The Christmas Story

The Visit of the Shepherds

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night. And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them: and they were sore afraid. And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord. And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger. And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest, and on earth peace, good will toward men. And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us. And they came with haste, and found Mary, and Joseph, and the babe lying in a manger. And when they had seen it, they made known abroad the saying which was told them concerning this child. And all they that heard it wondered at those things which were told them by the shepherds. But Mary kept all these things, and pondered them in her heart.

The Birth of Jesus

And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed. (And this taxing was first made when Cyrenius was governor of Syria.) And all went to be taxed, every one into his own city. And Joseph also went up from Galilee, out of the city of Nazareth, into Judaea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David:) to be taxed with Mary his espoused wife, being great with child. And so it was, that, while they were gone, the days were accomplished that she should be delivered. And she brought forth her first-born son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

The Visit of the Wise Men

Now when Jesus was born in Bethlehem of Judaea in the days of Herod the king, behold, there came wise men from the east to Jerusalem, saying, Where is he that is born King of the Jews? for we have seen his star in the east, and are come to worship him. When Herod the king had heard these things, he was troubled, and all Jerusalem with him. And when he had gathered all the chief priests and scribes of the people together, he demanded of them where Christ should be born. And they said unto him, In Bethlehem of Judaea: for thus it is written by the prophet, And thou Bethlehem, in the land of Juda, art not the least among the princes of Juda: for out of thee shall come a Governor, that shall rule my people Israel. Then Herod, when he had privily called the wise men, enquired of them diligently what time the star appeared. And he sent them to Bethlehem, and said, Go and search diligently for the young child; and when ye have found him, bring me word again, that I may come and worship him also. When they had heard the king, they departed and, lo, the star, which they saw in the east, went before them, till it came and stood over where the young child was.

And when they were come into the house, they saw the young child with Mary his mother, and fell down and worshipped him: and when they had opened their treasures, they presented unto him gifts; gold, and frankincense, and myrrh.

The Flight Into Egypt

And when they were departed, behold, the angel of the Lord appeareth to Joseph in a dream, saying, Arise, and take the young child and his mother, and flee into Egypt, and be thou there until I bring thee word: for Herod will seek the young child to destroy him. When he arose, he took the young child and his mother by night, and departed into Egypt: And was there until the death of Herod: that it might be fulfilled which was spoken of the Lord by the prophet, saying, Out of Egypt, have I called my son.

WCTS Holds Open House on Sunday

The Wayne County Training School on Sheldon Rd. held a Christmas open house for the twenty-seventh time last Sunday afternoon, Dec. 21.

Invitations were extended for a 2:30 p.m. program especially dedicated to parents and other friends of the school.

"The Nativity Story," a Christmas pageant based on the Story of the Nativity, as related by Luke, was told in pageant form augmented by a vested choir. The pageant was staged by children of the school.

Family visiting in the cottages

was the order of the day from 2 to 4 p.m. that afternoon. The cottages were decorated in readiness for the party of gifts around the tree on Christmas morning.

A week of specially organized recreational activities was scheduled which included swimming, basketball, dancing, group singing and television.

The open house was announced to parents and friends by a cheerful red and white program printed in the school's print shop by the school's boys, and decorated with impressions printed from a hand carved linoleum block.

Christmas Church Services

Many area residents will attend Christmas Eve services in Northville churches tonight in celebration and observance of the birth of Christ.

Other Christmas services and Sunday School program preceded the beginning of the holiday.

Listed below are the services and the churches in which they will be held.

CATHOLIC

A High Mass will be sung at midnight tonight, Dec. 24, by the Girls Choir of the Our Lady of Victory Church, with the Rev. Fr. Anthony J. Heraty in charge of the service. Two more masses will be held on Christmas Day, at 8:30 and 10:30 a.m.

BAPTIST

No Christmas Eve service was planned, but the Sunday School Christmas program was held Tuesday at 7:30 p.m., said the Rev. Peter Nieuwkoop, pastor of the First Baptist Church of Northville.

PRESBYTERIAN

The Northville First Presbyterian Church will observe the birth of Christ with a Christmas Eve Candlelight service at 11 p.m. at the church with anthems by the Chancel, Junior and Cherub Choirs. The Rev. Dr. Harold F. Fredsell, pastor of the church, will have charge of the service.

