\$2.50 Per Year in Advance

What is to be the outcome of the election next month? Will it be Eisenhower or Stevenson who moves into the White House on Jan. 1?

Unlike so many newspaper men who have been writing millions of words on the subject since the national conventions last July, we confess to being a political idiot who doesn't pretend to know the answer. Personally, we hope the Republicans win, if for no other reason than that we believe it is not in the country's best interest to have one party too long in power. We could cite many other reasons why we favor a change now, even while admitting that some of the Democratic Party's programs over the past 20 years have been for the lasting good of the entire nation.

But though we do not profess to know in advance what will be the mandate of the voters who go to the polls in November, we are alarmed by the attitude of a great many Republicans to whom we have talked recently. This attitude may be summarized as a lack of conviction that their party is going to win. It was brought into sharp focus this week at a social gathering of ten men and women, all friends of long standing, who intend to vote the straight Republican ticket. The following remarks are typical.

"I wouldn't mind Stevenson so much if it weren't for that Harry Truman and his bunch. . . .
"We've got to remember that Stevenson is an educated man and that he has made a good governor for Illinois."
"The country is prosperous and you don't often kick out a political party when everyone is working."

Last week the writer was in Milwaukee and Kenosha for two days and in the Chicago editorial and news office of a paper that is recognized throughout the world for its factual and unbiased reporting. The reaction of the majority of men with whom we talked about the trip was about the same as that of our personal friends in Northville. It is best described as "hope without conviction."

Next Wednesday evening we plan to attend a meeting in New York of about 40 former Wall Street Journal writers who have left that paper over the years to engage in other activities. While the occasion is primarily social, it is to include also a round table discussion of the political outlook by those in the group whose activities bring them into contact with considerable numbers of voters. It should bring forth some reasonably accurate observations, which we hope will not be tinged with the same defeatist psychology noted in our own rather restricted orbit.

For some years we have admired our neighboring paper, the Plymouth Mail, for the excellence of its news coverage of the area which it serves and the zeal with which it has promoted various programs for civic progress in its home town. Naturally, we have developed both respect and liking for Sterling Eaton, its present publisher, and his father, the late Elton Eaton, who have been responsible for directing its policies. Not until this week, however, did we appreciate the lengths to which our friendly neighbor would go to pull us out of a hole. (See picture at top of page.) We needed a picture of a hunter with a good bag of pheasants and Taylor Ball, our managing editor-photographer had been on the lookout since Monday morning for such a local hunter who could be photographed, but without success.

Learning by a chance telephone conversation with Sterling Eaton that he had just returned from a successful two-hour hunting trip, we invited him to drive over to the Record office to have lunch. We are indebted to him for letting us take his picture. There is no excuse for the writer being included, except that Taylor Ball thinks two men in a picture are better than one. We doubt it, in this particular instance.

If the postal service which the Record has received twice this week keeps up, we are going to support Leland V. Smith for reappointment, even if the Republicans win in November. Last Friday we mailed a letter to Village President "Con" Langfield at 10 a.m. and at 11:30 a.m. he phoned us that he had received it. On Monday this week we put a parcel post package of "No Hunting" signs in the postoffice for a rural customer and one hour later she telephoned to say that they had arrived.

It's One-Way Traffic Now in Main Street Parking Lot

Finishing touches to the Village parking lot at the corner of Main and Hutton streets and along the alley running west from the parking lot to Center St. were authorized by the Village Commission at its meeting last Monday evening. These will include

alteration of the new traffic light on Main St. directly in front of the lot so the side facing the lot will show permanent red to prevent cars driving out into Main street traffic, and erection of an appropriate "entrance" sign on the Main St. end of the lot.

Other signs to be erected in the lot and along the alley will indicate "angle parking" in the appropriate areas, and "no parking" on the north side of the alley in the rear of stores fronting on the south side of E. Main St. An "exit only" sign is to be placed at the Center St. end of the alley.

Commissioner John F. Stubenvoll was delegated to work with Herman Hartner, Jr., superintendent of streets, and Police Chief Joseph Denton, on obtaining and erecting the signs.

PTA Session Hears County President

Mrs. Charles Lehr, president of the Wayne County Parent-Teachers Association, spoke about "The Aims of the Parent-Teacher Association" at the October meeting of the Northville group Wednesday night at the lunchroom of the Grade School.

The meeting was moved to Wednesday from Thursday, the regular meeting night, because of the Michigan Education Association meeting in Detroit beginning tonight.

Mr. James Madigan talked briefly Wednesday night about helping boys and girls to and from school safely, and the group's aims and prayer were presented in mimeograph form to the association members and guests. The PTA room banner was also presented.

Nov. 15 Is Deadline for Overseas Gifts

Christmas packages for servicemen or women overseas should be mailed by Nov. 15 if they are to arrive in time, said Postmaster Leland V. Smith.

The Blue Star Mothers of Novi are requesting names and addresses of men in service from Novi Township so that the Christmas gifts to be sent by them will be in the mail on time. Residents should phone Mrs. Ruben Ward or Mrs. Paul Ginst.

Legion to Sponsor Hallowe'en Dance

Plans were progressing this week for the community-wide Hallowe'en Dance to be sponsored Friday, Oct. 31 at the Northville High School by the Lloyd H. Green Post 147 of the American Legion. The dance will begin at 9 p.m. and continue to 1 a.m.

The dance will be open to both adults and high school boys and girls. Costumes for the dance are optional, but prizes will be awarded to those who choose to "dress up" in the spirit of the party. Prizes will be given for the best individual female and male costume and for the best-decorated couple.

Music for dancing will be provided by Ted Simms and his Radio Entertainers, of Detroit, a well-known and well-liked band which has played other engagements in Northville.

Cider and donuts will be served as refreshments during the evening.

U.F. Drive by Novi Workers Is Today

Hundreds of Novi Township doorbells will be ringing today as approximately thirty women make a door-to-door canvass in search of funds for the Oakland County United Fund Drive.

The ladies of Novi Township working in the drive under the chairmanship of Mrs. James D. Mitchell will make their visits between 9 a.m. and 1 p.m., then gather at the Rosewood on Grand River Ave. for lunch and comparing of results before resuming their work in the afternoon.

Mrs. Mitchell pointed out that the United Fund Drive in the county is very similar to the Torch fund campaign now underway in Detroit, except that the Oakland County fund is completely separate from Detroit's campaign.

Local Church Is Part of Methodist Evangelistic Mission

The Detroit Conference of the Methodist Church will concentrate its efforts from Oct. 31 to Nov. 9 on promotion of a statewide Evangelistic Mission which will involve almost every Methodist Church in Michigan according to the Rev. Ivan E. Hodgson, minister of the First Methodist Church of Northville. Rev. Hodgson will be assisted locally by a guest leader assigned by the national office and approximately 40 lay visitors, he said. All members of the community are invited to the preaching services each evening during the mission.

