Mustangs Hold Loop Lead With 7th Win

Coach Dick Kay, a patient at Mt. Carmel Hospital, can rest easy.

His Northville High School Mustangs still hold first place in the Wayne-Oakland County League basketball race.

The Mustangs, capably directed by Reserve Coach Stan Johnson, walloped Clarenceville 63-40 last Tuesday night for their seventh league win of the season. They've lost only one in league play.

MILFORD BEATEN

First place became sole property of Northville last week when Keego Harbor upset Milford, which had been tied for the lead.

Kay is expected to be back on the job by next week at the latest. He was taken to Mt. Carmel several days ago for tests and observation. He's been suffering from a stomach disorder.

Clarenceville made a battle of it only during the first quarter, scoring ten points to Northville's 11. In the second period, the Mustangs dumped in 17 points to the Trojans' 10 and took their half-time rest with a 28-20 lead.

TROJANS COLLAPSE

The Trojans collapsed completely in the third period. Sparked by Glenn Howarth and Ed Nash, with 10 and eight points respectively, Northville poured in 22 and ended that quarter with a 50-26 lead.

Johnson played his reserves in the fourth period and even they played on even terms with the visitors, scoring 13 points to Clarenceville's 14.

Howarth was high point man with 18 while Nash counted for only one less. Darwin Teschka, who played an excellent game under the boards, scored 10.

Box Score:

Local Eagles to Launch Freedom Balloons Feb. 12

The Fraternal Order of Eagles Aerie 2504 of Northville will join other Aeries across the nation Feb. 12 in launching the Crusade for Freedom.

Local president Peter Lomona-co, Secretary Herbert Koester and other members will send three balloons aloft from Ford Field, carrying messages urging moral and financial support for the program to send the truth behind the Iron Curtain.

The messages will be signed by the national president of the Eagles. The balloons are expected to travel some 700 miles before dropping to the earth.

The balloons have proved most effective in Europe as a means of sending the free world's message to the millions of persons living under Communist domination.

The Crusade for Freedom is directed by the American Heritage Foundation.

Goodwill Trucks

Trucks from Goodwill Industries will be in Northville and Plymouth on Thursday, Feb. 18. Northville residents wishing to arrange for a Goodwill pick-up should call Miss Edith Sorenson at 571.

Village Residents Aid in State Hospital Program

A training program for "family home therapists" is under way at Northville State Hospital.

The therapists will take hospital patients into their homes during the final stages of treatment as one of the last steps in the patient's return to normal life.

The first group of therapists, including seven Northville residents, finished the week-long training course on Feb. 2.

The Northville graduates are Mrs. Kenneth Gates, Mr. and Mrs. Alfred Bush, Mrs. C. Carpenter, Mrs. Howard Sherman, Mrs. August Wicke and Mrs. Bob Masters. They will accept patients as the need arises.

Bruce Danto, psychiatric social worker on the hospital staff, said the program will provide the patient with an opportunity to adjust gradually to community life before he either returns to his own family or becomes self-supporting.

The patient's progress in the home program will be closely supervised by the psychiatric social worker and the homes to be used are directly recruited from the community by Danto. Costs of the patient's care are paid by the state.

Danto is available at Northville 1290 to talk with any persons who want further information on the program.

Mrs. Harry Duerson Named Society Editor of Northville Record

Mrs. Harry Duerson of Meadowbrook Rd. has joined the staff of the Northville Record as society editor.

A resident of the Northville area since 1937, Mrs. Duerson enjoys a wide acquaintance among women of the community and is well qualified to report Village social activities.

The new staff member also has had extensive business and office experience. For 12 years, she worked in the State Welfare office and Attorney General's office in Lansing. She also served as society editor for "Limelight" magazine in the capitol city for one year.

The Duersons have a daughter, Gay, now a sophomore at the University of Michigan.

Mr. Duerson is local representative for Gunnison homes

Meet to Plan Visit of County Chest X-Ray Unit

Dr. V. George Chabut was to meet Wednesday night with representatives of Village organizations to plan for the forthcoming visit of the Wayne County Health Department chest X-ray unit.

The unit is scheduled to be in Northville from Tuesday, Feb. 23, through Friday, Feb. 26.

Dr. Chabut said the unit probably will be stationed at the school for the first day and a half and then move to the Village Hall or the fire house for the remaining two and a half days.

Definite times will be announced next week.

No appointment is necessary. Results will be returned to you within two weeks.

Bloodmobile to Be in Village Friday

The Red Cross Bloodmobile will be at the Methodist Church this Friday from 2-5 and 6-8 p.m. It's still not too late to become a donor. Call Mrs. William Foreney at 353-M or Mrs. A. C. Carlson at 402.

Red Cross officials hope to collect at least 200 pints of blood.

Winners in the Northville Optimist Club Speed Skating Championships Sunday pose with their prizes. Left rear is Max Austin, chairman of the Optimist Club Boy's Work Committee. In the center is Dr. James Eastland, Optimist president. To Dr. Eastland's left is Bob Snyder, who copied the Men's Class A title at the meet held on the Village millpond. (Story on Sport Page.)

CHARLES A. HALLECK

Rep. Halleck to Speak at District Lincoln Day Fete

U.S. Rep. Charles Halleck, of Indiana, majority leader of the 83rd Congress, will address 17th District Republicans at the annual Lincoln Day Dinner scheduled for Saturday, Feb. 13.

The banquet will be held at the Rosedale Park Lutheran Church on Five Mile, a block east of Grand River.

Tom Carrington is handling the local ticket sale for the banquet. He says he has ten duets on hand for any interested Republicans.

Rep. Halleck will speak on what the 83rd Congress is doing and wants to do to help the American people.

The speaker has served as chairman of the National Republican Congressional Committee and was chairman of a House subcommittee which drafted the GOP statement of Principles and Objectives Feb. 6, 1950.

Rep. Charles Oakman, who represents the 17th district, of which Northville is a part, also will attend the dinner.

"Little Big Horn" Featured Movie

This week's Junior Police movie program lists "Little Big Horn", starring Lloyd Bridges, John Ireland and Marie Windsor, and "Mystery of the Incas", a travelogue narrated by Armand Denois.

Children can see the movies at 2:30 this Saturday at the Presbyterian Church House. There will be a showing for adults at 7:30 p.m. in the Scout Building.

Civil Defense Meeting

There will be a Civil Defense meeting for Novi Township residents in the Township Hall at 8 p.m., Feb. 16.

Committees Chosen for School Safety Patrol Banquet Feb. 25

Committees have been chosen to work with chairmen in planning the Safety Patrol banquet to be held Thursday, Feb. 25, at St. Paul's Lutheran Church.

Mrs. Joseph Page has chosen Mrs. C. W. McLaughlin and Mr. John Gibson to work with her on the program committee.

Mrs. Howard Meyer, chairman of the entertainment committee, will be assisted by Mrs. R. G. Nelson while Mrs. Charles Strautz will be assisted by Mrs. James McNeiece and Mrs. Carl Johnson on the ticket committee.

Assisting Mrs. Gil Glasson on the kitchen committee will be Mrs. Clayton Meyers. Mrs. Carl Clendenen, ticket committee head, will be assisted by Mrs. W. B. Secord.

The dinner will be followed by a movie titled "One, Two, Three".

Members of the Safety Patrol, all fifth and sixth graders, are: David Nash, Jon Batzer, Roy Parrish, Cecilia Newton, Elise Wagenschutz, Pat Reed, Sam Chizmar, Fred Mitchell, Norman Shipley, Ron Van Sickle, Jon Nicholls, Larry Nitzel, Joe Gotro, Lee Aenchbacher, Fred Strautz, Michael Janichick, Ruth Willing, Charles Haynes, Slick Rayl, Ivan Ely, Jeff Martin, Linda Hicks and Barb Kruger.

Others are Carol Janetzke, Linda McKinney, Darlene Anderson, Kent Frid, John Hykal, Lynn Gates, Karen Hill, Janet Thompson, Gary Kohs, Steve Willis, Russell Atchison, John Archer, David Hay, James McCarthy, Curtis Kohs, Edith Witt, Sarah Waterloo, Ann Shoemaker, Elsie Sedán, Shirley Ellison, Marsha DeLaGarde, Laurie Bogart, Richard Kerozek, Margaret Ann Fredsell, Peg Dresselhouse, John Dietrich, Arthur Anderson and Ronald Niece.

IN TESTIMONY WHEREAS, I have hereunto signed my name officially and caused The Seal of the Village of Northville to be affixed, this first day of February, 1954

PROCLAMATION

WHEREAS, February 8, 1954 is the 44th Anniversary of the founding of the Boy Scouts of America, chartered by the Congress of the United States, as a program for all the boys of America, and

WHEREAS, the Boy Scout program has affected the lives of over 21,000,000 American boys and men since 1910, and now has a national active enrollment of 3,300,000, and

WHEREAS, the Detroit Area Council, Boy Scouts of America, marks their 44th Anniversary with a mammoth Exposition in May 1954, and

WHEREAS, this same Council is now engaged in a "Friends of Scouting" Campaign, designed to extend its program to more American boys of every race, color or creed,

NOW THEREFORE, I, C. E. Langfield, Mayor of the Village of Northville, do hereby proclaim the period of February 7th to 13th as "Boy Scout Week" and urge our citizens to express appreciation to the Volunteer Scout leaders in Churches, Schools, P.T.A.'s, Veterans' Associations, Fraternal Groups, Service Clubs and other community groups which sponsor 1,212 Cub Packs, Scout Troops and Explorer Units of our Council with an all-time record membership of 60,168 Scouts and Leaders.

Signed
C. E. LANGFIELD

O.L.V. Students Attend Circus

Students at Our Lady of Victory School and public school youngsters who were unable to go last week attended the Shrine Circus in Detroit Wednesday.

Tickets were provided by local Shriners. Treats came from what was left of a \$115 fund contributed by individuals and groups in the Village.

Last week, 615 elementary school youngsters traveled to the State Fairgrounds to view the circus. Also attending were 39 teachers and adults.

Michigan Bell Tax Benefits Local Schools

Michigan Bell Telephone Co. was the largest single contributor to the state primary school fund during 1953, Northville Manager Dean Sipson reported this week.

The Bell payment totaled \$7,086,904.

According to Sipson, \$5,214 of that total was allocated to the public school system of Northville.

Sipson said the payments were based on a school census of 1,169 in Northville and 541,373 in Wayne County.

Michigan Bell's tax payment last year amounted to \$4.46 for each of the 1,589,923 youngsters in the state between the ages of five and 19 who are on the census rolls.

Michigan Bell, in common with railroad, Pullman, railway express, telegraph and other telephone companies, pays a state property tax earmarked for the primary fund in lieu of other property taxes.

Northville Gives Total of \$2,065 to March of Dimes

Northville's contribution to this year's March of Dimes showed a 25 per cent increase over 1953, Drive Chairman Mrs. Eldon Biery reported this week.

Villagers contributed a total of \$2,065.30 this year as compared to \$1,548.10 during last year's drive. Novi Township residents gave \$1,343.34, it was reported by Mrs. Charles Trickey, Sr., co-chairman of the drive.

Both Mrs. Biery and Mrs. Trickey wish to thank the organizations and volunteers who helped make the drive a success.

Harold Sparling Now Lieutenant Colonel

Major Harold Sparling, post surgeon at the Letterkenny Ordnance Depot at Chambersburg, Pa., has been promoted to lieutenant colonel.

Col. Sparling, a native of Northville, attended the University of Michigan and received his M.D. degree from the U. of M. Medical School.

Col. Sparling was commissioned in as a reserve first lieutenant in 1931.

Col. Sparling has served at the following bases: Ft. Sheridan, Ill., Ft. Custer, Mich., Camp McCoy, Wis., Camp Kilmer, N.J., Camp Stoneman, Calif., Persian Gulf Command, Teheran, Iran, Camp Pickett, Va., and Ft. George G. Meade, Md.

Inglis Rejects Bid For Six Extra Days of Racing At Downs

Funeral Services Held Monday for Richard A. Pohl

Funeral services were held at 2 p.m. Monday at the Casterline Funeral Home for 21-year old Richard A. Pohl of 47230 Seven Mile Rd.

Richard, the only son of Mr. and Mrs. Arthur Pohl, was killed in an automobile accident Thursday on U.S. 112, five miles east of Ypsilanti.

The tragedy occurred as Mr. Pohl and another Northville youth, James Howarth, of 42675 Seven Mile Rd., were returning from classes at Cleary College in Ypsilanti.

State Police said the Pohl automobile ran into the rear of a furniture van. Mr. Pohl was dead on arrival at Beyer Memorial Hospital in Ypsilanti. Howarth was released from the hospital Friday morning after being treated for facial cuts.

The Rev. Dr. Harold F. Fredsell of the First Presbyterian Church officiated at funeral services for Mr. Pohl. Burial was in Woodmere Cemetery, Detroit.

Mr. Pohl graduated from Northville High School in 1950 and then served for three years in the U.S. Army, spending two years in Germany. He was discharged last summer.

The deceased was a member of American Legion Post No. 1 in Paris, France and the First Presbyterian Church of Northville. He was in his first year at Cleary College at the time of his death.

The youth was born in Detroit in 1932 but had lived in the Northville area for the past 12 years.

Ford Motor Co. Sells Waterford Lake Property

Ford Motor Co. has announced the sale of all its real estate holdings lying east of the C & O Railroad at Six Mile and Northville roads.

The 80-acre site is known as the Waterford Lake property and includes the dam, bridge and lake. New owner of the property is Russell H. Walker of Plymouth, president of the Northville Hills Land Co., Inc.

Walker has developed several subdivisions in the area, including Northville Hills, out W. Main St., and Westview Estates, on W. Eight Mile just west of Beck Rd.

Walker was expected to announce this spring his plans for the development of the Waterford Lake property.

Selling price for the property was not disclosed.

The deal was handled by Northville Realty.

Third District to Elect State Representative Today

Voters of the Third Legislative District, composed of Novi, Lyon, Farmington, Troy, Bloomfield, West Bloomfield, Milford and Commerce Township, will go to the polls today to choose a State Representative.

