Small Fry Visit Record

NURSERY SCHOOL YOUNGSTERS AND THEIR TEACHER, MRS. WM. MADIGAN

Why? Who? When? Where? How Come?

The Record had some visitors last Friday morning—just the kind of visitors we like.

No complaints about subscription bills, late deliveries or misspelled names.

Just questions.

"What makes that wheel go round? Does this machine stop by itself? How do all those letters get on the paper? What's that man doing? Can I touch this?"

And on and on.

Our guests were 13 youngsters from the Northville Co-Operative Nursery School, which meets in the Presbyterian Church. Mrs. William Madigan is the teacher.

TOUGH ON TEACHER

Frankly, we wonder how Mrs. Madigan keeps up with them.

They not only move fast, but they think fast.

Little Mike Chabut was the principal interrogator.

"That's a big typewriter," he shouted when the group gathered around the linotype machine.

"What happens when you push this? Does that man ('Mac') MacKinder, the shop foreman, sit there all the time? Why does he hit those things with his fingers?"

After a while, we began to wonder how much we REALLY knew about the printing business.

MR. "MAC" PERFORMS

The youngsters watched wide-eyed as MacKinder transformed a touch of the keys into a line of type. Later, he printed their names on lead slugs.

The big attraction was the newspaper press. It's big and its noisy—just what youngsters like.

But they were careful not to get too close. The press scares even us some times.

Our guests were Keith and Vicki Mueller, Harry Lapham, Mike Chabut, Craig Anderson, Wendy Solomon, Mary Vallier, Sue Peckham, Mary Lou Langtry, Susan Yoker, Janean Strong, Joanne Kenny, and Martha Gates. Three mothers, Mrs. A. Mueller, Mrs. R. Peckham and Mrs. A. E. Vallier, and Mrs. Vallier's aunt, Mrs. William Moreton, also accompanied the group.

The Record enjoyed the visit. We hope they come back soon.

Woman's Club Plans Tour of Cranbrook

A conducted tour of the Cranbrook Institute has been planned for the second meeting of the Northville Woman's Club Oct. 16.

Miss Margo Cramer, a student at Cranbrook, will include in the tour an outstanding collection of American painting and sculpture now on exhibit at the museum.

Museum Director Eva Ingersoll Gattling has gathered new works from 50 leading U.S. painters and 25 sculptors. It is a great privilege for the Woman's Club to visit Cranbrook American biennial, as this is the first time a survey of American art has been made in the Detroit area.

Adult Education Classes Planned by Recreation Dept.

Enrollment applications for classes in ceramics, woodworking and leathercraft are now being received at the Village Hall, Recreation Director Wilson Funk announced this week.

He said any Village adult wishing to join one of the three classes should mail a post card to the Recreation Department at the Village Hall.

Students will be informed later where and when the weekly classes will be held.

Funk also said that classes in dog training and typing will form after the first of the year. He said he has had many requests for the classes but at the present time there is no space available.

A class in oil painting already is in progress at the Marion Sober Studio on Sheldon Rd. but new students are welcome, Funk said.

There will be eight panel discussions on such problems as "School Spirit," "Student-Faculty Relations" and "Vandalism."

The meeting is sponsored by the Detroit Council of Jews, Protestants and Catholics.

Northville representatives will include Marianne Ratliff, Adanna Gleason, Jackie Ling, Craig Rathburn, Mike Herbert, Charles Fox, Jim Rambeau and Peggy Hammond.

New Parking Meters Reported En Route

Street and Water Superintendent Herman Hartner Jr. told the Village Commission meeting Monday night that parking meters for installation in the new E. Main St. lot are en route here.

The lot, which is opposite the Kroger store and extends in the alley behind stores on the south side of E. Main, will contain 65 meters.

