Downs Is Criticized for Violating Zoning Act

If Village Attorney Philip Ogilvie can draw an iron-clad amendment to the existing Village zoning ordinance that will permit parking of passenger cars exclusively on certain portions of lots facing S. Center St. and E. Cady St. and backing up to the present Northville Downs parking area, the Village Commission will agree to amend the zoning ordinance accordingly. But if such an amendment cannot be made air-tight against any other use by Northville Downs, it will encounter vigorous opposition from some members of the Village Commission.

This became clear from questions put to T. R. Carrington, chairman of the Northville Planning Board, by various members of the Village Commission, and by sharp criticism of the Northville Downs management "for its flagrant disregard for village zoning ordinances during the past year."

The properties specifically under discussion for re-zoning were lot No. 174, owned by James F. and Averill Green; lot No. 182, owned by Harley Cole; lot No. 226 and the south 150 feet of lots No. 175 and 176, owned by the Northville Driving Club.

The Planning Commission had previously voted at a meeting on May 5 to recommend to the Village Commission that the foregoing property should be re-zoned T-1 (for race track use), except that such use be restricted to the parking of passenger cars only. Members of the Planning Commission who were present and voted affirmatively on the subject were Carrington, Wagenschütz, Fuller, Hoehl, Zerbel, Ebert and Carl Elv.

Commissioner Claude N. Ely first brought up previous alleged violations of village zoning ordinances by Northville Downs, pointing out that barns have been built on property that is zoned residential. He also pointed out that although the Village Commission is only now being asked to re-zone the Green, Cole and Driving Club properties, Northville Downs went ahead last summer and fall with regrading them and moving buildings in anticipation of using them for track purposes.

President C. E. Langfield followed up Ely's comment with the statement that "they did some building a few years ago and then soft-soaped the village into giving them a permit."

Commissioner F. Alton Peters raised the question: "What was the matter with our building inspector (J. Stanley Waterloo) that he didn't stop the construction of new barns on residential property this year?"

To this, Commissioner Ely replied that he, along with any

other village officials who knew the building was going on, was to blame for not notifying the building inspector. He added that "I'm through being soft, however, and I won't vote on this re-zoning until it is ironclad to specify passenger cars only."

After much discussion, the commission tabled the Planning Commission's zoning recommendation until Village Attorney Ogilvie works out a means for strictly limiting the use to which the properties in question can be put.

Company's Grain Mills to Grind to Final Halt May 29

One of the last remaining businesses which have maintained the rural flavor of Northville has given way to the march of progress.

The books will close on an era in Northville's history on May 29 when the milling and feed portion of the Northville Milling and Lumber Co. is discontinued.

"A combination of circumstances forces the closing of the business," said owner D. P. Yerkes, Jr. "Farming in this area has decreased steadily over the years as homes have been built and industry has moved toward the village. There just isn't enough feed and grain grinding to do any more."

Prime factor in closing the business, however, is the request of 70-year-old Jay Goodale, whose employment as head man with Northville Milling spans 48 years, to be relieved of his duties. "It would just be too hard to replace Jay," said Mr. Yerkes, "to bother looking."

Let anyone get the wrong impression, Mr. Yerkes pointed out, the lumber end of the business will keep on operating as strong as ever. Only the milling part of the concern is closing.

The milling company has been in the Yerkes family for three generations, beginning with L. E.

McRoberts in 1892. D. P. Yerkes, Sr. operated it after that, and the present owner took over later. The original mill was located near the Ford pond near Griswold, but was moved to the present Baseline Rd. location in 1921. The lumber and supply part of Northville Milling and Lumber was begun at that time.

Back in the peak days of the 1920's the company used to grind and mix 250 to 300 bags a day, but this has fallen off gradually to about 250 bags a week. Most of the grinding was custom work for farmers who brought their own grain and asked for certain mixtures and combinations. A large part of the business, however, was flour grinding for wholesaling to stores. This amounted to about 900 bushels of wheat each week.

Even though progress has snuffed out most of the business in the Northville area (a milling company existed not too long ago in Redford) the Wixom Co-operative in Wixom and South Lyon is still going strong.

Mr. Goodale, who at 70 is energetic enough and strong enough to do the heavy work around the milling company, says he plans to "retire" for a while. He lives at 613 Carpenter Ave. with his wife

Northville Asks Bids On 1953 Street Program

The Northville Village Commission this week voted to ask for bids on curbs and gutters, storm sewers, and hard-surfacing the new parking lot and alley on the south side of E. Main St.

Estimated cost will be in excess of \$40,000, according to Commissioner John F. Stubenvoll, member of the finance committee which prepared the 1953-54 budget.

The curb and gutter construction will be on Novi Ave. from Lake to Baseline; on Rouge from Novi to Oakland; and on Oakland, from Rouge to Baseline. Provision of \$10,000 for this work has been made in the current budget.

The storm sewers are scheduled for N. Rogers from Dunlap to the Village limits; Dubuque from Rogers to Linden; Linden from Dubuque to Randolph, and Randolph from Linden to High St. The budget provides \$20,000 for storm sewers.

Improvements for the municipal parking lot south of Main St. and east of Center St. are to include the balance of a retaining wall, asphaltic concrete pavement and a storm water inlet, which can be installed at an estimated cost of \$13,400, according to George Jerome & Co., consulting engineers.

Upon completion of the curb, gutter and storm sewer work, the Village Commission plans to advertise for bids to put an oil-asphalt base on such streets and those on which curbs and gutters were installed last summer.

Community Bldg. Contract Ready

Philip R. Ogilvie, village attorney, reported to the Village Commission at its meeting Monday that he has prepared a contract with Walter Anicka, Ypsilanti architect, covering preparation of plans for a Northville Community Building.

The structure will conform generally with the architect's sketch which Anicka showed to the Village Commission about a month ago. Such a building would be brick veneer over cinder blocks and could be built for not more than \$200,000, he assured the Commission.

Only one point puzzled the Commission, the specification that the architect's fee of 5 per cent of the cost of construction was to be paid when the plans have been accepted by the village. He is to get an additional 1 per cent as

Horse Show This Year Planned As Biggest Event For Optimist Club

Moving into the final days of preparation, the Northville Optimist Club will have the stage set for the 5th Anniversary Junior Horse Show at Northville Downs May 31. It will be the largest and most colorful event of the club's five years effort.

Entries are coming in rapidly and Mrs. Franklin Beeks, show secretary, states that all classes will be filled to capacity.

Judges Named
Passing judgment on the youngsters and their mounts will be the following judges: Captain A. R. Kitts of the Culver Military Academy, Culver, Ind., who will judge all Hunter Seat equitation classes. Mr. Byron Good of the staff of Michigan State College, East Lansing, will judge all Western horse classes and Western equitation. Mr. Keith Smith, also of Michigan State College, will judge saddle horses and English Seat equitation. Mr. Jack Callaghan, Jr., formerly a member of the United States Army team, will score the F.E.I. jumping classes, which include team competition, and also the Elementary Dressage. Mr. John Wallace will judge the working hunter classes.

For the second year, Maggie Madden of Detroit has the honor of being number one entry.

1952 Champions
Last year's champions are all entered and will try to repeat their past performances. Janet Porath, daughter of the Edward Poraths of Northville, who was Western Champion last year, Frank Duffy, son of the Irving Duffys of Birmingham, former Hunter Seat Champion, will try for the trophy and tri-colors of the 1953 championship. Joyce McManus of Detroit, last year's reserve champion saddle horse rider, will be after the Harry B. Clark Memorial Challenge trophy. She is the only rider who will have a chance on two wins in this trophy, having one leg on it in 1951. Three wins of this trophy gives permanent possession.

The Junior Olympic Equestrian Teams are all organized for the beginning of the season's competition. Three teams are registered in this year's competition: Outland, Bloomfield Beavers and Northville. All teams are well mounted this year and the competition is expected to be very keen.

Two New Members
Northville will have two new members this year. Veterans from last year's team are Frannie Malley, with her horse Rainmaker, and Ann Jensen with Twenty One. New members are Jan Schaeffer, with her new horse, Sibeau, and Mary Casenheiser and her horse Quick Nip.

The Northville Branch of the National Farm and Garden Club will hold its 14th annual Flower Show June 4 at the Methodist Church House.

The public is cordially invited to view the exhibits and competitive class entries from 2 to 9 p.m. Mrs. Gerritt Rooks, general chairman of the event, has selected "Song of Spring" as the show's theme.

Put Pails On Curb, Is One Suggestion to Avoid Increase

Cost of garbage collection in Northville will increase shortly unless residents are willing to set their garbage pails on the curb to make the collection easier.

Background of the increase is the new state law forbidding feeding raw garbage to pigs, which has been the customary practice for many years. Now that this is no longer legal, the firms which make a business of collecting garbage throughout the suburban area have only two alternatives for disposal. One is to cook the garbage before feeding, which is regarded by most as too costly and impractical. The second is to dispose of it in a sanitary land fill, which is the police description for dumping it on the ground and then covering it with earth.

Mr. George Sawyer, of Plymouth, who has picked up garbage in Northville for many years for a flat fee of \$500 per month and disposed of it readily as feed for pigs, now must haul it approximately 16 miles to an abandoned gravel pit. The pit owner is asking slightly more than \$700 for the privilege of dumping for the first year. This must be paid by the village in addition to the \$500 monthly collection fee.

As an alternative, Harvey Willard, of Farmington, who collects garbage in Milford and in Farmington Township, has made the village a tentative proposal of \$500 per month if home owners place their garbage on the curb for pick-up, and \$600 per month if it is picked up from the rear of the house as at present.

To the objection that garbage placed on the curb for collection would be messy and unsanitary, Willard states that it is being done satisfactorily in several other communities and that it involves merely some public education as to when it should be set out and the kind of containers that should be used.

Although they may not realize it at the time, they will have learned in making the trip that many of the worthwhile things in life are made more enjoyable by the realization that they have been earned, rather than received as a gift. Thus, in fact, is the basic idea which Miss DeKett will endeavor to impart to her fifth graders, and one on which she has been working throughout the school year.

The simple fact back of the Lansing trip is that every boy and girl in the group has played some part in the class having earned a total of \$325.10 this year to finance an end-of-the-year "blow-out". No boy or girl was eligible to go unless he or she had worked along with the others for this purpose. Miss DeKett's part has consisted of inspiring the group to make the necessary effort, and aiding them in planning what they would do with the money they have earned.

The total amount was raised through such projects as bake sales, sale of candy, popcorn, greeting cards and elementary school badges. A play, "Many Moons", staged by the children, netted \$180.

The trip to Lansing will be in a Capital Airlines DC-3 which is scheduled to leave Willow Run at 8:30 a.m. and arrive at Lansing at 9:07. Because the plane's seating capacity is insufficient to (Continued on Page 8)

Jackie, a first grade student at Northville Grade School, is the son of Mrs. D. Harper Britton of West Dunlap St.

The accident occurred on the corner of Dunlap and Rogers St. when Jackie darted from behind a standing car into the path of the car driven by Simons. In a statement to police, Simons said he was traveling at 20 miles per hour.