Candidates are Republican Richard Van Dusen and Democrat John Westerdale, victors in a special primary election Jan. 21.

Van Dusen is from Birmingham while Westerdale is a resident of Commerce Township.

The election was caused by the resignation of former State Rep. Howard Estes.

Right Next Door

The Village Fire Department didn't have to travel very far to answer an alarm shortly after noon Tuesday.

The fire was right next door at the Community Building. A batch of tar ignited as it was being heated for use on the roof. The blaze was extinguished quickly.

State Racing Commissioner James Inglis has rejected a request for an additional six days of harness racing at Northville Downs this summer.

The request was made last week by Downs Manager John Carlo after Inglis cut the meeting at the local track from 48 to 39 days.

The other nine days were divided among Hazel Park and the Wolverine Raceway, giving each of the Detroit area tracks 39 days.

DATES OPEN

Carlo had asked that June 14, 15 and 16, immediately before the Downs meeting, and Aug. 2, 3 and 4, immediately after, be added to the 39-day meeting here.

He said the dates are now open.

In denying the request in a letter to Carlo, Inglis said Northville still has the best dates—in the middle of summer—while the other two tracks hold their meetings in the spring and fall.

This was true, he said, despite the fact that Northville Downs was "third in mutual handle, third in attendance and third in physical plant" last year.

NO COMMITMENT

Inglis also denied that he had made any definite commitments to grant Northville its regular 48 days this year if certain improvements were made in the physical plant.

He admitted that the program of physical improvement at Northville, which Carlo said has cost \$100,000 so far, has been "a step in the right direction". However, he said the facilities here still fall far short of those at the other tracks.

Carlo could not be reached for comment on the Inglis reply.

Incinerator Plan Discussed Monday

A plan for a garbage and rubbish incinerator to be used by five municipalities in this area was discussed informally at a meeting in the Livonia City Hall Monday night.

The proposed incinerator, which would cost an estimated \$864,000 would serve Northville, Northville Township, Plymouth, Plymouth Township and Livonia.

Representing Northville at the meeting were Mayor Conrad E. Langfield, Commissioners Claude Ely and Mike Allen, and Superintendent of Public Works Herman Hartner, Jr.

Roy Terrill, Attorney James Littell and Robert Shafer attended on behalf of Northville Township.

Engineer Robert Stellwagon, who drew up the plan for the joint incinerator, said the project could be financed by creating a "garbage authority" empowered to issue bonds.

The bonds would then be repaid from funds collected from the participating communities, based on the tonnage of rubbish and garbage collected.

While the local representatives indicated a great deal of interest in the plan, they agreed that much groundwork must be laid before the idea is presented to the various governing bodies.

Littell said he felt that Northville Township was not yet at the point where it was ready to go ahead with the project.

Stellwagon said a final report on his study of the question will be prepared within the next month or so. This report will then be brought to the Village Commission and the Township Board for discussion and possible action.

Legion News

The Lloyd H. Green Post and its auxiliary of the 17th District held its regular monthly meeting Feb. 5 at the Legion Hall. Dinner was served by the Methodist ladies. Special guests were Department Commander Billy Wickens and Mrs. Wickens, and the Department Secretary and Director Bertha Proestel. Mrs. Don Severance, president of the 17th District Auxiliary, presided.

Rolling Down
The River

by the PETZ BROS.

We have a fellow that makes a practice of buying Studebaker cars. Every two years for the past 12 has seen him sporting the ever so lovely new issue of Studebaker. Now we've never mentioned him in this column because he's the quiet sort, besides when he does talk, he talks Studebaker and we wouldn't want the rumor to get around that we're advertising. He told us though, that his wife went to the hospital for their own '54 model, leaving him at home with the six and three year old children. When informed as to the mother's whereabouts, the six year old said wistfully, "Daddy, wouldn't it be swell if she, this time, could bring home a puppy!"

Well, we're not exactly certain as what all services a hospital does offer its clientele. We do know that if you come in here, we hope you go home with a new Studebaker. You can get any model you want, with or without accessories. The power, the comfort, the beauty and the economy just come naturally. We suggest that you try Studebaker if you're thinking car, not hospital.

While we're on the subject of children did we ever tell you of the little girl that took her mother's place during an absence? The younger brother, annoyed at her pretensions scoffed, "You're not mother, how much is 18 and 18?" And the little girl very calmly answered, "I'm busy, ask your father!"

So in our book, the ailing motor of your car plus our mechanics equal one car with a soon-to-be sweet running engine. If it starts hard, lacks power, or is just generally stubborn, better drive around. Let these experts of ours give it their undivided attention and have miles and miles of trouble free driving. Incidentally, don't forget those periodic lubrications, and oil changes so vital to your car's health.

That's that, but we know an employer who only hires married men. Says they don't get so upset when yelled at!

Yours,
BILL & WILL PETZ

Your Congressman
... Reports

By Representative CHARLES G. OAKMAN
17th District, Michigan

Last Wednesday was a red letter day! The House Public Works Committee voted out the St. Lawrence Seaway Bill 23-6. The margin of victory was nothing less than sensational in view of the fact that just a few weeks ago secret polls showed a majority of the Committee was opposed to the project. It's a good indication of the tremendous prestige of President Eisenhower, who all along has resorted to persuasion, rather than whipcracking, to garner support for the Seaway. But the hard work isn't over. The measure still must clear the House Rules Committee, then come to the floor for a vote of the entire membership.

After playing a small part in man's progress in helping to advance the St. Lawrence Seaway bill, I joined other members of Congress in witnessing an incredible display of man's destructive power. This was a private showing to Senators and Congressmen only of color films taken in Nov. 1952, of the first Hydrogen-Bomb explosion at the Atomic Energy Commission's Pacific Proving Ground. The Joint Committee on Atomic Energy received President Eisenhower's approval to permit Congress to view the films of "Operation Ivy". The film has not been released publicly, but it is planned at a later date to release part of it for public showing. I believe it would do much more than all the words that have been written on the subject to give our citizens an idea of the tremendous strides we are making in the development of thermonuclear weapons. The results of the H-Bomb explosion, as depicted in the motion pictures, are astounding. It dwarfed the atomic explosion of World War II. Just picture, if you can, an entire island being blown from the face of the earth and a center left in the bottom of the ocean massive enough to hold 14 Pentagon buildings! That will give you some idea of "Operation Ivy".

You Can't Find Oil With a Doodlebug

"Watch out for doodlebugs and doodlebuggers," a University of Michigan geologist warns prospective oil hunters in the Northville area.

According to Kenneth K. Landes, U-M geology professor, a doodlebug may be any one of a number of gadgets used as a supposed aid in finding underground oil caches.

Prudent among these "doodlebuggers," the professor points out, is the dowser and his divining rod. Usually the rod is a forked twig or branch of apple, willow or hazel wood. Legend says that when the dowser and rod pass over a vein of oil or water, the rod will indicate it by turning and pointing downwards. Professor Landes explains that this is "simply a case of unstable equilibrium." With the rod held tightly in each hand, and pressure exerted from each side, the stick's head will remain upright. It changes when a misstep or twitch upsets the balance.

CONSULT GEOLOGIST

For those wishing a scientific approach to oil detecting, Professor Landes recommends consultation with a geologist. He points out that oil usually is found in underground traps, covered with a non-porous overlay of rock.

By using surveying instruments on these rock outcroppings, or bringing samples to the surface with a drill, geologists can study the materials, decide their age to see if they are from an oil forming period and also define the type of rock through which prospectors must drill.

There are also geophysical instruments which may be used, he explains. The magnetometer measures the strength of the earth's magnetic field, a force which causes compasses to point north. This is affected by the nature and depth of hidden rock layers, Professor Landes states.

The geologist says that the gravity meter is used for measuring the earth's gravitational force. Heavy and dense rocks exert a greater pull than rocks which are lighter and less dense (more porous). Also, rocks near the surface have a stronger attraction than the same kind at greater depth, he adds.

LINCOLN DAY BANQUET

6 p.m., Saturday, Feb. 13, 1954, at the Rosedale Park Lutheran Church at Archdale and Fenkell Ave. It will be my privilege to introduce the Majority Leader of the House of Representatives, Charles A. Halleck. Hope to see you all then.

Visitors this week: Mr. and Mrs. Kenneth Beach and daughter, Marilyn, Mrs. Lois A. Thompson and son, Ensign Richard L. Thompson; W. Gordon Johnston; A. R. Saunders; Kenneth Draper; Roland E. Fisher; Mrs. Alexander Hillcoat and Al Hillcoat.

Michigan will get two new Federal Judges—one for each Judicial District—under legislation approved last week by the Congress. The bill was left hanging at the end of the last Session because of disagreement over the number of Judges to be added to our Federal Courts. But the differences were ironed out last month and only the President's signature is needed to give the Federal bench in Michigan, and several other states, help in clearing up a heavy backlog of pending cases. Henceforth, Detroit will have six instead of five, Federal

judges, just below the working surface. To provide a tough, long-lasting working area, nail to the existing top a panel of the Tempered Presdwood. This material is widely used for this purpose in factories and commercial workshops.

It's a good idea to install this hardboard on any workbench as a wearing surface. The irregularities of old boards are covered by the panel, and a smooth, silver-free area becomes available. By drilling pilot holes, the panel may be fastened with screws.

Note in the illustration that a panel of the hardboard has been inserted below as a handy shelf. Be sure, in such installations, that the board is supported at all edges.

Food Sense—Not Nonsense

Let's Have No 11 o'clock Drag!

Breakfast habits of many Americans on-the-go are due for a change—a change back to better breakfasts. Too often, this first meal of the day could no longer qualify as one of the good old-fashioned “three squares a day.” People who skip breakfast or eat a skimpy one are apt to drag by 11 o'clock.

These are the people who may say, “I’m not hungry early in the morning.” Perhaps they may not be, but are they alert at this time or does it take a good lunch to get them into action? Those who lack an early morning appetite might start the breakfast habit by eating small portions of a balanced breakfast, stepping up the quantities gradually.

The cost of mid-morning hunger has been checked in an extensive study at the University of Iowa School of Medicine. During late morning hours, college students who ate a good breakfast turned out more work, were quicker in their reactions—both mental and physical—and did not tire as easily as when they either ate no breakfast or had only unsweetened coffee.

Scientists say that those who skip over this meal or who eat a slim one, frequently fail to get enough of the needed nutrients in luncheon and dinner. For example, fresh fruits which furnish vitamins for sparkle are not always included in the last two meals of the day.

What is a good breakfast? Authorities say that breakfast should furnish from one-fourth to one-third of the daily food needs. Plenty of fatigue-chasing protein should be in the breakfast—at least one-fourth of the daily protein needs should be included if that let-down feeling is not to appear by mid-morning.

A good breakfast can follow a basic pattern—fruit, a main dish such as eggs or a breakfast meat, enriched bread or toast, and milk. All of these foods except fruit are top sources of protein; they feed out a steady supply of energy. Enriched bread supplies not only protein but the essential B-vitamins, riboflavin, niacin and thiamine. Served as French toast, bread can be the basis of a high protein dish which combines eggs, milk and bread.

Former Villager, Paul Foss, Buried in Nebraska

Funeral services were held Friday, Feb. 5 at the Lutheran Church in Petersburg, Neb. for Paul Foss, a former resident of Northville.

Mr. Foss died Feb. 2 in the Veterans' Hospital at Grand Island, Neb. He was 59 years old.

The deceased, son of the late Mr. and Mrs. Fred Foss of Northville, had lived here for more than 30 years.

He moved to Farmington, Mich. in 1926 and two years later went to Petersburg, Neb.

Mr. Foss was engaged in the plumbing and heating business at Petersburg. He also served as

treasurer of the town until his death and was appointed mayor for one term.

The deceased was a veteran of World War I and a charter member of the Lloyd H. Green Post 147 of Northville. He also belonged to the Northville F. & A. M. Lodge 186.

Mr. Foss was married here in 1926 to the late Frances Leifeld. She preceded him in death a short time ago.

Survivors include six children: James, Richard, Paul Jr., and Anna Margaret of Petersburg, Marie, of Omaha, Neb., and Mrs. Robert Hansen of Cody, Wyo.

Also surviving are five grandchildren, a brother, William, of Ann Arbor, and a sister, Mrs. Lena Hammond of Northville.

No persons are more frequently wrong, than those who will not admit they are wrong. —Rochefoucauld

Mid-February is “Sugaring” Time

Ceremonial dances in honor of the “Maple Moon” have declined with the Iroquois, but mid-February is still a time of celebration from Vermont to Wisconsin as sap begins to rise in the maple trees.

Maple sugaring is as North American as turkey, according to Dr. Marion T. Hall, botanist at Cranbrook Institute of Science, Bloomfield, Mich.

During the flow season, which might last from nine to fifty days, the Iroquois slashed the maples, collected the “tree-water” in bark buckets, emptied it into crude receptacles, and boiled it by repeatedly dropping in hot stones.

INDIAN “K-RATION”

Making a kind of “K-ration” was one of many uses to which the Indians put the syrup and sugar. They would combine syrup with an equal quantity of corn meal, and form little cakes which were light and nourishing during long trips.

Gradually, as white men learned the Indian custom, sugar making became refined. Auger-holes came to be used instead of slashes. Metal spouts are now run from the holes to line or iron buckets. A tractor or team pulls a one-bobbed carrying a metal tank into which the buckets are emptied.

Among sugar trees the maple (genus Acer) is the king. The best kinds for sugar production are the hard or sugar maple found from New England to Wisconsin, and the black maple extending

from the southwestern area of Wisconsin to south-central Minnesota. The best stands of sugar maple are those of the Great Lakes area, the St. Lawrence Valley, and New England. In these regions, “sugaring” is particularly profitable.

NORTHERN ACTIVITY

“Sugaring” is confined almost exclusively to northern and northeastern America because here the flow season is prolonged by severe winters, deep freezing of the soil, heavy blankets of ice or snow, and extreme differences between day and night temperatures.

