## May Start Seven-Mile Cut-Off This Year

### for the Record

by G. H. C.

When the Northville Township Board told the Village Commission this week that it has worked out a plan with the Wayne County Road Commission for construction of the Seven Mile Road cut-off, which will benefit the Village far more than the Township, and suggested methods by which the Village might finance its share of the cost, we were reminded of the old adage about being so close to the woods you can't see the trees because of the underbrush. It is the Village Commission which we believe is so beset with petty detail and inconsequential matters that it is unable to concentrate on the broader and more important aspects of making Northville a better place in which to live.

While it may appear a bit unkind to question why it was the Township Board, rather than the Village Commission, which has taken the initiative in working out the cut-off, there is no sense in looking a gift-horse in the mouth. The Township Board has moved to make possible a badly needed community improvement. Instead of pointing out that the recent effort to incorporate portions of the township into a city may have "softened" the Township Board into paying a greater proportion of the cut-off's cost, as some in the Village have opined, let's give the Township credit for a mighty constructive action that will make life in the Village much more attractive when the gravel trucks no longer use Main St. as a thoroughfare.

Sid Frid asked the Village Commission this week why a permit was issued for construction of a model Gunnison prefabricated house in Northville. It does not contain the 6-inch rafters and joists specified in the Village building code, he said.

If the Village building code is interpreted literally, and if the Gunnison house does not comply, Mr. Frid may logically inquire why the building permit was issued. The answer, we believe, isn't as simple as "might be inferred" from Mr. Frid's statement that the Gunnison house lacks 6-inch rafters and 6-inch joists called for by our building code.

The Gunnison house is a product of the United States Steel Corp., which is not a fly-by-night company that lends its name to products that will not stand up over the years. It is the Steel Corporation's answer to the crying need throughout the United States for low-cost residential housing. Different materials are used in its construction than are used in conventional houses. Also, the methods used in fabricating these materials are different. Many housing experts say they are superior. The Gunnison company claims that its houses actually surpass the stress and strength qualifications governing the construction of old-style houses.

Add to these considerations the fact that the Gunnison prefabricated house is approved for construction in Detroit, Grand Rapids, Kalamazoo, Battle Creek, Lansing, Ann Arbor and Livonia, and that it conforms to the National Building Code and perhaps there may be reason for investigation of our own building code to see if it is abreast of the times.

We are reminded of the squabble between the painters union and building contractors in Detroit over use of a roller to apply paint instead of a brush. The union is holding out for the old, time-consuming method that adds many dollars to the cost of a paint job. The contractors, quite naturally, want the union to permit its members to use a roller so costs may be held down.

Perhaps Mr. Frid has done the Gunnison people a favor by calling attention to our local building code. Perhaps the Village Commission will deem the matter of sufficient importance to warrant a study of the code to see (Continued on Page 7)

### Schools May Buy 10-Acre Site

The possibility of buying acreage for an elementary school site near Oakwood subdivision became brighter this week when Nelson C. Schrader reported Monday night to the school board the results of a meeting with the Manning & Locklin Gravel Co.

Schrader said the company would consider selling ten acres of its 54-acre tract northwest of the Base Line-Center St. intersection, for about \$1500 per acre. Schrader was instructed to meet again with Manning & Locklin representatives to settle on a price for the acreage and to report the price to the board for its consideration. The building and site fund presently amounts to about \$9,000, according to School Superintendent Russell Amerman.

The school board has conducted a search for suitable school sites since April, 1952, to care for the growth of the school district, and to relieve overcrowding in the grade school.

The two most advantageous sites, in the opinion of a state school official, are the Manning & Locklin location, because of the concentration of grade school children already in the area, and an 18-acre site at Bradner and Six Mile roads.

### Wee Hours' Stroll Worth \$10 a Mile

Most people in the Novi-Walled Lake area didn't see the parade July 4, partly because it wasn't publicized, but mainly because it occurred at 4 a.m.

Principals in the "parade" were Douglas LaPine and Royal Lamontage, both of Walled Lake, along with a couple of cars and several friends.

LaPine was pushing Lamontage in a wheelbarrow, well padded with pillows, from Joe's Tavern on South Lake Dr. to Grand River along Novi Rd., a distance of five miles.

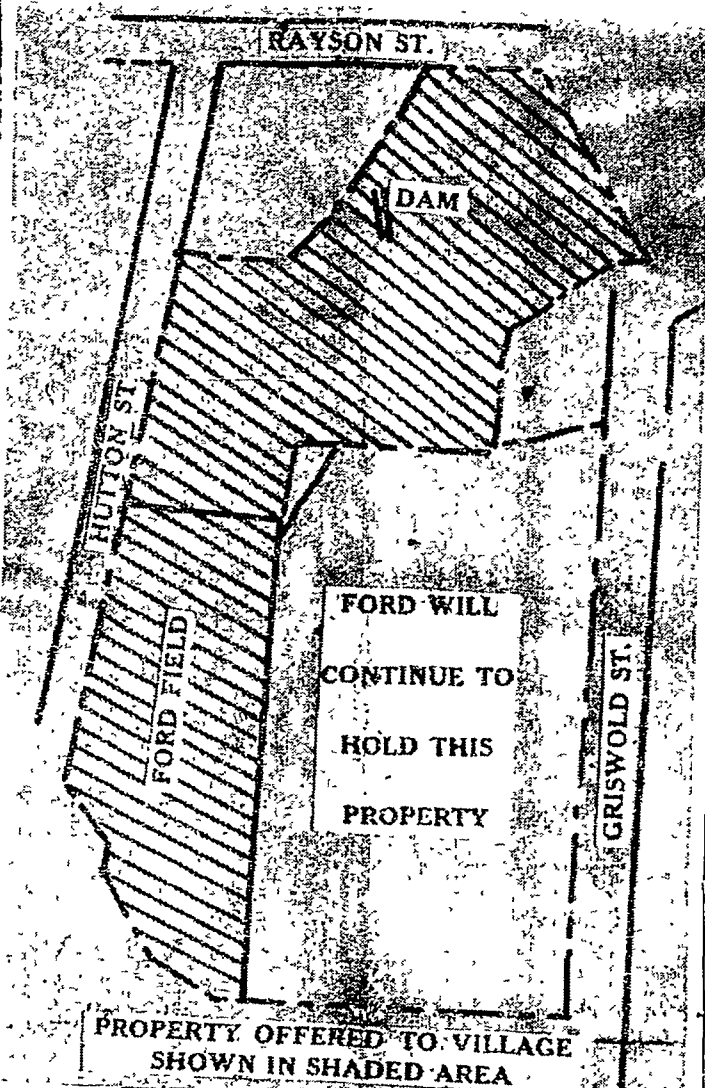

Lamontage was thoughtful, however. He lighted the way with a flashlight so LaPine wouldn't push the "barrow" into chuck holes. The way was further lighted by windows and open doors of homeowners who got up to investigate the strange procession.

If you haven't guessed, the ride was the result of a bet—a bowling bet.

The two men were on the same team, sponsored by Joe's Tavern, in a Walled Lake league. LaPine was convinced the team would end the season in first place. He was so convinced he bet Lamontage \$50 or the wheelbarrow ride on the outcome. The team finished second.

The bet was paid off in the wee hours, with an escorting auto in front and one behind, to minimize the danger of being hit in heavy Independence Day traffic.

### Village May Buy Ford Field Community Bldg. Delay Now Ending

Northville may be able to acquire ownership of the Ford Athletic Field and a considerable additional plot of ground adjoining it on the north. Both pieces of land are owned by the Ford Motor Company, which has asked the Village Commission if it is interested in owning the land.

No estimate of the price to the Village has been made, but Commissioner A. Malcolm Allen is hopeful that the Ford Company will make its acquisition possible at a nominal cost. Upon instructions of the Village Commission, Allen was to meet with Ford Motor Co. officials in Ypsilanti Wednesday afternoon after this issue of the Record had gone to press to discuss terms under which the land can be acquired.

The shaded area of accompanying map shows the location of the property under discussion.

### Northville Phone Users May Get Free Calls to Livonia Exchange

The Northville Village Commission adopted a resolution this week asking the Michigan Bell Telephone Co. to change its rate structure so Northville telephone subscribers can call Livonia numbers without cost.

Dean Sipson, manager of the Northville and Plymouth exchange, told the Commission that Michigan Bell is willing to inaugurate such additional extended area service. Upon receipt of a formal request by the Village Commission for such service the company will petition the State Public Service Commission for permission to include Livonia in the Northville extended area grouping, he said.

Year To Install Equipment Sipson stated that the phone

### Model Plane Club To Compete July 12

The Northville Aeronauts Model Airplane Club will hold a meet at Newburg and E. Seven Mile Rd. at 2 p.m. Sunday, July 12.

Purpose of the meet, said Alvin Skow, club advisor, is to stimulate interest among boys and fathers who would like to belong to the club. The public is invited to attend the meet, and Plymouth boys and fathers are encouraged to join.

About 20 boys from this area are expected to fly their gas-powered planes in free flight and U-Control events.

A Detroit Suburban meet will be held at the same location July 26, said Mr. Skow, with boys from Farmington, Livonia, Plymouth and Brighton taking part.

The model airplane club is sponsored by the Northville Exchange Club.

### Novi to Elect 2 School Trustees

Voters in Novi School District No. 8 will elect two trustees in the school election Monday, July 13, one for a term of one year and one for a term of three years.

Candidates for the one-year term are Russell Button and Georgia H. Larson. Only candidate for the three-year term is J. W. Erwin.

Ballots will be cast at the Novi School on Novi Rd. from 7 a.m. to 8 p.m.

Work by the architect on plans for a Northville Community Building will get under way again next week after a delay since June 4 when the Village was asked to provide a topographic survey of the building site on West Main St.

If all goes well, and the Village Commission accepts the plans at its meeting on July 20, it may be possible to advertise for bids within 30 days.

This is the most optimistic viewpoint that can be taken. It is based upon reasonably prompt action by the Commission, and the expectation that some wrecking firm can be found to remove the three houses on West Main St. that now stand where the Community Building is to be located. The Village Commission had hoped to find a bidder who would pay cash for the houses and remove them within 30 days, but no bids were forthcoming in response to its advertisement.

A new element has been injected into the Community Building situation this week, however, by the possibility of constructing a Seven Mile Rd. cut-off at a cost of \$37,000 to the Village. It has been suggested that this badly needed community improvement can be financed through a ¾ mill tax levy for one year, through the Village pledging to pay its share over a three-year period from its receipts from the State of weight and gasoline taxes, or by borrowing from the money on hand for construction of the Community Building.

Should the Village Commission decide upon the latter course, it might deplete the fund to a point that would make construction of the building impossible at this time.

### Sewer Ditch Caves In, Kills Worker

Heavy blue clay which tumbled from the walls of a sewer ditch crushed an excavation worker to death several hundred yards behind Northville State Hospital Thursday afternoon, July 2, and injured another worker.

Killed was Anthony Leo, 25, of Dearborn, a partner in the Leo & Pacitto Excavating Co., which was doing the work.

Leo and Leon Jones, 47, of Detroit, were in the 20-foot deep ditch when they saw the walls begin to give way. They tried to run away from the collapsing portion. Leo caught the full impact of the heavy clay, however, and was dead of a crushed chest on arrival at Atchison Memorial Hospital.

Jones' legs were caught, but he escaped serious injury when a timber held most of the clay off him.

### Township Offers \$20,000 If Village Will Pay \$37,000

Members of the Northville Township Board walked into the Tuesday evening meeting of the Northville Village Commission and in a surprise move offered a plan that should result in starting construction of the long-talked-about Seven Mile Road cut-off this year.

Supervisor Mollie Lawrence, speaking for the Township Board, told the Village Commission in a formal letter that the Wayne County Road Commission has assured the Township Board that if the Northville community will contribute \$57,000 to the cost of the cut-off, the Road Commission will pay the balance.

The necessary bridge across the Rouge River will be constructed this year and the road will be completed in 1954, she said.

Township Will Pay \$20,000

Further, she told the Village Commission that the Township will pay \$20,000 of the \$57,000, if the Village will agree to pay \$37,000. All that is necessary to insure construction is for the Village Commission to decide how to raise its \$37,000 portion of the cost, Mrs. Lawrence said. She urged prompt action by the Village so the project can be included by the Road Commission in its next budget.

The Township's proposal took the Commission by surprise, to a point where its members had no ready suggestions for raising the \$37,000 except by "borrowing" from the fund that has been set aside for the Community Building. With this fund already hardly sufficient to finance construction of the building alone, without regard for any furnishings, such "borrowing" might endanger going ahead with the building, although the Village Commission has retained an architect to draw plans.

Village Financing Plans James E. Littell, township attorney, suggested to the Commission that the Village might provide its \$37,000 share in three ways. One was to levy a ¾ mill (Continued on Page 10)

### Advertise Again for Sewer Bids

Upon the recommendation of George Jerome & Co., consulting engineers to the Village of Northville, the Village Commission voted this week to reject as too high all bids received June 15 for construction of storm sewers in the northwest section of town and to re-advertise for new bids to be opened July 20.

