## Stiff Penalties Await Novi Trash Dumpers

People who dump garbage and other refuse along Novi township roads face stiff penalties if they are caught and brought before Justice of the Peace Edmund Yerkes. Already several persons have been dealt with severely, and at least one was given the choice of paying a \$100 fine, costs of \$25, and cleaning up the litter, or spending 90 days in jail. He paid the fine.

"This man," Judge Yerkes said with a somewhat incredulous demeanor, "had the affrontery to dump an entire truckload of trash on one of the township roads. Fortunately he was caught redhanded by an officer who has been placed on special patrol duty to apprehend people who defile the countryside in such manner. He was quite alarmed at the prospect of spending 90 days in jail, and cleaned up not one truckload, but..."

Judge Yerkes said strict enforcement of the new anti-dumping law, which makes the offense a full misdemeanor, had been ordered by the Novi township board, which is "very unhappy" about the situation.

"This violation definitely will not be tolerated, and we are asking any private citizen who witnesses such an act to report the license number of the car and identify the driver. This sort of thing must stop!"

Constable Wilbert Patterson has been placed on special duty in an effort to bring offenders into court, but there are problems connected with the enforcement attempt, the justice admitted.

**Caught In Act**  
"A garbage-dumper must be caught in the act," he said. "However, he need not be apprehended by an officer of the law. Any private citizen can bring the offender to justice simply by reporting the license number of the car and seeing the driver long enough to be able to identify him. And we feel that it is the duty of every citizen to do so."

Judge Yerkes cited two spots within the township where a great deal of trash dumping had occurred. One of these is at the southwest corner of Walled Lake, and the other is near 13 Mile Rd. and Grand River. He estimated that it will cost the township between \$500 and \$600 to clean up the Walled Lake spot.

**Pay Stiff Fines**  
Two offenders who already have paid stiff fines in Judge Yerkes' court are J. S. Stephens of Walled Lake and Paul H. Henning of Commerce. Stephens paid a fine of \$50 and costs, while Henning was assessed \$25 and costs. "For years," Judge Yerkes said, "we have blamed these acts on outsiders. Now we find that some of our own people have been doing it."

### Fifty Work at The Crossroads!

That's what members of the Novi Township board think of the scenes at the top of this page.

The photo at left shows an ancient mattress and other trash dumped on S. Lake Dr., Walled Lake. What should be a beautiful country lane is pictured in the center photo, taken just outside Northville on N. Center St. Top, right: A grader moves past a "No Dumping" sign as it scrapes rubbish off the road at the southwest corner of Walled Lake. Dumpers have ignored two identical signs prominently posted, just as they have an applicable ordinance.

### Ken Krezel Wins Top Honors in Optimist Contest in Saginaw

Ken Krezel, Northville High school sophomore, won top honors in the 17th District Optimist forensic contest held in Saginaw May 23. Ten boys participated in the eliminations contest held at the Shriner's Temple. Four of these were chosen to compete later in the finals and Ken took first place in both contests.

Ken is now eligible to compete in the national contest to be held in Houston, Tex., June 16 to 20. Miss Panattoni, Northville High school speech instructor, was Ken's coach.

WALLED LAKE residents and members of the Novi Township board are "pretty sore" over the dumping of trash at the site pictured above. It will cost about \$600 to clean it up, say officials. The picture was taken at the southwest corner of the lake.

NOVI WILL NOT tolerate the dumping of trash and garbage along its country roads. Justice Edmund Yerkes tells violators hauled before him. Here he levies a stiff fine and delivers a stern warning to a culprit caught redhanded.

### School Election Is Set for June 14

The annual school election will be held Monday, June 14, at the Village hall, Supt. of Schools Russell Amerman, announced this week. Polls will be open from 7 a.m. to 8 p.m. The Board of Education inspectors will be Mrs. Claude Ely, chairman; Mrs. Clifford Winter and Mrs. Emma Reid. The slate of nominees contain the names of Robert F. Coolman and Donald B. Severance, both of whom are candidates to succeed themselves on the board of education.

Absent voter's ballots will be ready by June 1 for electors who expect to be out-of-town on election day, June 14, Amerman said. They may make application at the Board of Education office at any time up to and including 5 p.m. June 4.

Fred Lyke, Northville Township clerk, has arranged to be at the Village hall Thursday, June 3, between the hours of 8 a.m. and 8 p.m. and on Friday, June 4, from 8 a.m. to 5 p.m. to receive new registrations for the school elections.

## Gov. Williams to Take Part in Memorial Rites

Memorial day will be observed here with fitting ceremonies, a parade, the traditional tribute to war dead from this area, and dedication of the new \$200,000 Community building, it was announced Tuesday. Gov. G. Mennen Williams will give a brief address.

Because May 30 falls on Sunday, the ceremonies will take place on Monday. However, many pastors of local churches will deliver appropriate sermons on Sunday.

### SOAPY TO LATHER?

Gov. G. Mennen Williams, otherwise known as "Soapy", will figuratively work himself into a lather Memorial day.

In the space of three hours and 45 minutes, he is scheduled to lead parades and make short speeches at four metropolitan area communities—Wyandotte, Dearborn, Northville and Detroit.

His visit to Northville is set for 12:30 p.m.

### VFW In Charge

The observance this year will be in charge of Veterans of Foreign Wars Post 4012, of which Barnaby Bird is commander. Bird will act as general chairman, while the grand marshal will be Charles Murphy. Clayton Myers and Paul Beard will be assistant grand marshals. Honorary grand marshal will be Conrad Lang.

### Record Entry Is Expected for Northville Junior Horse Show June 6

## Geologists Not Optimistic Over Ultimate Worth of Northville Oil-Gas Field

What are the possibilities of a big oil field developing in this area?

