LACK OF SNOW has balked efforts of Wayne county park crews to provide such winter sports as skiing and tobogganing at Cass Benton park, but until rains melted the snow, workmen kept the toboggan slides filled by shovelling from the hillsides. Above, two Northville boys, Stephen Johnston, 13, of W. Cady, and Wyn Whitehair, 13, of S. Center St., have a go at the center slide.

### New Highway To Link Brighton and Farmington

A new \$11,000,000 highway expected to end the bottleneck on US-16 at New Hudson, extending all the way from Brighton to Farmington, will be started early next year, state highway officials said this week.

The highway will be 23 miles long. The department expects to sell bonds to permit rapid construction of the highway and Oakland county supervisors have voted to participate in the construction cost.

Present US-16, between Brighton and Farmington, is largely three lanes in width, except for scattered sections of four-lane, undivided highway principally in village areas along the route. The present highway carries a heavy flow of truck traffic and cars daily from Detroit to Central and Western Michigan.

#### Traffic Heavy

In addition, it carries heavy traffic to recreational areas between Detroit and Brighton and peak loads on weekends. The present highway is dangerously overloaded, and shows every indication that future traffic is going to be considerably heavier. Thus, it has become imperative that the capacity of the present highway be increased.

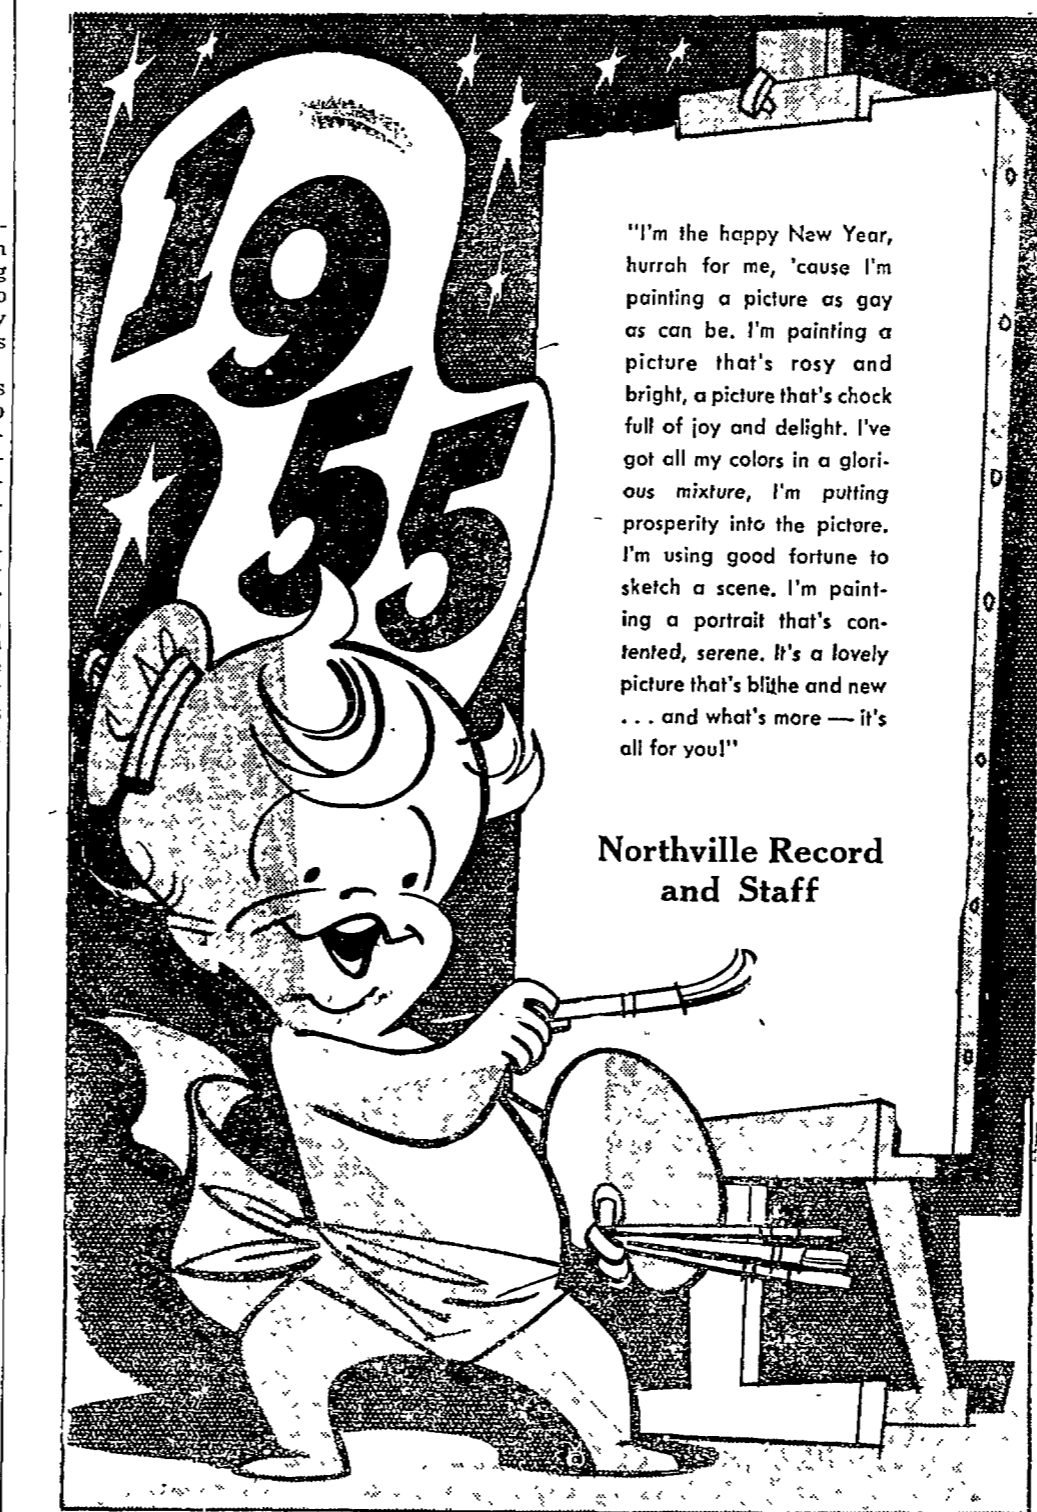

Careful study of the situation has led to the decision to build a new four-lane divided highway on limited access right-of-way sufficiently wide to allow for additional lanes if the need develops.

