COMMUNITY BUILDING GETS APPROVAL Shopping Centers Due Soon

for the Record

by G. H. C.

Many of our readers will be interested, we believe, in the story elsewhere on this page about the construction of two large new shopping centers within less than 30 minutes driving time from Northville. The one at Plymouth and Farmington roads will open in time for the 1953 Christmas trade. J. L. Hudson's Northland Center at Eight Mile and Greenfield roads will open for business next spring. It will be large enough to handle the requirements of a city the size of Lansing.

Like most stories, this one can be interpreted in two ways. Those readers who now drive to Detroit, Ann Arbor or Plymouth to do their shopping won't have to drive quite so far when the new stores open. They can still live in what the Plymouth Mail calls "our sleepy little village" and have the advantages of the finest shopping accommodations brought virtually to their doorstep.

There is another side to this story, however, which is of considerable importance to the great majority of persons residing in the Northville trading area. At first glance, it would appear that such competition will hurt our local retail businesses, and that it is not desirable for this reason. This may be true for a few merchants who are not prepared to meet the challenge of such competition, but for those who have the vision and foresight to change with the times it probably will be healthy. Certainly, merchandise for essential needs—groceries, hardware, shoes, furniture, clothing—can be sold at competitive prices in attractive local stores. Population of this area will grow rapidly in the next five to ten years and there is ALMOST every reason to anticipate that Northville's shopping center will undergo a major transformation for the better as such growth occurs.

The fly in the ointment here, however, is that Northville's shopping center was laid out in the horse and buggy days when Old Dobbin could be tied to a hitching post without over-crowding. Main St. Now, however, every housewife who tries to shop in Northville on Friday and Saturday has difficulty finding a place for the family car. There just isn't enough room for parking adjacent to our stores.

In contrast, both the Northland Center and the Major Shopping Center, are providing space for thousands of cars to park conveniently near to the stores. Unless better parking accommodations are provided locally, there can be little ground for criticism of those Northville residents who find it more convenient to go to the new shopping centers, or to Plymouth, than to come here to do their buying.

All of which leads to the logical conclusion that if Northville residents wish some assurance that our local stores will at least keep pace with the community's growth, they should insist that the Village Commission take steps this year to go through with the off-street parking program recommended last summer by the Village Planning Commission. This program can be financed without cost to taxpayers through receipts from parking meters. So far as we can learn, there is no sound reason why this program cannot be completed.

Property Taxes Account for \$74,975 of Village Budget

The Village Commission adopted the 1953-54 budget for Northville Monday night after providing for adding \$1,175 to property taxes by raising assessed valuation a total of about 6 percent over last year.

The amount to be raised from property taxes will be \$74,975 as opposed to the estimated total of \$73,800 proposed two weeks ago by Commissioners John Stubenvoll and Gerald Woodworth, the Commission finance committee.

Hearing on Gravel Pit to Continue

The adjourned hearing on a petition by the Manning & Locklin Gravel Co. for a temporary permit to remove sand and gravel from a proposed pit next to Oakwood Subdivision will be resumed Tuesday, April 28, at 8 p.m. in the Novi Township building.

A notice of the hearing appears on the classified page of this issue of the Record.

The \$1,175 figure was added to the budget in piecemeal fashion as the Commission considered each division of the budget in a public hearing.

Largest item in the \$1,175 raise was an additional thousand dollars for sidewalk replacement, repair and for new sidewalks.

Carolyn Miller Wins V.F.W. Auxiliary Essay Competition

Carolyn Miller has been named first place winner in the Veterans of Foreign Wars Ladies Auxiliary's essay contest.

All contestants wrote on the topic "Democracy Is What We Make It," and submitted the essays to a local judging committee. Carolyn's essay will now be sent on to regional and state competition. The Auxiliary eventually selects a national winner.

Winner of second place was John Funk, with Sally Davis placing third; Marlene Weiss, fourth, and Mitchell Rackov, fifth.

J. L. Hudson Co. to Open 'Northland Center' in Year

Two modern new shopping centers—both within less than thirty minutes' drive of Northville—pose both a promise and a threat to residents of Northville and other small communities in this area.

The centers, one a multi-million dollar enterprise, promise a new era in shopping convenience for Mr. and Mrs. Householder, who will be able to make one-stop shopping trips and find adequate parking.

The convenience offered by the centers could have the opposite effect on merchants in Northville and on other small-town business districts near by. The shopping centers could seriously threaten their welfare, and even their continued existence as individual businesses.

NORTHLAND CENTER

Most important of the centers is the huge, 70-store Northland Regional Shopping Center being built by the J. L. Hudson Co. at the intersection of Eight Mile and Greenfield roads. The other is the Major Shopping Center going up at Farmington and Plymouth roads in Livonia. Although only one building—to house 18 to 22 stores—is under construction now, the Shelden Land Co. contemplates two more.

Heart of the Northland Center will be a three-story branch of the J. L. Hudson Co. Although only a quarter the size of the Detroit store, it will contain 480,000 square feet of floor space and be the world's largest branch store. It will be surrounded by five other buildings containing about seventy stores of all types.

PARKING EASE

A prime feature of both centers will be the large amount of parking space for customers. Northland will be located in the center of a triangle formed by Northland, (Continued on Page 10)

Juniors to Stage Annual Play

The Junior Class of Northville High School will present its annual play, "Our Miss Brooks," at 8 p.m. on Thursday, April 30 and Friday, May 1. The three-act play will be staged in the high school auditorium.

Several of the roles will be played by two students on the separate nights. Winifred Welch and Jean Nieuwkoop will appear as "Miss Brooks," and Joyce Farrell and Sharon Teshka will be "Miss Finch." "Jane" will be played by Joanna Wiesmyer and Nancy Dewsbury, and Bruce Feller will be "Hugo Longacre."

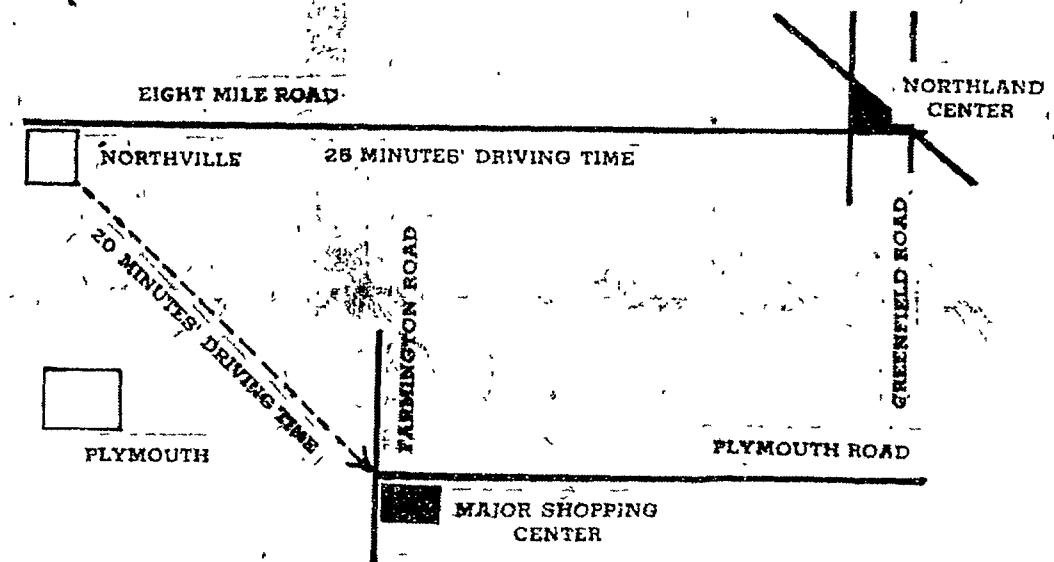

John Boyer and Gilbert Black will take the part of "Mr. Wadsworth," and Jackie Keys and Ila Newton will portray "Miss Audubon."

Other duplicate roles will be Jean Campbell and Arlene Jerome as "Rhonda"; Bob Gregory and Mike Herbert as "Stanley"; Jim Bonar and John Hayes as "Martin"; and Ruth Pullen and Gertrude Anschuetz as "Mrs. Allen."

Others in the cast are Barbara Prunty playing "Elsie"; Sandra Schoof as "Elaine"; Lydia Skow as "Sylvia"; Julia Hammond as "Doris"; Veronica Batt as "Marge"; and Shirley Allen as "Faith."

Above is an architect's model of the new Northland Shopping Center being built by the J. L. Hudson Co. of Detroit. When finished—about March of 1954—it will house 70 stores in addition to the Hudson three-story branch store in the center.

The above map shows the location of Northland Regional Shopping Center at Greenfield and Eight Mile roads, and the Major Shopping Center at Farmington and Plymouth roads. Both will be within half an hour's driving distance of Northville.

No Opposition in Twp. Election

The story about results of election of Northville Township officials was held out of last week's issue of the Record because of mechanical difficulties at press time Wednesday afternoon.

All seven township officials were elected without opposition and Justice of the Peace E. M. Bogart, who still has two years of a four-year term to serve, received 29 write-in votes.

Re-elected were Supervisor Mollie Lawrence, 986 votes; Clerk Fred W. Lyke, 999 votes; Treasurer Roy M. Terrill, 991; Constable Joseph Denton, 1014, and J. Ralph Gibson, board of review, 960.

Elected trustees were Ralph L. Hay, Sr., 950 votes and Robyn D. Merriam, 915.

Merchants Name Schrader President

The board of directors of the Retail Merchants Association elected Nelson C. Schrader, Jr. president Monday night for the 1953-54 year. George L. Clark was named vice-president of the group and Harvey P. Ritchie was elected treasurer. Mrs. Mildred Doran was again named secretary.

Mr. Schrader, who was the association's first president in 1931, succeeds Roy Stone.

\$1337 Collected in Easter Seal Drive

A total of \$1337 has been contributed to the Easter Seal drive for crippled children according to latest tallies. This amount is short of the \$1500 quota, said John M. Miller, drive chairman, but a good showing. The total represented collections from letters, sale of lilies and cannisters.

More Blood Donors Needed by May 4

More prospective donors are needed to sign pledge cards to give blood in the drive set for Monday, May 4, at the First Methodist Church House in the afternoon and evening.

Mail Deadlines Moved Back

Deadlines for outgoing mail have been moved back, said Postmaster Leland V. Smith this week. The three new deadlines to assure delivery are 8:30 a.m., and 1:30 and 5 p.m.

Truck Demolishes Novi Gas Station Sat.

An out-of-control gravel truck demolished the Shell gasoline station in Novi late Saturday morning in a chain-reaction accident involving two other trucks and an automobile. Miraculously, nobody was killed.

Hurt in the accident were Edward Slentz, owner of the station, and Mike Smith, Jr., an employee. They ran for the back door of the station when they saw the truck ramming through traffic toward them.

The series of collisions began when the truck and trailer, headed east on Grand River, swung to the left to avoid hitting a car

backing onto Grand River from the front of Ben's Novi Inn. A second truck belonging to the Young Woods Products Co., and driven by Charles C. Dolloff of Northville, was also heading east but was making a left hand turn off Grand River.

The gravel truck went to the left of the truck driven by Dol-

loff, smashed into it and turned it around several times, according to Leo Harrowood of Novi, before plummeting into the Shell station. The Dolloff truck, propelled by the collision, careened into a parked car belonging to L. J. Putnam. A pick-up truck standing nearby was smashed and began burning. Both the pick-up

and the Putnam car were standing empty at the time.

Smith was able to get almost free of the building before bricks and wood began flying, but Slentz was pinned down and incurred deep gouges in his leg, along with other bruises and abrasions. Both men have been released from Sessions Hospital in Northville.

Smashed in a multiple car-truck collision Saturday morning was the Shell Service station near the intersection of Novi Rd. and Grand River Ave. in Novi. The truck is shown above as it came to rest after knocking out the side of the station. The roof fell in when the truck was removed.

Committee's General Plan Accepted by Commission

The green light was given Northville's proposed Community Building Monday night when the Village Commission approved a tentative drawing submitted by Wilson Funk, chairman of the Community Building committee.

Next step is for Walter Anicka, Ann Arbor architect, to appear before the commission May 4 to discuss a contract for drawing up plans for the proposed building in preparation for advertising for construction bids.

The commission's approval was contingent upon securing of a contractual release from Kauserine and Kauserine, the architectural firm which drew up the original community building plan several years ago. This contract called for a percentage of building costs whenever a community building was built, whether or not the Kauserine plans were used.

Mr. Funk and Village Attorney Philip Ogilvie tried to have the release signed Tuesday, but will be forced to wait possibly two or three weeks because of illness of the firm's senior member.

The commission's approval to go ahead with the building climaxed a fight for it which has lasted since about 1947. Original plans were abandoned when the commission in office at that time would not agree to bonding the village for the approximately \$150,000 necessary to construct the building.

The new committee, with Mr. Funk as chairman, set out to come up with a building which could be erected with the approximately \$200,000 in receipts from the Driving Club and funds contributed by the village at the time the original committee functioned.

The amount actually available at the end of the 1953 racing season, according to Commissioner John Stubenvoll, will be \$197,000. It will be up to the committee, architect and builders to stay within this figure unless funds become available from other sources.

The plan submitted by Mr. Funk and the committee Monday night was the result of frequent visits to other school and community buildings in this area. It was submitted, however, with changes suggested by Village President C. E. Langfield. These would extend the width of the building to provide for about four hundred more seats in the gymnasium, allow for coat-checking facilities, a larger kitchen, better rest rooms, and a 14x50 ft. glassed-in room at the front of the building to be used as a youth recreation room or "canteen."

Association Names Ritchie Brothers to Officer Posts

Both partners of Northville's Ritchie Bros. Laundromat on N. Center St. were elected officers of the Michigan Self-Service Laundry Association April 12 in a meeting at Royal Oak.

Richard C. Ritchie was elected president of the group by the 169 members present for voting, and Harvey P. Ritchie was elected secretary. Outgoing president is Wilbur Wheeler of Jackson, Mich., and outgoing secretary is Mort Cox of Ann Arbor.

Purpose of the organization is to promote understanding and co-operation among operators of self-service laundries in Michigan, and to create and maintain a high standard of service. The brothers have operated their business in the village for more than four years.

Northville Shines in Speech Contest

Northville speech students, as usual, carried away more than their share of honors in the recent district speech contest.

Of the 45 contestants, Sally Wagenschutz and Georgina Kahler took first and second, respectively, in Declamation; Leanna Doeksen placed first in Humorous Reading; Nancy Dewsbury and Guy Brandt placed one-two in Orations, and Lucien Lovewell and Walter Newton took honors in Extemporaneous Speaking. Participating were Northville, Milford, Holly, Clarkston, Brighton and Clarenceville high schools.

Rolling Down The River

by the PETZ BROS.

We're sitting here this day, wondering how to get the column started when in walked a fellow we know, who is exceptionally smart. We know he is smart because he owns two Studebakers, one for himself and one for the family, besides he had a doggone good job. We ask him, how come he got himself such a responsible position in such a competitive world and he answers: "One day this company of ours gets a job that looks hard to handle and is certainly most hard to understand. The head man looks all over the plant for some one to do the work and I happen to be among the last to be interviewed. After a most exhaustive examination, he finally asks, 'am I married and if so, do I understand my wife?'"

"Yes," said I, "I am and I do."

"The job," he roared, "is yours. Any man who thinks he can understand a woman should easily understand this problem."