The rejected bids ranged from \$24,089 to \$33,735, as compared with an estimated \$21,000 cost predicted by the Jerome Company. This latter figure formed the basis for provision for such work in the 1953 Village budget. Commissioner Stubenvoll, chairman of the Finance Committee, stated that if new bids being sought are much higher than the amount included in the budget, the storm sewer project may have to be curtailed, leaving a portion to be carried over to next year.

The program this year includes Rogers, Dubuar, Linden and Randolph streets.

In advocating rejection of all bids received June 15, the Jerome company pointed out that this would not interfere with completion of the municipal parking lot and the curb and gutter program.

### Stubenvoll Sees "Bog Down" In Handling Village Affairs

Commissioner John F. Stubenvoll told fellow members of the Village Commission this week that "there seems to be a bog down in operation of the Village this summer."

His remark was prompted by an expressed desire for a report on several projects which the Commission has authorized for this summer but which were not yet under way. He noted the absence from Commission meetings of Heiman Hartner, Jr., superintendent of public works, and Police Chief Joseph Denton, both of whom he said were employed nights at Northville Downs during the racing season.

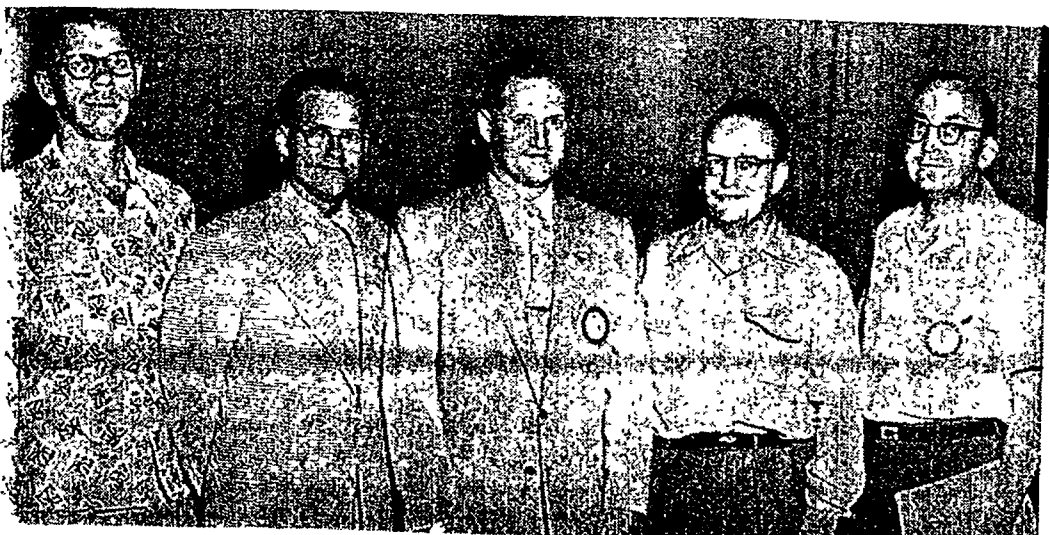

(Village Attorney Philip Ogilvie, who also works at the Downs during the racing season, has ar-

ranged to attend Commission meetings, and was present when Stubenvoll noted the absence of Hartner and Denton.)

Stubenvoll emphasized that he did not wish to be critical of Village employees who work for the Downs. "However, we can't ask about progress or the reason for delays if Village officials don't come to Commission meetings during the racing season," he added.

Among the projects which Stubenvoll felt are perhaps being neglected are the ciling of streets in Oakwood Subdivision, the repair of sidewalks in the business section, failure to use the newly purchased street marker to direct auto traffic, the moving of several parking meters and purchase of additional meters.

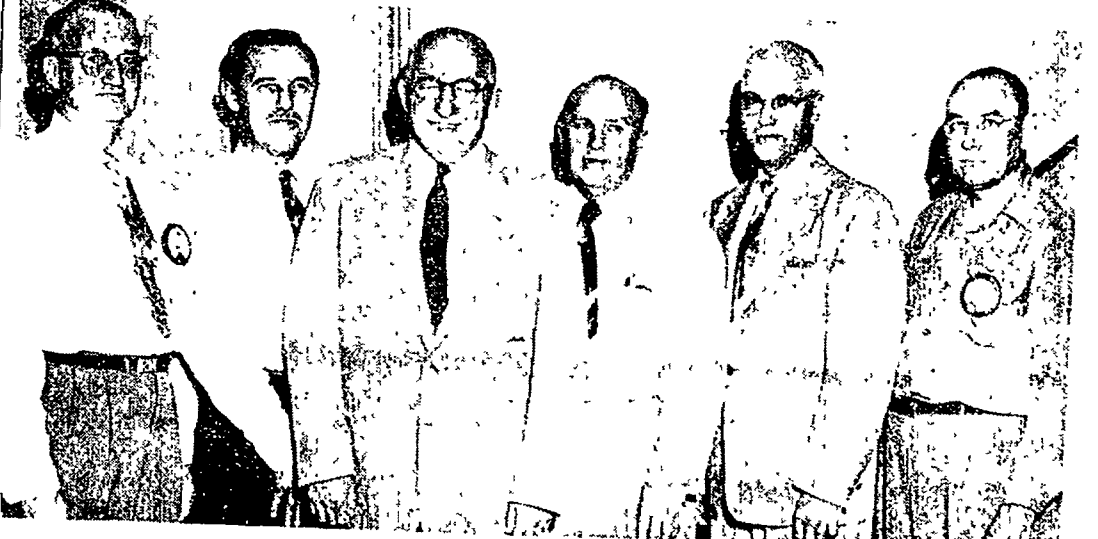

### Rotary Club Installs New Officer Slate

The Northville Rotary Club installed officers for the 1953-54 year at its meeting last Tuesday noon. Above, left to right, are: Clyde Dethloff, re-elected as sergeant-at-arms; Carl Johnson, retiring president; Philip R. Ogilvie,

new president; Arthur Schnute, re-elected as treasurer, and E. M. Bogart, secretary for more than a decade. Not in picture is Harry B. Smith, new vice-president. Johnson, as past president, will be a member of the board of directors.

### New Optimist Club Officers Installed

Approximately 150 members of the Northville Optimist Club and their wives attended the inauguration on July 1 of Dr. J. K. Eastland, president, and other officers, for the coming year. The ceremony was preceded by a dinner served in the Lutheran Church House. Dr. L. W. Snow served as toastmaster for the evening. The

incoming officers, from left above, are Alex Lawrence, first vice-president; Emmett Wirth, second vice-president; Harold Owens, lieutenant governor, Optimist International; Dr. Eastland, president; Edward Volk, lieutenant governor, 17th District; and Alvin Skow, secretary. James Green, treasurer, was unable to attend.

## Rolling Down The River

by the PETZ BROS.

Now the other day a sleepy-eyed sort of an individual dropped in this Studebaker mart for a bit of Studebaker for a bit of Studebaker. Seemed quite happy with the prospect of getting away for a bit, even though it meant concentrating the kids in the back seat. He told us, "the only reason Rip Van Winkle was able to sleep as long as he did, was because Rip's kids didn't have access to either a radio or a TV set!"

Which, for some reason, reminds us of a father who stopped in to buy an extra Studebaker the other day, so he could have one for himself. We discovered he has four unmarried daughters, all at home, that he fondly refers to as "his frozen assets".

Personally, the finest asset we know, is to own a '53 Studebaker. Such sparkling beauty, amazing vitality and unrivaled comfort is by no means frozen and will prove the car of your heart, wear in and wear out. Wonderfully economical to own and to operate, you'll be puzzled as to why you didn't have one years ago. If you should happen to be the sort of person who wants the very latest in styling and striking design, you'll discover the 'hard-top' convertible with its sweeping continental lines is the car for you. Why not come in for a demonstration?

We've discovered that some of the local politicians are getting in a little early practice. One of them dropped in a super market the other day and we saw him buy, of all things, a jar of apple sauce and a ring of hologna.

Of course, we're not politicians and besides we're strictly truthful at all times and can feel free to tell you that if you don't have that car of yours serviced pretty soon, it won't be long before you don't have much of a car left. Better have our expert mechanics give it that expert check-up, renew the various greases and oils that make it run smoothly and generally condition it to give you miles and miles of care-free driving this summer.

That's that, but if you're going to do any driving this week end, we'd like to remind you that while you can go broke trying to keep up with the Joneses, you can get killed trying to pass them.

YOURS,

BILL and WILL PETZ.

## Central States News Views

ALL-YEAR ALL-AMERICAN candidate is Jim Burst, 21, left, Washington University (of St. Louis) star athlete, who was excused from baseball double-header only long enough to win 100-yard dash in track meet, then returned to star in second ball game. Earlier the same day Jim sparkled in football practice to make it a bursting day in sports.

POLISH HERO Franciszek Jarecki, who fled from Communists and delivered Russian-built MIG to allies, enjoys luxury of American vacation at Las Vegas. He speaks no English but seems well understood by Charmaine Henderson, left, of Cleveland and Kay Krum, of Akron, Ohio.

MIDWEST SKYSCRAPERS in Chicago, Detroit, Milwaukee, Kansas City and other metropolitan centers are challenged by New York's Empire State building, world's tallest, to top new blood-donation record. Schenley's Bill Hodes, vice chairman of the Empire State drive, and nurse Marie Mackey hold pint No. 555, which set new mark on second day of building's week-long drive.

## Mental Health TV Series Continues

Joseph J. Gill, business manager of Northville State Hospital, appeared on the fifth program in the "Our Modern Mind" TV series over WJBK-TV Sunday, July 5.

In talking about the hospital and its program, Mr. Gill stated: "I believe the hospital is a modern and progressive one in which the departments under business administration are geared to cooperate with the treatment plan. We are interested in the patients and not just in facts and figures. This makes our job interesting and worthwhile."

Sunday's program, "Rehabilitation in the Community", also included Madeline Leitch, chairman of the Gray Lady Service unit at the hospital, and Carl Wagenschutz, treasurer of Livonia, who discussed with Abraham Brickner, psychiatric social work supervisor, the question of employing patients from the hospital.

Jack Patterson outlined the problems of his department, personnel, and Dr. Philip N. Brown, supervisor, summarized the hospital series. During the next weeks, "Our Modern Mind" will cover the mentally retarded July 12 and 19; the problem adults July 26, Aug. 2 and 9; the problem child Aug. 16 and 23, and what the average citizen can do to solve America's foremost health problem, mental illness, on Aug. 30.

## Worden Resident to Be Buried Today

Grace Ann Thompson, daughter of the late Judson and Helen Thompson and a former resident of Worden, passed away Monday, July 6 at the McDonald Convalescent Home near Howell at 72 years of age.

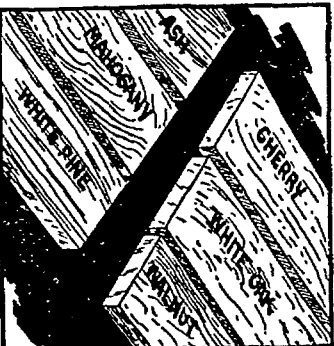

Funeral services will be conducted at 2 p.m. Thursday, July 9, from the Philips Funeral Home, South Lyon. Burial will be made at Worden Cemetery.

A full obituary will appear in the next issue of the Record.

## CAN DO There's a Wood For Every Purpose

CABINETMAKERS and carpenters—people who work with wood much of their lives—come to regard the material of their trade with the same sort of loving kindness that yachtsmen reserve for their yachts and horse trainers for their horses.

They know the functions and purposes and qualities of any specific kind of wood, and each wood does have its own individuality.

Moreover, if you're going to do much woodworking, even on an amateur scale, it's pretty important to know the characteristics of some of the woods. Here's a list that might help:

Ash is very heavy, hard and coarse-grained. It is reddish brown in color, with the sapwood almost white. Principally used for interior trim, tool handles and some furniture and cabinet work. Next time you're in the hardware store examine the handles on some of the axes, hatchets, hammers and shovels to get an idea of what a tough, durable wood this is.

Cherry is light and close-grained. It works easily and takes a good finish. Color is reddish brown, with a yellowish white sapwood. It is used for cabinet work and interior trim.

Mahogany is strong, durable and open-pored. It works easily and takes an excellent finish. Color is red-brown, although inferior quality mahogany contains small gray specks. It is used for furniture and in ship building.

White Oak is a close-grained wood with open pores, very heavy and hard and difficult to work. It takes an excellent finish, however, and is used for furniture and interior trim. Color is tan-brown, with light sapwood.

White Pine is widely used as almost an all-purpose wood. It is soft and light, durable and very easy to work. Yellow Pine, on the other hand, is hard, tough and strong, very difficult to work. It is used mainly for heavy structural purposes, such as flooring, beams and so on.