The child was taken to Acheson Memorial Hospital and later transferred to Mt. Carmel where his condition is reported to be very satisfactory.

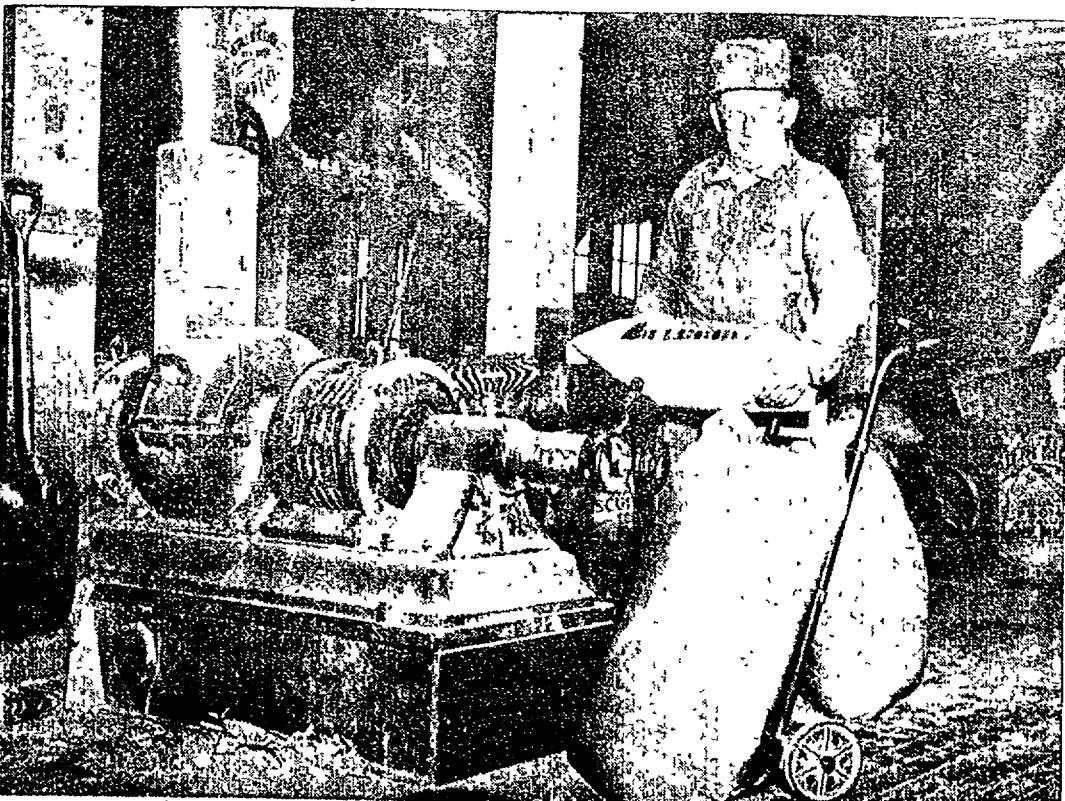

Simons was released pending investigation according to Chief of Police Joseph Denton.

City Incorporation Law Is Amended

On the desk of Gov. G. Mennen Williams for signature is an amendment to Act No. 279 of the Public Acts of 1909, which may simplify the incorporation of Michigan villages as cities, while simultaneously limiting the frequency with which elections may be held to vote on incorporating.

The bill was introduced by Representatives Brigham, Emmons and Romano and, according to Mr. John C. Burkman, of Northville township, backed by a political faction which has fought recent endeavors to incorporate Redford Township as a city. It was Burkman who instituted the first legal action toward invalidating the petitions circulated last spring to bring about a vote on making Northville a city.

New Methods Outlined
The original amendment provided that the board of supervisors (Continued on Page 8)

Seventy-year old Jay Goodale stands near the grain grinder which will soon turn for its last time as part of the Northville Milling Co. The business will be discontinued May 29 because of a gradual decrease over the years of farming in this area and diminished demand for custom grain grinding.

Rolling Down The River

by the PETZ BROS.

Now they tell us of a certain stuffed-shirt type of a person that spent much of his time trying to be elected to this office or that, but the voters always saw matters a little different. Finally, with a judgment vacant the powers of his party, to get him out of their hair, appointed him Judge. From that spot, he managed to become, of all things, a one-man grand jury. With his name in the papers almost daily, his hat grew too small, his overly stuffed shirt ripped at the seams, he was, in fact, a VIP doubled in spaces.

One evening he attended a party to accept whatever homage might come his way and as he sat apart in solitary glory, a little spinsterish type of lady approached and asked, "aren't you W— who attended my class in second year English and were so sure you would be a Senator or something?"

"I certainly am that fellow," he replied pompously.

"Well, what do you know about that," she enthused, "imagine meeting you here. Tell me, what ever did happen to you?"

.....

We hope that you aren't a stuffed shirt, because if you are, somehow or other we can't enjoy selling you a beautiful Studebaker for '53. The car was never designed for that sort of a person because it's beautiful, streamlined and full of zip and let's go places sort of action. It's the sort of a car you'll want for comfort, power and extra economy and it's certainly the car you'll want if you want sleek, modern, beautiful, youthful lines in your automobile. Why not drop in and try the most copied car in America. You'll love the experience.

.....

Somehow or other, we can't get away from shirts this week, so we'll have to tell you of the husband who returned home over late one evening. He explained it away by saying he was having dinner with a stuffed shirt.

"Yeah," said his wife, who hadn't stayed home either, "she stuffed it beautifully, didn't she?"

.....

Well, here it is that time of the year when a fellow likes to point his car in many directions and go lots of places. Only you won't be getting very far, unless you provide the car with a bit of our mechanic's personal attention. It needs a motor tune-up and a complete lubrication to erase the rigors of the past winter's driving. Bring it to the shop soon!

That's that, but we should remind all husbands forced to be would-be gardeners this spring that if you put off the garden long enough, eventually it will be too late.

YOURS,

BILL and WILL PETZ.

Sheriff's Posse to Stage Benefit Horse Show May 24

The Oakland County Sheriff's Posse, a mounted auxiliary of the Oakland County Sheriff's Department, will hold its annual Horse Show on Sunday, May 24th, 1953, at Ivory Polo Field on West Eight Mile road, Detroit.

Proceeds of the show will be used to purchase equipment for the Posse, carry on administration work and for charitable purposes.

The show, which will start at 10 a.m., will provide plenty of thrills and interest to participants and spectators alike. Among some of the more thrilling events offered are Pony Express Race, Musical Chairs, Rescue Race, Bending Race, Trick Horses, Calf Roping and Cattle Cutting events.

Besides numerous events for the judging of beautiful horses,

the public will be treated to a fast moving game of Polo to be presented by the famous Ivory Rangers.

The Posse, which is self sustaining, was organized in May 1949, under the sponsorship and direction of Sheriff Clare L. Hubbell. The Posse originally had eleven members. The present membership is a full complement of 26 men, each member having his own horse and transportation for the same. Every man is a sworn deputy and subject to call at any time.

The purpose of the organization is to form a mounted posse to work with and for the Oakland County Sheriff, at his discretion and direction when the occasion and need for the Posse arises. The Posse also is interested in aiding civic and charitable minded groups to raise funds for worthy purposes.

Board of Education Minutes

May 4, 1953

The regular meeting of the Northville Board of Education was held in the Board Room on Monday evening, May 4, 1953. The meeting was called to order at 7:45 p.m. by President Eural Clark.

Present: Eural Clark, George L. Clark, Robert Coolman, Nelson Schrader, Donald Severance, R. H. Amerman.

Absent: None.
Others Present: Alice Hosback, Taylor Ball, E. V. Ellison, C. T. Pregitzer.

Minutes of the last regular and special meetings were read and approved.

Communications: Teacher's Club, commending Board for granting of special salary increments to four teachers; Wilson Funk, asking for use of school buses during the summer recreation program; Mrs. Arthur Trost, Nankin Mills, seeking permission to enroll her son in the 9th grade for year 1953-54; Fred C. Fischer, reporting collection of delinquent taxes for October, \$317.76; fourth payment of Sales Tax, \$8,610.00.

Principals Ellison and Pregitzer and Superintendent Amerman discussed the several overcrowded situations for next year and the solutions, teaching positions to be filled and the need for another English teacher in the high school.

Authorized the superintendent to appoint the necessary census enumerators to complete the annual school census during the last 20 days in May.

Treasurer Coolman reported receipts and balances as follows:

Received since last meeting

\$26,887.37;
Balance in General Fund
\$27,969.53;
Balance in Debt Retirement Fund
\$27,041.26.

Moved by George L. Clark, seconded by Schrader, that the report of the treasurer be accepted. Carried.

Considered several possible school sites and agreed to hold an informal meeting with Mr. Manning to consider the advisability of locating a school on his property at North Center Street and Base Line Road.

The Auditing Committee approved for payment vouchers as follows: Bills, \$5,091.30; payroll, \$21,945.50. Upon motion by Geo. L. Clark and second by Schrader, these vouchers were ordered paid.

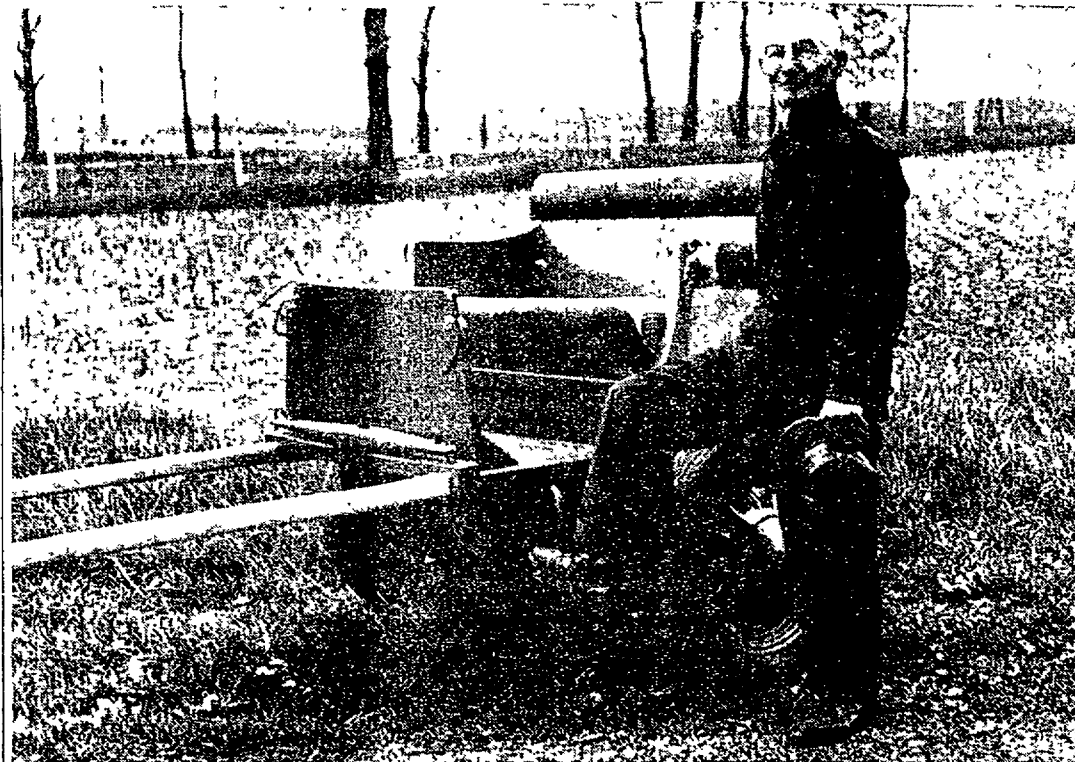

Moved by Severance and seconded by George Clark that permission be granted for the use of school buses in the summer recreation program for swimming and field trips, etc., but not to include trips to picture shows in other communities. Carried.