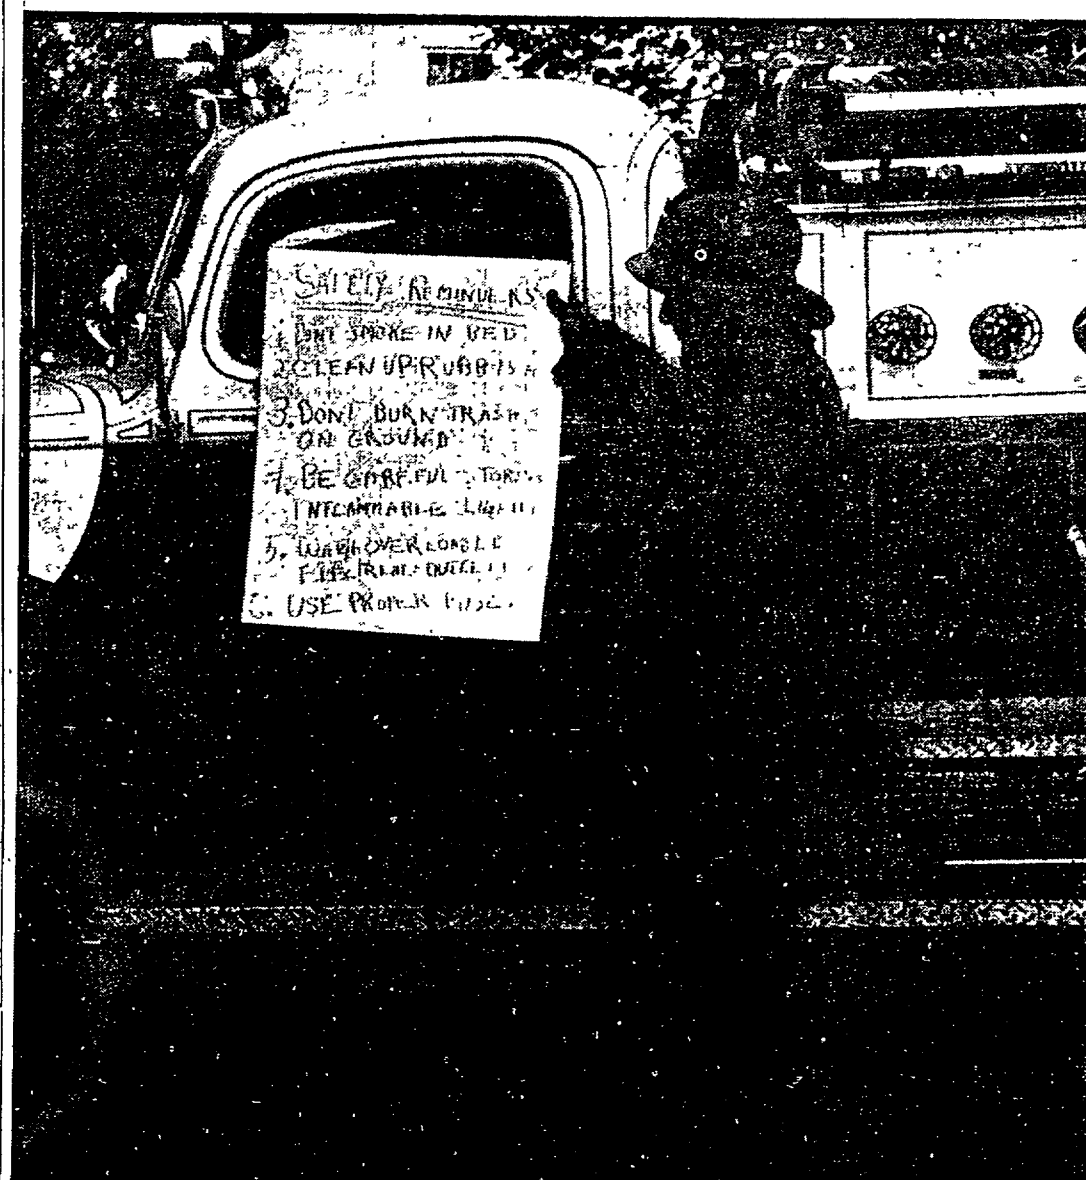

Thank You Note

The Village Commission Monday night received a note from William DeWitt of Detroit, thanking them for flowers sent on behalf of the Commission and city employees in memory of Mr. DeWitt's wife, who died several weeks ago.

Mrs. DeWitt was the sister of Mrs. Conrad E. Langfield, wife of the mayor.

Ann Arbor Firm Set to Bid on Re-evaluation of Water Rates

Fire Prevention Week

Village Fire Chief Bill McGee points to a few simple safety reminders to remember not only this week, National Fire Prevention Week, but every week of the year. They are: 1. Don't smoke in bed. 2. Clean up rubbish. 3. Don't burn trash on the ground. 4. Be careful storing in-

flammable liquids. 5. Watch overloaded electrical outlets. 6. Use proper fuses. McGee says the Village fire department answers from 60 to 70 calls each year. A good share of these runs have to be made because of someone's carelessness. of one of the six items listed here.

Commission Moves Toward Boost in Water Revenue

The representative of an Ann Arbor engineering firm agreed Monday night to submit a price on re-evaluating Northville water rates as the Village Commission took another step toward boosting water revenue.

H. J. Hayward, representing the firm of Ayres, Lewis, Norris and May, said he would make a preliminary study of the amount of Village water sold and the revenue obtained before submitting a proposition.

Presumably, this would take several weeks.

Hayward spent more than 30 minutes discussing Village water problems with the Commission. He suggested, and the Commissioners agreed, that it would also be valuable to make a study of the water system itself in order to give the Village a complete picture of the water set-up.

DEFER OTHER PROJECT - The Commission decided to move ahead with the rate survey first and defer the other project until later.

Hayward said the rate study would involve scrutiny of water used by each consumer for one year and the rate paid.

Using these figures, plus operation costs, and making reasonable allowances for repairs and expansion of the present system, the firm would fix new rates.

The rate study would involve a short study of the present water system with Street and Water Superintendent Herman Hartner, Jr. to determine what will be needed in the near future as far as new equipment is concerned.

Commissioner John Stubenvoll said first consideration should be given to a just water rate which will provide a surplus for future improvements.

He suggested that there should also be a study made of possible new sources of supply and the recording on paper of the present water system.

REVENUE LOW

Stubenvoll had pointed out at an earlier meeting that the Village water department barely broke even during the last fiscal year while departments in surrounding towns were accumulating large surpluses to care for future needs.

