\$2.50 PER YEAR IN ADVANCE

## New Letter From Engineer Says Concrete In Curb Job May Come Up To Specifications

The letter below, from George Jerome & Co. to the Northville village commission, indicates that the concrete used in curb and gutter on Lake, Grace, Rayson and Carpenter streets may come up to the 4,000 pound per square inch strength called for by the engineer's original specifications.

The letter in the adjoining column, also from the Jerome Company and written Aug. 21, indicated that such cement failed to meet specifications.

Another letter from the Jerome Co., dated Sept. 8, recommends that Ministrell Brothers be paid the amount of \$11,507.00, which is 90 percent of the contract. The other 10 percent is to be retained until final acceptance.

Mr. Gilbert T. Jerome, author of both letters, told the Record this week that the information upon which his original letter was based was supplied by a "Mr. Way", of the Fendt company, and was incorrect.

Mayor Conrad E. Langfield is asking Mr. Jerome to meet with the village commission next Monday evening to clarify the situation created by his two divergent letters.

September 5, 1952

President & Council Members  
Village of Northville  
Northville, Michigan  
Gentlemen:

We have received two reports on the seven day compression tests of concrete cylinders taken from the present curb and gutter construction.

One test is from the Pittsburgh Testing Laboratory which was taken from curb and gutter poured on August 18th and shows a test of 3320 pounds per square inch.

The other test is from the Detroit Testing Laboratory, Inc. which was taken from curb and gutter poured on August 20th and shows a test of 3,335 pounds per square inch.

Inasmuch as the specified strength after 28 days is 4000 pounds per square inch, these tests are a good indication that the concrete specified has been used.

The final result will be obtained when the 28 day tests are run - 28 days from the two specified days of August 18th and August 20th.

We see no necessity to be alarmed about the concrete.

Very truly yours,  
GEORGE JEROME & CO.  
Gilbert T. Jerome

## Horde of Grid Hopefuls Turn Out for Varsity Berths; First Game Sept. 19

Coaches Al Jones and Dick Kay don't have much in the way of veterans returning from last year's football squad, but they have plenty of inexperienced support.

Eighty-three boys are in uniform for football, and six more want to play but don't have uniforms. This is probably the biggest turnout ever for the fall sport.

Coach Jones has been working with backfield hopefuls in search of a smooth combination to replace the losses inflicted by graduation. A scrimmage Tuesday pitted various backfield combinations against a defensive line as Coach Kay switched linemen in his search for a strong forward wall on offense and defense.

Both coaches are making it plain that all positions are open to the boys who can show they have the ability to become varsity material. Graduation in June swept away not only first string players but also took away reserves two and three deep in each position.

The season's opening game, a non-league contest, will be with the Plymouth Rocks on their field Friday, Sept. 19, followed by a game with South Lyon here the next Friday.

The traditional football rivalry between Plymouth and Northville was interrupted last year when scheduling was stymied by activation of a new league which Northville joined and reorganization of the league to which Plymouth belongs.

## Merchants Appoint Hospital Committee

The Northville Retail Merchants Association appointed Dr. Russell M. Atchison and Clifton D. Hill as a committee to meet with the Plymouth group which has been discussing plans for a "community" hospital to service the Northville-Plymouth-Livonia area.

The association's board of directors had met with the Plymouth group, composed of members of the Plymouth Chamber of Commerce, last Thursday night to discuss the hospital. The Merchants' Association was contacted because it represents the closest approach to a Chamber of Commerce in Northville.

The annual harvest dinner and auction will be held at the Methodist Church House Monday, Sept. 29.

Honorable Mayor & Common Council  
Village of Northville  
Northville, Michigan

RE: Concrete Curb and Gutter Work  
Gentlemen:

Although we were not retained by you to handle the inspection of construction to insure that the materials called for in the plans and specifications were furnished, the writer visited the job on Monday, August 18, 1952, and made the following observations:

1. Transit mixed concrete was being furnished by Fendt, 22005 Gill Road, in Farmington, Michigan.
2. The delivery slips did not state that the concrete was 4000# as called for in the contract and just stated 3 cubic yards—6 bag concrete.
3. When the driver was asked to bring back the slip stating the strength on it, he gave the following:

1410 lbs. High Early Cement  
5145 lbs. Sand  
5260 lbs. \$10 A Stone  
Approximately 44 gallons of water

None of these quantities meet the specifications. For one cubic yard this would amount to 5 bags of cement (specifications call for a minimum of 6 bags).

Cement ratio to aggregate ratio is 1 to 7.4—specifications 1 to 3.5. Water ratio is 3 gallons per bag of cement and specifications call not to exceed 7 gallons.

The supplier guesses at the amount of water and does not ascertain moisture in the aggregate prior to mixture. Air entraining cement is not being used as specified.

The supplier has never seen the specifications and says that he is supplying what Ministrell Brothers ordered and he has never known till now, that the contract calls for 4,000 pound concrete.

Upon completion, 28 days after August 18th, we suggest some cores be drilled from the curb and gutter and tested. We also delivered two cores, one for a 7 day test and one for a 28 day test, to the Pittsburgh Testing Laboratory.

The supplier thinks that this concrete will test about 3,000 pounds and if so, there is \$1.60 per cu. yds. differential between this and 4,000 pound concrete.

Very truly yours,  
GEORGE JEROME & CO.  
By: Gilbert T. Jerome

## School Board Sets Tuition Charges

Tuition for elementary and high school students in Northville schools who come from outside the school district were set by the Board of Education at its meeting Tuesday night.

Parents of elementary school students, grades kindergarten through six, will pay \$94.16 and parents of high school students, grades seven through 12, will pay \$135.95.

Rates for the 1951-1952 year were \$135 for elementary and \$185 for high school.

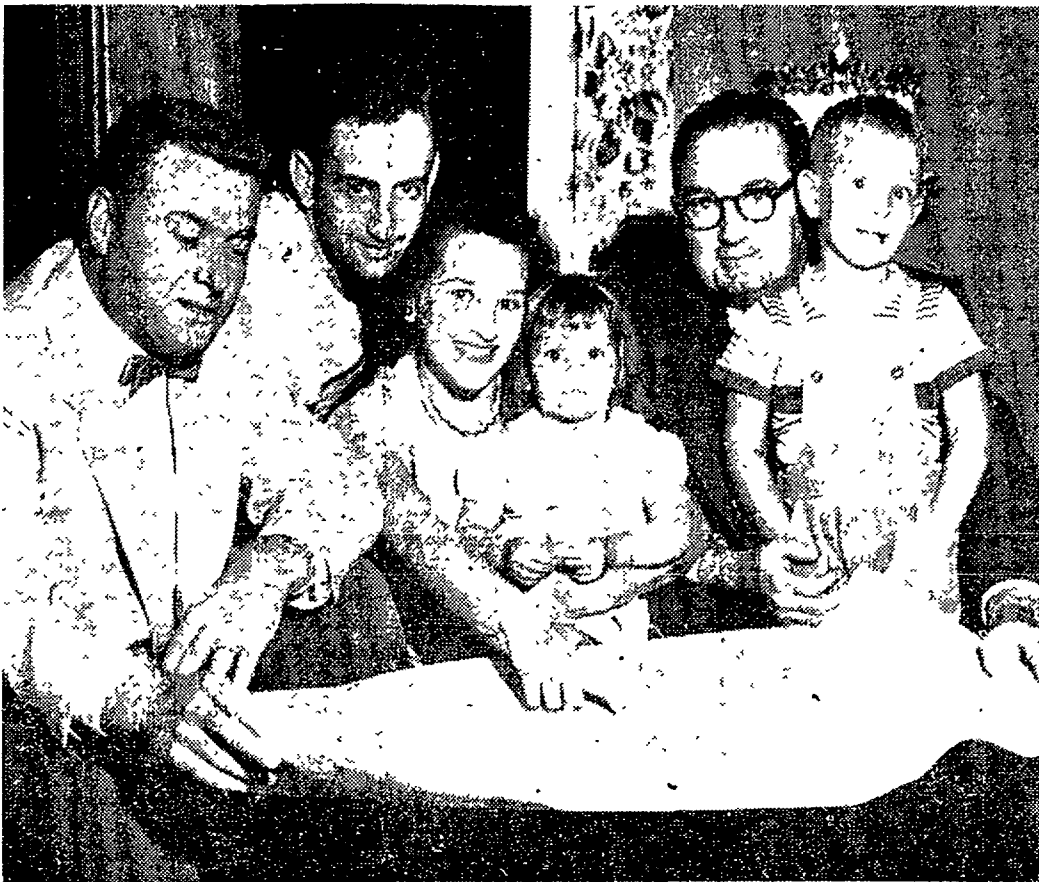

Actually, the amount paid by parents is only a part of the per paid by the state. The state also capita cost of educating the children. Cost for each elementary child is \$247.16, of which \$153 is paid by the state. The state also pays \$173 of the \$308.95 required for a high school student.