Motion by Severance and seconded by Schrader to exclude high school tuition students from the Cooper and Nankin Mills school districts next year because of lack of space in the high school. Carried.

Decided to present at the annual school meeting on June 8th the proposal that the school board be granted authority to dispose of annexed school sites and buildings when no longer needed.

Moved by Severance that the meeting be adjourned at 11 p.m. Motion carried.

Seventy-four year old John Haray shows how riders get aboard the combination carriage-buggy-car he built last winter in his spare time. It has wagon springs, auto tires and seat, and is made of varieties of hard woods.

GIRL SCOUT TROOP N-1

We met at the Presbyterian Church May 13. Mrs. Austin and Mrs. Willing taught us a game without worrying about employers and restrictions.

It's doubtful that any of his employers would have sanctioned the carriage-buggy-car he built last winter as a hobby. It's now for sale to anyone interested in buying.

Mr. Haray says he started out to build a conventional trailer, but his imagination took over, and what resulted is a one-horse carriage with automobile tires and an auto seat which will hold three persons comfortably.

The whole rig was hand-made in his work shop at the Haray home at 10434 West Seven Mile Rd. It features ash shafts, with maple, ash and mahogany woods worked into the front panel, sides and back. It's finished in natural colors, with a liberal portion of red thrown in for liveliness.

The peculiar combination of horse carriage and automobile is an honest one. Mr. Haray learned his trade—carriage body making

—in Hungary as a youth, serving a four and one-half year apprenticeship without pay. He then came to the United States in 1904 and worked with a blacksmith brother for two years in Cleveland, O. The brother did the smithy work and Mr. Haray tended the carriage repairs and building.

After moving to Detroit in 1911, he worked for the Cadillac Division of General Motors. With the advent of World War I, he switched to assembling airplane bodies, working with a crew of ten men, which produced a completed fuselage at the then speedy rate of one every two weeks.

After the war, Mr. Haray settled down to working for General Motors at the Fleetwood Plant until his retirement at 65. He is a Thirty-Second degree Mason and belongs to the Northville Lodge, F. & A. M.

CHRISTIAN SCIENCE CHURCHES

The true relationship of "Soul and Body" is explained in the Lesson-Sermon under this title to be read in all Christian Science churches on Sunday, May 24.

The Golden Text is from II Corinthians (3:18): "We all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord."

Among the Bible citations is this passage, (Isa. 43:10): "Ye are my witnesses, saith the Lord, and my servant whom I have chosen: that ye may know and believe me, and understand that I am he: before me there was no God formed, neither shall there be after me."

*Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Spirit, God, has created all in and of Himself. Spirit never created matter." (p. 335).

Said To Be Saddest Face In All History

NASHVILLE, TENN. — The face of Christ with his disciples at the last supper, as depicted by Leonardo da Vinci, is said to be the saddest face in all history. A new interpretation of that face is being seen by thousands of visitors to the newly consecrated Upper Room Chapel here.

The chapel, built in connection with the new headquarters building for The Upper Room, the world's most widely used devotional guide, features a great woodcarving of Leonardo da Vinci's Last Supper. Hailed as a work of art with breath-taking beauty, it is hoped that it will inspire visitors to bridge the centuries and at least for a few minutes of meditation and prayer commune with Christ as he said "This is my body which is broken for you." The chapel is open daily for prayer and meditation.

STATE OF MICHIGAN,
County of Wayne,
ss. 409133

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Fifth day of May, in the year one thousand nine hundred and fifty-three.

Present Patrick H. O'Brien Judge of Probate.

In the Matter of the Estate of MARY YERKES SIMMONS, Deceased.

An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this Court for probate:

It is ordered, That the Second day of June, next, at ten o'clock in the forenoon before Judge James H. Sexton at said Court Room be appointed for proving said instrument.

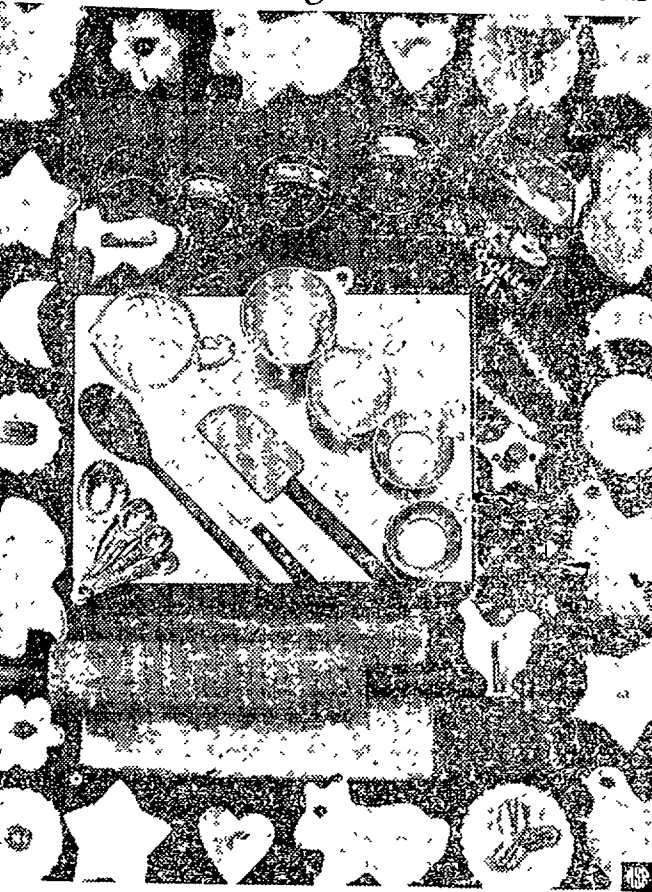

And it is further Ordered, That a copy of this order be published once each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulated in said County of Wayne.

Patrick H. O'Brien, Judge of Probate

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

What's Cookie-ing for Modern Cooks

What the modern cookie maker needs is neatly framed in the photograph by a choice selection of cookies that require only two minutes mixing time. Secret of quick cookies is in the box of basic cookie mix, available at anybody's grocery store. Just add water to the mix, and batter for old-fashioned Sugar Cookies is ready to spoon onto cookie sheets for baking.

It's simple to vary basic cookie mix by adding ingredients to make your favorite cookies such as rolled oats for Oatmeal Cookies, spice for Spice Cookies, and a package of semi-sweet chocolate morsels for Chocolate Chunk Cookies. The same mix makes Rolled and Refrigerator Cookies and wonderful Brownies.

Since the quality of your cookies will be assured using cookie mix, the only other thing to check is the equipment in the kitchen. Important are graduated size measuring cups for measuring liquid and other added ingredients, cookie cutters with a clean cutting edge, and good quality baking sheets. A sturdy, good grade aluminum cookie sheet achieves the right results. Makeshifts like baking cookies on top of baked cookies. Cheese a cookie sheet that allows at least an inch or more between the ends and sides of the cookie sheet and the oven wall. This will avoid blocking of heat circulation, or cookies that are darker on the bottom than on the top.

Dough made with cookie mix is so plastic that it can be rolled successfully between sheets of waxed paper, eliminating the need to wash a board or rolling pin.

Second Sunday—Holy Name Society, 8:30 Mass.

Fourth Sunday—Sodality of Our Lady, 10:30 Mass.

Altar Society meeting—every Wednesday before the third Sunday of the month.

Fluoride Program Slated for June 15

Monday, June 15, dental equipment loaned by the Michigan Department of Health will be moved into the lower floor of the Grade School building and preparations will be made for Miss Norman Champaigne, U. M. Dental Hygienist, to begin the Fluoride treatment program for the arresting and prevention of tooth decay set for Tuesday, June 16. The two-week program will conclude on June 30.

Arrangements for the annual program were completed Friday through the combined efforts of Miss Ruth Rogers, Dental Hygienist of the State Department of Health, and school nurse Miss Ruth Knapp, R.N.

Ninety-four pupils of the second, fifth and eighth grades and thirteen youngsters from Our Lady of Victory School, make the total of 107 pupils to receive the treatments. This year's program will be presented in two groups, the first to be completed June 22 and the second to finish treatments on June 30.

Cards stating the time of treat-

ments will be mailed to parents urging them to have their children keep appointments.

Mrs. J. Reynolds, president of the Mother's Club and Mrs. Marshall Huff, president of O.L.V. Mothers' Club and their committees will assist Miss Knapp.

The Fluoride program which met with much approval last year, has been made possible through the efforts of the State, County and local health groups and the Northville Parent-Teachers Association, Miss Knapp emphasized.

Children Arrange Varied Program for Final PTA Meeting

The concluding P.T.A. meeting of the 1952-53 school year will be held Thursday evening, May 28, in the grade school lunchroom at 8 p.m. Projects which have been carried out in various elementary class rooms in conjunction with the youngsters' school work will be presented as a special program for visiting parents.

Highlighting the program will be the debut of the Kindergarten Rhythm Band directed by Mrs. Chizmar; a choral reading by Mrs. Egge's third grade and fifth grader, Charlene McGee, will star with a guitar solo.

Children of the second grade are rehearsing "Lemonade Stand", an operetta under the direction of Miss Florence Keith; Keith Burton will lead the fifth and sixth graders in a band number and Mrs. Funk's fifth grade plans to present a play, "Alice in Wonderland".

Mrs. Robert Black, art instructor of Northville schools, will have on display an exhibit of art work done by students of grades four through six.

Installation of 1953-54 officers will conclude the meeting when Mrs. William Milne will receive the gavel authority as president of the Parent-Teachers Association. Robert Hart has been elected vice-president; Mrs. Roy Soule, secretary and Mrs. George Tegge, treasurer.

Refreshments will be served by the sixth grade room mothers.

Square Dancers Hold Gala Annual Festival

The Michigan Square Dance Leaders Association held its annual festival Saturday evening in the Grand Ballroom of the Masonic Temple, Detroit.

Mr. and Mrs. J. E. Straus of Beck Rd. and their set made up of Mr. and Mrs. Orchan, also of Northville, Mr. and Mrs. Evans of Plymouth and Mr. and Mrs. Griffith of Detroit, joined nearly a thousand square dance enthusiasts from Michigan and Ontario, Canada, in an evening of dancing.

