Village Commission Now Working in New Comfort

The Northville Village Commission relaxed in new chairs and did village business over a new council table Monday night, while a lone spectator and two reporters lounged on new chairs. The new table and Commission chairs, along with new ash trays and desk blotter-pads, were furnished by Village President Conrad E. Langfield. The village bought the new chairs for

spectators. Left to right are Clerk Mary Alexander, Commissioner Claude Ely, Commissioner A. M. Allen, Commissioner Gerald Woodworth and President Langfield. Nearest camera are Commissioners John Stubenvoll and Alton Peters. The empty chair belongs to Village Attorney Philip R. Ogilvie, who is on vacation. He came in later, after driving 40 miles to attend the meeting.

Football Practice to Begin Aug. 31

The official opening date of football practice at Northville High School will be Monday, Aug. 31, according to Coach Al Jones. Jones asked the Record to emphasize the date because many players apparently believe the opening date to be Aug. 28. "State ruling sets opening date at exactly three weeks before the formal opening of the season," Jones said. Players have received letters from the coach giving instructions about physical examinations, but players not contacted and those who have not finished examinations before Aug. 28 may be examined at the high school that day. Equipment, including new helmets, will be issued Aug. 28 to players at 9 a.m. The first game will be against Plymouth, here, on Sept. 18. Coach Al Jones will be assisted by Dick Kay, Ron Schipper will coach reserve football.

Register Now for Citizenship Banquet

A second call for registrations for the annual Citizenship Banquet in October was issued this week by the chairwoman for the dinner, Mrs. Samuel Geraci. The banquet is sponsored by the Northville Coordinating Council. Mrs. Geraci said that those who will be teaching in other communities at the time the banquet is held, and those returning to college, may designate members of their families to receive their certificates by proxy. Honor guests at the banquet will be young people who have reached 21 years of age and who have not yet voted, and naturalized citizens who have not yet voted. All should register with Township Clerk Fred Lyke, 430 East Main St.

Extend Tax Deadline

The village tax deadline was extended to Sept. 20 by a no-comment vote of the Village Commission Monday night.

Northville Fire Department Helps In Battling General Motors Blaze

The Northville Fire Department alerted some 40 minutes after the flames were discovered — was one of nearly a dozen volunteer outfits that tried without success Wednesday, Aug. 12, to control the \$50,000,000 fire at the General Motors Transmission plant at Livonia. Fire Chief Bill McGee said the call for help was received at the Village fire hall here about 4:30. Within minutes, Northville's 15 volunteers and two trucks were on their way to the blazing plant. After about an hour, McGee directed ten of the firemen to return home. "After all, somebody had to protect Northville," he explained. McGee said he and several other firemen stayed at the scene for more than three hours. "There wasn't much we could

do except keep pouring water on the building," he said. "There was little or no chance to control it." McGee said the GM fire was "one of the worst I've seen." He said the only one to compare to it was the Ford Tank plant fire last year. "The Globe Furniture Company fire here in town was a big one, too," he said. McGee said none of the Northville volunteers were among the dozen or more firemen overcome by smoke. Over at Livonia, Fire Chief Calvin L. Roberts almost missed the biggest fire of his career. But as fate would have it, Roberts returned home one day early from a fishing vacation at Drummond Island in northern Michigan. Exactly 11 minutes after he

walked into his home, a phone call sounded the alarm for one of Michigan's most disastrous fires. Roberts told this week of the fateful day. "The family wanted me to stay (Continued on Back Page)

Rotarians Ask for Castoff Goods for Rummage Sale

Any old baby clothes, toys, books, clothing, kitchen utensils or furniture cluttering up that attic of yours? If that's the case at your house here's a good excuse to tackle that long-delayed job of making order out of chaos on the third floor — and help a worthy cause to boot. The Northville Rotary Club urgently needs everything you can contribute for a rummage sale to be held Sept. 11 and 12 under the grandstand at Northville Downs. Proceeds to Needy. The proceeds will go to help children who need an education, medical help or perhaps a chance to overcome a handicap. "We haven't had many calls so far to pick up items," Fred Anderson, co-chairman of the Rummage Sale publicity committee, said this week. "But we're anxious to collect all we can." Anderson reminded home-owners that all they have to do to help these children is: Check your attic or cellar for anything you think might be of value to someone. Call a Rotary Club member and arrange for a pickup, most of which will occur on Saturdays until Sept. 11. Last year, the club raised approximately \$800 through the sale of items ranging from an ice pick to a water softener. "The point to remember is that while something has no value for you, it might for somebody else," Anderson reminded. "And every bit of help that Northville gives means a chance for an unfortunate child."

Talking Over the Program

Michigan's Governor G. Mennen Williams (left) chatted with Oscar Hammond (right), Commander of the American Legion's 17th District, before dinner last Friday night at the Northville First Methodist Church House. The occasion was the Legion District's annual Memorial Service and dinner. Governor Williams was the principal speaker.

'Other Woman' Commission Extends Deadline On Trailers

A 49-year old Northville housewife was held on a first degree murder charge after she admitted shooting her husband Wednesday morning to climax a long series of domestic quarrels.

Wayne County authorities said the woman, Mrs. Catherine Flynn, confessed firing one shot from a .22 caliber rifle at her husband, Warren, as he sat sipping coffee at a kitchen table in their home at 116 N. Rogers.

The victim, a self-employed cement contractor, died minutes after the shooting while being taken in the Fred Casterline ambulance to the Atchison Memorial Hospital. He was believed between 42 and 45 years old.

In a statement to Assistant Wayne County Prosecutor Garfield Nichols, chief of the department's Allen Park branch, Mrs. Flynn said the shooting occurred after almost daily arguments over his attentions to another woman.

Early this week, she said, she went "somewhere on Seven Mile" and bought the .22 rifle and cartridges and hid them in a closet of their studio-type home.

Wednesday morning, she said, she rose about 7:30 a.m. and found her husband had left for work. She then drove into Detroit to see if her daughter had returned home from a vacation trip. After failing to find her daughter at home, Mrs. Flynn said she returned to Northville about 10 a.m.

"When I walked in I found my husband sitting there," Nichols quoted her as saying. "He said there was no work for him today."

Crime Reporter Turns to House Wrecking

Ralph Bidwell, Jr., veteran Detroit News police reporter, is one of the busiest men in Northville these days—but he's not working on a story.

Bidwell, on a six-months sick leave from the News, is helping his father, Ralph, Sr., demolish the three old homes on West Main St. to make room for the new Community Building.

The 34-year old reporter took sick last Feb. 16 at his desk in the Detroit Police Dept. press room.

"Just plain exhaustion," Bidwell explained. After spending nearly a month

in bed, Bidwell and his editors at the News decided his best bet was six months away from the stress and strain of big city newspaper life.

"I'm feeling a lot better since I've been working out of doors," Bidwell said this week. "Tearing down buildings is a lot easier than newspaper work—we're not under pressure all the time."

Bidwell, who has covered nearly all of the big murder stories in Detroit during the past 11 years, hopes to return to his news job this fall.

He lives at 19011 Loveland, Livonia.

The deadline on removal of trailers from Northville was extended to Saturday, Aug. 22, by the Village Commission Monday night after a 20-minute discussion touched off by pleas of a half-dozen trailer owners who said they have no place to go.

Most of them are horsemen with entries in the Wolverine Raceway harness meet at the MRA track in Livonia. The neighboring city does not allow trailers within its corporate limits.

The requests for extension of the deadline, originally

set for Tuesday, Aug. 18 by the village trailer ordinance, were made to Commissioner John Stubenvoll and Police Sergeant Gil Glasson, who conveyed the pleas to the Commission Monday.

It's Livonia's Problem

"I don't know why we should sit here and solve Livonia's problem," Village President Conrad E. Langfield remarked. "Livonia wants the race track money, but isn't willing to put up with the trailers."

One commissioner offered the suggestion that all three communities in this area which have harness meets get together and work out a reasonable plan for caring for the trailers during their individual meets. "We could either establish a central trailer area, or provide for parking areas in our own communities on an organized basis."

No Trailers Allowed "There certainly is no need for Northville to become a trailer (Continued on Back Page)

Chips Are Down for Baseball Team; Must Win Twice

The Northville baseball team will have a hard row to hoe Sunday afternoon.

The team must win both ends of a double-header from top-notch Auto Club at Cass Benton Park to claim the Inter-County League baseball championship.

Anything short of two victories will eliminate the Northville team from the two-loss-and-out tournament.

Win 2 Last Week

Northville came up with exactly that performance last Sunday when the team shut out Grandale 5 to 0 at Cass Benton at 1 p.m., then moved to Riverside at Plymouth to nudge Wayne out of the tourney 4 to 3.