State conservation department geologists say they may know better after "core" analyses have been made of rock in the Trenton formation. At present they are being extremely cautious, and not too optimistic.

To date, no uncrushed samples of the rock have been brought to the surface for testing.

When they are, tests will be made to determine what percentage of tiny pore spaces the rock contains and how much connection there is between the pores.

### Factors Necessary

These two factors—porosity and permeability—are vitally necessary before oil can be drawn to the surface.

To think of oil as lying in "pools" beneath the surface, like underground lakes, is a generally erroneous idea, the geologists say.

Petroleum is most often found in layers of rock containing countless tiny holes, all connected one to the other by microscopic passages, State Geologist F. W. Terwilliger, explained during a visit to The Record.

Only occasionally is a "pool" found, where rock formations have fractured and shifted, forming underground openings into which oil is able to seep.

But while there is considerable activity and boundless hope, there is possibility the Northville field can fall far short of expectations, the geologists say.

### Results Uncertain

"We can't guess what the Northville field may ultimately produce," Terwilliger said in answer to the optimistic outlook of land owners in the area.

Since oil was first discovered west of Northville in January, 17 other drilling permits have been issued for work in the area. Of that total, two were brought in as gas wells, two were completed as dry holes and the remainder are still drilling.

The oil well is producing, but both gas wells have been closed off; one was shut in for future development, the other was bypassed as drilling continues in hopes of finding oil at a lower level.

But geologists say there is no (Continued on Back Page)

### FOUR MORE PERMITS FOR NORTHVILLE AREA

Lansing—Four more drilling permits were issued last week for work in the Northville area, raising to 18 the total number of wells either planned or now being drilled in Michigan's newest oil field.

Three permits allow drilling in Washtenaw county, and one in Oakland county, all within a few miles of the original oil strike made in the area in January.

In addition, permits were issued last week for routine exploration in 15 other counties of the lower peninsula.

### Northville Downs to Open June 17; Race 39 Nights

Northville Downs will open 39 nights of harness racing Thursday, June 17.

It will be the 11th year for Michigan's pioneer harness track. The meet which will continue through July 31 will be the shortest in Northville's history because of the assignment by the State Racing Commissioner of 39 nights to each of the other two harness tracks.

At first Northville had a 60-night schedule. This later was changed to 54, dropped to 48 last year, and then to 39 this year.

John Carlo, executive manager, has announced the \$10,000 Governor's Cup Trot will be held July 9 and the \$10,000 Michigan Pacing Derby will be up for decision on July 23.

John Jenuine, who succeeded Bill Connors last year, is again the racing secretary this year.

### Northville Man Dies In Mishap

Lewis Sizemore, of 505 Grace St., was killed instantly Monday when his car collided with a truck on U.S. 16, one-quarter mile east of Taft Rd. He had been a resident of Northville for the past five years.

Mr. Sizemore, the son of Taylor and Phoebe, who reside in E. Bernstadt, Ky., was 42 years of age and was born in Leslie County, Ky.

Surviving are his father and mother; a brother, John, of Wixom, and Ralph, of East Bernstadt, Ky., and three sisters, Mrs. Fred Hullman of Detroit, Mrs. Harry Graig of Livonia and Mrs. Stan Schaefer, grounds, and James Green, stables. Mrs. Franklin Beeks, secretary, assisted by Mrs. Stan Schaefer and Mrs. Chester Menendez, chairman of the entertainment committee and hostesses is Mrs. Robert Haass.

The body lay in state at the Casterline Funeral home until Wednesday when it was shipped to the House Funeral home in London, Ky. for burial there on Friday.

Mr. Sizemore was a World War II veteran, having served in the army in Ireland. He was employed by the Weber Tool & Die Co. in Northville.

## What's Your Favorite Recipe . . .

Mrs. Richard Kay and Pam

(Editor's Note: Do you have a favorite recipe that you would not mind sharing with other Northville women? If so, please call The Record society editor, Northville 200.)

A recipe for stuffed green peppers is one of the favorites of the Richard Kay family. As green peppers are available all year around, Mrs. Kay feels this is a good fall-back-on recipe to have on hand—especially as you can use ground-up leftover meat as well as hamburger or ground round steak.

The Kays, with their two small daughters, Pam and Cindy, reside at 629 W. Main St. Their home has the charming authentic atmosphere of early American with an old pine bench converted into a coffee table, pine drop leaf table in the dining room, pine end tables, hooked rugs and a copper carriage lamp. The dining room is papered with a fascinating paper simulating old pinkish-red brick. It is so realistic one has to touch it to be convinced it isn't really brick.

Kay coaches football and basketball at Northville High school.

Here is Mrs. Kay's favorite recipe:

### Stuffed Peppers

1½ lb. ground beef 1 chopped onion  
6 green peppers 1 egg  
½ cup washed rice salt and pepper  
Add slightly beaten egg to the other ingredients and mix well. Stuff into cleaned peppers. Put 1½ or 2 large cans of tomato juice into a sauce pan and add a pinch of salt and 1 cup of sugar. After sugar is dissolved set stuffed peppers into this sauce and cook on low heat for 1½ hours, covered.

Remove peppers from sauce and thicken the sauce as follows: place 3 tablespoons of shortening and 3 tablespoons of flour in a small frying pan and cook until brown. Add this to the tomato juice and stir until thickened.

## Lest We Forget

A highly astute gentleman, one Rudyard Kipling, once wrote some poignant lines to the effect that when a shooting war is over, the erstwhile idolized soldier is neglected and forgotten. Possibly you remember the passage in "Tommy Atkins"; the import is as applicable now as it was in Kipling's day.

