"No Free Service on Clogged Sewers," Council Decrees; Owners Responsible

Homeowners who call the Village public works department instead of a local plumber each time they have sewer trouble will no longer be able to obtain free service, the Northville Village commission has ruled.

In the past, commissioners said, it had been the practice for Village crews to clean out plugged sewers, even though many times the fault lay not in the Village sewer, but in drains on private property.

"The first thing people do when their sewer is plugged up is to call Public Works Supt. Herman Hartner and his crew to clean it out," said Mayor Claude N. Ely.

"We've been criticized by local plumbers for doing this work, and I can't see why the taxpayers should have to pay for it."

Although the Village will be responsible for any stoppages in the main sewers, drains leading from homes are the responsibility of the homeowners, the commissioners agreed.

Comms. John Stuebenvoll and Ed Welch were appointed drain commissioners to confer with Comms. F. Malcolm Allen and Alton Peters, of the public works committee, and to draw up a standard policy which will be discussed at the next meeting.

News Around Northville

William McLean, Ex-GM Executive, Dies Here at 57

Funeral services were planned at 10 a.m. today for William S. McLean, former Fisher Body public relations director and resident of Northville for the past two years.

McLean died Monday at his home at 45825 Northview, following a long illness. He was 57.

A pioneer in auto industry advertising and sales promotion, McLean retired in 1953 as general director of advertising and public relations of Fisher Body Division of General Motors Corp.

A native of Detroit, he was the son of William J. and Blanche M. He leaves his wife, Helen, with whom he lived, at 45024 W. Seven Mile Rd., a daughter, Mrs. Wayne Wilcox, and two grandchildren.

McLean joined the sales and advertising department of Dodge Brothers Motor Car Co. in 1914. From 1917 to 1927, he was with Ford Motor Co. He joined Fisher Body in 1927.

For many years, he was a member of the Audit Bureau of Circulation.

In 1930, he originated the Fisher Body Craftsman's Guild, which interested millions of American boys in developing their talents and manual skills. For 23 years he directed its activities, enlisting the support of hundreds of the nation's leading educators.

He served in the Navy during World War I.

A rosary service was held at 8 p.m. Wednesday in the Castlerine Funeral Home, Northville. Funeral services will be at 10 a.m. Thursday in Our Lady of Victory Church, Northville. Rev. Anthony J. Heraty will officiate.

Christmas Club Here Sets Mark

The largest distribution of Christmas checks in the history of the Depositors State Bank of Northville was announced this week by A. Russell Clarke, newly-elected president of the institution.

The total amount of checks mailed to participants of the bank's 1954 Christmas club is \$102,459.30, Clarke said. This exceeds the previous high years of 1953, when \$87,683 was distributed, and 1952, with \$66,151.25.

Clarke said members are now being accepted for the 1955 club, and that he expects it, too, will be a banner year.

Northville Man At Parachute School

FORT CAMPBELL, KY. Pvt. Guy M. Brandt III, son of Mr. and Mrs. Guy M. Brandt II, of 633 Randolph St., Northville, Mich., has completed the 11th Airborne Division's Parachute school.

The course presents a challenge to all personnel desiring to become paratroopers and only those who have a strong will and determination to go "all the way" receive their reward, the Parachutist badge.

Pvt. Brandt is assigned to the 598th Airborne Engineer Co. of the famous 508th Red Devil Airborne Regimental Combat team the only such combat team in the United States army.

Charles Buttermore Bags Deer Early

Charles Buttermore, of 495 Lake st. reported Tuesday evening that he had bagged an eight point 135 pound buck at Leota northwest of Harrison, at 10 a.m. Monday.

Buttermore and his wife left Northville Sunday and he returned to work Wednesday morning.

Congresswoman To Speak
Congresswoman Martha Griffiths will be guest speaker at the Business and Professional Women's club Monday evening at 7:30 at the Methodist church house. All Northville women are invited to attend.

"Big Drilling Contractor" Deflated Here Shelter Planned For Grade Pupils

A "big drilling contractor" whose time "is very valuable" Bogart took a dim view of Roberts' attitude and gave him a lecture—along with a receipt for \$10 fine and costs.

Harry Roberts, 47, of Clare, who so described himself, was driving along Main St. when he was stopped by Officer Eugene King, stationed at the Northville school to protect school children.

Roberts, who is interested in the oil field west of Northville, stopped his car, but then allowed it to drift forward despite Officer King's signals.

When King remonstrated with him, he said, according to the officer:

"I'm a big drilling contractor and my time is very valuable. I pay several lawyers by the year just to take care of these things. Just give me a summons and I'll give it to my lawyers."

Just like that. No thought that he might endanger children crossing the thoroughfare on their way to class King directed him to wait until the traffic duty was over, and then took him before Justice Bogart at the Village hall.

The Wayne County Road commission has notified Village authorities that a flashing signal light will be installed at the intersection of Sheldon Rd. (S. Center st.) and Edward Hines Pkwy. The signal is to be in operation by next spring.

The Village council has been notified that a hearing on an application by the Michigan Bell Telephone Co. for increased rates in this area has been set for Nov. 29 in Lansing.

Parents of grade school pupils who recently were barred from waiting for their children on Main St. in front of the school will be provided a less dangerous and more convenient "pickup" place in the near future.

The Village commission has approved erection of a shelter on W. Cady St., adjoining the school bus loading dock, where parents may drive up to get their children when classes are let out.

"This will eliminate the usual traffic jam on Main St., especially on rainy days," said Mayor Claude N. Ely.

He said the banning of standing cars on Main St. in front of the school, where automobile traffic is heaviest, also will be a safety measure for the children. There's less traffic on Cady, and therefore less chance of a child getting hurt.

Parents who do not comply with the ruling, and who continue to pick up their children on Main St., will be given traffic tickets, the commission ordered.

NORTHVILLE ROTARIANS participated in a variety show for two nights last week to raise a few shekels for their Community Service fund. The fund didn't do too well, but members of the cast had fun. Cavoring about in the "Hidie Ho club" above are, left to right, George Lockhart, master of ceremonies, Harry Smith, Cy Frid, Gerry Niece, Cl de Dethloff, Art Schnute, Wally Westerfield, Fred Anderson and George Simmons. That bevy of cuties in the background didn't hurt the show

Woman Hit-Run Driver Gets 30 Days, \$140 Fine

A 70 mile per hour chase from the scene of an accident and escape from arresting officer resulted Tuesday in a 30-day jail sentence and a fine and costs totaling \$140 for Mrs. Cora Cow, 40, of 633 Randolph St.

The woman was arrested Sunday evening by officer Eugene King following an accident on S Center St. when, according to a police report, the car she was driving sideswiped one owned by David, Hay, 46141 Sunset, Northville.

Officer King reported that he was at the corner of Main and Center when he heard the crash, and saw the Gow woman's car careening south on Center after turning from W. Cady. He ran to his police car and gave chase.

Mrs. Gow turned east on Hines Parkway and tried to outrun him, he said, getting up to 70 mph before he caught up with her near Mead's Mill. She was unsteady on her feet, and had neither a driver's license nor a certificate of registration.

