for the Record

by G. H. C.

It was our privilege Tuesday evening to be present at a closed meeting of a group of Detroit public relations men with Frank McNaughton, a top ranking Washington correspondent for Time and Life magazines. McNaughton discussed the Washington scene frankly on an off-the-record basis, with particular emphasis on the changes that may be expected in governmental policies under an Eisenhower administration. Because he has been covering Washington longer than most members of Congress have been in office, and is thoroughly qualified to discuss behind-the-scenes events that are now taking place, we believe his observations will be of widespread interest to Record readers. His comments are printed below, as nearly as possible in his own words.

DOES EISENHOWER BELIEVE WAR IS INEVITABLE?—Eisenhower is not thinking in terms of war, but he will do everything in his power to make the country strong against the possibility of that danger. To this end, 70-year old Warren Austin will be replaced as our representative in the United Nations by a man who will follow a tougher policy than in the past.

Dewey is presently slated for Secretary of Defense, on the basis that this department must be headed by a man accustomed to dealing in large sums and capable of thinking of future defensive weapons and offensive warfare in most advanced terms. There is great concern in Washington over recent reports that Russia has the H-bomb, with the positive feeling that this nation must exert every effort to forge ahead in the weapons race.

Eisenhower believes that considerable savings can nevertheless be made in our defense expenditures, although security aims will not be sacrificed to save dollars.

CAN EISENHOWER SETTLE THE WAR BY GOING TO KOREA?—No one knows, but Eisenhower believes it is worth trying. However, he has no preconceived panacea or program at the moment. Perhaps consultations on the spot with Gen. Van Fleet and other high-ranking military men may bring forth suggestions that can be pursued with some prospect of success. At least, such a consultation may result in decisions regarding future policy in Korea.

NATO EXPENDITURES—Eisenhower is thoroughly familiar with the attitude of European nations toward our effort to build up a defense alliance in Western Europe; knows which countries are dragging their feet, and is personally acquainted with the leaders who are responsible for such policies. Will not hesitate to use the trans-Atlantic telephone to put the best on top political leaders abroad to get greater cooperation under the threat of diminished American financial assistance. Eisenhower also believes very definitely that there has been much waste in our NATO expenditures thus far. We can look for substantial cuts next year, although not so drastic as to imperil our ultimate success.

TAFT'S INFLUENCE ON EISENHOWER POLICIES—The pre-election claim that Eisenhower sold out to Taft and that the latter will be a great factor in establishment of Eisenhower policies is pure bunk, but excellent Democratic propaganda. The two men agree in broad principle on many of our most domestic problems and policies but are not so close together on foreign policy. Eisenhower will run his own show.

BUDGET AND TAX POLICY—Joe Dodge, president of The Detroit Bank, will be Eisenhower's Budget-Director and financial expert. Dodge has outstanding abilities in these fields and will be a powerful influence in bringing down the budget and getting the country's financial house in better shape than it has been in many years. Look for an end to the excess profits tax when the present tax law expires; also reduction of personal income taxes by the amount of the latest increase.

COOPERATION BETWEEN WHITE HOUSE AND CONGRESS—Democratic leaders will go along with Eisenhower foreign policy. Congressional bickering will be at a minimum during first two years of the Administration.

POLICY TOWARD LABOR—No longer will the back door of the White House be open to labor leaders, with ultimate intervention by the President to settle strikes according to Government formula. Instead, labor disputes will be handled strictly according to the law, with collective bargaining again the method of settlement. Eisenhower is not "anti-labor" but he is for protection of the public interest through strict observance of the law in settlement of labor disputes.

MCCARTHYISM—"Senator McCarthy has the finest beer chest in the Senate Building and serves it with good salami and Wisconsin cheese. But I don't know anyone anywhere who has done as much to damage the American government as Joe McCarthy."

TRUMAN'S FUTURE PLANS—Truman expects to establish a library on his 60-acre farm at Grandview, Mo., and to fill it with 30 carloads of official papers which are to be made available to all recognized students of government and writers. He will occupy himself with this and devote the balance of his time to writing and speaking engagements.

EISENHOWER POLICY TOWARD RAKING UP MISTAKES OF DEMOCRATS—The present inclination is to hold as few post-mortems as possible. Thinking behind this policy is that the public's attitude toward Government is at such a low ebb that muckraking should be held to a minimum lest it become merely destructive of the public's remaining faith.

EUROPE'S ATTITUDE TOWARD EISENHOWER ELECTION—Europeans were almost unanimously in favor of Eisenhower immediately after he was nominated. When he seemingly "got together" with Taft, they switched and were generally opposed to him on the ground that he would go along with the Taft isolationist policy. Now they are pretty generally reassured, and are busy congratulating him and getting back on the Eisenhower bandwagon.

EISENHOWER'S PROBABLE CABINET—Dewey—Secretary of Defense; John McCloy—Secretary of State; Sherman Adams—Secretary of Commerce; Harold Stassen (?)—Secretary of Labor; Cliff Hope, former chairman of the House Agricultural Committee or Frank Carlson—Secretary of Agriculture.

WAS ALGER HISS ACTUALLY GUILTY?—"He was guilty as hell." Information about Hiss was given to Roosevelt as early as 1940 but he soft-pedaled any attempts toward eliminating him from government. Whittaker Chambers did more than almost any other American to bring about exposure of Communist infiltration in Washington. His record was made known voluntarily years ago to the FBI and to Time and Life editors and his service in writing policy stories against the inroads of Communism against Hiss, the FBI had a mass of "wire-tap" evidence that could not be introduced during his trial because such testimony is illegal. The Justice Department dragged its feet throughout the investigation and it was only because a run-away grand jury took the case in hand, and brought an indictment that Hiss was finally brought to justice.

Roberta Malott Elected Football Queen

Roberta Malott (center) was chosen as Football Queen in voting by Northville High School students. She and her court, Jackie Keyes (left) and Carolyn Ratliff (right) were given bouquets by members of the football team before the Northville-Oxford Homecoming game began last Friday night. Roberta was also given a trophy, donated by the Cy Owens Ford dealership. A permanent trophy, on which the queens' names are inscribed each year, which is kept at the school, was given several years ago by the Allan and Locke Ford dealership.

Miss Coykendall to Be Missionary

Marguerite Coykendall will be commissioned by the First Baptist Church of Northville as a missionary to serve under the Sudan Interior Mission in Nigeria, Africa.

The commissioning and farewell service will occur Sunday in the 11 a.m. morning worship service at the church, which has agreed to assume full support during her first term in Africa. The Rev. Peter F. Nieuwkoop, pastor of the church, will use as the subject of his sermon, "Ambassador for Christ", in the service.

Miss Coykendall, who will sail from New York Nov. 21, is a graduate of Northville High School and of the Prairie Bible Institute in Three Hills, Alberta, Canada.

The Baptist Church also supports Miss Mae Forseth, who is now enroute home on her first furlough. She has served under the Africa Inland Mission in Kenya Colony, the scene of much disorder recently.

Miss Forseth will speak at the Northville church after her arrival in the United States, and also at the annual Mae Forseth dinner to be held at the church on Dec. 11.

Nov. 15 Deadline for Overseas Gifts

Saturday, Nov. 15, is the deadline for mailing Christmas gifts and cards to friends and relatives in our armed forces overseas. Postmaster Leland V. Smith reminded this week.

Packages and cards mailed after that date may not arrive at their destination before Dec. 25, Mr. Smith said.

Postal authorities recommend that both parcel post and Christmas cards be sent air mail to assure quicker delivery. Overseas air parcels are limited to two pounds. Be sure the address is written legibly, authorities caution, and that it includes the recipient's full name, serial number, branch of service, organization and correct A.P.O. number.

All parcels should be securely wrapped and tied with a strong cord. Heavy corrugated cartons should be used for added protection during the long journey. Some foods may be sent overseas, but perishable items should not be sent.

Exchange Club Banquet Honors Football Team

Members of the Northville High School football team were honored at a banquet given by the Northville Exchange Club last night at the Methodist Church House.

Pat Harder, a noted member of the Detroit Lions professional football team backfield was invited as a guest speaker, along with Don Mason, who is a member of the Michigan State College football coaching staff.

Attorney Clifton D. Hill served as program chairman and toastmaster for the 6:30 banquet. Approximately a hundred football players and their fathers, Exchange Club members, male faculty members and other guests attended. The High School dance orchestra provided music during the evening.

Harder came to the Detroit Lions in 1951 in a trade for the Lions' former fullback, John Pannelli. He was for five years with the Chicago Cardinals of the National Football league and was leading scorer in 1947 and 1948, and shared the title in 1949. In the 1948 campaign, he kicked 53 consecutive points after touchdowns and gained fame as a long-distance field goal kicker. He was named All American at the University of Wisconsin and in 1941 was top scorer in the Western Conference. He was a Marine sergeant in World War II, and is married.