The new route will have grade separations at principal highway crossings. This construction, with its limited access feature, will be far more satisfactory and will have much more capacity per dollar invested than would be possible by widening present US-16.

#### Surveys Completed

The State Highway department has completed engineering surveys for the 16-mile section of the new highway from the end of the divided highway on US-16 east of Farmington, westerly to Kent lake, and is now preparing plans for this section, which is in Oakland county. Surveys will be started in the near future on the seven-mile section from Kent lake west to US-23.

From US-23 easterly, the new highway will be located a short distance north of present US-16 to Kent lake where it will utilize the bridge over the Huron river which was completed in November, 1948. This bridge has a four-lane divided roadway. The roadway east of the bridge will again be a short distance north of present US-16 as far east as Halstead Rd. just west of Farmington, where the present US-16 cut-off starts the by-pass of Farmington on the south. At this point the new highway will swing just south of the present cut-off and will run parallel to the cut-off easterly to a junction with the present US-16 divided roadway just west of Middle Belt Rd.

"I'm the happy New Year, hurrah for me, 'cause I'm painting a picture as gay as can be. I'm painting a picture that's rosy and bright, a picture that's chock full of joy and delight. I've got all my colors in a glorious mixture, I'm putting prosperity into the picture. I'm using good fortune to sketch a scene, I'm painting a portrait that's contented, serene. It's a lovely picture that's blithe and new . . . and what's more — it's all for you!"

### Northville Lauded By Canadian For Action On Teenage Problems

Northville's teenage program received high praise last week from Gordon R. Eaton, of Leamington, Ont., here on his annual inspection of the Northville Rotary club.

Eaton, who is governor of the eastern Michigan-western Ontario Rotary district, complimented Rotarians and other residents of the community on the broad youth activities conducted, and the "Service to Youth" program of the Rotary organization.

"There is much in the papers today about juvenile delinquency," he said in addressing the club at the Presbyterian assembly hall. "Every Rotarian, in keeping with the Rotary creed, is an example to youth. I know nothing more important than surveying this field and then doing something about it, as you are doing here in Northville."

#### Reemphasize Ideals

### Northville Gifts Swell Burroughs Yule Contribution

Employees at the Burroughs Corp. plant on Plymouth Rd., including many from Northville, really opened their hearts to make a happier Christmas for some of the less fortunate children in neighboring communities.

As a result, a hundred children in the Maybury sanatorium west of Northville, and 32 youngsters in the Cerebral Palsy Center in Farmington, each received toys and fruit and candy as gifts from Burroughs people to help brighten their Christmas day. In addition, the Maybury patients received a fine three speed phonograph and a supply of records from employees in two other departments.

#### Something Extra

The gift collection was started by a handful of employees who thought it would be fitting to "do something extra in the spirit of Christmas." About two weeks ago they obtained a sign marked "Christmas Toys for Needy Children" and placed it near empty boxes at one of the plant entrances. The word was quickly passed around that each toy should be new or serviceable and the packages marked for "boy" or "girl".

By early last week several large boxes had been filled to overflowing. Employees in another building also heard about the gifts and started a collection of their own. They started too late to match the number of gifts given by the originators of the idea, but two departments took up a cash collection with which the phonograph and records were bought.

Mrs. Gill Glasson, Fairbrook St., Northville, who is employed on defense work at Burroughs, had this to say about the event: "A lot of youngsters would be forgotten at Christmastime if it were not for people like those who contributed to the toy drive at Burroughs I'm glad to be one of those who participated."

Doris MacLean, N. Center St., Northville, a bench assembler, said: "The children at Maybury get little enough of the normal joys of Christmas. This helped them enjoy Christmas more like other boys and girls."

**Spirited Supporter**  
Mrs. Gloria Komraus of Roosevelt, Dearborn, was an exceptionally spirited supporter of the idea. Mrs. Komraus told some of her neighbors what they were doing at the Burroughs Plymouth plant, and with their help she deposited 16 gifts in the toy box.

The whole spirit of this spontaneous and unsolicited gesture from Burroughs employees can be summed up in Mrs. Komraus' own words.

"I think perhaps the most gratifying to all of us at Christmas is the giving to make others happy. And I think I speak for all of those who gave to this toy drive when I say that the REAL spirit of Christmas is demonstrated in going outside the personal circle of friends and loved ones to give something extra to those less fortunate."

He told of Rotary's ideals, re-emphasized in this Golden Anniversary year, and of the spirit of friendship and international good will the organization seeks to foster.

"At Rotary International conventions," he said, "the key theme always is a better understanding among peoples. These conventions are conducted just like the United Nations' assemblies, with earphones and interpreters provided so that each delegate may understand what the others are saying. You never sit beside the same delegate twice, so that you are constantly meeting new people from other nations, and getting to know and understand them."

The district governor also complimented the club on its new bulletin format, which included Rotary's famous "four-way test" in the corners—"Is it the truth?" "Is it fair to all concerned?" "Will it build and better friendship?" and "Will it be beneficial to all concerned?" The new format was designed by Northville's Garry Niece, and already has received acclaim throughout the nation's Rotary organizations.

#### 393,000 Members

Eaton pointed to Rotary's 393,000 members in 89 countries as an indication that Rotary's ideals were applicable to all peoples.

No meeting was scheduled for Dec. 28. Instead, Northville Rotarians and guests will gather New Year's morning at the annual breakfast to be given by Walter Belasco, 790 W. Main St.

### Northville Girl On Honor Roll

Detroit — A total of 83 Mercy college students made the "Dean's List" during the first half of the fall semester by maintaining a B-plus scholastic average throughout the period.

The list is published four times per school year. Those who made the list during the seven-week period ending Nov. 15 included nine freshmen, 18 sophomores, 31 juniors and 25 seniors.

Included on the list is Carol Kaiser, daughter of Mr. and Mrs. Martin Kaiser, 47390 Main St., Northville.