Ace hurler George Tracey went the route in the first game, missing a no-hit performance on a scratch Grandale single in the sixth inning. Rudy Zeppa pitched seven innings in the second game, then gave way to Tracey, who finished the game.

Northville has already lost one game in the tournament. A second loss spells elimination. Auto Club, a powerhouse in the Detroit leagues, finished the regular season undefeated, and has lasted through the tournament without a setback.

Auto Club trounced Wayne 16 to 5 at Riverside Sunday before Northville handed out the second trimming of the day to the club. Auto Club then topped Teamsters 7 to 5 to eliminate that team.

The winner of the league tourney Sunday will play Ypsilanti, champions of another league, in a two out of three series for the district title. The winner will go to Battle Creek for the state meet.

3rd International Horse Show Begins Today

Entries in the Third International Horse Show began today to compete for \$10,000 in cash and trophies at Northville Downs in a show which will continue through Aug. 20.

Among the entries will be several belonging to Gerald Taft, of West Eight Mile Rd. His entries carried off 17 ribbons in 20 classes at the recent National Morgan Horse Show at Northampton, Mass.

Prize competition here includes the following classes: five- and three-gaited saddle horses; fine harness; walking horses; junior division judging on equitation and horsemanship over jumps; Morgan horses; conformation hunter division; working hunter division, and jumpers and western horses

Parking Lot to Get 25 to 30 Meters

Between 25 and 30 new parking meters will be needed for the village parking lot at the junction of Hutton and Main streets, the Village Commission estimated Monday night.

The Commission asked Commissioner Alton Peters to contact a representative of the McGee-Hale Co., which installed Northville's other parking meters, to make a survey of the lot for installation of the meters.

Meters Cost Nothing

The company was selected because it sets up a method of paying for meters out of income from them, resulting in the village eventually owning them without having to make a cash outlay.

Dealing with the McGee-Hale Co. would also keep repair and upkeep standardized.

Most Commissioners leaned toward installation of two-hour meters rather than four. It was felt that four-hour parking for five or ten cents would result in endless clogging of the lot, ending finally in what would amount to an all-day parking lot.

We Hope, We Hope, We Hope . . .

They have their fingers crossed, wishing themselves good luck when their baseball team faces Auto Club Sunday in two games at Cass Benton Park. Northville must win both to claim the league title, and the trophy donated by the

Coca-Cola Co. held by Manager Steve Folino (center). At left is Harry Himmelstein, owner of Brader's Department Store. At right is Cy Owens, Northville Ford dealer. They are co-sponsors of the ball team.

Rolling Down The River

by the PETZ BROS.

Here we are the other morning, minding our own business when in strides a gent to remark he had been reading this column and from every indication perhaps we were a candidate for Alcoholics Anonymous. "Matter of fact," said he, "I've been thinking of joining myself. I've always wanted to find a place I could do my drinking in the Q.T."

Man, oh man, is he in for a surprise, but then again, you'll be too when you first get behind the wheel of the Studebaker for '53. Nothing quite so stimulating, to our way of thinking, as the thrill of a fine motor car and you'll find everything you've hoped for in the Studebaker. Abundant power, ease of handling, perfect vision, amazing comfort and more economy than you ever believed possible. You owe it to yourself to try the Studebaker now!

We know a fellow who employs a very good stenographer — can spell and everything — but she's always late for work in the morning. Figuring that he could get three or four extra letters per day if the girl arrived at nine instead of being half an hour late, he asked if she wouldn't be on time the next morning. "But," said she, "I tried that once and it made the day too long!"

Perhaps the longest day you'll ever put in is the day the car falls for because of neglected service, and you spend several hours along some highway awaiting success. Of course, we wouldn't rush up and say we told you so, but we would like to remind you to go take a check of that service card on the door frame and find out the last time you took advantage of the fine grease and oils we dispense in our shop to say nothing of the motor tune-up your car undoubtedly needs.

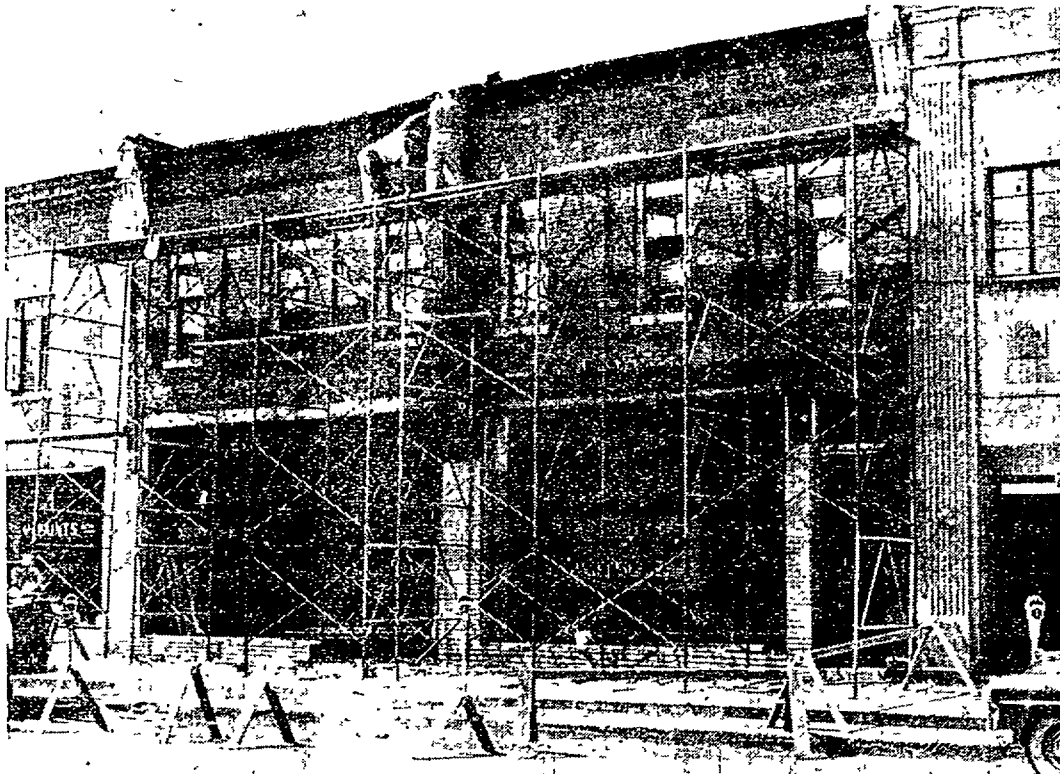

That's that, but we overheard a fellow remark about his boss the other day, "The bigger a man's head gets, the easier it is to fill his shoes."

The Wreckers and Builders Are At Work In Locality

Facelift jobs on two Northville business places were underway this week at the Schrader Furniture Store and Stone's Gamble Store. Meanwhile, wreckers began demolition of three old homes on West Main St. to make way for the Community Building. Above, left, the first of the three homes began to come down, the

other two to follow by Sept. 15. Above, right, scaffolding stretched into the air as workmen tore away old facing on the Schrader building to replace it with modern materials. Below, Roy Stone, owner of Stone's Gamble Store, surveys debris which came from the floor above his store as old partitions are torn away.

Schrader, Gamble Stores Undergo Remodeling; Houses Coming Down

Extensive remodeling programs were under way at two Northville stores this week as demolition crews swarmed over three old homes on West Main St. to clear the way for another mark of progress—the Community Building.

Workmen at Stone's Gamble store on East Main St. worked against a Sept. 15 deadline in clearing and remodeling the second floor of the building.

Boys Store's Favorite
Frank James Hicks, weighing eight pounds, five ounces at birth, was welcomed at Mt. Carmel Hospital in Detroit by his mother and father, Mr. and Mrs. Blaine Hicks, of 10336 West Seven Mile Rd. on Monday, Aug. 10. Frankie has one brother, Stanley, and two sisters, Linda and Sue.

Mr. and Mrs. Charles Raymor, Jr. are the proud parents of a boy, Charles Leo Raymor, who weighed five pounds, two ounces when born Aug. 14 in the maternity hospital in Concord, Mich. Mrs. Raymor is the daughter of the Leo Van Bonna of Pontiac Trail, while the paternal grandparents are Mr. and Mrs. Charles Raymor of Salem.

Church Softball League
In the third and final playoff game of the season for the church softball league played on Monday, Aug. 10, the Salem Federated team lost to Wixom Baptist by a score of 11-3, which put the home team in second place in league standings. Three players from the Salem team were picked for the All-Star game of the various church teams on this Thursday night when members from four of the teams will play at Milford against those selected from the other four teams of this league. The three Salem players chosen to play Thursday, Aug. 20 are Bob Pickard, Duane Scheel and Jimmy Tanner.