Each year on Memorial day, many Northville residents join in a parade to local cemeteries to pay tribute to the war dead of this area. To those who participate, the observance is symbolic of the deference and respect this community has for those who made the supreme sacrifice in the service of their country.

Yet, although the dead of the last conflict have not long been buried, the number of people who turn out has been declining in recent years. Strangely enough, relatively few veterans participate in the Memorial day parade. Other organizations usually are well represented, but present-day veterans seem hesitant to advance the noble tradition begun back in 1863 to honor the dead of the Civil war.

Northville has had Memorial day ceremonies since the close of that bloody struggle between the states. Still vivid in the memory of older citizens is the splendid demonstration of respect made annually by the aging GAR veterans who turned out almost to a man to pay homage to their fallen comrades.

Have our more recent veterans forgotten so quickly, as would seem to be indicated by the mere 15 who participated in last year's observance? Let us hope that it is only modesty, or an understandable distaste for the uniform and the rigors of their service, and that this year they will step forward again, heads high, in fitting tribute to those who died that the nation might live.

## Grass Roots Opinion

Montpelier, Vt., Evening Argus: "No one would be happier than Soviet Russia if the Catholics, Protestants and Jews of the United States could be brought to hate and distrust one another. It is a foremost objective of the Communists to stir up antagonisms and sow seeds of discord among the major religious groups."

Bellingham, Wash., Herald: "The Monroe Doctrine of 1823 warned European nations—then mostly monarchies—against attempts to get a further foothold in the Americas. That was a unilateral United States doctrine. But it stood the test of time. The 20th century version of the Monroe Doctrine was voted at the 10th Inter-American Conference at Caracas, Venezuela, when the American republics condemned the activities of the international Communist movement as foreign intervention in American affairs."

Hugo, Colo., Eastern Plainsman: "Any time one person or any group of persons receives a check from the federal government for any purpose or on any pretext, they can be sure somebody paid a lot more into the government for that check than it amounted to. The political patronage connected with it must be paid for."

## Too Much Boogie-Woogie

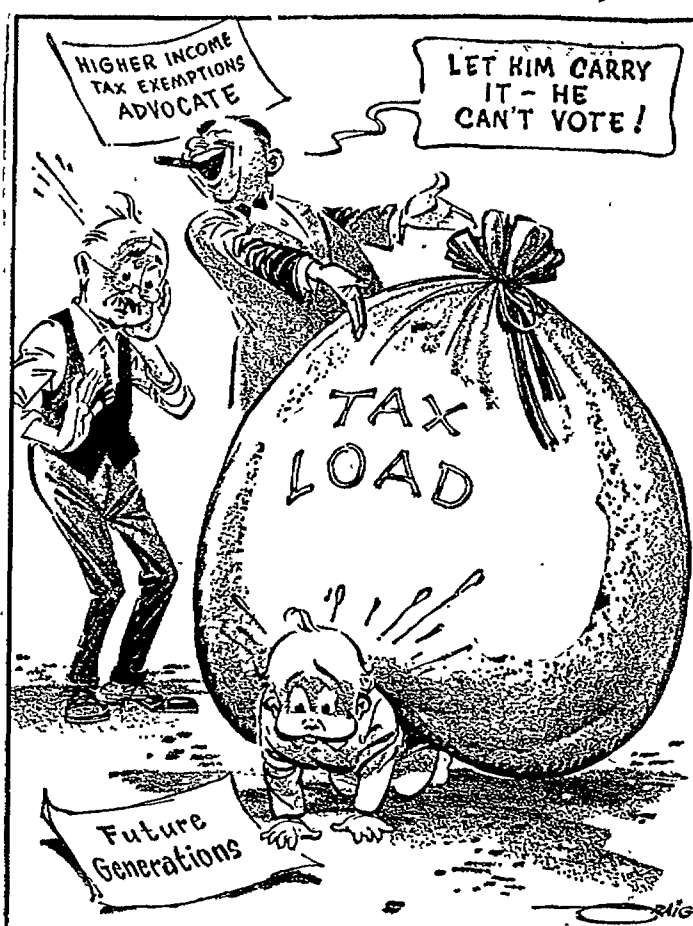

An 18-man German orchestra, in the East zone of Germany, was recently given the axe by Communist authorities. The Reds, out of step and unsympathetic with boogie-woogie, claimed the orchestra was digging too much American jazz.

The 18 orchestra members, disgusted because the Russians were not hep to bop, and further resentful of the Reds' interference in musical freedom, decided to head for West Germany.

The group split up, most members leaving practically all of their possessions in East Germany. About the only thing they brought with them was their individual instruments.

The end of the story is a success. Into West Berlin, only a few days after the Communist order breaking up the band, filtered the 18 members. At last reports, the orchestra was getting on with it. The Communist squares, it seems, neither appreciate good music, nor the fact that they can't suppress it with a super-serious fraudulent ideology.

## Events Of The Past In Northville

### ONE YEAR AGO—

Plans for the Optimist Junior Horse show were nearing completion.

Residents of Northville were asked to water the new trees planted along the streets, as many were in danger of being lost for lack of moisture.

Northville Girl Scouts made a tour of Cranbrook school. Mrs. Harry Dey was elected regent of Sarah Ann Cochran chapter, D.A.R. Other officers are: Mrs. Ralph J. Taylor, first vice regent; Mrs. David Mather, second vice regent; Mrs. Sidney D. Strong, chaplain; Mrs. Kenneth Corey, recording secretary; Mrs. Howard E. Sharpley, corresponding secretary; Mrs. Sherwin A. Hill, treasurer; and Mrs. Earl Mastick, registrar. Mrs. John Litsenberger was named historical.

### FIVE YEARS AGO—

Mrs. Beatrice Janichick and granddaughter, Beatrice were injured in a car accident last week. Mrs. Janichick received a broken nose and lacerations of the face and Beatrice's shoulder was broken in three places.