LUTHERAN

St. Paul's Lutheran Church will hold its Children's service Wednesday night at 7:30 p.m., then have its Christmas Day service at 10 a.m. Dec. 25. The New Year's Eve Communion service will be at 8 p.m. Dec. 31, and a New Year's Day service will be at 10 a.m., said the Rev. E. E. Rossow, pastor of the church.

Kids Jam Theatre for Annual Party

It was a full house at the Northville Penniman-Allen Theatre Tuesday afternoon as hundreds of Northville children jammed the movie house for the annual Christmas party given by UAW-CIO Ford Local 896.

The children paraded to the theatre from the Grade School after being dismissed by their principal, T. G. Pregitzer, and settled down for an afternoon of feature movies, Santa Claus and cartoons.

For Gordon "Curly" Allen, it was both a pleasant and a hectic day. He donates his time each year to helping to keep order, and then takes on the clean-up job after the young hardy troops out clutching gifts given by the Ford Local.

The Local donates the gifts and treats and arranges the party, this year under the chairmanship of Ward Riley, and the theatre space, movies and personnel time are donated by the theatre to provide the community children with a good sendoff to their Christmas vacations.

"We're glad to donate the theatre and movies," said Margaret Wilson, business manager of the theatre. "The Local is doing a wonderful job with the parties each year, and the children are fine about keeping the theatre reasonably clean."

Yes, Virginia . . . There IS A Santa Claus

In 1897, little Virginia O'Hanlon wrote a letter to the New York Sun to ask "Is there a Santa Claus?" It was only September, and Christmas was still three months away, but the question disturbed her. The answer to Virginia's question, composed in a moment of deep spiritual insight by Francis B. Church, is still timely after more than fifty years as a testament of faith.

"Yes, Virginia. Yes, indeed!"

"Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age—they do not believe except what they see—they think that nothing can be which is not comprehensible by their little minds."

"All minds, Virginia, whether they be men's or children's, are little."

"In this great universe of ours, man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge."

"Yes, Virginia, there is a Santa Claus."

"He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no child-like faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light which childhood fills the world would be extinguished."

"Not believe in Santa Claus! You might as well not believe in fairies! 'You might get your papa to hire men to watch in all the chimneys on Christmas Eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus—the most real things in the world are those neither children nor men can see."

"Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there—nobody can conceive or imagine all the wonders that are unseen and unseeable in the world."

"You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, or even the united strength of all the strongest men, that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside the curtain and view and picture the supernal beauty and glory beyond."

"Is it all real?—ah, Virginia, in all this world there is nothing else real and abiding. No Santa Claus!"

"Thank God!—he lives, and he lives forever—a thousand years from now, Virginia, nay, ten thousand years from now, he will continue to make glad the heart of childhood."

Scouter Just Misses Honor, But Dad Stands In for Him

Harold Atwood just missed keeping an important date with a court Monday night.

The date was with a Boy Scout Court of Honor. Harold was to have been awarded the highest honor in Scouting, the coveted Eagle badge.

The ceremony was scheduled for 7:30 p.m. Monday at the First Presbyterian church house, but Harold was still on a bus three hours out of Northville. The fog which had blanketed the midwest area for three days had held up his train, and slowed down the bus. He finally got in at 10:30, just after Scoutmaster Monroe Weston had awarded the Eagle badge to Howard Atwood, Harold's father, in the son's behalf.

Harold was on his way home from Lowry Air Force Base in Denver, Colo., where he is stationed. He goes back Jan. 3.

The ceremony was struck another blow earlier when it was discovered that three other Scouters who were to have received their Eagle badges would have to wait because certificates had not been returned here from a Boy Scout headquarters.

Just Naturally Outnumbered

The little boy crawled up on Santa's lap at the South Center street North Pole last week and confided that he would like a baby brother for Christmas.

Santa, trying to find a quick answer, said, "That's a big order, how about a baby sister?" "Heck, no!" glared the little boy, "I've got three of those."

Dance, Tourneys, Planned for Holidays

A special holiday recreation program for community boys and girls will begin Friday, Dec. 26 at the Boy Scout Building with a singles ping-pong tournament, according to Wilson Funk, recreation director.

This event which has highlighted holiday recreation programs in past years, will be a one-day affair beginning at 1:00 p.m. with both boys and girls under 19 years of age eligible to participate. The championship game will be at 9 p.m.

A one game knockout checker tournament will be held Saturday from one to five p.m. with the champion named by 5:30 p.m.

Tournament winners will be awarded their medals in a presentation before a Christmas dance scheduled to begin at 7:45 p.m. Saturday evening at the Boy Scout Building. All village young people are invited to attend the holiday affair.