On Tuesday, Aug. 11, Mr. and Mrs. George Tanner entertained the Federated softball team, their wives, sweethearts and families at a party at their home on Chubb Rd.

Double Capacity

Owner Roy Stone said renovation of the second floor will nearly double his present capacity and give Northville "one of the most complete small town stores in this area."

Stone also plans to install an interior stairway leading to the new second floor. In addition, storage space in the rear is being expanded and a new fluorescent lighting system installed.

Eventually, a new tile floor is to be laid on the first floor. Stone also plans an extensive face-lifting job at the front of the store, including a new sign.

"We're shooting for a grand opening on Sept. 15," Stone said. "Of course, we're open for business as usual while the work is in progress."

Work on Schrader's

"Business as usual" also was the rule at the Schrader Furniture store on North Center St. as carpenters and stone masons worked on a new cut-stone and redwood store front.

The new store front will stretch across the two buildings now occupied by the firm. Large display windows will be set in the stone, topped by a redwood canopy. The store's name will be set in block letters above the canopy.

A large, new store entrance also is part of the re-building job. Owner Nelson C. Schrader, Jr. said extensive interior remodeling also was planned.

Wrecking Old Homes

A demolition crew headed by Ralph Bidwell, Sr., South Lyon, was making rapid progress in its job of tearing down three old homes on West Main to make way for the Community Building.

The homes, owned by Mrs. Adella B. Brock, Fred Van Atta and Fred Mosher before they were bought by the village several

years ago, are estimated by Bidwell to be nearly 100 years old.

"Surprisingly enough, a lot of the wood is practically as good as new," Bidwell's son, Ralph, Jr., said. "You also can see how much better built homes were in the old days. For instance, while today builders use mostly two-by-fours — and not too many of them — in the days when these homes were built they used two-by-fives. That made for a much better house."

Bidwell plans to sell some of the salvagable materials and use the rest for a home he is building. The homes are expected to be torn down to ground level by early next month.

In recent years, the buildings have been used for classrooms and apartments.

Sewage Station Reacts to Rain

An unpretentious-looking cinder block building at the corner of Floral and Joy roads—rarely noticed by a passer-by—actually is the nerve center of one of the city's most important services.

The building houses Livonia's single sewage pumping station and serves the area bounded by Middlebelt, Inkster, Schoolcraft and Joy roads.

It exists for the single purpose of raising sewage from this area to a higher level, from which it can flow by gravity to a main sewage trunk at Merriman Rd.

Two pumps operate almost continually. Three other "storm pumps" are on 24-hours-a-day stand-by action, and swing into action automatically when heavy rains fall.

All five pumps are controlled by a series of mercury switches which, in turn, are controlled by a glass float imbedded in a sewage pipe some 40 feet beneath the ground level.

When a heavy rain falls and the sewage level rises in the pipe, the float activates the mercury switches which make an electrical contact. The contact sets the heavy-storm pumps in operation.

Doctor Issues Hay Fever Warning

A University of Michigan allergy specialist warned this week that there may be more to hay fever than a brief period of sneezing and watery eyes.

Hay fever may start a chain reaction of allergy to such things as dust and food, according to Dr. Kenneth P. Matthews, assistant professor of internal medicines at the University.

Dr. Matthews also said that from 35 to 40 per cent of hay fever sufferers eventually develop bronchial asthma, a much more serious disease.

There are so many kinds of pollen and fungus spores that the hay fever problem varies with geographical area, the individual and the season. The most common type will begin in Michigan Aug. 15, when ragweed starts to pollinate, and will run until late September.

Dr. Matthews lists a few "don'ts" for persons susceptible to hay fever:

Don't hike through the countryside.

Don't drive with the car windows wide open.

Weather permitting, keep bedroom windows closed.

Don't work in the garden and avoid close contact with all cultivated flowers.

Weeping may endure for a night, but joy cometh in the morning. —Psalms 30:5

Heart Group Gives Research Funds

The Michigan Heart Association has awarded more than \$92,000 for 14 research projects in the field of heart and blood vessel diseases during the current fiscal year, Dr. Henry L. Smith, association president, reported this week.

Two additional heart research projects in Michigan were awarded financial grants under joint sponsorship of the American and Michigan Heart Associations, Dr. Smith said.

These projects amount to \$10,000 and are being conducted by

Dr. Carl Djerassi of Wayne University, and Dr. Anastasius S. Dostas of the University of Michigan.

The projects are being conducted with funds received from "united" campaigns in the state as well as from Memorial Contributions to the association.

Food Sense—Not Nonsense

GET IN THE ACT

Get in the act with riboflavin, one of the B vitamins. You need it, if you want to take a bow for better health. Riboflavin, when you get enough of it, is more than a partner. It takes on the job of a stage manager in your body. The result—other food substances may be used more efficiently.

Without this vitamin, the protein food you eat could not be properly used in the manufacture of new body cells or in the repair of old ones. In this show, riboflavin also helps set the pace by assisting in the release of energy from fats and carbohydrates—your body fuel. If too little riboflavin is in your three meals a day, cracked and sore areas at the corners of the mouth may develop. Burning and bloodshot eyes, which may be unusually sensitive to the bright light, may also occur. With slight deficiencies of this vitamin, symptoms may not be visible, but deficiencies may be accompanied by a generally lowered state of health, efficiency and earning power.

Riboflavin is an easy-to-get vitamin because it is widely distributed in nature. Requirements may be met easily if you use moderate care in selecting your food from all the well-known basic food groups. To be certain that riboflavin will "get in the act" put some liver in the market basket and do it often. Liver, either chicken, calves' or pork liver is the best food source of riboflavin. It also is found in large quantities in leafy vegetables such as turnip greens, spinach and kale. The eggs, milk and cheese which you include in your meals play a part, in the show that must go on, by furnishing good amounts of riboflavin.

Along with other members of the B vitamin family, riboflavin co-stays in the enrichment of bread, flour and cereals. Enriched bread contains more of this vitamin than does whole wheat bread. Because plenty of riboflavin is used in enriching cereal foods, the amount in everyone's daily food is increased regardless of the number of dollars spent at the grocery store or super-mart.

Thrill Cavalcade Replaces Rodeo at State Fair

The Cavalcade of Thrills—a giant program of circus acts—will replace the traditional rodeo as the major grandstand entertainment at this year's Michigan State Fair, Sept. 4 through 13.

As usual there will be an auto thrill show before the grandstand and this year it will be the Congress of Canadian Daredevils appearing in Michigan for the first time. Featured will be the shooting of a convertible automobile from a cannon.

Also before the grandstand will be a 250-mile Stock Car Race and, of course, there will be a nightly display of fireworks.

The Canadian Daredevils will begin the ten day Grandstand entertainment with matinee and evening performances on the first two days of the State Fair, Sept. 4 and 5.

Then, for seven afternoons and evenings, Sept. 6 through 12, the Cavalcade of Thrills will present a great outdoor circus show including such outstanding performers as the Zaccinis Human Cannonball act; Terrell Jacob's Jungle Beasts; The Great Teleco, sway pole artist; Ulaine Malley, high trapeze; two elephant

acts; the Juggling Jewels; Florida, a pedestal unicycle act; Nelson's Trained Pigs, and many other acts.

Climaxing the grandstand program will be the 250-mile Stock Car Race Sunday afternoon, Sept. 13.

Permits Issued to Build 72 Livonia Homes

Permits to build 72 new homes were issued during July in Livonia, according to Don Wilson, chief building inspector for the city.

This figure compares with 145 permits issued during June. Valuation on the July permits was fixed at \$782,300, as against \$1,720,700 for the month previous.

Eight permits were issued for commercial building in July, compared with 12 in June. Dollar-wise, the two monthly figures stand at \$70,750 for July and \$312,550 for June.

Residential building additions stood at 28 for July. The valuation was \$24,075.

June figures for additions were 28 permits at a total valuation of \$37,245.

State Police Check Boats for Licenses

A special detail of Michigan State Police spent a week visiting shoreline areas in the state to give a friendly warning to boat owners to comply with the license tax law before a check-up on delinquents began Monday, Aug. 10.

It is estimated there are 20,000 boats subject to the tax, but up until July 24 only 5,240 licenses had been issued.

The tax applies to boats 16 or more feet in length. Exempt are boats propelled solely by muscular power or detachable outboard motors, and those operated on inland lakes having neither a navigable inlet or outlet.

The check-up was made by the State Police at the request of the State Waterways Commission, which receives all of the revenue from the tax for the improvement of navigation facilities.

Failure to have a license is a misdemeanor punishable in justice court by a fine up to \$100 or 30 days in jail.

