purchase if and when needed, without including an otherwise worthless area in the city's boundaries.

Twp. School System Incorporates Plymouth Recreation

The co-sponsored Plymouth city and Board of Education Recreation Department has been transferred and incorporated into the Plymouth township school system, it was announced last week.

Under this plan the Recreation Department will have the use of additional funds which total approximately \$12,000. Superintendent of Schools Russell Isbister says that the cost of recreation and adult education will be spread over the entire school district and thus releasing the city funds for other civic needs.

A recreational advisory and policy making board was appointed at a special meeting. The seven members and the school districts they represent are: Mrs. Bernard Curtis and Edward Dobbs, Plymouth City; Ervin Franklin, Canton Township; J. Craig Bowlbey, Northville; Jack Taylor and Claude Rocker, Plymouth Township and Mrs. Robert Willoughby, Board of Education.

Schoolmen's Fun Day Set at U-M

ANN ARBOR—Athletic facilities of the University of Michigan will be available for use by the state's school administrators, teachers and coaches during the "Schoolmen's Fun Day" here July 15.

The event is sponsored by the Michigan Bookmen's Club, an organization of textbook salesmen, and will be held in conjunction with the annual U-M Education Conference Week which begins July 14.

Ernest McCoy, U-M basketball coach, will be the speaker at an evening smoker. McCoy recently was appointed athletic director at Pennsylvania State College.

Speed Costs Life, Money, Says Denton

Although it's lives that are important, failure to control speed is also very costly in terms of money, Chief Joe Denton, of the Northville Police Department comments in calling upon drivers to take it easy and save themselves and their cash. A speed control campaign is currently under way throughout the state.

"The cost of traffic accidents," Chief Denton said, "is high in terms of dollars and cents as well as in terms of lives lost."

"The price of 13,616 lives lost in Michigan traffic during the past ten years is, of course, incalculable. The monetary cost, based on wage loss, medical care, cost of insurance administration and property damage, is estimated at more than a billion dollars."

"Courtesy, caution and common sense can save many lives. There is no reason why all drivers should not practice these virtues and help make our streets and highways safer. Take it easy."

It's important to get rid of weeds before mulch is applied in strawberries.

DOG QUARANTINE

In accordance with the statutes of the State of Michigan and the action of the Wayne County Board of Supervisors, all dogs in the Village of Northville and surrounding area are placed under strict quarantine effective June 15. All dogs must be vaccinated and licensed. Quarantine will continue until Sept. 15. All unmuzzled dogs will be picked up and impounded in the Village Pound, vaccination and tag notwithstanding. Dogs must be muzzled to comply with the statute.

This order will be strictly enforced.

Those who have grown phlox in the past are well aware that damp, humid summer nights promote the spread of mildew which is destructive to the leaves. For this reason, spraying in the evening is to be avoided as the wet leaves have no chance to dry until the morning sun strikes them.

Remedies for Mildew

Morning is the best time to water phlox. Then it can be done with a spray without danger, although a soaker is the ideal way of providing moisture for the roots. A layer of peat moss will aid in holding moisture and keep the roots cool.

In case of mildew two things should be done. The plants should be thinned so the air can circulate freely; then dusted thoroughly with fine sulphur dust.

The only other problem encountered with phlox is red spider mite. This can be eradicated by use of the newer all-purpose dusts containing fermetate, sulphur, etc. They are obtainable at all good garden supply stores and should afford all the protection necessary against red spider or mildew in an ordinary season.

If the infestation is serious, however, it may be necessary to use a spray containing 1 oz. of parathion, 1 oz. of fermetate and 1 oz. of soap flakes to four gallons of water. This should clear up any trouble.

Use Plenty of Fertilizer

Phlox is a heavy feeder and requires more than the usual amount of fertilizer. An application of "5-10-5" (5 nitrogen, 10 potassium, 5 phosphorus) is advisable during the summer. Dig it in very lightly as the feeder roots lie close to the top of the soil.

Phlox thrives best when planted in full sun, although it will tolerate light shade. The clumps should be three feet apart to allow plenty of air to circulate as this discourages mildew. The crowns should be covered with about one inch of soil as phlox is not deep-rooted. It looks best in groups of at least three of each variety.

The clumps should be divided every two or three years, either in the spring or fall. The ideal planting time is from September to mid-October. After planting or dividing, apply a mulch of peat moss, leaf mold or well rotted manure. Phlox is usually better the second year after planting or transplanting.

To keep phlox varieties true it is necessary to keep the seeds from ripening and scattering on the beds. Either remove the tops from the plants before the seeds can mature or pull up the seedlings from the base of the parent plant before they begin to grow.

Good Phlox Varieties

Mary Louise is a choice pure white which flowers in August and September with large individual florets. Commander Koehl is dark blood red and flowers in July and August. Leo Schlageter is a magnificent brilliant scarlet which blooms in June and July. Salmon Glow is a vivid salmon pink which flowers from July to frost.

An old-time lavender for August and September is Daily Sketch, a beautiful salmon pink which often grows 3½ feet high.

3 Northville Boys Elected to Offices at Boys' State

Three Northville representatives to the 14th Annual Wolverine Boys' State at Michigan State College were elected to offices in the mythical "49th state."

The session, which lasted June 19 through 27, is sponsored annually by the American Legion, Department of Michigan. George R. Simmons, of W. Twelve Mile Rd., is a Commissioner on the Boys' State staff.