The faculty members were invited as guests in tribute to their unsung roles in connection with football games. Athletic Director Harry B. Smith and Merritt Meaker usually man the controls of the electric scoreboard at Ford Field for home football games, taking directions from Charles Yahne, who walks the sidelines with a portable phone following plays and officials' signals.

Ron Schipper, who coaches Junior Varsity football, is usually on the sidelines helping Coaches Al Jones and Dick Kay, and Stanley Johnston usually has the responsibility of manning the "downs box" which shows spectators and players the number of the down they are currently working on in a game. Edward Mollena has charge of ticket sales in the booth at the gate, and other teachers serve in various other capacities at the field and at school in keeping the game going.

Northville's football coaches are keeping secrets from each other these days, even though the grid season won't end until after Friday night. The "secrets" are the plays and strategy they'll use against each other when their seventh and eighth grade teams—the Rams and Kats—take Ford Field on Friday, Nov. 21, in the fourth annual renewal of what might be called the Junior Bowl.

Head Coach Al Jones and Assistant Coach Dick Kay picked their teams from among the fifty prospects who turned out this year. Jones' boys were immediately known as the Rams and Kay's players became the Kats. They held practice sessions last Friday and Saturday and will practice again this Friday and Saturday before devoting all of next week—after the regular varsity season ends—to sharpening up for the Northville classic on Friday.

"Messiah" Chorus Begins Rehearsal

Members of the chorus which will sing Handel's "Messiah" just before Christmas turned out last Sunday for their first practice at the First Presbyterian Church.

The chorus, directed by Leslie Lee, High School music director, will rehearse each Sunday until the performance at the church.

Mr. Lee made contact with members who had sung with the chorus in past years, but said that newcomers in the village, or persons who would like to sing are welcome to join the group.

The next rehearsal will be Sunday, Nov. 16, at the church at 4 p.m. The chorus is non-sectarian. Soloists will probably come from outside the village. They came from the University of Michigan music department last year.

Seniors to Present Play on Nov. 20-21

The senior class of Northville High School will present its annual play on Thursday and Friday, Nov. 20 and 21 with different casts each night.

Curtain will go up on the play "Our Hearts Were Young and Gay" at 8 p.m. each night in the auditorium at the high school.

Tickets may be purchased from any member of the senior class or at the door on the nights of the performances.

The character of "Cornelia" will be portrayed by Arlene Nelson, and Barbara Coussé, and "Emily" will be played by Theresa Duchesneau and Carolyn Ratliff. "Monsieur de La Croix" will come to life through the characterization of Don Thomson, and the role of "Dick" will be acted by James Lapham and Judd Green.

The other characters will be portrayed on both nights by the same students. Leland Brown will be "Leo" and Ione Holmes will take the part of "Winifred." Kay Petersen will be "Harriet" and "Mr. and Mrs. Skinner" will be played by Peter Melon and Barbara Bayless. Eva White will be cast as "Madame Elise" on both nights and Ursel Hammacker will play the role of "Theresa."

Those who have read the play, taken from Cornelia Otis Skinner's book, will remember that the plot revolves around the escapades of two young girls—Cornelia and Emily—on a boat trip to Paris.

The play is under the direction of Miss Florence Panatton.

American Legion Appointments Honor Hammond, Murphy

Two Northville Legionnaires have been honored by appointment to committees on the national staff of the American Legion, it was announced this week.

Oscar Hammond, of N. Center St., was named to the Legion's Marksmanship committee, and Charles Murphy, of High St., was appointed to the Legion's National Rehabilitation Advisory board.

Both men are past commanders of the Lloyd H. Green Post 147 of the American Legion in Northville. Mr. Hammond is now commander of the Legion's 17th District in Michigan, and Mr. Murphy is past Department of Michigan sergeant-at-arms.

Both have been active in local Legion affairs since the post's organization after the first World War.

Parents of Students to Attend Open House at Schools Today

The opportunity of taking a good look at the schools in Northville is extended to villagers today, Thursday, when the high and grade schools will hold open house in conjunction with National Education Week.

Schools will close at 2:30 p.m. today to allow time for preparation, and parents of students are invited to come and meet the teaching staff and acquaint themselves with the school's facilities until 9 p.m.

Willard Renard is chairman of the open house committee and Marshall Huff is president of the Northville

Parent - Teachers Association, which is cooperating in the day's activities.

Kindergarten mothers will serve refreshments at the social hour set for 9 p.m. in the grade-school lunch room.

The student council, in cooperation with the proposed visit of the Red Cross Bloodmobile Dec. 5 at the First Presbyterian Church house, will man a table during the open house and sign up pledges for blood donations. Prizes will be awarded to those students who sign up the largest number of people who actually show up Dec. 5 and donate blood.

Future Teachers Helping

Members of the Ida B. Cooke Chapter of the Future Teachers of America are taking an active part in the Education Week program. In addition to acting as ushers to greet parents visiting the schools Thursday evening, they are serving as student aides and student teachers yesterday and today.

Elaine Butler and Sue Cantrell are assisting Miss Grace Pollock in the kindergarten. Sally Davis will work with Mrs. Myrtle Funk's fifth grade, and Ronald Schipper's Math. 7 class. Lynn Fritz is aiding Albert Jones' Social Science 7, Health 8 and General Science. Julie Hammond is assisting Miss Pearl Hensch in the third grade, Mrs. Ann Chizmar's kindergarten and Alvin Skow's English 9.

Special Reading
Lynn Fritz and Walter Newton will assist Mrs. Pauline Smith in demonstrating the special reading program and machines to—

Local Blood Bank Is At Low Level

The urgent need for blood donors and the impending visit of the Bloodmobile to the First Presbyterian Church headquarters Dec. 5 has brought voluntary workers to meetings, Charles R. Carrington said this week, but what's really needed are the donors themselves.

Representatives of several Northville groups will meet again Thursday at the Veteran's Memorial Hall at 8 p.m. and voluntary help is needed to organize the drive.

The low supply of blood in the Northville bank has been cited again and again as being at a danger point. A community the size of Northville, said Mr. Carrington, should never drop below a minimum of 100 pints. The present supply could be wiped out quickly by a major accident.

Need Cited Earlier
The possibility of such a rapid depletion was mentioned by Dr. V. George Chabut, village health commissioner, in a report last month to the village commission. In many hospital and accident cases, he stated, fifteen to twenty pints of blood are needed.

A man recently released from a hospital in Northville required 27 pints of blood before his recovery became apparent. "Television, radio and poster advertising have hammered repeatedly on the need for blood by wounded servicemen in Korea," said Mr. Carrington, "and of course the boys over there need it most."

"But add that need to the local need for blood, and it's plain that a great many donors must register and show up at the Presbyterian Church, Dec. 5, before anyone can feel even a little bit safe."

Anyone wishing to register for donating blood may do so by telephoning Northville 284, between 8 a.m. and 5 p.m. or by phoning Mrs. William Forney a 353-M.

Proceeds from the game go into the Athletic Fund, which provided money two years ago to construct the electric scoreboard for varsity games on Ford Field. The Varsity will end its regular season in a game against Brighton at Ford Field, Friday night at 8:00, and will be seeking its fifth win. The Mustangs have won three and tied one.

turned the tables the next year, winning by the same score, and won again in 1951, 7 to 0.

Varsity or Junior Varsity players aren't eligible, but Gene Rebitzke and Lamar Nally are helping Jones with his team, and Al Iversen, Bob Schock and Bill Bailey are helping Kay to get his Kats into proper shape.

To date, the Rams are ahead with two wins. The Kats have won one game, the 19 to 7 decision in 1949. But the Rams

Rolling Down The River

by the PETZ BROS.

Well, one day a lady drops in this Studebaker Mart of ours and wants the boys in the back shop to do a winter grease and oil changeover on her car. Naturally, the lads make much haste in giving her this service, as we feature service around here at all times and besides she's pretty.

We personally think this is a wonderful opportunity to sell her a lovely new Studebaker in place of the '49 model she's driving. We mention how much good the car will do her and how much good we think she will do the car, so she tells us that flattery will get us nowhere. In fact, she even goes so far as to mention a five-year-old son of hers who succeeds in breaking the combination on the cookie vault. Taking the son by the hand, she leads him to the scene of the crime and says, "this looks like the work of a master bandit, a really clever job! See how efficiently and skillfully the robbery was committed."

"Flattery," says her pride and joy, "won't get you any place, I just ain't going to confess."

With us it's different. Especially these days when we're making such liberal trade-in allowances. Seems that all a fellow has to do is pat us on the back and walk out with an extra hundred or so. Of course we're selling cars, but for the life of us, we can't figure where the profit angle is. Better hurry right over and take advantage of the situation before we wake up. You'll be glad you did too, because you'll be driving America's finest motor car, the fast, powerful, economical Studebaker.

During the Studebaker Centennial we had booklets around the place about Studebaker's history. One fellow who reads all about this early history and their first smithy tells us of a blacksmith he knew happened to be elected mayor of the small town in which he lived. So at a band concert, he was honored by the chorus singing "The Village Blacksmith". He was greatly pleased, but before the concert was over, managed to get a word with the band conductor. "If you sing that song again," he requested, "please get in a verse about my repairing wagons and bicycles."