Absence of Cars Would Ease Problem of Snow Removal

No parking signs will go up shortly on most Northville streets barring parking of automobiles, trucks and other vehicles between the hours of 2:30 a.m. and 6:30 a.m., said Police Chief Joseph Denton Monday.

The order follows authorization made by the Village Commission at its meeting Dec. 15 after discussion of methods to facilitate snow removal and street cleaning by the Village Department of Streets.

Chief Denton said he hoped that villagers would cooperate with the no-parking plan during the early morning

hours and avoid the flood of tickets which might become necessary if the order is ignored.

"Car owners themselves will benefit most by the plan," said Chief Denton, "because they'll always have decent parking places in the downtown area and in front of their homes if the street crews are given half a chance to clean the streets during heavy snowfalls."

WOULD CUT WORK
Streets Superintendent Herman Hartner, Jr. said at the Dec. 15 meeting that the work of his crews would be cut "greatly" if vehicles were parked off the streets during the 2:30 to 6:30 a.m. span of hours.

When snow falls during the evening and night he said, his crews get to work as soon as possible. Their first job is to clear snow from the centers of streets so traffic can maintain traction. The crews then begin working on curb areas, and it's here that they run into trouble.

"What hampers us," he said, "is that so many cars are parked along curbs that the boys running the scrapers can't touch the curb areas at all with their equipment."

BURIES CARS
"All the snow plowed out of the center of the street has to go somewhere," he pointed out, "and where it goes is usually against the wheels of the cars parked along the curbs. We don't have time to stop and shovel it up. That has to wait until the centers of the streets are cleared."

If cars are parked off the streets, Mr. Hartner explained, the scraper crews could make fast sweeps down each side of the streets and clear them from side to side, providing clean parking space for the cars in the mornings.

HAMPERED DOWNTOWN
Crews are especially hampered in the downtown area of Northville along Main, Center and Dunlap streets, Mr. Hartner stated, but the worst headache of all is to try to clean up snow which has melted during the day under parked cars and frozen the next night. "That's plenty rough on the scrapers," he said.

Chief Denton said that finding parking space during the early hours of the morning will be somewhat difficult for some car owners in certain areas of the village, but that doing so would be to the advantage of both car owners and street cleaning crews.

Answers Request of Needy Patient

Here's where the small but mighty classified ads paid off again.

Mrs. Martin Sorensen, of 248 Linden St., noticed a request for a magnifying glass in the "Wanted" section of the want ads, and generously decided to provide one.

It's for a needy patient at Eastlawn Sanatorium, and will be very useful.

VFW to Hold New Year's Eve Party

The Veterans of Foreign Wars Post 4012 will have its annual New Year's Eve party on Dec. 31 at the VFW Hall on Plymouth Rd.

Dancing to Bob Marsano's orchestra will be from 9 p.m. until after midnight, and will include modern and old time styles of dancing.

Refreshments and a buffet lunch will be served during the evening.

A CHRISTMAS PRAYER

We thank thee for this place in which we dwell, for the love that unites us, for the hope with which we expect the morrow, for our friends in all parts of the earth. Bless us if it may be in our innocent endeavors. If it may not be, give us strength to encounter that which is to come, that we may be brave in peril, constant in tribulation, temperate in wrath and in all changes of fortune, and down to the gates of death, loyal and loving one another.

Allan Krafve Takes Scholarship Exam

After qualifying to compete in the Westinghouse Competitive Examination for a science scholarship valued at \$11,000, Allan Krafve took the test Saturday morning at the high school.

Several hundred other students all over the country took the test at the same time, said Kenneth Conley, high school physics instructor.

In order to qualify for taking the examination, a student must complete his project on an original idea, have a better than average scholastic record and have the ability, in the opinion of his instructor, to successfully complete college.

Allan's project was in amplitude modulation.

NEW YEAR, 1953

Fifty years ago women wore hoop skirts, bustles, petticoats, high button shoes, puffs in the hair and wore no make-up. They did their own cooking, baking, washing, cleaning, ironing, raised large families, attended church and were too busy to be sick.

Oh yes, the men wore square hats, red flannel underwear, big watch-and-chain, ascot ties, chopped wood for stoves, bathed once a week, rode bicycles, bugles and sleighs, went in for politics, worked twelve hours a day and lived to be old men.

The stores burned oil lamps, carried every item from a needle to a plow, trusted everybody, never took inventory, placed orders for goods a year in advance and always made money.