In balloting by the more than a thousand boys, Ludwig Jagla, German exchange student, was named Secretary of State, Senator from Baldwin County, and Mayor of the town of Pierce. David DeJohn was elected City Councilman for Adams, and McClelland County treasurer. Bob Burgess was named a Circuit Court Commissioner of Croswell County.

Four Others Attended

Four other Northville boys attending Boys' State were Robert Scheffer, Mitchell Rackow, William Sullivan and Charles Wuersting, a second German exchange student.

The thousand or more high school boys from Michigan who participated in the nine-day session were instructed in the principles and values of democratic and constitutional form of government.

They separated into two political parties on their arrival at the campus and formed city and county groups, electing their own local and state officers.

Boys attending the convolve were chosen for their qualities of leadership and good citizenship. The seven Northville boys were sponsored, with expenses paid, by the Northville Lodge 186, F. & A.M.; the Optimist Club; the Exchange Club; the Rotary Club; Lloyd H. Green Post 147 of the American Legion, and Village President Conrad E. Langfield, who sponsored the two German Exchange students.

Human law is right only as it patterns the divine

—Mary Baker Eddy

Sir John Falstaff is a new and very hardy introduction from England. It has large luminous salmon pink trusses appearing from June to September.

Two noteworthy introductions in 1952 are Brigadier, with orange red heads, and Elizabeth Arden, a very soft pink with red eyes. Both are deserving of a space in your garden. If you have a favorite spot for a special pink bloom, don't neglect having three clumps of Columbia phlox. Combine these with Miss Lingard, a noteworthy variety whose foliage is disease resistant and which blooms from May until frost.

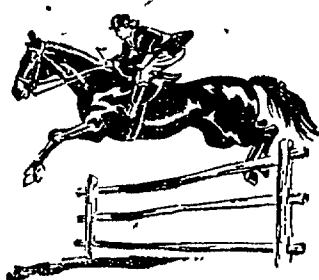

Phlox is strictly an American contribution to the garden. The word "phlox" comes from the Greek word meaning flame. It is so rightly named!

If you want bigger payloads, you want a Dodge

"We solved our hauling problems with Dodge 'Job-Rated' trucks"

"Our business calls for trucks that can haul big loads day in and day out—and we like our trucks to last, too! That's why we prefer Dodge trucks that are 'Job-Rated' to fit our particular hauling job."

"We recently put in service two Dodge 'Job-Rated' 1½-ton models... and they sure haul big loads the way we want them to! For instance, the 170-inch wheelbase models allow for a 14-foot body, which is ideal for our business. And Dodge easy-handling advantages enable us to maneuver these trucks in the same space as some other trucks with 12-foot bodies."

Sgt. Ken Farrell In Marine Maneuvers

CAMP LEJEUNE, N. C.—Serving as an "enemy" infantryman was a new experience for Marine Sgt. Ronald E. (Ken) Farrell, son of Mr. and Mrs. Edward Farrell, 370 First St., Northville.

In extensive maneuvers held here recently Farrell was a member of a mythical "aggressor" force which had supposedly captured the eastern half of the United States. Opposing this "enemy" force were troops of the Second Marine Regiment, a unit of the Second Marine Division here.

Farrell enlisted in the Marine Corps in August, 1950. He is currently serving as a Squad leader with the Eighth Marines, another infantry regiment of the Second Marine Division.

My Volo, a Michigan horse, now holds the record for the fastest mile ever raced at Northville Downs. Here his owner L. M. Kehoe, of Imlay City, holds an alarm clock showing My Volo's terrific time of 2:02 3/5.

"My Volo" Sets Record at Downs

The fastest mile ever turned in at Northville Downs is now held by My Volo, seven year old pacer owned by L. M. Kehoe of Imlay City.

In winning the first heat of a \$3,000 free for all pace, My Volo bettered the track standard for pacers set a year ago by Express Hall at 2:03 1/5. He was driven by Eddie Morgan.

Simultaneously, he bettered the trot mark of 2:02 4/5 set by the great Proximity at Northville Downs in 1948.

It was one of the best performances by a pacer or trotter in the Nation this year, said a Downs representative.

In setting the record, My Volo faced a star field that included Brother Harmony, the favorite; Armstrong Abbe, Ensign John and My Chief.

Last year, My Volo started 42 times, winning 16 races, placing in 11 and was third in 5, earning \$8,465.83. This year the seven-year-old gelding has started 12 times, winning two events, placing second in one and third in 5.

Charles Misner Buried Tuesday

Funeral services were held Tuesday, July 8, at St. Paul's Lutheran Church for Charles L. Misner, 220 Plymouth Ave., who died July 5 at the age of 83. Burial was in Rural Hill Mausoleum with Rev. E. E. Rossow officiating. Arrangements were made by the Casterline Funeral Home.

Mr. Misner was born on January 13, 1869, in Germany, to the late Louis and Dorothea Misner and was the youngest of eight children. He served for two years as a U. S. Army Cavalryman with the Texas Blue Jackets at Fort Clark, Texas. He was a charter member of the St. Paul's Lutheran church and a resident of Northville and vicinity for 80 years.

Mr. Misner is survived by his wife, Selma; a daughter, Mrs. Joseph Shipley, Clement Rd., and two granddaughters, Dorothy Jean Shipley and Mrs. Jack Peat of River St. A step-daughter, Mrs. Clifford Schutte, of Beal St., and a step-son, Walter Kramer, of Texas, also survive.