Walnut is the aristocrat with the common touch. It is heavy, hard, strong, durable and, at the same time, easily worked. It's used in fine cabinet work, furniture, interior trim and any other place that calls for handsome display. Of course, it takes an excellent finish.

## Pvt. Meryl Bolton Now in Korea

With the 3rd Infantry Div. in Korea — Pvt. Meryl S. Bolton, son of Mr. and Mrs. Floyd Kups-ky, 318 Yerkes Ave., recently joined the 3rd Infantry Division in Korea.

Pvt. Bolton, who entered the Army in January, 1950, received basic training at Fort Knox, Ky. He attended Northville High School.

During the winter of 1951, the 3rd Infantry cracked the Communists' line in the battle of "Bloody Angle", one of the bitterest engagements of the year.

## July 16 Set for Goodwill Pick-Up

As a result of greatly increased contributions of discarded materials in the last few months, Goodwill Industries of Detroit has been able to increase its payroll to nearly 400 physically handicapped men and women. To continue providing jobs for these people, Goodwill Industries needs to maintain a high rate of collections in Northville and Plymouth and other communities.

The Goodwill trucks will be in Northville and Plymouth, Thursday, July 16, to pick up repairable clothing, furniture, shoes, toys, small appliances and other household items. Anyone who has materials to contribute to Goodwill's employment and training program for the handicapped may call Miss Edith Sorenson at Northville 571 and arrange to have the Goodwill truck stop.

## Simple Precautions to Prevent Polio

Although a few simple precautions are suggested to keep children safe from polio, parents are urged not to become hysterical and thus overly restrict their youngsters' activities.

Danger is greatest if there is a lot of polio in the community, says Dr. David G. Dickinson, medical director of the Respirator Center at University Hospital. No month or time of day is most dangerous, because the disease does not follow a pattern of this kind, he states.

Three measures for avoiding polio are recommended by the National Foundation for Infantile Paralysis.

(1) Don't let children become exhausted, and make sure that they get plenty of rest.

(2) Severe chilling, such as blueness from swimming for a long period of time, should be prevented.

(3) Public places like wading pools and carnivals should be avoided. "It is not a good idea to expose children to new playmates every day," Dr. Dickinson said, "but it is foolish to keep them away from their own circle of friends."

The early signs of polio are non-specific, and it is often impossible to diagnose the disease definitely in its early stages, he declared.

Sore throat, fever, headache and sick stomach are all part of the symptoms of patients later found to have polio. These are also the symptoms of many other diseases.

## A Slow Count at Mutuel Windows

To the Editor: The Merle Oliver article exposing the "carnie gyms" in the June 21 News was very interesting, but why not expose the gyms in licensed gambling, or is it too hot to handle?

As a person experienced, I've noticed quite a few tricks at the various race tracks which mulct the bettors out of quite a tidy sum each year. Being a "mark" for the horses, I still resent being a "mark" for the mutuel clerks. Though I was only stung once, I've seen it happen to quite a few people.

Here are a few of the favorite tricks used which should be corrected by the track management:

You buy a \$5 ticket and tender \$20 in paying. The clerk will reach down and put a \$5 bill as change with the right hand, then reach down with the other hand for the \$10. By that time a "mark" may have picked up the \$5 and left in his excitement. Another way: When you cash a winning ticket for, say, \$13.40, the clerk puts out the bills first, then, almost as an afterthought, he may put out the small change. I've seen it happen quite a few times in one day.

This amounts to quite a sum during a race meet. An honest clerk always puts out the small change first.

There are other mulcting devices used. One day, for instance, five people — including me — returned to one window for a \$5 shortage on a pay off of \$55. We got only \$50 — all in \$5 bills. Accident?

INSIDER

In several recent articles on racing which we published in Detroit and outstate papers, we have referred to:

## I. The Public Interest

## II. The Employees' Interest

## III. Our Union's Interest

When MICHIGAN RACE TRACK OWNERS, under the guise of neutrality, agree to submit to the dictates of TEAM-STER BOSS HOFFA, BUFFALO'S JUKE BOX LOCAL 985 and McFETRIDGE OF BUILDING SERVICE A. F. of L. in their attempt to grab our UNION, its members and its contracts they destroy in a great measure the CONFIDENCE, RELIABILITY and SECURITY of their EMPLOYEES.

When the EMPLOYEES in any business are suddenly deprived of their JOB RIGHTS, their SENIORITY and the PROPER EXPECTANCY for Promotion to better paying jobs as a fair and just reward for services well performed, the normal reaction may well be a let-down in efficiency.

In many cases NEWCOMERS just brought into the business thru political or other influence bring with them a substitution of day-to-day quick expediency instead of reliable performance on a normal continuing employment basis.

OUR UNION, since 1949, has provided by agreement for the continuing right of an EFFICIENT WORKER to return to his or her job each season. We have established SENIORITY and PROMOTION based on LENGTH OF SERVICE and ABILITY.

OUR UNION has established hospital and life insurance benefits for the protection of the MEMBERS and their FAMILIES. We have at considerable legal effort and expense established UNEMPLOYMENT benefit coverage for MEMBERS when they are out of work.

WHAT LEGITIMATE reason can there be for the RAC TRACK OPERATORS failing to join with this UNION our PETITION for a STATE LABOR MEDIATION BOARD conducted ELECTION to determine the legal BARGAINING AGENCY the EMPLOYEES of the Racing Industry wish to represent them?

## News from West Point Park

Miss L. A. Ault

Mr. and Mrs. Cyril Gould, who had been visiting the former's mother, Mrs. Bertha Gould, on Farmington Rd. returned to their home in California.

Mr. and Mrs. James Wilson of Detroit have purchased and are

now occupying the Walters home on Hubbard Ave.

Mr. and Mrs. Thomas Roberts and their three daughters from Monroe were last week end guests of Mrs. Roberts' mother, Mrs. M. E. Ault on Mayfield, and other relatives in this vicinity.

A special Children's Day service was rendered by the Neighborhood Bible School last Sunday morning. This Bible School meets at 11 a.m. and will not discontinue during the summer months. Visitors, old and young, are always welcome.

Mr. and Mrs. O. R. Ault of Shadyside Ave. are now, for the third time, grandparents. On Sunday, June 28 in Sessions Hospital, Northville, a nine pound, two ounce daughter, Christine Anne, was born to Mr. and Mrs. George Cooke, of Albion Ave., Farmington.

Mr. and Mrs. James Weatherdon and son of Detroit visited Mrs. Weatherdon's father, F. Broquet, on Norfolk, last Sunday.

Mrs. Ernest Tallman of Mayfield Ave. and her daughter and

granddaughter, Mrs. Robert Laughman and Billy, called at the Nelson Cameron home in Redford last Monday evening.

Al Hardy and son, Duane, from Wayne, were last Sunday afternoon guests of Mrs. Walter Rehahn on Mayfield.

Last Saturday evening, June 27 Miss Shirley Ault of Shadyside Ave. was a guest at the wedding of Barbara Wilson and Thomas Stowe Eccles. The marriage took place at the Wilson residence, Meadow Brook Hall.

Mr. and Mrs. Lee Galloway of Garden City and their guest, Mr. Harry Hamilton of Battle Creek, called on Mrs. Walter Rehahn on Mayfield Ave. last Monday evening.

Cousins, Mr. and Mrs. Coolman of Wisconsin, have been visiting the Homer Coolmans and at the Russell Ault home on Shadyside. The Varhols of Shadyside Ave. attended the Stamp family reunion in Grand Rapids the 4th of July week end.

Mrs. William Griffiths and her daughter, Cathie, are guests of the former's parents, Mr. and Mrs. Stange, on Mayfield, until Monday.

The Shelmans of Norfolk Ave. are having a vacation visit with relatives in Battle Creek.

Mr. and Mrs. Clinton Ault and Mrs. M. E. Ault of Mayfield Ave. were Wednesday evening dinner guests of Mr. and Mrs. Thomas W. Roberts in Monroe.

George Cooke, of Albion Ave. and Ernest Ashe of W. Seven Mile Rd. visited in Sessions Hospital, Northville, Tuesday evening.

The Norman Kauranens of Mayfield Ave. spent the 4th of July week end camping in one of the state parks.

July 4th, friends and neighbors extended congratulations to Geo. Welsh, who celebrated his 87th birthday quietly at his home on Mayfield Ave.

Mrs. Emerson Ault of Mayfield Ave. spent last Monday with her Rug Club, meeting at the Hubbard home, on Grand River.

Children registered at the Hubbard Ave. playground were taken swimming again last Monday morning.

Mr. and Mrs. Edwin L. Johnson and daughters, Marion and Anne, of Clarita Ave. were visitors at Greenfield Village last Saturday morning.

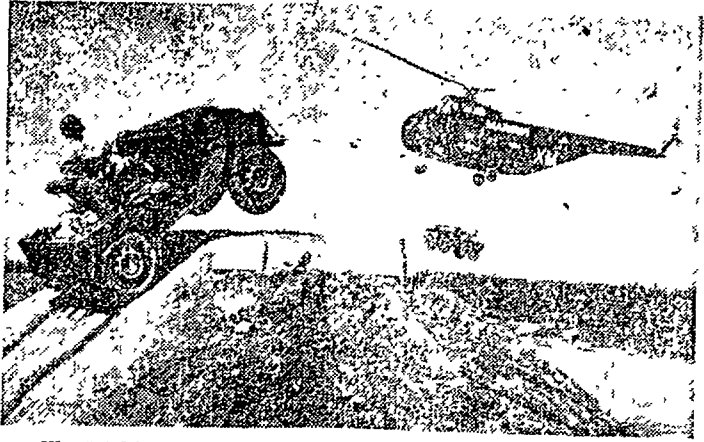

Honoring the birthday of her youngest daughter, Jeanie, Mrs. John Allen entertained at her home on Mayfield Ave. Thursday afternoon. Schoolmate friends of the little girl were guests.

Mr. and Mrs. John Aittama of Shadyside Ave. left Friday for a vacation visit with the former's mother in Calumet, Mich.

Mrs. Dwight Atterbury of Phoenix, Ariz. spent a few weeks with her parents, Mr. and Mrs. Purser of Farmington Rd.

Mrs. Herman Schult and her son, Frederick, of Shadyside Ave.

## Marine's Mighty Mite Takes the Air

The Mighty Mite, the Marine Corps' new light weight utility vehicle is a truly land, sea and air truck. The versatile little vehicle can travel 55 mph on land, 2 1/2 mph on water by means of a unique flotation gear, and carried easily by helicopter because of its light weight. It will be exhibited in action at the International Aviation Exposition, celebrating the 50th Anniversary of powered-flight, at the Detroit-Wayne Major Airport on July 9, 10, 11 and 12. Tickets for the show are on sale at all airports throughout Michigan.

left Friday night for a brief visit with Mrs. Schult's son, Jim, and his wife, Mary, who reside near Elwood, Ind. The young couple will return with Mrs. Schult for a visit with relatives here. Mr. Herman Schult, who for more than a year has been a patient at Healthwin Hospital, near South Bend, Ind. will also return with them for a 48-hour visit with his family.

Mrs. Grace Simpson and Mrs. M. E. Ault of Mayfield Ave. were among the Neighborhood women serving on the local Blood Bank Thursday.

Friday night of last week, Mrs. Forrest Ault, of Hubbard Ave., was a guest at a stork shower given at the home of her sister, Mrs. Woods, near Inkster.

Mrs. Frank Pogner of Farmington Rd. and Mrs. Dwight Atterbury visited in Detroit Thursday.

The Robert Judds from near Grosse Pointe called at the E. W. Stange residence on Mayfield on Thursday evening.

High winds appeared to simply pick up and roll over the car driven by Earle Cooke, Hugo Ave. Tuesday evening. The car was considerably damaged and Mr.

Cooke suffered severe arm injuries.

Mr. and Mrs. Russell Ault and their daughter, Shirley, of Shadyside Ave. visited with Mrs. Geo. Cooke and her new little daughter in Sessions Hospital, Northville last Monday evening.

While her mother is a patient at Sessions Hospital, Northville, little Miss Kathie Cooke of Albion Ave. is a guest of her grandparents, Mr. and Mrs. O. R. Ault, of Shadyside Ave. At the same time her brother, Richard, is with his father's parents, Mr. and Mrs. Earle Cooke, on Hugo Ave.

Albert Owen, Mayfield Ave. is reported on the sick list.

Lester Ault of Washington, Pa. is the week end guest of his brother, Russell Ault, and other relatives in this vicinity.

Mr. and Mrs. Merle Adams and their son, Clarke, of Pennsylvania are week end guests of Mr. and Mrs. Austin Ault on Brentwood Ave.

Harold Wulf of Brentwood Ave. has his mother from Rhineland, Wisc. as a house guest.

The Austin Aults of Brentwood Ave. were guests at a family picnic held at the Loren Read home near South Lyon last Sunday afternoon.

Jimmie Clarke of Brentwood Ave. is recuperating from minor injuries received in a traffic accident on his street last Tuesday.

The Stuart Shauflers are reported to have sold their home on Farmington Rd. and to be moving shortly into Detroit.