Not much sense in our asking that you bring the car around for a winter check-up, winter greases and a bit of winter anti-freeze. If you haven't done it by now, the boys will be around the first extra cold morning to haul the car in for a new engine block and radiator. Won't hurt though, to keep that motor expertly tuned. You'll be repaid in miles and miles of extra carefree, easier driving. Better have us check those brakes too.

That's that, but a local butcher tells us that now, with politics over his bologna sales have picked up. Guess people like it even when they have to buy it.

Yours,
BILL and WILL PETZ.

Search Conducted for Augustana Synod Affiliates, Members

A search is under way now for members, former members and adherents of the Augustana Lutheran Church.

A search is being conducted by Milton Bloomquist and Attorney U.S.A. Heggblom, of Detroit, to discover if it would be feasible to conduct a survey for such members in the northwest corner of Wayne County.

Mr. Bloomquist said that the Augustana Lutheran Church was known formerly as the Augustana Synod and that its official organ is "The Lutheran Companion", printed in Rock Island, Ill.

"At present we have church edifices in the Chandler Park area Berkley and Schaefer Road in Detroit," said Mr. Bloomquist, "but we would like to know if there are other prospects."

Interested affiliates should write Mr. Bloomquist at P.O. Box 56, Northville.

Dick Gunsell in Honor Society at Military School

Richard Gunsell, son of Mr. and Mrs. M. C. Gunsell, 900 West Main St., was recently re-designated in the Military Honor Society at Kemper Military School, Boonville, Mo., in a ceremony led by Lt. Col. W. W. Davis, and Capt. G. M. Powell. Only a small percentage of the corps is chosen for membership in the society.

Selection of an individual is based on his military scholastic standing, his leadership qualities as he has demonstrated them in the cadet corps, his general conduct record, and his over-all academic standing.

State Officers Set to Register Hunters

Preparations have been completed by the Michigan State Police and State Conservation department to register deer hunters who desire emergency message service during the hunting season.

As in the past, the service provides or delivering messages to hunters at their camps in the event of emergencies at home.

Likewise, messages are delivered to their homes if they are involved in accidents or become lost.

Hunters who desire to use this service should register with the State Police post or conservation headquarters nearest their camps. They also should inform their families of the station at which they will register.

Only messages of an emergency nature will be handled and the service is not offered where regular communications facilities are available.

State Police Commissioner Joseph A. Childs expressed the hope it would not be necessary to deliver messages to homes because of hunting accidents.

"Hunting accidents can be prevented by using care and caution in handling firearms," Childs said.

"Last year during the deer hunting season there were 62 Michigan gun fire casualties of which 13 were fatalities. The previous year there were 63, including 18 fatalities.

"Don't shoot unless you are absolutely sure no one is in the line of fire. Be especially careful when loading or unloading firearms. Keep firing mechanisms in the safety position until actually firing at game. No matter what position the firing mechanism is in and whether the firearm is loaded or not, never point it at any one."

Assembly Program Features Movie

A colored film entitled "Meet Outstate Michigan" was shown as an assembly program at Northville High School Wednesday. The film was a feature on the scenery and industry in the state, and was presented by the Consumers Power Co. through K. G. Sutherland, resident sales representative for the company. Edward Mollema made arrangements for the film.

Because of increased enrollment in high and junior high schools, students attend assembly programs in two sections, said Principal E. V. Ellison. The seventh and eighth grades attend one assembly, and grades nine through 12 attend another. The programs are usually identical, said Mr. Ellison, but are sometimes different for the two sections.

Boomerang, 49 Years Old, Links Village With N. Y.

A boomerang apparently 49 years old, and apparently once in the possession of Northville people, has been found in New York state.

Mrs. Kenneth Fricke, of South Seaman's Neck Road, Seaford, N. Y., wrote Nov. 8 to Postmaster Leland V. Smith to inquire if the original owner could be traced.

The boomerang—one of those

flat pieces of wood with a curve in it, and which is supposed to return when thrown—was found in a field by Mrs. Fricke's son, and is dated Aug. 28, 1903.

The only legible name of the four on the boomerang is "A. Coyle", although "Northville, Michigan" is plainly visible according to Mrs. Fricke.

The New York lady wonders if there is anyone in the village who has any knowledge of the circumstances surrounding the original throwing of the curio in her possession.

• Miss L. A. Ault

E. W. Stange of Mayfield Ave. has received notification of the death of his only brother, Laurence Stange, in California.

Mr. and Mrs. Robert Hunter and their daughter, Mary Margaret, from Detroit, were Saturday evening guests of Mr. and Mrs. Forrest Ault on Mayfield Ave.

David Buckingham of Norfolk Ave. spent last week end with relatives in West Branch.

Jackie, nine-year old daughter of Mr. and Mrs. Raymond Ackerson, Gull Rd., Farmington, has left Pontiac Hospital, where for some time she had been having a broken leg treated and is continuing convalescence at her home. The Ackersons are well known in this neighborhood, since they formerly resided on Hubbard Ave. and have a number of relatives in this vicinity.

Mrs. Walter Rehahn, Mayfield

Ave., was a dinner guest last Sunday of her nephew and niece, Mr. and Mrs. Lee Galloway of Garden City.

Mr. and Mrs. Tom Roberts and their three daughters, Beth Anne, Mary Lynn and Joan Ruth, from Monroe, spent last Sunday evening with Mrs. Roberts' mother, Mrs. M. E. Ault, on Mayfield.

Mr. and Mrs. Henry McMillan and her two sons, Terry and David, of Detroit were visiting the Reddys on Shadyside Ave. Sunday afternoon.

Mrs. Don Masters and her son from Wyandotte were Sunday guests of Mrs. Masters' parents, Mr. and Mrs. Ed Grant, on Farmington Rd.

Mr. and Mrs. James Weatherdon and son were visiting with Mrs. Weatherdon's father, F. Broquet, on Norfolk Ave. last Sunday afternoon.

Recent guests of Mr. and Mrs.

John Varhol on Shadyside Ave. were the latter's cousins, Mr. and Mrs. William Rowe, from Traverse City, and her aunt, Mrs. Hyke from Dearborn. The meeting was in the nature of a most joyful reunion since Mrs. Varhol had not seen her Traverse City relatives for more than 25 years.

Miss Nancy Varhol, who has been suffering from a badly sprained arm, is now very much more comfortable and returned to school this week.

Mrs. V. C. Reddy of Shadyside Ave. accompanied Mrs. Ira Magner on a visit to St. Joseph's Mercy Hospital, Pontiac, Wednesday afternoon. Mr. Ira Magner is still a patient under observation at the hospital.

Mrs. Austin Ault, Mrs. Albert Owen, Mrs. Ralph Voorhies and Mrs. Norman Gedig were all luncheon guests Thursday of Mr. and Mrs. George Throne, near Ypsilanti.

Bill Soos, who for some time has been serving in Korea, has notified his parents, Mr. and Mrs. Soos of Shadyside Ave., that he will soon be home for a visit.

Mrs. and Mrs. Emerson Ault of Mayfield Ave. were dinner guests Thursday evening of Mr. and Mrs. Robert Hunter in Detroit.

Mr. and Mrs. Albert Owen, Mr. and Mrs. Austin Ault, Mr. and Mrs. Ralph Voorhies, Mr. and Mrs. Norman Gedig, Mr. and Mrs. George Throne, Mrs. Virginia Oman and Miss Ruth Ann Oman were all dinner guests Thursday evening of Mr. and Mrs. Loren Read, South Lyon.

Mrs. Anna Currie of Detroit called on Misses Lora and Freda Ault on Shadyside Ave., Saturday morning.

THE BIG YEAR FOR DUCKS

This is the year the duck hunters will be talking about for a long, long time. Some say the best in 15 years, others are more conservative, but all agree there are more ducks and more shooting in Michigan this year. Research has proved that the greatest single influence on year to year variations in duck hunting success is the weather. And the next most important element is the system of hunting regulations set up by the federal government whose job it is to control the shooting of migratory fowl.

Duck's Life is a Short Life

Professional and amateur ornithologists have been banding ducks on a gigantic scale in North America—and surprisingly enough the return of the bands has been very gratifying. Hunters are interested in the past life history of the ducks they shoot, so they return the bands and get the related information. Thanks to the banding, duck mortality can be studied, and from these studies the Fish and Wildlife service has a pretty good lineup on the life of a duck, which is a little on the short side. In the Mississippi flyway upon which Michigan is located, the mortality for adult mallards is about 50% per year. In other words half the total mallard population lives from one year to the next. The other half dies from natural causes or from hunters' guns.