Salem Resident Mrs. Dix Dies

Mrs. Clara L. Dix, of Salem, who died on July 2, was buried on Saturday, July 5, in Woodlawn Cemetery, Detroit, after funeral services at the Casterline Funeral Home. The Rev. Lucia M. Stroh, of the Salem Congregational Church, and the Rev. Dr. Mathew Simpson of Central Methodist Church, Detroit, officiated.

She was 79 years old, and was born March 17, 1873, in Detroit, to the late Carl and Eliza Sholwell. She was a member of the Salem Congregational Church and had lived in that vicinity for eight years.

Mrs. Dix is survived by a sister, Mrs. Edith Searow, of Detroit, and two grandchildren, Dr. Rodman Jacobi, M.D., and Nancy Jacobi, both of Birmingham. Her husband, Clinton N., died in 1951.

Be careful in using 2, 4-D around farm ponds that are stocked with fish, warn extension specialists at Michigan State college. The carriers in which the chemical is dissolved sometimes will kill fish.

Be silent, or say something better than silence. Pythagoras.

Ladies of Church Help With Vacation School

The Vacation Bible School, which is being conducted this week at the Novi Methodist church, is being run by Mrs. Russell Button. Sessions will continue through Friday, July 11, from 9:30 to 11:30 a.m.

Ladies of the church are assisting. In the intermediate department which is headed by Mrs. Vincent Gillette are Mrs. Walter Edelmann, Mrs. John Klaserner and Mrs. Jack Crawford.

Mrs. Wendell Crum has charge of the primary with the help of Marilyn Sharpe, Donna Frisbie and Sadie Larson. Assisting Mrs. James Mitchell with the beginners class are Mesdames Leo Harwood, Frank Wata and Carol Clemens.

Mrs. John Klaserner is the registrar for the school.

Pat and Jimmie Patterson left Monday to spend two weeks at East Tawas Boy Scout camp.

Local OES, Masons Belong to New Shrine

The new officers of the Pilgrim Shrine, White Shrine U.D. are pictured following the recent institution of the Shrine. The 84 new members include Eastern Star and Masonic Lodge members from Northville, Plymouth and South Lyon. The institution was conducted by Supreme officers of the White Shrine of Jerusalem.

Shown in the front row from left to right are: Maurice Evans, Assistant Watchman of the Shepherds; Ida B. Cook, Worthy High Priestess; Hanley Smith, Watchman of the Shepherds, and Mrs. Edward Dent, Noble Prophetess. Standing behind them in the same order are Mrs. Luke McGeorge, Chaplain; Mrs. Charles Huebler, Worthy Shepherdess; Grace Gardner, Worthy Scribe; Elizabeth Joycelyn, Worthy Guide, and Mrs. Gus Lindquist, Worthy Treasurer.

Detroit Gives Ring to Eunice Waterman

Shirley Ann Maloney

Mr. and Mrs. Claude Waterman of Reservoir Rd., announce the engagement of their daughter, Eunice Lee to Anton Michael Meszaros, son of Mr. and Mrs. Michael Meszaros of Monica St., Detroit.

Eunice was graduated from Northville High School in 1949 and is a graduate nurse of the Henry Ford Hospital School of Nursing. Michael is a graduate of Ford Trade School and Detroit College of Applied Science. He served with the army in the South Pacific from 1942-46 and is now employed by the Detroit Tool and Gage Co.

No definite plans have been made for the wedding.

Novi Baptists Plan Vacation Bible School

Mr. and Mrs. Clarence R. Schmidt, of 725 Spring Dr., announce the engagement of Mrs. Schmidt's daughter, Shirley Ann Maloney, to Dwight A. Justice, son of Mrs. Marguerite A. Justice, of Auburn Rd., Detroit, and the late Charles Justice.

The Novi Baptist church will hold Vacation Bible School for the youngsters of Novi beginning Monday afternoon, July 14, through Friday, July 18. The sessions will begin at 1:30 p.m. Mrs. Jack Eby is superintendent of the school.

The pre-school and beginners will meet at the parsonage with Mrs. Rex LaPlante and Mrs. John Little as teachers.

Three gifts will be awarded to the three children bringing the largest number of pupils to register on Monday.

Those who wish transportation should telephone 1223-W3 or 992-J11.

Fire Chief Burned by Fireworks

An apparently faulty aerial rocket which exploded prematurely, hospitalized Northville Fire Chief William McGee the evening of July 4. Spectators and Chief McGee said that the rocket exploded about ten feet above the ground after it had been lighted as part of the Fourth of July fireworks display he was supervising at Ford Field. Flaming bits of the rocket set off other rockets and display pieces still on the ground ready to be fired.

Chief McGee was burned on the left hand, arm and shoulder, and left side of the face as he spun and rolled away from the sudden flames and explosions, he said. One of the rockets struck him in the left side. He said that the only burn that worried him was the one on the hand. Refreshments will be served following the meeting.

Retail Merchants to Meet July 14

The Northville Retail Merchants Association will hold its July meeting Monday, July 14, at 8 p.m. in the Veterans Memorial Hall at the corner of North Center and Dunlap Sts.

Truckers Threaten

(Continued from Front Page) these trucks, which it should not, such sums are worth far less than a single maimed or killed child," he said. "It is high time some of the other civic improvements that are being talked about are stopped and some attention given to protecting the lives of our women and children."