Now we don't know how to tie in that paragraph with the advertising, because after all, there's nothing hard to understand about the new Studebaker for '53. Your eyes will tell you it's the most beautiful of cars. Your senses tell you it's most comfortable and easy to drive. As you sink into the cushions you know of its thrilling power. And your pocketbook will readily testify to the amazing economy. Everything just naturally happens and naturally we expect you'll be around for a convincing demonstration at the earliest possible moment.

Now that's the way things are with Studebaker and we hope that there will soon be a beautiful tie between you and one of these fine cars we have on our showroom floor. That reminds us, whenever you hear of a beautiful tie between father and son, the son is just naturally wearing it.

There should be a firmer tie between you and the men in our shop also. Some of you haven't been around in months which isn't good for either friendship or your car, particularly your car. Better bring in the transportation item for a thorough check-up and lubrication. The finer motoring you'll enjoy, the longer, more efficient service your car will provide—will more than repay the time it takes. Incidentally, if you haven't the time, we'll come and get the car for you.

That's that, but before we go we'd like to remind all young men of the ancient proverb: he who marries for money earns it!

YOURS,

BILL and WILL PETZ.

Letters to the Editor

The Record welcomes letters to the editor about matters of community interest. Anonymous communications will not be published, but in instances where the writer does not wish his or her name to appear, it will be held confidential.

Dear Sir:

I am writing you regarding a condition which not only affects the residents of Novi but also Northville people who have occasion to pass through Novi. As you know the Shell gasoline station at Novi was totally demolished last Saturday by a heavy gravel truck which was out of control of its driver. Happily, Mr. Slentz and Mr. Smith who were in the station last Saturday were not seriously injured. They could just as well be killed.

Several organizations here in Novi have contacted the State Police and State Highway Depts. asking them to lower the speed limit thru Novi or at least enforce the present limits. These departments apparently are only interested in getting the traffic over the road as swiftly as possible regardless of the hazards to

the small towns.

I have been informed by a local official that the State Police will not write tickets for speeding on Grand River even if lives are endangered by trucks exceeding 40 miles per hour, which I understand is the limit for trucks. I paced one truck (heavy steel) last week which was going 70 miles per hour.

So I would like to warn all Northville folks who drive thru Novi even if the light is green to be very cautious at this intersection, as many of these heavy trucks come down Grand River at such a speed they are unable to stop for the red light and rely on their horns to clear the intersection of traffic.

I hope it will not take a mass killing before something will be done about this condition.

Yours truly,
George F. Atkinson
43443 First St.

John D. LaRue Dies Tuesday

John D. LaRue, former superintendent of Northville schools, and well known Ypsilanti insurance agent, died Tuesday morning at the University of Michigan Hospital, Ann Arbor.

Funeral services will be held Friday, April 24 at 2 p.m. at the Stevens and Bush Funeral Home in Ypsilanti. Burial will take place at Rural Hill Cemetery, Northville. Rev. Gordon Speer and Harvey Colburn will be in charge of the services.

John D. LaRue was born Nov. 25, 1881, to John W. and Miriam Richardson LaRue near Lakeview, Mich. As a boy he worked in saw mills and furniture factories to put himself through college at Mt. Pleasant. After teaching in rural schools he was graduated from the University of Michigan in 1913 and took graduate work at Columbia University.

He continued his work in education as superintendent of schools at Mecosta, South Lyon, Northville from 1909 to 1912, Ithaca, St. Louis and Wayne, Mich. He also served as principal of W. L. Seaton school of Jackson and math instructor at University of Michigan during this same period.

He resigned his position as Wayne superintendent in 1921 to become associated with Van de Walker Insurance Agency of Ypsilanti where he had been employed until his death.

John was one of the founders

John is survived by his wife, the former Bessie Seelye of Northville, two sons, John Mark of St. Clair and Robert Seelye of Arlington, Va., and five grandchildren, John Nelson, Brian, Joan and Diane of St. Clair, and Suzanne of Arlington, Va.

Also surviving are his father-in-law, Mark Seelye of Wayne, formerly of Northville; Mrs. E. E. Miller of Northville, aunt of Mrs. LaRue and Mrs. Berde Northrup and Blake Northrup of Northville, cousins of Mrs. LaRue.

USE RECORD CLASSIFIEDS

Wilderness Soil Explored as Possible Source of New Wonder Drug Molds

Joseph Kernitz, left, and Clifford Ahlgren take a sample of soil deep in the Quetico-Superior wilderness. The sample is now undergoing tests to determine if it may produce a new wonder drug such as aureomycin.

Samples of wilderness soil, gathered from deep inside the 15,000 square-mile Quetico-Superior preservation near Ely, Minn., are being tested this week to determine if they may produce a new wonder drug such as aureomycin.

The samples were gathered by Joseph Kernitz, famous guide and voyageur of the Quetico-Superior country, and Clifford Ahlgren, Forester-in-Charge of the Wilderness Research Center in the preserve. The tests are being made by scientists of the Leterle Laboratories Division of Ameri-

can Cyanamid Co., at Pearl River, N. J.

Old, undisturbed soils are regarded by scientists as among the most likely sources of molds which may produce antibiotics, the so-called wonder drugs. The Quetico-Superior country, a virtually trackless wilderness astride the Minnesota-Ontario border, is extremely favorable in this respect. This region comprises the ancient remains of the glacier-worn height of land extending in a giant "S" from Hudson's Bay to the iron ranges of Minnesota.

George W. Miller Buried Monday

George W. Miller of 9173 Currier Rd. died Friday, April 17 at New Grace Hospital at 44 years of age.

He was born Feb. 9, 1907, the son of Mrs. Anna Miller and the late George Miller on the family homestead, 8980 West Seven Mile Rd. He was a member of the Pipefitters Union, Local 636.

Mr. Miller is survived by his

wife, Grace; two daughters: Anna and Mary Louise, and a son, William, of the home. A brother, Roy E. of Livonia, also survives.

Funeral services were held at 2 p.m. Monday, April 20 from the Casterline Funeral Home, Rev. Douglas Couch of the Salem Federated Church, officiating. Interment was in Salem Walker Cemetery.

In 1914 it took wages from 22 hours of factory work to purchase one ton of bituminous coal, while in 1951 it took only 10 hours.

HAPPY AS CAN BE

THURSDAY, MAY 21—
Blue Star Mothers, Luncheon and Bazaar, Veterans' Memorial Hall.

Here, early in history, glaciers exposed the Laurentian shield, the oldest rocks of the earth. Parts of the vast Quetico-Superior region have been set aside to preserve a segment of America as it existed before the Europeans came.

While there are no reliable formulas for predicting whether soils from Quetico-Superior, or any other particular area, are certain to produce antibiotic molds, scientists are interested in these particular samples because they represent a distinct type. And all types of soil are being tested in the world-wide search for new wonder drugs.

Only a few years ago, another tiny sample of earth from Missouri was received by the Pearl River scientists, who processed it just as they tested thousands of earlier samples in their search for a new antibiotic.

But from this soil an interesting golden mold appeared. Test tube experiments produced startling results. The new mold effectively prevented the growth of taphylococci, streptococci, and a variety of rod-shaped germs called bacilli. The latter property was most significant, for it acted against a wide variety of diseases in humans and animals.

The golden mold, aureomycin, has saved thousands upon thousands of lives since it became available to the public in 1948.

The quest for new antibiotics continues today with the testing of soil samples from every area of the earth. Scientists believe that somewhere, perhaps in the Quetico-Superior country, there may be soil with a strain of micro-organisms which will prove more effective in the war against disease than anything now known.

Jurgen Bonnet, Exchange Student, Explains German School System

by Jurgen Bonnet

We exchange students are often questioned about our school system in Germany. Although Germany is divided into eleven provinces, each with a different system, I will try to give you a general picture of German schools.

Every German child attends elementary school where we learn writing, reading, arithmetic, geography, biology and singing. Starting with the fifth grade we get chemistry, physics, physical and religious training. All together, the student elementary school has 8 or 9 subjects required. Most of the boys and girls stay in this school until they pass the ninth grade, then leave school and get a job. But their education is not finished yet. Having a job they have to enter a vocational school for one day a week. Here they learn more about their job.

If a student is not smart enough and fails to pass three grades in elementary school, the government provides a training school system where he may get the basic subjects, like arithmetic, writing and reading. After passing the exam in the training school he may re-enter the elementary school if he is still under 15 years of age.

For the difference in intelligence of students, two schools are provided—the middle schools and the high schools. To be qualified to enter a middle school one has to pass an exam which lasts 14 days, one week oral and one week written. In middle school there are four required subjects: Math, German, Physics or Chemistry, and English, if you plan to go on to a higher school.

For the German high schools you have an exam of fourteen days also. In high school there are 13 or 14 required subjects. Naturally, all these subjects are not

Fifth Graders Take Nature Hike

by Carolyn Miller

Wednesday, April 22, Mrs. Funk's fifth grade class went to Kensington Metropolitan Park where they were met by Mr. William Hopkins, a naturalist, who guided them on a nature hike along established trails on which typical trees, shrubs and flowers were identified by labels.

taken every day. We have seven hours, but the classes are only 45 minutes long with a period of 10 minutes between classes for studying or eating lunch. There is no study hall and almost all of our school work is done at home. I remember that we had to write three essays one year and every essay had to be at least 50 pages. Of course we had six weeks to do it in, but most students waited until five weeks had passed to begin the work.

At the end of the high school education there is another 14-day exam. This is the toughest exam in the life of the German high school student and is usually a complete review of everything learned in high school. After passing the high school exam you are eligible to enter a university. From no other school than a high school is this possible, with the exception of a few very good private schools.

A Little Birdie Told Me That . . .

by Julie Hammond

David Banks looks like Jerry Lewis.

Johnny Hayes and Bob Clark were quite the Romeos last week. Al Iversen and Eddie Nash have girls in the play, or else they're just scouting them all during practice.

Dick Miller is taking Marilyn Monroe to the Senior Prom. The chemistry classes have been careless about leaving acid around on chairs.

Mr. Conley was considering the idea of acting as manager for two ardent wrestlers in his first hour class.

Some boys broke a bottle of perfume in the hall recently. Bill Bailey has his picture engraved on his name cards.

He also gives dancing lessons to a certain party during noon hour.

The junior players know everyone else's part but their own.

Arlene Nelson stops at green signal lights instead of red ones. "Someone" wants a date with Glenn Hovarth.

The Driver Training class enjoyed Leanna Doeksen's oration last week.

Win Welch has been describing certain things as "real nuh-vus." Norman "Red" Tibble is a good dancer.

Bob Gregory was riding Joyce Farrell around the study hall on Jo Ann Wallace's bike.

Charles Rogers has so much spare time he doesn't know what to do with it.

Donna Frisbie sat down very gracefully during a tap dance routine.

Glenn Schultz and Leo Campbell visited Eloise and were actually allowed to come away again.

Quite a few juniors have their eyes on certain seniors. Rod Dahlager's voice sounds like Mr. Ellison's.

Mr. Conley knows some be-bop jokes, too.

There are several triangles in school in which boy likes girl, but girl likes another boy.

It's fun to write love letters, even if you don't send them.

Mike Herbert gets mad at people who put his name in the paper.

Things . . . and Stuff

by Catharine Rambeau

... Tomorrow night is the big night at Northville High School. The Senior Prom, "Rhapsody in Blue" is scheduled from 9:00 until 1:00. There will be dancing to the beautiful music of Ray LaBarre's Orchestra and the admission is only \$2 a couple. We'll see you there.

The Red Cross Blood Bank will soon be in Northville again. So let's talk to our parents and friends and see how many we can get down to the donation center. Don't forget blood is life for our brothers' friends and relatives fighting for us in Korea. The blood bank will be at the Methodist Church on Monday.

Fourteen members of the Future Teachers Club attended the F.T.A. Day at Michigan State Normal College in Ypsilanti yesterday. At this time they met with many other clubs from all over the state and toured the college campus. The club is planning a tea for teachers to be held in May.

Gettin' Around The School

by Carolyn Miller

School will be closed at noon on May 8 to allow enough time to prepare for the P.T.A. carnival.

Last week Mr. Amerman attended a meeting in Detroit of Wayne County School Superintendents. The purpose of the meeting was to consider school legislation and to discuss the problem of state aid.

Mr. Amerman and Mr. Ellison went to Wayne University to attend a principal-freshman conference and luncheon. The purpose was to find out how the freshmen are doing and to receive a report concerning a special experimental program.

Fund Drives in Schools Net \$422

Three charitable drives in Northville schools this school year have netted \$422.29, according to Miss Ruth Knapp, R.N., school nurse. Miss Knapp has charge of canisters and supplies for the drives, and supplies educational material which is used in home rooms and over the public address system.

Christmas Seal sale netted \$120.90; \$60.28 from the grade school and \$60.62 from the high school.

The grade school sent in \$172.59 in the March of Dimes drive and the high school accounted for \$52.70, for a total of \$224.79.

The Junior Red Cross effort brought in \$42.52 from the grade school and \$34.08 from the high school for a total of \$76.08.

Miss Mellen Shows Dancing Techniques

Talented Cynthia Mellen demonstrated and helped teach a toe dance given by her teacher, Phyllis Peterson Thorne of Redford, at the April meeting of the Cecchetti Council of America at the Hotel Tuller, Detroit.

At the March meeting of the Junior Branch of the Cecchetti Council of America, Cynthia taught a tarantella dance for which she had selected the music and done the choreography. The young artist is the daughter of Mr. and Mrs. George Mellen of Baseline Rd. She is 14 years old and in the eighth grade at Northville Junior High School.

What the Classes Are Doing . . .

by Larry Gotts

SENIORS — A senior class meeting discussed whether or not a Class Night or a Junior-Senior banquet should be held. It was decided that the traditional Class Night would be more enjoyable of the two.

The senior announcements are here and some seniors have already collected theirs at the Record office.

JUNIORS — The members of the play cast are finding out fast just how much you have to put into a play to make it good. They are still looking for a bicycle with a stand on the back wheel. If you have any suggestions, let any Junior know. The sale of iron-on initials has been completed.

SOPHOMORES — Every week the sophomores get nearer their goal. The floor show and dance held two weeks ago netted a profit of \$30. If the sophomores have appeared sleepy lately it's only because they have been having too many private parties. Congratulations to the sophomores on their well organized class meetings! Keep up the good work.

Golf League Season to Begin May 5

Plans are under way for the season's opening of the Northville Businessmen's Golf League set for May 5 at Rayburn Golf Course, Plymouth.

Membership in the league is open to all local businessmen. Interested players are urged to contact Edsel Rutenbar, phone 900-M12 for information.

Camp-Out Planned by Junior Police

A Junior Police camp-out, scheduled for Friday, May 15, went into the planning stage following a meeting of the group at the Scout Building April 11, with Capt. Ray Hood in charge.

Junior Police will leave the Scout Building at 4:30 p.m. May 15 and will return Saturday by noon. Slips with all details plus the parent-permission slip will be given to every member on Saturday, May 9 at the special Junior Police meeting.

Patrolman Gil Glasson will welcome all dads who want to sign up to go along with the Junior Police on their second annual Camp-Out.

Lawn Feeding & Seeding Time Again

Proper feeding is the first important step to lawn beauty. The best feeding is our expert application of SCOTT'S TURF BUILDER. Your lawn will get a solid lasting meal, not the short-term pick-me-up of ordinary type feeding.

HERE'S NEW BLOOD for YOUR LAWN
We specialize in seeding too. SCOTT'S LAWN SEED is used to give both old and new lawns that dense turf so necessary for real lawn beauty. You'll find this quality seed produces better lawns at a surprisingly low cost. May we quote you on a good Scott lawn. Our workmanship is thorough and costs reasonable.