The time for sugar making varies with the climate. Sap can be converted into edible syrup beginning with the first spring thaw until the first leaf-buds open. But the best syrup is made from sap collected just after spring thaw, for then sap is sweetest.

Groves of maples, about 40 years old before ready for tapping, are called “the sugar bush”

by farmers. The best sugar bushes are usually situated on steep rocky slopes and have the trees widely spaced to permit the development of large crowns. A sugar bush must be designed to include trees of all ages, and these must be so distributed that the younger trees replace old ones which have ceased to yield sap. The goal is 20 to 30 large-crowned trees to the acre.

As soon as conditions are right in the spring, there is a flow of sap lasting an average of about 30 days. The sap usually consists of about 95 per cent water, 2 to 6 per cent sucrose and a fractional per cent of dissolved minerals.

Sweetness of sap depends on the amount of sugar, starch and other carbohydrates photo-synthesized in the leaves during the growing season and stored in the wood and bark of roots, trunk and branches.

Dr. Harold Todd Buried Tuesday

Dr. J. Harold Todd, a well-known dentist in Northville for many years, died suddenly last Saturday at his home in Plymouth. He was 56 years old.

Funeral services were held at 2 p.m. Tuesday in the Plymouth Presbyterian Church. Dr. Henry Welch officiating. Burial was in Rural Hill Cemetery in Northville. Members of the American Legion were pallbearers.

Dr. Todd practiced here from 1925 to 1936. He has been in Plymouth for the past 18 years.

Survivors include his wife, Catherine; three sons, Harold, Robert and Charles, and one grandson.

Dr. Todd was a member of the Northville Masonic Lodge and the American Legion.

Boy Scout News

Northville Troop N-5, Boy Scouts of America, is sponsored by the Men's Club of the First Presbyterian Church. It is a young and growing troop thanks to the enthusiasm aroused by its Scoutmaster Earl Collins, and Assistant Scoutmaster Cliff Powell.

Collins has been a Northville resident since 1945 when he returned from serving as quartermaster on a Navy vessel. As a boy he rose in the scouting ranks to a Star and earned 12 merit badges. He is taking the Scout Leader's Training Course to further his effective leadership.

Cliff Powell, who until recently has been scoutmaster, has completed the Leader's Training Course and did a great deal to build the enthusiasm of the troop. Cliff has lived in Northville for seven years and served his country in the infantry in the European Theatre before that.

★ Try The Want Ads

“But, dear—let me explain”

Explanations are in order, but not by hubby. He tried to call and say he would be late for dinner, but the party line was busy. His wife was talking to friends. Result: a cold supper. To avoid missing important calls and tying up your party line, space your calls and keep them reasonably short. That way you and your neighbors get the best use from your telephone and avoid misunderstandings. Michigan Bell Telephone Company.

News Around Northville

Miss Lillian Dickinson of Northville was one of five finalists in the "Miss Heartbeat" contest held recently at Cleary College in Ypsilanti. The winner was Judy Hough of Chelsea, who was crowned at a dance held Saturday night, Feb. 6.

Jackie Campbell celebrated her 14th birthday last week at a dinner party given by her mother, Mrs. Marjorie Ely, of S. Center St. Judy Robinson, Sharon Hill, Elsa Couse, Susan Blackburn, Chips Ely, Sara Jane Ely and Susan Ely shared the happy event with Jackie. The table was decorated with pink and blue baskets, blue candles and a violet centerpiece. After Jackie opened her gifts, she entertained her guests at a movie.

Mrs. Robert K. Edmonds and daughter, Debbie, of Birmingham spent two days last week with Mrs. Norman Spencer and her daughter, Molly. The Spencers are new residents of Northville and have taken an apartment in the home of Mr. and Mrs. Leo Lawrence of 547 Fairbrook.

The Auxiliary of AmVets Post 76, Novi, held their regular meeting Tuesday evening, Feb. 2 at the home of President Jean Clarke. The group sewed on cancer pads during the meeting. Refreshments were served by Doris Callan.

You are invited to see the lovely new spring colors in Clark's recently enlarged paint department.

The Junior High Westminster Fellowship group of the Presbyterian Church enjoyed a snow party at the home of Chris Hammond Sunday evening.

George Stalker, former resident of Northville, was the guest of Mr. and Mrs. Del Hahn for dinner Saturday night.

Word has been received of the death of Mrs. Marvin Fuller, mother of Mrs. George Stalker, a former resident of Northville.

Charles Shipley, well-known Northville resident, will celebrate his 82nd birthday Sunday, Feb. 14.

Pvt. Richard O. Bessey, 17, son of Mr. and Mrs. O. Bessey, 17775 Ridge Rd., Northville, has completed eight weeks of Army Basic Combat Training by the 3d Armored Division here at Fort Knox, Ky.

During this initial period of training, he attended classes on basic military subjects and was trained in the fundamentals of combat, including the firing of basic weapons.

Following a 10-day leave, he will receive additional specialized training before permanent assignment to an Army unit.

Jimmy Weston entertained 20 of his friends at a tobogganing party Saturday night. The guests gathered at Jimmy's house later for sandwiches and hot chocolate.

John Crusoe and Dick Heslip entertained 30 friends at a skating and dancing party at the Crusoe home Saturday evening, Feb. 6. Glenn Schultz played his accordion for dancing. The host served hot cocoa, doughnuts and popcorn for his guests.

The Novi Extension Group No. 1 met at the home of Mrs. Fred Gibbons Feb. 2. Mrs. Rex LaPlante talked on "Fact, Fad and Fraud About Food". The next meeting will be held at the home of Mrs. Clarence Goodfellow on Feb. 16 at 8 p.m.

The Northville Scout Troop No. 5 has a new scout master, Fred Collins. His idea is to promote more interest in the boys regarding conservation.

Theresa Duchesneau entertained a group of friends Friday night in honor of two of her classmates from the University of Michigan, Ann McKenzie and Doris Soule. Her guests were Catharine Rambeau, David Severance, Al Maltby, Larry Gotts, Slim Fritz, and Phil Andrews of Howell.

Mr. and Mrs. Oscar Hammond returned Sunday evening from Petersburg, Neb., where they attended the funeral of Mrs. Hammond's brother, Paul Foss.

Mrs. Ida Putnam of Williamston is spending a few days with her niece and husband, Mr. and Mrs. M. F. Meaker, and her sister and husband, Mr. and Mrs. Chet Arthur.

Saturday night, Linwood Fritz celebrated his 19th birthday by taking 18 guests to Black's for a smorgasbord dinner. The party then went to Linwood's brother and sister-in-law's home for dancing and a midnight supper. The out-of-town guests were Doug Heiser of Delaware, and Bob Sloane of Ohio, Michigan State classmates of Linwood's.

Jill Marie Blackwell was the guest last week end of her grandmother, Mrs. D. Bedore, of Butler St.

Twenty-two members of the Northville U. of M. Club attended the U. of M.-Iowa basketball game Saturday night. The group plans to see the hockey game at Ann Arbor Feb. 20.

The Lutheran Ladies Aid Society held their meeting Feb. 11 at 1:30 p.m. in the Parish Hall. Mrs. Emily Amy and Mrs. Fred Balko, Sr. were co-hostesses.

Mr. and Mrs. Gerald Trotter attended the Toplook Show at the National Hairdressers Convention held at the Sheraton-Cadillac Hotel Sunday afternoon and evening. One of the features was the Sally Victor Hat Show with hair styling to match. The Thomas Frank Clinic gave a show on hair-cutting, curling and combing. Monday afternoon, Mrs. Trotter attended the hairdresser's convention and saw Francis Jacqueline DuPies, French figure skater, have her hair styled by Dave Pressley of Detroit. The Detroit Hair Style Clinic also gave a show. Summing up the events of the show, the Trotter's opinion is that the current trend is "short hair, with hats to match".

Births...

Mr. and Mrs. Robert Cummings of Grace St. announce the birth of a son, born Friday, Feb. 5 at Mt. Carmel Hospital. The seven pound, eight ounce boy has been named Robert James Cummings, Jr.

Mr. and Mrs. Crate Little of Plymouth are the proud parents of a baby girl, born Feb. 1 at Sessions Hospital. The baby, Esther Lee, weighed eight pounds and four ounces.

A son, David Frederick, weighing six pounds and eight ounces, was born at Sessions Hospital to Mr. and Mrs. Frederick Burkhardt of Northville, Feb. 3.

Mr. and Mrs. Dempsey Ingram of Livonia announce the birth of a daughter, Vicky Lynn, born Feb. 4 at Sessions Hospital.

Mr. and Mrs. Floyd William Lanning announce the arrival of an eight pound, three ounce son, Robert William, on Feb. 4 at the Detroit Osteopathic Hospital.

CARD OF THANKS

Do It Yourself

Sparking the "Do It Yourself" products that are sweeping the country and proving so popular with homemakers are the easy to apply, quick drying, interior paints based on synthetic latex, a notable development of the chemical industry.

Homemakers are finding that even the rankiest amateur can do a good job with these paints as they're easy to apply with either brush or roller. Brush or 'lap marks do not show, so if you miss a spot just go back and fill it in.

The latex paints dry to the touch in a matter of minutes, doing away with the general household upheaval formerly associated with a home decorating job. And no longer do you have to "air" the rooms—there is no painty odor. Therefore, redecorating can be done comfortably in any weather.

Any drip spots on floor or woodwork can be simply wiped up with a damp cloth. Brush or roller are quickly washed clean when you're through painting for the day. When thoroughly dry, the satin finish can be scrubbed repeatedly with soap and water. Crayon, pencil or ink marks, grease, catsup, mustard—any common stain—simply won't fade the tough latex film.

Considering that labor represents a major percentage of the cost of any paint job, it is no wonder that these latex paints are turning the whole family into "Do It Yourself" fans.

Woman's Club Enjoys Talk by Dr. LaMond Okey

About 50 members of the Northville Woman's Club and their guests met at the library last Friday afternoon for tea and to hear U. of M. instructor Dr. LaMond Okey re-create scenes in the life of Abraham Lincoln.

Lucien Lovewell, son of Dr. and Mrs. Paul N. Lovewell, played as piano solos Sonata in F Minor, by Beethoven, and Chopin's Brilliante, and a generous encore in the modern trend, Malaguena.

After being introduced by Mrs. R. G. Wetterstroem, Dr. Okey took his audience back 145 years and realistically dramatized incidents in Lincoln's life. The only American who recognized Lincoln's Gettysburg address as an outstanding piece of literature was James R. Angell, then editor of the Providence Journal and later president of the University of Michigan, said Dr. Okey. The British immediately recognized it for its merit, however, and proclaimed it a masterpiece in English prose, he said.

Robert Service's "Goodbye Little Cabin" and Robert Frost's "Wild Grapes" and "Cocaine Lil" ended the program on a humorous note.

Mrs. Raymond Stillson was chairman of the tea and Mrs. Belle McColl and Mrs. Harvey Whipple poured.

Helen Meaker Feted After Capping Ceremony

An impressive capping ceremony for student nurses at Bronson Methodist Hospital was held in the Harding School auditorium in Kalamazoo, Feb. 5. One of the 52 students to receive her cap was Helen Meaker, daughter of Mr. and Mrs. M. F. Meaker. After the awarding of caps, the students repeated the Florence Nightingale pledge, and the choir sang "My Task".

Mr. and Mrs. Meaker attended the ceremony and were happy to have Helen return home with them for the week end.

A family get-together honored Helen Sunday, the occasion celebrating both her capping and her birthday, which falls on Valentine's Day. Those attending were Merritt Jr. and family of Flat Rock, Mrs. Ida Putnam of Williamston, Mr. and Mrs. Howard Fuller and son of Detroit, and Mr. and Mrs. Chet Arthur of Northville.

Mistakes are lessons of wisdom. The past cannot be changed. The future is yet in your power.

—Hugh White

Statistics show that clergymen live longer than anyone else—evidently they are the best risks here and hereafter.

Keeping up appearances is what pulls a lot of bank accounts down.

Five Northville members of the Plymouth Corners Society, Children of the American Revolution, stopped by the Record office this week to drop off a poster advertising the group's second annual Amateur Show, to be held at 8 p.m., Saturday, Feb. 20 in the Plymouth High School Auditorium. Left to right are John and Mary Crusee, Becky Coolman, Martha Mulligan and Don Lawrence. A whole host of Village youngsters are participating in the show—Cynthia Mellen, Marilyn Miller, Gisselle LaPierre, Leah Nathan and Donna Garlick from the Jordan Dance Studios, pianists Richard Drew,

Sarah Burks and Lucien Lovewell, and the Sleepy Hollow Gang, composed of George Bennett, Leo Campbell and Glen Schultz, who will do an accordion and guitar number. Jay Page, Cynthia Mellen and Janice Howarth will do a clarinet, flute and piano selection. A quartet composed of Donna Fribble, Patricia White, Suzanne Mairs and Nancy Bowan also will perform. Tickets cost 50 cents for children and 75 cents for adults. They may be obtained from Mrs. Robert Coolman, Gail Lawrence, Mary Crusee and other members. Proceeds are to be sent to the D.A.R. Indian College, Bacone, Okla.

Rosemary Newton Married to Robert Delp Friday Morning

Rosemary Newton and Robert Delp were united in marriage Friday morning at 9:30 in Our Lady of Victory Church. The Reverend Anthony Heraty officiated at the double ring ceremony.

Rosemary is the daughter of Mr. and Mrs. H. Newton of 18970 Northville Rd., Northville, and her husband's parents are Mr. and Mrs. Paul Hockenberry of Detroit.

The bride, who was given in marriage by her father, wore a dark blue taffeta afternoon dress with navy blue hat and shoes, and carried a bouquet of white carnations and stephanotis.

Mrs. Yolande Briote, matron of honor, was attired in a blue-grey wool afternoon dress, and the bride's sister, Mrs. Luther Jordan, who acted as bridesmaid, wore navy blue accessories with her navy blue suit. Both attend-

ants wore shoulder corsages of white carnations. Gerald Petry, of Plymouth attended as best man and seating the guests were Luther Jordan and Charles Hopps.