Harassment Policy

The citizens' committee asked that the Village adopt a policy of harassment against the gravel truckers by enforcement of all existing local ordinances against mufflers, over-loading and reckless driving. It also asked that speeding, defective brakes, noisy additional traffic lights be installed in the Village and timed to deliberately slow traffic so much that the trucks will take the Beck Road-Six Mile route from the pits to Northville Plymouth Road. Another suggestion was that truck traffic could be harassed by the Village installing a weighing station for all trucks entering the Village from the west. Use of an individual axle scale such as the State Police use at times would take so long that truckers would take the alternate Beck-6-Mile route rather than pass through the Village, it was said.

Enforcement Possible

Village Attorney James E. Little replied to Dr. Atchison with the statement that "if existing Village ordinances are enforced, the trucks can be controlled. It is simply a question of inadequate police personnel to do the job as it can be done. The lack of sufficient police is a matter of dollars and cents. If Village residents want the traffic laws strictly enforced against the truckers, and if they are willing to pay the cost of such enforcement, it can be handled under present laws." Village President Langfield assured Dr. Atchison that he and every member of the Commission are concerned about the trucks and that they will consider ways and means of abating the nuisance at the special meeting Friday night. He advocated a very low speed limit through the Village and rigid ticketing for every violation of local ordinances. He said there will be no necessity for the citizens' group to pay an enforcement officer.

Dealing In Human Life

Dr. Atchison replied that "we are not dealing in dollars, but in human lives. And don't lose sight of the fact that a human life is worth more than all of your money. You've destroyed the community as a residential area by permitting this truck menace to get out of hand. I would be willing, and other members of our group also, to have our taxes increased if it meant a cleaner and a safer place to live in." Pressed by Dr. Atchison to name a date at which the citizens' group can meet again with the Commission to hear its answer to their demands, President Langfield promised to notify the group through the Northville Record when the Commission has its answer ready.

Circulate Petitions

(Continued from Front Page) highest number of votes become charter commission members.

The Committee on City Incorporation urges that at least 15 or 20 citizens should run for the charter commission so voters may have some choice of those to represent them. Nominating petitions may be picked up free of charge at the Record office or through the Committee on City Incorporation after July 15. The Committee also pointed out that if the proposal for city incorporation should be voted down, the election of a charter commission would be void. Likewise, the charter which such a commission will develop, will be subject to approval of voters before it becomes effective. Should it be disapproved by the voters, another charter commission would be formed to draw up a second charter for approval.

Dr. Howard Suffers Heart Attack

Dr. W. Leonard Howard, medical supervisor of Maybury Sanatorium, is resting comfortably after a heart attack Tuesday while at work, said Dr. Russell Steinger, senior physician at the sanatorium.

MICHIGAN MIRROR

NON-PARTISAN NEWS LETTER

Socialized medicine (you should pardon the term) has been conducted in Michigan for the past 27 years

But it has never met the vigorous and vocal opposition that usually attends the introduction of any medical plan that opponents can tag with that label.

In fact, few Michiganders were aware of this unique situation and might never have been if the state hadn't hung out a figurative "Help Wanted" sign.

Appropriately enough, the scene of the unusual experiment—if anything extending 27 years—can be still called experimental—is Beaver Island, that charming spot just west of the tip of the Lower Peninsula.

Beaver Island has a fascinating history of the unusual. It was there that King Strang established his religious domain and created a political entity that was without equal in Michigan history. Under his iron-fisted, capricious leadership, Beaver Island flourished.

But political rivalry that erupted into a pitched battle ended his

royal career and the population of the island began slowly to dwindle. Today there are only about 300 year-round residents although the island is each year becoming more popular as a tourist attraction and its summer population zooms.

It was in 1925, when there were about 1,500 persons on the island, that diphtheria struck with a vengeance. Appalled at the toll of the disease, the Legislature established the unusual medical set-up.

A physician was engaged on a Civil Service arrangement. He was allowed to collect whatever fees he could (incomes are low on Beaver) and the State paid him a salary. Today he receives between \$5,500 and \$6,500 from the Michigan treasury.

Dr. Russell Palmer, who has held the post for 25 years, is ready to retire and Dr. Albert E. Heustis, state health commissioner, is looking for a successor. "We need a physician who will provide his own home and medicines and will take care of the islanders and visitors at a minimum salary," says Heustis.

He calls the arrangement "the private practice of medicine with a state subsidy." He points out that "the island is being developed more now as a tourist attraction and the people of the region feel that the absence of any physician on the island would be a serious drawback."

The island's main contact with the mainland is by ship although airplane service is offered—technically—all year 'round. Winter flights often have to be cancelled because of the weather.

So, if you know some physician who, in Dr. Heustis's words "likes the outdoors and doesn't mind being somewhat isolated and held down in one spot," refer him to the state health commission.

But you'll better not bandy the phrase "socialized medicine," some people get rather vociferous when that enters the conversation.

With the quadrennial circus going on at Chicago this week, the average Michigander has been getting an abundant political diet direct from the Windy City via his newspaper, radio and television.

So it's little wonder that another political gathering has been overshadowed by the Republican convention.

It's the seventh annual forum on state and local government on the Michigan State College campus. It won't have as great an impact on the nation as the party convention, but its sponsors believe that it's almost as important on the long haul because it creates a better interest and understanding of government at the grass-roots level.

It's been just as hot—on the thermometer—at East Lansing as it's been in Chicago and there were moments these past few days when the political temperature soared, too.