Brought back to the scene of the accident, she said the car belonged to a friend, Harold Schmidt of Plymouth, who was notified. While King was in a bowling alley seeking Hay, owner of the car, Mrs. Gow leaped from the police car where she had promised to wait, and escaped on foot, he reported.

Tuesday morning Chief Joseph E. Denton found the woman in bed at the Randolph address, ordered her to put on her clothes and took her before Justice E. M. Bogart.

Found guilty on charges of leaving the scene of an accident and reckless operation of a motor vehicle, she was sentenced to serve 30 days in the Detroit House of Correction, and to serve 60 additional days if she did not pay a fine and costs amounting to \$140.

Hav, whose car was damaged to the extent of \$345, complained Officer King for his alertness.

"If it had not been for his quick action," he said, "this woman would have gotten away and might have killed herself or somebody else."

Attorney Here Has Odd Hobby Blowing Smoke Ring

Among other things, Village Atty. Philip Ogilvie is becoming cognized in Northville as an expert on smoke rings.

His manipulation of a slowly swirling grey ring of vapor from an ever present cigar, while listening to Village council proceedings or Rotary speakers, has become more interesting to watch than the events of the moment.

Although he does not admit to being a graduate of a recognized school for smoke-ring blowers, his dexterity, observers say, can be accounted for only through long training.

His accomplishments include a slowly rolling ring which rises toward the ceiling, possibly passing through a larger one preceding it, or blowing a halo over the head of a Rotarian across the table.

Having reached the pinnacle as a smoke-ring blower, Ogilvie has just one ambition.

He's practicing on blowing a "square" ring.

Novi Township Grows 20 Percent; Northville 11.1

Northville township grew 11.1 per cent, and Novi township nearly twice as much, or 20.2 per cent, in the four year period ending last July, the Detroit Regional Planning commission announced this week.

The survey revealed that the metropolitan area, including Wayne, Oakland and Macomb counties, increased 393,803 during the same period. However, in the 1953-54 fiscal year, Detroit itself experienced an "out-migration" due to unemployment and a movement of many workers and their families to newly developed areas outside the city. This resulted in a 2 per cent decrease in Detroit's population.

Permits Increase

A more rapid growth of population in the suburbs and outlying parts of the metropolitan area during the past year is reflected in an increase of 20.1% in the number of residential building permits issued outside the city of Detroit. From July 1952 to July 1953, a total of 23,738 new homes was constructed outside Detroit; from July 1953 to July 1954, the number was 28,506, representing a gain of 4,738. In the calendar year of 1950, the city of Detroit's share of residential building permits issued in the metropolitan area was 30.0%. The city's share dropped to 16.7% for the calendar year of 1953 and still farther to 14.2% for the 12-month period from July 1953 to July 1954.

The population estimates presented in this report were developed by the Population and Housing Section of the Research Committee of the Regional Planning Commission. This is the second year that this group has prepared estimates of population for each of the 119 communities of the standard metropolitan area. This year, the committee also made estimates of occupied dwelling units for each community as of July 1, 1954.

Sources Listed

Utilized in preparing these population estimates were electric meter customer lists of The Detroit Edison Co., residential building permits assembled by the Regional Planning Commission, market analysis data prepared by the Detroit News, and labor force estimates compiled by the Michigan Employment Security commission.

That part of Northville village in Oakland county showed a 4.2 per cent gain, compared with a 7.3% gain for Northville Village proper. Population of both is given as 3,470. Northville township is listed at 4,650 and Novi township at 4,600.

Farmington Up

Farmington township grew 30.1 per cent with 14,600 population, with the city of Farmington listed as growing from 2,325 to 3,000, a 29% gain.

Livonia grew to 29,800, a gain of 70%, while Plymouth (city) grew from 6,937 to 7,800, a growth of 17.5%. Redford township grew an astounding 129%.

Favorite Hymns Is New Album by Northville Men

A new record album of "10 Favorite Hymns," has just been recorded by Clarence Luchtman, director of music at Bloomfield Hills as organist and Fred Kendall, tenor soloist of the "Guest House," WJR, Detroit. It was pressed by Columbia Records.

Not long ago, Luchtman said, the editors of the Christian Herald, an interdenominational magazine devoted to evangelical Christianity, wondered whether hymn singing is as joyful and popular today as it was years ago. And they wanted to know what hymns people were singing. A poll of readers revealed that the preference of modern churchgoers was for spirited gospel songs, rather than for the dignified hymns preferred by hymnologists.

Of the more than 600 hymns named by readers, first choice was the "Old Rugged Cross." The results of the poll as featured on the record album include:

The Old Rugged Cross; In The Garden, Rock of Ages, What a Friend We Have in Jesus, He Leadeth Me, Near, My God to Thee, Jesus, Lover of My Soul Sweet Hour of Prayer, Abide With Me and I Love to Tell The Story.

Events Of The Past In Northville

One Year Ago

Mr. and Mrs. Rex Jernigan, awakened by the coughing of their infant daughter, escaped unhurt early Wednesday morning when fire swept a portion of their home on 10 Mile Rd. They discovered a fire in the kitchen, snatched the baby from her crib and fled to safety.

Employees of Northville Kroger store hit the jackpot last week, especially Ed Barnes. The Northville store was announced as winner of the food firm's annual employee sales contest just concluded. Barnes will receive \$1,000 in U.S. Government Savings bonds and each employee will be presented with merchandise prizes.

Effective immediately, parking is prohibited on Village streets between 2 and 6 in the morning. This decision was made to accommodate snow removal crews who do a good share of their work during those hours. Tickets will be issued only in event of a snowstorm.

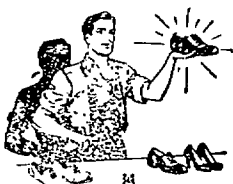

The Village commission hopes to lease the new Community building to the Northville schools as soon as it is completed.

Parking meters in the Municipal lot on E. Main St. are being changed to accept pennies as well as nickels.

Better Spare That Christmas Tree In Other Fellow's Yard

Movement and sale of Christmas trees and evergreen boughs, estimated to be a \$5 million annual business in Michigan, will soon start, and the Michigan Department of Agriculture will establish road blocks on various highways in the state to assure that plant industry laws are complied with.

A person buying trees or boughs from the original owner, must obtain a legal bill of sale made on triplicate forms available from conservation officers, state police, sheriff's offices, county agricultural agents or from the Michigan Department of Agriculture. Purchases of trees or boughs from a person who is not the original owner must be accompanied by a bill of sale giving only the names and addresses of the buyer and seller and the number and kinds of trees or boughs.

Persons not the original owners such as brokers, truckers, sales lot operators or anyone buying or selling trees must keep for two years the bills of sale, which must be shown upon the request of any enforcement officer.

Property owners may transport Christmas trees or evergreen boughs from their own property without a bill of sale providing

they can prove ownership of such property. Persons transporting less than six trees are exempt.

Transporting native trees or plants with roots attached is a different matter, according to C. A. Boyer, chief of the Michigan department of agriculture's bureau of plant industry. In that event the bill of sale alone is not adequate. An inspection of the trees may be removed from the uror plants is necessary before property on which they are growing.

Members of the department within coming weeks will check on tree cutters and land descriptions to see that trees are legally cut.