As a prelude to the mission, the Michigan Conference concluded its period of operation on Oct. 19 with three mass meetings held in the Kellogg Auditorium, Battle Creek, the Grand Rapids Stadium and the Traverse City High School Auditorium. More than 235 churches in the conference participated, with at least 2,000 men taking part. Rev. Hodgson said that most ministers in the Detroit Conference assisted the Michigan Conference in the movement and many of the Michigan men are expected to reciprocate.

Pulpit evangelism, personal evangelism, visitation evangelism and public evangelism will be employed in conducting the mission campaign. Dr. Glenn M. Frye, assistant area chairman, and Dr. Joseph T. Edwards, area director, will lead the conference in the mission.

Extend Tax Deadline

The Village Commission at its meeting Monday evening authorized extension of the deadline for payment of Village taxes to Dec. 1. Village Treasurer A. Russell Clarke stated at the meeting that this is the last time that the payment date can be extended and that payments must be made on or before Dec. 1 to avoid penalty.

Company Restores Oldest Northville Telephone Number to Dr. E. B. Cavell

One of Northville's oldest telephone numbers was restored to active service on Monday through the efforts of Dean Sipson, new manager for the Michigan Bell Telephone Co. in the Northville-Plymouth area.

Number 39 is again the phone number of Dr. Edwin B. Cavell, village veterinarian.

The number was originally given Dr. Cavell in 1906 by the Citizens telephone company, which was then operating in Northville.

The doctor, a new Northville resident at that time, was living at the old Exchange Hotel when the company installed the phone. Later the same year, Michigan Bell came to the village and for a while, two phones with the same number were in service in his room. A few months later the Citizens company went out of business and Dr. Cavell continued to use Bell's number 39.

When the doctor moved last summer from his residence on Griswold St. to his new location at 37950 East Seven Mile Rd., where he now practices veterinary medicine, it was impossible for the company to change his number. Now, however, the number is back in operation, through the efforts of Mr. Sipson.

Dr. Cavell is of the opinion that he not only has the oldest phone number in Northville, but he claims another first in being the first veterinarian in Michigan to ever give a saliva test on a race track in the state. It came about, he says, when racing was licensed by the state at the Detroit track where he served as the first state veterinarian.

Hallowe'en Party for Novi Children

The annual Hallowe'en party for Novi children will be held at Porritt's Drive Inn Thursday evening, Oct. 30 for children between the ages of three and 15, with refreshments, games, contests and prizes on the program.

The party will be held on the parking lot in front of the Drive Inn, and is sponsored by Porritt's, Harry Watson's Mobilgas Station and Frisbie Refrigeration.

Prizes will be awarded to the best dressed boy and girl and to the funniest dressed boy and girl, with Jack Crawford, George Atkinson and William MacDermid as judges.

Church Men to Gather Saturday for Old-Fashioned House-Raising

Things are looking up for the Brant Munro family.

Brant has been building a home out on South Taft Rd., near his father's house. He's been building it almost single-handedly, but now he's going to get some help with the final work.

The men of the Novi Baptist Church are going out there Saturday to give Brant a hand. They're going to bring along hammers and saws and other tools that carpenters use, and put up the siding on Brant's unfinished house.

It's not that Brant really needs the help. He's done all right by himself. It's just that the men of the church want to see the home finished right away, before little Ruth comes home from the hospital. They want the new home to be ready for her.

Ruth is the four-year old daughter of Charlotte and John Brant Munro. Right now she's in the University Hospital at Ann Arbor, stricken with bulbar type polio. "Ruth's getting along all right," said Mrs. Munro, "at least, as well as doctors can expect. She's been in the hospital for three weeks now, and we're just grateful she will have to be in the hospital for a while yet, but the little girl is improving all the time."

The house raising to be done by the Novi Baptist men is in the American tradition and falls right in line with Brant Munro's own attitude about how to get along in a world that is, as best, a little rugged sometimes.

He and Charlotte and their other three daughters have been living at his father's place at 25650 S. Taft Rd. They run a commercial saw mill and do a little farming on the side, and Brant raises gladioli.

Brant really started from scratch when he decided to build himself a home. He hauled logs and cut out two by fours and beams and all the other lumber he needed in the sawmill, and started in on a one-story ranch-type house with three bedrooms, working in the evening hours and week ends and whenever he could find a few spare hours. He called on a friend, Dick Huff, of Northville, when he got to the chimney, because Dick knew about chimneys, and they put one up together.

Outside of that one piece of masonry, Brant has done the job all alone. The framework is up now, and the roof is on. The house is all ready for siding, wiring, plumbing and interior work.

The church men can't do it all Saturday, but they can take care of a large part of the job. Willing hands and hearts always can.

Mrs. Munro gets a little excited when she talks about the home. She can't quite hide her pride in it and her husband. It comes bubbling out whenever she talks about them.

"Brant's a real worker," she beams, "and he's wonderful with cooking and baking and housework, too. He's quite a guy."

Friday will be devoted to section meetings of various departments, classes and special skills at meeting places in the Detroit area.

Schools to Close All Day Friday

Northville Schools will be closed Friday, Oct. 24, when all teachers attend the Thursday night and Friday sessions of the Michigan Education Association meeting in Detroit.

The M.E.A. Confab for Region One will feature two noted speakers. Robert Vogeler, assistant vice-president of the International Telephone and Telegraph Co., will tell about the "Seventeen Months of Despair" of his imprisonment behind the Iron Curtain, at the first general program Thursday night.

Dr. Harlan Hatcher, president of the University of Michigan, will discuss "The Mid-Twentieth Century American Scholar" Friday morning.

Friday will be devoted to section meetings of various departments, classes and special skills at meeting places in the Detroit area.

Peace Is Finally Achieved on Weeks-Old Curbing Problem

The Northville Village Commission wrote "finis" at its meeting Monday evening to the controversial curb and gutter job done last August on Lake, Grace, Rayson and Carpenter streets by Ministrelli Bros. of Dearborn, thus putting an end to several weeks of bickering and at times acrimonious charges and counter-charges concerning the quality of the materials used.

It was Mr. Gilbert T. Jerome, Village consulting engineer, who played the role of dove of peace by assuring the Commission that tests of the concrete confirm that the

Student Traveler Guest in Northville

Mr. Arnold Dew of Toronto has been spending the past week in Northville as a guest of Mr. and Mrs. Glenn H. Cummings, after completing a course of study at the Royal Horticultural Society Gardens at Wisley, England, and a subsequent three month tour of 11 European countries followed by three months spent traveling in the United States and Western Canada.

