## VOTERS DEFEAT CITY PROPOSITION

### for the Record

by G. H. C.

What does one say when a proposal which he believes would have been beneficial to the entire community is beaten decisively at the polls? We refer, of course, to the adverse vote this week on making Northville a city.

While it was anticipated that the vote might be unfavorable in Novi and Northville townships, the fact stands out that even those who live in the village and stood to benefit most, turned down the city proposal by a substantial margin. Why?

Was it because they feared that the name "city" might transform our community into a highly industrialized area? The opponents said Northville would not attract industries just by becoming a city, and they were unquestionably correct.

Was it because they feared that their taxes would go up? The opposition said they would if we became a city, but the claim was contrary to any reasonable expectation in our own special case because we would have obtained additional revenue at least equal to the total amount of taxes levied by the village.

Actually, the facts are that by not becoming a city Northville assessments probably will have to be raised and taxes increased to keep abreast of the mounting cost of running the village.

Was it because village residents objected, along with those in Northville Township, to inclusion of the State Mental Hospital in the proposed city boundaries? We are inclined to think this may have played some part in the adverse vote.

Was it because village residents like to have their streets unpaved and surface water drain over their lawns for lack of curbs and gutters that cannot be provided from present tax funds? We refuse to accept this, although by rejecting the \$55,000 to \$70,000 that could have been made available annually, it might be argued otherwise.

Was it because they agreed with the argument of those who live "in the village but are not a part of it" that to bring them into the city boundaries would be undemocratic and unfair? Even our Village attorney, Mr. James E. Littell, who was opposed to the city mainly because of inclusion of the State Mental Hospital, said a year ago that the law provided for incorporation of cities makes it advisable to take in additional territory at the beginning, rather than to wait until after incorporation to annex it.

Or was it just the fear of the unknown and a disposition to stick with the familiar village government rather than try for something better which they did not understand fully?

Our personal opinion favors the latter analysis as having been a major factor in the city's defeat, although the other considerations undoubtedly played some part. Dr. Snow, and the City Incorporation Committee tried to explain the proposition to everyone concerned. Many days were spent in doing so, but apparently they could not reach enough people to tell their story.

The proposition is dead until the 1954 fall election. We hope that in the interval those who still would like to see Northville realize the advantages that can be had by becoming a city will continue to preach the story quietly and convincingly so that, if the proposal is revived in its original or a modified form, it

## Village Valuation Rises

### \$167,000 Budget Includes 11% Property Tax Increase

An increase of approximately 5% in the assessed value of Northville property will be necessary to meet the village's operating costs this year, which are estimated at \$167,000.

This is because the maximum legal tax levy of 15 mills per \$1,000 of assessed valuation would not yet yield the necessary revenue to meet expenses on the present valuation of \$4,711,000.

This picture was presented to the Village Commission by its finance committee, John F. Stuebenvoll and Gerald C. Woodworth, in submitting the tentative budget for the coming year at the Commission meeting Tuesday, April 7.

Against anticipated costs of \$167,000, exclusive of any possible expenditure for a community building (for which more than \$180,000 already is available), the finance committee estimates that revenue from sources other than taxes will amount to \$93,200. The difference—\$73,800—must come from property taxes. It would compare with a tax levy of \$66.350 last year, or an increase of 11%.

The Village Commission set Monday, April 20 for a public hearing on the proposed budget. Because Northville is now free of debt, nothing is to be included in the current year's tax levy for interest and debt retirement. The sum of \$8,000 was provided last year.

Principal changes in the budget for the coming year are increases of \$4,367 for the police department, \$5,712 for streets, \$2,135 for sewers and decreases of \$2,187 for alleys and parking lots and \$454 for the fire department.

Analysis of operating costs for the past year show that in the aggregate they were \$5,851 less than provided for in the budget, with upwards of \$8,000 less spent on streets than contemplated and some other departments running slightly in excess of estimates.

Receipts from Northville Downs and the Driving Club, based on \$500 per day for the 53-day race meet last summer, totaled \$26,500.

### Novi Township Budget Is Lower

Cost of operating Novi Township in the fiscal year 1953-54, is expected to be slightly lower than in the fiscal year just ending, according to preliminary budget estimates submitted at the annual Novi Township meeting Monday.

The 1952-53 budget prepared by Township Supervisor Frank L. Clark contemplates expenditures of \$33,000 compared with an actual net cost of \$38,505 for the 1952-53 fiscal year.

Analysis of last year's figures shows that revenue was somewhat higher than anticipated, amounting to \$41,058 against expenditures of \$38,505.

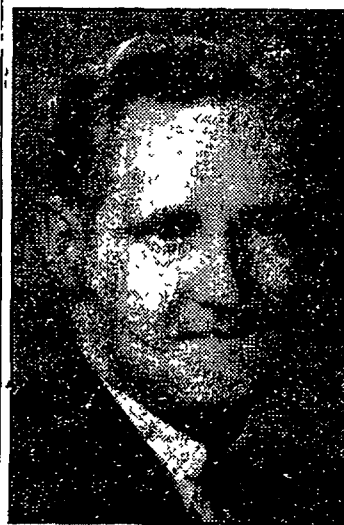

In anticipation of considerable expansion of industry and homes in Novi Township necessitating unforeseen cash outlays, an effort to maintain a cash reserve of at least \$25,000, currently in the contingent fund, will be made by township officials.

An estimated \$22,000 of the proposed budget will cover expenses of salaries, law enforcement, firemen and upkeep of fire trucks and equipment, maintenance of township hall and supervisor's expense account.

An additional \$4,000 will be expended on necessary equipment for the Novi Community building and \$7,000 has been allocated for highway repairs.

As the Township of Novi has no indebtedness, there has been no property tax levy since 1949, said Township Clerk Earl Banks.

### Ogilvie Appointed Village Attorney

PHILIP R. OGILVIE

Philip R. Ogilvie, of 244 S. Wing St., was appointed Northville Village Attorney Tuesday night by Village President C. E. Langfield.

Ogilvie will succeed James E. Littell, who has served as village attorney for two and one-half years and as Northville Township attorney for five years. Littell resigned his village post under pressure from members of the Village Commission and Langfield, presumably because there was a feeling that he could not serve village and township interests satisfactorily in the event of another conflict of interest such as arose during the recent attempt to incorporate portions of Northville Township into the city.

Mr. Littell's original appointment followed the death of D. Harper Britton in October, 1950, who reaffirmed an opinion at the time.

During the discussion, Commissioner Gerald Woodworth reaffirmed an opinion he expressed several months ago, that the village attorney should be a resident of the village. Mr. Littell lives at 46920 W. Seven Mile Rd. in the township.

Mr. Ogilvie, a member of the law partnership of Hill and Ogilvie, has been a resident of the village since 1949.

### Donald Poster Buys 'Cottage Inn'

Donald Poster has taken over proprietorship of the Cottage Inn on West Main St. this week after purchase from Ray Humphries.

Poster, known to many villagers as "Peanuts", was discharged from the United States Army recently after serving two years in Germany.

### Retail Merchants to Elect 3 Directors

Three new directors will be elected Monday night when the Retail Merchants Association will hold its April meeting. The three will be elected for three-year terms, and will replace Leland V. Smith, Essie Nirider and Roy Stone, who are not eligible, under the association's by-laws, to run for re-election.

The nine-man board will then select from its own membership a president, vice-president and treasurer to serve for one year.

### Proposed 1953-54 Northville Budget

ANTICIPATED EXPENSES			
GENERAL FUND	1952-53 Budget	1952-53 Expenditures	1953-54 Proposed

Tax Roll - General Fund	66,350.00		73,800.00

### Charter Twp. Advantages Explored by Novi Group

Thirty-three members of the Novi Chamber of Commerce and guests met last Thursday to explore the advantages and feasibility of Novi Township becoming a charter township. Speaker for the occasion was Edward Gallagher, attorney for Warren Township, which recently adopted a charter form of government, and is one of two townships in the state operating under such a charter.

Interest among Novi business men reflects their belief that the entire Novi area is going to grow rapidly during the next few years. They feel that the present township government is adequate for the present, but are looking forward to the time when the demand for various services may be such that the township as now constituted may not be able to care for them adequately.

### Villagers to See 'House of Magic'

General Electric's "House of Magic", a science show, will be presented at the Northville High School auditorium tonight, April 9, at 8 p.m. under sponsorship of the Teachers Club.

Villagers are invited to the show, for which there is no charge. It has been witnessed by more than 15 million people in the past 19 years.

The "House of Magic" name came from visitors to the G.E. laboratories in New York, who were amazed at the interesting and entertaining marvels of science.

Among the most impressive features of the show is the act of transmitting sound across the stage on a light beam. A phonograph record is played, and the music "scots" to a loudspeaker on a narrow beam of light.

Mr. Gallagher explained that the only reason for becoming a charter township is to provide services which people in the township are willing to pay for but which the ordinary township is unable to finance. Using Warren Township as an example, he pointed out that it has a population of 50,000 and an assessed valuation of \$100,000,000. The large population causes heavy operating expenses which are difficult to finance under the ordinary taxing power.

Operating as a charter township, the township board has the right to levy an additional tax of five mills, on a year to year basis only, to provide needed funds in excess of the supervisor's budget. The voters also may vote an additional five mills per year, on a yearly basis, if they desire, he said.

That Novi Township is not yet in need of becoming a charter township to secure additional operating funds was evident from the statement of Supervisor Frank Clark that the township is able to finance all expenses on its rebates of sales, liquor and weight and gas taxes from the state.

### All-Night Parking Allowed Again

Now that "winter" is over and the possibility of a heavy snowfall remote, all-night parking will be allowed on Northville's streets, the Village Commission decided Tuesday night.

The Commission ordered the signs reading "No Parking on This Street from 2:30 to 6 a.m." to be taken down. The parking restriction was originally made so that village snow-removal crews would not have to work around parked cars in the early hours when trying to battle heavy snow falls.

### Northville Twp. Has '52-'53 Surplus

Northville Township ended its 1952-53 fiscal year with a cash surplus of \$4,704.61 and a total surplus of \$70,742.94.

This is the gist of the township's detailed statement of cash receipts and disbursements for the period Mar. 20, 1952 to Mar. 19, 1953 as presented at the annual township meeting in the Northville Village Library April 6.

The township's total cash receipts for the year, exclusive of matured investments which were reinvested, amounted to \$32,951.64. Its cash outlays (expenses), exclusive of its reinvestment of matured investment funds plus additional free cash, totaled \$28,246.93. The net difference—\$4,704.61—represented cash surplus for the year.

Matured investments during the year totaled \$24,498.46. New investments, including reinvestment of the foregoing sum, amounted to \$32,951.64.

### Cancer Crusade Begins in Village

Solicitors will make a house-to-house canvass and contact business places for contributions to the Cancer Crusade drive during the month of April, said Mrs. E. J. Willis, director of the drive in Northville village and township.

"The outlook for controlling cancer is brighter than ever before because of widespread public education, advances in detection and treatment, and research into the cause of this major mystery," said Mrs. Willis.

"On the average, one American dies of cancer every three minutes. The death toll is now more than 210,000 annually."

Chairman of the canvass is Mrs. R. G. Wetterstrom, with Mrs. A. Russell Clarke as treasurer. On the house-to-house canvass committee are Mrs. Russell Atchison, Mrs. D. Harper Britton, Mrs. William H. Canfield and Mrs. Richard Juday.

Contacting business places will be Mrs. Lila Collins, and Mrs. Ed Angove will contact organizations. Mrs. Adrian Willis will be at the bank to solicit contributions and Mrs. William F. Weidner will be at the post office. In charge of placing canisters will be Mrs. William M. Huff. Mrs. Karl Karg will handle contributions at the Kroger Store.

### Youth to Practice Fly-Casting

A fly-casting practice session Saturday, April 11 and another Sunday afternoon, April 12, will precede the tournament on April 19 for three age groups.

The Saturday practice will be for boys and girls, from one to four p.m. Sunday's session will welcome fathers and mothers as observers from 3 to 5 p.m.

The tournament April 19 will be from 3 to 5 p.m. and will be divided into three age classifications: for those under 12 years of age; those between 12 and 15 and those 15 through 18. All youngsters are welcome to participate, but must furnish their own rods and practice plugs.

The Exchange Club, sponsor of the tournament and of the Fish Derby April 25, is tying in recreation for the youth of the village with instruction in fish and game laws in cooperation with the Federal Conservation department in promoting the two contests.

### Decisive 527 to 452 Vote Rejects City Incorporation

The proposal to make Northville a city lost at the polls April 6 by a decisive margin. Even in the Village, where a favorable vote had been anticipated, the proposal was defeated by 85 votes. The overall vote was 452 for and 527 against the proposal.

The issue now appears to be dead until the fall election in 1954. Whether it will be revived then is not known at this time, although there is talk about resubmitting it to voters at that time on a basis of including just the present village and not attempting to include any portions of

Northville and Novi townships whose residents spearheaded the opposition that played a major part in the defeat this week.

A breakdown of the votes cast, by areas, appears at the end of this column.

The election this week was the outgrowth of action by the Village Commission in the fall of 1951 to study the feasibility and advisability of Northville becoming a city. The Commission at that time instructed Village Attorney James E. Littell to make a survey of the matter and prepare a series of articles for publication in the Northville Record so residents could become informed on the subject.

Mr. Littell's articles appeared in five installments, the final one in January, 1952. Thereupon, Village President Conrad E. Langfield, appointed a committee to proceed with the necessary steps to bring the matter to a vote. Original members of this committee were Commissioners John F. Stuebenvoll, F. Alton Peters, Gerald C. Woodworth and L. M. Eaton, with Cy Frid and John S. Canterbury representing the public. This original committee, due to pressure of other village business, failed to function as rapidly as was desired, and a few weeks later President Langfield asked Dr. L. W. Snow to become chairman of a new committee to carry on with the project. Dr. Snow retained members of the original committee, and in addition, asked each Northville civic, social and business club to appoint one member to serve on the committee. It was this group that established boundaries for the new city and circulated petitions that brought the matter to a vote this week.