Dave Palmer, caller of the Plymouth Square Dance Club which meets this evening, May 21 to conclude the season, was one of the outstanding callers at the festival.

It's Twins!

A double feature was in order this week at Sessions Hospital with the appearance of twins, a boy and a girl, born May 16. The proud parents are Mr. and Mrs. Theodore Troost of Plymouth. The mother is the former Betty Hoadley.

Karen Louise weighed in at six pounds, eleven ounces, while big brother, Kenneth Theodore, tipped the scales at seven pounds, four ounces.

Cote-Chesney Rites Read by E. M. Bogart

Betty Jane Cote of Hazel Park and Ellsworth Sheldon Chesney of Northville were united in marriage by Edward M. Bogart, Justice of the Peace, on Tuesday, May 12 in the Northville Village Hall.

Joseph E. Denton and Mrs. Mary Alexander were the attending witnesses.

Adult Art Classes Plan Display, Tea

The Adult Art classes at Madonna College, Livonia, will entertain their friends and relatives at a tea and art display to be held Sunday, May 24, from 3 to 5 p.m.

The year's accomplishments in ceramics and painting will be exhibited. The ceramics display will feature ceramic sculpture, a tile coffee-table top, and pottery. The painting group will exhibit portraits, still-life, landscapes both in oil and water color.

Guests will be conducted on a tour through the college to enable them to see the recently completed student dormitory and social halls.

The Adult Art program was begun in the fall of 1948 and has ever since been enjoying a continuous attendance in increasing numbers. Courses are offered in painting (all media), weaving, crafts and ceramics. Student work is aided by the instructor's class presentations interspersed with slide-lectures and demonstrations.

This year's classes totaled 41 students, among whom were nurses, teachers and housewives who spend an evening a week enjoying their chosen hobby.

Included in the list of painting enthusiasts are Elizabeth Bush, a nurse at Maybury Sanatorium, and attending classes in ceramics are Mrs. Lillian Rakestraw, Mrs. Marjorie Dugan and Mrs. Theda Lyke, also of Northville.

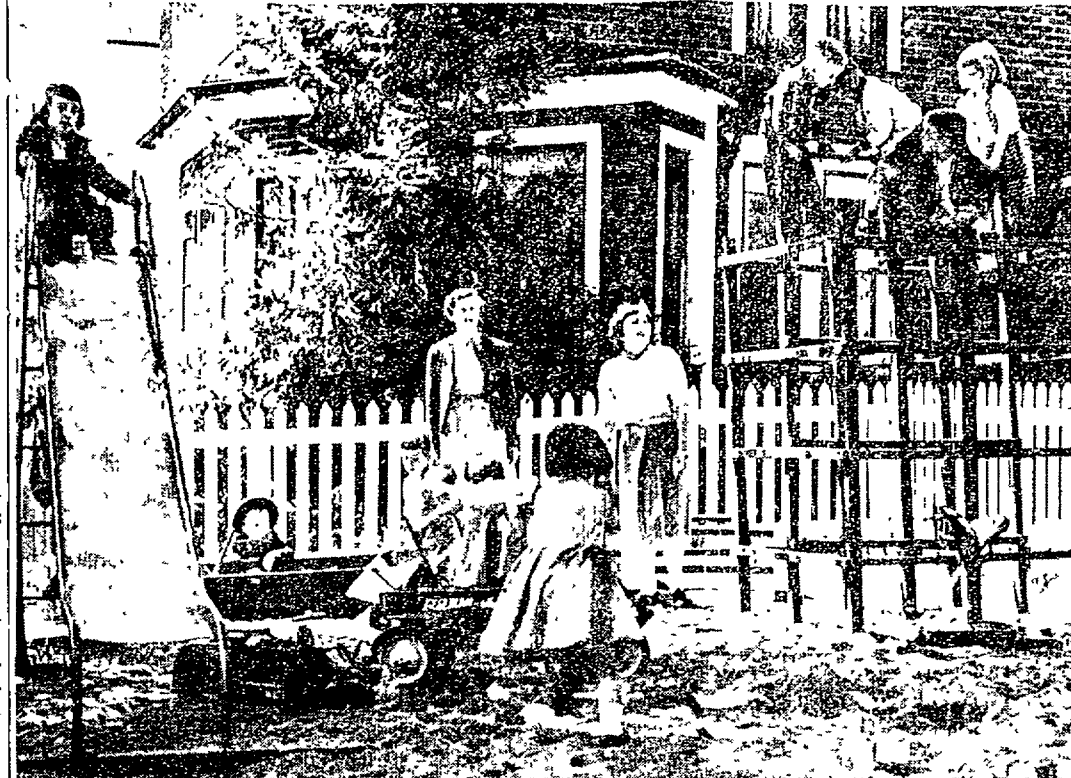

Altar Society to Hold Rummage Sale

The Altar Society of Our Lady of Victory Church is sponsoring a rummage sale tomorrow and Saturday, May 22-23, in the former Record office, 120 North Center St.

Mrs. Marshall Huff, general chairman of the project, stated that the sale will begin at 2 p.m. Friday and continue to 8 p.m. for the convenience of evening shoppers. Saturday hours are from 10 a.m. to 5 p.m.

There will be an interesting variety of white elephant and rummage articles for sale, said Mrs. Huff, adding that contributions are still welcome. Anyone wishing to donate any kind of saleable articles may call Mrs. Huff, 1237-J1.

Pre-School Children Take to Outdoors

Pre-school age children show how they enjoy playground equipment at the Northville Cooperative Play Group in their play yard at the First Presbyterian Church. Mothers of the group have extended an invitation to all women interested in nursery school groups or have children of nursery school age (2-5 years) to attend a tea on Saturday afternoon, June 6, at the home of Mrs. Howard Myer, 48120 Eight Mile Rd. Any mother planning to enter her child in the fall term may register for enrollment at the tea. For further information call Mrs. Edwin Mueller, 589-W or Mrs. Clifton Hill, 127.

Friends Entertain for Francis Bonar, May 23 Bride-Elect

The weeks preceding her marriage on Saturday have been busy ones for Francis Bonar, teller at Depositors State Bank.

Twenty-five friends feted her with a miscellaneous bridal shower at the home of Mrs. Harry S. Wolfe in Livonia last Wednesday evening.

Mrs. William Schadel, the bride elect's cousin, who will attend her as matron of honor, was hostess at a miscellaneous shower at her home in Detroit recently. Joyce LaPlante and Charlene Stobbe were co-hostesses at a shower at Joyce's home in Walled Lake in her honor with her co-workers at the bank making up the guest list.

Francis, daughter of Mr. and Mrs. Clark Bonar, of Seven Mile Rd., will exchange marriage vows with James Smith of Detroit in ceremonies to be solemnized at the Livonia Methodist Church on Saturday, May 23.

Birthday Party Held for Warren Feole

Twenty-five friends met at the Feole home on West Six Mile Rd. Friday evening to join in a surprise birthday celebration for Warren Feole.

After an evening of singing and dancing to the music of Leo Campbell and his Hawaiian guitar, the young folks enjoyed refreshments.

WIL Members Meet at Woodruff Home

Dr. and Mrs. C. E. Woodruff of Beck Rd. will host a buffet supper Thursday evening at 6:30 for members and friends of the W.I.L. The Woodruff home will serve this evening as point of collection for articles to be contributed for the rummage sale to be held in Ann Arbor on May 27 for the benefit of the branch.

Mrs. Cummings Reviews Book Tues.

Richard Wright's newest novel, "The Outsider", was chosen by Mrs. Glenn H. Cummings for her review presentation before the Tuesday Book Club this week.

Mrs. C. E. Woodruff was hostess to the group at her home on Beck Rd.

New Hudson P-TA to Hold Dance Saturday

The New Hudson Parent Teachers Association is sponsoring a May Dance in the New Hudson gymnasium on Saturday evening, May 23.

An evening of square and round dancing will begin at 9 p.m. with Mel Michaels' orchestra furnishing the music. Herman Scheel will be square dance caller.

Circles of the Women's Society of Christian Service of the First Methodist Church will meet Tuesday, May 26 at 12:30 p.m. for a pot-luck luncheon and business meeting.

Mrs. J. Boyd will be hostess to the Grace Tremper Circle at 406 Dubuar St.; the Lucy Filkins Circle will meet at the home of Mrs. C. O. Hammond, 511 North Center St., and Mrs. Joseph DeJohn will entertain the Bertha Neal Circle at her home, 17637 Beck Rd.

Mary Louise Lee Plays Solo in Concert

Mr. and Mrs. Leslie G. Lee heard their daughter, Mary Louise, play the oboe solo in Beethoven's Ninth Symphony in an orchestra concert at Michigan State College Sunday.

Alexander Schuster, director of orchestra at the college, conducted the performance as a farewell concert before his approaching retirement.

Old Mill Owners to Host Youth Dance

Mr. and Mrs. Howard Mitchell, owners of the Old Mill, will be hosts this Saturday evening from 8:30 to 11:30 p.m. at a dance in their new dining room located in the former Gamble store, adjacent to the Bean Pot.

The Trippy Trio will furnish the music and Leo Sheehan will be the Recreation representative. This event has been arranged for boys and girls of high school age only.

Edward Reid Takes Oregon Bride in West Coast Rites

Miss Doris M. Watson became the bride of Edward A. Reid, son of Mrs. Edward A. Reid of Northville, at a ceremony last Friday at the First Presbyterian Church in Portland, Ore. Dr. Paul S. Wright officiated. The bride is the daughter of Mr. and Mrs. M. E. Watson of Paul, Idaho.

Given in marriage by her brother, Fred B. Watson, of Seattle, Wash., the bride wore an ivory slipper satin dress made on train with a finger veil of French illusion. She carried a Bible adorned with a single orchid.

Mrs. Budd M. Kath, the bride's twin sister, was her only attendant. She was attired in a ballerina dress of yellow tulle and net complemented by a floral tiara and carried a nosegay of sweet peas and roses.

Budd M. Kath attended as best man and seating the guests were Paul E. Hayman, Robert O. Hills, Alexander Davidson and James Featherstone.

Following the reception in the church parlors, the newlyweds left for a wedding trip to Victoria, B. C. Upon their return they will make their home in Portland.

Mrs. Vera Small Visits in England

Mrs. Vera Small of Horton St. is enjoying a visit she will long remember.

Mrs. Small left Willow Run Airport Sunday, May 17 to begin the first lap of her trans-Atlantic flight which took her to Birmingham, Kent, England for a visit with her son, A2/C Duane Small and his wife, who make their home near Duane's base.

"With plans not to return until early September, mother-is in for a real tourist's vacation," said her daughter, Mrs. Daniel MacDermid of Horton St. with whom she makes her home.

Oakwood Sub. Social Group Has Banquet

Conclusive proof that neighbors are really friendly people was shown when the ladies of Oakwood Subdivision Social Club turned out for their annual banquet at Black's Whitehouse on Thursday evening, with their husbands as special guests.

