### Adult Recreation Classes Announced by Wilson Funk

Recreation Director Wilson Funk has announced the following line-up of adult education classes:

#### ADULT TYPING

The adult typing class will start on Thursday of next week, Jan. 14. Classes will be held in the regular commercial department room on the second floor of Northville High School. There will be 12 lessons, one each week starting at 7:30 p.m. each Thursday and the fee for the course will be \$10. Kathryn Giltner will be the instructor.

#### SHORTHAND

Ten lessons in Gregg shorthand will be offered if ten or more folks are interested. You may register by sending a card to Recreation, Village Hall, Northville, giving your name and phone number. Class to be held on Wednesday evening starting at 7:30.

#### SPEECH

Speech is being offered for the first time in Northville in the adult program sponsored by the Northville Recreation Committee. It will take 12 or more folks to make this course possible and at present only three have enrolled. If interested phone 412 and give Mrs. Mary Alexander your name and phone number. Classes will start next week and students will be notified by mail on Monday the night the class meets, which will be either Tuesday or Thursday in Northville High School. Fee will be \$7.50 for eight sessions.

#### ANTIQUE REFINISHING

The antique refinishing class will continue for another eight weeks and anyone interested in refinishing some piece of furniture still has time to join the group. The class meets each Tuesday night in the Northville shop, which is located in the Northville Grade School basement. All supplies are available and the hours of the class are from 7 p.m. to 9 p.m. each Tuesday night.

#### WOODWORKING

Starting Tuesday, Jan. 12, a new woodworking class will get under way with Mr. Renard registering at 7 p.m. in the grade school shop which is located in the basement. In this class new articles made from wood will be promoted. Many requests have been made to the Northville Recreation for a class where the handy man or the handy lady can make a cabinet or a new chair or table that will fit in that new screened porch and the opening night will be devoted to drawing up plans or going over the ones available and arrange for materials for your project.

#### LEATHERCRAFT

A new leathercraft class in both tooling and carving will get under way in the Plymouth High School starting next week. Dorothy Lucas will be the instructor and all folks interested should call Plymouth 895 and enroll with Herb Woodweaver.

#### COPPER TOOLING

The class in copper tooling will meet in the Recreation-Scout Building, 129 East Dunlap St., each Wednesday evening at 7:30 p.m. starting with registration on Wednesday, Jan. 13. It is very important that everyone interested in this class be present for the first half hour in order to get the supply order in for the following week when the tooling will get under way. If enough are interested in metal work, which consists of etching and the making of copper and other types of metal jewelry, a class will continue along that line after a four or five week class in copper tooling. Special pickled oak frames and new sheet copper are available in any amount at this time as well as the newest tools and other needed supplies. The class meets every Wednesday evening from 7:30 to 9 p.m. with supply and registration night set for Wednesday, Jan. 13 at the Recreation-Scout Building.

It's March of Dimes time again in Northville. Mrs. Eldon Biery, chairman of the local drive, presents a campaign poster to M. C. Gunsell, owner of the drug store of the same name. Canisters were distributed in Village stores this week in hopes that all of us can spare a few coins to aid the fight against polio.

## Church Celebrates 125th Anniversary

### House-to-House Drive for Hospital Fund Starts Jan. 11

Volunteer workers for the St. Mary Hospital Building Fund Campaign will begin door-to-door solicitations Jan. 11 in Northville, Farmington, Livonia, Plymouth and Redford Township. The local drive will be headed by E. C. Welch, chairman of the Community Appeal Committee.

Welch appealed this week for a large contribution from each Village resident contacted by solicitors.

"We are confident that the people of Northville will realize their responsibility to do something about the appalling shortage of adequate hospital facilities in this area," he said.

The hospital would be built on the outskirts of Livonia but will serve all communities in this area.

The fund-raising campaign has been endorsed by a number of civic and fraternal organizations in Northville and surrounding communities including the Northville Business and Professional Women's Club, Farmington Ground Observer Corps, Farmington Business and Professional Women's Club, the Farmington Branch of American Association of University Women, Blue Star Mothers, Girl Scout Troop Committee of Farmington, Farmington Kiwanis Club, Farmington Auxiliary to Post No. 4033 of the V.F.W., Livonia P.T.A. Council, Bell Creek Farms Association, Rosedale Gardens Civic Association, Livonia Business and Professional Women's Club, Livonia Junior Chamber of Commerce, Melody Manor Residents' Ass'n., Greenbriar Woods Civic Ass'n., the Plymouth Woman's Club, Western Wayne County Conservation Ass'n., Plymouth Branch of American Ass'n. of University Women, Unit 18 Moms of America, Inc., Stark-Newburg P.T.A., Plymouth Business and Professional Women's Club, Plymouth Girl Scout Council, Plymouth Lions Club, Plymouth V.F.W. Auxiliary, and the Keeler School Mother's Club, Don Sherman Hubert Post No. 345 V.F.W., and Chamber of Commerce of Redford Township.

The First Presbyterian Church of Northville, one of the oldest congregations in the state, is observing its 125th anniversary this year.

The Presbyterian was Northville's founding church. Its congregation first met in 1829.

Its present house of worship, erected in 1845, is the oldest Protestant church building in the Detroit area, according to Rev. Dr. Harold F. Fredsell.

#### PROGRAM UNDER WAY

An extensive 125th birthday program already is under way, the main feature being the restoration of the century old sanctuary.

Elder Robert F. Coolman is chairman of the anniversary celebration.

The first phase of the celebration was the observance of Holy Communion on Sunday, Jan. 3. Twelve new members were welcomed into the growing fellowship at that time.

The Sacrament of Holy Baptism will be observed this Sunday, Jan. 10. Also planned for this Sunday is a tour of the three new Sunday School rooms and other recent changes.

#### TO USE AUDITORIUM

This Sunday, incidentally, will mark the last time that the congregation will have the use of the church proper for some time. The Sunday School auditorium will be used for services during the restoration program.