Today, women wear nylon, men's clothes, different hair-do's, paint and powder, drunk, smoke, drive cars, have card games, pet dogs and go in for politics. No time for family raising.

Men, now, have high blood pressure, wear no hats (some no hair), shave their beards, shoot golf, bathe twice a day, ride in planes, never go to bed the same day they get up, are misunderstood at home, work five days a week, play many hours and die young.

Stores have fluorescent lights, cash registers, escalators and elevators, never what you want, trust nobody, take daily inventory, never buy in advance, have overhead, mark-up, mark-down, quota, budget, stock control, annual and semi-annual, end-of-the-month, dollar days, founder's day, rummage, clearance, economy sales and never make money.

Isn't this a time to change—to place first things first?

Resolve, now, when its Hats Off to 1953!

Brighton Cagers Hand Northville 1st Defeat, 55-53

Northville's Mustangs were handed their first defeat in the cage season Friday night when the Brighton Bulldogs, sparked by Co-Captain Tom Evenson's 29 points, defeated them 55 to 53.

The Mustangs' chances were hurt seriously when Glenn Howarth was chased from the game early in the second half after he had fouled Evenson five times trying to stop the flood of points by the tall Brighton center. Howarth, leading scorer for the Mustangs in other games, got only seven points before being retired to the sideline. Gerry Graham also fouled out, but not until late in the last period.

Lamar Nally was high for the Northville quintet with 16 points, but Dick Somers got 12 and Graham added 11 more.

EVEN GAME

Neither team ever got a run-away lead, but the Mustangs ran into trouble in the third quarter after Howarth left the game and Brighton broke out of a 27 to 27 deadlock to pour in four consecutive baskets. The Bulldogs piled up a nine-point lead shortly after, but lost most of it as Nally and Graham hit the hoop for two pointers, and Nally and Somers added three free throws to close the margin to 41 to 38 in favor of Brighton at the end of the third quarter.

Brighton opened its lead again to five points near the end of the game, and Northville almost caught up as the final buzzer sounded with the Mustangs a single basket away from a tie.

The game ended 1952 court activity for the Mustangs. They'll open the 1953 section of the cage schedule against Holly in the Northville gym on Friday, Jan. 9, and travel to Clarenceville the following Friday, Jan. 16, for another game. Both matches are Wayne-Oakland County League games.

Now Is Good Time to Check Auto Operation

The current spell of fairly pleasant weather is a good time to have the family car put in shape for the rough winter weather that lies ahead, Chief of Police Joseph E. Denton said today.

"Garages and service stations can now handle winterizing work that is vital to safety much better than when the weather changes to ice and snow.

"But getting the car in shape for safe winter driving means much more than changing the oil, grease and putting in anti-freeze," the chief continued.

"It's more important to check safety factors of vision and traction. Live rubber windshield wiper blades, defrosters in working order and good headlights are all vital for adequate vision in winter rains, fogs, smogs, sleet and snow.

"For safer traction on ice or snow, there's nothing like a good pair of tire chains. National Safety Council tests proved that. And we mean full chains on rear wheels, not those emergency units you strap on. Unit chains are intended only for pulling out in emergencies, not for driving any distance, because they are not at all reliable for stopping. Full chains are needed for that.

"If car owners will act now—before the big rush at car dealers, garages and gas stations—they'll be able to use their cars later on," said Chief Denton.

"I have a selfish interest in making this recommendation because I know we will have fewer traffic tie-ups and fewer accidents to handle. An ounce of prevention is worth perhaps a Life; well, you finish it."

Seven Story Building Houses One Man

DETROIT—This building, constructed by the Detroit and Windsor Tunnel Corporation to furnish electricity and to air-condition the famous Detroit and Canada Tunnel, requires the services of just one engineer. His job is to regulate the flow of fresh, filtered air (a million and a half cubic feet of filtered air is pumped into the Tunnel every minute) and to maintain electric power by means of a complicated but efficient instrument panel requiring constant surveillance. A lone-some but interesting job, typical of the push-button age.

TEN YEARS AGO:

The first bond and stamp drive to buy a jeep, sponsored by the Senior Student Council of the High School appeared to reach a successful climax.

Three shifts of Goodfellows were arranged to peddle papers on the four corners of Main and Center St.

Harriet Carlson and Pat Johnson won their bronze medal for roller skating dances at the Arcadia Roller Rink in Detroit.