A wedding breakfast for the 80 guests was served at the home of the bride's sister on Northville Rd. following the ceremony, and a reception was held in the home of the bride's parents in the evening.

Mr. and Mrs. Delp left for a short wedding trip and will reside on 18966 Northville Rd. after Feb. 15.

Invitations Mailed for Collins Tea

Clever red and white invitations have been issued by Mrs. Frederick Collins for a Valentine Tea to be given, at her home on Cady St. Friday, Feb. 12, from 2 to 5 p.m.

Some 145 guests have been invited to honor Mrs. R. M. Atchison, president-elect of the Northville Woman's Club, and Mrs. George Alexander, new president of the Northville Garden Club.

Presiding at the tea table will be Mrs. E. V. Ellison, Mrs. Orson Atchinson, Mrs. C. M. Goodrich, Mrs. W. L. Howard, Mrs. R. D. Merriam, past president of the Garden Club; Mrs. Fred Van Atta, president of the Woman's Club, Mrs. John Burkman and Mrs. Walter Couse.

The GREEN THUMB

by Paul Newton

Last year a friend of mine was disappointed that some very special columbine in her garden had turned brown and the few blooms were very small. They were next to the lilac bush where she had limed the soil. She didn't realize that columbine prefer acid soil.

Have Soil Tested

The safe way to determine what is best for the soil is to have it analyzed by the county agricultural agent. As soon as the frost is out of the ground, get a cross section or core of soil to the depth of 6 inches. Take soil samples carefully—a soil test is no better than the soil sample on which it is made.

You will need a clean spade, a clean pail for mixing and some cartons or plastic bags. Mail about ½ cup of each sample to Mr. P. R. Biescheimer, Wayne, Mich., Box 552. Print your name and address and what you intend to grow. There is a charge of 50 cents per sample, but with this soil analysis comes advice on the type of fertilizer that is best for your garden.

Types of Fertilizer

If your soil is low in nitrogen, then 10-6-4 fertilizer is best. This means 10 parts nitrogen, 6 parts phosphorous and 4 parts potassium. If it tests low in phosphorous or potassium then a fertilizer of 3-12-12 should be used. Fertilizers which are high in nitrogen give luxuriant stems and foliage—when an overabundance of nitrogen is present it can be detected by deep green foliage and joints in the young stems are far apart. The flowers are small, because the plant has all gone to stalk. A deficiency of nitrogen in the soil is indicated by short weak stems in the plants and a yellowish color in the foliage.

Fertilizers which are high in phosphorous give the plants well developed flowers or fruit and plump, firm seeds. If there is a deficiency of phosphorous in the soil the plants mature slowly and the flowers are small. It is good garden practice to keep a supply of super phosphate on hand to add a little to the compost pile now and then.

Soils are often deficient in potassium. This is the element necessary for the development of good roots, and for the plants to build up a resistance to disease. If root crops such as carrots and beets are small, this indicates a lack of potassium in the soil.

Until recently barnyard manure has been the mainstay in maintaining fertility; but due to the scarcity of it, the practice of making a compost pile is the alternative.

Mizpah Circle Lists Committees for Coming Year

At the recent February meeting of the Mizpah Circle of King's Daughters, Mrs. Donald Severance, leader, named the following committee for 1954:

Visting, Mrs. Clifford Winter and Mrs. Emma Reid, co-chairmen; cards and flowers, Mrs. William Liebetreu; Coordinating Council, Mrs. Ernest Ebert; publicity, Mrs. Clifford Rollings; St. Mary's Hospital Memorial fund, Mrs. Paul Beard, Indian Relief, Mrs. Florence Alexander; house committee, Mrs. Eldon Biery and Mrs. Mark Gardiner, co-chairmen; devotional, Mrs. Merner Elber; sewing, Mrs. Charles Westphall, and audit, Mrs. William Walker, Jr.

Other committee members are membership, Mrs. R. H. Johnson, Mrs. Eldon Biery and Mrs. Eural Clark; nominating, Mrs. Joseph Denton, and camp, Mrs. John Litsenberger.

In addition to Mrs. Severance, other officers of the Circle are Mrs. Eldon Biery, vice-leader, Mrs. Eural Clark, secretary, and Mrs. William Forney, treasurer.

The group also decided at its February meeting to give a luncheon and bazaar April 29 at the Methodist Church. The general chairman will be Mrs. E. B. Cavell with Mrs. R. H. Johnson serving as co-chairman.

The next regular meeting of the Mizpah Circle will be held March 2 at the home of Mrs. William Cansfield.

Mrs. Severance suggests that members of the King's Daughters save the above information for future reference.

Garden Club Holds Valentine Party

Members of the Northville Branch, National Woman's Farm and Garden Association held their annual Valentine party Monday at the home of Mrs. Parker Holden on West Main St.

Speaker for the occasion was Mrs. Carolyn Seefeldt, director of social service at the Northville State Hospital, who explained how gardening is used as a valuable tool in the treatment of mental diseases. Mrs. Seefeldt said that one of the principal difficulties experienced by mental patients is a loss of self-confidence. Working with and around plants seems to bring mental tranquility and a restoration of their confidence, she said. Members of the Garden Club who care to assist in the hospital's rehabilitation program were assured by Mrs. Seefeldt of a warm welcome.

The Garden Club welcomed Mrs. E. V. Ellison as a new member and Mrs. Arthur Verschaeve as a guest. Mrs. E. E. Miller was co-hostess with Mrs. Holden. Members of the social committee for the meeting were Mrs. George P. Chapman, Dr. Irene Sparling, Mrs. H. G. Marburger, Mrs. Herbert Frogner and Mrs. W. T. Wilcox.

The Ethel Seeley Circle of the First Methodist Church will meet on Tuesday, Feb. 16 at 7:30 p.m. at the home of Mrs. Merner Elber, 321 Rayson St.

D.A.R.
Members of the Sarah Ann Cochran chapter of the Daughters of the American Revolution will meet at the home of Mrs. C. J. Mulligan, 42565 Eight Mile Rd., Northville, Monday, Feb. 15 at 1 p.m. Guests for the day will be the Good Citizenship Pilgrims and their mothers. Members are urged to bring beads with them, which will later be sent to the Indian schools.

Past Matron's Club
The Past Matron's Club of Orient Chapter No. 77, O.E.S., will meet at the home of Mrs. Charles Freydl, 455 Eaton Drive, on Wednesday, Feb. 17. Mrs. R. H. Johnson will act as assisting hostess.

W.I.L.P.S.
The W.I.L.P.S. will meet Feb. 18 at 1 o'clock with Mrs. Alta Powers, 227 Hutton Ave. United States immigration and naturalization laws will be discussed. Guests are welcome.

O.L.V. Altar Society
Our Lady of Victory Altar Society will hold a business meeting Wednesday, Feb. 17 at the home of Mrs. Joseph Gill, 18855 Haggerty Hwy. Mrs. Nellie Kerner, Mrs. Lee Heaton and Mrs. Carroll J. Mulligan will be co-hostesses for tea.

Methodist Women Plan Dinner at Church Feb. 19

The women of the Northville Methodist Church will serve a chicken pie dinner Friday, Feb. 19, from 5:30 to 7 p.m. at the church.

Proceeds of the dinner will help defray the cost of remodeling the church kitchen, which was recently completed.

Tickets may be purchased at the door or reserved by calling Mrs. William Cansfield at 296. Price is \$1.50 for adults and 75 cents for children.

Dr. Charles Irvin to Address Woman's Club Dinner Feb. 12

Members of the Northville Woman's Club will entertain their husbands and friends at a dinner meeting at 6:30 p.m. Friday, Feb. 12, in the Presbyterian Church House.

Dr. Charles E. Irvin, a member of the Michigan State College faculty, will give a humorous talk entitled "Button, Button, Who's Got the Button".

Dr. Irvin, a veteran of World

Top choice dessert in many a home is pie. It is easy to make a good pie in quick order when the filling is made from canned fruits.

Choice Cherry Pie

¾ cup sugar
2½ tablespoons cornstarch
¼ teaspoon salt
1 No. 2 can water packed sour pitted cherries
2 tablespoons butter, or margarine
Pastry

Mix sugar, cornstarch and salt in a saucepan. Add syrup drained from cherries and stir until smooth. Cook until thickened and clear, stirring constantly. Remove from heat; add butter and cherries. Pour into an unbaked 8-inch pastry lined pan. Cover with top pastry. Bake in hot oven (425°F.) about 30 minutes. One 8-inch pie.

FRUIT PIE FAVORITES—If your choice is peach, apricot or crushed pineapple, use a No. 2½ can of fruit. (If pineapple is not available in No. 2½ can use 2 cups drained pineapple and 1 cup syrup.) Mix a cup of the syrup from the fruit with 2 tablespoons quick-cooking tapioca and 2 tablespoons sugar. Put the drained fruit in a 9-inch pastry lined pan and pour the syrup-tapioca over it. Dot with butter and cover with pastry. Bake in a hot oven (425°F.) about 40 minutes, or until browned.

New on the market are ready-to-use canned fruit pie fillings. Have you tried them yet?

War II, received his education at Oberlin College, Ohio State and Michigan State. He has been at M.S.C. since 1935 and at the present time is an assistant professor in the Department of Speech and Communications Skills.

He also has served in various capacities for the American Red Cross and is a former national chairman of the Listening Comprehension Committee for the National Society for the Study of Communication.

WINNER, NINTH NATIONAL TRAFFIC SAFETY POSTER CONTEST

Automobiles can come from the most unexpected places, so it's wise for adults as well as school children to "Look Both Ways Before Crossing". Automobile Club of Michigan has spread this message to Michigan youngsters in 10,500 schools by distributing that many full-size copies of this prize-winning poster. Auto Club is also cooperating with AAA in sponsoring this year's 10th Annual Safety Poster contest open to all Michigan school students under 21 years of age. Prizes totaling \$2,275 will be awarded for winning posters to be reproduced and sent to schools throughout the nation as safety messages to youngsters. Deadline for entries to this year's contest is March 26. Full details are available at schools throughout Michigan.

A man should keep his friendships in constant repair.
—Samuel Johnson

To Add 1,000 Beds for State TB Patients

A Michigan Department of Health official predicted this week that 1,000 beds would be available for tuberculosis patients by the first of July.

In making this prediction, Dr. John L. Isbister, TB control officer in the state health department's division of tuberculosis and adult health, declared:

"The fact that Michigan now has ample beds in most areas for the care of tuberculosis cases gives us our best opportunity in years for an all-out attack against the disease. About 6,000 cases of tuberculosis are reported in Michigan annually, and we know that at least 6,000 more active cases go undiscovered each year."

BLOCK TB SPREAD

He said the attack against tuberculosis is being directed toward this latter group, to find those people who have the disease in an early stage so they can be hospitalized before they can spread the disease to others.

The state TB expert based his prediction on a survey of the bed situation in all sanatoria in the state as of Dec. 31, 1953, plus the new beds being made available as Michigan's sanatorium construction program progresses.

The survey, which included state, county, city and private sanatoria, showed that as of Dec. 31, a total of 432 beds were available for patients.

CONSTRUCTION UNDER WAY

"In the meantime, construction work on sanatoria is progressing and by the first of July, about 749 additional beds should be ready, making a total of 5,074 beds in Michigan. The average monthly case load in all sanatoria is approximately 4,600 patients," Dr. Isbister said.

He pointed out, too, that of the persons in Michigan who have TB and don't know it, many are unwittingly spreading the disease to members of their families and other close associates.

"We know that 85 per cent of the patients arriving at the sanatoria have tuberculosis in an advanced stage. It follows that new cases of tuberculosis will continue indefinitely unless the disease is brought under isolation earlier than is now the case."

"The problem is to find every case of tuberculosis, accomplish its isolation and treatment, and provide the proper follow-up care."

Celebrate Washington's Birthday With An Ice Cream Cake Roll

To celebrate Washington's Birthday, here's a Cherry-Vanilla Ice Cream Roll which makes an elegant party dessert. The cake is like that used in jelly roll, and while the recipe is long, it is not difficult. The filling is delectable cherry-vanilla ice cream which is the February special of ice cream makers throughout the country. You'll find it in your super markets and drug stores pre-packaged in convenient pints and half-gallons. Cut it in slices to make a uniform and attractive filling for the cake roll. This roll serves 10 to 12 and uses 2 pre-packaged pints or half a half-gallon of ice cream.

Cherry Vanilla Ice Cream Roll

4 eggs
1 teaspoon baking powder
1/4 teaspoon salt
2 pints pre-packaged cherry vanilla ice cream

1/2 cup sugar
1 teaspoon vanilla
3/4 cup sifted cake flour

Have eggs at room temperature for greater volume. Grease bottom of a 15x10x1-inch pan; line with waxed paper and grease lightly. Beat eggs with rotary beater until foamy. Add baking powder and salt; beat until very light. Add sugar, about 1 tablespoon at a time, and continue beating until very thick. Fold in vanilla and sifted flour. Pour batter into prepared pan. Bake in moderately hot oven (400°F.) 13 minutes. While cake is baking, sift confectioners' sugar lightly over towel or brown paper. Loosen cake from pan with point of paring knife. Invert pan onto towel or brown paper. Remove pan; quickly remove waxed paper. With both hands roll up cake from narrow side. In rolling, first fold all the way across roll; continue rolling by lifting towel or brown paper with left hand and guiding roll with right hand. Wrap towel or brown paper tightly around roll to hold it in shape. Cool on cake rack. To fill with ice cream, unroll cake carefully. Open ice cream carton and cut into slices approximately 1/4 inch thick, or enough slices to cover roll. Roll. To serve, cut in slices. YIELD: 10 to 12 servings.

Kraut, Franks and Applesauce Go Together In Spicy Winter Platter

Pink applesauce spiked with cinnamon candies and horseradish forms the centerpiece of a winter-weather meal of piping hot sauerkraut and ruddy brown frankfurters. What a combination!