The building program will include new retaining walls for the church property, a re-inforced floor in the sanctuary and seven new Sunday School rooms in the undercroft. The construction contract has been signed with Gotts Brothers, local contractors.

A tentative date of Easter Sunday has been set for use of the restored sanctuary. Also planned is an anniversary banquet this spring with the Rev. Harold G. Whitfield, former pastor, as the guest speaker.

#### O.L.V. Mother's Club Elects 1954 Officers

At the last meeting of Our Lady of Victory Mother's Club, the following officers were elected for the coming year: Mrs. F. Jentgen was re-elected president; Mrs. Arthur Heslip was re-elected as vice-president; Mrs. Carol Mulligan, treasurer, and Mrs. Edward Bredow, secretary.

### Town Board Told of Master Plan for Garbage Disposal

The Northville Township Board Monday night discussed briefly a preliminary report on a master plan for garbage and rubbish disposal in 12 Western Wayne County communities, including the township and Village of Northville.

The report was drawn up by Robert Stellwagon, an engineer hired by the 12 communities to study the problem of refuse disposal.

Stellwagon proposed that the 12 communities, with an area of 140 square miles and a 1953 population of 200,000, be divided into four groups.

#### USE INCINERATORS

Three of these groups, including one composed of the Village of Northville, Northville Township, Livonia, Plymouth city and Plymouth Township, should use community incinerators while the fourth would use the sanitary landfill method, he said.

Stellwagon estimated the project would cost the Village of Northville \$67,500 while the township's share would be \$85,375.

He said that in his calculations, he kept the maximum hauling distance to five miles. In a final report, Stellwagon promised to recommend specific sites for the incinerators and detail methods of financing.

Robert Shafer of Northville Township, a member of the Garbage and Rubbish Survey Committee of Northern and Western Wayne County which met with Stellwagon last week, emphasized that the engineer's report was preliminary.

He said some people apparently have the impression that definite commitments already had been made on behalf of the Village and Township.

He said the Garbage and Rubbish Survey Committee is strictly a study committee. Any action on the problem will be left up to the governing bodies of the communities concerned.

The governing bodies will not be asked to act until after Stellwagon compiles his final report.

### Christmas Seal Drive Nets \$352 to Aid in Tuberculosis Fight

The local Christmas Seal drive netted a total of \$342.62 this year to aid in the fight against tuberculosis, it was reported this week.

Of this total, \$115 was contributed by students of the Northville schools and Our Lady of Victory School.

Maybury Sanatorium collected \$123 with patients, all of whom are tuberculosis patients, contributing \$80.

The remainder of the total was collected in canisters distributed among Village business places.

## Group Maps Plans for February Blood Drive

Representatives of nine Village organizations met Monday night at the Veterans' Memorial Building to map plans for recruiting donors for the Blood Bank, to be held at the First Methodist Church on Feb. 12.

Charles Carrington of the Red Cross outlined the procedures necessary to meet the hoped-for goal of 200 pledged donors.

Contacts will be made through all organizations, industries, institutions, stores and personal calls. Donors also may sign up at the Depositors State Bank on Friday nights.

The group stressed the fact that the cost of operating the Bloodmobile makes it prohibitive to service any community unless 200 pledges are assured.

It was also pointed out that if Northville's Blood Bank is not replenished by using the services of the mobile unit, it will be necessary for donors to go to Red

Board of Education members spent a good share of their Monday night meeting ironing out details of the Jan. 19 bond election. In center foreground is Superintendent Russell Amerman. Reading clockwise around the table: Eural Clark, Mrs. Harry Wagenschutz, President Robert Coolman and Attorney James Littell, who drew up the purchase agreement for the elementary school site. Board member Donald Severance arrived after the picture was taken while the fifth member, Nelson C. Schrader, who was away on vacation.

All are color films except "Kill The Umpire". The baseball official will be eliminated in black and white.

Last Saturday's movie, "Destination Moon", attracted a record crowd at the First Methodist Church House. A total of 308 persons saw the 2:30 showing while the evening show attracted 104 spectators.

### Saturday Movie Schedule Revealed

Features to be shown at the Saturday movie program during the month of January were announced this week by Police Chief Joe Denton and Recreation Director Wilson Funk.

The movies, sponsored by the Junior Police Club, will be shown this month at St. Paul's Lutheran Church at the corner of Elm and High streets. There will be showings at 2:30 and 7:30 p.m.

The features this Saturday will be "Black Gold" and "Land of the Kangaroo". On Jan. 16, "Coroner Creek" and "Wheels Across Australia" will be shown.

Scheduled for the 23rd are "So Dear to My Heart", the new Walt Disney film, and "Wheels Across The Andes". On Jan. 30, "Kill The Umpire" and "East of Bombay" will be shown.

All are color films except "Kill The Umpire". The baseball official will be eliminated in black and white.

#### Invite Entries in Bird-house Contest

Village boys in grades eight through 12 are invited to enter the annual bird-house contest, sponsored by the Northville Branch of the Women's National Farm and Garden Association.

Willard Renard, manual arts teacher at Northville High School, will conduct the second of two classes in bird-house construction next Tuesday, Jan. 12, from 3:30 to 5:30 at the school shop. The first class was held last Tuesday.

The boys will be charged only for materials used. Judging in the contest will be conducted March 8.

#### Langfield Back

Mayor Conrad E. Langfield was back on the job at Commission meeting last Monday night after a six-week vacation in Florida.

### Non-Registered Voters Must Sign Up By This Friday

The Northville Board of Education Monday night signed a purchase agreement for a ten-acre elementary school site as a vote on the \$300,000 bond issue to finance the project stood less than two weeks away.

The agreement was drawn up by Attorney James Littell after negotiations with Manning & Locklin Gravel Co., owners of the ground on the west side of North Center St. between Carlyle and Hill.

Purchase price of the land, which has a 540-foot front on North Center, was \$15,000.