Hartner agreed that a prime need at the present time was a comprehensive map of the present water system and facilities for recording changes.

Northville's present minimum rate of 30 cents per 1,000 gallons of water is 32% less than Livonia's, 40% less than Farmington's, and 42% less than Plymouth's.

The Village system showed a profit of only \$440 last year.

September Is Busy Month for Police

September was another busy month for the Northville Police Department.

In his monthly report to the Village Commission Monday night, Chief Joe Denton said police answered a total of 106 calls during the month and collected \$740 in fines.

Two accidents were investigated while 53 traffic violators were ticketed by Village officers. A total of 51 summons were issued. There were two cases of grand larceny cases, two juvenile cases and one case of vandalism.

One case of breaking and entering was reported and police answered three prowler calls.

Two persons were reported missing but both were found. There were two stolen autos, both recovered.

Seven persons were arrested and the same number appeared in court. One person was bitten by a dog and one dog was destroyed.

Community Bldg. Insurance Set

The Village Commission Monday night accepted the offer of Tom Carrington to provide insurance on the Community Building during the course of its construction.

Carrington offered to insure the building up to 90 per cent of its value for \$331.15 per year. If the building is completed by April, as expected, the Village would get a pro-rated refund, Carrington explained.

The policy, held by the St. Paul Fire and Marine Insurance Co., covers fire, windstorm and vandalism.

A new policy or policies will be written on the building when it is completed.

No Nickel Needed Today - Thanks to G. E. Miller

There is free parking in Northville today—thanks to G. E. Miller Sales and Service, 127 Hutton.

To mark the unveiling of the new 1954 Dodge, Miller asked permission of Police Chief Joe Denton and the Village Commission to cover all parking meters for one day.

The Commission agreed to the plan at its Monday meeting. The auto agency will pay the Village \$35 to make up for the lost revenue.

Garden Club Has Board Meeting

The Garden Club had a board meeting Monday, Oct. 5 at the home of Mrs. George Alexander.

Amerman Outlines Area School Needs

Surveys indicate the Northville area will enjoy an unexpectacular but steady increase in population during the next 20 years.

The Metropolitan Area Regional Planning Commission, for instance, estimates that the Village proper—with a 1950 population of 3,240 persons—will have 4,100 inhabitants in 1960, an increase of 26 per cent during the ten year period.

LOCAL SURVEY

In forecasting the population growth for Northville Township, the Commission estimated that area would contain 5,400 persons in 1960, a 29 per cent increase over 1950, and more than 9,000 persons in 1970, an increase of 94 per cent over the 20 year period. The later figures are substantiated by a survey, still in progress,

being made by the Northville Township Planning Commission.

While an increase in population has its attractive features, it does pose plenty of problems. A principal one is the school system.

Russell Amerman, superintendent of Northville Schools, recently completed an area survey which spells out clearly the need for expanded educational facilities as the population count climbs.

Amerman's study, presented to and accepted by the Board of Education Monday night, was made according to a formula provided by the State Superintendent of Public Instruction as part of a state-wide study of long-range educational needs.

SHOWS MAXIMUM NEEDS

It projects school population

figures to 1960 by using growth figures compiled over the past seven years.

In presenting his findings to the board, Amerman emphasized that the study showed the maximum needs as far as future educational facilities are concerned.

Amerman's survey indicates that by 1959-60 school year, 1,982 children will be attending classes in the school district compared to 1,211 this year.

TWO NEW BUILDINGS

It also estimates that a total of 34 new classrooms—housing a total of 1,210 students—will be required. Twenty-four of the classrooms would be for elementary children while the remainder would house upper school youngsters.

The elementary rooms would

be contained in two new buildings; one of 14 and the other of 10 rooms. The added upper school space would be provided by an addition to the high school.

At the present time, the Board has one elementary school site under active consideration while several others also have been discussed.

The survey indicates that even if a new elementary school is ready for occupancy next fall, as is hoped, plans for a second school would have to start in the near future.

Costs for the projects were only estimated and they ranged over \$500,000. Final figures could not be projected accurately since they involve many factors which could not be forecast at the present time.

Mrs. Cattermole taught at a school between Gladwin and Clare and also taught in Muskegon.

Mrs. Shirley Nuottila Tells of Life in Germany in Letter to Sister Here

The Record is indebted to Mrs. John Gibson of Six Mile Rd. for this letter from her sister, Mrs. Stanley Nuottila, who is stationed with her soldier husband at a U.S. Air Base near Frankfurt, Germany. Both women are daughters of Mr. and Mrs. A. C. Carlson of Northville.

Dear Betty and John,

How's that ol' heat wave comin' along, boy, I wish you could have sent half of it this way as it is quite cool now a days. How's all the family and what's new? About the only news around here is that we have moved in with a young German couple. We play 500 rummy and have quite a good time. They have a two month old baby girl and she's as sweet as she can be.