Michigan Mirror:

Michigan Deficit Is Not Regarded As Alarming by Some State Legislators

by Gene Alleman

The "advantages" of being in debt will soon be described by factions in government who take a long range view of the state's operating deficit. Arguments can be heard on the beneficial aspects of a "manageable deficit". And, surprisingly enough, there are some sound reasons why a government deficit is of less importance than one in your family finances.

For one thing, they say, the estimated \$65 million deficit is really only a bookkeeping figure. For example, the state orders a building to be constructed at a cost of \$5 million with completion in two years. That \$5 million immediately shows as having been spent. Actually, it is not spent, is not due, and couldn't be paid because the service had not yet been performed.

Then, with Michigan's poorly devised earmarking of state funds it is easy for one state account to run into the red and show a deficit, while other accounts have an over supply of money which cannot be used to balance things up.

A deficit, particularly of the "manageable" variety, is a great advantage, it is believed, in riding herd on a legislature which might otherwise be inclined to spend a surplus frivolously. Dr. William Miller, one of the two Princeton tax experts who analyzed Michigan's financial condition, remarked in a speech, "That Michigan could go on living quite nicely forever with a \$40 million deficit of the type it now has".

way, Michigan will end up with what is generally considered a fairer, more efficient tax system. If no tax action is taken this session, don't be surprised. Legislators might make signs like coming up with something, but many of them (unofficially) would like to wait until after June 1, the end of the state's fiscal year, to see what conditions look like with all the records compiled. While there exists some pressure to come up with a tax program, these existents pressure from every direction to "tax the other guy". This leaves the legislator in the middle, wondering whether to alienate one group severely by taxing, or leave a much larger group only a little annoyed that the problem has not been solved.

Most legislators agree privately that the Princeton report is sound economically. But politicians shake their heads at the political aspects which force many of them to support legislation which would reduce state spending in local areas where it is now being unfairly and unwisely distributed. If the problem can be solved by a referendum vote of the people changing diversion provisions, all legislators would be taken off the hook.

No one should be amazed that Michigan's deficit problem, which is really more a political problem than one of finance, should seek a political rather than a financial solution.

Little support was forthcoming for a bill in the Senate designed to change the dates to Monday of all national holidays except Christmas and New Year's and provide the public several more long week ends. The bill is back in committee and has little chance of passing this session. Its sponsor, Sen. Don Vander Werp, had the blessing of Labor and Industry and the active backing of the tourists associations in proposing the changes. Similar changes are

being submitted to 42 state governments this year, part of a national plan to be consistent in holiday celebration.

Only reason Senator Vander Werp could see for the lack of interest among other Michigan senators is a sentimental one, or the tendency to "leave things as they are." If the proposal gets the backing he hopes to get from the common man in Michigan, he is confident that next time around the bill will become law.

All Michigan drivers will be effected if a proposed bill becomes law. For one thing, it sets the date of each license expiration to coincide with the driver's birthday. This provision alone is expected to save the state \$30,000 annually, for notices reminding drivers to renew their licenses will no longer be sent. They will be expected to remind themselves when their birthday anniversary arrives.

A more important provision of the new law will set up a department in the Secretary of State's office; require complete files showing histories of moving traffic violations and accidents. Rate structure for licenses will be changed. A new license will be \$3 for three years and \$1.50 for each subsequent renewal. Chauffeur's licenses will be \$2; minor's restricted licenses, \$1.

Tightening of driver licensing operations is guaranteed by traffic safety experts to reduce by one-third the number of traffic fatalities in a year, so this bill will receive close study by legislators.

Voting Results for Charter Group

Voters in the Village of Northville and portions of Novi and Northville Townships demonstrated their preferences for charter commissioners at the election Monday, April 6.

The nine - man commission would have been responsible for drawing up a charter for the proposed City of Northville, but voters decided instead to keep Northville a village.

Those who would have served as charter commissioners are George L. Clark, Averil I. Green, Philip R. Ogilvie, Harry G. Richardson, Dr. Linwood W. Snow, John F. Stuebenvoll, George Zerbel, John S. Canterbury and Thomas R. Carrington.

Results of the election appear below. Under their names appear figures representing the votes cast for them in the three areas. The first number represents the village, the second Novi Township, the third Northville Township and the fourth, the total.

Mix Swamp Muck in Clay to Make Fertile New Lawn

(Editor's Note: This is the second in a series on how to prepare and care for your lawn. The articles were written by Harlow O. Whittemore, professor of landscape architecture, University of Michigan.)

Is heavy clay posing a lawn-making problem for you?

Clay soil is not infertile, but it is so stiff that it slows down root penetration an cracks and dries out badly in dry weather.

To break up clay, about two or three times as much sand as clay are needed. If the lawn is to be of blue grass, the clay can be broken up with sifted coal ashes. However, other grasses do not like the lime in that mixture. Most grasses will prefer slightly acid or neutral soils.

Best results are obtained in Michigan by bringing in black swamp muck, which is the decomposed or carbonized surface of peat bogs. This carbonized muck has a remarkable effect upon clays.

When the clay is dry and broken into a powder, lay about two inches of black muck over it and harrow to a depth of four inches into the clay. The muck will expand the clay to make about seven inches of top soil. This mixture, if coupled with a reasonable amount of chemical fertilizer, will assure an unusually fine velvety lawn. It may not be necessary to lay a one-inch loamy seed bed, but it is usually advisable to do so.

Warning: Never use black swamp muck as a seed bed on top soil by itself, because it will dry up and blow into the house.

In all lawns under preparation, rake out and throw away all chunks of clay and other debris before the seed bed is laid.

Best chemical fertilizer to use is probably 10-6-4, or ten parts nitrate, six parts phosphate and four parts potash. Quantity to be used varies in accordance with the richness of the soil. One to two pounds of chemical fertilizer for every 100 square feet should be enough for a start.

Hospital Authority Gets Green Light from Supreme Court

As a result of the Supreme Court decision April 13 upholding the validity of the Peoples Community Hospital Authority Acts, the green light has been given to the Authority to proceed with the construction of two major hospitals in Western Wayne County.

Plans have been partially drawn for two 100-bed hospitals, one to be located in the vicinity of Allen Park to serve the Downriver area, and another in the vicinity of Wayne to serve the central part of Western Wayne County.

The Authority has been operating the 200-bed Beyer Hospital since 1947, serving the ex-

treme eastern part of the county. The Village of Allen Park has offered the Authority a site on Goddard Road, according to Kenneth W. Gremore, secretary of the Authority. This proposed site has all the essential facilities and appears to be acceptable. The Village of Wayne will also attempt to provide an acceptable site, Mr. Gremore stated.

News from Novi

Mrs. Luther Rix — Phone Northville 245-J

Mrs. Robert Marr and Mrs. Lilian Hansor entertained last Sunday afternoon at a shower honoring Mrs. Arthur Walker (nee Joan Gow) at the home of the parents, Mr. and Mrs. Alfred on Novi Rd. About twenty-five guests were invited to the miscellaneous shower.

Mrs. Gordon Blakeslee of Chicago spent last week visiting her sister, Mrs. Ray Warren; her brother, Russell Button, and Rev. Ronald Button of Davison. On Friday the Ray Warrens took Mrs. Blakeslee back to her home in Chicago returning to Novi Sunday evening.

Friends of the Harry Fosters will be interested to know that he is recovering nicely from burns sustained in the fire which destroyed their home on Haggerty Rd. a few weeks ago. Mr. Foster is hospitalized at the Veterans' Hospital in Dearborn.

The Novi School faculty were hosts to the area meeting of the Michigan Education Association on Wednesday evening, April 22. This meeting was sponsored by the Professional Affairs Committee. Mr. Cecil Elmore of Lansing, field representative of M.E.A., was the speaker. Marjorie Boyd accompanied Celia Sharpe and Nesby Button who sang two numbers. Refreshments were served to the assembled guests and Mr. Claude Elmore, assistant superintendent of Oakland County Schools, was acting chairman for

the evening.

This Friday, April 24, is Fun Night, sponsored by the fifth and sixth grades. Entertainment includes dancing, music, bingo, cards, refreshments, stunts, bake sale and ball game. The ball game will be between the boys and girls of the two grades. On the girls team are: Jackie Bailey, Sandra Moody, Joan Keck, Judy Wood, Claudia Mairs, Barbara Sandray, Joanne Lessway, Mary Schenimann, Midge Wendland and Dorothy Boyer. On the boys team will be: Dennis Snow, Allen Geer, Hugh Crawford, Donald Boyer, Donald Baker, Bob Little, Steve Spesik, John Ledford, Gerry Coleman, David LaFond and Willard Sprenger. Money earned on Fun Night will be used to help pay for the new juke box for the Community building.

Mr. and Mrs. Hugh Schram and son, Timmy, and daughter, Joady, of Lansing, were Sunday visitors at the home of the former's parents, Mr. and Mrs. Roy Schram. Mr. and Mrs. Vincent Gillette of Clark St. are the parents of a son, Gary Lee, born at Mt. Carmel Hospital, Detroit, Tuesday, April 14.

The Novi, Northville and Farmington 4-H clubs had a very successful program Friday evening under the supervision of the Novi 4-H Club, B-Z-Bee leader, Mrs. Sally Wimmer. The talent show and the style show were very successful, also a very good showing of craft work by the clubs. Adults helping in the kitchen with refreshments were Mr. and Mrs. Walter Edelman, Mrs. Robert Clemmens, Mrs. Ray Kolk, Mrs. Owen Bellinger and Mrs. Celia Sharpe.

Mrs. Erwin F. Geppert gave a birthday party for her daughter, Susie, on Saturday. Susie, whose birthday occurred the previous Thursday, was eight years old. The guests were Larry, Jackie and Billy Bailey, Jackie and Janet Sharpe, Connie Crumb, Bobby and Russell Taylor and Susie's sister, Noel.

Bernhard Muller, winner of the Novi School spelling bee, accompanied by his teacher, Don Knodle, teacher of the eighth grade, went to Union Lake Friday for the District spelling bee.

Michael Deaton is ill with rheumatic fever and will not be able to attend school again this year.

Terry and Timmy Krug and George Ciot are new pupils in the kindergarten at Novi School.

Novi Lodge News

Ten members of Novi Rebekah Lodge visited Clyde Rebekah Lodge at their "Visitation" Tuesday night of last week.

Dorothy Snow, Laura Bassett and Elsie Kent were hostesses to the Novi Past Noble Grand Club at the former's home Friday, April 17. Fifteen members were present at the dinner party and afternoon business meeting, followed by games.

Sister Frances Denton is convalescing at her home, Redford, after surgery and treatment in Mt. Carmel Hospital.

It will be "Visitation" at the Novi Rebekah Lodge tonight, Thursday, April 23. Visitors will be present from the several lodges in District No. 6. A lunch and social hour will follow the business meeting and entertainment.

The "Mothers and Daughters" banquet, sponsored by the Novi Rebekahs, will take place Friday, May 8 at the Novi Community building.

It will be Past Noble Grand night for Lakeside Oddfellow Lodge Monday night, April 27. The Past Noble Grand will fill all the chairs and have charge of the meeting.

A Lecture

on

Christian Science

Entitled

Christian Science: The Power of the Word

by

John J. Selover, C.S.B.
of Long Beach, California

Member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

Mr. Selover spoke before an audience of about 250 persons in the Church House of Northville's Presbyterian Church. He was introduced by David B. Baldwin, First Reader of First Church of Christ, Scientist, Plymouth, under whose auspices the lecture was presented.

The lecturer spoke substantially as follows:

"Saw ye my Saviour? Heard ye the glad sound? Felt ye the power of the Word? 'Twas the Truth that made us free, And was found by you and me In the life and the love of our Lord."

These words are from the beautiful Communion Hymn (Poems, p. 75) written by Mary Baker Eddy, the Discoverer and Founder of Christian Science. In the search for the Christ, Truth, that makes free, earnest inquirers turn naturally to the Gospels, where "the life and the love of our Lord" are portrayed. As they read perhaps they picture Jesus walking by the Sea of Galilee, where so much of his healing work was done. Wonder and gratitude may fill their hearts when he causes the blind to see, the lame to walk, and the sick to be whole. Some may pause in their study and ask, "What is this great power which blessed so remarkably those who came to Jesus for help?" Others may conclude that the healings were miraculous occurrences just for that day and era. Still others, however, may ask: "Why should not we practice Christian healing today? We have the same God that Jesus and his followers worshiped, and did not Jesus say, 'He that believeth on me, the works that I do shall he do also; and greater works than these shall he do, because I go unto my Father'" (John 14:12) There is no hint of limitation in that promise. The only requirement is to believe, to understand the Christ-power which Jesus taught and demonstrated so perfectly.

The achievements of Jesus and his followers have many precedents in the Old Testament. Through an enlightened understanding of the one, almighty God, Moses saw manna fall from the skies to feed the Israelites and water gush forth from the rock to quench their thirst. Elisha, the man of God, raised from the dead the child of the Shunammite woman who came to him in her time of need (II Kings 4). What was the power which brought about these outstanding results? Surely God's goodness and love were being expressed in a very practical way to those who trustingly and fearlessly turned to Him.

It is illogical to conceive of God as almighty and then to limit in any way His power, willingness, and ability to maintain the perfection of His creation. The prophets and Wisemen of old looked for the Messiah to appear among men. That messenger, many believed, would come in great power and would immediately revolutionize the lives of men. On the contrary, Jesus' advent was in the quiet of meekness. Only a few Wisemen from the East and shepherds in the fields at first recognized the significance of his coming. They worshiped Jesus, the visible idea of the Christ, who was indeed, in due season, to revolutionize the thinking of the ages. He came with a spiritual message for humanity, a message of healing and salvation. He came to explain and illustrate the practical value of the Christ, Truth, in everyday activities. His purpose was to spiritualize worship and not to overthrow the teaching of the synagogues. He explained clearly that he had not come "to destroy the law, or the prophets," and added, "I am not come to destroy, but to fulfill" (Matt. 5:17).

Christian Healing

His spirituality enraged the sensuous, the worldly-minded, and they sought to destroy him. Jesus was victorious over the hatred of his enemies because he refused to hate them in return. Even on the cross he could do nothing but love them. He said, "Father, forgive them; for they know not what they do" (Luke 23:34). His love for all was an evidence of the power which he employed in his healing work. It was a hint of the divine Principle which enabled him to overcome the cross and grave, and to disappear to material sense. He attempted destruction of the old man, who ever lived on earth, did not put a stop

to the teachings and practice of Christianity. Rather did it serve to give them impetus. Paul, the apostle, who at first persecuted Christians, was finally awakened to the great purpose of Jesus' ministry. He joined the disciples and not only preached but did outstanding healing work. For almost three hundred years, according to authentic historical records, healing was continued as a regular part of Christian practice. Then the healing aspect of Christianity was lost sight of in what we now call the Dark Ages. For nearly the Bible had been compiled and was preserved through this period, but it was not commonly available to the people until the art of printing was developed.

As civilization began to emerge from the darkness again, we have some records of healing in spiritual means. In the "Journal of the Reverend John Wesley," who was one of the originators of the Methodist movement, it is recorded that in 1738 his brother was healed of pleurisy, by prayer alone. And in 1745 he healed his horse of lameness and himself of a severe headache by prayer. He read need, to quote his own words, "Cannot God heal either man or beast, by any means or without any?" We might ask ourselves that same question. Surely God can heal, and that without any material means, because God is almighty.