The RHS Gardens cover approximately 200 acres 20 miles outside of London. They are rated as the most beautiful in England, and are said to be among the outstanding gardens in the world.

Dew was sent to England on a scholarship from the Niagara Parks Commission School for Gardeners at Niagara Falls, Ontario, from which he was graduated in 1950 as an honor student of horticulture. Throughout the four years spent in the study of horticulture he has worked his way through school without outside assistance. The same is true of his subsequent tour of Western Europe and the United States, which he has financed entirely from earnings while attending school.

Dew plans to go to Kent, Ohio to work for the Davey Tree people and study tree surgery as a further step in establishing his horticultural background.

Governor to Speak at Exchange Meeting

Michigan's Gov. G. Mennen Williams is scheduled to speak before a combined meeting of the Northville Exchange and Rotary Clubs at the Methodist Church House on Wednesday, Oct. 29, at noon.

Football Friday

The Northville High School football team will meet Holly High School at Ford Field under the lights at 8 p.m. Friday, Oct. 24.

Village got a job that measures up to the 4,000 pound strength which the specifications called for. Not once, but three times, Mr. Jerome was asked to reassure the Commission that even though the materials used by Ministrelli Bros. were not those which had been specified by his firm, the work should be regarded as satisfactory.

Mr. Jerome's assurances, which were based upon 28-day strength tests which the Commission already had received, were nevertheless welcomed as affording reassurance to local voters that the Commission had not been hoodwinked into accepting an inferior job.

Episode Began Aug. 18

Background of the episode goes back to Aug. 18 when Mr. Jerome, who laid out the job and specifications, but who was not hired to inspect it, visited the work then in progress, checked the materials and formula being used in the transit-mix concrete with a representative of the transit-mix supplier and learned that the cement being used differed from that which he had specified. Thereupon, Mr. Jerome wrote a letter to the Village Commission calling its attention to the substitution of High Early cement for air-entraining cement and raising a red flag on the job. Immediately after this letter from Mr. Jerome was published by the Record, a storm of protest from the transit-mix supplier, Ministrelli Bros. and Mr. Sidney Fred, the local inspector on the job, broke around Mr. Jerome's head and overflowed into the next and succeeding meetings of the Village Commission.

While there was no denial of the fact that a different cement from the one specified was used up to the time of Mr. Jerome's inspection, a representative of the Portland Cement Association explained that he was responsible for the transit-mix formula and that he was certain that the concrete that had been poured would meet the 4,000 pound strength test to be made at the end of 28 days. In the meantime, a 7-day test of two cores taken from the job by Mr. Jerome confirmed the probability that everything would come out all right in the long run.

Second Letter

Accordingly, Mr. Jerome on Sept. 5 sent another letter to the Village Commission setting forth the findings he had reported originally and stating that the job would prove satisfactory. However, Mr. Jerome failed to appear at the Commission meeting when the subject was threshed out in public, thereby embarrassing the Commission's efforts to get at the truth of the matter, and leaving the door ajar for further misunderstanding.

In playing the role of umpire or peacemaker at the Commission's meeting this week, Mr. Jerome unwittingly got the full force of some cutting verbal blows from President Conrad E. Langfield concerning his failure to appear earlier to help get the Commission out of the hole which his first letter had dug for it. Mr. Jerome disclaimed any intention of running out of the controversy, saying that he had not realized the urgent need for his personal appearance.

Why Criticism

Not so clear, however, was the reason why Mr. Jerome should have been criticized for writing his first letter calling the Commission's attention to the contractor's deviation from the specifications for the job. While it might have been expected that Mr. Jerome would at least have been given credit for bringing the contractor's substitution of materials to the Commission's attention, no member of the Commission came to his defense. Robert Southern John Boyce George Root U.S. Agent

Climaxing a two and a half year legal battle with the Internal Revenue Department, Robert Southern, Walled Lake Dodge-Plymouth dealer, presented a check to Uncle Sam's representative at Depositors State Bank last Friday. Total amount paid the government was \$13,432.32.

Viewing proceedings were John Boyce, Depositors Bank president, and George F. Root, owner of Ramco Products, of Detroit.

The final settlement was a considerable reduction from the original assessment of \$90,000 arrived at by revenue agents applying what is known as the "national formula" rather than any direct examination of his books, Mr. Southern stated.

To stop additional interest charges, Mr. Southern disposed of his implement building on West

Maple Rd., Walled Lake, to George E. Root, and used the proceeds to settle his account.

Mr. Southern said he has a large file of affidavits verifying his record of transactions of the years questioned by the Internal Revenue Department including voluntary expressions of gratitude for the way in which transactions were handled. The Dodge-Plymouth dealer declared that with the aid of his auditors, he will continue getting verification and prepare a suit in Federal Court to recover the levy.

We hear tell of a modern youth that when applying for a factory job, happened to notice a sign reading, "do not operate machinery when mentally or physically tired or when nervous." Didn't go to work we hear, because he figured he'd never be able to get anything done.

Alger Urges Lower Costs, Not More Tax

Fred Alger insists that lower costs of government—not higher taxes—are the answer to Michigan's present financial crisis.

"The State of Michigan, like you and me, can go broke too. And the State will go broke if it keeps on spending more than it takes in," Alger insists.

KEEP MICHIGAN FROM GOING BROKE.

The dust clouds stirred up by the players in the Milford football game Oct. 10 apparently got into the reporter's eyes. It was Don Johnson, rather than Bob Scheffer, who scored the first touchdown. The reporter regrets the error in identification.

MICHIGAN OUTDOORS

with MORT MEFF

DAYS OF MAGIC
Late October and the first ten days in November are days of magic in Michigan Outdoors. The riot of color—reds, greens, yellows—blend to a golden hue in a farewell to a waiting season. . . a golden welcome to sportsmen seeking Michigan at its best! You like to fish? You like to hunt? You're a "shutter-bug" with still or movie camera? Michigan is waiting for you!

Fisherman's Dream
Fall days on many of our lakes and streams present a fisherman's dream come true. The first frost whets the appetites of sleepy northern pike. Black bass move into shoal waters in chase of minnows. Big, fat blue gills rise to the surface, ready to strike at tiny flies. Great Lakes perch develop whopping appetites. The ten and twelve inch variety lose their summer timidity and caution—avidly take the bait along the entire coastline of Lake Huron—and along most of Lake Michigan, too!

Far up in Lake Superior, sport trolling for lake trout brings in the big ones, but there are few to enjoy the thrills. And in many a major Michigan river the fall run of steelhead, or lake-run rainbow trout is in full swing. In the past year 7 out of 10 national prize winners in the rainbow trout division came from a single Michigan stream—the Manistee!