The marriage of Mary Marie Gotts, daughter of Mr. and Mrs. Arthur Gotts of Franklin Rd. and

Lt. Harold Ebersole, son of Mrs. Gladys Ebersole of Plymouth, was solemnized in the Methodist Church.

FIFTEEN YEARS AGO:

Jane Van Atta was Snow Queen at Northville's Ice Carnival on the Ford Pond. She was chosen by popular vote of the high school assembly.

Mrs. Eldon Biery was hostess at the home of her parents, Mr. and Mrs. H. R. Richardson at a shower given in honor of Miss Catherine Statler, bride-elect of Harvey Winston.

Tom Martino, sports writer for the Orange and Black, reported the election of Charles Bishop as captain of the 1937-38 basket-

ball team.

TWENTY YEARS AGO:

The Michigan State students home for the holiday season were Bernice Clark, Ted Cavell, Foster Van Atta, Fred Kerr, Herbert Behrendt, Ivan Ely, Elmer J. Perrin and Louis Woodman.

Mr. and Mrs. E. M. Bogart and three sons spent Christmas with Mrs. Bogart's mother, Mrs. Minnie Schoof and daughter, Marie.

THIRTY-FIVE YEARS AGO:

Northville's second annual municipal Christmas tree was a great success.

Fred Lyke took temporary possession of the store vacated by A. E. Stanley while waiting to move into the Steers store.

LOOK AT THE CHRISTMAS TREE!

You'll see more than the glittering decorations, strings of colored lights and sweet scented evergreen boughs. There you'll see the symbol of a very special celebration . . . the birth of a way of life.

We hope that the spirit of this traditional celebration, its peace and goodwill, blends through all the days in the years ahead for you and your family.

HAVE A VERY MERRY CHRISTMAS

Christmas Season Busy at Northville State Hospital

The period leading up to the holiday season proved as eventful as the holidays themselves will be for patients at the Northville State Hospital.

The Gray Ladies of the Red Cross helped patients trim the Christmas tree Dec. 15 and the Salvation Army distributed gifts to the wards on Tuesday afternoon. The Faris Singers, under the direction of C. L. Faris of Belleville, sang for patients in the auditorium Tuesday evening, Dec. 16.

A games party was scheduled in the cafeteria last Thursday, with proceeds slated for the Patient's Benefit Fund. Harold Keane, of Radio Station WJR, was to visit the hospital on Friday afternoon.

Church services were held at 9 a.m. in the auditorium Sunday, with professional entertainers in the afternoon.

The Walled Lake High School choir was scheduled to sing for

the patients at 1 p.m. Monday, and an Employee's Tea was to be held in the cafeteria that afternoon. Music was furnished by Ken Clark of Wayne on Tuesday afternoon, and a patient's Christmas dance was held Tuesday evening.

Student nurses will carol in the wards today, and on Christmas Day, there will be a church service at 9 a.m. and Santa Claus, in the person of Dr. Nathan Kalichman, will visit the wards. He will be assisted by Miss Harriett Millet, occupational therapist, and Mrs. Carolyn Seefeldt, social service director.

CHRISTIAN SCIENCE CHURCH

Has the "Comforter" promised
 by Christ Jesus come? This ques-
 tion is answered in the Lesson-
 Sermon to be read in all Chris-
 tian Science churches on Sunday,
 Dec. 28, under the title "Chris-
 tian Science."
 The Golden Text is from Mat-
 thew (10:8): "Heal the sick,
 cleanse the lepers, raise the dead,
 cast out devils: freely ye have
 received, freely give."
 Among the Bible citations is
 this passage, (Zeph 3:17): "The
 Lord thy God in the midst of thee
 is mighty; he will save, he will
 rejoice over thee with joy; he
 will rest in his love, he will joy
 over thee with singing."
 Correlative passages from "Sci-
 ence and Health with Key to the
 Scriptures" by Mary Baker Eddy
 include: "Christian Science re-
 veals incontrovertibly that Mind
 is All-in-all, that the only real-
 ities are the divine Mind and idea.
 This great fact is not, however,
 seen to be supported by sensible
 evidence, until its divine Prin-
 ciple is demonstrated by healing
 the sick and thus proved absolute
 and divine." (p 109)

To the Editor

CAPT. H. R. EBERSOLE

(Although the below is not strictly a letter to the editor, we are printing it here because it points up the contrast between happy Christmastime in the United States and the situation of U. S. servicemen in Korea and Korean civilians in this happy season.