Promise of the Comforter

Before his crucifixion Jesus revealed to his disciples precious promises, promises which have a distinct significance in this present age. They will be found in Chapters 13 to 17 of John's Gospel. Jesus made it clear that he was to leave them, but he gave assurance that he would not leave them comfortless. He said, "I will send you the Father, and he shall give you another Comforter, that he may abide with you for ever; even the Spirit of truth" (John 14:16, 17). This "Spirit of truth" obviously did not refer to a fleshly form. Three times Jesus used those words "Spirit of truth" in reference to that which would come. The promised Comforter did not come with popular acclaim or with pomp and ceremony any more than did Christ Jesus in earlier years. It came quietly, and it is felt in the hearts and lives of all who are healed and redeemed by the power of the Word.

Christian Science today brings to humanity the spirit of Truth, or the Comforter. Millions who have been blessed by the Christ, Truth, as presented by Christian Science recognize it as the Comforter. They gratefully sing these words from one of the hymns in the Christian Science Hymnal (No. 34):

"Christ comes again with holy power,
To set our blinded eyes to see;
The sick are healed, the sinner blest,
As on that eve in Galilee."

Christian Science is today receiving a respectful and gracious hearing. This indicates that the thought of humanity is at last ready for its message of salvation.

Discovery of Christian Science

That the Christ, Truth, is available today was proved when Mary Baker Eddy, in 1866, turned to the Bible for help when medical opinion held out little hope for her recovery from severe injuries resulting from a fall. She had lain in a semiconscious state for about three days. Friends were gathered in the next room expecting her passing. She had been an ardent believer in the power of prayer since early youth, and therefore it was natural for her to turn to the Scriptures for comfort. She opened her Bible to Matthew 9 and read the account of Jesus healing the palsied man. The spiritual essence of this story made a deep impression on her. The command to the palsied man to arise, was re-echoed in her as well as to the suffering ones of the world. She was conscious of the presence of the power of God, and rose from her bed, dressed herself, and walked into the next room healed. The law of God, the law of good as contained in the Bible, had raised her up to health and useful activity.

With joy and gratitude to God she determined to make a searching study of the Holy Bible to find, if possible, the Science which had healed her of the effects of the accident. She withdrew from society for about three years, studying and testing the healing rules she found in the Scriptures. She tells in "Science and Health, Key to the Scriptures" that "the search was sweet, calm, and buoyant with hope, not selfish nor depressing" (p. 109), and she adds that she won her way to absolute conclusions as to these rules by "divine revelation, reason, and demonstration."

As she studied, reasoned, and prayed, the true nature of God was revealed to her receptive thought. As she read the Bible she was led to the unquestionable conclusion that God is All-in-all; that He is infinite, divine, supreme, that He is all-power, all-present, all-science. The allness of God, good, truth, and the possibility of anything unlike Him. In God, good, there is no error or evil, no sin, disease, or death. The allness of God means that neither disease nor injury is a reality. They are, rather, false beliefs or illusions, seeming to be real only in the sense that they are accepted as real. Now she could understand clearly how her own healing had taken place, for it dawned upon her as a scientific fact that as the belief in the reality of evil is corrected by the recognition of spiritual truth, of the perfection of God and His creation, the disease or injury must naturally disappear. Many ailing ones in the shoe manufacturing town of Lynn, Massachusetts, where she lived, were healed by her during that time by the application of the simple, practical rules revealed to her from the Bible.

Establishment of Church

She was thoroughly convinced that she had found in the pages of

the Scriptures the underlying laws which resulted in the marvelous Biblical healings. She worked alone and against great opposition during those early days to present this discovery to the world. She continued her efforts to learn more and more of the laws of God and to utilize them in blessing all who were receptive to the truth.

In 1875, nine years after her healing, she issued a textbook concerning her discovery and named it "Science and Health." This book had much to help others to learn the basic rules. Four years after the textbook was issued she decided that it was wise to organize a church. Therefore in 1879 Mrs. Eddy called together a few Christian Scientists, and on her motion they voted "To organize a church designed to commemorate the work and words of our Master, who should reinstate primitive Christianity and its lost element of healing" (Manual of The Mother Church by Mrs. Eddy, p. 17).

Since that date the Church of Christ, Scientist, has been preaching and practicing pure Christianity, carrying out with increasing success the divine commands, "Heal the sick, cleanse the leper, raise the dead, cast out demons," enclosing the cross and crown, which is the distinctive emblem on all of Mrs. Eddy's published books and on the Christian Science periodicals. It will continue its mission to the benefit of the world by the Leader, Mrs. Eddy, until the prophecy in Revelation is fulfilled when "there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain" (Rev. 21:4).

The Bible and Science and Health

When one hears Christian Scientists praise and gratefully thank Mrs. Eddy, it is not only because of the healings which they have received, but also because she opened for them the pages of the greatest of all books, the Holy Bible. It becomes chart and compass to every earnest student of this religion. Christian Scientists use the King James Version of the Scriptures, the translation favored by most Protestant churches. Since Christian Scientists read the same Bible common to many churches, there is a natural kinship between these denominations. Many of them would, I am sure, acknowledge agreement with the first tenet of the Christian Science church, which reads, "As adherents of Truth, we take the inspired Word of the Bible as our sufficient guide to eternal life" (Science and Health, p. 497).

The Christian Science textbook, now entitled "Science and Health with Key to the Scriptures" by Mrs. Eddy, is an essential volume for every student of the religion. Literally thousands have been healed simply by studying this book in conjunction with the Bible. The last one hundred pages of Science and Health contain verified testimonies of such healings. One woman, whose testimony begins on page 612, related that an oculist who had operated on her eyes for the century had found her eyes to be in a dreadful condition, and she was told that she would always need to wear glasses. She was healed of that trouble while reading Science and Health. I had the opportunity of visiting this woman about twenty years ago, when she was reputedly over one hundred years of age. As I entered her home she was seated in her favorite chair with a small copy of Science and Health in her lap. She had been reading to herself. I noted that she wore no glasses. She read to me from the volume later without aid of any kind. Her eyes were as good as the physician's declared would have been deformed because of rickets and who was healed at the same time, was present when I visited his mother. He was in excellent health and showed no evidence of deformity.

Jesus and the Christ

What is this healing system which is so relied upon by humanity's benefit? How does it operate? For answer let us return for a few minutes to Jesus' ministry. Jesus came with a message of salvation and healing. That message was the Christ which he embodied and from which he was inseparable. The Christ is the perfect, living idea which Jesus expressed. As defined in Christian Science, the Christ is "the divine manifestation of God, which comes to the flesh to destroy incarnate error" (Science and Health, p. 583).

The power of God, or influence of Truth, which Jesus used and which Christian Scientists employ today is the Christ. The redemptive, regenerative power of the Christ, when accepted and applied, wipes out of human consciousness the fear, the ignorance, and the sin which tend to disable the body. The fifth chapter of Mark's Gospel contains the account of the healing of a little girl. Her father, Jairus, came to Jesus and "besought him greatly, saying, 'My little daughter lieth at the point of death: I pray thee, come and lay thy hands on her, that she may be healed; and she shall live'" (verse 23). Jesus followed the child's father, and he said, "Thy daughter is dead: why troublest thou the Master any further?" Here we see the hopelessness of mortal belief, which declared with finality that nothing could be done for the child. In answer Jesus spoke the comforting words which made the sleeping report, "Be not afraid, only believe." Here also Jesus was handling the father's fear of the fatality of the sickness and urging him to turn to God with an understanding of the power of His Christ, and to destroy every false belief.

When he came to the house Jesus was faced with the tumult of the weeping and wailing of neighbors and relatives. To them she was dead; there was no hope. Jesus, in an effort to arouse them, said, "Why make ye this ado, and weep? The damsel is not dead, but sleepeth." And what did they do? They scornfully laughed at him. Then Jesus "put them all out." He

put out the wrong thoughts, the doubt, skepticism, scorn, hopelessness. He refused to be influenced by their wailings and denials. He knew Life to be eternal and that man never dies but forever reflects the Life which is God. He took the father and mother of the child and Peter and James and John into the room where the maiden lay. Why did he not put the father and mother out? Doubtless he realized that they, as well as the child, needed to be awakened from their belief that death was a reality. He compassionately led them from the company of the doubting corners. With Jesus they were present to see the operation of the Christ, Truth, which aroused them as well as the child from the dream of the reality of death. Jesus confidently applied the divine law of Life. Then he took the maiden by the hand and commanded, "Damsel, I say unto thee, arise." There, you see, is the perpetual command, the Christ, the law of God, to arise from earth. At his command "the damsel arose, and walked."

Availability of the Word of God

The power of God, the Christ, Truth, is ever available in every home, in every office, in every nation. To gain its benefits one must thoroughly reject all error, the Christ as Saviour. Mrs. Eddy, explaining the operation of Truth in human affairs, declares on page 162 of Science and Health: "Christian Science brings to the body the sunlight of Truth, which invigorates and purifies. Christian Science acts as an alternative, neutralizing error with truth, and the reformations, expels humors, dissolves tumors, relaxes rigid muscles, restores carious bones to soundness. The effect of this Science is to stir the human mind to a change of base, on which it may yield to the harmony of the divine Mind." The "sunlight of Truth," which Christian Science brings to the body is the Christ, the spirit of Truth, the Comforter, which stirs human thinking until it is willing to accept the premise that God is the only consciousness or Life and that man is His perfect image, sinless and eternal. Human consciousness must sooner or later yield to Truth.

Defense Against Evil

There is a story of a little town in Italy which once was a seaport town, but the river so silted up the harbor that ships could enter only through a long, narrow channel which was marked with piling. On one occasion an enemy fleet stood offshore ready to invade the city. A wise citizen advised the removal of the channel markers. This was done, and the enemy fleet could not find its way in. What are the markers in our thought that would tend to guide error and its baneful effects in? Are they doubt, fear, worry, ignorance of God, hatred, anger, resentment, impatience, rebellion, sin? As the wise one in earlier days urged that the channel markers be removed, so does Christian Science require us to do likewise. In Science and Health we read this admonition (p. 392): "Stand porter at the door of thought. Admitting only such conclusions as you wish realized in bodily results, you will control yourself harmoniously." On pages 234 and 235 of the same book Mrs. Eddy declares, "Evil thoughts, lusts, and malicious purposes cannot go forth, like wandering pollen, from one human mind to another, or from one unsuppressed judgment, of virtue and truth build a strong defense." Godliness is a sure defense against error. But Godliness does not mean expressing only goodness, for instance, or only any other one quality of God; it means reflecting the wholeness of God at least in some measure. To be good is to know Him. To help us to gain a better understanding of God, Mrs. Eddy has given us seven synonymous terms for God. They are Principle, Mind, Soul, Spirit, Life, Truth, and Love. They are used interchangeably, but they all refer to the one God. They give us a sevenfold view of God, each one helping in its own way to establish true understanding of the oneness and wholeness of God. Each of these synonymous terms for God is based on Scriptural authority and right reasoning. The fullness and majesty of God are better understood by the clear and ever-expanding comprehension of these seven words. As one thinks of God as divine Principle it becomes evident that He is the Supreme Ruler and Lawgiver. It is apparent that God is the source of all qualities as order, justice, and precision. Principle lovingly insists upon obedience to His edicts. God, divine Mind, is the source of intelligence and of all right ideas. Understanding God as Soul reveals Him as the fountain of health, harmony, grace, and beauty. God, Spirit, is infinite, the only substance in existence, present and omnipotent and is expressed in all that is good. Comprehending God as Life, we see Him as eternal, self-existent, the author of all true being. Life and its ideas are permanent, ageless, deathless. Truth unfolds the Christ, the divine law or light of God, good, operating in human consciousness. It is regenerative and is the only reality. Love is universal and is reflected in love, in tenderness, gentleness, joy, kindness, unselfishness, patience, brotherhood, and compassion.

The Nature of Man

The entireness of God finds expression in man. This man, obviously, is not a mortal. He has no material elements or material organs. He is not made of matter nor can he collide or fraternize with it. He is spiritual and perfect. He images forth, partakes of, and embodies every quality of God. He is the man spoken of in the first chapter of Genesis as made in the image and likeness of God. He lives in all Life and therefore is eternal. He does not reflect a distant Mind, but the Mind which is ever at hand. The Mind of man is God, and this divine Mind expresses and unfolds man forever. The expression of each idea is unique and beautifully different

from every other idea, all of course, having the same perfect governing Principle. Among some of the enduring qualities which characterize this perfect spiritual man are love, wisdom, purity, holiness, health, spiritual understanding, and spiritual power.

Mrs. Eddy in her definition of man in Science and Health points out the salutory effect of beholding the perfect man. She says (pp. 476, 477): "Jesus beheld in Science the perfect man, who appeared to him where sinning mortal man appears to mortals. In this perfect man the Saviour saw God's own likeness, and this correct view of man healed the sick."

One who may be praying to be free from any inharmonious will find it helpful to follow this rule: Behold the perfect man! Refuse to believe that man is material or a mortal sinner. God never made a mortal. Mortal man or matter-man is a counterfeit, a misconception of being. It is the lie about man. We need a new view of man, a true, spiritual view. As we ponder the spiritual facts of real being, pattern in our thinking and acting the perfect model, the Christ-man, evil thoughts, fear, ignorance, sin fade and the inharmonious disappears. The acceptance of Truth in our thoughts thoroughly rejects all error, the redemptive process whereby we put off the old man and put on the new. The power of God in human consciousness awakens it from the belief that man can be sick or die. It reforms thought, feeds it with spiritual truths, with "supernal freshness and fairness" (Science and Health, p. 249), and the reforming or re-formation has the effect of restoring the natural functions of the body.

Christian Science demands redemption. It demands that we overcome as rapidly as possible the belief that we are mortals. It has been proved over and over again that when hatred, fear, ignorance, sin are cast out of thought and divine Love welcomed in, healing has followed. Better bodies and homes are found as the belief that man is a mortal sinner gives place to an understanding that he is truly spiritual, everlastingly perfect, with an individuality which is maintained entirely by its Maker, divine Life, Truth, and Love.

Healing by Prayer

Mrs. Eddy was once asked, "Is healing the sick the whole of Science?" She replied, in part: "Healing physical sickness is the smallest part of Christian Science. It is only the bugle-call to thought and action, in the higher range of infinite goodness. The emphatic purpose of Christian Science is the healing of sin; and this task, sometimes, may be harder than the cure of disease; because, while mortals love to sin, they do not love to be sick" (Rudimentary Divine Science, pp. 2, 3). The same Principle which destroys sin heals also sickness. The power of God is supreme, universal, and inviolable. Destroying the most malignant disease or the most reprehensible sin. To destroy either, one must learn how to pray effectively and fervently.

Prayer in Christian Science is neither emotional nor intellectual. It is spiritual. Mrs. Eddy says on page 1 of the textbook "Desire is prayer," and she adds, "no loss can occur from trusting God on your desires, that they may be moulded and exalted before they take form in words and in deeds." In prayer one should draw closer to God and not merely urge God to come or to send health or purity to man. God is always present and that fact becomes evident as we pray with true faith and understanding. As we commune with God in prayer our desires are truly "moulded and exalted." The Lord's Prayer, which, when understood in its spiritual sense, heals the sick, is used in all Christian Science churches at both the Sunday services and Wednesday testimony meetings. Also Christian Scientists are asked to pray thus daily: "Thy kingdom come; let the reign of divine Truth, Life, and Love be established in me, and rule out of me all sin; and may Thy Word enrich the affections of all mankind and govern them" (Church Manual, Art. VIII, Sect. 4). By living this prayer, one accepts the Christ, Truth, into his experience. This serves to eradicate every ungodlike trait or thought, and the result is healing.