The licenses are issued in marine areas by branch offices of the Secretary of State and some marine dealers.

During the first several days following the announcement enforcement action would start Aug. 10, there were many inquiries, but only a mild increase in sales and most of these were in the Detroit area.

Funeral Rites Held for Villager's Father

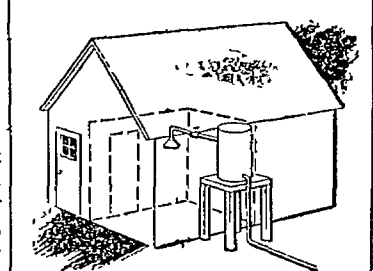

Funeral services were held last week at Coalport, Pa., for Clarence M. Fulton, who died Aug. 8 at 71 years of age.

Surviving him are his wife and six children: Jesse and Mrs. Blanche Young of Coalport; Mrs. Florence Patterson of Northville; Mrs. Mae Johnston of Johnston, Pa.; and Norman and Harold of Plymouth.

He was a member of the Coalport Christian Missionary Alliance Church for the past 40 years.

ON THE farm, there usually is a building available for the installation of a wash-up house—a building within another, so to speak.

Glance at the illustration, and the simple construction of such a private room within the barn, machine shed, garage, or back porch

will be evident. Actually, all that's needed is a framework of 2 by 4-inch lumber, spaced 18" apart to form the boundaries of the wash-up room, and some panels of 1/4" tempered Preswood.

The panels are easily nailed into place to form the room within a larger one. They are moisture-resistant and will stand considerable abrasion.

A shower may be made from a hoghead barrel and piping, as shown.

To Start West Main Sidewalk Repair

The Village Commission decided Monday night to make immediate preparations for repairing nearly two blocks of damaged sidewalk on the north side of West Main between Rogers and Linden streets.

Village Clerk Mary Alexander was instructed to write property owners along the damaged section giving them the choice of either having the work done by a contractor of their own choice or allowing the village to do the job. In either case, the property owners would foot the bill.

Commission members agreed the work should be done before the start of school since a number of children use the route.

Open Windows Up Accident Rate

Open windows may help make the hot summer months more comfortable but they're also responsible for a sharp upswing in the number of home accidents.

That's the report of the Institute of Safer Living of the American Mutual Liability Insurance Company which has just completed a study of summertime home accidents.

Falls from windows total more than 15 per cent of accidents among small children during these months and rank high on the list of home injuries to teenagers and grown-ups, the Institute reports.

The majority of accidents occur to persons cleaning or repairing windows. Other leading causes include slipper floors, sleepwalking, intoxication, inattention while sitting on sills and leaning from windows to converse with someone outside.

The following suggestions from the Institute may help prevent a window tragedy in your family: Protect slippery floors in front of windows and move furniture well away from windows that are left open.

Keep small children away from open windows. Remove or secure any light furniture or boxes that a child may climb upon after pushing it to a window.

Place securely, fastened, substantially made screens on all open windows.

Protect windows having low sills with one or more horizontal bar guards placed at the proper heights to block falls.

Final Rites Held for F. W. Willis

Frank W. Willis passed away suddenly at his home, 17215 Omira Ave., Detroit, on Tuesday, Aug. 11, 1953.

Son of the late Emma and Mark Willis, he was born Dec. 9, 1889 in Northville where he attended schools. He was a veteran of World War I, later going into the building business with his brothers in Detroit where he also conducted a wholesale oil business. For the past ten years he had been associated with the Eclipse Counterbore Company. The deceased was a member of Northville Lodge F. & A. M.

Funeral services were conducted Friday afternoon from the Haley Funeral Home, Detroit, and interment was at Grand Lawn Cemetery.

Mr. Willis is survived by his wife, Alta; a daughter, Betty, and a son, Willis Earl, of Detroit. He was the brother of Mrs. Flora VanDyne, Mrs. Ruth Humphries and Ralph B. Willis of Northville and the late Mark and Ernest J. Willis.

Commission Accepts Well Acidation Bid

The bid of Joseph Plunkett of Dowell, Inc., Dearborn, for acidifying Northville's No. 2 water well was accepted Monday night by the Village Commission.

Plunkett offered to do the job for \$419.20, the same price he charged for acidizing the city's No. 1 well recently. The work will be done starting at midnight and includes cleaning screens, casings and pumps to improve the rate and flow of water.

Novi Girl Scout Is State Delegate to National Camp

The Novi senior girl scouts of Troop 1 are represented at the 1953 all-states encampment by Shirley Snow, daughter of Mr. and Mrs. Royal Snow of Novi. Shirley is one of the three representatives from Michigan at the two-week encampment, which is being held by the National Girl Scout Organization during the month of August at the Buffalo Bill Youth Camp near Cody, Wyo.

This is the third All-State Encampment, and the largest, including nearly 200 senior girl scouts. The site of the encampment in Shoshone National Forest near Yellowstone Park, provides opportunities for the girls to explore and take mountain trips, camp-out overnight, and study the plants and wildlife of the area.

Purpose of the camp is to give senior girl scouts an opportunity to camp with girls from all sections of the United States, and to do really adventurous camping in a section of the country that is picturesque and full of wildlife.

The girls have just returned from a trip through Yellowstone National Park, and will visit the rodeo in Cody this week. Horseback riding on mountain trails is reported to be a favorite activity.

In selecting senior scouts for the encampment, much thought was given to their skills and knowledge of camping techniques as well as their qualities of leadership, knowledge of girl scouting, and ability to represent their own communities well.

BPW Club Begins Membership Drive

Any woman who is employed, owns a business or is in the professions is considered by the Business and Professional Woman's Club to be a business woman. As such, she is cordially welcomed, regardless of age, to membership in the local chapter, Mrs. Arthur B. Carlson stated this week.

Mrs. Carlson, who is spearheading the club's fall membership drive now under way, said that any local business woman interested in joining this international women's service club or wishing additional information about its function may call at her home, 201 Fairbrook Rd., phone 402.

"We're eager to enlarge our chapter and to expand its services," she emphasized, "and we need the cooperation of every business woman in Northville."

Assisting Mrs. Carlson as drive members are Mesdames: Bernice Denuene, Clara Farmer, I. Beauman Letchfield, Artura Verschaeve, Dorothy Janchick and the Misses Ida Blucher and Evelyn Ware.

The club will formally begin its season of activity on Sept. 28 with a dinner meeting at the First Methodist Church House.

We have nothing to fear when Love is at the helm of thought, but everything to enjoy on earth and in heaven.

Canned Salmon For Summer Salads

THIS SUMMER IT'S SALMON in a cool, refreshing salmon salad, loaded with nutrition, with body building protein and with that appetizing appealing salmon flavor. Canned salmon is a treat to use in hot summer weather because it's ready to serve as it comes from the can. The succulent chunks make delicious eating served plain or with lemon or lime juice. Or combine with fresh garden vegetables as in this salad platter.

Salmon Salad
1 1-pound can salmon, drained and flaked
2 hard-cooked eggs, chopped
1 cup diced celery
1/2 cup French dressing
1/2 teaspoon salt
1/2 cup green peas
1/2 cup mayonnaise
Stuffed olives, sliced

Toss together lightly salmon, eggs, celery and French dressing; sprinkle with salt. Arrange on salad greens and garnish with mayonnaise and sliced stuffed olives.
YIELD: 6 servings.

Red Cross Seeking Personnel for Assignments to Far East Area

It's not so far from Northville to the Far East and other interesting places, if you have a few qualifications. The National Red Cross is seeking, according to Leslie This, director of personnel, Red Cross Midwestern Area Office. The Red Cross, in a nationwide search for qualified paid personnel to serve with its staff at military installations all over the world, is combing the country for eligible persons.

In its traditional responsibility of service to the armed forces, the Red Cross has been charged with the task of supplementing the Army's special services program with a club and clubmobile program of its own to provide leisure time activities for able-bodied servicemen.

Ever present with the armed forces in the emergency of war, the Red Cross remains with American troops in peacetime, maintaining vital, morale-building recreational facilities for GIs, wherever they are stationed. The cessation of hostilities in Korea has created an urgent need for prompt expansion of these facilities.

To be eligible, women must be between 23 and 40 years of age, with college training or special aptitude in recreation, education, music, dramatics, speech and art. The salary scale will be determined according to background and experience. In addition, the Red Cross pays maintenance and travel for all its overseas personnel.

Women selected will receive two weeks orientation at Red Cross headquarters in Washington, D.C., and then go overseas. They will also be entitled to a short training period in Japan, after which they will be given their Far Eastern assignment.