Mrs. Beatrice Janichick was elected president of the Business and Professional Woman's club.

Thieves entered the Blake Jewelry store on Center St. and stole \$850 worth of merchandise.

Tom Sutton performed an heroic deed when he waded into one of the fish ponds at the fish hatchery and broke a car window releasing the occupant of the car which had crashed through the guard rail. Tom pulled the man out of the car.

1st Lt. Scott Cole was appointed aid-de-camp to Maj. Gen. John W. DeVine. This item was from the Nippon Times, a Japanese newspaper.

TEN YEARS AGO—Six girls in the local high school are pledged to the U. S. cadet nurse program. Patricia McClinck, Betty Clark, Marjorie Gibson, Shirley Lyke, Mary Babbitt and Jean Colley.

Harold Tuck is home on leave for the first time in 16 months. He is the son of Mr. and Mrs. H. D. Tuck of East Dunlap St.

Ensign Frank Eaton arrived here by plane Tuesday from Fort Pierce, Fla. where he had been stationed.

### TWENTY YEARS AGO—

William Smith, 16, a Plymouth

youth, lost a leg as the result of an automobile accident on the outskirts of Northville.

Mr. and Mrs. Harry Racham and two little daughters, Joanne and Katherine, have taken up residence in the stone house on S. Rogers St.

Mrs. Wilbur H. Johnstone entertained the program committee of the Northville Woman's club.

Northville Rotarians were the first in history to sign up 100 percent to attend an international convention. They will attend the convocation at Detroit in a body.

Editorial comment: "Just try to rent a modern home in Northville!" "Did you know that Michigan has the finest highways of any state in the Union — 78,000 miles of them?"

The prophets of gloom and doom, along the banks of the Potomac and elsewhere throughout the nation, seem to be getting more than a little nervous because their predictions aren't coming true.

They see the ceremony making the transition from war to peace without too much difficulty—they note that the Eisenhower administration appears to be moving steadily forward on an economic program designed to free business from government interference and thereby to stimulate the kind of economy that will bring about genuine full employment, not only during this year but in the years to come.

Permanent Cure Sought In other words—and to the confounding of the socialistic schemers—the administration is working toward effecting a permanent cure for unemployment, rather than attempting to rub a little snake-oil on the symptoms of it.

Fact of the matter is, as Washington observers are pointing out, that average employment in the three months of this year was 60 million men and women which, as Secretary of the Treasury

Humphrey notes, is the highest number of people employed during that period of the year in any year in our history except for the first three months of last year following President Eisenhower's election.

The Walk-in-the-Water was the first steamboat on the Upper Lakes. Under the command of Captain Job Fish it docked at Detroit on August 27, 1818.

(Editor's note: When a copy of The Record containing the above reached Alaska, Jerry Miller of Northville, now serving there with the armed forces, thought the picture and the historical paragraph under it carried a touch of humor. The paragraph had no connection with the photo, which showed Harry Sedan, president of the Exchange club, smelting fishing near Tawas. Another picture was alongside it, and the accompanying caption explained both photos. However, with the single column picture cut off, as it is here, the historical para-

## Florida Honeymoon Follows Mitchell-Dingman Wedding

Gowned in chantilly lace and nylon tulle over ivory slipper satin, Lois Jane Mitchell became the bride of George B. Dingman at 7:30 in the evening at the Northville Methodist church on Saturday, May 22. The Rev. J. M. McLucas of the Novi Methodist church, assisted by the Rev. Ivan E. Hodgson of the Northville Methodist church, read the double-ring rites before 250 wedding guests.

Lois Jane is the daughter of Mr. and Mrs. James D. Mitchell of 26019 Whipple, Novi. George is the son of Mr. and Mrs. George B. Dingman of Walled Lake.

The bride's gown had a fitted bodice of ivory slipper satin covered with chantilly lace buttoning down the front just below the waist line. The bride had a v-neck line with a high collar. The bouffant skirt was floor-length with layers of white nylon net over the ivory slipper satin. Her white nylon tulle veil hung from a beaded crown. She carried a bouquet of white orchids surrounded by lilies of the valley and stephanotis.

Mrs. Margaret, Squire of Livonia was maid of honor and wore a floor-length gown of yellow taffeta covered with yellow lace. A niece of the bride, Jane Willman from Iron Mountain, Mich., and Helen Dingman, sister of the groom, were the bridesmaids and were gownned alike in orchid taffeta made identically like the maid of honor's gown. All three attendants carried bouquets of Hibbard tea roses.

Diana Lindsey, niece of the groom, and Ruth Anne Ellwell, niece of the bride, flower girls, were gownned alike in yellow taffeta floor-length gowns and both carried tea roses.

Emerson Lindenmuth, brother-in-law of the groom was best man. Ushers were James Mitchell, brother of the bride, and Oscar Leasure of Union Lake.

For her daughter's wedding, Mrs. Mitchell chose a street-length dress with lace jacket in dusty pink. Mrs. Dingman wore blue lace and both mothers wore shoulder corsages of Hibbard tea roses.

Following a reception and buffet supper at the Veterans' Memorial hall in Northville, the couple left for a two weeks' honeymoon in Miami, Fla. For traveling Lois Jane wore a beige suit with ginger brown accessories and the orchids from her bouquet.

Two new directors of the board of governors were elected: Mrs. Blake Couse and Robert Yerkes. Following the dinner and election of new board members, plans for an active and valuable year were discussed.

Mrs. L. M. Eaton was announced as the new secretary of the board for the ninth district.

## NHS Golf Team Snares League Championship

Northville High school's golf team carried away the Wayne-Oakland league golf championship in a match played at Burroughs Farm golf course at Brighton Friday.