### Johnston Resigns As Record Editor

Resignation of G. R. Johnston, managing editor of The Record for the past nine months, was announced this week by Publisher Glenn H. Cummings.

The resignation is effective Dec. 30. Johnston will join the public relations staff of the Grant Advertising agency in Detroit Jan. 3. He and his family will continue to reside in Northville.

### Northville Men On Scout Board

The Sunset District committee of the Detroit Area Council, Boy Scouts of America, has elected Kenneth L. Hulsing of Plymouth as its new chairman for 1955. Hulsing has been chairman of the District Leadership Training committee for the past five years. He has been active in many community affairs; was on the school board for six years, serving one year as president. He is a vestryman in St. Paul's Episcopal church and the father of three daughters.

Elected as members-at-large from Northville are Arthur Schunite, Philip R. Ogilvie, M. C. Gunsell and Al Wistert.

### WW-II State Bonus Deadline Dec. 31

Northville veterans who have not made application for the Michigan World War II bonus were reminded by officers of Northville's Lloyd H. Green post No. 147, American Legion, that they have only until Dec. 31 to do so.

Deadline has been set by law as midnight, Dec. 31, and applications postmarked after that time will not be honored.

### Tomorrow's Citizens

Top row, left to right: Albert, 3½, son of Mr. and Mrs. Albert Curry; Dale, 1 year, and David, 5, sons of Mr. and Mrs. Andrew Orphan. Bottom row, left to right: Renee, 4, Diane, 7, and Janet, 7, months, children of Mr. and Mrs. Raymond Westphal.

### Polio Party To Be Held Friday

A polio-theatre party will be held at Northville's P & A theatre Friday afternoon for the benefit of the polio fund. Sponsors will be the Northville Eagles lodge and ladies auxiliary.

The feature will be a Roy Rogers and Dale Evans western, "Twilight In The Sierras". Two cartoons and two novelties also will be shown as part of the special program.

The theater doors will be open at 2 p.m., and the admission price has been cut in half for the benefit of the fund.

### Plymouth Adult Education Program To Start In January

Northville citizens have been invited to participate in the Adult Education and Recreation winter program of the Plymouth schools, which will offer a varied number of activities and classes to adults of Plymouth and surrounding areas.

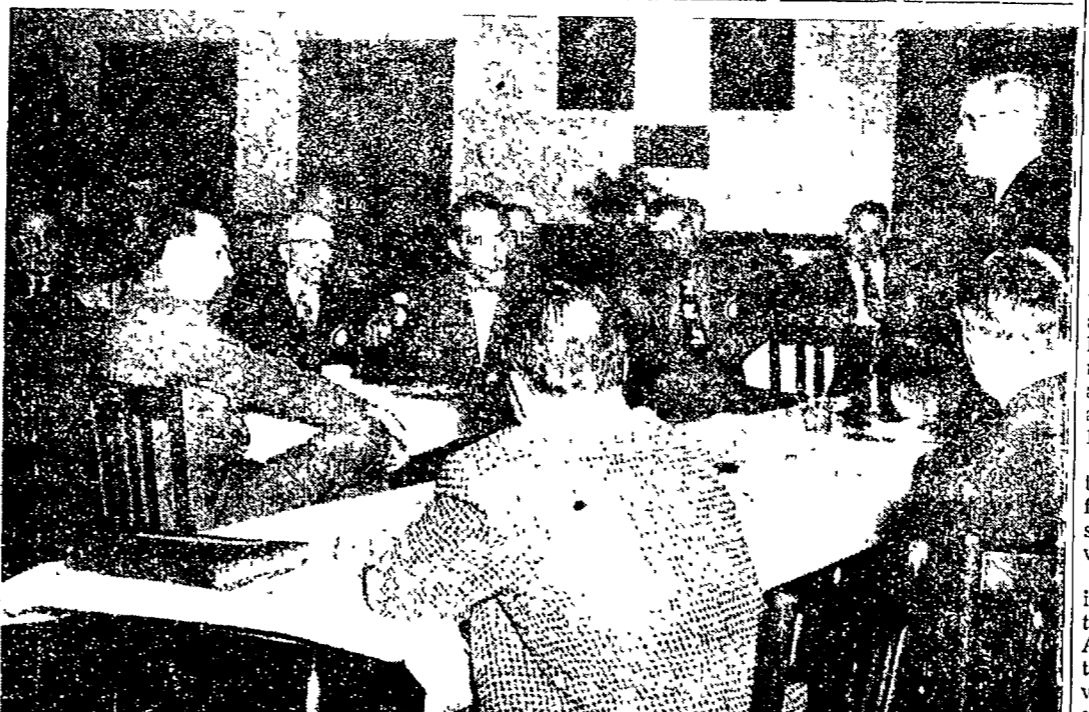

Listed below are some of the classes and activities: Under the arts and crafts division are: ceramics, leather craft, millinery, upholstery, rug hooking, sewing and tailoring and oil painting. The

latter is taught by Mrs. Donald Sober of Northville. There is a business education course and also one in music and drama.

Under the vocational trade classes are: blue print reading, shop math, shorthand, typing and welding. Listed under "special" are: creative writing, philosophy, practical wisdom, English literature and Spanish. Recreation includes Swedish gymnastics, golf classes, swimming, modern and square dancing.

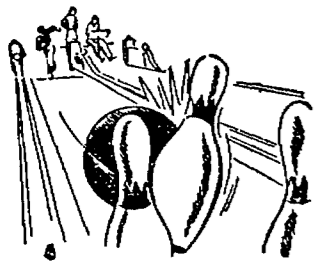

Enrollees may register during the week of Jan. 24 to 28, from 8 a.m. to 5 p.m. There will also be special evening registration on Monday, Jan. 24 and Tuesday, Jan. 25 from 7 to 9 p.m. in the Adult Education office, Plymouth High school. The deadline is Friday, Jan. 28 at 5 p.m.

H. E. Woolweaver, director, states that Northville residents, adults and children, are welcome to use the facilities offered, and further information may be obtained by calling Plymouth 895.