The Republican delegates had some explosive topics, FEPC, the international plank seating of contested delegates and—of course—the titanic battle between Taft and Ike. But the Michigan conferees had a couple of their own that were hardly conducive to a cool and academic discussion.

There was the explosive topic of state governmental reorganization with Gov. G. Mennen Williams leading the discussion on the opening day Monday.

Equally controversial was the Tuesday topic: Reapportionment of representation in the Legislature.

Both of these issues are certain to be major bones of contention in the coming elections. Two reapportionment proposals will be on the November ballot and voters must make a direct choice. Governmental reorganization will undoubtedly be one of the campaign battle lines and there, too, voters will make a decision even if in a more indirect manner.

Sessions today and tomorrow

BASS CAN BE ORNERY!

How many times have you fished a lake that's swarming with bass—yet you come home empty-handed? Next trip out you'll have your limit in an hour, and there'll be fish boiling all over the surface. That's the time to stop and think about bass fishing and how to make 'em hit when they're "off their feed."

Catching bass the last week in June and first week in July is made a lot easier by nature. The fish have just finished spawning—some may still be near the beds and willing to hit anything that comes near. With spawning ended, appetites improve and they spend more of their time hunting food.

But after the 4th of July they can be a challenging problem to the angler.

Plug or Live Bait?

They may then feed only a short while each day—or every other day. The rest of the time they're sulking in deep, cooler water. Is live bait allowed to sink into these holes best at such times? Or is an artificial lure most effective? Probably the plug... and probably a plug that sinks slowly when not on the retrieve. My own personal theory about bass plugs is that any similarity to natural food is incidental and unimportant. A sulking fish will

strike from sheer annoyance, especially if the lure sinks into the hole where he's resting, and then suddenly begins its worrisome wiggle or darting action.

Erratic Retrieve Important

Few if any bass lures were made to be reeled in with a smooth even pressure on the reel. If you're casting a floating lure resembling a frog, mouse or whatnot, let it sit where it lands for a few moments. The splash will scare fish as it hits, then they may return out of sheer curiosity if it floats in one spot quietly. Now begin the retrieve erratically, reeling rapidly for a turn or two, then slowing 'way down or letting the lure surface again. I don't believe your bass is going to strike because he thinks the lure is a frog, mouse or whatnot. He'll bump it challengingly, in a vicious effort to drive the "thing" away.

Follow a Routine

When bass aren't biting get yourself a system. Figure the plan of attack carefully. Try different types of lures with different actions rather than different colors. Line 'em up in your tacklebox in a definite order and fish 'em all confidently. After all, we're smarter than bass, aren't we? Or are we?

At day's end with an empty stringer, this can be a most embarrassing question!

Mort Neff's "Michigan Outdoors" television show may be seen every Thursday at 10:15 p.m. on stations WWJ-TV, Detroit and WJIM-TV, Lansing.

are scheduled to take up the financial problems of both state and local government and during the next two weeks, students will confer with leaders of every branch and at every level of government and with political science experts.

They'll discuss everything from states rights and decentralized government to the labor movement and two-party system.

The political leaders who attend this conference are influential in their own communities. The conclusions they draw—and pass on to their fellow-citizens at home—will certainly have an effect on the November elections.

In that way the conference, now overshadowed by the Chicago convention, may become far more important than the headlines alone would indicate.

Two news events have again underlined Michigan's importance in the arsenal of democracy. One was the unveiling of the new T-48 tank by Ford and General Motors that is expected to give the United States the edge on its opponents mechanized striking force.

The other was the visit to the Lansing Oldsmobile plant by Vice Adm. C. Turner Joy, former head of the UN truce team at Panmunjon. At the Olds plant he saw the manufacture of the 3.5-inch bazooka rocket that seems to have been more effective in Korea than the efforts of the Admiral's team.

A combination of both is needed in Korea, Joy said. "Keep on trying for an armistice and meantime exert military pressure, the only language the enemy understands." That was the recipe he gave capitol newsmen.

Michigan products will help exercise that pressure.

3 Local Students Attend Band School

Three Northville High School students, Barbara Couse, of West Seven Mile Rd., Jean Campbell, of Wing Ct., and Joen Soule, of South Wing St., are currently attending the Wayne University Summer Band School. It is a six-week course offered by the University to outstanding high school musicians. Intermediate school children with exceptional ability are also allowed to participate.

Composed of 135 students, the Wayne summer band presented its first concert of the season July 3 in the band shell of the State Fair grounds. Other concerts are scheduled there at 8:15 p.m. July 10 and 17.

Plans have also been made for the band to play at three noon-hour concerts July 10 and 17 in the Putnam avenue area of the Wayne campus. Climaxing their summer activities will be the band's appearance in four shows at Policeman's Field Day, Aug. 1 and 2.

This year's band is one of the

Henry L. Hewitt, Huron County, member of the Farm Bureau and past president of the Michigan Holstein Friesian Association.

An ELECTRIC Milk House Water Heater Speeds Up Dairy Chores

Milk house chores are easier for Henry L. Hewitt because he has plenty of hot water... And you need a lot of hot water when you farm 430 acres and have a registered milking herd of 42 Holsteins. Mr. Hewitt gets his hot water at very low cost because he has taken advantage of Edison's low combination rate for two electric water heaters: one in the milk house and another in the farm home.

How about your hot water needs? Remember, cleaner udders keep bacteria count low and milk sales high. For additional information see your plumber, equipment dealer, or Edison Farm Service Advisor.