The group meets monthly at the home of various members for luncheon sessions, picnics, and various other sociable get-togethers. "It's a wonderful way for neighborhood women and their families to get acquainted and just have fun," said Mrs. Lahr, member of the group.

Couples who attended the banquet affair were Mesdames and Messrs. Stuart H. Robinson, Clyde Ferguson, Emerson Rutan, Russell Knight, James Cowie, Arthur O'Leary, Rodolphe Richard, Lynn Partridge, Joseph Kirkey, John Kyskall and Fred Lahr, Jr.

News from Novi

Mrs. Luther Rix — Phone Northville 245-J

Mr. and Mrs. Henry Swartz, of Bradenton, Fla., were the guests of Mr. and Mrs. Russell Race, Sr., last Thursday and Friday.

George Hines, formerly of 11 Mile road, now living at Largo, Fla., is spending several days in Novi on business and calling on old friends.

Last Friday, Thomas Burkenow of Greenbush was in town on business.

James Lackey of Arkansas is making an extended visit in Michigan at the home of his sister and brother-in-law, Mr. and Mrs. R. E. Ward of West Grand River.

The Novi Chapter of the Blue Star Mothers had a very successful bake sale last Saturday at the Ward Store, with Mrs. Joe Gardella in charge. The chapter cleared around \$45.00. Mrs. Gardella feels most grateful for the splendid co-operation and help of the chapter members.

New pupils enrolled at Nov school during the past week are Teddy Sewells, second grade, and Dorothy Sewells, third grade, Teddy Stevenson, second grade and Walden Stevenson, fourth grade, all from Walled Lake.

The eighth grade graduation exercises will be held Wednesday, May 27, at the Novi Public school auditorium.

Mr. R. L. Griffith, sixth grade teacher, celebrated his birthday last Friday, May 15, when his pupils gave him a surprise party. Five birthday cakes and ice cream was furnished and served by the children and Mr. Griffith was presented with many gifts. Bonnie Bellinger was chairman of the committee and assisted by Joan Keck and Jackie Bailey.

A prenuptial shower honoring Inez Deaton was given by her future wedding attendants, Irene Hunt, Betty Burton and Jane Coggar, last Monday evening, May 11, at the home of Mr. and Mrs. John Klaser, Sr., of Novi Rd. The thirty guests present were from Northville, Plymouth, Walled Lake and Novi. Miss Deaton will become the bride of John Klaser in the Northville Methodist church, Saturday evening, June 6, at an 8.30 o'clock ceremony.

Novi Lodge News

Several members of Novi Rebekah Lodge attended "Visitation" at Milford Lodge Wednesday night of this week, May 20.

Initiation ceremonies will take place at a special meeting of Novi Rebekah Lodge tonight, Thursday, May 21. At this time three candidates will be admitted into membership.

Brother Ray and Sister Flossie Eno were called to Morrice, Mich. last week because of the illness and death of the former's brother, Frank Eno. Funeral service was held in Perry, Mich., at the funeral home there, Saturday afternoon and burial was in the Milford cemetery. Surviving relatives are his mother, Mrs. Patience Eno and brothers Bert Eno of Milford, Ray of Walled Lake, two sons, Earl Eno of Pontiac, Charles, overseas in military service; two daughters, Patience, a nurse in Grace Hospital, Detroit; Doris (Mrs. Don French), at Swartz Creek, and his wife Jessie.

Several members of Novi Rebekah Lodge attended the burial service.

Baseball Practice Set for Saturday

Baseball practice for boys 14 years of age and under will get under way this Saturday, May 23 at 4 p.m. at Ford Field.

All boys interested in joining the summer team under the direction of Douglas Slessor, are urged to attend this practice.

"It is part of this year's program to have several practice games before the regular season gets under way," said Slessor, adding that "no contracts will be signed until after the close of the regular high school baseball season." "Local teams will feel stiffer competition this year with the Inter-City League now including ten communities," he commented.

WHY BLAME JESUS?

Sometimes people say they do not become a Christian because some professing Christian they know has harmed them in some way. How unreasonable such an excuse is. Suppose someone hit me in the face and a block farther I meet another person and I strike him in the face. This man would ask, "Why are you hitting me?" I would reply, "Because someone hit me a few moments ago in the previous block." It would not be right to strike another man because someone struck me. Now why do people insist on taking their vengeance upon Jesus Christ because some professing Christian has offended them. Why blame Jesus for what someone else has done to you? Yet people are turning thumbs down upon Christ, upon Gospel preachers, and upon a vast company of God's Christians simply because someone else has wronged them. Friend, do not judge Jesus Christ and His church by some Christians you know. God knows that at best we are pretty poor specimens of our Master and the chances are that were you to become a Christian you wouldn't be much better either. But the miracle of grace is that God promises to save the undeserving that will trust in the Lord Jesus Christ. Now get your Bibles and read Romans 5:8-11.

City Incorporation

(Continued from Front Page)

ors may not consider a petition for a vote on city incorporation oftener than once in four years. This, however, was reduced to once in two years, except that it may be oftener if 35% of the property owners in the territory proposed to be annexed sign such petitions.

While it remains for legal authorities to interpret finally, one part of the amendment might simplify the procedure for incorporating a village like Northville, which lies in two counties, and poses several legal points which the courts have not yet ruled upon. This portion reads as follows:

"... whenever it is proposed to incorporate an incorporated village as a city without change of boundaries, the initiatory petition herein provided for shall be addressed to the village council or other legislative body of such village, and shall be filed with the village clerk at least 30 days before final action is taken thereupon and in such case all acts and duties provided in this act to be performed by the board of supervisors shall be performed by the common council of such village and all acts and duties provided in this act to be performed by the clerk of the board of supervisors shall be performed by the village clerk..."

Language of Amendment

The entire amendment reads as follows:

"Section 8 of Act No. 279 of the Public Acts of 1909, being section 117.8 of the Compiled Laws of 1948, is hereby amended to read as follows:

"Sec. 8.—Said petition (for an election) shall be addressed to the board of supervisors of the county in which the territory to be affected by such proposed incorporation, consolidation or change of boundaries is located, and shall be filed with the clerk of said board not less than 30 days before the convening of such board in regular session, or in any special session called for the purpose of considering said petition, and if, before final action thereon, it shall appear to said board or a majority thereof that said petition or the signing thereof does not conform to this act, or contains incorrect statements, no further proceedings pursuant to said petition shall be had, but if it shall appear that said petition conforms in all respects to the provisions of this act, and that the statements contained therein are true, said board of supervisors shall, by resolution, provide that the question of making the proposed incorporation, consolidation or change of boundaries shall be submitted to the qualified electors of the district to be affected at the next general election, occurring in not less than 40 days after the adoption of such resolution, and if no general election is to occur within 90 days, said resolution may fix a date preceding said general election for a special election on such question:

Provided, however, that whenever it is proposed to incorporate an incorporated village as a city without change of boundaries, the initiatory petition herein provided for shall be addressed to the village council or other legislative body of such village and shall be filed with the village clerk at least 30 days before final action is taken thereupon and in such case all acts and duties provided in this act to be performed by the board of supervisors shall be performed by the common council of such village and all acts and duties provided in this act to be performed by the clerk of the board of supervisors shall be performed by the village clerk:

compensation for supervision of construction.

The point was raised that perhaps the Village, after accepting the architect's plans and paying his fee, might find itself unable to erect the building with the \$200,000 that is available for the purpose. In this event, it was pointed out, the village would own two sets of community building plans, the first set having been acquired from an architectural firm which prepared similar plans several years ago. These plans are still carried as a village asset valued at \$5,550 in Northville's audited property and equipment account (Schedule A-4) printed on page 6 of this issue. After purchasing the plans the village commission then in office decided to postpone erection of the community building until it could be paid for with cash on hand.

Action on the contract with Anicka was deferred until the commission can ascertain the normal procedure in payment of architect's fees.

Memorial Sunday Service Is May 29

All veterans of the Northville area are invited to attend services Memorial Sunday, May 24 at the First Presbyterian Church. The Lloyd H. Green Post of the American Legion and Veterans of Foreign Wars Post have cooperated each year in sponsoring the service. Veterans are asked to gather at 10:30 a.m. at the Veterans' Memorial Building before marching in a body to the church.

Above is the building which, since 1921, has housed the milling portion of the Northville Milling and Lumber Co. on Baseline Rd. It will go out of business May 29. See full story on Page 1.

6th Grade Class Visits Willow Run

Northwest Airlines played host Friday, May 15 to Richard Kay's sixth grade class on a visit to Willow Run Airport. Arrangements for the visit were made by Larry Clark's mother, Mrs. Wilson-Clark, whose son-in-law is Kenneth Dario, assistant manager for Northwest Airlines at the airport.

An unexpected highlight of the trip, especially for Sharon Myers, was a chance encounter with "Hop-Along" Cassidy, who was passing through Detroit on a Northwest plane. All the sixth graders were given good luck pieces by "Hop-Along". Sharon got a kiss in the bargain, "Hop-Along" telling her he had not yet had his daily kiss.

The boys and girls were taken on a tour of Willow Run hangar facilities and were shown how a large airline operates. In addition to watching planes land and take-off, they were shown through a Northwest Strato-cruiser and then visited the weather station.

In conclusion, the group was shown movies of the Far East and Alaska. The Willow Run visit was made in a bus driven by Wilson Funk recreation director for the village.

Village Is Told to Improve Its Water Supply

Representatives of the Wayne County Health Department and the Michigan Department of Health met with the Village Commission Monday evening to report on methods for improving both the purity and taste of the Village's water supply.

Their report followed a day's inspection of the sources of the Northville water, the Village's pumping station and reservoir, in company with Dr. V. George Chabot, health commissioner, and Herman Hartner, Jr., superintendent of public works.

Their recommendations included chlorination to remove all traces of the hydrogen sulphide gas which smells like rotten eggs and gives the water an unpleasant taste. Chlorination would also remove the iron bacteria which are to be found in the water. It can be done in such a manner that it cannot be tasted, they said.

Also suggested for immediate attention were new manhole covers to replace those at the reservoir which are rotten and dilapidated.

West Wayne Sewers Called Inadequate

The Michigan Department of Health warned Northville this week of the need for additional sewage treatment facilities for the western portion of Wayne County along the Middle and Upper Rouge River and its tributary branches. It also advised the President and Village Commission that henceforth all requests for permits for sewer construction from the Village must be accompanied by definite assurance that adequate pollution control facilities will be provided by Jan. 1, 1955.

A similar notice has been sent to all other units of government in Wayne County concerned with this specific problem, except Livonia, which is already under order from the Water Resources Commission.

The letter to the Village pointed out that currently, Northville "is or very well can be served either wholly or in part by the Wayne County Sewage Disposal System. Deficiencies in this system have been noted during the past four years or so, and from time to time have been brought to the attention of the Board of Supervisors and the various communities concerned. There seems to be general unanimity of opinion that the proposed Middle Rouge Parkway Interceptor and its connecting branches offers the best means of correction of these deficiencies.