## The only convertible that outsells Ford!

WHAT is it that makes Ford's Sunliner America's best seller? Is it its high-compression V-8 power? (No other convertible in Ford's field has this kind of engine.) Is it the fine craftsmanship of its Crestmark Body? (No body in its field can match Ford's choice of exterior and interior color combinations.) Is it its new spring and shock absorber action which makes even roughest roads feel smooth? (The Sunliner's springs are specially tailored to its weight.) Is it the

choice of Fordomatic, Overdrive or Conventional you get? (You won't find such a choice of drives in any other car in Ford's field.)

No, it's not just any one of these things that makes Ford America's largest-selling convertible. It's all 41 of Ford's "Worth More" features... features which folks know make Ford worth more when they buy it, worth more when they sell it.

F.D.A.P.

Test Drive America's No. 1 Convertible! Ford Sunliner!

## South Lyon Cow Ends Milk Test

Brattleboro, Vt., June 26—With 565 pounds of butterfat and 17,743 pounds of milk to her credit, Willow Brook Larrol Acre Beauty, a registered Holstein-Friesian cow owned by R. M. Brengle, of South Lyon, has completed a 365-day production test in official Herd Improvement Registry.

She was milked 2 times daily, and was 4 years, 4 months of age when she began her testing period.

Her record averages approximately 23 quarts of milk daily for the period covered by her test.

Testing was supervised by Michigan State College, in cooperation with The Holstein-Friesian Association of America.

## Events of the Past in Northville

News Items Taken From the Files of the Record

Target of a group of angry citizens at the Village Commission meeting were gravel trucks such as the two pictured above at the main four corners in Northville. The large group which crowded the village hall called the trucks a menace to the safety of local residents.

### ONE YEAR AGO—

The Rev. Fr. Anthony J. Heraty was assigned as pastor of Our Lady of Victory Parish, effective June 27. He replaced the Rev. Fr. Lorenzo E. Woods, who had been ill.

Conrad Springer of Lake St. was elected commander of the Lloyd H. Green Post 147 of the American Legion.

A last-day rush of 277 Northville Township residents swelled registration rolls to 3,029, the highest total in township history.

William E. Knoop, Jr., son of Mr. and Mrs. William Knoop of East Eight Mile Road was discharged from the U. S. Air Force on July 1.

Mr. and Mrs. Russell Amerman returned after a trip to Montana where they visited with Mr. Amerman's brother.

Mr. and Mrs. Fred Walker announced the birth of a son, Clayton Edward on July 1.

Students of Northville High School, Barbara Couse, Jean Campbell and Joan Soule were attending the Wayne University Summer Band School.

Pvt. Charles Freydl was attending a six-weeks course in machine accounting in the Adjutant General School at Ft. Benjamin Harrison, Ind.

### FIVE YEARS AGO—

Hundreds crowded into the First Methodist church Monday afternoon, July 5, to pay their last respects to William Hartley Cansfield, editor and publisher of the Northville Record since 1939. Mr. Cansfield passed away July 3 following a brief illness.

William Petz was elected president of the Northville Exchange Club.

Richard Allan was named president of the Board of Directors of the Northville Rotary Club.

Charles E. Brake, of Plymouth, took office as president of the Michigan Education Association.

The first annual Motor City Open was hailed as a great success by Meadowbrook Country Club authorities.

A large group of girls were attending the Girl Scout Day Camp Sessions.

Pride Cleaners of North Center St. opened for business.

Rev. and Mrs. E. E. Rossow were honored guests at a surprise party July 9 at the St. Paul's Lutheran Church House in honor of their twenty-fifth wedding anniversary.

The 12th annual fair of the William H. Maybury Sanatorium was scheduled to be held on July 25.

### TEN YEARS AGO—

Charles Carrington was the only Northville man included by local Board 61 on the list of 29 inductees into the armed forces who left from Plymouth on July 6.

An enthusiastic delegation of over 50 people representing the various organizations of the village and individuals met at the Legion Hall to discuss plans for the remodeling of the former Neal property for an American Legion Veterans' Memorial Hall.

Neal Hannaford was presented with a past president's pin at the Wednesday meeting of the Northville Rotary Club.

About 250 members and guests of the Northville Charity Horse Show Association enjoyed an invitational roundup breakfast at the Wayne County Fairgrounds on the Fourth.

About 500 persons took part in the field day activities Monday afternoon at Ford Field which marked the community celebration of the 4th of July.

FIFTEEN YEARS AGO—Northville was officially selected for a new \$7,500 United States Post Office building.

Mel Kiiken opened a filling station in the newly constructed building at Hutton and Main Sts.

Mr. and Mrs. Leslie G. Lee chaperoned the seniors on their

## Lovewell, Felker Named to Offices at Boys' State

Two of Northville's representatives at Wolverine Boys' State June 18-25 at Michigan State College were named to offices.

They are Lucien Lovewell, elected city councilman of Fillmore, and Bruce Felker, named Representative of Bagley and a member of the board of county supervisors of Lincoln.

The thousand boys selected to attend the eight-day session of a mythical 49th state were chosen for their qualities of leadership and good citizenship. They formed into two political parties, Federalist and Nationalist, on arrival at the campus, and elected city and county officers from their membership.

### Special Features

Special features of this year's Boys' State included a mock trial presented by the Michigan Bar Association and a regular meeting of the State Administrative board which gave those present an opportunity to witness Michigan's constitutional form of government in action.

At noon Thursday, June 25, the entire assembly marched into Lansing where Boys' State officials

trip to Chicago to see the World's Fair.

George Rattenbury's meat department advertised veal chops at 15 cents a pound; veal roast at 17 cents a pound, and rolled roast, 18 cents a pound.

Announcement was made that John Litsenberger, village treasurer, has purchased the gasoline station business of William White, 340 North Center St., taking over July 12.

SEVEN MILE RD. was scheduled to be lighted by August 1.

Dr. Howard H. Burkhardt was elected the new president of the Northville Rotary Club.

ers visited similar elective offices in the State Capitol. The newly elected Boys' State governor, Roger Forbush of Rochester, and his staff took over the operation of Michigan's capitol while sessions were being held by Senate, House and Supreme Court in state chambers.

Including 1953, the 16th year of Boys' State, the American Legion

Martha Mulligan of Eight Mile Rd. and Edith Bosak of Nine Mile Rd. left last week to attend CYO Girls Camp at Port Sanilac.

Mrs. Richard Ritzel of Ho-Ho-Kus, N.Y. has returned to her home after spending a week with Mr. and Mrs. Carroll Mulligan of East Eight Mile Rd.

Mr. and Mrs. Fred Gotts and son, Larry, returned Saturday night from a vacation trip to North Bay, Ontario.

Swiss Steak Dinner, Sunday, July 26 at the V.F.W. Hall, Plymouth Avenue. Serving from 1 to 6 p.m. Sponsored by the V.F.W. Auxiliary and Dad's Club. 6-8 Mr. and Mrs. William G. Wil-

liams and their son, Tucker, spent Sunday at Little Ore Lake as the guests of Mr. and Mrs. Paul Bernds of Detroit.

Mrs. George Ramshaw of Eight Mile Rd. will entertain the Women's International League for Freedom and Peace of Northville at her home Thursday, July 16 at 7:30 p.m. The regular monthly meeting will take place.

Mr. and Mrs. Eural Clark and daughter, Kay, visited Gloria at the Michigan State College campus Sunday. Gloria and Barbara Prunty of Northville are attending the Youth Music program being conducted at MSC.

Mrs. E. J. Willis and her staff of volunteer young ladies are continuing to read to the blind patients in the state institutions during the summer months.

The Dad's of members of the V.F.W. Post and ladies of the auxiliary are joining forces to present a Swiss steak dinner Sunday, July 26 at the V.F.W. Hall on Plymouth Ave. Serving will take place from 1 to 6 p.m.

Dr. and Mrs. Glenn Godfrey of Colon, Mich. are spending a week with their son and family, Dr. and Mrs. Hugh Godfrey, of Eaton Dr. Mr. and Mrs. George Weiss of Grace St. joined friends from Lathrop Village Wednesday evening to attend "South Pacific" in Detroit.

Mr. and Mrs. Clyde Williams and sons, Stevie and Eddie, of South Rogers St. returned Saturday from a week's stay at Ipperwash, Ont. Canada.

Judy Blackburn, daughter of the Jack Blackburns of Orchard Dr., is enjoying a week's stay at the Presbyterian Youth Camp at Greenville, Mich.

Tuesday evening guests of the William G. Williams of Eaton Dr. were Mr. Williams' brother and family, Mr. and Mrs. Robert Williams, of Detroit.

The Independence Day holiday was a busy one for Mr. and Mrs. C. A. Smith, who entertained 30 of their Detroit friends at their home on West Nine Mile Rd.

Mr. and Mrs. Edwin Langtry entertained the Rev. Ossmann of Royal Oak and the R. J. Nelsons of Detroit at their home on Thayer Blvd. Saturday evening.

Carolyn and Judy Stamann can't wait for Sunday to come. They'll leave that day for a week's outing at the Girl Scout camp at Cedar Lake. They are the daughters of the Walter Stamanns of Thayer Blvd.

Guests of Orson Atchinson at the July 1 Exchange Club meeting were Orrin Thomas, sales manager of Atchinson Motor Sales, and Perry Graham, of the sales staff.

Mr. and Mrs. Ivan Dickinson of Navier Rd. returned recently from a vacation trip through Canada to Quebec and the New England states.

A lawn party was held Sunday afternoon at the home of Mr. and Mrs. F. M. McCormick on Maxwell Rd. Their guests were Mr. and Mrs. Fred Kidman of Northville; Mr. and Mrs. Fred Palmer of Dearborn and Mr. and Mrs. Earl Taylor and children of Ann Arbor. The affair was a joint birthday party for Mrs. Palmer and Mrs. Taylor, aunt and sister of Mrs. McCormick.

### Everything Fine at Boy Scout Camp

No accidents. Only two boys homesick.

That's the latest word from the Boy Scout camp at the East Tawas Coast Guard station. The 50 Northville scouts joined Coast Guard personnel in a parade on Independence Day.

## July 4 Celebration Called Successful

The Independence Day celebration in Northville passed without major mishap as hundreds of boys, girls and adults participated in many events.

Ponies furnished by the Ford Motor Co., through Northville plant manager Ed Flaherty, gave more than a thousand rides during the day, and three boats on the Mill Pond operated for nine hours, giving ten-minute trips to hundreds.

The Ped-Ford chorus, a little late in arriving, gave a concert enjoyed by a capacity crowd during the evening. Mr. Flaherty, who was presented with a plaque in honor of the Ford company's 50th anniversary this year, pointed out that many members of the chorus had taken time off from vacations to come to Northville to present the concert.

Summing up the day's activities Al Smith, Jr., chairman of the celebration, asked the Record to extend thanks to the Ford Co., to Wilson Funk and the Recreation Department, to the Retail Merchants Association for merchants' contributions to the \$400-plus fireworks fund, and to all others who helped to make the celebration a success.

## VFW Women Hear Mrs. Gagner, State Auxiliary President

Mrs. Ethel Gagner, department of Michigan president, paid an unofficial visit to the Veterans of Foreign Wars Auxiliary business meeting held Wednesday, July 1. She gave a brief talk on her future plans entitled "Constructive Service."

Other visitors at the meeting were: August White of Ann Arbor, past department president; Janet Hutzel of Chelsea, department senior vice president, and Zella Hunter, Lynn O'Raire and Lena Petchowich, all members of the Wolverine Post Auxiliary of Redford.

The Auxiliary is cooperating with the V.F.W. Dad's Club in sponsoring a Swiss steak dinner, July 26, at the hall.

## Stork Shower Honors Mrs. Willard Wilson

Mrs. Ralph Wilson of West Seven Mile Rd. was hostess to a stork shower Thursday afternoon in honor of her daughter-in-law, Mrs. Willard Wilson, also of West Seven Mile Rd.

Twenty neighbors and friends who met for the affair showered the mother-to-be with many lovely gifts, and were later served an array of refreshments by the hostess.

## Garry Davis, 6, Has Birthday Party

Garry Davis invited six of his neighborhood boy friends to a party this afternoon, Thursday, to help him celebrate his sixth birthday.

There'll be ice cream and cake for the young party-goers after an afternoon of games and fun.

Garry is the son of Mr. and Mrs. William Davis of Grandview Ave.

Mr. and Mrs. Edwin Langtry of Thayer Blvd. were in the audience of "South Pacific" Wednesday evening.

## Children, Veterans Benefit From Legion Aux. Poppy Sales

The Ladies Auxiliary to the Lloyd H. Green Post 147 of the American Legion, with more than a sympathetic understanding of the problems of hospitalized veterans and their families, provides a steady flow of necessary funds and gifts to brighten the lives of these men.