Openings are also available for young men, preferably veterans who are college graduates between 25 and 35 years of age as assistant Red Cross field directors for service with troops. Two important qualifications for this position are world-wide mobility and physical fitness.

Men who qualify will serve for a year in a domestic station as counselors to servicemen, advising them and lending assistance on such personal problems as

emergency leaves, dependency discharges, medical reports, and emergency financial assistance. Then they will receive two-year assignments abroad, either in the Far East or Europe.

Married men are entitled to bring their families overseas. Red Cross pays travel and maintenance for its personnel, and will pay transportation and maintenance en route for dependents joining employees overseas.

Men and women interested in receiving further information on these openings should write to the Director of Personnel Service, Midwestern Area Office, American National Red Cross, 4050 Lindell Boulevard, St. Louis 8, Mo.

BPW Erects Sign at Village's Entrance

Drivers on Plymouth Ave. are now being welcomed to Northville by a sign erected last week by members of the Business and Professional Woman's Club.

The statue of "Nike", the Greek goddess of victory, which is depicted on the new sign, was one of several originally set up by the Greeks to Nike and the Winged Messenger of Zeus in Athens. As one of the finest examples of sculptures of its period, the classic statue was first erected about 306 B.C. by a Macedonian King in honor of a naval victory.

Reason for the club's selection of the statue of Nike to embellish its sign may be found in the interpretation of its emblems: the scroll for knowledge; the wand, enlightenment; the ship, progress, and the statue of Nike itself, a symbol of victory.

Northville Girl Plays With All-State Band

Carolyn Burkman, 535 East Eight Mile Rd., Northville, was one of 195 young musicians who performed with the All-State High School Band recently at the National Music Camp in Interlochen, Mich.

Miss Burkman, a clarinetist, spent from July 27 to Aug. 8 at the northern Michigan camp.

Rotarians to Hear Abraham Brickner

Abraham Brickner, psychiatric social work supervisor of Northville State Hospital, will present colored slides and a talk about the hospital to members of the Northville Rotary Club at its luncheon meeting Tuesday, Aug. 25.

Colored slides showing patients participating in various activities will be shown along with illustrations of the treatment program and the hospital's modern facilities.

Concluding the program will be an open discussion and question session.

Checker, Zell Ball Tournaments End

The last summer events in the Recreation program were checker and zell ball tournaments in which 62 took part, according to Director Wilson Funk.

Winners in the checker tourney were Roger LeFevre, first; Gary Kohs, second, and Mike Baggett, third.

Two of the winners repeated in the zell ball tournament. Young LeFevre again won first place. Karl Karg was second, and Gary Kohs placed third.

Orange Blossom News Is Revealed Miss German Tells Plans for Sept. 19 Nuptials

Tulane German and Ray Curtis have set their wedding date for Sept. 19.

They'll be married by candlelight in the First Methodist Church by the Rev. William Richards, former pastor of the church who also married the bride-to-be's parents, Mr. and Mrs. Harry German. Assisting him will be the Rev. Ivan E. Hodgson.

Tulane has asked Mrs. Kenneth Pankow to be her matron of honor and Katie Kampf and Donna Schnute are to be bridesmaids. Her niece, Gail Nirider, will attend as flower girl, along with ring bearer, David German, the bride-elect's nephew.

After a reception at the German's Orchard Dr. home, the couple will leave for an undisclosed honeymoon destination, finally stopping at Princeton, Iowa, Ray's home town, where they'll set up housekeeping.

Shower Held

Tulane revealed her wedding plans at a miscellaneous bridal shower given in her honor Thursday evening. Her aunt, Mrs. Essie Nirider who hosted the affair at her home on Grace St., invited Mesdames Robert Elv, Loyal German, Kenneth Pankow, and Mrs. Alfred Smith, all of Northville, for the festivities.

More party-goers were Carol VanAken and Margaret Wilson of Plymouth; Mrs. William Taft of South Lyon; Mrs. Harry E. German of Belding, and Mrs. Harry German, Sr. and Mrs. Leon Havel of Carleton.

Vets' Dads Host State Convention

Northville Post 130 of the Dads of Foreign Service Veterans played host Sunday at the V.F.W. Hall to the group's mid-summer convention.

Visiting posts were represented by 31 members from around the state including two representatives from Boyer Post 49, Muskegon Heights; three from Hickory Hill Post No. 51 of Walled Lake; one from Lawndale Post No. 52, Detroit; six from D.F.S.V. No. 54, East Detroit; six from Luzon-Argonne Post No. 57, Kalamazoo; 12 from D.F.S.V. Post No. 97, Van Dyke, and one from Broadhead Post No. 104, Detroit.

The visitors were welcomed by Al Smith, Sr., president of Post 130. Smith then introduced State President Webster of Muskegon Heights.

The morning meeting was followed by a roast beef dinner served by the Ladies Auxiliary of Northville V.F.W. Post 4012. The afternoon session adjourned at 4:30 after which members enjoyed sandwiches and coffee at the V.F.W. Hall.

Bowlers to Discuss Season's Regulations

Rules and regulations for the approaching bowling season will be outlined at a meeting of the House League slated for 8 p.m. Monday night, Aug. 24, at Royal Recreation, 120 West Main St.

All bowlers are invited to attend this important meeting scheduled to establish bowling rules before the start of the league's fall season.

Town's New Arrivals Are Baby Girls

Charlotte Denese is the name of the new baby daughter born Aug. 14 to Mr. and Mrs. Ross Snow of South Wing St.

The baby weighed seven pounds and two ounces when she arrived at the Garden City Hospital. Her mother is the former Martha Humphries, daughter of the John R. Humphries, of Novi Rd.

A reception line of five brothers and five sisters will welcome baby Rita Catherine McGuire to their home on Orchard Dr. when she comes from Providence Hospital, Detroit, where she was born Tuesday. Parents of the eight-pound baby are Mr. and Mrs. John McGuire.

Open House Marks 50th Wedding Date

Fifty years have passed since Mr. and Mrs. Orlando Munro, of 44801 West Grand River, Novi, pledged their marriage vows.

The couple was married Aug. 12, 1903, at 45475 Grand River, then the home of Mr. Munro's uncle, the late DeLos Leavenworth, and Mrs. Leavenworth.

Last Sunday afternoon, scores of relatives and friends gathered to congratulate the couple on the date of their golden wedding anniversary at an open house given by the Munro's cousins, Mr. and Mrs. William Hansor, who now occupy the Leavenworth home, which was decorated with masses of golden gladioli for the occasion.

Mrs. Julia Hutton of Detroit, a bridesmaid at the ceremony half a century ago, was an honored guest at the affair.

Assisting the Hansor's as co-hostess was Mrs. Marvin Guntzville, daughter of the honored couple.

A four-tiered wedding cake adorned with intricate gold motifs centered the refreshment table covered with a white and gold damask dinner cloth. Mrs. Ed Behrnt and Mrs. George Waite poured and serving were Mesdames: Harold and Robert Hansor, Miss Lillian Hansor and Mrs. Eva Evans of Ypsilanti.

During the festivities, the couple's son, Donald, of Pomona, Calif., and Mr. and Mrs. Charles Horner of Tarveris, Fla., phoned congratulatory messages.

Out-of-town guests registered from LaPorte, Ind., Detroit, Ypsilanti, Pinckney, Howell, Fowlerville, Oak Grove, Portland, Royal Oak, Northville, Farmington and Livonia.

LADIES' AID SLATES THURSDAY MEETING

The Ladies' Aid of St. Paul's Lutheran Church will meet at 8 p.m. Thursday, Aug. 20 in the Parish Hall instead of at the home of Mrs. Herman Kreeger in Salem as had been previously planned.

Festivities Are Under Way for Fall Bride-Elect

A bar shower and supper party at the Grosse Pointe home of Mrs. Karl Behr Saturday evening, launched a marathon series of parties leading up to Camilla Holden's approaching marriage.

The daughter of the Parker Holden's of West Main St. will become the bride of Richard L. Hackett of Jackson on Sept. 26. They'll exchange marriage vows at St. Paul's on the Lake, Grosse Pointe, with a reception to follow at the Detroit Boat Club.

On Aug. 22, Mrs. Roger V. Walker and her daughter, Mrs. Robert Joseph, will entertain for Camilla at a miscellaneous shower and luncheon at Mrs. Joseph's home in Detroit.

Mrs. William H. Aston, great aunt of the bride-elect, has planned a swimming and golf party at Meadowbrook Country Club for Aug. 30 to be followed by a buffet supper at her Haggerty Rd. home.

A kitchen shower and luncheon at the Detroit Boat Club is scheduled for Sept. 1 with Mrs. Frank Weber of Romeo hosting the affair.