Nice thing about it is that all three main ingredients can be stored ready to heat on you; can shelf. Then, when wintry winds and mile high snowdrifts make marketing a problem, all you need do is open your cans of applesauce, franks and sauerkraut, add the right spices, heat thoroughly and serve. Easy as A, B, C.

Perhaps your family goes for a plainer platter—just kraut and franks. In that case, serve the pink applesauce on the side and watch their delight at its out-of-the-ordinary spiciness.

Winter Special

1 1-pound can applesauce
2 tablespoons red cinnamon candies
2 tablespoons prepared horseradish
1 No. 2 1/2 can sauerkraut
1 teaspoon caraway seeds, optional
1 can frankfurters
1 tablespoon butter or margarine

Combine applesauce, cinnamon candies and horseradish in saucepan. Stir well and let stand 1/2 hour, stirring occasionally. Heat sauerkraut, season with caraway seeds. Drain frankfurters and cook in butter, turning to brown on all sides. Place sauerkraut on chop plate; make well in center. Put hot applesauce in well. Lay frankfurters around ring of kraut. YIELD: 4 servings.

*Frankfurters are packed 6-12 to the can, depending upon can size and brand.

Colts Bounce Trojans, 60-55

The Northville High School Junior Varsity cagers turned back a third quarter rally by a determined Clarenceville five Tuesday night and went on to score a 60-55 win over the Trojans.

The Trojans, behind 33-23 at half-time, went on an 18 point spree in the third period and with six minutes gone pulled into a 39-39 tie.

However, a quick field goal by John Funk gave the Colts a two point edge and they stayed in front the rest of the way.

Clarenceville Patterson poured in 20 points on six field goals and eight foul shots to take scoring honors for the home team. Mac Burns scored 15 for Northville while Gene Garbin also netted 15 for Clarenceville.

Box Score:

USE RECORD CLASSIFIEDS

BIGGEST BET OF ALL

Gambler "Slap" Murphy played the horses, and poker and the mutuels. He wanted to leave his wife an estate that would secure her a comfortable living. So, Gambler Murphy made the biggest bet of all his life, a 60 to 1 bet.

He picked the month in which he would die four years hence! The years passed but "Slap" took on a healthier glow. The deadline neared, then the month he had chosen, and on the last day they found Slap Murphy dead in his bathtub. He won his bet and his wife is a wealthy widow now. It strikes me that many ordinary people who are not professional gamblers are taking a great risk when they "put off" the time of getting right with God. If they could prophecy the date of their death as "Slap" Murphy did then they could wait until the closing days of their life before making things right with God. Unfortunately, we have no guarantee of the correctness of our estimate. For this reason the Bible says, "NOW is the accepted time, behold, now is the day of salvation. And again, 'Seek ye the Lord while he may be found, call upon him while he is near.' Why wait? It's a far happier life in this world as well as the next.

More than 50 Northville youngsters competed in the 220- and 330-yard races staged at last Sunday's Optimist Club Skating meet. Pictured above are four of the winners: Linda McKinney, Edith Bosak, Nick Spiewock and Phil Loranger. The meet was held on the Village millpond.

Snyder Wins Class A Cup In Optimist Skating Meet

State Champion Bob Snyder of Detroit outdistanced five competitors to take first place in Senior Men's Class A competition in the Northville Optimist Club Speed Skating Championships Sunday.

Snyder's victory highlighted a three hour program of speed skating on the Village millpond. More than 100 out-of-town skaters participated. In addition, novice races for Village youngsters were staged.

Snyder placed first in the 440-yard dash, second in the 220-yard dash and two mile and third in the 880 in amassing 80 points and copping the first place cup. He failed to finish in the mile race.

Second in Senior Men's Class A was Henry Gesquire of Detroit with 70 points. He was followed by John James and George Omelenchuk with 50, Jim Smith with 30 and Joe Sanchez with 10 points.

Wally Renshaw won first place in Senior Men's Class B competition while Jeanne Robinson took first among Senior women.

Other winners: Intermediate boys, Ken Renshaw; Junior boys, Nancy Winn; Junior girls, Tom Augustus; Junior girls, Della Renshaw; Juvenile boys, Ken Patterson; Juvenile girls, Nancy Renshaw; Midget boys, Dave Krogal; Midget girls, Marlene Kurant; Cradle boys, Tom Doyle; Cradle girls, Juanita Krogal; Toddler boys, Gary Johnson; and Toddler girls, Pat McDonald.

Northville skaters also had a chance to show their stuff in 220- and 330-yard novice races.

First, second and third place finishers in the 220-yard dash: Girls 8-11: Linda McKinney, Sandra Phillips and Sarah Waterloo.

Boys 8-11: Richard Weber, Steve Juday and Frank Bosak. Girls 12-13: Edith Bosak, Katherine Bensen and Barbara Rollings.

Boys 12-13: Nick Spiewock, Richard Buckley and Joe Gotro. Boys 13-14: Phil Loranger, Ray Hood and Bill Yahne.

Boys 15-16: Roger Nuotilla, Jim

V.F.W. News

Mrs. Ellie H. Schill, national president of the ladies auxiliary of the Veterans of Foreign Wars, was the guest of honor at a banquet at the Veterans' Memorial Building during her recent visit in Detroit. Two Northville Auxiliary members, President Mrs. Margaret Rager and Mrs. Meta Myers attended the banquet and also the rally on Wednesday. Mrs. Myers was the first auxiliary member in the state of Michigan to be awarded the Feather-In-Your-Cap pin for signing up five new or reinstated post members.

Four Chow Dogs Die in Fire at Howell Home

Four valuable Chow dogs perished early Sunday morning when fire leveled a kennel at the home of Mr. and Mrs. Foster Howell at 48525 Base Line Rd.

One of the dogs had won first place ribbons in various shows. The other three were females expecting puppies.

A passing motorist noticed the building burning and roused the Howells, who called the Northville Fire Department. Firemen succeeded in preventing the blaze from spreading to the garage which adjoined the kennel.

Wild Life Notes...

RESOLUTION—

The Couples Club of the First Presbyterian Church, meeting recently to hear William Hopkins, naturalist attached to the staff of the Huron-Clinton Metropolitan Authority, voted unanimously to support a bill protecting hawks and owls, currently under study by the State Senate Conservation Committee.

The bill also was supported by the Michigan Audubon Society in a resolution passed at the group's Golden Anniversary Conference last month.

The resolution points out that: 1. Hawks, eagles and owls, many species of which are native to Michigan and which nest in numbers within the boundaries of our state, are being extensively persecuted and killed.

2. All species of these birds have been carefully studied by biologists of the United States Department of Agriculture and by competent field naturalists. In most species, due to the quantities of mice and other rodents and insects eaten, these birds are highly beneficial to farmers.

3. In addition, they help materially to maintain a balance in the world of nature about us and the presence of these birds in the Michigan outdoors is a great source of interest and enjoyment, not only to Michigan residents, but also to tens of thousands of tourist visitors each year.

EXPENSIVE GEESE—

It cost hunters about \$11 in shotgun shells alone in 1953 to bag one goose at the Swan Creek "Highbanks" area in southwestern Michigan's Allegan County, the conservation department reports.

Recently compiled figures from the Highbanks season show that hunters used 84 shells to bag each goose—about \$11 worth.

However, this is somewhat below the 1952 season when 88 shells, costing a total of about \$11.50, were needed to bag a goose.

This does not mean geese are not plentiful in the area; game censuses show populations of the big birds have remained about the same during each of recent years. But the big honkers are also wise to the ways of hunters and fly high when passing the area, making hunting difficult.

Game workers say the hunting figures are clear indication the Highbanks area is serving its original and designed purposes—to provide recreation first and goose hunting second for Michigan outdoorsmen.

Nearly 8500 permits were issued to hunters during the season, they "re-created" a total of 25,400 hours, and took home 701 geese.

In 1952, hunters bagged 855 geese and hunted a total of 24,500 hours.

The season is popular with southwestern Michigan hunters, who annually troop to the Highbanks area, expecting to stand in line for permits and to rub elbows with others while hunting.

BEAR TRAP—

Wildlife workers don't have much specific, detailed information about bears and their habits, so that last year game men started a project that, at first, looked slightly unbelievable.

They wanted to live-trap wild bears so they could be tagged and released in hopes their habits and movements could be studied.

But it's one thing to dream up such an idea and quite another to put it to practice. Game workers weren't quite sure how they might place an ear-tag on three or four hundred pounds of furious wildlife, but they went ahead with their plans anyway.

At Cusino wildlife experiment station in the upper peninsula, they set up a section of steel culvert, blocked one end and set a trap-door against the front. A bear came along, got himself trapped, ate the bait, and then ripped his way out of the trap.

Next time the trap was made stronger and then, sure enough, game workers trapped a Bruin. Then the touchy problem of placing an ear-tag had to be conquered. Game workers got past the hurdle by closing the trap tightly and injecting anesthetic until the animal went to sleep.

There were anxious moments during the whole process for fear the bear would wake up and clout somebody, but finally the job was done and the bear released.

Since then, the process has been streamlined and to date, five bears have been captured, banded, and released.

Recently, two of the five were shot and reports from hunters have finally arrived at conservation headquarters.

One of the animals, first trapped last September, was loaded on a truck and taken six miles distant from where captured. Six days later he was again nabbed.

In the same trap and again removed six miles.

Finally, 13 days later, he was shot by a hunter about six miles east of the wildlife station and hard by the place where he was released.

The other bear had less homing instinct and, in fact, became quite a rover.

After being trapped late in August, he was released two miles away. About a month later, a hunter recently reported, the animal was shot in Delta County, about 15½ miles southeast of where released.

These two positive reports of the movements of wild bear are believed the first on wildlife record. Workers will continue the project next spring when bears again become active in the Cusino area.

Junior Police News

A ping pong tournament and a checker play-off will get under way this Saturday, Feb. 13 at the Scout Building. Anyone interested should be on hand at 10 a.m. this Saturday.

The February business meeting will be held at 11 a.m., Saturday, Feb. 27 at the Scout Building. Every badge holder must be present.

Joe Humphries, Secretary

Scortichini to Battle Giambra Friday Night

Joey Giambra, sixth ranking middleweight, and Italo Scortichini, Italian import, meet in a scheduled 10-round match on the regular Friday, Feb. 12 television and radio feature from Madison Square Garden.

The bout starts at 10 p.m. EST over the NBC Television and ABC Radio networks.

Joey Giambra, 22, former amateur feather and lightweight champion of Buffalo, joined the money ranks in June 1948. Since then he has built up a vast following because of the lethal power he possesses in both hands. Out of the 35 bouts Joey has won, 20 have been via KO's. During this time he has lost only three.

After watching Joey's second and one-sided victory over Danny Womber last July, Sugar Ray Robinson predicted the victor would be the future middleweight champion.

Italo Scortichini, who has done most of his fighting in Europe, made his U.S. debut in January, 1953. However, he really sprang into national prominence about a month ago when he held the second ranking welterweight, Carmen Basilio, to an upset draw in a TV appearance.

A win over British champion, Gerry Dreyer, is also included in Italo's overall record of 31 wins—9 by kayo—and 7 losses.

Boys Club News

Club members have been invited to spend a week end at Silver Lake as guests of Mr. and Mrs. William Taft. The club committee will meet soon to set the date for the trip and also to plan a fishing derby.

More street signs have been collected for painting. Members are asked to come to the Scout Building either Friday after school or at 9 a.m. Saturday morning.

Max Austin of the Northville Optimist Club has outlined a new money-making project for the club. President David Biery has called a special meeting for 8 p.m. Feb. 15, to fill members in on further details.

At a recent meeting, Richard Buckley showed movies he had taken on the club's Strawberry Lake outing.

News Items Taken From the Files of the Record

ONE YEAR AGO—

Charles Trickey, Jr. of Novi was elected state commander of the AmVets.

Donald Atwood, James Lapham, James Weston and Lance Molander were awarded Eagle Scout badges in ceremonies held at the First Presbyterian Church.

Jim Hollis was elected president of the newly-formed Junior Optimist Club.

Petitions asking for a vote on incorporating Northville and certain contiguous areas as a city were filed with the Secretary of State by the Committee on City Incorporation.

Word was received here of the death of D. H. Van Hove, a former Northville resident, at the Community Hospital in Riverdale, Calif.

FIVE YEARS AGO—

Mrs. E. J. Willis was chosen as temporary chairman of the newly organized Parish Council at Our Lady of Victory Church.

Professor Theodore Newcomb of the University of Michigan spoke to members of the Northville Woman's Club. His subject was: "Propaganda, A Sociological Weapon".

Mrs. Wilson Funk was honored

by fellow teachers at the Northville Elementary school on the occasion of her graduation from Michigan State Normal College.

Harry's Lunch opened for business at 140 N. Center St.

Mr. and Mrs. Donald Severance flew to Chicago where he represented the local Presbyterian Men's Club at the annual conference of the National Conference of Presbyterian Men.

TEN YEARS AGO—

Bishop Raymond J. Wade officiated at mortgage-burning ceremonies at the First Methodist Church of Northville.

Service notes: Pvt. Wayne Thompson was transferred from Ft. Sheridan to Lincoln Air Base, Nebraska. Pfc. Martin Sommers was serving at the Army Air Base near Santa Maria, Calif. Word was received from MM2/c Wesley Asch to the effect that he had arrived safely in Australia. SF3/c Lawrence Bogart returned to his base at Norfolk, Va. after a short furlough. Pvt. Charles Strautz was home on furlough from his base at Eau Claire, Wisc.

Funeral services were held for Frank Martino, who died Feb. 4 at the age of 71.

Miss Dorothy Jean Small was married to Daniel E. MacDermid in a ceremony performed at the Methodist Church here.

TWENTY YEARS AGO—
The Village Commission voted to allow liquor to be sold by the glass in Northville.

Fire in the basement of the Detroit House of Correction Commissary resulted in several thousands dollars worth of damage and caused four firemen to be overcome by smoke.

The mercury dropped to ten below zero the morning of Feb. 8, 1934.

Mr. and Mrs. John Papineau of Novi were honored by a large group of friends on their 50th wedding anniversary.