DETROIT EDISON

Good wiring is always important. So always ask your Farm Service Advisor.

LEGAL NOTICES

John L. Crandell,
Attorney at Law
Northville, Michigan
STATE OF MICHIGAN, County of
Wayne.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the sixteenth day of June in the year one thousand nine hundred fifty-two.

Present, THOMAS C. MURPHY, Judge of Probate.

In the Matter of the Estate of DAN OLSON, Deceased.

On reading and filing the petition, duly verified, of Harry G. Rackham, executor under the last will and testament of said deceased, praying that he may be licensed to sell certain real estate of said deceased, for the purpose of paying the debts of said deceased and the charges of administering said estate.

It is Ordered, That the eighteenth day of July, next, at ten o'clock in the forenoon, at said Court Room be appointed for hearing said petition and that all persons interested in said estate appear before said Court at said time and place to show cause why a license should not be granted to said executor to sell real estate as prayed for in said petition. And it is further ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulating in said County of Wayne.

(A true copy)
Joseph S. Wurtsmith,
Deputy Probate Registrar.
THOMAS C. MURPHY,
Judge of Probate.

Hunter Or Fisherman?

Shooting carp, dogfish and garpike with bow and arrow (or spear) becomes legal on some 200 designated southern inland lakes and rivers starting July 15 for a month. This is the first year the conservation department has legalized the sport. First leg of the season was held last spring. Head and shaft are tied to line feeding from a reel fastened to bow. Arrowhead detaches from shaft when fish is shot, preventing the rolling fish from breaking the arrow.

MORTGAGE SALE—Default having been made in the loan and conditions of a certain mortgage made by Edward W. Gaffney and Mabel M. Gaffney, his wife, of Livonia Township, Wayne County, Michigan, Mortgages, to Depositors State Bank, a Michigan corporation of Northville, Michigan, of the same place, Mortgage, dated the 29th day of December, A. D. 1948, and recorded in the office of the Register of Deeds, for the County of Wayne and State of Michigan, in Liber 10142 of Mortgages, on page 647, and said mortgage having defaulted under the terms of said note and mortgage to declare the entire principal and interest and advances for taxes and insurance due, which election it does hereby exercise pursuant to which there is claimed to be due and unpaid on said mortgage, at the date of this notice, for principal and interest and taxes the sum of Eighteen Hundred Fifty and 70/100 Dollars. And no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof, now therefor, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Thursday, the 11th day of September, A. D. 1952, at 12:00 o'clock noon in the Eastern Standard Time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the southern or Congress Street entrance to the County of Michigan in the City of Detroit, Wayne County, Michigan (that being the building where the County of Wayne and State of Michigan is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at six per cent (6%) per annum and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the mortgagee, necessary to protect his interest in the premises. Which said premises are described as follows: All those certain pieces or parcels of land situated in the Township of Livonia in the County of Wayne, and State of Michigan and described as follows, to-wit: Lots 314 and 315 "Seven Mile Super Highway Subdivision" of the East 1/2 of the Northeast 1/4 of Section 9, Town South, Range 9 East, Livonia Township, Wayne County, Michigan Recorded in Liber 55, page 58, Plats, Wayne County Records. Dated at Northville, Michigan, June 8, 1952.

Dr. Johnson Tells Appointments For Optimist Club

Dr. Waldo Johnson, newly installed president of the Northville Optimist Club, has appointed the following committee chairmen to work with him throughout his term of office.

Bob Shafer will chairman the Americanism committee with the aid of Elden Biery and Rick Goodrich. Chairman of Boy's Work is George Zerbler with Max Austin and George Miller assisting. Emmett Wirth has charge of the program planning for the next year with Fred Collins and Dr. S. Campbell in charge of publishing the Opti-chatter.

Bob Coolman will have charge of attendance, Jim Huff of House arrangements with Bill Cheetham and George Kohs on the membership committee. Publicity chairman is Glenn H. Cummings while Dr. L. W. Snow is head of the civic affairs and new club building committee. The budget and finance committee is made up of Hugh Babbitt and H. Sealey.

Pat Malley was appointed to head the Junior Horse Show for another year. Dr. A. A. Holcomb heads the life membership committee, Jim Littell the constitution and by-laws and Don Lawrence the student loan committee.

Al Wistert, Sam Geraci and Orson Atchinson make up the sports committee. On the reception committee is Glenn Long and Paul Steenken. Alex Lawrence has charge of the music while Jim Spagnuolo will head the health and visitation committee. Inter-club relations will be taken care of by Ade Willis and sheriff is Bill Wilson.

New members of the club are Bill Taft, Max Austin and Harry Richardson.

Plymouth Annexes School Districts

Two school districts, Hough and Bartlett, have received final approval for entrance into the Plymouth School system. The two districts are in Canton township.

The annexation eliminates the yearly \$13,550 tuition fee previously paid by Canton township students for their education. The school will now receive approximately \$22,750 from Bartlett and Hough taxpayers.

Two Bartlett and Hough two-room rural schools will be operated by the Board of Education.

Boy Scouts Can Win Scholarship

Prominent among several scholarships available to Boy Scouts of this area are those offered by the Phillips Academy of Andover, Massachusetts.

Information on Phillips' Academy Scholarships, which have a wide range in value, according to individual situations, may be had from Mr. Russell H. Lucas, a downtown investment broker. Phillips, more popularly known as Andover because of its location in that beautiful eastern town, was founded in 1778 and boasts a long list of distinguished alumni. Eighth or ninth grade Scouts, high in their class, and deserving of financial aid in completing high school (and perhaps college later on), should call Mr. Lucas at WO. 2-5625.