Steelhead Waters
Too few guides are available who know the favorite haunts of the big rainbows in the Manistee below Tippecanoe Dam. Veterans who have studied the river may be counted on the fingers of one hand—and their services are booked consistently far into November. They'll produce another bunch of prize winners this year—fifteen, sixteen, yes, seventeen pound steelhead who spend the greater part of their lives in the deep, cold waters of Lake Michigan, returning each spring to spawn in the Manistee River, and each fall in obedience to a mysterious urge that beckons them back to the swift currents and eddies of this beautiful river. But there are other steelhead waters readily available. The famed Au Sable from Foote Dam down to Oscoda, the Betsy down from Homestead Dam, and the Platte below U.S. 31, just to mention a few. Above the Straits there are steelhead waters with heavy runs of big fish—some topping 20 pounds—virtually unexplored.

Bird Hunters' Paradise
Tempting the sportsman away from lakes and streams is our early opening of the partridge and duck season—plus the lure of bow hunting for deer. Yes, this is the year of Indecision. Where shall we go? Which shall we do to make the most of Michigan Outdoors in the fall? Take your choice! You'll make no mistake on either path!

Centerline Rally Nips Mustangs, 26 to 24

The Mustangs gave a lesson and learned one in the Center Line football game Friday night. The Northville High School grid team showed Center Line how to score touchdowns in the first half, then were shown how to stage a comeback as Center Line scored three consecutive touchdowns in the second half to win 26 to 24.

Two points after touchdown actually provided the winning margin. The Mustangs had led 18 to 6 at the end of two periods, and picked up another TD in the closing minutes of the match, but Center Line had meanwhile equalled Northville's scoring efforts and added the two conversion points Northville missed the extra points on four attempts.

Northville Let Down

Northville, apparently, was let-down after the emotional peak reached the week before in the 14 to 0 upset of Milford, and further led into a false sense of security after the three comparatively easy scores in the first half against Center Line. By the time they finally got rolling again time had run out.

Halfback Bill Sullivan set the pace on the first play of the game, running from his own 27-yard line almost to the Center Line goal, but stepped out of bounds on the Center Line 23. Sullivan, Don Johnson and Bob Scheffer made it a first down on the 13-yard marker, and Scheffer and Sullivan got to the one on the next two plays. Sullivan then dived over for the first touchdown. Johnson's conversion kick missed.

Center Line got nowhere on its series of downs after the kickoff and punted to the Northville 45-yard line. Sullivan then shook loose a tackler and got to the 19. On fourth down at the 8-yard stripe, Sullivan hit Scheffer with a short pass and Scheffer went over near the corner for the second Northville score. The conversion kick was wide. Score, 12 to 0.

On the third play of the second quarter, Dick Willis' pass was picked off by Center Line's Jack Peters on the Northville 45 and run back to the six-yard line. Halfback George Leppok took a hand-off and plunged over from three yards out for Center Line's first TD to make the score 12 to 6. The Mustangs got the ball back three series of plays later when Don Johnson fell on a fumble by the Center Line quarterback on the opponent's 45-yard line.

The Mustangs were at the 44 after two running plays and a pass attempt, and Fullback Lamar Nalley, faking a punt, passed complete to End Gary Hix on the Center Line 23. Nalley bulled his way to the 11 for another first down, and he and Bob Burgess carried to the six on three plays. Then, on fourth down, Johnson went in motion to the left and Sullivan hit him with a six-point pass in the corner. The third conversion try failed.

Then Center Line bounced back. Halfback Gary Vetrano found a hole on a quick opening play

and went up the middle 38 yards to score for Center Line. He then ran the ball across from the two for the extra point.

Second Half

After the kickoff, Northville got from its 26 to the 40, but had to punt. At Northville's 45-yard line, Center Line's Quarterback, Tom Meares, connected with his backfield mate, Jack Peters, on a pass which Peters took at the 30 and ran to the end zone. The conversion point failed, but Northville trailed 19 to 18.

Northville then settled down and, on a series of three first downs, marched from its own 41-yard line to Center Line's ten, but lost the ball there on downs. Center Line punted after a clipping penalty nullified a first down, but got the ball back when a pitch-out on Northville's first play went wild and Center Line recovered on the Mustangs' 31.

Vetrano broke loose again on the first play behind a wall of blockers to push the score, after a successful conversion attempt, to 26 to 18.

Northville began a long drive from its own 30 to make up the

point deficit and got to the Center Line 25, aided by pushing and pass interference penalties against Center Line, but lost the ball on downs.

Paul Schulz recovered a Center Line fumble at the 25 to give the Mustangs another chance and Nalley finally crashed over from the six-yard line in the last minute of the game.

Center Line, after taking the kickoff, ran time out with ground plays.

Green Thumb: Plants Move Indoors

by Paul Newton

After a summer with a profusion of flowers throughout the yard and house it is difficult to visualize how much one pot of bulbs growing indoors will mean in January and February. Now is the time to plan for this, and to plant the daffodil, hyacinth, crocus, scilla and tulip bulbs that will bloom when the snow is deep outdoors.

A pot about seven inches in diameter and four inches deep is the best size. Cover the hole in the bottom with a piece of a broken pot and then add a layer of small stones for drainage. Next add a mixture of two parts loam and sand and one part leaf mold or peat moss. Set the bulbs in and cover with the soil. Tulips should be planted so the tip of the bulb is one-half inch below the soil level; daffodils and hyacinths so their tips will be slightly above soil level. Press the earth firmly around the bulbs to eliminate air pockets and leave about one-half inch of space at the top of the pot.

Livonia in particular. A social hour, during which light refreshments were served, followed. The next meeting will be held in the church on Wednesday afternoon, Oct. 29 at 2 p.m.

Mrs. Joseph Roberts of Mayfield Ave. is ill with a throat infection.

Grandma Welsh of Mayfield Ave. has been confined ill to her bed.

Sixteen-year old Richard Mason, who was injured in an automobile accident two weeks ago, is convalescing at his home on Hugo Ave.

Mrs. Ernest Tallman, Mayfield Ave., assume duties as a night nurse at Malcolm-Palmer Convalescent Home on Thirteen Mile Rd. Monday, Oct. 20.

The Church of Christ, West Seven Mile Rd., is open for a youth meeting each Wednesday evening from 7 until 8. No games or refreshments. Just interesting Bible study.

to allow for watering when the bulbs are brought indoors to be forced.

Place Pots in Trench

Pots thus prepared should be placed in a pan of water until the soil is moist on top; then placed in a trench for eight to ten weeks. The trench should be about a foot deep, with a layer of small stones at the bottom to provide good drainage. Set the pots in the cover each one with an inverted pot of the same size. Then replace the soil around them and on top of this put a six to eight inch layer of straw. It is best that the trench be in a place where the sun does not strike during the middle of the day as the best temperature for root growth is around 40 to 46 degrees.