A University of Wisconsin survey has proved still more about mallards. Ducks of this species raised in captivity and turned loose in the

fall have a much poorer chance of living thru the hunting season than their wild cousins. A female mallard's nest contains an average of 8 eggs. An average of 7 ducklings will hatch, and 5 will survive until they're ready to fly. By the time the hunting season has ended there's just one young bird left for each adult—just right for maintaining the population.

Redheads Take a Beating

Redhead ducks catch it worst from the hunters. They are the last to leave the nests in the spring and are consequently immature when the hunting season starts, and as much as 45% are felled by gunners. Predators and disease take another 35%, which doesn't leave much of a seed stock yet the redheads come thru in goodly numbers each year.

Flight Habits Change

Here in Michigan strange things are going on along the duck highways in the sky. Saginaw Bay got off to a good start as did most of the state. While other sections held up well, the ducks began to bypass the Bay area. In a survey the last week in October, only 42,000 ducks—many of them mergansers—were counted in Saginaw Bay. At the same time Lake St. Clair, and the lower Detroit River gave harbor to 420,000 ducks of all kinds, which of course means good shooting where the pressure is greatest and a correspondingly heavier kill.

It all goes to prove that ducks are doing their share in '52 to make top sport for hunters in Michigan Outdoors!

wood Ave. is spending the week end with her uncle and aunt, Mr. and Mrs. Loren Read, near South Lyon.

At the voting precinct, which was the court room on Seven Mile Rd., near Farmington, Tuesday, 35 minutes is reported to have been the shortest time anyone stood in line. Most of us were on our feet exactly one hour and forty minutes.

William Soos, who for some time was laid up with an injured back at his home on Shadyside Ave., is now greatly improved, and hopes to return to his employment shortly.

Mr. and Mrs. George Ring of Detroit called at the home of the latter's parents, Mr. and Mrs. John Varhol, on Shadyside Ave. Thursday evening.

The W.S.C.S. of the Livonia Methodist Church held an all-day

sewing meeting at the home of Mrs. Fred Nickles of Merriman Rd. Wednesday, Nov. 12, they are visiting the Methodist Old Folks' Home at Chelsea.

Mrs. Frank Gould reports that Halloween pranksters did so much damage on the premises of her Farmington Rd. home that a con-

siderable amount of money will be involved in repairing and replacing. Fortunately, in this particular section, few instances of this sort, occurred.

Last Monday, Mrs. A. R. Oldham of Farmington Rd. entertained her Rug Club, composed of the most part of Eastern Star ladies from Farmington and near by. At luncheon time a lovely cake, honoring the 84th birthday of "Grandma" Bradley was served. Mrs. Bradley then received a shower of congratulatory cards.

Mrs. William Griffith of Dearborn spent a few days of last week with her mother, Mrs. E. W. Stange, on Mayfield.

Mrs. Herman Schult of Shadyside Ave. visited her son, Pvt. Alfred Schult, in Camp Custer last Sunday. Early this week the young man was transferred to Ft. Knox in Kentucky. On the trip to Ft. Custer, Mrs. Schult accompanied the Eckmans of Farmington Rd. who visited their son, Pvt. Ed Eckman.

Mr. and Mrs. Roy Standish of Ypsilanti were recent visitors at the home of the former's sister, Mrs. Herman Schult, on Shadyside.

A six pound, 11 ounce daughter, Kathleen Elizabeth, was born on Tuesday, Nov. 4 to Mr. and Mrs. William Dixon of Shadyside Ave.

Mrs. George W. Sandau of Hubbard Ave. was hostess at a most enjoyable "Stanley" party Wednesday afternoon. Guests included several ladies from Detroit. Mrs. Virginia Fulkerson of Dearborn directed activities. Dainty refreshments came at the close.

Mrs. Charles A. Armstrong of Mayfield Ave. spent Friday with old friends in East Detroit.

Freda Ault of Shadyside Ave. called on Mr. and Mrs. Charles

Haas near Redford Thursday evening. Mrs. Haas is convalescing from a very serious attack of the flu. Mr. Haas has also been ill with the same disease.

Mrs. V. C. Reddy, Mrs. Ira Magner and Mrs. Cecil Willett were among the local women in attendance at the Torch Drive luncheon held at Dearborn Inn Wednesday.

Mr. and Mrs. Stanley Chavey and their niece, Miss Joanne Craig, of Mayfield Ave. and Mr. and Mrs. Cecil Willett and their daughter, Joanne, also of Mayfield, are spending the week end hunting in northern Michigan.

Mr. and Mrs. J. H. Smith of Windsor were dinner guests of the Stuart Shauflers, Farmington Rd., last Sunday.

Little Miss Janet Schult of Shadyside Ave. was ill with an ear infection part of this week. A "copper party" held at the home of Mrs. Fred Pollakowski, Tuesday.

Woodring Ave., Tuesday evening, was quite a success. About a dozen local ladies enjoyed the affair.

Miss Carol Lee Shaufler and Miss Donna Schmidt were both inducted into the Rainbow Girls in Plymouth last Monday evening.

Mr. and Mrs. Howard Wilcox of Battle Creek were guests last week end of their daughter, Mrs. Robert Kellogg, and her family, on Filmore.

Miss Judy Tucker, former resident of this community but now of Detroit, was recently visiting with Mr. and Mrs. Sofus Persson on Filmore.

Mr. and Mrs. Francis Wagner of Westmore Ave. spent last Sunday with the latter's parents, Mr. and Mrs. George Robbins, in Detroit.

Mrs. John Stoughton opens her home on Woodring Ave. for a King's Daughters luncheon next Tuesday.

ever designed!

IT WORKS FULL-TIME! The kind of power steering you can have in the stunning new Chrysler for 1953 works for you all the time... unlike some other types of power steering which aren't effective until you exert up to 7 lbs. pressure on the steering wheel!

IT'S SAFER! On rough roads, soft shoulders, loose gravel, or in the event of a blow-out, Chrysler's full-time power steering gives you complete control of your car at all times. Hydraulic power helps you turn... lets you hold a true, steady course with a constant, predictable "feel" to the steering wheel. And with far less fatigue, no matter how long the trip!

IT'S EASIER! 85% of the steering effort is taken off your hands, substantially more than with any other type of power steering. Even when the car is standing still, you can actually turn the wheel with one finger. A real boon in traffic... on hard-to-negotiate driveways... or when parking!

D.A.R. Members to Hear Mrs. T. Navin

Mrs. Thomas Navin, state chairman of D.A.R. approved schools, has been scheduled as the guest speaker for the "Guest Day" program of the Sarah Ann Cochran chapter of the Daughters of the American Revolution. The meeting will be held at the home of Mrs. David Mather of Park Place, on Monday, Nov. 17 at 1:00 p.m.

Mrs. Navin's talk will be centered around facts and statistics concerning the Kate Duncan Smith D.A.R. School in Grant, Ala., and the Tamassee D.A.R. School in Tamassee, S. C., which have been established and are owned and operated by the Daughters of the American Revolution.

Mr. and Mrs. James Ryan and daughter, Mrs. Paul Hadley of Banning, Calif. were guests at the Dr. E. B. Cavell home last week.

Parents Reveal Troth of Hazel Hammond

Mr. and Mrs. C. Oscar Hammond of 511 North Center St. announce the engagement of their daughter, Hazel, to Howard Wright, son of Mr. and Mrs. William J. Wright of Livonia.

The young couple have set December 13 as their wedding date and the ceremony will be solemnized at the First Methodist Church in Northville.

The bride-elect is a graduate of Northville High School, Class of 1951 and is employed at the C. Harold Bloom Insurance Agency.

Linen Shower Fetes January Bride-Elect

Last Sunday afternoon Mrs. John K. Nelson of West Seven Mile Rd. was hostess to a linen shower honoring Betty Lorenz of Plymouth, January bride-elect of Jerry Nelson.

Following an afternoon of games and entertainment, refreshments were served by the hostess.

Mrs. Sarah Lewis of 112 East Dunlap St. and Noble P. Lewis of Stuebenville, Ohio, announce the engagement of their daughter, Ruth Anne to Richard C. Ritchie. The bride-elect, who graduated from Toronto High School last June, has made her home in the village for the past several months and is currently employed by the Barnes, Gibson and Raymond Division in Plymouth.

Dick, who is the son of Mr. and Mrs. J. R. Ritchie of East Main St. is a Navy veteran and graduated from Northville High School. No date has been set for the wedding.

Mrs. Geraci Slated for Nov. 21 Telecast

Due to a change in program arrangement, the telecast, "Hello Girls" on which Mrs. Samuel Geraci was scheduled to appear Nov. 12 has been set forward to Friday, Nov. 21.

Mrs. Geraci who lives on Clement Rd., will demonstrate reweaving of the tailor's patch as part of the Wayne County Home Demonstration Council's participation in the program at 12:30 p.m., Channel 7.

Eight Women Enroll As Leader Trainees

The second week of the introductory training course for Girl Scout leaders is now underway with eight trainees enrolled.