An opposition group organized as the Northville Township Improvement Association by A. E. Northup, D. J. Stark, Don Hicks and others, swung into action against the proposal as soon as it became evident that the new City Incorporation Committee proposed to include areas outside the present village boundaries. This committee conducted an active campaign against incorporation and, after petitions for the election had been filed with the Secretary of State, joined John Burkman in legal action in Oakland County Circuit Court and before the State Supreme Court to stop the election.

The one feature of the incorporation plan that probably caused more opposition than any other was the inclusion of the one-half mile wide strip of land running from Northville-Plymouth Road east to Haggerty Rd. It is here that the State Mental Hospital is located.

(Continued on Page 10)

### Wood Installed as New Commander of Knights Templar

Alexander Wood was installed as Eminent Commander of Northville Commandery No. 39, Knights Templar, at public rites at Northville Masonic Temple Saturday evening, April 4. He succeeds Wilfred J. Lussier.

Others inducted, to serve for a year, were Harold H. Blackett, generalissimo; G. Louis Balch, past commander, captain-general, Edwin M. Seltz, senior warden, and Lawrence W. Matthews, junior warden.

Other assisting officers are Herbert E. Rayner, past commander, prelate; Robert F. Coolman, past commander, treasurer; C. Ray Van Valkenburgh, past commander, recorder; W. Ray Livingston, standard bearer; Harry F. Hartman, sword bearer; Cecil Fehrin, warden, and Ward Cook, sentinel.

Also installed as guards were Pat Harrison, Arlin Gallagher and Ray Thorp.

Northville Commandery was granted its charter from the Grand Commandery Knights Templar of Michigan on May 11, 1887, and has been actively engaged in perpetuating the ideals of Templar Masonry. It has long been an integral part of the fraternal and social life of the village.

### Bloodmobile to Visit Here May 4

The Red Cross Bloodmobile will be around again May 4 in the continuing campaign to keep supplies of blood at a safe level.

The need for blood in Korea has increased, and the new anti-polio gamma globulin program will place demands on the supply. The local bank seldom is near the 150-pint mark the Red Cross says is the safe level.

All veteran, service and social organizations have been asked to appoint a person who will work with the blood drive committee to get pledges for more blood than has been asked before.

The Bloodmobile will be at the First Methodist Church House during the afternoon and evening of May 4.

## Letters to the Editor

The Record welcomes letters to the editor about matters of community interest. Anonymous communications will not be published, but in instances where the writer does not wish his or her name to appear, it will be held confidential.

Dear Mr. Editor:

During the recent presidential campaign we were greeted on the streets by good citizens who, with shining eyes, would exclaim, "Did you hear McCarthy last night?" These good people are now learning the hard way that "He who sups with the devil must use a long spoon."

It is to be greatly regretted that President Eisenhower did not repudiate Senator McCarthy, the scurrilous slanderer of his friend, General Marshall. As it turned out he did not need McCarthy's support, but having accepted it, he now has him on and around his neck like the albatross—and the end is not yet.

Very truly,  
 F. Alden Shaw

## More About 'No Restrictions'

Dear "Seventeen",

May I ask you one question? Are you enough of an adult to listen to something another adult has to say and not scoff because that advice-giver happens to be older and no doubt wiser than you?

I am neither a teen-ager nor old enough to be the parent of a teen-ager and hence I think I have not forgotten my teens. Needless to say, I would not relive them if I could, for this reason: A teen-ager is on the one hand expected to act like an adult and on the other hand often treated like a child. May I further say this need not be the case. If the teen-ager is able to demonstrate to his parents that he is ready to assume, along with the privileges of adulthood, the responsibilities that accompany it. For, with every privilege you as-

sume, you also assume a responsibility. This is true throughout all of life, no matter what you do. If people trust you enough to give you a certain privilege, it is your responsibility not to abuse it. Take the matter of your family car which you use. (I assume it is the family car since not many seventeen-year olds have cars of their own. Even if they did, their parents are legally responsible.)

That car no doubt cost your father \$2000 at the very least. In addition, it probably costs him about \$50 each month to maintain it, pay the insurance, and keep it in running condition. Did you know that he has to pay additional insurance in order that you may drive the car?

Now, when you figure these totals, isn't that a lot of money? Don't you think he trusts you by letting you use that expensive piece of equipment? And don't you think he has a right to specify how that equipment should be used, and when and for how long? Don't you think that you, as a young adult, ought to exhibit enough responsibility toward your father and his investment to treat it as he would like it treated? If it were my car and I learned my son was driving 90 or 95 miles an hour, I would consider that a very definite abuse of a \$3000 or \$4000 privilege and immediately withdraw it. As an adult it is up to you to decide which is more important: your life, other lives, your parents' peace of mind, and the safeguarding of expensive property, or a few more minutes of late fun!

Is there any reason why you cannot begin the evening earlier and thus end it at a time which your parents consider reasonable? There are many reasons why your parents want you in at a specified time. You ought to be glad they have set a regulation. You know by this act that they care enough about you to want you in. They are responsible for you legally, morally, and physically now and will in a sense remain responsible for you morally long after you have left their bed and board. They will, all their lives and all of yours, be blamed by others if you at any time do anything which society deems wrong. Haven't you ever heard someone say, "Well, if his or her parents had only brought him up right, he would probably not be in trouble now."

As for your contemplation of running away, this act would be as juvenile as anything could possibly be. We all, regardless of age, chafe at regulations or laws with which we do not agree. Running away solves nothing, however, and a good test of our maturity is to stay and make the best of situations over which we have no control. Remember, rules are made, not for prohibiting, but for protecting.

Your truly,  
 M.R.C., Inkster

## Students to View Banking Methods

About thirty Northville students will soon be conducted on a tour of the Detroit Bank to learn about the bank's operation, functions, employment methods and other phases of the banking business.

A group of students is taken on similar tours each semester by Depositors State Bank of Northville, with Russell A. Clarke handling arrangements.

## He Speaks for Democracy

(The editorial reprinted below first appeared in the Leelanau Enterprise-Tribune, March 26. Ed. Note.)

Most of us, if pressed for a definition of Democracy, probably would blurt out something about a government "of the people, by the people, for the people." Few Americans, perhaps, could do as good a job of defining Democracy as Bobby Davis, 18 year old high school boy of Pauwela, Maui, Hawaii, whose contribution won first place in the national "Voice of Democracy" contest.

The Hawaiian boy, who won't be an American citizen technically until Hawaii is admitted as the 49th state, won a Mainland trip, including a visit with President Eisenhower and a four year college scholarship. But that's enough introduction... let's get on to what Bobby Davis of Hawaii thinks of our American "Democracy"...

It was on a Sunday. It started out like any other Sunday, I guess. I got up, ate breakfast, and got ready for church just as I have been doing on Sundays for as long as I can remember. Then I went out the door into the most glorious morning you ever wanted to see. The sun was shining, the birds were singing and everything was beautiful.

I don't know, maybe I'm just sentimental or something but such a morning always makes me start to think and become aware of the things around me.

Since it was time to leave, I climbed into my dilapidated Model A Ford and as I stepped on the starter, I thought, "Gosh, I'm pretty lucky to own this car. It isn't much of a car, but I went to work and earned the money to buy it. And you know, I was free to do that. Nobody told me that I couldn't work where I chose. Nobody denied me the right to own a car. Then I began to think, 'I wonder what it is that gives me this freedom... I wonder...'

I started out and on my way to church I met Manuel and Ralph in Ralph's jeep. I waved, and after they had passed, I began to think about them (you know how you always do when you have just met someone you know) and I remembered that Manuel was a Catholic and Ralph was a Buddhist. And here I was on my way to a Protestant church. It was then I began to realize what it means to us in America to be free to worship in any way we please wherever we please. I suddenly felt personally grateful to those early American settlers who came to this country and established the right of free worship. Again I began to wonder... to wonder what it is that those early settlers gave us which in turn insures us that we can continue to have that freedom of worship which they fought and suffered for.

After church, as we stood around outside talking, I saw many people; ordinary people like you and me. But this morning I began to think of things which I hadn't paid much attention to before. Things deeper than outward appearances.

Over there was Mr. Warner, for example. He had come from a humble background and by his own efforts had made quite a success of himself in local business.

Then I waved to Mr. Itagawa. He had come here as a laborer from Japan and was now a successful farmer.

About that time Dick hailed me to tell me the news. He had been awarded a scholarship which would allow him to continue his education.

And you know, these aren't unusual cases. They are examples of what our people are able to accomplish all over America. For the first time I became fully aware of the unlimited opportunities we have of making a success of our lives. Again I wondered what it is that gives us all this.

Sunday was quite a busy day for me because that evening I went to a meeting of our church Young People's group. At the meeting we were having a discussion on American government, past and present. As we talked and argued, I could see that there was another thing that we have... the right to speak freely. As the discussion progressed, I began to see the answer to what I had been wondering about all day. It dawned on me that it was nothing new to any of us but was something that I was just beginning to see in a new light.

We talked of George Washington, Molly Pitcher, Benjamin Franklin, Abraham Lincoln... great Americans who had done great things for a common ideal.

We mentioned Mr. Mitchell who lost a leg on Saipan, and Dick's father who gave his life in World War II and Harry Nelson who only the week before was listed as missing in action in Korea. Americans like you and me who have done their small part for the same great ideal. Yes, then I saw what it is that gives us freedom to work, worship and speak, that gives us opportunity to learn and become a success. Then I saw what that ideal is that so many Americans have fought, prayed and died for. Yes, I know that the answer was and always will be, God willing, our wonderful heritage... Democracy. And I realized that everything that had happened to me that day had truly been speaking for democracy.

## Get Longer Life, Better Service From Your Appliances

If you've been plagued with many electrical repairs for appliances, resolve to take better care of them in the future.

That dreadful buzzing sound which your vacuum cleaner starts making spells trouble usually, and trouble which might have been saved if you'd just picked up loose hairpins, marbles, buttons or string before starting to use it.

This and other simple measures add longer life and better service to appliances.

### Protect Electric Cords

Do you have an electric cord to disconnect? Don't pull it out of the socket by gripping the cord. Hold the plug and pull. Should the plug stick, and they sometimes do, if the cord has been plugged in for any length of time, rock the plug gently from side to side, pulling gently as you do so.

Electric cords to your irons can amount to a great deal of money if you're careless about them. Not only can you pull the cord loose from the plug, but the cord frays because of its use.

Remove the cord from the iron by gripping the plug rather than the socket, just as in the case of a cord attached to a wall outlet.

A cup hook, a piece of cord and a plumb weight can be attached to the wall where you iron to hold the ironing cord out of the way while you iron. This will still give free play when you need the cord at different locations on the ironing board.

### Overloading Appliances

One of the major appliances to be overloaded frequently is the washing machine. Either weigh the load or check in some receptacle like a basket so that you can avoid making the machine work too hard. The manufacturer usually gives specifications as to the weight the machines does efficiently.

You can overload the refrigerator with ice if you don't defrost regularly. This may, of course, vary with the season. When the frost becomes a quarter of an inch thick, it's time to defrost!

Always wipe spilled foods or grease from the gasket or rubber seal around the door. Keep your fingers off the rubber when you open the door so it does not become sticky.

 Mother and Daughter Banquet, Presbyterian Church House.  
**THURSDAY, MAY 21—**  
 Blue Star Mothers, Luncheon and Bazaar, Veterans' Memorial Hall.

## Principals to Set Up 'College Night'

Principals of five area high schools, and two representatives of each of their present junior classes, will meet at Northville High School Thursday, April 16 to set up a College Night program.

This program, to be held at a later date, is intended as a meeting at which counselors, teachers, and their parents can meet and talk with representatives of colleges and universities which the students normally attend. This will provide a more effective method of gaining information about the colleges than has heretofore been used by many of the high schools.

Represented at the April 16 meeting will be principals and students from Walled Lake, Farmington, Keego Harbor, Waterford Township and Northville high schools.

## Amerman, Ellison to Attend Meeting

School Superintendent Russell Amerman and High School Principal E. V. Ellison will visit Wayne University in Detroit on Wednesday, April 15, and attend a luncheon. The meeting is for school representatives whose former students are now freshmen on the Wayne Campus. The two Northville men will attend again this year, even though there are not now any Northville freshmen on the campus.

## Rolling Down

## The River

by the PETZ BROS.

We listened to a conversation the other day, that for lack of a better story, we'll pass on to you. Fellow we know went to the market to do a bit of shopping and when his selections were finally completed the salesgirl found it necessary to provide a larger container than the one already selected and said so. "Well," said the customer, "it takes a lot to feed a large family. There's seven of us."

"That's not so much," the girl answered. "I'm the tenth of sixteen children in our family."

Daunted only momentarily, the man replied, "Honey, that's not a family, that's a government project."

Well, we have quite a project of our own on at the moment. We want to insert as many of you into the marvelous new '53 Studebakers as we possibly can. You'll like the idea too, once you've enjoyed the comfortable ride and thrilled to the quick, powerful response of this truly finer car. Beauty too, in fact the most beautiful car on the road. And when it comes to economy in operation, the word just naturally is Studebaker. Drop around this week, for a demonstration, you'll be convinced it's the car for you.

Did we ever get around to telling you of the fellow who married a second time, shortly after his first wife died? A shiftless sort of a person and not too good a provider, he had hoped the second woman would work as diligently to load the table as had the first. Two weeks after the wedding, he appeared before his cronies, immediately dressed in black. "Man," said a pal, "why the mourning? Did the new wife die?"

"Nope," said the character, "no such luck. That woman nags so much, I've gone back to mourning for the first."

In case you haven't observed the signs, such as rain and sun and birds and the kids borrowing the car, spring is here. Be a good idea if you rolled that winter-beaten car of yours into our service department for a complete spring lubrication and motor tune-up. Sort of silly, when the weather turns perfect to drive a car that isn't, especially when it's so easy to have these mechanics of ours put it in condition so quickly. See you soon.