Mrs. C. Oscar Hammond, rehabilitation chairman for the local auxiliary, says that during the fiscal year ending May, 1953, \$214 of the Poppy Day sale fund went for gift items for hospitalized veterans, the unit's year 'round program. Forty-five veterans, hospitalized in the William H. Maybury and Eastlawn sanatoriums were remembered on their birthdays with a crisp one dollar bill enclosed in a greeting card last year — a project which cost the auxiliary a total of \$50.

Each month, an average of 146 hospitalized veterans of the local sanatoriums receive service baskets containing an array of miscellaneous toilet articles, stationery, candy, gum, etc from area auxiliaries. The Northville unit provides the baskets and makes the personal calls for four months of the year while the remaining eight months of service are divided among the Plymouth, Farmington and Redford Township units. "Local auxiliary members donated a total of 100 hours of work during the year calling on needy veterans, delivering gift packages and making hospital calls," Mrs. Hammond emphasized.

## Mrs. Willis Dies in North Carolina

Northville residents were saddened this week to hear of the death of Mrs. H. S. Willis at the North Carolina Memorial Hospital in Chapel Hill, N.C. The family home is located in McCain, N.C.

Mrs. Willis was the wife of Dr. Willis, who served as superintendent at Maybury Sanatorium for a number of years, leaving in 1947 to assume a position as superintendent of sanatoriums in North Carolina.

Funeral services were held at the Raeford Presbyterian Church at Raeford, N.C. and burial took place at Southport, N.C.

Mrs. Willis was born in Southport, N.C., the daughter of the late Mr. and Mrs. James Pearce. During the time the Willis' made their home on Eight Mile Rd. she was very active in church and community work. She served as president of the Northville Woman's Club for two terms and was president of the Presbyterian Woman's Union for two years. She was a member of the Book Club and was in charge of the Christmas Seal Sale.

Besides her husband, Mrs. Willis is survived by two sons, Kendall, who is a graduate physician and is leaving very soon to serve with the Air Force, and David of Chapel Hill; two grandchildren, Sharon and Stuart, and two sisters, Mrs. E. R. Richards, of New Orleans and Mrs. Edward Cranmer of Southport, and two brothers, James and Harner Pearce. Another sister, Mrs. William Davis, preceded her in death. Also surviving is a nephew, Dunbar Davis of Plymouth, and a niece, Mrs. Joseph Young, living in the South.

A scholarship in Mrs. Willis' memory has been set up at her Alma Mater, Greensboro College, at Greensboro, N.C.

## Heart Attack Fatal to Forrest Gorton

A heart attack while vacationing with his wife in Tawas City, claimed the life of Forrest W. Gorton of 679 Forest St., Plymouth, Tuesday afternoon, July 7.

Mr. Gorton had been a mail carrier for the Plymouth Post Office for many years and his widow will be remembered by many Northville friends as a former member of the Sessions Hospital staff.

Funeral services will be conducted Friday at 1 p.m. from the Schrader Funeral Home, Plymouth, and interment will be at Riverside Cemetery.

Sewing of cancer dressing at the Detroit headquarters continues during the hot weather. Wednesday is Deane Day as usual and volunteers are welcome. Mrs. E. J. Willis will furnish information to anyone who wishes to volunteer.

## DEPENDABILITY

is the other name for **DODGE!**

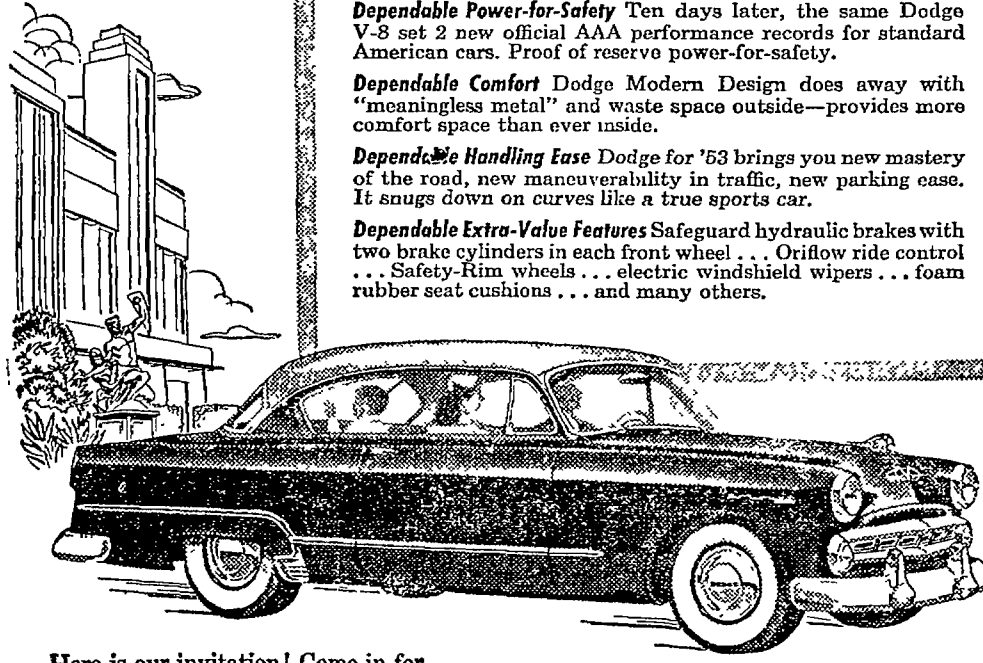

**Dependable Economy** In the 1953 Mobilgas Economy Run, the Dodge V-8 beat all other cars in its class . . . outperformed all 8's in every price class.

**Dependable Power-for-Speed** Ten days later, the same Dodge V-8 set 2 new official AAA performance records for standard American cars. Proof of reserve power-for-speed.

**Dependable Comfort** Dodge Modern Design does away with "meaningless metal" and waste space outside—provides more comfort space than ever inside.

**Dependable Handling Ease** Dodge for '53 brings you new mastery of the road, new maneuverability in traffic, new parking ease. It snugs down on curves like a true sports car.

**Dependable Extra-Value Features** Safeguard hydraulic brakes with two brake cylinders in each front wheel . . . Oriflow ride control . . . Safety-Rim wheels . . . electric windshield wipers . . . foam rubber seat cushions . . . and many others.

DODGE V-EIGHT CORONET DIPLOMAT

Here is our invitation! Come in for a "Road Test Ride." Find out all that Dodge Dependability means in terms of economical power, safety power, riding comfort and handling ease. There is no obligation. You will discover a new kind of car, a new kind of driving enjoyment . . . at prices that start below many models in the "lowest-priced" field.

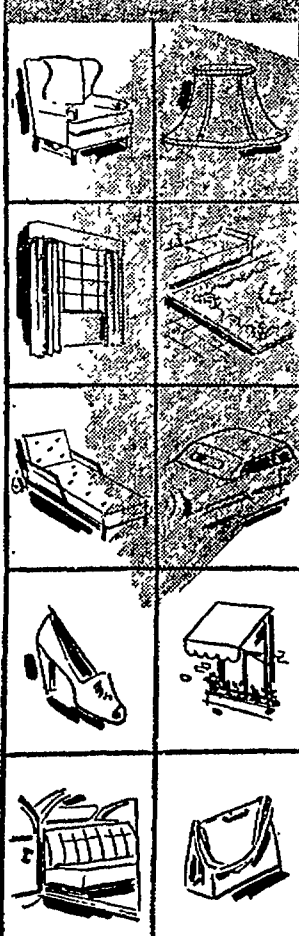

**DEPENDABLE DODGE**

## Brownie Day Camp Concludes July 1

Twenty-five girls from Brownie Troops of the Northville area staged a minor invasion of Cass Benton Park when they turned out for their annual Scout Day Camp. The six-day event concluded July 1—and if the enviable tans and the fascinating array of completed projects are any indication at all of the success of the camp, the girls obviously had a wonderful time.

Mrs. Ruth Papini, day camp director, kept the young scouts busy making woven plastic bracelets, painting plaster molds, etching glass water tumblers and a variety of other clever projects.

Mrs. Hurd Sutherland took over one day to accompany the children on a nature hike through the park area and to help them make leaf reference notebooks. Cook-outs, always favorites with the children, were held twice under Mrs. Papini's supervision.

Mrs. H. C. Brody (Barbara Handorf) and Marlene Coykendall served as day camp leaders and assistants were Sandy Moose and Joan Baskins.

Transportation each day was furnished through the courtesy of Gene Keller of the Northville Taxi Company.

## Tulane German to Wed in Autumn

Mr. and Mrs. Harry German, Jr. of Orchard Dr. are announcing engagement of their daughter, Tulane, to Ray Curtiss of Princeton, Iowa. Her fiancé is the son of Mr. and Mrs. Roy Curtiss.

A fall wedding is planned by the young couple.

## Louis Lanning's Mark 48th Wedding Date

Mr. and Mrs. Louis Lanning of North Center St. observed their 48th wedding anniversary Saturday at the home of their son, Don, at Walled Lake.

The Lanning's six children, nine grandchildren, five great-grandchildren and John D. Maas, and Mr. and Mrs. John Maas of Novi joined in the family celebration.

## Davis Home Scene of Luncheon Thursday

Mrs. William Davis was hostess at a luncheon at her home on Grandview Ave., Thursday afternoon.

Mrs. Davis' quartet of guests were Mrs. Francis Clinton, Mrs. Kenneth Rathburn, Mrs. Arthur Schnute and Mrs. Schnute's sister.

## Clyde Williams' Family Party Marks Birth Dates of Three

There was a triple celebration at the Clyde Williams home on Rogers St., Monday evening, in honor of the birthdays of four-year old Shelly, eleven-year old Eddie and their father, Mr. Williams, whose birth dates all occurred that week.

A family party was in order and on hand for the celebration were the children's grandparents, Mr. and Mrs. Edwin Tom of Detroit, and Mr. Williams' sister and family, Mr. and Mrs. Robert Kirkum and children, of Toledo, O. Mr. and Mrs. Harrison Rainey and their three boys were also invited.

## Clyde Smith Family Move to Traverse City

Mr. and Mrs. Clyde Smith and son Jimmy, of 804 Carpenter St., will be moving this weekend from Northville to make their home in Traverse City.

Mrs. Smith and Jimmy are planning a month's visit with Mrs. Smith's parents in Redwood Falls, Minn., while Mr. Smith will go directly to Traverse City to arrange for a home and his business. Mrs. Smith has contracted to teach in that city for the fall term.

The Smiths visited often in the village prior to moving here this spring from Detroit. As new residents of the community, they became very active in neighborhood affairs and made many Northville friends and acquaintances.

## Garden Club Annual Picnic to Be Held at "Happy Acres"

The "Happy Acres" home of Mrs. William B. Walker of East Eight Mile Rd. is scheduled to be the scene of the annual summer picnic of the Northville Branch of the Woman's National Farm and Garden Association on Monday, July 13.

Members are asked to bring one passing dish and their own table service to the 12:30 p.m. affair.

## Recreation Dept. Plans Nature Hike

Yvonne North will be in charge of a nature hike at Kent Lake Friday sponsored by the Recreation Department. The bus will leave the school playground at 9:30 a.m. and return about 3 p.m. A guide at the lake will conduct the tour of scenic spots.

The regular swim at Whitmore Lake will be Friday, with the bus leaving the school at 1 p.m.

A trip to the Dearborn Ford plant and a fishing trip are planned for the end of next week.

## Wed in Afternoon Rites

Mrs. William Dale Taft

## Mr. and Mrs. Taft Return From Eastern Honeymoon

William Dale Taft claimed Joann Newman Van Aken as his bride in an afternoon ceremony solemnized at the Salem Federated Church on Saturday, June 27. The double ring ceremony united the daughter of Mr. and Mrs. John A. Van Aken of South Salem Rd., Plymouth, and the son of Mr. and Mrs. Gerald F. Taft of West Eight Mile Rd., Northville.

The Rev. Cora M. Pennell, former pastor of the Salem Federated Church, read the three o'clock nuptials before an altar banked with baskets of white gladioli, daisies and stock combined with palms and candelabra. The Rev. Douglas R. Couch, church pastor, assisted at the rites.

Organ music preceding and during the ceremony was presented by Mrs. Morris Givens of Salem and Mrs. George Brown, also of Salem, sang "Because" and "I Love You Truly".

Joann's bridal gown of white nylon lace and net over ice-white satin was fashioned with a yoke of nylon illusion joining the scalloped lace bodice and long fitted sleeves. A scalloped redingote of matching lace covered the voluminous net skirt and her fingertip veil fell from a demi-hat of satin crested with tiny seed pearl bows. A single strand of pearls, a gift of the bridegroom, was her only jewelry, and she carried a white bible adorned with a cascade arrangement of white rosebuds, stephanotis and ivy.

Waltz length gowns of primrose yellow were worn by the honor maid, Carole Van Aken, sister of the bride, and bridesmaids: Mrs. Keith Simons, sister of the bridegroom, and Tulane German, both of Northville. The attendants carried identical cascade bouquets of white daisies intertwined with ivy.