## 6 Girl Scouts, 2 Leaders, 4 Canoes

Northville Girl Scouts leave one of the canoes for transporting to Ore Lake where they will spend their weekend trip to Portage Lake. From left to right: Mrs. George Weiss, troop leader; Winifred Welch, Barbara Prunty, Shirley Allen, Gail Blackburn, Nancy Dewsbury and Betty Ann Siev. Co-leader of the group, Mrs. Norman Frid, is not in the picture though she took the trip.

## First "Parade of Progress" Winner

Mrs. Arthur Breitmeyer (third from left), winner of the \$250 in last Friday's "Parade of Progress" drawing, points out the location of the home she and her husband plan to buy. The money will help add a garage to their plans, she said. With her in the picture are, from left, Conrad Springer, American Legion commander who drew the winning number; Arthur Breitmeyer, her husband; Mrs. Breitmeyer; Judy, a daughter; Clifton Hill, master of ceremonies at the drawing, and Kenny Breitmeyer, a son.

## Six Girl Scouts Take Canoe Trip

Four canoes manned by Girl Scouts from the Northville senior troop No. 6 paddled their way from Ore Lake, to Portage Lake last weekend. Mrs. George Weiss, leader of the group, and her co-leader, Mrs. Norman Frid, accompanied the scouts.

The canoes borrowed from Ivan Ely, Claude Ely, Norman Frid and the Northville Recreation committee were loaded on cars Friday afternoon for Ore Lake. The girls paddled to Strawberry Lake where they spent the night, at the Ely cottage. Saturday afternoon they were picked up at Portage Lake for transportation to Northville.

The six scouts, all of whom were taking their first canoe trip, were Winifred Welch, Gail Blackburn, Barbara Prunty, Shirley Allen, Betty Ann Stevens and Nancy Dewsbury.

The canoes were portaged on cars driven by Wilson Funk, Mrs. John Blackburn, Mrs. Alex Lawrence and Dr. Irene Sparling.

## Juniors to Compete in Hunter Trials at Wallace Horse School on Sept. 7

The introduction of cross country hunting and dressage competition for juniors in Michigan will occur at the Northville Hunter Trials for Juniors, scheduled for Sunday, Sept. 14, at the Wallace School of Horsemanship, 46820 West Eight Mile Rd.

Patterned after the standard Olympic games, these contests will test the skill of the juniors, as well as their horses' ability to perform the more advanced training required.

Also on the schedule will be the fourth of the series of Junior Equestrian Team jumping contests. The Bloomfield Beavers are in first place with a slim four-point margin over the second-place Outland riders. The Northville Junior Equestrian Team, composed of Franne Malley, Jo Ann Wallace, Ann Jensen, and Gail Lawrence, are in third place. Their mounts are in better condition than at any other time in the season, stated J. P. Malley, chairman of the event.

There will be the usual horse-manship and pleasure horse classes in addition to the cross country, dressage and team jumping competition.

## Young Riders

Fifteen-month-old Maggie Owen, daughter of Mr. and Mrs. Orlow Owen, will probably be the youngest rider of the day. She will be in the lead rein class, along with other youthful entries such as Dianne and Johnny Callaghan, Jr., ages six and five; Casey Clendenning, 4; David and Laurie Chabot, and Susie and Mike Eastland.

Early entries in other classes include Patty and Randy Haas, Mrs. McLaughlin, Lolly Jay and Jeff Page; Maggie Madden, of Farmington; Gretchen Raeder, Nancy Fisher and Skip Dowd, of Birmingham, and Carol Lopez, of Ann Arbor.

"Great interest centers on the 40 years and older class," said Mr. Malley. "The children will have the opportunity of seeing their parents compete for honors and no doubt will be audibly critical of their riding ability."

The Hunter Trials will begin at 9 a.m. and continue through until evening. Jack Callaghan Jr. of Northville, a former member of the United States Army Equestrian Team, will judge the competition. Mrs. Franklin Beeks is show secretary.

## Garden Club Hears Talk on Parks

Carl Martin, superintendent of Parks and Forestry, Wayne County Road Commission, spoke on the construction of parks and recreational centers in Wayne County at the regular meeting of the Northville Branch, Woman's National Farm and Garden Association, held Monday at the home of Mrs. D. H. Clark on East Seven Mile Rd.

Colored slides of parks in the area were shown by Waldemar Johnson, landscape architect of the commission, assisting Mr. Martin.

Mrs. Clark was assisted by Mrs. W. J. Jodway, Mrs. Parker Holden, Mrs. Clyde Schoultz and Mrs. Edwin Flaherty. Thirty-eight members and two guests were present.

## Mrs. Arthur Breitmeyer Wins First \$250 'Parade' Cash Prize

Mrs. Arthur Breitmeyer, 127 West St., is \$250 richer this week. She held the winning ticket last Friday night for the main prize in the first of four drawings in the 1952 "Parade of Progress" sponsored by the Northville Retail Merchants Association.

The winning number, C-072685, was actually drawn from a huge rotating drum by Conrad Springer, commander of the Lloyd H. Green Post 147 of the American Legion, who also drew out four other tickets which won lesser prizes.

Two other numbers were drawn for the main prize before Mrs. Breitmeyer's number was called by Clifton Hill, who was master of ceremonies, but no one came forward in the time limit to claim the \$250.

Mrs. Breitmeyer said that she was "very happy" to have won the money, especially since she and her husband, Arthur, are planning to buy a new home. They agreed that the money would probably be used toward purchase of a garage to go along with the house.

Other Prizes

Four other prizes donated by Northville merchants were given away before the main prize, all of them won by Northville people. A \$25.00 basket of groceries donated by the Kroger Store was won by Gladys Smith. A radio was provided as a prize by the Northville Electric Shop and won by Mrs. Cloie Taylor. The third prize, a deep fryer given by Stone's Gamble Store, was won by Francis Allen. Mrs. Russell Lyke held the winning number on a \$25.00 certificate for shoes provided by Gladstone's Shoe Store.

The drawing tomorrow night will award another \$250 prize and other lesser prizes to holders of tickets matching the ones drawn from the drum. Mr. Hill will again be master of ceremonies and George Stanford, president of C.I.O.-U.A.W. Local 186 will draw the winning numbers.

Tickets are given away with each 50-cent purchase by merchants who belong to the Retail Merchants Association and who are participating in the "Parade of Progress". These tickets are collected from all stores a few minutes before the drawing on the three remaining Friday nights in September and placed in the rotary container from which the winning numbers are drawn.

The principal prize Sept. 12 and 19 is \$250, with a grand prize of \$1,000 in cash to be given away Sept. 26, the final night.

## "Parade" Balloon Flies 90 Miles

At least one Canadian citizen is aware of Northville's "Parade of Progress".

He's Oliver Smith, of Mooretown, Ontario, Canada, who found one of the balloons released by the Northville Retail Merchants Association. It contained ticket number B 007006.

The Association is releasing 125 gas-filled balloons during the month of September. Each contains a ticket good for a chance at any of the weekly prizes given away on Friday nights.

The balloon found by Mr. Smith, ten miles south of Sarnia and four miles east of the St. Clair River, travelled about 90 miles after its release on Sept. 3, according to the estimate of Postmaster Leland V. Smith, who has charge of the balloon releasing program.

## Harvey Whipple Dies Sept. 6 at 68

Funeral services were read for Harvey Whipple, 68, at the Casterline Funeral Home at 2 p.m. Tuesday, Sept. 8 by the Rev. Dr. Harold F. Fredsell.

Mr. Whipple died suddenly at his home at 46280 West Main St.

Harvey Whipple

Saturday evening, Sept. 6 a native of Ovid, Mich., he had been a resident of Northville for 23 years after previous residence in Port Huron and Detroit.

He had retired March 1 after 32 1/2 years as secretary-treasurer of the American Concrete Institute. Prior to joining ACI in 1919, Mr. Whipple had spent seven years in newspaper work on the Port Huron Times, The Detroit News and The Detroit Free Press.