YOURS,

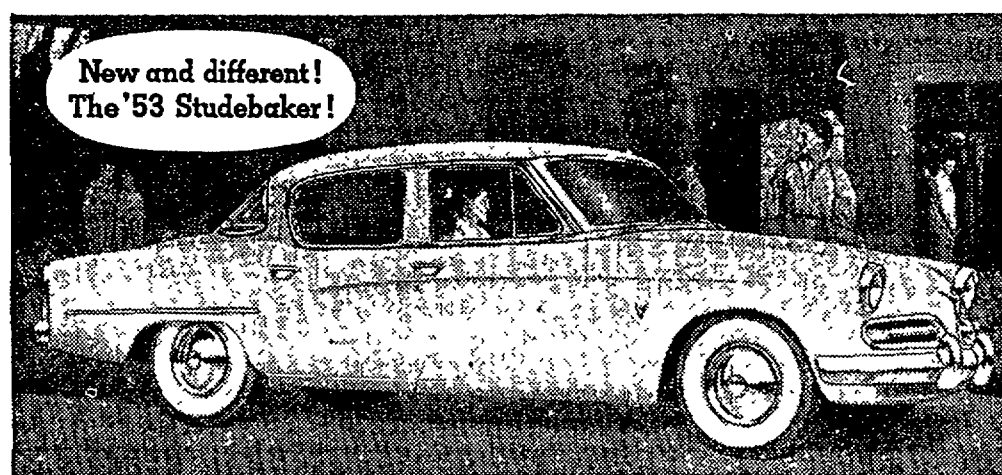

**BILL and WILL PETZ.**

### G.A.L. Takes Part in Play Day

by Winnifred Welch

Six G.A.L. girls traveled to Michigan State Normal College to participate in a playday there last Saturday. They were given a wide choice of sports from which to choose, among them bowling, swimming, and volleyball. There was also dancing, with men from the college serving as partners. After all these activities, the girls went to McKinney Hall for lunch and later made a tour of the campus. As a finale to the day's events, they were entertained with a program put on by University students.

Last week Northville traveled to Clarenceville where we were beaten 22-20. After the game there were refreshments. The G.A.L. has been busy at home too. Tuesday night Teshka's, Prunty's and White's teams won. Prunty's junior team is still unbeaten.

### What the Graduates Are Doing Now

Did you hear that Ken Rowe is now with a Detroit Tiger farm club?

Beverly Wood is a stewardess with Eastern Airlines?

Luanne Robinson received her cap from Highland Park College of Nursing?

Nancy Littell played in a concert at Carleton College?

Dave Pottinger was awarded the bronze star for meritorious service in Korea?

### Keep It A Secret

by Julie Hammond

Carol Sutton was the unsuspecting victim of an April Fool's joke.

Craig Rathburn and Ruthie Pullen are locker partners.

Bob Clark's new theme song is "Congratulations To Someone".

Bruce Felker's nickname is "Tank".

Mr. Johnston is really a hep cat at the drums.

Joyce Farrell "donates" her lunch to certain starved souls in Mr. Yahne's 4th hr. English class.

Leland Brown sleeps during physical science class 1st hr. and comes up with a "B".

Gordon McDonald was seen doing something he had previously denied ever having anything to do with.

Dick Willis has a private secretary who types all his assignments for him.

John Fisher follows the Driver Training car on Thursdays and Fridays.

The sophomores had an April Fool's joke planned for Miss Pan, but it didn't work.

The girls would like to see more boys wear white bucks to school.

Kenny Meyers isn't bashful anymore.

Trip and Win make a cute couple.

Pat Herbert has a secret admirer.

Lynn Matzen knows something he won't tell.

Somebody has a crush on John Clark.

Eugenie Green leaves the room regularly on Mon., Wed., and Fri. during 6th hr.

Arlene Nelson gives private dramatic lessons to certain individuals in the junior play.

The day isn't long enough for John Funk and Gail Waterman.

Johnny Hays is looking for a canoeing partner.

Charlie Rogers has been seen wearing an over-the-shoulder purse.

Bill Bailey enjoys looking in the mirror.

### What the Classes Are Doing

by Larry Gotts

**SENIORS:** The seniors are currently busy preparing the advertising and planning the decorations for that sensational prom: "Rhapsody in Blue" to be held the night of April 24.

April 1st was the last day for the second payment towards the senior trip. These 20-dollar bills don't grow on trees, do they seniors?

**JUNIORS:** Numerous committees are needed to support the Junior Play. It takes more than actors to put on a good play. Advertising, stage setting, makeup, and costumes are needed. Sign up on one of the lists in Mr. Mollema's room.

Those felt letters are going like hotcakes. They are the spring fashion on shirts and sweaters for boys and girls. Order yours today from any junior.

**SOPHOMORES:** The hard-working sophomores are nearing their \$500 goal with only \$100 more to go. To raise more money, they are planning a dance and are still selling pens and pencils.

**Utilities Burn Coal Efficiently**

Electric utilities in 1952 consumed more than 100 million tons of bituminous coal at the highest efficiency yet achieved with an average of 1-1/10 pound per kilowatt-hour generated.

### Pvt. Jess Sutton at Camp Chaffee

Camp Chaffee, Ark., Pvt. John S. Sutton, son of Mrs. Aleta Sutton, 45661 West Seven Mile Rd., Northville, has been assigned to Company B, 15th Armored Infantry Battalion 5th Armored Division for basic training in the United States Army as an artilleryman.

Pvt. Sutton's first eight weeks will be spent in infantry training where he will be taught the fundamentals of soldiering and learn to use and fire various infantry weapons and practice army combat tactics.

During the final eight weeks he will be taught artillery techniques and receive training with the 105 mm. howitzer. After completing his basic training, he will be reassigned for duty with an army artillery unit.

Little strokes fell great oaks.

### Thinclads Begin Regular Practice

by Otto Wendt

Last week the first regular track practice of the 1953 season got its start. Prior to that date each member of the squad had done individual workouts on his own spare time.

Eleven boys reported to Coach Charles Yahne. With the return of only one veteran, Bob Burgess, this year's squad may be hampered by lack of experience.

The 1953 schedule calls for meets against Clarenceville, Wall Lake, Clawson, Brighton, and the league meet at Ypsilanti on May 12. Mr. Yahne hopes this year's small squad will equal or exceed the performance of last year's squad which came within 2 1/2 points of capturing second place at the league track meet in Ypsilanti.

### Rosetti Speaks to Future Teachers

by Sally Davis

Members of the Future Teachers of America Club felt very fortunate in having Thomas Rosetti from the Wayne County Training School at their last meeting. Following his talk there was a question and answer period in which the members learned about the various aspects of the training school.

### First Tennis Team in Many Years

by Jurgen Bonnet

This year's tennis team is the first in many years at Northville High School. Mr. Schipper will coach the 15 or 20 boys who are out for this sport. They will have outdoor practice five times a week on the tennis courts in Cass Benton Park. Matches with the other schools will also be held there. The first match will be with Plymouth on April 17. Up to this time the team has only had two outdoor practices during which the boys learned technique involved in shooting the ball over the net. Next in line is instruction in serving. For rainy days Mr. Schipper has provided some educational films on tennis.

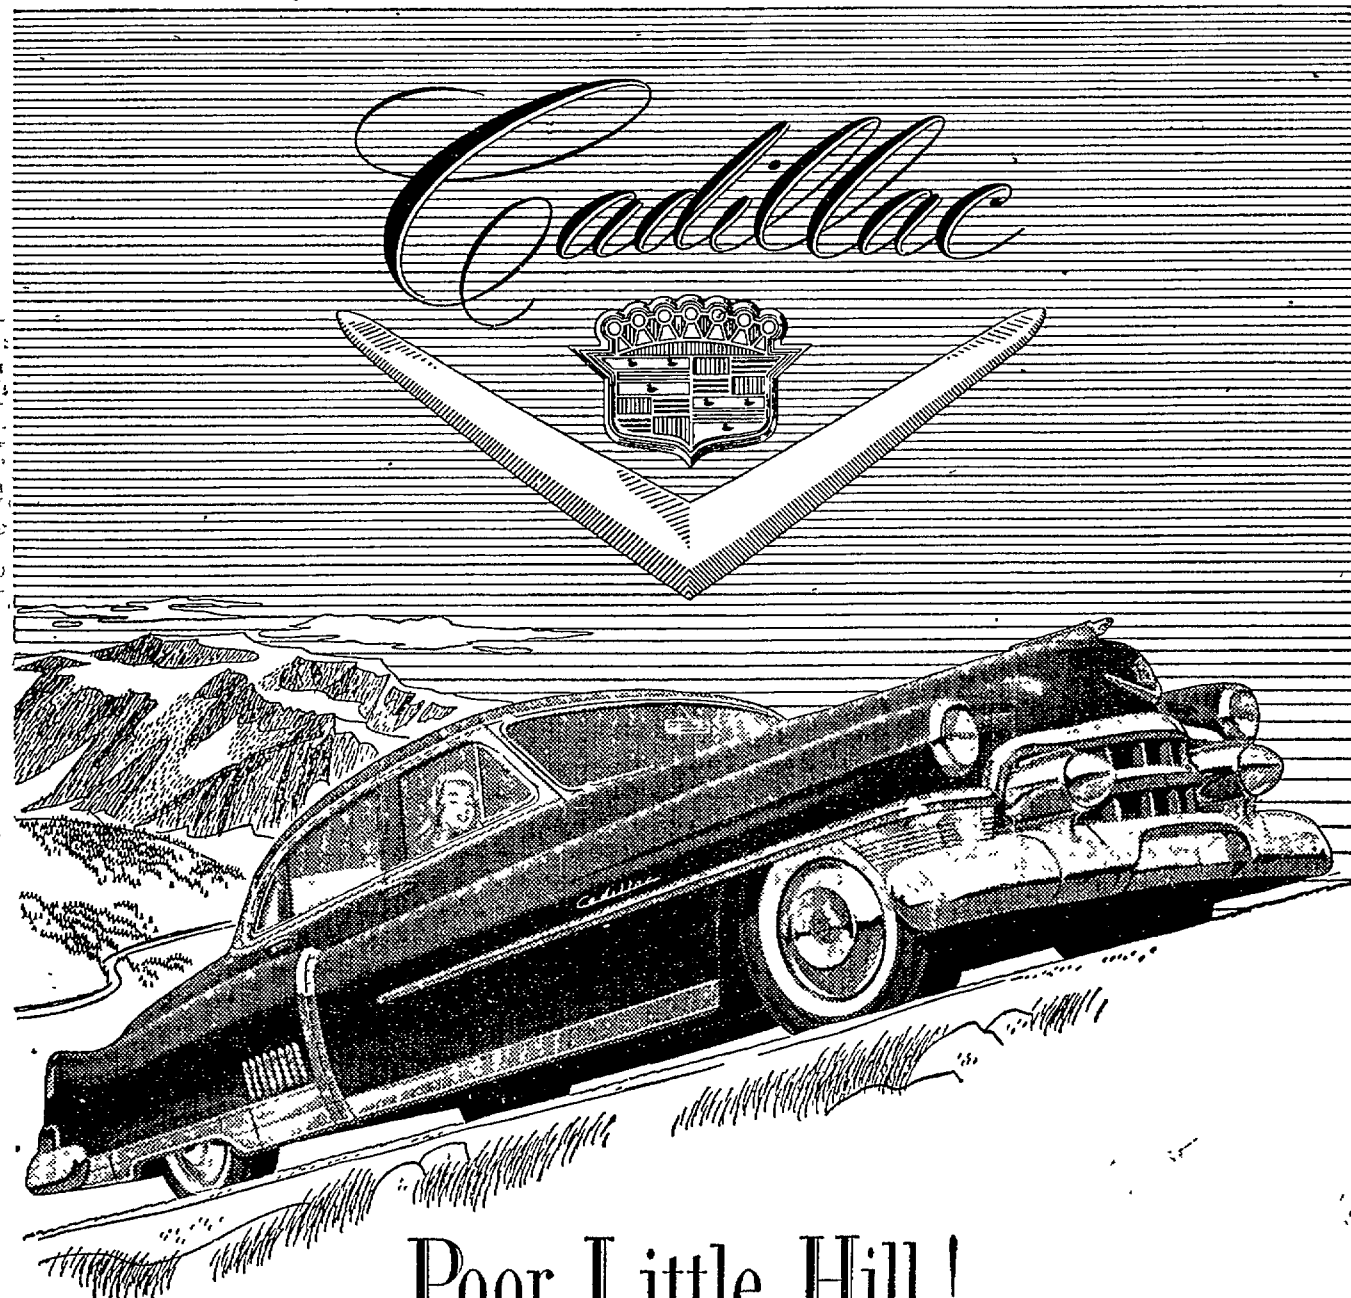

Alabama's most important mineable assets in order of importance are bituminous coal, iron ore, and limestone.

### Refrigerator MOTORS

When your refrigerator motor needs replacing, why not have us install a Delco. The choice of leading name factories because of their quiet operation, long life, peak performance and dependability. Delco builds a size and type for all makes.

### Poor Little Hill!

You're looking at a very discouraged hill!

Ever since that ribbon of paving outlined it, it has been a challenge to motor cars.

For miles and miles it winds up the side of a mountain; and it has sharp curves, and steep grades that spring out of the curves so a driver can't get a start.

Half-way up, there's a watering place—put there so drivers can stop and refill their radiators.

Yes—it has been quite a hill. But not any more!

The driver of the car in the picture above took off at the base and sailed right up to the top—and never gave it a thought.

You see, he's driving a 1953 Cadillac—with its great high compression 210-horsepower engine—and its vastly improved Hydra-Matic Drive.

We heard recently of two men who drove from Florida to Detroit—in a 1953 Cadillac.

The driver had made this trip before—and as they left Knoxville he said to his passenger: "Man, are we going to find a hill between here and Lexington!"

After an hour or so, the passenger said: "Where is the hill?"

And the driver said: "Just wait!"

So they waited—and presently they saw a sign which read: "Lexington."

The driver was dumbfounded.

"I can't understand it!" he said. "There used to be a hill there—a big one! I know from experience."

Naturally, this great car gives you more than the ability to master hills.

When you float along with a tremendous reserve like this, you have the easiest ride imaginable.