The girl we live with is 23. Her husband is 27. During Hitler's time she had to wear a uniform of white blouse, dark skirt and tie. She showed me a lot of pictures of soldiers, het in uniform at the age of 12, etc. We've talked a lot about the war and she's told me how it was and what it was like living so close to the air base with

bombs coming down and American soldiers coming into their homes. They were allowed three slices of bread a day and had to live in the cellar—no heat or furniture and if you were ever in one of these cellars you could imagine how miserable it was. There are bomb holes in the woods and traces of tracks where tanks have gone through. She said one time she was watching the bombs come down and when they hit, they made not too large a hole in the ground but when it blew it flattened a whole woods. She told me all about the sulphur bombs and how they burned and she had to help clear away the wreckage, and find a head or arm or a leg here and there and all such horrible things. Her mother who was expecting a child had to help and so did her brothers.

There's a lot to tell but no time now. It will be easier to tell when we get home.

I'll close now and try to catch up on some more correspondence. Be seeing you.

Love

Bill and Shirley

Goodwill Trucks to Visit Village on October 15

Goodwill Industries' pick-up trucks will be in Northville and Plymouth on Thursday, Oct. 15, to collect usable household discards to provide jobs and training for the 400 physically handicapped men and women employed in the Goodwill Workshops.

Contributions of materials to the rehabilitation program may be made by phoning Edith Sorensen at Northville 571. Miss Sorensen is employed by Goodwill Industries as its local telephone representative in this area in keeping with the organization's policy of giving employment to handicapped people.

Last year's party dress, outgrown clothing, a broken doll or an unused table when sent to Goodwill Industries will help provide a job with wages and training for disabled adults. Clothing, shoes, toys, hats, small appliances, furniture and other household items are the raw materials which were used to provide jobs saving over a half-million dollars to handicapped men and women during 1952.

In order to make "Not Charity but a Chance" a reality to a greater number of physically handicapped persons this year, Goodwill Industries is asking for greater contributions than ever before from the housewives of this area

FORD BRINGS YOU EVERYTHING (AND WE MEAN EVERYTHING) YOU'VE EVER WANTED IN A CAR, AT A PRICE THAT'S WELL WITHIN YOUR REACH!

Choose Ford's high-compression V-8. Or if it's a Six you want, Ford offers you the Mileage Maker Six—with Overdrive this year's Economy Sweepstakes winner. Both have Ford's Automatic Power Pilot which meters just the right amount of gas, times ignition precisely, burns fuel evenly and completely. And only Ford brings you Center-Fill Fueling that permits easier "filling up" from either side, suspended pedals that eliminate floor holes, foam-rubber cushions front and rear in all models, and a new "automatic ride" which reduces road shock in the front end alone up to 80%! And according to recent surveys, a Ford returns a higher proportion of its original cost when sold than any other car at any price!

Miss Knapp Tells B.P.W. Club of European Trip

Miss Ruth Knapp, who toured 11 European countries last summer, gave a report of her travels to the Northville Business and Professional Women's Club at the group's first meeting Monday, Sept. 28.

The meeting was held at the Methodist Church House with Mabel Cooley presiding. Marjorie Manica, chairman of the day, conducted a brief workshop program preceding Miss Knapp's talk.

Miss Knapp travelled in a group of 38 persons for the nine week European tour. The group flew from Detroit to New York, then to Newfoundland and on to Preswick, Scotland.

The tour ended the latter part of August in Holland. The group flew from there to Santa Maria Island in the Azores and then on to New York and home.

Miss Knapp illustrated her talk with slides taken during the trip. The majority of her pictures were taken in Scotland, England and France.

The Northville nurse revisited Dijon, France, where she had served for two years during the war. The former U.S. Hospital there had been a seminary for young men studying for the priesthood and at the present time, has reverted to its former status.

Miss Knapp also showed slides of Rome, Switzerland, the Rhine River valley and pictures of palaces in Bonn, Germany.

New Traffic Casualty Mark Set in August

Although the death toll was slightly less than in the same month a year ago, more persons were injured in traffic accidents in Michigan during August than in any previous month on record.

The State Police monthly statistical report shows 5,528 persons injured in 14,920 accidents. This was an increase of 20 per cent over 4,625 injured in August a year ago and a gain of 13 per cent over 13,196 accidents.

Deaths totalled 180, or four less than in the same month of 1953, but 30 higher than the average for August during the post war years of 1946 to 1952.

The record for the first eight months of this year includes 1,168 persons killed, 36,806 injured and 116,783 accidents. Deaths increased 10 per cent, injured 20 per cent and accidents 13 per cent over the same period last year.

I count him braver who overcomes his desires than him who conquers his enemies, for the hardest victory is the victory over self. —Aristotle

Ted Mapes, Shirley Wick Wed In Evening Service

Mr. and Mrs. Ted E. Mapes are settled in their apartment on South Center St. after a short honeymoon following their wedding Sept. 26, at the Church of God in Plymouth.

The bride, Shirley Ann, is the daughter of Mr. and Mrs. Fred Wick of Fairbrook Rd. Her husband is the son of Mr. and Mrs. Emory Mapes of Clement Rd.

Rev. Cedric Harger, the bridegroom's uncle, who lives in Indiana, officiated at the candlelight ceremony.

Candelabra, palms and bouquets of white gladioli and chrysanthemums were used to decorate the altar for the 8 o'clock service.