After eight to ten weeks the bulbs should be well rooted so the pots can be brought indoors to be forced. They should start blooming in four to six weeks, with the best blooms produced in a temperature of 50 to 55 degrees. This is not possible in a house, of

course, but quite satisfactory results will be obtained if they are kept in a cool place at night and near a window which does not get the mid-day sun. In a warm location, they will bloom sooner but the blooms will not be as good.

Labels on Bulbs

If several varieties of bulbs are potted and buried it is advisable to insert long wires with labels

attached in each pot so they will reach through the soil and straw. In this way, it is easy to select the particular bulbs to be brought indoors.

Bulbs planted now can be taken up around Christmas to be started indoors. Many "shut-ins" find it much more interesting to watch the plants grow and bloom than to receive plants in full bloom which quickly fade away and die.

Shirley Way Becomes Bride Last Saturday

In a candlelight ceremony Saturday evening at the Salem Evangelical and Reformed Church, Farmington, Shirley Way, daughter of Mr. and Mrs. Edward Way of Farmington, became the bride of Albert Behnke, Jr.

The couple repeated the nuptial vows before an altar banked with baskets of white mums and palms. Rev. Harry Smith of Adrian, solist, sang "Through The Years" and "I Love Thee".

Given in marriage by her father, Shirley chose a gown of white satin fashioned with a medium train. The high neckline was accented by lace inserts and long sleeves extended into points over the wrists. Complementing the ensemble was a fingertip net veiled edged with lace which fell from a net and lace crown. White carnations and Stephanotis were Shirley's flowers.

Preceding the bride up the aisle as attendants, were Mrs. Beatrice Way of Plymouth, Florence Penzien of Inlay City, and Mrs. Josephine Shook of Memphis, gowned in rose, yellow and blue, respectively. The gowns, identical in style, were fashioned of moire

Mrs. Albert Behnke

taffeta with brief sleeves and full skirts. Bouquets of roses and mums and matching flower headpieces completed their attire.

Assisting the bridegroom as best man was Neal Brooks of Capac, and ushers were Kenneth Way of Plymouth and Shaold Wagner of Capac.

For her daughter's wedding, Mrs. Way chose a street length dress of medium blue crepe with black velvet trim. She was presented with a corsage of yellow roses.

Following the ceremony, a reception for 150 guests was held at the I.O.O.F. Hall in Farmington. Mrs. Alvira Rossow of Detroit, aunt of the bride, presided at the wedding cake and Ailene Rossow, also of Detroit, was in charge of the guest book.

The new Mrs. Behnke changed into a soldier blue suit with navy accessories for her travel costume. The couple will honeymoon three weeks in Florida before they return to make their home in Capac where Albert is engaged in farming.

Shirley is a graduate of Northville High School and was employed as a bank teller at the Depositors State Bank.

Lutheran Ladies Plan Turkey Dinner

Plans are nearing completion for the annual Lutheran Turkey Dinner to be held Thursday, Nov. 6, at the church house. As in previous years, the meal will be served family style.

Serving on the kitchen committee are Mrs. O. B. Butler, Mrs. Julius Peole and Mrs. Victor Miller. Mrs. Roy Van Atta and Mrs. Norman Newton will work together on the dining room committee and Mrs. Norman Witt and Mrs. Fred Heidt, Jr. of Plymouth are in charge of the tickets.

Mrs. Belle Baldwin McColl

Detroiters Honor Local Educator As "Woman of Achievement"

Mrs. McColl has been named one of the "Women of Achievement" of Detroit and as such will have her portrait hung in the Round Hall of the Detroit Historical Museum from mid-January through February.

This exhibit of pictures of 160 women who are leaders in Detroit's cultural, industrial, economic, scientific, professional and educational life will be "brought to life" by a full program of community participation directed by the Detroit Historical Society.

Among her many achievements, Mrs. McColl served as president of the Detroit New Century Club, was former editor of the "Detroit Club Woman" and editor of the Detroit Free Press Column "Over My Neighbor's Fence".

Mrs. McColl makes her home with her daughter and family, Mr. and Mrs. A. M. Lawrence of Meadowbrook Rd.

Extension Group to Keep UN Observance

The Clement Road Extension Group will observe United Nations Day at a meeting at the home of Mrs. Samuel Geraci of Clement Rd., Friday, Oct. 24 at 11 a.m.

The date has been set aside as United Nations Day throughout the country. One minute of silent prayer at 11 a.m. for peace and understanding in the world will be observed in many churches, schools and organizations. For a better understanding of the United Nations' ideals and structure write to the National Citizens Committee, 816 21st St., N.W., Washington 6, D.C. and literature will be sent free of charge.

Detroit Couple Wed in Lutheran Church

In a quiet ceremony Saturday evening, October 18 at the St. Paul's Lutheran Church, Lydia Irmgard Mencer and Karl Lindquist, both of Detroit, repeated their marriage vows before the Rev. E. E. Rossow.

Attending the couple were the bridegroom's brother and wife, Mr. and Mrs. Herbert Lindquist, also of Detroit.

BPW Plans Meeting For Monday Evening

Mr. Ferris Crawford of the Department of Public Instruction at Lansing has been secured as speaker for the next meeting of the Business and Professional Women's Club scheduled for Monday, Oct. 27 at 8:30 p.m. to be held at the Methodist Church House.

Plans for projects for the coming year have been formulated and committee chairmen appointed. These include: education and vocation, Ruth Burns Davis; finance, Leona Hood; health, Evelyn Mallott; international relations, Marie McKenna; legislation, Florabel Sullivan; membership, Lucille Lanning; news and radio, Leota Ambler; public affairs, Beatrice Ware; remembrance, Dorothy Vroman.

The fall meeting of District 2 of the Michigan Federation of the BPW Club was held Sunday, Oct. 19 at Belleville. Marcella Douglas of the Northville group, as chairman of the District, was the presiding officer.

As guest speaker, Dr. Philip N. Brown, director of the Northville State Hospital, discussed "Modern Trend in Psychiatry".

Newburg Ladies to Host Local Guild

The Ann Arbor district of the Wesleyan Service Guild will hold a meeting at 3 p.m. Sunday, Oct. 26 in the Newburg Methodist Church.

Mrs. Hollowell, who has just returned from Alaska will be the guest speaker. Mrs. Florence Benedict of Adrian will be in charge of the meeting. Guest solo-

ist for the affair will be Mrs. Ivan Hodgson, accompanied by Mrs. Richard Somers. Tea will be served by the Newburg Guild.