TEENAGERS in Northville are well taken care of, and Northville is to be congratulated on its youth activities, Gordon R. Eaton, of Leamington, Ont., district governor of Rotary International, told members of the organization here. He is shown at right, addressing the club. —Record Photo

BASKETBALL'S most famous feminine team, the All-American Red Heads, will appear in Northville Jan. 4 against a man's team. The game will be played at the Community Center gymnasium. Last year, playing men's rules, the Red Heads won 134 out of 190 games played. The seven lassies who make up the squad are shown above.

## Girl Cagers To Oppose Quintet Here January 4

Those colorful, sensational All-American Red Heads—Queens of Big Time Basketball to appear in Northville Jan. 4. Rated as America's greatest basketball attraction, the famous feminine cage stars will be Northville's top sports attraction this winter. Basketball fans will have a chance to see the girls uncork their fancy passing, trick shooting, novelty routines, and zany antics when they clash with the Northville Recreation Men's team at the Community Center at 8 p.m.

The All-American Red Heads have played to over 4,500,000 fans. Organized in 1936 by the great "Ole" Olson, owner and star of "Olson's Terrible Swedes". The Red Heads have toured the USA, Canada, Mexico, Philippines—and at present booking USA, Canada, Alaska and Hawaii. Olson's World champs play 180-200 games each year—that means on an average a game every night for the most talked about Feminine Athletes—Darlings of the Hardwood Court, Olson's Female Basketball Wizards—The All-American Red Heads.

International Court Favorites, the Red Heads have acquired a world wide reputation for clever plays, good basketball and sidesplitting comedy antics, routines and novelties. Featured in many national magazines and publications, the Famous Red Heads play men teams only straight men's rules. Last year against men teams they won 134 out of 190 games played.

The present Red Heads aggregation features girls from Ar-

kansas, Oklahoma, Iowa and Louisiana.

Northville cagers who will compete against the Red Heads are: Ed Nash, from last year's Mustang team; Jerry Heaton, Korean war veteran who played here in 1949 and 1950; Dick Gray, Mac Pierce, Doug Slessor, Dave Amerman, Clayton Graham, and Ron Schipper, who will be the teacher representative on the squad.

Tickets may be obtained from any of the coaches.

New Year's resolution that pays off in thrills...

# "I'm going to drive that 1955 BUICK!"

WE'VE seen some high peaks of interest in our new cars over the years—but never anything like this.

Since the day we unveiled these glamorous new Buicks, people have been coming in—not only to see and study and sit in these great cars—but, very definitely, to drive them.

They want, it seems, a firsthand taste of the thrills that Buick engineers have conjured up for this new year.

And who can blame them?

For the word's around that Buick has what no other car has—a new kind of performance from a new kind of transmission.

It's called Variable Pitch Dynaflo Drive.\* It uses the principle of the modern airplane's variable pitch propeller. And it does in oil what that aeronautical marvel does in air.

At one pitch of the blades inside the Dynaflo unit, you get more fuel efficiency in normal cruising and driving—which means better gas mileage, pure and simple.

But push the gas pedal beyond the full throttle position and you switch the pitch. Instantly, you get electrifying response—a sudden safety-surge of accelerating power to get you quickly out of a tight spot—and with the absolute smoothness that is constant in Dynaflo Drive.

Maybe you, too, have made a mental resolution to drive a '55 Buick—but why wait?

We're ready, willing and eager to let you try one—feel the spectacular new power that gives life to this bounteous beauty—and see for yourself that here is a performance thrill too exciting to miss. Drop in on us this week, won't you?

## ARE YOU MARRIED?

No, I'm not going to propose today I'm merely asking a simple question. How would you answer it? Yes? No? or "I hope so" "I don't know for sure?"

The last two answers sound rather silly don't they? How could a person possibly forget such an important event in their life if it ever really happened, amnesia and mental sickness excepted? Well, now that is just how some people answer the question about salvation. When asked a perfectly scriptural question "Are you saved?" we often get the "I hope so" or the "I don't know for sure" answer quite frequently. Why friend, how is it possible that such an experience in your life of Repentance, Conviction, Active faith ever be experienced in your life without remembering it? Truly one should remember something of the very day and the hour when he entered into an agreement with Jesus Christ as well as the day he spoke his marriage vows. In Salvation one opens his hearts door to Christ and says "Yes" from the heart to Christ's invitation. In marriage he says "yes" to the vows spoken by the minister. John 1:12 says "To as many as received Him, to them gave He the right to become the sons of God, even to them that believe on His name."

### Northville Educator Given High Praise For Driver Training At Waterford School

A Northville resident who is a member of the faculty of Waterford Township High school is making a name for himself in the student driver-training field.

honors when he completed an advanced training course at Michigan State college. His daughter, Leanna, attends Northville High school.

He is Ray W. Doeksen, 480 Orchard Dr., who recently won high

Tribute Paid In a feature story concerning

Doeksen's accomplishments. The Lakeland Tribune, published at Drayton Plains, paid high tribute to the Northville educator. Excerpts from the article follow:

"Doeksen, who takes his job seriously and in turn makes it a serious matter for the 1,500 students enrolled at the high school, is putting our high school at the top of Michigan schools teaching drivers training. He completed an advanced training course at Michigan State college recently which brought him high honors.

**Has Taught Eight Years**  
Doeksen has taught student driving in the past eight years at Waterford Township high. His high marks in the MSC course which he is now teaching brought him an all-state foundation scholarship which covered his tuition, room and board for the special course he took last summer in order that the students at WTHS may get the best and latest guidance on how to handle cars and conduct themselves on the highways.

"As a result of Doeksen's achievements, MSC has become one of the 24 colleges in the nation to participate in a \$120,000 grant for drivers education, and the boys and girls of Waterford have established a safe driving record which bespeaks success of the program he promotes.

"The course Doeksen studied at MSC and which Waterford Township High students are now taking includes both classroom study and roadwork. It was taught this year at Michigan State by Leslie Silvernale, associate professor of continuing education who organized it so participating teachers could impart a comprehensive course to their pupils.

**One Hour Daily**  
"Each beginning young driver is taught an hour a day by Doeksen in a specially constructed driver training car.