He was a member of the Toich Club and of the Engineering Society of Detroit; is listed in "Who's Who in Engineering" and "Who's Who in America".

Mr. Whipple is survived by his wife, Mrs. Ina Whipple, and by three daughters: Frances (Mrs. Oscar Karrell, New York City); Jane (Mrs. Edwin A. Brown, Avon Lake, Ohio), and Elizabeth (Mrs. Millard Lampall, New York City), and by a sister, Miss Dorothy Whipple, Tokyo, Japan.

His parents, Ada Eggabroad and Henry Bulkley Whipple preceded him in death.

## New Managers for Lakeside Drive-In

Mr. and Mrs. Ed "Bud" Baker are the new proprietors of the Lakeside Drive-In at 15111 Northville Rd., near Phoenix Lake. The Bakers, who lived in Northville until recently, are serving short orders, lunches and complete dinners. The Drive-In is open from 6 a.m. to 8 p.m.

## 1183 Pupils Attend Northville Schools

An all-time high of 1,183 boys and girls are now registered and attending classes in Northville High, Jr. High and Grade Schools.

Grade School Principal C. T. Regitzler said that 660 pupils had registered as of Sept. 5 in grades including kindergarten through six, but that 17 more on Sept. 8 and 9 pushed the total to 677. He said that 79 children on the pre-registration list did not enroll Sept. 5. Twenty-one of these are known to have entered Our Lady of Victory parochial school, which has an enrollment of approximately a hundred. The remainder have probably moved out of the district or registered at private schools.

The 506 students registered in grades seven through 12 represents an increase of 46 over last year, said High School Principal Elroy V. Ellison. Three hundred and fifty-one are in the upper four grades.

## Rolling Down The River

by the PETZ BROS.

Now the fellow that tells us this story, shows such remarkable sagacity and discrimination, when he selects his new Studebaker, that we must respect his judgment at all times, and when he wishes to tell this story we feel duty bound to listen, but then we listen to stories, duty bound or not, because we can never be sure but what a customer may be behind one. "Back in my home town," he says, "a fellow that has spent a lifetime running errands for this politician or that, is rewarded in his old age, with a job of protecting an earthen dam from muskrats, whose tunnels undermine this dam something fierce. The guy spends his days sitting on a bank with a 22-rifle waiting for a muskrat to show his whiskers. So one day, I'm out fishing and for lack of fish, spend some time with the old fellow, who during my visit shoots a muskrat or two. Then another muskrat appears and when the fellow fails to shoot I ask, 'how come, aren't you supposed to shoot them all?' "Sure am son," he says, 'and I'll get that one later. Politics being what they are, there's no telling what would happen to my job if I got all these rats. That's a mother muskrat and I'm waiting for her to litter.'"

Well, we feel something the same about selling all these beautiful new Studebakers. We always like to keep one on hand to show you when you happen to drop in. But at the moment we have several and one of them should be yours. It will be, too, if you'll come around and try a bit of a demonstration drive. Once you've experienced all that power, have discovered how economical the car really is, you'll buy a Studebaker. Come on around and watch the car sell itself.

We're told of a fellow that came to the city, where he began to earn money in unexpected quantities. Being a thrifty sort, he sent quite a bit back to the bank in the little town from whence he came. One day, after throwing a large party, he found himself a bit short, so he cashed a check of goodly proportions. Shortly thereafter the check bounced back, marked "insufficient funds." The fellow writes an angry letter to the bank saying he certainly has sufficient funds and why wasn't the check cashed. So the cashier of the little bank writes back, "Dear Jim: sure you've got sufficient funds, it's just that we haven't."

Same thing can happen to your car too... you can have enough money to own an oil tank, but it won't do for any good, unless a proper amount of it is in the motor. We suggest that you bring the buggy around for a bit of lubrication and a thorough check up now that vacation time is over. You'll be surprised at how much better the old car will operate after a visit with our mechanics.

That's that, but they tell us that a true politician is one that when a beautiful girl enters a room, keeps his eye on his opponent.

Yours,  
BILL and WILL PETZ.

## Letters to the Editor

The Record welcomes letters to the editor about matters of community interest. Anonymous communications will not be published, but in instances where the writer does not wish his or her name to appear, it will be held confidential.

Dear Sir:

I have been reading every week of the happenings in Northville. I as yet cannot decide whether or not a city form of government would or would not improve Northville as a place to live.

As long as I can remember, new people have moved into Northville, because of it being one of the finest residential communities in the State, and right away wanting it changed. In time these people get used to small town life, and are absorbed by it.

In my own mind I believe that Dr. Snow has always had a very active part in the development of Northville and has given his time and progression freely to the village and school. But also, so has my father, D. J. Stark. On the

question of city government they are on opposite sides of the fence, but then if their homes were the reverse, with Dr. Snow outside the Village and D. J. Stark inside, I am sure their views would be reversed also. I like to think of the farm property on 7 Mile Road East; I don't think that these people would like paying City Taxes just because of taking the new hospital into the City Limits.

I would like to see the Editor work for the people in Northville who really need it. Such as the people along the 800 block of N. Center St., who when turning on their water tap find that they have about 4 pounds water pressure and that is luke-warm, inside the Village Limits. Bob Parmenter, who built his own home on Horton St., having to use a septic tank, inside the Village Limits. And then there is Bud Hartner, our own Supt. of Public Works, who upon arising in the morning and sees it is raining, has to put on hip boots to get to the street in front of his house.

One other subject I should like to talk about, the Community

## CALENDAR

Call Items — 99-R

### THURSDAY, SEPTEMBER 11—

9:00-12:00 P.M. Representative of Federal Social Security Administration at Plymouth Post Office.  
2:00-9:00 P.M. Garden Club Flower Show at First Methodist Church House.  
2:00-9:00 Garden Club Flower Show at First Methodist Church House.  
11:00-2:00 V.F.W. Auxiliary Bazaar, Luncheon and Card Party, VFW Hall, Northville Rd.

### FRIDAY, SEPTEMBER 12—

8:00 P.M. AmVet Auxiliary Style Show at Novi Community Building.  
9:00 P.M. "Parade of Progress" drawing, Main and Center Streets.

### MONDAY, SEPTEMBER 15—

9:30-12 P.M. Pre-School Cooperative Group, First Presbyterian Church House.

### WEDNESDAY, SEPTEMBER 17—

12:30 P.M. Novi Methodist WSCS.

Building. I myself would rather not have a Community Building than to have a City Hall, School, and Jail under the name of a Community Building. I fully agree with Lynn Sullivan, LET'S HAVE A COMMUNITY BUILDING, FOR THE COMMUNITY!!! When I get back to my home in Northville I hope that it will be Northville, the same small town that I left.

In closing I wish to thank Bruce Turnbull and the Exchange Club for sending me the Record, it is very much appreciated.  
Yours very truly,  
Pvt. Johnny Stark  
2903 Ross Avenue  
Baltimore 19, Maryland

Mr. Editor:

Your comments relating to the letter of H. H. White in the Record of Aug. 28 have prompted me to write this letter.

We have been Northville Village taxpayers since 1910, and Northville Township taxpayers since 1929, when we bought land in the Bloom Sub. known as Hillcrest Manor, and built the home which is now owned by George Gries.

We live now on West Main just on the border of Northville Village. We live here because we like it here, as do the other people on the street. We all own our homes and take pride in them, and taxes did not enter the picture when we all bought and built here.

Now, you print in your paper about "bona fide" residents of the village who are paying for some advantages, which we enjoy without paying for. Just what do you mean? My dictionary says "bona fide" is without "fraud or deceit". In other words we people are cheaters.

I have been amused with your

sarcasm since you have been editor of the Record, but you are overstepping when you infer that we are cheaters.

You certainly owe an apology to the residents of West Main St. and Clement Road who border on Village Limits.

Mrs. H. R. Richardson

Mrs. Richardson:

Our Webster's Dictionary defines "bona fide" as: "In or with good faith; without fraud or deceit; real or really; actual or actually; genuine or genuinely".

Example: A bona fide transaction is a transaction entered into in or with good faith, or without fraud or deceit. Our reference to "bona fide residents" obviously meant actual or real residents. Certainly we had no intention of inferring any fraud or deceit to those who reside on the outskirts of the village but are not actually residents.