If in need of transportation, call 488-J. All members of the Northville branch are urged to attend.

"Four years ago, the State had a surplus of 24 million dollars. But, during the next four years under a Democrat Governor, the 24 million has been spent and a deficit of 65 million dollars has been loaded on the over-burdened backs of Michigan's taxpayers," Fred Alger points out.

"In other words, they have spent 89 million dollars more than Michigan collected in taxes."

Clerk Asks Early Voting on Nov. 4

Township Clerk Fred Lyke warned voters that a long line may be encountered at the two polling places in the village along about closing time at 8 p.m. on Nov. 4, and asked that ballots be cast as early in the day as possible to lessen the last-minute rush.

The polls will be open from 7 a.m. to 8 p.m. on Nov. 4, but everyone in line at the official closing time will be allowed to vote, said Mr. Lyke.

It took almost an extra hour to accommodate the approximately forty voters who were in line at closing time at the primary election in August, he said, and if the turnout for the general election is as high as is expected, possibly a hundred persons will vote after the official closing time.

Northville Township voters may cast ballots at two polling places, both located in the village. Precinct 1 voters at the Village Hall, corner of Wing and Main Streets, and Precinct 2 voters at the Recreation Building, corner of E. Dunlap and Hutton Streets.

Novi Township electors will cast their ballots at Novi Township Hall, Novi Road near Grand River Ave.

Shoplifting Is On Increase in Village

A warning was issued again this week by Police Chief Joseph Denton about the increase in shoplifting in Northville business places. One store owner complained that he has been victimized several times in the past two weeks.

The shoplifters are apparently working in pairs or small groups, said Chief Denton. One person makes a small purchase to distract the store owner or clerk while the others walk out of the store with merchandise.

The Chief suggested that the best procedure to be followed is that practiced by Detroit stores, where all merchandise, when possible, is wrapped by the clerk. This practice makes it dangerous for the shoplifter to walk out of a store with merchandise held in his hand, and gives patrolmen a better chance of "spotting" possible shoplifters.

Pvt. Freydl to Europe

Pvt. Charles Freydl, son of Mr. and Mrs. Charles Freydl of Eaton Dr., left Camp Kilmer, N. J., on Wednesday, Oct. 15, for a tour of duty with the U. S. Army in Europe.

Upon receiving his orders, he spent a 13-day furlough with his parents in Northville.

CMDR Finn Renne, world famous Scandinavian explorer, is scheduled to appear with color movies of the Ronne Polar Expedition "Antarctic Adventure" at the World Adventure Series at 3:30 p.m. Sunday afternoon, November 2 at the Detroit Institute of Arts.

Amvets Auxiliary in Torch Drive

The Ladies Auxiliary of the Perry Kenner Amvets Post 76 of Novi will be represented in Novi's Torch Drive today and tomorrow by four volunteers, Laru Bell, Lulu Whittington, Orma Gregory and Dorothy MacDermid.

The Auxiliary agreed at their Oct. 16 meeting to purchase equipment for school children in Novi after the Christmas holidays, and decided to sponsor a bake sale on Saturday, Nov. 1, with Doris Callan and Betty Trickey in charge.

A special committee created to promote a recreation program on another night during the month was formed with Orma Gregory, Shirley Samcome and Audrey Othwine working on the project.

A committee was appointed to work out details of the auxiliary's obligation regarding military funerals.

Fellow Cub Scouts Honor Jim Burnham

Cub Scouts of Pack 1 enjoyed a weiner roast and shower honoring Jimmy Burnham at Cass Benten Park recently. In the absence of Mrs. Paul Burnham, den mother, Mrs. Richard Juday had charge of the gathering.

Present besides the guest of honor were Mike Eastland, Gerry Finley, Mike Janchuck, David Stillson, Bobby Hanson and Bill Juday. Other guests were Mickey Myers and Steve and Jim Juday.

The Tuesday Book Club met at the home of Mrs. Glenn Cummings on Six Mile Rd. "Prayer," by Frank Charles Laubach was Mrs. Belle McColl's choice for her book review presentation. Mrs. Merton Rice of Sheldon Rd. came as guest of the group.

\$10,000 in Prizes

in Kroger Contest

Two contests running at the same time, with prizes for both customers and employees, are highlighting a fall sales event from Sept. 29 to Nov. 4 in 142 stores of the Kroger Co. in this area, said C. Olaf Talla, Kroger Detroit branch manager.

Consumers are vying for a \$10,000 cash prize, 14 tons of free food, 25 completely stocked home freezers and 500 automatic coffee makers in a giant Kroger coffee election contest. A unique ballot-type entry blank carries out the election these. Awards will be made on the basis of 25-words-or-less statements on "my favorite Kroger coffee blend".

The contest for employees, on the other hand, is based on sales gains during an eight-week period ending Nov. 29. More than four thousand merchandise awards will go to employees in winning stores, while managers of the 50 top stores and their wives will receive all-expense-paid vacation trips to Washington and New York. Each store will be in competition with six other stores of comparable size.

Free food for a year for a family of four is offered as top prize in each of the five weekly consumer contests. Value of the food is based on U. S. Government estimates at today's prices. Winners will receive \$1,500 in certificates redeemable at any Kroger store.

Also to be given away to winners in the weekly contests are 25 14-cubic foot Crosley home freezers, filled to the brim with 100 pounds of Kroger Tenderay beef roasts and steaks, and 400 packages of Birds Eye frozen foods. In addition, 500 Cory automatic coffee makers, 100 each week, will be awarded to contest winners.

Each of the 530 weekly prize winners in the coffee election contest will be eligible for the \$10,000 cash grand prize. Entry blanks for the contest are available at the Northville Kroger Store.

Sawing Board for Workshop
TO SAVE the home workshop bench on particularly tough jobs such as chiseling, flat sawing or boring holes, it's wise to have a sawing board. It may be made any dimensions desired. A suggested size is 10 by 14 inches. As illustrated, the sawing board consists of three pieces—a panel of Masonite 1/4" Tempered Presdwood and two

equally-sized pieces of 1 by 1 lumber. Fasten the panel to the sticks of wood through evenly-spaced, counter-sunk holes.

Toughness of the Tempered Presdwood will withstand any serious damage despite the cutting operations mentioned. Incidentally, workbench tops of this material are considered a "must" in many home shops. Industrial workbenches generally are covered with these wear resistant panels due to their low cost and long life.

Plymouth Safety Patrol Boy Honored

For his act in saving the life of a three-year old child, a Plymouth safety patrol boy was honored Tuesday by the Automobile Club of Michigan.

The boy, David Conrad, of 251 Auburn, son of Mr. and Mrs. Mark

Conrad, was presented with the club's Lifesaving Medal at a ceremony at Our Lady of Good Counsel School.