"The course in high school driver education at Michigan State was established three years ago as result of a grant from the Michigan Inter-Industry Highway Safety Committee. It has brought to Waterford Township alone a group of careful young drivers which reflect honor on their teacher and a working force for the success of S-D Day Dec. 15, the national no-accident day toward which every safety minded motorist is pointing with police and other authorities."

### Let's Reason

by A. M. Smith

#### ABOUT NEW YEAR'S RESOLUTIONS

The idea of New Year's resolutions is more or less firmly embedded in the minds of millions who have just been stirred by the Christmas spirit of Peace and Goodwill on Earth. Many whose goodwill has been lost occasionally in the shuffle and scuffle of social relations and everyday business are reminded by Christmas of their "backsliding". Comes January 1. The calendar seems to say it is a switch-over from something old to something new.

There is still an afterglow of Christmas, only one week gone. There is some of the peace and goodwill of Christmas still looking for an opportunity to be translated into kind words and good deeds. With this January reminder that a new year begins, thoughtful people are inclined to take stock of the moral and social facts of their last year's behavior.

One of the splendid things about human nature is that most people, certainly all those of good sense, believe that they and the rest of the world are eternally subject to improvement. If it were not so, we should still be chattering in the trees, hanging to limbs by our tails and hustling for nuts and fruits. Yes, I believe in evolution. So does everyone who has respect for the laws of Nature, biological development, and the established history of the origin and development of species.

So, still treasuring some of the Christmas goodwill, and keeping pace with the from-old-to-new of the calendar, we take inventory of ourselves, tighten our moral-social belts and make some New Year's resolutions calculated to help us and the rest of Mankind stay on the high road of progress toward universal Goodwill and Peace.

**RESOLUTIONS:** — Make your own in the spirit of Christmas, and live up to them better than you did last year. Goodwill and the happiness of Peace COULD go on—and on always.

Looking Forward

Northville area residents, like those elsewhere in the nation, will greet the New Year with high hopes for another prosperous 12-month period.

For resolutions, we would suggest that readers consider moderation in all things, especially on the highway. With the new high-powered automobiles now being offered, even more emphasis on safe driving will be required in 1955 than in past years.

We would suggest also that Americans make 1955 a year of non-partisan progress in Washington and in the field of foreign affairs. As a nation and as a people, we should unify behind a foreign policy and present a solid front to the world.

Finally, every one of us should give thanks that we are citizens of the most fortunate and the most blessed country in the world. That is something many of us take for granted, as we do the many luxuries and high standards of life which we have become accustomed to enjoying.

Properly thankful for this blessing from above, we can go forward with confidence that we will safeguard our country, and make it a unified force for the good things in the world.

Husbands Stay-At-Homes

Hazen G. Werner, chairman of the National Council of Churches Department of Family Life, recently said studies into the family life of American families show that husbands are becoming homebodies.

More and more, Werner said, husbands are helping with the shopping in the super market, and piddling around the house with hobbies and doing chores.

The Rev. Raymond R. Peters, executive secretary of the Dayton, Ohio, Council of Churches, says there is much greater interest today in sound home life than there was even ten years ago.

He noted also that U.S. families are growing in size, and said larger families gave children more security and better development toward maturity than smaller ones.

These words come from men who are familiar with efforts of the National Council of Churches' Department of Family Life to look into American households. They reflect a healthy and progressive condition, a trend toward larger families and an upsurge of interest in family life among the nation's youth—all of which is encouraging.

One thing Werner did not mention as a factor contributing to the stay-at-homes—television.

The Eleven Prisoners

The latest report concerning the 11 U.S. prisoners of war being held by the Chinese on spy charges is that these prisoners are only the first of a number to be revealed from time to time by the Chinese Reds.

One possible ransom is millions of dollars worth of assets being held by the U.S. Government in this country, which are owned by Chinese citizens or businesses.

The idea has been advanced that as soon as the United States pays a ransom for the 11 prisoners of war, sentenced to terms in prison as spies by the Communists, the Chinese would then prepare another series of imprisonment sentences and trumped-up charges, affecting other Americans.

Of course, such logical deduction is not very comforting to the families of the 11 imprisoned men, and the fact that they might be freed if a ransom is paid is a very appealing one to these families.

The case of the 11 prisoners of war, however, is a different matter, since they were fighting for the United Nations, and the United States, and should be repatriated as were other prisoners of war.

Bad Move for Red

MICHIGAN MIRROR

A REPORT FROM THE CAPITOL

by Gene Alleman

MICHIGAN WILL TAKE another searching look at its blessings next May 15-21.

Cities and villages will swap mayors for a day and the citizenry will be told in an organized campaign what makes Michigan the "Water Wonderland".

It will be Michigan Week.

"This is a sort of reverse public relations—telling our own people what they have," said Harris K. Miller, chief of the information and research division of the Economic Development department.

Dr. Grover C. Dillman, president of the Houghton College of Mining and Technology, will be the 1955 chairman, and he is looking for a theme for the special week.

"There is a good chance that when a theme is selected, it will emphasize the cultural side of our state," he said.

Michigan's woods and waters, its business and industry held the focal point in last year's celebration.

Promoters hope to tie in the centennial celebrations at the Soo Locks and Michigan State College. Special programs are planned for each.

Behind the Michigan Week observance is Greater Michigan, Inc., a special corporation organized for the purpose.

More than 300 mayors from Detroit (pop. 1,849,568) to Britton (pop. 517) traded offices last May 5 and "learned a lot of new ideas and received numerous honors from their new towns," Dr. Dillman said.

Biggest event during the 1954 celebration were the groundbreaking ceremonies for the new Straits of Mackinac Bridge at both St. Ignace in the Upper Peninsula and Mackinaw City in the Lower.

It featured parades, fireworks, street dances and speeches by Michigan notables.

"We want to make this one the biggest and best," Miller said.

SPLIT-SECOND POLITICS made the big difference when Gov. Williams appointed Talbot Smith, an Ann Arbor attorney, to fill a vacancy on the Michigan Supreme Court.

Justice George E. Bushnell retired to take a high Masonic office in Boston, ending a long career on the bench.

Bushnell submitted to Williams his request for retirement status and applied for state pension benefits, effective Dec. 31, 1954.

a date displeasing to the strategists.