CHANTILLY LACE GOWN

Given in marriage by her father, the bride appeared in a waltz-length gown of white Chantilly lace and nylon net over satin. Her fingertip veil of illusion was secured by a cap etched with seed pearls and rhinestones. She carried a white bible, adorned with gladioli and stephanotis.

Lillian Dickenson was the maid of honor and Maxine Clark and Barbara Mapes, sister of the bridegroom, were bridesmaids.

The attendant's gowns were identical in style; the honor maid wearing orchid, Maxine in aqua and Barbara in pale pink. They wore large matching picture hats of net, and all carried bouquets of deep pink chrysanthemums and roses.

CALVIN CROSS BEST MAN
Calvin Cross of Northville, attended as best man and seating the guests were Tom Wick, brother of the bride, and Robert Mapes, the bridegroom's brother.

A pale blue lace dress with navy accessories was worn by Mrs. Wick, and Mrs. Mapes was attired in a magenta dress with black accessories. Both mothers wore corsages of pink roses and carnations.

A reception was held following the ceremony at the V.F.W. Hall on Plymouth Ave., with 250 guests in attendance.

The newlyweds left on a week-long wedding trip through the Smoky Mountains. For traveling, Mrs. Mapes chose a beige tweed suit with brown accessories, and the corsage from her bridal bouquet.

Shirley and Ted are both Northville High graduates, and Ted is presently employed at the Gulf Service Station in Northville.

Rodney Grovers to Reside in Pontiac

Mr. and Mrs. Rodney D. Grover are making their home in Pontiac following their marriage at the First Presbyterian Church on Saturday, Sept. 26. The Rev. Dr. Harold F. Fredsell officiated at the 8 o'clock ceremony.

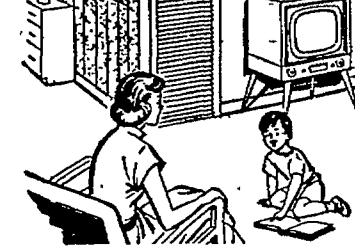

The former Yvonne North was given in marriage by Donald Ware, of Northville. Her floor-length gown of white nylon lace and net featured a full skirt and long sleeves ending in points over the wrists. She carried a white bible crowned with an orchid.

The honor maid, Harriet Van Trease, of Ann Arbor, was attired in a green waltz-length gown of satin with a net overskirt. The bridesmaids' gowns were identical to Harriet's; Alice Woodruff in rose, Connie Ramshaw wearing gold, and Florence Tague, of Ann

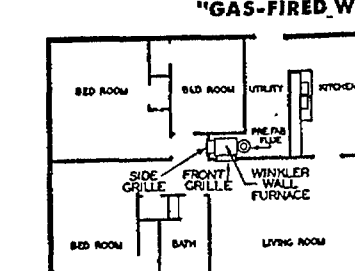

Arbor, attired in orchid. The girls wore net caps and satin shoes to match their dresses, and all carried chrysanthemums in fall colors.

Robert Wallace of Grand Blanc was best man. Seating the guests were Harold Smith of Hazel Park and Frank Van Trease and Donald Bierman, both of Northville.

Following the ceremony, a reception was held at the church, with 100 guests present.

Spread blotting paper torn in bits—or cornmeal, cornstarch or talcum powder—over the stain while still wet to absorb it. Never try to rub a spilled liquid from a rug or carpet; rubbing tends to drive it into the fabric.

Spots on rugs should be removed immediately, advise home management specialists at Michigan State College. A safe, non-flammable cleaner can be used to remove grease. Give spots due to ink and other liquids immediate attention.

New 1953 Buick SPECIAL

WHY should you do yourself out of the big things in motoring life?

Why pass up the room and power and comfort and niceties of big-car travel — when you can buy a big, new Buick SPECIAL for just little more than the price of smaller cars?

We show our price here to prove our point — to prove that you can buy this Buick SPECIAL for just a few dollars more than you have to pay for one of the so-called "low-price three."

Figure what that means—

Just a few dollars more for a lot bigger hoodful of power — Fireball 8 power — the highest horsepower ever placed in a Buick SPECIAL.

Just a few dollars more for big and spacious 6-passenger roominess — and the solid, steady comfort of Buick's famed Million Dollar Ride.

Just a few dollars more for Buick styling, Buick handling, Buick luxury, Buick fun.

But do you know what else those few extra dollars get you in this big, broad, beautiful Buick?

THE GREATEST
BUICK
IN 50 GREAT YEARS

They get you a long list of standard equipment at no extra cost that most other cars at or near its price charge you for, as extras — which makes our quoted price even lower than it looks.

We have the facts and figures to prove our points. All we need is you, at the wheel.

Drop in on us this week and see for yourself that your new-car money really buys big — in Buick.

Powerful Mustangs Meet Clarenceville In 2nd League Tilt

Just about everyone in town except Coach Al Jones is convinced that the 1953 Northville High School football team is a powerhouse.

That's understandable. A coach is begging for late season embarrassment if he goes out on the limb early and his team falters later.

However, the evidence is mounting that the Mustangs are more than good.

In their first three games, they've rolled up 90 points to the opposition's seven, including last Friday night's 36-0 slaughter of Milford.