Five teams competed with Northville. The Mustang score was 357 for the 18-hole course. Brighton High school's squad was second with 364.

Those on the victorious Northville team are: Glenn Howarth, Bruce Felker, Allan Cocklin and Lynn Matzen. Coach of the squad is Merritt Meaker.

Each member of the winning team received a ribbon donating the championship, while their school was awarded a trophy cup.

This is the second time, according to Coach Meaker, that Howarth has helped win a trophy for his school during his four years as a player.

The cup will be formally presented and athletic letters will be awarded to the squad at special dinner to be given by Mr. and Mrs. Meaker at their home on W. Seven Mile Rd.

In addition to the varsity team, the following members of the NHS golf squad are Paul Hamlin, Harold Wilson, James Weston, David Goss, Bill Lessway, Robert Scheffer, Richard Krafve and Jerry Schnute.

## Varsity Whips Clarkston, 6-5

The NHS varsity baseball team, fighting a long losing streak, nipped Clarkston High school Monday on the latter's diamond. The score was 6 to 5.

Unlike many previous contests, the Mustangs jumped off to a two run lead in the first inning and were never headed. They added another tally in the third, two in the fourth, and the final marker in the seventh. The eventual winning run came after Girardin singled, and Bell hit for three bases, scoring his teammate.

Clarkston came back with a run in the last half of the inning, but fell one short of forcing the game into overtime. Bud Lovett allowed only six hits, struck out 11, and walked 5. Northville got seven hits off the Clarkston hurler.

The box score:

	r	h	e
Northville	2	1	0
Clarkston	1	0	2

Batteries: Lovett and Girardin; Dunston and Johnson.

## Mustang Tennis Team Loses, Wins

The Northville High school tennis team last week was defeated by Birmingham High school, one of the finest tennis teams in the state, 5 to 0.

The following day the team travelled to Plymouth where it was defeated 3-2, Darwin Teshka and Roger Nieuwkoop winning the matches to give Northville its two points.

Following these defeats, the team won its first match of the year, beating Clarenceville 3-2. Darwin Teshka, Jim Rambeau, and Roger Nieuwkoop won their singles matches while the two doubles teams were defeated in close matches.

This week, the team has three matches, Southfield, Bentley and Berkley, all away from home.

## Merchants Lose 1st League Tilt

Northville's Merchants lost their first game in the Inter-County baseball league Sunday, losing to Wayne by a score of 10 to 5. The defeat dropped the local entry from the league lead into a tie with Grandale and River Rouge. Taylor Township now leads with four straight wins.

"We just didn't have it this time," Mgr. Steve Polino said. "Our six errors hurt, but we'll take our defeats with our wins. We play Plymouth Local 49 there Sunday, and against the Auto Club, last year's champions, also at Plymouth on Memorial day, and hope to get back in the win column."

The Northville entry also plays in the Detroit Recreation league, and boasts two victories against no defeats.

## Mustangs Lose to Keego Harbor, 11-5

Northville High school's Mustangs lost another tilt in their spring baseball series Thursday, going down to defeat before Keego Harbor on the Cass Benton diamond, 11 to 5.

Both squads were hampered by loss of seniors, who were absent on their annual high school trips. The game was marred by many errors, passed balls and wild pitches.

Northville's Gene Rebitzke was injured early in the game when he was struck on the ear by a ground ball that took a bad hop.

Keego took an early lead of two runs, only to have Northville score four times in the second inning. Keego came back in the third with four more, however, and was never headed thereafter.

## BOX SCORE

## Thieves May Make 6,000 "Visits" Next Three-Day Holiday

WAUSAU, Wis.—More than 6,000 burglaries will take place over the three-day holiday in the United States unless proper precautions are taken by homeowners, apartment dwellers and storekeepers. This is the estimate of William H. Burhop, president of one of the nation's leading insurance companies. The average burglary loss will be

Protect your house from this fellow over the long holiday week-end. nearly \$200, he declared. This is a potential loss of \$1,200,000. He warned especially that rural burglaries were up about 15 per cent last year.

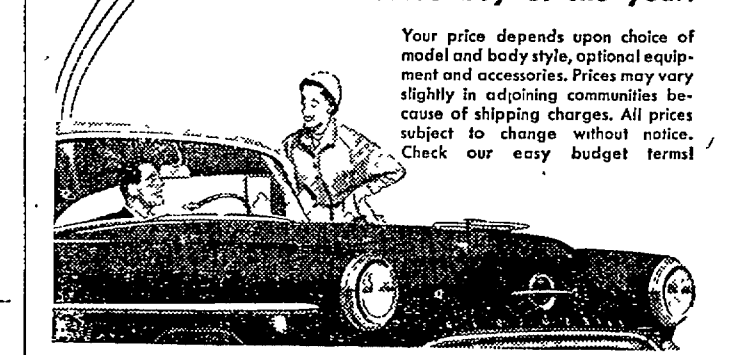

Records kept by Employers Mutual of Wausau show that burglaries increase considerably over three-day holiday periods. Professional and amateur thieves take advantage of carelessness on the part of householders and businessmen. Here are some rules to protect your home and store:

Homeowners—Don't leave any outward evidence that you have gone away for the week-end; stop milk and newspaper deliveries; don't pull down the shades; leave an upstairs light burning; lock up securely.