Mrs. Fran Jennings, Girl Scout education chairman, urges all troop committee members to be present at 10 a.m. Tuesday, Nov. 18 to view slides on "Troop Committees at Work".

Original plans called for an outdoor course to be held Nov. 20 at Camp Holly, but the location of the final session has been changed to the home of Mrs. Alec Lawrence on Meadowbrook Rd.

OLV Altar Society to Elect '53 Officers

The Altar Society of Our Lady of Victory Church will meet Wednesday, November 19 at 7:45 p.m. at the Church Hall for a business meeting followed by election of officers for the coming year.

Refreshments will be served upon completion of the business session by Mrs. Maxwell Austin, hostess, assisted by Mrs. Arthur Heslip and Mrs. Lee Heaton, co-hostess.

"Old Oaken Bucket" Reviewed at Garden Club Meeting Mon.

The Northville Branch, Michigan Division, of the National Woman's Farm and Garden Club were entertained for a dessert luncheon and business meeting last Monday afternoon at the home of Mrs. M. J. Hoysradt of Waterford Rd.

Highlight of the session was a review of "The Old Oaken Bucket" by Bellamy Partridge, which was presented by Mrs. J. G. Clemmons of Detroit. The speaker's choice was especially apropos and amusing because of its many references to garden clubbers.

Assisting Mrs. Hoysradt as co-hostesses were Mesdames H. D. Tuck, Lee Heaton, Charles Altman, H. G. Marburger and Mrs. Frank LeBorick. Presiding at the tea table were Mrs. Orson Atchinson and Mrs. Fran Jennings.

The club received Mrs. Raymond Stillson into their membership. The group is planning their December meeting in the nature of a Christmas party to be held at the home of Mrs. George Price on North Center St.

Mrs. McLean Feted at Luncheon Tuesday

Mrs. Fred E. Collins was hostess at a luncheon Tuesday afternoon at her home on East Cady St. honoring Mrs. W. F. McLean who recently moved to the Village.

Ladies who gathered to meet Mrs. McLean were Mesdames J. P. Malley, William S. Walker, Jr., Herbert Brown, David Hurd Clark, John Haller, Gerritt Rooks and daughter of the honored guest, Mrs. Wayne J. Wilcox.

Birthday Dinner Set for Nov. 18

The annual birthday dinner of the Wesleyan Service Guild will be held Tuesday, Nov. 18 at the Methodist Church House.

Mrs. Glenn Frye, who has traveled extensively visiting the missions in China and Japan will be the guest speaker.

All members who have not made reservations as yet are urged to do so immediately by calling Mrs. Lucile Sechin, phone 908-W12.

Lutheran Ladies to Hold Aid Meeting

The St. Paul's Lutheran Ladies Aid meeting will be held Nov. 13 at 1:30 p.m. at the Parish Hall. The major issue of the session will be nomination of officers which will serve for the ensuing year. All members are urged to be present for this important meeting.

Mrs. Alex Johnson and Mrs. Arthur Janetzka are co-hostesses for the afternoon.

Scout Building Open During Lunch Hour

Upon the recommendation of Principal E. V. Ellison and Theresa Duchesneau, secretary of the Northville High School Student Council, the Northville Recreation Committee agreed Tuesday to keep the Scout Building open week days during noon hours, from 11:30 a.m. to 1:30 p.m.

Activities will be under the supervision of student council representatives assisted by an adult. Students may dance upstairs and the basement will be reserved for varied activities, such as ping-pong, pool, etc.

Students will be glad to know that the snack bar will be open for light lunches.

Better Than Plain

133 WEST MAIN ST. NORTHVILLE

Scope of Hobby Classes Meets Varied Interests

In view of the varied interests and diversified talents of Northville folks, the Village Recreation Department under the direction of Wilson Funk is planning one of the most well-rounded hobby programs offered in this area.

Briefly scanning the list, it may be noted that hobbies varying from needlepoint to archery are scheduled for group participation classes or private instruction.

The following is a catalogue of available hobby classes now open for the fall and winter season. We suggest you clip it out and file it for future reference.

Ceramics

Mrs. Mable Stenson will conduct afternoon and evening classes once each week in the ceramic studio in her home at 9011 West Six Mile Rd. Figurines, name place cards and pottery are examples of the myriad items students may fashion. Mrs. Stenson's phone number is 1230-J2.

Needlepoint

If you have a yen for needlepoint, phone for private instructions or join classes held at the Scout Building each Tuesday afternoon at 1 p.m. under the supervision of Mrs. Marguerite Hartner of 416 Plymouth Rd. Phone 1282. Beginners only will be accepted as it requires just three or four lessons to accomplish the technique.

Oil Painting

Villagers with a flair for oil painting are fortunate to have available professional instruction in the person of Mrs. Marion Sobner of 19061 Sheldon Rd. Mrs. Sobner will conduct a class at her

home studio Monday evenings at 7:30 p.m.

Leather Carving

Classes for beginners and advanced students in special cowhide technique applied to handbags, belts, etc. will be taught by Mrs. Marion Beitz at her home at 19645 Gill Rd. Her phone is Farmington 1577-R3.

More Hobbies Listed

In addition to these specialized classes, beginning and refresher courses in typing are offered each Wednesday evening at 7:30 p.m. in the high school.

Archery classes are held each Wednesday evening at 8:00 in the Recreation Building and instructions in leather tooling are given each Wednesday at 7:30 p.m. in the basement of the Recreation Building.

For the men, an organizational class in shop which includes training in wood working, furniture refinishing and metal lathe work, will be held Tuesday evening, Nov. 18 at 8 p.m. in the Scout Building. All men interested in this profitable hobby are urged to attend.

Profiles

Profile silhouettes are prominent in the millinery picture to look best with new costumes. Helmets and toques are also popular, while pillboxes are rounded in feeling. Contrasting color and fabric combinations are used extensively.

Nylon Net

Nylon net is being treated in most interesting ways for those dressy dresses. One of the newer seen is a design of spider webs in velvet over nylon.

Military Funeral Saturday for Cpl. Richard W. Arndt

A military funeral was held Saturday afternoon, Nov. 8 for Cpl. Richard W. Arndt at the Casterline Funeral Home at 2 p.m., with burial later that afternoon at the White Chapel Memorial Cemetery on Long Lake Rd. near Birmingham.

Cpl. Arndt, 20, the son of Mr. and Mrs. Oren Elwell of Northville, was killed in action Aug. 13

while serving with the First Marine Division in Korea. His body was returned to Northville under escort by M/Sgt. William Hobb, of the Marine Corps.

The services at the funeral home and at graveside were read by the Rev. E. E. Rossow, pastor of St. Paul's Lutheran Church. Members of the Lloyd H. Green

Cpl. Richard W. Arndt

Post 147 of the American Legion acted as pallbearers and color guard and a Marine Corps honor guard from the Grosse Ile Naval station saluted their comrade at the funeral home and at graveside.

Charles Murphy, acting Chaplain for the Legion, also conducted a brief graveside ceremony as the Legion's tribute to the young Marine.

Close survivors, besides his mother, are two sisters: Mrs. Doris Hyde, of Garden City, and Mrs. Mary Jane Davis, of Ypsilanti, a brother, Robert, of Wayne, and other relatives in Northville and surrounding area. Cpl. Arndt was the grandson of the late G. B. Starr.

Pupils Enjoy Second Observatory Visit

Pupils of Miss Gertrude Martin's sixth grade class took their second trip to the observatory at the University of Michigan last Friday evening where they learned about the aurora borealis by slides and actual experiments.

After viewing the planet, Jupiter, and several of its moons and other stars and constellations, several pupils were so taken up with the study that "they want to become astronomers," Miss Martin said.

News Around Northville

The F.O.E. Auxiliary will hold their regular meeting Nov. 13 at 8:30 p.m. at the Veterans' Memorial Hall.

All members of the Pilgrim Shrine are urged to be present at the meeting scheduled for Monday, Nov. 17 at 7:30 p.m. in the Plymouth Masonic Temple. A social hour is planned following the business session.

It appears that the annual exodus to the great north woods has begun for local nimrods. Orlov Owen and Dr. E. B. Cavell left Wednesday for a stay at the Owen camp at East Tawas with high hopes of venison steaks on the table soon. Chuck Altman, Jr. of River St. left today for Sunny Lake Ranch, Glenne, Mich., to get his deer.

The Frank L. Billmans of East Main St. accompanied by friends from Detroit, enjoyed several days' bird hunting at Cheboygan last week. It seems that a roast partridge dinner was their prime objective, but no luck.

Dr. V. George Chabut, Village Health Commissioner, addressed the mothers and teachers of the Northville Pre-nursery school group last Monday, discussing "Communicable Diseases."

The Past Matrons of Orient Chapter will meet at the home of Mrs. Howard Atwood of 121 High St. for a 12:30 dessert luncheon Wednesday, Nov. 19.

Clark's lay-a-way plan for toys and gifts is now available for Christmas shoppers. 18-29

Mr. and Mrs. Edwin Langtry of Thayer Blvd. are planning to attend the Michigan-Purdue football game Saturday in Ann Arbor.