McKenzie Memorial clinic plans party

The Doctor McKenzie Clinic memorial group of Walled Lake will sponsor a Doctor McKenzie's Babies Christmas party Dec. 15, at 7:30 in the Walled Lake Junior High gym. Parents and children are invited.

There will be a Christmas program, tree, candy and Santa Claus, and games with prizes. Also, gifts for the oldest, and the youngest patient and the largest Doctor McKenzie family.

Tickets will be sold at the door or may be obtained from any committee member. Admission for a

family will be \$1.25.

Committee members are: Margaret Dennis, general chairman; Catherine Foster, program chairman; assisting will be Lucille Segnitz, Nonda Robertson, Bertha William, Marian and Jackie Murray.

Elmer Conrad reports that the blocks have been laid for the foundation and he hopes to have

the mechanical work roughed in and the slab poured before cold weather sets in.

1955's most exciting car!

With new Trigger-Torque performance... with styling inspired by the Ford Thunderbird... with new Angle-Poised Ride... with 4 new lines to choose from... the 1955 Ford is America's most talked about car!

Ever since its debut, the 1955 Ford has been generating more excitement than any car before it. All over the country, more and more people are joining the "swing" to Ford every day! Small wonder! Each 1955 Ford drew its styling inspiration directly from the Thunderbird—the personal car which has been received so enthusiastically everywhere.

4 new high-style lines

Much of the excitement stirred up by the 1955 Ford centers around its extended line of cars. Within the distinguished new Fairlane Series, the Customline Series, the Mainline Series and the Station Wagon Series there are 16 Ford body styles.

3 new Trigger-Torque engines!
You'll command lightning getaway... split-second passing-ability. For these new engines give Trigger-Torque response. The 162-h.p. Y-block V-8 has a compression ratio of 7.6 to 1 and 272 cu. in. displacement. The 182-h.p. Y-block Special V-8 teamed with new Speed-Trigger Fordomatic Drive is available in Fairlane and Station Wagon models. This mighty engine has an 8.5 to 1 compression ratio, a 4-barrel carburetor, and dual exhausts. And there's the new 120-h.p. I-block Six—the industry's most modern!

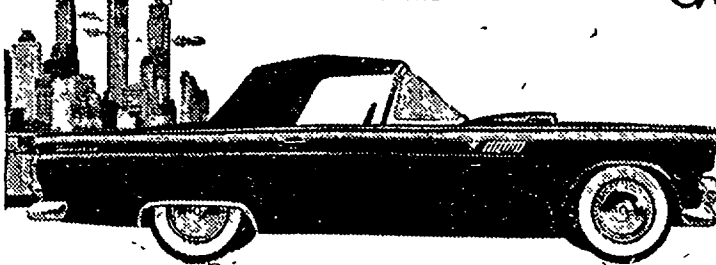

New Angle-Poised Ride
Ball-Joint Front Suspension, which Ford

introduced to the low-price field, is one of the greatest contributions ever made to riding and handling ease. And Ford's new Angle-Poised Ball-Joint Front Suspension for '55 gives a still better ride... because it is mounted at an angle so that springs absorb road shock from the front as well as straight up from beneath the wheels. It reduces annoying road-joint jar.

Plus all these "worth more" features
New Speed-Trigger Fordomatic Drive has a new automatic getaway gear for quicker starts and passing. 10% larger brakes mean smoother stopping and up to 50% longer brake lining life. Tubeless tires offer extra puncture and blowout protection, a softer and quieter ride, longer tire life. Turbo-Action Spark Plugs resist "fouling" up to three times longer.

(Fordomatic Drive optional.)

Homemakers Here Plan Study On Time and Energy

Remember the old saying "man works from sun to sun, and woman's work is never done"? Homemakers in Northville are reminded of it day after day as they try to crowd all the demands placed on them into one 24-hour day. Leader of Wayne County Home Demonstration groups will attend a meeting to study the "Effective Use of Time and Energy" scheduled for the Northville Community Center from 9:30-3:00, Tuesday, Nov. 23.

The leaders will take the information back to their local meetings during the next few weeks. Emma DuBord, and Eleanor Mullikin, Wayne County Home Demonstrator Agents, will present the discussion.

Each individual has just 24 hours to use each day and the amount of energy each individual has varies greatly. Miss DuBord said, "These facts make it important that women plan the best use of their time to conserve energy. Planning does take a little time, but it pays well in return. Whether the plan is written or in their minds, if women have a plan, they know where they are going. Planning involves deciding to do this, or not to do that, and it helps women to select the method that seems best before actually doing the job. Thus, good planning makes it possible to avoid much wasted effort. Plans must be flexible if they are to work for the planner. The wiser planner revises her plans when and where needed.

CADILLAC for 1955

Presents the Most Beautiful and Finest Performing Motor Cars in Its History!

The spectacular new Eldorado, a dramatic interpretation of the new Cadillac styling, offers many unique features, including a new 270-h.p. Cadillac engine.

This is one of the most significant new-car announcements in Cadillac history.

For it introduces to the world's motorists the most magnificent creations in Cadillac's fifty-three years of motor car production.

Three new Cadillac series are offered for your consideration in 1955—the famous Series Sixty Special, the beautiful Series Sixty-Two, and the distinguished Series Seventy-Five... in addition to the spectacular new Eldorado.

They are, as you can readily see, magnificent

in beauty—with a new, jewel-like grille and front-end assembly... with dramatic and graceful new sculptured side styling... and with added dignity and bearing in every detail.

They are magnificent, too, in performance. There is a new Cadillac engine, the most powerful ever offered in a production motor car... an improved Hydra-Matic Drive... advanced Cadillac Power Steering... and, as an option at extra cost, refined Cadillac Power Braking.

And they are magnificent in luxury... to a

degree unusual even for Cadillac. Their interiors are almost unbelievably beautiful... and they are offered in a remarkably wide selection of gorgeous new fabrics and leathers.

Beyond any question, these new Cadillac creations represent a new Standard of the World—and we urge you to see and inspect them today in our showroom.

You will be most welcome—and we know you will find your visit one of the most interesting experiences of your motoring life!

WOMAN'S WORLD

Graceful Hands Are Sure Sign Of Good Grooming

MILADY'S hands have been the poet's symbol of feminine grace since the beginning of literature. Today's realistic woman no longer reserves her hands solely for the cavalier's salute, but her graceful gestures and well-cared hands still symbolize the poised and well-groomed lady.

If you would have graceful hands, then hands will have to be supple and comfortable. If yours feel taut and awkward, they prob-

When you pack your suitcase for a trip, don't forget any of your good grooming essentials including deodorant, hand cream or lotion, perfume or toilet water, toothbrush and paste, hair brush and comb, clothes and shoe brushes, wash cloth and soap in plastic case. A wicker basket with these items makes for easy carrying.

ably need one or both of two things: regular applications of hand lotion to ease the tightly-stretched feeling of the skin or simple exercises and massage of the hands to help release tensions.

Massage for Circulation
Hands which are "blue" even at warmer temperatures can probably be blamed on poor circulation of the body, but even so massage does wonders. Apply a protective hand cream or lotion first to make the massage easier.

Massage each finger thoroughly, working the thumb of the other hand in a spiral motion up the back of each finger from base to tip. Now place elbows on the table and rub each finger downward as though you were putting on a tightly-fitting pair of gloves.