It gives you confidence, too—and helps you to relax—for you know you have the power for any emergency that may arise.

It makes the whole car a symphony in motion. In fact, the ride is so smooth and soothing that, not infrequently, passengers sleep as they ride.

Come in and try it for yourself. The car is waiting—and it's an experience you ought not to forego.

## BEGLINGER OLDSMOBILE

705 South Main Street Plymouth, Michigan

### Betty's on the Ball!

"Looks like Betty is winning that game. She's right on the ball, too—when it comes to choosing a job—she's going to be a telephone operator."

"I've been thinking about a telephone job myself. So many girls from school work at the telephone company—it must be a friendly place."

"...and I didn't need experience to get the job—I'll be trained and paid while I'm learning. It's a good salary from the start, with regular raises."

"As a telephone operator you enjoy many advantages—interesting work, friendly people, pleasant surroundings—and lots more we'd like to tell you about—come in soon!"

## News from West Point Park

Miss L. A. Ault

Mr. and Mrs. Al Noble of Grand Rapids were last Sunday evening guests of their uncle and aunt, Mr. and Mrs. Edwin L. Johnson, on Clarita Ave.

Mr. and Mrs. Tom Roberts and their three daughters of Monroe were guest last Saturday night of Mrs. Roberts' mother, Mrs. M. E. Ault, on Mayfield Ave.

Mr. and Mrs. John Varhol and five of their daughters visited relatives in Flint Sunday.

Mrs. M. E. Ault and her daughter-in-law, Mrs. Forrest Ault, were in Pontiac last Sunday afternoon attending the Eastern Star services held in the Episcopal Church in Pontiac.

Mrs. Grace Simpson of Mayfield Ave. was a dinner guest last Sunday of her daughter, Mrs. Edward Brugman and her family, in Norway.

Mrs. Margaret Buckingham and her children, Wallace, David and Carol, visited Clyde Buckingham in Grace Hospital, Detroit, last Sunday. Mr. Buckingham is seriously ill.

Mrs. Harold McVicar of Shady-side Ave. escorted her Girl Scouts on a roller skating frolic last Saturday.

Mrs. M. E. Ault, Mayfield Ave., and Mrs. Edwin L. Johnson, Clarita Ave. visited Mr. and Mrs. John Ackermann in Dearborn Tuesday afternoon.

Mr. and Mrs. Gordon Vance of Mayfield Ave. visited relatives near Toledo last Sunday.

Mrs. Herman Schult and daughter, Patty and Janet, called in Wayne Wednesday.

Freda Ault called on Mrs. Nelson Cameron in Redford Thursday afternoon.

Mr. and Mrs. Briggs and the former's mother of Redford, were Thursday evening callers at the homes of Mrs. Grace Simpson and Cecil Willet on Mayfield Ave.

Forrest Ault II was tendered a first birthday celebration dinner at his home on Hubbard Ave. Thursday evening.

Tommy, youngest son of Mr. and Mrs. Robert Kellogg, of Fillmore Ave. has been suffering from a broken collar bone.

Miss Patty Schult and Mrs. Helen Soos, both of Shady-side Ave. spent Friday in Detroit.

Mr. and Mrs. George W. Sandau of Hubbard Ave. visited Mrs. Fran Merriam in Rosedale Gardens last Sunday.

William Weddell of the Goodwill Industries, Detroit, made calls in this neighborhood Wednesday afternoon and Friday morning.

Neighborhood Sunshine Sisters held their Easter pot-luck meeting in Neighborhood Church last Wednesday afternoon. Following the meal, a special prayer service was held to remember the sick and mourning in the community. The next Sunshine meeting is to be held in the church at 2 p.m. Wednesday, April 15.

Pierson School pupils are enjoying almost an entire week of spring vacation. School was dismissed Wednesday, and returned to school yesterday.

Mr. and Mrs. Austin Ault of Brentwood Ave. entertained their daughter, Mrs. Loren Read and her husband, of South Lyon for dinner Saturday evening.

Mrs. Marietta Maynard of Norwayne is entering Maybury Sanatorium, Northville, next week for care and treatment. Mrs. Maynard will be remembered as the eldest daughter of Mr. and Mrs. Herman Schult of Shady-side Ave.

was out of town on business several days of this week.

The Robert Diehles of Shady-side Ave. spent a few days of this week with out-of-town friends.

Saturday evening, Mar. 28 in the Odd Fellow Hall in Clarenceville, Mr. and Mrs. James Zimmer, who for 17 years resided on Haynes Ave., near Farmington, were tendered a celebration honoring their 25th wedding anniversary. The affair was arranged by Mrs. Zimmer's two sons and daughter. One hundred guests, including neighbors from their former home, as well as the present, were in attendance. Among the out-of-town guests were Mr. and Mrs. Robert Shaw and their son from Toronto, Canada. Mrs. Zimmer was attractively gowned in a white formal, with a white corsage.

Freda Ault visited in Wayne last Tuesday afternoon.

## News About Salem

by Mrs. Lloyd Birkelbaw, Jr. Phone Northville 995-R12

**WITH OUR CHURCHES**  
There were 17 young people present at the first meeting for the young people of the Salem Federated Church. Officers were elected as follows: president, Eva Nagy; vice president, Jim Clemens; secretary, Muriel Fagan, and treasurer, Ted Buers.

The young people will meet again with the other churches of this area for a roller skating party Monday, April 13. We plan to meet at the church at 7 p.m. Mrs. Youngs has returned home again from Ypsilanti where she spent most of the winter with her nephew and family recuperating from an illness.

**SALEM UNION SCHOOL NEWS**  
**Lower Room—**  
Vern Baggett has a new sister, Barbara Anne.

Elizabeth Buers has recovered from scarlet fever and is back in school.

George Clemens, Sharon and Jimmie Tanner, Robert Bryant and Mary Beth Birkelbaw visited their respective grandparents Easter Sunday.

The primary and upper rooms had an Easter party Friday morning. Baskets of candy eggs were received, and prizes were given for games. The beginners played "The Three Billy Goats Gruff" for the school.

Primary room pupils made spring flowers for their mothers for Easter.

Howard Klix, Robert Bryant and Mary Dix each received a puppy for Easter.

Suzanne Stibbs is still in the University Hospital in Ann Ar-

bor. The lower room is sending cards and flowers to her.

**Upper Room News—**  
Raymond Dahl, the room champion, and Bonnie Burnham, runner-up in the spelling bee are busy studying the spelling lists for the District Bee to be held at Carpenter School April 17.

We attended Good Friday services at the Federated Church. The children are enjoying the new books which have recently been added to their library.

**OUR BOYS IN SERVICE**  
Raymond Smith, Chief Boat-swain's Mate, has a two and one-half weeks' leave from the Navy, and is visiting with his mother, Mrs. Charles Marshall. Raymond, who recently returned from Korea, will report to San Diego, Calif., after his stay here, with assignment on a sea going tug named Tawasa.

Frank Skiver left Mar. 25 to join the Air Force in Detroit. Frank stayed with Mr. and Mrs. H. L. Opdyke prior to entering the service.

**WEDDINGS**  
**Watts-Gross**

Thursday evening, April 2 at 8 p.m. in the Congregational Church parsonage, Salem, Rev. Lucia M. Stroh united James Watts, Jr., of Walled Lake, and Estella Gross of Garden City in marriage. Dora Griffith of Salem and Zula Faye Watts were their attendants.

**Bowers-Grable**

Frank Bowers of Salem and Stella Grable of New Castle, Pa. were united in marriage by Rev. Lucia M. Stroh, pastor of the Congregational Church, at the parsonage Friday evening, April 3 at 9 p.m. Mrs. Helen Fritz, sister of the bride, and George Bowers, brother of the bridegroom, were the attendants. Mr. and Mrs. Bowers will be at home to their friends at their new home on Mill St., Plymouth.

**SALEM EXTENSION GROUP**  
The Salem Home Extension Club will meet April 14 at the home of Muriel and Margaret Kelly on Six Mile Rd.

**SOCIAL LIFE**

Mr. Ray Pond had a big day last week. April 1 marked his 70th birthday, and the employees of the Great Lakes Plastic shop, where he is employed, honored him by giving a surprise party during the noon lunch hour and invited his wife also to add to his surprise. Ice cream and cake were enjoyed by all, and Ray was presented with a pipe lighter. In the evening another surprise was in store for him. All his children, grandchildren and great-grandchildren gathered for a steak dinner.

Mr. and Mrs. Arthur Wheeler spent Saturday night and Easter Sunday at the home of their son, Calvin, and family in Ypsilanti. After returning home in the afternoon, they were visited by Mr. and Mrs. Wallace Bussey and two children of Detroit. Mr. Bussey is a nephew of the Wheelers.

Mr. and Mrs. H. L. Opdyke, Bert Rider and Serena Savery were Easter Sunday dinner guests of Mr. and Mrs. Hiram Opdyke and family in Detroit.

Mr. and Mrs. L. J. Bryan and three children from Romeo, Mich. came Saturday to stay a few days with Mrs. Bryan's parents, Mr. and Mrs. George Eggenberger.

The Robert Wilsons had as dinner guests Easter Sunday, Mrs. Wilson's parents, Mr. and Mrs.

## Donnelly Named Sales Manager of Otwell Heating Co.

MAC J. DONNELLY

The appointment of Mac J. Donnelly, of 550 Sunset, Plymouth, as sales manager of the Otwell Heating and Supply company has been announced by William C. Otwell, owner of the heating firm.

A lifelong Plymouth resident, Donnelly, has been associated with the Ford Motor Company and the Kaiser-Frazer corporation as a time study and methods engineer.

He is a 1928 graduate of Plymouth High school and received college training at the University of Detroit and Detroit Time Study school.

Donnelly has been given charge of heating and air conditioning sales.

Fred Carter of Northville, and Ellen Travis of Plymouth.

Mr. and Mrs. Charnell Hardesty and sons were visitors at the home of Mr. and Mrs. H. L. Opdyke Sunday evening.

Mr. and Mrs. L. J. Vici and daughter, Ricky Lou, of Birmingham, Mr. Lee Jones of Detroit, Mr. and Mrs. Frederick Vici and daughter of Detroit were dinner and supper guests Easter Sunday of their sister and aunt, Rev. Lucia M. Stroh in Salem.

Mrs. Crystal Anderson of Ypsilanti spent Saturday night and Easter Sunday with her daughter, Mrs. Glenn Burnham and family.

### OBITUARY

**Adolph Moers**  
Adolph Moers, who has made his home with the Westerfields for the past six and one-half years, passed away the first of April. Mr. Moers, who was 90 years old in November, is survived by a son and daughter who live in Wayne.

### MISCELLANEOUS

Mr. and Mrs. Jack Renwick returned home Saturday from a two weeks' trip through Pennsylvania, Washington, D.C. and Florida where they enjoyed some deep sea fishing. While in Pennsylvania they visited the Ross' who formerly lived near Salem.

### IS YOUR DATE HERE?

April 13—Young People's roller skating party, Riverside Arena at Plymouth.

April 14—Salem Extension group meeting at the home of Muriel and Margaret Kelly on Six Mile Rd.

Horsepower in the form of electricity is now doing the job that mulepower once did in coal mines, and doing it with greater ease and safety.

## Girl Scout News

### Northville Girl Scouts

#### GIRL SCOUT TROOP NO. 1

We met at the Presbyterian Church Wednesday April 1. After our business meeting we invested Joyce Alkire, Brownie Troop 12 was invited to see how the investiture took place because they are going to be invested this summer. After the ceremony, Mrs. Willing reviewed first aid with the girls.

Lou Ann Comer, Scribe

#### GIRL SCOUT TROOP NO. 2

After many weeks of planning, the girls of Troop 2 enjoyed their trip to Detroit Monday. Arriving by Streamliner out of Plymouth, they had lunch in the City and attended the matinee performance of "Peter Pan" at the Madison Theater. Accompanying the girls were their leader, Mrs. Rano Papini, and co-leader, Mrs. Ken Rathburn.

### Novi Girl Scouts

#### NOVI BROWNIE TROOP 3

Novi Brownie Troop 3 met at the Novi School Wednesday, Apr. 1. We decorated Easter eggs for our parents and had treats furnished by Lendo Early and Diane McCollum.

The Intermediate girl scouts worked on their pouch belt purses at their regular meeting held at the Novi school. Treats were furnished by Sandra Moody and Barbara Sandray.

The Leader and Committee meeting was held March 30, at the home of Mrs. Alice Ritter. Plans were made for the Day camp which will be in July and it was decided to purchase a hectograph for girl scout use. Mrs. Irene Wendland and Mrs. Ruth LaPlante served refreshments.

Mrs. Georgia Larson is succeeding Mrs. Mae Skilling as Neighborhood Girl Scout chairman.

The Farmington Area Leader and committee meeting will be April 13.

The Novi group will be hosts for the session. All members are urged to be present.

## New Plan Would Change Holidays

Michigan would benefit more than almost any other tourist state from adoption of the Monday Holiday plan under consideration by 32 State Legislatures. That's the opinion of Harry N. Rogan, Automobile Club of Michigan's travel director.

Basically the plan would make six national holidays fall on Monday, guaranteeing six three-day weekends per year. At present, many national holidays fall on dates arbitrarily set long ago with little regard to sentimental or historic fact.

"Michigan's resort industry lies within driving radius of a three-day weekend for more people than almost any other locality in the United States," Rogan pointed out.

"Many of the dates of universally recognized holidays were fixed arbitrarily originally. They have no specific historical reason for being fixed on those dates. Without changing sentiment of the holidays, their dates could be changed to let more people travel farther and get more recreational value from life," Rogan said.

Motor News, suggested editorially last fall that the "six long holiday" plan be adopted. To date almost 500 readers have voiced approval. A few violently oppose the plan, citing increased accidents and death from increased motor travel.