Ruth Melow, daughter of Mr. and Mrs. John Melow of Baseline Rd., became the bride of Charles Van Vleck in a ceremony performed at the home of the bride's grandmother, Mrs. Addie M. Ely, in Farmington.

FIFTY YEARS AGO—

B. O. Webster was reported doing night watch duty at the fish hatchery.

Nelson Bogart's little boy was sick with scarlet fever at their farm home east of town.

William Ely purchased the interest of his partner, Fred Burch, in the Park House Hotel.

Dr. Frank Carrouthers attended the Grand Lodge F. & A. M. at Lansing as a delegate from the local branch of that order.

Pfc. Joseph R. Barretta, 21, son of Geno O. Barretta, 101 Pine St., Walled Lake, Michigan, contributes to the 1954 March of Dimes fund while serving with the 1st Infantry Division's 18th Regiment in Germany. Barretta is a communications operator in the regiment's Company B. In Germany since last June, he was employed by the Ford Motor Co. in Dearborn before entering the Army in January, 1953.

Mrs. Nana Herrick Dies in California

Word has been received here of the death of Mrs. Nana (Kay) Herrick, who lived in Northville from 1936 to 1944. Mrs. Herrick died recently in a Santa Barbara, Calif., hospital after a lingering illness.

Surviving are her husband, Starr; two sons, Glen and LeRoy; her mother, Mrs. Anna Ryland, all of Santa Barbara, and two brothers, William C. Westgard of Hayward, Calif., and Donald C. Westgard of Richmond, Calif.

From above we can hear the crowd below growling and grumbling and taking it easy.

—Robert Dollar

Schnute Named to Scout Council

Arthur Schnute of Northville has been elected a member at large of the Sunset District Detroit Area Council, Boy Scouts of America.

Schnute will work with George Muller, Northville area Neighbor-

hood Boy Scout Commissioner.

Schnute and Philip Ogilvie also have volunteered to act as co-chairmen of a Sustaining Membership Committee to assist Northville men in becoming active friends of scouting.

When you stop to think, don't forget to start again.

Mental Health Experts Tour Local Hospital

Delegates to the National Governor's Conference on Mental Health, held in Detroit on Feb. 8, 9 and 10, spent Wednesday inspecting Northville State Hospital.

The conference met Monday and Tuesday in Detroit. On the program were such outstanding authorities in the problem of mental health as Dr. Karl Menninger of the Menninger Foundation, Topeka, Kansas, and Dr. Kenneth E. Apple, president of the American Psychiatric Association.

At the hospital, displays and exhibits of the treatment program were set up in the lobby. Tours of the buildings were arranged by the hospital's Public Relations Committee, composed of members from the medical, nursing, occupational therapy, psychology and social service departments.

A movie recently released by the Michigan Department of Mental Health titled "It's A Big Problem" was shown in the auditorium and was followed by a special luncheon in the hospital cafeteria.

Life will be a lot happier for you if you use the advice you have been giving your friends.

Model husbands often turn out to be non-working models.

Valentines Dating from 1710 on Display at Henry Ford Museum

The fact that "In the spring a young man's fancy lightly turns to thoughts of love" is both the subject and title inspiration for a new Valentine exhibit at the Henry Ford Museum, culled from one of the world's foremost collections.

When it opened on Monday, Feb. 8, "A Young Man's Fancy" displayed more than 350 varieties of the classic messages running the gamut of human emotions, from pathos to bathos. The majority of the St. Valentine's Day greetings are from the famed collection of Norcross, Inc., greeting card publishers, and cover the period 1710 to the present.

The earliest examples, oddly enough, were handmade by nuns of Strasbourg, Germany, in 1710 and sold to raise funds for their charitable works. The delicate lacy patterns were painstakingly cut and colored by hand.

Made Without Hands

One of the most unusual valentines on display will be an 1808 American creation by Martha Ann Honeywell, "a young lady, born without hands, and only three toes," according to a contemporary advertisement. The handicapped Miss Honeywell travelled throughout the U. S. and Europe displaying her accomplishments. The valentine's center is the Lord's Prayer signed "Written without hands by M. A. Honeywell."

Ranging from the simplest handmade valentines to the most intricate embossed commercial designs, the exhibit points up what a big business sentiment has become.

The earliest American handmade valentine, dating about 1760, folds into a small square. On each fold is written a message, quaintly spelled and simply decorated. Each successive fold is numbered so that in order to get the sense of the entire message, it is necessary to keep turning the valentine.

Two English valentines, one sentimental and one comic dating just before the turn of the 18th century, were produced by the famous Italian stipler engraver, Francesco Bartolozzi. Bartolozzi went to England as "Engraver to the King" and became one of the original members of the Royal Academy.

Hand Colored

One of the earliest American commercial valentines which will be on display was published in 1837 by Edward Whaites, of New York City. Although produced in relatively large numbers, most valentines were hand colored until the introduction of lithography in the early 19th century. Most American valentines contemporary with Whaites in the exhibit are handmade, since commercial valentine production did not get into full swing until the 1840's.

The first evidence of commercial interest in St. Valentine's Day customs occurred in the early 17th

Have you ever thought about the dollars you miss the most? They're the dollars you might have saved—and didn't. And you miss them most when you want to buy that something extra—and can't. A new car, a new home—a special vacation. Why not start now—to save those dollars before they get away. Put them into United States Savings Bonds. Your money is safe—your interest guaranteed! You get a return of four dollars for every three dollars you invest. And you get that handsome return in less than ten years. Invest in United States Savings Bonds today.

century when books called "valentine writers" were published. The earliest on exhibit dates 1797. The "valentine" furnished verses in which purity of style and elegance of diction were combined to suit swains of all degree incapable of expressing their own sentiments.

Toward the end of the 18th century English printmakers saw a lucrative business in ready-made woodcut and engraved valentines. Several examples of the early English commercial valentine will be on display, including a number of comics and a rebus, dating 1790. The rebus, a riddle which expresses words and phrases by a series of pictures, were first handmade in the early 18th century. When their popularity was firmly established, the rebus was rapidly adopted by printmakers.

Mrs. Maltzberger Dies in Texas

Word has been received of the death of Mrs. Marie Wilcox Maltzberger in San Antonio, Tex. Mrs. Maltzberger was a resident of Northville about 30 years ago. She was the daughter of Mrs. Mary Wilcox, who died here about a year ago, and sister of Oswald, Charles, George, Kenneth and Mrs. Forest Hubert. She is survived by four sons and one daughter.

The **CARRINGTON</**

Michigan Mirror

by Gene Alleman

A BATTLE AGAINST Michigan's geography can begin now that other battles have been won in the fields of engineering, finance and law.

The way was cleared late last month for the construction of a bridge across the Straits of Mackinac. Last year lawmakers approved a bond issue to finance submitted plans. In December investors agreed to provide the required money. Then legality of the bond issue was questioned. Supreme Justices heard the arguments; ruled the proposition Constitutional.

MUCH MORE THAN A CON-venient means for southern Mich-

igan deer hunters to travel to Michigan's Upper Peninsula, the gigantic structure which will join the state's two great land areas holds new hope for north Michigan people.

"IMMEDIATE ECONOMIC boom" was predicted by Cheboygan's Mayor John Werner. "As the number of tourists increases, the amount of gas tax will climb," predicts Arthur Michelin, vice president of the Eastern Michigan Tourist Association. "Visitors will spend more money on vacation trips and northern Michigan counties will get a larger return from sales and gas taxes which roads."

CONSTRUCTION OPERA-tions, in themselves, will create a boom.

About 1,000 engineers, divers, riggers and other workers will be required to move into the Straits area for an estimated three year building period. Wives and families of workers will swell the

total still more. Their housing, school and living needs will tax available facilities. The dimes and dollars they spend will make pleasant additions to the area's cash registers.

WORK IS PLANNED FOR eight months each year. December through March are considered unsuitable for most construction operations because of weather conditions. "Mountains" of materials are needed to complete the task. Designer David B. Steiman expects to use 85,000 cubic yards of concrete enough to build 28 miles of two lane pavement, nine inches thick) to construct each of four massive cable anchorages. Total pull at each anchorage of the two cables supporting the main span is computed at 30,000 tons. Work should be complete by Nov. 1, 1957.

DESIGN OF THE BRIDGE was tested in the wind tunnel at Virginia Polytechnic Institute.

It is planned to withstand a wind speed of 120 miles per hour, far more than the highest record wind of 78 mph., to carry a load equal to a continual line of heavy trucks about 50 feet apart on each of its four lanes; to resist an ice pressure of 65,000 pounds per lineal foot.

WHEN THE LONGEST bridge in the world spans Mackinac Straits, it will stretch over a distance of some five miles. Height of suspension anchorages is 552 feet, higher than Detroit's Fisher building. Road level of the bridge is 148 feet above the water. Anchorages are bedded on solid rock, about 85 feet below the water's surface.

The 3,800 foot suspension portion of the bridge is second only to the 4,200 foot distance over San Francisco Bay. Adding the length of the approaches, the Straits bridge will exceed by one half mile the four and one half mile structure in California. It should last more than 100 years, according to its designers.

COST OF THE BRIDGE WILL reach nearly \$160 million including interest, according to present arrangements.

Construction cost at today's prices is \$80 million. The legislature approved a bond issue of \$99,800,000 which includes money to handle the bonds and pay in-

Timely Tips

It's a wise homemaker who knows the tricks of her trade. Here are a few to add to your collection and help make your chores easier for you.

Separating egg whites from yolks can be done in a jiffy. Just break the egg in a small funnel. The whites will go through... the yolks won't.

Before scalding milk, wipe the bottom and sides of the pan with butter. The milk won't scorch and the pan will be easier to clean.

A folded damp cloth placed under a mixing bowl keeps it from slipping and speeds mixing.

To soften butter quickly, heat a earthenware bowl by filling it with boiling water, then empty it and place it upside down over the butter.

To banish that horrid onion odor from your hands, rub them with vinegar.

Interest until revenue from toll charges can be collected. The balance represents interest until the bond issue is redeemed.

TOLL RATES WILL REMAIN equal to present ferry costs for private automobiles, according to present plans of the bridge authority. This averages \$2.78 per vehicle including passengers.

If there are increases, they will apply against commercial users. Reasoning is that truck operators will stand to save money because drivers will not have to wait for ferries as they do at present.

If crossings equal the expected number, toll revenue will meet the terms of the bonds and provide a balance to pay them off before the expiration date.

THE PRESENT BRIDGE AUTH- ority consists of seven Michigan men who serve without pay. Chairman is Prentiss M. Brown, former U. S. Senator and chair- man of the board of the Detroit Edison company.

Other members are Mead L. Bricker of Detroit, former vice- president of Ford Motor; William J. Cochran Jr., Iron Mountain, a General Motors distributor; Charles T. Fisher, Jr., president of the National Bank of Detroit; George A. Osborn, publisher of the Sault Ste. Marie Evening News; Murray D. Van Wagoner, Birmingham, former highway

commissioner; Charles M. Ziegler, Lansing, present highway commissioner.

THEIR SUCCESS REPRESENTS the culmination of many efforts by many men over a long period of time.

Back in 1884, long before automobiles were invented, the Grand Traverse Herald became convinced that ferry service across the Straits would not satisfy U. P. needs. "Shall it be a bridge or a tunnel?" it asked editorially.

Since then there have been many attempts to join Michigan's peninsulas, including a PWA application in post depression days of 1935.

Governors since 1920 have favored the bridge to varying extents and several made efforts to bring it into existence.

ALL EXISTING OBSTACLES overcome, the bridge now can become reality. Preparation for construction is already underway. When it is completed, the ad-

vantages which result directly to the northern sections can be expected to benefit all Michigan, and provide for the state a sounder economic and geographical unity.

A Breakfast of Old-Fashioned Goodness

If you've forgotten how good breakfast can be, sit down to an old-fashioned breakfast of steaming hot oatmeal and milk, homemade Oat Bread to be toasted or not, and smothered with strawberry preserves. Take time for peeling the orange to eat it, segment by segment, as you did in your little girl days. Here is a meal that's as good for you as it is good, and there's no age limit on enjoying a breakfast like this.

Old-Fashioned Oat Bread

1 cake compressed yeast
3/4 cup lukewarm water
1 teaspoon granulated sugar
4 tablespoons fat
1 tablespoon salt
3/4 cup molasses
3/4 cup brown sugar
2 cups rolled oats, uncooked
1 cup boiling water
1 cup cold water
5 cups sifted all-purpose flour (approximately)

Crumble yeast into small bowl. Add lukewarm water and granulated sugar. Set in a warm place until mixture is light and bubbly (about 15 minutes). Combine fat, salt, molasses, brown sugar, rolled

oats in large bowl. Stir in 1 cup boiling water. When lukewarm, add yeast mixture, then flour and cold water alternately. Mix until soft dough is formed.

Turn out on floured cloth or board. Knead until smooth and satiny to the touch, sprinkling more flour on cloth if necessary. Place in greased bowl. Brush top of dough with melted fat. Cover and let rise in warm place until double in bulk, about 1 hour.

Turn dough onto lightly floured cloth or board. Divide into 2 portions for molding. Let rest, covered with kettle or bowl, for about 10 minutes. Then shape into 2 loaves. Place in greased loaf pans 8 1/2 x 4 1/2 x 2 1/2 inches. Brush tops with melted fat. Cover with waxed paper and a damp cloth. Let rise until double in bulk, about 1 hour. When loaves are about half risen, brush top with milk and sprinkle over the surface rolled oats, about 1/2 cup for each loaf, moistened with milk.

Bake in a hot oven (425°F.) 15 minutes, then reduce temperature to moderately hot oven (375°F.) and bake about 30 minutes longer. Remove from pans. Cool on rack. Yield: 2 loaves.

Mayhew on Merriman Rd., last Tuesday evening, a bridal shower was tendered Nancy Mayhew, whose marriage to James Stanford of Garden City is to be an event of Feb. 20. About 25 friends, neighbors and relatives were present. Gifts were both handsome and useful. Mrs. Mayhew, mother of the young lady, served an elegant lunch.