Power of the Word

Christian Science does not present a formula for prayer or treatment. In fact, one who attempts to establish a formula soon loses the spiritual sense of prayer and with it his ability to heal. However, prayer or treatment should be orderly. In the Gospel of John (1:1) we read, "In the beginning was the Word, and the Word was with God, and the Word was God." This points to the normal way of prayer. Begin with God, perfect God. That is the way the Lord's Prayer begins: "Our Father which art in heaven" (Matt. 6:9). Let us illustrate the power of the Word. A businessman was driving to his home in a large city at dusk when a child darted directly in front of him from the curb between parked cars. Under the circumstances he had no opportunity to pray or give a Christian Science treatment in the usual sense. Instant attention was required. He knew from experience as a Christian Scientist that God is ever present and omnipotent and therefore is instantly available to meet the human need. With all the love and trust at his command he cried out one word, and that word was "God." That which followed illustrated the power of the Word. Actually that cry for help included a complete Christian Science treatment. It declared clearly and concisely that God is all-present and all-powerful. It declared that God is Love and that His love is impartial and universal. It recognized that God does not single out one to be saved and another one to be lost or harmed. It contained the assurance that the kingdom of heaven, harmony, expressed in safety and salvation, was at hand. It recog-

nized that Love's encircling arms embrace all of God's children. It included a calm assurance that man is ever alive, alert, quick, and active. It contained a denial of mortal mind beliefs that accidents are possible and even normal, that panic, confusion, fear, resentment, separation, injury, destruction are to be expected. It denied any and all statistical beliefs of chance. It declared that God's presence protects and eternally maintains the identity of man. This knowing or prayer, though only outwardly in one word, enveloped the boy with Love's protection. The car struck him, and although going rapidly, it seemed to come to an immediate stop. The boy slid ahead of the car for about fifteen feet. A passer-by picked up the dazed child and rushed him away. The mother and sister of the boy, who had been with him, came up and talked with the driver, who offered to take them to find the child. During the next half-hour there was no panic, impatience, criticism, or fear. A feeling of God's presence enfolding all. Finally the mother and sister of the boy found the clinic to which the boy had been taken, and when they rang the bell, the boy himself answered it. There was no evidence of any injury. Two days later inquires were made at the home, and the mother cheerfully declared, "Oh, he's fine. He skated to school today."

Christian Science reveals the method of utilizing the power of the Word in solving every conceivable problem in daily life. "Divine Love always has met and always will meet every human need," declares Mrs. Eddy in Science and Health (p. 494). The truth of this statement has been proved many times over again by Christian Scientists in all parts of the world.

Some critics, while admitting the healing evidence offered by Christian Science, seek to explain it on a material or psychological basis. They are reluctant to admit the almightiness of God and declare either that the patient would have recovered anyway or that the recovery was the result of mental suggestion. Some even admit that Christian Science is not a religion but a philosophy or psychology.

Christian Science is no more based on psychology or the use of human mind or suggestion than was the healing method of Jesus and his apostles, for it follows precisely the pattern laid down in the Gospels. It practices the Christian healing and its modern refinement, Christian Science, are founded upon the same Rock, the Christ, Truth, the Word of God. Therefore they are one and show forth the power of God.

Healing by Biblical Rule

Healing of any condition, physical, mental, moral, or financial, is possible today for all who obey the simple Scriptural rules as pointed out and amplified in Science and Health.

Mrs. Eddy stated an essential rule very simply in the first words of the Preface of Science and Health, where she wrote, "To those learning on the sustaining infinite, to-day is big with blessings."

What is the rule that gives evidence of God's power in everyday affairs? Is obedience to that rule beyond our reach? The rule is to obey God, to come unto Him, to lean on Him. One is not obeying or leaning on God if he harbors hatred, resentment, rebellion, jealousy, impatience, and other base traits in his consciousness. One cannot lean on God and hate at the same time. In his Sermon on the Mount, Jesus pointed out that before one can lay his gifts on the altar, or in other words before he can truly commune with God, he must love, not just tolerate, his brother, his neighbor.

One is not truly leaning on God if he is depending upon material remedies. The Bible makes it clear that one cannot serve God and mammon. Spirit and matter, Truth and error, at the same time.

One is not leaning on God if he is seeking only material comfort or prosperity. Such a one must revise his thinking and learn to seek the kingdom of God, and when he succeeds in finding it, then health, happiness, and success will follow as a natural result.

The same power of God which heals and saves in our individual lives operates in human consciousness to maintain a righteous government and end conflicts among nations. As each one accepts Christ Jesus as his Exemplar and understands that it is the Christ, Truth, which he expressed that eliminates envy, fear, greed, hatred, and all the evil passions, the world finds its way out of confusion and discord. The power of God is unlimited. It is capable of solving the greatest or the most minute problem in individual, national, or world affairs. If doubt creeps in, we may find it helpful to declare even as Jesus did to Jairus, "Fear not, only believe."

Christian Science is not limited to any special segment of human society any more than the multiplication table is so restricted. It is a scientific message of the Christ-power "calling out, 'Come unto me, all ye that labour and are heavy laden, and I will give you rest'" (Matt. 11:28).

As we come unto God and accept the promises of Comforter, we joyfully answer, "Saw ye the glad sound? Heard ye the glad sound? Felt ye the power of the Word?" And with Mrs. Eddy's beautiful words from the same hymn we conclude that this Comforter, the Christ, Truth, is truly our

"Strongest deliverer, friend of the friendless,
Life of all being divine:
Thou the Christ, and not the creed;
Thou the Truth in thought and deed;
Thou the water, the bread, and the wine."

The Proof and the Promise

The compassionate call of the Christ, "It is I, be not afraid" (Matt. 14:7), is the starting point of Christian Science — its keynote of promise.

Pointing out plainly that Jesus' works proved the truth of his words, the Christian Science textbook.

SCIENCE AND HEALTH

with Key to the Scriptures

by Mary Baker Eddy

today is showing mankind how to walk in the way shown by the Way-shower.

This is the merciful mission of Christian Science, meeting humanity's great need for a religion of works, rather than words alone. It is indeed the promised Comforter, making plain the natural, ceaseless availability here and now of the same Christ-power Jesus proved and promised.

Science and Health may be bought, borrowed, or read at Christian Science Reading Rooms throughout the world.

News Around Northville

Mrs. Helen Callister of East Six Mile Rd. was discharged Friday from the Atchison Memorial Hospital where she had been hospitalized for the past four weeks.

Mr. and Mrs. Edwin Langtry of Thayer Blvd. entertained at a neighborhood pot-luck Saturday evening.

Mrs. E. J. Willis, Mrs. Edward W. Parker and Mrs. John Monaghan attended the Colony Town Club luncheon in the Veterans' Memorial Building, Detroit, last Monday afternoon.

Mr. and Mrs. Charles Hamilton of Ten Mile Rd. spent several days visiting at Strathroy, Canada, last week.

Mr. and Mrs. Frank Bongiovanni of Yerkes St. have received word that their son, Pvt. Eugene, is now serving with the 10th Medium Tank Battalion, 5th Armored Division at Camp Chaffee, Ark.

Sunday evening guests at the George Weiss home on Grace St. Sunday evening were Mr. and Mrs. Roger Toothacre, their daughter, Gretchen, and two sons, Charles and Roger.

Mrs. E. J. Willis attended the meeting of the Kappa Gamma Pi, national honor society of Catholic women's colleges held at Mercy College, Saturday afternoon. A fashion show, cards and refreshments were included in the afternoon's entertainment.

Richard M. Gussell, son of Mr. and Mrs. M. C. Gussell of West Main St., has been designated to the Scholastic Honor Society at Kemper Military School, Boonville, Mo., for maintaining a consistently high grade average during the year.

Rummage Sale, at Methodist Church House, April 24, 9 to 5.

The registrar of Cleary College, Ypsilanti, has announced that Barbara Busch, daughter of Mrs. Dorothy Busch of South Center St., and Joan Toussaint, daughter of Mr. and Mrs. Henry Houssaint of Horton Ave., have been listed on the school's 1953 winter term honor roll.

Mrs. Melvin Mitchell of West Seven Mile Rd. is a patient at the Atchison Memorial Hospital.

Mrs. Emma Parmenter will open her home at 132 Orchard

Northville homemakers will see Mary Scott (above) prepare quick and easy meals at the Philco Cooking School on Friday, May 1, at the Penniman-Allen Theatre in Northville. The program will be sponsored by the Exchange Club and by Northville Electric Shop.

Dr. on Friday, May 1, for a rummage sale for the benefit of the Women's International League for Freedom and Peace. Members and friends are urged to contribute articles for resale.

Shirley Smith, a student nurse at Henry Ford Hospital School of Nursing, is now taking three months training at Northville State Hospital. During her training there, Shirley is staying at the home of her parents, Mr. and Mrs. Alfred Smith of Beal Ave.

Mrs. E. J. Willis and Miss Edith Harrington attended the Program Planning Institute at the Rackham Educational Memorial Building Tuesday.

Byron Hewitt, a former Northville resident, was a house guest Saturday of Mr. and Mrs. Glenn H. Cummings of Six Mile Rd. Mr. Hewitt makes his home with a niece, Miss Arlyle Noble, of Bloomfield Hills.

Mr. and Mrs. James Spagnuolo of East Main St. and Mr. and Mrs. Geno Panino of Lansing spent

last week visiting relatives in Toronto, Ontario, Canada, and in New York City.

The Altar Society of Our Lady of Victory Church will hold its monthly bake sale in the church hall Sunday morning, April 26.

Thirty members of the senior class met at the home of Marlene Weiss on Grace St. for a party Saturday evening.

Rummage Sale, at Methodist Church House, April 24, 9 to 5.

Mrs. M. T. Green of Fairbrook Rd. entertained members of her bridge club from Detroit Wednesday.

Word has been received by the family of Pfc. Charles Freydl that he spent the week end in Paris, France, on a conducted tour of the city with Pfc. and Mrs. John Stark. Charles is stationed at Stuttgart, Germany, and John is at staff headquarters. Fontainebleau, France, near Paris.

George Weiss of Grace St. was in Lancaster and York, Pa., on business several days last week.

The Richard Ambler entertained at a bridge party at their home on West Dunlap St. Friday evening. Couples included were Mr. and Mrs. Alfred Parmenter, Mr. and Mrs. Harry G. Richardson of Northville and Mr. and Mrs. Lawrence Parmenter of Plymouth.

Saturday evening dinner guests of the A. Lawrence Hills of Valley Rd. were Mr. and Mrs. H. W. Link and Mr. and Mrs. Paul Miller of Detroit.

Auxiliary to Initiate Five New Members

New members who have been received into the Lloyd H. Green Unit 147, American Legion, during the past year, will be initiated at ceremonies Tuesday evening, April 28 at the auxiliary's regular meeting set for 8 p.m. at the Veterans' Memorial Hall.

Those who will formally be received into membership will be Mesdames Gladys Horning, Lloyd Peppers, Earlene Gaffield, Lorraine Steimel and Phyllis McFarland.

At a meeting Tuesday evening, April 14, auxiliary members heard Jimmie and Helen Dowlin tell of their work as Gray Ladies at the Northville State Hospital. "Doing volunteer work at the hospital offers many gratifications in knowing that you've helped in the actual rehabilitation process of returning a sick person to health," summarized the speakers.

WSCS to Sponsor Rummage Sale Fri.

The Women's Society of Christian Service of the First Methodist Church will hold a rummage sale tomorrow, Friday, in the church house from 9 a.m. to 5 p.m.

Contributions of any kind of used, saleable articles would be appreciated, said Mrs. C. Winter, chairman of the event. Anyone having items to donate is urged to call Mrs. Winter, 379, before noon today or this evening to arrange for pickup.

Mrs. Arthur Litsenberger is serving as co-chairman of the sale.

Name Plymouthite to Executive Board of Extension Service

Members of the Wayne County Home Demonstration Extension service of District Five met at Black's Whitehouse April 14 for a luncheon and business session. Mrs. Olive Olsen of Plymouth Extension Group One was elected a member of the district's executive board.

To conclude the afternoon's program, at which Miss Emma DuBord presided, movies were shown of extension workers of previous years.

District Five of the extension service is made up of three local groups: Northville Group One, Clement Rd. Group and the Novi Extension Group. Also included in the district are Plymouth Group One and the Allen Group of Plymouth.

Bridge Club Meets at Parmenter Home

Mrs. Alfred C. Parmenter entertained her bridge club Tuesday evening at her home on Thayer Blvd.

Covers were laid for Mrs. Irvin Marburger, Mrs. Edward Angove, Mrs. Richard Ambler, Mrs. C. W. Rodgers, Mrs. William Weidner, Mrs. Edwin Langtry of Northville and Mrs. Jack Reynolds of Plymouth.

Honor Couple at Anniversary Party

The family of Mr. and Mrs. Ralph Willis met at their home, 131 Wing St. Sunday evening for a party to help the couple celebrate the 44th anniversary of their marriage.

Hostess at the affair was their daughter, Mrs. Alfred Parmenter, of Thayer Blvd.

Presenting WIPET A Marvelous New Cleaner That Is

- 1. EFFECTIVE**
Wipet lowers surface tension of water and forces its way between the dirt particles of Painted Surfaces or Fabrics.
- 2. DEPENDABLE**
Wipet contains an exceptionally versatile solvent that enables it to clean where many Detergent-Action cleaners fail.
- 3. SMOOTH**
Wipet actually floats dirt out of washable surfaces and is not a scouring agent. This fact allows Wipet to clean large painted areas evenly.
- 4. EXTRA-GENTLE**
Wipet is unexcelled for its gentle, though effective, ability to clean painted surfaces without removing paint and for cleaning fabrics without harming colors.

Barbara Boyd Plans Summer Wedding

Mr. and Mrs. Clai Boyd of Maxwell Rd. announce the engagement of their daughter, Barbara Jean, to William C. Spess, Jr., William Spess, Sr. of Farmington and Mrs. Gertrude Kiernicki of Dearborn are her fiancé's parents.

Barbara is a senior at Northville High School and is employed part time at the Brader Department store.

William was graduated from Farmington High School with the class of '52 and is now employed at Petz Brothers.

The couple is planning a late summer wedding.

Mrs. McColl Gives Poetry Readings at Tuesday Book Club

Poetry, serious and on the lighter side, took the spotlight at the meeting of the Tuesday Book Club held at the home of Mrs. A. M. Lawrence on Meadowbrook Rd.

The hostess, Mrs. J. W. McColl, presented readings of a variety of her favorite poems beginning with a humorous, amusing fantasy, "Horton Hatches The Egg", written and illustrated by Dr. Seuss who has the reputation of being the modern Louis Carroll.

Her second choice included several of Janet Norris Bangs' poems from her latest book, "Corn Stalk Fiddle".

Mothers Club to Hear Talk on Vitamins

Mrs. Russell M. Atchison will be hostess to members and guests of the Northville Mothers' Club at her home on South Rogers St. Monday evening, April 27 at 8 p.m.

Speaker of the guest night program will be George Alexander of Northville who will talk on "Vitamins". Mr. Alexander represents the Detroit branch of Merck and Company of Rahway, N. Y.

Mesdames Stuart F. Campbell, Edward Angove and Jack Blackburn will assist Mrs. Atchison as co-hostess.