The excerpts below are from letters by Capt. H. R. Ebersole to Mr. and Mrs. A. J. Golts of Franklin Rd., and to his wife, Mary.)

The letter to Mary:

"I... went walking through the town of Wonju and took two rolls of film... I got pictures of various markets and street scenes and beggar kids and old women working in the ditches, and women carrying kids strapped to their backs and men carrying huge loads on their backs like pack mules, and some kids playing in the school yard... old women keeping a shop with a kid strapped on her back and a funny pipe in her mouth—and I can't exactly describe the odor of the place—a combination of garbage, human and animal manure and filth in general.

"The people live in shacks—packing cases, tarpaper, cardboard box shacks. I saw a few earth or cave houses dug in the ground with a canvas stretched

Donald Severance of Novi Ave. returned Friday evening from a week's term of court at the Northern Division of the United States District Court in Bay City.

Mr. and Mrs. Milo G. Dugan of Mar-Lo Farms, West Eight Mile Rd., entertained as recent weekend guests Mr. and Mrs. Robert E. Bailey of Mackinac Island where Mr. Bailey operates the Chicago Riding Stable. On Sunday, Morgan breeders from Ann Arbor, Detroit, Northville, South Lyon, Birmingham and Clarkston called at Mar-Lo Farm to greet the Baileys.

Mr. and Mrs. J. E. Straus of Beck Rd. attended the Christmas party at the Sarah Fisher Children's Home, Farmington, Sunday afternoon followed by the holiday party at the Farmington High School given by Our Lady of Sorrows Church. Bishop Nelligan of Assumption College, Windsor, Ont., Can., was guest speaker and traditional Christmas music was presented by the Catholic Central Boy's Band.

over the top to keep out the rain... Little kids with mangled and scarred arms and faces and feet—kids with an eye missing or a face all covered with scars... dressed in rags and the hair so dirty it just sticks straight out.

"There weren't many to fill the above description and they weren't all the same, but in a town the size of Wonju (about like Northville, I'd estimate) to see a dozen or so is enough. And how many are there in the other little villages?

"Well, I'm making out a list of things to buy in Japan—what a comparison: for a change of subject!—when I go on R & R (rest leave) tomorrow. We have so much, these people so little. It seems hard to believe we are all God's children sometimes. Life is so cheap over here and so hard."

And, in his letter to Mr. and Mrs. Golts:

"Chaplain Dan Jorgensen was up here Tuesday for our Thanksgiving services and I told him about the boxes you are sending and the money. He was very pleased and it will do more good over here than you could imagine, there is so much some of these people need.

"... After dinner Thursday I flew over to Seoul (capital of South Korea) and spent that night and Friday there. Boy, what a battered place that is, and it was once the 25th largest city in the world. Between the airport and downtown the people had put up hundreds of signs and posters and placards and even big banners hung across the streets expecting the arrival of Ike... The Koreans are sure going all out for him, and I felt sorry for them going to all that work and effort to have a blow-out for him and then he didn't quite get there. When he does come over I'm sure he will be impressed by the terrific amount of sign work and the big welcome he will get. Most of the way into town from the airport there were Korean guards posted about every hundred feet, armed, and standing there. These people sure don't want anything to happen to Ike."

Michigan Inventor Comes Up With 20-Pound Bathtub

A fiber glass reinforced plastic bathtub which has all of the gleaming luster of enamel, will not chip under heavy hammer blows and weighs only 20 pounds has been invented by Carl A. Strand, of Birmingham.

Because of its light weight, the tub can be installed easily by one workman, instead of two as required for conventional metal tubs which weigh up to 380 pounds. A hammer or chisel accidentally dropped on the reinforced plastic will not damage the surface, as it would enamel. Since plants were opened in West Virginia and Ohio a few weeks ago, the tubs have been shipped to all parts of the country. The light weight made it practicable to use air express for shipments for as far away as California in order to expedite distribution, said Mr. Strand. Usually five tubs are nested together for shipment.

Laboratory tests proved that the Plaskon bathtub is not affected by normal heat and cold, that it is easily cleaned and is not harmed by acid or household abrasives, said Mr. Strand, head of the Strand-Plax Building Products Company. Mr. Strand, founder and former president of Strand Steel Corporation whose products were used extensively in Quonset huts all over the world, developed the new tub after two years of experimentation.