Detroit Won In 1950

Lucky local candidate to win a scholarship at Andover two years ago was Roger Bruce Hardy, a member of Detroit Troop 208. According to current reports he is enjoying a wonderful experience in this famous prep school—maintaining a full school curriculum and many extra-curricular activities. During school vacation last summer, he completed his Eagle rank and received his badge from Mr. Lucas before returning to school last fall.

There are opportunities for other qualified Scouts to also receive their pre-college education at Andover, and Scout Executive Amos R. Shields urges those interested to make inquiries now regarding scholarships for the fall semester or early '53 classes.

Careless handling of milking machines and utensils is responsible for a lot more of the bacteria count in milk than most farmers realize.

It pays to clean up feedlots and other places where cattle can get at small pieces of metal. Many cattle are killed after swallowing bits of metal.

Let not the sun go down upon your wrath. Bible

SAVE MORE the CASH and CARRY WAY

There are Miles that Make You Happy

YOU'll discover a lot that you like in this neat, fleet and nimble traveler the first mile you drive it.

Such things as cushions broad and deep — six-passenger room unsurpassed by any car in America — fabrics rich, soft, harmonious.

As you take it through traffic—breast a hill or two—try it out on back roads—you'll find that you handle Dynaflow Drive* as if you had always used it—your ride is serenely level—and a great tide of power comes surging up as you need it.

This, you will say, is very Super indeed.

But no one-time sample can tell you the deep-down enduring thrill that is yours when you own this great middle series Buick.

How easy it is to park in round-town driving, especially if you have Power Steering.†

How relaxed you and the family will feel at the end of a long day's vacation jaunt—with Dynaflo Drive to let you drive at ease on the open road, without the tenseness of clutch-pushing in traffic—plus a Million Dollar Ride to protect the comfort of the family.

That ride is something to talk about. More than a dozen selected engineering features control roll and wander on curves—snub dip and sway before they get past the frame—carry you over all kinds of roads with lullaby smoothness.

And that Fireball 8 Engine—man, what a docile thunderbolt you'll find it to be! Here's a high-compression valve-in-

head that really brings miles from a gallon of gas.

In other words, all the miles you travel in this Buick are going to make you gladder and gladder that you bought it—for comfort, for fun, for thrill and for thrift.

What are you waiting for? Come in and get your sample today.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. †Now available on Super as well as Roadmaster—optional at extra cost.

Novi News

By Mrs. L. Rix

PFC Walter Harold Tuck writes his parents, Mr. and Mrs. Walt Tuck, of Novi, that on a recent three-day pass he visited Heidelberg and Frankfurt, Germany.

Friends of Phil Radcliff received word last week that he was seriously injured in the service in Korea.

Mr. and Mrs. Rex LaPlante visited the former's mother at Simcoe, Canada for a few days last week.

The W.S.C.S. of the Novi Methodist church will have their regular monthly meeting Wednesday, July 16, at Cass Benton Park. A pot-luck picnic dinner will precede the meeting. The annual experience social will follow the dinner. Members are urged to bring a guest with them and to meet at the church at 12 noon for transportation.

Mr. and Mrs. Gerald Race are planning a birthday celebration for the latter's mother next Sunday. The relatives invited are two sisters and a niece and their families.

Mr. and Mrs. Clarence Renn are taking Mr. Renn's mother to Indianapolis, Ind., where she will leave for her home in California.

Kenneth Cook returned to Kaiser Frazier plant last Monday after an illness of ten weeks.

Mr. and Mrs. Glen C. Salow spent the Fourth of July weekend at their cottage near Lewiston.

Mr. and Mrs. George Atkinson left last week for a vacation at their cabin near Lewiston and they will spend some time motoring through Northern Michigan.

Grant Putnam of Huntington Park is visiting his sons, L. J. and Ed Putnam and their families for the summer months.

The Novi W.C.T.U. July meeting has been postponed. The first Wednesday in August the local union will attend the Federation annual picnic at Cass Benton Park.

On the Fourth of July, Mr. and Mrs. Rex LaPlante entertained the latter's father and sister, of Detroit, and on Sunday her brother and his family, of Oak Park, were their guests.

Jacqueline LaPlante gave a pajama party last Saturday night for ten of her girl friends at her home on Novi Road.

Mrs. L. Rix attended a luncheon in Detroit on Monday at the home of her niece, Mrs. Kenneth Pender, in honor of a mutual friend from St. Petersburg, Fla.

There were fourteen Blue Star Mothers who visited the Rehabilitation Blue Star Mothers Home at Indian Lake last week Thursday. At the monthly meeting, Monday night, plans were made for the family picnic August 11 at the Lee picnic grounds at Walled Lake. The Northville and Farmington Chapters will be the invited guests.

Novi Lodge News

Novi Rebekah Lodge will meet in regular session Thursday night July 10. This is the last meeting before the summer vacation. The meetings are scheduled to begin on Sept. 25.

Sister Flossie Eno assisted by Kathryn Bachert will entertain the Novi Past Noble Grand Club at the former's cottage near Lexington, on Thursday, July 17.

The Oddfellows and Rebekah Lodges of Novi are preparing for the Auction Sale which will take place on Saturday, July 26.