Except for a first half let-down against South Lyon, Northville has looked sharp in their first three victories.

STEADY IMPROVEMENT

Their passing attack and offensive timing has shown steady improvement. They're alert on defense and they have depth. Twenty-eight of their points have been scored by "second-stringers".

However, Jones still is waiting for the season's first "real test". And like most coaches, he insists the next game may be it.

Northville's fourth game comes tomorrow at Clarenceville, a team which managed a 6-6 tie with weak Milford. It should be a comparative breather but it's one of

those games which could point out the Mustang's greatest weakness—themselves.

"Clarenceville always pulls out all the stops when they play us," Jones points out. "And if we sit back and rest on our laurels, they could take us."

That's his chief problem with his fine ball club—to keep his players "up" each week so they can realize their full potential.

TOP TEN PLAYERS

He's been successful for the first three games. For the rest of the season, it's entirely up to the players.

Jones will commit himself on one point concerning his squad. He's pleased with the passing attack.

"For once we have a man who can throw and several others who can catch," he said. "It's made a big difference in our offense."

Lamar Nally has improved steadily as a passer, reaching an early-season peak last Friday. Paul Schulz, Eddie Nash, Bob Scheffer and Bob Burgess have been excellent receivers.

Last Friday night's romp produced some fine individual performances.

Bob Scheffer, filling in for the injured Gene Rebitzke at quarterback, and steady Bob Burgess, did not figure in the scoring but they made strong contributions to the victory.

Scheffer called a good game and handled the ball well. In addition, he tossed a 23-yard pass to Paul Schulz for one touchdown and took long passes from Nally to set up two others.

35-YARD RUN

Burgess turned in a fine defensive game and streaked 35 yards late in the game to put Northville in scoring position.

The prettiest run of the night was turned in by Larry Meyers who took a handoff and scampered 50 yards around left end for a touchdown.