#### DEADLINE FRIDAY

Meanwhile, non-registered voters were reminded that Friday, Jan. 8, is their last chance to become eligible for the special election, to be held Tuesday, Jan. 19.

So far, no new registrations have been reported by the clerks of Northville, Novi, Salem and Lyon townships.

Northville Clerk Fred Lyke was at the Village Hall for three days and had nary a customer.

School officials hope this means there are no non-registered voters and not that residents aren't interested in the election.

#### AVAILABLE FRIDAY

Clerks of all four townships will be at their posts Friday, Lyke will be at the Village Hall, Earl Banks at the Novi Community Building, Lyon Township Clerk Lyman Joslin at his home at 54299 West Nine Mile and Salem Township Clerk Grant Currie at his home, 7670 Currie Rd.

The deadline for absentee ballots is 2 p.m. Saturday, Jan. 16. Any eligible voter physically unable to go to the polling place or who will be absent from town on election day may secure a ballot from School Board Secretary Donald Severance through the Board of Education office at the elementary school.

### Tax Collections Show Slight Slump

Township tax collections are running slightly slower so far this year as compared to 1953, Treasurer Roy Terrill reported.

As of Tuesday morning, Terrill had collected a \$45,108.20 of a total tax roll of \$165,613.79. The deadline for payment is Feb. 28.

Terrill is at the bank every Tuesday and Friday to accept tax payments.

He attributed the slight drop in receipts thus far to the fact that both Christmas and New Year's fell on a Friday.

### Former Guest Pastor Dies Suddenly at Home in Toledo

The Rev. Leslie E. Scott, who preached Nov. 29 at the First Presbyterian Church here, died suddenly on Saturday, Jan. 2 in Toledo, O.

Rev. Scott was pastor of the Presbyterian Chapel on Corey Rd. in Toledo and has visited in Northville with Dr. and Mrs. Brian K. Bradford, former residents of the Village.

Rev. Scott had spent the past two years organizing the new Presbyterian Church on the outskirts of Toledo. He had exchanged pulpits with the Rev. Dr. Harold F. Fredsell of the local church and was well received by the Northville congregation.

### Charles Rebitzke in Navy Maneuvers

Participating in November Amphibious Training Exercises in the Caribbean aboard the LST USS 603 was Charles R. Rebitzke, seaman, USN, son of Mr. and Mrs. Paul Rebitzke of 320 Linden St.

The exercise was a joint Navy and Marine Corps operation of amphibious landings of Marines and equipment on Vieques Island, P.R.

The climax of the maneuvers had a modern innovation, the employment of helicopters to assist in landing the Marine assault troops.

### Thief Rifles Package of \$100 Worth of Rings

A thief stole diamond rings valued at \$100 from a first class mail package left at the door of Johnson's Gift Shop on East Main St. last Saturday, Police Chief Joe Denton reported.

The theft was discovered by George Sinclair, owner of the Northville Men's Shop. Sinclair said he noticed the package in the doorway early in the morning, and again later in the afternoon. He then spotted the empty package on the sidewalk about 5 p.m.

The Gift Shop was closed because of the New Year's holiday. Denton said the box contained two ring sets valued at \$50 apiece.

## Rolling Down The River

by the PETZ BROS.

These end of the year sales remind us that many a lady, whose only knowledge of war is what she read in the newspapers, have come to the conclusion that a January Clearance is just another way of saying "counter attack".

We're glad we didn't have to buck those lines, either at a clearance sale or the great American sport of "Christmas Exchange", and we're more certain than ever the greatest gift of all is the new '54 Studebaker. Not a single happy new owner has come around to exchange their lovely car for something else. Must be all that horsepower, that beauty, the fine color harmony, plus those worlds of economy that convinced them they have the finest car ever. Why not let us demonstrate one to you?

Did we ever get around to telling you of the deaf and dumb couple that wound up in the divorce court. We understand the wife was winning an argument late one evening, and her fingers were giving a vivid expression of opinion, so instead of losing the battle, as all good husbands should, this brute reached over and turned off the lights.

Well, there's nothing deaf or dumb about those guys in our shop. As a matter of fact, they are exceedingly vocal when telling us of the condition you let that car of yours fall into. You could avoid it too, make it easy on the car and on your ears by bringing it in for a periodical check-up and regular lubrication. Why not be sure of perfection in motoring by driving a conditioned car. You'll be surprised how much easier you'll make it on yourself.

That's that, but we should tell you of the lovely lady at a New Year's Eve party. She was dressed in the most revealing of evening gowns and when having a before-dinner cocktail giggled, "I shouldn't do this as I need to watch my figure."

Yours,

## Total Eclipse of the Moon Scheduled for Monday Evening, January 18th

A total eclipse of the moon will be January's astronomical treat, according to Dr. Hazel M. Losh, University of Michigan associate professor of astronomy.

On Jan. 18 the full moon will completely enter the Earth's shadow, she says. It will be located above the east point of the horizon at an altitude of about 30 degrees at the eclipse's beginning.

At 7:30 p.m. the moon will first touch the Earth's shadow, the professor points out, which will then slowly spread until totality sets in 9:17 p.m. The totality will end at 9:47 p.m., she explains, but it will take the moon about an hour and a half more to leave the shadow.

Throughout the three and a half hour phenomena, Professor Losh states, "the moon will be plainly visible, illuminated by sunlight which filters through the Earth's atmosphere and is bent and refracted into the shadow and then onto the moon."

### LIGHT SCATTERED

The moon will shine with a dull reddish glow, she adds, deprived of its blue rays by the atmosphere which scatters and diffuses the blue light.