If the retirement date had remained fixed, Bushnell's successor, appointed by Williams, would have faced a campaign for election in the spring of 1955.

Bushnell changed the date to Jan. 1, 1955, leaving his successor in office unchallenged until 1956 when the term normally expires. One Democratic aide revived a popular song, quipping: "What a difference 10 days make."

MICHIGAN'S TOP law enforcement officers want to catch gamblers in a Federal-state squeeze.

Gambling, except pari-mutuel betting at legalized horse tracks, is outlawed in the state but only this year has the situation developed for the new police proposal.

Federal authorities, realizing that gambling is legal in some states, asked — and got — from Congress a law requiring these sporting fellows to get a license. Now, Michigan police, prosecutors and sheriffs, are asking the legislature to pass a law making possession of a Federal license a violation of the state statute against gambling.

"We want to make it a question of where a gambler wants to serve his prison sentence—in a Federal or State lockup," said one police officer.

SENATE REPUBLICANS have softened their promise that they would confirm all of Gov. Williams' appointees in their jobs if he won re-election in 1954.

They held back action on 39 last winter to leave the appointments open if they elected a Republican governor. This is normal political strategy.

When Williams won again and swept in his entire ticket, the disheartened Republicans said they would blanket in the appointees held over and confirm 34 others named since the last session.

"Now we're not so sure," said Senator Edward Hutchinson (R-Fennville).

Hutchinson, chairman of the Senate business committee which first must approve appointments, said the chamber will have a dozen new faces next year and it would be unfair to foist a decision on them.

He said: "We'll look over all the appointments, as we have in the past, and judge their qualifications on their merits."

Events Of The Past In Northville

ONE YEAR AGO—

Drillers are still searching for oil on the LeMasters farm west of town on Napier Rd. It is believed there may be extensive natural gas and oil deposits in the area west of Northville.

Harry Sedan was elected president of the Exchange club for the six month term starting January 1, 1954.

Ray Nowicki, a new member of the Northville Police force, furnished the Detroit police their first tip that five desperate Jackson prison escapees and their two women hostages were in the Detroit area.

The Bell ringing choir will make its first appearance at the Christmas service at the Presbyterian church.

FIVE YEARS AGO—

Marcia Sparling, who completed her work at Katharine Gibbs school in Chicago, has accepted a position with the J. L. Hudson Co. in Detroit.

The Cloyce Myers family left Northville Wednesday to their home in Newfoundland. Lt. Myers has been there for the past few months.

Capt. and Mrs. Roger Sackett announced the birth of a daughter, Janet Susan, born Dec. 18. Mrs. Sackett is the daughter of Mr. and Mrs. L. M. Eaton of Eaton Drive.

Lynda Bogart was a year old Dec. 16. She is the daughter of Mr. and Mrs. Warren Bogart.

Mrs. George Mellen and Mrs. Howard Mc Keague restored and dressed 23 old and new dolls for children at Maybury sanatorium.

TEN YEARS AGO

Mr. and Mrs. A. C. Carlson announce the engagement of their daughter, Harriet, to Cpl. Ed H. Landau. Jan. 12 has been set for the wedding date.

Pvt. Gerald Miller writes his parents, Mr. and Mrs. Don Miller, that he is now somewhere in France.

Cynthia and Randy Eaton of

Plymouth spent last week end with their grandparents, Dr. and Mrs. E. B. Cavell.

David Willis arrived in Northville to spend the holidays with his parents, Dr. and Mrs. H. S. Willis.

TWENTY YEARS AGO—

Louis Babbitt, son of Mr. and Mrs. K. H. Babbitt, was host to fifth grade schoolmates and friends at his home on South Rogers St. to celebrate his 10th birthday.

Mr. and Mrs. E. R. Eaton left their home on Hillcrest, west of the village, to occupy the apartment over the new Plymouth Mail building in Plymouth. At the same time the R. T. Baldwin family, editor of the Northville Record, moved from 201 Fairbrook to 210 S. Rogers.

Chief of Police Wm. H. Safford warned all children of the Village not to coast on the streets. Cars are unable to stop soon enough to avoid accidents.

Orlow Owen of the Men's Shop, won the silver cup for his Christmas decorations.

This week's question: Will you remember someone Saturday besides your own family and friends?

FORTY YEARS AGO—

Mrs. C. J. Dubuar has a Seth Thomas clock bought by her grandfather, John Smith, in New York 83 years ago which is ticking away as regularly and faithfully as when purchased in the days when Andrew Jackson was president of the United States.

Northville streets resembled a county fair Wednesday, they were so lined with rigs of people who came to town to attend the Cattermole auction.

About 30 young people surprised Aletha Yerkes at her home Tuesday, it being her birthday. Ad: "Wanted—Customers for our fancy buckwheat flour. 10 lb. sack 35c; 25 lb. sack 85c.

Serve Soup Often To Boost Budget, Fortify Menus

SOUP will do many things for your menus, if you'll but give it a chance. A hearty soup such as chowder served once a week as the main fare for your supper can give the food budget a nice boost. Then there are the enchanting clear soups which give such a wonderful first course for guest dinners, easy, too, on the budget.

Soup fortifies your meals with valuable vitamins and mineral salts, thus making them more health-giving.

VEGETABLE CHOWDER

(Serves 8)  
 3 cups diced potatoes  
 2 cups diced carrots  
 1/4 pound salt pork, diced  
 1/2 cup diced onion  
 1 green pepper, diced  
 2 tablespoons flour  
 2 cups milk  
 2 cups canned tomatoes, hot  
 1 teaspoon salt  
 1/2 teaspoon pepper

Cover potatoes and carrots with water and cook until tender. Sauté pork, onion and green pepper for

Soup can be a delightful surprise, easily prepared if you simply open two cans, one of tomato soup and another of quick-frozen orange juice. Four tablespoons of undiluted orange juice are used with a can of diluted tomato soup, and a spoon of whipped cream adds the festive touch.

5 minutes but do not brown. Add flour and blend. Add milk and cook 5 minutes, stirring constantly until smooth. Add remaining ingredients, heat and serve at once.