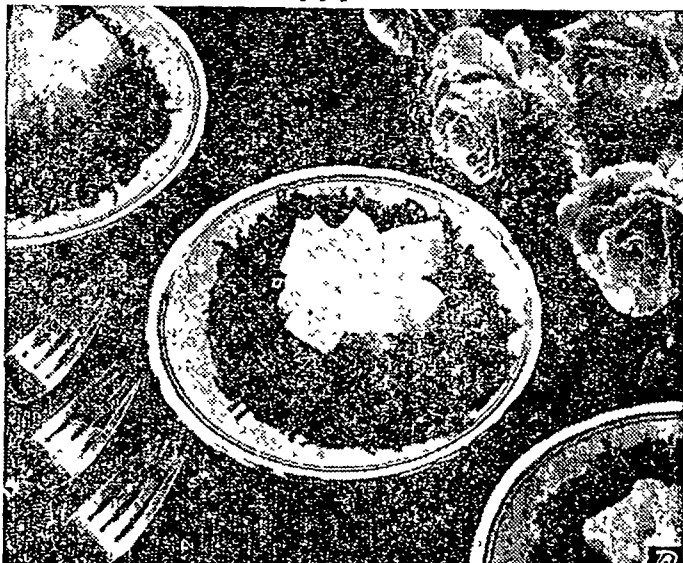

Serving as best man was Keith Simons, of Northville, brother-in-law of the bridegroom, and ushers were Sidney Junod of Northville and Richard Newman of Traverse City.

Mrs. Van Aken attended her daughter's wedding in an afternoon dress of aqua silk shantung and Mrs. Taft, mother of the bridegroom, chose blue lace. Both mothers wore corsages of carnations.

Following the ceremony, the wedding party received 125 guests in the church parlors. Assisting at the reception were Mrs. Charles Fisher, Mrs. John Lorang and Miss Elaine Rich.

For traveling, the new Mrs. Taft chose a blue and white print dress with white accessories and completed her costume with the rosebud corsage from her bridal bouquet. The couple returned Saturday, July 4, after a week's honeymoon in the New England states to make their home at the Taft summer residence at Silver Lake until their home on South

## Pineapple and Coconut Are A Happy Combination

For a festive occasion, such as a bridal shower, serve Pineapple in Crunchy Chocolate Coconut Rings.

There are many times in every household when a "special" dessert is called for—preferably not too difficult to make, but elegant in appearance. Nothing rates higher as a delightful combination than pineapple and coconut, which is to say we have such a combination for you today. Crunchy chocolate-coconut rings, filled with the refreshing flavor of golden canned pineapple chunks are a delicately different dessert that couldn't be easier.

### PINEAPPLE IN CRUNCHY CHOCOLATE RINGS

1 pkg. (7 oz.) semi-sweet chocolate chips  
3 cups grated coconut  
1 can (No. 2½) pineapple chunks, drained

Melt chocolate over hot, not boiling, water and stir in coconut. Toss with a fork until well coated. Line the bottom of a cookie sheet with waxed paper and form chocolate covered coconut into rings about 3-inches in diameter. Chill for about 15 minutes or until firm. Slip a spatula under rings to remove from waxed paper and place on serving plate. Allow to stand at room temperature 5 or 10 minutes before serving. Fill centers with pineapple chunks. Serves 6.

Variation: Another idea for a festive occasion dessert would be to serve the Chocolate-Coconut Rings with a filling of vanilla ice cream, topped with crushed pineapple.

## For the Record . . .

(Continued from Front Page)

if it fits today's building needs.

However, if the Commission shows no more initiative in keeping Northville abreast with technical progress in the building field than it does in trying to modernize the Village charter, which most members admit does not permit efficient handling of Village business, there will be some loud talk at the next Commission meeting. Then the matter will be let die as quietly and inconspicuously as possible.

In this connection, we direct attention to Mr. Stubenvoll's criticism on this page (he says it is not so intended) of the non-attendance of Village department heads at Commission meetings so they can report upon the status of work which the Commission has directed to be done, but which isn't being done. Stubenvoll's comment is a particularly appropriate argument in favor of charter revision to permit hiring a village manager to handle Northville's business promptly and efficiently. It is something that can be done without waiting to become a city, if the Village Commission were to tell the voters frankly that to hire a manager would be good business. Until it is proved otherwise, we will continue to believe that the great majority of Northville residents would rather see the Village's operations placed on a sound business basis than to be permitted to drag along with no coordinated supervision for weeks at a time. This could be accomplished by a village manager responsible to the Commission and with the initiative and foresight to plan ahead so programs could be carried out on time.

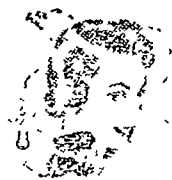

We have a feeling that those Northville residents who want to see a start made this summer toward constructing a Community Building in Northville would be well advised to attend the next meeting of the Village Commission to ask some questions about why the architect has been delayed for a month in completing plans which the Commission has authorized to be drawn. The hold-up has been due to time required by the George Jerome Co., Village consulting engineers, to prepare a topographic survey of the land on which the Community Building is to be erected. This request came to Village Attorney Philip Ogilvie on June 4 from the architect. Ogilvie turned the letter over to Commissioner Stubenvoll, who passed it along to Village Clerk Mary Alexander, who was to communicate with the Jerome Company. More than a month has elapsed in preparing a simple topographic survey, which is just being completed now. This, in turn, has delayed asking for bids and starting the work. Perhaps Jim Littell was right when he told the Village Commission this week: "You know you'll never start the Community Building this year."

Those who want to see the Community Building started promptly, might also make two additional points with the Commission. One would be to urge the appointment of a Building Committee of reputable citizens to handle the numerous details that will arise in construction of the building. This suggestion was made by Wilson Funk several weeks ago, but was turned down by the Commission on the ground that it (the Commission) wanted to have something to do with the construction. On the basis of how long it has taken the Commission to get the topographic survey, there is little to be said in favor of the Commission con-

Salem Rd. is ready for occupancy. Out-of-town guests at the wedding included the bride's grandparents, Mr. and Mrs. George R. Michigan State College. Her husband graduated from Culver Military Academy and attended Michigan State and Cleary colleges.

trolling construction of the building. Its twice-monthly meeting schedule is hardly conducive to the prompt handling of any consequential matters that might arise.

Those who want to see the Community Building go ahead this year as planned, should also recognize that it will be blocked — perhaps permanently — if the Village tips into the community building fund, technically labeled the "public improvement fund", for its \$37,000 share of the cost of the 7-Mile Road cut-off. We say this because it is no secret that some members of the Commission would like to see the Community Building shelved in favor of a new municipal building. And if \$37,000 is borrowed from the community building fund to provide for the cut-off, it is a good guess that it will not be repaid promptly enough for construction to proceed.

Open Monday through Thursday, 9 a.m. to 6 p.m.

Friday and Saturday, 9 a.m. to 9 p.m.

On all these points  
of comparison...  
**Chevrolet's**  
**farther ahead**  
than ever!

... IN NEW AND ADVANCED STYLING—The new long, low, sleek lines of the 1953 Chevrolet set new standards of beauty in the low-price field. Here you will see careful detailing and a richness of appointments always before found only in much costlier cars.

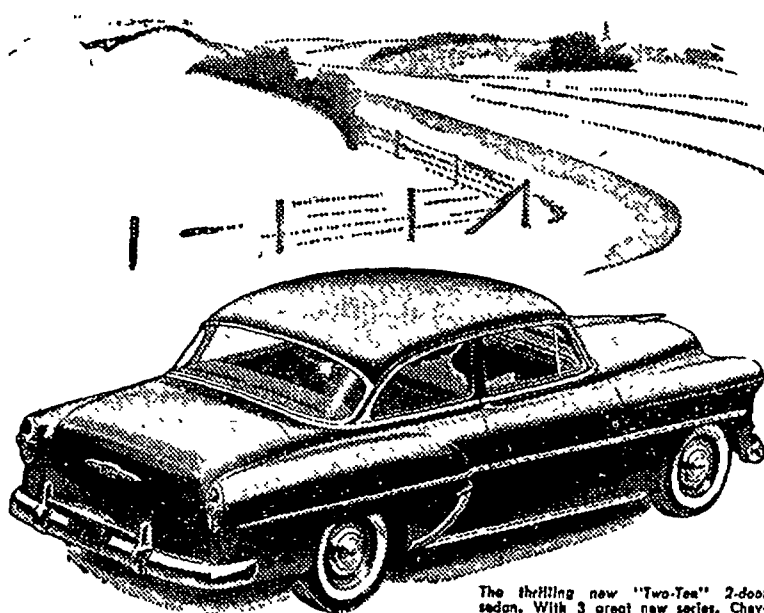

... IN HIGH-POWERED PERFORMANCE—The most powerful engine in the low-price field! The entirely new 115-h.p. "Blue-Flame" engine in combination with new Powerglide\* brings you new high-compression power and a wonderful gain in economy, too. In gearshift models you will find the advanced high-compression 108-h.p. "Thrill-King" engine.

... IN SMOOTH, SIMPLE AUTOMATIC DRIVING—Expect faster getaway with Powerglide's new automatic starting and passing range... and new economy, too. Chevrolet's new Power Steering\* takes over 80 per cent of the work of steering, makes parking unbelievably easy.

... IN ECONOMY AND VALUE—Now, you'll get many more miles out of every gallon of gasoline. You'll save on over-all operation and upkeep, too. Yet Chevrolet remains the lowest-priced line in the low-price field.

... IN AMERICA'S FAVOR—Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show that Chevrolet is over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

\*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

## Burroughs Makes "Brains" of Army Anti-Aircraft Gun

Electro-mechanical "brains" that control the Skysweeper, the Army's newest anti-aircraft gun, are being produced at Plymouth plants of the Burroughs Corporation, according to William J. Delahanty, vice president in charge of manufacturing.

The "brains", (actually computers), are being manufactured by people who were trained on-the-job for their specific assignments in the manufacture of the computers. They are jobs that call for high skill and work with extremely close tolerances.

The Skysweeper attracted nationwide attention recently when Army Ordnance unveiled the new gun that officials say is virtually an "artillery machine gun".

### Radar Controlled

The Skysweeper, using radar, automatically picks up a speeding enemy plane as far as 15 miles away and then, using its "brains", automatically tracks the plane and while doing so, plots the target's range, speed and course and determines where to aim the gun so the shell will intercept the plane. It operates in any kind of weather.

The amazing gun fires 46 rounds of ammunition a minute, fed into it by the crew in magazines. It weighs 10 tons when fully assembled, yet can be transported by air, and can be fired five minutes after being set up on level ground. The Army points out that the only human operation on the Skysweeper is loading and pulling the trigger.

In each the Skysweepers there are 40 different electrical harnesses, used to connect various parts of the "brain" with the automatic aiming devices. It takes 2,500 man hours to assemble one Skysweeper.

er and 250 hours to test it. The Skysweeper is designed to be used against planes flying at near sonic speeds at low and medium altitudes. Its radar sweeps the sky (360 degrees) once every 40 seconds and passes the information on into the locally-made "brain" which in turn transmits it to the gun control personnel who base their findings on radar information.

The Burroughs-produced computer has eliminated this time-consuming step. It permits a fully automatic radar fire control system for anti-aircraft fire.

## 6th Grade Class Empties Treasury for CARE Gift

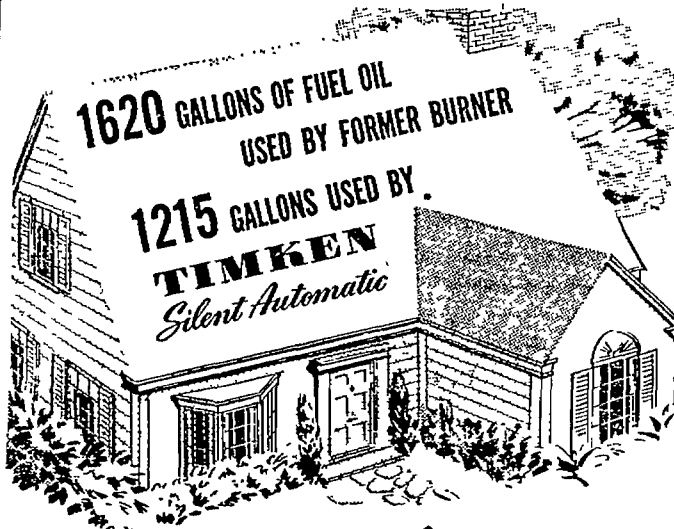

Richard Kay's sixth grade class at Northville Grade School cleaned out its treasury at the end of the school year to send a CARE food package to hungry Korean children. One such package will feed four war orphans for a month, according to CARE representatives.

The children of Korea will continue to suffer from lack of food and clothing, the representatives say, regardless of what happens to the war in Korea. There isn't enough food to go around and the children have no one to turn to. As a result, many have contracted tuberculosis and are dying from malnutrition. CARE is directing much of its efforts to helping them in this crisis.

CARE packages go from stockpiles already over there and are sent tax and duty free, with guaranteed delivery. Orders for CARE, 855 S. Broadway, Los Angeles, Calif.