Mr. and Mrs. J. J. Temple are planning to host a dinner on Sept. 5 at the Detroit Athletic Club for Camilla and Dick and the entire bridal party and on the following Wednesday, Mrs. J. W. Hackett will introduce her son's fiancée to her friends at a tea at her home in Jackson.

The next few days have been left free for Camilla to attend to countless last-minute details, and then on Sept. 25, the night before she and Dick are to be married, the prospective bridegroom's parents, the J. W. Hackett's, will give the rehearsal dinner at the University Club, Detroit.

Salem News

Continued from Page 2)
weeks ago, submitted to another operation at University Hospital in Ann Arbor Monday morning of this week.

Salem residents are quite proud of Edwin Trombley because of his heroic efforts in leading five-telephone operators to safety during the big GMC fire Wednesday, Aug. 12. Mr. Trombley was overcome by smoke after safely reaching the ground and required two tanks of oxygen and several penicillin shots and other drugs during his stay at Wayne County General Hospital where he was taken by ambulance. Although Mr. Trombley is now at home there is still some danger of his contracting pneumonia because of the smoke he inhaled which also burned some of his lung tissue, so he is still bedfast. Let's be sure to remember Mr. and Mrs. Grace and Mr. and Mrs. Trombley with our prayers, cards and thoughts during this trying time for the two families.

Social Life
Mr. and Mrs. Glenn Burnham and daughter, Bonnie, and Mr. and Mrs. Lloyd Birkelbaw and daughters drove to Jackson Tuesday evening, Aug. 11 and after having supper there, went out to see the Cascades, which were donated to the County of Jackson following the death of William Sparks of the Sparks Foundation who was responsible for their being built in 1932. The Cascades are truly beautiful because of the ever-changing colorful lights which are operated nightly behind the waterfalls, and many people come each night to see them.

Thursday evening of last week, Mr. and Mrs. Glenn Burnham and Bonnie, Priscilla Hilton, and Mrs. L. Birkelbaw, Jr. attended the Washtenaw County 4-H Fair at Ann Arbor and saw the annual county 4-H amateur show. The fair was exceptional this year with many worthwhile displays of 4-H work and also exhibits of work of extension groups and rural schools of Washtenaw County.

Lauri Ann Bryan, 15-month old granddaughter of Mr. and Mrs. George Eggenberger of Salem, has been visiting her grandparents for the past two weeks while her parents and brother of Romeo, Mich. vacationed in northern Michigan. Lauri Ann's brother was stricken with appendicitis on the second day of their vacation and was hospitalized there where the appendix was removed.

Mr. and Mrs. Ernie Evans of Plymouth spent Tuesday with her sister and husband, Mr. and Mrs. Charles Stacey.

Mr. and Mrs. Don Merritt of Northville entertained at a family birthday supper last Friday evening in honor of Don's mother, Mrs. Pauline Merritt of West Seven Mile Rd., east of Salem.

Mrs. Emily Heitman and her grandson, Allison Anderson, of Toledo, O., were house guests of Rev. Lucia M. Stroh from Saturday to Monday morning.

Frank Bueers, Glenn Burnham, Ben Bock and Lloyd Birkelbaw, Jr., all of Salem, attended and enjoyed the opening last Friday night of the first and only rubberized asphalt quarter-mile speedway in the country at Flat Rock, Mich., where midget car races provided the suspense for the spectators that first night.

COMING EVENTS
Thursday, Aug. 20—Salem Congregational Ladies' Aid at the home of Mrs. John Oliver, on Starkweather Ave., Plymouth. Thursday, Aug. 20—Church All-

Star game at Milford, under the lights.

Thursday, Aug. 27—Salem Federated Ladies' Aid at the home of Mrs. Helen Clinansmith of Plymouth.

Thursday, Aug. 27—Special program of Salem Federated Church with music by King's College Girls' quartet and message by chalk artist.

Tuesday, Sept. 1—Salem Federated Missionary Circle meets at the home of Mrs. Frank Bueers.

Salem Congregational Church
Mrs. John Oliver and Mrs. Earl Thomas will be co-hostesses to the Congregational Ladies' Aid on Thursday of this week for a pot-luck dinner at noon at the home of Mrs. Oliver on Starkweather Ave., Plymouth. All are cordially invited.

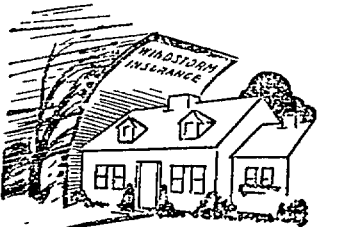

Salem Federated Church
Salem Federated Church wishes to extend congratulations to Mr. and Mrs. Blaine Hicks and Mr. and Mrs. Edwin Hamilton upon the arrival of their two sons.

The young people of the church have cancelled the watermelon party which was to have been held this week, and have decided instead to have a hayride and different-type party in September.

Salem Federated Ladies' Aid will meet Thursday, Aug. 27 at the home of Mrs. Helen Clinansmith of Plymouth. The project for a family in Finland is to be completed at this meeting, so those having clothing to contribute are asked to bring it to the next meeting.

The Missionary Circle of the Federated Church will meet on Tuesday, Sept. 1, at the home of Mrs. Frank Bueers with Mrs. Arthur Hoffman of Chubb Rd. as co-hostess.

Remember the sick of our church—Edwin Grace and Edwin Trombley. All members are glad to hear that George Eggenberger has recuperated from his siege of illness enough to go back to work.

Sunrise Service at State Fair

The Michigan State Fair has scheduled another religious Sunrise Service to be held Sunday, Sept. 6 at 8 a.m.

Judge Luther W. Youngdahl, recognized as one of the nation's leading church laymen, will be the main speaker. Youngdahl,

now Federal Judge of the District of Columbia, was governor of Minnesota when he spoke at the Sunrise Service two years ago. He is being brought back for this year's service by popular request.

The Sunrise Service, which has become an annual event, is being held in cooperation with the Detroit Council of Churches. Supervising plans for the council will be Dr. G. Merrill Lenox, executive director, and the Rev. Wellington M. Logan, executive assistant.

James M. Hare, State Fair manager, announced that admission to the State Fair again would be free to those attending the Sunrise Service. Gates will be open at 7 a.m. and no admission will be charged until 8 a.m. when the service will begin at the Music Shell.

Michigan Traffic Kills 6 Per Day During June

An average of nearly six persons were killed on Michigan streets and highways each day during June, according to the State Police monthly statistical report.

There were 170 fatalities, or one more than occurred in June of last year. The total was only eight less than the all-time high June death toll of 178 in 1941 and 46 higher than the average death toll of 124 for the month during the last seven years.

The report also showed 4,932 injuries and 14,515 accidents. Injuries increased 875, or 22 per cent, over 4,057 in June last year and accidents increased 2,202, or 18 per cent, over 12,313.

Michigan's traffic record for the first six months of 1953 included 811 deaths, 26,200 injuries and 87,043 accidents. Deaths were 77, or nearly 11 per cent, higher than 734 for the same period last year. Injuries increased 4,543, or 21 per cent, over 21,657 and accidents were up 9,788, or 13 per cent, over 77,255.

Estimated travel for the first five months of this year, the latest figures available, was 10.1 billion miles, or seven per cent over 9.4 billion for the same period in 1952. The death rate was 6.4 per 100 million miles of travel as compared to 6, also an increase of seven per cent.

CHRISTIAN SCIENCE CHURCHES

The Bible has much to say about Mind. The understanding of God as the real source of all intelligence is explained in the Lesson-Sermon to be read Sunday, Aug. 23 in all Christian Science churches under the subject of "Mind".

The Golden Text is from Samuel (2:3): "The Lord is a God of knowledge, and by him actions are weighed."

Among the Bible citations is this passage, (Prov. 3:5,6): "Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The Scriptures imply that God is All-in-all. From this it follows that nothing possess reality nor existence except the divine Mind and His ideas." (p. 331)

GM Fire Points Up Hospital Need

The recent disaster at the General Motors Transmission plant in Livonia only emphasizes the critical need for a general hospital in such a rapidly-expanding area, according to Sterling Eaton of Plymouth, general chairman of the St. Mary Hospital Building Fund campaign.

Mr. Eaton stated, "We only wish that our St. Mary Hospital existed now so that we could help care for those who were injured in this horrible catastrophe. If ever a need existed for a hospital in this area, I am sure people realize now, more than ever before, just exactly how great the need is."

The proposed St. Mary Hospital, will be erected in Livonia at an estimated cost of \$2,000,000, and will service the communities of Farmington, Livonia, Northville, Plymouth and Redford.