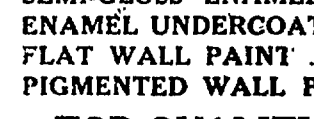

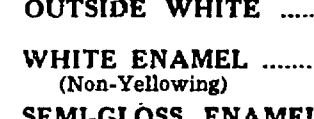

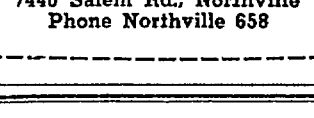

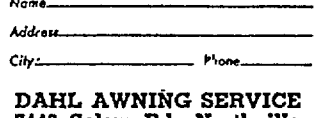

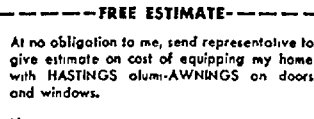

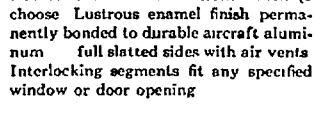

To have such an eclipse, according to Professor Losh, the moon must be in full phase, or display "counter attack".

rect line with the Sun and Earth, but usually it passes above or below the Earth's shadow.

A further January feature will be the lengthening of the day by about an hour, she states.

Among the planets, Jupiter will continue to be the bright one in the southern sky, the professor points out, and Saturn will be rising south of the east point about 1 p.m., towards the end of the month. Mars will rise about an hour later.

### PARALLEL LINES

Easily observed during the month will be the constellation Gemini, Professor Losh states. Composed of two almost parallel lines of stars, it extends in a northeasterly direction from Orion and culminates in two bright stars, Castor and Pollux, "The Twins." "To find this pair from the location of the Big Dipper," she explains, "extend a line from the handle diagonally through the bowl and far beyond."

Pollux is the brighter of the two, Professor Losh says, but 300 years ago Castor outshone "his brother", and for some unknown reason he has lost some of his original brightness. Castor is a white star less than 50 light years away, while Pollux, a yellow one, is 30.

According to old legend, Dr. Losh states, "when both Castor and Pollux shine, the path lies clear ahead for sailors, but when only one is seen, storms lie in wait and disaster lurks."

## New Date Set for Family Concert by Plymouth Symphony

The third annual family concert of the Plymouth Symphony Orchestra will be given at 4 p.m. Sunday, Jan. 17, instead of Jan. 24, in the Plymouth High School gymnasium, it was announced this week by Wayne Dunlap, director of the orchestra.

The symphony concert will open with the "Tick Tack Polka" from The Fledermaus by Johann Strauss; the First Movement of the "Clarinet Concerto in A Major" by Mozart, featuring William Radant; "Soliloquy for Flute and Orchestra" by Rogers, with Nelson Havenstein; and the Last Movement of the "Symphony Concertante for Oboe, Clarinet, Horn and Bassoon" by Mozart, featuring Heodore Heger, oboe; William Radant, clarinet; William Weichlein, bassoon, and Leland Bartholomew, horn.

Following the intermission the orchestra will present the Wedding March and Scherzo from the "Incidental Music to a Midsummer Night's Dream" by Mendelssohn, "Peter and the Wolf" by Prokofiev, and "Clear Track Galop" by Eduard Strauss.

All of the soloists with one exception are faculty members of the University of Michigan. Leland Bartholomew, horn soloist, is a graduate of the University of Michigan and is now doing graduate study at Wayne University.

## Sports Car Display to Begin Friday at Ford Museum

The peers of the realm of sports cars, foreign and American, will go on display in the Henry Ford Museum beginning Friday, Jan. 8.

The exhibit, entitled "Sports Cars Unlimited", will emphasize future trends in sports car development, notably in the field of plastic bodies. Models not previously shown in this country will be included among the 50-odd models selected for exhibit.

### CARS OF THE PAST

Classic sports cars of the past will also be shown to lend historical perspective to the display in an attempt to illustrate the evolution, purpose and popularity of sports cars through the years.

Photographs and paintings of outstanding sports car events and competitions and artists' conceptions of the cars of the future will form a backdrop for the cars on display.

Modern cars featured in the exhibition will be the futuristic Alfa Romeo "Disco Volante"; the controversial Spanish Pegaso; a Mercedes 300SL; a 2.6 liter Ferrari; a 1954 Fiat V-8; the Jaguar XK-120 C which won the 1953 French LeMans Race; the experimental Ford XL-100; and an English Bristol with a Bertone body custom-built for the 1953 Paris show. Other cars of interest include two Siats, 1100 and 1400 cc.; a Lancia V-4, the only car in the world with this unusual type of engine; an Osca, a competition car of 1100 cc.; the new Austin Healey 100 and 1954 MG TF; and a Nash Healey, 1953 class winner of the LeMans race.

### DISTINCT TYPES

Older cars in the show, beginning with a 1910 Hudson speedster, a 1910 Simplex and Packard, and a 1914 Chadwick, will point up the sports car's emergence as a distinct type in contrast to the passenger vehicle. Included will be a rare type 44 Bugatti, of 1929, and the first MG "Midget", the winner of the 1934 LeMans Race, a Lagonda, a 1919 Hispano Suiza, and numerous models will be displayed where the full-size prototype is unavailable.

Other modern versions include the only production plastic sports car built in the U.S., the Chevrolet Corvette, together with the Kaiser Darrin, the Edwards hybrid using a Lincoln engine, shortened Ford chassis and fiberglass body; the Cunningham, considered by many to be the only true American production sports car; and two Chrysler experimental sports cars, the DeSoto Adventur-

er and the Dodge Firearrow will also be on display.

"Sports Cars Unlimited" is the second annual exhibition of sports cars in the Henry Ford Museum. The 1954 edition will cover more than 20,000 square feet of floor space. The show will be open from 9 a.m. until 5 p.m. daily and weekends, and will last until Feb. 1.

## Sunday School Hours Changed at First Presbyterian Church

The restoration program at the First Presbyterian Church will necessitate a change in Sunday Church School hours, it was announced this week.

The Sunday Church School will meet at 9:30 a.m. to allow use of

the auditorium for church services at 11 a.m.