Michigan Mirror:

Mackinac Bridge Could Be Reality in 1956-57

By GENE ALLEMAN

If everything goes well, Michigan could have a bridge across the Mackinac Straits by late 1956 or early 1957. After all the hubbaloos about the controversial span, such a statement might sound like a bit of winter wind, but progress now has reached final pre-building stage.

B. J. Van Ingen of the B. J. Van Ingen & Company of New York, largest bond banker in the country, is handling the \$100,000,000 in bonds. He is optimistic. As a matter of fact he has already spent some \$15,000 of his own money in his selling campaign.

The company now is working up financial, traffic and engineering information for buyers. Construction could begin next spring.

A surprise to most in the capital circle was the recent switch of Charles M. Ziegler, state highway commissioner. The commissioner, while never coming flat out and opposing the Mackinac bridge, has been a bastion of passive resistance to the project.

There are several possible reasons for this, the principal one being the simple fact that Murray D. Van Wagoner, Ziegler's Democratic predecessor, favored a bridge.

Also when the commissioner was campaigning for office back in 1942 he repeatedly said that he was opposed to spending too much money on any one project and he would hesitate to put the state into debt . . . and so forth.

It was, therefore, a bit difficult for him to do a complete turn and back a bridge. And so when the Mackinac Bridge Authority was organized and recognized by the legislature, it was the highway department which inserted a rider in the bill to prevent the Authority from obligating the state in any way. This hasn't helped the financing of the project. Bond buyers are more liable to put money into a plan which the state also backs.

But now Commissioner Ziegler has cautiously come out in favor of the bridge. He still isn't committing himself, but he says he is "confident a safe bridge can be built." The best bridge engineers in the world said that two years ago.

The general public has been in favor of such a bridge. This may have been a factor determining the commission's new stand. He is up for re-election next April.

Dr. Carleton Dean, head of the crippled children commission, was in an unusual position come Christmas.

He hadn't been paid since Nov. 2.

Members of the crippled children commission wanted to do the good doctor a favor and got permission to put him on the "classified list" which would raise his salary from \$10,260 to \$12,251 per year.

But the auditor general and the department of administration said the legislature had made no provision to pay Mr. Dean's salary out of the civil service appropriation.

So they held up the whole works.

Dr. Dean would comment only that he expects a solution to the issue shortly.

State Controller Robert P. Steadman said the action of the crippled children commission was "very hasty."

Clarence Manion, former dean of law at Notre Dame university, will address the Michigan Press Association convention Jan. 23 at Kellogg Center in East Lansing.

SURRENDERS . . . Leonard Glickfield surrendered to Washington police after he was charged with attempting to bribe a Maryland football star to hold down the score.

AND ALL ON SCHEDULE

The young lovers, trying to find a secluded spot for a long embrace, found people, people, people everywhere. Suddenly the man had an idea and he led the girl to the railway station. Standing beside the door of a car as though seeing her off, he kissed her fondly. After the couple had repeated the experiment at four or five different platforms, a sympathetic porter strolled up and whispered to the young man: "Why don't you take her around to the bus terminal? They go every three minutes from there."

FRED D. WICK

JAMES WICK

Wick Brothers Stationed in Same Town in Germany

Two soldier brothers from Northville will spend the Christmas holiday together in Germany where they are stationed near each other in the town of Giessen.

The brothers are Pvt. Fred D. and Cpl. James Wick, sons of Mr. and Mrs. Fred Wick of 230 Fairbrook Rd.

Fred is attached to the Quartermaster Corps and is stationed at Giessen where he operates a portable shower unit for the 4th Infantry Division.

He took his basic training at Ft. Lee, Va. and has 11 months yet to serve with the Army. Jeanette, his wife, is employed by Burroughs Adding Machine Co. and lives now at the Fairbrook address.

James is attached to the 764th Medical Detachment as a receptionist in the Army hospital at Giessen, and is due to return to

the United States in February. He took his training at Ft. Bragg, N. C. and Camp Pickett, Va.

DRY WIT

A man who made a fortune almost overnight was boasting to one of his cronies about his new estate with its three swimming pools. "But why three pools?" exclaimed the friend.

"One has cold water," he host explained, "one has hot water, and one has no water at all."

"One with cold water I can understand. I can even see a reason for one with hot water," conceded the friend. "But what's the idea of a swimming pool with no water at all?"

"You'd be surprised, Joe," the host confided sadly, "how many of my old friends don't know how to swim."

CHOICE EXPRESSION

They have been having tests of atom bombs and such things in the patient state of Nevada, and the following story has come out of the area which is used to taking a chance.