"During this interim period while adequate facilities for the area were being planned and methods of procedure developed, we have approved plans and issued permits for construction of additional sewers with sewage treatment provided by a considerable variety of temporary and improvised methods admittedly substandard in some instances, in the belief that the construction of this interceptor was assured for the near future.

"This construction has not materialized, although currently effort is again being made to bring this about. In view of all the cir-

chinson, Terry Cherne, Mary Ebert, Shirley Ellison, Harold Hartley, Gary Howell, Karen Jones, Gary Morgan, Jon Nicholls, Jack Parker, Edward Proctor, Larry Putnam, Sydney Richard, Sally Stroth, Dollias Williams, Mrs. Black (art teacher), Mrs. Orson Atchinson (room mother), and Margaret DeKett (teacher).

Friday, May 22 — Stephanie Brown, Jim Burnham, Ann Dwyer, David Earl, Mike Eastland, Charles Gross, Joann Hinman, Arnold Hollis, Bill Juday, Curtis Kohs, Sharon Palmer, Lynne Park, Marcia Rodocker, Carole Tabor, Robert Trombley, David Van Hellemont, Mrs. Philip Brown (room mother), and Margaret DeKett (teacher).

cumstances, this Department cannot continue to authorize additional sewer construction where sewage treatment is, or is proposed to be provided by such temporary and improvised methods."

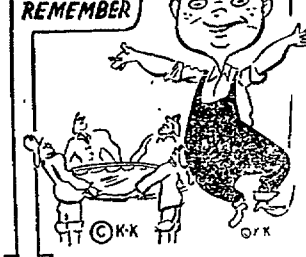

Ball Team to Play at River Rouge

The Northville baseball team will play an Inter-County league game Sunday at River Rouge at 3:30 p.m. on Great Lakes Field. Last Sunday's game at Cass Benton Park was rained out, as were all other league games.

Northville will entertain Plymouth at Cass Benton Park at 3:30 p.m. Sunday, May 30 and play another game there the next day.

chairman of the Taxation Committee. While no attempt is made here to judge either the motives or the wisdom of Sen. Higgins' actions, there can be no doubt that his consistent refusal to consider any bills except those which his committee favors, has confused the taxation picture and aggravated many members in the Legislature — including several important Republicans.

Time will be the best judge of the correctness of the Senator's stand.

Most recent maneuver of Sen. Higgins was an effort to sell a new tax plan to the Legislature. There is no indication that the proposals will garner enough support to become law. It is called a tax on "adjusted receipts" and was hurriedly put together for Legislative consideration. A press conference called to explain the tax measure, found those who tried to interpret it unsure of their facts and admitting that many adjustments would be required before the tax program would be practical and fair.

There are at least two sides to most arguments and this tax situation is no exception. On one hand are those who cry, "politics." They claim that if Higgins would report out the Walter Mill corporate profits bill, it would stand a good chance of becoming law. But the corporate profits tax has been advocated for years by Governor Williams and its passage would be a feather in his political cap. The senator, who is able to stop the bill by virtue of his chairmanship of the Taxation Committee, has not been able to find another tax program popular with the Legislature.

This puts Republicans in the "hotseat" and provides much campaign ammunition for Democrats. They follow the Governor's lead on taxes, "If anyone has a sounder program than a corporation profits tax, let them come up with it." Some GOP Legislators are not happy about this unenviable position, particularly in the House.

Redistribution of present taxes

is the real, long-range aim of Senator Higgins, say his advocates, who refer to the Princeton report on Michigan's tax situation. This report, published after many months of study by tax experts, claims that Michigan's basic problem is the Constitutional earmarking of tax monies. Many legislators agree that this is correct, but most observers also add that the problem of correcting the situation is politically impractical. The plan would require many local governments to raise taxes to a level equitable with the remainder of the state.

Since a referendum is required to change the tax diversion amendment, Senator Higgins is reported as trying to set up a choice for voters. They would choose between repealing tax diversion or continuing a new tax.

For this reason the Senator, considered by many to be among the most conscientious of Legislators, has consistently fought for a tax program that effects many voters and with a termination date in 1955.

But Sen. Higgins has had much advice from automobile corporations in drawing up tax programs. This fact has generated suspicion not only of Legislators who favor a corporation profits tax, but some of his own supporters as well.

If you, the newspaper reader, are confused about the legislative problem of state finances you're not alone.

State Treasurer D. Hale Brake recently pointed out in an article written for "Inside Michigan" that state officials have been guilty of making "apparently conflicting" statements on state finances. Much of the confusion, he points out, arises over interpretation of bookkeeping figures. When a state official says publicly that the treasury has \$38,000,000 in the general fund and hence no emergency exists, he really means to say that "there was \$38,000,000 in the general fund that day, but of that, \$28,112,529 was restricted and not available for general use."

Treasurer Brake pointed out that the state was \$65,000,000 in the red last June 30 (1952) and that this figure was arrived at by "balancing our general fund commitments against our liquid assets in the general fund."

He added: "This will be regarded as rank heresy by financiers, but as a practical matter, a manageable deficit in a government is not too bad. It promotes economy, discourages waste. A surplus, on the other hand, is dangerous in that it promotes spending and makes economy extremely difficult."

In repeating this observation, which we made several weeks ago, we believe it only fair to emphasize that the state treasurer is a responsible public official and that the views so given as his own and should be evaluated accordingly. It has always been the policy of the "Michigan Mirror" to report Lansing trends as they exist and to let the readers be the judge.

- OF RACING -

The citizens of this community have been reading for the past three weeks, in the Detroit papers, about a so-called labor dispute in the racing industry of Michigan.

Because NORTHVILLE DOWNS and M.R.A. are located in this area and a third group, WOLVERINE HARNESS RACEWAY, conducts a fall trotting meet at M.R.A. this could affect us locally.

Approximately 200 residents of this area have established job rights, seniority and the right to return to this employment each season through orderly collective bargaining with the various tracks since 1949. From sixteen hundred to three thousand dollars in yearly earnings would be denied them in favor of outsiders.

Some of you may have surmised that perhaps union politics is involved in this so-called dispute. The answer to this is YES. First, since October, 1952, the Teamsters union through Juke-Box Drivers Local 985 have waged a campaign to attempt the transfer of our members from Building Service Employees' Union to the Teamsters' union. In this attempt but little progress was made. But a furtherance of this conspiracy is brought to light when we learn that a certain WILLIAM L. McFETRIDGE, General President of the Building Service Employees' International Union met with DAVE BECK, President of the Teamsters' International Union, attended by JAMES HOFFA of Detroit Teamsters' Council No. 43 and others in Miami, Florida, in a deal which would in effect complete the transfer of these race track employees to the domination of the Teamsters' union of Detroit.

To accomplish this it became necessary for McFETRIDGE to make an attempt to remove the officers and board members of the local Building Service Employees' Union, including RAY CARROLL, who was the principal organizer of Building Service workers in Michigan and the International's representative for over 25 years. A series of false, trumped up charges and unmitigated lies had to be then channeled through the newspaper headlines as a grounds for McFETRIDGE's actions. An attempt was made through headlines to have the public and our members believe that the basis of this dispute was a series of charges including one of mis-handling some \$40,000 of union funds. The falsity of this unscrupulous trick is readily exposed when the question is asked: "If such a charge were true, why would one rush to the newspaper headlines instead of to the Courts?" The truth is that for the 16 years of our existence in Michigan our books have been audited semi-annually by a certified public accountant. We have held regular monthly meetings. We have promptly paid our obligations and per capita taxes and our records have always been available to our members and to the International. The records incidentally will show that CARROLL was absent from one meeting and late for another in 16 years.

This is an attempt to make RAY CARROLL the pawn in this conspiracy because of his opposition since 1945 to a plan to set up a fat pension for International officers who were drawing salaries of \$15,000.00 to \$20,000.00 per year plus expense accounts of even greater amounts. He took this position because he did not then, and does not now, think it conscionable to provide pensions for the International Hierarchy when the rank and file members are not even covered by a hundred dollar death benefit by the International.

More Important By Far Is What Does This Mean To Our Union and Its Members?

This means an attack upon our job rights as Race Track employees. Because of its anti-social nature it constitutes an attack upon the very integrity of the American Labor Movement.

Ray Carroll, President

BUILDING SERVICE EMPLOYEES' UNION

OF

DETROIT and MICHIGAN

INDEPENDENT

310 Donovan Building

WOOdward

3-4451
3-4452
3-4453

Our Union takes the fundamental position that once an EMPLOYEE starts on a job and earns seniority he or she is entitled to continued employment each season at that particular track provided his or her services were satisfactory. This is desirable because it keeps the labor pool experienced and more constant, reduces turnover, and prevents racketeering by the selling of jobs each season under the guise of new members paying new initiation fees. Our Union will fight through every court in the land any attempt to hand us over as second class members to any organization. We will vigorously resist all attempts to deny us the right to choose our own Union and our own representatives. In this we feel the race track managements should stand with us.

Some 200 residents of this community have a vested interest of their own making in the job rights, seniority, wage scales, hospitalization and death benefits established by virtue of their membership in our Union and they do not intend to surrender them to any outside disruptionists. Many of these workers can remember the iniquitous past wages and working conditions in Michigan's racing industry before joining our Union.

Since our Union took jurisdiction of Race Track employees in 1949, we have:

1. Negotiated wage INCREASES (not take home pay) of \$51.00 per week per person.
2. Our members have won group life insurance benefits of \$2500.00 with \$5000.00 payable in case of accidental death.
3. Our hospitalization plan provides for \$12.00 per day for 31 days and a surgical schedule up to \$200.00 with \$120.00 for incidental expenses.
4. Through lengthy legal procedure we have provided unemployment compensation status for members who are not readily employed at the end of the racing season.

In the face of these facts how could anyone make the pretense or charge that we are guilty of bad administration of our Union affairs?

Our ranks have not been divided by these raids by outside disruptionists. We will continue to adhere to trade union principles. We will demand to keep our right to belong to a Union of our own choosing and to bargain through representatives of our own choice.

Our EMPLOYERS have the choice to make of doing business on a legitimate basis with a bona fide collective bargaining agent chosen by their employees, or living under the shadow of a PROTECTION RACKET. Should they fail to exercise the proper judgment promptly they may well realize too late that the future of racing in Michigan is suspended on a thin legislative life line.

Our members have established recognition and respect in and through our Union and we intend to continue that way. We have learned that modest Union dues of \$32.00 per year are a more sound and legitimate business proposition than assessments and contributions to keep one's job.

We feel that a good unionist is also a good citizen. We take pride in the fact that our members are a vital part of the respectable element of this community. They are property owners concerned with good wages and good working conditions and also concerned that the labor relations of the racing industry are properly handled upon a legitimate basis. This community is aware that bad labor relations can do to the RACING INDUSTRY OF MICHIGAN what the LABOR PROTECTION RACKET has done to the NEW YORK DOCKS.

Our Union has in the past shouldered its share of responsibility by living under the orderly, legal processes of collective bargaining. We will accept no lesser standard for the future.

SALEM UNION SCHOOL NEWS

Primary Room

Thursday, May 14, the fifth and sixth grade and the lower room pupils went for a hike and picked spring flowers.