Attending the performance of "Madame Butterfly" of the New York City Opera Company at the Masonic Temple Saturday were Misses Diana Lance, Florence Fanatoni, Florence Keith, Margaret Sours, Eleanor Peeke and Miss Ruth Knapp.

Mr. and Mrs. Jim Spagnuolo of East Main St. attended the wedding of their cousins in Lansing last week end.

Miss Ruth Knapp, R.N. attended a reunion banquet Friday evening at the Detroit Leland Hotel for all doctors, nurses and officers who were stationed at the U.S. Base Hospital No. 17 in Dijon, France during World War I. Miss Knapp told us that during her visit abroad last summer, she made a point of visiting Dijon.

We're very happy to hear that Mrs. Carl Ely of South Center St. is making a satisfactory recovery from major surgery undergone Nov. 4 at University Hospital in Ann Arbor.

Mrs. N. E. Allison of First St. accompanied by her daughter, Mrs. F. L. Doren of Randolph St. and son, Don Hamilton of Butler Ave., spent the week end at Portland, Ind. where they visited the former's mother, Mrs. Anna Whitacre, who is in the hospital with a fractured hip. Friends of the 89-year old lady will be glad to know she is coming along fine.

Mr. and Mrs. George Weiss of Grace St. met their friends, the Stewart Dicksons of Ithaca, N.Y. for a bit of friendly rivalry at the Michigan-Cornell football game at Ann Arbor last Saturday.

The William G. Williams of Eaton Dr. were guests at a housewarming party Saturday evening, honoring Mr. and Mrs. William Radak of Melvindale. The Radaks have made many friends in the village through their musical associations with the Northville Presbyterian Church.

Milton Bloomquist of South Center St. returned this week from Grand Rapids where he attended a sub-committee meeting of the International Luther League Steering Council of which he is a sectional chairman. This council is sponsoring the "Freedom Conference" in Boston, Mass. next year.

Mr. F. J. Cochran of East Eight Mile Rd. left Thursday for Burbank, California where he expects to spend the winter months.

Word has been received from A. I. C. Douglas E. Howes that he will soon be leaving for Japan after spending last month on furlough with his parents in Dearborn and friends in the surrounding area.

We regret to hear that Peter Stenoff of West Six Mile Rd. is a patient at the University Hospital, Ann Arbor.

Sunday afternoon visitors of the J. R. Connors of Novi Ave. were Mr. and Mrs. Noah Robinson and Mr. and Mrs. Jack Rippey of Wayne, and Mr. and Mrs. Dewey Mays and daughter of Pontiac.

Mr. and Mrs. L. J. Vici of Birmingham and Mr. and Mrs. F. James Vici of Detroit were Sunday guests of Rev. Lucia M. Stroh of Salem.

Don't forget the annual feather party sponsored by the American Legion to be held at the High School Gymnasium at 8:00 p.m. next Wednesday, Nov. 19. Donation \$1.00.

Mrs. Audrey Small of Topeka, Kansas visited a few days in the village last week as guests of Mr. and Mrs. Daniel MacDermid and Mrs. Vera Small enroute to joining her husband, Cpl. Duane Small in London, England.

The Roy Terrills of West Six Mile Rd. returned this week from a two weeks' motor trip through several southeastern states.

Mrs. E. J. Willis of Rayson St. attended the breakfast following the mass of St. Francis Guild on

Wednesday, when Rev. Father John C. Ryan, director of Christian Doctrine spoke on "Women and Their Places in the World Today."

The Women's International League for Freedom and Peace will have a buffet supper at 6:30 Thursday, Nov. 13 at the home of Mrs. Clara Dickerson, 9571 Summit St., Salem. Highlighting the evening's program will be moving pictures of India.

Mrs. Jack Stovall (nee Jean Freydl) and three-month old daughter, Kristie, arrived by plane at Willow Run Airport last night from Great Lakes Naval Training Center, Ill. Jack hopes to join her on leave sometime after Nov. 15.

Mrs. Nellie Freydl left Sunday for Portsmouth, Ohio for a visit with her granddaughter and family, Mr. and Mrs. Richard Brunner (nee Betty Barry).

Word has been received that Pvt. Charles Freydl has been assigned to the 36th Machine Records unit at the Seventh Army Headquarters at Stuttgart, Germany.

We hear that Mrs. Ida M. Cook is convalescing satisfactorily at her home on Seven Mile Rd. after a 12-day stay in Sessions Hospital. Her sister, Mrs. Flora Maloin of Detroit spent a few days with her last week.

A group of friends surprised the Ernest Leggett of West Seven Mile Rd. with a party observing their 25th wedding anniversary Sunday.

Seaman Jerry Freydl arrived home on leave from the Great Lakes Naval Training Center last Tuesday. His parents, the Frank Freydls of East Seven Mile Rd., tell us that he will return to the base next Tuesday and then go to Norman, Okla. for Navy airman training.

The Ethel Seeley Circle will meet Thursday, Nov. 13 at the home of Mrs. Robert Golts of 16750 Meade Rd.

"Light Up The Land", a production written and directed by Rev. Father Daniel A. Lord, will be staged at the University of Detroit Memorial Building on Saturday, Nov. 15 at 8:00 o'clock, and will continue through Nov. 25.

Mr. and Mrs. Ernest Leggett of West Seven Mile Rd. were entertained at dinner Wednesday by Mr. Leggett's sister and husband, Mr. and Mrs. Jack Juergens of Detroit, in honor of the Leggett's 25th wedding anniversary.

The first production of the Marygrove College children's theater, which will be "Little Red Riding Hood", will take place Nov. 15 through 23 in the campus auditorium at 2:30 p.m.

BIRTHS

It's a boy for the Carl Longabardis of Long Island, N.Y. Little Harry Gennaro, who weighed four pounds, fourteen ounces, was born Oct. 24. His mother is the former Marilyn Goza. The Longabardis also have a daughter, Felice Ann.

Congratulations to Mr. and Mrs. Harold Mogridge of East Eight Mile Rd. on the arrival of a son, Jon Christopher, born Oct. 30 at Sessions Hospital. Jon's birthweight was eight pounds.

Mr. and Mrs. Fred Brockmiller, Jr. of South Lyon are the parents of a baby girl born Nov. 9. The baby weighed nine pounds and ten ounces.

Final Shots Given to 27 Grade Children

The third and final toxoid inoculations were given today to 27 grade school children and three high school students were vaccinated, according to Miss Ruth Knapp, school nurse.

The toxoid shots which were given in a series of three injections, are preventatives against whooping cough, tetanus and diphtheria, and were administered under the direction of Dr. George V. Chabut, Village Health Commissioner, several nurses of his staff, and Miss Ruth Knapp, the school nurse. Several representatives of the Mothers' Club and PTA volunteered to assist with the young patients.

Appeal for Radio Gets Fast Results

It didn't take long for villagers to respond to the search of Mrs. Oscar Hammond for a radio.

She wanted it to ease the long hours of recuperation for a veteran who is a tuberculosis patient at Eastlawn Sanatorium, and asked for the radio through the columns of the Record last week.

Mrs. Irwin Richter of E. Seven Mile Rd. gave the radio and it was delivered to Arbor Brown at Eastlawn. The radio will do multiple duty, said Mrs. Hammond, for Mr. Brown is in a ward with several other veterans who will also enjoy the gift.

Response Gratifying

The response to the plea was very gratifying, Mrs. Hammond said. Several offers were made, and they'll be put to good use. They'll be given to other veterans who will enjoy the added entertainment in Maybury and Eastlawn Sanatorium, institutions for which Mrs. Hammond is Rehabilitation Chairman for the Auxiliary of the Lloyd H. Green

Post 147 of the American Legion. The Auxiliary aids veterans in other ways, too. Members met at the Veterans' Memorial Hall following the Armistice Day breakfast Tuesday and packed 135 boxes of cookies, candy, fruit and other items which they delivered that afternoon to veterans at Maybury and Eastlawn.

In addition to the year-around birthday gift program carried out by the Auxiliary, the group collaborates at Christmas time with two Auxiliary units of Plymouth, Redford Township and Farmington units in presenting each veteran at the sanatoriums with gifts of three dollars in value. This is a carry-over practice of the "Gift for Yank" program sponsored by Eddie Cantor during World War II.

Easy Rinsing

Spray attachments make rinsing easy, use less water, if that is a factor. They should be rinsed immediately so that soap doesn't streak them.

Accidents in State Are Decreased, But Deaths Rise

Michigan's September highway fatality toll reached 191, a daily average of more than six and 33 more than were killed during the same month last year. It also was the highest toll of September traffic deaths since 1937, when there were 202.

Despite the sharp fatality increase, injuries and accidents were both down compared to September of 1951, according to the State Police monthly statistical report.