201 N. Rogers St.  
Northville, Mich.  
September 1, 1952

The Northville Record  
Northville, Michigan  
Gentlemen:

Mr. Richard's letter in the Aug. 28 issue of the Record concerning zoning violation on Horton Street makes a lot of sense to me. Although I am no longer immediately concerned with this problem, I have an above-average interest in the subject since the situation prompted me to sell my property at 724 Horton which adjoins Mr. Long's business. I had an even better view from my living room than Mr. Richards has—and one does get a little discouraged looking at sinks, toilets, and soil pipe

## Optimists Slate Sept. Programs

"The Functions of the Wayne County Training School" will be the topic of a talk by Lynn Sullivan at the Sept. 17 dinner meeting of the Northville Optimist Club.

Manager of the Bell Telephone Co. for the Northville-Plymouth area, G. P. Hartrick, introduced the speaker at last night's meeting. H. N. Bumpus addressed the group on "Speeding Speech". The Sept. 24 meeting at the St. Paul's Lutheran Church will be ladies night with the Rev. Robert Richards, of Livonia, as speaker.

after awhile—even though it does offer variety!

The history of this development is too long and involved to discuss in this letter. However, I would like to offer to contribute any information I have if and when it is desired. For example, the Council might be interested to know that when construction began on the "garage", Mr. Waterloo, the Building Inspector, advised Mr. Long that he could not use the building for business purposes.

I feel that Mr. Long's flaunting of the zoning ordinance in such a manner infringes on the rights of others—destroys property values—and is a disgrace to the men charged with governing the Village of Northville.

Yours very truly,  
John W. Clarke

Here's the reason why!

The story is told in one word—economy! No other oil heating equipment made today saves as much on fuel as Timken Silent Automatic!

We guarantee fuel savings of up to 25%—often more—with our Timken Silent Automatic Wall-Flame Burner over any pressure-type burner. What's more, Timken Silent Automatic, a great name in oil heating since 1925, backs up our guarantee.

You just can't beat a combination of quality equipment, designed and built by the leader in the oil heating field, and fuel savings guaranteed in writing! Phone us today. Summer terms are still in effect—no money down, no payment until fall!

The wall-flame burner is the heart of every Timken Silent Automatic furnace, boiler and water heater unit. Natural-burning, blue-hot flames blanket heating plant walls for maximum efficiency from each drop of oil. There's no pressure, no blowtorch roar, no dirt! Phone for a free survey today!

Northville, Mich.

### Commission to Ask for Sidewalk Bids

The Village Commission voted September 2 to advertise for bids on sidewalk in front of the residences of Chancey Shoebridge and Ross Whitehead of 422 and 410 E. Main St. and for replacement of a portion of sidewalk in front of the Ray Van Valkenburg residence at 400 E. Main St.

Commissioner A. Malcolm Allen reported that whereas Mr. Shoebridge and Mr. Whitehead had filled in their own lots so the city could build a higher sidewalk that would prevent flooding, Van Valkenburg wanted the village to stand the cost of raising his lawn to sidewalk level. Commissioner Allen explained that unless the Van Valkenburg sidewalk was raised, water from the curb would come in over his drive and flood the lower Shoebridge and Whitehead lots even though their sidewalks were raised.

The Village Commission decided to install sidewalk in front of all three homes but to let Van Valkenburg handle his own lawn repairs.

#### Small Difference

"Surely I am not as fat as that woman," said the stout matron. "Well, my dear," replied her husband, "I guess the only difference is—she pulls it and you push it."

### Gas Allotments Not Increased by Restriction Removal

Removal of restrictions by the Petroleum Administration for Defense on use of natural gas in the Northville area will not necessarily increase the allotments for gas space heating, according to George L. Mayhew, Plymouth District manager of Consumers Power Co.

Connecting of additional gas space-heating customers, he said, will continue for the present time on a restricted basis.

"Some months ago, the company found itself in a position to connect 15,000 additional space-heating customers," said Mr. Mayhew. "We asked and obtained the approval of both the Michigan Public Service Commission and the Petroleum Administration for Defense. We are now well along with the connecting of those 15,000 customers."

"The removal of PAD restrictions is a welcome development. We have always felt that the Michigan Public Service Commission, which is thoroughly familiar with local conditions, is the proper agency to exercise control in Michigan," he said.

"Consumers is now free to supply natural gas to large industrial customers without asking the approval of any regulatory body. It formerly was necessary to obtain a certificate from PAD. Certificates were granted to all industrial cases submitted."

#### A Quick Estimate

"What will it cost me to have my car fixed?"  
"What's the matter with it?"  
"I don't know?"  
"Fifty-two dollars and sixty cents."

### Happy Memories Revive in Pre-School Opening

The picture above, taken last year, is typical of the activities engaged in by children in the Northville Pre-School Cooperative Group, which begins September 15 for children two and one-half to five years of age.

### Dr. Robert Haskell Serves on Panel

Dr. Robert H. Haskell, of the Wayne County Training School, served on a panel at the Michigan Association of Parents and Friends of Mentally Retarded Children's meeting, held Friday and Saturday, Sept. 5 and 6, at the University of Michigan.

During the panel discussion the directors of one county and three state home and training schools which care for such children, told some 250 parents that in the near future there is very little hope of admitting more custodial cases and only some hope of taking in more trainable cases.

On the panel beside Dr. Haskell were Dr. A. T. Rehn, Lapeer State Home and Training School; Dr. Fred W. Palmer, Mt. Pleasant State Home and Training School; and Dr. E. J. Rennell, Coldwater State Home and Training School. The Rev. Horace White was moderator.

Applications for the Northville Pre-School Cooperative Group are still being accepted although the school will officially open on Monday, Sept. 15 at the Northville First Presbyterian Church House.

Children two and one-half to five years of age will attend the school held on Monday, Wednesday and Friday from 9:30 a.m. to 12 noon. The pre-school group is sponsored by the Parent-Teachers Association and headed by Mrs. Clifton Hill.

At the Sept. meeting of the group the following committee chairmen were appointed: membership, Mrs. Clinton Russell; mother's assistants, Mrs. William Chizmar; programs, Mrs. V. George Chabut and Mrs. Lawrence Vabulas; equipment, Mrs. Carl Clendenning; party, Mrs. Joe Arnold; communications, Mrs. James McNeice; health, Mrs. Schiefer, and library, Mrs. Konrad Facknitz.

Any mothers wishing to enroll their children in the school should call Mrs. Hill, at Northville 127.

### Governor to Visit South Lyon Festival

Gov. G. Mennen Williams

Governor G. Mennen Williams will be a guest at the Kiwanis sponsored Homecoming at South Lyon, Sept. 11-14. He will appear in the parade at 11 a.m.

The grand finale feature of the Homecoming Days will be a Horse Show on Sunday, Sept. 14, at 1 p.m.

### Novi Girl Scouts, Brownies to Meet

Scouting activities of the girls in Novi will begin on Wednesday, Sept. 17 when the brownie and scout troops will hold their first meetings.

Plans for the year were made by the scout committee at a meeting Sept. 4 in the Novi School.

Leaders for the senior troop are Mrs. Kenneth Bassett and Miss Evelyn Nichols, while Mrs. Leo Harwood and Mrs. V. Hays will lead the intermediate troop. One brownie troop will be directed by Mrs. L. Clark and Mrs. Walter Edelmah with Mrs. Rex La-Plante, Mrs. Glenn Schenman and Mrs. W. Leslie directing the activities of the second brownie group.

Mrs. Robert Skellenger is the neighborhood chairman.

The exchange uniform club sponsored by the Novi Girl Scout troop has had many uniforms turned in. Any girl wishing to purchase a uniform should call Mrs. Fred Loynes at Northville 987-J1.

### Barbara Jean Ruttan Plans Fall Wedding to John Faas

Mr. and Mrs. Emerson Ruttan, of Grace Ave., announce the engagement of their daughter, Barbara Jean, to John E. Faas, son of Mr. and Mrs. J. B. Faas of Central Lake, Mich.

Barbara, a graduate of Northville High School, attended Michigan State College. "Jack," who served for two years in Korea, is a graduate of Michigan State College where he majored in food technology.

A late fall wedding is planned.

### Betty Esch Engaged

Mr. and Mrs. Reynold Esch, of Haggerty Hwy., announce the engagement of their daughter, Betty, to Robert Sutton Robert is the son of Mrs. John Sutton and the late Mr. Sutton, of Dearborn.

No date has been set for the wedding.

Mr. and Mrs. Elmer Boilat and family of Byron visited Mrs. Margaret Hollis last Tuesday night.

Barbara Ruttan

### DAR Chapter Plans Opening Meeting

Sarah Anne Cochrane chapter of the Daughters of the American Revolution will hold its first meeting of the fall season Monday, Sept. 15 at 1 p.m. at the home of Mrs. Sherwin A. Hill, "Green- maid", Northville.