Extend this invigorating treatment to the arms by raising first one and then the other high above the head and shaking it and the hand energetically. You'll be amazed at how relaxing these simple exercises are!

Tense Hands
When hands are in one position for long periods, they tend to get tense and cramped. This can result from such everyday tasks as sitting at the phone, writing, driving a car or holding knitting needles.

To relieve tenseness, make a tight fist, open hands wide flinging the fingers wide apart and then stretch them hard. Flex each finger slowly several times.

Vegetable Variety Tempts Appetites

Do something deliciously different to vegetables if you want to give your family a special treat. They need not always be boiled or seasoned the same old way. Nothing pleases less than foods which fall in familiar ruts.

Since sweet potatoes are rather sweet they combine perfectly with a favorite fruit of ours, bananas. This is a very interesting dish as well as a glamorous one:

Baked Bananas and Sweet Potatoes (Serves 6)

- 1 1/2 pounds sweet potatoes
- 1 teaspoon salt
- 3/4 to 1 cup warm milk
- 4 tablespoons butter
- 3 bananas
- 12 marshmallows, cut in pieces
- 1/2 cup brown sugar

Cook, peel and mash sweet potatoes. Add salt, 2 tablespoons butter and enough milk to make them light and fluffy. Spread on bottom of individual baking dishes. Slice bananas on top of sweet potatoes. Dot with marshmallows, sprinkle with brown sugar and remaining butter. Bake in a moderately hot (375°F.) oven about 30 minutes.

Tomatoes in Savory Sauce (Serves 2)

- 2 tablespoons butter
- 2 medium tomatoes, peeled and halved
- 3 tablespoons flour
- 1 teaspoon sugar
- 1/2 teaspoon dry mustard
- 1/4 cup milk
- Few drops Worcestershire sauce
- Salt and pepper

Melt butter in skillet. Fry tomatoes until lightly browned and just tender. Remove all but two halves and keep warm. Mash these halves and blend with flour, sugar and mustard, stirring well. Add milk all at once. Cook, stirring constantly until thickened. Season with Worcestershire sauce, salt and pepper. Pour over tomatoes. This may be served as a main dish or toast it with bacon.

HOLE IN THE HEAD

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Record's society editor. Telephone 200.)

A quick, hearty dish that the men in the family and children, too, will enjoy is "Sloppy Joes," which Mrs. Alfred Parmenter likes to serve her family. They are especially good for children's birthday parties too. Try them and see.

The Parmenters with their two daughters, Pamela, 10 and Sandra 7, reside at 727 Thayer avenue.

Sloppy Joes

- 2 pounds ground beef
- 1 large onion
- 1 bottle chili sauce
- 1 4-ounce can mushrooms
- Salt and pepper to taste.

Brown the meat and onions in a small amount of hot fat. Add remaining ingredients. Cover, and simmer one hour. Serve on hamburger buns. This recipe makes eight generous servings.

Thanksgiving Service To Be Wednesday

The annual Thanksgiving service will be held in the First Methodist church, Northville, on Wednesday evening, November 24, at 7:30 p.m.

Dr. W. P. Lemon, interim minister of the First Presbyterian church, will speak on the theme, "Thanks-Living." The service will be in charge of Rev. Ivan E. Hodgson with the local church furnishing special music. Mrs. Doris Somers will preside at the organ and Mrs. Elizabeth Willing at the piano.

The Harmony Choir will sing "The Woods and Every Sweet-smelling Tree" by West. The Sanctuary Choir will render "Let All Things Now Living," a Welsh Melody; and "Almighty God of Our Fathers" by Jemes.

The offering taken at this service of thanksgiving will be divided equally between the cooperating churches for the Benevolent Work of these communions. The public is invited to this service.

Mrs. Alexander Is Honored at Dinner

The American Legion Auxiliary, Lloyd H. Green Unit No. 147, honored Mrs. Florence Alexander at a welcome dinner, Nov. 9, for her many years of loyal service. Mrs. Alexander was president when the Unit was organized in Northville and has always been a willing worker in all the activities of the Unit and Post.

A small gift was presented to Mrs. Alexander by the Unit, and her son, Lyle, who is department adjutant of the American Legion of Michigan, gave her a beautiful orchid. Mrs. Alexander and daughter Chedwick, two "Tiny Tot" auxiliary members, sang "Happy Anniversary" and "Goodnight." A quintet of Post members sang two appropriate selections and Betty Bay sang "To You, Beautiful

Lady.

Members of the Unit and Post took service baskets to the 166 veterans at the Eastlawn and Maybury Sanitariums for Veterans' Day. The baskets consisted of 14 articles: tablet, envelopes, pencil, shaving lotion, hand lotion, razor blades, shaving cream, toothpaste, socks, candy bar, gum, cigarettes, candy and tissues. As a special treat, home made cup cakes and an ice cream cup were presented to each veteran.

Eleven November birthdays of veterans, at the hospitals, have been remembered by the Unit with a birthday card and dollar bill.

The next meeting of the Unit will be Nov. 23 at the Veterans' Memorial building at 8 p.m.

Plymouth Bazaar To Be Held Dec. 3 and 4

"CHRISTMAS UNLIMITED" is the theme of St. John's Episcopal bazaar which will be held Dec. 3 and 4 in Plymouth.

The parish hall will be transformed into booths portraying the spirit of Christmas. Last February a planning committee was appointed, composed of Mrs. Harry O. Draper and Mrs. Lewis H. Goddard, who chose the theme, planned the decorations and named chairmen of the various booths.

Inasmuch as the true spirit of the Christmas season emanates from the birth of Christ, the booth given the most prominence will display church calendars, religious articles and books. Mrs. David T. Davies will chairmen this booth.

The bazaar will be from 2 to 9 p.m. Dec. 3 and 10 a.m. to 4 p.m. Dec. 4.

No doubt your dessert list includes a fresh peach shortcake, but here is a new slant suggested by home economists at M.S.C. Alternate the peach layers with generous servings of red raspberries and top with whipped cream.

Pre-Holiday Tea Planned Friday By Woman's Club

The Northville library will be the scene Friday of a pre-holiday guest tea and meeting of the Woman's club.

Members will entertain guests with a speaker, Mrs. Arvid Andersen of Ann Arbor, several musical selections by Mrs. Robert Long, and a tea party.

Mrs. Andersen, who is the Michigan director for the exchange of German students under the State Department, will explain the exchange student plan. Two German girls will be guests of the club. One, 17-year-old Traute Schafer, an escapee from the Eastern zone, is living with a Northville family, the Lynn Sullivans on Eaton Dr., this year. The other girl, Inga Rothenpeller, lived here several years ago and has returned to become a citizen of the United States this year. She is currently employed as an interpreter and translator for Haller, Inc., in Plymouth.

Mrs. Robert Long, soprano, will be accompanied by her sister, Mrs. Thomas Locke, in a musical program. Mrs. Long has sung in light opera and with the Plymouth Symphony. Mrs. Locke is pianist for the Plymouth Messiah chorus. Mrs. Al Wistert will preside at the tea table which will be decorated with traditional autumn colors.

Mother's Club To Have Guest Night

The Northville Mother's Club will have guest night on Nov. 22 at Mrs. Paul Beard's on E. Eight Mile road at 8 p.m.