Earl T. Gibson, general superintendent of the Church School, explained that the Sunday School partitions and tables will have to be moved in the Junior Department to make room for the choir and the church congregation.

Some of the pews, communion table and baptismal font also will be moved into the auditorium from the sanctuary.

## THE VILLAGE - - - AT WORK

A Visit With Your Neighbors On the Job

This week's Villager at Work is Charles Strautz, teller at the Depositors State Bank.

If Strautz' earliest ambition had been realized, the only "green stuff" he'd handle during his working days would come from a field.

"When I was younger, my real hope was to become a farmer," he said. "Unfortunately, I could never scrape up enough money to get started."

Strautz was born in Grand Rapids, but moved to Northville when he was a year old. He graduated from Northville High School, and attended Michigan State College for one year. He transferred to Cleary Business College in his sophomore year, where he majored in business administration.

In 1940, upon graduation from Cleary, he began work at the bank here. In 1942, he left for three years to serve with the Air Force. He was stationed at bases all over the country, but at the end of the war was serving as the head of the Officers Pay and Discharge Center in Sioux City, Iowa.

Since he started work with the bank, Strautz has risen from a clerk to Loan and Discount Head Teller.

He and his wife, the former Marjorie Litsenberger, have two children: Fred, 10, and eight-year-old Charles, Jr. Their home is located at 413 Randolph St.

## Livonia Enjoys Boom During '53

Home construction in Livonia in 1953 nearly matched the combined total of the two previous years.

The 102 building permits issued during December brought 1953's total to 1,554—only 168 less than the two-year total for 1951 and '52.

Figures released this week by Donald Wilson, Livonia's chief building inspector, show that 1953's new homes are valued at almost \$15 million.

The 649 new homes constructed in 1951 were valued at about \$6.5 million. In 1952 the 905 homes were worth approximately \$9.5 million.

Livonia's steady growth is also reflected by the 84 permits for commercial building issued during 1953. The largest commercial permit was for a \$107,000 supermarket that will be constructed on Grand River in the northeast corner of the city.

Largest of all new structures in 1953, however, is a huge Chevrolet spring and bumper plant going up on a 130-acre site at

Amrhein and Eckles roads. Construction also began last year on a \$387,000 Bell Telephone central exchange building and a \$310,000 junior high school.

When completed, the telephone building will house dialing equipment valued at over \$2 million. The junior high school, an addition to Bentley High, will contain 12 classrooms.

The only existing manuscript copy of Thomas Jefferson's original sketch map of his plan to divide the Northwest Territory into states is in the Clements Library at the University of Michigan. This plan largely was followed when the actual division of land took place. The original map no longer exists.

Mrs. C. Harold Bloom, the bridegroom's daughter, served as matron of honor, and wore a hunter green velvet suit with a corsage of red roses. Charles Ely was best man.

Following the ceremony, the wedding party had dinner at the Mayflower Hotel in Plymouth. The table was centered with silver candelabra and bouquets of white chrysanthemums and pink carnations. The pink and white color scheme was repeated in the four-tiered wedding cake, which

was topped with pink and white flowers. For some time the bride owned the Villa Dress Shop at 150 North Center St. Mr. Ely is retired. The couple will make their home in Northville.

Teen-age equestrians who competed in five contests last season, including the Northville Junior Horse Show and a three-day event at J. P. Malley's Franfield Farm on Eight Mile Rd., were honored at a dinner Tuesday night of last week, held at St. Paul's Lutheran Church. The dinner was sponsored by the Optimist Club. Pictured above are three members and the coach of the Outland team, which won the Northville Optimist Club Junior Equestrian Team Challenge Trophy. Left to right: Skip Dowd, Lou Wilson, Coach Zelma Outland and Captain Nancy Fisher. Dowd was jumping and dressage champion while Miss Wilson won second place in dressage competition and Miss Fisher won a cup for being reserve jumping champion. The other team member, Mary Lou Fisher, is not pictured. Members of the Northville team, coached by Stan Schaefer, are Mary Casenhiser, Jan Schaefer and Franny Malley. Schaefer was presented a silver bowl by the Northville riders. Present from out-of-town for

The check was presented to the Equestrian Committee after the presentation ceremony. Members of the Optimist Club Equestrian Committee are J. P. Malley, Dr. J. K. Eastland, Dr. Waldo Johnson and Mrs. Franklin Beeks, secretary.

## Fashion News for the Coming Year

This season, and predictions for the coming season, put great stress on elaborately decorative trim on suits, coats, and dresses, whether they are for daytime, afternoon, or evening wear. Usually the more elaborate the design, the more expensive the garment. Many times a dress will take on a sentimental value that far exceeds the monetary value—just because you like its decorative trim. Embroidered designs appear on every conceivable fabric, ranging from the sheerest evening dress fabric to the heavy coating fabrics. When you select a garment of this type, you are purchasing a luxury item. For this reason its not practical for a retailer to give you any promise on serviceability in wear and cleaning. The National Institute of Dry-cleaning states that many of these trims give good serviceability in wear and cleaning. And their wear life may be extended with special care in both use and cleaning. Decorative embroideries include beads of every description—bugle, jet, satin glass, pearl, and radium beads. The coloring on the inside of bugle beads may tarnish with wear and cleaning. Designs of raffia, a palm-type fiber, will be high fashion this coming spring and summer. It looks like straw and will be used widely on cotton and linen dresses. Other embroideries are made with a variety of yarns, gilt, cord, and gumpe. Nailheads are used widely too. They may be the plain type that are fastened to the fabric, or the jeweled type where the glass stones are set into a metal setting. And every conceivable type of spangle, sequin and cabochon is used too. Just remember, all of these items have limitations in wear and cleaning. Enjoy their beauty, but don't expect too much from them.

## Lillias Mair Hostess at New Year's Party

Lillias Mair, daughter of Mr. and Mrs. James Mair of Seeley Rd., entertained several of her classmates at a party on New Year's Eve. The list continues with Phyllis Howard, Harold Wilson, Kathleen Heatley, Jerry Dresselhouse, Elaine Butler, Jerry Davis, Nancy Bowen, Conrad Doan, Marilyn Sharpe and Don Wimmer.