Mr. Eaton, well-known in Plymouth and surrounding areas, is publisher of the Plymouth Mail and The Livonian.

sermon topic will be "The Rivers of Life"

10:00 a.m., Church School. There is a class for everyone during the summer months. We need to study the Word of God and feed upon the Bread of Life always.

The second session of the Daily Vacation Bible School is now in progress at the Methodist Church and will continue from Monday through Friday to Aug. 28 from 9:00 to 11:30 a.m. Children of the community are cordially invited.

A tip to teen-agers! Did you know your sneakers can be dyed to match your favorite sports ensembles? Just make an all-purpose dye solution of the desired color and apply with a small brush or sponge. Many of the younger set have several pairs of dyed in their favorite shades. And occasionally I've seen them wearing two colors.

Old Cars Meet at Greenfield Village

Antique car collectors from all over the East and Midwest are painting, polishing and tuning up their entries for the annual Old Car Festival at Greenfield Village, Dearborn, next month.

The Glidden Tour, a parade of old models originating in Cleveland, will arrive at the Village Sept. 19, marking the formal opening of the festival.

Singer James Melton will lead the procession in his 1907 Rolls-Royce "Silver Ghost".

Other cars expected at the Festival—if they complete the trip

from Cleveland—include such old specimens as Simplex, Stutz, Mercer, Pierce-Arrow and Duesenberg. The antiques will sputter through a series of colorful events, reminiscent of motoring 40 or 50 years ago, plus new events including a back-seat driving contest for husband and wife teams.

Mrs. Helen Kleckler

"I am grateful for the efficient, thoughtful service"

Little Susan McCurdy, 2, of Manton was only showing her affection for her dog "Woofie" when she tried to put her arms around him. For some unexplainable reason the animal turned suddenly and bit her on the eyelid and cheek.

Susan's mother hurriedly telephoned for the local doctor. Meantime, Mr. McCurdy was trying to calm the badly frightened child and applying cold compresses to her wounds. As Mrs. McCurdy later wrote, "When I learned that the doctor was out, and would not be back for some time, I went completely to pieces."

She shouted frantically to the operator, "Get a doctor! Get a doctor!" The operator

on duty, Mrs. Helen Kleckler, called another doctor immediately as Mrs. McCurdy stayed on the line. Reporting that the doctor was on his way, Mrs. Kleckler continued to talk and tried to soothe the excited woman.

Today, Susan has only two tiny scars to remind her of the frightening experience.

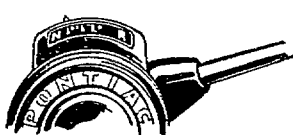

In her letter to Michigan Bell, Mrs. McCurdy says, "Mrs. Kleckler showed fine presence of mind in her calm reassuring words and in getting another doctor for me almost at once. An incident of this nature is probably a matter of routine to you, but it was a very upsetting experience for me. I am grateful for the efficient, thoughtful service your operator gave me."

YOU CAN EAT BETTER

the year round

with an ELECTRIC farm freezer

Mr. and Mrs. Desmond Walters farm about 90 acres in St. Clair County. They are general farmers with a milking herd of 12 cows. They also keep 200 to 500 laying hens, and raise 500 broilers a year.

The Walters keep their farm freezer packed with meats, fruits and vegetables, either home-grown or purchased. Mrs. Walters says she doesn't know how they would get along without it. She finds freezing easier than canning, and loves the convenience of always having tasty food at her finger tips.

You, too, can enjoy better meals and extra convenience the year round with a farm freezer. For full information see your Edison Home Service Advisor.

Good wiring is always important. So always ask your Edison Home Service Advisor for his recommendations.

DETROIT EDISON

That's the prediction of Gerald E. Eddy, director of Michigan's Conservation Department, whose job it is to know such things.

Maintaining a wildlife census is only one of the responsibilities of the Conservation Department. Most of its duties, usually taken for granted by the public, have a direct effect on every Michigan citizen.

"To give the people the maximum benefit from natural resources is the aim of the modern conservation department," explains the director. "The old idea was to conserve by many restrictions," he continues. "But now we know that by careful planning, we can use more and have more left."

Illustrations of this are studies which show that short fishing seasons can actually result in overpopulation of fish in inland lakes. Deer, it was learned, multiply "nearly as rapidly as rabbits." Six were released in a protected area under ideal conditions. In six years, the same area contained 136!

This season will include one day when any deer, doe or buck, can be taken. The day is December 1; the area is limited to the territory north of M55 in the lower peninsula.

A double problem is created for Conservation officials by the rapid expansion of Michigan's population. More people in the state mean more fishermen, more hunters, more campers. And living space for more people leaves increasingly less of Michigan's 37 million acres to devote to outdoor activities.

"What our department needs," says Director Eddy, "is some organized support." He was referring to support which could lobby on behalf of conservation interests with the state Legislature. "Nearly everyone benefits from parks and other activities of the department," the director said. "But lack of organized pressure results in appropriations too small for park expansion which we think necessary."

The Conservation Department is proud of its system of state parks. Figures show that more than 13,250,000 picnickers and bathers will make use of them this season. Camping in park sites has been increasing for several years; is now at an all time high. "We could do and should do much more," states Mr. Eddy.

Pride is also taken by the department in its record of reducing loss from forest fires, its program for public fishing sites, forest management, and its watershed developments.

William J. Pearson, Boyne Falls, Michigan's first fire warden and later member of a Conservation Commission, once said that a

You Can Do Something About This!

If the roads you drive on are worn out, dangerous, and inadequate for today's traffic—chances are it's partly your fault. And you can do something about it.

That was the opinion of most of the 44,000 Americans who submitted essays in the recent General Motors Better Highways Awards Contest. GM sponsored the contest to stimulate nationwide thinking and discussion about the seriously deteriorating condition of our road system.

Competing for a total of \$194,000 in cash awards—as well as a chance to do their bit for better roads—contestants in every state of the Union and the District of Columbia sent a board of judges their ideas on "How to Plan and Pay for the Safe and Adequate Highways We Need."

The thousands of ideas submitted ranged all the way from putting a Secretary of Transportation into the President's Cabinet to requiring drivers to wear illuminated gloves for signaling turns in the dark. But most of the contestants agreed on these three points:

1. There is no quick and easy solution to the highway problem.
2. We need continued and intensified research into highway matters.
3. Most important of all, we'll never get better roads without public support.

As Harlow H. Curtice, president of General Motors, has said: "Highways are built by public authorities. But it's a great deal easier for the public authorities to act in response to informed public support."

The contest demonstrated that there are bound to be honest differences of opinion as to how to plan and pay for better roads. Some contestants thought the federal government should have more power over our highway network; others feared any encroachment on prerogatives of the states. Some favored higher taxes; others said the necessary money would be available if we would end diversion to non-highway purposes of taxes collected from highway users. One contestant suggested raising money for roads by putting the government into the toothpaste business.

Differences can be resolved. The competition showed how deep and widespread is the concern over our highways. And in the opinion of the contestants themselves, it's up to all of us to translate that concern into better roads.

"normal year's" loss from forest fires was about 250,000 acres. This year's loss is 5,105 acres from 801 fires. The department's tower watch, air and forest patrols, all with radio communication, locate fires before they do much damage.

Every year more road signs are seen saying "Public Fishing Site"—an important part of the department's program. Parking and boat launching facilities provide free access to lakes and streams and reduces trespassing problems for nearby land-owners.

Riverbanks are now protected in the watershed program. This prevents cattle from killing plants along riverbanks and reduces soil erosion. Dirt washed into the water is wasted. Worse, it covers natural food sources for fish. Work with riverbanks was done along the Rifle River, the Pine River and is under consideration for several others.

Trees are cut for lumber market under the forest management program. The department auctions

off the right to harvest mature timber from the 4 million acres of state forests. Trees are taken selectively, only when ready; and at a rate which will perpetuate Michigan woodland.

Facts and figures: nearly 1,500 people make up the department's regular staff. This sum swells to 2,100 during summer when life guards, fire watchers, fish crews and other temporary workers must be added.

It costs more than \$11 million annually to operate the department. About \$7,200,000 come from fishing and hunting licenses; (2,535,206 were sold last year, more than any other state.) Balance of the budget comes from \$250,000 in federal grants and \$4,100,000 from the state.

Money is kept in separate funds. The portion appropriated by the state is used only on programs of general public interest. This includes forest care, geological surveys, parks and the like. Sportsmen support their own activities through the fund made up of license fees.