Nancy Alter visited her aunt in Detroit May 14.

There were several birthdays in the lower room last week. Vern Baggett was 11 years old May 16 and Johnny Young was seven years old May 15.

Ruthie Birkelbaw visited at the school Wednesday morning. Little Bobby Alexander also visited school last week.

Sharon Tanner made a lovely surprise birthday cake for Mrs. Fairherbe, who was also happy when all the children sang to her. Wesley Wilson has three new baby rabbits.

Upper Room News

The seventh and eighth grades' conservation classes enjoyed a guided hike through a Kensington Park nature trail last Thursday, May 14. Charles Damm, a

naturalist from the Huron-Clinton Metropolitan Authority, met the pupils and their teacher, Mrs. Devine, at 9:30 a.m. After an educational two-hour hike, the children had lunch. By 1:30 p.m. they had safely returned to the school with many plant collections. We wish to thank Stuart Stoll for donating his truck and time for transportation for the trip.

On Friday night of this week the fifth and sixth grades will be entertained in Ann Arbor by their teacher, Mrs. Ruth Devine.

FARM BUREAU AND EXTENSION CLUB NEWS

The Salem Farm Bureau will meet today, Thursday, at the home of Mr. and Mrs. Mark Green at 8:30 p.m. The topic for discussion is "Improving Marketing Quality of Farm Crops". The Washtenaw County Home Extension Club reunion was held Monday, May 18 at Pittsfield Grange.

OUR BOYS IN SERVICE

Pvt. J. B. Mullins of Salem,

MICHIGAN TROUT FISHING IMPROVES

Try to tell an "old-timer" in Michigan that trout fishing is better today than it was 20 years ago and he'll probably tell you to stop kidding. He was fishing Michigan streams twenty years ago. Limit catches came fast day after day, any day in the season. "Today," he'll tearfully tell you, "I'm lucky if I get my ten trout limit one day out of every five fish!" So by his standards trout fishing is "way off."

But it's all in the point of view.

Creel Census Proof

The truth is this: There are more fish taken from our streams today than there were 20 years ago, but the increased quantity must be spread among many times more fishermen! So the individual may not seem to profit by the numerical increase. Nevertheless, the thousands of additional trout anglers are sufficiently well satisfied with their catch to come back time after time. And reports from Conservation Officers who check creels along Michigan streams definitely confirm the increase in the total annual catch of trout.

Effect of Planting

While the planting of more than one million legal-sized trout each year undoubtedly makes good copy for tourist resort folders, its actual effect on year-round trout fishing success in Michigan is a subject that

can be argued inconclusively for days at a time. Maybe three hundred thousand of the hatchery-raised fish are caught while the remainder mysteriously disappear. Even so, 300,000 trout is too small a fraction of the total catch to justify the high cost of the planting, according to a large group of sportsmen.

Others argue that the biggest turnout of trout fishermen takes place on the opening week-end night after a heavy planting of fish has taken place. The newly planted fish are easily caught. Everybody goes home happy, and Michigan trout fishing gets off to a wonderful start. It's a kind of psychological victory even when you recognize the green-lured species as fugitives fresh from the local hatchery.

1953 Off to Good Start

First reports of trout catches this year reflect one of "two things": Either this year's crop of anglers is a lot more skilled, or the brooks, bays and rainbows are not as wary as they were a few years ago. This writer finds more large fish being taken in early season efforts than in many a year—and many of these tackle-busters rise to a fly in broad daylight whereas one might expect to find them feeding only at night.

If current indications are any index Michigan trout fishing in June should be outstanding on the record books—and here's hoping you get your share!

High School Choral Groups Set Concert Date for May 26

The Northville High School choir and glee club groups accompanied by Marlene Weiss at the piano will present a choir concert Tuesday, May 26 at 8 p.m. in the high school gymnasium.

Outlining the evening's program, director of music Leslie G. Lee stated that the choir will sing Bach's "Now Let Every Tongue Adore Thee," "Hear My Prayer, O God," by Arcadelt, and "All in the April Evening" by Robertson.

Highlighting the choir's selections are three early American folk songs: "Sour Wood Mountain," "Tom Bigbee River" and the lively "Blue Tail Fly," with the stirring Negro Spirituals: "Dark Water," "Balm in Gilead" and "Babylon Is Falling," adding a colorful note.

The Girls' Glee club has chosen to sing, "The Lord is My Shepherd," by Schubert; "A Spirit Flower," by Campbell—Tipton and Brahms' familiar "Lullaby," "Song of the Jolly Roger" by Candlish; "Kentucky Babe," by Gubel, and an old college song, "Alma Mater" are among the Boys' Glee club presentations.

Greenfield Village Welcomes Visitors to "Country Fair"

More than 50 school groups from all over Detroit and lower Michigan have been scheduled for the third annual Country Fair of Yesteryear at Greenfield Village.

Many events for visitor participation have been planned for the Fair which will be held tomorrow and Saturday, May 22 and 23. On the "Midway" will be featured various contests of skill, including archery, darts, baseball and basketball throwing, and pop-gun target shooting. On the athletic field behind the Village green, there will be wheelbarrow, sack and three-legged races, typical of the contests popular around the turn of the century.

The opening of the Fair, scheduled for 12:30 p.m. Friday and Saturday, will be heralded by a parade of 40 vehicles, from a 1750 wagon to a 1928 automobile, and including high-wheeled bicycles, doll carriages, and horse-and-buggies.

A hobby show will feature the leisure-time crafts of metropolitan Detroit school students. Prizes will be awarded.

An early American craft display will include demonstrations of the ancient arts of glass blowing, weaving and pottery. 4-H Club members from the Detroit area will show their prize livestock, and the mysteries of how to milk a cow will be demonstrated for city dwellers.

Four high school bands will march in the parade and compete for honors during the Fair. Greenfield Village school children, dressed in costumes of the Victorian era, will decorate the traditional May Pole and dance the early American Quadrille, Schottische and Virginia Reel.

Grand finale of the three hour show will be "The Showboat," a musical play based on the songs of Stephen Foster. Presented by the International Players Group of Detroit, the play will have the little paddlewheel steamer, "Suwanee" as a backdrop.

Applications Taken for Southeastern Michigan's Second Annual Paddle Push

Southeastern Michigan's second Annual Paddle Push, an eight mile canoe race down the Huron River from Milford and across Kent Lake in Kensington Metropolitan Park is slated for Sunday, June 7, starting at 2 p.m.

Prizes will be given in nine classifications for men and women of varying ages and skill.

The event is sponsored by the Detroit Council of American Hostels in cooperation with the Huron-Clinton Metropolitan Authority and the Milford Chamber of Commerce. Entry blanks, giving rules and showing a map of the course will be mailed on request from the Youth Hostels office, 11 West Warren, Detroit 1, telephone TE 1-0360. Deadline for receipt of applications is Monday, June 1. General chairman of the Paddle Push is Jim Christianson, well known sportsman.

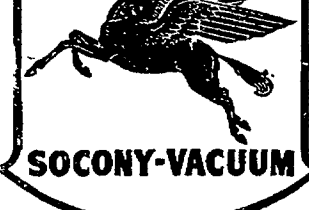

A water show at 1 p.m. near the starting line at Milford bridge

will include a canoe tilting match, girls' aquatic ballet, fly casting contest and swimming clowns. Object of the race is to call attention to the easy and beautiful

canoeing water in this area. Four maps of various sections of the Huron River are available to canoeists free of charge at the office of the Huron-Clinton Metropolitan Authority, 1750 Guardian Building, and at the Youth Hostels office.

First....

with more great

new features than

all other makes

of cars combined

First 4-Wheel Hydraulic Brakes...
 revolutionized stopping safety, later adopted by all cars. POWER BRAKES—since 1932, still not available on many makes.

First High-Compression Engine...
 pioneered for greater drive efficiency. First V-8 with Hemispherical Combustion Chambers—stands alone today in drive power per horsepower.

First Power Steering...
 introduced new, safer car control that removed the work and strain of driving, still unequaled by imitators.

First Waterproof Ignition...
 gives owners of Chrysler-type cars a tremendous "wet weather" starting and anti-stalling advantage!

First Safety-Rim Wheels...
 a new way to keep punctured tires from slipping off the rim: enjoyed only by owners of Chrysler-type cars!

First Fluid Drive...
 changed America's driving overnight with a revolutionary way to transmit power from engine to rear wheels more smoothly!

First....

again today with the 4

most remarkable

developments of

modern times...

Firepower V-8... revolutionized new-type engine, practical 'til now only in European sports cars and aircraft where cost is no factor. Delivers more "drive" to rear wheels from every drop of gasoline!

Safer, easier driving control... with the first Full-time Power Steering in any passenger car that does all the hard turning and parking work for you—absorbing all "wheel fight" over the rough going, too!

More power for safer, faster stops... big Chrysler Power Brakes (standard equipment) multiply your lightest toe pressure into instantly effective stopping action. New Cycle-bond linings last far longer!

America's smoothest ride... with new double-strength shock absorbers. See your dealer for a thrilling Chrysler "Power Ride" in the car that gives you far more for your money today than any other!

Miceli-Saxton Bout Slated for May 27

Joe Miceli will pit his explosive punching power against Johnny Saxton's speed and finesse when these two outstanding welterweight contenders collide in the headline IBC attraction at the Olympia Wednesday, May 27.

Nick London of the IBC has lined up a strong supporting card, to give patrons the most punch-packed show of the season.

For both Miceli and Saxton this is the BIG one. The winner will have solid basis for demanding a match with Kid Gavilan for the 147 pound title in the near future. At the moment, Miceli is rated No. 4 among the welterweight contenders and Saxton No. 5.

Miceli, a rugged ex-GI with a devastating wallop, will be out to stop Saxton. In addition to a damaging right-hand punch, Miceli can hurt a foe with his stinging left hook. But his best weapon is his unorthodox left-hand uppercut, a thrust that is as deadly as it is unexpected.

Miceli is the only top-flight fighter today who fires such a punch, but the success he has had with it suggests that maybe the other headliners are overlooking a good bet.

A natural left hander, Miceli was switched to an orthodox stance when he started his pro career in 1948. As a consequence, the right-hand style is second nature to him today but he still retains the dynamite in his left.

Saxton, unbeaten in 40 pro fights, is indexed by many experts

as the probable successor to Gavilan. Only 22 years old, Saxton is already a talented veteran.

"How good is Saxton? I just can't tell you," says Jimmy Wilson, his canny manager. "He's met some great fighters. He was taking on fellows like Miceli, Charley Salas and Aldo Minelli before he had had 15 pro bouts. And yet he's never met anyone who could extend him. He's good, but we won't know how good until he meets someone who can make him go all out."

"But we aren't underestimating Miceli. Joe has come a long way since Saxton beat him three years ago. I think Saxton can whip him again, but it won't be easy. A fellow like Miceli always gives you trouble. He's a fighter."

Wilson discounted Saxton's draw with Wallace (Bud) Smith earlier this winter. It was the only bout Saxton didn't win impressively.