### Marcoux Wedding Solemnized at Bear Lake, Canada

Mr. and Mrs. A. J. Marcoux, of Eight Mile Rd., have just returned from Bear Lake, Parry Sound, Canada, where they attended the wedding of their son, William J., to Kae Marie Sanborn on Aug. 23. The bride is the daughter of Dr. and Mrs. Clare Sanborn of Windsor, Canada.

An embroidered organza gown featuring a bertha neckline was worn by Kae Marie. Her three-quarter length bridal veil was held in place by a Juliet cap of organza and seed pearls. She carried a bouquet of stephanotis centered with a white orchid.

The bride's only attendant was Mrs. Sidney Wood-Chucaism of New York City, who served as matron of honor. Her gown of cream-colored embroidered organza was accented by a shower bouquet of pink roses.

Acting as best man was Vaiskian Bedanian of Detroit.

Both Mr. and Mrs. Marcoux are June 1952 graduates of the University of Michigan where Mr. Marcoux specialized in law. He was graduated from Cooley High School and in June 1951 served as counselor at Boys' State.

### Ruth Simons to Graduate From Sparrow Hospital

Ruth Simons

Ruth Simons, daughter of Mr. and Mrs. Ralph Simons of High St., will be graduated from Sparrow Hospital school of nursing, in Lansing, in exercises at the Lansing First Baptist Church on Friday evening, Sept. 12.

Following the ceremony, the 35 graduating nurses will be honored at a reception in the nurses' residence at the school.

Ruth, who was graduated from Northville High School, took part of her training at Herman Keifer Hospital and Ypsilanti State Hospital. She will take her state board examination in October.

The middle of the month, she and three of her classmates will begin work at Wm. H. Maybury Sanatorium. Grace McCally of Newberry, Barbara Perrier of Scottville and Betty Granger of Manistee, will be working at the sanatorium.

Mr. and Mrs. Simons attended the baccalaureate exercises for the class in Lansing on Sunday, Sept. 7.

### John Henry Eggers Married in Virginia

Mr. and Mrs. John Henry Eggers are making their home at Walled Lake following their marriage in Charleston, West Virginia, on Saturday, Aug. 30.

The bride, the former Blanche Teresa Polidan of Flint, wore a white faille dress and picture hat accented by a corsage of white mums and carnations. Her attendant was the groom's mother, Matilda Eggers, of Walled Lake. She wore a dress of silver faille with purple accessories and a corsage of orchid mums.

Harold Stafford, of Northville, formerly of West Virginia, was best man.

Mrs. John Eggers

### Auxiliary Completes Style Show Plans

The Perry Kenner AmVet Auxiliary held a special meeting on Sept. 4 at the home of Mrs. Charles Trickey, Sr., to make additional plans for their Fall Style show to be presented Friday, Sept. 12 at 8 p.m. in the Novi Community building.

Musical entertainment will be given that evening with floral arrangements by the Watkins Shop of Walled Lake. Styles will be from the Northville and Walled Lake Freydl stores.

The state president of the AmVet Auxiliary will be present at the annual banquet of the auxiliary on Sept. 24 at the Highland Manor. All members are asked to have their reservations in to Audrey Orthwire by Sept. 19. Guests at the banquets will be members of the Wright Fournier, Jimmy Dov, Bemis Olson and the Feeblekorn-Decker posts.

### BIRTHS

Mr. and Mrs. Nagel Poesta, of Inkster, are the parents of a new daughter, Janeen Elizabeth, born Aug. 27 at St. Joseph Mercy Hospital in Ann Arbor. Janeen weighed six pounds and four ounces at birth.

Mr. and Mrs. J. J. Zaynt of Eight Mile Rd. are announcing the birth of a daughter, Sherry Jeanne, born Tuesday, Sept. 2 at Henry Ford Hospital, Detroit. Sherry weighed nine pounds, 10 ounces at birth.

A baby girl, Kristy Lynn, was born to Mr. and Mrs. Alvin Killen of Beck Rd., at Sessions Hospital Thursday, Sept. 4. Six pounds, ten ounces was the birth-weight of the baby.

### Reception Planned for Novi School Teachers

The annual reception for the teachers of the Novi Public School will be held Wednesday evening, Sept. 17. The teachers will meet the parents at 8 p.m. in the Novi Community building.

### V.F.W. Auxiliary Plans Bazaar, Luncheon

The Ladies Auxiliary of the Veterans of Foreign Wars Post 4012 is sponsoring an all-day bazaar today, Sept. 11 at the V.F.W. Hall on Plymouth Ave.

The luncheon and card party is scheduled from 11 a.m. to 2 p.m. with tickets purchased at the door of the hall.

Combination Storm and Screen units or Plain Storm Sash will be needed soon. We will quote on either type.

DuPont Paints for outside or inside are easy to apply, are durable and come in a fine assortment of colors. Your next job should be a DuPont job.

Stock-car racing is the supreme test of a car's true worth in stamina, safety, performance. This year Hudsons have won 35 victories in 39 starts!

This all-time record on the world's toughest proving grounds (no other car in the world can approach it) is your proof that Hudson will outperform every other car... that you can't choose a better family car!

## The record shows which car is best!

### HUDSON HORNETS SET ALL-TIME STOCK-CAR RECORD!

In 39 stock-car races held so far this year, Hudson came in first 35 times, and both first and second 19 times in these cities:

West Palm Beach, Fla.	San Diego, Calif.
Daytona Beach, Fla.	Orcutt, N. C.
Jacksonville, Fla.	Charlotte, N. C.
Gardena, Calif.	Detroit, Mich.
N. Wilkesboro, N. C.	Niagara Falls, Ont.
Tampa, Fla.	Owego, N. Y.
Martinsville, Va.	Williams Grove, Pa.
Columbia, S. C.	Monroe, Mich.
Macon, Ga.	Milwaukee, Wisc.
Langhorne, Pa.	South Bend, Ind.
Darlington, S. C.	Richmond, Va.
Toledo, Ohio	Rochester, N. Y.
Dayton, Ohio	Asheville, N. C.
Carnfield, Ohio	Terre Haute, Ind.

No other car in the world can match this record!

### Unbiased tests on the world's toughest proving grounds help you choose your family car!

ALL makes of cars compete in stock-car races. And in these grueling tests of stamina, safety and performance, only results count. That's why, when you look at the stock-car record, you know which car is best.

To date this year, Hudsons have won 35 out of 39 stock-car races—an all-time record!

How does this help you choose your family car? Well, consider this:

- It proves that Hudson's exclusive "step-down" design (with America's lowest center of gravity) gives you road-hugging stability and sureness of handling no other car can match!

- It proves that Hudson's Monobilt body-and-frame\* is the safest, most

durable automobile construction known!

- It proves that Hudson's high-compression engines deliver tremendous power, that Hudsons have the stamina to take punishment equal to 50,000 miles of ordinary driving in tests where other cars fail.

All these important qualities are yours in a Hudson... for your pleasure, for your pride, for your protection. There's sleek, streamlined beauty, too, and you don't have to look at the record to see that.

Stop in and try a Hudson, or give us a phone call and we'll pick you up at your door. You've got a real thrill in store.

## ELECTRIC POWER to keep America free!

Electric power is the world's most productive worker... economical, efficient, and so much in demand that American homes, farms and factories are using over twice as much today as they did in 1940—nearly half of the entire world's output.

Electricity is indeed a basic resource for American industry and the power behind America's Production for Freedom.

**ATOMIC ENERGY...**

Detroit Edison and Dow Chemical engineers, working as a team, are now searching for ways to harness atomic energy for the production of electricity. They are trying for even better ways to serve our electric power area and the nation.

## News Around Northville

Mrs. E. J. Willis, member of the board of directors of the Detroit Archdiocese Council of Catholic Women, and the director of Southwestern Deaneary, attended the fall meeting held on Tuesday in the "Ivory Room" of the Hotel Statler.  
On Wednesday, Sept. 3, Miss Ethel Sealey and Miss Grace Tremper were guests of Mr. and Mrs. Harry Goring of Pontiac for dinner at the Mayflower Hotel in Plymouth. The drive back to Northville through the park, and the visit with old friends was greatly enjoyed.