Organized in 1921, Michigan's Conservation Department is controlled by a commission which has been, for the most part, free of political influence. Currently a battle has been raging concerning the commission chair. It is that of Harold Glasen, whose term expired early this year. The Governor appointed Ben East, well known sportsman and outdoor writer, to succeed Mr. Glasen but the Legislature disapproved the appointment. Whether Mr. Glasen is a legal member, serving until his post is taken over by Legislative approved member, or whether the governor can appoint a member to serve now and until the Legislature either approves or rejects him, is a matter open to argument. If the Governor attempts to make a new appointment and if Mr. Glasen refuses to give up his chair, a lively political battle may take place.

I was ahead in every way after this demonstration!

I figured on paying about \$200 more for a new car . . . until I discovered all that Chevrolet offered me.

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field—the new 115-h.p. "Blue-Flame." Gear-shift models offer the advanced 108-h.p. "Thrifty-King" engine.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

Let us demonstrate all the advantages of buying a Chevrolet now!

up north for that extra day," he said, "but I felt we should be getting back."
"I had just walked into the house with two suitcases and then went over to the fire station office next door," he said. "It was then 3:35 p.m."

"I began sifting my mail. I didn't open any envelopes, just looked to see which were the most important letters."
"At 3:56 p.m. the phone rang. Fireman Wilfred Clark picked up the receiver. I got on another line."
"I heard Lt. Joseph A. Supak of GM plant protection say, 'This is the Detroit transmission plant calling. There's a bad one going here. We need your help right away.'"

"I turned and looked out the window. I could see smoke billowing hundreds of feet in the air. I immediately ordered all three Livonia stations to the scene. I called the fire departments of Plymouth, Plymouth Township, Wayne and Redford Township. Then I went directly to the fire in my personal car."

Roberts said that after the first half hour, the plant was completely in flames. He decided the fire fighter's only chance was to get behind it and cut it off.

"I ordered lines to the roof of the administration building to keep the fire from coming into the offices and destroying the records."

"Attempting to get behind the fire to cut it off, we moved our equipment about 100 feet, behind the flames. By the time we got our lines moved, the fire had already traveled that distance."

Despite the best efforts of hundreds of firemen with dozens of pieces of equipment, the flames almost totally destroyed the mammoth industrial plant.

Three men died in the flames and a volunteer fireman died the next day after collapsing at the scene.

The Livonia civil defense organization played an important role in the GM fire emergency.

Headed by Director Dallas Hay, the local unit swung into action just as it had been trained to do in a war crisis.

MURDER
(Continued from Page 1)
"I made him some coffee and then we fell to arguing about this other woman," Mrs. Flynn told authorities.

She said as the argument continued she walked into the hall, opened a closed door, and took out the gun. She said she succeeded in loading one cartridge in the single-shot gun after dropping two others in her nervousness.

Mrs. Flynn said she then pointed the gun at her husband and fired.

At this point in her confession, Prosecutor Nichols said, Mrs. Flynn broke down and was unable to continue for a time.

She said her husband managed to stagger from the kitchen chair in which he was sitting and slumped down on a davenport.

Mrs. Flynn said she then ran to Sessions Hospital and shouted "A man has been shot!" She then ran to the police station and summoned Sgt. Gil Glasson, who arrived at the Flynn home at approximately 11 a.m.

Patrolman Legette Oaks arrived a short time later.

Nichols said that shooting apparently alerted CD members and directed them to the scene, they took stations as guards at the transmission plant gates and at traffic control points leading to the plant. The Livonia Red Cross unit and Civil Air Patrol group also performed important assignments during the fire.

parently occurred between 10 and 10:30 a.m.

Authorities said the bullet entered Flynn's body just below the heart. He died on his way to the hospital.

There were no witnesses to the shooting except Mrs. Flynn. Neighbors nearby reported they heard nothing.

The Flynn's were parents of a grown boy and girl. Prosecutor Nichols said the son is serving in Korea.

Mrs. Flynn was to be taken late Wednesday afternoon to the Wayne County jail.

Optimist Club Wins Softball League Playoff

Eyebrows are still raised in surprise among players in the Adult Softball League, which ended play last Thursday night. No one expected the Optimist Club team to make a runaway of the playoffs with three straight victories. And no one expected to see first place V.F.W. lose two games straight to be eliminated.

The Cy Owens team, in a regular season tie for first with V.F.W., managed to win one game before being polished off by the Optimists Thursday, 4 to 0 in the final game.

Played Short-Handed
"A lot of our strength in the playoffs," said Manager Bill Bing-

ley, "is not really surprising at all."

"We played almost all of our Monday night games during the season without Duane Delling, Clayton Yoder and Bob Cole," he said. The three men attend National Guard training sessions on Mondays and were not available for games. They were, however, on deck for the playoffs.

"And all the fellows played good heads up ball during the tournament," Bingley said.

The Optimist Club had been forced to tie Clarenceville to break a tie for fourth place in the regular season to see which team would be eligible for the playoffs. The Optimists won 1 to 0 on a one-hit performance by hurler Estel Caldwell.

Hazel Park Lukewarm
Building Inspector Doyle Travillian, of Hazel Park, was lukewarm to the central trailer area idea when it was mentioned by the Record reporter.

He said house trailers are not allowed in Hazel Park, and that fines are levied against them when they are found there.

"They aren't much of a problem here," Travillian said. Most of the trailer owners in town for the Hazel Park meet locate in camps outside the city. One of the camps is located across Ten Mile Rd., adjacent to the track, in Royal Oak Township.

Downs Won't Help
A suggestion by Village Commissioner Claude Ely that maybe Northville Downs would permit parking of the trailers was discarded when Sgt. Gil Glasson said the Downs refused this idea last year.

"Too much confusion and trouble," Glasson said Tuesday. "The Downs people claim they have water pipes freezing up and can't maintain any kind of supervision over the parking for the entire Wolverine meet."

Commissioners toyed with the thought, promoted by some of the trailer owners, that the trailers be parked in Northville, but not lived in, while the owners found rooms or apartments somewhere else. This idea was also discarded, however, when Sgt. Glasson said the police force could not possibly check the trailers as often as would be necessary to keep them empty.

The present village ordinance on house trailers, adopted just prior to the opening of the meet here, allows trailer owners ten days to remove the trailers after the close of the meet.

The Commission had worked for several months on the ordinance to make it fair for both horsemen and property owners here.

The Trouble Is -

"That most people think they are saved when in reality they are lost" is a tragic truth. Every person these days seem to have satisfied their hearts and quieted their conscience with some sort of hope of going to heaven after they die. Meanwhile they ignore the plain teaching of God's Holy Word concerning the need of repentance, faith in Christ, and the need for a holy living. They live just like everyone else in this world. Sinful past-times are practiced, the Lord's day used as a holiday, their Bibles are unread, prayers are made only when in distress, church attended when convenient. Friend, if you want to be a Christian you must be willing to "be different". You must be willing to make whatever adjustments in your living that are not consistent with what the Bible teaches. You must be ready to serve the Lord. When one comes to the place where he is tired of his sin, desires to be rescued from the peril which faces him, then and only then is he ready to accept God's offer of salvation through faith in Jesus Christ. God has no proposition whereby people can get their ticket to heaven and keep right on living as they have been. This is the truth!

Paving of 7-Mile Not Likely in '53

Re-surfacing of the badly-scattered Seven Mile Rd. from Middlebelt to Northville Rd. is "on the program," according to J. K. Norton, Wayne County Road Commission engineer, but will probably not be done this year.

"It was on the program this year, but we've pretty well used our allocation," he said.

Seven Mile falls under federal aid to secondary route programs, under which the federal government splits costs with the county.

Norton said that even though this federal allocation has been almost used up, there is still a possibility the county would dip into next year's fund to carry out the program, which calls for blacktop over the existing concrete base.

5 Northville Men Going Into Service

Five Northville young men will be in a group of 50 to be inducted into service Thursday, Aug. 27 by Board 102.

Volunteers for induction include Ted G. Masters, Stapley J. Dahlager, Herbert Patrick Martin and Donald L. Johnson. Also leaving will be Robert M. Pullen.

Robert F. Brunner is the lone Plymouth inductee. Livonia men going into service are Richard C. Weinert, Theodore Buckwick, Robert A. Sheets and Carl A. Holth, Jr.

"home" and put up with the confusion while the other places get filthy rich from the proceeds," another commissioner said.

Mrs. Marie Clark, city clerk of Livonia, said to a Record reporter Tuesday that it would be "rather difficult" to say how the central area idea would be received since a trailer park in Livonia would require a new city ordinance. She said there have been objections from trailer owners, but that no serious attempt has been made to have the ordinance changed.

Mrs. Clark said trailers are "simply not allowed within the city limits" of Livonia unless the trailer owners have relatives or friends who will allow them to have unoccupied trailers on their property.

Many horsemen at the Livonia track have taken their trailers to established parks outside of town, Mrs. Clark said, but object to this situation because of the early