Mrs. Frances Carmichael of Plymouth, will be the speaker and her topic will be "Christmas Gift Wrapping."

Goodwill Trucks to Be Here Nov. 26

Edith Sorenson, Village telephone representative for the Goodwill Industries announced this week that Goodwill pickup trucks will visit Northville Nov. 26, to collect usable household discards.

Pick up arrangements can be made by calling Miss Sorenson at Northville 571.

Plymouth Corners Society Meet

The Plymouth Corners Society Children of the American Revolution, met at the home of Janet Willoughby, 44661 Ann Arbor Trail, Plymouth, Nov. 16 at 5:30 p.m. The business meeting was conducted by Junior president Marv Ellen Crusoe. The topic was "Our Heritage," Ann Hulsing gave a report on the Tomb of the Unknown Soldier.

Northville CAR members who attended were Becky Coolman, Betsy Merriam, Gail and Don Lawrence, Patsy and Martha Mulligan, and Mary Ellen Crusoe.

Wilson- Benjamin Vows Spoken Here On November 6

A gown of white chantilly lace over satin was worn by Elaine Benjamin for her marriage to Jack Wilson in the First Presbyterian church, Northville, Nov. 6. The Rev. Harold Fredsell performed the double ring ceremony at 8 p.m. before an altar banked with palms, candelabra and vases of bronze and white bebe mums.

Miss Betty Wilson, sister of the bridegroom, was maid of honor and wore a floor length gown of aqua net over satin with velvet bodice and net stole. Mrs. Burt Wampler, of West Branch, aunt of the bride wore a wine colored

gown and Miss Kay Benjamin, sister of the bride, was junior bridesmaid and wore a gold color gown. Both gowns were identical with that of the maid of honor. Each attendant wore tiaras of flowers and ribbon and carried bouquets of bronx bebe mums.

Leslie Nagy, of Northville, acted as best man and Burt Wampler, of West Branch and William Wiltse, of Detroit, were also attendants. Ushers were Robert and William Marshall of West Branch, uncles of the bride.

Mrs. Benjamin chose a street length gown of aqua with black accessories with a purple orchid for shoulder corsage. Mrs. Wilson wore a dusty rose street length gown with black accessories and a white orchid corsage.

A reception for 300 guests was held at the Veterans' Memorial hall from 9 until 2 p.m.

Guests came from Pittsburgh, Detroit, Gary, Ind., Berkley, Birmingham, West Branch, Flint, Saginaw, Romulus and Plymouth.

Before leaving for a two week wedding trip to North Carolina, the bride changed to a gray and black two piece dress with black accessories and wore a corsage of pink carnations.

The young couple will reside in Northville.

Ford Co. Employees Give To Charity Here

Employees of seven Ford Motor Co. parts and equipment manufacturing plants in Michigan have contributed a record \$46,393 to 1954 combined-charity fund campaigns, Walter H. Simson, division general manager, has announced.

The total includes donations by employees at Northville, Ypsilanti, Monroe, Milford, Manchester, Brooklyn and the Waterford plant near Plymouth, Mich.

The employee contributions amounted to \$3,412 from Northville and Waterford plants.

ENGAGEMENT ANNOUNCED

Mrs. Laura Morse of North Center st., announces the engagement of her daughter, Lucille Mae, to Donald Bergman, son of Mr. and Mrs. Delwin Bergman, of Wayne, Mich. No definite date has been set for the wedding.

Boy Scouts to Swim At Training School

Scoutmaster Les Gingell of Troop No. 7 announces that the troop will meet every Monday at 7:30 p.m. at the Scout building.

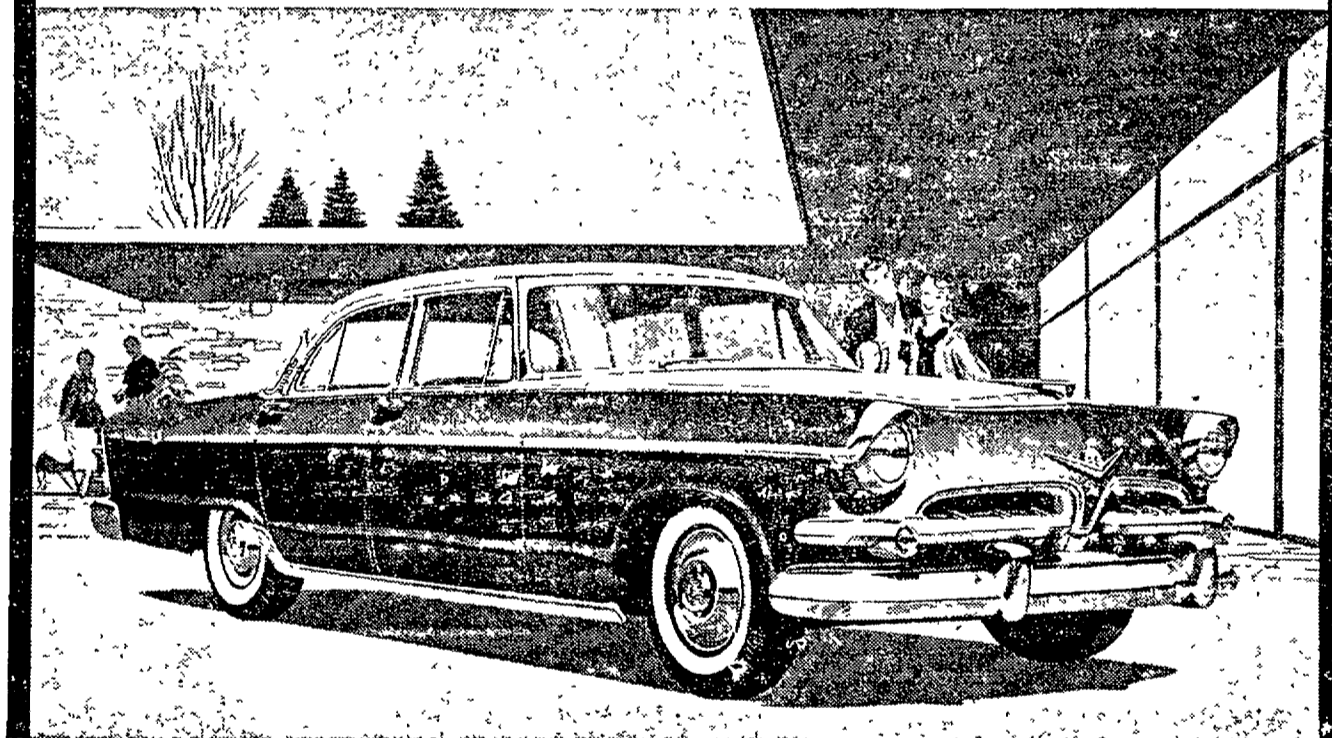

Through the courtesy of Dr. Robert H. Haskell, superintendent of the Wayne County Training school, the scouts will again have swimming each Tuesday. All scouts must have physical examination cards to participate.

Scouts of Troop No. 1 and Explorer troop 738, are cooperating with the Goodwill Industries in a clothing collection drive. Scouts will distribute bags to householders Saturday, Nov. 20 and pick-up the filled bags Saturday, Nov. 27.