NEWS FROM SALEM

Mr. and Mrs. Louis Jennings, of Norfolk Ave., have had the latter's sister, Mrs. Dolores Schroeder and her young baby, from near Lambertville, O., as house guest this last week.

David McWhinnie, from Detroit, was the Fourth of July guest of his grandparents Mr. and Mrs. Stanley Chavey, on Mayfield.

Miss Carol Ann Byers, from Lansing, was a guest this week of her uncle and aunt, Mr. and Mrs. Edwin Johnson, on Clarita.

A feature of the program was a talk on "Ruth and Naomi," given by Mrs. William E. Thomas, of the Forrest Hills United Missionary church, Twelve Mile and Stansbury Rds. At the end of the evening, flower presentations were made. Mothers receiving plants were Mrs. Thomas, Mrs. Albert Owen, Mrs. Russell Ault and Mrs. John Varhol. Daughters receiving were the Misses Jean and Evelyn Thomas and Barbara Varhol. George Welsh, of Mayfield Ave. was "at home" July 4th to a large number of friends who called to congratulate him on his 86th birthday.

Northville Post 4012, Veterans of Foreign Wars

We wish to acknowledge with appreciation the support of the following business and professional people of the community which made possible the Fireworks Display and Program on Independence Day.

LOCAL NEWS

The relatives of two-year-old Carl Denton Stephens gathered at the home of his parents, the Carl Stephens of Norton St., on Saturday, June 28, to celebrate his birthday. His birthday occurred on Friday, June 27. Attending the party were his grandparents, Mr. and Mrs. Joseph Denton, Mr. and Mrs. Carl Denton and children, Susan and Elizabeth, and Mr. and Mrs. Ray Denton.

Mr. and Mrs. Earl Patterson, of Cady St., have returned to their home after spending the holiday with Mr. and Mrs. C. M. Fulton of Coolport, Pa.

Mr. and Mrs. Mark Bell and son Craig, spent the holiday weekend with the Blair Clay-pools in their new home on Portage Paint Drive, Onkama, Mich. While there they attended the Forest Festival at Manistee and sailboat races at Portage.

Mr. and Mrs. Clyde Ferguson, of Maplewood St., were guests of Mr. and Mrs. Gerald C. Woodruff at Tober Morey, Ontario, Canada, over the July 4th weekend. Mr. and Mrs. Woodruff are aboard their cabin cruiser, "Silver Spray," at Tober Morey, where they are vacationing for two or three weeks.

Carl A. Johnson of East Tawas, Mich., father of Carl H. Johnson of Orchard Dr., has improved slightly after a month in the University Hospital at Ann Arbor. He was in critical condition for a week when he developed bronchial pneumonia.

MORTGAGE SALE—Default having been made in the terms and conditions of a certain mortgage made by Clara B. Buntz, of Wayne County, Michigan, mortgagee to Depositors State Bank, a Michigan Banking Corporation, Northville, Michigan, Mortgagee, dated the 9th day of July, A. D. 1946, and recorded in the office of the Register of Deeds, for the County of Wayne and State of Michigan, on the 9th day of August, A. D. 1946, in Liber 15161 of Mortgages on page 527, and said mortgage having elected under the terms of said note and mortgage to declare the entire principal and interest and advance for taxes and insurance due, which election it does hereby exercise pursuant to which there is claimed to be due and unpaid on said mortgage, at the date of this notice, for principal and interest and taxes the sum of Four Thousand Two Hundred Ninety-Four and 39/100 Dollars. And no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage, or any part thereof, now therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the Statute of the State of Michigan in such cases made and provided notice is hereby given that on Thursday, the 9th day of October, A.D. 1952, at 12:00 o'clock noon, Eastern Standard Time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the southerly or Congress Street entrance to the County Building in the City of Detroit, Wayne County, Michigan (that being the building where the Circuit Court for the County of Wayne is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at five per cent (5%) per annum, and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the mortgagee, necessary to protect his interest in the premises. Which said premises are described as follows: All that certain piece or parcel of land situate in the Township of Nankin in the County of Wayne, and State of Michigan and described as follows, to-wit:

Lot 1852 of Folker's Garden City Acres No. 22 being a Subdivision of the East half of South-East 1/4 of Section 15, Town 2 South, Range 4 East, Nankin Township, Wayne County, Michigan.

Dated at Northville, Michigan, July 9, 1952

Dated this 3rd day of July, 1952.

James D. Mitchell, secretary.

Miss Elyne Patterson, of Cady St., is spending the summer with her grandparents in Coolport, Pa.

PASSPORT TO HEAVEN

From Wisconsin comes the news item regarding Steven Rampelos. He was in this country 51 years on January 24, and on that date he signed his final papers and took the oath of allegiance. One hour later, the 67 year old citizen suffered a stroke and died. The paper stated that his American citizenship papers would be his passport to heaven. I sincerely hope the departed one is in glory, but I'm sure that he did not get there on the passport issued him by the government. I realize that it was said jokingly, yet I have heard of people who believe themselves Christians because they live in a country that is Christian by name. Also others believe they have a clear passport for entrance into heaven because they possess a Baptismal certificate or are members of a church. I surely believe in baptism and church membership, but no where are they spoken of in the Bible as a means of entering heaven. Jesus Christ plainly declared in John 14:6, "I am the way, the truth, and the life, no man cometh unto the Father but by me." In Ephesians 2:8-9 we learn that salvation is by grace through faith and not by works we do. It is through the name of Jesus Christ that every believer shall have a right to enter heaven.