"Johnny underestimated Smith," says Wilson. "He thought all he had to do was climb into the ring and he had another win. Smith surprised him, dropping him twice for eight counts. But I was proud of the way Saxton stormed back to earn a draw. By the latter part of the fight, he was in complete demand. If he meets Smith again, he'll win easy."

Tickets are now on sale at the Olympia box-office.

Park Areas Offer Added Features for Vacationers

Many improvements in Huron-Clinton Metropolitan Authority parks will make them more enjoyable than ever for summer visitors. Bathhouses will open at Kensington Park and St. Clair Metropolitan Beach for Decoration Day week-end, though other facilities are already in operation and receiving heavy week-end use.

At Kensington Metropolitan Park, a new Beach House incorporating bathhouse, food bar and other features is nearing completion on Martindale Beach and will be open at least in part by Decoration Day.

Enlarged since last year and now near 4,500 acres, the park has been remapped. Copies of the new map, giving information on various recreation features, are available free at park headquarters and the Huron-Clinton Detroit office. Names of the two overnight lodges have been changed, the former Walker Lodge is now Arrowhead Lodge, and the former Lane Lodge is Orchard Lodge, and new entrances and other roads are shown. Three labelled nature trails are indicated in the Beach Lake area.

Two staff naturalists are engaged in conducting nature hikes and giving illustrated lectures without charge for groups who apply a week in advance of the desired date at the Detroit office, 1750 Guardian Building, Detroit 26. Among the most popular trips are three trails at Kensington Park and the new Paw Paw Trail along the Huron River at Lower Huron Park near Belleville.

Red bud groves, as colorful as Washington's cherry blossoms are at their height of bloom in Lower Huron Park. Kensington's dogwood should be at its height next week.

NOTICE

We wish to advise our customers and the public of our intent to discontinue the operation of our custom grinding and feed department.

Jay Goodale, who has faithfully operated the mill for us for 48 years, has elected to leave as of June 1st. Because of this and due to the decrease of farming in the area, with the consequent lessening of demand for feeding materials, it seems the logical time to close that portion of our business. The space made available will give additional storage and enable us to carry a larger inventory of building materials. We appreciate the business given us, and regret any inconvenience in finding a new source of supply our decision may cause.

Our mill and feed department will no longer be open for business after Friday, May 29th.

News from West Point Park

Miss L. A. Ault

Don Sheets and two of his grandchildren from near Ft. Wayne, Ind., were last weekend guests of Mr. Sheets' sisters, Mrs. Homer Coolman and Mrs. Russell Ault and their families, on Shady-side Ave.

Mrs. William Spencer and children, from Wayne, were Mothers' Day guests of the former's parents, Mr. and Mrs. Gordon Vance, on Mayfield.

Mrs. George W. Sandau was a visitor in Ionia, Saturday.

Mrs. James Maynard, who for several weeks, had been a patient at Maybury Sanatorium,

Northville, was discharged last Sunday and for the last several days has been with her mother Mrs. Herman Schult, on Shady-side.

Mr. and Mrs. Robert Hunter and their daughter, Mary Margaret, from Detroit, were last Saturday guests of Mr. Hunter's mother, Mrs. M. E. Ault, on Mayfield Ave.

Mr. and Mrs. Ralph McCubbins, from Detroit, called on Mrs. Walter Rehahn, Mayfield Ave., last Sunday afternoon.

Mrs. Herman Schult and her son, Fred, of Shady-side Ave., were visitors in Ann Arbor last Monday.

Mr. and Mrs. George Ring, from Detroit, visited the latter's parents, Mr. and Mrs. John Varhol, Shady-side Ave., Sunday.

Marine Kenneth Houtz, from North Carolina, arrived last Saturday night for a fifteen day visit with his parents, Mr. and Mrs. George Houtz, on Farmington Rd. Mr. and Mrs. Loren Read, from South Lyon, were Mothers' Day evening guests of Mr. and Mrs. Austin Ault, on Brentwood.

While working with a saw near his home on Hubbard Ave., last Saturday evening, George W. Sandau accidentally suffered a bad gash in his right arm. He spent a day in Sessions Hospital, Northville, but now seems to be getting along nicely.

Eleven year old Leslie Grundy, eldest son of Mr. and Mrs. Leslie Grundy, Hubbard Ave., returned home Sunday morning from a four-day excursion trip to Washington, D. C. Leslie was one of 138 school Safety Patrol boys of Michigan and the only one in Livonia selected to participate in the trip. At the Capitol the boys

were all royally entertained at the Willard Hotel and under proper supervision, visited Mt. Vernon, the grave of the Unknown Soldier and many other places of historic interest. Saturday morning a huge parade of 128,000 Safety Patrol boys, representing every state in the union, formed a huge parade. The boys traveled to Washington by train. Three large buses transported them about the city. A capable adult was in charge of each twenty boys.

Mrs. Albert Owen, Mrs. M. E. Ault and Miss Freda Ault, all were in Detroit Tuesday morning attending a flood show in the beautiful 'Latin Quarters.' Top point Stanley hostesses were special guests at this affair.

Mr. and Mrs. George Throne, from Ypsilanti, were last Saturday evening guests of the latter's parents, Mr. and Mrs. Austin Ault on Brentwood.

"Mothers" was the topic at the last meeting of the Sunshine Sisters, held in the Neighborhood church Wednesday afternoon. A fine group was in attendance and all took part in the lively discussion. A number of interesting reports were made. Mrs. V. C. Reddy brought in hot, home made cinnamon rolls to be served with the tea customary during the social hour. The next Sunshine meeting will be held in the church on Wednesday afternoon, May 27, at 2 p.m. "Memorial Day" will be the topic.

Mrs. Harry S. Wolfe, of Shady-side, tendered a miscellaneous bridal shower Wednesday evening to Miss Frances Bonar, whose marriage to Mr. James Smith is to be an event of late May. Mrs. Ralph Voorheis assisted Mrs. Wolfe. About twenty-five guests were present. The Wolfe home was tastefully arranged for the occasion. Many handsome gifts were presented the honored lady. Refreshments were a delightful climax.

"Stanley Party" fashion, Mrs. Louis Graham, Mayfield Ave., entertained a dozen of her women friends and neighbors Thursday afternoon. A desert luncheon was the feature. Tables were decorated with spring flowers. During the games following the lunch Freda Ault won one prize and Mrs. Stanley Chavey, Mrs. Robert Diehle and Mrs. Graham were awarded prizes. Miss Lora Ault drew the door prize.

Mrs. Touchstone, from Alabama, is the house guest of her niece, Mrs. George W. Sandau and family, on Hubbard.

A Shady-side Ave. woman working in her garden plot, narrowly escaped being shot thru the head by a flying bullet Tuesday afternoon. Police were called to investigate. It seems many teen agers are illegally or otherwise in possession of firearms. At random, apparently, so much shooting is being done in the vicinity, that residents are becoming alarmed and insist that officials take steps to bring an end to such a situation.

Mrs. Loren Read, from South Lyon, was in Wednesday evening to attend the bridal shower honoring Miss Frances Bonar.

Honoring their grandson, Richard Cooke, who was four years old May 13, Mr. and Mrs. Russell Ault, of Shady-side Ave., gave a dinner party Thursday evening.

Mrs. Kenoffa, from Detroit, was the guest of her daughter, Mrs. Kenneth Skow and family, Mayfield Ave., Tuesday and Wednesday of this week.

Mr. and Mrs. Marvin Addis quietly married on Saturday evening, May 7, are enjoying a wedding trip to Washington, D. C. On their return they will occupy the bride's home in Pontiac. It is understood that Mr. Addis' youngest daughter, Mrs. Ralph Block, and her family, who now reside on Laurel Ave., will shortly be occupying the Addis property on Norfolk.

From a hospital in Japan, Marine Howard Middlewood, Jr., called Mothers' Day greetings to his mother, Mrs. Howard Middlewood, of Farmington Rd. The

young man's wounds still give concern, but he is no longer on the critical list and is now expected back in the states soon.

Dail Graham, of the U. S. Air Force, called from Denver to extend Mothers' Day greetings to his mother, Mrs. Louis Graham.

Mrs. Dwight Attabury, who had been a guest of her parents, Mr. and Mrs. Purser, of Farmington Rd., left this week for her home near Phoenix, Ariz.

Soldier Alfred Schult's Mother's Day letter to his mother Mrs. Herman Schult, of Shady-side Ave., came from Japan and was most interesting. A lovely silk scarf accompanied it.

A special Mothers' Day service held by the Neighborhood Sunday School was quite unusual. One feature was the making up of a list of mothers of the Neighborhood church area. Over eighty were counted. Special prayers were said for mothers everywhere.

Mrs. Henry McMillin, from Mark Twain Ave., Detroit, was the Tuesday evening guest of her mother, Mrs. Ira Wagner, on Shady-side Ave.

Because of the Rotary Carnival the public schools were all dismissed early Friday afternoon.

Miss Ellen Lewis, of Hubbard Ave., is suffering with a broken finger sustained when she accidentally caught her hand within a closing door while at school on Wednesday.

Mrs. Walter Rehahn, Mayfield Ave., was a visitor in Wayne Friday morning.

Cecil Willet, Mayfield Ave., was reported on the sick list part of this week.

Bobby, son of Mr. and Mrs. Kenneth Allen, Parker Ave., has now returned home from the hospital and is convalescing satisfactorily from his recent illness.

The Norman Judd family, from Grosse Pointe, are guests of Mrs. E. W. Stange this weekend.

Bobby, son of Mr. and Mrs. Bob Dickinson, Parker Ave., is convalescing from an attack of scarlatina.

Bright girl — Bright future

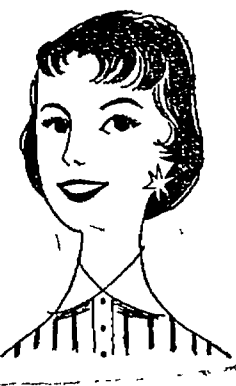

"Isn't Sue pretty? And bright, too. Got a telephone job all lined up when she graduates."

"...so why don't you think about a telephone job, Joan—quite a few girls from school will be working there!"

"Guess what, Sue, I'm going to be a telephone operator, too. You were right, I didn't need experience to get the job—and I'll be paid while I learn. It's a good salary with regular raises."

"Bright young girls like telephone work. It's challenging work—among friendly people and in cheerful surroundings. You might enjoy it—find out more about it soon."

Is Your Water System TOO SMALL... TOO WEAK for Today's Needs?

BARN **POULTRY HOUSE** **MILK HOUSE** **LAUNDRY** **BATHROOM** **KITCHEN** **LAWN AND GARDEN**

Many a water system in operation today is like a small boy trying to do a grown man's work. It was probably just right when the owner installed it. But now, because running water offers so many benefits, the system may be given more jobs than it was made to handle.

During May, check up on your system's capacity and pressure. If you want suggestions for increasing them, your Edison Farm Service Advisor will be happy to oblige. Just phone, write or visit any Edison office. No obligation.