## Canned Peas Good In Potato Nests

Canned peas, one of the leading vegetable packs, have an established popularity based on their delicate and sweet flavor. This attribute accounts for their acceptance "as is" and why they can be combined with so many other vegetables. For a substantial vegetable course, serve canned peas atop baked stuffed potatoes. And let the canned food shelf provide other menu suggestions. For the main course have baked luncheon loaf with a peach syrup glaze, accompanied by cling peach halves filled with pickle relish.

**Peas in Potato Nests:** Bake 3 large potatoes in hot oven (450°F.) one hour. Cut potatoes in half being careful not to break shell. Scoop out potato; mash, season with salt, pepper and butter. Add hot milk to make fluffy mashed potatoes. Put back in shell heaping the potato at the sides and leaving large depression in center. Brown under broiler. Drain a 1-pound can peas; reduce liquid by boiling to about one half. Add peas, salt, pepper and butter; heat to serving temperature. Fill potato centers with peas. YIELD: 6 servings.

**Luncheon Loaf with Peach Garnish:** Place 2 luncheon meat loaves together in baking pan; score the top and insert cloves. Sprinkle with 3 tablespoons of brown sugar. Pour 1 cup syrup drained from canned cling peaches around meat. Bake in moderate oven (375°F.) 30 minutes, basting several times during baking with the syrup. During last 16 minutes, place peach halves in pan with meat and fill centers with pickle relish. YIELD: 6 servings.

The Stevens family of Hubbard Ave. spent last week end with relatives in Detroit.

Mrs. George Welsh of Mayfield Ave. is recuperating nicely from a bad fall she had Christmas Day.

Mrs. Kenneth Owen of West Seven Mile Rd. is reported convalescing from an attack of illness.

Old neighbors hear that Mrs. William Greene, formerly of Hubbard Ave., but now of Redford, is convalescing from a very severe attack of flu.

As Christmas gifts, Neighborhood Bible School distributed piggy banks in gay colors to all members of the school. Each child also received the traditional treat—a bag of Christmas candy and nuts.

A shut-in of this neighborhood is reported to have received 880 Christmas greeting cards.

**Kottler Soloist With Detroit Symphony Tonight**  
Mischa Kottler, Detroit pianist, will be soloist with the Detroit Symphony Orchestra, Paul Paray conducting, Thursday, Jan. 7, at 8:30 p.m. in the Masonic Auditorium. Kottler will play the Rachmaninoff Piano Concerto No. 3 in D minor.

Paray has also programmed Brahms' Symphony No. 2 in D major and Roussel's "The Spider's Feast".

Kottler was born in Kiev, Russia, of a musical family which included an uncle who was a Professor of Piano at the Petrograd Conservatory and Conductor of the Imperial Opera of that city. The family influence was great and young Kottler began his music studies early, at the age of four.

At seven, he was entered at the Imperial Conservatory at Kiev and at nine he was touring the major cities of the Ukraine. He continued his studies in Paris and Vienna under Felix Weingartner and Emil von Sauer, the latter one of the famous Liszt pupils.

This will be the third performance Kottler has made with the Detroit Symphony. It will also be the third time the noted Detroit pianist has performed the Rachmaninoff Concerto No. 3 in this city.

The average retirement payment to one person under social security is \$50 a month. The maximum payment is \$85 a month.

## Michigan Mirror

by Gene Alleman

**A GRIM RECORD** is predicted for Michigan in 1953: A new high in the number of deaths from highway accidents.

The October count of 184, about 22% more than last year, brings the total of people killed to 1,536. This is 11% more than the number of people killed in the first 10 months of 1952.

**RURAL AREAS** of the state are where marked increases are taking place. Fatalities there have increased 33% over 1946 as contrasted with a reduction of 9% in urban sections.

**THESE FATALITY FACTS** provide an exceedingly sound argument for an increase in the number of patrolmen in the state police department.

Virtually everyone agrees that more officers are necessary. If anyone opposes the increase, he is careful not to state his opinion publicly.

It is assumed that the new legislature will not adjourn until more officers are provided.

**HOW TO FINANCE** the larger force is the question unsolved at present. There is some sentiment to use part of money collected by the Highway Department from gas taxes. Commissioner Charles M. Ziegler, who opposed a suggested \$550,000 diversion, looks with a little more favor on a newer proposal to use \$300,000.

**BETWEEN 50 AND 75** men could be added to the state police for that expenditure, says State Police Commissioner Joseph A. Childs. Childs thinks 150 more patrolmen would be a more desirable figure.

**HOOKER IN THIS PROPOSAL** might be legal. Ziegler wants approval of the attorney general before loosening his hold on \$300,000 of highway money for police. A constitutional amendment specifies that gas money must be used "exclusively for highway purposes." Ziegler wants to be sure that such funds would be legally spent. Childs is sure that a system could be worked out that would be within the law.

**"HIGHWAYS ARE IN SAD** shape financially as the state police," says Governor Williams. The governor supports a plan calling for an increase of 106 men to the police roster. Of these 100 would be patrolmen, two would be assigned to detective duties, four would be used otherwise.

This will cost about \$550,000. Gov. Williams believes the money should come from the general fund, not from gas tax sources, and is ready to propose such action to the new legislature.

**MORE PATROLMEN, BETTER** roads, are accepted as part of the solution to the problem of increased traffic deaths.

Another, and perhaps more important factor, is the driver. If the record highs in traffic fatalities are ever to become record lows, it will take the combined efforts of policemen, road builders, private citizens.

**"BOOKS ON WHEELS"** will bring local library service to some 25,000 of Michigan's 846,000 rural children and adults who have no such service at present.