Last May, David was at his post near the school when he saw a child break away from his grandmother. The child, Howard Carson, ran into the street in front of oncoming traffic.

David dashed into the street and grabbed the child. He stopped an oncoming car less than three feet from the boy.

—so are we!

RECENT PRISON RIOTS cost you and your fellow Michigan citizens about \$2,000,000! The supervisor of Michigan State Prisons—appointed by the Governor—and the Governor himself, failed to act in time to prevent these costly riots. Later, a "truce" was made with the surly prisoners and YOU bought them steak, ice cream and other favors for their promise to be "good boys" in the future!

WHO CONTROLS OUR GOVERNOR? Find out who ordered him to open the prison gates for a goon-squad leader convicted of destroying property. Find out who ordered him to veto the "Good Roads Program" to take Michigan out of the mud. Find out who ordered him to veto the loyal board charter amendment to Detroit's city charter and told him not to let the legislature consider anti-communist laws in a special session.

THESE SPECIAL GROUPS can get favors and privileges from the Governor's office because they "control" the Governor. He owes allegiance to them because they are the back-bone of his support. They are not interested in what is good for the State of Michigan but only in what will further their own ambitions and lust for power. These groups are controlled by a few men who dictate policy and act as political advisors to the Governor. They are responsible to nobody but themselves. This secret political bossism in Michigan must end!

SURE, YOU'RE BURNED UP! Well, do something about it, this time! Get Michigan State Government back in working, do-something order! Show them you mean it, by voting straight Republican . . . on November 4th!

REPUBLICAN STATE CENTRAL COMMITTEE: OWEN J. CLEARY, Chairman; MRS. MARY STREIT, Vice Chairman; HARRY F. SMITH, Secretary; ROBERT C. C. HEANEY, Treasurer.

Social Security Is Raised to \$75

Persons receiving old-age and survivors insurance benefits can now earn as much as \$75 a month without losing their benefits, according to Harry Baltuck, manager of the Detroit-Northwest Social Security office located at 14600 Grand River, corner of Hubbell.

The amount of wages a person is permitted to earn in a month without losing his benefits has been raised from \$50 to \$75, beginning with the month of September.

In case a beneficiary is self-employed, he can accept his benefit checks if his net earnings from self-employment do not average more than \$75 a month, that is, more than \$900 for his taxable year. Beneficiaries who work in employment not covered by the Social Security Act, and those who have reached the age of 75, may cash their checks regardless of how much they earn.

Baltuck pointed out that this "work clause" applies not only to the benefits based on the social security accounts of a retired or deceased worker. Any beneficiary who is working for wages should notify the Social Security Administration promptly if he earns over \$75 in one month. A self-employed beneficiary should notify the Administration as soon as he sees that his net earnings are likely to average more than \$75 a month for the taxable year.

Automatic ELECTRIC Water Heater

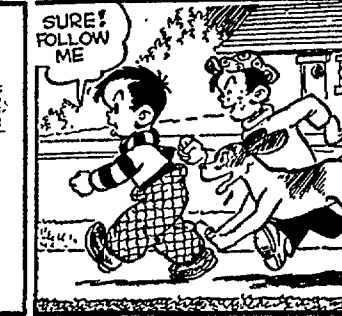

There's a worry-free, work-free way to have hot water at the turn of a tap, when you want it... and that's ELECTRIC! An automatic electric water heater gives the last word in hot water service. It's clean... carefree... dependable... as well as thrifty... modern... and durable. Take a minute to look into the many other conveniences of an automatic electric water heater. Ask your electric appliance dealer or neighborhood Edison office for complete details on the right-sized water heater for your home.

Standard installation, including wiring and plumbing, without charge.

Michigan Mirror:

Suburban Southern Michigan in Future

by Gene Alleman

"By 2000 A.D. the whole southern part of Michigan will undoubtedly be one vast suburban area."

That's the opinion of Dr. Paul Miller, rural sociologist for Michigan State College. Being a serious student, Miller won't make that as a flat prediction. But there are plenty of clues pointing to that trend.

That points up the need, he believes, for township zoning in what are now rural areas and a new examination of the best use Michigan can put its land to.

Miller is no highbrow dweller of the ivory tower of scholarship. He admits—with probably a faint touch of pride—that he's a hill-billy "who draws vowels all around the town and drops consonants all over the street."

He gets out in the dirt roads and plowed fields to talk to people and it's always a toss up whether he's engaging in research or just enjoying a friendly visit.

The results of such door-to-

door palaver brings out a picture of a southern Michigan community that few people in the state realize.

He found that the community of rural dwellers living close to a city of 2,500 are classified in these four groups:

1. About half describe themselves as "natives who are good people".
2. "Natives who are chisellers"—the term is the one used by the "good people"—make up 10%.
3. "Hardworking Detroiters"—again the term is the "good" natives—make up another 10%.
4. "Shiftless Detroiters"—so-called by the first group—are the remaining 30%.

The term "Detroiters" is applied by the "natives" to everyone who hasn't been born and raised on the land.

These divisions in what used to be a closely knit rural community naturally make for something less than an ideal climate for civic progress. "Detroiters" complain that their neighbors show none of the friendliness for which rural America was so long noted. The "good natives" retort that they'll be willing to be sociable "but the Detroiters won't even ask us for advice."

The customary activities that trend to weld a community are almost all concentrated among the "good natives". Building bees, Grange and Farm Bureau activities, church affiliations, card parties... all the things that make neighbors... generally are found only in the top 50%.

So normal association between the old and new groups is slim.

But the barriers break down in the younger generation.

School kids whose parents have nothing in common soon grow buddy-buddy. They don't care if their fathers are working in a nearby factory or operating a successful farm. Their friendship is probably the biggest single factor that points to the ultimate creation of a good neighborhood spirit. Of the "good natives", two-fifths are 65 years of age or older. That means that the younger generations are predominant in the other three groups and that the friendship of youngsters will soon become even more important as the elders die off.

"The new rural community is just like a new frontier," explains Miller. "It's growing and it doesn't know what it's growing into. It will take time for its character to crystallize."

"When a man moves out into the country and buys three or five or 10 acres, that land goes out of farm production. Will that eventually mean we'll have too little and to grow the crops we need?"

That question was put to Miller. "I think that the natural balance between man's needs and the land that supplies them will prevent this from happening," he opined.

"But I do think that rural townships would do well to begin at once with zoning plans. I'm not a zoning expert; but I feel that too many township zoning plans are the work of an attorney and an engineer instead of a reflection of what the people themselves want."

"The citizens of every commu-

nity ought to get together and thresh out this problem."

Michigan has fewer farms and less cultivated land now than in the past 30 years.