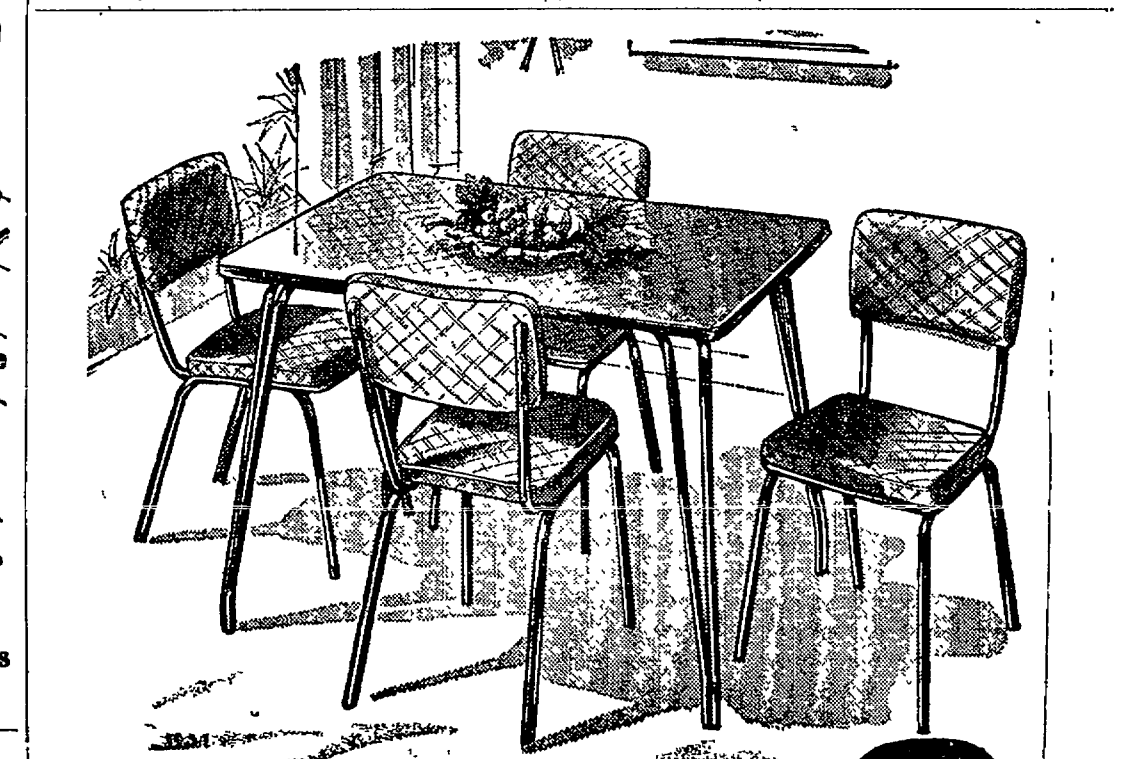

Businessmen—Don't leave money in your store over the long week-end. Deposit any large amounts of cash in your bank's night depository after business hours Saturday.

## CHRISTIAN SCIENCE CHURCHES

That evil cannot withstand spiritual understanding of God's goodness and all-power will be brought out at the Christian Science service on Sunday.

The subject of the Lesson-Sermon is "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced". Biblical selections include Christ Jesus' warning about the mental nature of evil: "For out of the heart proceed evil thoughts, murders, adulteries, fornications, thefts, false witness, blasphemies: These are the things which defile a man." (Matthew 15:19, 20 to).

The following passage will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Passions, selfishness, false appetites, hatred, fear, all sensuality, yield to spirituality, and the superabundance of being is on the side of God, good" (201:9). The Golden Text is from Romans: "Be not overcome of evil, but overcome evil with good" (12:21).

# THE VILLAGE - - - AT WORK

A Visit With Your Neighbors On the Job

"Miss Knapp, may I call my mother?"  
"Yes, in just a moment."  
"Miss Knapp, I just tore all the buttons off the back of my dress on the playground and I couldn't find a single one. Will you please pin me up?"  
"Yes, just wait a few minutes and I'll fix it for you."  
"Miss Knapp, I don't feel so very good."  
"Well, you lie down on the cot there for a little while and I will call your mother."  
"Miss Knapp, do you have a safety pin? I lost the button off the sleeve of my shirt."  
"Yes, I have a pin and I'll fix it for you."

These four youngsters all popped in Miss Knapp's room within a period of ten minutes. All had their own serious little problems and all were taken care of sympathetically and quietly by Northville's school nurse, Miss Ruth M. Knapp, RN, who has been giving first aid, needle and thread, button and safety-pin assistance to the school children for nearly 13 years.

She has had a career as varied as Michigan weather and a schedule that would have daunted one less vigorous and ambitious.

When the first troops went overseas in June, 1917, to fight in the first World War, Ruth Knapp was with them when they landed in Plymouth, England. She had been graduated as a registered nurse from Harper hospital and joined the Harper Base hospital Unit No. 17 as an American Red Cross nurse. Her unit was stationed at Dijon, France. In 1952, she re-visited Dijon when she toured France and 11 other countries with a Wayne university study group.

Following her return from World War I, Miss Knapp worked with Dr. J. Milton Robb, eye, ear, nose and throat specialist in the David Whitney Bldg., Detroit. She was employed by the Detroit Department of Health for five years—her work there included maternal and child health, Franklin Street Settlement house, Urban League center clinic, school nursing, and Stephens open air school for cardiac, tuberculosis, exposure, malnutrition and other conditions. She spent one summer as special investigator checking on baby boarding homes. Her last service with the Department of Health in Detroit was helping organize the cancer division—checking on all City of Detroit deaths resulting from cancer.

In 1928 Des Moines, Iowa, saw her acting as school nurse in the West Junior High school teaching a Red Cross course to ninth grade girls—a required subject in all Iowa schools. During her year there she also had charge of the opportunity room which supervised handicapped children in the Des Moines schools.