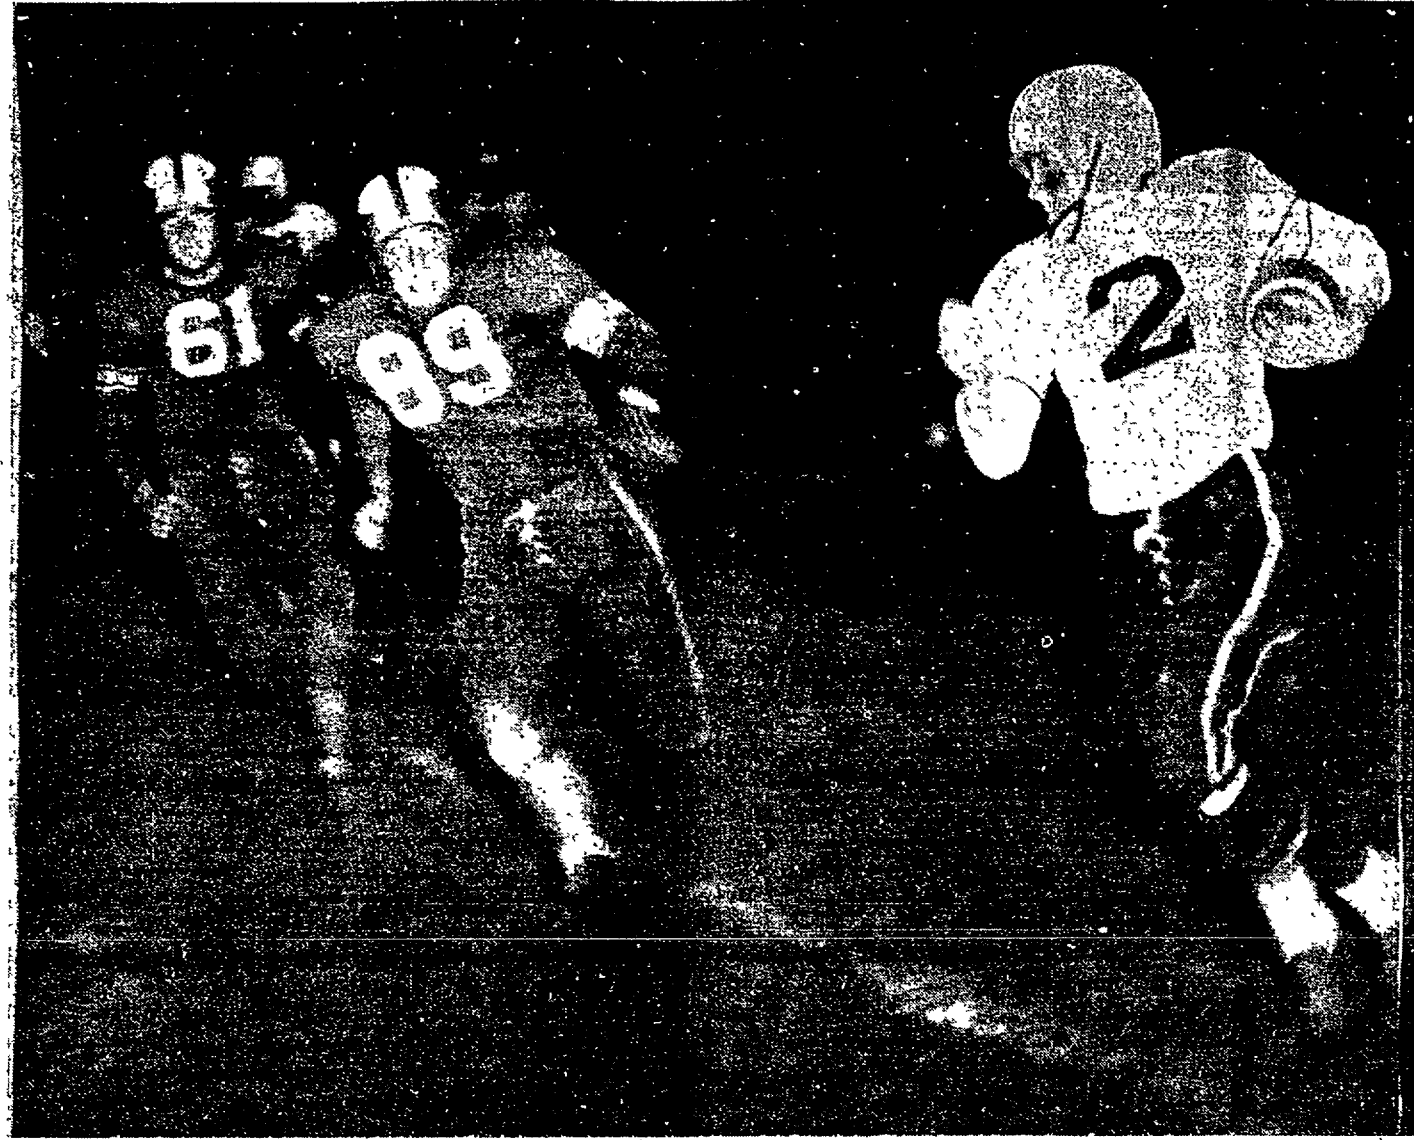

Nally scored two touchdowns and passed to Ed Nash for another. The Nally-Nash scoring pass covered 35 yards and gave Northville its first touchdown in the opening period.

On the next kickoff, a Milford man allowed the ball to roll dead on the eight yard line, apparently thinking he was standing in the end zone. Nally recovered for Northville.

Three plays failed to gain and the Mustangs were penalized in fourth down for too much time, putting the ball on the 13 yard line. Northville attempted a pass but Milford was offside. The Mustangs took the down and Karl Hofmann attempted a field goal.

The goal was no good and Northville was called for offensive holding.

The Milford captain, apparently befuddled, took the penalty giving

WHICH CHURCH SAVES?

There are over three hundred different denominations among Protestants and two main divisions of the Catholic Church, to know which church saves? This is the perplexing question of many a would-be Christian.

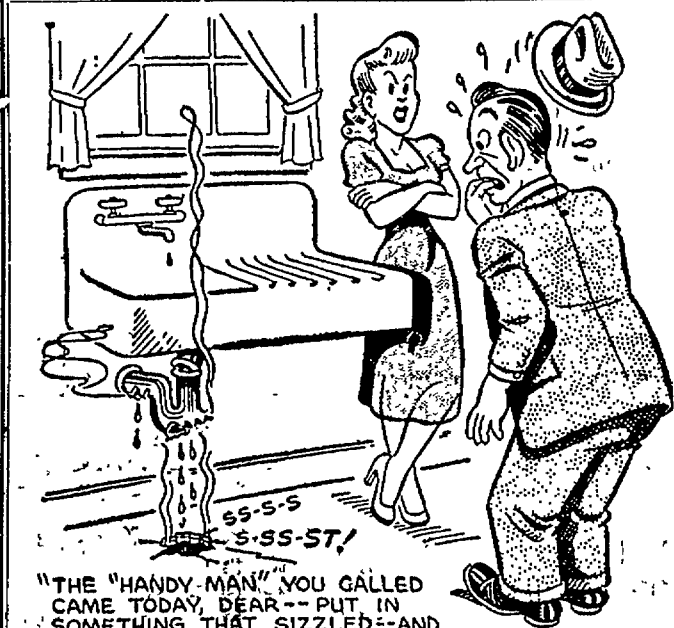

Let me say—NO CHURCH HAS EVER BEEN GIVEN THE POWER OR AUTHORITY TO SAVE ANYONE, and further, no church has a "corner" on salvation. Perhaps the reason for this misconception is due to a misunderstanding of the teaching of the Bible on the doctrine of the Church. Space forbids a full outline of that teaching, but what I want to say to you today is that Jesus Christ is the only one that can forgive your sins and send eternal life into your soul. He has not delivered that power into the hands of any church, pastor, or people.

The matter of first consequence is that you see yourself as God sees you and that is to realize that you are a sinner and need a Saviour. The next in order is to believe what the Bible says about Jesus Christ dying as your substitute. Then to receive by faith in God's word the promise of forgiveness of sins and eternal life. Your next step then will be to seek out a church which is orthodox in faith and practice.

Wild Life Notes...