Two "Trailblazer" bookmobiles are now on order by Michigan State Library service. They will be lent during 1954 to local library units which have promoted community plans, programs and support.

**MONEY, COUNSEL AND** books will move, under a new plan, from Lansing to local areas where it is needed. Key to securing the aid is initiative in a locality. Areas showing outstanding interest are first to receive this concrete encouragement.

Purpose of the development program is to show needs and potentials of libraries and to encourage counties without libraries to support a book and information service locally.

**"ONLY 25 OF 83 MICHIGAN** counties make library service available to all residents, with minimum service provided in some of these," says Mrs. Loleta D. Fyan, State Librarian.

"A good library available to every Michigan citizen is a fundamental need and is essential to the improvement of the state's economic and cultural standards," the chief librarian asserts. Referring to the areas barren of libraries as "deserts," Mrs. Fyan outlined her agency's program: "To make every effort to bring books and information to 'deserts' as quickly as possible."

**"WHEELED" LIBRARIES WILL** roll starting in April.

Three areas have been selected for 1954's activity: Arenac County or Saginaw Bay, Grand Traverse County, and Marquette County.

The Isosco County Library Board is cooperating to extend its service into Arenac. To serve Marquette county, the city libraries of Ishpeming, Negaunee and Marquette, as well as the county board, are working together.

**REGIONAL LIBRARY SERVICE** is the aim of next spring's effort in the Grand Traverse area. State librarians hope they can demonstrate an operation that can be expanded to include Antrim, Benzie, Kalkaska and Leelanau counties as well.

**DEVELOPMENT OF THE** bookmobile program is possible

through action of the 1953 legislature. The law was amended so certain balances could be transferred to the jurisdiction of the State Board for Libraries and to demonstrate regional service. In 1954, about \$56,000 will be used for this purpose.

**APPLE COUNTIES**  
Michigan's leading apple producing counties in order of their standing in national rank are Berrien, Van Buren, Kent, Oceana, Oakland and Allegan.

## M.S.C. Announces Results of Tests on Intoxication

Conclusive results concerning the worth of lab tests to measure intoxication have been obtained in research at Michigan State College.

An important finding of the researchers is that closer definitions can be established—based on lab tests—between persons "possibly" or "probably" under the influence of alcohol and those definitely under the influence.

Under carefully controlled conditions approximately 1,700 analyses were obtained from 127 human subjects, none of them students. The research was conducted by a staff under the direction of Prof. Ralph F. Turner of M.S.C.'s Police Administration Department. A grant was provided by the National Safety Council's Committee on Chemical Tests.

### CONCLUSIONS

Conclusions reached by the research team included these: 1) "Current literature delineates 3 zones of blood alcohol concentration for the guidance of law enforcement officials: 0.00—0.05 per cent, safe; 0.05—0.15 per cent, questionable; above 0.15 per cent, definitely under the influence. It is recommended that these lines of demarcation be amplified in the following manner: 0.00—0.05 per cent, safe; 0.05—0.10 per cent, possibly under the influence; 0.10—0.15 per cent, probably under the influence; above 0.15 per cent, definitely under the influence."

2) "In 127 subjects tested, when the concentration of alcohol had reached or exceeded 0.15 per cent in the blood, as indicated by analysis of either the blood or the breath, impairment of some type was noted in every case. In most cases, impairment was evident far below this 0.15 per cent mark."

3) "Three methods of blood alcohol determination by analysis of the breath were studied—Drunkometer, Intoximeter and Alcometer. When these devices were used in the manner recommended by their manufacturers

## Tip-Up-Time

Such scenes as this will soon be commonplace in Michigan as the ice fishing season closes in on waters of the state. Each year, thousands of enthusiasts, an army that the conservation department reports has been growing with each season, take part in the finger-numbing sport.

the results obtained were in close agreement with results obtained by direct analysis of the blood."

### COMPARE METHODS

4) "The methods of blood analysis and breath analysis by the Drunkometer, Intoximeter and Alcometer may be used with confidence and the results so obtained will be reliable."

### READ LABELS

You have to give the right kind of care to the new man-made fibers and finishes in order to get good service, point out clothing specialists at Michigan State College. So make it a habit to look for the label and to ask for washing or cleaning instructions before buying.

## LAST DAY of Registration School Election

Notice of last day of registration of the qualified electors of Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan.

Please Take Notice that the Board of Education of Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan, has called a special election to be held in said School District on Tuesday, January 19, 1954.

## A TOPSY TURVEY WORLD

From London, England comes the report that a new and serious social problem is confronting the National Society for the Prevention of Cruelty to Children—the problem of cruelty to parents by their children.

The article relates how a mother with her young baby was found wandering on the streets because her 16-year old son had locked them out of the house. Another dragged his mother by the hair, smashing three chairs, and then threw a knife at her. A father of a seven-year old son complained that his son threw knives at him and when taken into custody by the police the officer said "his language is the worst of any child I ever heard". One officer said "These children grew up without any, or very little home discipline. Now they fight against it. They are determined to have their own way." Listen to the advice found in Proverbs. "He that spareth his rod hateth his son; but he that loveth him chasteneth him becometh." "Foolishness is bound up in the heart of a child; but the rod of correction shall drive it far from him." "Chasten thy son while there is hope, and let not thy soul spare for his crying." You can see what method of discipline the Bible favors.

### DREAMS FOR 1954

If your own "Aladdin Lamp" could make it all come true what would you want most in the coming year to make a better Michigan Outdoors? A couple of million sportsmen in the State may have a lot of different ideas along this line—here are just a few we've picked up in casual conversations here and there:

#### Clarified Fish and Game Laws

Somebody should rewrite our fish and game laws in language anybody can understand! The "if or but" phrases appearing in the current versions are enough to discourage all but ambitious graduates from a law school. Variations in the law required because of a number of experimental lakes and streams, and specially designated hunting areas may be named as the reason—but surely some of the confusion could be "written out!"