Returning to her home in Hillsdale, Mich., she became city school nurse, working in the five grade schools and high school and just to keep busy she worked with the judge of probate, department of welfare and other organized groups in Hillsdale. She had always wanted and intended to continue her college work and this she proceeded to do during the time she was working with Hillsdale school. She attended summer school at the University of Minnesota and graduated from Hillsdale college in 1937 with a BS degree and Teachers life certificate. Two more years in Hillsdale county as library supervisor ended her service there and in 1941 she came to Northville to accept the position she now holds.

Every summer finds Miss Knapp adding to her knowledge and experience. Her activities should be an inspiration to the youngsters with whom she comes in daily contact. Her first summer here was spent in a children's summer camp, the second she taught American Red Cross classes in Alcona county, the third and fourth summer she spent working in a private school for mentally retarded children at Delevan, Wisc. Another summer was spent at the work shop at Wayne university. This summer she plans a three week work shop at the University of Michigan in school and public health.

Her duties at the Northville school are almost too numerous to list—she checks all students who have been ill before they return to school. If children are ill she takes them to a doctor; she assists the teachers in weighing and measuring four times a year. She supervises the toxoid and vaccination program in October and the dental fluoride program in the summer; the TB study group when the mobile unit is in Northville; assists in the various health programs in the various rooms; the milk program; Red Cross, Christmas seals; TB donations; collection of clothes; orders magazines for grade school use and so on ad infinitum.

Miss Knapp says common illnesses are nose bleeds and stomach aches. Accidents seem to go in cycles and this week it is skinned knees and arms. Sometimes it is sprains and breaks or cuts. Some days she will have 50 or 60 children in her office in the morning and other days none at all. She thinks it a most interesting career—this being a school nurse, and she loves it.

To round out her activities and allow for no waste of time she belongs to the Nursing and Teaching organizations and Business and Professional Woman's club.

## School Study Group Hard at Work On Novi-Northville Project

Members of the Northville-Novi School Area Study group met at the Novi Grade school last week. Following their established procedure the group had a general meeting and then sectioned into their various committees for group study and work.

William Emerson, Oakland county school superintendent; Kenneth Brown, Oakland county deputy school superintendent; Russell Amerman, Northville school superintendent, and Claude Elmore, assistant Oakland county school superintendent, were in attendance to consult with and help the committees.

After an hour or two of intensive work the group reconvened, and reported on their individual activities thus far in the study: Population: Assembling a scale

map for the area to show the density of school population on three levels; pre-school, elementary and high school.

Finance: Compiled minute data concerning 16 topics related to the finance of schools. They can now begin to analyze and evaluate these topics. They are also making a list of terms, important to their committee, which can be explained more simply to the layman.

Program: An outline of the programs for Northville, Novi and Putnam schools and starting a chart showing subjects in graph form.

Building: Committee has done its basic work. They have assessed valuations for each district; types of buildings, number of classrooms, etc.

Auxiliary Services: Made a chart of the most important data concerning transportation, by districts. They are assembling remainder of their material in narrative form and have completed

their basic information.

Frank Clark, chairman, complimented the group on its faithful attention to the task and Emerson reiterated this statement. Claude Elmore, secretary, asked for expressions from the group regarding the date and place of the next meeting. It was decided the group will meet Wednesday, June 2, 8 p.m., at the Northville Grade school.

## Annual Spring Paddle Push Is Set for June 6

The third annual Spring Paddle Push down the Huron river from Milford to Kensington Metropolitan park will be held Sunday, June 6, starting at 2 p.m.

The eight mile canoe race is the only event of its kind in southeastern Michigan and attracts some of the best canoeists in the State. There are classes for adults and youngsters of both sexes.

The race is sponsored by the American Youth Hostels in cooperation with Milford Chamber of Commerce and the Huron-Clinton Metropolitan authority.

The deadline for entries is Tuesday, June 1. Rules and entry blanks may be obtained from American Youth Hostels, 51 W. Warren, Detroit 1. The race is for teams of two in standard stock model canoes of either wood or metal. No racing canoes are permitted.

Kenneth L. Hallenbeck, director of the Huron-Clinton Metropolitan Authority, has accepted the chairmanship of the race. Tom Loomis, executive secretary of the Metropolitan Detroit council, of A.Y.H., said that judges will include state officials and prominent community and sports figures.

Nine loving cups will be awarded by the Milford group for the fastest time in each of nine classes. The entry fee of \$3 per team covers the cost of a dinner at Arrowhead Lodge in Kensington park at 6 p.m., where awards will be made.

Seventy-four teams took part in the '53 Paddle Push and thousands of spectators lined the banks of the river and Kent lake. The fastest time was 1 hour, 1 minute and 55 seconds by Eugene Roy and Ralph Sawyer, both of Osceola.

The eight mile course is an easy one with two lift-overs, although the final pull across Kent Lake can be difficult in the face of a stiff head wind as racers experienced two years ago. The variety of classifications makes the race equal for like contestants.

Mrs. Stanley Morgan, daughter of the Louis Grahams, Mayfield Ave., and who since April 20th has been a patient in critical condition at the Detroit Osteopathic hospital is now reported slightly improved and some slim hopes are held out for her recovery.

Mr. and Mrs. Austin Ault, of Brentwood Ave., were Saturday visitors at the home of their daughter, Mrs. Loren Read, in South Lyon.

Susie, youngest daughter of Mrs. Genieve Lewis, Hubbard Ave., is again on the sick list.

The Edwin L. Johnson home on Clarito Ave., was the scene of a most enjoyable card party Thursday evening. A large group of friends was in attendance.

Accompanied by a daughter and granddaughter, Mr. Ed Rehahn, from East Detroit was a recent guest of his aunt, Mrs. Walter

Rehahn, on Mayfield Ave.

After a week's vacation, Mrs. Clinton Ault, of Mayfield Ave., returned to her duties at the Malcolm Palmer Convalescent home over on 12 Mile Rd. Friday.