Tomato-Orange Soup

Add 4 tablespoons quick-frozen concentrated orange juice, undiluted, to one can of tomato soup. Add water according to label directions on soup can and bring to boiling point. Float one teaspoon whipped cream, flavored with concentrated orange juice on each portion of soup and serve at once.

Sun-Tanned Hands Need Conditioning

Summer sun as well as golfing, swimming and gardening may have taken a heavy toll of hands that were lovely a few months ago. With fall clothes the bronzed and dried hands may be a definite beauty handicap. They may not feel too comfortable either.

What's to be done, then, for busy hands which should be lovely, too?

Tanned hands which have been exposed to the sun and other elements are usually dry because sunning has dried them. Slather them generously with moist cream and put on some household gloves which really fit.

With good gloves that are almost like your own skin, you can wear them for all your household tasks. The lotion or cream you use adds moisture and lets the skin absorb the rich creams, while the gloves protect the skin against cleaners, soaps and water.

Protecting Nails

Whenever you are going to do some heavy-duty work with hands such as painting, scrubbing or the last of the garden work, use a heavy cream which does not liquefy as it remains on the hands. Work the cream well underneath the nails so these will remain clean and well lubricated.

When you've finished with the task, use a soft brush and scrub the hands and nails to float away the dirt and cream, then gently stroke lotion on the hands, all the way past the elbow.

Another tip for keeping nails pretty even though you work is to have them short enough so they won't snag easily. Keep the nails filed and smooth, too, so you won't be nursing unhappy-looking torn nails.

Lotion Before Work

Many women don't think of putting on lotion until their hands feel rough and dry. Keep your lotion in several places in the home, in small bottles and this will help you to remember.

Lotion can provide a "liquid glove" for your hands if you smooth it on like putting on a glove before the daily chores are done.

Whatever lotion you find works best for you is the one to use. There are many types and all are pleasing to use because they're delightfully scented. Lanolin is a good ingredient to have in a lotion.

Mary Long, Mrs. Glenn Long and Janet Thomson

Mary Long and Janet Thomson are two eager teenagers who like to assist with family meals, a commendable activity which should be encouraged. Youngsters can start with an easy dessert like the one below and graduate to involved fruit cakes and pies in no time at all. This dessert is one busy mothers can use to advantage and in these days of packaged foods, it's a quick short cut to a finished meal.

Refrigerator Pudding

1 package instant pudding (any flavor)  
 Graham crackers

Line an ice cube tray with graham crackers (do not crush). Mix the instant pudding as directed on the package and put in the tray on top of the crackers. Cover the pudding with another layer of crackers and freeze in the freezing unit. Top with whipped cream. A maraschino cherry on each serving makes it a bit more festive.

Mary is the 11-year-old daughter of Mr. and Mrs. Glenn Long of E. Baseline Rd., and Janet, also 11 years old, is the daughter of Mr. and Mrs. Stuart Thomson of Grace St.

VanValkenburghs Feted On Wedding Anniversary

Over 95 friends congratulated Mr. and Mrs. Ray VanValkenburgh of E. Main St., Sunday, on their 50th wedding anniversary. They received many lovely gifts and flowers.

Mrs. VanValkenburgh was born in the house next door and has lived at her present address ever since she was married. Mr. VanValkenburgh was born on Six Mile Rd. and with the exception of a few years in New York, has lived in Northville all his life also.

They have two children: a daughter, Mrs. Cliff Stevens of High St., and a son, Spencer, who resides in Vicksburg.

BPW Club Ends Year With Christmas Dinner at Church

The Business and Professional Women's club held its annual Christmas party and dinner at the Methodist church Dec. 20. The program and decorations were in the spirit of the Christmas season.

After a delicious turkey dinner, the members were entertained by a musical program which included the celebrated Bell Ringing choir of the Presbyterian church, under the direction of William G. Williams. Miss Isabel Schultz sang two solos and a newly organized group of seven singers gave several selections. The story of "The Littlest Angel" was read by Miss Alice Forward.

The meeting closed with members and guests singing Christmas carols.

Engagements Announced

Mr. and Mrs. Victor Muscat of Walled Lake announce the engagement of their daughter, Margene Jean, a senior at Walled Lake High school, to Milton Gene Van Gordon, son of Mr. and Mrs. Lloyd Van Gordon of Union Lake. Gene is a graduate of Walled Lake High school.

No definite date has been set for the wedding.

Correction

An engagement announcement in The Record last week which stated Betty Wilson would marry Louis Nagy in June, was in error as regards to the bridegroom's first name. The correct name is Leslie Nagy.

FIFTY YEARS of wedded life were celebrated Sunday by Mr. and Mrs. Ray VanValkenburgh, 400 E. Main St. Many friends and relatives visited them in honor of the occasion.

No Poets Here? Start The Year Right

Yes, you can start the year right—and win a subscription for yourself or for a friend or relative—by composing a jingle like the one in the heading at the top lefthand corner of this page.

Contributions to "The Hole In The Head" have been meager, but editors of The Record still believe that some Northville citizens have poetry in their souls, if not in their pens.

As an aid to bringing your verses out in the open, The Record is offering a year's subscription to writers of the first ten accepted.

Address "Hole In The Head" editor, and if you're shy, append only your initials for publication.

Chas. Walker Home To Be Scene of Party

"Everseal Farm", the home of the Charles Walkers on Cambridge Dr., is another of Northville's beautiful country homes

which is the scene of an annual holiday party.

This replica of an early American farm house is surrounded by evergreens which are brightly lighted and the house inside is artistically and colorfully decorated.

Mrs. Walker issued over 100 invitations to her party tomorrow.

Cheetham-Crusoe Luncheon Is Held

One of the highlights of the holiday season entertaining in Northville was the Tuesday bridge-luncheon of Mrs. J. W. Cheetham and Mrs. Claude A. Crusoe at the Crusoe home on Mile Rd.

The Crusoe home with its spacious entrance and brightly decorated tree at the head of the stairway was admirably suited to such a festive affair. Thirty-six guests enjoyed an afternoon of bridge and canasta.

Our Creed . . .

The word "Customer" has always had a pleasant connotation, but I am afraid that during the past some people have rather lost sight of its full significance. So by way of reminder, I give you a few brief answers to the question . . . "WHAT IS A CUSTOMER?"