James Kitchen of New Hudson called at the home of his brother-in-law, Ernest Tallman, on Mayfield Ave. the early part of this week.

Mrs. E. W. Stange of Mayfield Ave. spent last week end with her daughter, Mrs. Robert Judd, and her family near Grosse Pointe.

Mrs. Purser of Farmington Rd. and Mrs. James Maynard visited in Pontiac Tuesday.

Mr. and Mrs. William Griffith of Dearborn called at the home of the latter's parents, Mr. and Mrs. E. W. Stange, on Mayfield Ave. last week.

A family celebration at the Sandau home on Hubbard Ave. Thursday honored the fifth birthday of Linda, daughter of Mr. and Mrs. George W. Sandau.

Trucks from the Goodwill Industries, Detroit, were making pick-ups in this area last week. The next collection will be Monday, March 1. Persons are calling Farmington 1461-M to make arrangements to have a truck stop to pick up discards.

One day last week, Freda Ault of Norfolk Ave. spent some time with Mrs. Nelson Cameron in Redford.

Children of the Neighborhood Church section will hold their annual Valentine exchange in the church Saturday afternoon, Feb. 13 at 4 p.m.

The Kenneth Skows of Mayfield Ave. spent last Sunday afternoon and evening with friends in Detroit.

Mr. and Mrs. Pule and their two children of Detroit have established themselves in the former Kline house on Parker Ave.

Helen, the youngest daughter of Mr. and Mrs. George Cooke, Albion Ave., has been on the sick list this week.

SUNSHINE PALS

Secret Sunshine Pals, sponsored by Neighborhood Sunshine Sisters, held their annual Name-Disclosure party in Neighborhood Church last Wednesday afternoon. A large number were in attendance. Cookies, with tea or coffee, were served as the ladies arrived. Brief devotional services opened the session. Following was an "experience" meeting during which each Secret Pal present told of ways her Secret Pal had remembered her during the year, made a guess as to whom her pal had been and expressed her thanks. Afterwards, the "final" or identification gifts were passed. A table piled with gay be-ribboned parcels had made the room look like Christmas. There was

Village Commission Proceedings

Regular meeting of Northville Village Commission was held at Village Hall Monday evening, Feb. 1, 1954 at 8:00 p.m.

Present: Pres. C. E. Langfield, Comm. Stubenvoll, Peters, Ely and Woodworth.
Absent: Comm. Allen.
Minutes of last regular meeting read and approved.
Finance committee audited following bills.
Russell J. Nixon, Changing Signs \$ 5.00
Secretary of State, Oper. Licenses 77.00
Pay Roll 2587.51
J. Stanley Waterloo, Bldg. Inspector 87.50
Joseph Denton, Mileage 4.00
Roy C. Hollis, Signs 8.00
Village of Northville, Adj. of Accts. 84.00
Detroit Edison Co., Street, Traffic, Misc. Lights and Power 1132.08
Mace-Hale Park-O-Meter Co., Meter Alterations 155.75
Morton Salt Co., Street Salt 81.63
Ren Stillwell, Care of Dump 25.00
Northville Recreation Fund 416.67
Firemen's Salaries 144.75
Philip R. Ogilvie, Retainer 50.00
Mary Alexander, Sewer Coll. Fees 45.33
Nelson Chemicals Co., Chlorine 10.20
Northville Milling and Lumber Co., Sewer Supplies 1.80

RURAL HILL CEMETERY FUND

John W. Jacobs, Vault Service \$ 5.00
Geo. Clark Hdwe., Supplies 43.97
New Hudson Hdwe., Lawn Mower Parts 43.97

Moved by Peters, supported by Stubenvoll, that bills be paid. Carried.

Moved by Stubenvoll, supported by Woodworth, that Township taxes for sewer interceptor be paid on Village property, also one-half on Scout Bldg. Assessment (\$1.68); and that the Gussell & Himelstein taxes on parking lot at Main and Center streets be included in the check. Carried.

Memorandum from Detroit Edison Co. was read covering modernization of ornamental street lighting on Center from Cady to Dunlap Sts. and on Main St. from Church to Wing Sts. Proposed change would result in increasing illumination approximately four times, at a monthly increase in billing of \$10.67. Moved by Stubenvoll, supported by Peters, that Village Commission approve changes proposed in this memorandum. Carried.

Atty. Ogilvie reported that control of commercial vehicles on State and County highways within the Village was within the province of local authorities, and the Police Dept. was instructed to eliminate flagrant double parking violations by commercial vehicles.

Reports of the Treasurer, Police Chief, Supt. of Public Works and Health Comm. were submitted, and it was moved by Woodworth, supported by Stubenvoll, that same be accepted and placed on file. Carried.

It was announced by Health Comm. Chabut that the tentative dates the Chest X-ray Unit is to be in the Village of Northville are Feb. 23rd through Feb. 26th.

Moved by Comm. Ely, supported by Stubenvoll, that resolution regarding the control of Dutch Elm disease be adopted, and that a copy be mailed to the State Representative for this District. Resolution reads as follows: "BE IT HEREBY RESOLVED That the President and Village Commission of Northville, Michigan, recognizing the necessity for immediate action on a State as well as a local level to preserve the beauty and dignity of the Forest state now threatened by the ever spreading disease, Dutch Elm disease, request that every possible consideration be given for necessary funds to be allocated to the State Dept. of Agriculture to provide for the enlarging of present laboratory and personnel facilities offered by the State in locating, identifying and removing this disease so that every possible preventative measures can be taken as soon as possible to combat the disease before it can spread to surrounding areas." Motion was carried.

Moved by Ely, supported by Stubenvoll, that the Village extend the sanitary sewer on Carpenter St. to Hill St. at an approximate cost of \$800.00, after securing the proper easements from Harold Church, owner of the property to be serviced at this time. Carried.

Proposed lease for premises consisting of Community building located on Lots 281 and 282, Assessor's Northville Plat No. 3, as prepared by Atty. Ogilvie, to be submitted to Northville School District No. 2 for their consideration, was read.

No further business appearing, meeting was adjourned.
(Signed) A. R. Clarke, Acting Clerk

Wins Award

The Hartford Day Spring, a weekly newspaper published by Jack Sinclair, son of Mr. and Mrs. George Sinclair of Northville, won second prize among papers under 1,275 circulation in the recent General Excellence Contest sponsored by the Michigan Press Association.

Thomas Alva Edison

FEBRUARY 11, 1847

February 11th is the 107th anniversary of the birth of Thomas Edison, founder of the electrical industry as we know it.

It's a rather special date in Michigan since it was here his family lived for many years; here that young Tom's inventive genius first began to emerge.

It's a rather special date at Detroit Edison, too, for our people believe in serving—and service was Thomas Edison's guiding principle. So strong were his feelings on the matter, so confident was he that widespread use of electricity could benefit mankind, that he began by selling lamp bulbs for 40c each—far below their manufacturing cost of

\$1.25! He could not be content until he made this strange, new force—electricity—available to those of both high and low station.

Today, electric service goes far beyond keeping rates low and extending lines to new customers. Our meaning of service is to make electricity uniformly dependable, and to provide those extra services which enable a customer to use electricity to his best advantage.

The Detroit Edison Company strives constantly to strengthen its service tradition. And this is a fitting time to re-dedicate ourselves to it; to resolve to serve our customers and our nation to the best of our ability.

Prentiss M. Brown

Citrus Fruit Cups For Variety

Florida grapefruit, oranges and tangerines are available in markets in excellent supply, and at prices which should be an invitation to their daily use. Probably the most popular use, after juice, is in fruit cups, for first course or dessert.
Here the sections are combined with sliced bananas and diced apple (leave red peel on for color contrast), with finely cut dates and shredded coconut, with diced avocado and chopped pineapple (omit sugar), with sliced strawberries, with orange or lime juice.
Chill fruit before preparing it for fruit cup. To section, cut off peel in strips from top to bottom, cutting deep enough to remove white membrane. Then cut slice from top and bottom. Go over fruit again, removing any white membrane. Cut along side of each dividing membrane from outside to middle of core. Remove section by section. Sprinkle

of Paw Paw, Mich., as the speaker.
Friday, Feb. 12:
2 to 5 p.m., and 6 to 8 p.m., Community Blood Bank.
Sunday, Feb. 14:
10 a.m., Church School. A class for everyone. The study book, "Heritage and Destiny" is being taught in the Adult Class during the month of February.
11 a.m., Divine Worship. Sermon: "The Costly Gem".
Nursery for babies under the care of Mrs. Fred Turney, R.N.
Nursery for children (2-6 yrs.) directed by Miss June King.
Junior Church lead by Mrs. C. J. Logeman.
6 p.m., Intermediate Fellowship.
7 p.m., M.Y.F. Senior-Hi group.

5 p.m., Intermediate Membership Training Class.
Tuesday, Feb. 16:
3:30 p.m., Carol Choir rehearsal.
8 p.m., The Wesleyan Service Guild will meet with Mrs. Fred Casterline, 114 W. Dunlap, for its annual Valentine party.

The new 1954 Chevrolet Bel Air 4-door sedan. With three great series Chevrolet offers the most beautiful choice of models in its field.

New style . . . New power . . . New economy . . . and yet

Lowest-priced line in its field!

That's why people are calling the new 1954 Chevrolet the outstanding motor car value of this new year!

Men and women everywhere are deciding that the new Chevrolet for 1954 gives more for the money than any other car in its price range.

Here are the reasons why . . .
New style—more beauty of line, contour and color—with stunning new Bodies by Fisher and modern-mode interiors, color-keyed to exterior finishes in

"Two-Ten" and Bel Air models.

New power—more pickup, more passing ability, more smoothness and quietness of operation with either of Chevrolet's two advanced 1954 engines—the thoroughly proved "Blue-Flame 125" engine teamed with Powerglide (available on all models at extra cost) or the thoroughly proved "Blue-Flame 115" en-

gine! They're the most efficient Valve-in-Head engines in all Chevrolet history.

New economy—yes, even stronger gasoline savings—because both of these great high-compression engines are designed, engineered and built to wring more power from every charge of fuel and save you money mile after mile!

Come in . . . see and drive the new 1954 Chevrolet . . . and place your order now!

Only Chevrolet offers all these advantages at lowest cost

Brilliant new Bodies by Fisher . . . New Modern-Mode Interiors . . . New High-Compression Power in "Blue-Flame 125" and "Blue-Flame 115" Engines . . . Highly Perfected Powerglide, teamed with "Blue-Flame 125" Engine, now available on all models . . . New Power Brakes* available on Powerglide models . . . Time-Proven Power Steering* . . . Exclusive Six-Way Safety Protection, including Panoramic Visibility; Safety Plate Glass all around in sedans and coupes; E-Z-Eye Plate Glass* Solid Fisher Unisteel Construction; Road-hugging Knee-Action Ride; and largest brakes in its field . . . New Automatic Front Window and Seat Controls* available on "Two-Ten" and Bel Air models. *Optional at extra cost.

More things more people want, that's why MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CARS

Report Heavy Ticket Sale for Scout Party

Interest is mounting in the card party to be given by the Girl Scout Council at the V.F.W. Hall Thursday, Feb. 18 at 8 p.m. The ticket sale is going well and many couples are making up foursomes. Though it is early for predictions, the council members are definitely hopeful of a bigger-than-ever turnout. Funds for the whole year's Girl Scout program depend on the success of this party.

If all New Year's resolutions were laid end to end they would not reach to the first of February.

Most people are poor guessers—and those who insist on guessing on horse races usually are poor people.

NOTICE OF SALE \$300,000.00

NORTHVILLE PUBLIC SCHOOLS SCHOOL DISTRICT
WAYNE, OAKLAND AND WASHTENAW COUNTIES, MICHIGAN

School Building Bonds
Sealed bids for the purchase of general obligation bonds to be issued by Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan, of the par value of Three Hundred Thousand Dollars (\$300,000) will be received by the undersigned at the Board Room, Northville Grade School, in the Village of Northville, Michigan, in said School District, until 8:00 o'clock p.m., Eastern Standard Time, on the 24th day of February, 1954, at which time and place said bids will be publicly opened and read.

Said bonds will be dated March 1, 1954, will be coupon bonds in the denomination of One Thousand and Dollars (\$1,000) each, will be numbered consecutively in the direct order of their maturities from one (1) to three hundred (300), both inclusive, will bear interest from their date at a rate or rates not exceeding four per cent (4%) per annum, expressed in multiples of 1/4 of 1%. Said interest will be payable on the first day of October, 1954, and semi-annually thereafter on the first day of April and October in each year. The interest rate for each coupon period on any one bond shall be at one rate only. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery. Said bonds will mature serially Ten Thousand Dollars (\$10,000) on the first day of April in each of the years 1955, 1956 and 1957; Fifteen Thousand Dollars (\$15,000) on the first day of April in each of the years 1958 to 1964, both inclusive; Twenty Thousand Dollars (\$20,000) on the first day of April in each of the years 1965 to 1971, both inclusive; and Twenty-Five Thousand Dollars (\$25,000) on the first day of April in the year 1972.

Both principal and interest will be payable at a bank or trust company to be designated by the purchaser of the bonds. Bonds numbered one (1) to sixty (60), inclusive, maturing in the years 1955 to 1959, both inclusive, shall not be subject to redemption prior to maturity. Bonds numbered sixty-one (61) to three hundred (300), inclusive, may be redeemed prior to maturity at the option of the School District in inverse numerical order on any interest payment date on or after April 1, 1959, at par and accrued interest to the date fixed for redemption, plus a premium for each bond so redeemed as follows:

\$25.00 on each bond called for redemption prior to April 1, 1961; \$20.00 on each bond called for redemption on or after April 1, 1961, but prior to April 1, 1963; \$15.00 on each bond called for redemption on or after April 1, 1963, but prior to April 1, 1965; \$10.00 on each bond called for redemption on or after April 1, 1965, but prior to April 1, 1967; \$5.00 on each bond called for redemption on or after April 1, 1967.