Gray Lady Work at Hospital Called 'Most Rewarding'

Mrs. Isobel Partridge, West Eight Mile Rd., a Gray Lady at Northville State Hospital, helping at a recent ward birthday party sponsored by a community group.

"The appreciation and thanks that is often expressed by the patients and the satisfaction of doing things for people who cannot do for themselves is most rewarding."

That's the feeling of Mrs. Isobel Partridge about her work as a Red Cross Gray Lady at Northville State Hospital.

Mrs. Partridge, one of the originals of the Gray Lady group at the hospital recommends the work to all women who may wish to become a part of the group

during the search for volunteers April 28 to 30. Volunteers should appear at the hospital for an interview and registration between 1 and 4 p.m. on those dates.

Helping in organizing indoor and outdoor recreational activities, sewing classes, dances and taking care of the patient library are only a few of the many opportunities waiting for those ladies who will volunteer as part of a program designed to benefit the patient population either directly or indirectly.

BPW to Nominate '53-'54 Officers Mon.

The Northville Business and Professional Women's Club will meet at the Methodist Church House Monday evening, April 27 at 8:30 p.m. for dinner and its regular business meeting.

There will be nomination of officers to serve the organization for the coming year.

WSCS Circles to Meet Tuesday

The circles of the Women's Society of Christian Service of the First Methodist Church will meet Tuesday, April 28 for a pot-luck luncheon at 12:30 o'clock followed by a business meeting.

The Grace Tremper Circle will meet with Mrs. Doris Frost, 1917 Smock Rd. Mrs. Pearl Stark of 900 Scott Ave. will be hostess to the Lucy Filkins Circle and members of the Bertha Neal Circle will be guests of Mrs. Bina Litsenberger, 572 Randolph St.

Misc. Shower Fetes May Bride-Elect

Mrs. Robert Sutton of Haggerty Rd. was hostess at a miscellaneous bridal shower honoring Jeanne Brockmiller of Milford at the honoree's home Saturday evening. Twenty-four friends and relatives were invited to the affair. Jeanne will become the bride of John Todociuk of Milford in ceremonies May 29.

Relatives Attend Golden Anniversary Celebration in Ill.

Mr. and Mrs. E. B. Balko of Baseline Rd. attended the celebration of the Golden Wedding anniversary of Mrs. Balko's brother and sister-in-law, Mr. and Mrs. Carl Witt, in Carpenterville, Ill., last Sunday.

Relatives from Detroit, Ypsilanti, Howell and Traverse City were also on hand for the celebration. The Balkos returned to the village Tuesday.

Friends Entertain for Miss Congo May Bride-Elect

Last week was a busy one for Dorothy Jane Congo of Detroit, formerly of Northville. In honor of her approaching marriage, several of her friends entertained at a variety of pre-nuptial showers.

Monday evening, Mrs. Hugh Babbitt and Mrs. D. Harper Britton were co-hostesses at a kitchen shower at the former's home on South Rogers St.

A miscellaneous shower was planned by Dorothy Wednesday evening by her roommates, Naomi Buehler, Barbara Burns and Charlotte Mueller. The affair was held at the girls' apartment on Waverly Ave., Detroit.

Another miscellaneous shower highlighted the bride-elect's calendar Friday evening with Mrs. William R. Brownelle of Grosse Pointe, Mrs. Richard Hudson and Miss Dorothy Jefferson of Detroit co-hosting the event held at the latter's home.

A luncheon and pantry shower Saturday evening concluded the week's activities with Mrs. Berge Larson entertaining at her home in Ferndale.

Dorothy Jane, the daughter of Mr. and Mrs. James Congo of West Dunlap St., will become the bride of James R. Hoogesteger in ceremonies May 9. The prospective bridegroom is the son of Mr. and Mrs. C. Hoogesteger of Highland Park.

WIL Officers Named at Annual Meeting

The annual meeting of the Northville branch of the Women's International League for Freedom and Peace was held Thursday, April 16 at the home of Miss Alta Powers, 227 Hutton St.

Officers elected to serve for the coming year are: Miss Alta Powers, president; Mrs. Mary Moerke, Mrs. C. E. Woodruff, Mrs. William Brown, honorary vice-presidents; Mrs. Cy Frid, secretary; Mrs. Emma Parmenter, treasurer, and Mrs. Raymond Lewis, finance chairman.

U-M Convocation to Honor Gay Duerson Today

Gay Duerson will be honored today at the University of Michigan's 30th annual Honors Convocation.

GAY DUERSON

cation which will recognize 640 outstanding students.

Gay, daughter of Mr. and Mrs. Harry G. Duerson of Meadowbrook Rd., will receive freshman honors in the College of Literature, Science and Arts, and the freshman Hopwood Award in fiction.

Families of the honored students have been invited to attend the event, at 11 a.m. in Hill auditorium, and to attend an afternoon tea at the home of U-M President Harlan Hatcher.

Those being honored are the James B. Angell Scholars, students with an all-A record for the past two semesters; seniors, juniors and sophomores receiving class honors for an average equivalent to at least half "A" and half "B" for the past two semesters, and freshmen for the past semester; and recipients of special awards based on outstanding achievement in particular fields.

Miss Breitmeyer Elected President of Theta Sigma Phi

The Detroit Alumnae Chapter of Theta Sigma Phi elected Eleanor Breitmeyer president at its

ELEANOR BREITMEYER

recent annual meeting, to succeed Sylvia Ciernick.

Miss Breitmeyer, former managing editor of the Northville Record, and now a Detroit News society staff writer, was affiliated with the national honorary journalistic sorority while attending the University of Michigan.

Installation ceremonies will be in June, but Miss Breitmeyer will have her hands full of Theta Sig duties previous to taking over active leadership of the group. She's chairman for the annual "Ladies of the Press" breakfast May 22, to which Janet Blair, "South Pacific" star, has been invited as honor guest.

DAR to Meet in Plymouth Monday

Members of the Sarah Ann Cochrane chapter of the Daughters of the American Revolution will meet at the home of Mrs. Howard Sharpley of Main St., Plymouth, Monday afternoon, April 27.

Reports from the Continental Congress will be heard during the meeting Mrs. Harry N. Deyo, regent of the Plymouth chapter and Mrs. Robert Willoughby, state president of the Children of the American Revolution were delegates to the convention.

Plan Luncheon for Blood Bank Staff

Members of the American Legion Auxiliary, Lloyd H. Green Post 147, are planning to serve a luncheon to the doctors, nurses and assistants of the Red Cross Blood Bank in its drive at the First Methodist Church House May 4.

Mrs. Milo Chapman and Mrs. Charles Murphy are co-chairman of the committee which has served luncheons to staff members of the Blood Bank drive during the past years.

Introducing...

Mr. and Mrs. M. T. Green, who recently moved from Highland Park to their newly completed home at 621 Fairbrook Rd.

The Greens purchased their property on Fairbrook Rd. nine years ago and erected a cabin to enjoy on week ends and vacations previous to the completion of their permanent home.

The Greens are the parents of Mrs. William Weidner and Mrs. Gerald Doub, also of Fairbrook Rd. Mr. Green has retired from employment with the Crescent Electric Company, Detroit.

Extension Grp. Holds Study-Work Sessions

The Clement Road Extension Group met at the home of Mrs. Samuel Geraci Thursday for a full day's session devoted to the second in a series of lessons on refinishing furniture and woodwork presented by Mrs. Geraci and Mrs. Russell Knight.

On Saturday, the group met at the Geraci home on Clement Rd. for another full day work session with Mrs. Geraci and Mrs. Harold Schulz giving the lesson on glovemaking.

F.O.E. Ladies Auxiliary to Meet Tonight

The F.O.E. Ladies Auxiliary, Aerie 2504, will hold its regular meeting Thursday, April 23 at

8 p.m. at the lodge hall on E. Main St. Members are asked bring prizes for the games which will follow the meeting.

S. L. BRADER'S DEPARTMENT STORE

STORE HOURS: Monday through Thursday 9 a.m. to 6 p.m.
Friday and Saturday 9 a.m. to 9 p.m.

OPEN FRIDAY & SATURDAY UNTIL 9:00 P.M. • OPEN FRIDAY & SATURDAY UNTIL 9:00 P.M.

American History Traced by Coin, Currency Exhibit

American history in coins and other currencies, from "Pieces of Eight" to wooden nickels, will be the subject of a special exhibit

which began last Friday, at the Henry Ford Museum to celebrate National Coin Week.

The exhibit is being presented by the Museum with the cooperation of the Chase National Bank's (New York) famed Monkeys of the World collection, largest numismatic display in the world. The Chase collection includes more than 75,000 specimens. Substantial portions of the

Chase's American coin section will supplement the Henry Ford Museum's collection in this exhibit.

The fortunes of America, from earliest colonial times to the present, are clearly evident in the story of its coinage. Noteworthy specimens included in the exhibit are: the Pine Tree Shilling of colonial Massachusetts, first coin minted in the colonies; the Fugio cent, first coin of the United States; doubloons and Spanish Milled Dollars, or "pieces of eight", of pirate fame; the Continental Currency which gave rise to the "not worth a Continental" expression; and Confederate paper money.

Gold pieces, gold nuggets, commemorative coins and various odd bank note issues are included in the exhibit.

The exhibit will be open to the public during the regular museum hours, 9 a.m. until 5 p.m. on weekdays, 9 a.m. until 5:30 p.m. on weekends.

Troop N-5 Slates First Camp-Out

First camp-out of the year for the reorganized Boy Scouts of Troop N-5 will be May 1 to 3 at Metamore Camp, according to the scoutmaster, Robert W. Clements. The camp-out will feature general camp activities and advancement. All boys will be insured under the new Boy Scout insurance policy.

The program for the next month was set up at a committee meeting Tuesday night at the First Presbyterian Church, which will be new headquarters for the troop after transfer from the Boy Scout building.

Junior Police Have Pet Show

A pet show was the special event of April for members of the Junior Police Saturday, April 18.

All members were requested to bring their favorite pets to Ford Field promptly at 10 a.m. for pictures and selection of best cared-for pets; the most unusual, and the best trained pet.

Members selected this event as the one they would most like to participate in, said Junior Police Capt. Ray Hood, because it is the logical time of year to clean up and brush up pets for the summer.

Contestants in the Casting Tournament Sunday lined the banks of the mill pond near Ford Field to cast at bicycle innertubes anchored in the pond. Chilling weather kept down the number of participants, but the boys and girls who did show up kept casting until winners were determined in three classes.

Anglers Set for 'Fish Derby'

Thirty-five hundred trout are on their own now in the Rouge River which runs through Cass, Benton Park.

Whether they'll be around to see another spring will depend on how much—or little—they know about the hordes of anglers which will crowd the banks of the Rouge April 25, the opening day of trout season.

The fishermen figure the browns, brooks and rainbows won't be very suspicious of lures and baits which swirl through Rouge's waters. The trout have come from the pools at the Fish Hatchery on Seven Mile Rd., right out of a well-supervised, scientifically-controlled babyhood which has featured water at the right temperature and the right food at the right time. A man-in-hip boots near the water has come to mean chow time.

They ought to be suckers for a fish hook.

Exchange Club members transplanted about twenty-five hun-

dred browns and brooks last Thursday, carrying them in containers from the hatchery's pools to the river in a chill wind. They'll plant about a thousand rainbows this week, just in time for the opening of the season at midnight Sunday.

The Exchange Club's Fish Derby opening day is expected to attract large numbers of youthful fishermen who will try for prizes in four classes.

Competition will begin at midnight April 25 and continue to 2 p.m. that afternoon. A weighing station will be at the George Clark Hardware Co. on North Center St. Catches should be brought there for weighing by an Exchange member who will serve as official judge.

Three prizes will be awarded in each of the three age groups for the largest trout caught before 2 p.m. The fourth group has one prize for the biggest fish of any species caught before 2 p.m. In Group I, for youngsters under 12 years of age, first prize will be an Action casting rod. Second and third prizes will be gift certificates for fishing equipment.

In Group II, for youths between 12 and 16 years, first prize will be an Action spinning rod and second and third prizes will be gift certificates.

In Group III, for those between 16 and 18 years, first prize will be an Action fly rod, with gift certificates for second and third.

In Group IV, open to all ages between six and 18, a casting rod will be given for the largest fish caught in the stream or mill pond. All prizes in the first three groups were donated to the Fish Derby by the Orchard Industries through the courtesy of Eddie Wood.

No fishing will be allowed from the banks of Fish Hatchery property.

Youthful anglers of the village have been sharpening up their casting eyes in workouts with rods and reels in preparation for the big day. Two weekends have been spent learning the technique of placing plugs right where "the big ones jump".

The practice two weeks ago came to a head Sunday afternoon when a three-class casting tournament was held at the mill pond near Ford Field.

Boys and girls up to 18 stood on the north bank of the pond and cast at inflated bicycle tubes floating in the pond. They were awarded ten points for hitting the center of the tubes, five for bouncing plugs off the tubes and two points for coming within three feet of the targets.

Emerging as winners in the 12-and-under class were Francis Dempsey, first, with 31 points; Steve Willis, second, with 22 points; and Barbara Rolling, third, with 16. Two others who competed in this class were Jeff Page, fourth, and little Larry Angove.

Five boys competed in the 13 to 16 year old class, won by Mike Willis, who aggregated 91 points. Second was Ray Hood, with 51. Max Dillenbeck placed third with 39, and N. C. Schrader was fourth with 26. The other contestant was Bill Bake.

Allan Maltby had it all to himself in the 16 to 18 year old class. He claimed first with 60 points when no other competition showed up.

Rites Held April 14 for Mrs. Smith

A prolonged illness claimed the life of Mrs. Naomi A. Smith of 410 N. Center St. Tuesday, April 14, 1953, at 40 years of age.

Mrs. Smith was born Sept. 11, 1912 in Flatrock, Ill., the daughter of Mrs. Della Allison and the late Charles Allison. She had made her home in Northville for the past twenty years.

Her husband, Herbert, and son, Kenneth, aged 12, survive. Also remaining are her mother, Mrs. Della Allison of Pontiac, and three brothers: Virgil A. and Orville Allison of Pontiac and Rev. Charles E. Allison of Compton, Calif.

The body lay in state at the Casterline Funeral Home until Friday, April 17, when the Rev. Peter F. Nieuwkoop conducted final rites at 2 p.m. from the First Baptist Church of which she had been a member. Burial was made in Oakland Hills Memorial Cemetery.

Heslip Graduated by Leadership School

Fort Leonard Wood, Mo. — Pvt John A. Heslip, whose wife, Marlene lives in Saginaw, Mich., recently graduated from a leadership school conducted at Fort Leonard Wood, Mo., by the Sixth Armored Division.

Emphasis during the course is placed on military leadership, methods of training new army men and preparing and conducting instruction periods.

Pvt. Heslip, a member of the 361st Engineer Construction Battalion, entered the army in Sept., 1952.

He attended Michigan State College and was later employed by the Saginaw Malleable Iron Corp.

His father, Arthur J. Heslip, lives in Northville.

Try Record Want Ads

Share Owners to Meet April 28 in Birmingham

A regional meeting for share owners of Consumers Power Co. will be held in Birmingham, Mich. on Tuesday, April 28, 1953 at 8 p.m. in the auditorium of the Birmingham Community House, Bates St. at Townsend, Division Manager David L. Brown announced today.

J. H. Campbell, vice-president, will address the session and discuss briefly the company's 1952 operating and administrative record and its plans for 1953.