#### Violator Prosecution

Pity the poor Conservation Of-

ficer who catches a fish or game violator red-handed only to stand by helplessly as a local justice of the peace says "sentence suspended" when the case gets to court. Law enforcement becomes a joke under such circumstances—circumstances that are insults to all of the good, law-abiding sportsmen in the State. Some state-controlled method of court proceedings might rectify this situation.

#### Commercial Fish Control

Wherever commercial fishing and sports fishing overlap in Great Lakes waters a more careful survey of the situation might result in more harmony between the two factions. For example, existing laws governing commercial fishing areas and seasons don't meet with the approval of lake trout and wall-eye pike anglers in many parts of Michigan. Both sides have a case. How about a joint meeting of minds on this in 1954?

Most of all, our crying need for

### Dayton Reports on Ski Conditions

For local ski enthusiasts, good conditions are reported in Waters, Mich., located between Gaylord and Grayling.

So says Charles Dayton, of 317 Baseline Rd.

He spent last week end in Waters' Ski Village with the Detroit News Hikers.

"The skiing setup there is fairly new," he says, "but there are ski tows, and hills suitable for everyone from novice to expert."

Better make reservations ahead of time if you plan to stay overnight, Dayton says, as it is fast becoming a popular place for skiing fans. Further information can be had by calling Dayton at 36-R.

1954 is a greater appreciation of all outdoors, and less emphasis on the importance of the actual kill of fish or game. There'll be more fishermen and hunters afield this year than ever before. That means less game to go 'round, per capita. So, why not plan to get a bigger eyeful of fine scenery? Why not make more of good companionship? Take a little deeper breath of good, fresh, Michigan air! Be glad you're alive... thankful that Michigan Outdoors is yours to enjoy! It'll help to make a Happier New Year!

### Giardello Meets Panter in Friday Television Bout

Joe Giardello, third-ranked middleweight, looking for a shot at Champion Bobo Olson, tangles with rugged Garth Panter in a top flight ten-rounder to be nationally telecast and broadcast from Madison Square Garden Friday night, Jan. 8 on the Cavalcade of Sports.

The fight, with every promise of a thriller, will start at 10 p.m. EST and be seen over the full NBC television network and heard on the ABC radio network.

Giardello, a flashy fighter from Philadelphia has fought his way to his third ranking position with victories over such outstanding fighters as Ernie Durando, Billy Graham, Pierre Langlois and Joey Giambra. His record shows 61 fights with 45 wins, 11 losses, five draws and 14 kayos. Joey's a smooth working fighter who recently upset Vince Martinez.

Panter, considered one of the best fighters to come out of the Northwest in years has a long string of knockouts to his credit. Only 22 years of age, the rugged Utah swarmer has had 63 professional fights. He has won 52 of them, 35 by the knockout route, while losing 12 times and drawing once.

Jimmy Powers will be at the TV microphone, with Don Dunphy and Win Elliott handling the fight by radio.

### Northville Basketball Team Battles Clarenceville in Second League Game

The Northville High School basketball team, presumably well rested after a long holiday vacation, returns to action tomorrow night at Clarenceville.

As is customary, the evening's activities will get under way with a reserve game. At 8 p.m. or shortly thereafter, Coach Dick Kay's varsity will make its appearance.

The Mustangs should start the 1954 portion of their campaign a much-improved ball club over the one which opened the season against Plymouth, according to Kay.

The team scrimmaged Livonia Bentley and Plymouth the Tuesday and Wednesday before Christmas and looked impressive. They battled on even terms with Plymouth—a good indication of the degree of improvement, since the Mustangs lost 47 to 35 to the Rocks Dec. 4.

There was no practice over the holidays. Drills got under way again last Monday, and Tuesday the squad travelled to Walled Lake for a scrimmage.

The starting line-up for the Clarenceville game includes Ed Nash, current scoring leader with 37 points; Glenn Howarth, Lamar Nalley, Darwin Teschka and Al Ifversen. Buddy Bell is listed as the sixth man.

### Novi Resident Passes Away December 29

Prayers were read last Wednesday at the Casterline Funeral Home for Lydia Denke, who passed away Dec. 29 at her home at 23493 Novi Rd. The Very Rev. S. A. Chaly of the Russian Assump-

tion Cathedral, Detroit, officiated. Miss Denke was born in McKeesrock, Pa., in 1916, the daughter of Timothy and Helen Denke, who survive her. She had lived in Novi for the past 13 years, moving there from Detroit.

Interment was in Holy Trinity Monastery in Jordanville, N.Y.

Here's fun for the gang! Smooth bowling on well-conditioned and maintained alleys. No wonder old friends make this their "fun-night" headquarters.

Exemplar of the 1954 Buick's years-from-now styling is this stunning new Suxa Riviera

THE instant you see these 1954 Buicks, you'll know that something sensational has happened in automobile styling.

Here is vastly more than the usual model changeover. Here is vastly more than could be done just by warming over what Buick had before. Here is something accomplished by going far beyond artful face-lifting.

Here is that rarity of rarities—a completely new line of automobiles.

But Buick didn't stop with the bolder, fresher, swifter-lined beauty you see in raised and lengthened fender sweep—in the huge and back-swept expanse of windshield—in the lowered roofline—in the host more glamor features of exterior modernity.

They upped all horsepower to the highest in Buick history.

They engineered a new V8 for the SPECIAL—and in the process came up with new Power-Head Pistons that boost gasoline mileage in every engine.

**BUICK**  
the beautiful buy

They brought to market a sparkling newcomer with a famous name, the Buick CENTURY—a car with phenomenal horsepower for its weight and price—a car with more pure thrill per dollar than any Buick ever built.

And they did all this without change of the price structure which, for years, has made Buick the most popular car at its price in the world.

We invite you to come in and inspect these great beauties, these great performers, these great buys. Then you'll see why the Detroit previewers are already saying, "Buick's the beautiful buy!"

When better automobiles are built Buick will build them