Anyone not receiving a bag and wishing to contribute, call Northville 472 M and a scout will be glad to see that a bag is delivered.

FARMER'S FRIEND

MICHIGAN'S agriculture produces approximately 10 per cent of the State's income!

And, to the Michigan farmer, motor transport is next in importance to the land itself. Over 80,000 trucks are hard at work on Michigan's farms — vital tools in all phases of farm work.

Not only are trucks indispensable to the farmer in the successful operation of his farm—trucks also form a vital link to the outside world.

The town or shopping center where the farmer does his buying is stocked by trucks and trailers which operate 'round the clock to bring him and his family—swiftly and economically—an ever wider selection of the necessities and luxuries of life.

CHRISTIAN SCIENCE CHURCHES

How the spiritually correct view of God and Man destroys anxiety and restores peace of mind will be brought out at Christian Science services this Sunday in the Lesson-Sermon entitled "Soul and Body."
Scriptural selections include the following from Psalms (42:11): "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God."
Among the passages to be read from "Science and Health with Key to the Scriptures," by Mary Baker Eddy is the following (390:4-9):
"We cannot deny that Life is self-sustained, and we should never deny the everlasting harmony of Soul, simply because, to the mortal senses, there is seeming discord. It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony."

NEWS OF NORTHVILLE HIGH SCHOOL ACTIVITIES

ADMINISTRATION NEWS

by Gayle Ashburn

Principal E. V. Ellison went to Kalamazoo Nov. 11 to see Sharon Teshka and Arlene Jerome who are freshmen at Western Michigan college.

Next weekend Supt. R. H. Amerman and Mr. Ellison will travel to Michigan State college. Friday evening they will attend a principal-counselor conference. The Northville freshmen will have a chance to confer with them on Saturday morning; and they will see the MSC-Marquette football game in the afternoon.

The school Open House Nov. 11 received an excellent attendance on the part of the parents. We were very pleased that they showed such good interest. The P. T. A. is the largest yet, and a Parent-Student-Teacher organization is being formed for the high school.

Miss Clarke attended the convention for Home Economics Teachers at Michigan State College on Nov. 12. Mrs. Herbert Frogner substituted for her.

Athletic Director, Al Jones met with the Athletic Board: Messrs. Kay, Schipper, Johnson, Meaker, Yahne, Ellison, and Miss Markman. Miss Panattoni also attended the meeting. Its purpose was to discuss the basketball program, athletic finances, and to schedule the winter events for the community center.

Saturday, Nov. 13, Miss Fritz, Mrs. Bradford, and Mr. Yahne attended the English and Reading Teachers Convention at Kalamazoo.

Mr. Stefanski, Mary Lovewell, and Edward Mollema went to the Wayne-Oakland County League Student Council meeting, where they helped determine the dates for the exchange assemblies.

College night was held last Thursday at Farmington High school. There was a large attendance to hear and talk with the representatives from the 25 Michigan colleges. The Juniors and Seniors who went found this program extremely beneficial. Not only were they allowed to ask questions; they were given all kinds of literature on the college of their choice. Next year this program will be held at Keego Harbor Nov. 9.

Northville High school decided to end National Education week by having Student Teacher Day on Friday. Each class elected one of its members to teach for the hour; and a new administration was chosen. In the high school, Edward Mollema was principal and Mary Lovewell his secretary. Peggy Hammond was secretary to John Funk, Grade school principal, and Paul Schulz, Superintendent of schools, was assisted by John Clarke.

The Sociology classes, under the direction of Mr. Meaker, were conducted on a two hour tour of the Northville State hospital on Tuesday.

On the evening of Nov. 19, Mr. Quay and Mr. Stefanski will take their Physics and Physical Science classes to the observatory at the University of Michigan.

Our annual Thanksgiving Chapel will be held Nov. 24 at 2:30 p.m. in the Community Center gym. Rev. Hodgson will be

the speaker. Thursday and Friday will be school holidays.

To Present Play

The Senior Class will present its play, "Goodbye, My Fancy" on Dec. 8 and 9 (come and see our new stage curtains, too).

The Northville Exchange club will entertain the Varsity at a football banquet on Nov. 18, at 6:30 in the Methodist Church house. Each boy will be given a group picture. The Dads and coaches are also invited. Toastmaster Al Wistert will have the pleasure of presenting Doak Walker and Bill Bowman of the Detroit Lions.

Mr. Walter Hughes is our new bus driver.

Writing Awards Offered

ATTENTION! STUDENTS!!

Competition is now under way for The Detroit News WRITING AWARDS. The many types of writing which are done as a part of regular class work in English, social studies, journalism, or radio (speech) courses are eligible for submission. BAND NEWS

When the NHS band members marched on the field last week at Keego Harbor they were putting on the last show of the season and also the last show for the Seniors. The band marched at a brilliant 180 steps per minute and did a bang-up job. The show consisted of some precision marching and a dance to the "St. Louis Blues March."

The band is now practicing for League band tryouts Dec. 3. The League band contains the best players from these schools in the Wayne Oakland League: Brighton, Holly, Northville, Milford, Clarkston, and Clarenceville. Good luck in tryouts, band members!

50 MILLION CARS

comes an all-new General Motors masterpiece

PONTIAC FOR '55

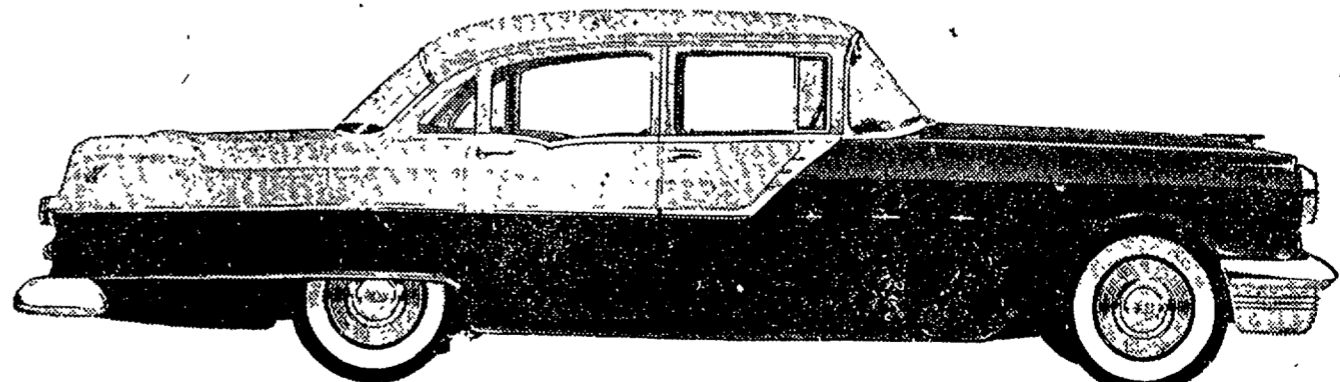

The 1955 Pontiac is getting a royal welcome. "It's hot," they're saying all over America, "the hot car of the year." And no wonder! With its striking Vogue Two-Tone styling and dynamic Strato-Streak V-8 engine, Pontiac wraps up more beauty, luxury, size and power than a like amount of money ever bought before. The price is near the lowest, but the car is way out front in every-

thing that makes an automobile great.