A Customer is the most important person in this store—in person or by telephone.

A Customer is not dependent on us—we are dependent on him.

A Customer is not an interruption of our work—he is the purpose of it. We are not doing him a favor by serving him—he is doing us a favor by giving us the opportunity to do so.

A Customer is not an outsider to our business—he is a part of it.

A Customer is not a cold statistic—he is a flesh and blood human being with feelings and emotions like your own, and with biases and prejudices.

A Customer is not someone to argue or match wits with. Nobody ever won an argument with a customer.

A Customer is a person who brings us his wants. It is our job to handle them profitably to him and to ourselves.

WOMEN AND WHEELS

It's Not Your Sex, It's Your Personality

By Mary Lou Chapman

You can make statistics prove almost anything. You could find so many "facts" that women are better drivers than men.

Want to heat up the old war between the sexes? Being male or female affects the way you drive, really. We know some good ones and some bad ones of each kind.

It's not your sex, it's your personality that counts. It's the kind of individual you really are that affects your driving.

Some ladies we know just don't happen to be on the highway. They honk at pedestrians and "hog" the road, showing their unladylike nature. And some gentlemen, who can be ever so charming and pleasant at a dance, drive like someone is stepping on their toes when they get behind the wheel of a car. They break speed limits, and generally behave as if they were at a jam session. Invariably, it's only a traffic jam session.

**BAD DRIVER, BAD GUY**  
 The clinic has found that problem drivers are usually emotionally unstable. They generally are the impulsive and irresponsible person, the day dreamer, the alcoholic, and the selfish egocentric. There are also those suffering from feelings of inferiority, who sometimes believe the automobile offers a way to show the world that they are "as good as anybody else." This usually takes the form of speeding or trying to "outwit" the police.

If, however, a person—man or woman—is emotionally well-balanced in other phases of his life—at home, at work, in the community, he is unlikely to be a chronic problem child on the highway.

**THE NAME'S THE SAME**  
 There is something about the completely anonymous situation of driving alone that makes these ladies and gentlemen think they can get away with murder—and they do. It's just what it is. Use the people in the other column. You, it's apparent, don't know you, it's apparent, all right to break all the rules.

(Fashion writer, artist and TV personality, Miss Chapman is a native of Detroit, and has spent the last several years working with automobile stylists, designers and engineers at Chrysler Corporation.)

DeHoCo Well Is Ready To Produce

Oil which started flowing two days before Christmas from a well on property at the Detroit House of Correction is expected to be the source of much needed revenue for the institution. The well is being readied this week by the Woodson Oil Co. of Ft. Worth, Tex., for limited production under the state's quota law. This will restrict flow of oil to about 200 barrels per day, the same as other wells in the Northville area. At this rate the City of Detroit, which owns the property at Ridge and Six Mile roads, stands to realize royalties of nearly \$60,000 a year. A 300-barrel output, if eventually allowed, would boost royalties to over \$150,000. Under the lease the city has a sliding scale on royalties ranging from one-eighth of gross output to one-fourth if daily production tops 300 barrels. A deposit of nearly 10 million

### Maybury Thanks Yuletide Givers

Northville and other eastern Michigan residents who contributed gifts to children and older patients at Mayburn sanatorium were extended thanks this week by Dr. W. L. Howard, medical superintendent.

"For adults, Christmas is a warm state of mind, a glow enhanced by giving," Dr. Howard said. "It is a warmth of spirit between us; in recognition of this warmth a gift is given—perhaps an intangible gift.

"Christmas to a child is a gay package. Christmas can be held in two hands, can be unwrapped, can be kept. The recipient of such gift gives out some of the warmth of the donor who as an adult gives again of his belief in Christmas to yet another generation of children.

"Quoting Aunt Hattie: 'remembrance is sufficient of the beauty we have seen'. Remembrance of Christmas would be sufficient for those who answered the Letters to Santa with gifts to the children at the Mayburn sanatorium, for remembrance would include the picture of the white-sheeted cribs trundled around a Christmas tree, with Santa ringing sleigh bells between the cribs and giving to each small patient wrapped packages—Christmas in a hospital, but Christmas nevertheless, for the warmth of the givers came to the children and Christmas was here.

"The staff of Maybury sanatorium is grateful to each of you for bringing and sending the warmth of the Christmas day to the patients here and takes this means of expressing our thanks and appreciation."

#### HUNTERS' SHAME

In the wake of the 1954 deer season lies a shameful trail of broken bottles, tin cans, waste paper and general refuse strewn across the countryside. True, there is nothing particularly new about the idea—but this year's crop of hunters are desecrating the northland at a rate almost sure to set a new high in sheer thoughtlessness!

**Violation of Law**  
Campers on state property are bound by law to leave their camp site clean in every respect. Bottles and cans must be buried or removed. Instructions along this line are included in print with the issuance of a camping permit. For the most part hunters enjoying camping privileges under permit are conscientious about obeying these rules. On the other hand a large army of hunters who set up camp at the first open spot in the woods, or pull their trailer off the road at the drop of a hat think nothing of tossing garbage and camp debris all over the landscape.

**Highways Despoiled**  
Hundreds of miles of highways thru the north country carry the scars of the visit from the recent invaders. Cans, bottles and papers are tossed willy-nilly from car

windows by the thousands. It is a sight that makes the native northerner wonder if civilization has really reached the city dweller. It makes him wonder, too, what kind of a home the hunter comes from. Would he litter his own street in similar fashion?

**Disposal Problem**  
There is scant defense for the hunter guilty of this behavior. Hastily he may ask, "What can you do with empty beverage and food cans but throw them away?" The answer is obvious. If you're camping, bury them. If you're in a car deposit them in a paper bag or box for proper disposal later. There's just no alibi for the litterbug—or litterbug as he is more appropriately called.

Normally a small percentage of hunters fall within this shameful classification—just enough to cast a shadow over the entire group. This year, for some unexplainable reason, a tremendous increase in slovenliness by hunters is apparent. And, according to the natives of northern Michigan, deer hunters are the worst offenders of all "sportsmen."

If you know a litterbug—or ever see one in action—take steps to reform him. Help keep Michigan Outdoors the way YOU like it!