Some wrote that they are "100 percent Americans and we shouldn't change our national holidays." No specific proposal has been adopted by Auto Club or the nation. But travel officials throughout the country have proposed these holidays:

1. Presidents' Day, third Monday in February, combining the dates now observed for the birthdays of Washington, Jefferson and Lincoln.
2. Memorial Day, last Monday in May, removing controversy between North and South over separate dates now observed.
3. Independence Day, first Monday in July.
4. Veterans' Day, first Monday in August, combining V-J, V-E and Armistice Days. (Labor Day would not be eliminated.)
5. Columbus Day, second Monday in October.
6. Thanksgiving Day, fourth

Power Steering! It's yours in Chevrolet for 1953 and in no other low-priced car!  
This wonderful new feature, optional on all models at extra cost, marks the most important advance in driver convenience and safety since the automatic transmission, which Chevrolet also introduced into its field.  
Power Steering makes steering virtually effortless on all roads and at all speeds. It permits you to park, even in a tight space, with finger-tip ease. It cuts steering effort approximately 80%; reduces driver fatigue; makes driving simpler, safer and more enjoyable than ever before.  
But come in! See and drive Chevrolet for 1953 with Power Steering and all its other exclusive advantages!  
Continuation of standard equipment and trim as illustrated is dependent on availability of material.

# News Around Northville

## Add Life, Sparkle To Old Clothing With Simple Tricks

SLENDER budgets are the fashion these days, and few can put in a whole new wardrobe twice yearly. You've undoubtedly learned many new tricks on giving new life to old clothes, and here are others which have been tried successfully.

Looking over the suit from last year or probably the year before? If it's been worn a great deal, the skirt is shiny while the jacket is still good!

Here's what you can do: open all the seams very carefully, reverse the material and sew all back together again. It will be almost like new. The jacket could probably use new shoulder padding and buttons, and a new blouse will add that fresh sparkle so essential to suits.

### Converting Clothes

Almost every household has some worn and frayed slacks, but fortunately the fraying is at the legs. This can be cut off to give some popular pedal pushers which are knee length, or they may be made like the fashionable treader pants, knee-length, but facing in place of cuffing or fitting as is done with pedal pushers.

Slacks might also be cut down and fitted to give a girl, or boy, a pair of shorts. Lighter colors and denim can be cuffed with a contrasting plaid for extra interest. The trimming might be made from an old plaid shirt or remnant.

### Use Men's Shirts

Sleeves and collars on men's shirts wear out, but the front remains in good condition. Plan to use it! Much of the back of the shirt can be used for tiny tot's panties, but the lady of the house can have a good looking dicky from the shirt front for her suit. This is especially true when the front has some tucking.

Sleeveless blouses from good quality cottons such as are used in men's shirts are also another excellent idea. Many of these can be cut down without a pattern if you're handy. Otherwise, they're very simple to make from a pattern.

### Employ Decorative Tricks

Some clothes need little extra than new trimming to revitalize them. Contrasting bands of material might be used for decoration on skirts. It can also be used to lengthen the skirt or to add some room to a too-tight skirt.

grain, rather than grass, will be coming to market.

Broilers, fryers, turkeys, fish and lamb are also on the plentiful foods list for April eating. The frozen fish supply includes low-priced cod, haddock, ocean perch, frozen whiting and halibut. The spring lamb crop will be marketed by mid-April, and there will be thrifty buys among the heavy, old crop lamb which sell for less than the springers.

A cabbage crop that is a fourth larger than last year will be hitting northern markets soon from southern states. Along with low-priced cabbage will be tomato juice that is reported by the

U.S.D.A. to be an abundant and inexpensive source of vitamin C. Ample stocks of celery and carrots will be in April markets and for the first time in a year, Irish potatoes arrived on the plentiful foods list.

Housewives may look for fresh or processed oranges to stay low-priced through part of April. U.S.D.A. marketing specialists also predict that grapefruit and raisins will be good buys.

Members of the Cancer Crusade Committee will meet at the home of Mrs. Robert Wetterstrom, 46376 West Seven Mile Rd. Tuesday, April 14 at 8 o'clock.

**THERE ARE NO CLOTHES DRYERS IN KOREA!**

HASTILY strung telephone wires serve the additional purpose of supporting this American soldier's rudely washed clothes as they "freeze dry" on a snowy Korean hillside. It all looks like a rugged life, doesn't it? And soldiering is.

But it's something that some of us have to do to keep America militarily strong and safe. It's true, we don't all have to serve in uniform. But there is something important every one of us can do. That's to help keep our country economically secure—by investing in United States Defense Bonds. For by Bonds and other forms of saving, we are building up not only our own personal security, but the security and the strong economy of America. And we all know, now, that peace is only for the strong.

Why don't you join the millions who invest in Bonds regularly through the Payroll Savings Plan where you work? It's one sure way to save—because it saves something out of every check before you have a chance to spend it. So join the Payroll Savings Plan today where

you work. Or invest through the Bond-A-Month Plan where you bank. Help your country and yourself to a secure future—by saving your money through Bonds.

Here's how E Bonds now earn more money for you!

Now safe, sure U. S. Series E Defense Bonds pay an even better return than ever before... thanks to 3 brand new money-earning features announced by the U. S. Treasury.

- 1 Now every Series E Bond you get begins earning interest after only 6 months. It earns 3%, compounded semiannually, when held to maturity. It reaches full maturity value earlier (9 years 8 months) and the interest it pays is now bigger at the start!
- 2 Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date—without your lifting a finger!
- 3 During the 10 year extension period, every un-matured Bond earns at the new, higher interest (average 3% compounded semiannually). Your original \$18.75 can now repay you \$33.67. \$37.50 pays back \$67.34. And so on.

Start now! Invest more savings in better-paying Series E Bonds - through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank!

Peace is for the strong... for peace and prosperity save with U. S. Defense Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

## Couple to Mark 60th Wedding Date

Mr. and Mrs. Matthew Waldecker will observe their sixtieth wedding anniversary Sunday, Apr. 12. Neighbors and friends are invited to an open house held in their honor Sunday afternoon from 2-5 o'clock at their home, 4975, Gotsfredson road, Plymouth.

The sprightly couple were married in Dearborn where they made their home until moving to Plymouth thirteen years ago. Mrs. Waldecker's brother, Mr. Frank Bartell, who served as best man at the wedding more than half a century ago, is now in Florida and will be unable to be present at the celebration.

The Waldeckers are the parents of a daughter, Mrs. Maynard Houseman of Plymouth, and three sons: Robert of Plymouth, Arthur of Northville and John of South Lyon. There are twelve grandchildren and 14 great grandchildren.

## Former Villager Married in Indiana

Word was received this week by friends and relatives in Northville of the recent marriage of Airman 3rd Class Lynwood H. Bartley and Mary Rose Coleman in Terra Haute, Ind., on March 10. Mr. and Mrs. William Jarvis of Terra Haute are parents of the bride and Mr. and Mrs. John Bartley, of Livonia, are the bridegroom's parents.

Mr. Bartley formerly made his home with his grandmother, Mrs. Arthur Waldecker, of Cady street, and attended Northville schools until 1948. He is now stationed at an Air Force Base in Rockville, Ind., where the couple is making their home.

## Stork Shower Fetes Mrs. Melvin Mitchell

Mrs. Lorne Steepers was hostess at a stork shower Wednesday evening at her home on Marilyn road, in honor of Mrs. Melvin Mitchell of Fry road.

Twenty-eight invitations were extended to ladies of the neighborhood who enjoyed an evening of entertainment and refreshments.

## Luncheon, Shower Fetes Celia Bloom, Bride-Elect

With her marriage to Bob Williams scarcely two months away, Celia Ann (Cecce) Bloom is taking time out from her studies at the University of Michigan to attend to the endless list of wedding plans and to be entertained at a round of pre-nuptial parties being planned in her honor.

A luncheon and miscellaneous bridal shower Wednesday afternoon began the calendar of activities for the bride-elect.

The affair was held at the home of Mrs. W. L. Howard on Eight Mile road with Mrs. Del W. Hahn as co-hostess. Their guest list included forty mothers and daughters from Plymouth, Ferndale and Northville.

In keeping with the bridal theme, white tapers and a centerpiece of delicate white and pastel spring flowers graced the refreshment table.

Celia, the daughter of Mr. and Mrs. C. Harold Bloom of West Main street, will become the bride of Robert C. Williams in ceremonies June 20. Bob's parents are Mr. and Mrs. R. C. Williams of Detroit.

## McKenna Family Enjoys Reunion

Before the McKenna family in Northville turned the calendar for the month of March, they experienced several of the busiest weeks they can remember.

To start things rolling, Robert T. McKenna, son of Mrs. Marie McKenna, received his military discharge from Ft. Meade, Md. on March 13.

To celebrate, Bob and his wife and infant son came to Northville to visit Bob's brother and his wife, the Jack McKennas of 615 Orchard drive. To get in on the family affair, their sister, Mrs. Geraldine Davis and her two children, Billy and Jeanne Marie of Stubenville, Ohio, arrived March 25 for a brief visit. Joining her children for the week end was Mrs. Marie McKenna, who is presently making her home in the nurses residence of Maybury Sanatorium.

On Saturday afternoon, March 28, Rev. Anthony J. Heraty officiated at a christening service for six-weeks' old Robert Thomas McKenna, II, at Our Lady of Victory church. His Godparents were Bob's sister, Mrs. Geraldine Davis and his brother, Jack. A dinner for the immediate family followed the ceremony at the Jack McKenna home.

On Wednesday, March 29, Mrs. Davis and her children accompanied the Robert McKenna's to the former's home in Ohio where Bob and his family visited several days en route to Washington, D. C. where they will reside while Bob studies at George Washington University.

## Thrift Shop to Close Saturday

There are three more days left to browse through the Thrift Shop at 120 North Center street (formerly the Record office). The shop which opened several weeks ago, will continue through Saturday with an interesting variety of used clothing, books, bric-a-brac, household items, etc., offered at reasonable prices. For the convenience of Friday evening shoppers, the store will remain open tomorrow night until nine o'clock.

The shop is an annual project of the Women's Union of the First Presbyterian church, held in an effort to raise funds for various church activities.

## Rosedale Gardens to Host Garden Club's Inter-Club Luncheon

The Rosedale Gardens branch of the Women's National Farm and Garden Association will host an annual spring Inter-Club luncheon at 12:30 p.m. Monday, April 13. Members of the Northville and Plymouth branches will be guests at the event which will take place at the Rosedale Gardens Presbyterian church, 9801 Hubbard at West Chicago boulevard.

Mr. Sidney M. Quigley of Ann Arbor will be guest speaker of the afternoon. Colored slides will accompany his talk on the "Hinterlands of Brazil."

## Janet Van Atta Visits in Village

Northville's younger set was all astir last week entertaining nine-year old Janet Van Atta of Charlotte, N. C. who arrived early Saturday morning at Willow Run Airport via Eastern Airlines. The unescorted pint-size traveler was poised and confident as she assured her grandparents, Mr. and Mrs. Fred Van Atta of Cady St., who met her at the airport, that she "had a swell trip".

Janet, who attended Northville Grade School before moving last fall with her parents, the Fred Foster Van Attas, to North Carolina, visited her former third grade classmates in school sessions and at many of their homes. Janet, a charming little girl with bright brown eyes and a ready smile, found that her little friends had not forgotten her and had planned several parties in her honor. Included in the festivities was a luncheon hosted by Julie Gazley at which she entertained several little ladies at her home on Rogers St. with Janet as honor guest.

On Thursday evening, Janet and Mrs. Van Atta entertained at a farewell party. The young hostess invited to the affair: Kathy Lee, Carole Tabor, Julie and Kris Gazley, Marilla LaFevre and Jimmy McCarthy.

The Van Attas accompanied their granddaughter to Willow Run Airport Thursday evening where she boarded the 11 p.m. plane for her home... just like a veteran traveler.

## Price Home Scene of Family Dinner

Mr. and Mrs. George Price of North Center street, were hosts to 18 members of their family at a buffet dinner Sunday evening.

The presence of five daughters with their husbands and children made the event a family affair. Also on hand for the Easter celebration was an aunt, Miss Lottie Cosbey, formerly of Dearborn who now makes her home with the Prices.

Peggy Price, now a junior Michigan State college, left Monday to resume classes following a ten-day spring vacation spent with her parents.

## Mrs. Sterner Recent Luncheon Hostess

Mrs. Fred Sterner, Jr., was hostess to a luncheon Wednesday afternoon at her home on Beck road.

She invited Mrs. Kalin Johnson and daughter, Gretchen; Mrs. Margaret Kertz and daughter Kathy and Mrs. Frank Defina and daughters, Kristy and Kathy, for the affair.

## GOOD BREAKFAST MEANS GOOD MORNING!

If you find you are not as efficient around eleven each morning; if you begin to get a "draggy" feeling at mid-afternoon; if your youngsters don't show the zip and mental alertness which you expect—maybe it's because the family isn't doing right by itself at breakfast!

That's what a list of learned nutrition experts, doctors and others are saying. They've made extensive tests which show that neglect of the first meal of the day definitely cuts down on efficiency. Some of them go so far as to say that skipping on breakfast is a contributing factor among children in general poor health.

These experts stress the fact that breakfast should provide one-fourth to one-third of the total daily caloric needs as well as a proportionate share of all the essential nutrients. Yet it is the one meal most often slighted by adults and children alike.

A recent survey conducted by the University of Iowa Medical School indicated a neglect of good breakfasts in all age groups. Results showed that out of five children, only one goes to school with a good breakfast.

Among the boys and girls, the survey revealed that sixty percent of the teen-age girls were in the habit of eating a breakfast entirely inadequate to their physical needs while twice as many older teen-age

boys had poorer breakfast habits in comparison with the younger teen-agers.

Women rank as the worst offenders in the older age bracket with only forty percent of them eating what nutritionists term a good breakfast. The men had a somewhat higher average with fifty-six percent of those surveyed saying they had a good breakfast.

The studies showed that those persons eating a good breakfast daily had a greater work output, shorter reaction time and less shakiness after exercising. Those eating a poor breakfast showed a decrease in maximum work output, an increase both in simple and choice reaction time and an increase in tremor magnitude.