The U. S. Census of Agriculture for Michigan has just been released. It shows that there are now 15,589 farms in the state. In 1920 there were 196,447.

The number of farms under 10 acres increased by a third in that period. Farms under three acres increased 500%.

Right now 47.3% of all of Michigan's land area is farmland; in 1920 it was 51.7%.

The average age of Michigan farmers is 49.9 years.

Over 20% of all farmers in the state worked at least 100 days in a factory last year.

Eve Opens School

There's no bell like a school belle, especially when she is glamorous Hollywood star Eve Arden, who plays the role of an English teacher in mythical Madison High School on the "Our Miss Brooks" show over the CBS Radio network Sundays at 6:30 p.m. EST.

So successful is her program that Eve has received numerous awards from city and state teachers organizations for her "contributions towards humanizing the American teacher."

Christian Science Churches
What is the state of man in the world to come is discussed in the Lesson-Sermon to be read in all Christian Science churches Sunday, Oct. 26, under the subject "Probation After Death".
The Golden Text is from I Corinthians (15:56,57): "The sting of death is sin; and the strength of sin is the law. But thanks be to God, which giveth us the victory through our Lord Jesus Christ".
Among the Bible citations is this passage, (Rom. 8:11): "If the Spirit of him that raised up Jesus from the dead dwell in you, he that raised up Christ from the dead dwell in you, he that raised up Christ from the dead shall also quicken your mortal bodies by his Spirit that dwelleth in you."

New Dodge Features Sleek, Low Lines

Complete new styling is an outstanding feature of 1953 Dodge, now on display in dealers' showrooms. This Coronet four-door sedan typifies the new "action appearance" of the entire Dodge line. Coronet models have the new 140-horsepower Red Ram V-Eight engine which develops its high efficiency on regular fuel. Both the Coronet and the Meadowbrook series are available in a wide range of bright, new colors and two-tone combinations. The restyled Meadowbrook series retains popular "Get-Away" Six engine.

Restyled Dodge Is on Display Today

What the Dodge Division of the Chrysler Corporation calls "the most dramatic changes in the 33-year history of the Dodge passenger car" will be unveiled in Northville today, Oct. 23, when the division introduces its 1953 "action car."

The completely restyled Dodge, with a 140-horsepower Red Ram V-eight engine will be on display today in the showroom of G. D. Miller Sales and Service, on Hutton St., Dodge-Plymouth dealer in the village.

"New beauty and a smooth flowing effect were achieved," said Mr. Miller, "with lower soft-line and increased glass area and a touch of continental design. These attractive styling changes are being offered in the entire 1953 Dodge line which consists of ten different models."

The 140-horsepower Red Ram V-eight engine is featured in the Coronet series, while the popular and dependable six cylinder engine is retained in the Meadowbrook and Meadowbrook Special series, according to Mr. Miller. The Wayfare is not included in the 1953 Dodge lineup.

Driver and passenger visibility is considerably improved by the use of a one-piece curved windshield and a larger wrap-around rear window that achieves an effect of "watch tower" visibility, said a Dodge Division spokesman.

Total glass area has been increased by 77 percent to 23.7 feet.

Ornamentation on the 1953 Dodge has been completely changed. The hood is one-piece without a center-ridge, although grille styling still incorporates a touch of the previous model. Rear-end styling has low, sleek continental appearance. Unusual features include a stern-side gasoline filler pipe cap, and counter-balanced trunk lid hinges are further apart to avoid squeezing baggage. A push-button lock is part of the deck lid, which can be closed without locking.

In keeping with the trend toward sports cars, Dodge will offer wire wheels and a continental-type rear tire mounting on the Diplomat hardtop at extra cost.

R-Z-Bee Girls Elect New Officers

The Novi 4-H Club R-Z-Bee girls elected officers as the main feature of their first meeting of the year on Oct. 8. The meeting was held at the home of Mrs. Belinger on 12½ Mile Rd.

New officers are Marilyn Sharp, president, Harriet Angel, vice-president, Bonnie Bellinger, secretary, Sharon Edelmann, treasurer and Sue Tobin, reporter.

Curbing Problem

(Continued from Front Page)

ingly, Mr. Jerome found himself pilloried for his good intentions and, upon leaving the Commission meeting ruefully remarked that he will think long and well before writing any more letters.

The only point to be still cleared up about the curb and gutter job is whether Ministrelli Bros. followed specifications in coating the finished job with a chemical preparation to insure gradual drying of the concrete, as provided in the specifications. In the event that this was not done, it appeared probable that the Village will deduct the approximate cost of this portion of the work, estimated at between \$200 and \$300, from the 10% balance still due to Ministrelli Bros.

As Mr. Jerome left the Commission chamber he was handed a check for \$744.61, which was the amount of his bill for services presented for payment in September but held up by the Commission until he appeared to explain his two letters about the curb and gutter job.

LEGAL NOTICE

Sealed bids will be received by the Village of Northville, 3900 Cadillac Tower, Bates Street and Cadillac Square, Detroit 26, Michigan, until 11:00 A. M. Eastern Standard Time, Tuesday, October 28, 1952, at which time and place all bids will be publicly opened and read for valuing and repairing the reinforced concrete bridge located on Northville Road at the North Boundary of the Village of Plymouth.

Plans, specifications and proposal blanks may be secured by the prospective bidders upon application at the office of the Bridge Engineer of the Wayne County Road Commission, located on the 13th floor of the Cadillac Tower. No deposit for plans will be required.

Each sealed bid shall be accompanied by a certified or cashier's check in the amount of \$2,000.00 payable to the Board of County Road Commissioners of the County of Wayne, Michigan.

Proposals which have been submitted shall not be withdrawn after the time set for the opening of bids.

The Board reserves the right to reject any or all bids and to waive any informalities in bids.

IS IT IN THE BOOK?

People are greatly perplexed these days about the differences in interpreting the Bible, and they may well be so for this reason that we are constantly urging our readers to read the Bible for themselves. In this way, they will gain a first hand information on what the Bible contains. It is my contention that most of our differences are not due to interpretation, but rather that what is contended for is not in the Bible at all. Certain church traditions passed down to present generations are often times accepted as having Biblical authority. There are man-made rules, superstitions and ideas prevalent today which are without scriptural foundation. One is amazed at some things which, according to some people, are supposed to be in the Bible. Now, if we will make the Holy Bible the foundation of what we believe, then we must get into the habit of checking what we read and hear by the Book. Can this statement be proven with definite scriptural references? After careful examination and comparison with other scriptures is this the true meaning of the passage? If it is in the Bible you can depend upon it. "How firm a foundation ye saints of the Lord is laid for your faith in His excellent Word". READ YOUR BIBLE DAILY!