The program will include a report of the company's recent annual meeting which will be given by A. J. Mayotte, secretary of the company, and will also include slide illustration of Mr. Campbell's talk.

All residents of the Northville-Plymouth area who own stock in the company, and the company's employees in the area whether they own stock or not, are urged by Mr. Brown to attend the session, which will be followed by a brief reception in honor of the share owners, at which time they will have the opportunity to visit with the company officials.

Mr. Brown said a special guest at the meeting will be Robert M. Farr, a member of the company's board of directors.

The Birmingham meeting is one of ten regional meetings which Consumers Power Company is holding in its Outstate Michigan service area this month in order to bring share owners first-hand information about the company.

Royalty Visits Ron Jennings' Ship

Phaleron Bay, Greece — Their Majesties King Paul and Queen Frederica of Greece attended a dinner last month aboard the USS Newport News given by Vice Admiral John H. Cassidy, USN, Commander Sixth Fleet.

Serving aboard the heavy cruiser is Ronald F. Jennings, seaman, USN, son of Mr. and Mrs. Francis Jennings, of West Eleven Mile Rd., Northville.

The Newport News, Admiral Cassidy's flagship, anchored here for a nine-day good will visit with 32 other warships of the Sixth Fleet.

The ships recently participated in the NATO "Operation Rendezvous" in the Mediterranean.

Canton Supervisor Elected by One Vote

A recount behind locked doors gave the supervisorship of Canton Township to Republican Louis Stein by the margin of one vote.

Stein defeated Democratic incumbent Robert Waldecker 389 to 388.

SALEM UNION SCHOOL NEWS

Primary Room
There was no regular school in the lower grades Tuesday, April 21, because of the immunization clinic, when shots for diphtheria, tetanus and vaccination against smallpox were given.

We are glad to have Sharon Tanner and Elizabeth Buers and Gene Graham back in school following their illnesses.

Mrs. Devine is taking the third and fourth grades with some of the singers in her upper grade rooms to sing songs for station WUOM.

Upper Grade News

Wednesday, April 22 at 1 p.m., pupils from the third through the eighth grades were taken into Ann Arbor Radio Station WUOM for the music period. We wish to thank Mrs. Wilson, Mrs. Clemens and Mrs. Gates for driving their

cars to furnish transportation for us.

If the weather permits, the seventh grade science class will be entertained by their teacher, Mrs. Ruth Devine, at her home in Ann Arbor first, then to Island Park for a picnic supper at 5:30 Friday, April 24. Following this they will go to the U-M Observatory to a lecture and look through the big telescope at the moon and Saturn. Congratulations to Raymond Dahl our fifth grade contestant, who did a good job by remaining in the spelling bee at Carpenter School last Friday after several pupils were out. Raymond finally went down on the word "negotiation".

SALEM HOME EXTENSION CLUB NEWS

Fourteen women from Salem and 17 from Worden, all members of District 1, Women's Home Extension Group, attended the

party for them at the M.E. Church, Whitmore Lake last Monday evening. Mrs. George Henning led the group singing, following which Mrs. John Hellner had charge of the program, which included motion pictures taken by Betty Pidd, exchange student last year during her trip through Europe.

SOCIAL LIFE IN OUR COMMUNITY

Mrs. Dorothy Mantyk of Detroit visited her parents, Mr. and Mrs. Charles Stacey, Sunday afternoon and later she and her mother went to visit their friends, Mr. and Mrs. E. D. Whipple, of Pleasant Lake Rd., near Ann Arbor.

Rev. Lucia M. Stroh was a Sunday dinner guest of Miss Jessie Blackwood, and in the afternoon they visited Mr. and Mrs. Fred Everett on Ten Mile Rd., South Lyon.

Mrs. Fred Rider returned to her own home in Salem Sunday afternoon after being away all winter visiting her daughter, Mrs. Sherman Hartman, of Stockbridge.

Mrs. Harry Wynnperry and Mrs. Phoebe Smeadley and two granddaughters, Sally and Sharon of Detroit, were supper guests of Rev. Lucia M. Stroh Sunday.

Mr. and Mrs. Holly Opdycke went to White Lake Sunday to visit their son, Paul, and family. Mr. and Mrs. Leonard Shubel and grandchildren of Detroit visited at the home of Mr. and Mrs. Earl Roberts Sunday afternoon.

Miss Ethel M. Littell of Detroit visited her aunt, Mrs. Myra Taylor, over the past week end.

Mrs. Gertrude Heintz was honor guest at a birthday supper at the home of her daughter, Mrs. Carleton Hardesty Thursday evening. Nine of her family helped her celebrate.

MISCELLANEOUS

Mary Ann Bock, with her Girl Scout Group and leaders, Mrs. R. Papini and Mrs. Kenneth Rathburn, of Northville, made a trip by train to Detroit last week. They went to see "Peter Pan" at the Madison Theater and had lunch at the Bonjo Grill.

I'm sure many other people of Salem join with me in expressing sympathy to Mrs. George Miller and children at this time

Dads of Foreign Service Vetera

DADS of Foreign Service Veterans officers were installed April 11 along with the V.F.W. and Auxiliary. Front row, left to right, are: Roy Utley, Cecil Taggart, President Al Smith, Sr., and Tom Worley. Back row, left to right, are: Walter Wagner, Mr. Cole (National chief of staff who was installing officer), Jasper Andrews, Lewis Clark, and Stanley Oszewski.

of their bereavement following the illness and death of their husband and father, George Miller.

We are glad to hear that Mrs. Edwin Hamilton is home from the hospital and feeling much better again, and that their son, James, is also home from the hospital following his tonsilectomy. Last week, Mrs. William H. Bock attended the monthly meeting of the American Association of University Women, Plymouth Branch, at the home of Mrs. J. M. Robison, 884 Penniman in Plymouth. The speaker of the day was Dr. Alice Crathern, who is a professor of English Literature, on leave of absence on a Kresge Foundation grant to complete her biographies of women who have played an important part in the history of Detroit. She pointed out that so many of the community services like the Visiting Nurses Association, Orphans' Homes, Hospitals, etc., which are now Red Feather Institutions, were started by women.

Mr. and Mrs. Glenn Hardesty are having a well dug on their property on Seven Mile Rd. prior to starting work on their new home there.

Mrs. Vera Clark of Eight Mile Rd. is in St. Joseph's Hospital in Ann Arbor for treatment and observation.

IS YOUR DATE HERE?

April 23—Federated Ladies' Aid at the home of Doris Hardesty. May 5—Federated Missionary Circle at the home of Mrs. George Eggenberger.

Prolonged Illness Claims Life of Mrs. Ruth Butler

Mrs. Ruth E. Butler, 54, of 47407 West Seven Mile Rd., died April 16 at Mt. Carmel Hospital following a prolonged illness.

Mrs. Butler was born Feb. 28, 1899 in Durand, Mich., the daughter of Mrs. Margaret Hazen and the late Edward Hazen. She made her home in Northville for the past 28 years.

The deceased is survived by her husband, Charles, and two sons: Robert of San Francisco, Calif., and James of Columbus, O. Her mother, Mrs. Margaret Hazen, of Detroit also survives.

Rev. E. E. Rossow officiated at funeral services Saturday afternoon, April 18 from the Cathedral Funeral Home and burial was made in Rural Hill Cemetery.

Girl Scout News

Camp, sang songs, and talked over the important things of camp life. They also went on a play bear hunt.

Scribe, Racena Bailey

Novi Girl Scouts

INTERMEDIATE GIRL SCOUTS
The Intermediate Girl Scouts of Novi held their regular meeting at Novi School April 8. We made leather coin purses. The leather was donated by Mrs. Mary Guntzville. Treats were furnished by Carol Wendland. Mrs. June Kuntz, committee member, helped out at the meeting.

BROWNIE TROOP 3

Brownie Troop 3 of Novi held a regular meeting April 8 at Novi School. We planted tomato seeds in dixie cups. Treats were furnished by the Beechnut Gum Co.

THE FARMINGTON AREA LEADERS

meeting was held at the Novi Community Building Monday, April 13. A Girl Scout picture was shown of camping with Girl Scouts and Girl Guides. Bob Skellenger took care of the film. We had a craft of making corsages. Refreshments were served at the close of the meeting.

SOME 4,300 CUTTING MACHINES

and 1,800 mobile loaders are in use in West Virginia's coal mines, and more than 4,600 electric locomotives are used in their vast underground haulage systems.

Northville Girl Scouts

BROWNIE TROOP 12

Brownies of troop 12 met at the Presbyterian Church, Wednesday afternoon, April 1. We decorated Easter eggs and then watched a Girl Scout investiture ceremony.

Mrs. Campbell, one of our leaders, brought an Easter cake for us.

GIRL SCOUT TROOP 1

Instead of our regular meeting we met with all of the other Girl Scouts and Brownie Troops in the school lunchroom.

We were shown some slides on Camp Cedar Lake. After the slides we played some games and learned some camp songs.

Lou Ann Comer, Scribe.

BROWNIE TROOP 12

Brownie Troop No. 12 met with other Brownie and Girl Scout troops in the school lunchroom. They showed films of Cedar Lake

DEBT SERVICE FUND

Detroit Trust Co. Principal & Interest on Refunding Bonds	10,122.78
Moved by Peters, supported by Woodworth, that bills be paid.	Carried.

Communications were read from Northville Rotary and Exchange Clubs endorsing the plans for the Community Building as presented at the meeting held March 26th, 1953, and recommending that same be built as soon as practicable. Chairman Wilson Funk was informed that the Village Commission would take this matter up at their meeting on Apr. 20th 1953, at 9:00 P.M.

A price of \$277.85 was quoted by Schrader's for installing asphalt tile in the living room of the Teshka apartment. The Police office, rest room and hall on the second floor of the Village Hall this office to include rough tending. Moved by Peters, supported by Allen, that this bid be accepted.

Report was read from Poole, Warren & Littell giving an opinion regarding the ownership by the Village of Northville of a right-of-way across the land which it is proposed by Manning & Locklin to open up a gravel pit. It was recommended that a survey be made by a registered surveyor locating exactly the right-of-way across the property described in the several deeds for the Village pipe-line and cistern, and that such a survey be recorded with the Register of Deeds of Oakland and Wayne Counties, in order to clarify the record title of these rights-of-way. Comm. Stubenvoll suggested that before taking this step the Village should look into the prospect of procuring a new source of water supply, stating that he believed a plentiful supply of much purer water than the Village gets from the Bernhardt spring could be located back of the C & O R. R. Depot. It was decided that this step would be advisable.

The notice for publication regarding garbage and rubbish collection was prepared by Atty. Rettig and Clerk was instructed to have same published in the Northville Record.

Communication was also read from C. B. and Jennie Turrell describing as: South 4 ft. of north 20 ft. measured at right angles to the north line of Lot 715, Assessor's Northville Plat No. 7, of Blocks 9, 10 and 11 of Plat of the Village of Northville, and of part of the north one-half of Sec. 3, T1S, R8E, Village of Northville, Wayne Co., Michigan, as recorded in Liber 66, Page 47 of Plats, Wayne Co., Records and that the deed was being recorded and would be sent to the Village upon its return.

Bids were opened on a police car, from Cy Owens and Atchinson Motor Sales.

The bid of Atchinson Motor Sales was for a Plymouth Cambridge Club Sedan, Total delivered price, with trade-in allowance for 1952 Ford Tudor \$475.00. The bid of Cy Owens was for a black Ford Mainline Tudor Sedan, 110 H.P., equipment to be transferred from present car to new one. With trade-in allowance for 1952 Ford Police Car \$547.00. Moved by Stubenvoll, supported by Peters, that the bid of Cy Owens be accepted. Carried.

Next bids were opened on the tractor with back hoe type power digger, from Blackett, Inc., Farmington, Mich., Michigan Tractor & Machinery Co., Detroit, Mich., and Hugh Arms & Son, South Lyon, Mich.

The bid of Blackett, Inc., was on a TO-30 Ferguson Tractor, with Scout Ditcher, Model 60 Net Cost \$3620.00. The bid of Michigan Tractor & Machinery Co. was on a J. I. Case Model VAI Tractor, with Henry Model BA-8 Back Hoe \$3324.86.

The bid of Hugh Arms & Son was on a new Model 8N Tractor, with dual rear wheels, Step-up Step-down transmission and Sherman Model No. 59C-900 Power Digger - Delivered \$3725.00. As an option there is available a Model 8N Ford Tractor Demonstrator with a total of 182 hrs. on the proof meter, on which they would give a new tractor warranty, which they would equip with above Sherman Digger and dual wheels, and deliver for \$3425.00.

Moved by Allen, supported by Woodworth, that upon approval by Supt. Herman Hartner either the new or used equipment be purchased from Hugh Arms & Son, as it was the only bid which included the rear dual wheels as specified in the advertisement for bid. Carried.

Treas. A. R. Clarke was unable to give his monthly report at this time, as his books are in the hands of the auditor at this time. Chief Jos. Denton gave his report for the month of March, 1953, and it was moved by Woodworth, supported by Allen that this report be accepted and placed on file. Carried.

Orson Atchinson was present to ask the Village Commission to transfer his taxi license to Keller and Glass, but no action was taken at this time on this matter pending the submission of plans by Keller & Glass for a building which they propose to erect at the corner of Main & Center Sts. where bus stop is now located.

Comm. Stubenvoll submitted the budget for 1953-54 as prepared by the Finance Committee. It was moved by Stubenvoll, supported by Woodworth, that the Clerk be directed to publish same in the Northville Record, and that three copies be posted, and a notice placed in the Northville Record stating that a hearing on same will be held at the next regular meeting on Apr. 20th, 1953, at 8:00 P.M., at which time ample opportunity will be given for citizens to participate in such hearing.

Pres. Langfield recommended the appointment of Philip Ogilvie as Village Attorney, after the Village Commission expressed themselves as feeling that it was desirable to appoint a local attorney to handle Village affairs. Moved by Woodworth, supported by Stubenvoll, that this appointment be confirmed. Carried.

Moved by Allen, supported by Woodworth, that the report of the results of the election on City Incorporation be accepted. Carried.

No further business appearing, meeting was adjourned.

(Signed) Mary Alexander, Clerk

COMPOUND PROBABILITIES

The possible permutations of a dozen things or events may be easily ascertained by multiplying consecutively the figures from 1 to 12. Like this: 1x2x3x4x5x6x7x8x9x10x11x12=479,001,600. Now if a person would predict a dozen definite things about some future event he would have only one chance in 479 million in being correct. Now the Bible contains not just a dozen predictions of future events, but literally hundreds of them. Bible scholars tell us that there are over 300 predictions regarding the first coming of Christ. Space forbids us to mention but a few of these predictions. Christ was to be of the seed of Women (Gen 3:15) and Galatians 4:4 shows how this was fulfilled. He was to be born of a virgin according to Isaiah 7:14 and Luke 1:35 records the fulfillment. He was to be rejected of his brethren according to Psalms 69:8 and Matthew 4:12-16 shows how they rejected him. He was to be betrayed by a friend the Psalmist tells us in Psalm 41:9 and John 13:18-21 tells us how Judas betrayed him. . . . Now multiply the numbers from 1 to 300 consecutively and you will have the figure to prove that all this did not happen by accident. Since all these prophecies were fulfilled about His first coming, we may confidently expect that the prophecies relating to His second coming will also be fulfilled.

Greenfield. The center will be an island in the central part of the triangle, with parking space on all sides.

Traffic will move one way only, to the right, and be channeled to and from the parking area by boulevards circling the center. About 7,500 cars can be parked in the lots according to present plans, but the area can be expanded to care for 12,000.