Three sisters, former graduates of Northville High School, accompanied their children to school Friday. Mrs. John Gibson (Betty Carlson) took John Jr. to the first grade. John attended Waterford kindergarten last year. Mrs. Gerald Gilmore (Carrel Carlson) went with son, Robert, to the third grade. Mrs. Edw. Landau (Harriet Carlson) started their daughter, Barbara, in the kindergarten.

Mr. and Mrs. Claude Goodrich of Dowagiac, Mich., and Mr. and Mrs. Fred Hungerford of Decatur, Mich. were guests for a few days of Mr. and Mrs. Fred Kidman of Rogers St. and Mr. and Mrs. F.M. McCormick of Maxwell Rd. Mrs. Goodrich and Mrs. Hungerford are sisters of Mr. Kidman.  
The Novi Methodist W.S.C.S. will hold their regular meeting at the

church on Wednesday, Sept. 17, with the luncheon beginning at 12:30 p.m. Mrs. A. Russell Butten and Mrs. A. Klesner as co-hostesses. Members should bring their own sandwiches and table service for the potluck luncheon.

Mrs. Lucia M. Stroh, minister of the Salem Congregational Church, and Miss Hachenberg, have left for Sanders, Arizona, where they will visit Rev. and Mrs. Waid Clark and children, who are missionaries among the Navajo Indians.

Mrs. E. J. Willis and Miss Edith E. Harrington were guests at the kickoff testimonial banquet held Thursday, Sept. 4 at Michigan State Normal College's McKenney Hall, Ypsilanti, for Owen J. Cleary, on his candidacy for the Secretary of the State of Michigan.

The Our Lady of Victory Altar Society will meet on Wednesday, Sept. 16 with the Misses Lena and Permelia Kohler, 72865 East Seven Mile Rd., for a 1 p.m. business meeting followed by a tea. Co-hostesses are Mesdames Monroe Weston and Edward Riley.

Birthday greetings to Harley Cole, Sept. 11; Mrs. Donald B. Seveance, Sept. 13, Janet Lawrence, Sept. 14, and Dawn Holcomb on Sept. 15.  
Mr. and Mrs. James E. Littell celebrated their wedding anniversary on Wednesday, Sept. 10. Anniversaries congratulations to Mr.

Camilla Holden returned to New York on the Queen Elizabeth Tuesday after three months of traveling in Europe. Mrs. Parker Holden of West Main St. went to New York to meet her daughter.

**Presbytery to Meet at Village Church**  
The annual retreat meeting of the Presbytery of Detroit will be held at the Northville First Presbyterian Church on Tuesday, Sept. 16 from 4 to 9 p.m. Guest leader for the day will be Dr. Henry Sloane Coffin of New York.  
Leading the devotional service in the afternoon will be the Senior Ruling Elder of the Northville church, C. Ray VanValkenburgh. A panel discussion will be led by Dr. Allan A. Zaun of the Jefferson Avenue Church and chairman of the New Life Committee. He will be assisted by Dr. Coffin speaking on "The Christian Message"; Dr. W. Glen Harris of Birmingham speaking on "How to Win Men to Christ"; the Rev. Stanley R. Boughton of the Church of the Covenant, speaking on "The Spiritual Nurture of Church Members"; and Rev. Harry DeYoung of the Redford Church, speaking on "The Care of New Members". During the dinner program the Building Funds campaign will be discussed by Dr. Frank Pitt of Grosse Pointe Church and Attorney Louis A. Komjathy, the Presbytery chairman.  
Dr. Kenneth G. Neigh, Presbyterian Executive of the State of Michigan will conduct the evening service with Dr. Coffin preaching. The Sacrament of Holy Communion will be served by the Moderator, Dr. Fredsell; the Vice Moderator, the Rev. William H. Moibon and the Elders of the Northville Church. Dinner reservations can be made with the committee on arrangements. Elders C. Ray VanValkenburgh, Robert F. Coolman and Dr. Wilbur H. Johnston The Men's Chorus, under William G. Williams, will sing with Miss Patricia Hostetter at the organ.

## Change Made in Vets Insurance

Veterans paying government life insurance premiums may now make checks or money orders payable to "Veterans Administration", announced the VA this week.

In the past, checks and money orders had to be made payable to "The Treasurer of the United States" but this resulted in payments being sent to the Treasury Department in many cases, rather than to the VA District or Central Office handling the insurance account.

Veterans are advised by VA not to send cash through the mails, but to use checks or postal money orders. Canceled checks or money order stubs serve as premium receipts. The VA, except when specifically requested for a special purpose, will not mail receipts as in the past in order to eliminate costly bookkeeping.

## Events of the Past in Northville

News Items Taken From the Files of the Record

One Year Ago: Clancy Ely and Bill Sullivan furnish the cameraman with unscheduled expressions when they collide during football practice in preparation for the opening of the grid season.

### — One Year Ago —

Andrew Betts, of Walled Lake, won a refrigerator as the first of weekly prizes awarded in the Northville Retail Merchants Association's "Parade of Progress".

A Tri-County Trucking Co. employee narrowly escaped death when a C & O freight train catapulted the truck's trailer into the water near the crossing. The driver, George Yenshaw, said that he tried to beat the train after seeing it was too late to stop.

Total high school enrollment was listed at 325; junior high 134 and grade school 576.

Mrs. Morris Cohen, a member of the Auxiliary of the Northville Lloyd H. Green Post 147 of the American Legion, was installed as president of the 17th District.

Mrs. Fred Balko, Jr. won a \$200 solitaire diamond ring given away by the Deane Herrick Jewelry Store. Her guess of 2,063 was the closest to the 2,091 contained in the thimble in the window.

### — Five Years Ago —

The Northville High School Band received a trophy after playing at the Michigan State Fair and leading the parade in honor of Gov. Kim Sigler.

The biggest racing event of Northville Downs' 1947 summer meeting will be Friday's meet for the \$5,000 Governor's Cup in two heats.

Walter L. Couse was named by Gov. Kim Sigler to the Michigan Regional Planning Commission, covering the area of Metropolitan Detroit, Wayne, Oakland, Ma-

comb and part of Washtenaw counties.

The members of the Salem Congregational Church honored the Rev. Lucia Stroh, who has served as pastor for 25 years.

### — Ten Years Ago —

It was announced that the Primary Election would be held in the Village Hall and the Boy Scout building on Sept. 15.

W. E. Forney and his committee were hard at work on the Northville Scrap Iron drive.

Corlon Bovee of Quincy succeeded Paul D. Carter as principal of the Northville Grade School.

Mr. and Mrs. George Joslin celebrated their golden wedding anniversary.

### — Fifteen Years Ago —

An increase of \$4,800 is noted in the school budget for the current year; the additional sum covers the cost of a full time principal and for the care of the enlarged enrollment.

Andrea Owen's third birthday anniversary was marked Sept. 2 when 20 playmates spent the afternoon with her.

### — Twenty Years Ago —

With two Northville men, Robert G. Yerkes (R) and M. J. Murphy (D.) running as 17th district congressional candidates, voters of the community, both in Wayne and Oakland counties, will go to the primaries Sept. 13, in hope of bringing new honors to our town.

The Northville Chiefs overwhelmingly defeated the Fenton team in a Labor Day game at Fenton, 14 to 4.

A son, Cleon Vernon, was born Thursday, Sept. 1, to Mr. and Mrs. James Newton.

## Group Modernizing of Business Places to Be Discussed

The plausibility of remodeling store fronts and interiors of Northville business places will be discussed with the Retail Merchants Association by G. Frederick Muller, architectural relations representative of the Pittsburgh Plate Glass Co., Detroit.

The idea of group modernization has been worked out on a satisfactory basis in several towns and sections of business areas in the East and West, according to Mr. Muller, but very little of such work has been done in this section of the country.

### Increases "Eye Appeal"

The purpose of such modernization is to increase the "eye appeal" of a shopping area and to increase the efficiency of store interiors.

Financing of a group project has been handled in the past through FHA loans, Mr. Muller explained, or through individual loans from banks.

Mr. Muller is expected to discuss with Northville merchants the possibility of a meeting between landlords and tenants for discussion of the project. Suggestions, he said, are welcome from anyone interested.

The Pittsburgh Glass Co. helps to plan and lay out the project either for groups or for single businesses, although they must hire their own architects and contractors.

## Modern Football Equipment Furnishes Better Protection Than in Early Days

Just as the game of football has undergone tremendous change in the last few decades, so has the uniform. An awakening Rip Van Winkle would have trouble recognizing the game.

### Fall Favorite

From a rough and tumble type of sport watched by a few, football has grown to be the fall sports favorite. Millions the country over view or listen to countless games each year.