A basic breakfast pattern, such as that being eaten by the typical American family pictured above, has been formulated by leading nutritionists and medical authorities. It consists of fruit or fruit juice, cereal (hot or ready to eat), milk, bread and butter or fortified margarine.

This basic breakfast does not, except in a few instances, equal one-fourth to one-third of the total daily caloric needs. It is merely a nutritional pattern structure to be increased in its portions or augmented with eggs, breakfast meats or other suitable foods to fulfill part of the daily caloric and nutritional requirements.

## Village Girl Sends Easter Costumes to Eisenhowers

Last week Sharon Wick received a letter she will cherish for many years to come. It isn't just an ordinary letter... It was postmarked—White House, Washington, D.C. and signed by Barbara Eisenhower, daughter-in-law of President and Mrs. Dwight Eisenhower.

It seems that it has been the custom each year for Sharon's mother, Mrs. Doris Wick of West Seven Mile Rd., to make Easter bunny outfits which she has designed and to present them to many of Sharon's friends. This year, Sharon hit on the idea to send an outfit to each of the Eisenhower grandchildren. Mrs. Wick promptly got busy and turned out three of the cutest suits ever—complete with "bunny ears". They were mailed in plenty of time for the Easter holiday.

A hand written letter of appreciation received by Sharon reads:

Dear Sharon: David, Anne and Susan were very pleased with the darling little Easter suits your mother makes. They can hardly wait until Easter so that they can wear them when they have their egg hunt.

It was sweet of you and your mother to think of us. Best wishes to all of you.

Sincerely yours, Barbara Eisenhower

Mrs. Laura Smith of Grace Ave. spent the Easter holidays visiting friends and relatives in East Jordan, Boyne City and Ellsworth, Mich.

## WSCS Circles to Host Plymouth Group

The Circles of the Woman's Society of Christian Service of the First Methodist Church will hold their regular monthly meeting Tuesday, April 14 at the church. Members of the Plymouth society will be guests for the day.

There will be a meeting of the prayer circle at 11:45 a.m. to be followed by a 12:30 luncheon.

The afternoon's program will include slides on mission work in Chile, South America, from the collection of Bishop Reed of Detroit.

## Fashion Decrees Pleats for Spring

Pleats and more pleats! That is the order of present day fashions, according to authorities who forecast that fashion-wise women will wear more pleated skirts than ever before during the coming spring and summer season.

One well known designer, Stephanie Koret of California, puts it this way: "Although the slim line is being emphasized in new clothes, pleated skirts give you the slim line plus the flattering, easy freedom of a full skirt. Any woman can wear pleats... they are flattering to every figure... beautiful for every occasion." The secret of the fluid, flattering line is in the shaping of the fabric. Fullness starts at mid-hip and tends to minimize the hips to give the illusion of slimmness.

By day, pleated skirts are the ideal complements for tailored blouses. By evening, they provide the perfect foil for bodices of matching or contrasting fabrics. Flattering to every figure, these latest styles in pleats are fashion right for every occasion.

## Furniture Fashions

The low silhouette, which makes small rooms look larger, is the big furniture fashion news this year. These new low pieces—and it goes for living room tables as well as sofas and chairs—appear to occupy little room area but provide maximum seating and surface space.

The handsome Modern room shown above, a study in black and white, is part of a series of room scenes commemorating the 75th anniversary of Grand Rapids, Michigan, as a furniture producing city. Interesting style notes are the walnut coffee table, which comes in a choice of decorator colors: white, chartreuse, blue and turquoise; and the leather-laced, foam rubber-cushioned "loafer" in the foreground. It is 80 inches square and seats two comfortably. Legs are ebony walnut.

The sectional sofa and the diversified occasional tables may be arranged in a variety of ways, depending on the requirements of the hostess—whether for the serving of party or family meals—or just for everyday living.

You'd expect to pay  
Twice as much

## AFCO's B.T. Udee Says...

While materials are available, replace your out-of-date furnace with a modern AFCO heating unit.

For years to come the entire family will enjoy many months of winter indoor living while an AFCO air conditioning furnace provides filtered clean, humidified warm air to every room of the house.

Economy of installation and operation add to the comfort of your pocketbook. You save on fuel and your house furnishings last longer because they stay cleaner.

Choose the fuel you want to burn. Let your AFCO man help you select the proper furnace for your home. For a free heating survey and estimate,

## Michigan Mirror:

## Lack of Appropriations Stall Civil Defense on State, National Levels

by Gene Ahlman

What will happen when atom bombs fall here? And if they fall? How much can we help ourselves by spending time and money now to reduce disaster later, should disaster strike?

Particularly the "if" but also the "when" of modern bomb attacks make the whole problem of Civil Defense difficult. Individual people tend to put off decisions about CD until "some other time," realizing that organized action, to be effective, must be planned long before an attack takes place. Legislators seem to react in a similar way. For the most part, they can't work up much enthusiasm for Civil Defense problems.

It is not too hard to understand their attitude. Basic feeling is that the state should not be expected to get excited about spending for Civil Defense until the federal government shows signs of backing a national program with big money and a real organization. They do not feel that Uncle Sam has shown that interest. "Washington has the facts and figures," a senate leader said. "If their sources of intelligence do not show conditions dangerous enough to warrant a federal program, how can individual states be expected to take action?"

Recent Red peace overtures will not increase chances for Civil Defense appropriations either, for the legislature, like an individual, breathes more easily when the pressure is off. And with solons still sweating out a big state deficit, the legislature can be expected to spend a little time and even less money on Civil Defense provisions.

But continuation of talk at a federal level of big spending and clean cut action can be expected to have its effect on the legislature. When President Eisenhower talks about multi-billion dollar program and Civil Defense Administrator Val Peterson talks about drafting civilians into grossly understaffed CD ranks, state law makers will take much more interest.

Investigation into "problems of padding of school reports so local districts can get more money from the state is being approached very gingerly indeed, by capitol people. It all started with the discovery that Sandusky has probably received \$145,000 more than was due it during the last two years. Examination of school figures in Lansing caused Gov.

Williams to request that 20 counties be investigated. But it is being whispered in capitol corridors that a detailed audit and strict application of the law might implicate as many as 200 school districts. Legislators hope their fears are without good foundation and that the whole matter can be corrected with a minimum of embarrassment and publicity.

Michigan will gain substantially if the federal "Tidelands Oil" bill becomes law. The state would then possess clear title to 38,450 square miles underlying the Great Lakes, more than another state from an area standpoint. There is general belief that beneath the Great Lakes lie rich mineral deposits of the same general nature as oil, gas, salt and brine already tapped from adjoining land. The areas were not developed previously because of legal questions about title, but should the bill, which clearly makes the land state owned, become law, the way would be cleared for the state to grant rights and collect royalties from commercially backed ventures. Although the Great Lakes area can be important to Michigan and other bordering states, it is only a side issue when compared to the money involved from oil pumped from the oceans off southern states coast lines.

Tourists along highway route US 12 may notice new signs denoting "Red Arrow Memorial Highway." These signs are placed at nine points along the road's course from Detroit to the Indiana state line near New Buffalo. They indicate that the highway is dedicated to the dead of Michigan's famous 32nd army division, also known as the Red Arrow division. This army unit consisted mainly of Michigan men and earned glory in both World Wars. The dedication was ordered by Road Commissioner Charles M. Ziegler following the request of the Red Arrow Memorial committee.

Another highway will soon be posted with memorial signs. It is US 112, which also runs from Detroit to the Indiana line near New Buffalo (but south of US 12). This road was named in honor of General Casimir Pulaski, a Polish hero of the American Revolution. The state legislature voted to make this dedication and the governor signed the bill into law only days ago.

These two additions bring to 17 the number of memorial highways in Michigan. Others include: US 16 in honor of Arthur Vandenberg; M 95, for Leif Erickson; part of US 223 for Will Carleton; part of US 131 for Philip T. Colgrove; M 53 for Howard S. Earle; M 43 for Frank D. Fitzgerald; part of M 28 for Frank Foster Rogers; US 131 for James Whitcomb; US 25 for Frank F. Fitzgerald; part of M 24 for Teddy Roosevelt; parts of US 23 and US 2 for United Spanish War Veterans; US 23 for World War II veterans and M 78 in honor of World War I heroes.

While many a trout fisherman shines up his equipment for opening day the 11th, other outdoor people are concerned with the question of deer population. The problem is too many deer in the lower part of the state; too few in the U.P. Suggestions of capturing deer in the southern peninsula for release is not greeted enthusiastically; there is objection to an open period for does; winter feeding with hay is mentioned.

Time will tell what state officials decide to do about maintaining the deer herd to best advantage.

Coal is West Virginia's biggest enterprise and the major support of her economy.

## Proper Preparation of Soil Is First Consideration in Putting in New Lawn

(Ed. Note: This is the first of a series of five articles on how to prepare and care for your lawn, by Prof. Harlowe O. Whittemore, of the University of Michigan.)

Putting in a new lawn? Proper soil preparation will be your basic consideration.

Soils run all the way from sandy or gravelly to heavy clay types. Sandy or gravelly soil may be infertile and too well drained. If this condition prevails, it will be necessary for you to mix two inches of clay loam into the upper six inches of soil to give it body.

If possible, vegetable material, of a fibrous or mossy type, such as peat moss, ground-up tree leaves, corn cobs, or woods' litter, should be plowed or harrowed along with the clay. If enough of this litter is used, the clay may not be needed.

In addition to the litter and the clay, it will be necessary to use a considerable amount of chemical or animal fertilizer if the clay is of a poor type. In this case, it will be wise to use woods' litter to hold the fertilizer in the top soil.

Best results are achieved by

## Police Answer 112 Calls in March

Northville Police answered 112 calls during the month of March, according to the report submitted to the Village Commission Tuesday by Chief Joseph Denton. Six hundred dollars in fines were collected.

Police investigated two accidents during the month, and recorded 87 traffic violations. Seventy summons were issued. There were no cases of grand larceny, but five cases of petty larceny. Two juvenile and two vandalism cases were reported; and two breaking and entering cases were listed. Police investigated two prowler calls.

A pick-up truck was reported missing from Guernsey Farms Dairy in the early hours of March 22, and found abandoned by Livonia Police in Livonia the same day.

Two bicycles were reported missing, and both were recovered. There were 12 arrests and 12 court cases, and one person was bitten by a dog, with the dog being placed under observation.

Two dogs were sent to the village pound. Their owners reclaimed them and were fined. Four dogs were destroyed, and two others found new owners. Two windows were found open and unscreened, and 12 doors were discovered unlocked by police. Nine teletype messages were sent out during March.

## 4 Drivers Fined in Traffic Cases

Three persons paid fines last week for reckless driving violations after ticketing by Northville police. Another was ticketed for driving under the influence of intoxicants. The cases were heard in Justice Court by Judge E. M. Bogart.

Ralph Himmelhoch, of 19220 Kingston, Detroit, pleaded not guilty to charges of speeding up to 60 miles per hour in a 25-mile per hour zone, but was found guilty. He paid \$35 and costs.

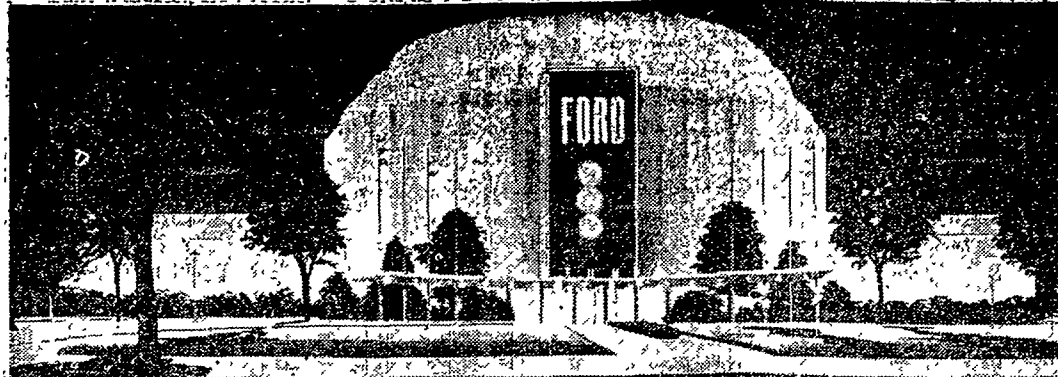

Keith R. Stevens, of 599 Virginia St., Plymouth, paid \$25 and costs for reckless operation, and William Sniff, of 25455 Ivanhoe, Detroit, paid an identical fine of \$25 for the same violation.

Everett Scott, no listed address, Northville, was charged with operating an automobile under the influence of intoxicants. He pleaded guilty and was fined \$50 and costs. Judge Bogart also recommended that his driver's license be revoked for 90 days.

## 2 Leavenworth Dogs' Place in Toledo Show

Mr. and Mrs. Carl Leavenworth and daughter, Judy, of West Twelve Mile Rd., entered two of their favorite collie dogs in the Toledo Dog Show of the American Kennel Club held Sunday.

Judy showed her collie, "Golden Laird of Bellhaven", which captured third place in obedience trials. A collie puppy, "Golden Laird of Dea-Haven", owned by Mrs. Leavenworth took first place in the puppy class.

This is the famous Ford Rotunda with its redesigned exterior. Inside, the entire building, long Detroit's principal tourist attraction, will have a completely new series of displays and exhibits to show the progress of the automobile industry and its effect on American life. This artist's conception shows how the building will look when it is reopened to the public about June 1 as part of the company's 50th anniversary observance.

## Photographers at High School

National School Studios photographers will be at the Northville High School Monday, April 13, to photograph students.

Pictures will be available later in packet form for those boys and girls who want to buy them, said Principal E. V. Ellison, and having pictures taken imposes no obligation.

Spelman Studio's men were at the high school Tuesday, April 7, photographing spring sports teams and other school groups.

## Newton Wins Ford Scholarship

Walter E. Newton, Northville High School senior, has been named as one of 74 winners in 17 states of a four-year college scholarship in the third national competition among children of Ford Motor Co. employees, according to an announcement by Henry Ford II, president of the Ford company fund.

All winners will receive full tuition and customary academic fees at any recognized American college or university they choose. In addition, they will receive a portion of their living expenses while attending school.