The reason lies in General Motors' vast experience. Research experience that uncovers what you want and need. Design experience that creates new trends. Engineering experience producing more dollar-for-dollar quality.

That's the background of this All-New General Motors Masterpiece. Come in, drive it, and find out what it

means to you. Let your own eyes tell you that here is the smartest car on the highway. Let your own hands report its new handling perfection. And let the great new Strato-Streak V-8 whisper its own sensational news of flashing get-away and compelling power. Then get the story of Pontiac's new thrift and reliability—and how little it costs to buy this future-fashioned beauty.

Doak Walker, Wistert To Speak At Annual Mustang Fete

Northville Takes Second Place In Win Over Keego

Northville's Mustangs kicked up their heels this week, still elated over their defeat of Keego Harbor on the latter's gridiron Friday night.

The score was 18 to 12. The victory put Northville in second place behind Clarkston in the Wayne-Oakland county league, making the fourth time in as many years that the Mustangs have placed either first or second.

Playing their last game for the Orange and Black were eight seniors, all of whom gave an excellent account of themselves in the eyes of Coach Dick Kay and his assistants, Stan Johnston and Ron Schinner.

They are: Co-Captains Paul Hamlin and Joe Girardin. Paul Schulz, Dave Goss, John Funk, Virgil Houtz, Jim Rambeau and John Clarke.

Annual Banquet Set
The Varsity squad and their fathers will be guests of honor tonight at the annual Northville Exchange club's football banquet at the Methodist church at 8:30 p.m. Coaches also will be feted.

Doak Walker and Bill Bowman, famous Detroit Lion stars, will be the guest speakers, while a former University of Michigan great, Al Wistert, will be toastmaster. The banquet will be served by the WSCS of the Methodist church, and the committee consists of A. Russell Clarke, Lee Mainville, and Dr. Stewart Campbell.

With Virgil Houtz playing at an unfamiliar post, replacing the injured fullback, Bud Lovett, Northville received the kickoff and immediately got the lifters. The receiver fumbled, and Keego recovered on the Northville 33.

Mustangs Brace
Faced with an impending score which might nullify their vow to "win this one for the seniors," the Mustangs braced, hurled back the attackers, and took the ball on downs on their own 36.

Sparked by Houtz' running, the Mustangs drove to the Keego 24, but there the drive stalled. Keego, helped by a 15-yard penalty on a fourth down punt, then started a drive of its own. The right halfback sprinted 51 yards around left end to the two-yard line, and went over on the next play. The point was missed, and Keego was out in front, 6 to 0.

The touchdown served only to fire the determination of the Mustangs. In ten plays after the kickoff, they had the touchdown back, Houtz slamming over from the one. The try for the extra point was wide.

In the second quarter, Northville took over on its own 46 and in three plays had another touchdown. Girardin was stopped after one yard by the heavier home team, but a pass from Bud Bell to Dave Biery was good for nine yards and a first down.

Schulz Scores
Bell then tossed a 44-yard pass to Paul Schulz for the score. Again the extra point was missed, as were all the others.

Northville increased its lead to 18 to 6 in the third period, traveling 70 yards in 12 plays. A 15-yard scamper by Larry Meyer and a 13-yard pass to Schulz kept the drive going, until Bell tossed a 16-yard pass to Girardin, who tore down the sidelines and into the end zone.

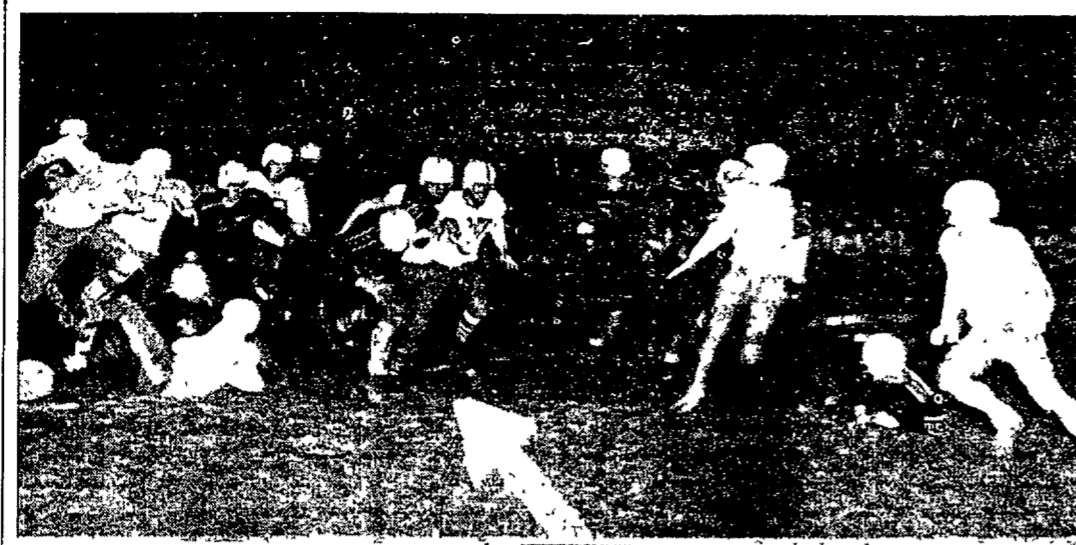

With what appeared to be a safe lead, Coach Kay sent in his second stringers late in the fourth quarter, and the heavy Keego line began pushing the Mustangs back. The drive reached the two-yard line, from where the fullback scored on a plunge through center.

Greenberg admitted that the move to Kansas City was the expedient one.

Brighton Whips Northville Colts

The Northville High school Colts ended their football season last Tuesday night by taking it on the chin from Brighton, 7 to 6. Bill Yahne scored the lone Northville touchdown from the seven yard line on an end run. The attempt for the point-after-touchdown failed leaving Northville on the short end of the score.

Greenberg Asks For Increase To Ten Ball Clubs

The two franchise shifts of the past two years—the latest to Kansas City—have weakened the American League, in the opinion of Hank Greenberg, general manager of the Indians, and former Detroit Tiger star. In an effort to compensate for the moves, Greenberg will make the following proposal at the December meeting of the league in New York.

That the American League expand to a ten-team league at the earliest possible opportunity and that a committee be formed now to investigate sites for the two future franchises.

The American League constitution already permits an increase to ten clubs. Greenberg's proposal, if passed, would start action immediately toward the expansion, which he believes should be accomplished by 1956.

"There are a number of cities which want major league ball," pointed out Hank. "But they do not want to go the \$5,000,000 expense involved in building a suitable park unless they know definitely they will get a franchise."

Cities already on record as being eager for major league ball are the Twin Cities of Minneapolis and St. Paul, Toronto, Los Angeles, San Francisco, Houston and Montreal. All of these have sufficient population to support a major league franchise.

The Sporting News says that Greenberg insists, because the National League now has the faster franchises, it will become stronger and stronger unless the American League takes immediate action to build for the future.

"In moving to Baltimore the American League crowded three franchises into a span of 150 miles Baltimore drew over 1,000,000, equalling Milwaukee. It inpton and Philadelphia both suffered huge drops. It also must be remembered that Baltimore originally talked about gates of 2,000,000, equalling Milwaukee. It fell far short. I hope Baltimore

You see it in the bold distinction of that gleaming Wide-Screen Grille. You see it in the rakish sweep of the rear-end contours. You see it in the whole fore-and-aft newness of fleet-lined grace that marks Buick the beauty thrill of 1955.