The people never give up their liberty but under some delusion. —Burke

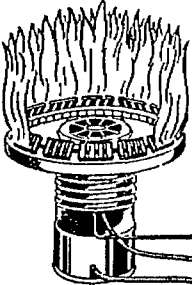

He is the freeman whom the truth makes free, And all are slaves beside. —Cooper

**If Fuel Bills Were Painted on Rooftops—**  
EVERY THRIFTY HOME OWNER WOULD DEMAND THE ECONOMY OF

Before buying any make of oil burner, check with people who have homes about the same size as yours and find out, first, how much it costs them to heat with oil and, second, what type of burners they have. We'll be glad to supply you with the names of people in your neighborhood who have Timken Silent Automatic Wall-Flame Oil Burners. They'll welcome the opportunity to tell you how much they enjoy Timken Silent Automatic Oil Heat and how much they are saving. Phone us today—get the full facts from the people who know—the people who already have Timken Silent Automatics!

The famous wall-flame oil burner blankets heating walls with a blue-hot flame, ensuring efficient, economical heating. Fuel savings will amaze you! If you have an oil hog gun-type burner, ask us about our special trade-in offer.

How will your future be? Insecure? Filled with money-worries? Or, will it be a safe, happy future? Will you have the money then to travel... to retire... for your own home? You WILL HAVE... if you save NOW. And NOW, United States Defense Bonds are better-than-ever... and give you a quicker return on your investment. As always, Defense Bonds are safe. And, as always, they're easy to buy regularly through the Payroll Savings Plan where you work... or the Bend-A-Month Plan where you bank. Invest more in improved United States Defense Bonds. They're now even better!

## Farms Are Scene of Many Accidents

One out of every four farms in Wayne County is likely to be the scene of a disabling accident during the next 12 months, says N. A. Smith, assistant county agricultural agent.

Mr. Smith made this prediction in reminding rural people that Farm Safety Week is July 19-23. Although farmers in the county will be eliminating safety hazards on their farms during that week, he adds, safety must be a 365-day-a-year job in order to cut accidents down.

Not only are farm injuries bad in terms of pain and sometimes death - they're costly, declares Mr. Smith.

David G. Steinicke, farm safety specialist at Michigan State College, points out that the average cost of a farm accident involving a fall is nearly \$50. And the average fall costs the farmer 24 days lost from farm work. On the other hand, reports Steinicke, the average farm machine accident costs \$60 in medical expenses and 20 days lost from work.

One of the biggest sources of farm accidents, says the safety specialist, is the farm tractor. He cautions farmers to keep shields in place - especially around the power take-off and the machine to which it attached. Also, he advises, know the correct hookup to avoid turning over the tractor with a heavy load.

## LEGAL Notice to Bidders

Sealed bids addressed to Donald B. Severance, Secretary, will be received at the office of the Northville Superintendent of Schools at 501 West Main Street, Northville, Michigan, on or before July 27, 1953, at 8:00 p.m., at which time they will be opened, on the purchase of either or both of the following:

1. Brick schoolhouse and contents at the corner of Napier and Six Mile Roads, Northville Township (known as the Thayer School). Building to be removed by November 1, 1953.

2. Frame schoolhouse and contents, woodshed and lot, 10 rods square, (at 49875 West Eight Mile Road (known as the Baseline School).

All of the above being in the Northville and Novi School District No. 2 Fractional and the property of said District.

Further details and arrangements to inspect said property may be made by contacting the office of the Superintendent of Schools at 501 West Main Street.

A certified check in the amount of ten per cent of the bid must be included with each bid, said checks to be returned to

# 7-Mile Cut-Off

(Continued from Front Page)

property tax next year to raise between \$40,000 and \$45,000 on present assessed valuation. Second was to borrow from the community building fund. Third, was to arrange for the Wayne County Road Commission to underwrite the Village's \$37,000 portion with the Village obligating itself to repay this sum over a two or three year period.

The latter suggestion was most favorably received by the Village Commission, which instructed President Conrad E. Langfield to arrange immediately for a joint meeting with Supervisor Lawrence and a representative of

the Wayne County Road Commission to arrange a satisfactory financing plan.

Langfield promised to set up such a meeting immediately, and to call a special meeting of the Village Commission in the near future to work out and approve a financing plan.

## Mrs. Lawrence's Letter

Mrs. Lawrence's letter to the Village Commission follows:

"For many years our community has suffered and struggled with the traffic problem brought about by the very limited facilities available for vehicular traffic through the Village. The so-called Seven Mile Road cut-off, by which the Seven Mile Road east of the Village and the Seven Mile Road west of the Village would

be connected by a through highway in a more direct route, has been considered by all groups in the community to be a much needed improvement and facility. For numerous reasons known to all of us, this improvement has been delayed.

"The Township Board has taken the initiative in an effort to bring about this construction immediately, to the end that the same can be completed in 1954. The Board authorized the writer to confer with the Wayne County Road Commission in an effort to compose the differences and to bring about an immediate solution to this problem.

"As a result of this conference and negotiation with the Wayne County Road Commission, the Township Board has been assured and promised as follows:

"That if the Northville community will contribute \$57,000.00 to the cost of this cut-off, the Wayne County Road Commission will assume and pay the balance of the cost; that this contribution of \$57,000.00 represents today not more than one-third of the cost of such construction; and that if this community will so contribute, the Road Commission will construct the necessary bridge across the River Rouge this year and complete the road construction in 1954.

"The beneficial results to the schools, merchants, residents and the public in general from this improvement are admittedly inestimable. The problem seems to

# Pat Kearney Hurls Softball No-Hitter

Patrick Francis Kearney had his Irish up last Thursday night. Pat, with the backing of his Optimist Club teammates, hurled a no-hitter in the Adult Softball league against the Clarenceville team. Optimists won 9 to 0.

Clarenceville got revenge of a sort, however, by trimming Wall-ed Lake 17 to 4 in the first game Tuesday night at Ford Field. Cy Owens jumped on the Legion team in the second game, 10 to 3.

The VFW team kept its undefeated record intact by nudging the Mayors 7 to 3 in Monday's first game. Bloom's Insurance topped the Optimists 10 to 7 in the nightcap.

# Detroit Wins Boat and Motor in July 4 Program

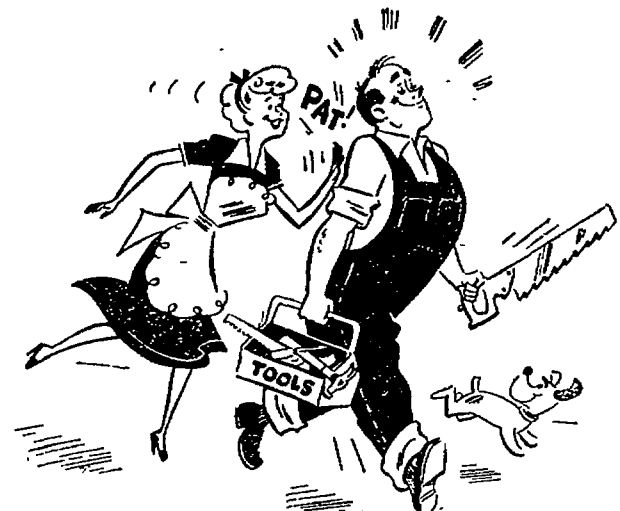

The Chris Craft boat and motor, given away by the Recreation Committee July 4 to benefit the youth program here, was won by a Detroit but the equipment will continue to serve youth.

R. E. Mallory, of 16725 Plainview, Detroit, is now owner of the boat and motor, which he will use

for campouts for his boy scout troop, as well as for personal outings.

He became acquainted with Northville when he was invited out by Chris Hammond to see ice

hockey films in a program staged by Boy Scouts at the First Presbyterian Church. The Mallorys and Hammonds were neighbors in Detroit before the Hammond family built their new home here.

# He's Driving His Cares Away!

There's a great industrialist in Detroit, and a well-known scientist in New York, and a famous statesman in Washington who will tell you that the best way to relax from the cares of the day is to get behind the wheel of a 1953 Cadillac.

And there are also thousands upon thousands of other Cadillac owners throughout America who will gladly add supporting testimony to these revealing statements.

For these motorists know, from their own personal experience, that there is no faster or surer way to relax and refresh than to take to the highway with a smooth, comfortable, quiet Cadillac car.

It makes a man feel good just to sit behind the wheel. As he glances about his Cadillac's gracious

interior, he's reminded that he has made something out of his years—and that, in itself, gives a lift to his spirits.

And then, once he's out on the highway—well, in no time at all, he's as happy and contented and trouble-free as it's possible for a motorist to be.

He is surrounded with comfort—and his driving is so relaxing and effortless and enjoyable that his mind clears, as the miles go by—and his heart grows gay and his outlook bright and hopeful.

He has literally driven his cares away!

You really ought to try it sometime. Come to think of it, you ought to try it today . . . after your day's work is done.

The car is waiting—and so are we.

## Michigan Mirror

by Gene Alleman

**Danger exists that Veteran Trust Fund monies will be misused if the Legislature keeps casting envious eyes on cash surpluses earned by prudent administration.**

This is the warning voiced by D. Hale Brake, State Treasurer. The risk of loose spending, he said, will be more severe if local

committees, who grant individual benefits, act on the theory that any of their allocation they do not spend in one year will be taken away.

Fifty million dollars were set aside for a trust fund in 1948. At that time the state had accumulated more money than it could spend under war-time restrictions. There was a general feeling everywhere that returning veterans were entitled to all possible help in adjusting to civil life.

Idea was that the \$50,000,000 was to be invested, the income used to meet emergency needs of veterans, their wives or depend-

## Turtles--Janitors of Lakes in State--Help Fishermen

Nature's janitor, the turtle, is the fisherman's friend.

This scavenger helps keep Michigan waters clean and clear of dead fish, their remains, and other refuse, according to Prof. Karl F. Lagler, chairman of the Department of Fisheries in the University of Michigan School of Natural Resources. The school this year is celebrating its 50th anniversary.

The ten turtle species "cleaning up" in Michigan differ in appearance and behavior, Professor Lagler explains, but they have some common characteristics too.

### Common Traits

He lists the latter as: body temperature rising and falling with that of air and water; burying eggs in porous upland soil and leaving them to hatch alone; and inactivity in winter, the turtles burying themselves in bottom mud or other soil.

In summer turtles require air to breathe and will drown if kept under water too long, but during the winter hibernation, they do not renew the air already in their lungs.

Dr. Lagler says that they all have a "back shell," the carapace, and a smaller "belly plate," the plastron. The turtles being "thus armored like miniature tanks, na-

ture has provided them some defense, because they cannot escape by fleetness of foot or destructive attack or have security," he continues.

### Snapper Vicious

One vicious on defense, though, is the snapping turtle, distinguished by a pronounced saw-tooth ridge on top of its tail. Preferring sluggish streams, ponds and lakes, it is found over the entire state.

The professor points out that the fastest swimmer of all of Michigan's turtles is the soft-shell, marked by its rubbery, smooth top shell. It is found only in lakes and rivers in the southern half of the Lower Peninsula.

Other Michigan turtles, distinguishing features and location are: blanding's, bright yellow throat and flecks on top shell, throughout the Lower Peninsula and central part of the Upper Peninsula; box, hinged belly plate enclosing all soft body parts, Lower Peninsula; painted, yellow streaks on side of head, statewide; and spotted, orange-yellow spots on scales of top shell, rare in the state, but found in the southern half of the Lower Peninsula.

Others are: wood, ridge-like keel on midline of top shell and dark blotches on scales of belly plate, Upper Peninsula and northern two-thirds of Lower Peninsula; musk, emits musky odor and is short-tailed and less than five inches long, southern half of Lower Peninsula; and slider, elongated body and frequent line-like red spot behind the eye, found only in the vicinity of Whitehall, Mich., and in Muskegon County.

### Benefits Outweigh Harm

Although a few turtles do feed on fish or their eggs and young to a limited degree, "their beneficial deeds outweigh any harmful ones," Dr. Lagler explains. In addition, they have commercial qualities unrecognized by many persons, because all except the box and wood turtles are edible. He says that they may be caught by hand or with an iron hook by probing in holes under water along stream banks and in bottom mud. The majority used on the commercial market are caught in barrel-shaped traps made of iron hoops and fish netting.

Dr. Lagler advises that the traps be set in shallow, soft-bottomed water near beds of pond lilies, with the upper portion of the trap extending above water. Bait can be a perforated, closed tin can containing fresh fish heads, canned salmon or sardines.

He warns trappers, "Obtain a Michigan fishing license, notify the conservation officer of the county in which the trap is to be used, and mark or identify it with the owner's name and address."

Legislators who designed the fund were not short-sighted. They knew that conditions would change; that the large nestegg would be in constant danger of appropriation by every agency needing money.

So several strings were attached to the methods of handling the \$50,000,000. The principal may not be spent. Only the income tax can be used. In this way, veterans are guaranteed an amount of money every year. Income amounts to a little over \$1,100,000 each year.