There was an Indian on one hill and an Indian on another hill and they were chatting to one another by means of smoke signals.

Pop went an atomic bomb, sending up its varicolored cloud blast into the bright desert sky.

"Gad," one of the Indians exclaimed, "I wish I'd said that."

SPORTSMEN SET RECORDS

Michigan's claim to fame in outdoor attractions was further proven during 1952 when vacationists, tourists, hunters and fishermen broke all existing records by the sheer weight of their numbers. While reports are not yet complete it is evident that our state drew more visitors across our borders than ever before, not only during the summer vacation periods, but for late fall hunting as well.

License Sales Up

Fishing license sales will again top the million mark with ease, and hunting licenses were so much in demand at times that an actual shortage of forms existed. The sale of small game licenses rocketed almost 50% over 1951 for resident hunters. Still more indicative of an ever-increasing interest in Michigan Outdoors is a 160% increase in licenses sold to out-of-state hunters.

Archers on Increase

Before the final figures are counted, close to 30,000 bowhunters will have been licensed—representing an increase of more than 50%—and Michigan may set a national record in this department, too. Few sportsmen achieve as full an appreciation of the outdoors as do archers, whose quest for Michigan deer has little effect on the number of deer left in our woods, for no more than one out of ten hunters registers in the "meat" statistics. Yet their season

puts them in our woods when the trees are at the peak of color, and when the tang of a Michigan fall gives a zest to life truly beyond compare.

Bird Hunters' Success

Partridge hunters ranging over the entire upper peninsula and most of the northern half of the lower accounted for better than three quarters of a million grouse according to late estimates, while the southern half of the state probably yielded close to one million rooster pheasants. Duck hunters got off to a fast start, then hit erratic weather and spotty flights of waterfowl. After the season closed huge flights of canvasbacks and blacks poured thru our fly-ways, having tarried long in Canada while mild weather prevailed.

How Many Deer Hunters?

Deer license sales have not yet been computed, but it's sure to be a record close to the half million mark, maybe more. The 3-day any-deer season obviously accounted for most of the increase, with men, women and children registered as license holders, many of them newcomers to our offering of "big game" hunting.

Sportsmen's dollars brought a bonanza to the north country, giving indisputable proof to the residents thereof that they, too, have a real responsibility in guarding the treasures that surround us in Michigan Outdoors.

March of Dimes to Begin Jan. 1;

When Northville residents contribute to the 1953 March of Dimes, they will have the satisfaction of knowing that their donations are financing a triple job of work, it was pointed out this week by Leland V. Smith, Northville March of Dimes chairman.

"With the nation having just experienced its worst polio epidemic in history," Mr. Smith said, "it's only natural that the services of the March of Dimes should be reviewed."

3-WAY FIGHT

The contributions of the American people to this great cause, Mr. Smith stated, have enabled the National Foundation for Infantile Paralysis to combat polio on three wide fronts.

"Since the establishment of the National Foundation," Mr. Smith said, "some \$18,000,000 has been invested in scientific research programs aimed at the eventual conquest of the disease. In the field of education, more than \$16,000,000 has been allocated—making it possible for more and more skilled hands to be trained. At the same time, patient-care bills amounting to \$148,000,000 have been defrayed."

"We are making real progress against infantile paralysis," Mr. Smith added. "But funds have to keep rolling in if the progress is to continue."

The fund-raising campaign will begin Jan. 1.

SLAVES ON AUCTION

An old auction bill of 1849 advertising a sale at Versailles, Kentucky, recently came to light and some of the items listed were quite uncommon to this generation.

This sale began at 6 a.m. and among the inducements was "plenty to eat drink". Special mention was made on the bill of six negro slaves, 2 men, 2 boys, and 2 Mullatta wenches. They were to be sold as a group. It hardly seems possible that this happened right here in the U. S. just 103 years ago. How human beings could be so cruel is hard for us to understand. Thank God the negro slaves have been freed!

But say, all slavery is not yet banished from the American shores. Thousands of folks are still in slavery to the old sin nature that resides within them. Romans 6:16-17 says: "Know ye not, that to whom ye yield yourselves servants (slaves) to obey, his servants (slaves) ye are whom ye obey, whether of sin unto death or of obedience unto righteousness?" Are you having a struggle with some of the habits of sin? You have tried and failed so often and now you have given up? Then let me recommend the Saviour to you, trust Him and He will break the shackles of the sin habits in your life and set you free.