New horsepower—up to 236
You learn more when you get the power story. Up to new peaks go the horsepower of every Buick V8 engine—a wallowing 188 hp in the low-price SPECIAL—a mighty 236 hp in the CENTURY, SUPER and ROADMASTER.

And it's new, more responsive, far abler power you can literally feel as you go.

But even bigger Buick news for

1955 is something more than style and power. It's what the "variable pitch propeller" now has done for Dynaflo Drive.*

Up goes performance—and gas mileage too

When you find it necessary to push the pedal to the floor board, you do more than call on the greatest high-compression V8 power in Buick history.

You do what a pilot does when he heads his plane down a runway. You do in oil what he does in air—you cut down take-off time by using "variable pitch propellers."

In this case, the propeller blades are inside the Dynaflo unit. But they're engineered to swivel or change their "pitch" just like plane propellers—and with the same

result: one pitch for getaway, another pitch for gas-saving fuel efficiency.

And what you get in the way of instantaneous safety—surge with absolute smoothness, you can only believe when you feel it.

This you have to try

Of course, we want you to come and see the trend-setting new Buicks—look into the betterments in gasoline mileage that add new thrills to these spectacular cars.

But this year, "seeing" is only the beginning. So—while you join the crowds viewing the new Buicks this week end, make a date to get behind the wheel as soon as you possibly can. We promise you the thrill of the year.

*Standard on Roadmaster, optional at extra cost on other Series.

Detroit a "Dead" City?

Information released this week by the Detroit Metropolitan Area Planning Commission indicates that the center of population has been steadily shifting toward the outskirts.

Detroit's population, actually, has decreased two per cent in the past four years and more "city" dwellers move out in the direction of Novi, Livonia, Dearborn, Allen Park, and St. Clair Shores.

The report shows that Novi, for one, has increased its population more than 20 percent, and Northville 11 percent. The rush to get away from the congested area within the Detroit city boundaries undoubtedly will be intensified within the next few years as people look for better home sites.

One of the spots to watch will be the Novi area, for there is much room to grow. The new Willowbrook village on Ten Mile rd., planned for a thousand homes, is just one of the projected communities already in progress.

Will this outward trend make Detroit a "dead" city, or at least the heart of it?

Downtown merchants have been worried about this for a long time. They are currently trying every device they can think of, such as "Downtown Days," to attract fast dwindling numbers of shoppers back into the fold.

Some, of course, are following the trend, and joining in huge shopping center projects in the outskirts. Those that cannot seem doomed to becoming part of a slowly contracting shopping area which will be a far cry from the bustling mecca for bargain hunters it once was.

Retarded Children Subject of Meetings

Due to the fact that many inquiries have been received from communities surrounding Livonia, such as Northville, Plymouth, Farmington and Redford township, membership will now be open to anyone interested in the welfare of retarded children in this section of Wayne county, the Northwest Council for Retarded Children announced.

The Northwest Council is a non-profit organization, without dues, dedicated to the following purposes: to further public education, as well as parent education, in connection with the retarded child in order to prevent misunderstanding resulting from the lack of public knowledge, or due to superstition and prejudice, to obtain recognition of the necessity of aid for these children; to improve the care, training, education and research and to promote the general welfare of the mentally retarded.

Meetings are held on the second Friday of each month at 8:30 in the Community Room of the First Federal Savings bank, Sheldon Center, Livonia.

MICHIGAN MIRROR

A REPORT FROM THE CAPITOL
by Gene Alkman

Michigan's Prisons are bulging at the seams and everyone wants to do something about it.

"That's the trouble. Everyone has a different idea on how to solve the problem," said Rep. Adrian de Boom (R-Cwosso).

De Boom represents one of the major legislative groups. They have separate and sometimes conflicting plans about the prisons. It is now a matter of how much money they will cost the taxpayers.

Legislators want something that will be effective but economical; prison officials are interested in security and rehabilitation of inmates.

The "de Boom group" is interested in medium or minimum security installations away from centers of population—with wire barriers and low cost.

"We don't want any more prisons below the Bay City-Muskegon line" he said.

He figures that a "master plan," combining a new minimum security prison, shifting of popula-

tion in existing prisons, and other factors could solve the problem for about \$3,500,000.

Other legislators figure a 600-man prison at Ionia, an addition to Ionia State Reformatory, will be a stop-gap for a few years.

To that end, they appropriated \$100,000 for new prison plans and specified that it should not cost more than \$2,650,000.

"We won't get a 600-man prison for that kind of money," said Corrections Director Gus Harrison.

Building officials in the Capitol suggested that the construction cost will go somewhere near \$4,000,000, and still not give the prisons the extra space they need.

The new Correction Commission prefers a 1,200-man prison at \$14,600,000, which, would ease the strain of their problem but increase it for the taxpayers.

They believe that Michigan's prison population will exceed 10,000 before spring and will not get smaller—so why not build for the future?

The 1,200-inmate figure is taken

from recommendations by the American Prison Association despite the knowledge that the Federal prison system sticks by the 600-man figure.

Two 600-man prisons?

"Too expensive right now," said one legislator. "We might not need them both anyway."

Despite this sentiment the Corrections Commission came up

with tentative plans for a multi-million dollar long-range building program.

It includes, beside the new prison, a women's prison, a separate reception center for youthful offenders at Jackson, more camps and other installations.

Michigan now houses all its women prisoners at Detroit House of Corrections and pays a fee for their upkeep.

Telephone users face the chance they will pay more for their calls in the next few months.

Michigan Bell Telephone Co. is before the Public Service Commission for another rate increase, this time \$22,000,000 a year.

Company spokesman loathes big figures and suggest that it be explained as three cents a day per telephone.

Some cities are fighting the

proposed increase, figuring that rates already are pretty high, but the company said it is not getting the profit to which it is entitled, 6.5 per cent on its investment.

The same rate request was turned down flatly last May 11 by the commission.

Shortly after, Michigan Bell became tangled in a labor dispute which ended when the company

agreed to increase wages. That's why it's back with the same petition.

In addition, company spokesmen say that the profit margin is so thin that investors are not buying their stock. They display reports from other utilities and industries to back up their position.

Assistant Attorney General Robert J. Derengowski won a

point, however.

He rammed through a motion which will empower the commission — two Democrats and one Republican — to extend the consideration to determine whether the company's existing rates are too high.

"We will make our findings known when we make the decision on the rate increase," said Chairman John H. McCarthy.

Burroughs Man Gives Talk On Plant Safety

More than 65 safety supervisors and plant executives from the Northville-Plymouth-Wayne area turned out in force last week in Plymouth to hear Carl E. Schneider, vice president of the Burroughs Corp. define the responsibilities of management in providing safe industrial working conditions.

Schneider, who is a director of the Greatest Safety Council, was the main speaker at the largest meeting to date of the Council's Plymouth division.

"In providing a safe place in which to work we must go beyond the mere safeguarding of machines and equipment," Schneider said. "Above all we must generate a work safety program from the top, and see to it that all echelons participate in enthusiastic and effective administration of that program."