"Two important decisions were made at the time the fund was established," explained Treasurer Brake. One he listed as the granting of benefits at local rather than state level; the second was that money allocated to counties would be cumulative.

"In other words," Mr. Brake said, "we said to those local people: If you find that you don't need this year all of your share of the trust fund income, it will be credited to you and you can use it next year or five years from now -- it will not be taken from you."

Other trust fund machinery has worked as planned. Local committees of veterans examine applications from other veterans who face financial emergency. If the case seems worthy, a grant is made.

In only one year, 1949, was more money allocated to veterans than the fund earned. "Local committees," said the state treasurer, "have been very conservative in the use of trust fund income." Grants allowed veterans since 1946 total \$4,494,000. The following figures give a year by year accounting of money used for veteran emergency needs from the trust fund. This does not include expense of administration.

1946-47	\$ 415,000
1947-48	799,000
1948-49	873,000
1949-50	1,193,000
1950-51	613,000
1951-52	599,000

"Diversion of trust fund income," says D. Hale Brake, "has been growing to a point where it absorbs more than half of the income."

To prove his point, the treasurer quotes figures starting in 1947 when the Legislature took \$120,000 for administration expense. Each year the Legislature diverted more money until 1953 finds more than \$638,000, including \$120,335 for administration subtracted from the fund.

The state official was careful not to question on the value of the projects where the money was spent. His objections centered on appropriation of money from the

trust fund for any purpose other than emergency use.

Although no permanent harm is done, Treasurer Brake is concerned with the effect upon local committees by the Legislature's actions. "One can hear among county committees the expression of the thought that they might just as well use up the complete allotment because otherwise the Legislature will take the money from them," the treasurer warned. "That is not desirable thinking and the practice that promotes it should be discontinued."

Understanding was shown by the state treasurer for the plight of the Legislature when he said: "We must recognize that the Legislature has been in a very difficult position. Keeping essential services going in the face of a steadily mounting deficit has not been easy. Perhaps it's safe to say that they reached for more of the trust fund income in desperation and not with the intent to make the practice permanent."

Praise is due to county committees, the treasurer added. He said they have been doing a wonderful job and that their decisions have been on the conservative rather than the liberal side.

"There is a distinct advantage in having the real authority in the administration close to the people who are to receive the benefits," he said. Mr. Brake conceded local committees might have made errors but attributed them to difficulties in starting the program. He pointed out that "experience has shown that errors will be more frequent with cen-

tralized administration than with local administration.

What is the best guarantee that the fund will continue to function as originally conceived by the Legislature? Here is Mr. Brake's recommendation:

All who have responsibility in connection with the administration of the trust fund -- the local committees, state trustees, and those who wait upon the Legislature -- should keep steadfastly in mind the primary purpose of the trust fund, namely to furnish emergency help to veterans so that they need not go to welfare in case of unexpected difficulty. Anything tending to prevent the accomplishment of that original purpose should be insistently avoided.

## News About Salem

by Mrs. Lloyd Birckelbaw, Jr. Phone Northville 905-R12

**Salem Congregational Church**  
Mrs. Vera Clark will be hostess to the Congregational Ladies' Aid Thursday, July 16 for a picnic dinner on the lawn, with meeting following the dinner. All are cordially invited.

Rev. Ward Clark of Sanders, Ariz. is expecting to be with us in the near future. He and Mrs. Clark are working among the Navajo Indians in that state.

Mrs. Luella Boyson, home on furlough from French Equatorial Africa, will be with us for some time soon. We will announce the date of the coming of these missionaries later. Mrs. Boyson will have some interesting pictures of the land and the progress of their mission to show. This station in Africa is called Salem. So do not miss these rare opportunities to hear these fine ambassadors of the Cross.

**Salem Federated Church**  
The pastor and his wife wish to thank all those who so faithfully helped in the Vacation Bible School. We appreciate your help. Our record attendance for the past two weeks was 104, with the average attendance of 88 per day.

Our sympathy is most sincerely extended to the Coda Savery family following the death of their daughter, Serena, who passed away at 4 p.m. Sunday.

The church softball team will play a game this Thursday in Milford. Meet at the church at 7 p.m. They lost the game last

week against Milford Presbyterian Church by a score of 5-1.

Sunday School picnic will be held Saturday, July 11 at Island Lake. Meet at the church at 10:30 a.m.

The church board met Tuesday evening at the parsonage.

Dick Miller and Lila Rakestraw will be married in our church on Saturday, July 11 at 8 p.m. All are invited to the church.

Federated Ladies Aid will meet at the home of George and Iva Roberts July 23.

### Thank You

Elmo Clemens, who suffered an injured ear a few weeks ago while putting air in his wagon tire and subsequently spent a week in Sessions Hospital, is now feeling quite well again and wishes to thank all people who came to visit him and sent cards and flowers.

### Twins Born to Mother in Salem

Mrs. Bud Glass, daughter of Mr. and Mrs. Don Clement, of Salem, gave birth to twin boys Tuesday, June 30 at 7:45 a.m. and 8:15 a.m. at Sessions Hospital in Northville. The boys weighed five pounds, 15 ounces and six pounds, eight ounces respectively and have been named James Donald and Gerald Arthur.

### Escapes Injury in Accident

Mrs. Opal Carr, who lives on Brookville Rd., escaped injury last Wednesday, July 1 when her convertible hit a deep hole on Six Mile Rd., west of Salem, and then swerved through a fence and through Earl Fulkerson's pasture into the yard of the Howard Stillwell home where it finally hit a tree, tearing off a couple of patches of bark. An inch piece of steel was driven two inches into the tree trunk, and Mrs. Carr's automobile had a smashed right headlight and fender, and scratches from the barbed wire fences.

### Two 4-H Boys Leave for England

Two boys who are well-known to some Salem residents left Tuesday, June 30 for London, England where they will compete in the Royal Livestock Judging Contest.

Donald Proctor, son of Mr. and Mrs. Kenneth Proctor of Chelsea,

## Central States News Views

PLYMOUTH, MICHIGAN

Pontiac stands alone in its ability to match features and quality with the finest cars—at a price right next to the lowest.

Beauty-wise, Pontiac gets admiring glances everywhere, and this same fine styling carries through to its luxurious interiors.

Under the hood there's power to spare—and Pontiac handles so

easily, it's the closest you've ever come to effortless driving.

But Pontiac's greatest point of value is in its reputation for long life, dependability and economical operation.

In short, no car offers so much quality at so low a cost. A few minutes in our showroom and a few miles behind the wheel are all the proof you'll need.

## 4-Year Ford Scholarship Won by Walter Newton

Walter E. Newton, 325 First St., was one of five winners in this area of four-year scholarships presented Tuesday night, June 30 by William C. Ford, vice-president of the Ford Motor Co.

The scholarships were awarded to 74 high school graduates in 17 states by the Ford Co. in competition among sons and daughters of Ford employees in the United States. The scholarships will cover tuition, academic fees and a major portion of living expenses at the colleges chosen by the students.

### To Attend Harvard

Walter, who was Forensic Club president and a varsity debater at Northville High School, will enroll at Harvard University. He was also a student council member and an officer of the Future Teachers of American chapter as a junior and senior.

Winners were selected by a board of college officials who reviewed high school academic standing, results of a written examination, extra-curricular activities and personal recommendations of teachers and employers.

Walter Newton

Other winners in this area are Marian Miller, Joan Lee Kilburn and Pearl Kemnitz, all of Plymouth, and Harold P. Spehar, of Livonia.

Walter's father, James V. Newton, is in the valve department of the Northville plant.

### 3-Day Program

The winners spent three days at Dearborn. They registered Monday, June 29, and discussed the scholarship program with officials of the Ford Fund, which is not connected with the Ford Foundation, and saw the musical "South Pacific" in Detroit. Tuesday they toured the Rouge plant, Henry Ford museum and Greenfield Village before attending the awards banquet.

Wednesday's schedule included a tour of the Ford Archives at Fair Lane — home of the late Henry Ford — and a visit to the Ford Rotunda.

The F.O.E. Ladies Auxiliary, Aerie 2504, is planning a card party for Friday, July 10 at the home of Mrs. Ella Holmes, 447 S. Harvey St., Plymouth, at 7:30. Members may bring guests. Those planning to attend are asked to call the hostess.

## Police Answer 142 Calls in June

Northville police answered 142 calls during June, according to the monthly report submitted to the village commission Monday night by Chief Joseph Denton. The department collected \$1437 in fines.

Police investigated seven accidents and registered 115 traffic violations. One hundred and one summons were issued.

Two cases of grand larceny were noted and two cases of petty larceny. There was one juvenile case on the report and one case of vandalism.

Police investigated two prowler calls and recovered two automobiles which had been reported stolen. A stolen bicycle was also recovered. Police made 28 arrests which resulted in 28 court cases.

There was one uttering and publishing case in the report. Two persons were bitten by dogs and two dogs placed under observation. One dog was impounded, reclaimed and the owner fined. Six dogs were destroyed and one sent to the Pasture Institute.

Police found three windows open and unscreened and five doors unlocked. The department sent 15 teletype messages during June.

## Barbara Couse in Wayne Band School

Barbara Couse, 45875 W. Seven Mile Rd., is studying flute while attending the Wayne University summer band school, a six-week course offered by the University to outstanding high school musicians.

Composed of 140 students, the Wayne summer band presented its first concert of the season July 1 in the music shell of the State Fair Grounds. Another concert is scheduled there at 8:15 July 15. The students also will appear in a concert at Greenfield Village, at 3 p.m., Sunday, July 12.

Plans have been made for the band to play at three noon-hour concerts July 9 and 16 in the Putnam avenue area of Wayne campus. Climaxing their summer activities will be the band's appearance in four shows at Policemen's Field Day August 1 and 2.

This year's band is one of the largest in the long history of summer band schools. The members come from 35 different schools, including those of Detroit and suburban areas and Canada.

The F.O.E. Ladies Auxiliary, Aerie 2504, will hold their regular meeting Thursday, July 9 at 8 o'clock at their lodge hall on East Main St.

### CHRISTIAN SCIENCE CHURCHES

What constitutes true sacrifice is explained in the Lesson-Sermon under the subject of "Sacrifice" to be read on Sunday, July

12 in all Christian Science churches.

The Golden Text is from I Corinthians (5:8): "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth."

Among the Bible citations is this passage, (II Tim. 4:7): "I have fought a good fight, I have finished my course, I have kept the faith."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "prayer, watching, and working, combined with self-immolation, are God's gracious means for accomplishing whatever has been successfully done for the Christianization and health of mankind." (p. 1)

### FIRST BAPTIST CHURCH OF NORTHVILLE

Peter F. Nieuwkoop, Pastor  
Res. and office: phone 410

## Put your Ford in "Trip-top" shape

"Travelize" your Ford now!

You'll save time and money.

A vacation trip is one time when you want your Ford in the pink.

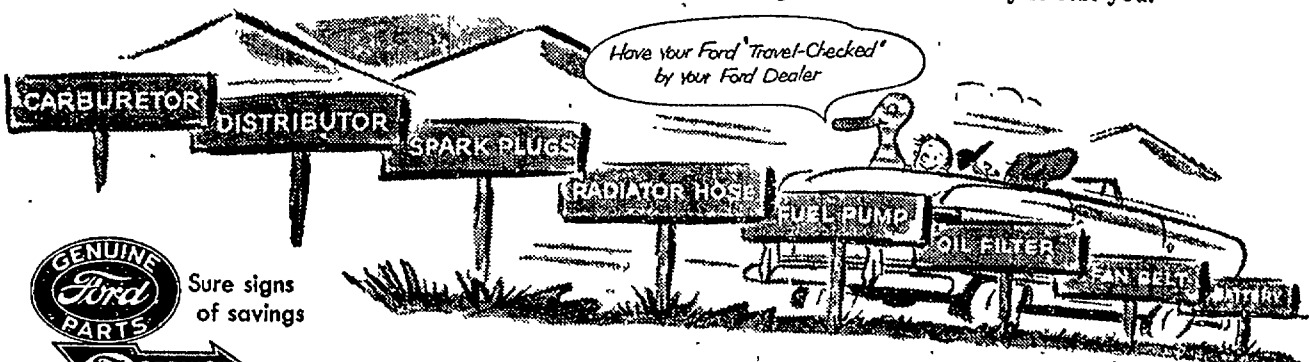

Travel-wise owners make sure by having their Fords "Travelized." And not at the last minute, either!

A week or so before their trip, they get the all-round check-up which their Ford Dealer is so well equipped to perform.

Then they know they're driving away in a car which has been given a

real "travel-check" by Ford mechanics who have at their disposal the advantages of factory-approved methods and Genuine Ford Parts.

Try this "Travelizing" idea on your own Ford. Let your Ford Dealer go over it point by point, with special attention to the eight under-hood items displayed below. You'll say the peace of mind alone was worth the little time and money it cost you.

You're in good hands at your Ford Dealer's