If winners select privately-endowed colleges or universities, the fund will make an additional \$500 annual grant to such schools for each scholarship award winner in attendance.

Walter is the son of Mr. and Mrs. James Vernon Newton. Mr. Newton is an employee of the Valve Department of the Northville Ford plant.

To be eligible for scholarships, in addition to being sons and daughters of Ford employees, the students had to be in the top third of their high school classes and take a competitive examination given by the Educational Testing Service, Princeton, N. J. Class standing, examination scores time spent in outside work and extracurricular activities, and recommendation of high school principals and senior counselors were reviewed to select the winners from among the 420 who competed this year.

The Ford Motor Company fund is a non-profit corporation and not connected in any way with the Ford Foundation. It was organized for educational, scientific and charitable purposes and is supported principally by contributions from Ford Motor Co.

Forty-six of the winners are from Michigan. Other states having winners are New York six; Illinois, four; New Jersey three; Minnesota and Missouri two each; and one each from Tennessee, Pennsylvania, Arkansas, North Carolina, California, Ohio, Virginia, Florida, Massachusetts, Kentucky and Texas.

A group of 15 to 20 students from Northville High School will join similar groups from 30 Michigan high schools at a meeting of the Future Teachers of America Clubs at a meeting on the campus of Michigan State Normal College April 22. The Northville group is sponsored by Mrs. Pauline Smith.

Sponsored by the college district of the Michigan Education Association, the meeting is expected to bring three to four hundred high school students who are planning to enter the teaching profession to the campus. The Future Teachers Club movement represents an effort to bring young people planning to enter the profession into close contact with the problems they will face as teachers.

## How Much Hot Water Do You Need?

If you have 1 or 2 in your family and you have a bath and a manual-type washer

you need a 30-gallon water heater. If you have 3 or 4 in your family and you have a bath and an automatic washer you need

a 40-gallon water heater. If you have 5 or 6 in your family and you have 1 1/2 baths and an automatic washer you need

a 50-gallon water heater. But if you have 7 or 8 in your family and two baths and an automatic washer and an automatic dish washer

60-gallon water heater will be adequate.

Did you know that 70 to 85% of water used in the home is hot and there are 140 common household uses for hot water? If the supply runs out for any one of these uses, some member of your family will be inconvenienced. A "quick recovery" water heater operated by LP-Gas (also known as butane, propane, bottled and tank gas) will continue to deliver plenty of hot water even during heavy-use periods. The chart above—sized to fit families and number of appliances using hot water—is recommended by the L.P.-Gas Information Service.

Meaker Friday, April 17, in a talk, which will outline the connection between the study of sociology and police work.

## Funeral Services Held Tuesday for Jonathon Brown

Jonathon William Brown died very suddenly at his home, 47300 West Twelve Mile Rd., Novi, Saturday, April 4. He was 61 years of age.

Funeral services were held Tuesday afternoon from the Castlerline Funeral Home with the Rev. T. B. Chronister of Redford officiating. Burial took place at Oakland Hills Memorial Cemetery.

Mr. Brown was born April 13, 1891 in London, England, the son of the late Bokoa and Alice Brown. He was employed as a general foreman by the Nash Kelvinator Corporation where he had been employed for 22 years. He had made his home in Novi for the past 21 years.

Surviving are his wife, Katherine; three sons, William J. of Detroit; George of Walled Lake and Fred of Hamilton, Ontario, Canada and one daughter, Mrs. Lillian Cronk, of Detroit. There are also seven grandchildren surviving.

## Adolph Moers Dies at Age of Ninety

After a brief illness Adolph Moers died Wednesday, April 1 at the age of ninety years. For the past seven years he had made his home with the Wallace Westfields of Nine Mile Rd. Funeral services were held at the Lutheran Evangelic Church of Wayne and burial took place at the Wayne Cemetery.

Mr. Moers was born Nov. 13, 1862 in Christ Rosenberg, West Prussia, Germany, the son of Ferdinand and Annie Moers. He came to the United States when he was 21 years of age, going to Gladstone, Ill., now known as Reedstown. He moved to Detroit in 1888 where he lived 14 years and in 1904 moved to Wayne.

Surviving are, one son, William, and one daughter, Eda Janer, both of Wayne. Four children preceded him in death. Also surviving are seven grandchildren, ten great-grandchildren and one great-grandchild.

## WCTS Girls Give Program at Rotary

A group of girls from the Wayne County Training School entertained the Northville Rotary Club with roller skating exhibitions and dance routines at the club's meeting Tuesday noon.

Rotarians shoved back the tables after lunch to make enough room for an impromptu roller rink at the First Presbyterian Church House and the girls gave their performances.

There were three skating solos and a duet. Two girls danced a tap duet, another performed an Irish tap-dance routine, and two girls entertained Rotarians with a waltz clog duet.

Miss Anita Andries, cottage housemother at the training school, has worked with the girls for the program carried on at the school as a means of recreation.

# Easter Seal Can Smashed, Robbed

Someone who apparently thought he needed money worse than crippled children ripped open a cardboard Easter Seal collection canister in the post office lobby and took the coins and bills which had been contributed to the drive.

Members of the Rotary Club, sponsors of the Easter Seal, in the village, were disgusted at the thievery. One member remarked that he was ashamed

to think "anyone that low might live in Northville".

John M. Miller, drive chairman, reported that the sale of Easter Seals will fall far short of its \$1500 goal, but that a few donations which may still come in will probably bring the total near last year's market. The total, at present, is \$1,119.

"Even though the drive ended officially on April 5," Mr. Miller said, "more contributions will come in for two or three weeks, and all of them, of course, are more than welcome."

Funds collected from the drive are used by the Wayne Out-County Chapter of Crippled Children and Adults for occupational therapy and rehabilitation of crippled children and adults, and for such beneficial enterprises as the day camp to be held this summer near Plymouth.

## THE PRESIDENT PRAYS

Our good President was severely criticized for praying publicly by the Free Thinkers Organization of America, which boasts a membership of 30,000. This is part of the statement of Joseph Lewis, President of the Free Thinkers Society. "If the President or any other government official wants to pray, he should do it before assuming his public duties either at his home or at his church. Praying in public is a vulgar display of an exclusively personal matter. If President Eisenhower expects any result from praying, he will be sadly disappointed." Mr. Lewis went on to say that the inauguration prayer of the President was "wholly uncalled for" and a reflection on citizens "who do not believe in the efficacy of prayer".

Friend, isn't that enough to make the angels weep? I wonder just how stupid some people will get. With over 6000 years of reliable history in which our gracious God has answered both private and public prayers and then one says "no results can be expected". I believe it is about time Christians served notice upon the ever increasing trend toward atheism that "Freedom of Religion" does not mean "Elimination of Religion". Let us remember our president in prayer as commanded in I Timothy 2:2.

## Penn Theatre to Show 3-D Movies

Three-dimensional movies will become part of the new policy of Plymouth's Penn Theatre as soon as necessary new equipment can be installed, announced Harry Lush, owner of the Penn.

The new stereoscopic process is called Natural Vision, and will require polaroid viewing glasses which will be given to theatre patrons each time a 3-D film is shown.

Installation of a new high-intensity screen will be made sometime in May if the equipment is available. This type of screen will also improve viewing of standard two-dimensional films.

The 3-D movies will be shown as they become available from the film companies producing them, most of which have become enthusiastic over the possibilities of the new process. Standard movies, however, will still be regular fare at the Penn.

Natural Vision requires use of two projectors running simultaneously and two operators, and will necessitate a short intermission midway in projection for reel change-over. The use of oversize reels, however, will guarantee 50 minutes of uninterrupted viewing. Standard reels are 20 minutes in length and continuity is accomplished by cutting in a second projector as the reel on the first one runs out.

PHONE IN YOUR NEWS

## "Q" DAY COMING!

A strange but understandable malady strikes at a couple of hundred thousand men in Michigan each year at this time. They wander about in somewhat of a daze, preoccupied by lofty thoughts transcending the petty problems of everyday life.

If one could penetrate the haze which surrounds such victims, visions of lovely streams on a warm spring day would come to life. The dimpled surface of a quiet pool would mark the cautious rise of a feeding trout, and the dream would watch an angler's perfect cast drop a tantalizing fly in just the right spot.

You see there's nothing fundamentally wrong with these absent-minded men. It's just that "Q" Day is coming—and "Q" stands for "QUOTIDIAN". Day this year falls on April 25th, the official opening of the 1953 season.

### Hatcheries Busy

Again this year Michigan fish hatcheries will plant about a quarter of a million legal-sized trout in readily accessible streams before the season opens. Again this year fishermen will swarm to those streams opening day to catch a large percentage of those glibly, semi-civilized brook, rainbow and brown members of the trout family.

Other anglers imbued with more pioneer blood will leave the beaten paths to seek the wily native trout

in natural haunts not too easily reached. . . and there are many, many miles of fine trout waters rarely fished in Michigan. If you have not already planned your trip for the opening week end, consider a new adventure this year—a search for the lair of those big, native trout high up in the headwaters, perhaps, or in a deep pool far up an old abandoned logging road impassable to cars.

Forget the modern theory that one should step from an automobile parked at the edge of a stream, fish a few hundred yards, then drive on to another riverside parking spot. Get off the beaten path. WALK and stalk your trout, approaching that likely looking pool deep in a swamp with caution. Wild trout are wise trout, big and fat because they're always alert to danger.

### "One for the Book!"

Success in adventure like this is never-to-be-forgotten. Here is true triumph for the sportsman's memory book, for a single grand-daddy trout taken from a far-off secret pool is worth a creel-full of hatchery-raised fish anytime! Maybe that "grand-daddy" won the battle and is still in the pool, and you come home empty-handed. There's still a sense of triumph. Your "discovery" will keep. There'll be another day of reckoning with that old tackle-buster soon, in Michigan Outdoors!

Mort Neff's "Michigan Outdoors" television show can be seen every Thursday over WWJ-TV, Channel 4, in a thrilling full half-hour show—7:00 p.m. till 7:30 p.m. DON'T MISS IT!

## NOTICE Rubbish Collection

TO THE RESIDENTS OF THE VILLAGE OF NORTHVILLE:

The Village Commission has had many complaints about and experienced much difficulty in the matter of rubbish collections and disposal. Village employees collect rubbish weekly beginning Friday and with cooperation from Village residents, the entire collection can be completed within one day.

So that there will be no misunderstanding, the following constitutes the important provisions of Ordinance No. 120 dealing with rubbish and garbage collection:

1. Owners and occupants of all buildings and lots must keep their premises cleared of garbage, waste, refuse and rubbish.
2. No garbage may be burned in the open air. No waste material which causes dense or offensive smoke may be burned in the open. Grass and leaves may be burned in the open, but not on Village pavement, street, alley or property.
3. Garbage, ashes and rubbish must be stored separately in a sufficient number of good containers. No container and contents shall exceed 100 lbs. in weight. All metal containers must have handles.
4. Garbage containers must be of metal, water tight with tight fitting covers.
5. Ash containers must be of metal and of sturdy construction.
6. Rubbish containers (other than ash) may be of wood, metal, burlap, canvas, or similar cloth bags in good condition.
7. Bulky rubbish must not exceed four feet in length and branches must be tied in bundles not exceeding four feet in length.
8. Garbage containers must be kept near the back door of any building or at the rear of the property if there is an alley. Only garbage should be placed in any garbage container.
9. Ash and rubbish containers shall not be placed at the point of collection previous to the night before collection nor shall the containers remain, after being emptied, at the collection point for a longer period of time than the next morning. Where there is an alley, ash and rubbish containers should be placed only at the alley line on the property of the owner or occupant. Where there is no alley, ash and rubbish containers should be placed only on the terrace adjoining the curb, or if there is no curb, near the roadway, but not so as to interfere or endanger pedestrian or vehicular traffic.
10. Failure to comply with the provisions of this Ordinance subjects the violator to a fine not to exceed \$100.00 or a jail sentence not to exceed ninety (90) days, or both, within the discretion of the Court.

The Village contracts the collection and disposal of garbage and performs its own collection and disposal of ashes and rubbish. This notice is published pursuant to the direction of the Village Commission.

Mary Alexander,  
Village Clerk

## VFW Post, Aux. to Hold Installation

Public installation of officers of the Veterans of Foreign Wars Post 4012, auxiliary to the post and the Dad's Club will be held at 2:00 p.m. Sunday, April 12 at the V.F.W. Hall on Plymouth Rd.

Taking office with Commander Glenn Gerrard of the post, will be Arthur Ash, Sr., vice-commander; Barnaby Bird, junior vice commander; Stanley Myers, quartermaster; Robert Dearing, adjutant; Floyd Kuksky, post advocate, and Al H. Smith, Jr., chaplain.

Miss Margaret Rager will be installed as president of the auxiliary and taking office with her will be: senior vice-president, Mrs. Florence Russell, junior vice president, Beatrice Myers; treasurer, Mrs. Lena McArthur; secretary, Mrs. Ruth Comer, and chaplain, Mrs. Ruth King.

Dad's Club president for the coming year will be Alfred Smith, Sr. with Cecil Taggart serving as senior vice-president; Tom Wehrly, junior vice-president; Roy Ufley, treasurer; James Andrew, secretary; Albert Earhart, chaplain; Howard Rogers, judge advocate, and Lewis Clark, guard.

### CARD OF THANKS

The family of the late John W. Brown wishes to thank friends and neighbors of Northville and Novi for the many kindnesses extended to them during their recent bereavement. Special thanks to Dr. R. M. Atchinson for his thoughtfulness.

### IN MEMORIAM

In loving memory of our dear son and brother, Perry Kenner, who gave his life eight years ago, April 6 at Okinawa. As time goes by we miss you more.

Always remembered by Mother, Dad and Sister.

## Plymouth to Hold 3-Day Art Event

The first Creative Arts Festival in Plymouth will be held Friday through Sunday, April 10-12, in the Plymouth High School. The festival will combine the creative talents of many Plymouth residents as well as some from Livonia and Northville.