Last week, Freda Ault, of Norfolk Ave., spent both Monday and Thursday visiting in Detroit.

## Novi Beauty Contest Is Set for Saturday

Pretty girls residing in the Northville-Novi-Walled Lake area have been invited to enter a beauty contest to be held Saturday at the Perry Kenner Post No. 76, Amvets, Ten Mile and Meadbrook roads, Novi. Two entries thus far are Karen Sulla, Walled Lake (left) and Frances Danley, Milford (right).

Winner of the contest will receive an all-expense trip to Kalamazoo June 12, to compete for the title of "Miss Michigan Amvet of 1954". The winner of that contest will go on to the national contest which will be held at Miami Beach, Fla., in August.

Northville girls seeking to enter the local contest are asked to call Kenneth Rippey, post commander, at Northville 951-R12.

Rules for the contest are: Age, 17 to 26; single, must model both in formal and bathing suit.

a laugh when they happen. They provide material for yarns that are told over and over as years pass. Most of the newsmen who cover the capitol can go on for hours with jokes and stories based on uncommon, unexpected and peculiar happenings.

This year's race, it seems, will be no exception.

The "attempted drowning" of Gov. Williams at the Holland Tulip festival is a good example of an incident that will become an anecdote.

Both the Governor and State Senator George F. Higgins, who hopes to win the Republican nomination and run against him this fall, were part of the Holland celebration. Both were dressed in Dutch costumes to take part in the traditional street washing. Williams carried a broom; Higgins some pails of water.

When photographers showed up to picture the pair, Higgins managed to jump in front of the governor whenever cameras were brought into play. This was considered to be quite an accomplishment, for Williams has a long-earned reputation for "scene stealing" himself.

The one time Williams succeeded in getting in front of Higgins, the wiry little Senator "accidentally" doused him with water under the pretense of flooding the streets. Since the costumes include wooden shoes, the Governor enjoyed the unique experience of wading with his shoes dry on the outer side.

Higgins was heard to mutter, it is reported, "For once the Governor did not steal the show."

Considerably more startling and less funny to candidate at least, was the unhappy discovery that nominating petitions of State

Treasurer D. Hale Brake might be considered illegal because of a printing technicality.

Defect amounted to only one 36th inch, but that small difference was enough to cause Brake to submit the question to the attorney general. The law provides that a paragraph warning signers that it is a violation to sign more than one petition for one candidate must appear on each form. It specifies that 12 point type be used.

Brake's petitions, it was discovered about three days before he intended to file the 30,000 names, contained the paragraph in slightly smaller 10 point type (A printer's point is about 1/72th inch.)

After initial shock wore off, even Brake was able to view the matter with amusement. Checking showed that his petitions had been approved by election authorities before they were circulated; they were the same in type size as had been accepted in other years for other candidates. Further checking showed that minor variations existed in most petitions: some were an eighth inch shorter or longer; a trifle narrower or wider than the code specifications.

The attorney general's office ventured a verbal opinion that the election code was directory rather than mandatory. The absence of intent to defraud, they thought, would permit the petitions to be accepted as legal.

How the error occurred was traced to a printer with an eye for design rather than legal technicalities. The petitions when ordered, called for 12 point type. But the man who set the type found that 12 point was just an unhandy size for the wording. It carried over only a few letters to an additional line. He decided that 10 point would look much nicer, since it filled out the final line. Without checking with anyone, he reduced the size.

Next Year's License plate can be seen at the state capitol. It is a deep but pronounced shade of green with white numerals and will bear the Michigan slogan: "Water Wonderland."

The green and white combination also happens to be the colors of Michigan State college which is celebrating its centennial anniversary in 1955.

started two years ago at the Northville show, will have six series of games throughout the season. Each team consists of four riders who go over a 14-jump course. ## REGAINING YOUR HEALTH

Man is made of two parts: a material body and an immaterial soul and spirit. Sometimes our bodies become ill through the violation of the laws of health or by exposure to some communicable disease. We must then seek to regain our health through the aid of a Doctor's treatments or through the use of medicines. Now like as our bodies become ill, so our immaterial soul also becomes ill through the violation of God's moral laws and our exposure to sin that is around about us. Inasmuch as all of us are habitual sinners (for we have sinned from earliest childhood days) our inner beings are corrupted. The prophet Isaiah gives this description of the whole head is sick and the whole heart faint. From the sole of the foot, even unto the head there is no soundness in him; but wounds, and bruises, and putrifying sores; they have not been closed, neither bound up, neither mollified with ointment. Isa. 1:6-8. The outward result of such an inward condition is seen on the front pages of our daily papers. Murders, drunkenness, strife, war, divorces, adulteries, and every evil work. Man needs to return to the God who first created him to receive from Him the remedy that will bring healing to his corrupted soul. (See I Peter 2: 24).

## Home Demonstration Agent's Column

Planning to travel this Memorial Day week-end? If you are, you may want to include your wool spring suit in your holiday wardrobe, and have you ever tried to pack a wool suit into an ordinary suitcase? Emma DuBord, home demonstration agent for Wayne county, offers these tips for packing the suit to keep wrinkles at a minimum:

First, fold the skirt lengthwise (with paper tissue between the fold) and lay it in the suitcase with the bottom hanging over the edge of the case.

Next, place the jacket on top of the skirt with jacket shoulders placed toward the rear of the bag. Fold the sleeves across the jacket. Then fold the skirt up over the jacket and the bottom

of the jacket up over the skirt. If this is done carefully and you use plenty of tissue paper, you will be able to remove your suit at the end of your journey practically wrinkle-free, says Miss DuBord. If your suit blouse is a fabric that wrinkles, pin it to a shirt cardboard to help keep it in shape.