Injuries decreased 301, or seven per cent, 4,257 under 4,558 and accidents decreased 1,992, or 14 per cent, 12,104 under 14,096. The decreases were in both rural and urban areas while the fatality increase occurred on rural trunklines.

Michigan's traffic record for the first nine months of this year includes 1,236 deaths, 34,856 injuries and 115,394 accidents. The deaths increased 35, or three per cent over 1,201 for the same period in 1951. Injuries decreased 1,108, or three per cent, under 35,954 and accidents decreased 10,626, or eight per cent, under 126,020.

Estimated mileage for the first eight months, the latest information available, was 15.96 billion miles. This was a decrease of less than one per cent under the 16.06 billion miles for the same period in 1951. The death rate was identical for both periods, 6.5 per 100 million miles of travel.

Alarm Clock Ends Leisurely Pace Once Set by Men

The first alarm clock, patented 76 years ago, marked the beginning of modern man's slavery to time and the end of "Sorry, I overslept," as the perfect excuse for being late in the morning.

The average day of the average man today is regulated by clocks and watches of every kind and description, including wall and mantel clocks and grandfather and even grandmother clocks.

He lives by schedules and deadlines and appointment from the moment he awakens in the morning to the shrill sound of the alarm going off to the moment he falls into bed at night as winded from his race against time as a distance runner.

If he is a factory worker, he worries about time clocks. If he is a commuter, he worries about train time. If he is a traveling man, he keeps gaining and losing time as he goes from one part of the country to another.

And if he is a scientist, he has about a half-dozen kinds of time on his hands, including astronomical, mean, solar, sidereal, and standard time.

It will be hard for him to believe this, but there was a time during the Stone Ages when there was no "time," in the sense in which it is known today.

History research experts for "The Book House For Children" tell us that even thousands of years later, most ancient peoples were satisfied with dividing the passage of time during a single day into four parts defined by sunrise, sunset, midnight, and high noon.

Then, after inventing the calendar, the Ancient Egyptians got the idea of dividing the day into twenty-four parts, or hours. According to archaeological finds about 1400 B.C., they had water clocks that "measured out" the twelve hours of the night and sundials and shadow clocks that "measured off" the twelve hours of the day.

Folks were pretty well satisfied with his arrangement for hundreds of years until Ptolemy of Egypt came along about 300 B.C. and further divided each hour into sixty minutes and each minute into sixty seconds, adapting to "time" the money-counting system of the Ancient Babylonians who counted by sixties instead of by tens—60 shekels to a mina and 60 minas to a talent.

However, full credit for invention of the split-second schedule goes without quibble or qualification, to modern man.

Preventing Rancid Odor

A pastry brush must be boiled often to prevent it from becoming rancid.

Carrots, if you select small whole ones, make a nice vegetable for dinner when dipped in milk and rolled in crushed cereal flakes. Fry them until crispy, golden brown.

Mustang Gridders Slip by Oxford 7 to 6 in Game at Ford Field Friday

The slim margin of an extra point kicked from placement by Jurgen Bonnet, German Exchange student attending Northville High School, separated the high school football team from defeat last Friday night. The Mustangs slipped by Oxford High School by a score of 7 to 6 at Ford Field.

The Northville team scored its touchdown on the first play of the second quarter on a pass up the middle from left halfback Bob Burgess to right halfback Don Johnson, who stepped across the goal line unmolested for the score.

The TD climaxed a drive which began on the Northville 39-yard line after Burgess had run an Oxford punt back to that point. The Mustangs got a first down on the first series of plays when they gambled and sent fullback Lamar Nalley up the middle on fourth down. A measurement gave them a first down, then a five-yard offside penalty on Oxford and a pass in the flat from Burgess to Nalley gave them another on the 15. Burgess carried to the 13 and passed to Johnson for the tally.

Bonnet's extra point try made the score 7 to 0 in favor of Northville, where it stayed until the last quarter when Weeder, Oxford's fullback, punched over from the three-yard marker to register Oxford's lone six points.

Determined to keep the advantage, Northville linemen and linebackers, led by Bob Wilson, broke through to block the extra point kick.

The Mustangs found their ground attack stymied in most of the game and turned to an aerial attack, with Burgess generally doing the throwing, but with Bill Sullivan alternating in the passing slot.

Northville got another chance to score after the Oxford touchdown, but lost the ball when a fourth-down pass from the 14-yard line was incomplete.

Nally had punted out of bounds on the Oxford 21-yard line, and with little more than three minutes left in the game, Capt. Al Iversen charged through to cover an Oxford fumble on the 12. A fumble and a 15-yard penalty on Northville for illegal use of the hands squelched the scoring attempt and the Mustangs surrendered the ball finally on the 14-yard line.

Beaver Controversy in Michigan Subject Of Study by Wayne U. Biology Students

Inspecting a mounted beaver and a typical beaver-cut tree trunk and chips are Wayne University coeds Marilyn Hilborn of Grand Rapids (left) and Alice Mort of Lansing.

Much has been said and written—mostly untrue—about the remarkable feats of engineering performed by the Castor canadensis michiganensis—Michigan beaver. This rodent played an important part in the early exploration and settlement of North America including the State of Michigan.

Biology students at Wayne University in Detroit have been "busy as beavers" studying some curious facts about this animal. Although beaver spend much of their time in the water, they are strict vegetarians. Their diet consists of everything available in the way of twigs and bark. In Michigan, beaver are partial almost completely to the twigs leaves and bark of the aspen.

Beaver skins were at one time exchanged as stable currency over half the continent. The long exploitation by fur trappers and traders, however, brought about the necessity for an extended closed season for Michigan beaver trappers in 1920.

There has been some controversy as to the desirability of this animal in Michigan's wildlife conservation program. Many pro-beaver advocates maintain that beaver do not destroy anything of value and that protecting them improves fishing, conserves water and generally aids in the wildlife and conservation program.

However, those with less sentiment for the "hard-working beaver" and a more factual point of view claim that this animal should not be protected because it causes the blockage of streams, hinders the migration of fish, floods out forests and shade trees in recreational areas, and destroys ornamental trees.

According to Dr. Charles W. Creaser, chairman of the Wayne University biology department, if the water is too cold for fish growth, a beaver pond will help in trout production. If the water is warm, a beaver dam may make it unfit for trout.

Fishing in the beaver dam regions is usually improved for about a year. Then when the otter and mink settle on the beaver pond, the fish are almost completely wiped out since they cannot migrate to other waters.

Under Michigan conditions, a beaver cuts an average of from 200 to 300 trees per year. Not being the keen foresters many people think they are, beaver waste a considerable proportion of their work by falling one tree into another or, what is more common, by failing to utilize the trees they cut. They destroy a lot of small growth as well as large timber. White birch, small Norway pine, small maple and tamarack are cut by beaver when in need of material for a dam. Second growth of cedar spruce, balsam and tamarack is prevented in the areas flooded by beaver.

Beaver dams located at the outlets of large lakes and streams conserve these waters only temporarily. When rainfall is low in the area of the small streams and lakes, the dammed-up water becomes dirty, discolored, and stagnant. Beaver then look elsewhere for more water.

The extent of the beaver's influence, good or bad, upon an area depends on the local conditions—the nature of the stream and surrounding environs, Dr. Creaser says.

Ellison to Attend School Meetings

High School Principal E. V. Ellison and other principals in this area will go to Michigan State College's Kellogg Institute Nov. 18 to attend a discussion group meeting on freshmen problems at the college.

On Wednesday, Nov. 19, Superintendent Russell H. Amerman will join him in talking with Northville's seven freshmen at the college. That evening there will be a discussion and meeting of the North Central Association of

Secondary Schools and Colleges. Mr. Ellison will attend the annual meeting of the High School Athletic State Association at the Pantlind Hotel in Grand Rapids Thursday, and spend Nov. 20 and 21 in sectional meetings concerning secondary schools.

Christmas Lighting Program Cancelled by Plymouth Chamber of Commerce

A Christmas light "blackout" was forecast last week by the Plymouth Chamber of Commerce as it officially cancelled its Christmas lighting program in Plymouth.

Plagued by lagging interest and lack of funds, the six-man Christmas Lighting committee voted unanimously to return some \$1600 in checks to merchants and businessmen contributors starting sometime this week. That amount represents less than half of the goal set.

Seeking \$3,800 to meet the cost of stringing the "twinklers" up and down Main St., the Chamber warned several weeks ago that if the goal was not met, lights and decorations pegging the Noel season would not be put up in Plymouth.

The Chamber still has a \$1,600 Christmas lighting deficit from last year. A portion of the \$3,800 sought this year would have gone to pay off the deficit.

The lighting committee pointed out that last year the Chamber of

Commerce spent \$5,100 for the Christmas program, which included installation, cost of greens, electricity and new lights.

Vowing that the Chamber would not go into debt again this year, the committee set the "no money, no lights" edict, declaring that the pay-as-you-go plan was the "only economically sound program." They set Oct. 31 as the deadline for contributions.