HUNTING SEASONS—

The coming of fall heralds the long-awaited openings of a number of hunting seasons.

Game supplies are ripe for the hunter's harvest at this time of year—before winter, disease and predation have chance to cut back populations anyway—and Oct. 1 throughout the state and will, in general remain open on most species for 55 days. Restrictions on this and other seasons should be checked in the game law digest, available from dealers when you purchase your hunting license.

Other species which opened Oct. 1 in various portions of the state include cottontail rabbits and snowshoe hares, ruffed and sharp-tailed grouse, prairie chickens, raccoon and bear. Gray squirrels will be legal in a portion of the upper peninsula and pheasants in a portion of Menominee County.

Deer hunters have also started stalking their prey, too—but with bow and arrow only. Firearm deer hunters will have to wait, as

Northville the ball on the Milford 23-yard line. Had he taken the down, it would have been Milford's ball on its own eight.

At this point Northville finally scored, a Scheffer to Schulz passing turning the trick. The extra point attempt failed.

Nally's 32-yard pass to Scheffer, which carried to the Indian eight yard line late in the second period, set up the third score. Nally scored on the next play but Hofmann missed the conversion, giving Northville an 18-0 half-time lead.

FOURTH TOUCHDOWN

In the third period, Burgess put the Mustangs close to paydirt by romping from his own 38 to the Milford 27—a 35-yard run. A

pass from Nally to Scheffer put the ball on the five yard line and Nally scored his second TD. Hofmann's kick was no good.

Meyers, peeled off on his 50-yard touchdown run for another third quarter touchdown, giving the homestead a 30-0 lead.

The last Northville touchdown came in the closing minutes of the game when Dale Swegles somehow swiped the ball from a Milford ball carrier on the Indian two. Lovett scored but Nally missed the conversion to make the final 36-0.

usual, until Nov. 15.

On all these species, time, date and location restrictions on hunting should be checked carefully against the game law digest before hunting trips are planned. Digests are available at all conservation department headquarters buildings or through any of the state's 4,000 authorized license dealers.

LICENSE REMINDER—

Somewhere along the line there's been a slip-up, and conservation department field men are warning all hunters to take note.

Hunting licenses are different this year than they were in 1952, and one of the major differences is that the Game Report Card is no longer attached to the license itself. Report cards this year are separate from the license and are supposed to be secured by the hunter when he buys his hunting permit.

But a number of department field reports indicate that either the hunter or the license dealer is not fulfilling his job in distribution of the cards.

It's the hunter's responsibility to see that he gets a report card when he buys his license; Report Cards are required from every hunter by the end of each season. Failure to report hunting activities constitutes a misdemeanor, punishable by fines and imprisonment.

Jayvees Beat Milford, 7-0

Larry Graham did all the scoring Monday as the Northville High School Junior Varsity edged the Milford Jayvees, 7-0, at Milford.

Graham scored the lone touchdown on a two-yard buck and then scampered over for the second point.

Coach Ron Schipper's charges had two touchdowns called back in the first quarter because of penalties.

Archie Niles Leads at Jackson Raceway

Archie Niles, Sr., veteran Northville driver, has moved to first position among the drivers at the Jackson Raceway during the first two weeks of the 36-night autumn season.

Niles has piloted a strong stable to money positions in 14 of 41 starts, including six first and seven seconds. His son, Archie, Jr., of Plymouth, ranks high also with three firsts, three seconds and two thirds in 20 starts.

Other leaders are Jack Williams, Sr., Olen Humphres, Waldo McMurray, Mac McQuarrie and Jack Robinson.

New mile and trot records were set Saturday night to climax the first third of the season, which has seen attendance increase by 17 percent and the mutual handle by 23 per cent over the best previous Jackson session.

Troy, Sandy in Friday TV Bout

In a return bout that shapes up as a scorcher, Randy Sandy meets Willie Troy in a 10-round middleweight scrap to be nationally televised and broadcast from St. Nicholas Arena Friday night, Oct. 9 on the Cavalcade of Sports. The fight goes on the air at 10 p.m. New York time over the NBC

television network, and the ABC radio network.

Both boys pack plenty of action in either fists and both are on their way up the fistic ladder. Willie Troy knocked Sandy out just one year ago in the 10th round. In his most recent outing, Troy kayaked Lee Sala in five rounds. His record shows him to be a terrific fighter with 14 of his 20 victories being by the knockout route. He has lost only one fight.

Sandy has made rapid strides since his knockout loss to Troy. In recent months he has defeated Tuzo Portugez, Jimmy Beau and Lee Sala. His record shows 13 wins, five by kayotes, and his only loss was to Troy. He'll be in there giving everything he's got to reverse the results of his previous bout with Troy.

Jimmy Powers will handle the television end of the fight,

Peter Grand Winner at Jackson Raceway

Peter Grand, the 13-year-old black gelding owned jointly by Ray Honsinger of Northville and William Ritchie of Plymouth paced to a clearcut victory at Jackson Raceway Monday night.

Earl Charriveau took Peter to the front at the first turn and easily shook off all challengers over the mile route.

It was a popular victory with the fans, who bet him down to a \$5.80, \$4.60, \$3.40 payoff.