Displays of handicrafts will be found in many of the classrooms and show cases. These handicrafts will include oil painting, rug weaving, metal work, leather work, ceramics and many more.

Group creativeness will also be a part of the weekend show. On Friday evening at 8:15 the Theatre Guild will present the play, "January Thaw". A solo and ensemble concert will be given in the auditorium at 2:30 p.m. Saturday, and a square dance exhibition will be presented at 9 p.m. that evening.

The festival's finale will be on Sunday at 4 p.m. when the Plymouth Symphony Orchestra, the Civic Chorus and the high school band will present a concert in the auditorium.

The exhibits will be open on Friday from 7 to 10 p.m., on Saturday from 2 to 5 p.m. and on Sunday from 2 to 4 p.m. Admission is free.

## Final Rites Held for Mrs. Bloom

Northville lost one of its older prominent residents with the passing of Mrs. Martha Sybil Bloom Tuesday, Mar. 31 at her home on West Main St. Mrs. Bloom was the mother of C. Harold Bloom of the Bloom Insurance Agency, Rev. Dr. Harold F. Fredsell conducted the final rites Friday, Apr. 3 from the Casterline Funeral Home and interment was in Rural Hill Cemetery.

Mrs. Bloom was born 84 years ago in Detroit, the daughter of the late Mr. and Mrs. James M. Beattie. Shortly after her marriage to Charles H. Bloom, the couple moved to Northville in 1890 where they became active in civic affairs. Mrs. Bloom was a member of the Northville Woman's Club and the King's Daughters.

Surviving besides her husband, Charles H., and one son, C. Harold, are two granddaughters, Cecilia Ann and Martha Sybil.

Proclamation Cancer Control

WHEREAS the welfare of all of us depends in large measure on a concerted effort on the part of the people and their leaders alike, and

WHEREAS the prosperity and welfare of everyone depend inevitably on personal health, and

WHEREAS many of the diseases that cursed our ancestors no longer are a major threat and the promise of a longer, fuller life will be obtained when the remaining major diseases are conquered, and

WHEREAS cancer looms as the most dangerous among modern ills, continuing to take more than 215,000 lives of our people every year, and

WHEREAS the President of the United States, authorized by Act of Congress, has set aside the month of April as a special occasion during which our efforts to fight cancer are redoubled, therefore, I, Conrad E. Langfield, Mayor of the Village of Northville, do hereby proclaim and ordain April, 1952 as:

CANCER CONTROL MONTH

And further urge and request that every citizen shall observe it as such by cooperating with the American Cancer Society's Cancer Crusade.

## Voters Defeat

(Continued from Page 1)

Hospital is located, and residents of Northville Township were almost solidly opposed on the ground that it was a "grab" by the city to take away a potential source of township revenue amounting to about \$12.50 for

## 4-H Clubs to Have Style, Talent Show

Three area 4-H Clubs will cooperate in a Style and Talent Show to be held Saturday, April 18, at the Novi Community Hall on Novi Rd. The show will begin at 7:15 p.m.

Participating in the show will be the Lucky Leaf Northville Boys' 4-H Club, the Novi Girls Busy Bee 4-H Club and the Classy Clover 4-H Club of Farmington.

A preview showing of the projects of club members for the year will be exhibited at the show. Clothes modelled by members will be furnished by Dunning's of Plymouth, and by the Luksche Store of South Lyon.

## For The Record

(Continued from Front Page) will then receive a favorable vote.

On one point we are absolutely convinced. It is that Dr. Snow, and the members of the City Incorporation Committee believed their plan for making Northville a city was a fair one, everything considered. The fact that it was not accepted by the voters should be no reflection on the integrity of their thinking and their efforts to accomplish something which they believed to be in the best interest of the Northville community.

BUILDERS' SUPPLIES - HARDWARE  
630 Baseline Road Northville, Mich.

I've never heard of a homemaker who only worked 8 hours a day...

and...I'm pretty sure you haven't either.

Let's look at a homemaker's day. She starts with the family wash, irons the clothes, cleans the home, takes care of the children, plans the shopping, and cooks the meals. Oh brother, you get all that into an eight-hour day, and you're doing something!

What woman wouldn't welcome assistance with all those tiring household chores? That's why Natural Gas, today's wonderful, plays a greater role in easier and better living than ever before. Modern homemakers use dependable, automatic Gas hot water heaters for washing and cleaning, automatic Gas dryers for drying clothes, and of course, automatic Gas ranges that provide freedom from cooking drudgery.

Take the modern Gas Range, for instance; stop and look at some of its wonderful new automatic features. You can bake, roast, and cook a whole meal in the oven automatically. The large, smokeless broiler broils meat fit for a king, modern top burners bring efficient cooking results every time, and there's plenty of storage space for your cooking utensils. If you are not already cooking with a modern Gas range, you're passing up one of the greatest labor-savers in the home today.

### Your Gas Appliance Dealer...

will be glad to show you these new automatic ranges. They cost less to buy, less to use, and less to install than any other automatic range on the market today.

**Former Villager Dies in Indiana**  
 Mrs. Mable Harrington of Terre Haute, Ind., formerly of Northville, passed away March 29 at St. Anthony's Hospital, Terre Haute. Mrs. Harrington had been ill for more than a year.  
 The deceased is survived by a son, John Stevens, of Pacoima, Calif., a daughter, Margaret G. Stevens, a sister, Minnie McCard, and a brother, Carl McCard, all of Terre Haute. Three grandchildren also survive.

**Goodwill Trucks Due Here April 16**  
 The familiar red Goodwill Industries pick-up trucks will be in Northville and Plymouth on Thursday, April 16, to collect usable household materials to provide jobs and training for the 330 physically handicapped men and women employed in the Goodwill Workshops in Detroit.  
 Contributions of materials to the rehabilitation program may be made by phoning Miss Edith Sorenson at Northville 571 or by addressing a postcard to Goodwill Industries, 6522 Brush St., Detroit 2, Mich.  
 Miss Sorenson is now employed by Goodwill Industries to serve as local telephone representative in keeping with Goodwill's policy of employing the physically handicapped wherever possible.  
 Last year's party dress, an outgrown snowsuit, a broken doll or an unused table, when sent to Goodwill Industries, will help provide a job with wages and training for disabled adults. Clothing, shoes, toys, hats, small appliances, furniture and other household items are the raw materials which were used to provide jobs paying over a half-million dollars to handicapped men and women during 1957.  
 In order to make "Not Charity but a Chance" a reality to a greater number of physically handicapped persons this year, Goodwill Industries is asking for greater contributions of material than ever from the housewives of this area.

**Events of the Past in Northville**  
 News Items Taken From the Files of the Record

**ONE YEAR AGO—**  
 Mrs. E. J. Willis was named director and delegate-at-large for the Southwestern Diocese of the National Council of Catholic Women.  
 Mr. and Mrs. Bruce Turnbull and sons spent a two week's vacation at Pointe Vedri Beach, Fla.  
 Mary Jane Burgess became the bride of Robert W. Orlick in ceremonies solemnized by the Rev. Dr. Harold F. Fredsell at the First Presbyterian Church on April 5.  
 Northville residents contributed \$1,509 to the 1957 Red Cross fund campaign, oversubscribing the \$1,500 quota set by the National Red Cross, according to C. Harold Bloom, drive chairman.

**FIVE YEARS AGO—**  
 A total of 1,749 young people and adults took part in classes offered by the Northville Recreation program during March, stated a recreation committee report.  
 The senior class of Northville High School presented "Home Sweet Home" April 8-9 under the direction of Miss Roberta Scherer.  
 J. M. Miller of Green Ridge Nursery and Earl Fitzpatrick of Flower Acres Nursery were ac-

One Year Ago: Wilfred A. Lussier was installed as Commander of Knights Templar Commandry No. 39 of Northville April 5 as it began its sixty-sixth year here.

One Year Ago: Edgar A. Guest, popular poet named Poet Laureate of Michigan, was scheduled to be the guest speaker at American Legion Auxiliary evening of entertainment.

Mr. and Mrs. Horace Boyden, decided to thereafter confine their pirating activities to their back yards.  
 John McCully placed his entire stock of shoes on sale after being proprietor of the shoe firm for many years.  
 A pound of coffee and one loaf of bread were given with every year's subscription to the Northville Record.  
 There were thirteen full columns of mortgage default notices in the April 14 issue of the Record. Many villagers will remember those days.  
 Family size refrigerators, 25-pound ice capacity, sold for as low as \$8.95.

**TWENTY-FIVE YEARS AGO—**  
 Work was begun on the Fairbrook spring park.  
 The Silver Spring Water company installed \$15,000 worth of modern machinery to make soft drinks.

**Freshman Grades at U-M Disprove Failure Rumors**  
 Statistics again have proved more reliable than rumors on the University of Michigan campus.  
 The grade reports prepared by the office of Registrar Ira M. Smith show that the freshmen who entered the University last September maintained better than a C average as a class during the Fall Semester.  
 Contrary to some rumors, that failing grades were highly prevalent among the newcomers to the campus, the report shows that out of 10,976 grades recorded for freshmen only 4.2 per cent were E's, which is the failing mark.  
 To more than balance these failing grades, the freshmen piled up 10.9 per cent of A's and 29.7 per cent of B's.

Rev. Charles G. Morse, assisted by his son, Gilman Morse, of Birmingham baptized the following at the service in the Novi Baptist Church Sunday evening: Carol Ann LaPlante, Judy Stubbe, Wanda White, Eva White, Mrs. Edward Collins, Paul White, Wallace White and Edward Shoemaker.  
 Rev. Charles G. Morse had his car damaged in an auto accident in Birmingham Saturday night.  
 Sunday guests at the Rex LaPlante home on Easter were Mr. and Mrs. Fred LaPlante of Commerce Lake Rd., James Wilenski of Redford, Elmo Richards of Detroit and Jackie LaPlante of the home.  
 Mr. and Mrs. R. E. Ward returned from their trip to Arkansas last Saturday.  
 The Novi Chapter of the Blue Star Mothers are expecting a good crowd out for the luncheon and card party at the Community Hall beginning at 1 o'clock Friday, April 10. Table prizes for each table and several door prizes.  
 Mrs. Robert Davis and Mrs. B. F. Davis entertained the Sunshine Club at the Davis home on Twelve Mile Rd. on Wednesday. The ladies enjoyed a pot-luck dinner at noon with a birthday cake for those whose birthdays occur in April.  
 A talent-style show will be held at the Novi Community Hall beginning at 7:15 p.m. Friday evening, April 17, under the sponsorship of the Lucky Lees, Northville Boys 4-H Club, Novi Girls B-Z-Bee 4-H Club and Classy Clover 4-H Club of Farmington. Preview showing club member projects of the year will be on exhibit. The clothes modeled by members will be furnished by Dunning's of Plymouth and Luschkes of South Lyon.  
 Rev. Grace Morse and her sister, Dr. Glenidine Snow of Ypsilanti are spending about ten days on a trip to Florida.  
 Mr. and Mrs. Al Pritchard were the Easter Sunday dinner guests of their son and daughter-in-law, Mr. and Mrs. Russell Pritchard in Plymouth.  
 Mr. J. W. Brown passed away very suddenly at his home on Twelve Mile Rd. last Saturday evening. Mr. and Mrs. Brown had planned a month's vacation in Florida and expected to leave the following Monday.  
 Charles Trickey, Jr. will attend the national convention of AmVets in New York over the week end.  
 Mr. Claude Elmore, assistant superintendent of Oakland County Schools, visited the Novi School Wednesday afternoon.  
 James L. Buck, piano teacher in the Highland Park Public School, visited the fifth grade piano classes.  
 Bonnie Bellinger, daughter of Mr. and Mrs. Owen D. Bellinger of Twelve and a Half Mile Rd. auditioned for Starlit Starway on Thursday evening, April 2.  
 John Morris, Ricky White, Cecil Barton and Ronnie Hines have had perfect school attendance this marking period. Ronnie Hines, perfect attendance for the whole year; in the third grade, Freda Angel, Shirley Coleman, Joe Hedrick, Ronnie Hill, Greg Larson, Denny Marshall, Butch Rice, Philip Simenton, Larry Snow and Lana Whistle have had perfect attendance.  
 After Fun night Saturday, Mar. 31, a key was found in the Novi School Gym. Owner may have same by calling at the school.  
 Mr. and Mrs. Arthur Kieger and daughter, Kay, had as their Easter Sunday dinner guests Mr. and Mrs. Lee Laskay and son, Danny and daughter, Shaion, of Northville.

**Northville Linked to Africa by Bell**  
 Africa is halfway around the world, but a missionary from Northville has found on the dark continent a real link with home.  
 The link is a bell, which, says Marguerite Coykendall, "rings our African folks out to our church service." The bell had broken and when men climbed the pole to take it down to fix it, Miss Coykendall discovered on it the inscription "Made in Northville, Michigan."  
 Further investigation of the inscription showed the words "Michigan Bell Foundry, Northville, Michigan, U.S.A."  
 Miss Coykendall, missionary in Minna Nigeria, Africa for the First Baptist Church, told about the bell in a letter to the Rev. Peter Nieuwkoop, pastor of the First Baptist Church here.  
 "It's a very old bell," she said, and asked if Rev. Nieuwkoop knows about a foundry in the village which might have manufactured the bell.  
 "It gives me a 'homey' feeling now when I hear it ringing," said the youthful missionary.

**CHRISTIAN SCIENCE CHURCHES**  
What would mankind give if it could be assured that sin, disease, and death can be overcome through understanding prayer? This question is answered in the Lesson-Sermon which will be read on this subject in all Chris-

tian Science churches on Sunday, April 12.  
The Golden Text is from Proverbs (12:28): "In the way of righteousness is life; and in the path-way thereof there is no death." Among the Bible citations is this passage, (Prov. 4:14): "Enter not into the path of the wicked, and go not in the way of evil men."  
Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Disease is always induced by a false sense mentally entertained, not destroyed. Disease is an image of thought externalized." (p. 411)

**NOVI METHODIST CHURCH**  
Rev. J. M. McLucas, Minister  
Residence Brighton, Phone 3731