In a large measure it has been the increasing popularity of the sport that has brought about its improvement. The trend toward better officiating, rules and safer equipment were all the result of the increased interest of fans.

The gridiron hero of the World War I era and earlier might scoff at modern equipment, but it is a safe assumption that many would not be troubled today with bad shoulders, knees, ankles, etc., if they had had comparable armor. According to Lou Zarza, head football coach at Wayne University in Detroit, a sleeveless laced jacket with limited cotton padding and quilted canvas pants were the only two pieces of equipment used when the sport was in its infancy. The only real protection for the head and face was a rubber nose guard which was designed to keep the player's nose and teeth intact. Many players let their hair grow long for extra head protection.

### More Head Protection

Crossed leather bands later provided head protection with eventually a complete padded cap-type coming along. The final evolution of the helmet followed about 1920. Jerseys soon came to include more padding until about 1918, separate shoulder pads of fibre pad became common equipment. Pants began to include built-in fibre to protect the kidneys, hips, spine and thighs. But

it was apparent that the built-in protection hindered the action of the gridders and by 1924 the pads had become separate and necessary parts of each player's equipment.

While the equipment was undergoing considerable change, the football itself has also been revamped. As passing became more and more important, the ball became streamlined and the modern four-piece ball that we know today resulted.

When the sport was first introduced, it was strictly a running game. The formal introduction of the forward pass about 1913, however, speeded up the sport and increased spectator appeal. The flying wedge, which had been so popular on kickoffs and punt returns went out the window in 1932. In 1940, the T-formation came along and the end of the war brought with it the two-plate system and a game with more spectator appeal.

## Cancer Chairman Names Contributors

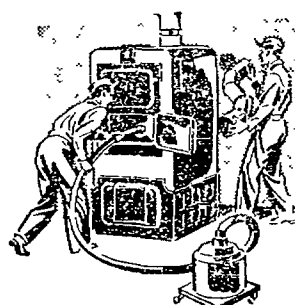

Contributors of white material to the cancer project and dressings and bed jackets completed by villagers during the summer months are as follows, said Mrs. E. J. Willis, chairman for this area.

Contributing white material were Mesdames J. Foote, Charles Logeman, H. Angell, W. Madigan, Levi Eaton, J. King and P. L. Joslin and Miss M. Powers, as well as the King's Daughters and the House of Cottons.

Dressings and bed jackets were completed by members of the King's Daughters, and the Afternoon Club, by Mrs. H. Angell, Mrs. K. Wood and Mrs. Leonard Ford.

The supplies are furnished free of charge to cancer patients in the area, said Mrs. Willis, from the headquarters at her home, 119 Rayson St.

## Lift truck boosts profits for fruit growers

Fruit growers who handle 10,000 crates a year can realize generous savings on labor and equipment costs by using a fork lift truck. A recent study by agricultural engineers of Michigan State College and the U. S. Department of Agriculture revealed this saving: In 1950, without a lift truck, a 25,000-bushel apple crop was moved from orchard to storage by 2 tractors, 4 orchard trailers and 7 men. In 1951 a similar crop was handled by a lift truck with 2 tractors and only 2 trailers and 3 men. Savings on loading and unloading operations alone amounted to \$1,000 during the harvest season. Your County Agricultural Agent can give you further advice on mechanizing your orchard operation.

### Why we pamper telephone poles

Did you know timber for telephone poles is growing scarce? And that the cost of a single pole has more than doubled since 1940? To insure a proper supply, and to help keep costs down, Michigan Bell is using new timber species such as Western Larch. And to prolong the life of telephone poles on the job, telephone engineers constantly take advantage of new and better timber preservatives. Michigan Bell's pampered poles are further evidence of a continuing effort to hold costs down while keeping the quality of telephone service high.

## Get more power at less cost with a Dodge truck!

"Dodge power really puts out the work at low cost!"

"We use four Dodge 'Job-Rated' trucks in our operation—and Dodge power really puts out the work at low cost! Most of our work is off the highway over mud holes, ditches, and sloppy ground. But that means nothing to a Dodge, because Dodge power pulls us through anything!"

"A Dodge truck doesn't 'two-bits you to death' either. Rarely do we have any maintenance expense and when we do, it's legitimate wear and tear we can reasonably expect. Our Dodge trucks are ready to go 365 days a year!"

There's a Dodge truck—1/2- through 4-ton—that fits your job.

Dependable performance with ample power is assured by features like high-capacity fuel pump and two fuel filters.

High-efficiency fuel systems on all 8 engines save gas. Heavier models offer twin carburetion and exhaust system.

For extra-smooth, wear-saving power, you can get Gyrol Fluid Drive on 1/2-, 3/4-, 1-ton, and Route-Van models.

See us today for a demonstration.

Power with economy! Powerful Dodge engines have compression ratios as high as 7.0 to 1. Dodge economy features like light-weight aluminum-alloy pistons help keep operating costs low.

Power with low upkeep! Dodge engines save on maintenance... keep your truck on the job. You get such famous Dodge advantages as exhaust valve seat inserts and chrom. plated top piston rings.

Power with long life! The Dodge truck you choose will be right for your job in every way. Deep frames, extra-sturdy axles and high-capacity springs are just a few of many long-life features.

See us today for the best buy  
in low-cost transportation...

### Police Answer 104 Calls in August

Police Chief Joseph Denton reported a total of 104 police calls answered in his monthly report to the village commission on Tuesday, Sept. 2.

The department investigated six accidents, registered 62 traffic violations and issued 48 summons. Two cases of grand larceny were reported and two of petty larceny. Breaking and entering cases numbered two and police answered one prowler call. No juvenile or vandalism cases were reported.

One person was listed as missing in the report and one recovered. No autos were stolen, but two bicycles were stolen and one recovered. There were 13 arrests and 13 court cases.

One person was bitten by a dog, but no dogs were listed as under observation and Dr. E. B. Cavell, village veterinarian, was not called upon to destroy any dogs.

Eleven windows were found open and unscreened and eight doors were found unlocked. Police sent out nine teletype messages and one person was sent to the Detroit House of Correction. Total fines collected in August amounted to \$697.50, said Chief Denton.

### Michigan Mirror:

#### Details of Proposed 3,800 Ft. Mackinac Bridge Discussed

by Gene Alleman

Move over, Texas! Michigan will soon have something to brag about even the Lone Star State can't match... a bridge five miles long, with a 3,800-foot span, soaring 565 feet above the historic straits of Mackinac.

"The bridge is closer to reality today than ever before in our history," says Prentiss M. Brown, former United States Senator and now chairman of the Mackinac Bridge Authority.

Let's ask Brown a few questions that Michiganders have been wondering about:

Can a bridge be built at reasonable cost which will withstand all the forces of nature?

"Yes," asserts Brown. "Leading engineers, experienced with long-span construction says that a Straits bridge would pose no problem which hasn't already been solved."

Winds are pretty strong up at the Straits. Will we be having another Galloping Gertie. (the bridge that blew down at Tacoma) on our hands?

"The bridge is designed to withstand 120-mile-per-hour winds; the highest ever clocked there has been 78 miles per hour. Piers and anchorages have been designed to stand under the thick ice and heavy currents of the Straits, too."

A University of Michigan professor said the rock on which the bridge would stand is cavernous and would collapse. How about that?

He has since retracted his statement. Expert geologists have made tests that emphasize the fact that the bridge would stand on very substantial formations."

Do you have to dig far to reach solid rock?

"The south anchorage would go down 140 feet. The San Francisco Bay Bridge went down 240 feet."

How long would it take to build the bridge?

"Four or five years, depending on weather and availability of materials"

Will the bridge be useable in all kinds of weather?

"In any kind of weather you can ordinarily drive a car and, particularly, in all weather that the ferry boats can operate in."

All that sounds mighty good but there's always a joker in buying anything you like very much: How much does it cost? How do we pay for it?

Brown has an answer for that, too.

"Toll rates—exactly the same as those charged by ferries now—

would pay for the \$85 million project. The State would not have to obligate any of its general fund money for that," explains the dynamic chairman.

"Present ferry tolls gross \$1.4 million a year. That wouldn't be enough to pay interest and principal but traffic experts predict that a bridge would increase traffic so much that in the early years of the bridge tolls would be \$3.5 to \$4 million. That would grow, too, just as ferry crossing have in the past."

On August 22, a Saturday but nowhere near a holiday, nearly 8,500 vehicles were carried across the eight-mile ferry route. That was an all-time record and nearly doubled the peak load of 1942.