The Chamber earlier levied a 75-cent fee for each foot of store frontage against each of its members, carrying the full burden of the lighting program enjoyed by the community as a whole. The 75-cent assessment, however, was insufficient to meet the goal set.

Michigan Slow Tabulating Election Returns

By GENE ALLEMAN

One thing about Michigan elections, with these nip-and-tuck gubernatorial races that hold the final decision way past the normal vote-counting period, folks in this state can get full conversational mileage out of elections. While other states relax and recuperate, Michigan is still waiting to find out who's going to sit in the governor's chair.

The power of the press, so long sneered at by political opponents, demonstrated itself in an almost-overlooked facet of the election: The resounding support of Amendment No. 1, the anti-narcotics measure.

With very little campaigning or advertising and a bare minimum of radio mentions, the amendment was brought to the public's attention almost entirely through newspaper stories. That the public read—and remembered—is evidenced in the vote.

MICHIGAN FARM EARNINGS will net about the same in '53 as they have the last two years. So says the Michigan State College department of agricultural economics. Farm prices will be slightly higher; so will agricultural production; so will farm expenses.

On the other hand, the United States Department of Agriculture says: Farm output will be the same as '52; Prices will be slightly down; Net farm income will be down 5% this year.

The Washington prediction was made before the election. So maybe it ought to be taken with a political grain of salt.

LOOK FOR PROPOSED LEGISLATION to make Michigan election officials (a) have adequate voting supplies for all possible voters and (b) report results as soon as possible after polls close. There are laws now... but no penalties!

Michigan dairymen are keeping a wary eye on the northward spread of "frozen desserts". Already doing land-office business

in Texas, Oklahoma, Illinois and Missouri, where it may legally be sold, the new product is made of vegetable oil substitutes for expensive butterfat and taste much like ice cream.

AMERICAN COLLEGES AND UNIVERSITIES—and Michigan's, too naturally, are expecting that their enrollment will more than double between now and 1965. Birth rates are doubling. Michigan college heads got a head start by conferring with both gubernatorial candidates long before the election.

LAKE MICHIGAN dropped 7.5 inches in October, says the U. S. Engineering Department. It was only the second time in the past 13 months that the lake has gone down but it's still two inches higher than a year ago. August was the worst month for high water and autumn winds can wreak a lot of damage to shore properties.

Life is getting easier all the time for the lazy man. Now he no longer need go through the laborious process of turning the calendar 12 times a year. A Tecumseh, Mich., firm has just placed an all-electric calendar on the market.

THE STATE LIQUOR CONTROL COMMISSION is working to get "dogs" off its inventory. That canine appellation refers to liquor brands that don't move and keep State funds tied up—or is bottled up the correct term?

From here on in, brands will be put on an introductory basis. If Michigan palettes don't like the stuff—as demonstrated by sales quotas—out it goes.

MAPLE SYRUP has appeared on many Michigan markets during the past two weeks. The pancake downs' is selling at 85¢ a pint in Lansing.

THERE STILL WILL BE CHICKEN for your Sunday dinner al-

though the egg hatch in Michigan dropped in September. August was 600,000; September 460,000. Michigan Department of Agriculture spokesmen say its just seasonal, though, and the hatch was still a September record and 7% above September of '52.

"I'm a stranger in town myself." If a Detroit should say that to you, he probably isn't fooling. Sixty per cent of Detroit's inhabitants came to the city as adults.

The largest group (14%) came from the South; 11% came from outstate Michigan. Thirty per cent lived on farms before coming to the Motor City.

Ninety-eight per cent have religious preferences, 56% Protestant and 37% Roman Catholic. But only half belong to a church. A team of 30 graduate students and professors of the University of Michigan made the survey of which this information was only a small part of the total statistics obtained.

IN INDIANA, one-fourth of all 1,247 fatal accidents in the state last year involved commercial trucks.

Plymouth Voters Defeat Hard Liquor Proposal 2nd Time

Plymouth's liquor-by-the-glass resolution took a second drubbing at the polls Nov. 4 with voters defeating the proposal by a 1,795 to 966 margin.

A controversial issue since 733 petitioners placed the measure on the ballot, this was the second time it went down in defeat. In 1940, balloters dealt the hard-liquor measure a resounding defeat by a vote of 879 against 280 for.

Before the measure can again be placed on the ballot, a four-year period of time must elapse.

Christian Science Churches
That the real man is really a spiritual being, subject only to the laws of God, is emphasized in the Lesson-Sermon entitled "Mortals and Immortals" to be read in all Christian Science churches on Sunday, November 16.
The Golden Text is from I Corinthians (15:53): "This corruptible must put on incorruption, and this mortal must put on immortality."
Among the Bible citations is this passage, (Rom. 8:14): "For as many as are led by the Spirit of God, they are the sons of God."
Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The real man is spiritual and immortal, but the mortal and imperfect so-called 'children of men' are counterfeitments from the beginning, to be laid aside for the pure reality." (p. 409)

CARD OF THANKS
We would like to thank each and every one who helped make our annual Turkey Dinner a success.
Lutheran Ladies 24

CARD OF THANKS
We want to thank our neighbors, relatives, friends, the Rebekah and Oddfellow Lodge of Novi, Blue Star Mothers and Sunshine Club of Novi, for the cards, flowers and messages of cheer sent us during our illness. We also wish to thank the doctors and the staff at Atchinson Memorial Hospital and Dr. Chabut for their kindness and good care.
Mr. and Mrs. William Hanson 24

CARD OF THANKS
I stopped by Sessions Hospital, I stayed there more'n a week; Sparring and Rothman cut me up. And I really felt quite beat. It hurts, it hurts, I told the nurses Blithely they jabbed me with a needle
Thoughts of Casterline, Schrader, hearses,
Then I was senseless as a beetle. Beautiful flowers from friends, Auxiliary, the Church, Wonderful cards; I read them fifty times.
Some made me laugh, although it hurt,
"Sincerest thanks" is the reason for my rhymes.

Singer Resigns

Officer Daniel Singer has resigned from the Northville Police force, effective Friday, Nov. 14, stated Chief Joseph Denton.

Mr. Singer joined the Northville force Sept. 17, 1951, and has served continuously since. Chief Denton said that no replacement had been decided upon yet, but that several prospects are under consideration.

ADVICE FOR CIVIL DEFENSE

Professor George Vetter of New York University speaking to 400 civil defense wardens said, "When the bombs start falling, sing hymns." There is no question that the hymns of the church have been comforting and encouraging to Christians in the hours of danger and trial.

However, to those who have not become acquainted with the God and Saviour of whom the hymns speak may find that it takes more than even a Christian song to still their fears and fit their souls for heaven, should a bomb fall too close. It's not the song, it's the Christ of the Song that we need every hour. Why wait until the bombs fall to become acquainted with Him? Recently a church displayed the following sign, "When the bombs start falling, this church will be open for prayer, but it may be too late then. Better come next Sunday." Surely you will find as thousands of others that Christianity is as good to "live with" as it is to "die with". II Cor. 6:2 "For he saith, I have heard thee in a time accepted, and in the day of salvation have I succoured thee; behold, now is the accepted time; behold, now is the day of salvation." For your eternal welfare accept the Saviour today!

A Bond in the hand... means more money for you!

New law says:

Defense Bonds can earn interest for ten more years... at 3%!

Do you own U. S. Series E Defense Bonds that are maturing now? Then here's wonderful news: You can hold those bonds for ten more years, while they continue to earn interest at a rate of 3% compounded semiannually!

Think what this means: The bond you invested in at \$18.75 can now pay you back \$33.67... a \$37.50 bond can pay you back \$67.34... and so on.

Yes, the new Bond Law makes it possible for you to get this extra profit (as much as 80% on your original investment!), with no extra effort on your part. No visit to the bank. Nothing to sign. Just hold your bonds.

The ten-year extra earning privilege applies to all bonds—those you already own and those you are investing in now. What's more, every bond you get now starts earning interest sooner and matures earlier—at 3%. Of course, you may still cash any Series E Bond two months after purchase. But you'll be smart to hold your bonds—let them keep earning interest for you!

Strengthen your own future and the future of your country.
Join the Payroll Savings Plan!

If you're not already among the wise Americans who are investing in a secure future, why not start now? Invest in Defense Bonds regularly... through the Payroll Savings Plan where you work. Seven million Americans have found it's one sure way to save, because it saves something out of every paycheck before you're tempted to spend it! Join the Payroll Savings Plan today.

Now even better!
Invest more in Defense Bonds!

3 new money-making opportunities for you!
New Series H, J, and K Defense Bonds pay 2.76% to 3%!

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at your bank for descriptive folders about these new bonds:

SERIES H. A new current income bond, available in denominations of \$50 to \$100,000. Sold at par. Matures in 9 years 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$200,000 issue price jointly with Series K Bonds.

SERIES J. A new 12-year appreciation bond, available in denominations of \$50 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

SERIES K. A new 12-year current income bond in denominations of \$50 to \$100,000. Pays interest semiannually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.