Livonia's Major Center will provide angle parking for 1,200 to 1,500 cars just off Plymouth Rd. Six or seven concrete "islands" which will cut across the width of the lot will serve both to keep cars parked in an orderly manner and to provide a dry walkway to the main building.

NOT DECENTRALIZATION

"Northland Center is not in any way a matter of decentralization or of diverting Detroit customers to another location," Mr. Fisher stated. "This is pure expansion to serve all new people in a growing area."

Included will be an auditorium, meeting rooms and a kitchen capable of serving 150 people. All of these will be available to civic groups for meeting or dinners at a very small charge, or free, according to Mr. Fisher. There has been some thought, he said, of adding a motion picture house to the center.

Inclined roadways—kept clear of snow with radiant heating—will lead into the edges of the center to facilitate picking up of parcels. The Hudson store will furnish free delivery to "pick up

Clayton Graham Now Representing Insurance Company

Clayton R. Graham, of 446 Grace St., has been appointed special representative for the

CLAYTON R. GRAHAM

Michigan branch of the New York Life Insurance Co., according to an announcement by Louis P. Gepford, branch manager. Mr. Graham's territory includes all of Michigan, but he will cover Northville, Plymouth and Livonia primarily.

Well known in Northville as an athlete, Mr. Graham was graduated from Northville High School in 1946 and was in service from then until 1948, eleven months of which was spent in Japan with the First Corps of the Eighth Army.

Following discharge from service, he attended the University of Miami at Coral Gables, Fla., and was graduated in February of this year.

Arnold Jaska Dies; Services Held Fri.

Funeral services were conducted Friday afternoon from the Casterline Funeral Home for Arnold Jaska, 52, who passed away Wednesday, April 15. Rev. Peter F. Nieuwkoop of the First Baptist Church officiated at the final rites and burial was in Grand Lawn Cemetery.

Mr. Jaska had recently been retired as a guard at the Detroit House of Correction where he had been employed for more than twenty-five years.

The deceased is survived by a daughter, Karen, of Northville, and three sisters: Mrs. Edythe Elray, Mrs. Helen Rheume, and Mrs. Margaret Dupernell, all of Detroit.

MISCELLANEOUS

NOTICE TO BIDDERS

Sealed bids will be received at the office of the Village Clerk, Village of Northville, Michigan, on or before May 4th, 1953, at 8:00 p.m., at which time they will be opened, setting forth the manner and cost of doing the following described work:

1. Acidizing of No. 1—10 inch by 90 foot water well in which: 1. One thousand gallons of 15% (10 Be) Hydrochloric acid will be used.
2. An inhibitor will be used in the acid which will properly protect the metal of the well screen, casing and pump; and the inhibitor will have non-toxic properties.
3. The contractors will give the Village Commissioners a sample of the solvent to be used for test should it be desirable to conduct such test.
4. The work will be done under the supervision of a licensed chemical engineer.
5. The contractor doing the work will remain on the job until all acid is flushed from the well and flowing water tests alkaline with Ph indicator.

The Village of Northville reserves the right to accept or reject any or all bids, or to accept the bid which in the opinion of the Village Commissioners is to the best interests of the Village. Dated April 22, 1953.

Village of Northville, Mary Alexander, Clerk. 47-48

New Chevrolet Plant to Go Up Soon in Livonia

The Chevrolet Motor Division will build a new Spring and Bumper plant of the latest design starting construction this summer, T. H. Keating, Chevrolet General Manager, has announced. Expected to increase Chevrolet's employment in the Detroit area by 1000 additional employees on two shifts, the new plant will be an expansion of Chevrolet's total spring and bumper capacity. It will be the 27th of the Chevrolet manufacturing and assembly plants.

Location will be a 130-acre site on Eckles Rd. at Amrhein Rd. on the west city limits of Livonia. Eckles is also the eastern limits of Plymouth Township and the plant is expected to draw employees from both communities.

The new plant is about midway between Schoolcraft on the north and Plymouth Rd. to the south. The site is served by the Chesapeake and Ohio railway which forms its northern boundary.

The plant of 750,000 square feet will consist of three structures: a manufacturing building, an attached office building and a separate power house.

The contract for structural steel has been let to the R. C. Mahon Company and ground breaking is expected to begin in May. Production is expected to start in the plant about June, 1954.

A pressurized atmosphere for maximum cleanliness and desirable working conditions will require a million cubic feet per minute of filtered fresh air pumped into the new plant. The plant will require sixty million cubic feet of gas per month for which a contract is being negotiated.

Industrial waste treatment will be based on Chevrolet experience in its Flint operations for which Chevrolet received a conservation club award in 1952.

The parking lot at the new plant will have a capacity for two thousand cars and cafeteria facilities will be adequate to serve up to 750 persons at a sitting.

CARD OF THANKS

Our sincere appreciation for the many kindnesses extended to us during our recent bereavement by our neighbors, friends and relatives. Also to Rev. Rosow and Freddie Casterline.

Magician, Faris Singers to Appear at PTA Carnival

Plans began to shape up this week for the Parent-Teachers Association Carnival to be held at Northville schools Friday, May 8. Two feature attractions in the high school auditorium will be the Faris Community Singers of Belleville, and two programs of magic and slight of hand by Magician Roy Rew of Plymouth.

The Faris Singers, who have sung in local service clubs, at the State Hospital and other functions, have become popular in this area. They are directed by Chuck Faris and accompanied by Mrs. Virginia Gedz.

Rew, the Magician, has performed on several occasions locally. Chief among his specialties is a human suspension act which has mystified and entertained many audiences.

The Carnival has become one of Northville schools' major events, and combines energies and talents of the PTA organization, representatives of service clubs and other organizations.

Doubles Bowling Tourney Friday

Members of the Exchange, Rotary and Optimist clubs, and the American Legion and Veterans of Foreign Wars will compete in a doubles bowling tournament Saturday and Sunday, April 25 and 26, at Northville Center Recreation.

Members of the organizations may team up and make an appointment to bowl on either of the two days in the Exchange-sponsored tourney.

Two individual trophies will be furnished by Northville Center, and the large trophy will be presented to the club represented by the winners. Joe Alessi and Bruce Turnbull, kneeling for Exchange, already have two legs on the trophy and can keep it if they win a third time.

CARD OF THANKS

We wish to thank the friends and neighbors, and friends at Maybury Sanatorium, Dr. Irene Sparling, Sessions Hospital and Casterline Funeral Home for their kindnesses during the illness and death of Mrs. Smith.

Herbert L. Smith and son 47x

Mrs. Kenneth Cunningham of Hubbard Ave. had her mother of

Events of the Past in Northville

News Items Taken From the Files of the Record

April 8. Students participating were Nancy Dewsbury, Lucien Lovewell, Joan Toussaint and Mary Jean Woodruff.

The Northville High School baseball team opened the season by splitting a two-game series with the Howell nine, losing the first game at Howell 10 to 2 and winning the second game at Cass Benton Park 4 to 2.

Novi Township was one of seven Oakland County areas to surpass its goal in the 1952 fund campaign for the Oakland County Chapter, American Red Cross.

David Lee, son of Mr. and Mrs. Leslie G. Lee of Fairbrook road, was awarded a scholarship to Michigan State College.

Members of Northville's three service clubs and two veterans organizations heard Lieutenant Governor William C. Vandenberg as the principal speaker at the annual inter-club banquet at the Lutheran church April 30.

A goal of 100 tons of used shoes and clothing was set for the Spring Public Clothing Drive which opened in Detroit and Wayne County Schools. The drive was sponsored by the Volunteers of America for distribution of clothing to needy school children.

FIVE YEARS AGO—

Two employees at the local Ford plant, Melvin May and Hekmat Shamee, observed their 30th anniversaries with the Ford Motor company in April.

The old Cattermole building on North Center street was being razed preparatory to a modernization program planned by its owner, Andrew Sambrone, of Plymouth.

Detroit as an afternoon guest Wednesday.

On the eve of his departure for Korea, Pvt. Alfred Schult called from the West coast to his mother Mrs. Herman Schult on Shadyside Ave. Thursday evening. Alfred was able to exchange a few words with his brother, Fred, just returned from Korea.

David McMillan of Detroit was the week end guest of his grandmother, Mrs. Louvernia Magner, on Shadyside.

Freda Ault of Shadyside Ave. called in Harper Hospital, Detroit, Friday.

Mrs. Walter Rehahn of Mayfield Ave. is suffering with pneumonia.

A. D. Ahler of Detroit visited with his uncle, E. W. Stange, on Mayfield Ave. Sunday evening. Gerald Bolyard of Hubbard Ave. has finally been mustered out from the U.S. Army and is back again at his regular employment.

James Maynard of Norwayne visited at the home of his mother-in-law, Mrs. Herman Schult, last Sunday evening.

Word from Florida is that Mr. and Mrs. Joseph Sidelink, former Mayfield Ave. residents, have moved from the trailer camp where they have been living since last October and are now occupying their newly constructed home near Tampa, Fla.

Fred Schult and his mother, Mrs. Herman Schult, of Shadyside Ave. visited Mrs. Marietta Schult Wyman Maynard, in Maybury Sanatorium, Northville, this Saturday afternoon.

Howard Middlewood of Farmington Rd. had three successful smelt fishing trips.

George Lockhart of Northville represented the American Society of Piano Technicians at the Music Educators National Conference held in Detroit.

TEN YEARS AGO—

Under the sponsorship of the Northville Exchange club, prizes totalling \$235 were offered for winning entries in the "Victory Garden" project.

Eddie Lanning won the district spelling championship held in Plymouth to qualify for competition in the state contest.

The village council reviewed and accepted a budget totalling \$71,500 for the next fiscal year.

Russell Pemberthy and Raymond Beauchamp were apprentice seamen receiving their basic training at the Great Lakes Training Station.

TWENTY YEARS AGO—

Northville's village budget, reduced from the 1932 figure of \$55,000 to \$47,000, was accepted by the village commission. Plans to improve the Northville water system demanded an outlay of an estimated \$250 to cover labor and material. In order to decrease costs, the village appealed to citizens of Northville who held obligations to the village; viz: delinquent waterbills and taxes, to apply for work on the project and allow their compensation to be applied as payments to their accounts.

Robert G. Yerkes opened his law office in the Penniman-Alen building May 1.

The working force at the Ford factory nearly doubled during the past week with approximately 125 men on the payroll averaging a daily output of 15,000 valves.

Alfred Sibley, formerly employed at the A & P meat department, was named new manager of the E.M.B. Store No. 2 located in Novi.

Thad Johnson Knapp, superintendent of Northville schools for nearly four years, died suddenly at his home, 548 Dunlap street, closing an educational career that was outstanding in the national field of instruction. Russell H. Amerman, principal of the Northville high school, was appointed acting superintendent by the school board.

In every State of the 48...

TRUCK USERS BUY MORE
CHEVROLET TRUCKS

than any other make!

FIRST
IN DEMAND
MAIN VALUE
MAIN SALES

No matter the size or type of truck you need—what better proof could there be that a Chevrolet truck is your best buy!

MORE CHEVROLET TRUCKS IN USE
THAN ANY OTHER MAKE!

Recently published official registration figures for the last full year show that truck users in every single State bought more Chevrolets than any other make!

It is difficult to imagine more convincing proof of Chevrolet's superiority, for such clear-cut and overwhelming preference can lead to but one conclusion:

Chevrolet trucks must be better, must

enjoy solid advantages over other trucks. Such preference must rest on a firm foundation of good, sound value. And, of course, it does—as owners of Chevrolet trucks can testify.

So before you buy any truck, see how much more Chevrolet trucks offer you. Stop in and see us soon. Continuation of standard equipment and trim illustrated is dependent on availability of material.

8:15 p.m., Choir rehearsal. W.S.C.S., third Wednesday of each month at noon.

All are welcome. Classes in Sunday School for all ages.

CHRISTIAN SCIENCE CHURCHES

Is there a "hereafter" and how may one prepare for it, if there is? That question has puzzled many. The answer will be found in the Lesson-Sermon to be read in all Christian Science churches on Sunday, April 26, under the subject "Probation After Death." The Golden Text is from I Corinthians (6:14): "God hath both raised up the Lord, and will also raise up us by his own power." Among the Bible citations is

this passage, (Luke 20:38): "For he is not a God of the dead, but of the living: for all live unto him."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The universal belief in death is of no advantage. It cannot make Life or Truth apparent. Death will be found at length to be a mortal dream, which comes in darkness and disappears with the light." (p. 42)

NOVI BAPTIST CHURCH
Rev. G. Gillman Morse, Pastor

Sunday, April 26:
10:30 a.m., Morning Worship service. Special music by the choir. Sermon. Illustrated lesson for juniors.

Bible School in classes, Mrs. Jack Eby, Supt.

6 p.m., Youth Fellowship.

April 23, beginning at 9:30, a workshop will be held in relation to the Vacation Bible Schools of the area, at Bethany Church in Pontiac. A group of women from this church will be in attendance.

A young peoples' party will be held at the church Thursday evening, April 23, for all the young people of the community.

The annual meeting of the church will be held at the church April 30. Reports from all the boards and committees, covering the year's work are to be given.

6:30, Family Night supper.

Thursday afternoon, after school, boys and girls choir rehearsal at the parsonage.

Saturday, 2 o'clock, the Junior Choir will meet at the parsonage for rehearsal and party.

SALEM CONGREGATIONAL CHURCH

Lucia M. Stroh, Minister
10:30 a.m., Morning* Worship. The pastor will bring an old fashioned gospel message.

11:45 a.m., Sunday School. Mr. Norman Rody, acting superintendent. The lesson: "Paul's Conflicts in Corinth"; Text-Acts 18:1-18.

Wednesday evening, Prayer meeting in the parsonage. All are welcome.

We are glad to report that Mrs. Luella Boyson, missionary to French Equatorial Africa, has landed in New York City. She is on her way home for a rest and expects to take several couples and two single ladies back with her as missionaries. Rev. and Mrs. Delbert Eubanks are caring for the work in Africa while Mrs. Boyson is in this country. The work in Africa is greatly expanding and many natives are accepting the Christian faith.

SALEM FEDERATED CHURCH
Douglas R. Couch, Pastor

10:30 a.m., Morning* Worship service.

11:45 a.m., Sunday School, Blaine Hicks, Supt.

6:30 p.m., Young People's meeting. We plan to visit the Rescue Mission in Detroit at some future date, to be announced later. On May 3, Dick Miller, a ministerial student, will bring a group with him from Ypsilanti for our young people's fellowship and Sunday evening service.

7:30 p.m., Sunday Evening service. Old fashioned hymn sing

along with gospel message by the pastor. All are invited to come and worship with us at this informal type service if there are no Sunday evening services in their home church.

Wednesday, 7:30 p.m., Prayer meeting at the church.

Wednesday, 8:30 p.m., Choir practice. New voices are always welcome.

Weather permitting the Salem Federated baseball league will practice April 23 in the evening.

The Ladies Aid group will meet Thursday, April 23 at the home of Mrs. Carleton Hardesty. Following a pot luck luncheon at noon and the regular business meeting, the women will start work on cancer pads for the Red Cross.

Missionary ladies circle will meet Tuesday, May 5 at the home of Mrs. George Eggenberger. Besides work of mending clothes given for the missions, there will also be work started on layettes for babies.

ST. PAUL'S LUTHERAN CHURCH
Corner of Elm and High Sts.
Rev. E. E. Rossow, Pastor