More than half of the present ferry business comes from Illinois, Ohio, Indiana, and points east. These are all heavily populated and rapidly growing sections of our nation. The potential added tourist trade from these parts hasn't been touched yet. The bridge itself would lure tens of thousands of visitors and its conveniences would take many more along US-2 for transcontinental travel, say men who study traffic trends.

There's another economic factor involved in crossing the Straits. The State loses more than a half-million dollars annually operating ferry service. As demands increase—as they do every year—that deficit gets larger.

The \$8 to \$9 million invested in new boats and docks in the past three years would have built a lot of State highways, Brown points out.

Upper Peninsula businessmen would purchase many more of their requirements from Lower Michigan instead of Wisconsin and Illinois if a bridge speeded transportation.

"Scores of businessmen hesitate to expand above the Straits because they cannot depend upon the arrival of shipments on schedule," says Brown. He knows, too, because he spent most of his life on the northern shores of the Straits. "They can't afford to tie up their men and equipment waiting for ferries, either."

He envisions the new bridge transfusing fresh economic blood into the UP Country which hasn't been flush since the days of the copper and lumber booms. And that, he contends, will help the financial security of all Michiganders.

Sen. Brown's group was formed by the Legislature in 1950 to study the physical and economic feasibility of the bridge. After it reported that no real obstacles

stand in the way, the Authority was empowered to finance and build the structure.

Since then the Authority has been ringing doorbells to find the millions needed for the job. It has applied to the Reconstruction Finance Corporation for such a loan and has invited private financial firms to bid on bonds it would issue.

The latter have reported that without the State underwriting the loan to some extent, such bonds would be hard to sell. The law creating the Authority prohibits pledging the faith and credit of the State so it appears that the RFC is the key.

A report due any day now is expected to lend much weight to the Authority's arguments. It's by Coverdale & Colpitts, New York traffic experts, who made previous reports and now are bringing data up to date that, the Authority feels sure, will demonstrate both to RFC and private financiers that their investment would be sound and profitable.

## Novi News

by Mrs. L. Rix

At the opening of Novi School last Tuesday, 14 new pupils were registered. They are as follows: George and Hollis Lytle of Clarenceville, Dale and Diana Lytle of Nashville, Tenn.; Jon Nicholls, Lake Linden; Richard Davis, Shirley Mae and Raymond Dougherty, Walled Lake; Jerry Crofts, Dixon, Tenn.; Rita Crawford, Detroit; Dennis Paquette, Dearborn; Jene Childers, Noway, Ohio; Michael O'Neil, Plymouth, and Keith Crawford, Center Line Rd. There are 44 registered in kindergarten.

Mr. and Mrs. James Crump of Plymouth were the guests of Mr. and Mrs. Luther Rix at their Pretty Lake cottage over the week-end.

Mrs. Paul Ginstre entered Mt. Carmel Hospital the latter part of last week for a major operation. Mrs. Ginstre has been ill for several weeks.

Mrs. Elsie Harwood and Mr. and Mrs. Everett Harwood came up by private plane from Indiana Friday afternoon to visit their relatives, Mr. and Mrs. Leo Harwood of Novi Rd.

The style show sponsored by the Auxiliary of the Perry Kenner Post, Novi AmVets, will be held Friday evening, Sept. 10 at 8 p.m. at the Novi Community Hall.

Bob LaPlante has finished his boot training at Great Lakes Naval Base and is expected home by his parents, Mr. and Mrs. Rex LaPlante for two weeks leave, beginning next Tuesday.

Mrs. John Klaserer called to see Mrs. Paul Ginstre at Mt. Carmel Hospital Tuesday afternoon. Mrs. George Lien also visited Mrs. Ginstre Monday of this week.

The Novi Chapter 47, Blue Star Mothers, met at the home of Mrs. Fred Mandlik on West Thirteen Mile Rd. Due to the illness of the president, Mrs. Paul Ginstre, the vice president presided at the meeting. Plans were made for the tag day, Sept. 27, with Mrs. Luther Rix as chairman. A bake sale for October and bazaar and luncheon in November with Mrs. Russell Race as chairman. The October meeting will be held at the home of Mrs. John Klaserer on Novi Rd.

## Lee W. Van Atta Buried Tuesday

Lee W. Van Atta, 52, of 1637 Kalamazoo Ave. S.E., Grand Rapids, passed away suddenly Saturday, Sept. 6. Mr. Van Atta was born in Northville and educated in Northville schools.

Surviving are his wife, Leona M.; a daughter, Mrs. Robert Brant, of Grand Rapids. Two sisters, Mrs. Loyce M. German and Mrs. Kathleen Jaska, of Northville; and two brothers, James, of Grand Rapids and Roy M. Van Atta of Northville.

Mr. Van Atta was taken to the Sullivan Funeral Home where services were held Tuesday afternoon with the Rev. Wilbur Williams officiating. Interment was at Woodlawn Cemetery.

## THE RIGHT TO INTERPRET

It is a common belief among people these days that the Bible yields itself to several different interpretations. One person reads a verse and gets a certain meaning from the verse, while another reads the same verse and

gets an entirely different interpretation. The commonly accepted conclusion is that both parties are right for they have accepted the rule that every person has a right to interpret the Bible as they please. This error into which so many people have fallen is so dangerous because it contains an element of truth which appeals to man's reason. Every person has a right to interpret the Bible as they see it, cannot be denied.

We do not believe in ecclesiastical hierarchy which dominates every man's interpretation. However, the right to interpret does not mean that every interpretation is correct. Black is never white, though some may ignorantly interpret it so! There is only one true interpretation and it is the work of the Bible student to search out the true meaning of the passage. The first need of every person to understand the spiritual truths of the Bible is to undergo an operation by the Spirit of God, whereby the cataract of spiritual blindness is removed from his eyes. Then, the Holy Spirit will teach the newly enlightened believer so that he may understand the truth of God's Word. (John 16:12-15)

## Cpl. N. L. Koester Home from Korea

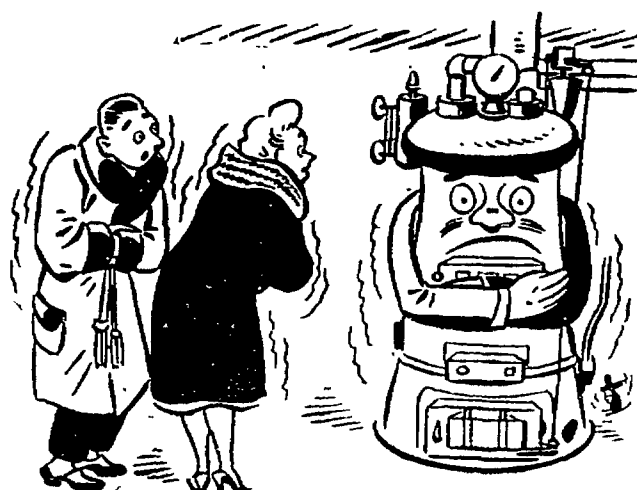

Cpl. Norman L. Koester has been discharged after 18 months of duty in Korea with the 120th Medical Battalion in Headquarters Company of the 45th Division, U.S. Army. He is the son of Mr. and Mrs. Herbert Koester, who live at 42780 Eight Mile Rd.

The Wesleyan Service League will meet with Mrs. Lucille Schellin, 16240 Northville Rd., at 8 o'clock Tuesday, Sept. 16.

Miss Sylvia Hollis and Max Hollis recently returned from a week's vacation at their cousins, Mr. and Mrs. Elmer Boilat of Byron. They also attended the Boilat reunion while on vacation.

## Mrs. Ora Newton Dies Following Lengthy Illness

Funeral services for Mrs. Ora C. Newton, mother of Mrs. Glenn H. Cummings of 43525 W. Six Mile Rd., were held at Maple Rapids, Mich. on Tuesday, Sept. 9. Mrs. Newton, who was 78 years old, died Sept. 6 after an illness of more than a year. She had resided with her daughter and son-in-law in Detroit and Northville since the death of her husband in 1942. Formerly she had lived in Kissimmee, Fla., for 20 years. She was born at Maple Rapids on July 27, 1874.

## WHAT'S MISSING IN THIS HOME?

Answer: Insulation in the attic! All that precious furnace heat is being lost through an uninsulated attic.

Make sure this doesn't happen at your house by insulating with easy-to-use materials from NOWELS. As little as \$5.00 a month buys enough insulation for the average attic on our Budget Terms. Order today.