Notice of redemption shall be given to the holders of the bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from March 1, 1954, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid, computed in the manner above specified, produces the lowest interest cost to the School District. Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered. The said bonds are payable from ad valorem taxes subject to such limitation upon said taxing power as may result from the provisions of Section 21, Article X of the Michigan Constitution and the Michigan Property Tax Limitation Act.

A certified or cashier's check in an amount of \$6,000, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to the bidder by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, Penobscot Building, Detroit, Michigan, which opinion will be furnished, without expense to the purchaser of the bonds prior to the delivery thereof, approving the legality of the bonds. The purchaser shall furnish bonds ready for execution at his expense. Bonds will be delivered without expense to the purchaser at a place to be designated by the purchaser.

Inquiries with respect to the details of the issue should be addressed to Miller, Canfield, Paddock and Stone, 525 Hollister Building, Lansing 8, Michigan, Attorneys for the School District. The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds".
DONALD B. SEVERANCE
Secretary,
Board of Education

Board of Education Minutes

The regular monthly meeting of the Northville Board of Education was held in the Board Room on Monday evening, February 1, 1954. The meeting was called to order at 7:40 p.m. by President Coolman.

Present: R. F. Coolman, Mrs. Harry Wagenschutz, D. B. Severance, E. F. Clark, Supt. Amerman.

Absent: N. C. Schrader. Others Present: E. V. Ellison, C. T. Pregitzer, faculty members.

Minutes of the last regular meeting were read and approved.

Communications were read as follows:
Financial: State Aid, \$40,483.00; delinquent taxes, \$588.70; current taxes, Salem Township, \$1,300.00; current taxes, Northville Township, \$50,000.00.

Card of thanks from Mr. and Mrs. Fred Lyke for letter and flowers sent in appreciation of their assistance with the school registration in the recent school bond election.

Superintendent Amerman recommended the abandonment of the annual spelling bee for various reasons and the substitution of another type of program. Member Clark suggested that something be worked out among the member schools of the Activities League.

Board accepted the superintendent's recommendation and were in favor of Mr. Clark's suggestion.

Upon motion by Severance and second by Clark the Senior Washington Trip, scheduled for May, was approved.

Moved by Clark that the fifth grade classes, under the supervision of Miss Margaret DeKett and Mrs. Wilson Funk, be granted permission to engage in the camping trip to the State camp at Crosswell next May, as outlined by Miss DeKett and Mr. Pregitzer. This agreement is to be on a trial basis only.

Motion by Mr. Severance that Mr. Ellison be authorized to accept the invitation of the North Central Association of Colleges and Secondary Schools to serve on an evaluation committee at the Chicago meeting in March, expenses paid. Second by Mrs. Wagenschutz. Carried.

Upon motion by Mrs. Wagenschutz and second by Clark, a salary adjustment of \$29.55 was allowed on A. E. Jones' salary for January.

Mr. Eberle Smith is at work on preliminary plans for the new elementary school and will soon be ready to submit them to the board.

Treasurer Clark reported balances as follows:

Received during	
January	\$96,435.60
Balance in General Fund	55,589.96
Balance in Site Fund ..	12,692.25
Balance in 1949 Debt Retirement Fund ...	10,759.40

Upon motion by Severance and second by Mrs. Wagenschutz, the report of the treasurer was accepted. The Auditing Committee approved vouchers as follows for payment: Bills, \$42,792.36; Payrolls, \$24,157.38. Moved by Mrs. Wagenschutz that the bills and payrolls be paid. Carried.

Upon motion by Severance and second by Clark the meeting was adjourned at 10:15 p.m.

NEWS NOTES FROM NOVI

YOUR CORRESPONDENT — MRS. LUTHER RIX
Phone Northville 245-J

NOVI MOTHERS CLUB

The Novi Mothers Club will hold its regular monthly meeting on Monday, Feb. 15. The Novi School teachers will be hostesses for the evening and a fine program has been prepared, with Mrs. Agnes Pauline of the Wayne County Library as the principal speaker. Mrs. Pauline will speak on children's literature. Mrs. Flannery, director of Civil Defense in this area, will speak on Civil Defense. Two dramatic pupils of Mrs. Lancaster of Farmington will give readings. This meeting will open promptly at 8 o'clock. All Novi mothers are invited.

NOVI SCHOOL NEWS

Mrs. George Atkinson, Mrs. Harry Watson and Mrs. Louis Larson attended a luncheon and meeting of Oakland County School superintendents and Board of Education members at Birmingham Community House Wednesday. Many people from the State Department of Education were on the program.

Miss Joanne Dorf, Novi School nurse, showed an interesting film on the importance of vaccination to all Novi School children Wednesday afternoon.

Walter Doan is absent from the fifth grade because of illness. Miss Boyd, third grade teacher, was pleasantly surprised by her

pupils with a party on her birthday last week.

Mrs. Phyllis Stone visited Mrs. Garner's first grade Thursday morning. Mrs. Stone teaches kindergarten and first grade at Hickory Grove School near Pontiac.

Karen Beitler is a new pupil in Mrs. Garner's room. She formerly attended school at Highland.

Billy Edmonds and Gerald Serrells have enrolled as new pupils in the kindergarten.

ORZECZOWSKI CHRISTENING

Michael Stanley, month-old infant son of Mr. and Mrs. Stanley Orzechowski, was baptized by Rev. Alfred Walther in the South Lyon Lutheran Church Sunday morning, Feb. 7. Michael Stanley's christening dress was made by his great-grandmother, Mrs. Harold Miller's mother, 45 years ago out of her own wedding dress. It has since been worn by three generations of the family. The baby's sponsors were his uncle, Billy Miller; his great-uncle, Willis Miller, and his great-aunt, Mrs. Russell Main.

Sunday evening, a group of relatives and friends celebrated the christening at a dinner at the Harold Miller home on W. Grand River. Others present were the Willis Miller family, the great-grandmother, Mrs. Ida Miller; Mr. and Mrs. Russell Main and family of Detroit, Mr. and Mrs. Fred Livaner of Livonia and Mr. and Mrs. Howard Greer.

NEWS AROUND NOVI

Mrs. Russell Button left last Thursday for Orlando, Fla. to visit her sister. She will be joined later by her husband for a few weeks' vacation.

Mr. and Mrs. Luther Rix were the dinner guests of Mr. and Mrs. Ezra Roberson in Detroit Saturday evening.

Miss Russell Race returned home by plane from a short vacation in Florida last Tuesday.

For the month of February, Mrs. Race will have charge of the County Convalescent Home on Millford Rd., while the owners, Mr. and Mrs. Pope, have a much-needed vacation.

Mr. and Mrs. Doyce Ward and daughter, Denise, and the latter's parents, Mr. and Mrs. Brenda Hunter, and her sister and brother-in-law, Mr. and Mrs. Rogers of Detroit, are leaving for a three weeks' vacation at Miami, Fla. on Saturday.

Three men were injured and hospitalized after a two car accident at Novi and Ten Mile Rd. Saturday. The cars were a total wreck.

Mr. and Mrs. Clare Lockwood, who have charge of the Novi Convalescent Home, have moved into the apartment at the home.

Mrs. Edith Rescoe is now a patient at St. Joseph Hospital in Pontiac. Mrs. Rescoe has been a guest at Novi Convalescent Home since July 1950.

Mrs. Edna Hoglin of Wixom came to the Novi Convalescent Home Jan. 27.

Mrs. J. D. Mitchell is working in the Novi Post Office during the absence of the postmistress, Mrs. Harry Watson, who is on vacation.

Mr. and Mrs. Leo Crane, Mr. and Mrs. Conrad Trout, Mr. and Mrs. Fleming French, Mr. and Mrs. Glen Salow, Mr. and Mrs. George Atkinson, Miss Margery Boyd and Mrs. Celia Sharpe of the Novi School faculty attended the Hollywood Ice Revue at Olympia Saturday evening.

NOVI SCOUT NEWS

Brownie Troop No. 493 held its regular meeting Jan. 27. They sang songs and played a game. Treats were furnished by Linda Gombassy and Nancy Curdy.

Brownie Troop No. 492 made final plans for the circus at its regular meeting. They also finished making some scented or-

anges. Mrs. Bonnie Dye assisted leader Ruth LaPlante. Virginia Pauvelers and Carolyn Mairs treated the girls to cookies.

The Intermediate Troop completed its badge work check-up at their regular meeting Jan. 27. Co-leaders Dora Eby and Pat Jackson are helping the girls finish the requirements for second class badge.

All the Girl Scouts, Brownies, Boy Scouts and Cub Scouts attended the Shrine Circus Tuesday, Feb. 2 with several adult leaders and mothers as chaperones.

Charles Trickey, Jr. spent the week end at Muskegon attending the AmVet mid-winter rally.

Mrs. Paul Blassey and daughter, Barbara, of Ypsilanti were Sunday visitors at the home of Mr. and Mrs. Ralph Walden.

FINAL FUND REPORT

The final report on the March of Dimes polio fund drive netted \$1,343.34. The Mothers March totaled \$498.62. Mrs. Frazer Staman was chairman and Mrs. Chas. Trickey, Sr., co-chairman. Mrs. Trickey wishes to thank every one who took part for the success of the drive.

PAST NOBLE GRANDS.

The Past Noble Grand, Club will meet next Thursday, Feb. 18 at the home of Mrs. Charles Trickey, Sr. on East Grand River. Dinner will be served at noon.

CIVIL DEFENSE

John Flannery, new director of Novi Township Civil Defense, and his assistant, Ernest Pitchford, will speak at the meetings of local groups so all will become interested and understand the importance of Civil Defense. The first meeting to set up districts and appoint workers will be held at Community Hall Feb. 16. All groups are urged to be present. The second meeting on Civil Defense will be held March 5. Heads will be selected and course planned in training volunteers for policing, housing, feeding and medical care.

BLUE STAR MOTHERS

Novi Chapter 47 of the Blue Star Mothers met at the Community Hall Monday evening with 11 members present. Mr. Flannery gave a talk on Civil Defense and Duane Bell told about his plans to set up a medical unit for the township.

The Mothers voted to send a \$25 CARE package to Korean orphan children. Mrs. Walter Tuck reported the purchase of 12 teapots and four cookie sheets for the Community Hall. Mrs. George Fisher will have the March meeting at her home on Beck Rd.

Novi Civilian Defense Plans

On Friday, Jan. 29, a meeting of Novi residents was held in the Novi Community Hall to activate a Civil Defense organization for the township. Ernest Pitchford, long active in this project, introduced John B. Flannery, recently appointed director of Novi Civil Defense.

Flannery pointed out the two-fold purpose of such an undertaking as 1) to meet emergencies within the township limits, and 2) to render assistance to afflicted areas beyond those limits. Such emergency organization is just as necessary in time of local catastrophe, such as tornado, flood or fire, as during or following atomic attack.

The program, according to the new director, will be in full operation by the middle of March, provided it receives proper popular support. A two-week period is

Novi Civic Highlights

(As a public service and through the cooperation of this newspaper and Novi Township officials, the West Road Property Holders Association, Inc. is publishing a series of articles on Novi public services, offices and functions.)

POLICE PROTECTION

According to Frazer Staman, Novi Township Supervisor, arrangements have been made with the Oakland County Sheriff's office whereby a car manned by two deputies is in the township for an eight-hour continuous patrol daily. The eight-hour period does not occur at the same time each day for obvious security reasons.

Staman pointed out that this does not necessarily mean that these two are the only policemen in the locality or that the presence of policemen is limited to the particular eight-hour period. Where necessary, the sheriff's office has sent in as many as three cars on calls. Patrol of state highways is still maintained by the State Police.

Should help be needed in an adjoining area the two deputies in Novi are subject to call for assistance by the sheriff's department. In such an eventuality a roving departmental car answers calls.

The cost of this service to Novi Township is approximately \$8500 yearly, the supervisor said. The system has been in operation for the past few months and a request is being submitted to the sheriff's office for a report on calls answered and arrests in the township in an attempt to gauge the efficiency of the system.

TOWNSHIP BOARD MEETING

The Novi Township Board met on Monday, Feb. 1. Present were Supervisor Frazer Staman, Clerk Earl Banks, and Treasurer R. Woodworth.

The board reviewed the petition of Gerald Hazelton for a junk-yard permit, withholding a decision for an hour in order to give any late-arrival opponents a chance to be heard. When none appeared to contest it, the license was approved.

Other matters discussed but not decided on were:

1. A proposal for the township to buy 15 acres of land south of Walled Lake and close to the Novi Park. The land was formerly under water but recently has been exposed due to low water levels. Reason given for the proposal was protection of the lake access rights of property-holders who originally bought on the water but whose access to the water might now be impeded by indi-

now allotted to the preparation of forms and outlining of districts for canvassing. A meeting will then be held at which district workers will be registered, given identification insignia and assigned districts and material. Another two weeks will be allotted for the collection of the necessary data, its classification and distribution to affected unit leaders. Another meeting will then be held at which final organizational will be achieved. From this point on the units, under the coordination of the director, will conduct training programs, practice alerts and maintain up to date information relative to their particular functions.

The township organization will be broken down as follows: ground observation, medical unit, transportation and engineering unit, auxiliary police, auxiliary firemen, food and shelter, processing, and equipment. Volunteers are needed for all those units which, except for processing, will operate through a district organization system. Phone Flannery at Market 4-1082 or Pitchford at Market 4-1430.

Some folks make a specialty of getting into trouble.

Novi Association Concerned Over Low Immunization Rate

At its Jan. 30 meeting, the West Road Property Holders Association, Inc. discussed the published figures on percentage of school children immunized against diphtheria and smallpox. The immunization record for those of the Wixom area was even below the

figures claiming land exposed by falling water levels.

2. The proposal of the Oakland County Foresters Association to petition the State for aid in combatting Dutch elm disease which has been taking a heavy toll of trees in Oakland County.

low Novi Township figures. Parents were urged to secure immunization of their children. It was reported that, at certain designated times weekly, the County Health authorities in Pontiac gives inoculations without a charge.

Members discussed local taxation and particular with reference to school needs. One resolution presented by James G. Wasson, the members unanimously voiced their disapproval of the proposed county tax to build a new county building.
